   iv. Accreditation status, relationship of educational program to parent institution;
   (7-1-21)

   v. Financial provision for the educational program;
   (7-1-21)

   vi. Potential student enrollment;
   (7-1-21)

   vii. Provision for qualified faculty;
   (7-1-21)

   viii. Proposed clinical facilities and other physical facilities; and
   (7-1-21)

   ix. Proposed time schedule for initiating the program.
   (7-1-21)

   b. A representative of the Board will visit the educational and clinical facilities and then submit a written report to the Board.
   (7-1-21)

   c. Representatives of the parent institution must meet with the Board to review the application within ninety (90) days of the conduct of the initial survey visit.
   (7-1-21)

   d. Following the Board's review, the parent institution will be notified of the Board's decision within thirty (30) days of the review.
   (7-1-21)

   e. Following the appointment of a qualified nurse administrator, a minimum period of twelve (12) months is necessary for planning to be completed before the first class of students is admitted to the program.
   (7-1-21)

   f. Provisional approval may be applied for when the following conditions have been met:
   (7-1-21)
i. A qualified nurse administrator has been appointed; (7-1-21)T
ii. There are sufficient qualified faculty to initiate the program; (7-1-21)T
iii. The curriculum and plans for its implementation have been developed, including tentative clinical affiliation agreements; and (7-1-21)T
iv. Program policies have been developed. (7-1-21)T
g. Provisional approval must be granted before the first students are admitted to the nursing program. (7-1-21)T

h. Students can be admitted to the nursing program once provisional approval is granted. (7-1-21)T

i. A representative of the Board will make a follow-up survey visit to the educational program and submit a written report to the Board. (7-1-21)T

ii. Following the Board’s review, the parent institution will be notified of the Board’s decision within thirty (30) days. (7-1-21)T

iii. Following its review, the Board may grant: full approval, if all conditions have been met; or conditional approval, if all standards have not been met, with such conditions and requirements as the Board may designate to insure compliance with standards within the designated time period; or denial of approval, if standards have not been met. (7-1-21)T

i. Full approval will be applied for and granted within a three (3) year period following eligibility. (7-1-21)T

603. CONTINUANCE OF FULL APPROVAL OF EDUCATIONAL PROGRAM.

01. Continuing Full Approval. (7-1-21)T

a. A certificate of continuing full approval will be granted for up to eight (8) years to nursing education programs that consistently meet the Board's standards, as evidenced by:

i. Information included in the annual report to the Board; (7-1-21)T

ii. Information obtained by a Board representative through consultation visits; and (7-1-21)T

iii. Acceptable performance on the licensing examination for each program shall be a pass rate of eighty percent (80%) for its first-time writers in any given calendar year. A program whose pass rate falls below eighty percent (80%) for first-time writers in any two (2) consecutive calendar years shall:

   (1) Present to the Board a plan for identifying possible contributing factors and for correcting any identified deficiencies; and (7-1-21)T

   (2) Submit periodic progress reports on a schedule determined by the Board. (7-1-21)T

b. To ensure continuing compliance with the Board's standards, each approved nursing education program will submit an annual report to the Board. Based on its findings the Board may:

i. Request additional information from the nursing education program. (7-1-21)T

ii. Conduct an on-site review of the nursing education program. (7-1-21)T

iii. Request a full survey of the nursing education program. (7-1-21)T
c. Written reports of the survey will be submitted to the Board for review and acceptance. Copies of the report and recommendations will then be sent to the educational institution within thirty (30) days of the review. (7-1-21)

d. Nursing education programs that do not meet the standards of the Board may be placed on conditional approval status, with such conditions and requirements as the Board may designate to ensure compliance with standards within a reasonable time period. (7-1-21)

e. At the end of the period of conditional approval, full approval may be restored if the required conditions have been met, or approval may be withdrawn if the required conditions have not been met. Upon petition and written documentation by the nursing education program of extenuating circumstances, the Board may consider extending the period of conditional approval. The school must submit documentation within ten (10) days of notification of withdrawal of full approval. (7-1-21)

f. Following notification of the Board's decision to place a program on conditional approval or to withdraw program approval, the educational program will have ten (10) days in which to request a hearing. Upon receipt of a request for hearing, the Board's action will be stayed until the matter is heard. Hearings shall be conducted in the same manner as disciplinary hearings, in accordance with Title 67, Chapter 52, Idaho Code. (7-1-21)

604. DISCONTINUANCE OF AN EDUCATIONAL PROGRAM.
When an educational institution plans to discontinue its education program, the following procedure must be used:

01. Notify in Writing. Notify the Board in writing at least one (1) academic year prior to the closure; and

02. Follow Plan. Follow institutional plan for program closure including:

a. Maintenance of program standards until last class has graduated; and

b. Provision for disposition of student records. (7-1-21)

605. -- 629. (RESERVED)

630. PHILOSOPHY AND OBJECTIVES OF EDUCATIONAL PROGRAM.
The nursing education program shall have statements of philosophy and objectives that are consistent with those of the parent institution and with the law governing the practice of nursing. (7-1-21)

631. ADMINISTRATION OF EDUCATIONAL PROGRAM.

01. Administration of Educational Programs. (7-1-21)

a. The educational program in nursing shall be an integral part of an accredited institution of higher learning. (7-1-21)

b. There shall be an institutional organizational design that demonstrates the relationship of the program to the administration and to comparable programs within the institution, and that clearly delineates the lines of authority, responsibility, and channels of communication. The program faculty are given the opportunity to participate in the governance of the program and the institution. (7-1-21)

i. Qualifications, rights, and responsibilities of faculty are addressed in written personnel policies which are consistent with those of the parent institution as well as those of other programs within the institution. (7-1-21)

ii. Faculty workloads shall be consistent with responsibilities identified in Section 644 of these rules. (7-1-21)
c. The program must have an organizational design with clearly defined authority, responsibility, and channels of communication that assures both faculty and student involvement. (7-1-21)T

d. Administrative responsibility and control shall be delegated to the nursing education administrator by the parent institution. (7-1-21)T

e. The program must have a written purpose that is consistent with the mission of the institution. The program must have written policies that are congruent with the institution’s policies and are periodically reviewed. (7-1-21)T

632. FINANCIAL SUPPORT OF EDUCATIONAL PROGRAM FOR PRACTICAL NURSE, REGISTERED NURSE, AND ADVANCED PRACTICE REGISTERED NURSE.
There must be evidence of financial support and resources adequate to achieve the purpose of the program. Resources include: facilities, equipment, supplies, and qualified administrative, instructional, and support personnel and services. (7-1-21)T

633. RECORDS OF EDUCATIONAL PROGRAM.
The nursing education program structure shall provide for pre-admission and current records for each student while enrolled. Final records for each student shall be maintained on a permanent basis in accordance with the policies of the parent institution. (7-1-21)T

634. – 639. (RESERVED)

640. FACULTY QUALIFICATIONS.
01. Practical Nurse Program Faculty Qualifications. Nursing faculty who have primary responsibility for planning, implementing, and evaluating curriculum in a program leading to licensure as a practical nurse shall have: (7-1-21)T

a. A current, unencumbered license to practice as a registered nurse in this state; (7-1-21)T

b. A minimum of a baccalaureate degree with a major in nursing; and (7-1-21)T

c. Evidence of nursing practice experience. (7-1-21)T

02. Registered Nurse Program Faculty Qualifications. There shall be sufficient faculty to achieve the purpose of the program. (7-1-21)T

a. Nursing faculty who have primary responsibility for planning, implementing, and evaluating curriculum in a program leading to licensure as a registered nurse shall have: (7-1-21)T

i. A current, unencumbered license to practice as a registered nurse in this state; (7-1-21)T

ii. A minimum of a master’s degree with a major in nursing; and (7-1-21)T

iii. Evidence of nursing practice experience. (7-1-21)T

b. Additional support faculty necessary to accomplish program objectives shall have: (7-1-21)T

i. A current, unencumbered license to practice as a registered nurse in this state; (7-1-21)T

ii. A minimum of a baccalaureate degree with a major in nursing; and (7-1-21)T

iii. A plan approved by the Board for accomplishment of the master’s of nursing within three (3) years of appointment to the faculty position. (7-1-21)T
03. **Advanced Practice Registered Nurse Program Faculty Qualifications.** There shall be sufficient faculty to achieve the purpose of the program. Faculty who have primary responsibility for planning, implementing and evaluating curriculum in a program preparing individuals to license as an advanced practice registered nurse shall have:

   a. A current, unencumbered license to practice as a registered nurse in this state; and
   b. A graduate degree or post-graduate degree in nursing;
   c. An advanced practice registered nurse license and national certification if responsible for courses in a specific advanced practice registered nurse role and population; and
   d. Evidence of advanced registered nursing practice experience.

04. **Non-clinical Nursing Courses Faculty Qualifications.** Interprofessional faculty teaching non-clinical nursing course shall have advanced preparation appropriate for the content being taught.

05. **Clinical Preceptors in Registered Nurse, Practical Nurse, and Advanced Practice Registered Nurse Programs.** Clinical preceptors may be used to enhance clinical learning experiences.

   a. Clinical preceptors in registered and practical nurse programs shall be licensed for nursing practice at or above the license role for which the student is preparing.
   b. Clinical preceptors in advanced practice registered nurse programs shall be licensed to practice as an advanced practice registered nurse (APRN), a physician (MD or DO), or a physician assistant (PA) in an area of practice relevant to the educational course objectives.
   c. Student-Preceptor ratio shall be appropriate to accomplishment of learning objectives; to provide for patient safety; and to the complexity of the clinical situation.
   d. Criteria for selecting preceptors shall be in writing.
   e. Functions and responsibilities of the preceptor shall be clearly delineated in a written agreement between the agency, the preceptor, and the educational program.
   f. The faculty shall be responsible to:
      i. Make arrangements with agency personnel in advance of the clinical experience, providing information such as numbers of students to be in the agency at a time, dates and times scheduled for clinical experience, faculty supervision to be provided, and arrange for formal orientation of preceptors.
      ii. Inform agency personnel of faculty-defined objectives and serve as a guide for selecting students’ learning experiences and making assignments.
      iii. Monitor students’ assignments, make periodic site visits to the agency, evaluate students’ performance on a regular basis with input from the student and from the preceptor, and be available by telecommunication during students’ scheduled clinical time.
   g. Provide direct supervision, by either a qualified faculty person or an experienced registered nurse employee of the agency, during initial home visits and whenever the student is implementing a nursing skill for the first time or a nursing skill with which the student has had limited experience.

07. **Continued Study.** The parent institution will support and make provisions for continued professional development of the faculty.

641. **FACULTY.**

01. **Numbers Needed.** There shall be sufficient faculty with educational preparation and nursing
expertise to meet the objectives and purposes of the nursing education program. (7-1-21)

a. Number of faculty shall be sufficient to design and implement the curriculum necessary to prepare students to function in a rapidly changing healthcare environment. (7-1-21)

b. Number of faculty in the clinical setting shall be sufficient in number to assure patient safety and meet student learning needs. (7-1-21)

02. **Faculty-Student Ratio.** There shall be no more than ten (10) students for every faculty person in the clinical agencies. Deviations may be presented for approval with the program’s annual report to the Board with written justification assuring client safety and supporting accomplishment of program objectives. (7-1-21)

642. **(RESERVED)**

643. **ADMINISTRATOR RESPONSIBILITIES AND QUALIFICATIONS.**

01. **Administrator Responsibilities.** The administrator provides the leadership and is accountable for the administration, planning, implementation, and evaluation of the program. The administrator’s responsibilities include, but are not limited to:

a. Development and maintenance of an environment conducive to the teaching and learning processes; (7-1-21)

b. Liaison with and maintenance of the relationship with administrative and other units within the institution; (7-1-21)

c. Leadership within the faculty for the development and implementation of the curriculum; (7-1-21)

d. Preparation and administration of the program budget; (7-1-21)

e. Facilitation of faculty recruitment, development, performance review, promotion, and retention; (7-1-21)

f. Liaison with and maintenance of the relationship with the Board; and (7-1-21)

g. Facilitation of cooperative agreements with practice sites. (7-1-21)

02. **Administrator Qualifications.** The administrator of the program shall be a licensed registered nurse, with a current unencumbered license to practice in this state, and with the additional education and experience necessary to direct the program. (7-1-21)

a. Practical Nurse Administrator. The administrator in a program preparing for practical nurse licensure shall:

i. Hold a minimum of a graduate degree with a major in nursing; and (7-1-21)

ii. Have evidence of experience in education, administration, and practice sufficient to administer the program. (7-1-21)

b. Registered Nurse Administrator. The administrator in a program preparing for registered nurse licensure shall:

i. Hold a minimum of a graduate degree with a major in nursing and meet institutional requirements; (7-1-21)

ii. Have evidence of experience in education, administration, and practice sufficient to administer the
Advanced Practice Registered Nurse Administrator. The administrator in a program preparing for advanced practice registered nursing shall:

i. Hold a graduate and post-graduate degree, one (1) of which is in nursing; and

ii. Have evidence of experience in education, administration, and practice sufficient to administer the program.

03. Numbers of Administrators Needed. There shall be at least one (1) qualified nursing administrator for each nursing education department or division. In institutions that offer nursing education programs for more than one (1) level of preparation and where the scope of administrative responsibility so requires, there shall be an individual administrator for each nursing education program.

644. FACULTY RESPONSIBILITIES.

01. Faculty Responsibilities. Nursing faculty responsibilities include, but are not limited to the following:

a. Assess, plan, implement, evaluate, and modify the program based on sociological and environmental indicators;

b. Design, implement, evaluate, and update the curriculum using a written plan;

c. Develop, implement, evaluate, and update policies for student admission, progression, retention, and graduation in keeping with the policies of the school;

d. Participate in academic advisement and guidance of students;

e. Provide theoretical instruction and practice experiences;

f. Select, monitor, and evaluate preceptors and the student learning experiences;

g. Evaluate student achievement of curricular outcomes related to nursing knowledge and practice;

h. Evaluate teaching effectiveness;

i. Participate in activities that facilitate maintaining the faculty members’ own nursing competence and professional expertise in the area of teaching responsibility, including instructional methodology;

j. Participate in other scholarly activities, including research, consistent with institutional and professional requirements; and

k. Participate in the organization of the program and institution.

645. -- 659. (RESERVED)

660. STUDENTS, EDUCATIONAL PROGRAM.

01. Student Policies. Student policies should facilitate mobility and articulation and be consistent with the educational standards of the parent institution. Student policies in relation to the following must be in writing and available:

a. Admission, readmission, progression, retention, graduation, dismissal, and withdrawal;
b. Physical, mental health, and legal standards required by affiliate agencies and the law governing the practice of nursing; (7-1-21)T

c. Student responsibilities; (7-1-21)T

d. Student rights and grievance procedures; and (7-1-21)T

e. Student opportunity to participate in program governance and evaluation. (7-1-21)T

661. -- 679. (RESERVED)

680. CURRICULUM, EDUCATIONAL PROGRAM.

01. Student Competence. (7-1-21)T

a. Students enrolled in a practical nursing program shall be provided the opportunity to acquire and demonstrate the knowledge, skills, and abilities for safe and effective nursing practice. The graduate from a practical nurse program is responsible and accountable to practice according to the standards of practice for the licensed practical nurse as defined in Section 460 of these rules. (7-1-21)T

b. Students enrolled in a registered nurse program shall be provided the opportunity to acquire and demonstrate the knowledge, skills, and abilities for safe and effective nursing practice. The graduate from a registered nurse program is responsible and accountable to practice according to the standards of practice for the registered nurse as defined in Section 401 of these rules. (7-1-21)T

c. Students enrolled in advanced practice registered nursing education shall be provided the opportunity to acquire and demonstrate the knowledge, skills, and abilities for safe and effective advanced nursing practice. The graduate from an advanced practice registered nursing program is responsible and accountable to practice according to the standards for the advanced practice nursing role for which the nurse is prepared as defined in Section 280 of these rules. (7-1-21)T

02. Program Evaluation. The program shall have a plan for total program evaluation that includes, but is not limited to the following: organization and administration, faculty, students, curriculum, and performance of graduates. Implementation of the plan and use of findings for relevant decision making must be evident. (7-1-21)T

681. CURRICULUM REQUIREMENTS FOR NURSING EDUCATION PROGRAMS.

01. General Curriculum. For licensed practical nurses, registered nurses, and advanced practice registered nurses the general curriculum is as follows: (7-1-21)T

a. Be planned, implemented, and evaluated by the faculty with provisions for student input; (7-1-21)T

b. Reflect the mission and purpose of the nursing education program; (7-1-21)T

c. Be organized logically and sequenced appropriately; (7-1-21)T

d. Facilitate articulation for horizontal and vertical mobility; (7-1-21)T

e. Have a syllabus for each nursing course; (7-1-21)T

f. Have written, measurable terminal outcomes that reflect the role of the graduate; and (7-1-21)T

g. Be responsive to changing healthcare environment. (7-1-21)T

02. Curriculum Changes. Major curriculum changes, as defined in Section 700 of these rules, will be submitted to the Board for approval prior to implementation. (7-1-21)T
03. **Practice Sites.** The program will have sufficient correlated practice experiences to assure development of nursing competencies.

04. **Practical Nurse Curriculum.** The curriculum includes:

a. Nursing didactic content and practice experience that establish the knowledge base for demonstrating beginning competency; and

b. Integrated, combined or separate coursework from the following academic disciplines and meets requirements for the credential with a major in practical nursing:

i. Communication and information systems concepts; (7-1-21)

ii. Behavioral and social science concepts that serve as a framework for understanding growth and development throughout the life cycle, human behavior, interpersonal relationships, and cultural diversity; (7-1-21)

iii. Physical and biological sciences concepts that help the students gain an understanding of the principles of scientific theory and computation; (7-1-21)

iv. Nursing concepts that provide the basis for understanding the principles of nursing care and appropriate and sufficient correlated nursing practice experiences to assure development of competencies as a member of the interdisciplinary team; (7-1-21)

v. Concepts regarding legal, managerial, economic, and ethical issues related to responsibilities of the practical nurse; and

vi. Courses to meet the school's general education requirements for the credential awarded. (7-1-21)

05. **Registered Nurse Curriculum.** The curriculum includes:

a. Nursing didactic content and practice experience that establish the knowledge base for demonstrating beginning competency related to:

i. Nursing practice; (7-1-21)

ii. Systems thinking and interdisciplinary team function; and

iii. The promotion and restoration of optimal patient health throughout the lifespan in a variety of primary, secondary and tertiary settings focusing on individuals, groups, and communities. (7-1-21)

b. Integrated, combined or separate coursework from the following academic disciplines and meets requirements for a degree with a major in nursing:

i. Concepts in written and oral communication, values clarification, scientific inquiry, computation, and informatics; (7-1-21)

ii. Behavioral and social sciences concepts that serve as a framework for the understanding of growth and development throughout the life cycle, human behavior, interpersonal relationships, cultural diversity, and economics related to the social context of healthcare; (7-1-21)

iii. Physical and biological sciences concepts that help the student gain an understanding of the principles of scientific theory; (7-1-21)

iv. Arts and humanities concepts that develop the aesthetic, ethical, and intellectual capabilities of the student; (7-1-21)

v. Concepts regarding research, nursing theory, legal and ethical issues, trends in nursing, principles
of education and learning, and professional responsibilities; (7-1-21)T

vi. Experiences that promote the development of leadership and management skills, interdisciplinary education, and professional socialization; and (7-1-21)T

vii. Courses to meet the school's general education requirements for the academic degree. (7-1-21)T

06. Advanced Practice Registered Nursing Program Curriculum. The curriculum includes: (7-1-21)T

a. Content necessary to prepare the graduate for practice consistent with defined standards for advanced nursing practice; and (7-1-21)T

b. Content from nursing and related academic disciplines and meet requirements for a graduate degree with a major in nursing: (7-1-21)T

i. Advanced theory and research in nursing, biological and behavioral sciences, interdisciplinary education, cultural diversity, economics and informatics sufficient to practice as a graduate prepared registered nurse; (7-1-21)T

ii. Legal, ethical, and professional responsibilities of a graduate prepared registered nurse; (7-1-21)T

iii. Didactic content and supervised practice experience relevant to the nursing focus of the graduate specialty; and (7-1-21)T

iv. Courses to meet the school's requirements for the graduate degree. (7-1-21)T

682. -- 699. (RESERVED)

700. CURRICULUM CHANGE, EDUCATIONAL PROGRAM. Any proposed curriculum revision that involves major changes in the philosophy and objectives, significant course content changes, or changes in the length of the program, shall be submitted to and approved by the Board prior to implementation. Minor curriculum changes such as redistribution of nursing course content or slight increase or decrease in the number of theory and clinical hours must be reported to the Board in the Annual Report, but do not require Board approval. Curriculum revision that alters existing articulation agreements must be approved by the State Board of Education prior to implementation. (7-1-21)T

701. -- 729. (RESERVED)

730. PRACTICE SITES. The program must have sufficient practice experiences to assure development of nursing competencies. (7-1-21)T

01. Approval by Other Agencies. Cooperating agencies shall be approved by the recognized accreditation, evaluation or licensing body as appropriate. (7-1-21)T

02. Evaluation by Faculty. Agencies used to provide practice experiences must be evaluated periodically by faculty. (7-1-21)T

03. Sufficient Experiences. There must be sufficient practice experiences to assure the development of nursing competencies consistent with the level of preparation. (7-1-21)T

04. Written Agreements. There must be written agreements with cooperating agencies that are reviewed and revised periodically. (7-1-21)T

05. Faculty Supervision. Sufficient faculty must be employed to supervise student practice experiences. An appropriate student to faculty ratio must be maintained to provide for safety and protection of patients, students, and faculty members.
06. **Planned Communication.** Means shall be provided for ongoing and periodic planned communication between faculty and agency administrative personnel and between faculties of all educational programs using the agency; the responsibility for coordination shall be specifically identified. (7-1-21)T

731. -- 899. (RESERVED)

900. **INITIAL LICENSE, RENEWAL AND REINSTATEMENT FEES.**

01. **Assessed Fees.** Fees will be assessed for renewal of licensure or for reinstatement of a lapsed, disciplined, limited, or emeritus license. Any person submitting the renewal application and fee post-marked or electronically dated later than August 31 shall be considered delinquent and the license lapsed and therefore invalid:

(7-1-21)T

902. (RESERVED)

903. **EDUCATION PROGRAM FEES.**

01. **Evaluation of Nursing Education Programs.** A fee not to exceed two hundred fifty dollars ($250) per day will be assessed for survey and evaluation of nursing education programs which will be due at the time the evaluation is requested. (7-1-21)T

02. **Evaluation of Courses of Instruction.** A fee not to exceed five hundred dollars ($500) will be assessed for approval of courses of instruction related to nursing that are offered by commercial establishments. This fee will be due at the time the evaluation is requested. (7-1-21)T

904. **ONLY ONE LICENSE - EXCEPTION.**
A licensee may hold only one (1) active renewable license to practice nursing at any time except that licensed advanced practice registered nurses must also be licensed to practice as licensed registered nurses. (7-1-21)

905. -- 998. (RESERVED)

999. ADMINISTRATIVE FINE.
An administrative fine not to exceed one hundred dollars ($100) for each separate offense of practicing nursing without current licensure may be assessed as a condition of reinstatement of a license, or the issuance of a temporary or renewable license. (7-1-21)
LEGAL AUTHORITY.
This chapter is adopted under the legal authority of the Uniform Controlled Substances Act, Title 37, Chapter 27, Idaho Code; the Idaho Pharmacy Act, the Idaho Wholesale Drug Distribution Act, and the Idaho Legend Drug Donation Act, Title 54, Chapter 17, Idaho Code; and specifically pursuant to Sections 37-2702, 37-2715, 54-1717, 54-1753, and 54-1755, Idaho Code.

SCOPE.
These rules regulate and control the manufacture, distribution, and dispensing of controlled substances within or into the state, pursuant to the Uniform Controlled Substances Act, Section 37-2715, Idaho Code; and regulate and control the practice of pharmacy, pursuant to the Idaho Pharmacy Act, Title 54, Chapter 17, Idaho Code.

DEFINITIONS AND ABBREVIATIONS (A–N).
The definitions set forth in Sections 54-1705 and 37-2701, Idaho Code, are applicable to these rules.

01. ACCME. Accreditation Council for Continuing Medical Education.
02. Accredited School or College of Pharmacy. A school or college that meets the minimum standards of the ACPE and appears on its list of accredited schools or colleges of pharmacy.
03. ACPE. Accreditation Council for Pharmacy Education.
04. ADS – Automated Dispensing and Storage. A mechanical system that performs operations or activities, other than compounding or administration, relative to the storage, packaging, dispensing, or distribution of drugs and that collects, controls, and maintains transaction information.
05. Change of Ownership. A change of majority ownership or controlling interest of a drug outlet licensed or registered by the Board.
06. CME. Continuing medical education.
07. Collaborative Pharmacy Practice. A pharmacy practice whereby one (1) or more pharmacists or pharmacies jointly agree to work under a protocol authorized by one (1) or more prescribers to provide patient care and DTM services not otherwise permitted to be performed by a pharmacist under specified conditions.
08. CPE. Continuing pharmacy education.
09. CPE Monitor. An NABP service that allows pharmacists to electronically keep track of CPE credits from ACPE-accredited providers.
10. DEA. United States Drug Enforcement Administration.
11. Distributor. A supplier of drugs manufactured, produced, or prepared by others to persons other than the ultimate consumer.
12. DME Outlet. A registered outlet that may hold for sale at retail durable medical equipment (DME) and the following prescription drugs: pure oxygen for human application, nitrous oxide, sterile sodium chloride, and sterile water for injection.
13. DTM – Drug Therapy Management. Selecting, initiating, or modifying drug treatment pursuant to a collaborative pharmacy practice agreement.
14. FDA. United States Food and Drug Administration.
15. Flavoring Agent. An additive in food or drugs in the minimum quantity necessary.
16. Floor Stock. Drugs or devices not labeled for a specific patient that are maintained at a nursing station or other department of an institutional facility, excluding the pharmacy, for the purpose of administering to patients of the facility.
17. **FPGEC Certification.** Foreign Pharmacy Graduate Examination Committee Certification. (7-1-21)

18. **Hazardous Drug.** Any drug listed as such by the National Institute for Occupational Safety and Health or any drug identified by at least one (1) of the following criteria: carcinogenicity; teratogenicity or developmental toxicity; reproductive toxicity in humans; organ toxicity at low doses in humans or animals; genotoxicity; or new drugs that mimic existing hazardous drugs in structure or toxicity. (7-1-21)

19. **HIPAA.** Health Insurance Portability and Accountability Act of 1996. (7-1-21)

20. **Limited Service Outlet.** Limited service outlets include, but are not limited to, sterile product pharmacies, remote dispensing pharmacies, facilities operating narcotic treatment programs, DME outlets, prescriber drug outlets, outsourcing facilities, nuclear pharmacies, cognitive service pharmacies, correctional facilities, offsite ADSs for non-emergency dispensing, reverse distributors, mobile pharmacies, and analytical or research laboratories. (7-1-21)

21. **NABP.** National Association of Boards of Pharmacy. (7-1-21)

22. **NAPLEX.** North American Pharmacists Licensure Examination. (7-1-21)

23. **NDC.** National Drug Code. (7-1-21)

011. **DEFINITIONS AND ABBREVIATIONS (O – Z).**
The definitions set forth in Sections 54-1705 and 37-2701, Idaho Code, are applicable to these rules. In addition, the following terms have the meanings set forth below: (7-1-21)

01. **Parenteral Admixture.** The preparation and labeling of sterile products intended for administration by injection. (7-1-21)

02. **Pharmaceutical Care Services.** A broad range of services, activities and responsibilities intended to optimize drug-related therapeutic outcomes for patients consistent with Rule 100. Pharmaceutical care services may be performed independent of, or concurrently with, the dispensing or administration of a drug or device and also encompasses services provided by way of DTM under a collaborative practice agreement. Pharmaceutical care services are not limited to, but may include one (1) or more of the following: (7-1-21)

   a. Performing or obtaining necessary assessments of the patient’s health status, including the performance of health screening activities or testing; (7-1-21)

   b. Reviewing, analyzing, evaluating, formulating or providing a drug utilization plan; (7-1-21)

   c. Monitoring and evaluating the patient’s response to drug therapy, including safety and effectiveness; (7-1-21)

   d. Coordinating and integrating pharmaceutical care services within the broader health care management services being provided to the patient; (7-1-21)

   e. Ordering and interpreting laboratory tests; (7-1-21)

   f. Performing drug product selection, substitution, prescription adaptation, or refill authorization as provided in these rules; and (7-1-21)

   g. Prescribing drugs and devices as provided in these rules. (7-1-21)

03. **PDMP.** Prescription Drug Monitoring Program. (7-1-21)

04. **Prepackaging.** The act of transferring a drug, manually or using an automated system, from a
manufacturer's original container to another container prior to receiving a prescription drug order. (7-1-21)

05. **Prescriber**. An individual currently licensed, registered, or otherwise authorized to prescribe and administer drugs in the course of professional practice. (7-1-21)

06. **Purple Book**. The list of licensed biological products with reference product exclusivity and biosimilarity or interchangeability evaluations published by the FDA under the Public Health Service Act. (7-1-21)

07. **Readily Retrievable**. Records are considered readily retrievable if they are able to be completely and legibly produced upon request within seventy-two (72) hours. (7-1-21)

08. **Reconstitution**. The process of adding a diluent to a powdered medication to prepare a solution or suspension, according to the product's labeling or the manufacturer's instructions. (7-1-21)

09. **Restricted Drug Storage Area**. The area of a drug outlet where prescription drugs are prepared, compounded, distributed, dispensed, or stored. (7-1-21)

10. **Technician**. A term to indicate an individual authorized by registration with the Board to perform pharmacy support services under the direction of a pharmacist. (7-1-21)

11. **Therapeutic Equivalent Drugs**. Products assigned an “A” code by the FDA in the Approved Drug Products with Therapeutic Equivalence Evaluations (Orange Book) and animal drug products published in the FDA Approved Animal Drug Products (Green Book). (7-1-21)

12. **USP**. United States Pharmacopeia. (7-1-21)

012. – 099. (RESERVED)

**SUBCHAPTER A – GENERAL PROVISIONS**  
(Rules 100 through 199)

100. **PRACTICE OF PHARMACY: GENERAL APPROACH.**  
To evaluate whether a specific act is within the scope of pharmacy practice in or into Idaho, or whether an act can be delegated to other individuals under their supervision, a licensee or registrant of the Board must independently determine whether:

01. **Express Prohibition**. The act is expressly prohibited by:

a. The Idaho Pharmacy Act, Title 54, Chapter 17, Idaho Code; 

b. The Uniform Controlled Substances Act, Title 37, Chapter 27, Idaho Code; 

c. The rules of the Idaho State Board of Pharmacy; or 

d. Any other applicable state or federal laws or regulations. (7-1-21)

02. **Education, Training, and Experience**. The act is consistent with licensee or registrant's education, training, and experience. (7-1-21)

03. **Standard of Care**. Performance of the act is within the accepted standard of care that would be provided in a similar setting by a reasonable and prudent licensee or registrant with similar education, training and experience. (7-1-21)

101. **PRESCRIBER PERFORMANCE OF PHARMACY FUNCTIONS.**  
For the purposes of this chapter, any function that a pharmacist may perform may similarly be performed by an Idaho
prescriber or may be delegated by an Idaho prescriber to appropriate support personnel, in accordance with the prescriber's practice act.  

102. WAIVERS OR VARIANCES.

01. Emergency Waiver. In the event of an emergency declared by the President of the United States, the Governor of the State of Idaho, or by any other person with legal authority to declare an emergency, the division administrator may waive any requirement of these rules for the duration of the emergency.

103. BOARD INSPECTIONS AND INVESTIGATIONS.

01. Records Subject to Board Inspection. Records created, maintained, or retained by Board licensees or registrants in compliance with statutes or rules enforced by the Board must be made available for inspection upon request by Board inspectors or authorized agents. It is unlawful to refuse to permit or to obstruct a Board inspection.

02. Inspections. Prior to the commencement of business, as applicable, and thereafter at regular intervals, registrants and licensees must permit the Board or its compliance officers to enter and inspect the premises and to audit the records of each drug outlet for compliance with laws enforced by or under the Board's jurisdiction.

03. Inspection Deficiencies. Deficiencies noted must be promptly remedied, and if requested, the Board office notified of corrective measures. One (1) follow-up inspection may be performed by the Board at no cost. For additional follow-up inspections, the drug outlet will be charged actual travel and personnel costs incurred in the inspection to be paid within ninety (90) days of inspection.

04. Inspection Reports. Inspection reports must be reviewed with the Board inspector and signed by an agent of the drug outlet upon completion of the exit interview.

05. Investigations. Licensees or registrants must fully cooperate with Board investigations conducted to confirm compliance with laws enforced by the Board, to gather information pertinent to a complaint received by the Board, or to enforce disciplinary actions.

104. UNPROFESSIONAL CONDUCT.

The following acts or practices by any licensee or registrant are declared to be specifically, but not by way of limitation, unprofessional conduct and conduct contrary to the public interest.

01. Unethical Conduct. Conduct in the practice of pharmacy or in the operation of a pharmacy that may reduce the public confidence in the ability and integrity of the profession of pharmacy or endangers the public health, safety, and welfare. A violation of this section includes committing fraud, misrepresentation, negligence, concealment, or being involved in dishonest dealings, price fixing, or breaching the public trust with respect to the practice of pharmacy.

02. Lack of Fitness. A lack of fitness for professional practice due to incompetency, personal habits, drug or alcohol dependence, physical or mental illness, or for any other cause that endangers public health, safety, or welfare.

03. On-Duty Intoxication or Impairment. Intoxication, impairment, or consumption of alcohol or drugs while on duty, including break periods after which the individual is expected to return to work, or prior to reporting to work.

04. Diversion of Drug Products and Devices. Supplying or diverting drugs, biologicals, and other medicines, substances, or devices legally sold in pharmacies that allows the circumvention of laws pertaining to the legal sale of these articles.

05. Unlawful Possession or Use of Drugs. Possessing or using a controlled substance without a lawful prescription drug order. A failed drug test creates a rebuttable presumption of a violation of this rule.
06. **Prescription Drug Order Noncompliance.** Failing to follow the instructions of the person writing, making, or ordering a prescription as to its refills, contents, or labeling except as provided in these rules. (7-1-21)T

07. **Failure to Confer.** Failure to confer with the prescriber when necessary or appropriate or filling a prescription if necessary components of the prescription drug order are missing or questionable. (7-1-21)T

08. **Excessive Provision of Controlled Substances.** Providing an excessive amount of controlled substances. Evidentiary factors of a clearly excessive amount include, but are not limited to, the amount of controlled substances furnished and previous ordering patterns (including size and frequency of orders). (7-1-21)T

09. **Failure to Counsel or Offer Counseling.** Failing to counsel or offer counseling, unless specifically exempted or refused. (7-1-21)T

10. **Substandard, Misbranded, Adulterated, or Expired Products.** Manufacturing, compounding, delivering, distributing, dispensing, or permitting to be manufactured, compounded, delivered, distributed or dispensed substandard, misbranded, or adulterated drugs or preparations or those made using secret formulas. Failing to remove expired drugs from stock. (7-1-21)T

11. **Prescriber Incentives.** Allowing a commission or rebate to be paid, or personally paying a commission or rebate, to a person writing, making, or otherwise ordering a prescription. (7-1-21)T

12. **Exclusive Arrangements.** Participation in a plan or agreement that compromises the quality or extent of professional services or limits access to provider facilities at the expense of public health or welfare. (7-1-21)T

13. **Failure to Report.** Failing to report to the Board any violation of statutes or rules pertaining to the practice of pharmacy or any act that endangers the health, safety, or welfare of patients or the public. (7-1-21)T

14. **Failure to Follow Board Order.** Failure to follow an order of the Board. (7-1-21)T

15. **Use of False Information.** Knowingly using false information in connection with the prescribing, delivering, administering, or dispensing of a controlled substance or other drug product. (7-1-21)T

16. **Standard of Care.** Acts or omissions within the practice of pharmacy which fail to meet the standard provided by other qualified licensees or registrants in the same or similar setting. (7-1-21)T

17. **Unnecessary Services or Products.** Directly promoting or inducing for the provisions of health care services or products that are unnecessary or not medically indicated. (7-1-21)T

18. **Controlled Substance Non-Compliance.** Violating provisions of the federal Controlled Substances Act or Title 37, Chapter 27, Idaho Code. (7-1-21)T

105. – 199. (RESERVED)

SUBCHAPTER B – RULES GOVERNING LICENSURE AND REGISTRATION
(Rules 200 through 299)

200. **BOARD OF PHARMACY LICENSURE AND REGISTRATION.**
The Board will issue or renew a license or certificate of registration upon application and determination that the applicant has satisfied the requirements of applicable statutes, and any additional criteria specified by these rules. Licenses or registrations must be obtained prior to engaging in these practices or their supportive functions. (7-1-21)T

201. **LICENSURE AND REGISTRATION: GENERAL REQUIREMENTS.**
01. **Board Forms.** Initial applications, annual renewal applications, and other forms used for licensure, registration, or other purposes must be in such form as designated by the Board. (7-1-21)

02. **Incomplete Applications.** Information requested on any form must be provided and submitted to the Board office with the applicable fee or the submission will be considered incomplete and will not be processed. Applications that remain incomplete after six (6) months from the date of initial submission will expire. (7-1-21)

03. **On-Time Annual Renewal Application.** Licenses and registrations must be renewed annually prior to expiration to remain valid. Timely submission of the renewal application is the responsibility of each licensee or registrant. Licenses and certificates of registration issued to individuals will expire annually on the last day of the individual’s birth month, and on December 31 for facilities, unless an alternate expiration term or date is stated in these rules. (7-1-21)

04. **Late Renewal Application.** Failure to submit a renewal application prior to the expiration date will cause the license or registration to lapse and will result in the assessment of a late fee and possible disciplinary action. A lapsed license or registration is invalid until renewal is approved by the Board and if not renewed within thirty (30) days after its expiration will require reinstatement. (7-1-21)

05. **Exemption.** New licenses and registrations issued ten (10) weeks or less prior to the renewal due date are exempt from the renewal requirements that year only. (7-1-21)

06. **Cancellation and Registration.** Failure to maintain the requirements for any registration will result in the cancellation of the registration. (7-1-21)

07. **Reinstatement of License or Registration.** Unless otherwise specified in Board rule, consideration of a request for reinstatement of a license or registration will require a completed application on a Board form, submission of a completed fingerprint card, as applicable, and payment of any applicable fees due or delinquent at the time reinstatement is requested. (7-1-21)

08. **Parent or Legal Guardian Consent.** No person under the age of eighteen (18), unless an emancipated minor, may submit an application for licensure or registration without first providing the Board with written consent from a parent or legal guardian. (7-1-21)

202. **BOARD FEES.**

01. **Fee Determination and Collection.** Pursuant to the authority and limitations established by Sections 37-2715 and 54-1720(5)(a), Idaho Code, the Board has determined and will collect fees for the issuance, annual renewal, or reinstatement of licenses and certificates of registration to persons and drug outlets engaged in acts or practices regulated by the Board. (7-1-21)

02. **Time and Method of Payment.** Fees are due at the time of application payable to the “Idaho State Board of Pharmacy.” (7-1-21)

03. **Fee for Dishonored Payment.** A reasonable administrative fee may be charged for a dishonored check or other form of payment. If a license or registration application has been approved or renewed by the Board and payment is subsequently dishonored, the approval or renewal is immediately canceled on the basis of the submission of an incomplete application. The board may require subsequent payments to be made by cashier’s check, money order, or other form of guaranteed funds. (7-1-21)

04. **Fee Exemption for Controlled Substance Registrations.** Persons exempt pursuant to federal law from fee requirements applicable to controlled substance registrations issued by the DEA are also exempt from fees applicable to controlled substance registrations issued by the Board. (7-1-21)

203. **FEE SCHEDULE.**

01. **Licenses and Registrations – Professionals.**
02. **Certificates of Registration and Licensure – Facilities.**

204. – 209. (RESERVED)

210. **DETERMINATION OF NEED FOR NONRESIDENT LICENSURE OR REGISTRATION.**
01. **Independent Practice.** Nonresident pharmacists must be licensed if engaged in the independent practice of pharmacy across state lines and not practicing for an Idaho registered drug outlet. (7-1-21)

02. **Practice for an Idaho Registered Drug Outlet.** A nonresident pharmacist serving as the PIC for an Idaho registered nonresident drug outlet must be registered to practice into Idaho. All other nonresident pharmacists who are employed by, or affiliated with, and practicing for the Idaho registered nonresident drug outlet, but who are not the PIC, are exempt from license and registration requirements for practice into Idaho. (7-1-21)

03. **Multistate Pharmacists.** Multistate pharmacists, as defined in Section 54-1723B, Idaho Code, are exempt from separate licensure or registration in Idaho. (7-1-21)

04. **Exemption from Separate Controlled Substance Registration.** All pharmacists who are practicing in or into Idaho are exempt from obtaining a separate controlled substance registration, but are subject to compliance with all requirements under Title 37, Chapter 27, Idaho Code. (7-1-21)

211. PHARMACIST LICENSURE BY EXAMINATION.
To be considered for licensure, a person must satisfy the requirements of Section 54-1722(1)(a) through (e), Idaho Code, submit to the Board an application for licensure by examination, and meet the following: (7-1-21)

01. **Graduates of U.S. Pharmacy Schools.** Graduate from an ACPE-accredited school or college of pharmacy within the United States. (7-1-21)

02. **Graduates of Foreign Pharmacy Schools.** Graduate from a school or college of pharmacy located outside of the United States, submit certification by the FPGEC, and complete a minimum of seventeen hundred forty (1,740) experiential hours as verified on an employer’s affidavit signed by a pharmacist licensed and practicing in the United States. The Board may request verifiable business records to document the hours. (7-1-21)

03. **Licensure Examinations.** Qualified applicants must pass the NAPLEX in accordance with NABP standards. A candidate who fails the NAPLEX three (3) times must complete at least thirty (30) hours of continuing education accredited by an ACPE-accredited provider prior to being eligible to sit for each subsequent reexamination. Candidates are limited to five (5) total NAPLEX attempts. (7-1-21)

04. **Score Transfer.** Score transfers into Idaho during the examination registration process are accepted for one (1) year. After taking the exam, score transfers into Idaho must be submitted within eighty-nine (89) days. (7-1-21)

212. PHARMACIST LICENSURE BY RECIPROCITY.
An applicant for pharmacist licensure by reciprocity must satisfy the requirements of Section 54-1723, Idaho Code, and submit a preliminary application for licensure transfer through NABP. An applicant whose pharmacist license is currently restricted by a licensing entity in another state must appear before the Board to petition for licensure by reciprocity. An applicant not actively engaged in the practice of pharmacy during the year preceding the date of application may have to complete intern hours for each year away from the practice of pharmacy. (7-1-21)

213. PHARMACIST LICENSE: CPE REQUIREMENTS.
Each pharmacist must complete fifteen (15) CPE hours each calendar year between January 1 and December 31. (7-1-21)

01. **ACPE.** At least twelve (12) of the CPE hours obtained must be from programs by an ACPE that have a participant designation of “P” (for pharmacist) as the suffix of the ACPE universal program number. ACPE credits must be reported to and documented in CPE Monitor in order to be accepted. (7-1-21)

02. **CME.** A maximum of three (3) of the hours may be obtained from CME, if the credits are:

   a. Obtained from an ACCME accredited provider; and (7-1-21)

   b. A certificate is furnished that identifies the name of the ACCME accredited provider and a clear
reference to its accreditation status, the title of the CME program, the completed hours of instruction, the date of completion, and the name of the individual obtaining the credit. Upon audit, all CME certificates must be submitted to the Board.

03. Alternative to CPE. If audited, a pharmacist may substitute a current certification by a nationally accredited pharmacy practice-specific specialty certification program.

214. PHARMACIST LICENSE: REINSTATEMENT.
The Board may, at its discretion, consider reinstatement of a pharmacist license upon receipt of a completed application, background check, and payment of the reinstatement and other fees due or delinquent at the time reinstatement is requested.

01. Satisfactory Evidence. Reinstatement applicants must provide satisfactory evidence of completion of a minimum of thirty (30) CPE hours within the twenty-four (24) months prior to reinstatement and compliance with any direct orders of the Board.

02. Additional Requirements. A pharmacist reinstatement applicant may be required to appear before the Board. The Board may also, at its discretion, impose additional requirements on a pharmacist reinstatement applicant who has not practiced as a pharmacist for the preceding twelve (12) months or longer that may include taking and passing an examination, completion of intern hours, completion of additional CPE hours, or other requirements determined necessary to acquire or demonstrate professional competency.

215. NONRESIDENT PIC REGISTRATION TO PRACTICE PHARMACY INTO IDAHO.
To be registered as a nonresident PIC, an applicant must submit an application on a Board form including, but not limited to:

01. Individual License Information. Current pharmacist licensure information in all other states, including each state of licensure and each license number;

02. Facility License Information. The license or registration number of the facility for which the applicant will be practicing.

216. PHARMACIST INTERN REGISTRATION.

01. Registration Requirements. To be approved for and maintain registration as a pharmacist intern, the applicant must:

a. Currently be enrolled and in good standing in an accredited school or college of pharmacy, pursuing a professional degree in pharmacy; or

b. Be a graduate of an accredited school or college of pharmacy within the United States and awaiting examination for pharmacist licensure; or

c. Be a graduate of a school or college of pharmacy located outside the United States, obtain certification by the FPGEC, and be awaiting finalization of pharmacist licensure.

02. Renewal.

a. Current Students. A pharmacist intern registration must be renewed annually by July 15; however, the renewal fee will be waived, if renewed on time, for the duration of the student’s enrollment in the school or college of pharmacy. Following graduation, if a pharmacist license application has been submitted, the pharmacist intern license will be extended at no cost for up to six (6) additional months from the date of application as a pharmacist, after which time the individual will need to submit a new application to continue to be a pharmacist intern.

b. Pharmacy Graduates. A graduate pharmacist intern registration may be obtained and renewed once within one (1) year from the date of issuance. The Board may, at its discretion, grant additional time to complete
220. TECHNICIAN REGISTRATION.

01. Registration Requirements. A person may apply for registration as a technician if the person satisfies the following requirements:
   a. Age. Be at least sixteen (16) years of age;
   b. Education. Be a high school graduate or the recipient of a high school equivalency diploma or currently enrolled and in good standing in a high school or college supervised program.
   c. Exemption from Criminal Background Check. Technician candidates under the age of eighteen (18) are exempt from the fingerprint-based criminal history check requirement of Idaho Code.

02. Certified Technician Registration. To be approved for registration as a certified technician, a person must have obtained and maintained certified pharmacy technician (CPhT) status through the Pharmacy Technician Certification Board (PTCB), the National Healthcareer Association (NHA), or their successors.

224. PRACTITIONER CONTROLLED SUBSTANCE REGISTRATION.

Any practitioner in Idaho who intends to prescribe, administer, dispense, or conduct research with a controlled substance must first obtain an Idaho practitioner controlled substance registration and:

01. State License. Hold a valid license or registration to prescribe medications from a licensing entity established under Title 54, Idaho Code.

02. DEA Registration. Hold a valid federal DEA registration, if needed under federal law.

230. DRUG OUTLET LICENSURE AND REGISTRATION: GENERAL REQUIREMENTS.

A license or a certificate of registration is required for drug outlets prior to doing business in or into Idaho. A license or certificate of registration will be issued by the Board to drug outlets pursuant to, and in the general classifications defined by, Section 54-1729, Idaho Code.

01. New Drug Outlet Inspections. Following the issuance of a new license or registration, each drug outlet will be inspected to confirm that the facility is compliant with applicable law. A change of ownership of a currently registered pharmacy will not require an onsite inspection of a new pharmacy registration unless a change of location occurs.

02. License and Registration Transferability. Drug outlet licenses and registrations are location and owner specific and are nontransferable as to person or place.

03. Nonresident Drug Outlet. The Board may license or register a drug outlet licensed or registered under the laws of another state if the other state’s standards are comparable to those in Idaho and acceptable to the Board, evidenced by an inspection report.

04. Change of Ownership or Location. The registrant must notify the Board of a drug outlet’s change of ownership or location at least ten (10) days prior to the event on a Board form, the completion of which shall be treated as an application for a new license or registration. When a licensee or registrant has made a timely and complete application for a new license or registration as stated in this rule, the existing license does not expire until the application has been finally determined by the Board, and, in case the application is denied or the terms of the
new license limited, until the last day for seeking review of the Board order. This does not preclude the Board from taking immediate action to protect the public interest. (7-1-21)

05. **Permanent Closing.** A registrant must notify the Board and the general public of the pharmacy’s permanent closing at least ten (10) days prior to closing. The notice must include the proposed date of closure, and the new location of the prescription files. The notice to the board is to include the location where the closing inventory record of controlled substances is retained. (7-1-21)

06. **Exemption from Separate Controlled Substance Registration.** All drug outlets doing business in or into Idaho who hold a valid license or registration from the Board are exempt from obtaining a separate controlled substance registration, but are subject to compliance with all requirements under Title 37, Chapter 27, Idaho Code. (7-1-21)

07. **Sterile Preparation Endorsement.** A drug outlet engaged in sterile preparation must obtain a single endorsement for one (1) or more hood or aseptic environmental control devices. (7-1-21)

231. -- 239. (RESERVED)

240. **WHOLESALER LICENSURE AND REGISTRATION.**

01. **Wholesaler Licensure.** The following information must be provided under oath by each applicant for wholesaler licensure as part of the initial licensing procedure and for each renewal on a Board form: (7-1-21)

  a. Any felony conviction or any conviction of the applicant relating to wholesale or retail prescription drug distribution or distribution of controlled substances. (7-1-21)

  b. Any discipline of the applicant by a regulatory agency in any state for violating any law relating to wholesale or retail prescription drug distribution or distribution of controlled substances. (7-1-21)

02. **NABP Accreditation.** The Board will recognize a wholesaler’s accreditation by NABP for purposes of reciprocity and satisfying the new drug outlet inspection requirements of these rules. (7-1-21)

03. **Wholesaler Registration.** Except when licensed pursuant to the Idaho Wholesale Drug Distribution Act and these rules, a wholesaler that engages in wholesale distribution of DME supplies, prescription medical devices, or products that contain pseudoephedrine in or into Idaho must be registered by the Board. (7-1-21)

241. – 249. (RESERVED)

250. **MANUFACTURER REGISTRATION.**

Manufacturers must be registered as follows: (7-1-21)

01. **Mail Service Pharmacy.** Those that ship, mail, or deliver dispensed prescription drugs or devices to an Idaho resident will be registered by the Board as a mail service pharmacy. (7-1-21)

02. **Manufacturer.** Those engaged in wholesale distribution will be registered as a manufacturer and comply with the Idaho Wholesale Drug Distribution Act and rules, as applicable. (7-1-21)

251. – 299. (RESERVED)

**SUBCHAPTER C – DRUG OUTLET PRACTICE STANDARDS**

(Rules 300 through 399)

300. **DRUG OUTLETS: MINIMUM FACILITY STANDARDS.**

A resident drug outlet that dispenses prescription drugs to patients in Idaho must meet the following minimum requirements: (7-1-21)
01. **Security and Privacy.** A drug outlet must be constructed and equipped with adequate security to protect its equipment, records and supply of drugs, devices and other restricted sale items from unauthorized access, acquisition or use. All protected health information must be stored and maintained in accordance with HIPAA. (7-1-21)

02. **Controlled Substance Storage.** Drug outlets must store controlled substances in accordance with federal law. (7-1-21)

03. **Authorized Access to the Restricted Drug Storage Area.** Access to the restricted drug storage area must be limited to authorized personnel. (7-1-21)

04. **Staffing.** A drug outlet must be staffed sufficiently to allow for appropriate supervision, to otherwise operate safely and, if applicable, to remain open during the hours posted as open to the public for business. (7-1-21)

05. **Electronic Recordkeeping System.** A drug outlet that dispenses more than twenty (20) prescriptions per day must use an electronic recordkeeping system to establish and store patient medication records and prescription drug order, refill, transfer information, and other information necessary to provide safe and appropriate patient care. The electronic recordkeeping system must have audit trail functionality that documents for each prescription drug order the identity of each individual involved at each step of its processing, filling, and dispensing or, alternatively, the identity of the pharmacist or prescriber responsible for the accuracy of these processes. (7-1-21)

### 301. DRUG OUTLETS THAT DISPENSE PRESCRIPTION DRUGS: MINIMUM PRESCRIPTION FILLING REQUIREMENTS.

Unless exempted by these rules, each drug outlet that dispenses prescription drugs to patients in Idaho must meet the following minimum requirements either at the drug outlet or through offsite pharmacy services: (7-1-21)

01. **Valid Prescription Drug Order.** Prescription drugs may only be dispensed pursuant to a valid prescription drug order as set forth in Subchapter E of these rules. (7-1-21)

02. **Prospective Drug Review.** Prospective drug review must be provided. (7-1-21)

03. **Labeling.** Each drug must bear a complete and accurate label as set forth in these rules. (7-1-21)

04. **Verification of Dispensing Accuracy.** Verification of dispensing accuracy must be performed to compare the drug stock selected to the drug prescribed. If not performed by a pharmacist or prescriber, an electronic verification system must be used that confirms the drug stock selected to fill the prescription is the same as indicated on the prescription label. A compounded drug may only be verified by a pharmacist or prescriber. (7-1-21)

05. **Patient Counseling.** Counseling must be provided. (7-1-21)

### 302. DRUG OUTLETS THAT DISPENSE DRUGS TO PATIENTS WITHOUT AN ONSITE PHARMACIST OR PRESCRIBER.

A drug outlet that dispenses drugs to patients in Idaho that does not have a pharmacist or prescriber onsite to perform or supervise pharmacy operations must comply with the following requirements: (7-1-21)

01. **Security and Access.** Maintain adequate video surveillance of the facility and retain a high quality recording for a minimum of thirty (30) days. (7-1-21)

02. **Technology.** The video or audio communication system used to counsel and interact with each patient or patient’s caregiver, must be clear, secure, and HIPAA-compliant. (7-1-21)

03. **Controlled Substances Inventories.** (7-1-21)

a. Keep a perpetual inventory for all Schedule II controlled substances; and
b. If a perpetual inventory is not kept for all Schedule III through V substances, the pharmacist or prescriber must inventory and audit at least three (3) random controlled substances quarterly. (7-1-21)

04. Self-Inspection. Complete and retain a monthly in-person self-inspection of the drug outlet by a pharmacist or prescriber using a form designated by the Board. (7-1-21)

05. Technical Limitation Closure. The drug outlet must be, or remain, closed to the public if any component of the surveillance or video and audio communication system is malfunctioning, until system corrections or repairs are completed. (7-1-21)

06. Exemption for Self-Service Systems. A self-service ADS that is operating as a drug outlet is exempt from the video surveillance requirement and the self-inspection requirement of this rule. In addition, if counseling is provided by an onsite prescriber or pharmacist, a self-service ADS is exempt from the video and audio communication system requirements of this rule. (7-1-21)

07. Exemption for Veterinarians. Veterinarians practicing in accordance with their Idaho practice act are exempt from this rule. (7-1-21)

303. DRUGS STORED OUTSIDE OF A DRUG OUTLET FOR RETRIEVAL BY A LICENSED HEALTH PROFESSIONAL. Drugs may be stored in an alternative designated area outside the drug outlet, including, but not limited to, floor stock, in an emergency cabinet, in an emergency kit, or as emergency outpatient drug delivery from an emergency room at a registered institutional facility, provided the following conditions are met:

01. Supervising Drug Outlet. Drugs stored in such a manner must remain under the control of, and be routinely monitored by, the supervising drug outlet. (7-1-21)

02. Secure Storage. The area is appropriately equipped to ensure security and protection from diversion or tampering. (7-1-21)

03. Controlled Substances. Controlled substances may only be stored in an alternative designated area as permitted by, and in accordance with, federal law. (7-1-21)

04. Stocking and Replenishing. Stocking or replenishing drugs in an alternative designated area may be performed by a pharmacist or prescriber, or by appropriate support personnel using either an electronic verification system or a two (2) person checking system. (7-1-21)

304. – 349. (RESERVED)

SUBCHAPTER D – RULES GOVERNING PHARMACIST PRESCRIPTIVE AUTHORITY (Rules 350 through 399)

350. PHARMACIST PRESCRIBING: GENERAL REQUIREMENTS. In accordance with Section 54-1704, Idaho Code, a pharmacist may independently prescribe non-controlled drugs, non-controlled drug categories, and non-controlled devices provided the following general requirements are met by the pharmacist:

01. Education. Only prescribe drugs or devices for conditions for which the pharmacist is educationally prepared and for which competence has been achieved and maintained. (7-1-21)

02. Patient-Prescriber Relationship. Only issue a prescription for a legitimate medical purpose arising from a patient-prescriber relationship as defined in Section 54-1733, Idaho Code. (7-1-21)

03. Patient Assessment. Obtain adequate information about the patient’s health status to make appropriate decisions based on the applicable standard of care and the best available evidence. (7-1-21)

04. Collaboration with Other Health Care Professionals. Recognize the limits of the pharmacist’s
own knowledge and experience and consult with and refer to other health care professionals as appropriate. (7-1-21)

05. Documentation. Maintain documentation adequate to justify the care provided including, but not limited to, the information collected as part of the patient assessment, the prescription record, provider notification, and the follow-up care plan. (7-1-21)

06. Prescribing Limitation. Only prescribe non-controlled drugs, non-controlled drug categories, and non-controlled devices for the following conditions that: do not require a new diagnosis; are minor and generally self-limiting; have a test that is used to guide diagnosis or clinical decision-making and are waived under the federal clinical laboratory improvement amendments of 1998; or are patient emergencies. (7-1-21)

07. Prescribing Exemption. The general requirements set forth in this section do not apply to collaborative pharmacy practice agreements, devices, and nonprescription drugs. (7-1-21)

351. COLLABORATIVE PHARMACY PRACTICE.
Collaborative pharmacy practice may be performed in accordance with an agreement that identifies the parties to the agreement, the pharmacist’s scope of practice authorized, and if necessary, any monitoring parameters. (7-1-21)

352. -- 399. (RESERVED)

SUBCHAPTER E – FILLING AND DISPENSING PRESCRIPTION DRUGS
(Rules 400 through 499)

400. PRESCRIPTION DRUG ORDER: VALIDITY.
Prior to filling or dispensing a prescription drug order, a pharmacist must verify its validity. (7-1-21)

01. Invalid Prescription Drug Orders. A prescription drug order is invalid if not issued by a licensed prescriber for a legitimate medical purpose, and within the course and scope of the prescriber’s professional practice and prescriptive authority. (7-1-21)

02. Antedating or Postdating. A prescription drug order is invalid if antedated or postdated. (7-1-21)

03. Tampering. A prescription drug order is invalid if, at the time of presentation, it shows evidence of alteration, erasure, or addition by any person other than the person who wrote it. (7-1-21)

04. Prescriber Self-Use. A prescription drug order written for a controlled substance is invalid if written for the prescriber’s own use. (7-1-21)

05. Digital Image Prescriptions. A digital image of a prescription drug order is invalid if it is for a controlled substance or if the patient intends to pay cash for the drug in whole. (7-1-21)

401. PRESCRIPTION DRUG ORDER: MINIMUM REQUIREMENTS.
A prescription drug order must comply with applicable requirements of federal law and, except as differentiation is permitted for an institutional drug order, include at least the following: (7-1-21)

01. Patient’s Name. The patient’s or authorized entity’s name and:
   a. If for a controlled substance, the patient’s full name and address; and (7-1-21)
   b. If for an animal, the species. (7-1-21)

02. Date. The date issued. (7-1-21)

03. Drug Information. The drug name, strength, and quantity. (7-1-21)
04. **Directions.** The directions for use. (7-1-21)T

05. **Prescriber Information.** The name and, if for a controlled substance, the address and DEA registration number of the prescriber. (7-1-21)T

06. **Signature.** A signature sufficient to evidence a valid prescription of either the prescriber or, if a renewal of a previous prescription, the prescriber’s agent, when authorized by the prescriber. (7-1-21)T

07. **Institutional Drug Order Exemptions.** An institutional drug order may exempt the patient’s address, the dosage form, quantity, prescriber’s address, and prescriber’s DEA registration number. (7-1-21)T

08. **Exemptions for Non-Controlled Substances.** A prescriber may omit drug information and directions and make an indication for the pharmacist to finalize the patient’s drug therapy plan. (7-1-21)T

### 402. FILLING PRESCRIPTION DRUG ORDERS: PRACTICE LIMITATIONS.

01. **Drug Product Selection.** Drug product selection is allowed only between therapeutic equivalent drugs. If a prescriber orders by any means that a brand name drug must be dispensed, then no drug product selection is permitted. (7-1-21)T

02. **Partial Filling.** A prescription drug order may be partially filled within the limits of federal law. The total quantity dispensed in partial fillings must not exceed the total quantity prescribed. (7-1-21)T

03. **Refill Authorization.** A prescription drug order may be refilled when permitted by state and federal law and as specifically authorized by the prescriber. A pharmacist may also refill a prescription for a non-controlled drug to ensure continuity of care. (7-1-21)T

### 403. FILLING PRESCRIPTION DRUG ORDERS: ADAPTATION.

A pharmacist may adapt drugs as specified in this rule. (7-1-21)T

01. **Change Quantity.** A pharmacist may change the quantity of medication prescribed if:
   a. The prescribed quantity or package size is not commercially available; (7-1-21)T
   b. The change in quantity is related to a change in dosage form, strength, or therapeutic interchange; (7-1-21)T
   c. The change is intended to dispense up to the total amount authorized by the prescriber including refills; or (7-1-21)T
   d. The change extends a maintenance drug for the limited quantity necessary to coordinate a patient’s refills in a medication synchronization program. (7-1-21)T

02. **Change Dosage Form.** A pharmacist may change the dosage form of the prescription if it is in the best interest of patient care, so long as the prescriber’s directions are also modified to equate to an equivalent amount of drug dispensed as prescribed. (7-1-21)T

03. **Complete Missing Information.** A pharmacist may complete missing information on a prescription if there is evidence to support the change. (7-1-21)T

04. **Documentation.** The adaption must be documented in the patient’s record. (7-1-21)T

### 404. FILLING PRESCRIPTION DRUG ORDERS: DRUG PRODUCT SUBSTITUTION.

Drug product substitutions in which a pharmacist dispenses a drug product other than that prescribed are allowed only as follows:

01. **Hospital.** Pursuant to a formulary or drug list prepared by the pharmacy and therapeutics
committee of a hospital; 

02. **Institutional Facility.** At the direction of the quality assessment and assurance committee of an institutional facility; 

03. **Biosimilars.** A pharmacist may substitute an interchangeable biosimilar product for a prescribed biological product if: 

   a. The biosimilar has been determined by the FDA to be interchangeable and published in the Purple Book; 
   
   b. The name of the drug and the manufacturer or the NDC number is documented in the patient medical record. 

04. **Therapeutic Interchange.** A pharmacist may substitute a drug with another drug in the same therapeutic class, provided the substitution lowers the cost to the patient or occurs during a drug shortage. 

405. **FILLING PRESCRIPTION DRUG ORDERS: TRANSFERS.** A prescription drug order may be transferred within the limits of federal law. Drug outlets using a common electronic file are exempt from transfer limits. 

406. **LABELING STANDARDS.** All prescription drugs must be in an appropriate container and bear information that identifies the drug product, any additional components as appropriate, and the individual responsible for its final preparation. 

   01. **Standard Prescription Drug.** A prescription drug for outpatient dispensing must be labeled in accordance with federal law. 

   02. **Parenteral Admixture.** If one (1) or more drugs are added to a parenteral admixture, the admixture's container must include the date and time of the addition, or alternatively, the beyond use date. 

   03. **Prepackaged Product.** The containers of prepackaged drugs must include an expiration date that is the lesser of the manufacturer's original expiration date, one (1) year from the date the drug is prepackaged, or a shorter period if warranted. 

   04. **Repackaged Drug.** If a previously dispensed drug is repackaged, it must contain the serial number and contact information for the original dispensing pharmacy, as well as a statement that indicates that the drug has been repackaged, and the contact information of the repackaging pharmacy. 

   05. **Distributed Compounded Drug Product.** Compounded and sterile prepackaged drug product distributed in the absence of a patient specific prescription must be labeled as follows: 

      a. If from a pharmacy, the statement: “not for further dispensing or distribution.” 
      
      b. If from an outsourcing facility, the statements: “office use only” and “not for resale.” 

407. **PRESCRIPTION DELIVERY: RESTRICTIONS.** 

   01. **Acceptable Delivery.** A drug outlet that dispenses drugs to patients in Idaho may deliver filled prescriptions in accordance with federal law, as long as appropriate measures are taken to ensure product integrity and safety. 

   02. **Pick-up or Return by Authorized Personnel.** Filled prescriptions may be picked up for or returned from delivery by authorized personnel from a secured delivery area. 

408. **DESTRUCTION OR RETURN OF DRUGS OR DEVICES: RESTRICTIONS.** A drug outlet registered with the DEA as a collector may collect controlled and non-controlled drugs for destruction.
in accordance with applicable federal law. Otherwise a dispensed drug or prescription device may only be accepted for return as follows:

01. **Potential Harm.** When the pharmacist determines that harm could result if the drug is not returned.

02. **Did Not Reach Patient.** Non-controlled drugs that have been maintained in the custody and control of the institutional facility, dispensing pharmacy, or their related clinical facilities may be returned if product integrity can be assured. Controlled substances may only be returned from a hospital daily delivery system under which a pharmacy dispenses no more than a seventy-two (72) hour supply for a drug order.

03. **Donation.** Those that qualify for return under the provisions of the Idaho Legend Drug Donation Act as specified in Section 54-1762, Idaho Code.

409. -- 499. (RESERVED)

**SUBCHAPTER F – REPORTING REQUIREMENTS AND DRUG OUTLET RECORDKEEPING**

(7-1-21)T

500. **RECORDKEEPING: MAINTENANCE AND INVENTORY REQUIREMENTS.**

01. **Records Maintenance and Retention Requirement.** Unless an alternative standard is stated for a specified record type, form, or format, records required to evidence compliance with statutes or rules enforced by the Board must be maintained and retained in a readily retrievable form and location for at least three (3) years from the date of the transaction.

02. **Prescription Retention.** A prescription drug order must be retained in a readily retrievable manner by each drug outlet and maintained in accordance with federal law:

03. **Inventory Records.** Each drug outlet must maintain a current, complete and accurate record of each controlled substance manufactured, imported, received, ordered, sold, delivered, exported, dispensed or otherwise disposed of by the registrant. Drug outlets must maintain inventories and records in accordance with federal law. An annual inventory must be conducted at each registered location no later than seven (7) days after the date of the most recent inventory in a form and manner that satisfies the inventory requirements of federal law. Drugs stored outside a drug outlet in accordance with these rules must be regularly inventoried and inspected to ensure that they are properly stored, secured, and accounted for. Additional inventories are necessary when required by federal law.

04. **Rebuttal Presumption of Violation.** Evidence of an amount of a controlled substance that differs from the amount reflected on a record or inventory required by state or federal law creates a rebuttable presumption that the registrant has failed to keep records or maintain inventories in conformance with the recordkeeping and inventory requirements of state and federal law.

05. **Drug Distributor Records.** Wholesalers and other entities engaged in wholesale drug distribution must maintain inventories and records or transactions pertaining to the receipt and distribution or other disposition of drugs in accordance with federal law that include at least:

a. The source of the drugs, including the name and principal address of the seller or transferor, and the address of the location from which the drugs were shipped;

b. The identity and quantity of the drugs received and distributed or disposed of;

c. The dates of receipt and distribution or other disposition of the drugs; and

d. Controlled substance distribution invoices, in the form and including the requirements of federal law.

(7-1-21)T
06. **Central Records Storage.** Records may be retained at a central location in compliance with federal law. (7-1-21)T

07. **Electronic Records Storage.** Records may be electronically stored and maintained if they remain legible and are in a readily retrievable format, and if federal law does not require them to be kept in a hard copy format. (7-1-21)T

**501. REPORTING REQUIREMENTS.**

01. **Theft or Loss of Controlled Substances.** A registrant must report to the Board on the same day reported to the DEA a theft or loss of a controlled substance that includes the information required by federal law. (7-1-21)T

02. **Individual and Outlet Information Changes.** Changes in employment or changes to information provided on or with the initial or renewal application must be reported to the Board within ten (10) days of the change. (7-1-21)T

03. **Drug Distributor Monthly Reports.** An authorized distributor must report specified data on drugs distributed at least monthly to the Board in a form and manner prescribed by the Board. (7-1-21)T

**502. – 599. (RESERVED)**

**SUBCHAPTER G – PRESCRIPTION DRUG MONITORING PROGRAM REQUIREMENTS**  
(Rules 600 through 699)

600. **CONTROLLED SUBSTANCES: PDMP.** Specified data on controlled substances must be reported by the end of the next business day by all drug outlets that dispense controlled substances in or into Idaho and prescribers that dispense controlled substances to humans. (7-1-21)T

01. **Online Access to PDMP.** To obtain online access, a prescriber or pharmacist, or their delegate must complete and submit a registration application and agree to adhere to the access restrictions and limitations established by law. (7-1-21)T

02. **Use Outside Scope of Practice.** Information obtained from the PDMP must not be used for purposes outside the prescriber’s or pharmacist’s scope of professional practice. A delegate may not access the PDMP outside of their supervisor’s scope of professional practice. (7-1-21)T

03. **Profile Requests.** Authorized persons without online access may obtain a profile by completing a Board form and submitting it to the Board office with proof of identification and other credentials necessary to confirm the requestor’s authorized status pursuant to Section 37-2726, Idaho Code. (7-1-21)T

601. – 699. (RESERVED)

**SUBCHAPTER H – RULES GOVERNING DRUG COMPOUNDING**  
(Rules 700 through 799)

700. **COMPOUNDING DRUG PREPARATIONS.** Any compounding that is not permitted herein is considered manufacturing. (7-1-21)T

01. **Application.** This rule applies to any person, including any business entity, authorized to engage in the practice of non-sterile compounding, sterile compounding, and sterile prepackaging of drug products in or into Idaho, except these rules do not apply to:

a. Compound positron emission tomography drugs;
b. Radiopharmaceutics; (7-1-21)T

c. The reconstitution of a non-sterile drug or a sterile drug for immediate administration; (7-1-21)T

d. The addition of a flavoring agent to a drug product; and (7-1-21)T

e. Product preparation of a non-sterile, non-hazardous drug according to the manufacturer's FDA approved labeling. (7-1-21)T

02. General Compounding Standards.

a. Active Pharmaceutical Ingredients. All active pharmaceutical ingredients must be obtained from an FDA registered manufacturer. FDA registration as a foreign manufacturer satisfies this requirement. (7-1-21)T

b. Certificate of Analysis (COA). Unless the active pharmaceutical ingredient complies with the standards of an applicable USP-NF monograph, a COA must be obtained for all active pharmaceutical ingredients procured for compounding and retained for a period of not less than three (3) years from the date the container is emptied, expired, returned, or disposed of. The following minimum information is necessary on the COA: product name, lot number, expiration date, and assay. (7-1-21)T

c. Equipment. Equipment and utensils must be of suitable design and composition and cleaned, sanitized, or sterilized as appropriate prior to use. (7-1-21)T

d. Disposal of Compromised Drugs. When the correct identity, purity, strength, and sterility of ingredients and components cannot be confirmed (in cases of, for example, unlabeled syringes, opened ampoules, punctured stoppers of vials and bags, and containers of ingredients with incomplete labeling) or when the ingredients and components do not possess the expected appearance, aroma, and texture, they must be removed from stock and isolated for return, reclamtion, or destruction. (7-1-21)T

03. Prohibited Compounding. Compounding any drug product for human use that the FDA has identified as presenting demonstrable difficulties in compounding or has withdrawn or removed from the market for safety or efficacy reasons is prohibited. (7-1-21)T

04. Limited Compounding.

a. Triad Relationship. A pharmacist may compound a drug product in the usual course of professional practice for an individual patient pursuant to an established prescriber/patient/pharmacist relationship and a valid prescription drug order. (7-1-21)T

b. Commercially Available Products. A drug product that is commercially available may only be compounded if not compounded regularly or in inordinate amounts and if:

i. It is medically warranted to provide an alternate ingredient, dosage form, or strength of significance; or (7-1-21)T

ii. The commercial product is not reasonably available in the market in time to meet the patient's needs. (7-1-21)T

c. Anticipatory Compounding. Limited quantities of a drug product may be compounded or sterile prepackaged prior to receiving a valid prescription drug order based on a history of receiving valid prescription drug orders for the compounded or sterile prepackaged drug product. (7-1-21)T

05. Drug Compounding Controls.

a. Policies and Procedures. In consideration of the applicable provisions of USP Chapter 795 concerning pharmacy compounding of non-sterile preparations, USP Chapter 797 concerning sterile preparations, Chapter 1075 of the USP-NF concerning good compounding practices, and Chapter 1160 of the USP-NF concerning
pharmaceutical calculations, policies and procedures for the compounding or sterile prepackaging of drug products must ensure the safety, identity, strength, quality, and purity of the finished product, and must include any of the following that are applicable to the scope of compounding practice being performed:

i. Appropriate packaging, handling, transport, and storage requirements;

ii. Accuracy and precision of calculations, measurements, and weighing;

iii. Determining ingredient identity, quality, and purity;

iv. Labeling accuracy and completeness;

v. Beyond use dating;

vi. Auditing for deficiencies, including routine environmental sampling, quality and accuracy testing, and maintaining inspection and testing records;

vii. Maintaining environmental quality control; and

viii. Safe limits and ranges for strength of ingredients, pH, bacterial endotoxins, and particulate matter.

b. Accuracy. Components including, but not limited to, bulk drug substances, used in the compounding or sterile prepackaging of drug products must be accurately weighed, measured, or subdivided, as appropriate. The amount of each active ingredient contained within a compounded drug product must not vary from the labeled potency by more than the drug product’s acceptable potency range listed in the USP-NF monograph for that product. If USP-NF does not publish a range for a particular drug product, the active ingredients must not contain less than ninety percent (90%) and not more than one hundred ten percent (110%) of the potency stated on the label.

c. Non-Patient Specific Records. Except for drug products that are being compounded or sterile prepackaged for direct administration, a production record of drug products compounded or sterile prepackaged in anticipation of receiving prescription drug orders or distributed in the absence of a patient specific prescription drug order (“office use”) solely as permitted in these rules, must be prepared and kept for each drug product prepared, including:

i. Production date;

ii. Beyond use date;

iii. List and quantity of each ingredient;

iv. Internal control or serial number; and

v. Initials or unique identifier of all persons involved in the process or the compounder responsible for the accuracy of these processes.

701. **STERILE PREPARATION.**

**01. Application.** In addition to all other applicable rules in this chapter, including the rules governing Compounding Drug Preparations, these rules apply to all persons, including any business entity, engaged in the practice of sterile compounding and sterile prepackaging in or into Idaho.

**02. Dosage Forms Requiring Sterility.** The sterility of compounded biologics, diagnostics, drugs, nutrients, and radiopharmaceuticals must be maintained or the compounded drug preparation must be sterilized when prepared in the following dosage forms:
a. Aqueous bronchial and nasal inhalations, except sprays and irrigations intended to treat nasal mucosa only; (7-1-21)T

b. Baths and soaks for live organs and tissues; (7-1-21)T

c. Injections (for example, colloidal dispersions, emulsions, solutions, suspensions); (7-1-21)T

d. Irrigations for wounds and body cavities; (7-1-21)T

e. Ophthalmic drops and ointments; and (7-1-21)T

f. Tissue implants. (7-1-21)T

03. Compounder Responsibilities. Compounders and sterile prepackagers are responsible for ensuring that sterile products are accurately identified, measured, diluted, and mixed and are correctly purified, sterilized, packaged, sealed, labeled, stored, dispensed, and distributed, as well as prepared in a manner that maintains sterility and minimizes the introduction of particulate matter; (7-1-21)T

a. Unless following manufacturer’s guidelines or another reliable literature source, opened or partially used packages of ingredients for subsequent use must be properly stored as follows; (7-1-21)T

i. Opened or entered single-dose containers, such as bags, bottles, syringes, and vials of sterile products and compounded sterile preparations are to be used within one (1) hour if opened in non-sterile conditions, and any remaining contents must be discarded; (7-1-21)T

ii. Single-dose vials needle-punctured in a sterile environment may be used up to six (6) hours after initial needle puncture; (7-1-21)T

iii. Opened single-dose ampules may not be stored for any time period; and (7-1-21)T

iv. Multiple-dose containers that are formulated for removal of portions on multiple occasions because they contain antimicrobial preservatives, may be used for up to twenty-eight (28) days after initial opening or entering, unless otherwise specified by the manufacturer; (7-1-21)T

b. Water-containing compounded sterile products that are non-sterile during any phase of the compounding procedure must be sterilized within six (6) hours after completing the preparation in order to minimize the generation of bacterial endotoxins; (7-1-21)T

c. No food, drinks, or materials exposed in patient care and treatment areas may enter ante-areas, buffer areas, or segregated areas where components and ingredients of sterile preparations are prepared. (7-1-21)T

04. Environmental Controls. Except when prepared for immediate administration, the environment for the preparation of sterile preparations in a drug outlet must be in an isolated area, designed to avoid unnecessary traffic and airflow disturbances, and equipped to accommodate aseptic techniques and conditions. (7-1-21)T

a. Hoods and aseptic environmental control devices must be certified for operational efficiency as often as recommended by the manufacturer or at least every six (6) months or if relocated. (7-1-21)T

b. Filters must be inspected and replaced in accordance with the manufacturer’s recommendations. (7-1-21)T

05. Sterile Preparation Equipment. A drug outlet in which sterile preparations are prepared must be equipped with at least the following:

a. Protective apparel including gowns, masks, and sterile (or the ability to sterilize) non-vinyl gloves, unless written documentation can be provided from the aseptic isolator manufacturer that any component of garbing is not necessary; (7-1-21)T
b. A sink; (7-1-21)T

c. A refrigerator for proper storage of additives and finished sterile preparations prior to delivery when necessary; and (7-1-21)T

d. An appropriate laminar airflow hood or other aseptic environmental control device such as a laminar flow biological safety cabinet, or a comparable compounding area when authorized by USP Chapter 797. (7-1-21)T

06. Documentation Requirements. The following documentation must also be maintained by a drug outlet in which sterile preparations are prepared:

a. Justification of beyond use dates assigned, pursuant to direct testing or extrapolation from reliable literature sources; (7-1-21)T

b. Training records, evidencing that personnel are trained on a routine basis and are adequately skilled, educated, and instructed; (7-1-21)T

c. Audits appropriate for the risk of contamination for the particular sterile preparation including:

i. Visual inspection to ensure the absence of particulate matter in solutions, the absence of leakage from bags and vials, and the accuracy of labeling with each dispensing; (7-1-21)T

ii. Periodic hand hygiene and garbing competency; (7-1-21)T

iii. Media-fill test procedures (or equivalent), aseptic technique, and practice related competency evaluation at least annually by each compounder or sterile prepackager; (7-1-21)T

iv. Environmental sampling testing at least upon registration of a new drug outlet, following the servicing or re-certification of facilities and equipment, or in response to identified problems with end products, staff techniques or patient-related infections, or every six (6) months. (7-1-21)T

v. Gloved fingertip sampling testing at least annually for personnel who compound low- and medium-risk level compounded sterile preparations and every six (6) months for personnel who compound high-risk level compounded sterile preparations. (7-1-21)T

vi. Sterility testing of high risk batches of more than twenty-five (25) identical packages (ampules, bags, vials, etc.) before dispensing or distributing; (7-1-21)T

d. Temperature, logged daily; (7-1-21)T

e. Beyond use date and accuracy testing, when appropriate; and (7-1-21)T

f. Measuring, mixing, sterilizing, and purification equipment inspection, monitoring, cleaning, and maintenance to ensure accuracy and effectiveness for their intended use. (7-1-21)T

07. Policy and Procedures Manual. Maintain a policy and procedures manual to ensure compliance with this rule. (7-1-21)T

702. HAZARDOUS DRUGS PREPARATION.
In addition to all other applicable rules in this chapter, including the rules governing Compounding Drug Preparations and Sterile Preparation, these rules apply to all persons, including any business entity, engaged in the practice of compounding or sterile prepackaging with hazardous drugs. Such persons must:

01. Ventilation. Ensure the storage and compounding areas have sufficient general exhaust ventilation
to dilute and remove any airborne contaminants.

02. Ventilated Cabinet. Utilize a ventilated cabinet designed to reduce worker exposures while preparing hazardous drugs.

   a. Sterile hazardous drugs must be prepared in a dedicated Class II biological safety cabinet or a barrier isolator of appropriate design to meet the personnel exposure limits described in product material safety data sheets;

   b. When asepsis is not required, a Class I BSC, powder containment hood or an isolator intended for containment applications may be sufficient.

   c. A ventilated cabinet that re-circulates air inside the cabinet or exhausts air back into the room environment is prohibited, unless:

      i. The hazardous drugs in use will not volatilize while they are being handled; or
      ii. Written documentation from the manufacturer attesting to the safety of such ventilation.

03. Clear Identification. Clearly identify storage areas, compounding areas, containers, and prepared doses of hazardous drugs.

04. Labeling. Label hazardous drugs with proper precautions, and dispense them in a manner to minimize risk of hazardous spills.

05. Protective Equipment and Supplies. Provide and maintain appropriate personal protective equipment and supplies necessary for handling hazardous drugs, spills and disposal.

06. Contamination Prevention. Unpack, store, prepackage, and compound hazardous drugs separately from other inventory in a restricted area in a manner to prevent contamination and personnel exposure until hazardous drugs exist in their final unit-of-use packaging.

07. Compliance With Laws. Comply with applicable local, state, and federal laws including for the disposal of hazardous waste.

08. Training. Ensure that personnel working with hazardous drugs are trained in hygiene, garbing, receipt, storage, handling, transporting, compounding, spill control, clean up, disposal, dispensing, medical surveillance, and environmental quality and control.

703. OUTSOURCING FACILITY.

02. Adverse Event Reports. Outsourcing facilities must submit to the Board a copy of all adverse event reports submitted to the secretary of Health and Human Services in accordance with Section 310.305 of Title 21 of the Code of Federal Regulations.
000. **LEGAL AUTHORITY.**
The Rules of the Idaho Real Estate Commission contained herein have been adopted pursuant to Section 54-2007, Idaho Code. Any violation of these rules, or of any provision of Chapter 20, Title 54, or Chapter 18, Title 55, Idaho Code, is sufficient cause for disciplinary action as prescribed in Sections 54-2059, 54-2060, or 55-1811, Idaho Code. 

001. **SCOPE.**
These rules contain the requirements for implementation and enforcement of the Idaho Real Estate License Law, the Idaho Real Estate Brokerage Representation Act, and the Subdivided Lands Disposition Act, contained in Chapter 20, Title 54, or Chapter 18, Title 55, Idaho Code. 

002. – 005. (RESERVED)

006. **ELECTRONIC SIGNATURES.**
Electronic signatures are permissible in accordance with the Uniform Electronic Transactions Act, Title 28, Chapter 50. 

007. – 099. (RESERVED)

**APPLICATION, LICENSURE, AND TERMINATION OF LICENSES**
Rules 100 through 199

101. – 104. (RESERVED)

105. **CONDITIONS TO RENEW EXPIRED LICENSE.**
The Commission may accept a licensee’s application to renew an expired license upon the following conditions: 

01. **Payment of Late Fee.** The applicant must pay the late license renewal fee. 

02. **Renewal After Expiration of Active License.** If an active license expires, the licensee must complete and submit with the application an attestation that during the period the license was expired, the licensee either did or did not do or attempt to do any acts described in the definitions of real estate broker or salesperson in Section 54-2004, Idaho Code. 

03. **Investigate or Discipline a Licensee.** Nothing in this Section limits the ability of the Commission to investigate or discipline a licensee for violating Subsection 54-2018(3), Idaho Code, or for violating any other provision of the Real Estate License Law or these rules. 

106. – 116. (RESERVED)
117. MANDATORY ERRORS AND OMISSIONS INSURANCE.
Every licensee, upon obtaining or renewing an active real estate license in the state of Idaho will have in effect and maintain a policy of errors and omissions insurance as required by Section 54-2013, Idaho Code, to cover all activities contemplated under Chapter 20, Title 54, Idaho Code and will certify such coverage to the Commission in the form and manner prescribed by statute, these rules, and any policy adopted by the Commission. (7-1-21)

118. INSURANCE PLAN.
The Commission will make available to all active licensees, subject to terms and availability from a qualified insurance carrier, a policy of Errors and Omissions Insurance under a Group Plan obtained by the Commission. Licensees may obtain errors and omissions insurance independently of the Group Policy available through the Commission, subject, however, to the terms and conditions set forth in these rules. (7-1-21)

01. Insurance Carrier. For the purposes of Section 118:

a. Shall maintain an A.M. Best Company rating of B+ or better, and an A.M. Best Financial Size Category of Class VI or higher; (7-1-21)

b. Is and will remain for the policy term duly authorized by the Idaho Department of Insurance to do business in the state of Idaho as an insurance carrier; and (7-1-21)

c. Is and will remain for the policy term qualified and authorized by the Idaho Department of Insurance to write policies of errors and omissions insurance in Idaho of the type contemplated by these rules. (7-1-21)

02. Approved Policy. The policy shall cover all activities contemplated under Chapter 20, Title 54, Idaho Code, be subject to such terms and conditions as are customary in the insurance industry for policies of errors and omissions insurance, which are otherwise permissible under Idaho law and the rules of the Idaho Insurance Department, and which are contained in a policy of insurance which has been approved by the Department of Insurance. That policy shall provide, at a minimum, the following terms and conditions:

<table>
<thead>
<tr>
<th></th>
<th>Limit Liability Coverage for Each Occurrence Not Less Than</th>
<th>Annual Aggregate Limit Not Less Than</th>
</tr>
</thead>
<tbody>
<tr>
<td>Individual License Coverage</td>
<td>$100,000*</td>
<td>$300,000*</td>
</tr>
<tr>
<td>Firm Coverage</td>
<td>$500,000*</td>
<td>$1,000,000*</td>
</tr>
</tbody>
</table>

*Not including costs of investigation and defense

a. A deductible amount of not greater than three thousand five hundred dollars ($3,500), which includes costs of investigation and defense; (7-1-21)

b. A policy period equal to each licensee's two (2) year license renewal date or the prorated equivalent, or, if an annually renewable policy, a statement of the policy period, and in either case, the policy shall provide for continuous coverage during the policy period; (7-1-21)

c. An extended reporting period per insured of at least ninety (90) days following termination of the policy period; and (7-1-21)

d. Prior acts coverage shall be offered to licensees with continuous past coverage. (7-1-21)

119. (RESERVED)

120. CERTIFICATION A PREREQUISITE FOR LICENSE ISSUANCE OR RENEWAL.
Issuance or renewal of an active license requires certification of compliance that satisfies the requirements of Section 54-2013, Idaho Code.

121. FAILURE TO MAINTAIN INSURANCE.
Failure of a licensee to obtain and maintain insurance coverage required by Section 54-2013, Idaho Code, regardless whether coverage is later obtained and made retroactive by the carrier, will result in denial or inactivation of any active license and will be deemed insufficient application for licensure under Section 67-5254, Idaho Code. A late insurance renewal is considered failure to maintain insurance. Failure to maintain insurance shall be grounds for disciplinary action.

122. FALSIFICATION OF CERTIFICATES.
Any licensee who, acting alone or in concert with others, willfully or knowingly causes or allows a certificate of coverage to be filed with, or produced to, the Commission which is false, fraudulent, or misleading, will be subject to disciplinary action, including but not limited to suspension or revocation of license, in accordance with Chapter 52, Title 67, Idaho Code; provided, however, that nothing herein will entitle such licensee to notice and hearing on the automatic inactivation of license.

123. -- 299. (RESERVED)

BUSINESS CONDUCT
Rules 300 through 399

300. DISPUTES CONCERNING COMMISSIONS AND FEES.
The Idaho Real Estate Commission will not be involved in the resolution of disputes between licensees or between licensees and buyers and sellers concerning matters of commissions or fees.

301. (RESERVED)

302. TITLE OPINIONS.
No real estate broker or sales associate will pass judgment upon or give an opinion with respect to the marketability of the title to property in any transaction.

303. LEGAL OPINIONS.
A broker or sales associate will not discourage any party to a real estate transaction from seeking the advice of an attorney.

304. (RESERVED)

305. EDUCATION RECORDS ACCESS.
As provided for in Section 74-106, Idaho Code, the Commission may enable a designated broker to access and review the education record of any licensee currently licensed with the broker.

306. -- 399. (RESERVED)

CONTINUING EDUCATION
Rules 400 through 499

400. -- 401. (RESERVED)

402. APPROVED TOPICS FOR CONTINUING EDUCATION.
Continuing education is to assure that licensees possess the knowledge, skills, and competency necessary to function in a manner that protects and serves the public interest, or that promotes the professionalism and business proficiency of the licensee. The knowledge or skills taught in an elective course will enable licensees to better serve real estate consumers.

01. Topics Approved by the Commission. Topic areas for continuing education, as provided for in
Sections 54-2023 and 54-2036, Idaho Code, will be approved by the Commission as they pertain to real estate brokerage practice and actual real estate knowledge.

02. **Topics Not Eligible for Continuing Education Credits.** Topics which are specifically exam preparation in nature or not directly related to real estate brokerage practice will not be eligible for approval.

403. -- 499. (RESERVED)

**EDUCATION TEACHING STANDARDS**

**Rules 500 through 599**

500. **MINIMUM TEACHING STANDARDS.**

All courses offered for credit by a certified provider will be taught in accordance with the standards and written policies adopted by the Real Estate Commission. Course instructors will conduct themselves in a professional manner when performing instructional duties and will not engage in conduct that criticizes, degrades, or disparages the Commission, any student, other instructor, brokerage, agency, or organization.

01. **Certification Requirement.** A course required to be taught by a Commission-certified or Commission-approved instructor will be taught only by an instructor that is currently approved or certified for that course.

02. **Outlines and Curriculum.** A course must be taught in accordance with the course outline or curriculum approved by the Commission.

03. **Attendance Requirement.** The course instructor will adhere to the Commission’s written attendance policy and credit hours will only be submitted for students who have successfully met the attendance requirements for which the course was approved.

04. **Maintaining Exam Security.** The instructor will take reasonable steps to protect the security of course examinations and will not allow students to retain copies of final course examinations or the exam answer key.

05. **Use of Exam Questions Prohibited.** The instructor will not obtain or use, or attempt to obtain or use, in any manner or form, Idaho real estate licensing examination questions.

501. -- 999. (RESERVED)
24.38.01 – RULES OF THE STATE OF IDAHO BOARD OF VETERINARY MEDICINE

000. LEGAL AUTHORITY.
This chapter is adopted under the legal authority of Title 54, Chapter 21, Idaho Code.  

001. SCOPE.
The rules govern the licensing procedures, supervision requirements, standards of practice, inspections, and grounds for discipline of veterinarians, veterinary technicians, Committee on Humane Euthanasia members, and certified euthanasia technicians and agencies. 

002. -- 004. (RESERVED)

005. INCORPORATION BY REFERENCE.
The Principles of Veterinary Medical Ethics of the American Veterinary Medical Association (AVMA), as adopted and revised April 2016, is incorporated herein by reference in accordance with the provisions of Section 67-5229, Idaho Code. 

006. -- 008. (RESERVED)

009. FOREIGN VETERINARY GRADUATE.
Any graduate of a veterinary school, college or university outside that fulfills the current requirements for foreign veterinary graduates as set forth by the Educational Commission for Foreign Veterinary Graduates or the American Association of Veterinary State Boards. A graduate enrolled in the foreign graduate program would be considered a student as defined by Section 54-2104(2)(b), Idaho Code. 

01. Any graduate of an unaccredited veterinary school who has completed a curriculum of not less than four (4) academic years in a veterinary medical program approved by the Board and satisfactorily completed clinical education equivalent in purpose, content, experience and length to the clinical training received by students in an accredited veterinary medical program. Such clinical education needs to have been obtained pursuant to a formal affiliation agreement between the unaccredited veterinary school and an accredited veterinary medical program. Qualified graduates applying for Licensure under Subparagraph 010.01 .b.i. of these rules may be issued a probationary license to practice veterinary medicine under the professional supervision of an actively licensed Idaho veterinarian. The probationary license may be renewed for up to three (3) years by paying the current active license renewal fee established by Section 011 of these rules, provided that during this three (3)-year period, the applicant has applied to complete the evaluated clinical experience requirements of the ECFVG program. The evaluated clinical experience requirements of the ECFVG program require that the applicant, following graduation from an unaccredited veterinary medical program, has successfully passed the Clinical Proficiency Examination (CPE) approved by the ECFVG. 

02. At the end of the three (3)-year period, the Board will review the probationary license and determine has the whether to issue or deny a full license based on the candidates status in the foreign graduate program. 

010. CHANGE OF ADDRESS.
It is the responsibility of each licensed veterinarian and certified veterinary technician to notify the Board office of any change of address. 

011. FEE SCHEDULE.
The Board may pro-rate application fees to accommodate a shortened licensure or certification period before the applicant’s first June renewal. 

01. Fee Schedule.

(7-1-21)T

012. CONTINUING EDUCATION.
A veterinarian and certified veterinary technician renewing a license shall report fifteen (14) hours of completed continuing education to the Board.

(7-1-21)T

013. -- 099. (RESERVED)

100. CERTIFICATION OF VETERINARY TECHNICIANS.

01. Certificate Required. Any person representing themselves as a veterinary technician, licensed veterinary technician, registered veterinary technician, or certified veterinary technician, shall hold a valid, unexpired certificate to practice veterinary technology in Idaho.

(7-1-21)T

02. Application for Certification -- Contents -- Examinations. An individual desiring to be certified as a veterinary technician shall make written application to the Board upon a form furnished by the Board. A complete application is valid for a period of one (1) year, contain the applicant's notarized signature, and include:

(7-1-21)T

a. A copy of a birth certificate or current passport proving that the applicant is eighteen (18) years of age or older.

(7-1-21)T

b. Documentation of education/training/experience as follows:

(7-1-21)T

i. A certified copy of a diploma or transcript, or a letter verifying graduation from a veterinary technology program, accredited by the American Veterinary Medical Association;

(7-1-21)T

ii. A certified copy of a diploma or transcript, or a letter verifying the award of a D.V.M. or V.M.D. degree or equivalent, from an accredited school of veterinary medicine; or

(7-1-21)T

iii. If a foreign veterinary graduate, a letter from the Educational Commission for Foreign Veterinary Graduates (ECFVG) certifying completion of the ECFVG program or a copy of the ECFVG certificate.

(7-1-21)T

c. Verification of a criterion-referenced passing score reported by the Professional Examination Service or its designee, or by other designated test vendors or their designee approved by the American Association of Veterinary State Boards on the Veterinary Technician National Examination (VTNE) or other national examination approved by the American Association of Veterinary State Boards or its designated test vendor or by the Board. If such a score is not available, the passing score shall be as reported by the Professional Examination Service or its designee, or by other designated test vendors or their designees approved by the American Association of Veterinary State Boards or by the Board and shall be considered equal to or greater than one and five-tenths (1.5) standard deviation below the mean score of the examination.

(7-1-21)T

i. The VTNE or other national examination approved by the American Association of Veterinary
State Boards or its designated test vendor or by the Board may have been taken at any time. (7-1-21)

ii. Scores for the VTNE or other national examination approved by the American Association of Veterinary State Boards or its designated test vendor or by the Board are to be provided to the Board by the Professional Examination Service or its designee or by other designated test vendors or their designees approved by the American Association of Veterinary State Boards. (7-1-21)

d. A passing score for the jurisprudence examination, which should be ninety percent (90%) or such score as deemed appropriate by the Board. The jurisprudence examination, as prepared by the Board or its designee, may be taken more than once. (7-1-21)

e. A completed application, other required documents, and first year's certification fee in the amount established by the Board shall be received at the Board office by the first day of January or June. All application and certification fees are nonrefundable. (7-1-21)

101. -- 102. (RESERVED)

103. SUPERVISING VETERINARIANS.

01. Statement of Purpose. Veterinarians licensed under the provisions of Title 54, Chapter 21, Idaho Code, are responsible for all certified euthanasia technicians, certified veterinary technicians, veterinary assistants, or any others to whom they delegate the performance of acts pertaining to the practice of veterinary medicine. (7-1-21)

02. A Supervising Veterinarian Shall:

a. Provide direct supervision for all procedures pertaining to the practice of veterinary medicine that are delegated to a certified veterinary technician, an assistant, or any others with the exception of:

i. Routine procedures in the practice of veterinary technology that include, but are not limited to, taking radiographs, weight and temperature, or as determined by the standard of practice for the area. These routine procedures may be performed under the indirect supervision of the veterinarian. (7-1-21)

ii. Previously prescribed antibiotics and medications, which may be administered, dispensed, and delivered under the indirect supervision of the veterinarian. Previously prescribed antibiotics and medications does not include injectable controlled substances, injectable tranquilizers, injectable sedatives, and injectable or inhalant anesthetics, which may only be administered under the direct supervision of the veterinarian. (7-1-21)

iii. Emergency situations. In these situations, in order to stabilize the animal, the veterinarian, while en route to the location of the distressed animal, may prescribe treatment and delegate appropriate procedures pertaining to the practice of veterinary medicine under indirect supervision. (7-1-21)

b. Be available to supervise and direct all procedures pertaining to the practice of veterinary medicine that are delegated to others. (7-1-21)

c. Bear legal responsibility for the health, safety and welfare of the animal patient that the certified veterinary technician, assistant, or any others serves. (7-1-21)

d. Not delegate an animal health care task to an unqualified individual. (7-1-21)

e. Make all decisions relating to the diagnosis, treatment, management, and future disposition of an animal patient. (7-1-21)

f. Have examined the animal patient prior to the delegation of any animal health care task to a certified veterinary technician, or assistant. The examination of the animal patient shall be conducted at such times as acceptable veterinary medical practice dictates, consistent with the particular delegated animal health care task. (7-1-21)
g. Diagnose and perform operative dentistry, oral surgery, and teeth extraction procedures. Operative dentistry and oral surgery are considered to be any dental procedure which invades the hard or soft oral tissue including, but not limited to, a procedure that alters the structure of one (1) or more teeth or repairs damaged and diseased teeth, or the deliberate extraction of one (1) or more teeth. Operative dentistry and oral surgery do not include, removal of calculus, soft deposits, plaque, stains, floating to shape the teeth, or smoothing, filing or polishing of tooth surfaces above the gum line. (7-1-21)T

03. Limitations on Supervising Veterinarians. A supervising veterinarian shall not authorize a certified veterinary technician, an assistant, or anyone else, other than a licensed veterinarian to perform surgery, diagnosis, prognosis, prescribing, or operative dentistry/oral surgery. (7-1-21)T

104. GROUNDS FOR DISCIPLINE OF VETERINARY TECHNICIANS. In addition to the provisions of Section 54-2118, Idaho Code, the Board may refuse to issue, renew, or reinstate the certification of a veterinary technician, or may deny, revoke, suspend, sanction, place on probation, or require voluntary surrender of the certification of a veterinary technician, or may impose other forms of discipline, and enter into consent agreements and negotiated settlements with certified veterinary technicians pursuant to the procedures set forth in Title 67, Chapter 52, Idaho Code, for provisions of Section 54-2115, Idaho Code, any of the following reasons:

01. Unethical or Unprofessional Conduct. Unethical or unprofessional conduct is conduct that includes, but is not limited to, any of the following:

   a. Providing any procedure to an animal that constitutes the practice of veterinary medicine or veterinary technology and which has not been delegated by the supervising veterinarian, except in the case of an emergency as defined by Section 54-2103(16), Idaho Code; (7-1-21)T

   b. Practicing veterinary technology in a manner that endangers the health and welfare of the patient or the public. A certified veterinary technician shall not practice veterinary technology if their ability to practice with reasonable skill and safety is adversely affected by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals, or any other substance, or as a result of any mental or physical disability; (7-1-21)T

   c. Gross ignorance, incompetence or inefficiency in the practice of veterinary technology as determined by, but not limited to, the practices generally and currently followed and accepted by persons certified to practice veterinary technology in Idaho and the current teaching at accredited programs in veterinary technology; (7-1-21)T

   d. Intentionally performing a duty, task, or procedure in the field of veterinary technology for which the individual is not qualified; or (7-1-21)T

   e. Engaging in conduct of a character likely to deceive or defraud the public. (7-1-21)T

02. Conviction of a Charge or Crime. Being found guilty, convicted, placed on probation, having entered a guilty plea that is accepted by the court, forfeiture of bail, bond or collateral deposited to secure a defendant’s appearance, or having received a withheld judgment or suspended sentence by a court of competent jurisdiction in Idaho or any other state of one (1) or more of the following:

   a. Any felony, as defined by Title 18, Chapter 1, Idaho Code; or (7-1-21)T

   b. Any other criminal act that in any way is related to the practice of veterinary technology as defined by Section 54-2103(47), Idaho Code. (7-1-21)T

03. Medical Incompetence. Medical incompetence in the practice of veterinary technology, which means lacking in sufficient medical knowledge or skills or both to a degree likely to endanger the health of patients. (7-1-21)T

04. Physical or Mental Incompetence. Physical or mental incompetence, which means the
individual’s ability to practice veterinary technology with reasonable skill and safety is impaired by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals or any other substance, or as a result of any physical or mental disability. (7-1-21)

05. Malpractice or Negligence. Malpractice or negligence, in the practice of veterinary technology, which includes, but is not limited to:

a. Treatment in a manner contrary to accepted practices in veterinary technology and with injurious results; (7-1-21)

b. Any professional misconduct or unreasonable lack of professional skill or fidelity in the performance of an act that is part of the practice of veterinary technology; (7-1-21)

c. Performance of an act that is part of the practice of veterinary technology without adequate supervision; except in the case of an emergency as defined by Section 54-2103(16), Idaho Code; or (7-1-21)

d. The negligent practice of veterinary technology, as determined by the standard of practice for the area, that results in injury, unnecessary suffering or death. (7-1-21)

06. Cruelty to Animals. Cruelty to animals, including, but not limited to, the intentional and malicious infliction of pain, physical suffering, injury or death, performance of experimental treatments without the owner’s consent, deprivation of necessary sustenance, withholding of appropriate pain medications or levels of pain medications, or the administration of unnecessary procedures and treatment. Infliction of pain on any animal in self-defense, or to prevent physical harm to others, or in accordance with local custom and culture in moving, handling, treating, dehorning, castrating or performing other procedures on livestock, shall not be considered cruel or physically abusive unless done in an unnecessary or intentionally malicious manner. This provision does not alter Section 25-3514, Idaho Code. (7-1-21)

07. Revocation, Suspension, Limitation or Subjection. The revocation, suspension, limitation, or subjection of a license, certificate or registration or any other disciplinary action by another state or U.S. jurisdiction or voluntary surrender of a license, certificate or registration by virtue of which one is licensed, certified or registered to practice veterinary technology in that state or jurisdiction on grounds other than nonpayment of the renewal fee. (7-1-21)

08. Continuing Education. Failure to comply with the continuing education requirements outlined by Board rules. (7-1-21)

09. Failure to Cooperate.

a. Failure of any applicant or certificate holder to cooperate with the Board during any investigation, even if such investigation does not personally concern the applicant or certificate holder. (7-1-21)

b. Failure to comply with the terms of any order, negotiated settlement or probationary agreement of the Board. (7-1-21)

c. Failure to comply with the terms for certification renewal or to timely pay certification renewal fees as specified by Section 010 of these rules. (7-1-21)

10. Violation of Law, Rules or Order. Violating or attempting to violate, directly or indirectly, or assisting or abetting the violation or conspiracy to violate any of the provisions of the veterinary law or rules or a written order of the Board issued pursuant to Title 54, Chapter 21, Idaho Code. (7-1-21)

105. -- 149. (RESERVED)

150. VALID VETERINARIAN/CLIENT/PATIENT RELATIONSHIP.
An appropriate veterinarian/client/patient relationship will exist when:
01. **Responsibility.** The veterinarian has assumed the responsibility for making medical judgements regarding the health of the animal and the need for medical treatment, and the client (owner or other caretaker) has followed the instructions of the veterinarian. (7-1-21)

02. **Medical Knowledge.** There is sufficient knowledge of the animal by the veterinarian to initiate at least a general or preliminary diagnosis of the medical condition of the animal. This means that the veterinarian has seen the animal within the last twelve (12) months or is personally acquainted with the keeping and care of the animal, either by virtue of an examination of the animal, or by medically appropriate visits to the premises where the animals are maintained within the last twelve (12) months. (7-1-21)

03. **Availability.** The practicing veterinarian or designate is readily available for follow-up in case of adverse reactions or failure of the regimen of therapy. (7-1-21)

### 151. UNPROFESSIONAL CONDUCT.
Any violation of the Principles of the Veterinary Medical Ethics of the American Veterinary Medical Association, these rules, Chapter 21, Title 54, Idaho Code, constitutes unprofessional conduct. Unprofessional conduct includes, but is not limited to:

01. **Unsanitary Methods or Procedures.** Failure to apply sanitary methods or procedures in the treatment of any animal, contrary to Board rules. (7-1-21)

02. **Association with Illegal Practitioners.** Includes, but is not limited to:
   a. Having a professional relationship or connection with, lending one’s name to, or otherwise aiding and abetting any illegal or unlicensed practice or practitioner of veterinary medicine and the various branches thereof. (7-1-21)
   b. Rendering professional service in association with a person who is not licensed; or (7-1-21)
   c. Sharing fees with any person, except a licensed veterinarian, for services actually performed. (7-1-21)

03. **False Testimony.** Swearing falsely in any testimony or affidavits relating to, or in the course of, the practice of veterinary medicine, surgery or dentistry. (7-1-21)

04. **Gross Ignorance, Incompetence or Inefficiency.** In determining gross ignorance, incompetence or inefficiency in the profession, the Board may take into account all relevant factors and practices including, but not limited to, the practices generally and currently followed and accepted by the persons licensed to practice veterinary medicine in Idaho, the current teaching at accredited veterinary schools, relevant technical reports published in recognized veterinary medical journals, and the desirability of reasonable experimentation in the furtherance of the art of veterinary medicine. (7-1-21)

05. **Improper Supervision.** Includes, but is not limited to:
   a. Permitting, allowing, causing or directing any individual to perform a duty, task or procedure that they are not qualified to perform. (7-1-21)
   b. Providing, permitting, allowing, causing or directing any individual to perform inadequate anesthetic monitoring. Evidence of this monitoring shall be documented in written form and contained within the medical record. (7-1-21)

06. **Association with Others.** Accepting fees from the providers of animal services or products when referring clients to such providers. (7-1-21)

### 152. CODE OF PROFESSIONAL CONDUCT.
The Board’s code of professional conduct includes, but is not limited to, the following standards of conduct. A veterinarian shall:

Section 151  Page 3955
01. **Veterinarian/Client/Patient Relationship.** Not dispense or prescribe controlled substances, prescription or legend drugs except in the course of their professional practice and after a bona fide veterinarian/client/patient relationship as defined by Section 150 of these rules has been established. (7-1-21)

02. **Health Certificate.** Not issue a certificate of health unless they have personal knowledge by means of actual examination and appropriate testing of the animal that the animal meets the requirements for issuance of such a certificate. (7-1-21)

03. **DEA and Controlled Substance Registration.** Notify the Board of the suspension, revocation, or voluntary surrender of their federal Drug Enforcement Administration (DEA) registration and their state controlled substance registration. (7-1-21)

04. **Ability to Practice.** Not practice veterinary medicine as to endanger the health and welfare of their patients or the public. A veterinarian shall not practice veterinary medicine if their ability to practice with reasonable skill and safety is adversely affected by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals, or any other substance or as a result of any mental or physical disability. (7-1-21)

05. **Conflicting Interests.** Not represent conflicting interests except by the express consent of all the parties after full disclosure of all the facts. A conflict of interest includes, but not be limited to, accepting a fee from a buyer to inspect an animal for soundness and accepting a fee from the seller. (7-1-21)

06. **Confidentiality.** Maintain a confidential relationship with their clients, except as otherwise provided by law or required by considerations related to public health and animal health. (7-1-21)

a. The information contained in veterinary medical records is considered confidential. It is unethical for a veterinarian to release this information except by court order or consent of the patient’s owner or other caretaker at the time treatment was rendered. (7-1-21)

b. Without express permission of the practice owner, it is unethical for a veterinarian or certified veterinary technician to remove, copy, or use the medical records or any part of any record belonging to the practice or its owner for any purpose other than the business of the practice. (7-1-21)

07. **Physical Abuse-Patient.** Not physically abuse a patient or fail to conform to the currently accepted standards of care in the veterinary profession for any animal under their care. (7-1-21)

08. **Preservation of Patient’s Body.** Where possible preserve for twenty-four (24) hours the body of any patient that dies while in the veterinarian’s care until the owner can be contacted, except as otherwise provided by law. The time of contact or attempted contact with the owner shall be documented in the medical record. The veterinarian is allowed to use the usual manner of disposal if the owner has not made pick-up arrangements within twenty-four (24) hours of the documented contact time. (7-1-21)

09. **Consent for Transporting.** Obtain written consent from a patient’s owner or other caretaker before transporting a patient to another facility for veterinary medical care or any other reason, unless circumstances qualifying as an emergency do not permit obtaining such consent. (7-1-21)

10. **Refusal to Render Services.** Have the right to refuse to render veterinary medical services for any reason, or refuse an owner’s request to euthanize a healthy or treatable animal. (7-1-21)

153. **STANDARDS OF PRACTICE.**

Veterinarians shall adhere to the standards of practice including, but not limited to:

01. **Practice Procedures.** A licensed veterinarian shall exercise at least the same degree of care, skill, and diligence in treating patients that is ordinarily used in the same or similar circumstances by members of the veterinary medical profession of similar training and experience in the community in which he practices. (7-1-21)

02. **Immunization.** When the primary objective is to protect the patient’s health and a professionally
acceptable immunization procedure is being sought, an examination of the animal by the veterinarian is required prior to each and every immunization procedure, unless the animal has been examined in the last ninety (90) days, except in the practice of large animal medicine where mass immunizations of animal herds is involved or when immunization is performed by the patient’s owner. For the purpose of this subsection, the definition of “owner” in addition to ownership as defined by the laws of the ownership of property, non-profit organizations dedicated to the care and treatment of animals is considered the owners of animals in their custody if such organizations are the primary care giver for the animal or if the true owner of such animal cannot be immediately determined. (7-1-21)T

03. Relationship. A veterinarian shall establish a valid veterinarian/client/patient relationship prior to dispensing, using, prescribing, or selling any controlled substance or legend drug, or the prescribing of an extra-label use of any drug. (7-1-21)T

04. Dispense and Distribute in Good Faith. A veterinarian dispensing or distributing any drug or medicine will dispense or distribute such drug or medicine in good faith, within the context of a valid veterinarian/client/patient relationship and will, except in the case of any drugs and medicines that are in containers that bear a label of the manufacturer with information describing their contents and that are labeled indicating:

a. The date on which such drug is dispensed; (7-1-21)T
b. The name of the owner and patient; (7-1-21)T
c. The name or initials of the person dispensing such drug; (7-1-21)T
d. Directions for use, including dosage and quantity; and (7-1-21)T
e. The proprietary or generic name of the drug. (7-1-21)T

05. Anesthesia Standards. All anesthetized animals shall be appropriately monitored and under supervision. (7-1-21)T

154. RECORD KEEPING STANDARDS.
Every veterinarian shall maintain detailed daily medical records of the animals treated. Records shall be readily retrievable to be inspected, duplicated, or submitted when requested by the Board. All records shall be safeguarded against loss, defacement, tampering, and use by unauthorized personnel. If changes are made to any records the records must clearly reflect what the change is, who made the change, when the change was made, and why. Records shall be maintained for a period of three (3) years following the last treatment or examination. Patient medical records shall be maintained for every animal accepted and treated as an individual patient by a veterinarian, or for every animal group (for example, herd, litter, and flock) treated by a veterinarian. (7-1-21)T

01. Medical Records. Medical records shall include, but not be limited to:

a. Name, address and phone number of the animal’s owner or other caretaker. (7-1-21)T
b. Name and description, sex (if readily determinable), breed and age of animal; or description of group. (7-1-21)T
c. Dates (beginning and ending) of custody of the animal. (7-1-21)T
d. A short history of the animal’s condition as it pertains to the animal’s medical status. (7-1-21)T
e. Results and notation of each examination, including the animal’s condition and diagnosis suspected. (7-1-21)T
f. All medications, treatments, prescriptions or prophylaxis given, including amount, frequency, and route of administration for both inpatient and outpatient care. (7-1-21)T
g. Diagnostic and laboratory tests or techniques utilized, and results of each. (7-1-21)T
h. All anesthetized animals shall be appropriately monitored and under supervision at all times. Evidence of this monitoring shall be documented in writing in the medical record. (7-1-21)

02. Consent Forms. Consent forms, signed by the patient’s owner or other legal caretaker for each surgical or anesthesia procedure requiring hospitalization or euthanasia, shall be obtained, except in emergency situations, for each animal and be maintained on file with the practitioner. (7-1-21)

03. Postoperative Instructions. Postoperative home-care instructions shall be provided in writing and be noted in the medical record. (7-1-21)

04. Treatment Records. Veterinarians who practice with other veterinarians shall indicate by recognizable means on each patient’s or animal group’s medical record any treatment the veterinarian personally performed and which treatments and procedures were delegated to a technician or assistant to perform. The patient’s record must also include a notation indicating when the animal was handed-off to another veterinarian or a treatment or procedure delegated to a technician or assistant along with a summary of the animal’s condition and diagnosis at the time of the hand-off. (7-1-21)

05. Ownership of Medical Records. Medical records are the personal property of the hospital or the proprietor of the practice that prepares them. Other veterinarians, including those providing subsequent health needs for a patient, and the patient’s owner may receive a copy of the patient’s medical record, upon the request of the patient’s owner or other caretaker. Records shall be supplied within three (3) business days, counting the day of the request if a business day. (7-1-21)

06. Diagnostic Image Identification and Ownership. All diagnostic images shall be labeled in the emulsion film or digitally imprinted to identify the veterinarian or premise, the patient, the owner, the date, and anatomical orientation. A diagnostic image is the physical property of the hospital or the proprietor of the practice that prepares it, and it shall be released upon the request of another veterinarian who has the authorization of the owner of the animal to whom it pertains or to the Board. Such diagnostic images shall be returned within a reasonable time to the veterinarian who originally ordered them to be prepared. (7-1-21)

07. Estimates. A veterinarian shall make available to each client a written estimate on request. (7-1-21)

155. -- 199. (RESERVED)

200. COMMITTEE ON HUMANE EUTHANASIA.
Pursuant to Section 54-2105(8), Idaho Code, a Committee on Humane Euthanasia (COHE) is established and consists of no fewer than five (5) members appointed by the Board. At its discretion, the Board may appoint itself as the COHE. New members will be nominated by either the Board or the COHE and be confirmed by the Board. Applicants for a COHE position shall be certified euthanasia technicians (CETs) and employed by a certified euthanasia agency or be a veterinarian. (7-1-21)

01. Term. Each member may serve for three (3) years, at the pleasure of the Board. A COHE member may be eligible for reappointment. If there is a vacancy for any cause, the COHE or the Board shall nominate and confirm a successor to fill the unexpired term. (7-1-21)

02. Duties. The duties of COHE members include, but are not limited to, the following: (7-1-21)

a. Coordinate and provide euthanasia training classes as needed. (7-1-21)

b. Inspect and certify agencies. (7-1-21)

c. Review the applications, records, performance, methods and procedures used by agencies and persons seeking to be certified or to renew their certification as a Certified Euthanasia Agency (CEA) or Certified Euthanasia Technician (CET). (7-1-21)
d. Conduct written and practical examinations for applicants applying for certification and authorize certification through the Board. (7-1-21)

e. Recommend suspension or revocation of a certification when necessary. (7-1-21)

201. METHODS OF EUTHANASIA AND PRE-EUTHANASIA SEDATION.
Methods approved by the COHE and used for the purpose of humanely euthanizing and sedating sick, homeless, or unwanted pets and animals:

01. Euthanasia Drugs. Any Schedule II non-narcotic or Schedule III non-narcotic euthanasia drug covered by the Controlled Substances Act that has first been approved in writing by the COHE and the Board. A list of approved euthanasia drugs is on file at the Board office. (7-1-21)

02. Pre-Euthanasia Sedation Drugs. Any Schedule III or Schedule IV narcotic or non-narcotic controlled substance as defined by the Controlled Substances Act, or other legend drugs that have been approved for use by CEAs or CETs at a CEA facility. Such pre-euthanasia sedation drugs shall be limited to those approved in writing by the COHE and the Board. A list of approved pre-euthanasia sedation drugs is on file at the Board office. (7-1-21)

202. PROCUREMENT AND ADMINISTRATION OF APPROVED DRUGS.
In order for a certified euthanasia agency to obtain approved drugs for euthanizing animals and a certified euthanasia technician to administer such drugs, the following procedure shall be followed:

01. DEA Registration. A certified euthanasia agency (CEA) shall appoint a person who will be responsible for ordering the approved drugs and who shall submit an application for the agency’s registration as a Euthanasia Agency Practitioner-A.S. to the Drug Enforcement Agency (DEA). The CEA shall also designate a certified euthanasia technician (CET) who will be responsible for the security of the agency’s approved drugs. (7-1-21)

02. Controlled Substance Registration. Each CET employed by the agency shall apply for a controlled substance registration from the Idaho Board of Pharmacy under their individual name and using the CEA’s DEA registration number. (7-1-21)

03. Purchase of Approved Drugs. After the certified euthanasia agency has received a DEA registration number and the CETs at that agency have received their Idaho Board of Pharmacy controlled substance registrations, the designated individual for the agency may on behalf of the agency purchase approved drugs for storage at the CEA location. Approved drugs shall only be obtained from a drug wholesaler. (7-1-21)

04. Administration of Approved Drugs. Certified euthanasia technicians employed by certified euthanasia agencies and registered with the Idaho Board of Pharmacy may perform euthanasia by the administration of approved drugs. (7-1-21)

203. (RESERVED)

204. CERTIFIED EUTHANASIA AGENCY.
A certified euthanasia agency is a law enforcement agency, an animal control agency, a humane society, or an animal shelter that has been inspected and certified by the COHE or the Board, Section 54-2103(8), Idaho Code. In order to be certified to purchase and store approved drugs, certified euthanasia agencies shall be inspected by the COHE or the Board and shall meet the following criteria:

01. Approved Drugs. (7-1-21)

a. Each agency will maintain a current written list of CET(s). (7-1-21)

b. Access to the approved drugs in a locked drug storage cabinet will be limited to licensed veterinary supervisors and assigned CET. Such persons will be responsible for the security of the approved drugs and allow withdrawal of the approved drugs only to a person certified by the Board and registered with the Idaho Board of...
Pharmacy to administer such drugs.

c. All approved drugs shall be prepared according to the manufacturer’s instructions.

d. Needles and syringes will be of medical quality and will not be reused.

**02. Proper Labeling.** Upon removal from the shipment carton, each individual container of an approved drug will be labeled with the drug name and strength, the date the drug was prepared, a drug hazard warning label and the name and address of the agency owning the drug.

**03. Temporary Storage.** When a CET is on duty and when animals are being euthanized throughout the workday, approved drugs may be kept in a temporary locked drug storage cabinet. The key to this cabinet shall be secured by a licensed veterinary supervisor or the lead CET designated on the DEA controlled substance registration, and made available to the CET(s) performing euthanasia that day.

**04. Record Keeping.** Proper record keeping of approved drugs shall include the following:

a. Shipment records showing receipt of the approved drugs shall be maintained and include all information required by federal law, the date the shipment was received, the amount, the source, and the invoice number.

b. Administration records showing the date an approved drug was:
   
i. Administered;
   
ii. Weight and species of animal;
   
iii. Dosage of each drug administered for pre-euthanasia sedation, euthanasia, and remote chemical capture restraint;
   
iv. Identification of the person who dispensed the approved drugs; and, if applicable;
   
v. Identification of the veterinarian or CET who supervised the dispensing shall be maintained.

c. Records of wastage shall be maintained and signed by the CET administering the approved drug and the CET responsible for security.

d. A weekly record of the approved drugs on hand, minus the amounts withdrawn for administration, signed by the CET responsible for security.

e. Disposal records of any expired or unwanted approved drugs shall be maintained.

f. All records shall be filed in chronological order in a binder that is labeled with the name of the agency and be kept for a period of three (3) years.

**05. Proper Sanitation.** The euthanasia area shall be clean and regularly disinfected.

**06. Other Site Conditions.**

a. Each agency shall have a specific area designated for euthanasia that is a separate room or area that is not used for any other purpose while animals are being euthanized.

b. The euthanasia area shall have a table or other work area where animals can be handled, and a cabinet, table or work bench where the drugs, needles, syringes and clippers can be placed.

c. The following items and materials shall either be kept in the euthanasia area or brought to the area.
 each time an animal is euthanized:
  i. A first aid kit that meets minimum first aid supply standards;
  ii. One (1) or more tourniquets;
  iii. Standard electric clippers with No. 40 blade;
  iv. Animal control stick for dogs and animal net for cats (if the agency handles cats);
  v. Stethoscope;
  vi. Disinfectant.

vi. The current certification cards for the CEA and all CETs working at the CEA, which shall be kept together. The CEA is strongly encouraged to keep all DEA and Idaho Board of Pharmacy registration cards together with the certification cards.

d. All equipment shall be in good working order.

07. Equipment Stored. All equipment shall be stored so that it does not create a safety hazard for the personnel.

08. Certification Renewal. Certifications may be renewed upon successful completion of a facility inspection by a COHE member, a member of the Board or other individual appointed by the COHE and payment of the annual renewal fee.

205. CERTIFIED EUTHANASIA TECHNICIAN.

01. Training and Examinations. The COHE or the Board will develop training sessions, materials, and a written examination.

02. Certification Standards. Applicants for certification as a CET shall be eighteen (18) years of age or older and demonstrate proficiency in compliance with the following standards:

a. Demonstrate competency in euthanasia techniques in the presence of a COHE or Board member, or a person approved by the Board:

i. CETs are fully responsible for all actions that take place in the euthanasia area when an animal is brought to the area including, but not limited to, animal handling, use of the proper restraint technique, the proper drug dosage, and drug handling;

ii. CETs shall be able to competently perform intravenous injections on dogs and intraperitoneal injections on both dogs and cats. Intravenous injections on cats shall not be required as part of the certification process, but when performed, meet the standards listed in Subparagraph 205.02.a.ii.(1) of these rules. Intracardiac injections on dogs and cats shall not be required as part of the certification process, but when performed, are restricted to the limitations listed in Subparagraph 205.02.a.ii.(3) of these rules.

(1) Intravenous Injections: The CET shall be able to competently insert the needle into an animal’s vein when an animal is injected by this method. A minimum of two (2) people shall be required for any IV injection. One (1) person shall be a CET and one (1) or more people shall be the handler. The handler does not need to be a CET, but the handler should be trained in human safety and animal handling techniques;

(2) Intraperitoneal Injections: The CET shall be able to competently insert the needle into the proper area of the peritoneal cavity when an animal is injected by this method. It is recommended that animals injected by this method be placed into a cage or carrier with no other animals. The cage or carrier shall be covered with cloth or other material that can keep the injected animal isolated from the normal activities in the euthanasia area.
Intraperitoneal injections may be administered by a CET without a handler. (7-1-21)

3. Intracardiac Injections: Intracardiac injection shall be performed only on an anesthetized animal. CETs shall be able to competently insert the needle into the heart of an anesthetized animal, and intracardiac injections may be administered by a CET without a handler. (7-1-21)

iii. No other euthanasia injection procedures are permitted in any type of animal with the exception of intramuscular and subcutaneous injections for pre-euthanasia sedation; (7-1-21)

iv. Oral administration of approved euthanasia drugs is permitted for any animal that cannot be captured or restrained without serious danger to human safety; (7-1-21)

b. Demonstrate proper record keeping. A record of all approved drugs received and used by the agency shall be kept containing the following information: (7-1-21)

i. A weekly verification of the drug stock on hand, minus the amounts withdrawn for administration, signed by the CET responsible for security; (7-1-21)

ii. An entry of the date that a new bottle of any approved drug is opened and the volume of the bottle, signed by the CET responsible for security; (7-1-21)

iii. The species and approximate weight of each animal administered a drug; (7-1-21)

iv. The amount of the drug that was administered; (7-1-21)

v. The date the drug was administered; (7-1-21)

vi. The signature of the CET who administered the drug; (7-1-21)

vii. A record of the amount of the drug wasted, if any, signed by the CET administering the drug and the CET responsible for security; and (7-1-21)

viii. A record of any disposal of expired or unwanted approved drugs, other chemical agent or the containers, instruments and equipment used in their administration, signed by the CET and disposed of in accordance with the Idaho Board of Pharmacy law and rules and the Code of Federal Regulations. (7-1-21)

c. Demonstrate understanding and concern for the needs and humane treatment of individual animals: (7-1-21)

i. All animals shall be handled in a manner that minimizes stress to the animal and maximizes the personal safety of the CET and the handler. Each animal shall be handled with the least amount of restraint necessary, but human safety is always the primary concern. Handling includes all aspects of moving an animal from one (1) area to another; (7-1-21)

ii. The use of control sticks and other similar devices shall be limited to fractious or potentially dangerous animals; and (7-1-21)

iii. Animals shall not be placed in cages or kennels with other breeds or species that are incompatible with the animal in question or be overcrowded in a cage or kennel. (7-1-21)

d. Demonstrate ability to verify death. The animal should become unconscious and show terminal signs within sixty (60) minutes of drug administration. If any animal does not show any of these signs within the designated time period, the CET shall re-administer the drug. An animal that has received an approved drug orally may be injected with the same or another approved drug after it has become unconscious. Verification is the responsibility of the CET and shall be made by physical examination of the individual animal. One (1) of the following two (2) standards for death shall be met: (7-1-21)
i. Rigor mortis; or

ii. Complete lack of heartbeat (as checked with a stethoscope), complete lack of respiration, and complete lack of corneal and palpebral reflexes.

e. Demonstrate ability to communicate with handlers during the euthanasia process.

03. Certification.

a. An individual shall not be certified as a CET until such time as he has successfully passed a euthanasia written examination, a practical or clinical examination, and an Idaho euthanasia jurisprudence examination.

b. The practical examination will test the individual’s knowledge and skills in the hands-on application of euthanasia procedures and practices in a clinical setting under the direction of a COHE member, a Board member, or a designee of either the COHE or Board. The Idaho euthanasia jurisprudence examination (which can either be a separate written test or combined with the euthanasia written examination) will be an examination testing the individual’s understanding of Idaho laws and Board rules addressing the practice of euthanasia. Both the euthanasia written examination and the euthanasia jurisprudence examination will be developed by the Board, the COHE, or a designee of either the Board or the COHE.

c. A passing score for the euthanasia written examination is eighty percent (80%), or such other score as deemed appropriate by the Board or the COHE. A passing score for the euthanasia jurisprudence examination is ninety percent (90%), or such other score as deemed appropriate by the Board or the COHE. A failed euthanasia jurisprudence examination may be retaken multiple times upon making arrangements acceptable to the Board.

d. Initial certification and certification renewal training sessions and examinations will be conducted at least once per year prior to July 1, and at such other times deemed necessary by the COHE, the Board, or a designee of either the COHE or the Board. Upon approval of the Board, a COHE member, or the designee of either the Board or the COHE, an individual may take the euthanasia written examination, the practical examination, and the euthanasia jurisprudence examination in any order.

e. An individual who has passed the written examination, but has not attended a training session and has not passed the practical examination, may serve as a probationary euthanasia technician under the direct supervision of a currently certified CET until such time as the next training course, practical examination and certification are conducted by a COHE member, a Board member, or the designee of either the COHE or the Board.

f. An individual who has not passed the written examination may not serve as a euthanasia technician.

g. An individual who attends a training session and passes the written examination but fails the practical examination may serve on probation until he has been re-examined. If the individual fails to pass the practical examination a second time and wishes to apply again, the individual shall attend the next regular training session and written examination.

h. Upon termination from an agency as defined in Section 204 of these rules, a CET’s certification immediately becomes invalid and the CET shall not perform animal euthanasia until employed by another certified euthanasia agency, at which time the certification may be reinstated.

i. The agency shall notify the Board office in writing within thirty (30) days from the date the CET’s employment at that agency is terminated.

j. If a CET is employed again by a CEA prior to the expiration of their certification, the CEA employer may request reinstatement of the CET’s certification. If a CET has not attended a euthanasia training in the three (3)-year period preceding recertification, the CET may not be recertified and will need to reapply for
certification, at COHE discretion. (7-1-21)

k. All certifications expire on July 1 of each year. (7-1-21)

04. Certification Renewal. Certifications may be renewed each year by payment of the annual renewal fee, provided that, every third year following the date of certification, the CET will need to attend a euthanasia training and pay the current training and certification fee prescribed by Section 014 of these rules. (7-1-21)

05. Duties. The duties of a CET include, but are not limited to:

a. Preparing animals for euthanasia; (7-1-21)
b. Accurately recording the dosages for drugs that are administered and amounts for drugs wasted; (7-1-21)
c. Ordering supplies; (7-1-21)
d. Maintaining the security of all controlled substances and other approved drugs; (7-1-21)
e. Directly supervising probationary CET; (7-1-21)
f. Reporting to the Board violations or suspicions of a violation of these rules or any abuse of drugs; (7-1-21)
g. Humanely euthanizing animals; and (7-1-21)
h. Proper and lawful disposal of euthanized animals and expired or unwanted drugs, other chemical agent or the containers, instruments and equipment used in the administration of approved drugs. (7-1-21)

206. GROUNDS FOR DISCIPLINE -- CEAS AND CETS.
The Board may refuse to issue, renew, or reinstate the certification of a CEA or CET, or may deny, revoke, suspend, sanction, place on probation, or require voluntary surrender of the certification of a CEA or CET, impose other forms of discipline, and enter into consent agreements and negotiated settlements with CEAs and CETS pursuant to the procedures set forth in Title 67, Chapter 52, Idaho Code, for any of the following reasons:

01. Failure to Carry Out Duties. Failure to carry out the duties of a CEA or CET. (7-1-21)

02. Abuse of Chemical Substances. Abuse of any chemical substance by:

a. Selling or giving chemical substances away; or (7-1-21)
b. Stealing chemical substances; or (7-1-21)
c. The diversion or use of any chemical substances for other than legitimate euthanasia purposes; or (7-1-21)
d. Abetting anyone in the foregoing activities. (7-1-21)

03. Euthanizing of Animals Without Proper Supervision. Allowing uncertified individuals or probationary CETs to euthanize animals or personally euthanizing animals without proper supervision. (7-1-21)

04. Administration of Approved Drugs Without Proper Supervision. Allowing uncertified individuals or probationary CETs to administer approved drugs or personally administering approved drugs without proper supervision. (7-1-21)

05. Euthanizing of Animals Without Proper Certification. Allowing individuals or probationary CETs to euthanize animals or personally euthanizing animals without being properly certified to do so. (7-1-21)
06. **Fraud, Misrepresentation, or Deception.** The employment of fraud, misrepresentation of a material fact, or deception by an applicant or certificate holder in securing or attempting to secure the issuance or renewal of a certificate.

(7-1-21)T

07. **Unethical or Unprofessional Conduct.** Unethical or unprofessional conduct means to knowingly engage in conduct of a character likely to deceive or defraud the public and includes, but is not limited to:

a. Working in conjunction with any agency or person illegally practicing as a CEA or CET; (7-1-21)T

b. Failing to provide sanitary facilities or apply sanitary procedures for the euthanizing of any animal; (7-1-21)T

c. Euthanizing animals in a manner that endangers the health and welfare of the public. A CET shall not euthanize animals if their ability to practice with reasonable skill and safety is adversely affected by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals, or any other substance or as a result of any mental or physical disability; (7-1-21)T

d. Gross ignorance, incompetence or inefficiency in the euthanizing of animals as determined by, but not limited to, the practices generally and currently followed and accepted by persons certified to practice as CETs in Idaho; (7-1-21)T

e. Intentionally performing a duty, task or procedure involved in the euthanizing of animals for which the individual is not qualified; and (7-1-21)T

f. Swearing falsely in any testimony or affidavits relating to practicing as a CEA or CET. (7-1-21)T

08. **Conviction of Violating Any Federal or State Statute, Rule or Regulation.** Conviction of a charge of violating any federal or state statute or rule or regulation regulating narcotics, dangerous drugs or controlled substances.

09. **Conviction of a Charge or Crime.** Being found guilty, convicted, placed on probation, having entered a guilty plea that is accepted by the court, forfeiture of bail, bond or collateral deposited to secure a defendant’s appearance, or having received a withheld judgment or suspended sentence by a court of competent jurisdiction in Idaho or any other state of one (1) or more of the following:

a. Any felony, as defined by Title 18, Chapter 1, Idaho Code; or (7-1-21)T

b. Any crime constituting or having as an element the abuse of any drug, including alcohol. (7-1-21)T

c. Any other criminal act that in any way is related to practicing as a CEA or CET as defined by Section 54-2103(8) and (9), Idaho Code. (7-1-21)T

10. **Improper Record Keeping.** Failure to follow proper record keeping procedures as outlined in Board rules. (7-1-21)T

11. **Improper Security for Approved Drugs.** Failure to provide and maintain proper security for approved euthanasia and restraint drugs as outlined in Board rules. (7-1-21)T

12. **Improper Storage of Equipment and Approved Drugs.** Failure to properly store equipment or approved drugs as outlined in Board rules. (7-1-21)T

13. **Improper Disposal of Approved Drugs and Equipment.** Failure to properly dispose of approved drugs and the containers, instruments and equipment used in their administration as outlined in Board rules. (7-1-21)T

14. **Improper Labeling of Approved Drugs.** Failure to properly label approved euthanasia and
restraint drugs as outlined by Board rules. (7-1-21)T

15. **Revocation, Suspension, Limitation or Restriction.** The revocation, suspension, limitation, or restriction of a license, certificate or registration or any other disciplinary action by another state or U.S. jurisdiction or voluntary surrender of a license, certificate or registration by virtue of which one is licensed, certified or registered to practice as a CEA or CET in that state or jurisdiction on grounds other than nonpayment of the renewal fee. (7-1-21)T

16. **Failure to Cooperate.** (7-1-21)T
   a. Failure of any applicant or certificate holder to cooperate with the Board during any investigation, even if such investigation does not personally concern the applicant or certificate holder; or (7-1-21)T
   b. Failure to comply with the terms of any order, negotiated settlement, or probationary agreement of the Board; or (7-1-21)T
   c. Failure to comply with the terms for certification renewal or to timely pay certification renewal fees. (7-1-21)T

17. **Aiding and Abetting.** Knowingly aiding or abetting an uncertified agency or person to practice as a CEA or CET. (7-1-21)T

18. **Current Certification.** Practicing as a CEA or CET without a current certification. (7-1-21)T

19. **Improper Drug Preparation.** Preparing approved drugs, contrary to manufacturer’s instructions. (7-1-21)T

20. **Violation of any Law, Rules or Orders.** Violating or attempting to violate, directly or indirectly, or assisting or abetting the violation or conspiracy to violate any provisions of the veterinary law and rules or a written order of the Board issued pursuant to Title 54, Chapter 21, Idaho Code, the Idaho Board of Pharmacy law and rules, or the Code of Federal Regulations. (7-1-21)T

207. **INSPECTION DEFICIENCIES.**
If there are inspection deficiencies with either a CEA or CET, a COHE member or the Board will document in writing areas for correction. The CEA or CET, or both, shall make corrections within the time period specified in the notice of deficiency, and correction will be verified by a COHE or Board member as recorded on the deficiency documentation. If the deficiency has not been corrected, the certification may be revoked by the Board, and the Idaho Board of Pharmacy will be notified. (7-1-21)T

208. -- 999. (RESERVED)
24.39.10 – RULES OF THE IDAHO ELECTRICAL BOARD

000. LEGAL AUTHORITY.
The rules are promulgated pursuant to Title 54, Chapter 10, Idaho Code. (7-1-21)

001. SCOPE.
The rules include criteria for the use of electrical permits for electrical installations, inspections, fees for licenses, continuing education, adoption of the National Electrical Code, and civil penalties. (7-1-21)

002. INCORPORATION BY REFERENCE.
The National Electrical Code, 2017 Edition, is incorporated by reference into these rules as further specified in Section 250. (7-1-21)

003. DEFINITIONS.

01. Associated Buildings. All buildings, structures, and fixtures used for domestic purposes and in connection with the primary or secondary residence, such as garages, sheds, barns, or shops. (7-1-21)

02. Person. Includes an individual, company, firm, partnership, corporation, association or other organization. (7-1-21)

03. Recognized License. A license from another jurisdiction that is recognized by the Board as requiring qualifications at least equal to the qualifications for a license contained in Title 54, Chapter 10, Idaho Code, and these rules. (7-1-21)

004. – 010. (RESERVED)

SUBCHAPTER A – ELECTRICAL PERMITS AND INSPECTIONS
(Rules 011 through 049)

011. PERMITS.
Electrical permits shall be used only for the electrical installations identified in the permit application and for which said permit holder shall assume full responsibility. (7-1-21)

01. Completion of Installation. For each installation made by a permit holder and coming under the provisions of Section 54-1001, Idaho Code, said permit holder or his authorized representative shall request a final inspection from the Division. (7-1-21)

02. Permits and Inspections. All electrical permits shall be purchased before work is commenced. Where the total cost of installation is unknown, the minimum permit fee as listed in the fee schedule of these rules applies. In all cases, payment of the total permit fee shall be made prior to a final inspection. (7-1-21)

a. Permit holders with outstanding fines, violations, or unpaid permit fees recorded with the Division will not be allowed to purchase further electrical permits unless and until all outstanding fees due have been paid in full. (7-1-21)

b. No wiring or equipment may be concealed in any manner from access or sight until the work has been inspected and approved for cover by the electrical inspector. (7-1-21)

03. Power Supply Company. Pursuant to Section 54-1005, Idaho Code, a power supply company may connect and energize an electrical installation made by an electrical contractor without delay and before the installation has passed inspection if the contractor submits to the power supply company a copy of an electrical permit purchased by the contractor and the power supply company deems the connection and energization necessary to preserve life or property. The contractor shall request that the Division conduct an inspection on the next business day. (7-1-21)

012. TEMPORARY INSTALLATIONS CONNECTED PRIOR TO INSPECTION.
Only a licensed electrical contractor may have a power supply company connect and energize a temporary service for construction prior to an inspection being performed. Any contractor energizing a temporary service prior to inspection shall assume full responsibility for the installation of the temporary service. A power supply company may only connect and energize a temporary service upon receipt of a copy of an electrical permit. (7-1-21)
SUBCHAPTER B – FEES FOR ELECTRICAL PERMITS AND INSPECTIONS
(Rules 050 through 099)

050. FEES.
The type of permit a person may purchase is limited to the scope of work for which the person is licensed. (7-1-21)

01. Temporary Construction Service (Temporary Power) Permit. To be installed for construction purposes only, for a period not to exceed one (1) year:
   a. Two hundred (200) amp or less, one (1) location: sixty-five dollars ($65).
   b. All others to be calculated using Subsection 050.06, Other Installation (Including Industrial and Commercial) Permit, of these rules.

02. New Residential. Includes associated buildings with wiring being constructed on each property.

   a. Existing dwelling unit permit: sixty-five dollars ($65) plus ten dollars ($10) for each additional branch circuit up to the maximum of the corresponding square footage of the dwelling unit.
   b. Residential Dwelling unit spa, hot tub, hydro massage tub, and swimming pool permit: sixty-five dollars ($65) for each trip to inspect. (For all other installations of spas, hot tubs, hydro massage tubs, and swimming pools, use Subsection 050.06, Other Installation (Including Industrial and Commercial) Permit, of these rules.)

03. Residential Space Heating and Air Conditioning. When not part of a new residential construction permit, or heat/ventilating/air conditioning permit with no additional wiring: sixty-five dollars ($65).

04. Domestic Water Pump Permit. See Subsection 050.06 - Pump (Water, Domestic Water, Irrigation, Sewage) -- Each Motor Permit, of these rules.

05. Mobile/Manufactured Home Permit. Sixty-five dollars ($65) basic fee plus ten dollars ($10) for each additional circuit. Mobile home and RV parks for distribution wiring including pedestal, service conductors and lot supply to individual units come under Subsection 050.06, Other Installation (Including Industrial and Commercial) Permit, of these rules.

06. Other Installation (Including Industrial and Commercial) Permit. The permit fees listed in this section apply to any and all installations not specifically mentioned elsewhere in this schedule. The electrical cost
shall be the cost to the owner of all labor charges and all other costs that are incurred to complete the installation of all wiring and equipment installed as part of the system, factory assembled industrial machinery to be operated by electrical energy shall not be included in calculating these fees.

(a) Wiring cost not exceeding ten thousand dollars ($10,000): sixty dollars ($60) plus two percent (2%) of total wiring cost.

(b) Wiring cost over ten thousand dollars ($10,000) but not exceeding one hundred thousand dollars ($100,000): two hundred sixty dollars ($260) plus one percent (1%) of wiring cost in excess of ten thousand dollars ($10,000).

(c) Wiring cost over one hundred thousand dollars ($100,000): one thousand one hundred sixty dollars ($1,160) plus one-half of one percent (.5%) of the portion of wiring costs exceeding one hundred thousand dollars ($100,000).

(d) All fees calculated under this schedule must be calculated on the total wiring cost of the job, and this figure will be shown on the permit. The permit fees listed in this Subsection apply to all installations not specifically mentioned elsewhere in this schedule. The wiring cost shall be the cost to the owner of all labor charges and all wiring materials and equipment installed as part of the wiring system. When labor is performed by the owner, such labor cost shall be based upon the market value of said labor. For all owner-supplied, factory assembled electrical infrastructural equipment to be installed, the inspection will be based on one-half of one percent (.5%) of total cost of the equipment OR an hourly rate of one hundred thirty dollars ($130) for the first hour of each inspection and sixty-five dollars ($65) for each subsequent hour. Factory assembled machinery to be operated by electrical energy will not be included when calculating these fees.

(e) Small work not exceeding five hundred dollars ($500) in cost and not involving a change in service connections: ten dollars ($10).

07. **Pump (Water, Domestic Water, Irrigation, Sewage) -- Each Motor Permit.**

| To 25 HP  | $65 |
| 26 to 200 HP | $95 |
| Over 200 HP | $130 |

For phase inverters and roto phase equipment, use Subsection 050.06, in addition to the pump motor fee.

08. **Electrically-Driven Irrigation Machine Permit.** Center Pivot: sixty-five dollars ($65) plus ten dollars ($10) per tower or drive motor. Other types: sixty-five dollars ($65) plus ten dollars ($10) per motor. (Note: No additional fee required for underground feeder).

09. **Electric Sign and Outline Lighting Permit.** Electric signs: sixty-five dollars ($65) per sign; Outline lighting: sixty-five dollars ($65) per each occupancy.

10. **Requested Inspection Permit.** A base fee of sixty-five dollars ($65) plus an additional sixty-five dollars ($65) for each hour, or portion thereof, in excess of one (1) hour including travel time. Out-of-state travel expenses shall be paid by the requesting party.

11. **Additional Fees and Reinspection Fees.** A base fee of sixty-five dollars ($65) plus an additional sixty-five dollars ($65) for each additional hour, or portion thereof, in excess of one (1) hour including travel time, shall also be paid before approval of the installation if the following services and trips to inspect are necessary:

(a) Permit holder had given notice to the inspector that the work is ready for inspection when it was not.
b. Permit holder has not clearly or correctly given the location of the installation either by directions, maps, coordinates, or correct address and posting a copy of the permit at the service or other conspicuous location on the property or the inspector cannot gain access to make the inspection. (7-1-21)

c. Corrections required by the inspector as a result of the submitter improperly responding to a corrective notice. (7-1-21)

d. Removing a red tag from the jobsite. (7-1-21)

e. Reinspection because corrections have not been made in the prescribed time, unless an extension has been requested and granted. (7-1-21)

12. No Permit. Failure to purchase a permit before work is commenced, may result in the imposition of a double permit fee. (7-1-21)

13. Plan Check Fee. Sixty-five dollars ($65) minimum for one (1) hour or less. Over one (1) hour: sixty-five dollars ($65) plus sixty-five dollars ($65) for each hour, or portion thereof, in excess of one (1) hour. (7-1-21)

14. Fees for Temporary Amusement/Industry Electrical Inspections. Each time a ride, concession, or generator is set up: sixty-five dollars ($65) base fee plus ten dollars ($10) for each ride, concession, or generator. (7-1-21)

15. Expiration of Permits. Every permit issued shall expire by limitation and become null and void after three hundred sixty-five (365) days from the purchase date. A permit may be renewed for an additional year upon receipt of Division approval and sixty-five dollars ($65) renewal fee. (7-1-21)

16. Transferring a Permit. A permit may be transferred to another eligible party if such party provides to the Division written authorization signed and notarized by the original permit holder consenting to the transfer itself and assignment of all the responsibilities and conditions incorporated into the original permit issuance. A permit may be transferred to the owner of the property on which the electrical work is to be performed and for which the permit was issued, or such owner’s designated legal agent, in cases where such owner has terminated his legal relationship with the electrical contractor who originally obtained the permit. An administrative fee in the amount of forty-five dollars ($45) for the transfer of the permit shall be assessed by the Division. (7-1-21)

17. Refunds of Permits. The administrator of the Division may authorize a refund for any permit fee paid on the following bases:

a. The administrator may authorize a refund of the entire permit fee paid when no work has been performed related to the installations or electrical work covered by a permit issued by the Division. A lesser amount up to fifty percent (50%) of the permit fee amount may be refunded if work has commenced and the project is less than fifty percent (50%) complete as determined by the Division; and (7-1-21)

b. The administrator cannot authorize a refund of any permit fee paid except upon written application for such filed by the original permit holder or the property owner’s representative not less than one hundred eighty (180) days after the date the permit was issued. (7-1-21)

051. -- 099. (RESERVED)

SUBCHAPTER C – ELECTRICAL LICENSING AND REGISTRATION
(Rules 100 through 149)

100. LICENSURE HISTORY. An applicant for any registration or license who has previously obtained a Recognized License as a journeyman, master, or limited installer shall upon application to the Division disclose such license and provide sufficient proof thereof. (7-1-21)
101. APPLICATIONS.

01. Application Form. Each applicant shall properly complete and submit the applicable form, giving all pertinent information and obtaining notarization of all signatures. (7-1-21)

02. Examination and Licensure Approval. The Division must approve each application before examination and licensure. An applicant who does not take the applicable examination within ninety (90) days of the date of approval must reapply. (7-1-21)

03. License. An applicant who does not purchase a license within ninety (90) days of successful completion of the applicable examination must reapply and obtain approval again. Applicants who have taken and passed the applicable exam within three hundred sixty-five (365) days of purchasing a license will not be required to be re-examined. (7-1-21)

04. License or Registration Period. The license or registration period set forth in Section 54-1008, Idaho Code, for each license or registration shall begin upon satisfaction of the applicable fee provided in Section 54-1013, Idaho Code. (7-1-21)

102. REGISTRATION.

01. Registration Requirements. To become an apprentice or limited electrical trainee, a person shall comply with Section 54-1010(3) or 54-1010(4), Idaho Code. Each apprentice or limited electrical trainee shall carry a current Registration Certificate while performing electrical work and present the Registration Certificate upon request for examination. (7-1-21)

02. Renewal Requirements. To renew a registration, the registrant shall submit evidence demonstrating the registrant has successfully completed one (1) of the following during the prior registration period:

a. At least twenty-four (24) hours of a Board-approved sequence of instruction. (7-1-21)

b. Continuation training, defined as eight (8) hours of NFPA 70E training and sixteen (16) hours of code-update training, code-related training, or industry-related training. (7-1-21)

c. There are no renewal requirements for limited electrical trainees. (7-1-21)

103. EXAMINATION AND LICENSE.

01. Examination Requirements. To take the journeyman examination, an applicant will submit evidence demonstrating the completion of one (1) of the following:

a. Four (4) years of a sequence of instruction approved by the Board and the Idaho Division of Career-Technical Education and three (3) years, defined as a minimum of six thousand (6,000) hours, of work experience under the constant on-the-job supervision and training of a journeyman electrician. (7-1-21)

b. Eight (8) years, defined as a minimum of sixteen thousand (16,000) hours, of work experience in accordance with the requirements of the jurisdiction in which the applicant obtained the experience. Verification of work experience shall consist of a notarized letter from each employer with which the applicant obtained the experience. (7-1-21)

02. License Requirements. (7-1-21)

a. To obtain a provisional journeyman license, an applicant shall submit to the Division evidence demonstrating the applicant has successfully completed eight (8) years, defined as a minimum of sixteen thousand (16,000) hours, of work experience in accordance with the requirements of the jurisdiction in which the applicant obtained the experience. Verification of work experience shall consist of a notarized letter from each employer or the
employer’s Master or Journeyman electrician with which the applicant obtained the experience. If signed by a Master or Journeyman electrician, proof of concurrent employment is required. 

b. To obtain a journeyman license, an applicant shall submit evidence demonstrating they passed the journeyman examination; and

i. Four (4) years, defined as a minimum of eight thousand (8,000) hours, of work experience under the constant on-the-job supervision and training of a journeyman electrician; or

ii. Eight (8) years, defined as a minimum of sixteen thousand (16,000) hours, of work experience in accordance with the requirements of the jurisdiction in which the applicant obtained the experience.

c. To obtain a journeyman license, an applicant with a Recognized License shall comply with Section 54-1007(5), Idaho Code, and submit evidence demonstrating:

i. The applicant’s Recognized License is current, active, and in good standing; and

ii. The applicant obtained the Recognized License by testing from the issuing jurisdiction.

03. Unacceptable Work Experience. The Division will not accept work experience in appliance repair, motor winding, or communications to meet the requirements to take the journeyman examination or obtain a provisional journeyman or journeyman license.

104. LIMITED ELECTRICAL INSTALLER.
To qualify for testing as a limited electrical installer an applicant shall be required to work not less than two (2) years, defined as a minimum of four thousand (4,000) hours of work experience, under the constant on-the-job supervision of a limited electrical installer of the same limited category, or show equivalent requirements have been met in compliance with the requirements of the state in which the experience was received. Experience gained while engaged in the practice of a limited electrical installer or trainee not be considered towards the satisfaction of the minimum experience requirements for licensing as a journeyman electrician.

105. MASTER ELECTRICIAN.
An applicant for a master license must have at least four (4) years’ experience as a licensed journeyman as provided in Section 54-1007, Idaho Code. Upon approval, the applicant may apply to take the examination. Upon passing the examination, the applicant must remit the required fee for the issuance of a master license. A person holding a current master license is not be required to hold a journeyman license.

106. ELECTRICAL CONTRACTOR AND LIMITED ELECTRICAL CONTRACTORS.

01. Qualifications for Contractors.

a. On and after July 1, 2008, except as hereinafter provided, any person shall be eligible to apply for a contractor license upon the following requirements:

i. Applicant shall have at least one (1) full-time employee who holds a valid master license or limited electrical installer license for limited electrical contractors issued by the Division. Licensed contractors who are current and active prior to July 1, 2008, shall not be required to have a master or limited electrical installer as the supervising electrician until a new supervising electrician is designated. A master license or limited electrical installer license will be required for a new supervising electrician designated after July 1, 2008.

ii. The master or limited electrical installer shall be designated the supervising electrician and shall be available during working hours to carry out the duties of supervising, as set forth herein, and who will be responsible for supervision of electrical installations made by said contractor as provided by Section 54-1010, Idaho Code.

iii. An individual contractor may act as his own supervising master electrician or limited electrical installer upon the condition that he holds a valid master electrician license or limited electrical installer license.
iv. Applicant or its designee must pass a contractor examination administered by the Division. Any applicant which purports to be a non-individual (such as, corporation, partnership, company, firm, or association), must designate in writing an individual to represent it for examination purposes. Any such designee shall be a full-time supervisory employee and may not represent any other applicant for a contractor’s license.

b. Any person designated under Paragraph 106.01.a. of these rules, and the contractor he represents, shall each notify the Division in writing if the supervising electrician or the designee’s working relationship with the contractor has been terminated within ten (10) days of the date of termination. If the supervising electrician or the designee’s relationship with the contractor is terminated, the contractor’s license is void within ninety (90) days unless another supervising electrician is qualified by the Division, or unless another duly qualified designee passes the contractor’s examination on behalf of the contractor, as applicable.

02. Required Signatures on Application. An application for a contractor license shall be signed by the applicant or by the official representative of the partnership, company, firm, association, or corporation making the application countersigned by the supervising electrician.

03. Electrical Contracting Work Defined. A contractor license issued by the Division must be obtained prior to acting or attempting to act as a contractor in Idaho.

a. Contracting work includes electrical maintenance or repair work, in addition to new electrical installations, unless such work is expressly exempted by Section 54-1016, Idaho Code.

b. Any person or entity performing or offering to perform contracting services, including, but not limited to, advertising or submitting a bid shall be considered as acting or attempting to act as a contractor and shall be required to be licensed. Advertising includes, but is not limited to: newspaper, telephone directory, community flier ads or notices, telephone, television, radio, internet, business card, or door-to-door solicitations.

c. Any person or entity, not otherwise exempt, who performs or offers to perform contracting work, is acting as a contractor, whether or not any compensation is received.

d. Registered general contractors who submit a bid on a multi-trade construction project that includes a licensed electrical contractor’s pricing shall not be considered as acting or attempting to act as an electrical contractor.

04. Previous Revocation. Any applicant for a contractor license who has previously had his contractor license revoked for cause, as provided by Section 54-1009, Idaho Code, shall be considered as unfit and unqualified to receive a new contractor license so long as such cause for revocation is continuing and of such nature that correction can be made by the applicant.

05. Reviving an Expired License. Any applicant for a contractor license who has allowed his license to expire and seeks to revive it under the provisions of Section 54-1013, Idaho Code, may be denied a license as unfit and unqualified if, while operating under the license prior to expiration, he violates any of the laws or rules applicable to contractors.

06. Qualification and Duties for Supervising Electrician.

a. A master electrician, journeyman, or limited electrical installer shall not be considered as qualified to countersign a contractor license application as the supervising electrician, nor shall said application be approved if he does countersign said application as the supervising electrician, if said individual has had his Idaho contractor license revoked for cause under Section 54-1009, Idaho Code.

b. A supervising electrician shall not countersign for more than one (1) contractor.

c. A journeyman who is a full-time employee of a company, corporation, firm or association with a facility account may sign as supervising journeyman for that facility account in addition to signing as supervising
journeyman for his own contractor’s license so long as the journeyman is listed as the owner and complies with the provisions of Paragraphs 106.01.a. and 01.b. of these rules.

   d. Duties include: assuring that all electrical work substantially complies with the National Electrical Code and other electrical installation laws and rules of the state, and that proper electrical safety procedures are followed; assuring that all electrical labels, permits, and licenses required to perform electrical work are used; assuring compliance with correction notices issued by the Division.

07. Failure to Correct Defects in Electrical Installations. If a supervising electrician countersigns a contractor license application pursuant to Subsection 106.02 of these rules and thereafter willfully fails to correct defects in electrical installations he made or supervised, and such defects are within his power to correct and are not the fault of the contractor, then the Division shall have the power to suspend or revoke said supervising electrician’s license pursuant to Section 54-1009, Idaho Code.

08. Overcharging of Fees. It shall be grounds for suspension or revocation of a contractor license if he charges and collects from the property owner a permit or inspection fee which is higher than the fee actually in effect at the time of such charging and collection, pursuant to the current Laws and Rules of the Division, and the fee remitted by the contractor to the Division is less than the fee actually charged and collected by him.

09. Direct Supervision and Training. It shall be the responsibility of the employing contractor to ensure that each apprentice, trainee, and provisional journeyman perform electrical work only under the constant on-the-job supervision and training of a journeyman or installer.

   a. Journeyman-to-Apprentice Ratio. One (1) journeyman shall not supervise more than four (4) apprentices performing electrical work on one and two-family dwelling units. One (1) journeyman shall not supervise and train more than two (2) apprentices performing electrical work on all other types of electrical installations.

   b. Any electrical contractor violating the journeyman-to-apprentice ratio established in Paragraph 106.09.a. of these rules is presumed to be in violation of the direct supervision requirement of Section 54-1010(1), Idaho Code, and the constant on-the-job supervision requirement of Section 54-1003A(3), Idaho Code. The journeyman-to-apprentice ratio established herein these rules may be adjusted on a case-by-case basis by a showing by an electrical contractor of special circumstances that are peculiar to the work done by that electrical contractor and that allow for effective supervision and training by each journeyman electrician. An electrical contractor must obtain permission from the Division to adjust the journeyman-to-apprentice ratio. Failure to comply with this requirement will be grounds for suspension or revocation of the electrical contractor’s license.

107. JOURNEYMAN ELECTRICIAN PERFORMING LIMITED ELECTRICAL INSTALLATIONS. A journeyman electrician, as defined in Section 54-1003A(2), Idaho Code, is permitted to make any limited electrical installation if designated as the supervising electrician for a limited electrical contractor or performing limited electrical installations for an electrical contractor.

108. FACILITY ACCOUNTS. A facility employer account licensee, as defined by Section 54-1003A, Idaho Code, who uses licensed or registered employees to make installations coming under the provisions of Section 54-1001, Idaho Code, on the licensee’s own premises, shall obtain a facility account license and purchase permits. Employees performing installations under a facility account shall be licensed journeymen, master, or registered apprentice electricians under the constant on-the-job supervision of a licensed journeyman or master as provided in Title 54, Chapter 10, Idaho Code. One (1) properly licensed journeyman or master shall be designated the supervising electrician for the facility account. Individuals employed as maintenance electricians may only perform electrical maintenance in accordance with Section 54-1016, Idaho Code.

109. -- 149. (RESERVED)
150. LICENSE REQUIREMENTS.
The following categories of electrical installations shall be considered limited electrical installations, the practice of which shall require an electrical contractor license or limited electrical contractor license and supervision by a journeyman electrician, master electrician, or limited electrical installer:

01. Elevator, Dumbwaiter, Escalator, or Moving-Walk Electrical. Any person qualifying for and having in his possession a current elevator electrical license may install, maintain, repair, and replace equipment, controls, and wiring beyond the disconnect switch in the machine room of the elevator and pertaining directly to the operation and control thereof when located in the elevator shaft and machine room. He shall be employed by a licensed elevator electrical contractor or electrical contractor, and his installations shall be limited to this category. The holder of such limited license may only countersign a limited electrical contractor’s license application as a supervising limited electrical installer for work within this category.

02. Sign Electrical. Any person qualifying for and having in his possession a current sign electrical license may install, maintain, repair, and replace equipment, controls, and wiring on the secondary side of sign disconnecting means; providing the disconnecting means is located on the sign or within sight therefrom. He shall be employed by a licensed sign electrical contractor or electrical contractor, and his installations shall be limited to this category. The holder of such limited license may only countersign a limited electrical contractor’s license application as supervising limited electrical installer for work within this category.

03. Manufacturing or Assembling Equipment.
   a. A licensed limited electrical manufacturing or assembling equipment installer must be employed by a licensed limited electrical manufacturing or assembling equipment contractor or electrical contractor, and his installation shall be limited to this category. The holder of such limited license may only countersign a limited electrical contractor's license application as a supervising limited electrical installer for work within this category.
   b. Any person licensed pursuant to Paragraph 153.03.a. of these rules may install, maintain, repair, and replace equipment, controls, and accessory wiring, integral to the specific equipment, on the load side of the equipment disconnecting means. Electrical service and feeder are to be installed by others. The licensee may also install circuitry in modules or fabricated enclosures for the purpose of connecting the necessary components which individually bear a label from a nationally recognized testing laboratory when such equipment is designed and manufactured for a specific job installation. All wiring completed shall meet all requirements of Title 54, Chapter 10, Idaho Code, all rules promulgated pursuant thereto, and the most current edition of the National Electrical Code.
   c. Subsection 153.03 of these rules does not apply to a limited electrical manufacturing or assembling equipment installer installing electrical wiring, equipment, and apparatus in modular buildings as that term is defined in Section 39-4105, Idaho Code. Only journeyman electricians and electrical apprentices, employed by an electrical contractor, may perform such installations.

04. Limited Energy Electrical.
   a. Limited energy systems are defined as fire and security alarm systems, class 2 and class 3 signaling circuits, key card operators, nurse call systems, motor and electrical apparatus controls and other limited energy applications covered by the NEC.
   b. Limited energy systems do not include, and no license of any type is required for, the installation of landscape sprinkler controls or communication circuits, wires and apparatus that include telephone systems, telegraph facilities, outside wiring for fire and security alarm systems which are used for communication purposes, and central station systems of a similar nature, PBX systems, audio-visual and sound systems, public address and intercom systems, data communication systems, radio and television systems, antenna systems and other similar systems.
   c. Unless exempted by Section 54-1016, Idaho Code, any person who installs, maintains, replaces or repairs electrical wiring and equipment for limited energy systems in facilities other than one (1) or two (2) family
dwellings shall be required to have a valid limited energy limited electrical license and must be employed by a licensed limited energy limited electrical contractor or electrical contractor. The holder of such limited license may only countersign a limited electrical contractor’s application as a supervising limited electrical installer for work within this category. (7-1-21)

05. Irrigation Sprinkler Electrical. Any person qualifying for and having in his possession, an irrigation system electrical license may install, maintain, repair and replace equipment, controls and wiring beyond the disconnect switch supplying power to the electric irrigation machine. The irrigation machine is considered to include the hardware, motors and controls of the irrigation machine and underground conductors connecting the control centers on the irrigation machine to the load side of the disconnecting device. Disconnect device to be installed by others. All such installations performed by individuals under this Subsection shall be done in accordance with the applicable provisions of the National Electrical Code. He shall be employed by a licensed limited electrical contractor whose license is contingent upon the granting of a limited electrical license to an employee, and his installations shall be limited to this category. The holder of such limited license may not countersign a limited electrical contractor’s license application as supervising limited electrical installer except for work within this category. (7-1-21)

06. Well Driller and Water Pump Installer. All installations performed by individuals under this Subsection shall be done in accordance with the applicable provisions of the approved National Electrical Code. A license holder in this category shall be employed by a licensed well driller and water pump installer limited electrical contractor or electrical contractor, and his installations shall be limited to this category. The holder of such limited license may only countersign a limited electrical contractor’s license application as supervising limited electrical installer for work within this category. Any person currently licensed in this category may perform the following types of installations:

a. Single or three (3) phase water pumps: install, maintain, repair and replace all electrical equipment, wires, and accessories from the pump motor up to the load side, including fuses, of the disconnecting device. Disconnecting device to be installed by others. (7-1-21)

b. Domestic water pumps, one hundred twenty/two hundred forty (120/240) volt, single phase, sixty (60) amps or less: Install, maintain, repair and replace all electrical equipment, wires, and accessories from the pump motor up to and including the disconnecting device. (7-1-21)

c. Temporarily connect into a power source to test the installations, provided that all test wiring is removed before the installer leaves the site. (7-1-21)

d. Individual residential wastewater pumping units. Install, maintain, repair and replace all electrical equipment, wires, and accessories from the pump motor up to and including the disconnecting device for systems that serve one-family, two-family, or three-family residential installations. (7-1-21)

07. Refrigeration, Heating, and Air-Conditioning Electrical Installer. All installation, maintenance, and repair performed by individuals under this Subsection shall be done in accordance with applicable provisions of the National Electrical Code. A license holder in this category shall be employed by a licensed limited electrical contractor whose license shall be covered by this category or electrical contractor, and his installations shall be limited to this category. The holder of such limited license may only countersign a limited electrical contractor’s license application as a supervising limited electrical installer for work in this category. Any person currently licensed in this category may perform the following types of installations, which installations shall be limited to factory-assembled, packaged units:

a. Heating Units (single phase): install, repair, and maintain all electrical equipment, wires, and accessories from the unit up to the load side, including fuses, of the disconnecting device. Disconnecting device to be installed by others. (7-1-21)

b. Refrigeration, Air-Conditioning Equipment and Heat Pumps (single phase): install, repair, and maintain all electrical equipment, wires, and accessories from the unit up to the load side, including fuses, of the disconnecting device. Disconnecting device to be installed by others. (7-1-21)
c. Refrigeration, Air-Conditioning and Heating Systems (three (3) phase): install, maintain, and repair all electrical equipment and accessories up to the load side, including fuses, of the disconnecting device. Disconnecting device to be installed by others. (7-1-21)

08. **Outside Wireman.** All installation, maintenance, and repair not exempt under the provisions of Section 54-1016, Idaho Code, performed by individuals under this Subsection shall be done in accordance with the applicable provisions of the National Electrical Code. A license holder in this category shall be employed by a licensed limited electrical contractor whose license shall be covered by this category or electrical contractor, and his installations shall be limited to this category. The holder of such limited electrical license may only countersign a limited electrical contractor’s license application as a supervising limited electrical installer for work in this category. Applicants for this license category shall provide documentation of having completed an electrical lineman apprenticeship program or similar program approved by the U.S. Department of Labor, Office of Apprenticeship. Any person currently licensed in this category may perform the following types of installations:

a. Overhead distribution and transmission lines in excess of six hundred (600) volts. (7-1-21)
b. Underground distribution and transmission lines in excess of six hundred (600) volts. (7-1-21)
c. Substation and switchyard construction in excess of six hundred (600) volts. (7-1-21)

09. **Solar Photovoltaic.** All installation, maintenance, and repair not exempt under the provisions of Section 54-1016, Idaho Code, performed by individuals under this Subsection shall be done in accordance with the applicable provisions of the National Electrical Code. A license holder in this category shall be employed by a licensed limited electrical contractor whose license shall be covered by this category or electrical contractor, and his installations shall be limited to this category. The holder of such limited electrical license may only countersign a limited electrical contractor’s application as a supervising limited electrical installer for work in this category. Applicants for this license category shall provide proof of photovoltaic installer certification by the North American Board of Certified Energy Practitioners (NABCEP) or equivalent. Any person licensed in this category may perform the following types of installations:

a. Solar Photovoltaic DC Systems: Install, maintain, repair, and replace all electrical equipment, wires, and accessories up to and including the inverter. (7-1-21)
b. Solar Photovoltaic micro-inverter/AC Systems: Install, maintain, repair, and replace all electrical equipment, wires, and accessories up to and including the AC combiner box. (7-1-21)

151. -- 199. (RESERVED)

**SUBCHAPTER E – EXAMINATIONS**
(Rules 200 through 249)

200. **EXAMINATIONS.**

01. **Required Scores.** Applicants are required to achieve a minimum of seventy-five percent exam (75%) scores prior to issuance of the appropriate license or certification. (7-1-21)

02. **Failed Examinations.** An applicant receiving less than passing scores on three examination attempts may be reexamined after providing proof satisfactory to the Board, of completion of a minimum of twenty-four (24) hours of Board-approved related electrical training or continuing education since the date of the last failed examination. (7-1-21)

201. -- 249. (RESERVED)

**SUBCHAPTER F – USE OF THE NATIONAL ELECTRICAL CODE**
(Rules 200 through 299)
ADOPTION AND INCORPORATION BY REFERENCE OF THE NATIONAL ELECTRICAL
CODE.

01. Documents. Under the provisions of Section 54-1001, Idaho Code, the National Electrical Code, 2017 Edition, (herein NEC) is hereby adopted and incorporated by reference for the state of Idaho and are in full force and effect on and after July 1, 2017, with the following amendments:

a. Article 110.3(A) and 110.3(B) shall not apply to submersible well pumps installed in swimming and marine areas; provided however, such articles shall apply to all other equipment required in the installation of a submersible well pump in such areas except for the actual submersible well pump itself. (7-1-21)

b. Article 210.8(A)(7) Sinks. Delete article 210.8(A)(7) and replace with the following: Sinks located in areas other than kitchens where receptacles are installed within one and eight tenths (1.8) meters (six (6) feet) of the outside edge of the sink. (7-1-21)

c. Article 210.8(A)(10). Delete article 210.8(A)(10). (7-1-21)

d. Article 210.8(D). Delete article 210.8(D). (7-1-21)

e. Article 210.52(E)(3). Delete article 210.52(E)(3) and replace with the following: Balconies, Decks, and Porches. Balconies, decks, and porches having an overall area of twenty (20) square feet or more that are accessible from inside the dwelling unit shall have at least one (1) receptacle outlet installed within the perimeter of the balcony, deck, or porch. The receptacle shall not be located more than two (2.0) meters (six and one half (6½) feet) above the balcony, deck, or porch surface. (7-1-21)

f. Add a new Article 225.30(F) – One (1)- or Two (2)-Family Dwelling Unit(s). For a one (1)- or two (2)-family dwelling unit(s) with multiple feeders with conductors one aught (1/0) or larger, it shall be permissible to install not more than six (6) disconnects grouped at one (1) location where the feeders enter the building, provided that the feeder conductors originate at the same switchboard, panelboard, or overcurrent protective device location. (7-1-21)

g. Where the height of a crawl space does not exceed one and four tenths (1.4) meters or four and one half (4.5) feet it shall be permissible to secure NM cables, that run at angles with joist, to the bottom edge of joist. NM cables that run within two and one tenth (2.1) meters or seven (7) feet of crawl space access shall comply with Article 320.23. (7-1-21)

h. Article 334.10(3). Delete Article 334.10(3) and replace with the following: Other structures permitted to be of Types III, IV, and V construction. Cables shall be concealed within walls, floors, or ceilings that provide a thermal barrier of material that has at least a fifteen (15)-minute finish rating as identified in listings of fire-rated assemblies. For the purpose of this section, cables located in attics and underfloor areas that are not designed to be occupied shall be considered concealed. (7-1-21)

i. Article 675.8(B). Compliance with Article 675.8(B) will include the additional requirement that a disconnecting means always be provided at the point of service from the utility no matter where the disconnecting means for the machine is located. (7-1-21)

j. Article 682.10 shall not apply to submersible well pumps installed in swimming and marine areas; provided however, such articles shall apply to all other equipment required in the installation of a submersible well pump in such areas except for the actual submersible well pump itself. (7-1-21)

k. Article 682.11. Add the following exception to Article 682.11: This article shall not apply to service equipment that is located on or at the dwelling unit and which is not susceptible to flooding. (7-1-21)

l. Article 682.13. Add the following exceptions to Article 682.13: Exception No 1. Wiring methods such as HDPE schedule eighty (80) electrical conduit or its equivalent or greater, and clearly marked at a minimum “Caution Electrical” to indicate that it contains electrical
conductors shall be approved. It shall be buried whenever practical, and in accordance with the requirements of the authority having jurisdiction. The use of gray HDPE water pipe rated at two hundred (200) PSI (e.g. SIDR-7 or DR-9) is suitable for use as a chase only when the following conditions are met:

(1) When internal conductors are jacketed submersible pump cable. (7-1-21)

(2) When used in continuous lengths, directly buried, or secured on a shoreline above and below the water line. (7-1-21)

(3) When submersible pump wiring terminations in the body of water according to 682.13 Exception No. 2 are met. (7-1-21)

to 682.13 Exception No. 2. Any listed and approved splices required to be made at the submersible well pump itself, outside of a recognized submersed pump sleeve or housing, when wires are too large to be housed inside such sleeve, shall be covered with a non-metallic, impact resistant material, no less than one quarter (.25) inches thick, such as heavy duty heat shrink or other equivalent method approved by the authority having jurisdiction. (Eg. install a heat shrink over the sleeve or housing that the submersible well pump is installed in, and then recover (apply heat) the heat shrink over both the HDPE and the water line). At least six (6) inches shall be over the sleeve and at least twelve (12) inches over the HDPE and water line. (7-1-21)

ii. Exception No. 3. Pipe, conduit, PVC well casing, or other electrically unlisted tubing may be used as a chase, but not as a raceway, to protect conductors or cables from physical damage. Conductors or cables within a chase shall be rated for the location. (7-1-21)

m. Article 682.14. Add the following additional exception to Article 682.14: For installations of submersible well pumps installed in public swimming and marine areas, submersible well pumps shall be considered directly connected and shall be anchored in place. Ballast is an acceptable form of anchoring. (7-1-21)

n. Article 682.14(A). Add the following exception to Article 682.14(A): For installations of submersible well pumps installed in public swimming and marine areas, motor controller circuits such as remotely located stop pushbutton/s, disconnect/s, relay/s or switches shall be permitted as a required disconnecting means. Such circuits shall be identified at a minimum as “Emergency Pump Stop”, or “Emergency Stop” with other obvious indications on the visible side of the enclosure, that it controls a submersible pump in the body of water. (7-1-21)

o. Article 682.15. Add the following exceptions to Article 682.15:

i. Exception No. 1. Submersible pumps, and their motor leads, located in bodies of water, and that are rated sixty (60) amperes maximum, two hundred fifty (250) volts maximum of any phase, shall have GFCI or Ground Fault Equipment Protection designed to trip at a maximum of thirty (30) milliamps or less, protected by means selected by a licensed installer, meeting listing or labeling requirements, and inspected by the AHJ prior to submersion in bodies of water. (7-1-21)

ii. Exception No. 2. Installations or repair and replacement of submersible pumps located in bodies of water, that are rated over sixty (60) amperes, and rated at any voltage, shall be evaluated by a qualified designer or experienced licensed contractor, or involve engineering or be engineered, for each specific application, with the goal of public safety. Whenever possible, GFCI or Ground Fault Equipment Protection designed to trip at a maximum of thirty (30) milliamps or less, meeting listing or labeling requirements, shall be installed, and inspected by the AHJ prior to submersion in bodies of water. (7-1-21)

p. Article 550.32(B). Compliance with Article 550.32(B) shall limit installation of a service on a manufactured home to those homes manufactured after January 1, 1992. (7-1-21)

q. Poles used as lighting standards that are forty (40) feet or less in nominal height and that support no more than four (4) luminaires operating at a nominal voltage of three hundred (300) volts or less, shall not be considered to constitute a structure as that term is defined by the National Electrical Code (NEC). The disconnecting means shall not be mounted to the pole. The disconnecting means may be permitted elsewhere in accordance with NEC, Article 225.32, exception 3. SEC special purpose fuseable connectors (model SEC 1791–DF or model SEC
1791-SF) or equivalent shall be installed in a listed handhole (underground) enclosure. The enclosure shall be appropriately grounded and bonded per the requirements of the NEC applicable to Article 230-Services. Overcurrent protection shall be provided by a (fast-acting – minimum - 100K RMS Amps 600 VAC) rated fuse. Wiring within the pole for the luminaires shall be protected by supplementary overcurrent device (time-delay – minimum - 10K RMS Amps 600 VAC) in break-a-away fuse holder accessible from the hand hole. Any poles supporting or incorporating utilization equipment or exceeding the prescribed number of luminaires, or in excess of forty (40) feet, shall be considered structures, and an appropriate service disconnecting means shall be required per the NEC. All luminaire-supporting poles shall be appropriately grounded and bonded per the NEC.

Compliance with Article 210.12 Arc-Fault Circuit-Interrupter Protection. Article 210.12 shall apply in full. Exception: In dwelling units Arc-Fault Circuit-Interrupter Protection shall only apply to all branch circuits and outlets supplying bedrooms. All other locations in dwelling units are exempt from the requirements of Article 210.12.

Availability. A copy of the National Electrical Code is available at the offices of the Division.

251. --299. (RESERVED)

SUBCHAPTER G – CONTINUING EDUCATION REQUIREMENTS
(Rules 300 through 349)

300. CONTINUING EDUCATION REQUIREMENTS.
Journeymen and master electricians must complete at least twenty-four (24) hours of continuing education instruction in every three (3) year period between renewals of such licenses. The twenty-four (24) hours of instruction shall consist of eight (8) hours of code update covering changes included in the latest edition of the National Electrical Code. The remaining sixteen (16) hours may consist of any combination of code-update training, code-related training, or industry-related training. Proof of completion of these continuing education requirements must be submitted to the Division prior to or with the application for license renewal by any such licensee in order to renew a journeyman or master electrician license for the code change year.

Verification. Completion of continuing education requirements will be verified by the Division prior to, or with the application for licensure renewal by any licensee in order to renew a license.

301. -- 399. (RESERVED)

SUBCHAPTER H – CERTIFICATION AND APPROVAL OF ELECTRICAL PRODUCTS AND MATERIALS
(Rules 400 through 449)

400. CERTIFICATION AND APPROVAL OF ELECTRICAL PRODUCTS AND MATERIALS.
In the state of Idaho, all materials, devices, fittings, equipment, apparatus, luminaires, and appliances installed or to be used in installations that are supplied with electric energy shall be approved as provided in one (1) of the following methods:

Testing Laboratory. Be tested, examined, and certified (Listed) by a Nationally Recognized Testing Laboratory (NRTL).

Field Evaluation. Non-listed electrical equipment may be approved for use through a field evaluation process performed in accordance with recognized practices and procedures such as those contained in the 2012 edition of NFPA 791 - Recommended Practice and Procedures for Unlabeled Electrical Equipment Evaluation published by the National Fire Protection Association (NFPA). Such evaluations shall be conducted by:

a. The authority having jurisdiction;

b. A field evaluation body approved by the authority having jurisdiction. The field evaluation body
shall meet minimum recognized standards for competency, such as NFPA 790 - Standard for Competency of Third-Party Field Evaluation Bodies, 2012 edition, published by the National Fire Protection Association (NFPA); or

(7-1-21)T

c. In the case of industrial machinery only, as defined by NFPA 79 - Electrical Standard for Industrial Machinery, 2012 edition, a field evaluation may be performed by a professional engineer currently licensed to practice electrical engineering by the state of Idaho and who is not involved in the design of the equipment being evaluated or the facility in which the equipment is to be installed. (7-1-21)T

03. Availability of NFPA Standards. The most recent edition of NFPA 790 - Standard for Competency of Third-Party Field Evaluation Bodies, and NFPA 791 - Recommended Practice and Procedures for Unlabeled Electrical Equipment Evaluation published by the National Fire Protection Association (NFPA) are available at the Division. (7-1-21)T

401. -- 449. (RESERVED)

SUBCHAPTER I – CIVIL PENALTIES
(Rules 450 through 499)

450. CIVIL PENALTIES.
Except for the acts described in Subsections 450.01 and 450.11 of this rule, the acts described in this section shall subject the violator to a civil penalty of not more than two hundred dollars ($200) for the first offense and not more than one thousand dollars ($1,000) for each offense that occurs thereafter within one (1) year of an earlier violation. (7-1-21)T

01. Electrical Contractor. Except as provided by Section 54-1016, Idaho Code, any person who acts, or purports to act as an electrical contractor, as defined by Section 54-1003A, Idaho Code, without a valid Idaho state electrical contractor’s license shall be subject to a civil penalty of not more than five hundred dollars ($500) for the first offense and a civil penalty of not more than one thousand dollars ($1,000) for each offense thereafter. (7-1-21)T

02. Employees. Any person, who knowingly employs a person who does not hold a valid Idaho state electrical license or registration as required by Section 54-1010, Idaho Code, to perform electrical installations. (7-1-21)T

03. License or Registration. Except as provided by Section 54-1016, Idaho Code, any person performing electrical work as a journeyman electrician as defined by Section 54-1003A(2), Idaho Code, limited electrical installer as defined by Section 54-1003A(6), Idaho Code, apprentice electrician as defined by Section 54-1003A(3), Idaho Code, or a limited electrical installer trainee as defined by Section 54-1003A(8), Idaho Code, without a valid license or registration. (7-1-21)T

04. Journeyman to Apprentice Ratio. Any electrical contractor or facility account employing electricians in violation of the journeyman to apprentice ratio established by the Board. (7-1-21)T

05. Supervision. Any contractor failing to provide constant on-the-job supervision to apprentice electricians or trainees by a qualified journeyman electrician or limited electrical installer. (7-1-21)T

06. Performance Outside Scope of License. Any limited electrical contractor or limited electrical installer performing electrical installations, alterations or maintenance outside the scope of the contractor’s or installer’s limited electrical license. (7-1-21)T

07. Fees and Permits. Any person failing to pay applicable fees or properly post an electrical permit. (7-1-21)T

08. Failure to Request an Inspection. Any person who fails to request an inspection prior to covering an electrical installation or at the completion of an electrical installation. (7-1-21)T

09. Corrections. Any person who fails to make corrections in the time allotted in the notice on any
electrical installation as set forth in Section 54-1004, Idaho Code.

10. **Failure to Disclose.** Any applicant for an electrical registration, license, or certificate of competency who upon request fails to disclose any required information including, but not limited to, their complete licensure history or the fact that they have been previously granted a recognized license.

11. **Gross Violation.** In the case of continued, repeated or gross violation of Title 54, Chapter 10, Idaho Code, or these rules, a license revocation shall be initiated for licensees under this chapter and non-licensees shall be subject to prosecution by the appropriate jurisdiction under Idaho law.
000. **LEGAL AUTHORITY.**
The rules are promulgated pursuant to Sections 54-2605(1) and 54-2606(3), Idaho Code. (7-1-21)T

001. **SCOPE.**
The rules prescribe criteria for plumbing permits, fee schedules for plumbing permits, inspections of plumbing installations, the issuance of licenses for plumbing installation, adoption and amendment of the Idaho State Plumbing Code, and civil penalties. (7-1-21)T

002. **INCORPORATION BY REFERENCE.**
The Idaho State Plumbing Code, 2017 Edition, is incorporated by reference into these rules as further specified in Rule 301. (7-1-21)T

003. -- 006. (RESERVED)

007. **DEFINITIONS.**

1. **Fixture.** Any water using or waste producing unit attached to the plumbing system, and includes sewers, water treatment equipment, solar systems, sprinkler systems, hot tubs and spas. (7-1-21)T

008. -- 100. (RESERVED)

**SUBCHAPTER A – PLUMBING PERMITS, FEE SCHEDULE, AND SAFETY INSPECTIONS**
(Rule 101 through 103)

101. **PERMITS.**

1. **Plumbing Contractors.** Permits will be furnished to licensed plumbing contractors upon request. Permit serial numbers must be registered in the name of the plumbing contractor and are transferable only as provided herein these rules. (7-1-21)T

2. **Home Owners.** Home owners making plumbing installations on their own premises under the provisions of Section 54-2602, Idaho Code, must secure a plumbing permit by making application to the Division as provided by Section 54-2620, Idaho Code. (7-1-21)T

3. **Commercial, Industrial and Others.** The application form must be properly completed, and returned to the Division together with a verified copy of bid acceptance and the proper permit fee as hereinafter provided. Persons, companies, firms, associations, or corporations making plumbing installations, other than on their own property, must be licensed as a contractor by the state of Idaho as provided by Section 54-2610, Idaho Code. (7-1-21)T

4. **Expiration of Permit.** Every permit expires and becomes null and void if the work authorized by such permit is not commenced within one hundred twenty (120) days from the date of permit issuance, or if work authorized by such permit is suspended or abandoned at any time after work is commenced for a period of one hundred twenty (120) days. Before such work can be recommenced, a new permit must first be obtained, and the fee is one-half (1/2) the amount of a new permit for such work; provided, no changes have been made, or will be made in the original plans and specifications for such work; and provided further, that such suspension or abandonment has not exceeded one (1) year. All plumbing fixtures must be listed on the application for permit. (7-1-21)T

5. **Transferring a Permit.** A plumbing permit may be transferred to another eligible party if such party provides to the Division written authorization signed and notarized by the original permit holder consenting to the transfer itself, as well as assignment of all responsibilities and conditions incorporated into the original permit issuance. A permit may be transferred to the owner of the property on which the plumbing work is to be performed and for which the permit was issued, or such owner’s designated legal agent in cases where the property owner has terminated their legal relationship with the plumbing contractor who originally obtained the permit. An administrative fee in the amount of forty-five dollars ($45) for the transfer of a permit will be assessed by the Division. (7-1-21)T

102. **PERMIT FEE SCHEDULE.**

1. **New Residential.** Includes all buildings with plumbing systems being constructed on each
property. The following fees shall apply to new residential construction:

<table>
<thead>
<tr>
<th>One-Family Dwelling</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Square Feet</strong></td>
</tr>
<tr>
<td>-----------------</td>
</tr>
<tr>
<td>Up to 1,500</td>
</tr>
<tr>
<td>1,501 to 2,500</td>
</tr>
<tr>
<td>2,501 to 3,500</td>
</tr>
<tr>
<td>3,501 to 4,500</td>
</tr>
<tr>
<td>Over 4,500</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Two- or Multi-Family Dwelling</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Dwelling</strong></td>
</tr>
<tr>
<td>----------------</td>
</tr>
<tr>
<td>Two-family dwelling</td>
</tr>
<tr>
<td>Multi-family dwelling</td>
</tr>
</tbody>
</table>

(7-1-21)T

02. **Miscellaneous.** The following fees shall apply for the types of permits listed:

<table>
<thead>
<tr>
<th>Type</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Existing residential</td>
<td>$65 per inspection plus $10 for each additional fixture</td>
</tr>
<tr>
<td>Requested inspection</td>
<td>$65 per hour or portion thereof plus costs of out-of-state travel</td>
</tr>
<tr>
<td>Technical service</td>
<td>$65 per hour or portion thereof</td>
</tr>
<tr>
<td>Plan check</td>
<td></td>
</tr>
<tr>
<td>Mobile home, manufactured home, or recreational vehicle park</td>
<td></td>
</tr>
<tr>
<td>Sewer or water service line - nonresidential (new construction, installations, and replacements)</td>
<td>Calculated under Subsection 102.03 of these rules</td>
</tr>
<tr>
<td>Reclaimed water system</td>
<td></td>
</tr>
<tr>
<td>Lawn sprinkler system - nonresidential</td>
<td></td>
</tr>
<tr>
<td>Lawn sprinkler system - residential</td>
<td></td>
</tr>
<tr>
<td>Sewer or water service line - residential (new construction, installations, and replacements)</td>
<td>$65 per inspection</td>
</tr>
<tr>
<td>Mobile or manufactured home</td>
<td></td>
</tr>
<tr>
<td>Modular building</td>
<td></td>
</tr>
</tbody>
</table>
03. Other Installations Including Industrial and Commercial. The fees listed in this Subsection shall apply to plumbing installations in this schedule that refer to this Subsection and installations not specifically mentioned elsewhere in this schedule. The plumbing system cost shall be the cost to the owner of labor charges and other costs incurred to complete the installation of plumbing equipment and materials installed as part of the plumbing system. All fees calculated under this Subsection must be based on the total plumbing system cost, which must be listed on the permit.

<table>
<thead>
<tr>
<th>Plumbing System Cost</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to $10,000</td>
<td>$60 plus 2% of plumbing system cost</td>
</tr>
<tr>
<td>$10,000 to $100,000</td>
<td>$260 plus 1% of plumbing system cost exceeding $10,000</td>
</tr>
<tr>
<td>Over $100,000</td>
<td>$1,160 plus 0.5% of plumbing system cost exceeding $100,000</td>
</tr>
</tbody>
</table>

04. Additional Fees. A fee of sixty-five dollars ($65) per hour or portion thereof shall apply to trips to inspect when the permit holder has given notice to the Division of Building Safety that the work is ready for inspection and it is not:

a. If the permit holder has not accurately identified the work location; (7-1-21)T
b. If the inspector cannot gain access to make the inspection; (7-1-21)T
c. Corrections required by the inspector as a result of the permit holder improperly responding to a corrective notice. (7-1-21)T
d. When corrections have not been made in the prescribed time, unless an extension has been requested and granted. (7-1-21)T

05. No Permit. Failure to purchase a permit before commencing work may result in the assessment of a double fee. (7-1-21)T

103. REQUIRED INSPECTIONS.

01. Ground Work Inspection Tags. For ground work to be covered, with acceptance by the inspector. A tag will be attached in a prominent location, preferably to a vertical riser. (7-1-21)T

02. Rough-In Inspection Tags. For rough-in, prior to covering or concealing, with acceptance by the inspector. A tag will be placed in a prominent location. (7-1-21)T

03. Final Inspection Tags. For final, attached when the plumbing as specified on the permit is complete and conforms to the requirements of the code. (7-1-21)T

04. Inspection Tags for Unacceptable Plumbing. Correction Notice - when attached to the plumbing
system means that the plumbing is not acceptable and that corrections are required. A reinspection and reinspection fee for such installations shall be required in accordance with this chapter. (7-1-21)

104. -- 199. (RESERVED)

SUBCHAPTER B – PLUMBING SAFETY LICENSING
(Rule 201 through 210)

201. LICENSURE HISTORY.
An applicant for any plumbing registration or certificate of competency who has been previously licensed as a journeyman or master plumber in any recognized jurisdiction is required upon application to the Division of Building Safety to disclose such licensure history and provide sufficient proof thereof. An applicant for any plumbing registration or certificate of competency who has been previously licensed as a journeyman or master plumber in any recognized jurisdiction will not be issued a plumbing apprentice registration. (7-1-21)

202. APPRENTICE REGISTRATION.
A person wishing to become a plumbing apprentice must register with the Division prior to going to work. The minimum age for any apprentice must be sixteen (16) years. No examination is required for such registration. (7-1-21)

01. Work Requirements. A plumbing apprentice must work at the trade under the constant on-the-job supervision of a journeyman and in the employ of a contractor for a total of four (4) years, defined as a minimum of eight thousand (8,000) hours work experience in order to be eligible for a journeyman certificate of competency. (7-1-21)

02. Schooling Requirements. A plumbing apprentice must complete a Board-approved related course of instruction for four (4) years in order to be eligible for a journeyman certificate of competency. Unless prior approval has been granted by the Division the apprentice must complete the required course work sequentially: year one (1) must be completed prior to beginning year two (2); year two (2) must be completed prior to beginning year three (3); and year three (3) must be completed prior to beginning year four (4). A minimum of one hundred forty-four (144) hours of classroom or other Idaho Plumbing Board-approved instruction time per school year is required. A grade average of seventy percent (70%) must be attained in these courses. Upon completion of apprenticeship schooling, the apprentice must obtain a certificate of completion, or a letter signed by the chairman of his apprenticeship committee, and attach the certificate or letter to his application for a journeyman license. (7-1-21)

03. Journeyman Examination.

a. Any plumbing apprentice who desires to take the written portion of the journeyman examination must complete an Idaho Plumbing Board approved related course of instruction for four (4) years as described in Subsection 202.02 of these rules prior to the date of the exam and provide a certificate of completion with the application for examination. There is no minimum work requirement in order to be eligible to take the written portion of the plumbing journeyman examination. (7-1-21)

b. Successful completion of the journeyman written examination does not eliminate the requirement to complete four (4) years of work experience, defined as eight thousand (8,000) hours, under the constant on-the-job supervision of a journeyman plumber or the practical portion of the examination in order to be issued a journeyman certificate of competency. Successful completion of the written plumbing journeyman examination notwithstanding, no journeyman certificate of competency will be issued until an apprentice successfully completes the practical portion for the examination and furnishes to the Division proof of satisfaction of the work requirements contained in Subsection 011.01 of these rules. Satisfaction of the work requirements contained in Subsection 202.01 of these rules is required before any individual is eligible to take the practical portion of the journeyman examination. (7-1-21)

203. JOURNEYMAN.

01. Qualifications for Journeyman Plumber. An applicant for a journeyman plumber's certificate of competency must have at least four (4) years' experience as an apprentice making plumbing installations under the constant on-the-job supervision of a qualified journeyman plumber, as provided by Section 54-2611, Idaho Code.
Pipe fitting will not be accepted as qualifications for a journeyman plumber's certificate of competency. In order to obtain a journeyman certificate of competency, an individual must submit an application for examination and license. The application must be accompanied by proof the applicant has completed an approved course of instruction for four (4) years as provided in Subsection 202.02 of these rules. The journeyman examination may be taken by an individual who has successfully completed a Board-approved course of instruction for four (4) years as described in Subsection 202.03 of these rules. The examination fee is as prescribed by Section 54-2614, Idaho Code, and must accompany the application.

02. Examination. The journeyman examination grade is based on answers to written questions and practical work performed on plumbing installations as determined by the Division after successful completion of the written examination. Time allowed for the written examination is four (4) hours. A passing grade is required on the written examination. The practical portion of the exam may be performed on a job in-progress or in a laboratory setting and must consist of work performed in either a residential or commercial application. The practical portion of the exam must pass with no violations.

03. Out-of-State Journeyman Applications.

a. Exhibition of a license issued by another recognized jurisdiction may be accepted as proof of meeting the experience and schooling requirements listed in Subsections 203.01 and 203.02 of these rules. An application for a journeyman certificate of competency from an individual previously licensed as a journeyman in another jurisdiction recognized by the Idaho Plumbing Board must include satisfactory proof of licensure in such jurisdiction. The applicant must pay all applicable application and examination fees to the Division, and successfully complete the journeyman examination administered by the Division.

b. An application for a journeyman certificate of competency from an individual who has never been previously licensed as a journeyman in a jurisdiction recognized by the Board must include evidence that demonstrates that the applicant has four (4) years of plumbing work experience of a nature at least equivalent to that which a plumbing apprentice must perform in Idaho, as well as four (4) years of schooling equivalent to that which a plumbing apprentice must complete in Idaho. Alternatively, such an applicant may submit proof verifying eight (8) years, defined as a minimum of sixteen thousand (16,000) hours of plumbing work experience of a nature at least equivalent to that which a plumbing apprentice must perform in Idaho. Upon submission of sufficient proof of having completed such experience and schooling requirements, such applicant must also pay all applicable application and examination fees to the Division, and successfully complete the journeyman examination administered by the Division.

204. PLUMBING CONTRACTOR.

01. Qualifications for Plumbing Contractor. A plumbing contractor must be certified as competent by the Idaho Plumbing Board and the administrator of the Division before he offers his service to the public. To obtain the certificate, he must first submit an acceptable application. The applicant must possess an active journeyman plumbing certificate of competency issued by the Division, a provable minimum of two and one-half (2 1/2) years' experience as a licensed journeyman plumber in the state of Idaho, as well as provide payment to the Division for all applicable application and examination fees, and successfully complete the contractor examination administered by the Division. The compliance bond required by Section 54-2606, Idaho Code, is be required to be on file with the Division upon successful completion of the examination. The examination fee is as prescribed by Section 54-2614, Idaho Code.

02. Out-of-State Contractor Applications.

a. An applicant for a contractor certificate of competency who has previously been licensed as a journeyman in another jurisdiction recognized by the Idaho Plumbing Board must first obtain an Idaho journeyman certificate of competency in accordance with Section 203 of these rules. Such applicants may provide proof of two and one half (2 1/2) years of experience as a plumbing journeyman by providing satisfactory evidence to the Division of such work history in another recognized jurisdiction. Such applicants must also pay all applicable application and examination fees to the Division, and successfully complete the contractor examination administered by the Division. The compliance bond required by Section 54-2606, Idaho Code, is required to be on file with the Division upon successful completion of the examination.
b. An applicant for a contractor certificate of competency who has never been previously licensed as a journeyman in a jurisdiction recognized by the Idaho Plumbing Board must first obtain an Idaho journeyman certificate of competency in accordance with Section 203 of these rules. Such applicants must also provide proof of four (4) years of experience performing plumbing work of a nature equivalent to what a journeyman in Idaho must demonstrate to qualify for a contractor certificate of competency. Proof of such work experience may be provided by the submission of three (3) sworn affidavits from individuals attesting to the fact that the applicant has had at least four (4) years' experience performing such work. Alternatively, such an applicant must provide proof of two and one half (2 1/2) years of experience as a journeyman plumber in the state of Idaho. Such applicants must also pay all applicable application and examination fees to the Division, and successfully complete the contractor examination administered by the Division. The compliance bond required by Section 54-2606, Idaho Code, is required to be on file with the Division upon successful completion of the examination. Applications that are incomplete in any detail will be returned as unacceptable, or denied. (7-1-21)

03. **Restrictive Use of Contractor Certificate.** Any individual holding a contractor certificate and designated by a firm to represent that firm for licensing purposes represents one (1) firm only, and must immediately notify the Division in writing when his working arrangement with that firm has been terminated for purposes of becoming self-employed or affiliation with another firm, or for any other reason. A license holder cannot represent any other person or firm, self-employed or otherwise, than originally stated on his application for license. When a change is made, he is required to so inform the Division. Otherwise, he is guilty of transferring his license in violation of Section 54-2610, Idaho Code, and is subject to license suspension, revocation, or refusal to renew under Section 54-2608, Idaho Code. (7-1-21)

04. **Previous Revocation.** Any applicant for a plumbing contractor's license who has previously had his plumbing contractor's license revoked for cause, as provided by Section 54-2608, Idaho Code, is considered as unfit and unqualified to receive a new plumbing contractor's license so long as such cause for revocation is continuing, and of such a nature that correction can be made by the applicant. (7-1-21)

05. **Reviving an Expired License.** Any applicant for a plumbing contractor's license who has allowed his license to expire and seeks to revive it under the provisions of Section 54-2617, Idaho Code, may be denied a license as unfit and unqualified if, while operating under the license prior to expiration, he violated any of the laws, rules or regulations applicable to plumbing contractors, and such violation is continuing, and of such a nature that corrections can be made by the applicant. (7-1-21)

06. **Effective Dates.** The effective dates of the compliance bond referred to in Subsection 204.01 of these rules coincide with the effective dates of the contractor's license. Proof of renewal of the compliance bond must be on file with the Division before the contractor can renew or revive his license. (7-1-21)

07. **Plumbing Contractor's Responsibility.** It is the responsibility of the plumbing contractor to ensure that all his employees working at the plumbing trade are licensed as provided by Idaho Code and these rules. (7-1-21)

08. **Advertising.** Any person or entity advertising to engage in the business, trade, practice, or work of a plumbing contractor as defined in Section 54-2611, Idaho Code, who does not possess a current and valid plumbing contractor certificate of competency issued by the Division of Building Safety, is in violation of the licensing provisions of Title 54, Chapter 26, Idaho Code. Such conduct is punishable as a misdemeanor as prescribed by Section 54-2628, Idaho Code, and subject to civil penalties in accordance with these rules. (7-1-21)

a. For the purposes of this Section, advertising includes, but is not limited to: newspaper, telephone directory, community flier ads or notices; telephone, television, radio, internet, or door-to-door solicitations. (7-1-21)

b. Any advertising, as defined in Subsection 204.08 of these rules, conducted by those persons or entities with a valid certificate of competency must include the contractor certificate of competency number. (7-1-21)

205. **APPLICATIONS.**
All applications for licenses must be properly completed giving all pertinent information, and signatures must be notarized. An application for a license must be submitted to the administrator of the Division and must be approved by an authorized representative of the Division before any examination is given and before any license is issued. The provisions of this section do not apply to renewal of licenses. (7-1-21)

206. EXAMINATIONS.

01. Examinations for Journeyman Plumber. Written examinations for any journeyman plumber's license are formulated and approved by the Idaho Plumbing Board. Examination questions are based on the practical application of the Uniform Plumbing Code. No certificate of competency will be issued unless the applicant receives a final grade of seventy-five percent (75%) or higher on the written examination and passes the practical portion with no violations, as well as completes the work requirements described in Paragraph 202.03.a. of these rules. An applicant receiving a grade of less than seventy-five percent (75%) may apply for reexamination upon payment of the examination fee. An applicant has six (6) months to achieve a passing score. If an applicant does not achieve a passing score in six (6) months, the applicant must enroll in year four (4) in a, Idaho Plumbing Board-approved related training course, complete year four (4), be registered with the Division as an apprentice, and maintain registration as per Section 202 of these rules before the applicant will be eligible to apply for examination. A completion certificate for year four (4) and the proper application fee must accompany a new application for a journeyman examination. (7-1-21)

02. Professional Testing Services. In lieu of the administration by the Idaho Plumbing Board of the examination for licenses pursuant to this rule, the Idaho Plumbing Board may contract with a professional testing service to administer the examination, and require license applicants to pay to the testing service the fee that they have set for the administration and to take such examination at the time set by such service. If the examination is conducted in this fashion, the Idaho Plumbing Board may charge and retain the application fee provided for by Section 54-2616, Idaho Code, to cover the cost of reviewing the applicant's application. (7-1-21)

207. CERTIFICATES OF COMPETENCY – ISSUANCE, RENEWAL, EXPIRATION, REVIVAL – FEES.

01. Issuance. Certificates of competency will be issued in such a manner as to create a renewal date that coincides with the birthdate of the individual to whom the certificate is issued and allows for renewals every three (3) years. (7-1-21)

a. Certificates of competency will be issued for a period of no less than one (1) year and no more than three (3) years. For example: a qualified applicant who applies for a certificate of competency in August of year one (1) but whose birthday will not occur until March of year two (2) will be issued a certificate of competency renewable on the anniversary of the applicant's birthdate. (7-1-21)

b. The fee for issuance of certificates of competency will be prorated based on the number of months for which it is issued. (7-1-21)

02. Renewal. Certificates of competency will be renewed in such a manner as will achieve a staggered system of certificate renewal using the birthdate of the individual to whom the certificate is issued as the expiration date. (7-1-21)

a. Certificates of competency will be renewed for a period of no less than one (1) year and no more than three (3) years. (7-1-21)

b. The fee for renewal of certificates of competency will be prorated based on the number of months for which it is issued. (7-1-21)

c. Continuing Education. The Idaho Plumbing Board will establish criteria for approval of instruction and instructors and courses and instructors will be approved by the Division of Building Safety. Proof of completion of the following continuing education requirements must be submitted to the Division prior to, or with the application for, licensure renewal by any licensee in order to renew a journeyman or contractors plumbing license. (7-1-21)
i. Journeymen must complete eight (8) hours of continuing education for every three-year license cycle, or complete an exam administered by the Division. Of the required eight (8) hours, four (4) hours must be plumbing code update related and the other four (4) hours may be industry related training. (7-1-21)T

ii. Contractors must complete sixteen (16) hours of continuing education for every three-year license cycle. Hours accrued obtaining journeyman education may be applied toward this requirement whenever applicable. (7-1-21)T

03. Expiration - Revival. (7-1-21)T

a. A certificate that has expired may be revived in accordance with Section 54-2617, Idaho Code by submitting a completed application and meeting all other certification requirements. (7-1-21)T

b. Revived certificates will be issued in such a manner as to create a renewal date that coincides with the birthdate of the applicant to achieve a staggered system of renewal. (7-1-21)T

208. APPLIANCE PLUMBING SPECIALTY LICENSE.
The purpose of this section is to set out the special types of plumbing installations for which an appliance plumbing specialty license is required; to set out the minimum experience requirements for such licenses; and to describe the procedure for securing such licenses. (7-1-21)T

01. Qualified Journeyman Plumbers. Qualified journeyman plumbers as defined in Section 54-2611(b), Idaho Code, are permitted to make installations as subsequently described herein without securing an additional license for said installation. (7-1-21)T

02. Qualified Apprentice Plumbers. Qualified apprentice plumbers as defined in Section 54-2611(c), Idaho Code, are permitted to make installations as subsequently described herein without securing an additional license for said installation. (7-1-21)T

03. Minimum Experience Requirements. (7-1-21)T

a. Experience gained by an individual while engaged in the practice of appliance plumbing specialty is not considered towards the satisfaction of the minimum experience requirements for licensing as a journeyman plumber. (7-1-21)T

b. All qualified appliance plumbing specialty journeymen must be licensed and be in the employ of a licensed plumbing contractor or specialty contractor limited to this category. (7-1-21)T

c. Appliance plumbing specialty contractors must have a two thousand dollar ($2,000) surety bond, thirty (30) months minimum journeyman experience, and successful completion of appliance plumbing specialty contractor's test. (7-1-21)T

d. Appliance plumbing specialty journeymen must have eighteen (18) months apprentice on-the-job experience, satisfactory completion of seventy-two (72) hours of Idaho Plumbing Board-approved, related training classes and successful completion of the appliance plumbing specialty journeyman's test. (7-1-21)T

e. Appliance plumbing specialty apprentices must be employed by a licensed contractor, under the supervision of a journeyman, be enrolled in or have completed Idaho Plumbing Board-approved related training classes and maintain state registration. (7-1-21)T

04. Special Grandfathering Provision. (7-1-21)T

a. Contractor: In lieu of the thirty (30) months minimum journeyman experience requirement, an individual may use five (5) years' experience of owning and operating a business where this specialty applies and satisfactory completion of seventy-two (72) hours of Idaho Plumbing Board-approved related training classes. For this purpose, a business is defined as an activity in which tax returns were required to be and have been filed for at least five (5) years. (7-1-21)T
b. Journeyman: In lieu of the eighteen (18) months apprentice on-the-job experience requirement, an individual may use five (5) years' experience working for a business where this specialty applies. For this purpose, working for a business is defined as being issued a W-2 earning form from a related business or businesses for at least five (5) years.

05. Examinations for Specialty Licenses. Written examinations for specialty plumbing licenses are formulated from the practical application of the sections of the Uniform Plumbing Code.

06. Scope of Work Permitted. Permitted to disconnect, cap, remove, and reinstall within sixty (60) inches of original location: water heating appliance, water treating or filtering devices; air or space temperature modifying equipment which involves potable water; humidifier; temperature and pressure relief valves; condensate drains and indirect drains in one-family and two-family residences only. Does not include installation, testing, or certifying of backflow prevention devices. Does NOT include any modification to the drain, waste or vent systems. Must comply with all Idaho plumbing laws and rules and the requirements of the Uniform Plumbing Code.

209. WATER PUMP PLUMBING SPECIALTY LICENSE.
The purpose of this section is to set out the special types of plumbing installations for which a water pump plumbing specialty license is required; to set out the minimum experience requirements for such licenses; and to describe the procedure for securing such licenses.

01. Qualified Journeyman Plumbers. Qualified journeyman plumbers as defined in Section 54-2611(b), Idaho Code, are permitted to make installations as subsequently described herein without securing an additional license for said installation.

02. Qualified Apprentice Plumbers. Qualified apprentice plumbers as defined in Section 54-2611(c), Idaho Code, are permitted to make installations as subsequently described herein without securing an additional license for said installation.

03. Minimum Experience Requirements.

a. Experience gained by an individual while engaged in the practice of water pump plumbing specialty is not considered towards the satisfaction of the minimum experience requirements for licensing as a journeyman plumber.

b. All qualified water pump plumbing specialty journeymen must be licensed and be in the employ of a licensed plumbing contractor or specialty contractor limited to this category.

c. Water pump plumbing specialty contractors must have a two thousand dollars ($2,000) surety bond, thirty (30) months minimum journeyman experience, and successful completion of water pump plumbing specialty contractor's test.

d. Water pump specialty journeymen must have eighteen (18) months apprentice on-the-job experience, satisfactory completion of twelve (12) hours of Idaho Plumbing Board-approved, related training classes and successful completion of the water pump plumbing specialty journeyman's test.

e. Water pump plumbing specialty apprentices must be employed by a licensed contractor, under the supervision of a journeyman, be enrolled in or have completed Idaho Plumbing Board-approved related training classes and maintain state registration.

04. Special Grandfathering Provision.

a. Contractor: In lieu of the thirty (30) month minimum journeyman experience requirement, an individual may use three (3) years' experience of owning and operating a business where this specialty applies and satisfactory completion of twenty-four (24) hours of Idaho Plumbing Board-approved related training classes. For this purpose, a business is defined as an activity in which tax returns were required to be and have been filed for at least three (3) years.
b. Journeyman: In lieu of the eighteen (18) months apprentice on-the-job experience requirement, an individual may use three (3) years’ experience working for a business where this specialty applies. For this purpose, working for a business is defined as being issued a W-2 earning form from a related business or businesses for at least three (3) years. (7-1-21)T

05. Examinations for Specialty Licenses. Written examinations for specialty plumbing licenses are formulated from the practical application of the sections of the Uniform Plumbing Code. (7-1-21)T

06. Scope of Work Permitted. Permitted to install and connect water service piping from pump to storage expansion pressure tank in one (1) and two (2) family residences only. Does not include installation, testing or certifying of backflow prevention devices. Must comply with all Idaho plumbing laws and rules and the requirements of the Uniform Plumbing Code. (7-1-21)T

210. -- 300. (RESERVED)

SUBCHAPTER C – IDAHO STATE PLUMBING CODE
(Rule 301)

301. ADOPTION AND INCORPORATION BY REFERENCE OF THE IDAHO STATE PLUMBING CODE.
The Idaho State Plumbing Code published in 2017, including Appendices “A, B, C, D, E, G, I, J, K and L,” (herein ISPC) is adopted and incorporated by reference with amendments as prescribed by the Idaho Plumbing Board and contained in this Section. The Idaho State Plumbing Code is modeled after the 2015 Uniform Plumbing Code (UPC). (7-1-21)T

01. Section 105.3 Testing of Systems. (7-1-21)T

a. Delete and replace the following: Plumbing systems must be tested and approved in accordance with this code or the Authority Having Jurisdiction. Tests may be conducted in the presence of the Authority Having Jurisdiction or the Authority Having Jurisdiction’s duly appointed representative. (7-1-21)T

b. No test or inspection is required where a plumbing system, or part thereof, is set up for exhibition purposes and has no connection with a water or drainage system. In cases where it would be impractical to provide the required water or air tests, or the presence of the Authority Having Jurisdiction, or for minor installations and repairs, the Authority Having Jurisdiction, in accordance with procedures established thereby, is permitted to make such inspection as deemed advisable in accordance with the intent of this code. Joints and connections in the plumbing system must be gastight and watertight for the pressures required by the test. (7-1-21)T

02. Section 218 Definitions. Delete definition of “Plumbing System.” Incorporate definition of “Plumbing System” as set forth in Section 54-2604, Idaho Code. (7-1-21)T

03. Section 314.4 Excavations. Add: Where unsuitable or soft material is encountered, excavate to a depth not less than two (2) pipe diameters below the pipe and replace with select backfill. Such backfill must be sand, fine gravel, or stone and must provide lateral support for the pipe. Where rock is encountered, the trench must be excavated to a minimum depth of six (6) inches (152 mm) below the bottom of the pipe. Sand must be added to provide uniform bedding and support for the pipe. The pipe may not rest on any rock at any point, including joints. (7-1-21)T

04. Section 401.2 Qualities of Fixtures. Replace with the following: Plumbing fixtures must be constructed of dense, durable, non-absorbent materials and must have smooth, impervious surfaces, free from unnecessary concealed fouling surfaces. (7-1-21)T

05. Section 403.3 Exposed Pipes and Surfaces. Delete. (7-1-21)T

06. Section 407.4 Transient Public Lavatories. Self-closing or self-closing metering faucets may be installed on lavatories intended to serve the transient public, such as those in, but not limited to, service stations, train
stations, airports, restaurants, convention halls, and rest stops. Installed metered faucets must deliver a maximum of zero point two six (0.26) gallons (one point zero (1.0) liter) of water per use. (7-1-21)T

07. **Section 408.5 Finished Curb or Threshold.** Delete the last sentences of the first paragraph and replace with the following: The finished floor of the receptor must slope uniformly from the sides toward the drain not less than one-eighth (1/8) inch per foot (20.8 mm/m), nor more than one-half (1/2) inch per foot (41.8 mm/m). (7-1-21)T

08. **Section 408.7.5 Tests for Shower Receptors.** Delete. (7-1-21)T

09. **Section 409.4 Limitation of Hot Water in Bathtubs and Whirlpool Bathtubs.** Delete. (7-1-21)T

10. **Table 501.1(1) First Hour Rating.** Delete Table 501.1(1) and replace with the following:

<table>
<thead>
<tr>
<th>Number of Bathrooms</th>
<th>1 to 1.5</th>
<th>2 to 2.5</th>
<th>3 to 3.5</th>
</tr>
</thead>
<tbody>
<tr>
<td>Number of Bedrooms</td>
<td>1</td>
<td>2</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>2</td>
<td>3</td>
<td>4</td>
</tr>
<tr>
<td></td>
<td>5</td>
<td>3</td>
<td>4</td>
</tr>
<tr>
<td></td>
<td>5</td>
<td>5</td>
<td>6</td>
</tr>
<tr>
<td>First Hour Rating, 2 Gallons</td>
<td>38</td>
<td>49</td>
<td>49</td>
</tr>
</tbody>
</table>

For SI units: one (1) gallon = 3.785 L
Notes:
1 The first hour rating is found on the “Energy Guide” label.
2 Solar water heaters must be sized to meet the appropriate first hour rating as shown in the table. (7-1-21)T

11. **Section 503.1 Inspection of Chimneys or Vents.** Add the following to the end of section 503.1: Water heating appliances using Category 3 or 4 exhaust venting must be tested in its entirety with five (5) pounds of air for fifteen (15) minutes. Plastic vents must be constructed using manufacturer’s instructions. (7-1-21)T

12. **Section 507.2 Seismic Provisions.** Delete. (7-1-21)T

13. **Section 507.13 Installation in Garages.** Replace 507.13 with the following: Any plumbing appliance or appurtenance in residential garages and in adjacent spaces that open to the garage and are not part of the living space of a dwelling unit must be installed so that burners, burner-ignition devices or other sources of ignition are located not less than eighteen (18) inches (450 mm) above the floor unless listed as flammable vapor ignition resistant. (7-1-21)T

14. **Table 603.2 Backflow Prevention Devices, Assemblies and Methods.** (7-1-21)T

a. Delete from the table the entire row related to freeze resistant sanitary yard hydrant devices. (7-1-21)T

b. Delete the backflow preventer for Carbonated Beverage Dispensers text from the first column of the table and replace with the following: Backflow preventer for Carbonated Beverage Dispensers (Reduced Pressure Principle Backflow Prevention Assembly). (7-1-21)T

15. **Section 603.5.7 Outlets with Hose Attachments.** Delete and replace with the following: Potable water outlets with hose attachments, other than water heater drains, boiler drains, freeze resistant yard hydrants and clothes washer connections, must be protected by a nonremovable hose bibb-type backflow preventer, a nonremovable hose bibb-type vacuum breaker, or by an atmospheric vacuum breaker installed not less than six (6) inches (one hundred fifty-two (152) mm) above the highest point of usage located on the discharge side of the last valve. In climates where freezing temperatures occur, a listed self-draining frost-proof hose bibb with an integral backflow preventer or vacuum breaker must be used. (7-1-21)T

16. **Section 603.5.12 Beverage Dispensers.** Delete and replace with the following: Potable water supply to, carbonated beverage dispensers must be protected by an air gap or a Reduced Pressure Principle Backflow Principle Backflow
Prevention Assembly in accordance with ASSE 1013. For carbonated beverage dispensers, piping material installed downstream of the backflow preventer must not be affected by carbon dioxide gas. Potable water supply to beverage dispensers and coffee machines must be protected by an air gap or a vented backflow preventer in accordance with ASSE 1022.

17. **Section 603.5.17 Potable Water Outlets and Valves.** Delete. (7-1-21)

18. **Section 603.5.21 Chemical Dispensers.** Add the following new section 603.5.21: The water supply to chemical dispensers must be protected against backflow. The chemical dispenser must comply with ASSE 1055 or the water supply must be protected by one of the following methods:
   a. Air gap; (7-1-21)
   b. Atmospheric vacuum breaker (AVB); (7-1-21)
   c. Pressure vacuum breaker backflow prevention assembly (PVB); (7-1-21)
   d. Spill-resistant pressure vacuum breaker (SVB); or (7-1-21)
   e. Reduced-pressure principle backflow prevention assembly (RP). (7-1-21)

19. **Section 604.10.1 Tracer Wire.** Add the following exception: Where the electrical wiring for the pump is installed in the same trench as the water line, from the point of origin to the structure, a tracer wire is not required. (7-1-21)

20. **Section 605.6.2 Mechanical Joints.** Add to the end of the section the following: Listed PE (polyethylene), one hundred sixty (160) psi minimum, water service and yard piping may be installed within a building (above ground and below ground) with one (1) joint, provided that only listed and approved metallic transition fittings must be used. Polyethylene (PE) plastic pipe or tubing and fitting joining methods must be installed in accordance with the manufacturer’s installation instructions. (7-1-21)

21. **Section 609.1 Installation.** Delete the following sentence: Building supply yard piping must be not less than twelve (12) inches (305 mm) below the average local frost depth; and replace it with the following: The cover must be not less than forty-two (42) inches (1068mm) below grade. (7-1-21)

22. **Section 609.4 Testing.** Deleting the phrase “Except for plastic piping,“ at the beginning of the third sentence and add the following sentence at the end of the section: Plastic piping is to be tested in accordance with manufacturer’s installation standards. (7-1-21)

23. **Section 609.10 Water Hammer.** Does not apply to residential construction. (7-1-21)

24. **Section 609.11 Pipe Insulation.** Delete. (7-1-21)

25. **Table 610.3 and Appendix Table A 103.1.** Change fixture unit loading value for both public and private for bathtub or combination bath/shower, and clothes washers to two (2) fixture units. (7-1-21)

26. **Section 610.2 Pressure Loss.** Add the following: All new one (1) and two (2) family residences built slab on grade or that will have a finished basement at the time of final inspection must have a pre-plumbed water softener loop. The kitchen sink must have one (1) hot soft line and one (1) cold soft line and one (1) cold hard line. Exterior cold hose bibbs intended for irrigation purposes must be piped with hard water. (7-1-21)

27. **Table 611.4 Sizing of Residential Softeners.** Amend Footnote 3 to read: Over four (4) bathroom groups, softeners must be sized according to the manufacturer’s standards. (7-1-21)

28. **Section 612.0 Residential Sprinkler System.** Add the following to the end of the first sentence in section 612.1: and the requirements of the Authority Having Jurisdiction (AHJ). (7-1-21)
29. **Table 702.1 Drainage Fixture Unit Valves (DFU).** Change fixture unit loading value for clothes washers, domestic for private to two (2) fixture units. (7-1-21)

30. **Section 703.1 Minimum Size.** Add the following at the end of section 703.1: No portion of the drainage or vent system installed underground, underground under concrete or below a basement or cellar must be less than two (2) inches in diameter. (7-1-21)

31. **Section 704.2 Single Vertical Drainage Pipe.** Two inch (2”) and smaller double sanitary tees may be used for back to back or side by side fixture trap arms without increasing the barrel size. (7-1-21)

32. **Section 704.3 Commercial Sinks.** Delete. (7-1-21)

33. **Table 703.2 Maximum Unit Loading and Maximum Length of Drainage and Vent Piping.** Change fixture unit loading value for one and a half (1 1/2) inch horizontal drainage to two (2) fixture units. (7-1-21)

34. **Section 705.5.2 Solvent Cement Joints.** Add to the end of the section the following: PVC DWV may be joined by the use of one-step solvent cement listed or labeled per U.P.C. Section 301.1.1. (7-1-21)

35. **Section 707.4 Locations.** Add the following: A clean out must be installed for double sanitary tees two (2) inches (50 mm) or less in diameter that receive the discharge from fixture connections. Exception in Section 707.4 does not apply. A full-sized accessible cleanout must be installed in the vertical immediately above the floor or at the base of each waste or soil stack. A full-size cleanout extending to or above finished grade line must be installed at the junction of the building drain and the building sewer. Cleanouts must be installed at fifty (50) foot intervals in horizontal drain lines two (2) inches or smaller. (7-1-21)

36. **Section 710.3(4) Sewage Ejectors and Pumps.** Add: Exception (4): One (1) pump is permitted for “public use” occupancies provided that such tank receives the discharge of not more than one (1) water closet and ten (10) fixture units (See Section 710.9 Alarms). (7-1-21)

37. **Section 710.5 Size Building Drains and Sewers.** Add the following exception: In single family dwellings, one (1) fixture unit may be allowed for each gallon per minute of flow from a pump or a sump ejector. (7-1-21)

38. **Section 712.1 Media.** In the first sentence, delete the phrase “except that plastic pipe must not be tested with air.” (7-1-21)

39. **Section 717.0 Size of Building Sewers.** Add the following to the end of section 717.1: Exception: The building drain and building sewer is not less than four (4) inches extending from its connection with the city or private sewer system and must run full size to inside the foundation or building lines. (7-1-21)

40. **Section 723.0 General.** Delete the following sentence: “Plastic DWV piping systems must not be tested by the air test method.” (7-1-21)

41. **Section 801.3.3 Food Handling Fixtures.** Add: Food preparation sinks, pot sinks, scullery sinks, dishwashing sinks, silverware sinks, commercial dishwashing machines, silverware-washing machines, steam kettles, potato peelers, ice cream dipper wells, and other similar equipment and fixtures must be indirectly connected to the drainage system by means of an air gap. The piping from the equipment to the receptor must not be smaller than the drain on the unit, but it must not be smaller than one (1) inch (twenty-five and four tenths (25.4) mm). (7-1-21)

42. **Section 805.41 General.** Add to the end of the first paragraph the following: Provisions must be made for the discharge of the water softener to terminate in an approved location. The drain line for a water softener must be three-fourths (3/4) inch minimum. A washer box with a dual outlet is an approved location as long as it is on the same floor or one (1) floor below the softener unit and the water softener drain line is a minimum three-fourths (3/4) inch. (7-1-21)
Section 807.3 Domestic Dishwashing Machines. A domestic dishwashing machine may be installed without the use of an airgap if the drain hose is looped to the bottom side of the counter top and secured properly.

44. Section 906.1 Roof Termination. Delete the existing provision and replace with the following:

a. Roof venting. When conventional roof venting is utilized, each vent pipe or stack must extend through its flashing and terminate vertically not less than six (6) inches (one hundred fifty-two (152) mm) above the roof nor less than one (1) foot (three hundred five (305) mm) from any vertical surface.

b. Sidewall venting. When sidewall venting is utilized, the vent must extend flush with the eaves/gable end, turn down using a ninety (90) degree ell, and terminate as close to the roof peak as possible. The vent end must be properly screened. Sidewall venting is acceptable on new or remodel construction on cabins, log homes, and residential or commercial buildings.

c. Sidewall venting must meet the intent of Section 906.2 of the ISPC.

45. Section 908.1 Vertical Wet Venting. Add to the end of the section the following: A horizontal wet vent may be created provided it is created in a vertical position and all other requirements of Section 908 of the ISPC are met.

46. Section 909.0 Special Venting for Island Fixtures. Add: Parameters for the limited use of Air Admittance Valves (A.A.V.).

a. An A.A.V. may be used only in residential buildings.

b. In remodels, an A.A.V. may be used with island fixtures or remotely located sinks such as in bar, kitchen, or laundry tray locations. An A.A.V. may not be used in bathroom groups.

c. In new construction, an A.A.V. may be used on island fixture sinks.

d. Each A.A.V. may be used to vent only one (1) floor.

e. Each A.A.V. must be readily accessible.

f. The cross-sectional area of venting must remain the same and must meet the largest required building drain.

g. An A.A.V. may only be installed in accordance with the manufacturer’s installation standards as per ASSE 1051.

h. An A.A.V. may not be used in an attic, crawl space, outside installation, or in connection with chemical or acid waste systems.

47. Section 1002.3 Change of Direction. Trap arms may not exceed one hundred eighty (180) degrees of horizontal turn without the use of a cleanout.

48. Section 1007.0 Trap Seal Protection. Delete section 1007.1 and replace with the following: Floor drains or similar traps directly connected to the drainage system and subject to infrequent use must be protected with a trap seal primer or other approved trap seal protection device, except where not deemed necessary for safety or sanitation by the Authority Having Jurisdiction. Trap seal primers must be accessible for maintenance.

49. Section 1016.1 Discharge. Add the following to the end of section 1016.1: Floor drains installed in residential garages must be permitted to use the interceptor as the fixture trap.

50. Section 1502.1 General. Add to this section the following paragraph: Plumbing for a gray water
system from any fixture up to, but not to include the exterior irrigation system tank must be inspected by the
Authority Having Jurisdiction. The Idaho Department of Environmental Quality (IDEQ) has jurisdiction to inspect
and approve the installation of the exterior irrigation system tank and all piping therefrom to the point of disposal in
accordance with IDAPA 58.01.03, “Individual/Subsurface Sewage Disposal Rules.” Gray water system location and
design criteria requirements related to irrigation and leaching is determined in accordance with the requirements as
established by the IDEQ.

302. -- 400. (RESERVED)

SUBCHAPTER D – CIVIL PENALTIES
(Rule 401)

401. CIVIL PENALTIES.
Except for the acts described in Subsections 401.01 and 401.07 of this rule, the acts described in this section shall
subject the violator to a civil penalty of not more than two hundred dollars ($200) for the first offense and not more
than one thousand dollars ($1,000) for each offense that occurs thereafter.

01. Plumbing Contractor. Except as provided by Section 54-2602, Idaho Code, any person who acts,
or purports to act as a plumbing contractor, as defined by Section 54-2611(a), Idaho Code, without a valid Idaho
certificate of competency authorizing him to do so shall be subject to a civil penalty of not more than five hundred
dollars ($500) for the first offense and not more than one thousand dollars ($1,000) for each offense that occurs
thereafter.

02. Certification or Registration. Except as provided by Section 54-2602, Idaho Code, performing
plumbing as defined in Section 54-2603, Idaho Code, without an appropriate certificate of competency or
registration.

03. Failure to Disclose. Failure to disclose upon request any required information on an application for
a plumbing registration or certificate of competency, including complete licensure history or previous licensure as a
journeyman or master plumber in another jurisdiction.

04. Performance Outside Scope of Specialty Certificate. Performance of any plumbing installation,
alteration, or maintenance by a plumbing specialty contractor or specialty journeyman outside the scope of the
specialty certificate of competency.

05. Fees, Permits, and Inspections. Failure to obtain a required permit, pay applicable fees, properly
post a plumbing permit, or request an inspection of all pipes, fittings, valves, vents, fixtures, appliances,
appurtenances, and water treatment installations or repairs.

06. Corrections. Failure to make corrections in the time allotted in the notice on any plumbing
installation as set forth in Section 54-2625, Idaho Code.

07. Gross Violation. In the case of continued, repeated or gross violation of Title 54, Chapter 26, Idaho
Code, or this chapter, disciplinary action shall be initiated against certificate holders under this chapter or the matter
shall be referred for prosecution.

402. -- 999. (RESERVED)
24.39.30 – RULES OF BUILDING SAFETY (BUILDING CODE RULES)

000. LEGAL AUTHORITY.
The rules are promulgated pursuant to Section 39-4107, Idaho Code. (7-1-21)

001. SCOPE.
The rules prescribe the criteria for enforcement and administration of the Idaho Building Code Act by the Idaho Building Code Board and the Division of Occupational and Professional Licenses. (7-1-21)

002. -- 003. (RESERVED)

004. ADOPTION AND INCORPORATION BY REFERENCE.
Under the provisions of Sections 39-4109 and 39-4109A, Idaho Code, the codes enumerated in this section are hereby adopted and incorporated by reference into these rules. (7-1-21)

a. 2018 Edition with the following amendments: (7-1-21)

i. Delete Section 305.2.3 and replace with the following: 305.2.3 Twelve (12) or fewer children in a dwelling unit. A facility such as the above within a dwelling unit and having twelve (12) or fewer children receiving such day care shall be classified as a Group R-3 occupancy or shall comply with the International Residential Code. (7-1-21)

ii. Delete Section 308.2.4 and replace with the following: 308.2.4 Five (5) or fewer persons receiving custodial care. A facility with five (5) or fewer persons receiving custodial care shall be classified as a Group R-3 occupancy or shall comply with the International Residential Code. (7-1-21)

iii. Delete Section 308.3.2 and replace with the following: 308.3.2 Five (5) or fewer persons receiving medical care. A facility with five (5) or fewer persons receiving medical care shall be classified as a Group R-3 occupancy. (7-1-21)

iv. Delete Section 308.5.4 and replace with the following: 308.5.4 Persons receiving care in a dwelling unit. A facility such as the above within a dwelling unit and having twelve (12) or fewer children receiving day care or having five (5) or fewer persons receiving custodial care shall be classified as a Group R-3 occupancy or shall comply with the International Residential Code. (7-1-21)

v. Delete Section 310.4 and replace with the following: 310.4 Residential Group R-3. Residential Group R-3 occupancies where the occupants are primarily permanent in nature and not classified as Group R-1, R-2, R-4, E or I, including: 1. Buildings that do not contain more than two (2) dwelling units. 2. Care facilities that provide accommodations for five (5) or fewer persons receiving personal care, custodial care or medical care. 3. Congregate living facilities (nontransient) with sixteen (16) or fewer occupants, including boarding houses (nontransient), convents, dormitories, fraternities and sororities, and monasteries. 4. Congregate living facilities (transient) with ten (10) or fewer occupants, including boarding houses (transient). 5. Dwelling units providing day care for twelve (12) or fewer children. 6. Lodging houses (transient) with five (5) or fewer guest rooms and ten (10) or fewer occupants. (7-1-21)

vi. Delete Section 310.4.1 and replace with the following: 310.4.1 Care facilities within a dwelling. Care facilities for twelve (12) or fewer children receiving day care or for five (5) or fewer persons receiving personal care or custodial care that are within a one- or two-family dwelling are permitted to comply with the International Residential Code. (7-1-21)

vii. Add the following as Section 602.1.2: 602.1.2 Alternative provisions. As an alternative to the construction types defined in Sections 602.2 through 602.5, buildings and structures erected or to be erected, altered, or extended in height or area may be classified as construction type IV-A, IV-B, or IV-C in accordance with the provisions adopted in Paragraph 004.01.b of these rules. Buildings and structures classified as construction type IV-A, IV-B, or IV-C shall comply with the provisions adopted in Paragraph 004.01.b of these rules and all other applicable provisions of this code. (7-1-21)

viii. Delete footnote e under Table 2902.1 Minimum Number of Required Plumbing Fixtures and replace with the following: e For business occupancies, excluding restaurants, and mercantile occupancies with an occupant load of thirty (30) or fewer, service sinks shall not be required. (7-1-21)
ix. Delete footnote f from Table 2902.1 Minimum Number of Required Plumbing Fixtures, add footnote f in the header row of the column in Table 2902.1 labeled “Drinking Fountains,” and delete footnote f under Table 2902.1 and replace with the following: 

Drinking fountains are not required for an occupant load of thirty (30) or fewer.

(7-1-21)T

x. Delete Section 3113.1 and replace with the following: 3113.1 General. The provisions of this Section shall apply to relocatable buildings. Relocatable buildings manufactured after the effective date of this code shall comply with the applicable provisions of this code; title 39, chapter 43, Idaho Code; and IDAPA 24.39.31. Exception: This Section shall not apply to manufactured housing used as dwellings.

(7-1-21)T

b. The provisions of the 2021 Edition relating to mass timber construction, including, but not limited to:

i. In Section 202, the definitions of the terms MASS TIMBER; NONCOMBUSTIBLE PROTECTION (FOR MASS TIMBER); SECONDARY STRUCTURAL MEMBERS; and WALL, LOAD BEARING;

(7-1-21)T

ii. Sections 403.3.2, 508.4.4.1, 509.4.1.1, 602.4 through 602.4.3.6, 703.6, 703.7, 704.4, 722.7 through 722.7.2.2, 1705.5.3, 1705.20, 2304.10.1, 3313.1 through 3313.3.3, 3313.5, and 3314.1;

(7-1-21)T

iii. Tables 504.3, 504.4, 506.2, 601, 705.5, 722.7.1(1), 722.7.1(2), and 1705.5.3, including any note following each table adopted in this subparagraph; and

(7-1-21)T

(7-1-21)T

International Residential Code. 2018 Edition with the following amendments:

a. Delete the exception under Section R101.2 Scope, and replace with the following: Exception: The following shall also be permitted to be constructed in accordance with this code: 1. Owner-occupied lodging houses with five (5) or fewer guestrooms and ten (10) or fewer total occupants. 2. A care facility with five (5) or fewer persons receiving custodial care within a dwelling unit or single-family dwelling. 3. A care facility for five (5) or fewer persons receiving personal care that are within a dwelling unit or single-family dwelling. 4. A care facility with twelve (12) or fewer children receiving day care within a dwelling unit or single-family dwelling.

(7-1-21)T

b. Delete Section R104.10.1 Flood hazard areas.

(7-1-21)T
c. Delete item number 7 under the “Building” subheading of Section R105.2 Work exempt from permit, and replace with the following: 7. Prefabricated swimming pools that are not greater than four (4) feet (one thousand, two hundred nineteen (1219) mm) deep.

(7-1-21)T
d. Add the following as item number 11 under the “Building” subheading of Section R105.2 Work exempt from permit: 11. Flag poles.

(7-1-21)T
e. Delete Section R109.1.3 and replace with the following: R109.1.3 Floodplain inspections. For construction in areas prone to flooding as established by Table R301.2(1), upon placement of the lowest floor, including basement, the building official is authorized to require submission of documentation of the elevation of the lowest floor, including basement, required in Section R322.

(7-1-21)T

f. Delete Section R301.2.1.2 Protection of Openings.

(7-1-21)T
g. Delete Table R302.1(1) and replace with the following:
### TABLE R302.1(1) - EXTERIOR WALLS

<table>
<thead>
<tr>
<th>EXTERIOR WALL ELEMENT</th>
<th>MINIMUM FIRE-RESISTANCE RATING</th>
<th>MINIMUM FIRE SEPARATION DISTANCE</th>
</tr>

</tbody>
</table>

For SI: 1 foot = 304.8 mm.
N/A = Not Applicable

<sup>a</sup> The fire-resistance rating shall be permitted to be reduced to zero (0) hours on the underside of the eave overhang if fireblocking is provided from the wall top plate to the underside of the roof sheathing.

<sup>b</sup> The fire-resistance rating shall be permitted to be reduced to zero (0) hours on the underside of the rake overhang where gable vent openings are not installed.

**h.** Delete Section R302.13 Fire protection of floors. (7-1-21)<sup>T</sup>

**i.** Delete Section R303.4 and replace with the following: R303.4 Mechanical Ventilation. Dwelling units shall be provided with whole-house mechanical ventilation in accordance with Section M1505.4. (7-1-21)<sup>T</sup>

**j.** Delete the exception under Section R313.1 Townhouse automatic fire sprinkler systems, and replace with the following: Exception: Automatic residential fire sprinkler systems shall not be required in townhouses where either two (2) one (1)-hour fire-resistance-rated walls or a common two (2)-hour fire-resistance rated wall, as specified in item number 2 of Section R302.2.2 is installed between dwelling units or when additions or alterations are made to existing townhouses that do not have an automatic residential fire sprinkler system installed.

(7-1-21)<sup>T</sup>

**k.** Delete Section R313.2 One- and two-family dwellings automatic fire sprinkler systems. (7-1-21)<sup>T</sup>

**l.** Delete the exceptions under Section R314.2.2 Alterations, repairs and additions, and replace with the following: Exceptions: 1. Work involving the exterior surfaces of dwellings, such as, but not limited to, replacement of roofing or siding, or the addition or replacement of windows or doors, or the addition of a porch or deck or electrical permits, are exempt from the requirements of this section. 2. Installation, alteration or repairs of plumbing or mechanical systems are exempt from the requirements of this section.

(7-1-21)<sup>T</sup>

**m.** Delete the exceptions under Section R315.2.2 Alterations, repairs and additions, and replace with the following: Exceptions: 1. Work involving the exterior surfaces of dwellings, such as, but not limited to,
replacement of roofing or siding, or the addition or replacement of windows or doors, or the addition of a porch or deck or electrical permits, are exempt from the requirements of this section. 2. Installation, alteration or repairs of noncombustion plumbing or mechanical systems are exempt from the requirements of this section. (7-1-21)

n. Delete Section R322.1.10 As-built elevation documentation. (7-1-21)

o. Delete Section R322.2.1 and replace with the following: R322.2.1 Elevation requirements. 1. Buildings and structures in flood hazard areas, including flood hazard areas designated as Coastal A Zones, shall have the lowest floors elevated to or above the base flood elevation. 2. In areas of shallow flooding (AO Zones), buildings and structures shall have the lowest floors (including basement) elevated to a height above the highest adjacent grade of not less than the depth number specified in feet (mm) on the FIRM, or not less than two (2) feet (610 mm) if a depth number is not specified. 3. Basement floors that are below grade on all sides shall be elevated to or above base flood elevation. Exception: Enclosed areas below the design flood elevation, including basements with floors that are not below grade on all sides, shall meet the requirements of Section R322.2.2. (7-1-21)

p. Delete subparagraph 2.1 of Section R322.2.2 Enclosed area below design flood elevation, and replace with the following: 2.1. The total net area of all openings shall be at least one (1) square inch (645 mm2) for each square foot (0.093 m2) of enclosed area, or the opening shall be designed and the construction documents shall include a statement that the design and installation of the openings will provide for equalization of hydrostatic flood forces on exterior walls by allowing the automatic entry and exit of floodwaters. (7-1-21)

q. Delete Tables R403 Minimum Depth (D) and Width (W) of Crushed Stone Footings (inches), R403.1(1) Minimum Width and Thickness for Concrete Footings for Light-Frame Construction (inches), R403.1(2) Minimum Width and Thickness for Concrete Footings for Light-Frame Construction and Brick Veneer (inches), and R403.1(3) Minimum Width and Thickness for Concrete Footings with Cast-In-Place or Fully Grouted Masonry Wall Construction (inches). (7-1-21)

r. Add the following as Table R403.1:

<table>
<thead>
<tr>
<th>TABLE R403.1</th>
<th>MINIMUM WIDTH OF CONCRETE, PRECAST, OR MASONRY FOOTINGS (inches)※</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
<tr>
<td>2-Story</td>
<td>29</td>
</tr>
<tr>
<td>3-Story</td>
<td>42</td>
</tr>
</tbody>
</table>
For SI: 1 inch = 25.4 mm, 1 pound per square foot = 0.0479 kPa.

*Where minimum footing width is twelve (12) inches, use of a single wythe of solid or fully grouted twelve (12)-inch nominal concrete masonry units is permitted.*

**s.** Delete Section R403.1.1 and replace with the following: R403.1.1 Minimum size. Minimum sizes for concrete and masonry footings shall be as set forth in Table R403.1 and Figure R403.1(1). The footing width (W) shall be based on the load bearing value of the soil in accordance with Table R401.4.1. Spread footings shall be at least six (6) inches in thickness (T). Footing projections (P) shall be at least two (2) inches and shall not exceed the thickness of the footing. The size of footings supporting piers and columns shall be based on the tributary load and allowable soil pressure in accordance with Table R401.4.1. Footings for wood foundations shall be in accordance with the details set forth in Section R403.2 and Figures R403.1(2) and R403.1(3).

**t.** Delete Section R602.10 and replace with the following: R602.10 Wall bracing. Buildings shall be braced in accordance with this Section or, when applicable Section R602.12, or the most current edition of APA System Report SR-102 as an alternate method. Where a building, or portion thereof, does not comply with one (1) or more of the bracing requirements in this Section, those portions shall be designed and constructed in accordance with Section R301.1.

04. **International Energy Conservation Code.** 2018 Edition with the following amendments:

a. Add the following as Section C101.5.2: C101.5.2 Industrial, electronic, and manufacturing equipment. Buildings or portions thereof that are heated or cooled exclusively to maintain the required operating temperature of industrial, electronic, or manufacturing equipment shall be exempt from the provisions of this code. Such buildings or portions thereof shall be separated from connected conditioned space by building thermal envelope assemblies complying with this code.

b. Add the following as an exception under Section C402.5 Air leakage—thermal envelope (Mandatory): Exception: For buildings having over fifty thousand (50,000) square feet of conditioned floor area, air leakage testing shall be permitted to be conducted on less than the whole building, provided the following portions of the building are tested and their measured air leakage is area-weighted by the surface areas of the building envelope: 1. The entire floor area of all stories that have any spaces directly under a roof. 2. The entire floor area of all stories that have a building entrance or loading dock. 3. Representative above-grade wall sections of the building totaling at least twenty-five percent (25%) of the above-grade wall area enclosing the remaining conditioned space. Floor area tested under subparagraphs 1. or 2. of this exception shall not be included in the twenty-five percent (25%) of above-grade wall sections tested under this subparagraph.

c. Add the following as exception number 7 under Section C403.5 Economizers (Prescriptive): 7. Unusual outdoor air contaminate conditions – Systems where special outside air filtration and treatment for the reduction and treatment of unusual outdoor contaminants, makes an air economizer infeasible.

d. Delete Table C404.5.1 and replace with the following:

<table>

<td>15/19</td>
<td>15/19</td>
</tr>
</tbody>
</table>

For SI: 1 inch = 25.4 mm; 1 foot = 304.8 mm; 1 liquid ounce = 0.030 L; 1 gallon = 128 ounces. (7-1-21)
Add the following as footnote k to the title of Table R402.1.2 - Insulation and Fenestration Requirements by Component: k. For residential log home building thermal envelope construction requirements see Section R402.6.

Delete the rows in Table R402.1.4 for climate zones “5 and Marine 4” and “6” and replace with the following:

Delete Section R402.4.1 and replace with the following: R402.4.1 Building thermal envelope. 1. Until June 30, 2021, the building thermal envelope shall comply with Sections R402.4.1.1 (Installation) and either Section R402.4.1.2 (Testing) or Section R402.4.1.3 (Visual inspection). 2. Effective July 1, 2021, the building thermal envelope of a minimum of twenty percent (20%) of all new single-family homes constructed by each builder shall comply with Section R402.4.1.1 (Installation) and Section R402.4.1.2 (Testing). The authority having jurisdiction may: 2.1. Determine how to enforce this requirement, starting with the fifth house and continuing with each subsequent fifth house. 2.2. Waive this requirement if significant testing indicates the five (5) air changes per hour (ACH) requirement is consistently being met or exceeded (resulting in a lower ACH). 2.3. Grant exceptions to this requirement in rural areas where testing equipment is not available or cost effective. 3. Effective July 1, 2021, the building thermal envelope of eighty percent (80%) of all new single-family homes constructed by each builder shall comply with Section R402.4.1.1 (Installation) and either Section R402.4.1.2 (Testing) or Section R402.4.1.3 (Visual inspection). 4. The sealing methods between dissimilar materials shall allow for differential expansion and contraction.

Delete Section R402.4.1.1 and replace with the following: R402.4.1.1 Installation. The components of the building envelope as listed in Table R402.4.1.1 shall be installed in accordance with the manufacturer’s instructions and the criteria listed in Table R402.4.1.1, as applicable to the method of construction.

Delete Section R402.4.1.2 and replace with the following: R402.4.1.2 Testing. Testing building envelope tightness and insulation installation shall be considered acceptable when tested air leakage is less than five (5) air changes per hour (ACH) when tested with a blower door at a pressure of 33.5 psf (50 Pa). Testing shall occur after rough in and after installation of penetrations of the building envelope, including penetrations for utilities.
plumbing, electrical, ventilation and combustion appliances. Testing shall be conducted in accordance with RESNET/ ICC 380, ASTM E 779 or ASTM E 1827 and reported at a pressure of 0.2-inch w.g. (50 Pascals). During testing: 1. Exterior windows and doors, fireplace and stove doors shall be closed, but not sealed. 2. Dampers shall be closed, but not sealed, including exhaust, intake, makeup air, backdraft and flue dampers. 3. Interior doors shall be open. 4. Exterior openings for continuous ventilation systems and heat recovery ventilators shall be closed and sealed. 5. Heating and cooling system(s) shall be turned off. 6. HVAC ducts shall not be sealed. 7. Supply and return registers shall not be sealed. (7-1-21)T

k. Add the following as Section R402.4.1.3: R402.4.1.3 Visual inspection. Building envelope tightness and insulation installation shall be considered acceptable when the items listed in Table R402.4.1.1, applicable to the method of construction, are field verified. Where required by code official an approved party independent from the installer of the insulation shall inspect the air barrier and insulation. (7-1-21)T

l. Add the following as Section R402.6: R402.6 Residential log home thermal envelope. Residential log home construction shall comply with Section R401 (General), Section R402.4 (Air leakage), Section R402.5 (Maximum fenestration U-factor and SHGC), Section R403.1 (Controls), the mandatory sections of Sections R403.3 through R403.9, Section R404 (Electrical Power and Lighting Systems), and either 1., 2., or 3. as follows: 1. Sections R402.2 through R402.3, Section R403.3.1 (Insulation), Section R404.1 (Lighting equipment), and Table R402.6 (Log Home Prescriptive Thermal Envelope Requirements by Component). 2. Section R405 (Simulated Performance Alternative). 3. REScheck (U.S. Department of Energy Building Codes Program). (7-1-21)T

m. Add the following as Table R402.6:

<table>
<thead>
<tr>
<th>Climate Zone</th>
<th>Fenestration U-factor</th>
<th>Skylight U-factor</th>
<th>Glazed Fenestration SHGC</th>
<th>Ceiling R-value</th>
<th>Min. Average Log Size in Inches</th>
<th>Floor R-value</th>
<th>Basement Wall R-value</th>
<th>Slab R-value &amp; Depth</th>
<th>Crawl Space Wall R-value</th>
</tr>
</thead>
<tbody>
<tr>

</table>

aThe fenestration U-factor column excludes skylights. The SHGC column applies to all glazed fenestration.

bR-5 shall be added to the required slab edge R-values for heated slabs.

c90% AFUE natural gas or propane, 84% AFUE oil, or 15 SEER heat pump heating equipment (zonal electric resistance heating equipment such as electric base board electric resistance heating equipment as the sole source for heating is considered compliant with the high efficiency equipment path).

d"15/19" means R-15 continuous insulated sheathing on the interior or exterior of the home or R-19 cavity insulation at the interior of the basement wall. "15/19" shall be permitted to be met with R-13 cavity insulation on the interior of the basement wall plus R-5 continuous insulated sheathing on the interior or exterior of the home. "10/13" means R-10 continuous insulated sheathing on the interior or exterior of the home or R-13 cavity insulation at the interior of the basement wall.
n. Delete Section R403.3.1 and replace with the following: R403.3.1 Duct insulation requirements. Supply and return ducts located in an attic space shall have an R-value of not less than R-8.

(7-1-21)T

o. Delete Sections R403.3.6 and R403.3.7.

(7-1-21)T

p. Delete Section R403.5.3 and replace with the following: R403.5.3 Hot water pipe insulation (Prescriptive). Insulation for hot water piping with a thermal resistance, R-value, of not less than R-3 shall be applied to the following: 1. Piping serving more than one (1) dwelling unit. 2. Piping located outside the conditioned space. 3. Piping located under a floor slab. 4. Buried piping. 5. Supply and return piping in recirculation systems other than demand recirculation systems.

(7-1-21)T

q. Delete Section R404.1 and replace with the following: R404.1 Lighting equipment (Mandatory). A minimum of seventy-five percent (75%) of the lamps in permanently installed lighting fixtures shall be high-efficacy lamps or a minimum of seventy-five percent (75%) of the permanently installed lighting fixtures shall contain only high efficacy lamps.

(7-1-21)T

r. Delete Section R406.3 and replace with the following: R406.3 Energy Rating Index. The Energy Rating Index (ERI) shall be determined in accordance with RESNET/ICC 301. Energy used to recharge or refuel a vehicle used for transportation on roads that are not on the building site shall not be included in the ERI reference design or the rated design.

(7-1-21)T

s. Delete Table R406.4 and replace with the following:

Table R406.4 - Maximum Energy Rating Index

<table>
<thead>
<tr>
<th>Climate Zone</th>
<th>Energy Rating Index</th>
</tr>
</thead>
<tbody>
<tr>
<td>5</td>
<td>68</td>
</tr>
<tr>
<td>6</td>
<td>68</td>
</tr>
</tbody>
</table>

a. Where on-site renewable energy is included for compliance using the ERI analysis of Section R406.4, the building shall meet the mandatory requirements of Section R406.2, and the building thermal envelope shall be greater than or equal to the levels of efficiency and SHGC in Table R402.1.2 or Table R402.1.4 of the 2015 International Energy Conservation Code.

(7-1-21)T

05. References to Other Codes. Where any provisions of the codes that are adopted in this Section make reference to other construction and safety-related model codes or standards which have not been adopted by the involved authority having jurisdiction, to the extent possible, such reference should be construed as pertaining to the equivalent code or standard that has been duly adopted by such jurisdiction.

(7-1-21)T

005. -- 025. (RESERVED)

026. DEFINITIONS.
The terms defined in this section have the following meaning for all parts of this chapter, unless the context clearly indicates another meaning:

(7-1-21)T

01. Listed. Equipment or other building components included within a current list published by a recognized listing agency that maintains periodic inspection on current production of listed equipment or other building components and whose listing states either that the equipment or component complies with recognized standards or has been tested and determined to be suitable for the use intended.

(7-1-21)T

02. Listing Agency. A person, firm, association, partnership or corporation which is in the business of listing or labeling and which maintains a periodic inspection program on current production of listed materials, and which makes available, not less frequently than annually, a published report of such listing in which specific
information is included that the product has been tested to nationally approved standards and found safe for use in a specified manner.

03. Minor Alteration. The following definition is used for the purpose of administering annual permits.

a. Minor alterations shall include, but are not limited to, the following: partition walls constructed within a defined room; relocation of or existing openings or installation of new doors and windows in non-load bearing walls and not in construction meant to compartmentalize fire; window replacement in unaltered existing openings; roof repairs involving installation of less than one hundred (100) square feet of new roof covering; and new suspended ceilings that are not part of a required fire resistive assembly.

b. Minor alterations shall not include: work that alters the fire resistive characteristics of the building or fire suppression systems; work that creates new openings in construction meant to compartmentalize fire such as fire walls, fire barriers, floor partitions, smoke barriers, smoke partitions, horizontal assemblies, shaft enclosures, stair enclosures; work that increases the floor area or height of the building; work that changes the structural load path of the building for gravity or horizontal loads; work that reduces the thermal resistant capacity of the building envelope; changes in the occupancy classification of the building or space; increases in the floor loads.

027. PERMITS.

01. Building Permits. Building permits shall be obtained from the Division prior to the construction of structures governed by the act or rules promulgated by the Board.

02. Annual Permit. In lieu of an individual permit for each minor alteration to an already approved building, the Division may issue an annual permit upon application therefor to any state agency or state governmental organization regularly employing one (1) or more qualified trade persons in the building, structure or on the premises or campus owned or operated by the applicant for the permit. The agency to whom an annual permit is issued shall keep a detailed record of alterations made under such annual permit. The Division shall be allowed access to such records at all times or such records shall be filed with the Division as designated. The permit holder shall request inspections and make the work accessible for inspection as required by the adopted codes and this rule.

028. PLAN REVIEW.

01. Jurisdiction. The Division shall have exclusive jurisdiction and authority to conduct plan reviews of the construction, additions, repairs, and occupancy of all state buildings of any agency of government at the state level for any purposes or occupancy regardless of the source of funding for such construction, addition, repair, or occupancy.

02. Plans Specifications. Construction documents shall be dimensioned and drawn upon suitable material. Plans may be submitted electronically or in digital format as approved by the Division. Drawing format shall be equivalent to the paper format. Construction documents shall be of sufficient clarity to indicate the location, nature, and extent of the work proposed and show in detail that the installations will conform to the provisions of the building code and applicable laws, rules, and policies of the Division.

03. Plans Not Required. Plans are not required for group U occupancies of Type V conventional light-frame wood construction.

04. Addenda and Change Orders. Documents enforcing changes or modifications. Addenda, contract change orders, changes-in-work requests, and other similar written documents enforcing changes or modifications to plans or specifications, already approved by the Division, which addenda, change orders, or change-in-work requests deal with structural or fire resistance changes, or such other changes affecting code conformance, shall be submitted to the Division for approval. The use of the terms “addenda,” “change orders,” and “changes-in-work requests” are not be limited exclusively to such phraseology, but may include such other language used in the professions which essentially have the same meaning.
01. **Technical Service Fee.** One hundred dollars ($100) per hour. (7-1-21)T

02. **Building Permit Fees.** The determination of value or valuation will be made by the administrator and includes the total value of all construction work for which a permit is issued.

</tr>
</tbody>
</table>

03. **Fees for Annual Permits.** A fee for inspections performed on annual permits shall be charged at the rate of one hundred dollars ($100) per hour. The Division shall bill the applicant for annual permits and failure of the applicant to pay the fee within sixty (60) days may result in cancellation of the annual permit. (7-1-21)T

04. **Plan Review Fees.** Plan review fees shall be charged at an hourly rate of one hundred dollars ($100) per hour up to a maximum of sixty-five percent (65%) of the calculated building permit fee with a minimum required fee of forty percent (40%) of the calculated building permit fee. All requests for plan review services shall at such time be accompanied by a payment in the amount of at least forty percent (40%) of the calculated building permit fee. Upon completion of the plan review, any additional fees, above the minimum required, are due to the Division by the requesting party. (7-1-21)T

05. **Refund of Plan Review Fees.** Plan review fees are non-refundable. (7-1-21)T

030. **RIGHT OF ENTRY.**
Whenever necessary to make an inspection to enforce any of the provisions of Title 39, Chapters 40 and 41, Idaho Code, or whenever the administrator or his authorized representative has reasonable cause to believe that there exists in any building or upon any premises, any condition which makes such building or premises unsafe, the administrator or his authorized representative shall enter such building or premises at all reasonable times to inspect the same or to perform any duty imposed upon the Division by Title 39, Chapters 40 and 41, Idaho Code; provided that if such
building or premises is occupied, he shall first present proper credentials and demand entry; and if such building or premises be unoccupied, he shall first make a reasonable effort to locate the owner or others having charge or control of the building or premises and demand entry. If such entry is refused, the administrator shall have recourse to every remedy provided by law to secure entry.

031. WORK PROCEEDING WITHOUT PERMIT OR APPROVAL.
Where any work for which a permit or approval, to include plan or system approval, is required by these rules, or by the codes enumerated in Title 39, Chapter 41, Idaho Code, is started or proceeded prior to obtaining said approval or permit, and after notice to such person doing or causing such work to be done, and such person continues or causes to continue such work, the fees specified in these rules shall be doubled, but the payment of such double fee shall not relieve any persons from fully complying with the requirements of Title 39, Chapter 41, Idaho Code, or these rules in the execution of the work nor from any other penalties prescribed by law.

032. STOP WORK ORDERS.
Whenever any work is being done contrary to any provisions of the codes enumerated in Title 39, Chapter 41, Idaho Code, or contrary to these rules, the administrator or his authorized representative may order the work stopped by notice in writing to any persons engaged in such work, and any such persons shall forthwith stop such work until authorized by the administrator or his representative to proceed with the work. Stop work orders shall be accompanied by a notice of violation that states the specific violation and code reference.

033. -- 037. (RESERVED)

038. INTEGRATED DESIGN AND FUNDAMENTAL COMMISSIONING OF PUBLIC SCHOOL FACILITIES.

01. Definitions. The following definitions are intended to supplement, and should be read in conjunction with the definitions contained in Section 33-356, Idaho Code.

a. Fundamental Commissioning. A quality-focused process for enhancing the delivery of a project. It makes use of a qualified third party employed directly by the building owner.

b. Integrated Design. Integrated design refers to a collaborative design effort in which each of the individual architectural or engineering professionals focuses on the whole building approach, with an emphasis on optimizing the building’s performance, environmental sustainability, and cost-savings, to include climate, use, loads and systems resulting in a more comfortable and productive environment, and a building that is more energy-efficient than would be realized using current best practices.

02. Technical and Educational Information. Technical and educational information related to integrated design and fundamental commissioning in the form of the American Institute of Architects Integrated Project Delivery Guide; Portland Energy Conservation, Inc. (PECI) Commissioning Guides; ASHRAE Guideline 0-2005-The Commissioning Process; and the Northwest Energy Efficiency Alliance Integrated Design Special Focus on Energy Performance Guide is available at the Division office locations including 1090 E. Watertower St., Meridian, Idaho 83642, and 1250 Ironwood Dr., Ste. 220, Coeur d’Alene, Idaho 83814. A building commissioned under the prescriptive approaches defined by any of the above-named national organizations is deemed to have completed the Fundamental Commissioning process.

03. Commissioning Agents. The Division has compiled and made available for public examination a list of all known third party building commissioning agents in Idaho and its contiguous states. The Division has ensured that all such commissioning agents appearing on this list have been certified by the Building Commissioning Association (BCA) or other similar certifying entity.

04. Annual Optimization Review.

a. A public school building that qualifies for the school building replacement value calculation pursuant to Section 33-356(5)(a), Idaho Code, shall undergo an annual optimization review each year following the first year of operations that the involved school district seeks to qualify such building for the building replacement value calculation.
b. The systems within a building required to undergo annual optimization review, as well as any relevant measuring criteria for such systems, shall be formulated by the third party commissioning agent that performs the initial fundamental commissioning. The school district shall be provided with a written report from the commissioning agent identifying the systems which will be subject to the annual optimization review along with any other requirements.

(7-1-21)

c. The report required above in Paragraph 038.04.b. of these rules shall include, but is not limited to, at least the following:

i. Verification that the heating, ventilation, and air conditioning (HVAC) controls, dampers, valves, sensors and other equipment used to control the system are functioning as they were at the commissioning of the building.

(7-1-21)

ii. Verification that the lighting controls are functioning as they were at the commissioning of the building.

(7-1-21)

iii. The requirement that any changes made to any of the controls contained on the agent’s list after the initial commissioning be re-set back to the commissioned settings unless it can be demonstrated that the new settings result in greater energy efficiency.

(7-1-21)

d. The annual optimization review shall be performed by persons qualified to make the required determinations and adjustments.

(7-1-21)

e. The school district shall submit to the Division written verification indicating that the systems identified by the commissioning agent, including those identified in this Section are functioning as they were at the initial commissioning. Such written verification shall also identify the persons performing the optimization and their qualifications.

(7-1-21)

05. Commissioning Anniversary Date. The date upon which the commissioning agent provides the school district with the required written report described in Paragraph 038.04.b. of these rules shall be the commissioning anniversary date for purposes of this Section. If a school district seeks to qualify a building for the building replacement value calculation, the annual optimization review shall be performed within thirty (30) days of the annual commissioning anniversary date following the first year the building is in operation. The written verification required by Paragraph 038.03.e. of these rules is due to the Division not later than sixty (60) days after the annual commissioning anniversary date.

(7-1-21)

06. Fundamental Building Commissioning Requirements.

(7-1-21)

a. School districts seeking to qualify a building for the building replacement value calculation shall engage a building commissioning agent.

(7-1-21)

b. The commissioning agent must document the owner’s requirements for each commissioned system in the facility. All HVAC and controls systems, duct work and piping, renewable and alternative technologies, lighting controls and day lighting, waste heat recovery, and any other advanced technologies incorporated in the building must be commissioned. Building envelope systems must also be verified. The owner’s requirements for these systems may include efficiency targets and other performance criteria such as temperature and lighting levels that will define the performance criteria for the functional performance testing that occurs prior to acceptance.

(7-1-21)

c. The commissioning agent shall include commissioning requirements in the project construction documents. This includes the scope of commissioning for the project, the systems to be commissioned, and the various requirements related to schedule, submittal reviews, testing, training, O & M manuals, and warranty reviews.

(7-1-21)

d. The commissioning agent shall develop and utilize a commissioning plan. This plan must include an overview of the commissioning process for the project, a list of commissioned systems, primary commissioning
participants and their roles, a communication and management plan, an outline of the scope of commissioning tasks, a list of work products, a schedule, and a description of any commissioning testing activities. (7-1-21)

e. The commissioning agent must submit a report to the owner once the commissioning plan has been executed. (7-1-21)

039. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
The rules are promulgated pursuant to Section 39-4302, Idaho Code. (7-1-21)T

001. SCOPE.
These rules prescribe the criteria for enforcement and administration of the Idaho Modular Buildings Act by the Factory Built Structures Advisory Board and the Division of Occupational and Professional Licenses. (7-1-21)T

002. -- 009. (RESERVED)

010. DEFINITIONS.
The terms defined in this section have the following meaning, unless the context clearly indicates another meaning. (7-1-21)T

01. Commercial Coach. Permanent running gear includes springs, spring hangers, axles, bearings, wheels, brakes, rims and tires and their related hardware. (7-1-21)T

02. Insignia. A label or tag issued by the Division to indicate compliance with the codes, standards, rules, and regulations established for Modular Buildings and Commercial Coaches. (7-1-21)T

011. -- 026. (RESERVED)

027. PERMITS.
Building permits must be obtained from the Division prior to the construction of structures governed by Title 39, Chapter 43, Idaho Code, or Board rules. (7-1-21)T

028. PLAN REVIEW.

01. Jurisdiction. The Division has exclusive jurisdiction and authority to conduct plan reviews of the in-plant construction of Modular Buildings. (7-1-21)T

02. Distribution of Approved Copies. An approved copy of the plan submittal shall be retained at the manufacturer. (7-1-21)T

03. Proprietary Information. All material submitted by the manufacturer in the form of design plans, engineering data, test results, and other design information relating to their application will be considered proprietary information and will not be released for public scrutiny except when so ordered by a court of competent jurisdiction. (7-1-21)T

04. Revisions to Approved Modular Building Plans. Where the manufacturer proposes to revise previously approved designs, or Division adopted rules or codes are amended to necessitate such a change, the manufacturer must submit revised plans for examination and approval. (7-1-21)T

05. Application Provisions. The provisions of this section apply only to plans for work that will be accomplished at the place of manufacture. (7-1-21)T

029. FEES.
The following fees apply to the functions cited: (7-1-21)T

01. Modular Building Permit Fees. Other than as herein specified in this section, the permit fee schedule for Modular Buildings is as provided herein in Table 1-A plus ninety dollars ($90) and two and one-half percent (2.5%) of the plumbing, electrical, and HVAC installation costs. The determination of value or valuation is based on the total value of all construction work for which a permit is issued.

</tbody>
</table>

02. Other Inspections and Fees.
   a. Re-inspection fees: sixty-five dollars ($65) per hour.
   b. Inspections for which no fee is specifically indicated: sixty-five dollars ($65) per hour.
   c. Additional plan review required by changes, additions, or revisions to plans: sixty-five dollars ($65) per hour.
   d. For use of outside consultants for plan checking and inspections or both: actual costs.

03. Investigation Fee. Whenever any work for which a permit is required by these rules has been commenced without first obtaining said permit, a special investigation must be made before a permit may be issued for such work. An investigation fee, in addition to the permit fee, must be collected whether or not a permit is then or subsequently issued. The investigation fee is equal to the amount of the permit fee required by these rules. The payment of such investigation fee does not exempt any person from compliance with all other provisions of these rules nor from any penalty prescribed by law.

04. Plan Review. The Modular Building fee includes an additional amount equal to sixty-five percent (65%) of the permit fee calculated in accordance with Table 1-A.

05. Refund of Plan Review Fees. There is no refund of plan review fees.

030. RIGHT OF ENTRY.
Whenever necessary to make an inspection to enforce any of the provisions of Title 39, Chapter 43, Idaho Code, or whenever the Administrator or his authorized representative has reasonable cause to believe that there exists in any building or upon any premises, any condition that makes such building or premises unsafe, the Administrator or his authorized representative may enter such building or premises at all reasonable times to inspect the same or to perform any duty imposed upon the Division by Title 39, Chapter 43, Idaho Code; provided that if such building or premises is occupied, he must first present proper credentials and demand entry; and if such building or premises be unoccupied, he must first make a reasonable effort to locate the owner or other persons having charge or control of the building or premises and demand entry. If such entry is refused, the Administrator has recourse to every remedy provided by law to secure entry.

031. REMOVAL OF ORDERS AND NOTICES PROHIBITED.
Removal of stop work or prohibited occupancy orders or notices from a building or structure, bearing such order or notice by any person or persons not authorized by the Administrator or his authorized representative, constitute a
violation under the provisions of Section 39-4306, Idaho Code, and falls under the provisions of Section 18-317, Idaho Code.

Section 032

MODULAR BUILDINGS.

01. Enforcement and Administration. Any officer, agent, or employee of the Division is authorized to enter any premises during any normal or operational hours where Modular Buildings are manufactured for the purpose of examining any records pertaining to quality control and may inspect any such units, equipment, or installations to insure compliance with the provisions of these rules and codes enumerated in Title 39, Chapter 43, Idaho Code. Every manufacturer of Modular Buildings must obtain prior approval and an Insignia for each Modular Building unit to be installed in the state of Idaho.

02. Inspections.

a. Inspections at Manufacturing Plants. The Division conducts inspections at the manufacturing plant to determine compliance with the provisions of these rules and with codes adopted by Title 39, Chapter 41, Idaho Code, and Title 54, Chapters 10, 26, and 50, Idaho Code.

b. Field Inspections. All existing Modular Buildings to be installed in the state of Idaho not bearing the Division’s Insignia may not be used or occupied until required Idaho Insignia has been issued by the Division and properly affixed in accordance with these rules. Applicants for Insignia must obtain permits, plan approvals, and inspections as required by these rules.

c. Qualifications of Inspectors. All inspectors performing inspections of modular buildings must be properly certified for the type of inspection being conducted. The Factory Built Structures Board recognizes certifications granted through the National Certification Program Construction Code Inspector program (NCPCCI), the National Inspection Testing Certification program (NITC), the International Association of Electrical Inspectors (IAEI), and the International Code Council (ICC). Certifications must be current and of the proper classification for the structure or subsystem being inspected.

03. Installation Inspection. In order to complete the installation of an Idaho approved Modular Building, approval and inspection of the installation by the enforcement agency having jurisdiction over the site location is required.

04. Local Enforcement Agencies.

a. Rights of Local Enforcement Agency. A local enforcement agency has the right to require a complete set of plans and specifications approved by the Division for each Modular Building to be installed within its jurisdiction, to require that all permits be obtained before delivery of any unit to a Building Site. After leaving the manufacturing facility, future alterations or conversions of Division approved Modular Buildings must be field inspected by the local unit of government having jurisdiction.

b. Limitations of Rights of Local Enforcement Agency. A local enforcement agency does not have the right to: open for inspection any Modular Building or component bearing an Insignia to determine compliance with any codes or ordinances; require by ordinance or otherwise that Modular Buildings meet any requirements not equally applicable to on-site construction; or to charge permit or plan review fees for any portion of the structure prefabricated or assembled at a place other than the Building Site.

05. Insignia.

a. Required Insignia. Each Modular Building section must bear a Division Insignia prior to leaving the manufacturing facility. Assigned Insignia are not transferable and are void when not affixed as assigned. Insignia remain the property of the Division. Assigned Insignia affixed in the field must be under the direction of the Division’s authorized agent.

b. Serial Number. Each Modular Building must bear a legible identifying serial number. Each section of a multiple Modular Building must have the same identifying serial number followed by a numerical sequence.
identifier or a letter suffix, or both.

06. Reciprocal Agreements. The provisions for Insignia of compliance as specified in a written and signed reciprocal agreement between the Division and any other state takes precedence over the provisions of these rules. Where there is evidence that the in-plant inspection controls in out-of-state plants within states having reciprocal agreements with the state of Idaho are not being maintained for units to be placed in Idaho, the Division reserves the right to make out-of-state inspections, and fees for such inspection as set forth in these rules must be paid by the manufacturer.

033. CIVIL PENALTIES.
The following acts subject the violator to penalties of not more than two hundred dollars ($200) for the first offense and not more than one thousand dollars ($1,000) for each offense thereafter based on the following schedule.

01. Installation. Any person who transports a modular building to or installs a modular building on a building site in this state without first receiving approval and securing to the structure insignia evidencing such approval from the Division.

02. Modification. Any person who in any way modifies or alters a modular building prior to its initial occupancy which has previously been approved by the Division without first having received approval to do so from the Division.

03. Removal of Orders. Any person who removes a stop work or prohibited occupancy order or notice from a building or structure bearing such order or notice.

04. Lawful Orders. Any person who fails, neglects, or refuses to obey any lawful order issued by the Administrator or his representative, or who refuses to perform any duty lawfully enjoined upon him by the Administrator or his representative.

034. -- 999. (RESERVED)
000. LEGAL AUTHORITY. The rules are promulgated pursuant to Title 44, Chapter 21, Idaho Code. (7-1-21)T

001. SCOPE. These rules apply to persons engaged in the business of manufacturing, selling, or installing manufactured or mobile homes for purposes of human habitation in Idaho. (7-1-21)T

002. -- 009. (RESERVED)

010. DEFINITIONS. For the purposes of these rules, the following terms will be used, as defined below:

01. Alterations to Manufactured Homes. The replacement, addition, and modification, or removal of any equipment or installation after sale by a manufacturer to a retailer but prior to sale by a retailer to a purchaser which may affect the construction, fire safety, occupancy, plumbing, heat-producing or electrical system. It includes any modification made in a manufactured home which may affect the compliance of the home with the standards, but it does not include the repair or replacement of a component or appliance “plug-in” to an electrical receptacle where the replaced item is of the same configuration and rating as the one being replaced. It also does not include the addition of an appliance requiring “plug-in” to an electrical receptacle, which appliance was not provided with the manufactured home by the manufacturer, if the rating of the appliance does not exceed the rating of the receptacle to which it is connected. (7-1-21)T

02. Board. The Factory Built Structures Advisory Board. (7-1-21)T

03. Bond. The performance bond required by Section 44-2103, Idaho Code. (7-1-21)T

04. Branch Office. An enclosed structure accessible and open to the public, at which the business of the manufactured/mobile home retailer is conducted simultaneously with and physically separated from his principal place of business. There must be displayed on the exterior a sign permanently affixed to the land or building with letters clearly visible to the major avenue of traffic. The sign must provide the business name of the retailer. (7-1-21)T

05. Business. Occupation, profession, or trade. (7-1-21)T

06. Deceptive Practice. Intentionally publishing or circulating any advertising concerning mobile or manufactured homes which:

a. Is misleading or inaccurate in any material respect; (7-1-21)T

b. Misrepresents any of the products or services sold or provided by a manufacturer, manufactured/mobile home retailer, or installation company. (7-1-21)T

07. Installer. A person who owns a business which installs manufactured/mobile homes at the sites where they are to be occupied by the consumer. The term does not include the purchaser of a manufactured/mobile home. A retailer who does install manufactured/mobile homes is an installer. The term also does not include concrete contractors or their employees. (7-1-21)T

08. Installation. The term includes “setup” and is the complete operation of fixing in place a manufactured/mobile home for occupancy. (7-1-21)T

09. Manufactured Home. A structure, constructed after June 15, 1976, in accordance with the HUD manufactured home construction and safety standards, and is transportable in one (1) or more sections, which, in the traveling mode, is eight (8) body feet or more in width or is forty (40) body feet or more in length, or when erected on site, is three hundred twenty (320) or more square feet, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities, and includes the plumbing, heating, air conditioning, and electrical systems contained therein, except that such term must include any structure which meets all the requirements of this subsection except the size requirements and with respect to which the manufacturer voluntarily files a certification required by the secretary of Housing and Urban Development and complies with the standards established under 42 U.S.C. Section 5401, et seq. (7-1-21)T

10. Manufactured Home Retailer. Except as otherwise provided in these rules: (7-1-21)T
a. Any person engaged in the business of selling or exchanging new and used units; or

b. Any person or who buys, sells, lists, or exchanges three (3) or more new and used units in any one (1) calendar year.

11. Manufacturer. Any person engaged in the business of manufacturing manufactured homes that are offered for sale, lease, or exchange in the state of Idaho.

12. Mobile Home. A factory-assembled structure or structures generally constructed prior to June 15, 1976, the date of enactment of the National Manufactured Housing Construction and Safety Standards Act (HUD Code), and equipped with the necessary service connections and made so as to be readily movable as a unit or units on their own running gear and designed to be used as a dwelling unit or units with or without a permanent foundation.

13. Person. A natural person, corporation, partnership, trust, society, club, association, or other organization.

14. Principal Place of Business. The primary physical location at which the business of a manufactured home retailer is lawfully conducted. Each of the following requirements must be met to qualify as the principal place of business:

a. The business of the manufactured or mobile home retailer is lawfully conducted here;

b. The office or offices of the retailer is or are located here;

c. The public may contact the retailer here;

d. The offices are accessible and open to the public; and

e. The greatest portion of the retailer’s business is conducted here. The books and other records of a retailer must be kept and maintained at the retailer’s principal place of business and be open to inspection during normal business hours by any authorized agent of the Division. Moreover, there must be displayed on the exterior a sign permanently affixed to the land or building with letters providing the business name of the retailer clearly visible to the major avenue of traffic.

15. Transit Damage. Application to manufactured home means that damage encountered en route from the place of manufacture to the dealer or first owner involving structural integrity or any repair that does not result in return to the same construction or assembly as specified in the manufacturer’s design approval without additional reinforcement or change.

16. Used Manufactured Home or Mobile Home. A manufactured home or mobile home, respectively, which has been:

a. Sold, rented, or leased and occupied prior to or after the sale, rental, or lease; or

b. Registered with or been the subject of a certificate of title issued by the Idaho Department of Transportation or the appropriate authority of any state, the District of Columbia, or foreign state or country.

011. (RESERVED)

012. LICENSE REQUIRED.
It is unlawful to engage in business as a manufacturer, manufactured/mobile home retailer, or installer without being duly licensed by the Division pursuant to Title 44, Chapter 21, Idaho Code, and these rules. No issued licenses are transferable.
01. **Minimum Age Requirement.** No license will be issued to a person under eighteen (18) years of age at the time of license application.

02. **Designated License Holder.** Any applicant for a license under these rules who is not a natural person must designate a natural person to be license holder and represent the corporation, partnership, trust, society, club, association, or other organization for all licensing purposes under these rules including, but not limited to, testing and education.

   a. The authorization to act as designated license holder must be in writing, signed by the applicant and the person designated, and filed with the Division along with the application.

   b. Any person designated under Subsection 012.02 of these rules represents one (1) applicant only, and must immediately notify the Division in writing if his working relationship with the applicant has been terminated. The license will be issued in the name of the designated license holder with the name of the organization he represents also noted on the license. The license holder is considered by the Division to be the licensee, even if the license holder is the designated representative of an organization.

   c. The applicant and the person designated under Subsection 012.02 of these rules agree by acceptance of the designation that the designated person acts as agent of the applicant for all purposes under Title 44, Chapters 21 and 22, Idaho Code, and all rules promulgated thereunder.

03. **Proof of License.** Proof of the existence of any license issued pursuant to these rules is carried upon the person of any installation at all times during the performance of the installation work. Moreover, any license issued to a manufactured/mobile home retailer must be posted in a conspicuous place on the business premises of the employer for whom the holder of the license is licensed. The license of a manufacturing facility or branch office must also be posted in a conspicuous place at the location licensed.

04. **Real Estate Brokers.** Licensed real estate brokers or real estate salesmen representing licensed real estate brokers are not required to obtain a license under these rules to sell or lease a used unit that is currently carried on the tax rolls as personal property and that otherwise falls within the exemption contained in Section 44-2102(2), Idaho Code.

05. **License for Manufacturers.** To engage in business in the state of Idaho, each manufacturer must be licensed by the Division.

06. **License for Branch Office of Manufactured/Mobile Home Retailer.**

   a. The Division requires as a condition of licensing and bonding any information it deems necessary for each location where a manufactured/mobile home retailer maintains a branch office. The mere listing of manufactured/mobile homes for sale does not constitute a branch office, but the use of a mobile home park or a state sales office by a licensee for the sale or offering for sale of manufactured/mobile homes does constitute the maintenance of a branch office. A branch office manager may not manage more than one (1) branch office.

   b. To open a branch office, a retailer must: obtain a license from the Division to operate the branch office.

07. **License to Engage in Business as Manufactured/Mobile Home Retailer, Manufacturer, or Installer; Application; Bond; Issuance, Expiration, and Renewal.**

   a. Applicants for a manufacturer's, retailers, or installer's license must furnish:

      i. Any proof the Division may deem necessary that the applicant is a manufacturer, retailer, or installer;

      ii. Any proof the Division may require that the applicant has a principal place of business;

      iii. In the case of a retailer in new manufactured homes, an instrument in the form prescribed by the
Division executed by or on behalf of the manufacturer certifying that the applicant is an authorized franchise retailer for the make concerned;

iv. The fee and proof of bond fixed by rule; and

v. Proof of passing the examination required by these rules, as applicable.

b. Within thirty (30) days after receipt of a completed application, the Division will issue or deny the license.

c. Each license is valid for a period of one (1) year from the date of issuance and may be renewed for like consecutive period upon application to and approval by the Division.

013. (RESERVED)

014. PROOF OF EDUCATION REQUIRED.

01. Satisfactory Proof for Initial Application Submission. An application for a license as a manufactured/mobile home installer must include proof satisfactory to the Division that the applicant has completed the following number of hours of initial education in order to be approved:

a. Installers and retailers who are installers: eight (8) hours.

b. The course of initial education must be approved by the Division and must include information relating to the provisions of these rules, Title 44, Chapters 21, Idaho Code, and the National Manufactured Housing Construction and Safety Standards Act of 1974.

02. Satisfactory Proof for License Renewal. The Division will not renew any installer license, or retailer license of any retailer who is also an installer, issued pursuant to Title 44, Chapters 21 or 22, Idaho Code, or these rules until the licensee has submitted proof satisfactory to the Division that he has, during the three (3) years immediately preceding the renewal of the license, completed at least eight (8) hours of continuing education.

03. Continuing Education Course. The course of continuing education must be approved by the Division and include information relating to the following:

a. Manufactured housing or mobile home parks;

b. The construction, including components and accessories, rebuilding, servicing, installation, or sale of manufactured/mobile homes;

c. Legislative issues concerning manufactured/mobile home housing and manufactured/mobile home parks, including pending and recently enacted state or federal legislation; and

d. These rules, Title 44, Chapters 21 or 22, Idaho Code, and the Manufactured Housing Safety Standards Act of 1974.

015. EXAMINATION OF APPLICANT FOR LICENSE.

01. Required Examinations. The Division requires a written examination of each applicant for an initial license as a manufactured/mobile home retailer or installer. To avoid the requirement of an examination and be considered a renewal, any licensee must renew his license within six (6) months of its expiration date.

02. Approval of Examination and Grade. Examinations for all classifications under these rules must be approved by the Division and the Board. No license will be issued unless the applicant receives a final grade of seventy percent (70%) or higher.
016. DISCIPLINARY ACTION AGAINST LICENSEES.
The Division may deny, suspend, refuse to renew, or revoke any license issued under Title 44, Chapter 21, Idaho Code, or these rules or reissue the license subject to reasonable conditions upon any of the following grounds:

01. Violation of Rules and Statutes. For any willful or repeated violation of these rules, IDAPA 24.39.34, “Rules Governing Manufactured or Mobile Home Installations,” or Title 44, Chapters 21 or 22, Idaho Code.

02. Failure to Have Principal Place of Business. With regards only to a manufactured/mobile home retailer, failure of the applicant or licensee to have a principal place of business.

03. False Information. Material misstatement in the application or otherwise furnishing false information to the Division.

04. Disclosing Contents of Examination. Obtaining or disclosing the contents of an examination given by the Division.

05. Deceptive Practice. The intentional publication, circulation, or display of any advertising which constitutes a deceptive practice as that term is defined in Subsection 010.05 of these rules.

06. Failure to Provide Business Name. Failure to include in any advertising the name of the licensed retailer or installer.

07. Encouraging Falsification. Intentionally inducing an applicant or licensee to falsify an application.

08. Poor Workmanship. Performing workmanship which is grossly incompetent or repeatedly below the standards adopted by Title 44, Chapters 21 and 22, these rules, IDAPA 24.39.34, “Rules Governing Manufactured or Mobile Home Installations,” the National Manufactured Housing Construction and Safety Standards Act of 1974, or the latest Idaho adopted editions of the International Residential Code, the National Electrical Code, the Idaho State Plumbing Code, and the International Mechanical Code.

09. Installation Supervisor Required. Failure to have an employee personally supervise any installation of a manufactured/mobile home.

10. Failure to Honor Warranties. Failure to honor any warranty or other guarantee given by a licensee for construction, workmanship, or material as a condition of securing a contract, or of selling, leasing, reconstructing, improving, repairing, or installing any manufactured/mobile home.

11. Revocation or Denial of License. Revocation or denial of a license issued pursuant to these rules or an equivalent license by any other state or U.S. territory.

12. Failure to Respond to Notice. Failure to respond to a notice served by the Division.

13. Failure to Permit Access to Documentary Materials. Failure or refusing to permit access by the Division to relevant documentary materials after being requested to do so by the Division.

15. Conviction of Felony. Conviction or withheld judgment for a felony in this state, any U.S. territory, or country.

16. Dealing with Stolen Manufactured or Mobile Homes. To knowingly purchase, sell, or otherwise acquire or dispose of a stolen manufactured or mobile home.
17. **Violation of Permit or Inspection Requirements.** To knowingly violate any permit or inspection requirements of any city or county of this state.

017. **PROCEDURES FOR LICENSING SUSPENSION, REVOCATION OR NONRENEWAL.**

Any proceeding to suspend, revoke, or not renew any license will be conducted as a contested case in accordance with the provisions of Title 67, Chapter 52, Idaho Code, and the “Idaho Rules of Administrative Procedure of the Attorney General,” IDAPA 04.11.01.000, et seq.

018. **APPLICATION FOR NEW LICENSE.**

Any person whose license has been revoked may not apply for a new license until the expiration of one (1) year from the date of such revocation.

019. **FEES.**

01. **Fees for Issuance and Renewal of License.** The following fees for the issuance and renewal of a license will be charged:

a. Manufactured/mobile home retailer license: four hundred forty dollars ($440). Retailers who are also installers will have to pay an installer's license fee to hold both licenses.

b. Manufacturer license: four hundred forty dollars ($440);

c. Manufactured/mobile home installer license: two hundred twenty dollars ($220);

02. **Performance Bonding Requirements.** Application for licensing will be accepted when accompanied by the following performance bond:

a. Manufacturer: twenty thousand dollar ($20,000) bond;

b. Manufactured/mobile home retailer: forty thousand dollar ($40,000) bond;

c. Manufactured/mobile home installer: five thousand dollar ($5,000) bond. Retailers who are also installers will be required to post an installer's bond to hold both licenses.

03. **Money or Securities Deposit in Lieu of Performance Bond.** A money or securities deposit will be accepted by the Division in lieu of the performance bonding requirement as set forth at Title 44, Chapter 21, Idaho Code, and Subsection 019.02 of these rules, under the following circumstances:

a. Any such money or securities deposit is in a principal sum equal to the face amount of the performance bond required for the applicable licensing category;

b. Any such money deposit is deposited in a time certificate of deposit that provides on its face that the principal amount of such certificate of deposit is payable to the Division upon presentment and surrender of the instrument;

c. Any such time certificate of deposit has a maturity date of one (1) year from the effective date of licensure and has an automatic renewal provision for subsequent years;

d. Any such time certificate of deposit must be provided to the Division at the time of application for licensure and be retained by the Division during the effective period of licensure unless otherwise expended by the Division to insure completion of the licensee's performance;

e. Any such time certificate of deposit will be returned to an unsuccessful applicant for licensure;

f. The principal amount of any such time certificate of deposit, to the extent not otherwise expended to insure completion of the licensee's performance, will be returned to the depositor by the Division on or before
ninetys (90) days subsequent to the occurrence of any of the following events: voluntary surrender or return of a license; expiration of a license; lapse of a license; or revocation or suspension of a license; and

\( g. \) Any interest income earned by reason of the principal amount of the time certificate of deposit is the property of the licensee. 

020. (RESERVED)

021. CIVIL PENALTIES. The following acts subject the violator to penalties based on the following schedule:

01. Industry Licensing. Except as provided for by Section 44-2106, Idaho Code, any person who engages in the business of a manufacturer, retailer, or installer, as defined in Section 44-2101A, Idaho Code, without being duly licensed by the Division is subject to a civil penalty of not more than five hundred dollars ($500) for the first offense and a civil penalty of not more than one thousand dollars ($1,000) for each offense thereafter. 

02. Deceptive Practice. In accordance with Section 44-2106(2), Idaho Code, any retailer or installer, who intentionally publishes or circulates any advertising that is misleading or inaccurate in any material respect or that misrepresents any of the products or service sold or provided by a manufacturer, retailer or installer is subject to a civil penalty of not more than five hundred dollars ($500) for the first offense and a civil penalty of not more than one thousand dollars ($1,000) for each offense thereafter. 

03. Dealing with Stolen Manufactured or Mobile Homes. In accordance with Section 44-2106(2), Idaho Code, any person who knowingly purchases, sells, or otherwise acquires or disposes of a stolen manufactured or mobile home is subject to a civil penalty of not more than one thousand dollars ($1,000). 

04. Failure to Maintain a Principal Place of Business. In accordance with Section 44-2106(2), Idaho Code, any person who is a retailer duly licensed by the Division and who fails to maintain a principal place of business within Idaho, is subject to a civil penalty of not more than five hundred dollars ($500) for the first offense and a civil penalty of not more than one thousand dollars ($1,000) for each offense thereafter. 

05. Violation of Rules and Statutes. Any person who knowingly violates any of the provisions of these rules, IDAPA 24.39.34, “Rules Governing Manufactured or Mobile Home Installations,” or the provisions of Title 44, Chapters 21 or 22, Idaho Code, is subject to a civil penalty of five hundred dollars ($500) for the first offense and one thousand dollars ($1,000) for each offense thereafter. 

06. Gross Violation. In case of continued, repeated, or gross violations of these rules or IDAPA 24.39.34, “Rules Governing Manufactured or Mobile Home Installations,” a license revocation may be initiated for licensed individuals under Title 44, Chapter 21, Idaho Code. Non-licensed individuals are subject to prosecution by the appropriate jurisdiction under Idaho law.

022. MANUFACTURED HOME BUYER’S INFORMATION AND DISCLOSURE FORM. The Manufactured Home Buyer’s Information and Disclosure Form must be presented by manufactured home retailers to each purchaser of a new manufactured home, and must be executed by the retailer and purchaser at the time the initial purchase order is signed for the sale of a new manufactured home. 

023. MANUFACTURED HOMES CONSTRUCTION AND SAFETY STANDARDS. Effective June 15, 1976, the latest published edition of the National Manufactured Home Construction and Safety Standards and Manufactured Home Procedural and Enforcement Regulations are in effect for all manufactured homes manufactured within the state of Idaho, and for all new manufactured homes for sale within the state of Idaho. All new manufactured homes offered for sale within Idaho after the effective date of this section bear the Housing and Urban Development (H.U.D.) label as authorized in the Manufactured Home Procedural and Enforcement Regulations. 

024. -- 999. (RESERVED)
24.39.34 – RULES GOVERNING MANUFACTURED OR MOBILE HOME INSTALLATIONS

000. LEGAL AUTHORITY.
The rules are promulgated pursuant to Title 44, Chapter 21, Idaho Code. (7-1-21)

001. SCOPE.
The rules apply to the installation of manufactured or mobile homes in Idaho. (7-1-21)

002. -- 003. (RESERVED)

004. ADOPTION AND INCORPORATION BY REFERENCE.
The Idaho Manufactured Home Installation Standard (January 1, 2018 edition), is hereby adopted and incorporated by reference into these rules. (7-1-21)

005. APPLICATION -- COMPLIANCE.

01. Application -- State Preemption. Cities and counties may not adopt or enforce more or less stringent standards, except as permitted by Section 67-6509(a), Idaho Code, as it pertains to the siting of manufactured homes in residential areas. (7-1-21)

02. Compliance -- Disciplinary Action Against Licensees. Failure to comply with these standards constitutes grounds for discipline as provided in Title 44, Chapter 21, Idaho Code. (7-1-21)

006. -- 011. (RESERVED)

012. USE OF MANUFACTURERS’ INSTALLATION INSTRUCTIONS.
In any instance in which there is a conflict between the DAPIA installation instructions and the Idaho Manufactured Home Installation Standards, the DAPIA installation instructions supersede and serve as the controlling authority. (7-1-21)

013. INSTALLATION PERMITS AND INSPECTIONS REQUIRED.
Installation permits must be obtained from the Division for installations in areas where there is no approved local program, or from a city or county that has by ordinance adopted building codes pursuant to Section 39-4116, Idaho Code, and whose installation program has been approved by the Division. All installations must be inspected and approved by the authority having jurisdiction before the manufactured home is occupied. (7-1-21)

014. INSTALLATION PERMIT FEES.
A city or county whose installation inspection program has been approved by the Division establishes their own fee schedule for installation permits within their jurisdiction. Permits obtained from the Division are in accordance with the following schedule:

01. Single Section Unit. The permit fee is one hundred fifty dollars ($150). (7-1-21)

02. Double Section Unit. The permit fee is two hundred dollars ($200). (7-1-21)

03. More Than Two Sections. The permit fee for a home consisting of more than two (2) sections is two hundred fifty dollars ($250). (7-1-21)

04. Trade Permits. Trade permits are administered separately from installation permits, and fees for such are separate from the fees identified in Section 014. (7-1-21)

015. INSTALLATION TAGS REQUIRED.
The owner or installer of a new manufactured home must purchase an installation tag for fifty dollars ($50) from the Division prior to commencing the installation of a manufactured home in Idaho. Such tag is required regardless of which jurisdiction has authority to perform the installation inspection. (7-1-21)

016. APPROVAL OF LOCAL MANUFACTURED HOME INSTALLATION INSPECTION PROGRAMS.

01. Division Approval. A city or county that has by ordinance adopted a building code pursuant to Section 39-4116, Idaho Code, is eligible to participate in the inspection of manufactured and mobile homes. Such local installation inspection program must be approved by the Division to provide inspection services if the following minimum criteria is met: (7-1-21)
a. Inspections are conducted by the city or county employing inspectors holding a valid certification as residential building inspector from the International Code Council; (7-1-21)T

b. Inspectors have attended annual training sessions provided or approved by the Division and received a certificate evidencing successful completion thereof. (7-1-21)T

02. Voluntary Withdrawal. A city or county may voluntarily withdraw from participation in the program to inspect manufactured homes upon providing to the Administrator of the Division thirty (30) days written notice of its intention to do so. (7-1-21)T

017. MINIMUM TRAINING REQUIREMENTS FOR INSPECTORS. All installation inspectors employed by the Division or a city or county must complete eight (8) hours of training or instruction approved by the Division every three (3) years dedicated to the installation and inspection of manufactured and mobile homes. (7-1-21)T

018. QUALITY ASSURANCE.

01. Inspected Installations. Any inspected installation is subject to quality assurance reviews by Division of Occupational and Professional Licenses. Findings made by the Division pursuant to such reviews will be forwarded to the inspection authority having jurisdiction. (7-1-21)T

02. Inspectors and Programs. All inspectors and approved programs, including the Division, are subject to review. (7-1-21)T

019. MINIMUM SCOPE OF INSTALLATION INSPECTION.

01. Scope. At a minimum, the inspection of the installation of a manufactured home by an installer includes the inspection record document must verify that the installer has visually inspected the installation of the mobile or manufactured home. (7-1-21)T

02. Inspection Minimum Requirements. At a minimum, the inspection of the installation of a manufactured home must include the following by an inspector: (7-1-21)T

a. Verification that site location is suitable for home design and construction, and inspection of site-specific conditions, including preparation and grading for drainage; (7-1-21)T

b. Inspection of the foundation construction; (7-1-21)T

c. Verification that installed anchorage meets minimum requirements; and (7-1-21)T

d. Verification of completed inspection record document from the installer. (7-1-21)T

020. -- 999. (RESERVED)
000. **LEGAL AUTHORITY.**
This chapter is adopted by the administrator of the Division of Occupational Professional Licenses in accordance with Section 39-8605, Idaho Code.

001. **SCOPE.**
These rules govern the design, construction, installation, operation, inspection, testing, maintenance, alteration, or repair of elevators, escalators, moving walks, platform lifts, material lifts, and dumbwaiters.

002. **ADOPTION AND INCORPORATION BY REFERENCE.**

1. **Documents.** The following codes, amendments, and updates are hereby adopted and incorporated by reference into these rules for all conveyances subject to this chapter.

a. ANSI/ASME A17.1 2016, Safety Code for Elevators and Escalators with the following exceptions:

i. Compliance with section 2.8.3.3.2 requires that the means for disconnecting the main power, as required by this section, to be within sight of controller for all conveyances with an elevator machine room or control room.

ii. Compliance with section 8.11.2.1.5(c) Car and Counterweight Buffer testing must be conducted at slow speed in accordance with Item 5.9.2.1(a) in ANSI/ASME A17.2 2014.

iii. Compliance with Section 2.2.2.5, which requires a sump pump or drain in the elevator pit, is optional. If a sump pump or drain is installed, it must meet the requirements of this section. A sump with a cover must be provided in each elevator pit.

d. ANSI/ASME A17.5 2014 Elevator and Escalator Electrical Equipment.

e. ANSI/ASME A17.6 2010 Standard for Elevator Suspension, and Governor Systems.

g. ANSI/ASME A17.8 2016 Standard for Wind Tower Turbine Elevators.

j. ASME QE-1 2013 Standard for the Qualification of Elevator Inspectors.

2. **Copies.** Copies of the codes, amendments, and updates listed in Subsection 004.01 of these rules are available for review at the Division of Building Safety offices.

003. **INSPECTION REQUIREMENTS.**
For an inspection may to take place:

1. **Access.** All machine rooms and spaces must be free of dirt and debris and have any obstacles to access removed.

2. **Technician on Site.** An elevator technician and fire alarm technician must be present on site to restore elevator and fire alarm systems.

3. **Installation.** The elevator installation must be complete and safe for inspection. Equipment, components, or systems installed on the conveyance must function in accordance with design and code requirements.
If equipment, components, or systems are installed that are not required by the currently adopted code, they must function properly or be removed.

04. **Inspection Fees.** Inspection fees for elevators are assessed and collected according to the schedule listed in Section 39-8616, Idaho Code, except that reinspection fees for all types of conveyances is one hundred dollars ($100) for the first hour of inspection, or portion thereof, and one hundred dollars ($100) for each hour of inspection thereafter.

012. **APPROVAL OF NEW OR ALTERNATIVE TECHNOLOGY.**

01. **Administrator Approval Required.** If, due to construction or technological impediments, an elevator or conveyance cannot comply with applicable code requirements, approval of new or alternative construction or technology may be requested from the administrator. Approval must be obtained before commencement of construction.

02. **Submission Deadline.** Details of the proposed construction or technology, including design, material specifications and calculations, and such other information as may be requested, must be submitted to the administrator at least thirty (30) days in advance of the anticipated construction start date.

   a. The manufacturer of the new product or system must provide the administrator with an Accredited Elevator/Escalator Certification Organization (AECO) approval and certification in accordance with ANSI/ASME A17.7 Performance-based Safety Code for Elevators and Escalators or engineering and test data demonstrating that the proposed technology is safe for the intended purpose.

   b. The owner of the new product or system must provide the administrator with a document in which the owner acknowledges that the proposed technology is not governed by the applicable safety code and assures the administrator that, at such time as the code is revised to include the product or system, the owner will modify the product or system to bring it into compliance. The owner must assure the administrator that if the product or system cannot be modified or altered to bring it into compliance with the applicable code it will be removed and replaced with code-compliant equipment.

   c. The manufacturer of the new product or system must provide training to Division personnel on the proposed technology and any related products or systems at no cost to the Division.

03. **Engineer Approval.** The information provided in compliance with the foregoing requirements must be approved by an Accredited Elevator/Escalator Certification Organization (AECO) or a registered professional engineer experienced in elevator or conveyance design prior to submission to the administrator.

013. -- 999. *(RESERVED)*
000. LEGAL AUTHORITY.
This chapter is adopted pursuant to Section 54-1907, Idaho Code, as amended. (7-1-21)T

001. TITLE.
These rules govern the practice of public works contractors in Idaho. (7-1-21)T

002. -- 009. (RESERVED)

010. DEFINITIONS.
As used in these rules. (7-1-21)T

01. Applicant. Any person who has filed an application with the administrator. (7-1-21)T

02. Compiled. A type of financial statement in which the information presented is based solely upon representations by an organization’s management. (7-1-21)T

03. Estimated Cost. For the purposes of the application of Section 54-1903(i), Idaho Code, the term “estimated cost” refers to the total aggregate amount of the value of all the separate or individual jobs, parts, components, or undertakings involved in the construction of a single project when combined and considered as a whole, regardless of the types of trades, sub-contracts, work, or other individual aspects involved, and without regard to the number of trades or crafts that are involved. (7-1-21)T

04. Financial Statement. A balance sheet and income statement prepared in accordance with generally accepted accounting principles. (7-1-21)T

05. Incidental Work. Work, the nature of which does not require any additional trade licenses and which may be carried out in conjunction with an activity for which the licensee is licensed, but is not intended to produce an amount of income over ten percent (10%) of the total bid amount. (7-1-21)T

06. Independent Audit Report. A report prepared by an independent certified public accountant presenting such auditor’s opinion on the fairness of the organization’s financial statements and prepared in accordance with generally accepted auditing standards. (7-1-21)T

07. Licensee. Includes any individual proprietor, partnership, limited liability partnership, limited liability company, corporation, joint venture, or other business organization holding a current, unrevoked public works contractor license. (7-1-21)T

08. Qualified Individual. The person qualifying by examination as to the experience and knowledge required by Section 54-1910(a), Idaho Code. (7-1-21)T

09. Reviewed. Refers to a financial statement that is accompanied by the opinion of a certified public accountant stating that, based upon representations by the organization’s management, the reviewer has a reasonable basis for expressing limited assurance that there are no material modifications that should be made to the financial statements in order for the statements to be in accordance with generally accepted accounting principles. (7-1-21)T

010. -- 101. (RESERVED)

102. COMMUNICATION.
All communications are deemed officially received only when delivered to the office of the administrator. (7-1-21)T

103. PETITIONS.
An applicant or licensee seeking an order or decision of the administrator or the Board on any matter, or disciplinary proceeding, must file a written petition. (7-1-21)T

104. FORM AND CONTENT OF PETITION.

01. Form. The petition, including the heading, the name of the petitioner or person making the request, and the purpose of the petition must contain the following: (7-1-21)T

a. The petitioner’s name, address, and license number. (7-1-21)T
b. The petitioner’s request in brief, precise and specific terms, including references to any pertinent statutes or rules, and a detailed explanation of the purpose for the request. (7-1-21)

c. Statements of fact to support the request. Briefs and supporting documents may accompany petitions. (7-1-21)

02. Service. The petition must be dated and signed by the petitioner, and filed as set forth in Section 102 of these rules. (7-1-21)

105. LICENSE RENEWAL -- FILING DEADLINES; PETITIONS FOR EXTENSION OF TIME TO FILE; LAPSED LICENSES.

01. Filing Deadline. Applications for renewal of a license must be filed by the last working day of the month in which the license expires. (7-1-21)

02. Extension of Time. A petition for an extension of time in which to renew must be filed by the last working day of the month in which the license expires. The petition must be accompanied by a fee in the amount of the prorated portion of the annual license fee for the class of license applied for, with a minimum fee of at least fifty dollars ($50). The fee for this service is required in addition to the licensing and renewal fees provided for in Section 201 of these rules and paid to the Division at the time of application for licensure. Petitions not accompanied by the required fees or filed after the license has expired will not be honored. (7-1-21)

a. The petition must specify the number of days for which the extension is being requested; however under no circumstances may an extension exceed sixty (60) days. (7-1-21)

03. Approval of Petition. Approval of a petition for an extension of time authorizes operation as a contractor until the administrator completes action on the renewal application, provided the application for renewal is filed with the Administrator within the extended time specified. (7-1-21)

04. Failure to File. If the licensee fails to file a timely application for renewal or petition for extension, the license lapses and expires on the last day of the license period. Licenses not renewed in a timely manner are considered delinquent for a period of one (1) year from the last day of the license period and may be renewed at any time during that year. Licenses delinquent for more than a period of one (1) year must be reinstated and the applicant for reinstatement must apply as if for a new license. (7-1-21)

05. Expedited Licensure. Upon an applicant’s request and payment of a fee of one hundred dollars ($100), the Division will expedite its review and determination of a license application. The fee for this service is required in addition to the licensing and renewal fees provided for in Section 201 of these rules and must be paid to the Division at the time of application for licensure. (7-1-21)

106. SPECIAL PROVISIONS COVERED IN A PETITION TO CHANGE OR ADD TYPES OF CONSTRUCTION.
A petition to change or add types of construction must be supported by evidence, satisfactory to the administrator, of work history, job performance, experience, equipment, financial responsibility, and a minimum of three (3) letters of reference. The evidence of work history, job performance, experience, and financial responsibility must comply with the requirements of Subsections 110.01 and 110.02 of these rules. All of the evidence must specifically pertain to work that is similar in scope and value to that for which the change or addition is being requested. (7-1-21)

107. -- 108. (RESERVED)

109. NOTICE.
In any contested case or other matter of Board business, written notification, mailed to the licensee or the applicant at the most current address on record with the Board, constitutes sufficient notification for all purposes within Title 54, Chapter 19, Idaho Code, and these rules. (7-1-21)

110. APPLICATION FOR LICENSURE -- DOCUMENTATION; APPRAISALS; REFERENCES; BONDING; AND FINANCIAL STATEMENTS.
01. Application Documentation. To obtain a license, the applicant must submit to the administrator, on such forms and in a format as the administrator prescribes, including electronically, accompanied by the required fee for the class of license applied for, a complete written application for such license. All of the information submitted by the applicant must specifically pertain to work that is similar in scope and value to that for which licensure is being requested or that is being requested in a petition to change or add types of construction. The information contained in such application forms must include:

a. A complete statement of the general nature of applicant's contracting business, including a concise description of the applicant's experience and qualifications as a contractor and a list of clients for whom work has been performed;

b. A description of the value and character of contract work completed and for whom performed during the three (3) year period prior to filing the application;

c. A general description of applicant's machinery and equipment; and

d. An annual financial statement, as herein defined, that covers a period of time ending no more than twelve (12) months prior to the date of submission of the application, indicating compliance with such financial requirements as the Board may prescribe by rule. The applicant's financial statement may be supplemented with:

i. Bonding. As authorized by Section 54-1910(e), Idaho Code, a letter from applicant's bonding company, not an insurance agent, stating the amount of the applicant's bonding capability per project and in the aggregate, including supporting documentation;

ii. Guaranty. Documentation, satisfactory to the administrator, of the existence of a written guaranty agreement between the applicant and a third-party in which the third-party guarantor agrees to assume financial responsibility for payment of any obligations of the applicant for any particular project as may be determined by a court of competent jurisdiction. The guaranty agreement, along with financial statements meeting the requirements of Paragraph 110.01.e. of this rule, must be submitted with the license application.

e. For Class A, AA, AAA, and Unlimited license applications, financial statements must be accompanied by an independent auditor's report or be reviewed. For Class B and CC license applications, financial statements must be accompanied by an independent audit report or be reviewed or compiled by a certified public accountant. For Class C and Class D license applications, financial statements must be accompanied by an independent audit report or be reviewed, compiled, or on the form provided by the administrator, and include such additional information as may be required by the administrator to determine the applicant's fitness for a license.

f. The name, social security number, and business address of an individual applicant or, if the applicant is a partnership, its tax identification number, business address, and the names and addresses of all general partners; and if the applicant is a corporation, association, limited liability company, limited liability partnership, or other organization, its tax identification number, business address, and the names and addresses of the president, vice president, secretary, treasurer, and chief construction managing officers, or responsible managing employee.

g. Applicants requesting a licensing class higher than that for which the applicant is currently licensed must provide documentation, satisfactory to the administrator, of having performed projects, similar in scope and character to those for which license is requested. The monetary value of those jobs must fall within a range not less than thirty percent (30%) below that for which the applicant is currently licensed.

02. Application for Change in Licensing Class. Requests for a licensing class higher than that for which the applicant is currently licensed must be accompanied by the information in Subsection 110.01 of these rules, and the applicable fee. Licenses granted under Subsection 110.02 of these rules are valid for a period of twelve (12) months from the date of issuance.
03. **Extension of Time to File Financial Statement.** The administrator may grant an extension of time to file the annual financial statement if the licensee provides an interim compiled balance sheet and income statement for the applicant’s fiscal year-to-date, duly certified as true by the applicant, and if a partnership, limited liability company, or limited liability partnership by a member thereof, and if a corporation, by its executive or financial officer. Such renewal application must be filed prior to the first day of such renewal licensing period. In the event an extension is granted, the renewal license is valid for a period of twelve (12) months from the date of the issuance of the renewal license.

04. **Appraisals.** The administrator may require submission of an independent appraisal of any real or chattel property reported by an applicant or licensee. Such appraisals must be conducted by a disinterested person or firm established and qualified to perform such services.

05. **References.** The administrator may require an applicant for an original or renewal license to furnish such personal, business, character, financial, or other written references as deemed necessary and advisable in determining the applicant’s qualifications.

111. **FINANCIAL REQUIREMENTS.**
The financial requirements for obtaining and maintaining a heavy, highway, building, and specialty construction license under this act must be as described in this section for each respective class. An applicant requesting a license for each class identified in this section must have a minimum net worth and possess an amount of working capital as provided in Table 111.01:

<table>
<thead>
<tr>
<th>LICENSE CLASS</th>

112. **EXAMINATION.**
The Board approves all subject areas and topics to be included in the public works contractor license examination.

01. **Frequency of Conducting of Examinations.**

a. Examinations for all classes of licenses under the Public Contractors laws and rules will be given a minimum of four (4) times each year in the Division’s three (3) office locations.

b. The applicant will be notified in writing of the date, time, and location at which the examinations will be given, following approval of the application.

02. **Professional Testing Services.** In lieu of the administration by the administrator of the examination for licenses, the administrator may contract with a professional testing service to administer the examination, and require all license applicants, with the exception of Class D applicants, to pay to the testing service the fee that they have set for the examination, to take such examination at the time set by such service, and provide
the Division acceptable verification of the test score. In such instances, the Division may charge and retain the application fee provided for by Section 54-1911, Idaho Code, to cover the cost of reviewing the applicant’s application.

a. Class D applicants will utilize the existing in-house, open-book examination.

b. Class D licensees pursuing an upgrade must reapply and pass the examination administered by the professional testing service.

03. Required Score. The applicant must receive a final grade of seventy percent (70%) or higher prior to issuance of the appropriate license.

04. Failed Examinations.

a. An applicant receiving less than a passing score on a first or second examination may be reexamined without reapplication.

b. Before being reexamined after failing an examination the third time, an applicant must resubmit the application and fee.

c. Before being reexamined after any further failures, an applicant for reexamination must wait until the expiration of sixty (60) days from the date of the failed examination and resubmit the application and fee for each subsequent examination.

113. INDIVIDUAL QUALIFIED BY EXAMINATION.

01. Written Notice. Written notice, required by Section 54-1910(a), Idaho Code, that the Qualified Individual of a public works contractor has ceased to be connected with the contractor must be provided to the Administrator on forms prescribed by the Administrator indicating the date the Qualified Individual ceased to be connected with the contractor.

02. Reasonable Length of Time. If a public works contractor notifies the Administrator that the contractor’s Qualified Individual has ceased to be connected with the contractor, the contractor’s license will remain in force for ninety (90) days from the date of the notice.

114. -- 198. (RESERVED)

199. LIMITATIONS.

01. One License. A licensee will be permitted to hold only one (1) class of license at any given time.

02. Previous License Null and Void. When a licensee of one class has been issued a license of another class, the previous license is null and void.

03. Total Bid Cost. The total of any single bid on a given public works project, or the aggregate total of any split bids, or the aggregate total of any base bid and any alternate bid items, or the aggregate total of any separate bid by a licensee of any class, except Class Unlimited, may not exceed the estimated cost or bid limit of the class of license held by the licensee. The aggregate total of bids must include all bids of the subcontractors. Subcontractor bids are not considered a separate bid for the purposes of computing the bid on a given public works project.

04. Two or More Licensees. Two (2) or more licensees of the same class or of different classes are not permitted to combine the estimated cost or bid limit of their licenses to submit a bid in excess of the license held by either licensee.

05. Type 4 License Holder. The holder of a license for Type 4, Specialty Construction, are entitled to
bid a public works project as a prime contractor or as a subcontractor, if more than fifty percent (50%) of the work to be performed by him on such project is covered by a category or categories listed on the license held by the licensee.

200. TYPE 4-SPECIALTY CONSTRUCTION CATEGORIES.
A license for Type 4-Specialty Construction must list one (1) or more specialty construction categories to which the license is restricted. Categories and their definitions are:

01. 01107 Engineering. A specialty contractor whose primary business includes providing engineering and design services such as civil, electrical, mechanical, and structural.

02. 01541 Scaffolding and Shoring. A specialty contractor whose primary business is the installation of any temporary elevated platform and its supporting structure used for supporting workmen or materials or both, and props or posts of timber or other material in compression used for the temporary support of excavations, formwork or unsafe structures; the process of erecting shoring.

03. 01542 Craning and Erection. A specialty contractor whose primary business includes the art, ability and skill to safely control the workings of a crane in such a manner that building materials, supplies, equipment and structural work can be raised and set in a final position.

04. 01550 Construction Zone Traffic Control. A specialty contractor whose primary business is the installation or removal of temporary lane closures, flagging or traffic diversions, utilizing pilot cars, portable devices such as cones, delineators, barricades, sign stands, flashing beacons, flashing arrow trailers, and changeable message signs on roadways, public streets and highways or public conveyances.

05. 01570 Temporary Erosion and Sediment Controls. A specialty contractor whose primary business includes the ability and expertise to install silt fencing or other similar devices to prevent erosion and contain silt.

06. 02110 Excavation, Removal and Handling of Hazardous Material. A specialty contractor whose primary business includes the excavation and removal of toxic and hazardous site materials. Contractors must be properly licensed and certified if required.

07. 02115 Removal of Underground Storage Tanks. A specialty contractor whose primary business includes, but is not limited to, the excavation, removal, cleanup, and disposal of underground storage tanks that have contained petrochemical type fuels. This work should include the sampling and testing of surrounding materials and filing of closure documents.

08. 02195 Environmental Remediation, Restoration and Soil Stabilization. A specialty contractor whose primary business is the remediation and restoration of contaminated environmental sites.

09. 02210 Drilling. A specialty contractor whose primary business includes practical elementary knowledge of geology and hydrology; the art, ability, knowledge, science and expertise to bore, drill, excavate, case, pack or cement by use of standard practices, including the use of diamond bits, cable tools, percussion, air percussion, rotary, air rotary, reverse circulation rotary methods or jetting.

10. 02220 Demolition. A specialty contractor whose primary business includes the ability and expertise to demolish all types of buildings or structures and to remove all of such buildings or structures from the premises, and maintain the premises surrounding demolition site safely for passing public.

11. 02230 Site Clearing. A specialty contractor whose primary business includes the ability and expertise to remove and dispose of all trees, brush, shrubs, logs, windfalls, stumps, roots, debris and other obstacles in preparation for excavation of a construction site or other uses.

12. 02231 Logging. A specialty contractor whose primary business and expertise includes the clearing, cutting, removal and transportation of logs and trees and the construction of temporary roads and structures for such operations along with any reclamation work associated with such operations.
13. **02232 Tree Removal and Trimming.** A specialty contractor whose primary business includes pruning, removal, or guying of trees, limbs, stumps, and bushes including grinding and removal of such items. (7-1-21)T

14. **02240 Dewatering and Subsurface Drainage.** A specialty contractor whose primary business is to control the level and flow of subsurface water. (7-1-21)T

15. **02260 Earth Retention Systems, Mechanical Stabilized Earth Walls and Retaining Walls.** A specialty contractor whose primary business includes the building of earth retention systems, mechanical stabilized earth walls and retaining walls. (7-1-21)T

16. **02265 Slurry Walls.** A specialty contractor whose primary business is the construction of below ground structural diaphragm walls or containment walls through the combined use of trench excavation, mud slurry and tremie concrete. (7-1-21)T

17. **02270 Rockfall Mitigation and High Scaling.** A specialty contractor whose primary business is rockfall mitigation and high scaling. (7-1-21)T

18. **02310 Excavation and Grading.** A specialty contractor whose primary business includes such work as digging, moving and placing material forming the surface of the earth in such manner that a cut, fill, excavation and any similar excavating operation can be done with the use of hand and power tools and machines that are used to dig, move and place that material forming the earth’s surface. (7-1-21)T

19. **02312 Dust Control, Dust Abatement and Dust Oiling.** A specialty contractor whose primary business is dust control, dust abatement and dust oiling. (7-1-21)T

20. **02317 Rock Trenching.** A specialty contractor whose primary business is rock trenching. (7-1-21)T

21. **02318 Hauling.** A specialty contractor whose primary business includes the ability and expertise to obtain or move specified materials by transportation in a vehicle. (7-1-21)T

22. **02319 Blasting.** A specialty contractor whose primary business includes the use of conventional and high explosives for pre-splitting, surface, underground and underwater blasting, drill, trench, or excavate for use of explosives; priming and loading drilled, trenched or excavated areas by pipe tamping, pneumatic loading, injector loading, mud capping, slurry loading, combination of pneumatic and injector loading or hand loading; use of volt, ohms and milliampere meter (VOM) in testing blasting machine output voltage, power line voltage, measuring electric blasting cap or blasting circuit resistance, testing for current leakage, testing for AC-DC stray current and voltage, leading wires for open or short circuits, rack bar blasting machine for running short or galvanometer output voltage; use of blasting caps, electric blasting caps, delay electric blasting caps, primacord and all other detonating devices. (7-1-21)T

23. **02325 Dredging.** A specialty contractor whose primary business includes the excavation or removal of earth, rock, silt, or sediment from bodies of water including but not limited to streams, lakes, rivers or bays by means of specialized equipment. (7-1-21)T

24. **02404 Horizontal and Directional Earth Boring, Trenching and Tunneling.** A specialty contractor whose primary business and expertise includes boring, trenching or tunneling. (7-1-21)T

25. **02450 Drilled Piers, Pile Driving, Caisson Drilling, Geopier and Helical Piers.** A specialty contractor whose primary business includes drilling piers, pile driving, caisson drilling, Geopier and helical piers. (7-1-21)T

26. **02500 Utilities.** A specialty contractor whose primary business includes the construction and installation of pipe lines for the transmission of sewage, gas and water, including minor facilities incidental thereto; installation of electrical poles, towers, arms, transformers, fixtures, conduits, conductors, switch gear, grounding devices, panels, appliances and apparatus installed outside of buildings; including excavating, trenching, grading,
back fill, asphalt patching as well as all necessary work and installation of appurtenances in connection therewith. (7-1-21)T

27. 02520 Well Drilling. A specialty contractor whose primary business includes the practical elementary knowledge of geology, hydrology, the occurrence of water in the ground, water levels in wells, the prevention of surface and sub-surface contamination and pollution of the ground water supply; and the art, ability, experience, knowledge, science, and expertise to bore, drill, excavate, case, screen, cement, clean and repair water wells; or to do any or any combination of any or all such boring, drilling, excavating, casing, cementing, cleaning and repairing with hand or power tools or rigs, including the installation and repair of pumps. (7-1-21)T

28. 02580 Installation of Communication Towers. A specialty contractor whose primary business and expertise is the installation of communication towers. (7-1-21)T

29. 02660 Membrane Liners for Ponds and Reservoirs. A specialty contractor whose primary business includes the installation of liners for the purpose of containment of liquids. (7-1-21)T

30. 02720 Crushing. A specialty contractor whose primary business includes the ability and expertise to reduce rocks and aggregates to a smaller and uniform size and gradation to meet an agreed specification. (7-1-21)T

31. 02740 Asphalt Paving. A specialty contractor whose primary business includes the installation of aggregate base course, cement treated base, bitumen treated base, asphalt concrete and the application of asphalt surfacing and surface repairs of streets, intersections, driveways, parking lots, tennis courts, running tracks, play areas; including the application or installation of primer coat, asphalt binder course, tack coating, seal coating and chips, slurry seal and chips, flush or flog coats, asphalt curbs, concrete bumper curbs, redwood headers, asphalt surface binder emulsion, asbestos and sand and acrylic color systems. (Synthetic and athletic surfacing are category 02790 Athletic and Recreational Surfaces.) Also includes crack sealing, asphalt maintenance repair and soil pulverization. (7-1-21)T

32. 02761 Traffic Marking and Striping. A specialty contractor whose primary business includes the art, ability and expertise to apply markings to streets, roadways, or parking surfaces pre-designed for the use of parking or passage of vehicles by the application of directional lines, buttons, markers, and signs made of but not limited to plastic, paint, epoxies and rubber, in such manner as to provide for the channeling and controlling of the traffic flow. Also includes temporary striping. (7-1-21)T

33. 02785 Asphalt Maintenance and Repair, Seal Coating, Crack Sealing and Chip Sealing. A specialty contractor whose primary business is asphalt maintenance and repair, seal coating, crack sealing and chip sealing. (7-1-21)T

34. 02790 Athletic and Recreational Surfaces. A specialty contractor whose primary business is the installation of specialty surfaces including but not limited to non-wood athletic floors, tennis courts, running tracks and artificial turf. This would include any subsurface preparation such as leveling, excavation, fill and compaction or grading. The application of surfacing, mixing, spreading or placing of emulsions, binders, sand and acrylic color systems is also included along with the installation of modular, plastic athletic floors such as “Sport Court” type floors. This category does not include any type of structure required for the installation of these surfaces. (7-1-21)T

35. 02810 Sprinkler and Irrigation Systems. A specialty contractor whose primary business includes the installation of types and kinds of water distribution systems for complete artificial water or irrigation of gardens, lawns, shrubs, vines, bushes, trees and other vegetation, including the trenching, excavating and backfilling in connection therewith. (Low voltage only.) (7-1-21)T

36. 02820 Fencing. A specialty contractor whose primary business includes the installation and repair of any type of fencing. (7-1-21)T

37. 02840 Guardrails and Safety Barriers. A specialty contractor whose primary business includes the installation of guardrails and safety barriers (including cattle guards). (7-1-21)T

38. 02850 Bridges and Structures. A specialty contractor whose primary business includes the
installation, alteration and repair of bridges and related structures, including culverts. (7-1-21)

39. **02855 Bridge Crossings and Box Culverts.** A specialty contractor whose primary business is the installation or construction, or both, of any bridge or crossing structure shorter than twenty (20) feet measured on the centerline of the roadway or trail. (7-1-21)

40. **02880 Installation of School Playground Equipment.** A specialty contractor whose primary business is the installation of school playground equipment. (7-1-21)

41. **02890 Traffic Signs and Signals.** A specialty contractor whose primary business includes the art, ability, knowledge, experience, science and expertise to fabricate, install and erect signs, including electrical signs and including the wiring of such signs. A licensed electrician must perform all the electrical work. (7-1-21)

42. **02900 Landscaping, Seeding and Mulching.** A specialty contractor whose primary business includes the preparation of plots of land for architectural, horticulture and provisions of decorative treatment and arrangement of gardens, lawns, shrubs, vines, bushes, trees and other decorative vegetation; construction of conservatories, hot and green houses, drainage and sprinkler systems, and ornamental pools, tanks, fountains, walls, fences and walks, arrange, fabricate and place garden furniture, statuary and monuments in connection therewith. (7-1-21)

43. **02910 Slope Stabilization, Hydroseeding, Hydromulching, Native Plant Revegetation for Erosion Control.** A specialty contractor whose primary business is slope stabilization, including necessary tillage and plant bed preparation using hydroseeding, hydromulching and native plant revegetation for erosion control. (7-1-21)

44. **02935 Landscape Maintenance.** A specialty contractor whose primary business and expertise includes the maintenance of existing lawns, gardens, and sprinkler systems. This would include mowing, weeding, fertilization, pest control and minor repair or relocation of sprinkler systems. (7-1-21)

45. **02937 Pest Control, Sterilization and Herbicide Applications.** A specialty contractor whose primary business includes the mixing, transportation and application of fertilizers, pesticides, herbicides, and sterilization chemicals for the control of insects, pests and weeds. (7-1-21)

46. **02955 Pipeline Cleaning, Sealing, Lining and Bursting.** A specialty contractor whose primary business and expertise includes cleaning, sealing, lining and bursting pipelines. (7-1-21)

47. **02965 Cold Milling, Rumble Strip Milling, Asphalt Reclaiming and Pavement Surface Grinding.** A specialty contractor whose primary business includes cold milling, rumble strip milling, asphalt reclaiming and pavement surface grinding. (7-1-21)

48. **02990 Structural Moving.** A specialty contractor whose primary business includes but is not limited to raising, lowering, cribbing, underpinning and moving of buildings or structures. This does not include the altertions, additions, repairs or rehabilitation of the retained portion of the structure. (7-1-21)

49. **03200 Concrete Reinforcing Rebar Installation.** A specialty contractor whose primary business includes the ability and expertise to fabricate, place and tie steel mesh or steel reinforcing bars or rods of any profile, perimeter or cross-section that are or may be used to reinforce concrete. (7-1-21)

50. **03300 Concrete.** A specialty contractor whose primary business includes the ability and expertise to process, proportion, batch and mix aggregates consisting of sand, gravel, crushed rock or other inert materials having clean uncoated grains of strong and durable minerals, cement and water or to do any part or any combination of any thereof, in such a manner that acceptable mass, pavement, flat and other cement and concrete work can be poured, placed, finished and installed, including the placing, forming and setting of screeds for pavement or flat work. Also includes concrete sidewalks, driveways, curbs and gutters. (7-1-21)

51. **03370 Specially Placed Concrete, Concrete Pumping and Shotcreting.** A specialty contractor whose primary business includes the ability and equipment necessary to deliver and install concrete, and similar
materials to their final destination in buildings and structures.  

52. **03380 Post-Tensioned Concrete Structures or Structural Members.** A specialty contractor whose primary business is the post-tensioning of structural elements using sleeved tendons of high-strength prestressing steel.  

53. **03500 Gypcrete.** A specialty contractor whose primary business includes the ability and expertise to mix and apply gypsum concrete.  

54. **03600 Concrete Grouting.** A specialty contractor whose primary business includes the ability and the equipment necessary to place concrete grouts. Concrete grouts are thin, fluid, shrink resistant, mortar-like materials used for filling joints and cavities and setting and anchoring items in masonry and concrete.  

55. **03650 Pressure Grouting and Slab Jacking.** A specialty contractor whose primary business includes pressure foundation grouting and jacking and the injection of concrete or mortar into foundations for stabilization.  

56. **03900 Concrete Demolition, Concrete Sawing and Cutting, Core Drilling, Joint Sealing and Hydrocutting.** A specialty contractor whose primary business includes concrete cutting, drilling, sawing, cracking, breaking, chipping or removal of concrete. This category also includes the caulking or sealing of joints or cracks caused by such operations.  

57. **04000 Masonry.** A specialty contractor whose primary business includes the installation with or without the use of mortar or adhesives of brick, concrete block, adobe units, gypsum partition tile, pumice block or other lightweight and facsimile units and products common to the masonry industry.  

58. **04900 Chemical Cleaning and Masonry Restoration.** A specialty contractor whose primary business includes the cleaning or restoration of masonry through the use of chemicals, pressure washing, sand blasting or other methods.  

59. **05090 Welding.** A specialty contractor whose primary business causes metal to become permanently attached, joined and fabricated by the use of gases or electrical energy, developing sufficient heat to create molten metal, fusing the elements together.  

60. **05100 Steel Fabrication, Erection and Installation.** A specialty contractor whose primary business includes the ability and expertise to fabricate, place and tie steel reinforcing bars, erect structural steel shapes and plates, of any profile, perimeter or cross-section, that are or may be used to reinforce concrete or as structural members for buildings and structures, including riveting, welding and rigging only in connection therewith, in such a manner that steel reinforcing and structural work can be fabricated and erected.  

61. **05700 Ornamental Metals.** A specialty contractor whose primary business includes the art, ability, experience, knowledge, science and expertise to assemble, case, cut, shape, stamp, forage, fabricate and install sheet, rolled and cast, brass, bronze, copper, cast iron, wrought iron, monel metal, stainless steel, and any other metal or any combination thereof, as have been or are now used in the building and construction industry for the architectural treatment and ornamental decoration of buildings and structures, in such a manner that, under an agreed specification, acceptable ornamental metal work can be executed, fabricated and installed; but does not include the work of a sheet metal contractor.  

62. **05830 Bridge Expansion Joints and Repair.** A specialty contractor whose primary business and expertise is the repair of bridge expansion joints.  

63. **06100 Carpentry, Framing and Remodeling.** A specialty contractor whose primary business includes the placing and erection of floor systems, walls, sheeting, siding, trusses, roof decking of either wood or light gauge metal framing. This contractor also installs finish items such as running trim, sashes, doors, casing, cabinets, cases and other pre-manufactured finished items.  

64. **06130 Log and Heavy Timber Construction.** A specialty contractor whose primary business
includes the ability and expertise to build and erect log or heavy timber structures.  

65. **06139 Docks - Log and Wood Structures.** A specialty contractor whose primary business includes the ability and expertise to construct log and wood structured docks. (7-1-21)T

66. **06200 Finish Carpentry and Millwork.** A specialty contractor whose primary business includes the art, ability, experience, knowledge, science and expertise to cut, surface, join, stick, glue and frame wood and wood products, in such a manner that, under an agreed specification, acceptable cabinet, case, sash, door, trim, nonbearing partition, and such other mill products as are by custom and usage accepted in the building and construction industry as millwork and fixtures, can be executed; including the placing, erecting, fabricating and finishing in buildings, structures and elsewhere of such millwork and fixtures or to do any part or any combination of any thereof. (7-1-21)T

67. **07100 Waterproofing and Dampproofing.** A specialty contractor whose primary business includes the ability and expertise to apply waterproofing membranes, coatings of rubber, latex, asphaltum, pitch, tar or other materials or any combination of these materials, to surfaces to prevent, hold, keep and stop water, air or steam from penetrating and passing such materials, thereby keeping moisture from gaining access to material or space beyond such waterproofing. (7-1-21)T

68. **07200 Thermal Insulation.** A specialty contractor whose primary business includes the installation of any insulating media in buildings and structures for the purpose of temperature control. (7-1-21)T

69. **07240 Stucco and Exterior Insulation Finish Systems (EIFS).** A specialty contractor whose primary business includes the ability and expertise to install Stucco and EIFS. (7-1-21)T

70. **07400 Roofing and Siding.** A specialty contractor whose primary business includes the ability and expertise to examine surfaces and to bring such surfaces to a condition where asphaltum, pitch, tar, felt, flax, shakes, shingles, roof tile, slate and any other material or materials or any combination thereof, that use and custom has established as usable for, or which material or materials are now used as, such waterproof, weatherproof or watertight seal for such membranes, roof and surfaces; but does not include a contractor whose sole contracting business is the installation of devices or stripping for the internal control of external weather conditions. (7-1-21)T

71. **07450 Siding and Decking.** A specialty contractor whose primary business includes the application or installation of exterior siding, decking or gutters including wood, wood products, vinyl, aluminum and metal to new or existing buildings and includes wooden decks and related handrails. (This category does not include the construction or installation of covers or enclosures of any kind.) (7-1-21)T

72. **07700 Sheet Metal Flashings, Roof Specialties and Accessories.** A specialty contractor whose primary business includes the art, ability, experience, knowledge, science and expertise to select, cut, shape, fabricate and install sheet metal such as cornices, flashings, gutters, leaders, rainwater down spouts, pans, etc., or to do any part or any combination thereof, in such a manner that sheet metal work can be executed, fabricated and installed. (7-1-21)T

73. **07800 Sprayed on Fireproofing.** A specialty contractor whose primary business includes the mixing, transportation, and installation of fire proofing materials for buildings and structures. (7-1-21)T

74. **07920 Caulking and Joint Sealants.** A specialty contractor whose primary business includes the ability and expertise for installation of elastomeric and rigid joint sealants, caulking compounds, and related accessories. (7-1-21)T

75. **08100 Doors, Gates, Specialty Doors and Activating Devices.** A specialty contractor whose primary business is the installation, modification or repair of residential, commercial or industrial doors and door hardware. This includes but is not necessarily limited to wood, metal clad or hollow metal, glass, automatic, revolving, folding and sliding doors, power activated gates, or movable sun shades/shutters. Card activated equipment and other access control devices and any low voltage electronic or manually operated door hardware devices are also a part of this category. (7-1-21)T
76. **08500 Windows, Glass and Glazing.** A specialty contractor whose primary business includes the art, ability, experience, knowledge and expertise to select, cut, assemble and install all makes and kinds of glass and glass work, and execute the glazing of frames, panels, sash and doors, in such a manner that under an agreed specification, acceptable glass work and glazing can be executed, fabricated and installed, and may include the fabrication or installation in any building or structure of frames, glazed-in panels, sash or doors, upon or within which such frames, glazed-in panels, sash or doors, such glass work or glazing has been or can be executed or installed. (7-1-21)

77. **09110 Steel Stud Framing.** A specialty contractor whose primary business includes the ability and expertise to build or assemble steel stud framing systems. (7-1-21)

78. **09200 Lath and Plaster.** A specialty contractor whose primary business includes the ability and expertise to prepare mixtures of sand, gypsum, plaster, quick-lime or hydrated lime and water or sand and cement and water or a combination of such other materials as create a permanent surface coating; including coloring for same and to apply such mixtures by use of a plaster’s trowel, brush or spray gun to any surface which offers a mechanical key for the support of such mixture or to which such mixture will adhere by suction; and to apply wood or metal lath or any other materials which provide a key or suction base for the support of plaster coatings; including the light gauge metal shapes for the support of metal or other fire proof lath. Includes metal stud framing. (7-1-21)

79. **09250 Drywall.** A specialty contractor whose primary business includes the ability and expertise to install unfinished and prefinished gypsum board on wood and metal framing and on solid substates; gypsum and cementitious backing board for other finishes; accessories and trim; and joint taping and finishing. (7-1-21)

80. **09300 Tile and Terrazzo.** A specialty contractor whose primary business includes the ability and expertise to examine surfaces and bring such surfaces to a condition where acceptable work can be executed and fabricated thereon by the setting of chips or marble, stone, tile or other material in a pattern with the use of cement, and to grind or polish the same. (7-1-21)

81. **09500 Acoustical Treatment.** A specialty contractor whose primary business includes the installation, application, alteration and repair of all types of acoustical systems, to include acoustical ceilings, wall panels, sound control blocks and curtains, hangers, clips, inserts, nails, staples, related hardware and adhesive, lightweight framing systems and related accessories (electrical excluded), installation and repair of gypsum wall board, painting, accessories, taping and texturing. (7-1-21)

82. **09600 Flooring.** A specialty contractor whose primary business includes the ability and expertise to examine surfaces, specify and execute the preliminary and preparatory work necessary for the installation of flooring, wherever installed, including wood floors and flooring (including the selection, cutting, laying, finishing, repairing, scraping, sanding, filling, staining, shellacking and waxing) and all flooring of any nature either developed as or established through custom and usage as flooring. (7-1-21)

83. **09680 Floor Covering and Carpeting.** A specialty contractor whose primary business includes the installation, replacement and repair of floor covering materials, including laminates and including preparation of surface to be covered, using tools and accessories and industry accepted procedures of the craft. (7-1-21)

84. **09900 Painting and Decorating.** A specialty contractor whose primary business includes the ability and expertise to examine surfaces and execute the preliminary and preparatory work necessary to bring such surfaces to a condition where acceptable work can be executed thereon with the use of paints, varnishes, shellacs, stains, waxes, paper, oilcloth, fabrics, plastics and any other vehicles, mediums and materials that may be mixed, used and applied to the surface of buildings, and the appurtenances thereto, of every description in their natural condition or constructed of any material or materials whatsoever that can be painted or hung as are by custom and usage accepted in the building and construction industry as painting and decorating. (7-1-21)

85. **09950 Sand Blasting.** A specialty contractor whose primary business includes the ability and expertise to sand blast surfaces through the use of equipment designed to clean, grind, cut or decorate surfaces with a blast of sand or other abrasive applied to such surfaces with steam or compressed air. (7-1-21)

86. **09960 Specialty Coatings.** A specialty contractor whose primary business includes the surface
preparation and installation of specialty coatings.

87. **10150 Institutional Equipment.** A specialty contractor whose primary business includes the installation, maintenance and repair of booths, shelves, laboratory equipment, food service equipment, toilet partitions, and such other equipment and materials as are by custom and usage accepted in the construction industry as institutional equipment.

88. **10270 Raised Access Flooring.** A specialty contractor whose primary business includes the installation of wood or metal-framed elevated computer-flooring systems. This does not include the structural floor on which the computer floor is supported or mezzanines.

89. **10445 Non-Electrical Signs.** A specialty contractor whose primary business includes the installation of all types of non-electrical signs, including but not limited to traffic delineators, mile post markers, post or pole supported signs, signs attached to structures, painted wall signs, and modifications to existing signs.

90. **11001 Specialty Machinery and Equipment Installation and Servicing.** A specialty contractor whose primary business is the installation, removal, modification or repair of pumps, water and waste water equipment, conveyors, cranes, dock levelers, various hoisting and material handling equipment, trash compactors and weighing scales installation and servicing. This does not include the construction of buildings or roof structures for this equipment.

91. **11140 Petroleum and Vehicle Service Equipment, Installation and Repair.** A specialty contractor whose primary business includes the installation and repair of underground fuel storage tanks used for dispensing gasoline, diesel, oil or kerosene fuels. This includes installation of all incidental tank-related piping, leak line detectors, vapor recovery lines, vapor probes, low voltage electrical work, associated calibration, testing and adjustment of leak detection and vapor recovery equipment, and in-station diagnostics. This contractor may also install auto hoisting equipment, grease racks, compressors, air hoses and other equipment related to service stations.

92. **11200 Water/Wastewater and Chemical Treatment.** A specialty contractor whose primary business is the supply, installation and operational startup of equipment and chemicals for chemical treatment of water, wastewater or other liquid systems.

93. **11485 Climbing Wall Structures and Products.** A specialty contractor whose primary business includes the ability and expertise to design, fabricate and install climbing wall structures and equipment. This does not include concrete foundations or buildings in which the climbing walls may be supported or housed.

94. **12011 Prefabricated Equipment and Furnishings.** A specialty contractor whose primary business includes the installation of prefabricated products or equipment including but not limited to the following: theater stage equipment, school classroom equipment, bleachers or seats, store fixtures, display cases, toilet or shower room partitions or accessories, closet systems, dust collecting systems, appliances, bus stop shelters, telephone booths, sound or clean rooms, refrigerated boxes, office furniture, all types of prefinished, pre-wired components, detention equipment and other such equipment and materials as are by custom and usage accepted in the construction industry as prefabricated equipment.

95. **12490 Window, Wall Coverings, Drapes and Blinds.** A specialty contractor whose primary business includes the installation of decorative, architectural or functional window glass treatments or covering products or treatments for temperature control or as a screening device.

96. **13110 Cathodic Protection.** A specialty contractor whose primary business is the prevention of corrosion by using special cathodes and anodes to circumvent corrosive damage by electric current.

97. **13121 Pre-Manufactured Components and Modular Structures.** A specialty contractor whose primary business includes the moving, setup, alteration or repair of pre-manufactured components, houses or similar modular structures.
98. 13125 Pre-Engineered Building Kits. A specialty contractor whose primary business includes the assembly of pre-engineered building kits or structures obtained from a single source. This category is limited to assembly only of pre-engineered metal buildings, pole buildings, sunrooms, geodesic structures, aluminum domes, air supported structures, manufactured built greenhouses or similar structures. This does not include any other categories such as concrete foundations, carpentry, plumbing, heating or cooling, or electrical work. (7-1-21)

99. 13150 Swimming Pools and Spas. A specialty contractor whose primary business includes the ability to construct swimming pools, spas or hot tubs including excavation and backfill of material, installation of concrete, Gunite, tile, pavers or other special materials used in pool construction. This category also includes the installation of heating and filtration equipment, using those trades or skills necessary for installing the equipment, which may require other licenses including electrical and plumbing. (7-1-21)

100. 13165 Aquatic Recreational Equipment. A specialty contractor whose primary business includes the ability and expertise to design, fabricate and erect water slides and water park equipment and structures. This does not include any other categories such as concrete foundations, carpentry, plumbing, heating, cooling or electrical work. (7-1-21)

101. 13201 Circular Prestressed Concrete Storage Tanks (Liquid and Bulk). A specialty contractor whose primary business is the construction of circular prestressed concrete structures post-tensioned with circumferential tendons or wrapped circular prestressing. (7-1-21)

102. 13280 Hazardous Material Remediation. A specialty contractor whose primary business includes the ability and expertise to safely encapsulate, remove, handle or dispose of hazardous materials within buildings, including but not limited to asbestos, lead and chemicals. Contractors must be properly licensed and certified. (7-1-21)

103. 13290 Radon Mitigation. A specialty contractor whose primary business and expertise includes the detection and mitigation of Radon gas. (7-1-21)

104. 13800 Instrumentation and Controls. A specialty contractor whose primary business includes the installation, alteration or repair of instrumentation and control systems used to integrate equipment, sensors, monitors’ controls and mechanical operators for industrial processes, building equipment, mechanical devices and related equipment. (7-1-21)

105. 13850 Alarm Systems. A specialty contractor whose primary business includes the installation, alteration and repair of communication and alarm systems, including the mechanical apparatus, devices, piping and equipment appurtenant thereto (except electrical). (7-1-21)

106. 13930 Fire Suppression Systems (Wet and Dry-Pipe Sprinklers). A specialty contractor whose primary business includes the installation of pre-engineered or pre-manufactured fixed chemical extinguishing systems primarily used for protecting kitchen-cooking equipment and electrical devices. Contractor also furnishes, installs and maintains portable fire extinguishers. (7-1-21)

107. 13970 Fire Extinguisher and Fire Suppression Systems. A specialty contractor whose primary business is the installation of piping for fluids and gases or materials. This category does not include domestic water, sewage, fire protection and utilities as they are covered under other categories. (7-1-21)
110. **15400 Plumbing.** A specialty contractor whose primary business includes the ability to create and maintain sanitary conditions in buildings, by providing a permanent means for a supply of safe, pure and wholesome water, ample in volume and of suitable temperatures for drinking, cooking, bathing, washing, cleaning, and to cleanse all waste receptacles and like means for the reception, speedy and complete removal from the premises of all fluid and semi-fluid organic wastes and other impurities incidental to life and the occupation of such premises, including a safe and adequate supply of gases for lighting, heating, and industrial purposes. (Licensure with Division of Building Safety is required). (7-1-21)T

111. **15510 Boiler and Steam Fitting.** A specialty contractor who installs, services and repairs boilers and associated steam distribution systems. This category is limited to work not requiring a heating, ventilating, and air conditioning (HVAC) license issued by the Division of Building Safety. (7-1-21)T

112. **15550 Chimney Repair.** A specialty contractor whose primary business includes the cleaning or repair of multi-type chimneys, flues or emission control devices used to conduct smoke and gases of combustion from above a fire to the outside area. (7-1-21)T

113. **15600 Refrigeration.** A specialty contractor whose primary business includes the art, ability, experience, knowledge, science and expertise to construct, erect, install, maintain, service and repair devices, machinery and units for the control of air temperatures below fifty (50) degrees Fahrenheit in refrigerators, refrigerator rooms, and insulated refrigerated spaces and the construction, erection, fabrication and installation of such refrigerators, refrigerator rooms, and insulated refrigerator spaces, temperature insulation, air conditioning units, ducts, blowers, registers, humidity and thermostatic controls of any part or any combination thereof, in such a manner that, under an agreed specification acceptable refrigeration plants and units can be executed, fabricated, installed, maintained, serviced and repaired, but does not include those contractors who install gas fuel or electric power services for such refrigerator plants or other units. (7-1-21)T

114. **15700 Heating, Ventilation, and Air Conditioning (HVAC).** A specialty contractor whose primary business includes the installation, alteration and repair of heating, ventilating, and air conditioning (HVAC) systems. Licensure by the Division of Building Safety as an HVAC contractor is required. (7-1-21)T

115. **15950 Testing and Balancing of Systems.** A specialty contractor whose primary business includes the installation of devices and performs any work related to providing for a specified flow of air or water in all types of heating, cooling or piping systems. (7-1-21)T

116. **16000 Electrical.** A contractor engaging in, conducting, or carrying on the business of installing wires or equipment to carry electric current or installing electrical apparatus to be operated by such current. A contractor licensed in this category may perform all work covered in categories defined in Subsection 200.118 of these rules. A contractor in this category must be an electrical contractor, licensed pursuant to Section 54-1007(1), Idaho Code. (7-1-21)T

117. **16700 Communication.** A specialty contractor whose primary business includes the installation, alteration or repair of communication systems (voice, data, television, microwave, and other communication systems). (7-1-21)T

118. **16800 Limited Electrical Contractor.** A contractor engaging in, conducting, or carrying on the business of installing, altering, or repairing special classes of electrical wiring, apparatus, or equipment. A contractor in this category must be an electrical specialty contractor, licensed pursuant to Section 54-1007(1), Idaho Code, and may perform only that work included within the specialty license. Electrical specialty categories include, but are not limited to:
   a. Elevator, Dumbwaiter, Escalator or Moving-walk Electrical; (7-1-21)T
   b. Sign Electrical; (7-1-21)T
   c. Manufacturing or Assembling Equipment; (7-1-21)T
d. Limited Energy Electrical License (low voltage); (7-1-21)

e. Irrigation Sprinkler Electrical; (7-1-21)

f. Well Driller and Water Pump Installer Electrical; and (7-1-21)

g. Refrigeration, Heating and Air Conditioning Electrical Installer. (7-1-21)

119. 18100 Golf Course Construction. A specialty contractor whose primary business includes the construction, modification, and maintenance of golf courses. This includes clearing, excavation, grading, landscaping, sprinkler systems and associated work. This does not include the construction of buildings or structures such as clubhouses, maintenance or storage sheds. (7-1-21)

120. 18200 Underwater Installation and Diving. A specialty contractor whose primary business is marine construction under and above water. (7-1-21)

121. 18300 Develop Gas and Oil Wells. A specialty contractor whose primary business includes the ability and expertise to perform oil well drilling and other oil field related specialty work. This does not include water well drilling. (7-1-21)

122. 18400 Nonstructural Restoration After Fire or Flood. A specialty contractor whose primary business includes cleaning and nonstructural restoration after fire, flood or natural disasters. (7-1-21)

123. 18600 Building Cleaning and Maintenance. A specialty contractor whose primary business includes the cleaning and maintenance of a structure designed for the shelter, enclosure and support of persons, chattels, personal and moveable property of any kind. (7-1-21)

124. 18700 Snow Removal. A specialty contractor whose primary business includes the plowing, removal or disposal of snow from roads, streets, parking lots and other areas of the public rights-of-way. (7-1-21)

125. 18800 Roadway Cleaning, Sweeping and Mowing. A specialty contractor whose primary business includes the clearing of trash and debris by manual or automated means from public thoroughfares. This category also includes cutting or mowing of grasses, plants, or weeds from public rights-of-way. (7-1-21)

201. FEES.

01. Public Works Contractor Licensing Fees. In accordance with Section 54-1904, Idaho Code, fees for each class of public works contractor licenses are as provided below.

<table>
<thead>
<tr>
<th>License Class</th>

03. Payment of Fees. Fees are payable to “Division of Building Safety -- Public Works Contractors.”

04. Application Filed With Fees. An application filed without the listed fees is deemed incomplete and returned to the applicant.

202. COMPLAINTS. Complaints alleging a violation of Title 54, Chapter 19, Idaho Code, or these rules must be in writing and filed with the administrator. All complaints must be verified and submitted on forms provided by the Board.

203. BUSINESS ORGANIZATION -- CHANGES IN ORGANIZATION OR STRUCTURE -- MEMBERS OF JOINT VENTURES - CHANGES FOR REASONS OTHER THAN DEATH. A licensed public works contractor or construction manager who undergoes a change in business organization or structure (such as a change from an individual proprietor to a partnership, corporation, limited liability partnership, limited liability company, joint venture, or other combination thereof), or where there is a change in ownership, must file an application for a new license on behalf of such successor organization or new owners within sixty (60) days after such change occurs. The administrator may authorize the continuous operation of the licensee as a contractor during the interim period until the application of the successor organization is reviewed; provided written notice of such change is filed within thirty (30) days after such change occurs. Each participant in a joint venture must be licensed at the time of bidding. Where there is a change in the surviving members of a licensed partnership, limited liability company, or limited liability partnership, due to a reason other than the death of one (1) of the partners, the remaining or succeeding member or members are required to file an application for an original license.

300. CERTIFICATES -- DISPLAY AND POSSESSION. Licensee must sign and display the license certificate issued to him in his main office or chief place of business and must furnish satisfactory evidence of the possession of a current license upon the administrator’s demand.

400. LICENSE NUMBER ON BIDS. Licensee must place his license number on any and all bids submitted or contracts entered into, for any public works projects in the state of Idaho.

401. CHANGES IN LICENSE CERTIFICATE. When any change in the license certificate has been approved by the Board, a new license certificate will be issued.
502. TECHNICALITIES OF FORM.
The administrator may, during any hearing or proceeding waive any technicalities of form not deemed necessary in the circumstances. (7-1-21)

503. HEARINGS.
The general procedure for hearings before the administrator and the Board is as prescribed in these rules and Title 67, Chapter 52, Idaho Code.

01. Notes. Any interested persons may request, in writing, five (5) days before any scheduled hearing in a contested case that the oral proceedings thereof be taken in the form of stenographic notes to be transcribed at his own expense. (7-1-21)

02. Procedure. The Board reserves the right to amend, modify or repeal all or any part of the above procedure or to dispense with any part thereof, at any hearing before the Board, as it may deem necessary in the circumstances. (7-1-21)

504. -- 599. (RESERVED)

600. CONSTRUCTION MANAGER EXAMINATIONS.
If the applicant fails an examination, the applicant may take the examination a second time. A grade of at least seventy-five percent (75%) is required to pass each section of the examination. If the applicant fails to score a passing grade, the applicant must pass all failed sections within one (1) year of the initial test date. If the applicant fails to achieve a passing grade in each individual section on the second examination, the applicant must wait one (1) full year before taking the examination again. The applicant must then take and pass all sections of the examination (receiving no credit for sections successfully completed during the previous year). (7-1-21)

601. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
The rules are promulgated pursuant to Sections 54-5001 and 54-5005(2), Idaho Code.

001. SCOPE.
The rules establish the minimum standards for heating, ventilation, and air conditioning (HVAC) installation practice, certification, registration, and educational programs.

002. ADOPTION AND INCORPORATION BY REFERENCE OF THE INTERNATIONAL MECHANICAL CODE, THE INTERNATIONAL FUEL GAS CODE, AND PART V (MECHANICAL) AND PART VI (FUEL GAS) OF THE INTERNATIONAL RESIDENTIAL CODE FOR ONE (1)- AND TWO (2)-FAMILY DWELLINGS.

01. International Mechanical Code. The 2018 Edition, including appendix “A,” (herein IMC) is adopted and incorporated by reference with the following amendments:

a. Where differences occur between the IMC and Title 54, Chapter 50, Idaho Code and IDAPA 07, Title 07, the provisions in Idaho Code and IDAPA rules apply.

b. All references to the International Plumbing Code (IPC) are construed as referring to the Idaho State Plumbing Code (ISPC) as adopted and amended by the Idaho State Plumbing Board.

c. All references to the International Code Council Electrical Code (ICC EC) are construed as referring to the National Electrical Code (NEC) as adopted and amended by the Idaho State Electrical Board.

d. Section 109. Delete.

e. Section 202 Definitions. Delete the definitions provided in the code for the terms identified herein this paragraph and replace with the following:

i. Light-Duty Cooking Appliance. Light-duty cooking appliances include gas and electric ovens (including standard, bake, roasting, revolving, retherm, convection, combination convection/steamer, countertop conveyorized baking/finishing, deck, pastry, and electric and gas conveyor pizza ovens), electric and gas steam jacketed kettles, electric and gas pasta cookers, electric and gas compartment steamers (both pressure and atmospheric) and electric and gas cheesemelters.

ii. Medium-Duty Cooking Appliance. Medium-duty cooking appliances include electric discrete element ranges (with or without oven), electric and gas hot-top ranges, electric and gas griddles, electric and gas double sided griddles, electric and gas fryers (including open deep fat fryers, donut fryers, kettle fryers and pressure fryers), electric and gas tilting skillets (braising pans) and electric and gas rotisseries.

g. Section 401.1 Scope. Add the following: Exception: The principles specified in ASHREA 62-2010 may be used as an alternative to this chapter to demonstrate compliance with required ventilation air for occupants.

h. Table 603.4 Duct Construction Minimum Sheet Metal Thickness for Single Dwelling Units. Add the following exception to the Table: Round duct, enclosed rectangular ducts and fittings less than fourteen (14) inches may be constructed of 0.013 (30 gauge) or equivalent if prefabricated 0.016 (28 gauge) ducts and fittings are not available.

02. International Fuel Gas Code. The 2018 Edition, including appendixes “A, B, C, and D,” (herein IFGC) is adopted and incorporated by reference with the following amendments:

a. Where differences occur between the IFGC and Title 54, Chapter 50, Idaho Code and IDAPA 07, Title 07, the provisions in Idaho Code and IDAPA rules apply.

b. All references to the International Plumbing Code (IPC) are construed as referring to the Idaho
State Plumbing Code (ISPC) as adopted and amended by the Idaho State Plumbing Board.

**c.** All references to the International Code Council Electrical Code (ICC EC) are construed as referring to the National Electrical Code (NEC) as adopted and amended by the Idaho State Electrical Board.

**d.** Section 109. Delete.

**e.** Section 406.4. Change the last sentence to: Mechanical gauges used to measure test pressure must have a range such that the highest end of the scale is not greater than two (2) times the test pressure nor lower than one and one-half (1.5) times the test pressure.

**f.** Section 406.4.1. Test Pressure. Not less than twenty (20) psig (140kPa gauge) test pressure is required for systems with a maximum working pressure up to ten (10) inches water column. For systems with a maximum working pressure between ten (10) inches water column and ten (10) psig (70kPa gauge); not less than sixty (60) psig (420kPa gauge) test pressure is required. For systems over ten (10) psig (70kPa gauge) working pressure, minimum test pressure may be no less than six (6) times working pressure.

**g.** Section 406.4.2. The test duration may not be less than twenty (20) minutes.

**h.** Add a new section 503.4.1.2 as follows: Testing. All plastic pipe within a dwelling used for venting flue gases must be tested at five (5) psi for fifteen (15) minutes.

**i.** Section 505.1.1. Addition. An interlock between the cooking appliance and the exhaust hood system is not required for appliances that are of the manually operated type and are factory equipped with standing pilot burner ignition systems.

**0. Part V (Mechanical) and Part VI (Fuel Gas) of the International Residential Code for One (1)- and Two (2)-Family Dwellings.** The 2018 Edition, including appendices “A, B, C, and D,” (herein IRC) is adopted and incorporated by reference with the following amendments:

**a.** Where differences occur between the IRC and Title 54, Chapter 50, Idaho Code, and IDAPA 07, Title 07, Chapter 01, the provisions in Idaho Code and IDAPA rules apply.

**b.** All references to the International Plumbing Code (IPC) are construed as referring to the Idaho State Plumbing Code (ISPC) as adopted and amended by the Idaho State Plumbing Board.

**c.** All references to the International Code Council Electrical Code (ICC EC) are construed as referring to the National Electrical Code (NEC) as adopted and amended by the Idaho State Electrical Board.

**d.** Add the following as section M1201.3 and section G2402.4 (201.4): Alternative materials, design and methods of construction equipment. The provisions of this part of the code are not intended to prevent the installation of any material or to prohibit any design or method of construction not specifically prescribed by this code, provided that any such alternative has been approved. An alternative material, design or method of construction must be approved where the authority having jurisdiction finds that the proposed design is satisfactory and complies with the intent of the provisions of this code, and that the material, method or work offered is, for the purpose intended, at least the equivalent of that prescribed in this code. Compliance with the specific performance-based provisions of this part of the code in lieu of specific requirements of this code will also be permitted as an alternate.

**e.** Add the following as section M1201.3.1 and section G2402.4.1 (201.4.1): Tests. Whenever there is insufficient evidence of compliance with the provisions of this part of the code, or evidence that a material or method does not conform to the requirements of this part of the code, or in order to substantiate claims for alternative materials or methods, the authority having jurisdiction has the authority to require tests as evidence of compliance to be made at no expense to the jurisdiction. Test methods are as specified in this code or by other recognized test standards. In the absence of recognized and accepted test methods, the authority having jurisdiction approves the
testing procedures. Tests must be performed by an approved agency. Reports of such tests must be retained by the authority having jurisdiction for the period required for retention of public records.

f. Add the following as section M1203.1: Carbon monoxide alarms. For new construction, an approved carbon monoxide alarm must be installed outside of each separate sleeping area in the immediate vicinity of the bedrooms in dwelling units within which fuel-fired appliances are installed and in dwelling units that have attached garages.

(7-1-21)T

g. Add the following as section M1203.2: Where required in existing dwellings. Where work requiring a permit occurs in existing dwellings that have attached garages or in existing dwellings within which fuel-fired appliances exist, carbon monoxide alarms must be provided in accordance with Subsection 004.03.f. of these rules.

(7-1-21)T

h. Add the following as section M1203.3: Alarm requirements. Single station carbon monoxide alarms must be listed as complying with UL 2034 and must be installed in accordance with this code and the manufacturer’s installation instructions.

(7-1-21)T

i. Section M1502.4.1 Material and size. Add the following exception: Dryer duct may be constructed of 0.013 (30 gauge) or equivalent if prefabricated 0.016 (28 gauge) ducts and fittings are not available.

(7-1-21)T

j. Delete Section M1502.4.2 Duct Installation and replace with the following: Exhaust ducts must be supported at four (4) foot (1,219 mm) intervals and secured in place. The insert end of the duct must extend into the adjoining duct or fitting in the direction of airflow. Ducts must not be joined with screws or similar fasteners that protrude into the inside of the duct.

(7-1-21)T

k. Table M1601.1.1 (2) Gauges of Metal Ducts and Plenums Used for Heating or Cooling. Add the following exception: Round duct, enclosed rectangular ducts and fittings less than fourteen (14) inches may be constructed of 0.013 (30 gauge) or equivalent if prefabricated 0.016 (28 gauge) ducts and fittings are not available.

(7-1-21)T

l. Section G2417.4 (406.4). Change the last sentence to: Mechanical gauges used to measure test pressure must have a range such that the highest end of the scale is not greater than two (2) times the test pressure nor lower than one and one-half (1.5) times the test pressure.

(7-1-21)T

m. Section G2417.4.1 (406.4.1). Test Pressure. Not less than twenty (20) psig (one hundred forty (140) kPa gauge) test pressure is required for systems with a maximum working pressure up to ten (10) inches water column. For systems with a maximum working pressure between ten (10) inches water column and ten (10) psig (seventy (70) kPa gauge), not less than sixty (60) psig (four hundred twenty (420) kPa gauge) test pressure is required. For systems over ten (10) psig (seventy (70) kPa gauge) working pressure, minimum test pressure may be no less than six (6) times working pressure.

(7-1-21)T

n. Section G2417.4.2 (406.4.2). The test duration may not be less than twenty (20) minutes.

(7-1-21)T

o. Add a new section G2427.4.1.2 as follows: Testing. All plastic pipe within a dwelling used for venting flue gases must be tested at five (5) psi for fifteen (15) minutes.

(7-1-21)T

003. CHANGES IN NAME AND ADDRESS.
Whenever a change of name or mailing address occurs for a certified contractor, journeyman, specialty journeyman, specialty contractor, registered apprentice, or specialty apprentice, the Board must be notified immediately, in writing, of the change. Documentation confirming the change of name must be provided to the Board on request.

(7-1-21)T

004. DEFINITIONS.
Terms defined in Section 54-5003, Idaho Code, will have the same meaning when utilized in these rules.

(7-1-21)T

01. Recognized Jurisdiction. A jurisdiction with an HVAC program that is recognized by the Board as being substantially equivalent to Idaho’s HVAC program.
005. CERTIFICATES OF COMPETENCY -- ISSUANCE, RENEWAL, EXPIRATION -- REVIVAL.

01. Issuance. Certificates of competency will be issued in such a manner as to create a renewal date that coincides with the birth month of the individual to whom the certificate is issued and allows for renewals every three (3) years. Certificates of competency are issued for a period of no less than one (1) year and no more than three (3) years. The fee for issuance of certificates of competency will be prorated based on the number of months for which the certificate is issued. (7-1-21)

02. Renewal. Certificates of competency will be renewed using the birth month of the individual to whom the certificate is issued as the expiration date. Certificates of competency are renewed for a period of no less than one (1) year and no more than three (3) years. The fee for renewal of certificates of competency will be prorated based on the number of months for which the certificate is issued. (7-1-21)

03. Expiration-Revival. Revived certificates will be issued in such a manner as to create a renewal date that coincides with the birth month of the applicant so as to create a staggered system of renewal. (7-1-21)

005. -- 010. (RESERVED)

011. HVAC CONTRACTOR CERTIFICATE OF COMPETENCY - REQUIREMENTS.

01. Bond. Applicants must provide a compliance bond in the amount of two thousand dollars ($2,000). Any such bond is required to be effective for the duration of the contractor licensing period. (7-1-21)

02. Qualification. Applicants must provide proof, satisfactory to the board, of having legally acted as an HVAC journeyman for a period of not less than twenty-four (24) months. (7-1-21)

03. Examination. Applicants for certification as HVAC contractors must successfully complete the examination designated by the Board. (7-1-21)

a. An out-of-state applicant for a contractor certificate of competency shall first obtain an Idaho journeyman certificate of competency in accordance with Section 023 of these rules. The applicant shall pay all applicable application and examination fees to the Division and successfully complete the contractor examination administered by the Division. The applicant shall file the compliance bond required by Section 54-5007, Idaho Code, with the Division upon successful completion of the examination. Applications that are incomplete in any detail will be returned as unacceptable or denied. (7-1-21)

b. An applicant for a contractor certificate of competency who has previously been licensed as an HVAC journeyman in a Recognized Jurisdiction shall provide to the Division satisfactory proof of two (2) years of work experience as an HVAC journeyman in such jurisdiction. (7-1-21)

c. An applicant for a contractor certificate of competency who has never been previously licensed as a journeyman in a Recognized Jurisdiction shall provide proof of four (4) years of experience performing HVAC work of a nature equivalent to that which an HVAC journeyman in Idaho must demonstrate to qualify for a contractor certificate of competency. Proof of such work experience may be provided by the submission of three (3) sworn affidavits from individuals attesting that the applicant has had at least four (4) years’ experience performing such work. (7-1-21)

012. HVAC SPECIALTY CONTRACTOR CERTIFICATE OF COMPETENCY - REQUIREMENTS.
Applicants for certification as HVAC specialty contractors must: (7-1-21)

01. Bond. Provide a compliance bond in the amount of two thousand dollars ($2,000). Any such bond is required to be effective for the duration of the contractor licensing period. (7-1-21)

02. Qualification. Provide proof, satisfactory to the board, of having legally acted as an HVAC
specialty journeyman for a period of not less than twenty four (24) months. (7-1-21)T

03. Examination. Successfully complete the examination designated by the board. (7-1-21)T

013. HVAC JOURNEYMAN CERTIFICATES OF COMPETENCY AND EXAMINATION REQUIREMENTS.

01. Certificate of Competency Requirements. To obtain a journeyman certificate of competency, an applicant shall submit to the Division sufficient evidence demonstrating the applicant has successfully completed the journeyman examination and four (4) years, defined as a minimum of eight thousand (8,000) hours of work experience as a registered apprentice making installations on the job under the supervision of a qualified journeyman. Notwithstanding the requirement that an apprentice demonstrate four (4) years of on-the-job work experience under the supervision of a qualified journeyman, any apprentice who successfully completes a Board-approved, full-time, one (1)-academic-year training course may receive credit for up to one (1) year of on-the-job work experience. (7-1-21)T

02. Examination Requirement. To take the journeyman examination, an applicant must submit to the Division sufficient evidence demonstrating the applicant has successfully completed a Board-approved training course. (7-1-21)T

03. Out of State Journeyman Applications.

a. An out-of-state applicant for a journeyman certificate of competency shall pay all applicable application and examination fees to the Division, and successfully complete the journeyman examination administered by the Division. (7-1-21)T

b. Exhibition of a license issued by another Recognized Jurisdiction may be accepted as proof of meeting the experience and schooling requirements listed in Subsections 023.01 and 023.02 of these rules. An applicant for a journeyman certificate of competency who has previously been licensed as a journeyman in a Recognized Jurisdiction must provide satisfactory proof of licensure in such jurisdiction. (7-1-21)T

c. An applicant for a journeyman certificate of competency who has never been previously licensed as a journeyman in a Recognized Jurisdiction must provide one (1) of the following:

i. Proof of four (4) years, defined as eight thousand (8,000) hours, of HVAC work experience of a nature equivalent to that which an HVAC apprentice must perform in Idaho and four (4) years of training equivalent to that which an HVAC apprentice must complete in Idaho. (7-1-21)T

ii. Proof of eight (8) years, defined as a minimum of sixteen thousand (16,000) hours, of HVAC work experience of a nature at least equivalent to that which an HVAC apprentice must perform in Idaho. (7-1-21)T

014. HVAC HEARTH SPECIALTY JOURNEYMAN CERTIFICATES OF COMPETENCY LIMITATIONS: REQUIREMENTS.

Certification as a hearth specialty journeyman entitles the holder to install hearth appliances and the associated gas lines. Hearth Specialty Journeymen are required to meet the experience requirement and either the education or examination requirement to receive a certificate of competency. (7-1-21)T

01. Experience. Demonstrate, to the satisfaction of the board, a minimum of one (1) year experience working in the trade, in compliance with the requirements of the state in which the applicant received his supervision, or as a registered HVAC apprentice or registered HVAC specialty apprentice making HVAC installations on the job under the supervision of a qualified HVAC journeyman or qualified HVAC specialty journeyman. (7-1-21)T

02. Education. Successfully complete a board approved training course(s), such as the National Fireplace Institute program and a minimum of sixty (60) hours of education in fuel gas code and piping installation methods. (7-1-21)T

03. Examination. Successfully complete an examination designated by the board. (7-1-21)T
015. HVAC APPRENTICE REQUIREMENTS FOR REGISTRATION.

01. **Registration.** To become an apprentice, a person shall comply with Section 54-5012, Idaho Code, and be a minimum of eighteen (18) years of age or sixteen (16) years of age if registered by the Bureau of Apprenticeship and Training of the United States Department of Labor. To renew a registration, an apprentice shall show proof of enrollment in a Board-approved training course or completion of eight (8) hours of Board-approved continuing education for each year of the prior registration period. (7-1-21)

02. **Supervision.** Each apprentice must work under the supervision of a certified journeyman. (7-1-21)

016. HVAC SPECIALTY APPRENTICE REQUIREMENTS FOR REGISTRATION.

01. **Age.** Minimum of eighteen (18) years of age unless registered in a Bureau of Apprenticeship Training (BAT) certified HVAC training program. (7-1-21)

02. **Training.** Maintain enrollment in or successfully complete a training program approved by the board. (7-1-21)

03. **Supervision.** Work under the supervision of a certificated HVAC journeyman or certificated HVAC specialty journeyman. (7-1-21)

017. HVAC WASTE OIL HEATING SPECIALTY JOURNEYMAN CERTIFICATES OF COMPETENCY LIMITATIONS: REQUIREMENTS.

Certification as a waste oil heating specialty journeyman entitles the holder to install non-duct connected waste oil heaters. Waste oil heating specialty journeymen are limited to the maintenance, installation, and repair of the equipment, controls, and piping directly associated with the waste oil heater, tank, and burner only. Any plumbing, electrical, ducting, venting, or associated equipment beyond the waste oil heater, tank, and burner must be installed by others. Applicants for the waste oil heating specialty journeyman certificate of competency must:

01. **Experience.** Demonstrate to the satisfaction of the board, a minimum of one (1) year experience making waste oil heating installations under the supervision of a qualified HVAC journeyman or HVAC Waste Oil Heating specialty journeyman. (7-1-21)

02. **Examination.** Successfully complete a waste oil burner manufacturers certification or examination as approved by the board. (7-1-21)

018. HVAC FUEL GAS PIPING SPECIALTY JOURNEYMAN CERTIFICATES OF COMPETENCY LIMITATIONS: REQUIREMENTS.

Certification as fuel gas piping specialty journeyman entitles the holder to install fuel gas piping only and does not make the final termination. Appliances and the associated gas piping, chimney, and vents must be installed by others. Fuel gas specialty journeymen are required to meet the experience requirement and either the education or examination requirement to receive a certificate of competency.

01. **Experience.** Demonstrate, to the satisfaction of the board, a minimum of one (1) year experience working in the trade, in compliance with the requirements of the state in which the applicant received his supervision, or as a registered HVAC apprentice or registered HVAC specialty apprentice making HVAC installations on the job under the supervision of a qualified HVAC journeyman or qualified HVAC specialty journeyman. (7-1-21)

02. **Education.** Successfully complete a board approved training course(s), of a minimum of sixty (60) hours of education in fuel gas code and piping installation methods. (7-1-21)

03. **Examination.** Successfully complete an examination designated by the board. (7-1-21)
050. HVAC PERMITS.

01. HVAC Contractors and HVAC Specialty Contractors. The Division will furnish permits to certified HVAC contractors and HVAC specialty contractors upon request. The serial numbers of such permits must be registered in the name of the HVAC contractor or HVAC specialty contractor to whom they are issued. (7-1-21)

02. Home Owners. Home owners or a contract purchaser of residential property, making HVAC installations on their own residences, coming under the provisions of Section 54-5002, Idaho Code, must secure an HVAC permit by making application to the Division as provided in Section 54-5016, Idaho Code. (7-1-21)

03. Transferring a Permit. A HVAC permit may be transferred to another eligible party if such party provides to the Division written authorization signed and notarized by the original permit holder consenting to the transfer itself as well as assignment of all the responsibilities and conditions incorporated into the original permit issuance. A permit may be transferred to the owner of the property on which the HVAC work is to be performed and for which the permit was issued for such owners’ designated legal agent, in cases where the property owner has terminated their legal relationship with the HVAC contractor who originally obtained the permit. An administrative fee in the amount of forty-five dollars ($45) for the transfer of a permit will be assessed by the Division. (7-1-21)

051. HVAC PERMIT FEE SCHEDULE.

Permit fees are to cover the cost of inspections as provided by Section 54-5017, Idaho Code. Any person, partnership, company, firm, association, or corporation making an installation must pay to the Division a permit fee as provided in the following schedule:

(7-1-21)

<table>
<thead>
<tr>
<th>Type</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Base permit</td>
<td>$100</td>
</tr>
<tr>
<td>Furnace, furnace-air conditioner combination, heat pump, air conditioner, evaporative cooler, unit heater, space heater, decorative gas-fired appliance, incinerator, boiler, pool heater, mini-split system, free-standing solid-fuel stove, factory-built gas fireplace, or similar fixture or appliance, including ducts, vents, and flues attached thereto</td>
<td>Plus $30 per first fixture or appliance</td>
</tr>
<tr>
<td>Exhaus duct or ventilation duct, including dryer vents, range hood vents, cook stov e vents, bath fan vents, and similar exhaust ducts or ventilation ducts</td>
<td>Plus $15 per first duct</td>
</tr>
<tr>
<td>Fuel gas piping system</td>
<td>Plus $5 per appliance outlet</td>
</tr>
<tr>
<td>Hydronic systems</td>
<td>Plus $5 per zone</td>
</tr>
</tbody>
</table>

(7-1-21)

02. Miscellaneous. The following permit fees apply for the types of permits listed:

<table>
<thead>
<tr>
<th>Type</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Requested inspection</td>
<td>$65 per hour or portion thereof plus costs of out-of-state travel</td>
</tr>
<tr>
<td>Mobile or manufactured home</td>
<td>$65 per inspection</td>
</tr>
<tr>
<td>Modular building</td>
<td></td>
</tr>
<tr>
<td>Plan check or technical service</td>
<td>$65 per hour or portion thereof</td>
</tr>
</tbody>
</table>

(7-1-21)
03. Other Installations Including Industrial and Commercial. The permit fees listed in this Subsection apply to installations not specifically mentioned elsewhere in this schedule. The HVAC system cost is the cost to the owner of labor charges and other costs incurred to complete the installation of equipment and materials installed as part of the HVAC system. All permit fees calculated under this Subsection are based on the total HVAC system cost, which must be listed on the permit.

<table>
<thead>
<tr>
<th>HVAC System Cost</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to $10,000</td>
<td>$60 plus 2% of HVAC system cost</td>
</tr>
<tr>
<td>$10,000 to $100,000</td>
<td>$260 plus 1% of HVAC system cost exceeding $10,000</td>
</tr>
<tr>
<td>Over $100,000</td>
<td>$1,160 plus 5% of HVAC system cost exceeding $100,000</td>
</tr>
</tbody>
</table>

052. REQUIRED INSPECTIONS.

01. Inspection Tags. Inspectors certify to the permit holder that an inspection has been done by securely attaching the inspection tag in a prominent location.

a. Final Inspection Tags. An inspection tag indicating that a final inspection has been performed is attached when the HVAC installation as specified on the permit is complete and conforms to the requirements of the code and rules.

b. Inspection Tags for Unacceptable HVAC Installations. “Notice of Correction” inspection tags are attached to indicate that the HVAC installation is not acceptable and that corrections are required.

c. Work-in-Progress Tag. An inspection tag indicating that a work-in-progress inspection has been performed is attached following inspection of ground work, rough-in work, or any portion of the installation that is to be covered or otherwise concealed before completion of the entire HVAC installation as specified on the permit.

053. INSPECTOR QUALIFICATIONS.

In accordance with Section 54-5021, Idaho Code, all mechanical inspectors in Idaho employed by the state or a local government must hold an inspector certification as a commercial or residential mechanical inspector, as appropriate depending on the type of mechanical work being inspected. Mechanical inspectors must obtain the requisite certification from either the International Association of Plumbing and Mechanical Officials (IAPMO), the International Code Council (ICC), or other professional certifying body as approved by the board.

054. CIVIL PENALTIES.

Except for the acts described in Subsections 070.01 and 07.08 of these rules, the acts described in this section subject the violator to a civil penalty of not more than two hundred dollars ($200) for the first offense and not more than one thousand dollars ($1,000) for each offense that occurs thereafter within one (1) year of an earlier violation.

01. Heating, Ventilation, and Air Conditioning Contractor or Specialty Contractor. Except as provided by Section 54-5001, Idaho Code, any person who acts, or purports to act, as an HVAC contractor or specialty contractor as defined by Section 54-5003(3) and 54-5003(6), Idaho Code, without a valid Idaho state HVAC contractor or specialty contractor certification is subject to a civil penalty of not more than five hundred dollars ($500) for the first offense and not more than one thousand dollars ($1,000) for each offense that occurs thereafter within one (1) year of an earlier violation.

02. Knowingly Employing. Knowingly employing a person who does not hold a valid Idaho HVAC certification or apprentice registration, as required by Section 54-5008, Idaho Code, to perform HVAC installations.

03. Certification or Registration. Except as provided by Section 54-5001, Idaho Code, performing...
HVAC work as an HVAC journeyman as defined by Section 54-5003(4), Idaho Code; specialty journeyman as defined by Section 54-5003(7), Idaho Code; apprentice as defined by Section 54-5003(2), Idaho Code; or specialty apprentice as defined by Section 54-5003(5), Idaho Code, without a valid certification or registration. (7-1-21)T

04. Supervision. Working as an HVAC apprentice or specialty apprentice without the required journeyman supervision or employing an apprentice without providing the required journeyman supervision. (7-1-21)T

05. Performance Outside Scope of Specialty License. Performance of any HVAC installation, alteration, or maintenance by an HVAC specialty contractor or specialty journeyman outside the scope of the specialty certification. (7-1-21)T

06. Fees and Permits. Failing to pay applicable fees or properly post an HVAC permit for, or to request an inspection of, any installation, alteration, improvement, or extension of any piping, venting, ductwork, appliances and appurtenances in connection with any HVAC system or subsystems of such. (7-1-21)T

07. Corrections. Failure to make corrections in the time allotted in the notice on any HVAC installation as set forth in Section 54-5019, Idaho Code. (7-1-21)T

08. Gross Violation. In the case of continued, repeated, or gross violation of Title 54, Chapter 50, Idaho Code, or these rules, a certification revocation will be initiated for certificated individuals under this chapter and non-certificated individuals is subject to prosecution by the appropriate jurisdiction under Idaho law. (7-1-21)T

055. -- 999. (RESERVED)
24.39.90 – RULES GOVERNING THE DAMAGE PREVENTION BOARD

000. LEGAL AUTHORITY.
These rules are promulgated pursuant to Section 55-2203, Idaho Code. (7-1-21)T

001. SCOPE.
These rules are applicable to underground facilities, and facility owners as established in Title 55, Chapter 22, Idaho Code. (7-1-21)T

002. ADMINISTRATIVE APPEALS.

01. Appeal Bond. Upon notice of the imposition of training or a civil penalty, the notified party may contest the imposition of such before the Damage Prevention Board in accordance with Section 018 of these rules. An appeal bond in the amount of two hundred dollars ($200) must accompany the request for hearing to contest the matter. In the case of training, the Division of Building Safety will refund the bond if the contesting party appears at the hearing. In the case of a civil penalty, the Division will refund any portion of the bond not used to satisfy the penalty imposed by the Board or the entire bond if the contesting party prevails at the hearing. (7-1-21)T

002. -- 006. (RESERVED)

007. FUNDING OF BOARD ACTIVITIES.
Each owner of an underground facility must pay a fee of ten cents ($.10) each time such owner receives notice from a one-number notification service as prescribed by Section 55-2205, Idaho Code. The fee assessed upon the underground facility owner is collected by the one-number notification service, and is payable to the board in accordance with the following schedule:

01. Fee Assessed. The fee will be assessed on an underground facility owner for each notification issued by the one-number notification service to the underground facility owner, with the one-number notification service required to submit a summary of the number of notices issued in a given month to the board no later than fifteen (15) days following the end of the month in which the notices were issued. (7-1-21)T

02. Payment Submission. The one-number notification service must submit payment to the board for all payments received from underground facility owners no later than seventy (70) days following the end of the month in which the payment was received. In those cases where the payment from the underground facility owner is received after the seventy-day (70) period, the one-number service must include late payments in its next payment to the board. (7-1-21)T

03. Notices Issued. The one-number notification service must also submit a detailed list of notices issued, including the facility owner’s contact information, for which payment has not been received within the seventy (70) day period following the end of the month in which the notices were issued. Such list must be updated on a monthly basis to reflect the status of all past-due payments due from underground facility owners that have not been received. (7-1-21)T

008. AUDIT OF ONE-NUMBER SERVICE RECORDS.
The Board has the right to review and audit the payment records of any one-number notification service relating to the collection of the fee imposed on underground facility owners. In the event the board wishes to conduct a review and/or audit of a one-number notification service, the board will provide no less than a five (5) business day advance notice of the intended action. The board may delegate any responsibilities contained herein this chapter to the Division of Building Safety. (7-1-21)T

009. -- 014. (RESERVED)

015. EDUCATIONAL AND TRAINING MATERIALS.

01. Approval of Training and Educational Programs. The Board approves acceptable training courses or programs and educational materials on relevant underground facility damage prevention topics pertaining to safe excavation, locating and marking of facilities, determining facility damage, emergency procedures, excavator downtime, pre-marking of intended excavation areas, and appropriate procedures when encountering unmarked facilities. (7-1-21)T

02. Scope of Training and Educational Programs. Such training programs and educational materials must relate to various aspects of underground facility damage prevention, and contain practices, information, and standards generally accepted and recognized among stakeholders in Idaho. (7-1-21)T
03. **Accessibility of Training and Educational Programs.** The Division maintains and periodically updates a database of approved educational materials and training programs. (7-1-21)

04. **Purposes of Training and Educational Programs.** Such programs may be used for general educational use by stakeholders or for remedial training that may be ordered by the board or the administrator pursuant to Section 55-2211, Idaho Code. (7-1-21)

016. **ADEQUACY OF FACILITY OWNERS LOCATING UNDERGROUND FACILITIES.**

The board reviews all stakeholder complaints of violations related to underground facility line locating, as well as generally accepted practices and procedures related to locating. Stakeholders must take remedial actions to improve line-locating performance and monitor and report performance improvements to the board. (7-1-21)

017. **IMPROVEMENT OF TECHNOLOGY AND COMMUNICATIONS BY STAKEHOLDERS.**

01. **Adoption of Technology and Communications Materials.** On an annual basis the board reviews and adopts any available technology and communications materials which promote effective underground facility locating. The board will make available any such appropriate technology and communications materials as it may determine to all stakeholders on the Division website. (7-1-21)

02. **Availability of Technology and Communications Materials.** The board may request that stakeholders provide it with information or data related to procedures, methods, or technologies utilized by such stakeholders to enhance communications among other stakeholders or that enhances underground facility locating capabilities, or enhances the stakeholder’s ability to gather and analyze data related to underground facility damage. The board will review such technologies, methods, or materials adopted by stakeholders to ensure that such use is adequate, as well as to provide stakeholders with best practices. The Division of Building Safety must maintain an approved database of such referenced stakeholder data for public viewing and analysis on its website. (7-1-21)

018. **DAMAGE PREVENTION COMPLAINTS.**

01. **Complaint Forms.** Persons may submit written complaints to the administrator regarding an alleged violation of Title 55, Chapter 22, Idaho Code, on such forms as required by the Division. Notice of the complaint may be served concurrently on the alleged violator by the person submitting the complaint. Verifiable proof of such notification of a complaint provided to the alleged violator must also be provided to the administrator. (7-1-21)

02. **Contents.** Complaints must include the name and address of the complainant and the alleged violator, the date and location of the alleged violation, as well as a complete description of the nature of the violation alleged, including whether it resulted in damage to an underground facility or an excavator downtime event. Complainants may also provide additional documentation in support of a complaint. Complaints must be accompanied by a sworn declaration from the complainant declaring that the information contained therein is true and accurate. The administrator may request additional information or documents in support of the complaint. (7-1-21)

03. **Complaint Procedures and Timelines.** The following timelines and procedure govern the process of filing and administering complaints related to violations of Title 55, Chapter 22, Idaho Code, and the rules of the Board. (7-1-21)

   a. **Initial Filing.** Complaints must be filed with the administrator not later than thirty (30) days from the date of the alleged violation giving rise to the complaint or from the date the violation should have reasonably been discovered by the complainant, whichever is later. (7-1-21)

   b. **Response.** The administrator must notify the alleged violator of the complaint and request a response and any additional information from the alleged violator as may be necessary. The alleged violator may provide a response to the administrator within thirty (30) days from the date they are notified of the complaint by the administrator. (7-1-21)

   c. **Recommendation.** Within thirty (30) days of receipt of the response, or if no response is received,
within fifteen (15) days from the deadline for filing a response, the administrator must notify the complainant and the alleged violator of his recommended course of action. The administrator may extend the period of time in which to determine a recommended course of action, and so notify the parties, if he determines it is necessary to further review or investigate the complaint.

   d. Contest. The alleged violator has the right to contest the imposition of a civil penalty before the damage prevention board. Notice of such contest must be provided by the alleged violator not more than thirty (30) days after receipt of the administrator’s recommended course of action. Recommendations of the administrator regarding complaints may be reviewed by the board at its next regularly scheduled meeting.

019. CLAIMS AND REPORTS OF DAMAGE OR EXCAVATOR DOWNTIME.

   01. Claims. Claims for the cost of repairs for damaged underground facilities are enforced by the affected underground facility owner in accordance with procedures as may be established by the facility owner, and in accordance with applicable law. Underground facility owners must provide notice to excavator contractors of such procedures, along with sufficient information supporting the basis for the amount of a claim within six (6) months from the date of the event giving rise to the claim or from the date the event should have reasonably been discovered by the underground facility owner, whichever is later.

   02. Reports. Underground facility owners and excavators who observe, suffer or cause damage to an underground facility or observe, suffer or cause excavator downtime related to a failure of one (1) or more stakeholders to comply with applicable damage prevention statutes or regulations must report such information to the board on forms or by such method adopted for such by the board. Forms are available at the Division offices and electronically on the Division’s website.

020. CIVIL PENALTIES.
The Idaho Damage Prevention Board is authorized under Section 55-2203(17), Idaho Code, to establish by administrative rule the fines to be paid for civil penalties issued for violations of Title 55, Chapter 22, Idaho Code. To the extent authorized by Section 55-2211, Idaho Code, the acts described in this section subject the violator to a civil penalty of not more than one thousand dollars ($1,000) for a second offense and a civil penalty of not more than five thousand dollars ($5,000) for each offense that occurs thereafter within eighteen (18) months from an earlier violation, and where facility damage has occurred.

   01. Violations of Title 55, Chapter 22, Idaho Code. The following acts subject a person to civil penalties:

   a. Pre-marking Excavation Site. Any person who fails to adequately pre-mark onsite the path of proposed excavation as reasonably required under the circumstances in accordance with Section 55-2205(1)(b), Idaho Code, is subject to a civil penalty.

   b. Notice of Excavation. Any person who fails to provide notice of the scheduled commencement of excavation to any underground facility owner through a one-number notification service, or directly to a facility owner, as applicable within the prescribed time as required by Section 55-2205(1)(c), Idaho Code, is subject to a civil penalty.

   c. One-Number Notification to Facility Owner. A one-number notification service that fails to provide notice of a scheduled excavation upon notification from an excavator is subject to a civil penalty.

   d. Failure to Locate or Mark. An underground facility owner, owner’s agent, or locator who fails to locate or mark underground facilities when responsible to do so in accordance with Section 55-2205(2), Idaho Code, or within the prescribed time provided therein, is subject to a civil penalty.

   e. Failure to Wait for Locate or Maintain Markings. An excavator who commences excavation prior to waiting the time prescribed by Section 55-2205(2), Idaho Code, for all known facilities to be located and marked, or an excavator who fails to maintain the markings of underground facilities previously so marked subsequent to the commencement of excavation in accordance with Section 55-2205(2), Idaho Code, is subject to a civil penalty.
f. Failure to Cease Excavation or Report Unidentified Facilities. An excavator who does not cease excavation in the immediate vicinity upon the discovery of underground facilities therein, whether such facilities be active or abandoned, which were not previously identified or located with reasonable accuracy, or does not notify the owner or operator of the facilities, or a one-number notification service in accordance with Section 55-2205(4), Idaho Code, is subject to a civil penalty. (7-1-21)

g. Failure to Identify Facilities in Contract Documents. Project owners who fail to indicate in bid or contract documents the existence of underground facilities known by the owner to be located within the proposed area of excavation in accordance with Section 55-2207, Idaho Code, is subject to a civil penalty. (7-1-21)

h. Precautions to Avoid Damage. An excavator who does not engage in any of the activities required by Section 55-2207(2), Idaho Code, or use reasonable care to avoid damage to underground facilities is subject to a civil penalty. (7-1-21)

i. Reporting of Damage to Facility. An excavator who fails to report to a facility owner and a one-number notification service any contact or damage to an underground facility caused by such excavator in the course of excavation, or fails to alert an appropriate authority upon an actual breach of a facility which causes the release of gas or hazardous liquids as required by Section 55-2208(1), Idaho Code, is subject to a civil penalty. (7-1-21)

j. Reporting to the Board. An excavator or underground facility owner who observes, suffers or causes damage to an underground facility or excavator downtime related to the failure of one (1) or more stakeholders to comply with the damage prevention regulations and fails to report such information to the board as required by Section 55-2208(5), Idaho Code, is subject to a civil penalty. (7-1-21)

k. Failure to Participate. Any person who fails to participate or cooperate with a one-number notification service as prescribed by Section 55-2206, Idaho Code, is subject to a civil penalty. (7-1-21)

02. Second Offense. For the purpose of this section, a second offense is deemed to be any violation of Title 55, Chapter 22, Idaho Code, for which a civil penalty may be imposed in accordance with this section which occurs within eighteen (18) months of a previous violation of any provision. (7-1-21)

03. Multiple Violations. Each day that a violation of Title 55, Chapter 22, Idaho Code, occurs for which a civil penalty may be imposed as provided herein constitutes a separate offense. (7-1-21)
IDAPA 26 – DEPARTMENT OF PARKS AND RECREATION
DOCKET NO. 26-0000-2100
NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE

EFFECTIVE DATE: The effective date of the temporary rules being adopted through this omnibus rulemaking as listed in the descriptive summary of this notice is July 1, 2021.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting the temporary rules:

This temporary rulemaking adopts and republishes the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 26, rules of the Idaho Department of Parks and Recreation:

IDAPA 26
• 26.01.03, Rules Governing Recreational Registration Program Vendors;
• 26.01.21, Rules Governing Leasing Practices and Procedures for Recreational Residences Within Heyburn State Park;
• 26.01.22, Rules Governing Cooperating Associations;
• 26.01.24, Rules Governing the Administration of the Sawtooth National Recreation Area Special License Plate Funds;
• 26.01.30, Idaho Safe Boating Rules;
• 26.01.31, Rules Governing the Administration of the Idaho Department of Parks and Recreation State and Federal Grant Funds;
• 26.01.34, Idaho Protection Against Invasive Species Sticker Rules; and
• 26.01.37, Rules Governing Test Procedures and Instruments for Noise Abatement of Off Highway Vehicles.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(a), (b), and (c), Idaho Code, the Governor has found that temporary adoption of the rules is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the temporary rules, contact Susan Buxton, Director, (208) 514-2251.

DATED this 1st day of July, 2021.

Susan Buxton, Director
Idaho Department of Parks and Recreation
5657 Warm Springs Avenue, Boise, ID
P.O. Box 83720
Boise, ID 83720-0065
Phone: (208) 514-2251
000. LEGAL AUTHORITY.  
The Parks and Recreation Board, State of Idaho, acting pursuant to the Administrative Procedures Act, Title 67, Chapter 52, Idaho Code, and its powers and responsibilities under the Parks and Recreation Act, Title 67, Chapter 42, Idaho Code, adopted the following rules. These rules are promulgated under the Department’s authority to administer the following Acts: Recreational Activities, Sections 67-7101 through 67-7133, Idaho Code, and Idaho Safe Boating Act, Section 67-7001 et seq., Idaho Code. (7-1-21)

001. TITLE AND SCOPE.  
01. Title. The title of this chapter are cited in full as Idaho Department of Parks and Recreation Rules, IDAPA 26.01.03, “Rules Governing Recreation Programs.” (7-1-21)

02. Scope. These rules are intended to set forth the procedures for vendors to apply to sell Recreation Program products and the formula for off-highway vehicle law enforcement fund distribution. (7-1-21)

002. -- 009. (RESERVED)

010. DEFINITION OF TERMS.  
01. Department. The Idaho Department of Parks and Recreation. (7-1-21)

02. Memorandum of Agreement. A contract between the Department and the Vendor. (7-1-21)

03. Payment in Lieu of Taxes. The Payments in Lieu of Taxes (PILT; 31 U.S.C. §§6901-6907) program provides compensation for certain tax-exempt federal lands, known as entitlement lands. PILT payments are made annually to units of general local government – typically counties – that contain entitlement lands. (7-1-21)

04. Recreation Program Products. Products include, but are not limited to, certificates of number, permits, user certificates, and stickers. (7-1-21)

05. Vendor. Any business or agency authorized to sell products. (7-1-21)

011. – 099. (RESERVED)

100. CRITERIA FOR APPLYING FOR VENDORSHIP.  
A prospective vendor may apply to sell one (1) or more types of products. A prospective vendor may make a request to the Department at any time by phone, mail, or in person to receive a copy of the applicable vendor Memorandum of Agreement. The Memorandum of Agreement must be signed and returned to the Department for approval. (7-1-21)

101. – 199. (RESERVED)

200. NOTIFICATIONS AND TIME LIMITS.  
01. Action on Application. The Department must provide written notification within thirty (30) days following receipt of a signed memorandum of agreement as to the approval or denial of same. This decision for approval or denial is based on the ability of the business or agency to sell recreation program products. (7-1-21)

02. Notification. If approved, a fully executed copy of the vendor memorandum of agreement will be returned to the vendor. If denied, notification will outline reasons for such denial. (7-1-21)

201. – 499. (RESERVED)

500. OFF-HIGHWAY LAW ENFORCEMENT FUND DISTRIBUTION FORMULA.  
01. Formula. As set forth in Section 7126, Idaho Code, the Department distributes the funds in the off-highway vehicle law enforcement fund based on the following formula: (7-1-21)
a. Total federal acres with reference to the Payments in Lieu of Taxes (PILT) number for each eligible county minus large tracts of land not open to off-highway vehicle use. The result is the total off-highway vehicle opportunity on federal public land for that county. (7-1-21)T

b. Calculate the percentage of the total off-highway vehicle opportunity on federal public land for each eligible county as compared to the entire state. (7-1-21)T

c. Multiply this percentage by zero point six (0.6) to get sixty percent (60%) of the value. (7-1-21)T

d. Calculate the percentage of off-highway vehicle certificate of number designations for each eligible county as compared to the entire state. (7-1-21)T

e. Multiply this percentage by zero point four (0.4) to get forty percent (40%) of the value. (7-1-21)T

f. Add the sixty percent (60%) value from the total off-highway vehicle opportunity on federal public land to the forty percent (40%) value of the off-highway vehicle certificates of number. This total will be the percentage of the off-highway vehicle law enforcement funds for which the individual county is eligible. (7-1-21)T

501. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
These rules are promulgated by the Idaho Park and Recreation Board pursuant to Idaho Code, Section 67-4223 and are intended to further define and make specific Idaho Code, Section 67-4223 as it pertains to the administration of recreational residence site leases within Heyburn State Park.

001. TITLE AND SCOPE.

01. Title. The title of this chapter is cited in full as Idaho Department of Parks and Recreation Rules, IDAPA 26.01.21, “Rules Governing Leasing Practices and Procedures for Recreational Residences Within Heyburn State Park.”

02. Scope. This chapter establishes rules to effectuate the purposes of and aid in the administration of recreational residence site leases within Heyburn State Park.

002. -- 009. (RESERVED)

010. DEFINITIONS.
As used in this chapter:

01. Board. The Idaho Park and Recreation Board, a bipartisan, six (6) member board, appointed by the Governor.

02. Department. The Idaho Department of Parks and Recreation.

03. Director. The director and chief administrator of the Department, or the designee of the director.

04. Lease. The contract defining the rights and duties of the parties regarding a recreational residence site within Heyburn State Park.

05. Lease Payment. The annual fee paid by a Lessee to the Lessor.

06. Lessee. A person who holds a valid lease for a recreational residence site within Heyburn State Park.

07. Lessor. The Board or its authorized representative.

08. Recreational Residence Site. A particularly described parcel of real property, located within Heyburn State Park and owned by the Department, which has been made available to private individuals through a lease for the purpose of constructing and maintaining a recreational residence.

011. -- 049. (RESERVED)

050. LEASE TERM.

01. Cottage Site Leases. Leases are issued for a term not to exceed ten (10) years commencing upon January 1 of the year the lease is entered into and ending upon December 31 of the final year of the term.

02. Float Home Moorage Site Leases. Lease of a float home moorage site may be issued for a period of up to thirty (30) years commencing upon January 1 of the year the lease is entered into and ending upon December 31 of the final year of the term.

051. -- 069. (RESERVED)

070. RENEWAL.
No lease may include any right of renewal, whether expressed or implied.

071. -- 089. (RESERVED)

090. LEASE RATES.
01. **Base Rates.** Base lease rates are set so as to provide the Department a reasonable return based upon the fair market value of the lease site. (7-1-21)

02. **Lease Rate Adjustments.** The lease provides for annual adjustments. (7-1-21)

091. -- 109. (RESERVED)

110. **OCCUPANCY.**

01. **Recreational Occupancy.** With the exception of those leases that have been grandfathered for full-time occupancy, the leased premises may be used solely for recreational residential purposes. Use may be intermittent or seasonal but in no event may the residence be occupied in excess of six (6) months in any twelve (12) consecutive months or more than one hundred eighty five (185) days in any three hundred sixty five (365) day cycle. (7-1-21)

02. **Full-Time Occupancy.** Leases that have been grandfathered for full-time occupancy revert to recreational residential purposes when they are transferred, whether by gift, sale, or devise. (7-1-21)

111. -- 129. (RESERVED)

130. **USE.**

01. **Commercial Use Prohibited.** Leased premises may not be used for commercial purposes. This includes, but is not limited to, short- or long-term rental for profit, and the conduct of any enterprise of a commercial nature. (7-1-21)

02. **Public Use.** Heyburn State Park is a public facility that is managed for the use and benefit of the public. Recreational residence leases reserve to the Department and its agents the right of ingress and egress across lease premises. Recreational residence leases preserve the right of the general public to cross the leased premises for any lawful purpose. (7-1-21)

131. -- 999. (RESERVED)
000. **LEGAL AUTHORITY.**
These rules, promulgated by the Idaho Parks and Recreation Board pursuant to Section 67-5201, et seq., Idaho Code, and Section 67-4223, Idaho Code, are intended to further define and make specific Section 67-4238, Idaho Code, which deals with establishment of cooperating associations. (7-1-21)T

001. -- 009. (RESERVED)

010. **DEFINITIONS.**
When used in these rules, the terms set forth below have the following definitions: (7-1-21)T

01. **Agreement.** A written document between the association and the Department which defines a specific facility, terms, and conditions of operation to which both parties agree. (7-1-21)T

02. **Cooperating Association.** Any private, nonprofit organization that enters into an agreement with the Department to aid the interpretive, educational, and related visitor service activities of a state park facility in which the cooperating association is authorized to function. (7-1-21)T

03. **Department.** The Idaho Department of Parks and Recreation. (7-1-21)T

04. **Director.** The director of the Idaho Department of Parks and Recreation or his designee. (7-1-21)T

05. **State Park Facility.** A structure or area within an Idaho state park, the entire state park, state park region or state park system. (7-1-21)T

011. -- 049. (RESERVED)

050. **PURPOSE OF COOPERATING ASSOCIATIONS.**

01. **Generally.** The purpose of a cooperating association is to assist the Department at a local, regional, or statewide level to enhance the interpretive, educational, and/or related visitor services activities. (7-1-21)T

02. **Authorized Organizations and Activities.** The Department may enter into agreements with private nonprofit scientific, historic or educational organizations for the purpose of providing interpretive services to state park facilities in Idaho. Said associations may provide such services as educational or interpretive material for sale; acquire display materials and equipment for exhibits; provide support for park interpretive programs or environmental education programs; support park facility libraries; provide support for other interpretive projects related to a specific park facility; provide fund raising activities within the park facility; or other specifically approved activities. All proposed services or activities must receive approval of the director prior to the activity taking place. (7-1-21)T

051. -- 099. (RESERVED)

100. **CRITERIA FOR COOPERATING ASSOCIATIONS.**

01. **Number Limited.** No more than one (1) association may be created on behalf of any park. (7-1-21)T

02. **Requirements.** Associations are encouraged to incorporate under the laws of the state of Idaho and to attain nonprofit, tax-exempt status under provisions of Section 501(c)3 of the federal Internal Revenue Service tax code, but it is neither a requirement nor a responsibility of the Department. Requirements of an association are that they have, as a minimum, a chairman, vice-chairman, secretary and treasurer, who may also serve on the board of directors of the association. Each association determines the number of association board members. Summary minutes of official association meetings must be forwarded to the Department within thirty (30) days after the meeting. A department representative, designated by the director, is an ex-officio member of the board. Association membership dues may be established by the association. (7-1-21)T

101. -- 149. (RESERVED)

150. **DEPARTMENT ASSISTANCE TO ASSOCIATIONS.**
If the association desires, the Department, in its discretion, may provide assistance to the association on an incidental basis. The Department may provide space at a state park facility for the interpretive materials provided by the
151. -- 199. (RESERVED)

200. AGREEMENT REQUIRED/PRIOR APPROVAL OF ACTIVITIES REQUIRED.
An agreement must be signed between officials of the association and the Department prior to an association undertaking activities enumerated under Subsection 050.02 of this chapter. Agreements signed by officials of the association and the Department are binding on successor officers of the association and the Department. Association activities at a park may not conflict with park resources or objectives, must comply with all applicable statutes, rules and regulations, and are subject to prior approval of the director. Decisions of the director are deemed to be a final decision.

201. -- 249. (RESERVED)

250. DISPOSITION OF ASSETS AND PROFITS.

01. Profits to Benefit Park Facilities. Any profits received from the sale of publications or other materials provided by an association pursuant to an agreement entered into under these rules must be used by the association for interpretive or educational purposes to benefit the state park facility for which the association provides services.

02. Dissolution of Association. In the event that the association disbands, dissolves, or the agreement between the association and the Department is terminated for any reason whatsoever, all profits that have accrued to the association as a result of the association/Department agreement must be donated to the Department. The Department will use such assets or profits for interpretive and educational purposes at the designated state park facility.

251. -- 299. (RESERVED)

300. ACCOUNTABILITY.

01. Annual Statements Required. An annual financial statement of the association must be prepared and presented to the department director by May 1 of each year.

02. Department Not Liable. In no event will the Department be held liable for any debts incurred by the association.

301. -- 349. (RESERVED)

350. TERMINATION.
An agreement between an association and the Department may be terminated upon thirty (30) days written notice by either party to the other at the address for “Notices” listed in the agreement.

351. -- 999. (RESERVED)
26.01.24 – RULES GOVERNING THE ADMINISTRATION OF THE SAWTOOTH NATIONAL RECREATION AREA SPECIAL LICENSE PLATE FUNDS

000. LEGAL AUTHORITY. The Idaho Park and Recreation Board is authorized under Section 67-4223(a), Idaho Code, to adopt, amend, or rescind rules as may be necessary for proper administration of the Department and its programs. (7-1-21)

001. TITLE AND SCOPE.

01. Title. The title of this chapter is cited in full as Idaho Department of Parks and Recreation Rules, IDAPA 26.01.24, “Rules Governing the Administration of the Sawtooth National Recreation Area Special License Plate Funds.” (7-1-21)

02. Scope. This chapter establishes procedures for the administration of the Sawtooth National Recreation Area special plate funds, received pursuant to Section 49-419A, Idaho Code, including requirements for project application, eligibility, review, award and management. (7-1-21)

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Applicant. A public entity, user group, organization, or individual that identifies a need for a project and applies for a sawtooth national recreation area special license plate fund grant through the Department. (7-1-21)

02. Board. The Idaho Park and Recreation Board, a bipartisan, six (6) member board, appointed by the governor. (7-1-21)

03. Department. The Idaho Department of Parks and Recreation. (7-1-21)

04. Director. The director and chief administrator of the Department or the designee of the director. (7-1-21)

05. Park and Recreation Fund. That fund created in Section 67-4225, Idaho Code. (7-1-21)

06. Project. Any effort in compliance with applicable rules and policies governing the use of Sawtooth National Recreation Area special license plate funds. (7-1-21)

07. Sawtooth National Recreation Area (SNRA) Special License Plate Funds. Those funds derived from the sale and purchase of Sawtooth National Recreation Area special license plates pursuant to Section 49-419A, Idaho Code. (7-1-21)

011. -- 049. (RESERVED)

050. ELIGIBLE APPLICANTS FOR SAWTOOTH NATIONAL RECREATION AREA SPECIAL LICENSE PLATE FUNDS. Any public entity or private group, organization or individual which provides evidence of its ability to implement or operate and maintain the project following the completion of the project. (7-1-21)

051. -- 099. (RESERVED)

100. ELIGIBLE PROJECTS.

01. Determination of Eligibility. The director determines eligibility of projects in accordance with Section 49-419A, Idaho Code, and this chapter. (7-1-21)

02. Eligible Projects. Eligible projects are limited to planning, design, development, construction, repair and maintenance of:

a. Motorized and non-motorized trails; (7-1-21)

b. Camping facilities; (7-1-21)
c. Bridges located on a motorized or non-motorized trail;  
d. Restrooms used primarily by recreationists;  
e. Parking areas used primarily to access outdoor recreation facilities;  
f. Boat launch facilities;  
g. Boat docks;  
h. Interpretive centers, facilities and services for recreationists including informational and directional signs;  
i. Emergency medical facilities and services for recreationists; and  
j. Unpaved roads leading to recreation areas.  

03. **Location of Eligible Projects.** All eligible projects must be located within the SNRA and must be open to the public regardless of race, color, religion, national origin, gender, age or disability.  

150. **APPLICATION PROCEDURES.**  
To be considered for a grant, an applicant must file with the Department a memorandum of understanding in a form prescribed by the director and bearing original signatures no later than January 1 of each year.  

200. **DISBURSEMENT OF FUNDS.**  
The Department will remit to the applicant at least eighty-five percent (85%) of all moneys collected pursuant to Section 49-419A, Idaho Code, not later than January 25, April 25, July 25 and October 25 of each year. The Department retains up to fifteen percent (15%) to cover costs related to the administration of this chapter.  

250. **EXPENDITURE OF FUNDS.**  
The applicant must expend all funds received pursuant to this chapter within two (2) years of receipt.  

350. **DOCUMENTATION.**  
01. **Allowable Costs.** Applicable Office of Management and Budget (OMB) cost principles must be followed in determining reasonable and allowable costs.  
02. **Documentation and System of Internal Controls.** The applicant must maintain a system of internal controls in order to identify the source and disbursement of funds provided for all project costs by project. Accounting records must be supported by source documentation such as vouchers, canceled checks, invoices, payroll, time and attendance records, contract and sub-grant award documents, and other required billing forms.  
03. **Record Retention.** The applicant must retain all financial information referenced in these rules
regarding a project for a time period of three (3) years from the date of the receipt of funds, or until the satisfactory completion of any litigation or audit concerning the project, whichever date is later.

04. Audit Authority. The Department has the right of access to any pertinent books, documents, papers, or other records of applicant which are pertinent to these rules, in order to make audits, examinations, excerpts, and transcripts. An audit may result in the disallowance of costs incurred by the applicant and the establishment of a debt (account receivable) due the Department.

351. -- 399. (RESERVED)

400. MAINTENANCE STANDARDS. The applicant must ensure facilities developed, constructed or repaired with SNRA special license plate funds are maintained and operated in a condition equivalent to that existing when it was funded, normal wear and tear excepted. Maintenance standards must be adopted by the applicant during the application phase of the grant.

401. -- 449. (RESERVED)

450. PROJECT CONVERSIONS. No project funded by SNRA special license plate funds may, without prior approval of the Department, be converted to uses other than for the authorized purpose of the original grant. The Department must approve a conversion only when the SNRA special license plate funds expended on the project can be returned to the Department, or the applicant can provide an immediate substitution of other projects of at least equal current fair market value and of reasonable equivalent usefulness and location.

451. -- 499. (RESERVED)

500. PURCHASE AND BIDDING REQUIREMENTS. All local, state and federal laws pertaining to the expenditure of SNRA special license plate funds must be followed by the applicant.

501. -- 999. (RESERVED)
000. LEGAL AUTHORITY. The Idaho Park and Recreation Board is authorized under Section 67-7002, Idaho Code to promulgate rules to effectuate the purposes of and aid in the administration of the Idaho Safe Boating Act, Title 67, Chapter 70, Idaho Code.

001. TITLE AND SCOPE.

01. Title. The title of this chapter is cited in full as Idaho Department of Parks and Recreation Rules, IDAPA 26.01.30, “Idaho Safe Boating Rules.”

02. Scope. This chapter establishes rules to effectuate the purposes of and aid in the administration and enforcement of the Idaho Safe Boating Act, Title 67, Chapter 70, Idaho Code.

002. -- 009. (RESERVED)

010. DEFINITIONS. As used in this chapter:

01. Duly Constituted Water Ski School. A profit-making business that files Idaho income tax returns in accordance with the Idaho Income Tax Act (Title 63, Chapter 30, Idaho Code) substantiating that instruction of water ski students for the making of a profit is or was being performed by the instructor.

02. Lifeboat. A vessel that:
   a. Is owned by the owner of a vessel for which a valid certificate of number has been issued;
   b. Is kept with the numbered vessel during normal operation of the numbered vessel; and
   c. Is used solely in life threatening situations.

03. Motorboat. Any vessel propelled by machinery, which is powered by an energy source other than human effort, whether or not such machinery is the principal source of propulsion.

04. Sailboat. Any vessel equipped with mast(s) and sail(s), dependent upon the wind to propel the vessel in the normal course of operation of the vessel.

05. Sailboard. A surfboard type sailboat with no freeboard and using a triangular sail on a swivel mounted mast not secured to a hull by guys or stays.

06. Tender. A vessel equipped with propulsion machinery of less than ten (10) horsepower that:
   a. Is owned by the owner of a vessel for which a valid certificate of number has been issued;
   b. Displays the number of that numbered vessel followed by the suffix “1”; and
   c. Is used for direct transportation between the numbered vessel and the shore and for no other purpose.

07. Watercraft. Those devices designed as a means of transportation on water. The following devices are not considered watercraft:
   a. Diver’s aids operated and designed primarily to propel a diver below the surface of the water; and
   b. Non-motorized devices not designed as a means of transportation on water, such as inflatable air mattresses, single inner tubes, and beach and water toys.
   c. Float houses as defined in Section 67-7003(8), Idaho Code.
08. **Whistle or Horn.** Any sound producing appliance capable of producing the prescribed blasts and which complies with the specifications of 33 U.S.C. Section 2001 et seq. and 33 CFR Section 86.01 et seq. (7-1-21)

09. **Other Definitions.** Other definitions set forth in the Idaho Safe Boating Act (Title 67, Chapter 70, Idaho Code) are incorporated herein by reference. (7-1-21)

011. -- 049. (RESERVED)

050. **PERSONAL FLOTATION DEVICES (PFD'S).**

01. **Personal Flotation Devices Required.** Except seaplanes, sailboards, and as provided in Subsections 050.03 and 050.04 of this chapter, no person may operate or permit to be operated any vessel on the waters of this state without carrying on board personal flotation devices (Type I life preservers, Type II buoyant vests, Type III special purpose marine buoyant devices, Type IV buoyant cushions or ring life buoys, or Type V restricted use devices) as follows:

   a. Recreational vessels (used for non-commercial use) less than sixteen (16) feet in length, and canoes and kayaks of any length, must have one (1) type I, II, or III wearable personal flotation devices of a suitable size for each person on board. (7-1-21)

   b. Recreational vessels sixteen (16) feet in length and over, except as stated in Subsection 050.01.a. of this chapter, must have one (1) type I, II, or III wearable personal flotation device of a suitable size for each person on board and, in addition, one (1) type IV throwable device. (7-1-21)

   c. Commercial vessels less than forty (40) feet in length not carrying passengers for hire must have at least one (1) Type I, II, or III wearable personal flotation device of a suitable size for each person on board. (7-1-21)

   d. Commercial vessels carrying passengers for hire and commercial vessels forty (40) feet in length or longer not carrying passengers for hire must have at least one Type I wearable personal flotation device of a suitable size for each person on board. (7-1-21)

   e. Commercial vessels twenty-six (26) feet in length or longer must have at least one (1) Type IV throwable ring life buoy in addition to other requirements. (7-1-21)

   f. Children fourteen (14) years of age and younger, onboard vessels nineteen (19) feet or less, must wear an approved flotation device when the vessel is underway. (7-1-21)

02. **Location and Condition.** All personal flotation devices required by Section 050 of this chapter must be readily accessible to persons on board and be of good and serviceable condition. When aboard a personal watercraft (Jet Ski, Wave Runner, etc.) or being towed by a boat (water ski, wake board, knee board, tube, etc.), an approved flotation device must be worn to be considered readily accessible. All such devices must be approved by the U.S. Coast Guard, and must be marked in accordance with U.S. Coast Guard standards. All such devices must comply with the construction and design standards set forth by 46 U.S.C. Section 2101 et seq. and applicable federal regulations. (7-1-21)

03. **Alternative PFD Requirement.** A Type V personal flotation device may be carried in lieu of any required personal flotation device if U.S. Coast Guard approved for the activity engaged in. (7-1-21)

04. **Exemptions.** (7-1-21)

   a. Racing shells, rowing sculls and racing kayaks are exempt from the requirements of Section 050 of this chapter provided they are manually propelled, recognized by a national or international racing association and designed solely for competitive racing. (7-1-21)

   b. Float tubes are exempt from the requirements of Section 050 of this chapter while being operated
on lakes and reservoirs of this state of less than two hundred (200) surface acres in size at natural or ordinary high water.

051. -- 074. (RESERVED)

075. **FIRE EXTINGUISHERS.**

01. **Fire Extinguishers Required.** Except seaplanes and those motorboats less than twenty-six (26) feet in length, propelled by outboard motors, of open construction that will not permit the entrapment of explosive or flammable gases or vapors, and not carrying passengers for hire, no person may operate or permit to be operated any motorboat on the waters of this state unless it carries on board and have readily accessible at least the minimum number of serviceable U.S. Coast Guard approved fire extinguishers as set forth below.

02. **Type and Size -- Table.** Extinguishers approved for use on motorboats are hand portable of either B-I or B-II classification. “B” type is for gasoline, oil and grease fires. “I” and “II” denotes size as follows:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Foam Dioxide</th>
<th>Carbon Chemical</th>
<th>Dry Freon</th>
<th>Halon/</th>
</tr>
</thead>
<tbody>
<tr>
<td>B-I</td>
<td>1.25 gals.</td>
<td>4 lbs.</td>
<td>2 lbs.</td>
<td>2.5 lbs.</td>
</tr>
<tr>
<td>B-II</td>
<td>2.50 gals.</td>
<td>15 lbs.</td>
<td>10 lbs.</td>
<td></td>
</tr>
</tbody>
</table>

03. **Inspections.** Dry chemical fire extinguishers without gauges or indicating devices must be inspected every six (6) months. If the gross weight of a carbon dioxide (CO2) fire extinguisher is reduced by more than ten percent (10%) of the net weight, the extinguisher is not acceptable and must be recharged.

04. **Specific Requirements.** Except as provided in Subsection 075.01 of this chapter, the requirements for fire extinguishers by length of motorboat are as follows:

   a. Less than twenty-six (26) feet in length: At least one (1) B-I fire extinguisher is required.

   b. Twenty-six (26) feet to less than forty (40) feet in length: At least two (2) B-I fire extinguishers are required.

   c. Forty (40) feet to not more than sixty-five (65) feet in length: At least three (3) B-I fire extinguishers are required.

   d. Over sixty-five (65) feet in length: Federal requirements apply as stated in 46 U.S.C. Section 2101 et seq. and Section 4301 et seq., and 46 CFR Section 25.30-1 et seq.

05. **Alternative Fire Extinguisher Requirement.** One (1) B-II fire extinguisher may be substituted for two (2) B-I fire extinguishers.

06. **Fixed Systems.** When a fixed fire extinguishing system is installed in machinery space(s), one (1) less B-I fire extinguisher is required.

076. -- 099. (RESERVED)

100. **LIGHTS AND SHAPES.**

01. **Lights Required.** No person may operate or permit the operation of any vessel on the waters of this state between sunset and sunrise or in other times of restricted visibility unless the vessel is equipped with and displays the lights herein specified, and during such time no other lights which may be mistaken for those prescribed must be exhibited.
02. **Motorized Vessels.** A motorboat less than sixty-five and six-tenths (65.6) feet in length must exhibit navigation lights as follows:

a. A white light placed over the fore and aft centerline of the vessel showing an unbroken light over an arc of the horizon of two hundred twenty-five (225) degrees (twenty (20) points) and so fixed as to show the light from right ahead to twenty-two and five-tenths (22.5) degrees (two (2) points) abaft (toward the stern from) the beam on either side of the vessel.

b. A white light placed as nearly as practicable at the stern showing an unbroken light over an arc of the horizon one hundred thirty-five (135) degrees (twelve (12) points) and so fixed as to show the light sixty-seven and five-tenths (67.5) degrees (six (6) points) from right aft on each side of the vessel.

c. On the starboard side a green light and on the port side a red light each showing an unbroken light over an arc of the horizon of one hundred twelve and five-tenths (112.5) degrees (ten (10) points) and so fixed as to show the light from right ahead to twenty-two and five-tenths (22.5) degrees (two (2) points) abaft (toward the stern from) the beam on its respective side. These sidelights may be combined in one (1) lantern carried on the fore and aft centerline of the vessel.

d. A motorboat less than thirty-nine and four-tenths (39.4) feet in length may exhibit a white light aft visible all around the horizon in lieu of the white lights prescribed in Subsections 100.02.a. and 100.02.b. of this chapter.

03. **Non-Motorized Vessels.** A sailboat, under sail alone, and a vessel under oars or paddles, must exhibit navigation lights as follows:

a. On the starboard side a green light and on the port side a red light each showing an unbroken light over an arc of the horizon of one hundred twelve and five-tenths (112.5) degrees (ten (10) points) and so fixed as to show the light from right ahead to twenty-two and five-tenths (22.5) degrees (two (2) points) abaft (toward the stern from) the beam on its respective side. These sidelights may be combined in one (1) lantern carried on the fore and aft centerline of the vessel.

b. A white light placed as nearly as practicable at the stern showing an unbroken light over an arc of the horizon one hundred thirty-five (135) degrees (twelve (12) points) and so fixed as to show the light sixty-seven and five-tenths (67.5) degrees (six (6) points) from right aft on each side of the vessel.

c. A sailboat of less than twenty-three (23) feet in length or a vessel under oars or paddles must, if practicable, exhibit the lights prescribed in Subsections 100.03.a. and 100.03.b. of this chapter, but if it does not, it must have ready at hand an electric torch or lighted lantern showing a white light that must be exhibited in sufficient time to prevent collision.

04. **Anchorage.** All vessels must display a white light visible all around the horizon when anchored on the waters of this state, unless anchored in a designated mooring area.

05. **Seaplanes.** Where it is impracticable for a seaplane to exhibit lights of the characteristics or in the positions prescribed in Section 100 of this chapter, it must exhibit lights similar in characteristics and position as is possible.

06. **Sailboats.** Between sunrise and sunset, a vessel proceeding under sail when also being propelled by machinery must exhibit forward where it can best be seen a conical shape, apex downward. A vessel of less than thirty-nine and four-tenths (39.4) feet in length is not required to exhibit this shape, but may do so.

07. **Visibility.** Every white light prescribed by Section 100 of this chapter must be of such character as to be visible at a distance of at least two (2) miles. Every other colored light must be fitted with inboard screens of sufficient height so set as to prevent these lights from being seen across the bow and must be of such character as to be visible at a distance of at least one (1) mile. The word “visible” in Section 100 of this chapter means visible on a dark night with clear atmosphere.
08. Alternative Lights and Shapes. In lieu of the lights and shapes required in Section 100 of this chapter, a vessel may exhibit those lights and shapes provided for by 33 U.S.C. Section 1601 et seq., or 33 U.S.C. Section 2001 et seq. and applicable regulations, and as published by the U.S. Coast Guard in the Navigational Rules International - Inland. (7-1-21)

101. -- 124. (RESERVED)

125. VENTILATION.

01. Ventilation Required. Except seaplanes, no person may operate or permit to be operated any vessel having aboard a gasoline engine used for any purpose, unless it is provided with proper ventilation. (7-1-21)

02. Compartments With Gasoline Engines. Each compartment in a vessel that has a permanently installed gasoline engine with a cranking motor must be open to the atmosphere, or be ventilated by a natural ventilation system and a mechanical exhaust blower system as required by 46 U.S.C. Section 2101 et seq. and Section 4301 et seq., and 33 CFR Section 183.601 et seq. (7-1-21)

03. Collection of Vapors or Gases. Each compartment or tank in a vessel that may permit the entrapment of explosive or flammable gases or vapors must be ventilated by a natural ventilation system. (7-1-21)

04. Natural Ventilation System. A natural ventilation system must be approved for use by the U.S. Coast Guard and include a supply opening or duct from the atmosphere or from a ventilated compartment or from a compartment that is open to the atmosphere, and an exhaust opening into another ventilated compartment or an exhaust duct to the atmosphere. Each exhaust opening or duct must originate in the lower third of the compartment; and each supply opening or duct and each exhaust opening or duct in a compartment must be above the normal accumulation of bilge water. Each supply opening must be forward facing and located on the exterior surface of a vessel, or be constructed so that air effectively flows into or out of the supply or exhaust openings. (7-1-21)

05. Exhaust Blowers. Each vessel that is required to have an exhaust blower must have a label that is located as close as practicable to each ignition switch, is in plain view of the operator, and has at least the following information:

“WARNING -- GASOLINE VAPORS CAN EXPLODE. BEFORE STARTING ENGINE OPERATE BLOWER FOR FOUR (4) MINUTES AND CHECK ENGINE COMPARTMENT BILGE FOR GASOLINE VAPORS.” (7-1-21)

06. Alternative Ventilation System. In lieu of the ventilation and warning label required in Section 125 of this chapter, a vessel may be provided with any type of ventilating system as required by 46 U.S.C. Section 2101 et seq. and Section 4301 et seq., and applicable federal regulations. (7-1-21)

126. -- 149. (RESERVED)

150. SOUND PRODUCING DEVICES.

No person may operate or permit to be operated any vessel on the waters of this state without carrying on board sound producing devices as follows: (7-1-21)

01. Vessels Thirty-Nine and Four-Tenths Feet and Over. A vessel of thirty-nine and four-tenths (39.4) feet or more in length must be provided with a whistle or horn capable of making the prescribed signals provided for by 33 U.S.C. Section 2001 et seq., and a bell. The whistle or horn must be audible for at least one-half (1/2) nautical mile, and the bell, when struck, must produce a clear bell-like tone of full sound characteristic. (7-1-21)

02. Vessels Under Thirty-Nine and Four-Tenths Feet. A vessel of less than thirty-nine and four-tenths (39.4) feet in length must be provided with a whistle or horn capable of making the prescribed signals provided for by 33 U.S.C. Section 2001 et seq. The whistle or horn must be audible for at least one-half (1/2) nautical mile.
175. BACKFIRE FLAME CONTROL.

Except seaplanes, no person may operate or permit to be operated any motorboat on the waters of this state unless each carburetor on every inboard gasoline engine installed in a motorboat must be equipped with a U.S. Coast Guard approved backfire flame arrester or other means of backfire flame control approved for use by the U.S. Coast Guard, each of which is securely attached to the carburetor and in proper working order.

176. WARNING FLAGS FOR DOWNED SKIERS.

No person may operate or permit to be operated any vessel used for towing waterskiers or similar devices in which persons or objects are being towed above, in, or on the waters of this state unless it has on board and displays a warning flag as specified in Section 200 of this chapter.

01. Size and Color. A warning flag must be international orange or red in color and must be at least one (1) foot square.

02. Use. When any person being towed by the vessel becomes disengaged from the towline and is down in the water, a person in the vessel must immediately hold the warning flag aloft, visible from all sides, as an indicator to other vessels in the area that a person is down in the water. As long as such downed person is in the water, the flag must remain displayed to prevent danger to that person and hazards to passing vessels.

03. Use Limited. Such warning flag must be displayed only under the conditions set forth in Section 200 of this chapter or when other eminent danger exists.

225. VESSEL LIVERIES -- EQUIPMENT.

Neither the owner of a vessel livery nor his agent or employee may permit any vessel permitted by him to be operated as a vessel to depart from his premises unless it has been provided, either by owner or renter, with the equipment required pursuant to Title 67, Chapter 70, Idaho Code and this chapter.

226. PERSONAL WATERCRAFT LIVERIES.

01. Education Required. All liveries renting, leasing or hiring out any personal watercraft must provide education in the laws, rules and safe operation of the personal watercraft to each person that will operate the personal watercraft. No person may operate any personal watercraft that is rented, leased or hired without first completing instruction in the laws, rules and safe operation of the personal watercraft. This instruction must include:

   a. The complete reading of “Personal Watercraft Laws and Safe Operation,” IDPR form REV 50.13;
   
   b. The complete viewing of the video “Play It Safe” produced by the Personal Watercraft Industry Association.

02. Acknowledgment Required. All persons operating a rented, leased or hired personal watercraft must carry on board for inspection by any law enforcement officer a valid “Idaho PWC Renter’s Acknowledgment of Education” form, IDPR form REV 50.14.

03. Provision of Forms, Videos, Publications. All forms, videos and other required educational materials will be provided to personal watercraft liveries by the Department at no charge to the livery.
250. VESSEL NUMBERS -- DISPLAY, SIZE, COLOR.

01. Requirements. Each vessel number required by Section 67-7008, Idaho Code, must:
   a. Be in plain vertical block characters of not less than three (3) inches in height;
   b. Contrast with the color of the background;
   c. Have spaces or hyphens that are equal to the width of a letter other than “I” or a number other than “1” between the letter and number groupings (Example: ID 5678 A or ID-5678-A);
   d. Read from left to right;
   e. Be maintained in legible condition;
   f. Be as high above the waterline as practicable without decreasing the visibility of the number.

02. Manufacturers and Dealers. When a vessel is used by a manufacturer or dealer for testing or demonstrating, the vessel number may be painted on or attached to removable plates that are temporarily but firmly attached to each side of the forward half of the vessel.

03. Special Circumstances. On vessels so configured that a vessel number on the hull or superstructure would not be easily visible, the vessel number must be painted on or attached to a backing plate that is attached to the forward half of the vessel so that the vessel number is visible from each side of the vessel.

251. -- 274. (RESERVED)

275. VESSEL NUMBERS -- FORM.

01. Numbering. Each vessel number issued according to Section 67-7008, Idaho Code, must consist of the prefix “ID,” which denotes Idaho as the State of issuing authority, followed by:
   a. Not more than four (4) numerals followed by not more than two (2) capital letters (Example: ID 1234 AB); or
   b. Not more than three (3) numerals followed by not more than three (3) capital letters (Example: ID 123 ABC).

02. Prohibited Letters. A vessel number suffix may not include the letters “I,” “O,” or “Q,” which may be mistaken for numerals.

276. -- 299. (RESERVED)

300. VALIDATION STICKERS.

01. Size and Location of Stickers. Validation stickers issued according to Section 67-7008, Idaho Code, must:
   a. Be displayed within six (6) inches of and directly in line with the vessel number displayed on the vessel;
   b. Be approximately three (3) inches square; and
   c. Indicate the year in which each validation sticker expires by the colors, green, red, blue, and international orange, in rotation beginning with green for stickers that expire in 1987.
02. **Removal of Stickers.** Validation stickers issued according to Sections 67-7008 or 67-7011, Idaho Code, that have become invalid must be removed from the vessel. (7-1-21)

301. -- 324. (RESERVED)

325. **APPLICATION AND CERTIFICATE OF NUMBER — CONTENTS.**

01. **Requirements.** Except as allowed in Subsections 325.03 and 325.04 of this chapter, each application for a certificate of number and each certificate of number, referred to in Section 67-7008, Idaho Code, must contain the following information: (7-1-21)

a. Number issued to the vessel; (7-1-21)
b. Expiration date of the certificate; (7-1-21)
c. State of principal use; (7-1-21)
d. Name of the owner; (7-1-21)
e. Address of owner, including ZIP code; (7-1-21)
f. Whether the vessel is used for pleasure, rent or lease, dealer or manufacturer demonstration, commercial passenger carrying, commercial fishing or other use; (7-1-21)
g. Manufacturer’s hull identification number (if any); (7-1-21)
h. Make of vessel; (7-1-21)
i. Year vessel was manufactured; (7-1-21)
j. Overall length of vessel; (7-1-21)
k. Whether the vessel is an open boat, cabin cruiser, houseboat, or other type; (7-1-21)
l. Hull material; (7-1-21)
m. Whether the propulsion is inboard, outboard, inboard-outdrive, or sail; (7-1-21)
n. Whether the fuel is gasoline, diesel, or other; (7-1-21)
o. The number previously issued by an issuing authority for the vessel, if any; (7-1-21)
p. Whether the application is for a new certificate of number, renewal of a certificate of number, or transfer of ownership; (7-1-21)
q. The signature of the owner. (7-1-21)

02. **Manufacturer or Dealer.** A certificate of number issued to a manufacturer or dealer to be used on a vessel for test or demonstration purposes may omit the requirements of Subsections 325.01.g. through 325.01.n. of this chapter if the word “manufacturer” or “dealer” is plainly marked on the certificate. (7-1-21)

03. **Livery Vessels.** A certificate of number issued to a vessel that is to be rented or leased without propulsion machinery may omit the requirements of Subsections 325.01.m. and 325.01.n. of this chapter if the words “livery vessel” are plainly marked on the certificate. (7-1-21)

04. **Proof of Ownership.** Each applicant for a certificate of number as prescribed in Section 67-7008,
Idaho Code, must submit one (1) of the following documents to the Department or authorized vendor: (7-1-21)

a. The bill of sale from the dealer or a bill of sale from the previous owner of the vessel; (7-1-21)

b. If the vessel is home built, a sworn statement attesting to the identity of the builder, the location or place of construction, the source of the material used for construction and a description of the vessel. The statement must also be accompanied by any receipts received from the purchase or acquisition of the materials used in the construction of the vessel and a copy of the construction plans, if any; (7-1-21)

c. If the vessel has been rebuilt, a sworn statement attesting to the identity of the builder, the location or place of rebuilding, the source of the material used for rebuilding and a description of the vessel. The statement must also be accompanied by any receipts received for the purchase or acquisition of the materials used in the rebuilding of the vessel and documentation indicating the source of the original hull and proof of ownership from the previous owner; (7-1-21)

d. If none of the documents listed in Subsections 325.04.a. or 325.04.b. of this Section are available, the applicant must submit an affidavit of ownership to the Department. (7-1-21)

326. -- 349. (RESERVED)

350. NUMBERING - EXEMPTIONS.
The following vessels are exempt from the numbering provisions of Title 67, Chapter 70, Idaho Code, pursuant to Section 67-7009(5), Idaho Code: (7-1-21)

01. Rowboats. Rowboats without motors; (7-1-21)
02. Canoes. Canoes without motors; (7-1-21)
03. Kayaks. Kayaks without motors; (7-1-21)
04. Inflatables. Inflatable vessels without motors; (7-1-21)
05. Paddle Vessels. Paddle vessels without motors; (7-1-21)
06. Sailboards. Sailboards without motors; (7-1-21)
07. Tenders. Tenders; (7-1-21)
08. Documented Vessels. Vessels properly documented with the U.S. Coast Guard, according to 46 U.S.C. 12101 et seq.; and (7-1-21)
09. Government Vessels. Vessels exempted in Section 67-7009(3), Idaho Code, include those vessels owned by the United States, another state or a political subdivision thereof, which are used principally for governmental purposes other than recreation, and which are clearly identifiable as a government-owned vessel. (7-1-21)

351. -- 399. (RESERVED)

400. COUNTY ELIGIBILITY TO RECEIVE MONEYS FROM THE STATE VESSEL ACCOUNT.

01. Boating Improvement Program. Only those counties in the state with a boating improvement program, as recognized by the Department, are eligible to receive moneys from the state vessel account. A “boating improvement program” means that one (1) or more recognized boating facilities are being developed and/or maintained within the county’s jurisdiction and/or that the county has or is actively developing a recognized boating law enforcement program” (Section 67-7013(6), Idaho Code). (7-1-21)
recognized if it contains one (1) or more of the following:

a. Boating facilities that are being maintained within the county’s jurisdiction. A boating facility is an improved public boating access site, which includes at least an improved (concrete or asphalt) boat ramp and any type parking area for vehicles and their attached boat trailers.

b. Boating facilities that are being developed within the county’s jurisdiction. “Being developed” means that substantiating evidence can and must be presented in proof of the development.

c. The county has a boating law enforcement program. A boating law enforcement program is a program whereby an agent of the county sheriff’s Department is currently, or has in the recent past, patrolled the county’s waterways and enforced Title 67, Chapter 70, Idaho Code.

d. The county is actively developing a boating law enforcement program. “Actively developing” means that substantiating evidence can and must be presented in proof if the development.

425. HULL IDENTIFICATION NUMBERS - REQUIRED.

01. Obtaining a Hull Identification Number. A person who builds or imports a vessel for his own use and not for the purposes of sale must request a hull identification number from the director and affix the number as instructed (Section 67-7004(2), Idaho Code).

02. Displaying the Hull Identification Number. A person must identify a vessel with the display of two (2) identical hull identification numbers, or as otherwise provided by 46 U.S.C. Section 2101 et seq. and Section 4301 et seq., and 33 CFR Section 181.21 et seq.

03. Duplicate Numbers Prohibited. The same hull identification number may not be assigned to more than one (1) vessel.

04. Proof of Ownership. Each applicant for a hull identification number as prescribed in Sections 67-7004(2) and 67-7004(4), Idaho Code, must submit one (1) of the following documents to the Department:

a. The bill of sale from the dealer or a bill of sale from the previous owner of the vessel;

b. If the vessel is home built, a sworn statement attesting to the identity of the builder, the location or place of construction, the source of the material used for construction and a description of the vessel. The statement must also be accompanied by any receipts received from the purchase or acquisition of the materials used in the construction of the vessel and a copy of the construction plans, if any;

c. If the vessel has been rebuilt, a sworn statement attesting to the identity of the builder, the location or place of rebuilding, the source of the material used for rebuilding and a description of the vessel. The statement must also be accompanied by any receipts received for the purchase or acquisition of the materials used in the rebuilding of the vessel and documentation indicating the source of the original hull and proof of ownership from the previous owner;

d. If none of the documents listed in Subsections 425.04.a. or 425.04.b. of this Section are available, the applicant must submit an affidavit of ownership to the Department.

426. HULL IDENTIFICATION NUMBERS -- FORM.

Each hull identification number issued according to Section 67-7004(2), Idaho Code, consists of twelve (12) characters, uninterrupted by slashes, hyphens, or spaces, as follows:

01. Prefix. The first three (3) characters (prefix) are “IDZ,” which denotes Idaho as the issuing
02. **Hull Serial Number.** Characters four (4) through eight (8) are the hull serial number assigned by the director in letters of the English alphabet, or Arabic numerals, or both, except the letters “I,” “O,” and “Q.”

03. **Date of Manufacture.** Characters nine (9) and ten (10) indicate the month and year of manufacture. The date indicated can be no earlier than the date construction or assembly began and no later than the date construction or assembly is completed or the vessel is imported into the United States. Character nine (9) are indicated using letters of the English alphabet. The first month of the year, January, is designated by the letter “A,” the second month, February, by the letter “B,” and so on until the last month of the year, December. Character ten (10) is the last digit of the year of manufacture or import and must be an Arabic numeral.

04. **Model Year.** Characters eleven (11) and twelve (12) indicate the model year using Arabic numerals for the last two (2) numbers of the model year such as “87” for 1987 and “88” for 1988.

**475. HULL IDENTIFICATION NUMBERS -- DISPLAY.**

Each hull identification number issued according to Section 67-7004(2), Idaho Code must be displayed as follows:

01. **Primary Number.** The primary hull identification number must be affixed:

   a. On vessels with transoms, to the starboard outboard side of the transom within two (2) inches of the top of the transom, gunwale, or hull/deck joint, whichever is lowest.

   b. On vessels without transoms or on vessels on which it would be impractical to use the transom, to the starboard outboard side of the hull, aft, within one (1) foot of the stern and within two (2) inches of the top of the hull side, gunwale or hull/deck joint, whichever is lowest.

   c. On catamarans and pontoon vessels which have readily replaceable hulls, to the aft crossbeam within one (1) foot of the starboard hull attachment.

   d. If the hull identification number would not be visible, because of rails, fittings, or other accessories, the number must be affixed as near as possible to the location specified in Subsection 475.01 of this chapter.

02. **Duplicate Number.** The duplicate hull identification number must be affixed in an unexposed location on the interior of the vessel or beneath a fitting or item of hardware.

03. **Hull Identification Number to Be Permanently Affixed.** Each hull identification number must be carved, burned, stamped, embossed, molded, bonded, or otherwise permanently affixed to the vessel so that alteration, removal, or replacement would be obvious. If the number is on a separate plate, the plate must be fastened in such a manner that its removal would normally cause some scarring of or damage to the surrounding hull area. A hull identification number may not be attached to parts of the vessel that are removable.

04. **Size of Characters.** The characters of each hull identification number may be no less than one-fourth (1/4) of an inch high.

**476. IDAHO WATERWAY MARKING SYSTEM.**

01. **Uniform System.** In the marking of water areas, as described in Section 67-7031, Idaho Code, the Uniform State Waterway Marking System is used for the placement of aids to navigation and regulatory markers in the waters of the state.
02. **Regulatory Markers.** Regulatory markers are used to indicate to a vessel operator the existence of dangerous areas as well as those which are restricted or controlled, such as speed zones and areas dedicated to a particular use, or to provide general information and directions. (7-1-21)

03. **Colors.** Each regulatory marker must be colored white with international orange geometric shapes. (7-1-21)

04. **Buoys.** When a buoy is used as a regulatory marker it must be white with horizontal bands of international orange placed completely around the buoy circumference. One (1) band must be at the top of the buoy body, with a second band placed just above the waterline of the buoy so that both international orange bands are clearly visible to approaching vessels. The area of buoy body visible between the two (2) bands must be white. (7-1-21)

05. **Geometric Shapes.** Geometric shapes must be placed on the white portion of the buoy body and must be colored international orange. The authorized geometric shapes and meanings associated with them are as follows: (7-1-21)

   a. A vertical open faced diamond shape to mean danger.
   b. A vertical open faced diamond shape having a cross centered in the diamond to mean that a vessel is excluded from the marked area.
   c. A circular shape to mean that vessel operated in the marked area is subject to certain operating restrictions.
   d. A square or rectangular shape with directions or information lettered on the inside.

06. **Signs.** Where a regulatory marker consists of a square or rectangular shaped sign displayed from a structure, the sign must be white, with an international orange border. When a diamond or circular geometric shape associated with meaning of the marker is included it must be centered on the signboard. (7-1-21)

07. **Navigation Aids.** Aids to navigation are used to supplement the federal lateral system of buoyage and have either a lateral or cardinal meaning. (7-1-21)

08. **Defined Channel.** On a well defined channel including a river or other relatively narrow natural or improved waterway, an aid to navigation is normally a solid colored buoy. A buoy that marks the left side of the channel viewed looking upstream or toward the head of navigation must be colored all black. A buoy that marks the right side of the channel viewed looking upstream or toward the head of a navigation must be colored all red. On a well defined channel, solid colored buoys are established in pairs, one (1) on each side of the navigable channel that they mark, and opposite each other to inform the user that the channel lies between the buoys and that he should pass between the buoys. (7-1-21)

09. **Irregularly Defined Channel.** On an irregularly defined channel, solid colored buoys may be used singly in staggered fashion on alternate sides of the channel provided they are spaced at sufficiently close intervals to inform the user that the channel lies between the buoys and that he should pass between the buoys. (7-1-21)

10. **Undefined Channel.** Where there is no well defined channel or when a body of water is obstructed by objects whose nature or location is such that the obstruction can be approached by a vessel from more than one (1) direction, supplemental aids to navigation having cardinal meaning (i.e., pertaining to the cardinal points of the compass, north, east, south, and west) may be used. The use of an aid to navigation having cardinal meaning is discretionary provided that the use of such a marker is limited to wholly state owned waters and the state waters for private aids to navigation as defined and described in Section 500 of this chapter. (7-1-21)

11. **Cardinal System.** Aids to navigation conforming to the cardinal system consist of three (3) distinctly colored buoys. (7-1-21)
a. A white buoy with a red top may be used to indicate to a vessel operator that he will pass to the south or west of the buoy. (7-1-21)

b. A white buoy with a black top may be used to indicate to a vessel operator that he will pass to the north or east of the buoy. (7-1-21)

c. In addition, a buoy showing alternate vertical red and white stripes may be used to indicate to a vessel operator that an obstruction to navigation extends from the nearest shore to the buoy and that he may not pass between the buoy and shore. The number of white and red stripes is discretionary, provided that the white stripes are twice the width of the red stripes. (7-1-21)

12. Markers to Be Visible. The size, shape, material, and construction of all markers, both fixed and floating, must be such as to be observable under normal conditions of visibility at a distance such that the significance of the marker or aid must be recognizable before the observer stands into danger. (7-1-21)

13. Lettering to Be Visible. Numbers, letters or words on an aid to navigation or regulatory marker must be placed in a manner to enable them to be clearly visible to an approaching and passing vessel. They must be block style, well proportioned, and as large as the available space permits. Numbers and letters on red or black backgrounds must be white; numbers and letters on white backgrounds must be black. (7-1-21)

14. Numbering Buoys. Odd numbers must be used to identify solid colored black buoys or black topped buoys; even numbers must be used to identify solid colored red buoys or red topped buoys. All numbers must increase in an upstream direction or toward the head of navigation. The use of numbers to identify buoys is discretionary. (7-1-21)

15. Lettering Markers. Letters only may be used to identify regulatory and the white and red vertically striped obstruction markers. When used the letters must follow alphabetical sequence in an upstream direction or toward the head of navigation. The letters “I” and “O” are omitted to preclude confusion with numbers. The use of letters to identify regulatory markers and obstruction markers is discretionary. (7-1-21)

16. Reflective Material. The use of reflectors or retroreflective materials is discretionary. (7-1-21)

17. Color of Reflective Material. When used on buoys having lateral significance, red reflectors or retroreflective materials must be used on solid colored red buoys; green reflectors or retroreflective materials must be used on solid colored black buoys; white reflectors or retroreflective materials only may be used for all other buoys including regulatory markers, except that orange reflectors or retroreflective materials may be used on the orange portions of regulatory markers. (7-1-21)

18. Lights. The use of navigational lights on state aids to navigation, including regulatory markers, is discretionary. When used, lights on solid colored buoys must be regularly flashing, regularly occulting, or equal interval lights. For ordinary purposes the frequency of flashes may not be more than thirty (30) flashes per minute (slow flashing). When it is desired that lights have a distinct cautionary significance, as at sharp turns or sudden constrictions in the channel or to mark wrecks or other artificial or natural obstructions, the frequency of flashes may not be less than sixty (60) flashes per minute (quick flashing). When a light is used on a cardinal system buoy or a vertically striped white and red buoy it must always be quick flashing. The colors of the lights must be the same as for reflectors; a red light only on a solid colored red buoy; a green light on solid colored black buoy; white light only for all other buoys including regulatory markers. (7-1-21)

19. Ownership Identification. The use and placement of ownership identification is discretionary, provided that ownership identification is worded and placed in a manner that avoids detracting from the meaning intended to be conveyed by a navigational aid or regulatory marker. (7-1-21)

20. Mooring Buoys. Mooring buoys in state waters for private aids to navigation must be colored white and must have a horizontal blue band around the circumference of the buoy centered midway between the top of the buoy and the waterline. (7-1-21)

21. Lighted Mooring Buoys. A lighted mooring buoy must normally display a slow flashing white
light. When its location in a waterway is such that it constitutes an obstruction to a vessel operated during hours of darkness, it must display a quick flashing white light.

22. Identifying Mooring Buoys. A mooring buoy may bear ownership identification provided that the manner and placement of the identification does not detract from the meaning intended to be conveyed by the color scheme or identification letter when assigned.

525. NEGLIGENT OPERATION.
Negligent operation, as used in Section 67-7017, Idaho Code, includes, but not be limited to, the following:

01. Airborne. Becoming airborne or completely leaving the water while crossing the wake of another vessel at an unsafe distance from the vessel creating the wake; or

02. Weaving. Weaving through congested traffic; or

03. Speed or Proximity. Operating at such a speed and proximity to another vessel, a person, or property of other persons so as to require the operator to swerve at the last moment to avoid collision.
000. LEGAL AUTHORITY.
The Idaho Park and Recreation Board is authorized under Section 67-4223(a), Idaho Code, to adopt, amend, or rescind rules as may be necessary for proper administration of the Department and its programs. (7-1-21)

001. SCOPE.
The purpose of this chapter is to ensure consistent administration of state and federal grant programs. It is the intent of the department, through the state and federal grant programs, to provide funds and planning assistance to entities consistent with the purpose statement outlined in Idaho Code for each program and the provisions detailed in this chapter and the recreation grant program guidance. (7-1-21)

002. -- 009. (RESERVED)

010. DEFINITIONS.
As used in this chapter: (7-1-21)

01. 2CFR 200. Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards as set forth in 2 CRF 200 (Code of Federal Regulations. (7-1-21)

02. Applicant. An IDPR approved entity, that identifies a need for a project, supplies initial support data, and applies for program grant through the Department. (7-1-21)

03. ATV. All-terrain vehicle. (7-1-21)

04. Board. The Idaho Park and Recreation Board. (7-1-21)

05. Department. The Idaho Department of Parks and Recreation. (7-1-21)

06. Director. The Idaho Department of Parks and Recreation, or the designee. (7-1-21)

07. Grant. A grant from programs or funds as described in Section 001.02 of this chapter. (7-1-21)

08. Grantee. An applicant who receives a grant from the Department for the programs or funds as described in Section 001.02. (7-1-21)

09. Match. The grantee’s contribution of cash, material, labor, and third-party in-kind services needed to complete the project as defined in the grant agreement. (7-1-21)

10. Non-Profit. An organization that qualifies for tax-exempt status by the IRS because its mission and purpose are to further a social cause and provide a public benefit. As used in this chapter, the term includes qualified non-for-profit organizations that benefit outdoor recreation. (7-1-21)

11. Project. The purchases, construction, or other activities proposed by the applicant and documented in the grant agreement. (7-1-21)

12. Public Entity. The state, federal or local government or a subdivision thereof (including recreation districts), or a Native American Tribe. (7-1-21)

13. Recreational Grant Program Guidance. A compilation of state procedures, rules, policies, and instructions assembled for dissemination to the potential entities that may wish to apply for grants. (7-1-21)

14. State and Federal Grant Manager. The Department employee in charge of state and federal grant programs. (7-1-21)

011. -- 049. (RESERVED)

050. GRANT CYCLES.
Applications for Off-Road Motor Vehicle (ORMV) Fund, Recreational Vehicle Fund (RV), Waterways Improvement Fund (WIF), Motorbike Recreation Account (MB), Mountain Bike License Plate (BK), Cutthroat License Plate (CP), and Recreational Road and Bridge (RB) grants will be considered at least once each state fiscal year (July 1 through June 30) dependent upon adequate funding availability. Applications for Recreational Trails Program (RTP) projects
will be considered at least once each federal fiscal year (October 1 thought September 30) dependent upon adequate funding availability. (7-1-21)

051. -- 074. (RESERVED)

075. ELIGIBLE APPLICANTS.
Public entities are eligible to apply for all grant programs. Non-profit organizations are eligible to apply for the Recreational Trails Program and Mountain Bike Plate program. The state and federal grant manager determines if applicants are eligible based on federal code, state statutes and past performance of the applicant. Based on an applicant’s past performance in managing a grant with the department the state and federal grant manager may recommend to the board that the applicant be considered ineligible for the current funding cycle. (7-1-21)

076. -- 099. (RESERVED)

100. APPLICATION PROCEDURE.

01. Submittal. Eligible applicant submits application prior to the stated deadline in the Recreational Grant Program Guidance. To be considered for a grant, an applicant must propose an eligible project and submit all documentation required by this chapter. (7-1-21)

02. Public Comment. As part of the application, the applicant must provide an opportunity for public comment. The applicant must include proof of public comment regarding the project in the application. The opportunity for public comment should begin within one (1) year of submitting the application. Any projects with public comment conducted over one (1) year prior to application may be rejected by the state and federal grant manager and the project will be deemed ineligible. (7-1-21)

03. Complete Application. Materials submitted by the sponsor are reviewed by the department for completeness and eligibility. (7-1-21)

04. Ranking. The appropriate advisory committee establishes project rankings by rating each eligible project using criteria established by the board. To objectively rate competing eligible projects, the committee considers the application and how the project meets the criteria and established priorities for the program. (7-1-21)

05. Board Review. The board reviews the priority list for awards and sets funding line based on recommendation of the advisory committees and the state and federal grant manager. (7-1-21)

06. Grant Award. Upon grant approval by the board, the department will present the sponsor with a grant agreement that identifies eligible costs and obligates the applicant to a specified project scope and performance period. (7-1-21)

07. Grant Agreement. The applicant must sign the agreement prior to initiating work on the project. The signed agreement obligates the applicant to complete all elements of the project as described in the agreement and any applicable approved amendment. (7-1-21)

101. -- 149. (RESERVED)

150. PROJECT REQUIREMENTS.

01. Real Property. The grantee must include any proposals to purchase real property with grant moneys in the grant application and must provide an appraisal consistent with Section 175 of this chapter. (7-1-21)

02. Fees. The applicant is required to identify any existing or proposed fees associated with the grant request, including existing or proposed facilities. The applicant may propose fees for the use of or access to facilities or real property developed or purchased with grant funds at a level commensurate with the costs of maintenance and upkeep of the facility or real property. Requests for donations and fees for special events of limited duration at the facility are exempt when such are intended to cover extraordinary expenses. (7-1-21)
03. **Grant Modification.** Only for good cause, and upon the submission of detailed justification in writing and approval by the state and federal grant manager, may the terms and obligations of the grant application or grant agreement be modified. Examples of “good cause” include extraordinary physical barriers, project re-routing necessary to avoid critical habitat, and other constraints beyond the control of the grantee. (7-1-21)T

151. -- 174. (RESERVED)

175. **REAL PROPERTY APPRAISALS.**

01. **Appraisal Required.** A real estate appraisal is required for all real property to be acquired with grant funds. The appraisal must be paid for by the grantee but may be included as part of eligible project costs in the application. (7-1-21)T

02. **Appraisal Review.** The state and federal grant manager reviews appraisals for reasonableness at the time of application. The state and federal grant manager may reject a grant application that includes an unreasonable appraisal. (7-1-21)T

03. **Negotiated Price.** An approved appraisal is an acceptable estimate of property value. The negotiation between a willing seller and a willing buyer may set a price that is higher than the appraisal, and this value can be considered along with the appraised value in establishing the reasonable limits of grant assistance. If the grantee believes the negotiated price is a better indication of market value, yet is higher that the appraised value, a detailed statement of this difference must be submitted to the state and federal grant manager. (7-1-21)T

04. **Adequate Title and Public Access.** The grantee must have clear title to, or adequate control and tenure of, the real property (land, land improvement, structures, and appurtenances) to be developed. The term “adequate control and tenure” of real property means a lease or an easement that provides the grantee sufficient control over the real property to permit the proposed development and use for a period of at least twenty-five (25) years from the date of application, unless specifically approved in writing by the department for a shorter term. The grantee must list all outstanding rights or interests held by others in the real property to be developed. If access to the real property to be developed is over private property, then the grantee must describe the provisions made to ensure adequate public access. In the event the real property becomes unusable for its intended purposes or if such use ceases, the grantee is responsible for conversion of the project. (7-1-21)T

05. **Limitations on Use.** Property rights obtained with grant funds must be free of all reservations or encumbrances that would limit the use of the site disproportionate to the public benefit. (7-1-21)T

176. -- 199. (RESERVED)

200. **GRANT STANDARDS.**

01. **Minimum Project Match.** Applicants must provide a minimum match of five percent (5%) of the total project cost, except recreational trails program which has a federal minimum match. (7-1-21)T

02. **Minimum Motorized Equipment Match.** Grants for motorized equipment are allowed in the waterways improvement fund, recreational vehicle, off-road motor vehicle, recreational trails program, motorbike recreation, and mountain bike plate grant programs. Applicants must provide a minimum match of twenty percent (20%) of the total equipment purchase. An applicant may claim up to fifteen percent (15%) match from the trade-in value of other equipment. A minimum of five percent (5%) must be a cash match. (7-1-21)T

201. **MATCHING FUNDS.**
The following types of match may be used: (7-1-21)T

01. **Force Account Labor and Equipment.** Documentation of force account must include: the name of each employee, dates worked, hourly rate of pay, number of hours worked, and the total cost by each employee. Documentation of equipment costs includes the type of equipment used, dates used, hourly rate value, number of hours used, how the hourly rate was determined, and total cost. (7-1-21)T
02. **Donated Materials.** The value of donated material that is used as match cannot exceed the costs of the materials as documented in an invoice or receipt, or the market price at the time the grantee requests reimbursement for the material, whichever is less. The grantee must provide a detailed invoice marked “donation” or a letter from the donor (including the value) as documentation of donated material.

03. **Donated Contract Labor.** When an employer, other than the grantee, donates the services of an employee, these services are valued at the employee’s regular rate of pay (not including fringe benefits and overhead costs). These services must be for the same skill for which the employee is normally paid. The grantee must provide documentation that includes the employee’s name, dates worked, hourly rate, number of hours worked, and total cost.

04. **Rates for Volunteers.** Skilled and unskilled volunteer labor rates must be consistent with the rate the grantee would pay for similar work in the grantee’s labor market. If the volunteer is professionally skilled and employed in the work being performed on the project, the grantee may use the volunteer’s normal wage rate. If the volunteer is not professionally employed in the work being performed on the project, the grantee must value the donated labor at the federal minimum wage rate. The grantee must provide documentation that includes the volunteer’s name, date worked, hourly rate, number of hours worked, and total cost.

202. -- 299. (RESERVED)

300. **EXPENDITURE OF GRANT FUNDS.** Grant funds not expended within the designated fiscal year or years as established by the project period in the project agreement, may be revoked unless the applicant requests and receives an extension of time from the state and federal grant manager.

301. **PROJECT EXTENSION.** A written request for an extension of the project period must be received and reviewed by the state and federal grant manager prior to the end of the project period. No project extension will be granted for more than one (1) year; however, an applicant may request project extensions in consecutive years.

302. **COST INCREASES.**

01. **Cost Overruns.** Twenty percent (20%) of any program allocation may be held out by the department for necessary cost overruns related to previously awarded grants. Any unused funds will be redistributed in the next funding cycle.

02. **Minor Cost Increases.** Cost increases of fifteen percent (15%) or less of the original grant amount that are less than or equal to twenty thousand dollars ($20,000), may be approved by the director. Cost increases of fifteen percent (15%) or less of the original grant amount that exceed twenty thousand dollars ($20,000) may be approved by the board.

03. **Major Cost Increases.** Cost increases of more than fifteen percent (15%) of the original grant amount are not allowed. The applicant must either resubmit the project or submit a new grant request to increase the current project.

303. -- 349. (RESERVED)

350. **PROJECT MANAGEMENT AND DISBURSEMENT OF FUNDS.**

01. **Grant Agreement.** A grantee must complete the grant agreement form, with original or authenticated digital signatures, within sixty (60) calendar days of written notification of grant award. The agreement obligates the applicant to complete all elements of the project as specified in the signed grant agreement.

02. **Purchase and Bidding Requirements.** The grantee must follow all local, state and federal laws pertaining to the expenditure of public funds.
03. **Permits.** The grantee must legally acquire all required local, state and federal permits for the construction or development of the project before grant funds are expended. Construction must comply with the then current codes and standards. (7-1-21)

04. **Reimbursement of Project Costs.** The grantee must initially pay all project costs and then seek reimbursement through the department. The grantee must complete the appropriate form provided by the department certifying that the data is correct and submit the form to the department with an original or authenticated signature. (7-1-21)

05. **Allowable Costs.** The State and Federal Grant Manager determines what expenses are eligible for reimbursement based on federal code, state statutes and rules. Grantees must follow 2 CFR 200, in determining the reasonableness and allowability of costs. (7-1-21)

   a. Projects, or any part thereof, either paid for by the grantee or completed prior to the grant application deadline, are ineligible for grant funding or to be considered as match. However, costs for design and engineering incurred within one (1) year prior to the application deadline date may be considered as match, provided they are listed as a scope element on the application. (7-1-21)

   b. For Recreational Trail Program projects, any project activity conducted prior to the execution of the project agreement is ineligible for reimbursement or to be considered as match. (7-1-21)

06. **Matching Funds.** All matching funds must meet the allowable costs criteria outlined in Section 201 of this chapter. (7-1-21)

07. **Documentation and System of Internal Controls.** Grantees must follow 2 CFR 200 in maintaining a system of internal controls that provides reasonable assurance the grantee is managing the award in compliance with this chapter. Accounting records must be supported by source documentation such as vouchers, canceled checks, invoices, payroll, time and attendance records, contract and sub-grant award documents, and other required billing forms. (7-1-21)

08. **Reimbursement Requests and Reporting.** Grantees must remit a performance report to the department with each reimbursement request. Failure of the grantee to report or poor performance indicated by the inspection report may disqualify grantee from any future grant applications with the department. (7-1-21)

09. **Grant Closeouts.** Within forty-five (45) days after the completion of the project, the grantee must submit an appropriate closeout form as provided by the department. (7-1-21)

10. **Record Retention.** The records relative to any grant project are public records. The grantee must retain all financial information referenced in this chapter regarding a project for a time period of three (3) years from the date of the final grant payment, unless any litigation or audit concerning the project has been started or announced. (7-1-21)

11. **Audit Authority.** The department has the right of access to any books, documents, papers, or other records of grantees that are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts. An audit of the grant may result in the disallowance of costs incurred by the recipient and the establishment of a debt (account receivable) due the department. The department may perform an audit randomly and without prior notice. (7-1-21)

12. **Failure to Comply.** If a grantee fails to comply with the obligations as set forth in the signed grant agreement, the applicant must repay all or a portion of the expended grant funds as determined by the state and federal grant manager. (7-1-21)

351. -- 399. (RESERVED)

400. **ONGOING GRANTEE OBLIGATIONS.**

   01. **Maintenance.** The grantee must maintain any facilities, real property, and equipment funded by a
grant in the condition equivalent to that existing when such facility was completed or property or equipment purchased, normal wear and tear excepted.

02. **Public Use.** The grantee must ensure that facilities and real property are available to the general public.

03. **Nondiscrimination.** The grantee must ensure that facilities and real property purchased in whole or in part with grant moneys are available for public use regardless of race, color, religion, national origin, gender, age, or disability. The grantee must ensure that facilities constructed with grant moneys meet the requirements as set by the Americans with Disabilities Act.

04. **Acknowledgment of Funding Assistance.** Grantee must post and maintain appropriate permanent signs or decals upon project sites or equipment acknowledging funding assistance from the appropriate grant fund and the department upon start of the project or purchase of equipment.

05. **Project Liability.** Grantees, through a signed agreement, assume all project liability and hold the department harmless.

06. **Responsibility for Equipment.** Motorized equipment purchased with grant funds becomes the property of the grantee and must be maintained for public use.

07. **Failure to Comply.** Failure by the grantee to comply with the ongoing obligations may require repayment all or a portion of the grant funding.

401. -- 449. (RESERVED)

450. **PROJECT CONVERSIONS.**
No grant funded project may, without the prior written approval of the Board, be converted to uses other than for the authorized purposes specified in the original grant application or grant agreement.

451. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
The Idaho Park and Recreation Board is authorized under Section 67-7002, Idaho Code to promulgate rules to aid in the administration of the Idaho Safe Boating Act, Title 67, Chapter 70, Idaho Code; and is authorized under Section 67-7008A, Idaho Code, to promulgate rules prescribing the display of protection against invasive species stickers.

001. TITLE AND SCOPE.

01. Title. The title of this chapter is cited in full as Idaho Department of Parks and Recreation Rules, IDAPA 26.01.34, “Idaho Protection Against Invasive Species Sticker Rules.”

02. Scope. This chapter establishes rules to aid in the administration and enforcement of the Idaho Safe Boating Act, Title 67, Chapter 70, Idaho Code.

002. -- 009. (RESERVED)

010. DEFINITIONS.
As used in this chapter:

01. Commercial Outfitters. As defined in Section 36-2102(b), Idaho Code.

02. Department. The Idaho Department of Parks and Recreation.

03. Fund. Invasive Species Fund as defined in Section 22-1911, Idaho Code.

05. Motorized Vessel. Any watercraft requiring certificate of number under Section 67-7008, Idaho Code, or any comparable U.S. vessel certificate of number program.

06. Non-Motorized Vessel. Any watercraft used or capable of being used as a means of transportation on water that is propelled by human effort. For the purpose of this chapter this term does not include small inflatable rafts or other inflatable vessels less than ten (10) feet in length.

07. Protection Against Invasive Species Sticker. Any sticker issued by the Department in accordance with the provisions of Section 67-7008(A), Idaho Code.

08. Validation Sticker. Any sticker issued by the Department in accordance with the provisions of Section 67-7008, Idaho Code.

011. -- 049. (RESERVED)

050. COLLECTION OF FEES AND DISTRIBUTION OF REVENUES INTO FUND.
In addition to any other moneys or fees collected pursuant to Section 67-7008 or any other provision of Title 67, Chapter 70, Idaho Code, all vessels are required to pay an additional fee as established in Section 67-7008A, Idaho Code.

01. Operator Responsibilities. The operator of any watercraft required to display a Protection Against Invasive Species Sticker pursuant to this chapter will ensure that fees are paid and that a Protection Against Invasive Species Sticker is displayed on the vessel, except as provided in Subsection 075.01 of this chapter, prior to launch into the public waters of Idaho.

02. Prorated Group Rates for Commercial Outfitters.

a. Group rates for commercial outfitters with nonmotorized fleets exceeding five (5) vessels will be determined using the number of vessels within the fleet at the time of purchase of the stickers, as provided in Section 67-7008A(1)(c). Previous or future sticker purchases will be prorated separately.

b. Protection Against Invasive Species Stickers purchased by outfitters or guides who are duly licensed in accordance with Title 36, Chapter 21, Idaho Code, must be accompanied by an affidavit that must be
signed by the outfitter or guide. The signed affidavit verifies the number of vessels within the covered fleet and that the appropriate number of Protection Against Invasive Species Stickers has been purchased. The Protection Against Invasive Species Stickers and affidavit must be kept on file at the outfitter or guide’s physical address and must be made available for inspection upon request of the Department or upon request by law enforcement. Non-motorized commercial outfitters and guides are not required to place a Protection Against Invasive Species Sticker on their vessels. Identification of commercial outfitted and guided boats must be in compliance with IDAPA 25.01.01, “Rules of the Outfitters and Guides Licensing Board,” Subsection 054.03.a. (7-1-21T)

03. Transfer of Funds. Fees collected will be transferred and deposited into the Fund no less than quarterly during any fiscal year. (7-1-21T)

051. -- 074. (RESERVED)

075. PROTECTION AGAINST INVASIVE SPECIES STICKER.

01. Motorized Vessels. Beginning with the 2010 boating season, upon payment of the fees required by Section 050 of these rules, the validation sticker as identified in IDAPA 26.01.30, “Idaho Safe Boating Rules,” will also serve as the Protection Against Invasive Species Sticker for those vessels numbered pursuant to Section 67-7008, Idaho Code. (7-1-21T)

02. All Other Watercraft. A separate Protection Against Invasive Species Sticker will be issued for all other watercraft upon payment of the fees required under Section 050 of these rules. (7-1-21T)

076. PLACEMENT OF PROTECTION AGAINST INVASIVE SPECIES STICKER.

01. Location.

a. Motorized vessel. Except as provided in Subsection 075.01 of this chapter, the Protection Against Invasive Species Sticker should be affixed next to the current year validation sticker on the port (left) side of the vessel. (7-1-21T)

b. Non-motorized. Except as provided in Subsection 050.02.a. of this chapter, the Protection Against Invasive Species Sticker should be affixed in the following manner.

i. For canoes, kayaks, and other small rigid vessels, the Protection Against Invasive Species Sticker should be affixed near the bow above the waterline on the port (left) side, or on top of the vessel if there is little or no waterline distinction. (7-1-21T)

ii. For inflatable (non-rigid) vessels, the Protection Against Invasive Species Sticker can be modified to allow attachment of a zip tie, plastic attachment, or other similar mechanism, or be laminated into a hang tag. (7-1-21T)

02. Removal. Protection Against Invasive Species Stickers issued in accordance with Section 67-7008A, Idaho Code, that have become invalid, must be removed from the vessel. (7-1-21T)

077. ENFORCEMENT.
All operators of vessels as defined in this chapter must ensure their vessel is in compliance with the provisions of this chapter when launched upon the public waters of the state of Idaho. Non-compliance with the provisions of this chapter will result in possible assessment of penalties as described in Sec. 67-7033, Idaho Code, the Idaho Safe Boating Act. (7-1-21T)

078. -- 999. (RESERVED)
26.01.37 – RULES GOVERNING TEST PROCEDURES AND INSTRUMENTS FOR NOISE ABATEMENT OF OFF HIGHWAY VEHICLES

000. LEGAL AUTHORITY.
The Idaho Park and Recreation Board is authorized under Section 67-7125, Idaho Code to promulgate rules to effectuate the purposes of and aid in the administration of Section 67-7125, Idaho Code. (7-1-21)

001. TITLE AND SCOPE.

01. Title. The title of this chapter is cited in full as Idaho Department of Parks and Recreation Rules, IDAPA 26.01.37, “Rules Governing Test Procedures and Instruments for Noise Abatement of Off Highway Vehicles.” (7-1-21)

02. Scope. This chapter establishes rules to effectuate the purposes of and aid in the administration and enforcement of Section 67-7125, Idaho Code. (7-1-21)

002. -- 009. (RESERVED)

010. DEFINITIONS.
As used in this chapter:

01. All Terrain Vehicle (ATV). Any recreation vehicle with three (3) or more tires, under eight hundred fifty (850) pounds and less than forty-eight (48) inches in width, having a wheelbase of sixty-one (61) inches or less, traveling on low pressure tires, less than ten (10) pounds per square inch (psi). (7-1-21)

02. A-Weighting Scale. A sound filtering system contained in a sound meter which adjusts (weights) the incoming sound energy to approximate human hearing. (7-1-21)

03. Calibrator. A device used to standardize the reading of a sound level meter. (7-1-21)

04. CC. The displacement (size) of an engine in cubic centimeters. The kc’s of an engine refers to the piston displacement or engine size. (7-1-21)

05. Db or Decibel. A unit used to measure the amplitude of sounds. As a sound measured in decibels increases, so does its loudness. (7-1-21)

06. Off Highway Vehicle (OHV). Any ATV or motorbike as defined in Section 67-7101, Idaho Code, used off public highways but excluding those vehicles used exclusively on private land for agricultural use or used exclusively for snow removal purposes. These vehicles, together with others not covered by these rules, are sometimes commonly known as off-road vehicles or ORMV’s. (7-1-21)

07. Operator. Any person who is in physical control of an OHV. (7-1-21)

08. Red-Line Speed. The lowest numerical engine speed included in the red zone on the OHV tachometer or prescribed by the manufacturer as compiled in the “Off-Highway Motorcycle and ATV Stationary Sound Test Manual” published by the Motorcycle Industry Council, Inc. (7-1-21)

09. Revolutions per Minute (RPM). The number of times the crankshaft of an engine revolves in one (1) minute. (7-1-21)

10. Sound Level Meter. An instrument used for measuring sound levels, which includes a microphone, an amplifier, and meter with frequency weighing networks, such as the A-weighting scale. (7-1-21)

11. Tachometer. A device used to measure RPM of an engine. Tachometers used to obtain sound level measurements may be permanently affixed to the OHV or may be portable units such as hand-held electric, vibrating reed, or inductive tachometers. (7-1-21)

011. -- 049. (RESERVED)

050. TEST PROCEDURE.

01. Test Site. The test site must be a flat, open surface free of large reflecting surfaces, other than the ground, such as parked vehicles, signboards, or hillsides located within sixteen (16) feet of the (OHV) being tested.
and the location of the microphone of the sound level meter.

a. Ambient sound level. The ambient sound level, including wind effects, at the test site due to sources other than the OHV being measured must be at least ten (10) dB lower than the sound produced by the OHV under test. (7-1-21)

b. Wind speed. Wind speed at the test site must be less than twenty (20) miles per hour. (7-1-21)

c. Persons in test area. While making sound level measurements, not more than one (1) person other than the operator, the measurer, and the assistant, if necessary, may be within ten (10) feet of the OHV under test or the microphone of the sound level meter, and that person must be directly behind the measurer on a line through the microphone of the sound level meter and the measurer. (7-1-21)

02. Test Surface. The surface of the ground within the test area must be paving or hard packed earth, level within an average slope of five (5) inches per foot and must be free of loose or powdered snow, plowed soil, grass of a height greater than six (6) inches, trees, or other extraneous materials. (7-1-21)

03. Position of OHV.

a. For two (2) wheeled OHV’s, the operator may sit astride of the OHV, in normal riding position with both feet on the ground. If this is not possible because of the seat height of the OHV, an assistant may hold the OHV by the forks, front wheel, or handlebars so that it is stationary with its longitudinal plane of symmetry vertical. If an assistant is not available to assist in holding the OHV upright, the operator may use a box, rock or other object to rest his feet upon to steady the OHV, so long as the OHV longitudinal plane of symmetry is vertical and stationary. (7-1-21)

b. For three (3) wheeled and four (4) wheeled ATV’s, the operator may sit in the normal riding position with one (1) or both feet on the footrests. (7-1-21)

04. Operation of OHV.

a. If the OHV has a neutral gear, the operator must run the engine with the gear box in neutral at a speed equal to one-half (1/2) of the rated engine speed or one-half (1/2) of the red line speed specified by the manufacturer as compiled in the “Off Highway Motorcycle and ATV Stationary Sound Test Manual.” (7-1-21)

b. If the OHV has no neutral gear, it must be operated either with the rear wheel(s) at least two (2) inches clear of the ground or with the drive chain or belt removed, or the clutch, if the OHV is so equipped, disengaged. (7-1-21)

05. Engine Temperature. The engine of the OHV being tested must be at a normal operating temperature during the test. (7-1-21)

051. -- 099. (RESERVED)

100. MEASUREMENT.

01. Sound Level Meter Settings. The sound meter must be set for the A-weighing scale and may be set for either slow or fast dynamic response. (7-1-21)

02. Exhaust Outlets. Tests must be made on each side of the OHV having an exhaust outlet. (7-1-21)

03. Location of the Microphone of the Sound Level Meter.

a. The microphone of the sound level meter must be located twenty (20) inches - one-half (1/2) inch behind the exhaust. If there is more than one (1) exhaust outlet per side, the microphone of the sound level meter must be located with reference to the rear most outlet. (7-1-21)
b. The microphone of the sound level meter must be within one-half (1/2) inch of the height of the exhaust outlet. (7-1-21)

c. The microphone of the sound level meter must be at a forty-five (45) degree - ten (10) degree angle to the normal line of travel of the OHV. (7-1-21)

d. The longitudinal axis of the microphone of the sound level meter must be in a plane parallel to the ground plane. (7-1-21)

e. The axis of the microphone of the sound level meter must be oriented as specified for field response by the manufacturer. (7-1-21)

04. **Attachments Prohibited.** No wire or other rigid means of distance measurement may be attached to the sound level meter measuring system. (7-1-21)

05. **Sound Level.** The sound level recorded must be that measured during steady state operation at the engine speed specified in Subsections 050.04 and 050.05 of this chapter, two hundred (200) RPM, measured on the loudest side of the OHV. The test speed in RPM must also be recorded. (7-1-21)

06. **Calibration.** Calibration of the sound level meter using a sound level calibrator with an accuracy of one-half (1/2) dB must be made immediately before the first test of each day. Field calibration should be made at intervals of no more than one (1) hour. (7-1-21)

101. -- 149. (RESERVED)

150. **EQUIPMENT.**

01. **Sound Level Meter.** A type one (1) sound level meter, which generally can provide the most accurate measurements, must be used for certification of exhaust systems and for law enforcement purposes. (7-1-21)

02. **Tachometer.** A hand-held tachometer of the type described in Subsection 010.11 must be used if the OHV does not have a permanently affixed tachometer. (7-1-21)

03. **Calibrator.** A calibrator appropriate for use with the sound level meter must be used to calibrate the sound level meter. (7-1-21)

04. **Manual.** Persons measuring sound levels for law enforcement purposes must use the “Off-Highway Motorcycle and ATV Stationary Sound Test Manual,” published by the Motorcycle Industry Council, Inc. for current information concerning manufacturer’s specifications for OHV operation. (7-1-21)

151. -- 999. (RESERVED)
IDAPA 26 – DEPARTMENT OF PARKS AND RECREATION
DOCKET NO. 26-0000-2100F (FEE RULE)
NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE \ RESCISSION OF PREVIOUS TEMPORARY RULE

EFFECTIVE DATE: The effective date of the temporary rules being adopted through this omnibus rulemaking as listed in the descriptive summary of this notice is July 1, 2021. The rescission of previous temporary rules under docket 26-0000-2000F is effective July 1, 2021.

AUTHORITY: In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted temporary rules and rescinded previous temporary rules. The action is authorized pursuant to Sections 67-4223, 67-7115, and 67-7116, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting temporary rules and rescinding previous temporary rules:

This temporary rulemaking adopts and republishes the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 26, rules of the Department of Parks and Recreation:

IDAPA 26
• 26.01.10, Rules Governing the Administration of Temporary Permits on Lands Owned by the Idaho Department of Parks and Recreation;
• 26.01.20, Rules Governing the Administration of Park and Recreation Areas and Facilities; and
• 26.01.33, Rules Governing the Administration of the Land and Water Conservation Fund Program.

Rescission of temporary rule aligns these chapters wholly with the administrative code effective 7-1-21.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(a-c) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. These temporary rules establish the fees and associated revenue the Department receives from camping, entrance into our parks and facilities, and temporary permits throughout our system of parks and other properties.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fees or charges being imposed or increased are justified and necessary to avoid immediate danger and the fees are described herein:

The fees or charges, authorized in Sections 67-4223, 67-7115, and 67-7116, Idaho Code, are part of the agency’s 2022 budget that relies upon the existence of these fees or charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges:

• IDAPA 26.01.10, Rules Governing the Administration of Temporary Permits on Lands Owned by the Idaho Department of Parks and Recreation. Fees related to temporary permit processing, compensation, application and enforcement.
• IDAPA 26.01.20, Rules Governing the Administration of Park and Recreation Areas and Facilities. Fees related to motor vehicle entrance, parking violations, camping, reservations (placing, modifying, and canceling), vessel moorage, overnight use, surcharges, group facility use, winter access, returned checks, and winter recreation programs.
• IDAPA 26.01.33, Rules Governing the Administration of the Land and Water Conservation Fund Program. Service fee to administer and manage process to convert property from a recreation use.
ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the adoption of temporary rules and rescission of temporary rules, contact Seth Hobbs, (208) 514-2427, seth.hobbs@idpr.idaho.gov.

DATED this 1st day of July, 2021.

Seth Hobbs  
Rules Review Officer  
Idaho Department of Parks and Recreation  
5657 Warm Springs Ave.  
Boise, ID 83716  
Phone: (208) 514-2427
26.01.10 – RULES GOVERNING THE ADMINISTRATION OF TEMPORARY PERMITS ON LANDS OWNED BY THE IDAHO DEPARTMENT OF PARKS AND RECREATION

000. LEGAL AUTHORITY.
These rules set forth procedures concerning the issuance of temporary permits on all lands owned by the Idaho Department of Parks and Recreation. Requests for permits on lands administered, but not owned by IDPR must be made directly to the land owner. These rules are promulgated pursuant to Idaho Code Section 67-4223(a) and are construed in a manner consistent with the duties and responsibilities of the Idaho Parks and Recreation Board as set forth in Idaho Code Title 67, Chapter 42. These rules are not be construed as affecting any valid existing rights.

001. TITLE AND SCOPE.
01. Title. The title of this chapter is cited in full as Idaho Department of Parks and Recreation Rules, IDAPA 26.01.10, “Rules Governing the Administration of Temporary Permits on Lands Owned by the Idaho Department of Parks and Recreation.”

02. Scope. These rules are intended to set forth the procedures for the administration of temporary permits on lands owned by the department.

002. -- 009. (RESERVED)

010. DEFINITIONS.
01. Board. The Idaho Parks and Recreation Board or such representative as may be designated by the board.

02. Department and IDPR. The Idaho Department of Parks and Recreation.

03. Director. The director of the Idaho Department of Parks and Recreation or such representative as may be designated by the director.

04. Grantee. The party to whom a temporary permit is granted and their assigns and successors in interest.

06. Park Manager. The person responsible for administering and supervising a specific state park area, or department owned land not yet a state park, as designated by the director of the Idaho Department of Parks and Recreation.

07. Person. An individual, partnership, association, or corporation qualified to do business in the state of Idaho, and any federal, state, county or local unit of government.

08. Temporary Permit. An instrument authorizing a temporary use of IDPR owned land for the construction, operation and maintenance of specific typically linear elements including but not limited to power and telephone lines, roadways, driveways, sewer lines, natural gas lines and water lines.

011. -- 049. (RESERVED)

050. POLICY.
01. Issuing Authority. Temporary permits are issued by the director in lieu of easements, and are required for all activities on or over IDPR owned land.

02. Discretion. The board retains absolute discretion to grant or withhold a temporary permit on land which it owns.

03. Consent Required. Temporary permits, their amendment, renewal and assignment and all subsequent actions are not valid without the written consent of the director.

04. Modifications. Temporary permits and subsequent modifications, assignments and renewals require a formal application, and payment of a processing fee to reimburse the agency for staff time devoted to
processing the request. (7-1-21)T

05. **Purpose Compatible.** The purpose for which the temporary permit is sought must not interfere with the existing or anticipated values, objectives, or operation of department owned lands. (7-1-21)T

06. **Compensation.** An appropriate compensation for use of department-owned lands, as set out in Section 150 of this chapter, must be paid to the IDPR in cash or in the form of offsetting benefits to be determined by the director. (7-1-21)T

07. **Control.** At all times the control of gates, roads and park lands is retained by the State. The permit granted is for the grantee's use only, is revocable for cause, is issued for a specific period of time, not to exceed ten (10) years, but usually five (5) years or less, and automatically expires if not used for a period of one (1) year. (7-1-21)T

051. -- 099. (RESERVED)

100. **PROCESSING FEES.**

01. **Issuance or Modification.** The processing fee for a new temporary permit, or modification of an existing temporary permit, is one-hundred dollars ($100), which must be received from all applicants before processing can proceed. The processing fees are designed to offset processing costs and are nonrefundable. (7-1-21)T

02. **Assignment or Renewal.** The processing fee for assignment or renewal of an existing temporary permit is twenty-five dollars ($25), and must be received before processing can proceed. The processing fees are designed to offset processing costs and are nonrefundable. (7-1-21)T

101. -- 149. (RESERVED)

150. **COMPENSATION.**

01. **Payable in Advance.** Cash compensation for the entire term of the temporary permit will be collected from the applicant prior to issuance. (7-1-21)T

02. **Cost per Acre.** Cash compensation for a temporary permit is charged at a rate of fifty dollars ($50) per acre of IDPR land utilized per year or any portion thereof, and is specified in the temporary permit. Temporary permits of less than one (1) year in duration will not be prorated. (7-1-21)T

03. **Noncash Compensation.** Offsetting (non-cash) compensation for a temporary permit may be approved on an individual basis by the director, and the terms of the agreement must be outlined in the temporary permit. (7-1-21)T

04. **Nonrefundable.** Compensation to IDPR for a temporary permit is non-refundable, except as set out in Subsection 200.08 of this chapter. (7-1-21)T

151. -- 199. (RESERVED)

200. **STANDARD CONDITIONS.**

All temporary permits issued are subject to the following standard conditions: (7-1-21)T

01. **Term Limited.** The use and term of a temporary permit is limited solely to that specifically stated in the instrument. (7-1-21)T

02. **Utilities.** Except under special circumstances with approval of the director, all utilities must be installed underground. (7-1-21)T

03. **Construction, Operation and Maintenance.** The grantee must construct, maintain and operate at grantee's sole expense the facility for which the temporary permit is granted, and maintain the permit site in a
condition satisfactory to the Park Manager.

04. **Compliance with Laws.** The grantee will comply with all applicable state and local laws, rules, and ordinances, including but not limited to: state fire laws and all rules of the State Land Board pertaining to forest and watershed protection, and with the Stream Channel Protection Act as designated in Chapter 38, Title 42 of the Idaho Code.

05. **Wetlands.** The grantee will comply with all state and federal statutes, rules, and regulations pertaining to wetlands protection.

06. **Land and Water Conservation Fund.** Temporary permits on land located within Land and Water Conservation Fund 6(f) boundaries, their amendment, renewal, assignment and all subsequent actions must be subject to the terms and the requirements of the Land and Water Conservation Fund Act of 1965 (P.L. 88-578, 16 U.S.C.S. Section 4601-4 et seq.).

07. **Hold Harmless.** The grantee, its agents and contractors must indemnify and hold harmless the department, the state of Idaho and its representatives against and from any and all demands, claims or liabilities of every nature whatsoever, arising directly or indirectly from or in any way connected with the use authorized under the temporary permit.

08. **Withdrawal for Park Use.** Should the land be needed for park development or recreation use, the director reserves the right to order the change of location or the removal of any structure(s) or facility(ies) authorized by a temporary permit at any time. Any such change or removal will be made at the sole expense of the grantee, its successors or assigns. When a temporary permit is terminated prior to its stated expiration date pursuant to this provision, the grantee will receive a pro-rata refund of compensation paid.

09. **Permits Not Exclusive.** The temporary permit is not exclusive to the grantee, and must not prohibit the department from granting other permits or franchise rights of like or other nature to other public or private entities, nor must it prevent the department from using or constructing roads and structures over or near the lands encompassed by the temporary permit, or affect the department’s right to full supervision or control over any or all lands which are part of the temporary permit.

10. **Cancellation.** The director may cancel the temporary permit or amend any of the conditions of the temporary permit if the grantee fails to comply with any or all of the provisions, or requirements set forth or through willful or unreasonable neglect, fails to heed or comply with notices given.

11. **Removal of Facilities.** Upon termination of the temporary permit for any reason including cancellation, expiration, or relinquishment, the grantee must have thirty (30) days from the date of termination to remove any facilities and improvements constructed by the grantee, and must restore the permit site to the satisfaction of the park manager. Upon written request, and for good cause shown, the director may allow a reasonable additional time for the removal of improvements and facilities and the restoration of the site.

201. -- 249. **(RESERVED)**

250. **SPECIAL CONDITIONS.** Special conditions addressing unique situations may be included in the temporary permit to protect natural or park resources, or to safeguard public health, safety or welfare.

251. -- 299. **(RESERVED)**

300. **APPLICATION PROCEDURE.**

01. **Contents of Application.** A temporary permit application must contain:

   a. A temporary permit application/action form;

   b. A plat of the proposed permit location;
c. The appropriate application fee; 

(7-1-21)T

d. An acceptable written legal description based on a survey of the centerline, or a metes and bounds survey of the temporary permit tract. The survey must be performed by a registered professional land surveyor as required by Idaho Code Section 54-1229. 

(7-1-21)T

02. **Engineering Certification.** As required in Section 58-601, Idaho Code, for any application for a ditch, canal or reservoir, the plats and field notes must be certified by the engineer under whose direction such surveys or plans were made and four (4) copies filed with the department and one (1) copy with the director, Idaho Department of Water Resources. 

(7-1-21)T

03. **Application Submission.** Temporary permit applications must be submitted to the Park Manager of the park in which the permit is requested. The park manager will forward it for processing as outlined in Section 800 of this chapter. 

(7-1-21)T

301. -- 349. (RESERVED)

350. **MODIFICATION OF EXISTING TEMPORARY PERMIT.**
A modification of an existing temporary permit must be processed in the same manner as a new application. Modification includes change of use, enlarging the permit area, or changing the location of the permit area. Modification does not include ordinary maintenance, repair, or replacement of existing facilities. 

(7-1-21)T

351. -- 399. (RESERVED)

400. **ASSIGNMENT.**
temporary permits issued by the director cannot be assigned without the approval of the director. To request approval of an assignment, the assignor and assignee must complete the department’s standard temporary permit application/action form and forward it and the assignment fee to the park manager, for processing as outlined in Section 800 of this chapter. 

(7-1-21)T

401. -- 449. (RESERVED)

450. **RENEWAL.**
Renewal of temporary permits may be sought by completing a temporary permit application/action form and forwarding it to the park manager for processing as outlined in Section 800 of this chapter. Renewal applications must be submitted at least forty-five (45) days prior to the expiration date of the temporary permit. 

(7-1-21)T

451. -- 499. (RESERVED)

500. **ABANDONMENT.**
A temporary permit not used for the purpose for which it was granted for a period of one (1) year is presumed abandoned and must automatically terminate. The director must notify the grantee in writing of the termination. The grantee must have thirty (30) days from the date of the written notice to reply in writing to the director to show cause why the temporary permit should be reinstated. Within thirty (30) days of receipt of the statement to show cause, the director must notify the grantee in writing as to the director’s decision concerning reinstatement. The grantee must have thirty (30) days after receipt of the director’s decision to request to appear before the board as outlined in Section 003 of this chapter. Removal of property from and restoration of the site is governed by Subsection 200.11 of this chapter. 

(7-1-21)T

501. -- 549. (RESERVED)

550. **RELINQUISHMENT.**
The Grantee may voluntarily relinquish a temporary permit any time by submitting a temporary permit application/action Form to the park manager. Upon relinquishment, removal of property from and restoration of the site is governed by Subsection 200.11 of this chapter. 

(7-1-21)T
551. -- 599. (RESERVED)

600. EXPIRATION.
Upon expiration, and absent a request for renewal of the temporary permit, removal of property from and restoration of the site is governed by Subsection 200.11 of this chapter. (7-1-21)

601. -- 649. (RESERVED)

650. CANCELLATION.
The director may cancel a temporary permit if the grantee fails to comply with any or all of its provisions, terms, conditions, or rules; or through willful or unreasonable neglect, fails to heed or comply with notices given. (7-1-21)

651. -- 699. (RESERVED)

700. ENFORCEMENT.
Should it become necessary to enforce the terms of a temporary permit in a court of law and the grantor prevails, the grantee must pay all costs and fees. (7-1-21)

701. -- 749. (RESERVED)

750. ADMINISTRATION.

01. Bureau Responsible. The IDPR Development Bureau must be responsible for uniform statewide administration of all IDPR temporary permits. (7-1-21)

02. Disposition of Fees. All processing and compensation fees collected from applicants must be sent to the fiscal section for deposit into the appropriate account. (7-1-21)

03. Status Report. The IDPR Development Bureau must maintain an up-to-date status report on all temporary permits issued. (7-1-21)

751. -- 799. (RESERVED)

800. PROCESSING.

01. Receipt of Application. Upon receipt of a properly filed temporary permit application/action form and the appropriate application fee, the park manager must review the application and forward it, together with his comments, to the region supervisor. The region supervisor must review the application and forward his comments along with the temporary permit application/action package, to the chief, Development Bureau, IDPR for processing. (7-1-21)

02. Time. Processing of temporary permit application/action forms must not exceed one hundred twenty (120) days from the date of acceptance of a complete application by the park manager. Applications not acted on within one hundred twenty (120) days are deemed denied. (7-1-21)

03. Notification. All applicants must be notified in writing, by the development bureau chief, of the approval or denial of their application. (7-1-21)

801. -- 999. (RESERVED)
000. LEGAL AUTHORITY. The Idaho Parks and Recreation Board is authorized under Section 67-4223, Idaho Code, to adopt, amend, or rescind rules as may be necessary for the proper administration of Title 67, Chapter 42, Idaho Code, and the use and protection of lands and facilities subject to its jurisdiction. The board is also authorized to further define and make specific the provisions regarding the winter recreational parking permit program as set forth in Sections 67-7115 through 67-7118, Idaho Code.

001. TITLE AND SCOPE.

01. Title. The title of this chapter is cited in full as Idaho Department of Parks and Recreation Rules, IDAPA 26.01.20, “Rules Governing the Administration of Park and Recreation Areas and Facilities.”

02. Scope. This chapter establishes fees for and rules governing the use of lands and facilities administered by the Department and the winter recreational parking permit; establishes procedures for obtaining individual and group use reservations; sets rules regarding visitor behavior and use of park lands and facilities; and authorizes employees to enforce these rules.

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. ADA. Americans with Disabilities Act

02. Annual Motor Vehicle Entrance Fee Sticker. A sticker that allows a single motor vehicle to enter Idaho State Parks without being charged a motor vehicle entrance fee.

03. Annual Motor Vehicle Entrance Fee Sticker Replacement. Replacement due to a motor vehicle sale or damage to an existing annual motor vehicle entrance fee sticker.

04. Board. The Idaho Parks and Recreation Board, a bipartisan, six (6) member board, appointed by the Governor.

05. Camping Unit. The combined equipment and people capacity that a campsite or facility will accommodate.

06. Camping Day.

a. For individual and group campsites the period between 2 p.m. of one (1) calendar day and 1 p.m. of the following calendar day.

b. For individual and group facilities, the period between 4 p.m. of one (1) calendar day and 12 noon of the following calendar day.

07. Campsite.

a. Individual. An area within a department managed campground designated for camping use by an individual camping unit or camping party that includes a defined area for either a tent pad or RV pad/area and may include a table and/or grill. The definition includes companion campsites.

b. Group. An area within a department managed campground designated for group camping use or a block of individual campsites designated for group use within a campground primarily managed for individual use.

08. Commercial Motor Vehicle. A vehicle that has seating capacity of more than fifteen (15) persons including the driver, or that is maintained for the transportation of persons for hire, compensation or profit.

09. Day Use. Use of any non-camping lands and/or facilities between the hours of 7 a.m. and 10 p.m. unless otherwise posted.

10. Department. The Idaho Department of Parks and Recreation.
11. Designated Beach. Waterfront areas designated by the park or program manager for water-based recreation activities. The length and width of each designated beach will be visibly identified with signs. (7-1-21)

12. Designated Roads and Trails. Facilities recognizable by reasonable formal development, signing, or posted rules. (7-1-21)

13. Director. The director and chief administrator of the department, or the designee of the director. (7-1-21)

14. Division Administrator. An employee, or designee, within the department that has supervisory authority over park and program managers. (7-1-21)

15. Dock and Boating Facility. Floats, piers, and mooring buoys owned or operated by the department. (7-1-21)

16. Encroachments. Non-recreational uses of lands under the control of the board including any utilization for personal, commercial, or governmental use by a non-department entity. (7-1-21)

17. Extra Vehicle. An additional motor vehicle without built-in temporary living quarters or sleeping accommodations registered to a camp site. (7-1-21)

18. Facilities.
   a. Individual. A camping structure within department managed lands designated for use by an individual camping unit. (7-1-21)
   b. Group. A camping structure within department managed lands designated for group use. (7-1-21)
   c. Day Use. A non-camping area or structure within department managed lands designated for group use during day use periods. (7-1-21)

19. Group Use. Twenty-five (25) or more people, or any group needing special considerations or deviations from normal department rules or activities. (7-1-21)

20. Idaho State Parks Passport. A sticker, purchased from any county Department of Motor Vehicles’ office in the state of Idaho, that matches a particular motor vehicle license number and expiration date, allowing that vehicle to enter Idaho State Parks without being charged a motor vehicle entrance fee. (7-1-21)

21. Idaho State Parks Passport Replacement. Replacement due to a motor vehicle registration transfer or damage to an existing passport. (7-1-21)

22. Motor Vehicle. Every vehicle that is self-propelled except for vehicles moved solely by human power, electric bikes, and motorized wheelchairs. (7-1-21)

23. Motor Vehicle Entrance Fee (MVEF). A fee charged for entry to or operation of a motor vehicle in an Idaho State Park. (7-1-21)

24. Overnight Use. Use of any non-camping lands for the parking of motor vehicles or trailers not associated with a campsite between the hours of 10 p.m. and 7 a.m. unless otherwise posted. (7-1-21)

25. Overnight Use Fee. A fee charged for overnight use of non-camping lands between the hours of 10 p.m. and 7 a.m. (7-1-21)

26. Park or Program Manager. The person, or the person’s designee, responsible for administering and supervising particular lands, facilities, and employees that are under the jurisdiction of the department. (7-1-21)

27. Recreational Vehicle (RV). A vehicular type unit primarily designed as temporary living quarters.
for recreational, camping, sleeping, or travel use, which either has its own motive power or is mounted on or drawn by another vehicle. The entities are travel trailer, camping trailer, truck camper, fifth-wheel trailer, and motorhome (all as defined in Section 39-4201, Idaho Code) and including buses or van type vehicles which are converted to recreation, camping, or sleeping use. It does not include pickup hoods, shells, or canopies designed, created, or modified for occupational use. (7-1-21)

28. Vessel. Every description of watercraft, including a seaplane on the water, used or capable of being used as a means of transportation on water, but not including float houses, diver’s aids operated and designed primarily to propel a diver below the surface of the water, and non-motorized devices not designed or modified to be used as a means of transportation on the water such as inflatable air mattresses, single inner tubes, and beach and water toys as defined in Section 67-7003(22), Idaho Code. (7-1-21)

011. PURCHASE, EXPIRATION, DISPLAY AND PLACEMENT OF MVEF AND PASSPORT STICKERS.

01. Daily MVEF. (7-1-21)
   a. The daily MVEF may be purchased at any Idaho state park or online. (7-1-21)
   b. The daily MVEF expires at 10 p.m. on date of purchase or as posted; MVEF for overnight camping use expires upon checkout which is 1 p.m. for a campsite and 12 noon for a facility. (7-1-21)
   c. The proof of purchase of the MVEF must be visible and properly displayed. (7-1-21)

02. Annual MVEF. (7-1-21)
   a. The Annual MVEF may be purchased at any Idaho state park, the department’s central or regional offices, or online. (7-1-21)
   b. The Annual MVEF expires December 31 of the year issued. (7-1-21)
   c. The Annual MVEF sticker must be visible, legible at all times, and permanently affixed to the vehicle as follows. For vehicles with a windshield, the sticker must be clearly displayed on the lower corner of the driver’s side windshield. For vehicles without a windshield, the sticker must be clearly displayed in a similar location. (7-1-21)

03. Annual MVEF Sticker Replacement. (7-1-21)
   a. The applicant may apply at any Idaho state park or at the department’s central or regional offices for a replacement sticker due to damage. (7-1-21)
   b. The applicant must establish proof of purchase of the original Annual MVEF. (7-1-21)
   c. Display and placement of the replacement sticker must comply with Subsection 011.02.c. of this chapter. (7-1-21)

04. Idaho State Parks Passport. (7-1-21)
   a. The Idaho State Parks Passport may be purchased from any county department of motor vehicles office in the state of Idaho. (7-1-21)
   b. Idaho State Parks Passport expires concurrent with the expiration of that vehicle’s registration. (7-1-21)
   c. Display and placement of the Idaho State Parks Passport sticker must comply with Subsection 011.02.c of this chapter. (7-1-21)
05. Idaho State Parks Passport Sticker Replacement. (7-1-21)T
   a. The applicant may apply in person to a county department of motor vehicles office for a replacement sticker. (7-1-21)T
   b. Display and placement of the replacement sticker must comply with Subsection 011.02.c. of this chapter. (7-1-21)T

075. AUTHORITY CONFERREABLE ON EMPLOYEES - ENFORCEMENT.

01. Director Authority. The director may, pursuant to Section 67-4239, Idaho Code, authorize any employee of the department to exercise any power granted to, or perform any duty imposed upon the director. (7-1-21)T

02. Park or Program Manager Authority. A park or program manager may establish and enforce all rules, including interim rules. Interim rules apply to the public safety, use, and enjoyment or protection of natural, cultural, or other resources within lands administered by the department. Interim rules will be posted for public view and will be consistent with established state laws and these rules. Interim rules expire in one hundred twenty (120) days from the established effective date unless approved by the board. (7-1-21)T

03. Additional Park or Program Manager Authority. A park or program manager may deny entry to, or reservation of, any department day use area, campsite, or facility, to any individual or group whose prior documented behavior has violated department rules, whose activities are incompatible with operations, or whose activities will violate department rules. (7-1-21)T

100. PENALTIES FOR VIOLATIONS.
 Failure of any person, persons, partnership, corporation, concessionaire, association, society, or any fraternal, social or other organized groups to comply with these rules constitutes an infraction. (7-1-21)T

01. Civil Claim. The penalty established in this chapter does not prevent the department from filing a civil claim against a violator to collect damages incurred to lands, resources, or facilities administered by the Department. (7-1-21)T

02. Violators. In addition to the penalty provided in chapter, or any other existing laws of the state of Idaho, any person failing to comply with any section of these rules or federal, state, or local laws, rules, or ordinances applicable under the circumstances, is a trespasser upon state land and subject to expulsion from any department managed lands for a period of time not less than forty-eight (48) hours. (7-1-21)T

125. PRESERVATION OF PUBLIC PROPERTY.
The destruction, injury, defacement, removal, or disturbance in or of any public building, sign, equipment, monument, statue, marker, or any other structures; or of any tree, flower, or other vegetation; or of any cultural artifact or any other public property of any kind, is prohibited unless authorized by the park or program manager of a specific area. (7-1-21)T

126. USE OF MOTOR VEHICLES.
Except where otherwise provided, motor vehicles may enter or be operated in park and recreation areas and facilities only upon payment of the motor vehicle entrance fee or display of a valid Idaho state Parks Passport or Annual Motor Vehicle Entrance Fee sticker. All motor vehicles must stay on authorized established department roadways or parking areas except for trails and areas which are clearly identified by signs for off-road use. Drivers and motor vehicles
operated within lands administered by the department must be licensed or certified as required under state law. The operators of all motor vehicles must comply with the motor vehicle entrance fee requirements, speed and traffic rules of the department, and all other federal, state, local laws, and ordinances governing traffic on public roads. (7-1-21)T

01. **Use of Parking Spaces for Persons With a Disability.** Special zones and parking spaces within state parks are designated and signed for exclusive use by vehicles displaying a special license plate or card denoting legal handicap status as provided in Section 49-213, Idaho Code. (7-1-21)T

02. **Overdriving Road Conditions and Speeding Prohibited.** No person may drive a vehicle at a speed greater than the posted speed or a reasonable and prudent speed under the conditions, whichever is less. Every person must drive at a safe and appropriate speed when traveling on park roads, in congested areas, when pedestrians or bicyclists are present, or by reason of weather or hazardous highway conditions as provided in Section 49-654, Idaho Code. (7-1-21)T

03. **Safety Helmets.** Persons under eighteen (18) years of age must wear a protective safety helmet when riding upon a motorcycle, motorbike, utility type vehicle, or an all-terrain vehicle as operator or passenger as provided in Section 49-666, Idaho Code. (7-1-21)T

04. **Snowmobile Operation.** No person may operate a snowmobile on any regularly plowed park road unless authorized by park or program manager. Access on non-plowed roads and trails are only permitted when authorized by the park or program manager. (7-1-21)T

05. **Compliance with Posted Regulatory Signs.** Persons operating vehicles within state parks are required to obey posted regulatory signs as provided in Section 49-807, Idaho Code. (7-1-21)T

06. **Obedience to Traffic Direction.** No person may willfully fail or refuse to comply with any lawful order or directions of any park employee invested with authority to direct, control, or regulate traffic within a state park. (7-1-21)T

07. **Restrictions.** The operation of motor vehicles within a designated campground is restricted to ingress and egress to a campsite or other in-park destination by the most direct route. (7-1-21)T

08. **Official Use.** This rule does not prohibit official use of motor vehicles by department employees anywhere within lands administered by the department. (7-1-21)T

09. **Commercial Motor Vehicle.** Commercial motor vehicles may only enter or be operated in park and recreation areas and facilities upon payment of the appropriate daily fee. (7-1-21)T

151. **PARKING VIOLATIONS.**

01. **Land or Facilities Administered by the Department.** No person may stop, stand, or park a motor vehicle or trailer anywhere within land or facilities administered by the department unless proof of payment of all required fees or other lawful authorization for entry is plainly visible and properly displayed. (7-1-21)T

02. **Designated Campgrounds.** No person may stop, stand, or park a motor vehicle within designated campgrounds unless proof of payment of the applicable campsite fees is plainly visible and properly displayed. (7-1-21)T

03. **Designated Overnight Use Area.** Except for authorized campers, no person may stop, stand, park, or leave a motor vehicle or trailer unattended outside day use hours unless the motor vehicle or trailer is in a designated overnight use area and proof of payment of the overnight-use fee is plainly visible and properly displayed. (7-1-21)T

04. **Fee Collection Surcharge.** Any person stopping, standing, or parking a motor vehicle or trailer without payment or properly displaying proof of payment of all required fees is subject to the fee collection surcharge as provided in Subsection 225.06 and Section 245 of this chapter. (7-1-21)T
05. **Citations for Violations.** Citations for violations of this section may be issued to the operator of the motor vehicle. If the operator cannot be readily identified, the citation may be issued to the registered owner or lessee of the motor vehicle, subject to the provisions of Section 67-4237, Idaho Code.

152. -- 174. **RESERVED**

175. **PUBLIC BEHAVIOR.**

01. **Resisting and Obstructing a Park Employee.** Persons may not willfully resist, delay, obstruct, or interfere with any park employee in his or her duties to protect the state’s resources and facilities and to provide a safe place to recreate.

02. **Day Use.** Between the hours of 10 p.m. and 7 a.m., unless otherwise posted, all personal property must be removed from day use areas.

03. **Quiet Hours.** Within lands administered by the department, the hours between 10 p.m. and 7 a.m. are considered quiet hours unless otherwise posted. During that time, users are restricted from the production of noise that may be disturbing to other users.

04. **Noise.** Amplified sound, poorly muffled vehicles, loud conduct, or loud equipment are prohibited within lands administered by the department, except in designated areas or by authority of the park or program manager.

05. **Alcohol.** State laws regulating alcoholic beverages and public drunkenness are enforced within lands administered by the department.

06. **Littering.** Littering is prohibited within lands administered by the department.

07. **Smoking.** Persons may not smoke within park structures or facilities, or at posted “no smoking” outdoor areas.

08. **Trespass.** It is unlawful to enter, use, or occupy land or facilities administered by the department where such lands or facilities are posted against entry, use, or occupancy, except as authorized by the department.

09. **Pets.** Pets are allowed within lands administered by the department only if confined or controlled on a leash not longer than six (6) feet in length. No person may allow their pet to create a disturbance which might be bothersome to other users. Excepting persons with disabilities who are assisted by service animals, no person may permit their pet animals to enter or remain on any swim area or beach. Pet owners are responsible to clean up after their animals. Pet owners may not leave pets unattended. Areas for exercising pets off leash may be designated by the park or program manager. Department employees may impound or remove any stray or unattended animals at the owner’s expense.

10. **Fires.** The use of fires is restricted to fire rings, grills or other places otherwise designated by the park or program manager. All fires must be kept under control at all times and must be extinguished before checking out of the campsite or whenever fire is left unattended. Areas may be closed to open fires during extreme fire danger.

11. **Fireworks.** No person may use fireworks of any kind within lands administered by the department, except under special permit issued by the director for exhibition purposes, and then only by persons designated by the director.

12. **Protection of Wildlife.** All molesting, feeding, injuring, or killing of any wild creature is strictly prohibited, except as provided by action of the board and as established in board policy. Persons in possession of wildlife, which may be legally taken within state park boundaries, must comply with Idaho Fish and Game rules.

13. **Protection of Historical, Cultural and Natural Resources.** The digging, destruction or removal of historical, cultural or natural resources is prohibited. Collection for scientific and educational purposes may be
allowed through a permit.

14. **Personal Safety, Firearms.** No person may purposefully or negligently endanger the life of any person or creature within any land administered by the department. No person may discharge firearms or other projectile firing devices within any lands administered by the department, except as follows: in the lawful defense of person, persons, or property; in the course of lawful hunting; for exhibition; or at designated ranges as authorized by the director.

15. **Non-traditional Recreational Activities.** Non-traditional recreational activities such as model airplane and glider operations, geo-caching, gold panning, drone operation, and metal detecting may be authorized by the park or program manager if such activities do not interfere with traditional uses of the park and are consistent with preservation of park resources.

176. -- 199. (RESERVED)

200. **CAMPING.**

01. **Occupancy and Capacity.**

a. Occupancy. Camping is permitted only in designated campsites, areas, or facilities. A campsite or facility will be determined occupied only after all required fees have been paid, registration information completed, and all permits properly displayed. Unique circumstances may arise, and specific sites or facilities by virtue of design may require exceptions to the capacity limits.

b. Campsite Capacity. Maximum capacity limits on each campsite are subject to each site's design and size. Unless otherwise specified, and provided the combined equipment and people fit within the designated camping area of the site selected, the maximum capacity will be one (1) family unit or a party of no more than eight (8) persons, two (2) tents and two (2) motor vehicles. No more than one (1) RV may occupy a site. Two (2) motorcycles are the equivalent of one (1) motor vehicle when determining campsite capacity. Each motorcycle will be subject to the MVEF. In general, companion campsites have double the capacity listed above.

c. Facility Capacity. Maximum capacity limits on each facility are based on facility design, size, and applicable occupancy code.

02. **Self Registration.** In those areas so posted, campers must register themselves for the use of campsites and facilities, paying all required fees as provided for herein and in accordance with all posted instructions.

03. **Length of Stay.** Except as provided herein, no person, party or organization may be permitted to camp on any lands administered by the department for more than fifteen (15) days in any thirty (30) consecutive day period. This applies to both reservation and “first come first served” customers. The department operations division administrator may authorize shorter or longer periods for any individual area.

04. **Registration.** All required fees must be paid, registration information completed, and all permits properly displayed prior to occupying a campsite or facility. Saving or holding campsites or facilities for individuals not physically present at the time of registration for “first come first served” camping is prohibited.

05. **Condition of Campsite.** Campers must keep their individual or group campsite or facility and other use areas clean.

06. **Liquid Waste Disposal.** All gray water and sewage wastes must be held in self-contained units or collected in water-tight receptacles in compliance with state adopted standards and dumped in sanitary facilities provided for the disposal of such wastes.

07. **Motorized Equipment.** No generators or other motorized equipment emitting sound and exhaust are permitted to be operated during quiet hours.
08. **Campsite Parking.** All motor vehicles and trailers, must fit entirely within the campsite parking pad/area provided with the assigned individual or group campsite or facility. All equipment that does not fit entirely within the designated campsite parking area must be parked at another location within the campground, or outside the campground, as may be designated by the park or program manager. If no outside parking is available, the park or program manager may require the party to register on a second campsite, if available. 

09. **Equipment.** All camping equipment and personal belongings of a camper must be maintained within the assigned individual or group campsite or facility perimeter.

10. **Check Out.** Customers are required to clean, vacate, and check out of registered campsites or facilities as follows:

   a. Individual or group campsite by 1 p.m. of the day following the last paid night of camping.

   b. Individual or group facility by 12 noon of the day following the last paid night of camping.

11. **Visitors.** Individuals visiting campers must park in designated areas, except with permission of the park or program manager. Visitors must conform to established day use hours and day use fee requirements.

12. **Responsible Party.** The individual reserving or registering to use an individual or group campsite or facility is responsible for ensuring compliance with the rules within this chapter.

13. **Camping.** Camping in individual or group facility sites is prohibited unless in areas specifically designated for camping or by authorization of the park or program manager.

14. **ADA Designated Campsites.** Although the department offers campsites that are designated and built to meet ADA accessibility requirements, these campsites are not managed exclusively for ADA use.

15. **ADA Accessible Facilities.** Although the department offers facilities that provide for ADA accessibility, these facilities are not managed exclusively for ADA use.

201. **BOATING FACILITIES.**

   The provisions of this section do not apply to department-operated marinas which provide moorage on a lease or long-term rental basis.

   01. **Moorage and Use of Marine Facilities.** No person or persons may moor or berth a vessel of any type in a department-owned or operated park or marine area that is signed for other use. Vessel moorage is limited to no more than fifteen (15) days in any consecutive thirty (30) day period.

   02. **Moorage Fees.** Vessels moored between 10 p.m. and 7 a.m. at designated facilities will be charged an overnight moorage fee.

   03. **Use of Onshore Campsites.** If any person or persons from a vessel moored at a department boating facility also occupies any designated campsite onshore, all required fees for such campsite(s) must be paid in addition to any moorage fee provided herein.

   04. **Self-Registration.** In those areas so posted, boaters must register themselves for the use of marine facilities and onshore campsites, paying all required moorage and campsite fees as provided for herein and in accordance with all posted instructions.

202. **OVERNIGHT USE.**

   01. **Occupancy.** Overnight use is permitted only in designated areas. Overnight use is only allowed after all required fees have been paid, registration information completed, and all permits properly displayed.
21)T

02. **Overnight Use Fees.** Motor vehicles or trailers not associated with campers between 10:00 p.m. and 7:00 a.m. at designated facilities will be charged an overnight use fee. (7-1-21)T

03. **Self Registration.** In those areas so posted, overnight users must register themselves for the use of overnight use areas, paying the appropriate fees as provided for herein and in accordance with all posted instructions. (7-1-21)T

04. **Length of Stay.** Except as provided herein, no person, party, or organization may be permitted to utilize overnight use areas on any lands administered by the department for more than fifteen (15) days in any thirty (30) consecutive-day period. This applies to both reservation and “first come first served” customers. The director may authorize shorter or longer periods for any individual area. (7-1-21)T

05. **Registration.** All required fees must be paid, registration information completed, and all permits properly displayed prior to occupying an overnight use area. (7-1-21)T

06. **Check Out.** Overnight users are required to check out by 1 p.m. of the day following the last paid overnight of use. (7-1-21)T

07. **Responsible Party.** The individual purchasing an overnight use permit or the registered owner of the motor vehicle or trailer is responsible for ensuring compliance with the rules within this chapter. (7-1-21)T

08. **Overnight Use.** Overnight use is prohibited except in areas specifically designated for overnight use or by authorization of the park or program manager. (7-1-21)T

203. WATERFRONT AREAS.

01. **Swimming.** Swimming or water contact is at an individual’s own risk. (7-1-21)T

02. **Restrictions on Designated Beaches.** No glass containers or pets are allowed on designated beaches or swim areas. (7-1-21)T

03. **Restricted Areas.** Vessels must remain clear of designated beaches and other areas signed and buoyed for public safety. (7-1-21)T

04. **Ramps and Docks.** The use of docks located next to boat ramps is limited to the active launching and loading of boats. (7-1-21)T

05. **Compliance with Laws.** Vessels operating on public waters administered by the department must fully comply with the Idaho Safe Boating Act, Title 67, Chapter 70 and the Marine Sewage Disposal Act, Title 67, Chapter 75, Idaho Code, and the rules promulgated thereunder. The director may establish rules prohibiting the use of boat motors or to limit the horsepower capacity on those vessels operating on waters administered by the department. (7-1-21)T

204. WINTER RECREATION PROGRAMS.
The department manages two winter recreation programs: the winter access program which provides for recreation within state parks and the winter recreational parking pass program which provides for recreation outside of state parks. (7-1-21)T

01. **Winter Access Program.** The purpose of the winter access program is to fund state park services such as maintaining parking areas, providing warming facilities and winter-accessible restroom facilities, regularly grooming trails, signing ski routes, and having ski patrol services available. Any person using winter access program facilities must purchase and properly display a daily or season pass. Winter access program areas are designated by board policy. (7-1-21)T

02. **Winter Recreational Parking Permits.** The purpose of the winter recreational parking permit
program, known as “Park N Ski”, is to designate winter recreational parking locations and use the funds from permit sales to maintain the designated parking areas. Winter recreational parking areas are designated by board policy. (7-1-21)

a. Permit. Any person parking a vehicle in a designated winter recreation parking location must purchase and properly display a winter recreation parking permit, except, snowmobilers may park their transportation vehicles in a designated parking area without displaying a parking permit when a current snowmobile validation sticker is affixed to the snowmobile. (7-1-21)

b. Designation of Primary Use Area. The purchaser of a permit will be allowed to designate on the appropriate form, a primary winter recreational parking use area. The full portion of fees not allocated to the vendor or the department will be apportioned to the designated use area. Should a purchaser fail to designate a primary use area, those fees will be apportioned to a use area determined by the department. (7-1-21)

c. Parking Restrictions. No person may park a vehicle in a designated winter recreational parking location in such a manner as to deprive other users of reasonable access to all or part of the remainder of that parking area. (7-1-21)

d. Permit Location. An annual winter recreational parking permit must be permanently affixed on the front window of the vehicle nearest the driver’s seat. A temporary three-day permit must be displayed on the vehicle’s dashboard with the dated side displayed to the front of the vehicle in such a manner that it is completely visible and kept in legible condition. (7-1-21)

e. Replacement Permits. No person may file or attempt to file for a duplicate annual winter recreational parking permit unless the original permit was stolen or destroyed. A temporary three (3) day winter recreational parking permit which is lost, stolen, or destroyed will not be reissued. (7-1-21)

f. Transfer. No person may transfer or attempt to transfer an annual winter recreational parking permit decal or a temporary three-day permit from the vehicle upon which it was legally permitted and placed. (7-1-21)

g. Permit Expiration. The annual winter recreational parking permit is valid until the expiration date printed on the decal. The temporary winter recreational parking permit is valid for only the three (3) consecutive days written on the permit. (7-1-21)

205. -- 224. (RESERVED)

225. FEES AND SERVICES.

01. Authority.

a. All fees in this chapter are maximum fees unless otherwise stated. The board has the authority to set actual fees by board policy. (7-1-21)

b. Park and program managers have the authority to set fees for goods available for resale, equipment rentals, and services provided by employees to enhance the users experience unique to the individual park or program. (7-1-21)

02. Payment. Visitors must pay all required fees. (7-1-21)

03. Camping. Camping fees include the right to use designated campsites and facilities for the period camp fees are paid. Utilities and facilities may be restricted by weather or other factors. (7-1-21)

04. Group Use.

a. Groups of twenty-five (25) persons or more, or any group needing special considerations or deviations from these rules must obtain a permit. Permits may be issued after arrangements have been made for proper sanitation, population density limitations, safety of persons and property, and regulation of traffic. (7-1-21)
b. Permits for groups of up to two hundred fifty (250) people may be approved by the park manager with thirty (30) days advance notice. Permits for groups of two hundred fifty (250) or more people may be approved by the director with forty-five (45) days advance notice.

(7-1-21)T

c. Group use fees for day use facilities, general use areas, and events may be negotiated by the park or program manager and will generally not fall below the cost of providing services. MVEF is required unless specifically waived by the park or program manager.

(7-1-21)T

05. **Fees and Deposits.** Fees and deposits, including cleaning fees or damage/cleaning deposits, may be required for certain uses or the reservation of certain facilities unique to an individual park. Where deposits are required, they are to be paid prior to check-in.

(7-1-21)T

06. **Fee Collection Surcharge.** A surcharge may be added to all established fees when the operator of a motor vehicle or responsible party of a camping unit fails to pay all required fees or fails to properly display proof of payment for required fees prior to entering a park area or occupying a campsite. If the surcharge is assessed, and the operator of the vehicle or responsible party is not present, all required fees in addition to the surcharge will be assessed against the registered owner of the motor vehicle or camping unit.

(7-1-21)T

07. **Admission Fees.** An admission fee may be charged for internal park facilities which provide an educational opportunity or require special accommodations.

(7-1-21)T

08. **Cooperative Fee Programs.** The department may collect and disperse fees in cooperation with fee programs of other state and federal agencies.

(7-1-21)T

09. **Encroachment Permit Application Fee.** The department may assess an encroachment application fee as set by the board to cover administrative costs incurred by the department in reviewing the application and the site, and in preparing the appropriate document(s).

(7-1-21)T

10. **Sales Tax.** Applicable sales tax may be added to all sales.

(7-1-21)T

11. **Returned Checks.** The cost to the agency for returned checks will be passed on to the issuer of the insufficient funds check.

(7-1-21)T

260. -- 274. (RESERVED)

275. CRITERIA FOR RESERVATIONS.

01. Responsible Party.

a. The person booking reservations for an individual campsite or facility is responsible for ensuring compliance with the rules within this chapter.

b. The person booking reservations for multiple individual campsites is designated the group leader and is responsible for ensuring compliance with the rules within this chapter. The group leader may approve another person to register for a campsite as the primary occupant prior to check-in or at the park. Once the primary occupant registers for the campsite, the primary occupant becomes the responsible party.

c. The person booking reservations for a group campsite or facility is designated the group leader and is responsible for ensuring compliance with the rules within this chapter.

02. Reservation Service Charges, Individual or Group Campsite or Facility. Reservations are non-transferable (from one party to another). Reservation fees are non-refundable.

a. A reservation service charge may be assessed for each individual or group campsite or facility reserved.

b. The service charge for an individual campsite or facility will be waived for campers with a current Idaho RV registration sticker and reimbursed to the department by the RV Program.
03. **Cleaning Fee.** A cleaning fee or a damage/cleaning deposit may be required by the park or program manager as a condition of reservation. (7-1-21)

04. **Confirmation Requirements.** (7-1-21)
   a. Confirmation of an individual campsite or facility reservation. Full payment of all required fees must be made before a reservation is confirmed. (7-1-21)
   b. Confirmation of a designated group campground, group campsite, or group facility reservation. Before a reservation is confirmed, the group leader must:
      i. Supply primary occupant (point of contact) name, address, and phone number for multiple bookings of individual campsites for a group. (7-1-21)
      ii. Pay all required fees for each campsite or facility reserved. (7-1-21)

05. **Reservation Modifications.** A reservation service fee will be assessed for any modification to a previously made reservation that involves reducing the planned length of stay, or to change the reservation dates where part of the new stay includes part of the original stay booked (rolling window). Modifications that change the original stay so that no part of the new stay includes part of the original stay are to be considered a cancellation and re-book will be mandatory to keep a reservation. With the exception of the reservation service charge as defined in Section 276, any overpaid fees will be reimbursed at the time the reservation is modified. (7-1-21)

06. **Reservation Cancellations.** (7-1-21)
   a. Individual Campsite or Facility. A reservation service fee will be assessed for the cancellation of a reservation. This service fee will be assessed for each campsite or facility involved. If the customer cancels after the scheduled arrival date the customer forfeits all usage fees for the time period already expired. Cancellations received after checkout time will result in the forfeiture of that day’s usage fees for the campsite or facility. At no time will the customer be charged a cancellation fee that exceeds the amount originally paid. The IDPR or its reservation service provider may cancel a customer’s reservation for insufficient payment of fees due. With the exception of the reservation service fees, all fees paid will be reimbursed at the time the reservation is cancelled. (7-1-21)
   b. Park Board Designated Special Use Campsites and Facilities. A reservation service fee will be assessed for the cancellation of a reservation. If a cancellation for a group facility occurs twenty-one (21) or fewer calendar days prior to arrival, the customer forfeits all usage fees for the time period already expired. Cancellations received after checkout time will result in the forfeiture of that day’s usage fees for the campsite or facility. At no time will the customer be charged a cancellation fee that exceeds the amount originally paid. The department or its reservation service provider may cancel a customer’s reservation for insufficient payment of fees due. An individual site cancellation fee applies to each campsite in a group campground. With the exception of the reservation service fees, all fees paid will be reimbursed at the time the reservation is cancelled. (7-1-21)

07. **Insufficient Payment.** The department may cancel a customer’s reservation for insufficient payment of fees due. (7-1-21)

276. **Fee Schedule: Reservations.**

</table>
400. PARK CAPACITIES.
Where applicable, park or program managers may limit or deny access to an area whenever it has reached its designated capacity.

500. LIVESTOCK.
Grazing of livestock is not permitted within lands administered by the department. Exceptions may be made by the board for grazing permits or otherwise permitting the use of lands administered by the department for livestock. The use of saddle or other recreational livestock is prohibited on trails, roadways, and other areas unless designated through signing for that purpose or with permission of the park or program manager.

577. SPREADING OF HUMAN ASHES.
Persons may spread human ashes on lands owned by the Idaho Department of Parks and Recreation. The exact location must be pre-approved by the park or program manager. Persons may not spread ashes in the water within a state park. The department does not assign or convey any rights or restrictions by allowing the placement of ashes on the land, and there are no restrictions in the ability of the landowner to operate, develop, or otherwise use the land at their sole discretion without any obligation associated with the placement of ashes on the land.

625. ADVERTISEMENTS/PROMOTIONS/DEMONSTRATIONS.

01. Printed Material. Public notices, public announcements, advertisements, or other printed matter may only be posted or distributed in a special area approved by the park or program manager.

02. Political Advertising. Political advertising is strictly prohibited within any lands administered by the Department.

03. Demonstrations. Public demonstrations are limited to areas approved by the park or program manager and subject to an approved permit issued after arrangements for sanitation, population density limitations, safety of persons and property, and regulation of traffic are made.

650. AUTHORIZED OPERATIONS.
No person, firm, or corporation may operate any concession, business, or enterprise within lands administered by the
Department without written permission or permit from the board. No person(s), partnership, corporation, association or other organized groups may:

- **01. Beg or Solicit for Any Purpose.**

- **02. Game or Operate a Gaming Device of Any Nature.**

- **03. Abandon Any Property.** Leave any property on department lands. Leaving property is prohibited unless registered in a campsite or permitted by the park or program manager. Property left on department lands for more than twenty-four (24) hours may be removed at the owner’s expense.

**651. -- 674. (RESERVED)**

**675. DEPARTMENT RESPONSIBILITY.**
The department is not responsible for damage to, or theft of personal property within lands administered by the department. All visitors use facilities and areas at their own risk.

**676. NONDISCRIMINATION.**
No person may discriminate in any manner against any person or persons because of race, color, national origin, religion, gender, age or disability within lands administered by the department. Facilities constructed or maintained with, and programs supported by the cross-country skiing recreation account must be available for public use without discrimination and must comply with requirements as set out in the Americans with Disabilities Act.

**677. -- 999. (RESERVED)**
000. **LEGAL AUTHORITY.**
The Idaho Parks and Recreation Board is authorized under Section 67-4223, Idaho Code, to adopt, amend, or rescind rules as may be necessary for proper administration of the department and its programs. (7-1-21)

001. **TITLE AND SCOPE.**

01. **Title.** The title of this chapter is cited in full as Idaho Department of Parks and Recreation Rules, IDAPA 26.01.33, “Rules Governing the Administration of the Land and Water Conservation Fund Program.” (7-1-21)

02. **Scope.** This chapter establishes procedures for the administration of the Land and Water Conservation Fund program, including requirements for project application, eligibility, review, award, and management. (7-1-21)

002. -- 009. (RESERVED)

010. **DEFINITIONS.**
As used in this chapter:

02. **Acquisition.** The gaining of rights of public use by purchase or donation of fee or less than fee interests in real property. (7-1-21)

03. **Alternate State Liaison Officer (ALSO).** State official designated by the governor of Idaho to assist the State Liaison Officer in managing the LWCF Program. The State and Federal Grant Manager is the ALSO. (7-1-21)

04. **Board.** The Idaho Parks and Recreation Board, a bipartisan, six (6) member board, appointed by the governor. (7-1-21)

05. **Development.** The act of physically improving an area or constructing facilities necessary to increase its ability to serve outdoor recreation purposes. (7-1-21)

06. **Department.** The Idaho Department of Parks and Recreation. (7-1-21)

07. **Director.** The director and chief administrator of the Department of designee. (7-1-21)

08. **LWCF.** The Land and Water Conservation Fund, a federal grant program that provides matching grants to states, and through states to local governments, for the planning, acquisition and development of public outdoor recreation areas and facilities. (7-1-21)

09. **LWCF Advisory Committee.** Representatives from federal, state and local entities and other subject matter experts with expertise in community development or public outdoor recreation needs. (7-1-21)

10. **NPS.** The National Park Service. (7-1-21)

11. **Open Project Selection Process (OPSP).** The decision-making process and criteria by which the Department selects projects for the LWCF funding. The OPSP defines the criteria that propose LWCF projects must meet in order to be eligible for funding and establish priorities to objectively rate competing eligible projects. (7-1-21)

12. **SCORP.** Statewide Comprehensive Outdoor Recreation Plan. (7-1-21)

13. **Sponsor.** A state or local government agency that solicits a grant from the Department for a project or is responsible for administering the grant of an approved application or completed project. (7-1-21)

14. **State Liaison Officer (SLO).** State official designated by the governor of Idaho to manage the LWCF Program with the assistance of the Alternate State Liaison Officer. The director is designated as the SLO.
040. **LWCF ADVISORY COMMITTEE MEMBER SELECTION AND APPOINTMENT.**

**01. Members.** The advisory committee includes nine (9) members as follows:

- a. Three (3) members are representatives of state and federal agencies with a technical relationship to community development or the outdoor recreation needs in the state.

- b. One (1) member represents a community of five thousand (5,000) population or more.

- c. One (1) member represents a community of five thousand (5,000) population or less.

- d. One (1) member represents the interests of ethnic minorities.

- e. One (1) member represents the interests of the elderly.

- f. One (1) member represents the interests of people with disabilities.

- g. One (1) member must be from the board.

**02. Quorum.** A quorum is required to conduct committee business. Five (5) people constitute a quorum.

**03. Appointment and Term.** Members are appointed by and serve at the discretion of the board for three (3) funding sessions and may be reappointed.

041. -- 049. (RESERVED)

050. **GRANT CYCLE.**
The funding cycle must occur at least once every two (2) years and may occur at any other regular interval within the fiscal year as determined by the state.

051. -- 064. (RESERVED)

065. **ELIGIBLE SPONSORS.**
Governmental agencies that are eligible to receive or apply for the grant funds include incorporated cities, counties, state agencies, recreation districts, and other state or local governmental agencies authorized to provide general public recreation facilities.

066. **ELIGIBLE PROJECTS.**
LWCF grants are available to acquire or develop land that is to be used for outdoor recreation purposes and is to be held in perpetuity for public outdoor recreation uses. The sponsor must have title to or adequate control and tenure of the area to be developed. Projects clearly designed and located to meet identified needs for general public recreation, as well as to provide school districts with outdoor education, physical education, and recreation facilities may be eligible for funding, provided general public recreation is clearly the primary use. Projects must be consistent with the current LWCF Federal Assistance Manual.

067. **INELIGIBLE PROJECTS.**
Acquisitions or development that do not contribute directly to general public outdoor recreation facilities or activities are ineligible for LWCF funding. Acquisition of leases are not eligible for LWCF funding. The cost to a sponsor of land purchased from another public agency is not eligible for LWCF funding.
080. APPLICATION PROCEDURE.

01. Procedure. To be considered for a grant, a sponsor must follow the procedural requirements, file a completed grant application form prior to the stated deadline, propose an eligible project, and submit all other documentation specified in this rule.

02. Review for Completeness and Eligibility. Materials submitted by the sponsor are reviewed by the Department for completeness and for project eligibility.

03. LWCF Advisory Committee Rating. The LWCF Advisory Committee rates projects and assists the Department in making funding priority recommendations to the Idaho Park and Recreation Board. To objectively rate competing eligible projects, the committee considers the application, the presentation by the sponsor, and how the project meets the OPSP criteria and established priorities.

04. Board and NPS Approval. The board reviews and approves a priority list for submission to NPS. Applications are submitted to NPS according to priority after LWCF moneys have been appropriated by Congress and allocated to the state.

05. Grant Agreement. Upon approval of a grant application by NPS, the Department will present the sponsor with a grant agreement that identifies eligible costs and obligates the sponsor to a specified project scope. The sponsor must sign the agreement prior to initiating work on the project. The signed agreement obligates the sponsor to complete all elements of the project as described in the agreement and any applicable approved amendment. The signed agreement must include a proclamation from the sponsor’s governing body committing the project and the sponsor to LWCF requirements in perpetuity.

100. FEES AND INCOME.

01. User Fees. User or other types of fees may be charged in connection with facilities developed with LWCF grants, provided that the fees and charges are commensurate with the value of recreation services or opportunities furnished and are in the prevailing range of public fees and charges for the particular activity involved. Discrimination on the basis of residence, including preferential reservation or membership systems and annual permit systems, is prohibited except to the extent that reasonable differences in admission and other fees may be maintained on the basis of residence.

02. Nonrecreational Income. Nonrecreational income that accrues to an outdoor recreation area other than the intended recreational use, including income from land management practices, must derive from use that is consistent with, and complementary to, the intended outdoor recreational use of the area. Gross nonrecreational income that accrues during the project period established in the project contract must be used to reduce the total cost of the project. Gross nonrecreational income that accrues subsequent to the ending date identified in the project contracts must be used only to offset the expense of operation and maintenance of the facility.

101. SPONSOR’S MATCHING SHARE.

The sponsor must match a portion of the approved project cost as determined by the National Park Service. The sponsor’s share can be either local funds, acceptable state funds, force account (labor or equipment), or donation of privately owned lands, goods or services. All matching funds must meet LWCF Program rules as well as the allowable cost rules under 2 CFR 200.

102. APPRAISAL REQUIREMENTS.

A real estate appraisal is required for all land to be acquired. The appraisal must be prepared and paid for by the sponsor. All appraisals must be done according to “Uniform Appraisal Standards for Federal Land Acquisitions.” NPS requires that the Department has each appraisal reviewed by a qualified appraiser. Any appraisal report that does not meet the basic content requirement or use correct analysis procedures must be corrected to the satisfaction of the Department. All costs are paid by the sponsor.

103. -- 299. (RESERVED)
300. FUND ALLOCATION.

01. Administration Costs. Idaho’s cost of administering the SCORP program, the LWCF program and a contingency fund are deducted from the state’s annual apportionment. The remaining funds are divided fifty percent (50%) for local governmental agencies and fifty percent (50%) for state agencies. This standard may be altered in any year at the discretion of the board. (7-1-21)

02. Allocation by Population. (7-1-21)

a. To assure that the needs of rural areas are met, twenty percent (20%) of the amount dedicated for local governmental agencies is dedicated for use by governmental agencies of five thousand (5,000) population or less. If the cumulative request of the governmental agencies of five thousand (5,000) population or less is more than the twenty percent (20%) of the amount dedicated for local governmental agencies, governmental agencies of five thousand (5,000) population or less may compete for the total remaining allocation. (7-1-21)

b. If the total cost for a single project of a governmental agency with a population of five thousand (5,000) or less requires over one-half (1/2) of the twenty percent (20%) dedicated for use by governmental agencies of five thousand (5,000) population or less, that project will compete with the large governmental agency projects. (7-1-21)

c. The board may suspend (through formal action at the board meeting at which LWCF grant requests are considered) any provision of this section if the allocation is too small to warrant viable projects. (7-1-21)

03. Less Than Full Distribution. The board is not required to distribute all available funds. The Department may recommend, and the board determine, to reject projects with evaluation scores so low as to be noncompetitive. (7-1-21)

04. Cost Overruns. Twenty percent (20%) of the total allocation may be held out for needed cost overruns. Any unused funds at the end of the funding cycle are obligated through the normal process. (7-1-21)

301. -- 514. (RESERVED)

515. PROJECT MANAGEMENT AND DISBURSEMENT OF FUNDS.

01. Authorization. Except as otherwise provided herein, the SLO must authorize disbursement of funds allocated to a project through reimbursement basis. The LWCF program is a reimbursement program, which means that the sponsors initially pay all project costs and then seek reimbursement through the Department. (7-1-21)

02. Documentation of Property Purchase. Prior to submitting for property acquisition cost reimbursement, the sponsor must document that all deed, title insurance and appraisal requirements are satisfied. (7-1-21)

03. Reimbursement. The sponsor must request reimbursement on forms provided by the Department and must include all required documentation. The amount of reimbursement must never exceed the cash expended on the project. (7-1-21)

04. Development Project Contract Requirements. Development projects require competitive bidding and must comply with all local, state and federal requirements. (7-1-21)

05. Records. Project records must be maintained by the state and sponsor for three (3) years after final payment. The material must be maintained beyond the required three (3) year period if audit findings have not been resolved. (7-1-21)

516. -- 649. (RESERVED)

650. CONVERSION TO OTHER USES.
01. **Conversion.** The term “conversion” is used to identify properties that were acquired or developed with LWCF assistance that have been converted from a public outdoor recreation to other than public outdoor recreation uses without prior approval of NPS. (7-1-21)T

02. **Fees.** The sponsor must pay all costs associated with the LWCF conversion process. (7-1-21)T

651. -- 724. (RESERVED)

725. **ONGOING SPONSOR OBLIGATIONS.**

01. **Permanent Project Signs.** The sponsor is required to install permanent public acknowledgment of LWCF assistance at project sites on at least one (1) prominent location, such as the project site entrance. The sponsor must use the LWCF symbol established and provided by the Department for such acknowledgment. If the sponsor wants to provide a more detailed sign, the Department must approve the sign prior to construction to ensure proper designation. (7-1-21)T

02. **In Perpetuity.** The sponsor must maintain any outdoor recreation use within LWCF boundaries in perpetuity. (7-1-21)T

726. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rules being adopted through this omnibus rulemaking as listed in the descriptive summary of this notice is July 1, 2021.

AUTHORITY: In compliance with Section 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Section 67-4702(2), Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting the temporary rules:

This temporary rulemaking adopts and republishes the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 28, rules of the Idaho Department of Commerce:

IDAPA 28
• 28.02.03, Department of Commerce Grant Program Rules; and
• 28.04.01, Rules Governing the Idaho Reimbursement Incentive Act.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(a), (b), and (c), Idaho Code, the Governor has found that temporary adoption of the rules is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the temporary rules, contact Ewa Szewczyk, (208) 334-2470.

DATED this 1st day of July, 2021.

Ewa Szewczyk
Grants & Contracts Manager
Idaho Commerce
700 W. State Street
Boise, Idaho 83702
Phone: (208) 334-2470
Fax: (208) 334-2631
000. LEGAL AUTHORITY.
These rules have been adopted pursuant to Sections 67-4702, 67-4703, 67-4715, 67-4717, 67-4718, 67-4729, and 67-4733, Idaho Code. (7-1-21)T

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 28.02.03, “Department of Commerce Grant Program Rules.” (7-1-21)T

02. Scope. These rules implement the following Department of Commerce grant programs: 1) Idaho Regional Travel and Convention Grant Program; 2) Idaho Gem Grant Program; 3) Rural Community Investment Fund; 4) IGEM Grant Program; 5) Idaho Opportunity Fund; and 6) Idaho Community Development Block Grant Program. (7-1-21)T

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Department. The Idaho Department of Commerce as set forth in Section 67-4701, Idaho Code. (7-1-21)T

02. Program Guidelines. Department of Commerce grant programs are administered in accordance with applicable federal and state statutes, these rules, grant resources available on the Department's website, and written grant agreements entered into between the successful applicant and the Department. Collectively these laws, rules, handbooks, grant resources, and grant agreements are referred to as “program guidelines” throughout these rules and each may be enforced by the Department. (7-1-21)T

011. -- 049. (RESERVED)

SUBCHAPTER A – GENERAL GRANT PROGRAM REQUIREMENTS

050. GENERAL GRANT PROGRAM REQUIREMENTS.

01. Application Procedure. All applicants must meet eligibility requirements specified in program guidelines. Eligible applicants must submit a completed application to the Department and meet the requirements specified in program guidelines prior to the application deadline specified therein. (7-1-21)T

02. Review of Applications. Unless otherwise specified, all grants will be reviewed, ranked, and selected by the Department and relevant council members if applicable, in accordance with selection criteria specified in program guidelines. All applicants will be notified of their application status in a reasonable timeframe after the application deadline. (7-1-21)T

03. Grant Agreement. All applicants selected for funding must enter into a written grant agreement with the Department. The grant will take effect upon the date of award specified in the grant agreement and grant monies cannot be expended until that date. (7-1-21)T

04. Amendments to Grant Agreements. Extensions and amendments to grant agreements are only permitted if agreed to in writing and approved by the Department or applicable council members. (7-1-21)T

05. Grant Acknowledgment. If required, projects funded by the Department must acknowledge said program as outlined in the program guidelines. (7-1-21)T

06. Reporting Requirements. As specified in program guidelines, the grantee must provide regular progress reports to the Department to demonstrate progress toward planned outcomes, as well as a final report demonstrating the outcomes achieved. (7-1-21)T

07. Termination of Funding. The grantee may only use the grant funds in accordance with program guidelines. If at any time the Department becomes aware of a grantee's noncompliance with program guidelines, or
inappropriate or illegal use of grant funds, the Department may terminate the agreement. The Department may require an audit of grant funds. The Department may further terminate a grant if the project loses viability or is unlikely to meet the intent of the original application.

**08. Limitation on Use of Funds.** Program guidelines detail ineligible uses of funds. In addition, funds cannot be used as follows:

- a. Political activities. For political purposes or to engage in lobbying or other partisan political activities.
- b. Religious activities. For the construction, rehabilitation or operation of active churches or religious structures used for religious purposes.
- c. Conflict of interest. If at any time the Department and/or any council member(s) becomes aware of an apparent or potential conflict of interest between a grantee and a private entity which may influence grant funds, the Department may request a meeting with the grantee's representatives. The Department may, at that meeting, terminate the grant if an inappropriate conflict of interest is found.

**09. Rural Community.** Communities that are generally less than twenty-five thousand (25,000) in population.

**10. Cost Reimbursable.** Department grants are cost reimbursable. Grant payment procedures will be established in the program guidelines. The Department will reimburse allowable costs up to the maximum grant amount for which both receipts and matching funds documentation have been provided. The grantee is responsible for any discrepancies in documentation.

051. -- 099. (RESERVED)

100. **IDAHO REGIONAL TRAVEL AND CONVENTION GRANT PROGRAM.**

- **01. Program Intent.** The intent of this program is to provide grant funds to non-profit, incorporated organizations which have in place a viable travel or convention promotion program, or both, in their area of operation. Preference is given to programs with a primary focus of promoting overnight visitation in Idaho. Funds may be used for tourism marketing which has a positive economic impact to the state of Idaho including, but not limited to, the promotion of accommodations, recreational areas, events, conferences, food and beverage, tourism services, culture, attractions, and transportation.

- **02. Eligible Applicants.** Non-profit entities with a focus on tourism. Entities must provide proof of non-profit status including: State of Idaho Certificate of Incorporation, Articles of Incorporation from the Secretary of State, or a letter of determination from the Internal Revenue Service, and Notice of Employer Identification Number assigned by the Internal Revenue Service.

- **03. Review of Applications.** The Idaho Travel Council will review applications in accordance with selection criteria specified in program guidelines.

- **04. Matching Funds.** This grant requires a cash match of twelve and one-half percent (12.5%) of the amount awarded, with further requirements specified in program guidelines.

- **05. Distribution of Funds.** The Department will reimburse funds to the grantee upon submission and review of complete documentation of funds expended.

- **06. Eligible Expenses.**

  a. Program intent. Eligible projects under the Regional Travel and Convention Grant Program must be consistent with the legislative declaration of policy in Title 67, Chapter 47, Idaho Code, and the program intent. Programs that are eligible for consideration must fall under the basic definition of travel or convention promotion.
b. Administrative expense. The following administrative and overhead costs are allowable: (7-1-21)
   i. Wages and benefits. Wages and benefits of one (1) designated grant administrator for time directly related to the task of grant administration. Other employee wages and benefits incurred in the execution of the grant program may be used as cash match with documentation. (7-1-21)
   ii. Overhead. Reasonable, apportioned overhead costs of the grantee organization required to execute the grant program must be approved by the Idaho Travel Council. The Department will recommend preferred apportionment methods. (7-1-21)

07. Ineligible Expenses. Unless specified otherwise in the program guidelines, this grant program will not fund:
   a. The day-to-day, administrative expenses of organizations that have a travel or convention promotion element; (7-1-21)
   b. Projects that have alternative funding sources (for example, regular Chamber of Commerce budgets) or that have been funded previously with the agency's own funds; or (7-1-21)
   c. The promotion of local events; or (7-1-21)
   d. No expenses related to grant writing, or grant application are eligible. (7-1-21)

08. Audit Requirement. Grantees who receive one hundred thousand dollars ($100,000) or more in grant funds will have an audit performed by a Certified Public Accountant and submitted to the Department within sixty (60) days following the close of the grant cycle. (7-1-21)

101. -- 149. (RESERVED)

150. IDAHO GEM GRANT (IGG) PROGRAM.

01. Program Intent. The intent of this program is to fund community development projects of rural communities for the purpose of improving the local economy, retaining or creating jobs, promoting the community for economic development and tourism, and assisting business expansion and diversification. (7-1-21)

02. Eligible Applicants. Idaho rural communities under ten thousand (10,000) persons and other Idaho rural communities at the discretion of the Director of the Department of Commerce are eligible to apply for IGGs up to a maximum of fifty thousand dollars ($50,000). IGGs to city and county governments may be administered by their designees as established by formally adopted resolutions. (7-1-21)

03. Review of Applications. The Department's Director, in his sole discretion, makes all IGG awards. The Director may make grant awards at any time the Director determines it necessary to take advantage of special opportunities that further the primary objectives of the IGG Program. (7-1-21)

04. Matching Funds. This grant requires a minimum of twenty percent (20%) matching funds of either cash or in-kind donations for the total amount of IGG funds received. Matching funds can be comprised of any combination of cash and in-kind donations and must meet conditions specified in the program guidelines. (7-1-21)

05. Distribution of Funds. Grantees receive payment of IGG funds on a cost reimbursement basis. Grant payment procedures will be established in the program guidelines. The Department will reimburse allowable costs up to the maximum grant amount for which both receipts and matching funds documentation have been provided. The grantee is responsible for any discrepancies in documentation. (7-1-21)

06. Eligible Expenses. Eligible expenses are specified in program guidelines. (7-1-21)

07. Ineligible Expenses. Funds may not be used for:
a. Payroll costs for city, county, development corporation or other community agencies.  

b. Real property acquisition. Construction, rehabilitation, or operation of schools, general government facilities, jails or state facilities.  

c. Administrative costs. Expenses related to administering the grant will not be reimbursable to the grantee from grant funds.  

08. **Bid Process.** Grantees must contact a minimum of three (3) vendors for quotes or bids for the purchase of goods or services over twenty-five thousand dollars ($25,000). Prior to reimbursement for such costs, the following information must be submitted to the Department:  

a. Item or service purchased. A detailed description of the item or service purchased or to be purchased.  

b. Bid verification. Written documentation of three (3) or more businesses or vendors contacted by IGG grantees for bids or quotes listing the businesses or vendors contacted and indicating their response, and a list of all businesses or vendors contacted whether or not a response was received.  

c. Reasons for selection. Grantees justification for the business or vendor selected.  

151. -- 199. (RESERVED)  

200. **RURAL COMMUNITY INVESTMENT FUND (RCIF).**  

01. **Program Intent.** This grant provides funds to rural areas in support of economic expansion and job creation, as defined per the program guideline which includes the RCIF Grant Application and Manual.  

02. **Eligible Applicants.** Applicants for the Idaho Rural Community Block Grants are as follows:  

a. City applicants. Rural cities are those generally less than twenty-five thousand (25,000) in population. Cities contiguous to large cities are not eligible to apply.  

b. County applicants. Counties with less than twenty-five thousand (25,000) population. However, any county may apply for unincorporated communities.  

c. Indian tribes located in Idaho may apply if the project site is located on reservation land and within a community of less than twenty-five thousand (25,000) population.  

03. **Review of Applications.** Presentations must be made by key elected officials of the applicant to the Department’s Economic Advisory Committee (EAC) on the need for the project, the local commitment to the project, the economic impact of the project on the community, and any additional information that should be given special consideration. Applications will be reviewed and ranked on criteria specified in the RCIF Grant Application and Manual. The EAC may recommend standby projects to be funded if enough funds become available at a later time.  

04. **Eligible Expenses.** Eligible expenses are specified in the RCIF Grant Application and Manual.  

05. **Ineligible Expenses.** Any activity not authorized in the RCIF Grant Application and manual is ineligible to receive RCBG funds, including:  

   a. General conduct of government. Assistance to buildings, or portions thereof, used predominantly for the general conduct of government. Such buildings include, but are not limited to, city halls, courthouses, jails, police stations, state or local government office buildings, and other building used for general government
administration affairs. Also ineligible are school buildings, school administration offices, and university and college vocational-technology facilities. (7-1-21)T

b. Local government expenses. Expenses to carry out the regular responsibilities of the unit of general local government are not eligible for assistance with RCIF. (7-1-21)T
c. Equipment. The purchase of equipment, fixtures, motor vehicles, furnishings or other personal property, which is not an integral structural fixture, is generally ineligible. (7-1-21)T
d. Operating and maintenance expenses. (7-1-21)T

201. -- 249. (RESERVED)

250. IDAHO GLOBAL ENTREPRENEURIAL MISSION (IGEM) GRANT PROGRAM.

01. Program Intent. The IGEM Grant Program funds commercialization grants supporting University and industry research partnerships for the purpose of enhancing technology transfer and commercialization of research and technologies developed at the Universities to create high-quality jobs and new industries in the private sector in Idaho. (7-1-21)T

02. Eligible Applicants. Idaho's public research universities: Boise State University, Idaho State University, and University of Idaho. (7-1-21)T

03. Industry Partner. A domestic or foreign entity that designs, produces, or sells goods or services or that contractually agrees to undertake such acts in connection with the technologies licensed or otherwise transferred to the entity by a University, and that is partnered with an Eligible Applicant. (7-1-21)T

04. Review of Applications. In selecting IGEM awards, the IGEM Council will give greater weight to proposals that partner with Idaho-based entities. (7-1-21)T

05. Matching Funds. This grant requires a monetary or in-kind contribution from the industry partner as outlined in program guidelines. (7-1-21)T

06. Commercialization Revenue. Revenue generated through the commercialization of university intellectual property rights in a work authored or an invention conceived or first reduced to practice in the performance of an IGEM grant award are distributed as outlined in Section 67-4731, Idaho Code. (7-1-21)T

251. -- 299. (RESERVED)

300. IDAHO OPPORTUNITY FUND.

01. Program Intent. The Idaho Opportunity Fund provides funding for public costs incurred with the purpose to retain, expand or attract jobs, which include:

a. Construction of or improvements to new or existing water, sewer, gas or electric utility systems for new or existing buildings to be used for industrial or commercial operations; (7-1-21)T

b. Flood zone or environmental hazard mitigation; or (7-1-21)T

c. Construction, upgrade or renovation of other infrastructure related items including, but not limited to, railroads, broadband, parking lots, roads or other public costs that are directly related to specific job creation or expansion projects. (7-1-21)T

02. Review of Applications. The Director of the Department may, in his sole discretion, award Opportunity Fund grants to local governments in accordance with program guidelines. (7-1-21)T

03. Matching Funds. This grant requires an allowable local match. Allowable match includes those
costs which are allowable within the Opportunity Fund and are provided by the local government as cash, in-kind services, fee waivers (such as development impact fees), donation of assets, the provision of infrastructure or a combination thereof. The match must represent a material commitment from the local government that is commensurate with the local government's financial condition. The Director of the Department has the authority to approve other forms of local match or waive the local match requirements. (7-1-21)

04. Distribution of Funds and Eligible Applicants. Funds will be disbursed from the Opportunity Fund to local governments as defined in the Local Government Grant Agreement and after the local government has demonstrated that the Grantee Business has complied with the terms of the Company Performance Agreement. (7-1-21)

05. Grant Agreements. Local Government Grant Agreements will be entered into between the Department and one (1) or more local governments, and contain the provisions specified in the program guidelines. In addition, Company Performance Agreements will be entered into between one (1) or more local governments and a Grantee Business, and containing provisions outlined in the program guidelines. (7-1-21)

301. -- 349. (RESERVED)

350. IDAHO COMMUNITY DEVELOPMENT BLOCK GRANT (ICDBG).

01. Incorporation by Reference. The Department of Commerce adopts and incorporates by reference the CDBG Procedures Guide, CDBG Application Handbook, the CDBG Grant Manual, 24 CFR Part 570, and the most current Annual Action Plan as rules for the administration of the Idaho Community Development Block Grant. (7-1-21)

02. Purpose. The rules incorporated by reference in (01) relate to the scope and procedures for the implementation of the Idaho Community Development Block Grant Program. (7-1-21)

351. -- 999. (RESERVED)
28.04.01 – RULES GOVERNING THE IDAHO REIMBURSEMENT INCENTIVE ACT

000. LEGAL AUTHORITY. These rules are promulgated under the legal authority of Section 67-4744, Idaho Code. (7-1-21)T

001. SCOPE. These rules implement the Idaho Reimbursement Act, including application and pre-application process, formation of incentive agreements with the business entity, reimbursement to the business entity through an earned tax credit, annual reporting procedure. (7-1-21)T

003. ADMINISTRATIVE APPEALS. The award of a credit under the Tax Reimbursement Incentive Act is made at the recommendation of the Director of the Department of Commerce and approval of the Economic Advisory Council (Council). In light of the negotiated nature of awarding the Tax Reimbursement Incentive (TRI), there is no administrative appeal under these rules. Nothing in this section prohibits an aggrieved applicant from seeking judicial review as provided in Chapter 52, Title 67, Idaho Code. (7-1-21)T

004. -- 099. (RESERVED)

100. DEFINITIONS AND ABBREVIATIONS. The following definitions apply: (7-1-21)T

01. Incentive Agreement. A reimbursement contract between the Department and the business entity which details any instruction provided by the Council in addition to the requirements detailed in Chapter 47, Title 67, Section 4740, Idaho Code. Also referred to as an Agreement. (7-1-21)T

02. Pre-Application. A form, paper or electronic, that is completed by the business entity or on behalf of the business entity by an authorized economic development or local government representative when details about the Meaningful Project are not fully known. A pre-application necessitates that an application is completed by the business entity or its authorized representative at a later time, and prior to award of a tax credit. (7-1-21)T

03. Tax Reimbursement Incentive Act (TRI). A performance based tax reimbursement mechanism available to existing Idaho businesses and new businesses creating jobs in Idaho. Also known as the Idaho Reimbursement Incentive Act. (7-1-21)T

101. -- 129. (RESERVED)

130. PROGRAM INTENT. The TRI is designed to accelerate the growth of new business opportunities, encourage the creation of high-paying jobs, and diversify the state’s economy. The Tax Reimbursement Incentive is a performance-based economic development tool that provides a refundable tax credit up to thirty percent (30%) for up to fifteen (15) years on new business entity income tax, sales tax, and payroll taxes paid as a result of meaningful project. The TRI will perpetually generate the revenues needed to fund the incentive. (7-1-21)T

01. Available Credit. This credit is available to both existing and new companies seeking expansion in the state. The tax credit percentage and project term are negotiated based upon the quantity and quality of jobs created, state/regional economic impact and return on investment for Idaho, among others. The credit authorized must be the lowest approved percentage and term that will incentivize creation of new jobs and New State Revenue. (7-1-21)T

02. Evaluation and Recommendation. Incentives will be evaluated and recommended to the Council by the Director, with final approval by the Council. The TRI will be governed by detailed incentive agreements between the Department and business entity. (7-1-21)T

131. -- 149. (RESERVED)

150. ELIGIBILITY.

01. Eligible Recipients. Recipients of the TRI are limited to existing business entities located in Idaho seeking to expand their companies within the state of Idaho, and business entities, new to Idaho, seeking to relocate to, or expand in, the state of Idaho. (7-1-21)T

02. Eligible Projects. An eligible project is an expansion of an existing business located in Idaho or the
creation of new business operations in Idaho that generate the minimum required new jobs based on rural or urban location.

151. JOB CREATION CRITERIA.

01. Rural Community. The minimum new jobs required for a rural community is not less than twenty (20) over the term of the project.

02. Urban Community. The minimum new jobs required for an urban community is not less than fifty (50) over the term of the project.

03. New Jobs. New jobs must exceed the business entities’ maximum number of full time jobs in Idaho during the twelve (12) months immediately preceding the date of the application.

04. Job Shift. A job that shifts from one (1) location within the state of Idaho to another location within the state of Idaho is not considered a new job.

05. New Jobs Wages. New jobs wages must equal or exceed the average annual county wage in the county where the jobs are located. The Department will annually publish the average county wage based on the most recent, non-preliminary information, obtained from the Idaho Department of Labor.

152. APPLICATION PROCESS.

01. Inquiry. The business entity, or its authorized representative, may engage an authorized representative from the Department to complete an initial screening process. The screening process will assist the business entity in determining to proceed with a pre-application or application. Information necessary during screening includes general details about the Project, the number of full-time jobs, the number of new jobs, the minimum new jobs, the rural or urban area under consideration, the industry, the community contribution, as well as any other information requested to determine eligibility. The business entity, in consultation with the Department’s representative, makes a determination to proceed with a pre-application or a full application depending on the project timeline, known project details or other factors associated with the project.

02. Pre-Application. After the business entity’s determination to proceed with a pre-application, the business entity, or its authorized representative, will be provided with a pre-application. A pre-application may be completed by the business entity or an authorized representative of the business entity, such as an economic development or local government representative. A pre-application must detail the following:

a. A complete description of the proposed project and the estimated economic benefit that will accrue to the state as a result of the project;

b. A statement of dependency explaining whether the project will occur or how it will be altered if the application is denied by the council;

c. A letter from the city or county, or both, expressing a commitment to supply community contribution;

d. Detailed description of the proposed capital investment;

e. Detailed description of jobs to be created, an approximation of the number of such jobs to be created and the projected wages to be paid for such jobs; and

f. Detailed description of the estimated new state tax revenues by tax to be generated by the project.

03. Pre-Application Estimate Letter. Upon review and acceptance of a pre-application, the Director may issue an estimate letter to the business entity or its authorized representative, or both, which describes the
estimated amount of the tax credit, the term of the tax credit, and any other contingencies determined necessary by the Department. This letter is not a binding commitment but an estimate based on the initial information supplied in the pre-application. (7-1-21)T

04. Application. After the business entity’s determination to proceed with an application, the business entity will be given access to the application, which must include, but not be limited to, the following information: (7-1-21)T

a. A complete description of the proposed project and the estimated economic benefit that will accrue to the state as a result of the project; (7-1-21)T

b. An affidavit of criticality explaining that without the TRI incentive, the business entity would be forced to alter its project or not choose Idaho; (7-1-21)T

c. A letter from the city or county, or both, describing their commitment to supply community contribution, a specific description of the contribution, and the amount of the contribution; (7-1-21)T

d. Business entities currently doing business in Idaho will supply a letter from the Idaho State Tax commission confirming that the business entity is in good standing in the state of Idaho and is not in unresolved arrears in the payment of any state tax or fee administered by the tax commission; (7-1-21)T

e. An estimate of Idaho goods and services to be consumed or purchased by the business entity during the term; (7-1-21)T

f. Known or expected detriments to the environment or existing industries in the state; (7-1-21)T

g. An anticipated project inception date and proposed schedule of progress; (7-1-21)T

h. Any proposed performance requirements and measurements that must be met prior to issuance of the tax credit; (7-1-21)T

i. A description of any proposed capital investment; (7-1-21)T

j. A detailed schedule and description of the projected jobs to be created, the projected wages to be paid for those jobs, and the anticipated hiring schedule for those jobs; and (7-1-21)T

k. The estimated new state tax revenues to be generated by the project. (7-1-21)T

05. Application Recommendation Letter. Upon review of an application, the Director may issue a letter that details the Director's anticipated recommendation to the Council. The letter may include the percentage of the tax credit, the term of the tax credit, and any other contingencies determined necessary by the Department. All application recommendation letters must contain a “subject to Economic Advisory Council approval” contingency clause. (7-1-21)T

06. Technical Review - Pre-Application. The Director and Department staff will complete a technical review of each pre-application. Upon satisfaction that all pre-application requirements are met, the Director may issue an estimate letter. (7-1-21)T

07. Technical Review - Application. The Director of the Department and Department staff will complete a technical review and economic impact analysis of each application. The technical review will consider many economic factors and external information sources such as, but not limited to, the region, industry, financial health and history of the business entity, as well as the quality, quantity and economic impact of new jobs and new state revenue. Upon satisfaction that all application requirements are met, the Director may submit a recommendation for award to the Council. (7-1-21)T

08. Economic Advisory Council. The Council reviews the application and the Director recommendations. Following review the council has the following three (3) options: (7-1-21)T
a. Request additional information or action from the Director in order to obtain necessary information to approve or reject the application; or

b. Approve the application and instruct the Director to enter into an incentive agreement with the business entity; or

c. Reject the application.

d. An approval or rejection from the council is not considered a contested case pursuant to Chapter 52, Title 67, Idaho Code, provided, however, that nothing in this section prohibits an aggrieved applicant from seeking judicial review as provided in Chapter 52, Title 67, Idaho Code.

09. Pre-Application Schedule. The pre-application is open year round. Review of pre-applications are subject to the meeting schedule of Department staff.

10. Application Schedule. The application is open year round. Review of applications is subject to the meeting schedule of Department Staff and the Council. The Council will meet no less than quarterly and has the ability to meet more often at the request of the Director.

153. -- 159. (RESERVED)

160. CONFLICT OF INTEREST.
Conflict of Interest is defined by Idaho’s Office of the Attorney General as any official action or any decision or recommendation by a person acting in a capacity as a public official, the effect of which would be to the private pecuniary benefit of the person or member of the person’s household, or a business with which the person or a member of the person’s household is associated. In the event Department staff, including the Director has a conflict of interest regarding an application, the conflict must be fully disclosed to the Director and the Council, and that person must abstain from decision making or evaluation of the application. In the event a Council member has a conflict of interest regarding an application, the Council member must fully disclose such conflict to the Director and the Council, and that Council member must abstain from discussing or voting on the application.

161. -- 169. (RESERVED)

170. AGREEMENTS.

01. Incentive Agreement. At the direction of the Council, and in accordance with the criteria established by these rules, the Director enters into an incentive agreement with the business entity.

02. Agreement Terms Defined. The incentive agreement contains any terms as approved by the Council, or deemed necessary by the state Deputy Attorney General, as well as defines the following:

a. Maximum term that is not to exceed fifteen (15) years;

b. Projected new state revenues to be generated during the term;

c. Method and recordkeeping requirements to determine projected new state revenue to be generated;

d. The approved tax credit percentage applied to new state revenue each year the business entity is entitled to receive the reimbursement during the term of the meaningful project;

e. The projected new jobs;

f. The terms and conditions of any and all performance requirements and measurements that must be met prior to the issuance of a tax credit authorization;
g. The agreed upon and necessary proof of compliance required prior to tax credit issuance. Proof of compliance provided by the business entity must be adequate to demonstrate to the director that all requirements and measurements have been met for the business entity to receive the tax credit; (7-1-21)

h. The consequences of default by the business entity; (7-1-21)

i. The period to be used to determine the taxes paid at the date of application; (7-1-21)

j. Identification of any individual or entity included within the application that is entitled to a rebate pursuant to section 63-3641, Idaho Code, or is required to obtain a separate seller's permit pursuant to Chapter 36, Title 63, Idaho Code. (7-1-21)

k. The federal employer identification or social security number for each individual or entity stated as the business entity in the incentive agreement; and (7-1-21)

l. Identification of the individual or entity that is or will be claiming the refundable credit. (7-1-21)

171. -- 179. (RESERVED)

180. TAX CREDIT AUTHORIZATION.

01. Claiming Tax Credit. No business entity may claim a tax credit unless the business entity has a tax credit authorization issued by the Department. A business entity may claim a tax credit on its tax return, in the amount listed on the tax credit authorization for the year listed on the tax credit authorization. (7-1-21)

02. Duplicate Copy. The Department must provide a duplicate copy of any tax credit authorization to the Tax Commission. (7-1-21)

181. -- 189. (RESERVED)

190. ANNUAL REPORTING BY APPLICANT.

Required Annual reporting must be outlined in the incentive agreement and will include, but not be limited to, the following: (7-1-21)

01. New State Revenues. Supporting documentation of the new state revenues from the business entity's new project that were paid during the preceding calendar year. (7-1-21)

02. New Jobs Created. Supporting documentation of the new jobs that were created during the preceding tax year and the corresponding payroll information associated with the new jobs. (7-1-21)

03. Known or Expected Detriments. Known or expected detriments to the environment or existing industries in the state. (7-1-21)

04. Authorization Document. A document that expressly directs and authorizes the Tax Commission and Department of Labor to allow the Department access to the business entity's returns, filings and other information that may be necessary to verify or otherwise confirm the declared new state revenues, the new jobs and the associated payroll information. (7-1-21)

05. Tax Commission Letter. A letter from the Idaho State Tax Commission confirming that the business entity is in good standing in the state of Idaho and is not in unresolved arrears in the payment of any state tax or fee administered by the tax commission. (7-1-21)

06. Other Entitle to Rebate. Identification of any individual or entity included within the application that is entitled to a rebate pursuant to section 63-3641 or 63-4408, Idaho Code, or is required to obtain a separate seller's permit pursuant to Chapter 36, Title 63, Idaho Code. (7-1-21)

07. Supporting Documentation. Supporting documentation that the business entity has satisfied the
measurements and requirements outlined in the incentive agreement.  

191. ANNUAL REPORTING BY DEPARTMENT.
The Department must create an annual written report for the Governor and the Legislature describing the following:

01. Successes. The Department's success under this act in attracting new jobs;  

02. Estimated Tax Credit Commitments. The estimated amount of tax credit commitments made by the Department and the period of time over which tax credits will be paid;  

03. Economic Impact to State. The economic impact to the state related to generating new state revenue and providing tax credits under this act;  

04. Estimated Costs and Benefits. The estimated costs and economic benefits of the tax credit commitments that the Department made; and  

05. Actual Costs and Benefits. The actual costs and economic benefits of the tax credit commitments the Department made.  

06. Submittal of Report. The report must be submitted to the Office of the Governor and the appropriate legislative committee chairmen in a timely manner following the close of the state’s fiscal year.  

192. -- 199. (RESERVED)  

200. AUDIT.
The Department must arrange for an independent third-party audit annually pursuant to Chapter 47, Title 67, Idaho Code. The Department must consider any audit recommendations provided during the audit and implement changes as necessary as a result of those recommendations.  

201. -- 209. (RESERVED)  

210. CONTINUATION OF TAX CREDIT.
The Department will review the business entity’s annual report. Provided the business entity provides a reasonable justification for authorizing or continuing a tax credit, the Department determines the amount of the tax credit to be granted, issue a tax credit authorization to the business entity, and provide a duplicate copy of the tax credit authorization to the Tax Commission. The amount of the tax credit to be continued must be in accordance with the credit percentages specified in the incentive agreement. The TRI will not be extended beyond the term and length specified in the incentive agreement.  

211. TERMINATION OR SUSPENSION OF TAX CREDIT.
During the term of the project for each business entity, the Department will review the business entity’s annual report. If the information provided is inadequate or inaccurate to provide a reasonable justification for authorizing or continuing a tax credit, the Department may:

01. Denial of Tax Credit. Deny the tax credit for that tax year; or  

02. Termination of Agreement. Terminate the incentive agreement for failure to meet the performance standards established in accordance with the terms outlined in the incentive agreement; or  

03. Request for Additional Documentation. Request the business entity to submit additional documentation.  

212. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rule being adopted through this omnibus rulemaking as listed in the descriptive summary of this notice is July 1, 2021.

AUTHORITY: In compliance with Section 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Sections 22-1205 and 22-1207 Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting the temporary rule:

This temporary rulemaking adopts and republishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 29, rules of the Idaho Potato Commission:

IDAPA 29

• 29.01.01, Rules of the Idaho Potato Commission.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(a), (b), and (c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

This temporary rule is necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. The temporary rule implements the duly enacted laws of the state of Idaho, provides citizens with the detailed rules and standards for complying with those laws, and assists in the orderly execution and enforcement of those laws. The expiration of this rule without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by this rule.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the temporary rule, contact Patrick Kole at (208)514.4208 or Patrick.Kole@potato.idaho.gov.

DATED this 1st day of July, 2021.

Patrick Kole, VP Legal and Government Affairs
Idaho Potato Commission
661 S Rivershore Ln., Ste. 230
P.O. Box 1670
Eagle, ID 83616

Fax: (208)334.2274
000. LEGAL AUTHORITY.
These rules are adopted under the general legal authority of the Idaho Potato Commission Law, Chapter 12, Title 22, Idaho Code. (7-1-21)T

001. TITLE AND SCOPE.

01. Title. The title of this chapter is IDAPA 29.01.01, “Rules of the Idaho Potato Commission.” (7-1-21)T

02. Scope. These rules govern payment of taxes to the Idaho Potato Commission (the Commission); records to be kept by growers, dealers, handlers, shippers, processors, container manufacturers, and out-of-state repackers of Idaho® potatoes; use of Certification Marks and Trademarks owned or administered by the Commission; branding of individual potatoes, state brand grade and packing requirements, reporting, labeling and revocation, and additional labeling requirements. These rules govern all procedure before the Idaho Potato Commission (the Commission). (7-1-21)T

002. (RESERVED)

003. ADMINISTRATIVE PROCEEDINGS AND APPEALS.
Administrative proceedings and appeals are administered by the Commission in accordance with the “Idaho Rules of Administrative Procedure of the Attorney General.” IDAPA 04.11.01, Subchapter B - Contested Cases, Sections 100 through 800, which for the purpose of Section 22-1201 et seq., Idaho Code, will be known as Rules of Practice and Procedure of the Idaho Potato Commission Governing Contested Cases. Whenever these rules address the same subject matter as IDAPA 04.11.01, the specific provisions of these rules govern. There are no provisions for administrative appeals within the Commission under these rules of procedure, except that under Sections 202 and 203 a presiding officer may in the presiding officer's discretion refer a ruling on evidence or a motion to the full Commission. (7-1-21)T

004. -- 010. (RESERVED)

010. DEFINITIONS.
The terms defined in Section 22-1204, Idaho Code, apply to this chapter. In addition, the following terms are defined as follows: (7-1-21)T

01. Primary Channel of Trade. Potatoes are deemed to be delivered for shipment into the primary channel of trade when any such potatoes are sold or delivered for shipment, or delivered for canning and/or processing into by-products. (7-1-21)T

011. -- 099. (RESERVED)

100. GENERAL.

01. Potato Tax. All potatoes grown in Idaho, no matter how grown (i.e. by conventional, organic, or other methods) and no matter what variety (i.e. russet, red, yellow, specialty, or other variety) are subject to the potato tax imposed by Section 22-1211, Idaho Code. (7-1-21)T

02. Potato Tax Base Rate and Additional Tax. A base tax of four cents ($0.04) per hundredweight is imposed by statute on all potatoes grown in Idaho. In addition, an additional tax of eleven cents ($0.11) per hundredweight may be imposed upon a determination by at least two-thirds (2/3) of commission members that the anticipated expenditures for the fiscal year following the year in which the determination is made will exceed the anticipated tax revenues to be collected from the four cents ($0.04) base tax rate. (7-1-21)T

03. Potato Tax Due Date and Responsible Party. The potato tax is due when potatoes are first handled in the primary channels of trade and must be paid not later than the fifteenth day of the next month. The first person selling or otherwise delivering potatoes into primary channels of trade is responsible for and must pay the full potato tax. However, if the first person is a dealer or shipper handling potatoes grown by another, he may charge back to the person he acquired the potatoes from sixty percent (60%) of the potato tax. The charge back does not reduce the

a. Every dealer or handler including out-of-state repackers shall keep a complete and accurate record of all potatoes handled in the primary channels of trade in such form as the Commission or their designee prescribes.

b. In addition to such other information that the Executive Director, duly authorized agent, representative or employee requires, each grower, dealer, handler, shipper, processor, container manufacturer, and out-of-state repacker shall keep records that segregates purchases and sales of Idaho® potatoes by calendar month; records of inventories of Idaho® potatoes by calendar month; and records of inventories of containers bearing the registered Certification Marks of the Commission by calendar month. Such records shall be preserved for a minimum period of two (2) years and be open to inspection at any time upon written or oral request or demand by the Commission or its duly authorized agents, representatives, or employees.

c. The Commission’s duly authorized agent, representative or employee may enter upon the premises of any grower, dealer, handler, out-of-state repacker, container manufacturer, processor or any other license agreement holder of Idaho® potatoes and examine or cause to be examined any books, papers, records, ledgers, purchase journals, sales journals, electronically and/or magnetically recorded data, computers and computer records or memoranda bearing upon the amount of taxes payable or the correct usage of any Idaho Trade or Certification Mark, and to secure any other information directly or indirectly concerned with the enforcement of Chapter 12, Title 22, Idaho Code, all rules adopted pursuant thereto and all licensing agreements entered into with the Commission. The Commission’s duly authorized agents, representatives or employees may also inspect and take samples of any potatoes, potato products or containers from the premises used by a grower, dealer, handler, shipper, processor, container manufacturer, or out-of-state repacker. Regular audits shall be routinely performed by the Commission or its duly authorized agents, representatives, or employees to assure adherence with these rules. In addition, compliance audits may take place at any time. For further requirements see Section 22-1212, Idaho Code.

05. Calculation of Tax Due. All first handlers of Idaho® Grown potatoes shall pay the total tax due on all potatoes handled by them on a net weight basis. Net weight shall be determined by subtracting from the gross scale weight the dirt, rock, other foreign material only, and potatoes that are not used for human consumption. The amount of tax due is the tax rate currently imposed pursuant to Section 100.03 multiplied by the net hundredweight (cwt). The following diagram illustrates the manner in which the formula is to be applied:

\[
\text{Gross Scale Weight} - \text{Dirt, rock, other foreign material, and potatoes not used for human consumption} = \text{Net CWT (Hundred-weight) upon which tax is due} \times \text{Tax Rate} = \text{Tax Amount Due}
\]

06. Tax Reports to Be Made by Growers, Dealers, Handlers, Shippers and Processors. A report on a form approved by the Commission, showing total weight handled for a given period of time and the Idaho Potato Commission tax due are to be sent to the Idaho Potato Commission office with the tax payment. These reports are to be made on forms furnished by the Commission and show such information as the Commission may require.

101. (RESERVED)

102. CERTIFICATION MARKS FOR IDAHO® POTATO CONTAINERS.

01. Containers. All potatoes grown in Idaho and packed or repacked in containers in or outside of the state of Idaho shall be in containers printed, labeled or stenciled in a plain and legible manner with one (1) of the Commission’s registered Certification Marks, and a “GROWN IN IDAHO®” Certification Mark. An exact
reproduction of the Commission’s Certification Marks appears in appendix A. Certification Marks may not be stamped on any Idaho® potato container without a temporary written variance. No container may use a “Check Off” box format for state of origin. All containers must use Idaho specific approved produce code identification numbers, where the same have been obtained and approved. No container of Idaho® potatoes or potato products may be manufactured or used without prior written approval of the Commission or its employee. No Seal, Trademark, Certification Mark, brand, or similar device used to promote potatoes not grown in Idaho can be placed on a container.

a. Upon written application, the Idaho Potato Commission may grant a variance from these rules for special purpose shipments for charity, certified seed, experimentation and processing. If a variance is granted, the applicant shall comply with all terms and conditions of such variance. If applicable, the application shall be accompanied by a valid Certificate of Privilege issued by the Idaho and Eastern Oregon Potato Committee, and the applicant shall furnish copies of all of the reports required by the Idaho and Eastern Oregon Potato Committee to the Idaho Potato Commission.

02. Marks. No person, firm or corporation packing or repacking potatoes or potato products outside of the state of Idaho shall use any of the Commission’s Certification Marks on any containers of potatoes or potato products packed or repacked outside the state of Idaho unless they have first executed an agreement for the use of the Certification Marks with the Idaho Potato Commission, and unless they are actually packing or repacking in such containers of Idaho grown potatoes or potato products made from Idaho grown potatoes.

03. Agreement. No person, including without limitation manufacturers, container manufacturers, growers, shippers, processors and packers, shall use or reproduce any of the Commission’s Certification Marks on any container without first executing an agreement for the use of the marks with the Idaho Potato Commission.

04. Recognition. Whenever the “GROWN IN IDAHO®,” “IDAHO®,” or other Certification Marks are used, recognition must be given that the marks are registered under the appropriate Federal statute. This recognition must be: by printing a legible capital “R” inside a circle ®, immediately after the word “IDAHO” or where designated by a duly authorized employee of the Commission.

05. No Certification Mark. No Certification Mark may be incorporated into any private label, brand, or seal but shall be portrayed without embellishment as shown in appendix A.

06. Not Incorporated. The word “IDAHO®,” cannot be incorporated into any private label, brand, or seal unless such label, brand, or seal was registered with the U.S. Patent Office prior to January 1, 1966.

07. Size. A Certification Mark shall be used on the front of a one hundred (100) pound sack type container, that is not less than five (5) inches in diameter or width and not placed closer than two (2) inches from the bottom of said container. Any Certification Mark used on the rear of a one hundred (100) pound sack type container, it shall not be less than twelve (12) inches in diameter or width. The marks may also be used on both the front and back of one hundred (100) pound sack type containers, if placed as indicated and in the sizes indicated.

08. Limitation of Use. On fifty (50) pound sack type containers, a Certification Mark shall be used as on the one hundred (100) pound containers, but in proportionate sizes.

09. Other Type Containers. On all sack type containers of less than fifty (50) pounds, a Certification Mark shall appear plainly visible on the front of the containers in relative proportion to brands, labels, or other printed matter thereon, but not less than two and one quarter (2 1/4) inches in diameter or width.

10. Box Type Containers.

a. On all box type containers in which U.S. No. 1 grade Idaho® Potatoes will be packed, a Certification Mark shall be located on the front and back panels of the container that is not less than a width measurement of three and one half (3 1/2) inches and a length measurement of five and one half (5 1/2) inches so placed as to be plainly visible. Unless an approved product traceability sticker is used, the top one and three quarters (1 3/4) inches of the carton shall contain no preprinting on all four (4) sides of the container. The container shall be
packed with an approved box bottom bearing Idaho® Potato Certification Marks as specified by the commission.

b. On all box type containers in which number two (2) grade Idaho® Potatoes will be packed, packing is permitted only when the following requirements are met:

i. The container must be manufactured in a kraft, or non-colored cardboard material and may either be of a single or double piece construction that uses a box bottom bearing Idaho® Potato Certification Marks as specified by the commission;

ii. The rectangular “Grown in Idaho®” certification mark shall be placed on each side and end panel of the container, with a width measurement of three and one-half (3 1/2) inches and length measurement of five and one-half (5 1/2) inches as shown in Appendix B;

iii. The certification mark “Idaho® Potatoes” shall be printed on all four (4) sides of the container in one (1) inch lettering in the locations shown in Appendix B;

iv. The words “U.S. NO. 2” shall be printed on all four (4) sides of the container in one (1) inch lettering in the locations shown in Appendix B and on one (1) of the top flaps of the container;

v. The top one and three quarters (1 3/4) inches of the carton shall contain no preprinting on all four (4) sides of the container;

vi. One (1) of the elongated top flaps shall contain the “Grown in Idaho®” certification mark with a width of three and one-half (3 1/2) inches and length of five and one-half (5 1/2) inches, together with the certification mark “Idaho® Potatoes” in one (1) inch height and the words “U.S. NO. 2” in one (1) inch height;

vii. Product code identification numbers on containers bearing the certification marks shall use Idaho specific codes where the same have been obtained and approved; and

viii. All other requirements regarding container packaging set forth in these rules and the license agreements of the Idaho Potato Commission apply to the use of this type of container.

11. **Tote Bin Type.** On all tote bin type containers, Certification Marks must be used on the front of said container but may be used elsewhere and shall not be less than twelve (12) inches in diameter or width.

12. **Identity of Commodity.** All containers bearing the marks shall specify the identity of the commodity contained therein and the name and place of business of the manufacturer, packer, licensee, or distributor of the commodity. Containers which do not comply with the rules of the Idaho Potato Commission cannot be used by any grower, dealer, handler, shipper, processor, or out-of-state repacker for any potatoes or potato products subject to these rules.

13. **Words Printed.** All potatoes grown in Idaho and packed or repacked in Idaho shall have the words “PACKED IN IDAHO” printed on the container.

14. **Sack Type Containers -- Fifty Pounds or Over.** On all sack type containers for fifty (50) pounds or over the words “PACKED IN IDAHO” shall be located on the front lower half of the container but not closer than six (6) inches to the bottom thereof.

15. **Sack Type Containers -- Less Than Fifty Pounds.** On all sack type containers containing less than fifty (50) pounds of potatoes the words “PACKED IN IDAHO” may be placed anywhere on the container so as to be plainly visible.

16. **Location of Words.** On all box type containers the words “PACKED IN IDAHO” may be located on the ends, sides or top of the container but shall be so placed as to be plainly visible.
17. **Colors.** All marks when used and the words “PACKED IN IDAHO” shall be in color or colors in contrast with the color of the container. (7-1-21)

18. **Use.** Only in connection with potatoes and potato products grown within the state of Idaho may growers, handlers, shippers, processors, and packers use the name “IDAHO®” in any mark, label or stencil applied to containers for such produce and products. The growers, dealers, handlers, shippers, processors, and packers of potatoes within the state of Idaho are not precluded from processing, packing, and shipping potatoes grown outside the state of Idaho so long as such potatoes are not misrepresented or misbranded as Idaho® Potatoes. (7-1-21)

19. **Compulsory Printing.** Printing of the mark “GROWN IN IDAHO®” and the words “PACKED IN IDAHO” is compulsory on all potato containers printed or contracted for after December 1, 1964. (7-1-21)

20. **Idahos.** The word “IDAHOS” cannot be used on any container for potatoes, potato products, or on any other printing or advertising material or correspondence used to identify or promote Idaho potatoes. (7-1-21)

21. **Exemption.** Only shipments of certified seed potatoes to destinations outside of the state of Idaho are exempt from this rule. (7-1-21)

22. **Other Rules.** Other rules on containers, grade, and size are covered under Title 22, Chapter 9, Idaho Code, and applicable marketing orders. (7-1-21)

### 103. BRANDING, AND GRADE AND PACKAGING REQUIREMENTS OF STATE BRAND.

01. **Branding or Marking of Individual IDAHO® Potatoes.**

a. Idaho® potatoes are considered to be branded when they are individually marked or identified as such. The methods of branding shall include: marking of individual potatoes by ink, heat, light, labeling, stickering, or puncturing and such other methods as may from time to time be authorized by the Idaho Potato Commission. (7-1-21)

b. The certification mark “Idaho®” shall be one (1) inch in length and one-quarter (1/4) inch in height unless prior Idaho Potato Commission written approval is secured and granted for any variance. (7-1-21)

c. The purchase or the leasing or use of branding machines shall be entirely voluntary. (7-1-21)

d. There are no limitations on the size and type of containers in which branded potatoes may be packed as long as they meet the licensing requirements of Section 102. (7-1-21)

e. Grade for branding shall be U.S. No. 1 or better (as defined in the U.S. Standards effective March 27, 1991) and not less than two (2) inches in diameter or four (4) ounces in weight. (7-1-21)

f. Only Certification Marks owned or administered by the Idaho Potato Commission may be branded on potatoes grown in Idaho unless prior Idaho Potato Commission approval in writing is secured and granted for the use of additional words or designs. (7-1-21)

g. The operation of branding the word “Idaho®” upon potatoes may be carried on only by licensees of the Idaho Potato Commission, and only upon such terms and conditions that will insure that only Idaho grown potatoes are branded as such. (7-1-21)

h. All varieties of potatoes grown in Idaho may be so branded. (7-1-21)

i. No person, firm, or corporation may brand the word “Idaho®” on potatoes or sell machinery for the purpose of branding potatoes with any of the Idaho certification marks unless granted the right to do so by written agreement with the Idaho Potato Commission. (7-1-21)

j. Branded potatoes must use Idaho specific, approved produce code identification numbers, where
the same have been obtained and approved. (7-1-21)

k. On all branded potatoes using a standard size sticker, the Certification Mark “Idaho® Potatoes” shall be printed in eight (8) point type and the Certification Mark “Grown in Idaho®” shall be printed with a minimum height of eight point one hundred twenty-nine (8.129) mm and minimum width of five point thirty-seven (5.37) mm. (7-1-21)

02. **State Brand Grade and Packaging Requirements.** Idaho® potatoes shall meet all requirements of U.S. Extra No. 1 as defined in the U.S. Standards for Grades of Potatoes, March 27, 1991, with the following additions or exceptions: (7-1-21)

   a. Mature. (7-1-21)
   b. Fairly well shaped. Defined as excluding the lower limits of such classification. (7-1-21)
   c. Appearance as related to russetting where at least seventy five percent (75%) of the surface of the individual potato is moderately netted which means the netting will be solid net-like in appearance. (7-1-21)
   d. Size is two and one eighth (2-1/8) inches in diameter and four (4) ounces minimum, eleven (11) ounces maximum. Each lot shall meet the specifications of Size A as defined in 51.1545, Table I(2) of the Standards. (7-1-21)
   e. Tolerances for grade defects are defined in 51.1546(a)(2), for U.S. No. 1. (7-1-21)
   f. All other tolerances and definitions of the Standards apply. (7-1-21)

03. **Packaging.** (7-1-21)

   a. Container Requirement: Maximum size not to exceed twenty (20) pounds. (7-1-21)
   b. Miscellaneous Requirements: Use of the state brand packaging is entirely voluntary. Potatoes grown and packed in Idaho may be packed in state branded containers. All varieties of potatoes grown in Idaho may be packed in state branded containers. The Commission shall require a written agreement between the Idaho Potato Commission and Idaho packers for the use of the state brand. All state branded containers shall be Federal-State inspected. (7-1-21)
   c. The grade used in state brand containers shall be as defined in Subsection 103.03 and “Idaho State Code 22-908” and “Federal-State Inspected” shall be printed in three-eights (3/8) inch or larger letters, on front of each container. (7-1-21)
   d. If individually branded Idaho® potatoes are packaged in state brand packaging they must meet grade requirements as defined in Subsection 103.03. (7-1-21)

104. **REPORTING, LABELING, AND REVOCATION.** (7-1-21)

01. **Reporting of Fresh Shipments of Potatoes.** (7-1-21)

   a. Growers, dealers, handlers, and shippers of Idaho® potatoes are required to report shipments of all fresh Idaho grown potatoes giving information as to weight, packaging, and type of receiver. Reporting forms will be furnished for this information by the Idaho Potato Commission. All information received will be kept in strictest confidence as to individual shipments. (7-1-21)
   b. The purpose of this information is to provide the Idaho Potato Commission with information concerning fresh potato sales in geographical marketing areas receiving Idaho® grown potatoes to enable it to design and evaluate advertising and marketing programs. (7-1-21)
02. Labeling Containers of Fresh Idaho® Potatoes to Indicate the Variety Packed Therein.

a. All potatoes grown in Idaho that are packed or repacked in containers in Idaho, or packed or repacked in containers outside of Idaho under an out-of-state packer license agreement, shall be packed or repacked in containers that are printed, marked, labeled or stenciled in a plain and legible manner that identifies the variety packed therein.

b. No container may contain more than one (1) variety of potato, except as provided by written variance for non-russet variety potatoes.

c. Any mark, label, or stencil necessitated by this rule shall be conspicuously placed on the container and printed in a color contrasting with the background and be of a size determined as follows:

i. For bags and other containers holding one hundred (100) pounds of potatoes or more, the letters of the label shall be at least one (1) inch high;

ii. For bags and other containers holding fifty (50) pounds or more of potatoes, but less than one hundred (100) pounds, the letters of the label shall be at least three-fourths (3/4) of an inch high;

iii. For bags or other containers holding less than fifty (50) pounds of potatoes, the letters on the label shall be five-eights (5/8) of an inch high.

iv. For containers holding less than five (5) potatoes, the letter on the label shall be in a size that is plainly visible and approved in writing by a duly authorized Commission employee.

d. Any person seeking authorization to comply with this rule in a manner other than that specified herein shall submit a written request to the Commission for approval of an alternate method of compliance, which alternative method shall be in substantial compliance with these standards and which request describes in detail the proposed alternate method of compliance. The Executive Director of the Commission or a duly authorized employee shall have the authority and responsibility to review such requests and rule whether they should be allowed, said determination to be based upon a finding that such alternate method has not has not been shown to comply with the purpose and meet the standards of this rule; provided, any interested person may request in writing that the Commission grant a de novo review of said request at a subsequent regular meeting deemed convenient and appropriate by the Commission, which request the Commission may in its discretion, either grant or deny.

e. No potatoes grown in Idaho and packed or repacked in containers in Idaho, or packed or repacked outside of Idaho under an out-of-state packer license agreement, shall carry or be printed, labeled, or identified with the GROWN IN IDAHO® or IDAHO® marks unless this rule is fully complied with as respects said potatoes.

f. All persons growing potatoes in Idaho or packing or repacking in containers in Idaho, or packing or repacking outside of Idaho under an out-of-state license agreement, shall have the affirmative duty to avoid and refrain from ambiguous or misleading practices, acts or representations and to eliminate the same in marketing or handling Idaho® potatoes if such practice does or is likely to mislead any purchaser or consumer regarding the quality and variety of Idaho® potatoes purchased by such buyer or consumer.

03. Revocation of Right to Use Marks.

a. The Commission has the power to revoke the right of any person, firm, or corporation to use any of the Commission’s Certification Marks or Trademarks if such person, firm, or corporation fails to pay any advertising tax assessed against it, license fees, or royalties, or fails to comply with any of these rules or applicable law.

b. Revocation of the right to use the Certification Marks or Trademarks shall not occur without reasonable notice of at least twenty (20) days and an opportunity for a hearing pursuant to Section 67-5242, Idaho Code. However, where the Executive Director determines that expedited action is necessary, he may:
105. ADDITIONAL LABELING REQUIREMENTS, POTATOES.

01. Disclosure of Geographic Growing Area of Origin upon Potato Containers. All persons doing business in the state of Idaho are required to disclose the growing area of origin upon all potato containers in accordance with this rule and Section 22-1207, Idaho Code. For purposes of these rules, doing business in the state of Idaho means the doing of any of the acts which would subject a person to the jurisdiction of the courts of this state or defined in Section 5-514, Idaho Code.

02. Compliance for Idaho Grown Potatoes. For potatoes “Grown in Idaho®,” this rule is complied with by meeting the requirements of Section 102.

03. Compliance for Private Brands or Labels That Reference Idaho Locations. Private brands or labels of containers that reference an Idaho location, geographical feature, or otherwise attempt to imply directly or indirectly that a container of potatoes contains potatoes grown in Idaho when in fact such is not the case are prohibited.

04. Compliance for Private Brands or Labels That Do Not Reference Idaho Locations. Private brands or labels that do not reference an Idaho location, geographical feature, or otherwise attempt to imply directly or indirectly that a container of potatoes contains potatoes grown in Idaho when in fact such is not the case, but only have an Idaho address on the container, are permitted when approved by the commission or its designee. This rule is complied with by private brands or labels that:

a. Meet the requirements of Subsection 104.02.c.;

b. State the geographical state of origin of the potatoes followed by the word “potatoes”; and

c. The lettering size of the Idaho address on the container does not exceed one-half (1/2) inch for containers fifty (50) pounds or greater and one-quarter (1/4) inch for containers less than fifty (50) pounds. For example, for potatoes grown in the state of Washington, the phrase “Washington potatoes” would comply with these rules. The use of the words “Grown in” preceding the state of origin is prohibited.

106. ADDITIONAL REQUIREMENTS FOR USE OF TRADEMARKS.

01. Marks. No person is permitted to use any trademark owned or administered by the Commission unless authorized to do so pursuant to a license agreement entered into with the Commission.

02. Agreement. Trademarks owned or administered by the Commission may be licensed for use as permitted under federal and state law and as authorized by the Commission.

03. Royalty Fees. In addition to license fees, the Commission may set royalty fees for the use of trademarks.

04. Reproductions. Exact reproductions of the trademarks owned or administered by the Commission are set forth in Appendix C of these rules.
200. INFORMAL FILES MAY BE INVESTIGATIVE RECORDS.
Files created by the Commission and its staff in response to informal inquiries or complaints are investigatory records within the meaning of Sections 74-101(6) and 74-107(16), Idaho Code, are generally exempt from disclosure according to the standards of Sections 74-101 through 74-108, Idaho Code, but are available under Section 74-113, Idaho Code, to the customer, applicant, licensee, etc., that are the subjects of the investigation.

201. SUBPOENAS.

01. Issuance of Subpoenas. Upon a motion in writing, or upon a Commissioner’s own initiative without motion, any Commissioner or the Commission’s Secretary may issue subpoenas:
   a. Requiring the attendance of a witness from any place in Idaho;
   b. The production of documents from any place in Idaho; or
   c. The production of any books, accounts, papers, or records of a licensee kept within or without Idaho to any designated place of deposition, hearing, or investigation for the purpose of taking testimony or examining documents before the Commission, a Commissioner or hearing examiner.

02. Witness or Travel Fees. A party’s motion to issue a subpoena must be accompanied by a statement that the party will tender to the subpoenaed person all fees necessitated by statute and rules if the subpoena is issued.

03. Motions to Quash. The Commission upon motion to quash made promptly, and in any event, before the time to comply with the subpoena, may:
   a. Quash the subpoena; or
   b. Condition denial of the motion to quash upon reasonable terms.

202. RULINGS AT HEARINGS.
The presiding officer rules on motions presented at hearing. The presiding officer’s rulings may be reviewed by the full Commission in determining the matter on its merits. In extraordinary circumstances, the presiding officer may refer or defer these matters to the full Commission for determination.

203. OBJECTIONS -- OFFERS OF PROOF.
Grounds for objection to the admission or exclusion of evidence must be stated briefly at the time the evidence is offered. Formal exceptions to rulings admitting or excluding evidence are unnecessary and need not be taken. An offer of proof for the record consists of a statement of the substance of the excluded evidence. When a party objects to the admission of evidence, the presiding officer will rule on the objection or the presiding officer may receive the evidence subject to the later ruling by the full Commission or refer to the matter to the full Commission.

**IDAPA 31 – IDAHO PUBLIC UTILITIES COMMISSION**

**DOCKET NO. 31-0000-2100**

**NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE**

**EFFECTIVE DATE:** The effective date of the temporary rules being adopted through this omnibus rulemaking as listed in the descriptive summary of this notice is July 1, 2021.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting the temporary rules:

This temporary rulemaking adopts and republishes the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 31, rules of the Idaho Public Utilities Commission:

**IDAPA 31**
- 31.01.01, Rules of Procedure of the Idaho Public Utilities Commission;
- 31.12.01, Systems of Accounts for Public Utilities Regulated by the Idaho Public Utilities Commission;
- 31.21.01, Customer Relations Rules for Gas, Electric, and Water Public Utilities (The Utility Customer Relations Rules);
- 31.26.01, Master-Metering Rules for Electric Utilities;
- 31.31.01, Gas Service Rules;
- 31.36.01, Policies and Presumptions for Small Water Companies;
- 31.41.01, Customer Relations Rules for Telephone Corporations Providing Services in Idaho Subject to Customer Service Regulation by the Idaho Public Utilities Commission (The Telephone Customer Relations Rules);
- 31.46.01, Universal Service Fund Rules;
- 31.46.02, Rules for Telecommunications Relay Services (TRS);
- 31.61.01, Rules for the Measurement of Stray Current or Voltage (Stray Voltage Rules); and
- 31.81.01, Energy Consumption Reporting Rules.

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Sections 67-5226(1)(a), (b), and (c), Idaho Code, the Governor has found that temporary adoption of the rules is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

**FEE SUMMARY:** This rulemaking does not impose a fee or charge.

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the temporary rules, contact Stephen Goodson at (208) 334-0323.

DATED this 1st day of June 2021.
000. LEGAL AUTHORITY (RULE 0).

001. TITLE AND SCOPE (RULE 1).
The name of this chapter is “Rules of Procedure of the Idaho Public Utilities Commission.” This chapter has the following scope: These rules govern all procedure before the Idaho Public Utilities Commission (the Commission). (7-1-21)T

002. WRITTEN INTERPRETATIONS – AGENCY GUIDELINES (RULE 2).
Written interpretations to these rules can be obtained from the Secretary of the Idaho Public Utilities Commission and are available from the office of the Commission Secretary. (7-1-21)T

003. ADMINISTRATIVE APPEALS (RULE 3).
There are no provisions for administrative appeals within the Commission under these rules of procedure, except that under Rules 253 and 265 a presiding officer may in the presiding officer’s discretion refer a ruling on evidence or a motion to the full Commission. (7-1-21)T

004. PUBLIC RECORDS ACT COMPLIANCE (RULE 4).
Except as provided by statute and Rules 26, 52, 67, 233, and 287, all materials filed with the Commission pursuant to these rules and all materials issued by the Commission pursuant to these rules are public documents subject to inspection, examination and copying. (7-1-21)T

005. DEFINITIONS (RULE 5).
Terms of art used throughout these rules are defined within the rules themselves. The term “utility” used in these rules includes every common carrier, pipeline corporation, gas corporation, electric corporation, telephone corporation, and water corporation as defined in Chapter 1, Title 61, Idaho Code, and Section 62-603, Idaho Code. (7-1-21)T

006. -- 009. (RESERVED)

010. THESE RULES SUPERSEDE THE ATTORNEY GENERAL’S RULES OF PROCEDURE (RULE 10).
Except as provided in Rule 401 addressing rulemaking, these rules are affirmatively promulgated to supersede the Idaho Rules of Administrative Procedure of the Attorney General, IDAPA 04.11.01.000 et seq. The Attorney General’s Idaho Rules of Administrative Procedure do not apply to proceedings before the Commission except as provided in Rule 401. (7-1-21)T

011. PROCEEDINGS GOVERNED (RULE 11).
Rules 11 through 401 govern all procedure before the Idaho Public Utilities Commission (the Commission) in all investigations, contested cases, licensing, rulemaking, and other matters specifically addressed by these rules, unless otherwise directed by the Commission. (7-1-21)T

The principal office of the Commission is in Boise, Idaho. This office is open from 8 a.m. to 5 p.m., except Saturday, Sunday and legal holidays. The Commission’s telephone number is (208) 334-0300. The hearing or speech impaired may reach the Commission through the Idaho Telecommunications Relay Service by dialing 711. The Commission has no drop box for filing documents after the close of business. (7-1-21)T
01. Fax Number, Mailing and Street Addresses. The Commission’s FAX number is (208) 334-3762. The Commission’s mailing address is: Idaho Public Utilities Commission, PO Box 83720, Boise, Idaho 83720-0074. The street address of the Commission is: 11331 W. Chinden Blvd, Bldg 8, Suite 201-A, Boise, Idaho 83714. Except as noted in Subsection 012.03 of this rule, all documents filed in all proceedings must be filed with the Commission at one (1) of these addresses. (7-1-21)

02. Internet Homepage. The Commission’s electronic address is http://www.puc.idaho.gov. (7-1-21)

03. Electronic Address. The Commission’s e-mail address is secretary@puc.idaho.gov, for filing authorized documents per Subsections 061.02 through 061.04. (7-1-21)

013. LIBERAL CONSTRUCTION (RULE 13). These rules will be liberally construed to secure just, speedy and economical determination of all issues presented to the Commission. Unless prohibited by statute, the Commission may permit deviation from these rules when it finds compliance with them is impracticable, unnecessary or not in the public interest. (7-1-21)

014. COMMISSION SECRETARY -- COMMUNICATIONS WITH COMMISSION -- TIMELY FILING (RULE 14).

01. The Commission Secretary. The Commission Secretary is the custodian of all public files of the Commission and is responsible for service of all orders and notices of the Commission and of all complaints filed with the Commission. Unless otherwise directed by order, the Commission Secretary issues all official notices of the Commission. All written communications and documents that are intended to be part of an official Commission record (other than a hearing record) must be filed with the Commission Secretary. (7-1-21)

02. Timely Filing. Unless otherwise provided by statutes, these rules, order or notice, documents are considered filed when received by the Commission Secretary, not when mailed or otherwise transmitted. (7-1-21)

03. Case Information. Information concerning proceedings before the Commission or the status of any matter before the Commission is available from the Commission Secretary or the Commission’s Internet homepage. (7-1-21)

015. IDENTIFICATION OF COMMUNICATIONS (RULE 15). Parties’ communications addressing or pertaining to a given case or proceeding must be written under that case caption and case number. General communications by other persons should refer to case captions, case numbers, permit numbers, or the like, if this information is known. (7-1-21)

016. SERVICE BY COMMISSION - DESIGNATION OF AGENT (RULE 16). The Commission Secretary serves all notices, orders, summonses, and complaints issued by the Commission or by the Secretary. (7-1-21)

01. Service of Orders and Notices. All notices and orders served by the Commission may be served by United States mail. Notices and orders may also be served by electronic mail in cases designated by the Commission. Unless otherwise provided by statute, these rules, order or notice, service of orders and notices is complete when a copy, properly addressed and stamped, is either deposited in the United States mail or transmitted electronically. All orders and notices shall be affixed with the Commission Secretary’s official service date on the first page. The Commission Secretary will serve all orders and notices in a proceeding on the representatives of each party designated pursuant to Rule 41 for that proceeding and upon other persons designated by these rules or by the Commission or any Commissioner. (7-1-21)

02. Service of Summonses and Complaints. The Commission Secretary will serve complaints against utilities upon the person designated for that purpose by the utility. Summonses and complaints directed to regulated utilities or other persons shall be served by registered or certified mail. Writs of summons or subpoena and warrants of attachments directed to all other persons must be served by a person authorized to serve process by statute or by the Idaho Rules of Civil Procedure. (7-1-21)
03. Designation of Agent for Service. All utilities shall designate a person as their agent to be served with summons and complaints. Utilities shall be responsible for maintaining on file with the Commission Secretary the current name, mailing address and e-mail address of the person designated as the agent to receive service.

017. COMPUTATION OF TIME (RULE 17). Whenever statute, these or other rules, order, or notice requires an act to be done within a certain number of days of a given day, the given day is not included in the count. If the day the act must be done is a Saturday, Sunday or legal holiday, the act may be done on the first day following that is not a Saturday, Sunday or legal holiday.

018. PAYMENT OF FEES AND REMITTANCES (RULE 18).

01. Payments. Fees and remittances to the Commission must be paid by money order, bank draft or check payable to “Idaho Public Utilities Commission.” Remittances in currency or coin are wholly at the risk of the remitter, and the Commission assumes no responsibility for their loss.

02. Annual Regulatory Fees. Utilities and railroads shall pay their annual special regulatory fees as required by Chapter 10, Title 61 and Section 62-611, Idaho Code. Utilities and railroads that fail to pay their special regulatory fees, are no longer conducting business in Idaho, and fail to maintain a designated agent for service with the Commission Secretary (Subsection 016.03) may be administratively removed from the list of utilities and railroads subject to the annual regulatory fee.

019. INCORPORATED BY REFERENCE – IDAHO BAR COMMISSION RULE (RULE 19).

Rule 43 incorporates by reference Idaho Bar Commission Rule 227 (Pro Hac Vice Admission). Bar Rule 227 is promulgated by the Idaho State Bar and adopted by order of the Idaho Supreme Court. Bar Rule 227 may be obtained from the Idaho State Bar, PO Box 895, Boise, ID 83701, or online at http://www.isb.idaho.gov. Bar Rule 227 is also available for inspection and copying at the Idaho State Law Library or at the offices of the Idaho Public Utilities Commission.

020. DISCONTINUANCE OF TELECOMMUNICATIONS SERVICE (RULE 20).

A telephone corporation that intends to discontinue service in Idaho shall file a notice with the Commission at least ninety (90) days in advance of the date that it intends to cease operations. The telephone corporation proposing to discontinue basic local exchange or message telecommunications services shall also publish a notice of such discontinuance in a legal newspaper circulated in its service area pursuant to Section 62-612, Idaho Code. If the telephone corporation held any customer deposits or advance payments, the telephone corporation shall indicate in the notice how the deposits are to be returned to customers. See also IDAPA 31.41.01, “Customer Relations Rules for Telephone Corporations Providing Services in Idaho Subject to Customer Service Regulation by the Idaho Public Utilities Commission,” Section 312.

SUBCHAPTER B – CONTESTED CASES

(Rules 21-400)

PART 1 – DEFINITIONS AND GENERAL PROVISIONS

(Rules 21-100)

INFORMAL AND FORMAL PROCEEDINGS

(Rules 21-30)

021. INFORMAL PROCEEDINGS DEFINED (RULE 21).

Informal proceedings are proceedings in cases authorized by statute, rule or order of the Commission to be conducted using informal procedures, i.e., procedures without a record to be preserved for later Commission or judicial review, without the necessity of representation according to Rule 43, without formal designation of parties, without the necessity of presiding officers, or without other formal procedures required by these rules for formal proceedings. Unless prohibited by statute, the Commission may provide that informal proceedings may precede formal proceedings in the consideration of a rulemaking or a case.
022. INFORMAL PROCEDURE (RULE 22).
These rules encourage the use of informal proceedings to settle or determine cases. Unless prohibited by statute, the Commission may provide for the use of informal procedure at any stage of a case. Informal procedure may include individual contacts by or with the Commission staff asking for information, advice or assistance from the Commission staff, or proposing informal resolution of formal disputes. Informal procedures may be conducted in writing, by telephone, or in person. (7-1-21)

023. FURTHER PROCEEDINGS (RULE 23).
Except as provided in Rule 24, any person participating in an informal proceeding must be given an opportunity for a later formal administrative proceeding before the Commission, at which time the parties may fully develop the record before the Commission. (7-1-21)

024. INFORMAL PROCEEDINGS DO NOT EXHAUST ADMINISTRATIVE REMEDIES (RULE 24).
Unless all parties agree to the contrary in writing, informal proceedings do not substitute for formal proceedings and do not exhaust administrative remedies, and informal proceedings are conducted without prejudice to the right of the parties to present the matter formally to the Commission. The Commission Staff will consider and investigate informal inquiries or complaints without prejudice to the right of the interested persons to present the matter formally to the Commission, unless all affected persons agree in writing to be bound by the informal decision. Settlement offers made in the course of informal proceedings are confidential and shall be excluded from the agency record of any later formal proceedings. Informal procedure is recommended and preferred for informal inquiries or complaints. However, the Commission itself may formally consider any informal inquiry or complaint presented to it or to the Staff. (7-1-21)

025. FORMAL PROCEEDINGS (RULE 25).
Formal proceedings, which are governed by rules of procedure other than Rules 21 through 24, must be initiated by a pleading listed in Rules 51 through 58. (7-1-21)

026. INFORMAL FILES MAY BE INVESTIGATIVE RECORDS (RULE 26).
Files created by the Commission and its Staff in response to informal inquiries or complaints are investigatory records and are generally exempt from disclosure according to Section 74-105(1), Idaho Code, but are available under Section 74-113(1), Idaho Code, to the customer, applicant, utility, carrier, etc., that are the subjects of the investigation. (7-1-21)

027. -- 030. (RESERVED)

PARTIES – OTHER PERSONS
(Rules 31-40)

031. PARTIES LISTED (RULE 31).
Parties to proceedings before the Commission are called applicants, petitioners, complainants, respondents, or intervenors. Applicants, petitioners, complainants, and respondents are original parties. On reconsideration parties are called by their original titles listed above. (7-1-21)

032. APPLICANTS (RULE 32).
Persons who seek any right, license, award, or authority (except intervenors requesting intervenor funding) from the Commission are called “applicants.” (7-1-21)

033. PETITIONERS (RULE 33).
Persons not applicants who seek to modify, amend or stay existing orders or rules, to clarify their rights or obligations under law administered by the Commission, to ask the Commission to initiate a proceeding (other than an application or a complaint), or to otherwise take action that will result in the issuance of an order or rule, but not seeking a right or authority from the Commission, are called “petitioners.” (7-1-21)

034. COMPLAINANTS (RULE 34).
Persons charging other person(s) with any act or omission are called “complainants.” In any proceeding which the Commission charges an act or omission, the Commission is called “complainant.” (7-1-21)
035. RESPONDENTS (RULE 35).
Persons against whom complaints or petitions are filed or about whom investigations are initiated are called “respondents.” (7-1-21)T

036. INTERVENORS (RULE 36).
Persons, not original parties to a proceeding, permitted to participate as parties pursuant to Rules 71 through 75, are called “intervenors.” (7-1-21)T

037. COMMISSION STAFF (RULE 37).
The Commission Staff, without intervention, may appear at any hearing and has all rights of participation as a party to the proceeding. If counsel is desired, a Deputy Attorney General for the Commission represents the Staff. (7-1-21)T

038. RIGHTS OF PARTIES AND OF COMMISSION STAFF (RULE 38).
Subject to Rules 249, 251 and 261, all parties and the Commission Staff may appear at hearing or argument, introduce evidence, examine witnesses, make and argue motions, state positions, and otherwise fully participate in hearings or arguments. (7-1-21)T

039. PERSONS -- PERSONS NOT PARTIES -- INTERESTED PERSONS -- PUBLIC INVOLVEMENT (RULE 39).

01. Persons and Person Not Parties. The term “person” includes natural persons, partnerships, corporations, associations, municipalities, government entities and subdivisions, and any other entity authorized by law to participate in administrative proceedings. Persons other than the persons named in Rules 32 through 37 are not parties for the purpose of any statute or rule addressing rights or obligations of parties. (7-1-21)T

02. Interested Persons. Interested persons for purposes of the Commission Secretary’s service of notice under Rules 113, 123, and 202 are municipalities, counties, and chambers of commerce in the area affected by a proceeding and persons who were parties in any proceeding of a similar kind involving the same utility or railroad in the preceding three (3) years. This rule defines interested persons for purposes of Rules 113, 123, and 202, but not for purposes of Section 61-626, Idaho Code. (7-1-21)T

03. Public Involvement. Persons interested in receiving periodic updates about filings made in certain groups of cases, in individual cases, or the issuance of press releases, orders and notices may subscribe to the Commission’s Rich Site Summary (RSS) feed located on the Commission’s home page at: www.puc.idaho.gov. Subscription to general information will be available at the home page at “Keep Me Updated” and case specific subscription will be available at each case summary page. The Commission’s home page also contains links to other utility or Commission topics. (7-1-21)T

040. (RESERVED)

REPRESENTATIVES OF PARTIES (Rules 41-50)

041. INITIAL PLEADING BY PARTY -- LISTING OF REPRESENTATIVES (RULE 41).

01. Designation of Representative Required. The initial pleading of each party to a proceeding (be it an application, petition, complaint, motion, or answer) must name the party’s representative(s) for service and state each representative’s mailing and electronic (if available) address for purposes of receipt of all official documents. Service of documents on the named representative(s) by mail or by electronic mail is valid service upon the party for all purposes in that proceeding. If no person is explicitly named as a party’s representative, the person signing the pleading will be considered the party’s representative. (7-1-21)T

02. Number of Representatives. No more than two (2) persons may be designated as a party’s representatives for purposes of service or receipt of official documents unless otherwise authorized by order. The Commission may condition such an order upon reasonable terms concerning payment of copying costs and mailing costs to additional representatives. (7-1-21)T
042. **TAKING OF APPEARANCES (RULE 42).**

The presiding officer at hearing or prehearing conference will take appearances to identify the representatives of all parties at the hearing. Parties whose pleadings have not been received by or distributed to all other parties may be required to state their interests at the hearing. (7-1-21)

043. **REPRESENTATION OF PARTIES (RULE 43).**

Proceedings before the Commission are sometimes administrative in nature or quasi-judicial in nature. General requirements for the representation of parties are outlined below. (7-1-21)

01. **Administrative Proceedings.** Administrative proceedings before the Commission include matters such as the filing of tariff schedules, tariff advisories, price lists, certificates to provide local exchange service, interconnection agreements, rulemaking, written comments in modified procedure, or written comments provided at a customer hearing. These filings may be made by a natural person pro se, a partner in a partnership, an employee or officer of a corporation, or a licensed attorney. (7-1-21)

02. **Quasi-Judicial Proceedings.** The representation of parties at quasi-judicial proceedings for the purpose of adjudicating the legal rights or duties of a party is restricted as set out below. Quasi-judicial proceedings before the Commission include matters such as formal complaints, petitions, motions, applications for modified procedure or technical/evidentiary hearings. Representation of parties of these types of proceedings shall be as follows:

   a. A natural person may represent himself or herself or be represented by a licensed attorney. (7-1-21)

   b. A partnership or corporation shall be represented by a licensed attorney. (7-1-21)

   c. A municipal corporation; a state, federal, tribal, or local government agency; an unincorporated association; a non-profit organization, or other entity shall be represented by a licensed attorney. (7-1-21)

03. **Attorney Representation.** Only an active member of the Idaho State Bar may represent a party as an attorney except as provided by Idaho Bar Commission Rule 227 (Pro Hac Vice Admission). The Commission adopts by incorporation Bar Rule 227 as modified below.

   a. Limited admission by out-of-state attorneys will not be necessary in conjunction with administrative proceedings. Out-of-state attorneys representing the same party in one (1) or more quasi-judicial proceedings must request limited admission at least one (1) time per calendar year. (7-1-21)

   b. An attorney applying for limited admission to appear before the Commission in a representative capacity shall file a written motion with the Commission Secretary and serve a copy on all parties. The motion shall be substantially in the form set out in Bar Rule 227(j) with references to the Commission instead of the court. (7-1-21)

   c. A copy of the written motion shall be submitted to the Idaho State Bar accompanied by the fee prescribed in Bar Rule 227. (7-1-21)

044. **SERVICE ON REPRESENTATIVES OF PARTIES AND OTHER PERSONS (RULE 44).**

From the time a party files its initial pleading in a proceeding, that party must serve and all other parties must serve all future documents listed in Rule 51 upon all other parties’ representatives designated pursuant to Rule 41, unless otherwise directed by order or notice or by the presiding officer on the record. The Commission may order parties to serve past documents filed in the case upon those representatives. The Commission may order parties to serve past or future documents filed in the case upon persons not parties to the proceedings before the Commission. (7-1-21)

045. **WITHDRAWAL OF PARTIES (RULE 45).**

Any party must move the Commission in writing or at hearing to withdraw from a proceeding. (7-1-21)

046. **SUBSTITUTION OF REPRESENTATIVE -- WITHDRAWAL OF REPRESENTATIVE (RULE 46).**

A party’s representative may be changed and a new representative may be substituted by notice to the Commission.
and to all other parties so long as the proceedings are not unreasonably delayed. The presiding officer at hearing may permit substitution of representatives at hearing in the presiding officer’s discretion. Persons representing a party who wish to withdraw their representation of a party in a proceeding before the Commission must immediately file in writing a notice of withdrawal of representation and serve that notice on the party represented and all other parties.

047. CONDUCT REQUIRED (RULE 47).
Representatives of parties and parties appearing in a proceeding must conduct themselves in an ethical and courteous manner.

048. FORMER EMPLOYEES -- RESTRICTION ON REPRESENTATION OF PARTIES (RULE 48).
No former employee of the Commission or member of the Attorney General’s staff may appear in a representative capacity or as an expert witness on behalf of other parties in a formal proceeding in which he or she previously took an active part.

049. NOTICE OF PARTIES (RULE 49).
As reasonably necessary in a proceeding, and in any event, at least once in every proceeding, the Commission Secretary will issue to the parties a notice of parties. The notice of parties will list all parties, their representative(s) under Rule 41, their representative’s mailing or electronic address(es), exhibit numbers assigned to the parties, and any other information required by the Commission. The Commission Secretary will maintain on file a current list of all parties to a proceeding and issue a revised notice of parties as reasonably necessary to reflect changes in the previous notice of parties.

050. (RESERVED)

PLEADINGS – IN GENERAL
(Rules 51-60)

051. PLEADINGS LISTED -- MISCELLANEOUS (RULE 51).
Pleadings before the Commission are called applications, petitions, complaints, motions, answers and consent agreements. Affidavits may be filed in support of any pleading. Initial pleadings must comply with Rule 41. All pleadings must be filed in accordance with Rules 61 through 66. A party may adopt or join any other party’s pleading. Two (2) or more separately stated grounds, claims or answers concerning the same subject matter may be included in one (1) pleading.

052. APPLICATIONS -- DEFINED -- FORM AND CONTENTS (RULE 52).
All pleadings requesting a right, certificate, permit, or authority from the Commission are called “applications.” Applications must:

01. State Facts. Fully state the facts upon which they are based,

02. Refer to Provisions. Refer to the particular provisions of statute, rule, order, or other controlling law upon which they are based, and

03. Pray for the Action Sought. Request the action desired.

04. Public Information. Unless otherwise exempted from disclosure by statute, information in applications is public information not exempt from disclosure under Section 74-106(8) and 74-106(9), Idaho Code.

053. PETITIONS -- DEFINED -- FORM AND CONTENTS (RULE 53).
All pleadings requesting:

01. Modification, Amendment or Stay of Existing Orders or Rules.

02. Clarification or Construction of Orders, Rules or Statute.

03. Initiation of Proceeding. The initiation of a proceeding not an application or a proceeding that will
lead to the issuance of an order.

04. Reconsideration.

05. Request for Intervenor Funding.

06. Intervention are Called “Petitions.”

07. Form and Content. Petitions must:
   a. Fully state the facts upon which they are based,
   b. Refer to the particular provisions of statute, rule, order or other controlling law upon which they are based,
   c. Pray for the relief desired, and
   d. State the name of the person petitioned against (the respondent), if any.

054. FORMAL COMPLAINTS -- DEFINED -- CONTENTS AND PROCESS (RULE 54).
All pleadings charging utilities or other person(s) with acts or omissions under law administered by the Commission are called “formal complaints.” Formal complaints must be in writing and:

01. Name the Respondent. State the name of the utility or person complained against (the respondent).

02. State the Facts. Fully state the facts constituting the acts or omissions of the utility or person against whom the complaint is filed and the dates when the acts or omissions occurred.

03. Refer to Applicable Provisions. Refer to the specific provision of statute, rule, order, notice, tariff or other controlling law that the utility or person has violated.

04. State the Relief Desired. State what action or outcome should be taken to resolve the complaint.

05. Process. The Commission encourages the use of informal proceeding (see Rules 21 through 26) to resolve or settle formal complaints. The Commission shall determine how a formal complaint should be processed, e.g., issuance of a summons, open an investigation, informal procedure with Staff. The Commission Secretary may serve a copy of the formal complaint upon the utility or person to which the formal complaint is directed.

055. INFORMAL INQUIRIES OR COMPLAINTS (RULE 55).
Informal inquiries or complaints are addressed in Rules 21 through 26.

056. MOTIONS -- DEFINED -- FORM AND CONTENTS -- TIME FOR FILING (RULE 56).
All other pleadings requesting the Commission to take any other action, except consent agreements or pleadings specifically answering other pleadings, are called “motions.” Motions must:

01. State the Facts. Fully state the facts upon which they are based.

02. Refer to Provisions. Refer to the particular provision of statute, rule, order, notice, or other controlling law upon which they are based.

03. Pray for the Relief Sought. If the moving party desires oral argument or hearing on the motion, the moving party must so state in the motion. Any motion to dismiss, strike or limit a complaint or petition must be filed before the answer is due or be included in the answer. If the movant is obligated to file an answer. If a motion is directed to an answer, it must be filed within fourteen (14) days after service of the answer. Other motions may be filed at any time upon compliance with Rule 256. The Commission will act on motions as provided in Rule 256.
057. ANSWERS -- DEFINED -- FORM AND CONTENTS -- TIME FOR FILING (RULE 57).

01. Answers Defined. All pleadings responding to the allegations or requests of applications, complaints, petitions or motions are called “answers.” All pleadings responding to the allegations or prayers of complaints, petitions or motions are called “answers.”

02. Answers to Complaints or Petitions. Answers to complaints or petitions must be filed with the Commission and served on all parties of record within twenty-one (21) days after service of the complaint or petition, unless the Commission modifies the time within which answer may be made or a motion to dismiss is made within twenty-one (21) days.

   a. Answers to complaints or petitions must admit or deny each material allegation of the complaint or petition. Any material allegation not specifically admitted shall be considered to be denied. Matters alleged by cross-complaint or affirmative defense must be separately stated and numbered.

   b. A party that fails to answer a complaint or petition within the prescribed time will be treated as generally denying the allegations of the complaint or petition and will be precluded, except for good cause shown, from setting up any affirmative defense in the proceeding. In these cases, the Commission may proceed with the matter solely upon the issues set forth in the complaint or petition. The complainant or petitioner must offer evidence of its allegations regardless of whether the complaint or petition is answered or denied.

03. Answers to Motions. Answers to motions may be filed by persons or parties who are the object of a motion or by parties opposing a motion. The person or party answering the motion must do so with all deliberate and reasonable speed. In no event is a party entitled to more than fourteen (14) days to answer a motion or to file a motion for additional time to answer. The Commission may act upon a motion under Rule 256.

058. CONSENT AGREEMENTS -- DEFINED -- FORM AND CONTENTS (RULE 58).

01. Definition of Consent Agreement. Agreements between a regulated utility or carrier and the Commission Staff, a customer or another utility or regulated carrier in which one (1) or more parties agree prospectively to engage in certain conduct mandated by statute, rule, order, tariff, or other provision of law, or to refrain from engaging in certain conduct prohibited by statute, rule, order, tariff, or other provision of law, are called “consent agreements.” Consent agreements are intended to require compliance with existing law. Settlements of differing positions in ongoing cases under Rules 271 through 277 in the development of new rules, orders, tariffs, etc., are not consent agreements.

02. Form and Content of Consent Agreement. Consent agreements must:

   a. Recite Parties. Recite the parties to the agreement; and

   b. Statement of Conduct. Fully state the conduct proscribed or prescribed by the consent agreement. In addition, consent agreements may;

   c. Recite the consequences of failure to abide by the consent agreement;

   d. Provide for payment of civil or administrative penalties authorized by law;

   e. Provide for payment of reparations of overcharges authorized by law;

   f. Provide for loss of rights, licenses, awards or authority;

   g. Provide for consent to adjustment of rates, charges, certificates, permits, tariffs, or other action as authorized by law; or

   h. Provide that parties waive all further procedural rights (including hearing, consultation with
FILING, SERVICE, AMENDMENT AND WITHDRAWAL OF DOCUMENTS
(Rules 61-70)

061. FILING DOCUMENTS WITH THE COMMISSION -- NUMBER OF COPIES -- DISCOVERY -- FACSIMILE (FAX) AND ELECTRONIC FILING (RULE 61).
The following numbers of documents shall be filed with the Commission Secretary:

01. Printed Filings. When filing printed material:
   a. In utilities cases (other than those cases specified in Subsections 061.01.b. and 061.01.c. of this rule):
      i. Pleadings (applications, petitions, complaints, motions, answers and consent agreements)—an original (unbound and unstapled) and seven (7) copies.
      ii. Briefs, proposed orders, statements of position, and exceptions under Rule 312—an original (unbound and unstapled) and seven (7) copies.
      iii. Prepared testimony and exhibits—nine (9) copies (one (1) copy designated as reporter’s copy) plus CD-ROM as required by Rule 231.05.
   b. Security issuance cases:
      i. Pleadings—an original (unbound and unstapled) and four (4) copies.
      ii. Other documents except for discovery-related documents—three (3) copies.
   c. Telecommunication interconnection agreements:
      i. Pleadings—an original (unbound and unstapled) and three (3) copies.
      ii. All other documents—two (2) copies.

02. Filing Discovery. Discovery-related documents (notice of taking deposition, production requests, written interrogatories, requests for admission, answers to discovery, explanations in lieu of discovery under Rule 225, and objections to discovery) shall be filed in either printed or electronic format.
   a. If printed filing—three (3) copies to the Commission Secretary.
   b. If electronic filing—the discovery document(s) shall be submitted to the Commission Secretary as attachments to an e-mail or placed on a CD-ROM and the CD-ROM is filed with the Secretary. The electronic discovery documents shall be in a computer searchable form of Adobe Acrobat in portable document format (PDF) without password protection. The transmitting e-mail or CD-ROM shall be labeled with the case number, case name, and the name of the person and the party submitting the discovery.

03. FAX and Electronic Filings. Notices of withdrawal of party or of withdrawal of representative, stipulations, and documents requiring emergency or immediate action by the Commission may be filed with the Commission Secretary as an attachment to an e-mail or by facsimile transmission (FAX). The attached electronic document shall be in a computer searchable form of Adobe Acrobat (PDF) without password protection. Whenever any such document is filed by electronic mail or by FAX, the required number of printed documents per Subsection 061.01 must be delivered to the Commission by overnight mail on the next working day. The use of electronic mail or FAX is prohibited to file prepared testimony and exhibits, discovery-related documents or any other documents except as authorized by this paragraph.
04. **Reducing the Number or Changing the Form of Filing.** The Commission Secretary is authorized to reduce the number of required copies or allow electronic copies to be filed in lieu of a printed original or copies.

062. **FORM OF DOCUMENTS (RULE 62).**

01. **Information to be Listed.** All documents listed in Rule 61 submitted by a party and intended to be part of the record must:

   a. Be submitted on white eight and one-half inch by eleven inch (8 1/2” by 11”) paper copied on either one (1) side or both sides (duplexed);

   b. State the case caption, case number and title of the document;

   c. Include on the upper left corner of the first page:
      
      i. The name(s);
      
      ii. Mailing, street and e-mail address(es); and
      
      iii. Telephone and FAX number(s) of the person(s) filing the document or the person(s) to whom questions about the document can be directed; and

   d. Have at least one-inch (1”) left and top margins.

02. **Example.** These documents complying with this rule will be in the following form:

   Name of Representative (State Bar No. if applicable)
   Mailing Address of Representative
   Street Address of Representative (if different)
   Telephone Number of Representative
   FAX Number of Representative (if there is one)
   E-mail address (if available)
   Attorney/Representative (for Name of Party)

   BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

   (Title of Proceeding)

   )

   )

   )

   CASE NO. ABC-X-XX-XX

   TITLE OF DOCUMENT

03. **Identification of Parties.** Every document filed under this rule must identify the party filing it in its title. The party must be identified by both the party’s designation as a party (e.g., intervenor) and the party’s name. For example, the Intervenor ABC Company would title its motion to strike as “Motion to Strike of Intervenor ABC Company.” A short title of the document must appear at the bottom left corner of each page of the document. For example, the short title of the motion above could be: “ABC’s Motion to Strike.”

04. **Original Documents.** All original documents filed with the Commission Secretary shall be unbound and unstapled. Copies of original documents may be bound or stapled.

063. **SERVICE ON PARTIES AND OTHER PERSONS (RULE 63).**

01. **Service in General.** All documents referred to in Rule 61 (except as noted below) must be served
02. Service by Electronic Mail. The Commission may direct or the parties may agree that service among parties be accomplished by electronic mail.

03. Service of Discovery. The service of discovery documents on parties shall be accomplished by electronic mail (as attachments to e-mail). For parties without electronic mail capability, service shall be made by overnight mail, hand delivery, or the next best available service if these services are not available. See Rule 229.

064. PROOF OF SERVICE (RULE 64). Every document that is filed with the Commission and intended to be part of the record for decision must be attached to or accompanied by proof of service by the following or similar certificate:

I HEREBY CERTIFY (swear or affirm) that I have this day of, served the foregoing (name(s) of document(s)) upon all parties of record in this proceeding, (by delivering a copy thereof in person: (list names)) (by mailing a copy thereof, properly addressed with postage prepaid, to: (list names)).

Each certificate of service must individually list the names and addresses of each person served.

065. DEFECTIVE, INSUFFICIENT OR LATE PLEADINGS (RULE 65). Defective, insufficient or late pleadings may be returned or dismissed, except that applications under Rule 121 cannot be dismissed during the period of suspension of rates under Rule 123, but can only be returned for correction once the suspension period has begun.

066. AMENDMENTS TO PLEADINGS (RULE 66). The Commission may allow any pleading to be amended or corrected or any omission to be supplied. Pleadings will be liberally construed, and defects that do not affect substantial rights of the parties will be disregarded.

067. INFORMATION EXEMPT FROM PUBLIC REVIEW -- DEFINITIONS -- FORM -- PROCEDURES (RULE 67).

01. Definitions.

a. “Trade secrets” filed with the Commission are exempt from public inspection, examination, and copying pursuant to Section 74-107(1), Idaho Code. Trade secrets means information, including a formula, pattern, compilation, program, computer program, device, method, technique, process, or unpublished or in progress research that:

i. Derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use; and

ii. Is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

b. “Confidential information” means information, documents, or records filed with the Commission that are specifically exempt from public inspection, examination and copying pursuant to Sections 74-104 through 74-109, Idaho Code.
02. **Form.** In addition to the requirements of Rule 62 (except Subsection 062.01.a.), information that is alleged to be trade secrets, confidential or otherwise exempt from public disclosure shall be served upon the Commission and other parties who have entered into a protective agreement pursuant to Subsection 067.04 in either printed or electronic format. (7-1-21)

a. If in printed form, the page(s) containing the trade secret or confidential information shall be reproduced on yellow paper. Each page shall be marked as “TRADE SECRETS” or “CONFIDENTIAL.” See Rule 61 for the number of printed copies. (7-1-21)

b. If in electronic form, the trade secret or confidential information shall be reproduced separately on a CD-ROM or other electronic storage format approved by the Commission Secretary; and not included with other material electronically filed. Each CD-ROM or other storage device containing trade secret or confidential information shall be clearly identified with the case caption, case number, title of document and marked as “TRADE SECRETS” or “CONFIDENTIAL.” (7-1-21)

03. **Procedure.** Whenever a party believes that information contained in pleadings or other documents are trade secrets, confidential or otherwise exempt from public disclosure, the attorney of such party designated by Rule 41 must state in writing that the information is protected by law from public inspection, examination or copying, citing the specific grounds and legal authority for that assertion. Documents containing trade secrets or confidential information shall be separated from documents not containing trade secrets or confidential information. Trade secrets or confidential information contained in documents will be removed and replaced with a page marked: “This page allegedly contains trade secrets or confidential material and is separately filed.” All materials for which no assertion of protection from public inspection, examination and copying is made will be placed in files available for public inspection. Trade secrets, confidential information and other records exempt from public inspection shall be separately stored in a secured location with limited access and safeguarded from unauthorized disclosure. (7-1-21)

04. **Protective Agreements.** In proceedings before the Commission involving trade secrets or other confidential information, parties may enter into protective agreements to facilitate and safeguard the exchange of necessary information. Protective agreements may include procedures for copying, exchanging, serving, safeguarding, or challenging the characterization of trade secrets or confidential information. The Commission shall not be a party and will not be bound by the terms of a protective agreement. (7-1-21)

068. **WITHDRAWAL OF PLEADINGS (RULE 68).**
A party desiring to withdraw a pleading must file a notice of withdrawal of the pleading with the Commission and serve all parties with it. Unless otherwise ordered by the Commission, the notice is effective fourteen (14) days after filing. (7-1-21)

069. -- 070. (RESERVED)

INTERVENTION – PUBLIC WITNESSES (Rules 71-80)

071. **ORDER GRANTING INTERVENTION NECESSARY (RULE 71).**
Persons not original parties to a proceeding who claim a direct and substantial interest in the proceeding may petition for an order from the Commission granting intervention to become a party. (7-1-21)

072. **FORM AND CONTENTS OF PETITIONS TO INTERVENE (RULE 72).**
Petitions to intervene must comply with Rules 41, 61, and 62. The petition must set forth the name and address of the petitioner and clearly and concisely state the direct and substantial interest of the petitioner in the proceeding. If affirmative relief is sought, the petition must state the relief sought and the basis for granting it. Petitions for intervenor funding should be made in a separate document from the petition to intervene. (7-1-21)

073. **TIMELY FILING OF PETITIONS TO INTERVENE (RULE 73).**
Petitions to intervene must be filed at least fourteen (14) days before the date set for hearing or prehearing conference, whichever is earlier, unless a different time is provided by order or notice. Petitions not timely filed must state a substantial reason for delay. The Commission may deny or conditionally grant petitions to intervene that are
not timely filed for failure to state good cause for untimely filing, to prevent disruption, prejudice to existing parties or undue broadening of the issues, or for other reasons. Intervenors who do not file timely petitions are bound by orders and notices earlier entered as a condition of granting the untimely petition. (7-1-21)

074. GRANTING PETITIONS TO INTERVENE (RULE 74).
If a petition to intervene shows direct and substantial interest in any part of the subject matter of a proceeding and does not unduly broaden the issues, the Commission or the presiding officer will grant intervention, subject to reasonable conditions. If it later appears that an intervenor has no direct or substantial interest in the proceeding, or that the intervention is not in the public interest, the Commission may dismiss the intervenor from the proceeding. (7-1-21)

075. ORDERS GRANTING INTERVENTION -- OPPOSITION (RULE 75).
No order granting a petition to intervene will be acted upon fewer than seven (7) days after its filing, except in a hearing in which any party may be heard. Any party opposing a petition to intervene must do so by motion in opposition filed within seven (7) days after receipt of the petition to intervene and served upon all parties of record and upon the person petitioning to intervene. (7-1-21)

076. PUBLIC WITNESSES (RULE 76).
Persons not parties and not called by a party who testify at hearing are called “public witnesses.” Public witnesses do not have parties' rights to examine witnesses or otherwise participate in the proceedings. Subject to Rules 249 and 251, public witnesses have a right to introduce evidence at hearing by their written or oral statements and exhibits introduced at hearing, except that public witnesses offering expert opinions at hearing or detailed analysis or detailed exhibits must comply with Rule 231 with regard to filing and service of testimony and exhibits to the same extent as witnesses of parties. Public witnesses’ written or oral statements and exhibits are subject to examination and objection. (7-1-21)

077. -- 100. (RESERVED)

PART 2 – SPECIFIC REQUIREMENTS OF CERTAIN FILINGS – RELATED RULES
(Rules 101-200)

PETITIONS FOR DECLARATORY ORDERS
(Rules 101-110)

101. FORM AND CONTENTS OF PETITION FOR DECLARATORY ORDERS (RULE 101).

01. Form of Petition. Any person petitioning for a declaratory ruling must substantially follow this form. (7-1-21)

02. Contents of Petition. The petition shall:

  a. Identify the petitioner and state the petitioner’s interest in the matter, (7-1-21)

  b. State the declaratory ruling that the petitioner seeks, and (7-1-21)

  c. Indicate the statute, order, rule, or other controlling law, and the factual allegations upon which the petitioner relies to support the petition. Legal assertions in these paragraphs may be accompanied by citations of cases and/or statutory provisions. (7-1-21)

102. NOTICE OF PETITION FOR DECLARATORY ORDERS (RULE 102).
Notice of petition for declaratory ruling will be issued to all affected utilities. Orders disposing of the petition will be served on all affected utilities. (7-1-21)

103. -- 110. (RESERVED)
APPLICATIONS FOR CERTIFICATES OF CONVENIENCE AND NECESSITY
(Rules 111-120)

111. FORM AND CONTENTS -- NEW UTILITY (RULE 111).
Applicants for the issuance of a certificate of convenience and necessity for a new utility under Section 61-526, Idaho Code, or Commission order, must submit the data required by this rule (where relevant) with their applications.

01. Name, Address and Form of Business.
   a. If the applicant is a sole proprietor:
      i. The name, business address, and electronic address (if available) of the applicant; and
      ii. The business name (including “doing business as” (dba)) of the sole proprietorship.
   b. If the applicant is a partnership:
      i. A list of the names, business addresses, and electronic addresses (if available) of all the partners; and
      ii. The business name (including dba) of the partnership.
   c. If the applicant is a corporation or limited liability company (LLC):
      i. A short statement of the character of public service in which it may engage;
      ii. The name of the entity (including dba) and the state in which it is incorporated or organized;
      iii. Its principal business address, its principal business address within Idaho, and electronic address (if available);
      iv. A certified copy of its articles of incorporation or its certificate of organization if an LLC; and
      v. If not incorporated or organized in Idaho, a certificate of authority from the Idaho Secretary of State, a certificate of good standing issued by the secretary of state of the state in which it is incorporated or organized, and the name and address of its registered agent for service in Idaho.

02. Written Explanation Why Service Is Proposed. A statement or prepared testimony and exhibits explaining why the proposed utility service is or will be in the public convenience and necessity.

03. Proposed Operations. A full description of the proposed location, route or routes of the utility service, including a description of the manner of construction, and the names of all public utilities, corporations, or persons with whom the proposed new utility is likely to compete.

04. Maps. A map of suitable scale showing the location of the utility service and its relation to other public utilities in the area that offer or provide similar utility service.

05. Financing of Construction. A statement of the manner in which the applicant proposes to finance new utility service construction, the time when the applicant proposes to begin construction and the time when the applicant proposes to begin service.

06. Cost of Service. Estimates of the cost of extending to and the annual cost of serving the territory for which the certificate is sought, of the number of service connections already made or to be made, of the annual revenue from them or expected annual revenue from them, and of anticipated rates and charges.
07. **Financial Statement.** A financial statement of the applicant. (7-1-21)

112. **FORM AND CONTENTS -- EXISTING UTILITY (RULE 112).**
Existing utilities applying for the issuance of or the amendment of a certificate of convenience and necessity under Section 61-526, Idaho Code, must submit the following data (where relevant): (7-1-21)

01. **Statement and Explanation.** A statement or prepared testimony and exhibits explaining why the proposed construction or expansion is or will be in the public convenience and necessity. (7-1-21)

02. **Description of Construction or Expansion.** A full description of the proposed construction or expansion, including the manner of construction or expansion, and if an expansion, the names of all public utilities, corporations, or persons with whom the expanded utility is likely to compete. (7-1-21)

03. **Map.** A map of suitable scale showing the location of the construction or expansion and its relation to other public utilities in the area(s) that offer or provide similar utility service. (7-1-21)

04. **Financial Statement and Construction Timelines.** A statement of the manner in which the applicant proposes to finance the construction or expansion, the time when the applicant proposes to begin the construction or expansion, and the time when the applicant proposes to complete the construction or expansion. (7-1-21)

05. **Cost Estimates and Revenue Requirements.** Estimates of the cost of the construction or expansion, the number of additional customers to be served by the construction or expansion, the revenues to be derived from the construction or expansion, and of the effects of the construction or expansion on revenue requirements. (7-1-21)

113. **NOTICE OF APPLICATION -- ORDERS (RULE 113).**
Notice of application for a certificate of convenience and necessity will be issued to all interested persons in all cases in which statute requires formal consideration of the application or in which the Commission intends to conduct formal proceedings to consider the application. (7-1-21)

114. **APPLICATION FOR NEW COMPETITIVE LOCAL EXCHANGE CARRIER (CLEC) -- FORM AND CONTENT (RULE 114).**
The Commission issues Certificates of Public Convenience and Necessity to competitive local exchange carriers (CLECs) seeking to provide local exchange services in Idaho. The Commission uses the certification process to register and review applications to provide local telecommunications services. See Commission Order No. 26665 issued November 7, 1996. Each CLEC application shall include the following information: (7-1-21)

01. **Name, Address and Form of Business.** (7-1-21)
   a. If the applicant is the sole proprietor, provide the name and business address of the applicant and the business name of the sole proprietorship. (7-1-21)
   b. If the applicant is a partnership, provide a list of the names and business addresses of all the partners, and the business name of the partnership. (7-1-21)
   c. If the applicant is a corporation or limited liability company (LLC), along with the entity’s name (and dba, if any), provide, if applicable: (7-1-21)
      i. A short statement of the character of public service in which it is engaged; (7-1-21)
      ii. The name of the entity (including dba, if any) and the state in which it is incorporated or organized; (7-1-21)
      iii. Its principal business address and its principal address within Idaho; (7-1-21)
iv. A certified copy of its articles of incorporation or its certificate of organization if an LLC;

v. The names and addresses of the officers and directors of applicant;

vi. The names and addresses of subsidiaries owned or controlled by applicant;

vii. If not incorporated or organized in Idaho, a certificate of authority from the Idaho Secretary of State, a certificate of good standing issued by the secretary of state in the state it is incorporated or organized, and the name and address of its registered agent for service in Idaho; and

viii. The name and address of any corporation, association, or similar organization holding a five percent (5%) or greater ownership or a managerial interest in the applicant, and indicate the amount and character of the ownership interest. Include a copy of any management agreement with the application.

02. Services and Territory. The application shall include:

a. A written description of customer classes and customer services that the applicant proposes to offer to the public. The application shall indicate the date on which the applicant proposes to begin construction or anticipates it will begin to provide service in Idaho.

b. A description sufficient for determining whether service is to be offered in a particular location and the names of incumbent local exchange corporations (ILECs) with whom the proposed utility is likely to compete. The application shall include a description of the intended manner of service, e.g., resold services or facilities-based services; and a general description of the property owned or controlled by applicant.

c. A map of reasonable size and detail showing where the applicant is proposing to provide service including exchanges (if different from existing exchanges), rural zones, and local calling areas. If the service area is identical to an incumbent LEC’s service area, then applicant may refer to the incumbent’s service area.

03. Financial Information.

a. The application shall provide the current detailed balance sheets, including a detailed income and profit and loss statements of applicant reflecting current and prior year balance for the twelve (12) months ending as of the date of the balance sheet, or if not readily available, for the period since the close of the preceding calendar year. If a balance sheet and income statement are not available, the applicant shall submit financial data sufficient to establish it possesses adequate financial resources to provide the proposed services.

b. The application shall include the latest annual report, if any.

04. Tariffs and Price Lists. The application shall include proposed initial tariffs or price sheets setting forth rates, rules, terms, and regulations applicable to the contemplated service. Initial tariffs and price lists filings shall be in an electronic form as well as paper. The tariffs and price lists in electronic format will be in computer searchable Adobe Acrobat (PDF), or submitted on a CD-ROM or other format as prescribed by the Commission Secretary.

05. Tariff and Customer Contact. The application shall include the name, address, and telephone number for those persons responsible for tariff and price list questions, as well as customer complaints and inquiries. The application shall state the toll-free telephone number for customer inquiries and complaints.

06. Interconnection Agreements. The application shall state whether the applicant has initiated interconnection negotiations and, if so, when and with whom. Include copies of any interconnection contracts which have been completed for the provision of telecommunication services.

07. Compliance with Commission Rules. The application shall contain a written statement that the applicant has reviewed all of the Commission’s rules and agrees to comply with them, or include a request for waiver of those rules believed to be inapplicable.
08. Conservation of Telephone Numbers. The application shall contain a written statement acknowledging that non-paging telecommunications carriers with telephone numbering resources in Idaho shall be subject to numbering conservation measures including mandatory one thousand (1,000) block pooling. See Commission Order No. 30425. All CLECs shall evaluate their numbering resources and donate to the numbering resource pool unused one thousand (1,000) number blocks and one thousand (1,000) number blocks that have fewer than ten percent (10%) of the telephone numbers assigned. Applicable carriers shall also file the necessary utilization reports with NeuStar and semi-annual report their number resource utilization/forecast (NRUF) data at the one thousand (1,000) block level for each rate center within their service territory. The Federal Communications Commission has appointed NeuStar to manage the assignment and conservation of telephone area codes and telephone numbers in North America. (7-1-21)

115. -- 120. (RESERVED)

APPLICATIONS TO CHANGE RATES OR RULES
(Rules 121-130)

121. FORM AND CONTENTS OF APPLICATION TO CHANGE RATES (RULE 121).

01. Utility Applications to Change Rates. Applications by any public utility subject to Title 61, Idaho Code, to increase, decrease or change any rate, fare, toll, rental or charge or any classification, contract, practice, rule or regulation resulting in any such increase, decrease or change must include the following data: (7-1-21)

a. An exhibit showing in full each proposed change in rates, tolls, rentals, charges, rules or regulation by striking over proposed deletions to existing tariffs and underlining proposed additions or amendments to existing tariffs, except applications to increase or decrease all or almost all rates and charges by a uniform percentage or by a uniform amount may be made by filing a tariff listing the proposed change and all unchanged rates and charges or rates and charges not changed by a uniform percentage or a uniform amount, or by use of another designation previously approved by the Commission that clearly calls attention to all proposed changes in numbers or wording. (7-1-21)

b. If the application is subject to Rule 122, a complete justification of the proposed increase in the form of testimony and exhibits or a narrative exposition. (7-1-21)

c. If the application is subject to Rule 122, a statement showing how and when the application has been or will be brought to the attention of affected customers and a copy of the press release and customer notice required by Rule 125. (7-1-21)

d. A statement that the applicant stands ready for immediate consideration of the application. (7-1-21)

e. If the application is subject to Rule 122, testimony and exhibits showing financial statements, cost of capital and appropriate cost of service studies. (7-1-21)

f. Workpapers or documentation showing how test year data were adjusted. (7-1-21)

g. If the applicant provides utility service in states other than Idaho or utility service subject to federal regulation, a jurisdictional separation of all investments, revenues and expenses allocated or assigned in whole or in part to Idaho intrastate utility business regulated by this Commission showing allocations or assignments to Idaho. (7-1-21)

02. Proposals Based upon Computer Modeling. In addition, in any application in which a computer model is used to represent or simulate processes from which the revenue requirement is derived or upon which allocations of the revenue requirement to different customer classes are based, complete documentation of all those computer models must be supplied to the Staff, upon request, and be available in the utility’s office or other depository. The Staff may request that the computer model itself be provided. A computer model includes the representation or simulation of a process, but does not mean or include the compilation of actual data. The application
must state that the documentation of the models already on file in the applicant’s office or other depository fully
describes the models or that necessary updates or additions to previous documentation that will fully describe the
models is on file and will be supplied on request. (7-1-21)

03. Grounds for Returning or Dismissing Application. Failure to comply with Rule 121.01 and
121.02 of this rule is grounds to return or dismiss an application under Rule 65. (7-1-21)

122. NOTICE OF INTENT TO FILE A GENERAL RATE CASE (RULE 122).

01. Which Utilities Must File Notice. Utilities with annual gross revenues from retail customers in the
State of Idaho exceeding three million dollars ($3,000,000) must file with the Commission a “notice of intent to file a
general rate case” at least sixty (60) days before filing a general rate case. If the general rate case described in the
notice is not filed within one-hundred twenty (120) days after filing of the notice of intent to file a general rate case,
by operation of this rule a notice of intent to file a general rate case will be considered withdrawn unless it is
supplemented with a written statement that the utility still intends to file a general rate case of the kind described in its
notice of intent to file a general rate case. (7-1-21)

02. Exceptions for Trackers or Annual Cost Adjustments. This rule applies only to general rate
increases. Examples of cases outside the scope of this rule include (but are not limited to) fuel cost adjustments (e.g.,
PGA), power cost adjustment (PCA), commodity or purchased power tracker rate increases, emergency or other
short-notice increases caused by disaster or weather-related or other conditions unexpectedly increasing a utility’s
expenses, rate increases designed to recover governmentally-imposed increases in costs of doing business, such as
changes in tax laws or ordinances, or other increases designed to recover increased expenses arising on short notice
and beyond the utility’s control. (7-1-21)

123. PROPOSED CHANGES TO RATES OR RULES -- EFFECTIVE DATE -- NOTICE OF
APPLICATION -- SUSPENSION (RULE 123).

01. Statutory Notice of Rate Changes. No application by any public utility to change any rate, fare,
toll, rental, charge or classification, or any rule, regulation, or contract relating to or affecting any rate, fare, toll,
rental, charge, classification, or service, or in any privilege or facility, can be effective unless notice is given to the
Commission and the public pursuant to Section 61-307, Idaho Code. If the application for such a change proposes an
effective date fewer than thirty (30) days after the application is filed, the effective date of the change is delayed until
thirty (30) days after the application is filed by operation of Section 61-307, Idaho Code, unless the Commission by
order approves an earlier effective date for good cause shown. In the absence of an order approving or suspending
any or all such proposed changes, the changes not suspended or approved go into effect thirty (30) days after filing or
on their proposed effective date, whichever is later. If no effective date is proposed for the changes, the changes do
not go into effect until approved by order. (7-1-21)

02. Notice of Application. Within twenty-one (21) days of the date of any application to change any
rate, fare, toll, charge, or classification, or any rule, regulation or contract relating to or affecting any rate, fare, toll,
rental, charge, classification, or service, or in any privilege or facility, the Commission Secretary will issue a notice of
application to all interested persons, unless notice is issued pursuant to modified procedure or the application is
earlier approved or described by order. (7-1-21)

03. Suspension of Proposed Rate Changes. At any time before proposed changes take effect pursuant
to Sections 61-307, Idaho Code and Rule 123.01 of this rule, the Commission may suspend the effectiveness of the
changes pursuant to Sections 61-622, Idaho Code. Whenever the Commission suspends proposed changes for less
than the maximum period of suspension allowed by statute, it may extend the period of the suspension to the statutory
maximum consistent with the statutory standards. (7-1-21)

124. DESIGNATION AS GENERAL RATE CASE IN NOTICE OF APPLICATION (RULE 124).
When a notice of application designates a proceeding as a general rate case, all persons are thereby put upon notice
that the following are at issue and the Commission may make decisions addressing them, whether the notice
explicitly repeats the following or not:

01. Revenue Requirement. The utility’s Idaho intrastate revenue requirement, and every component
of it, both rate base and expense, are at issue. The Commission may grant, deny, or modify the revenue requirement requested and may find a revenue requirement different from that proposed by any party is just, fair and reasonable.

02. Rates, Charges, and Service. The rates and charges of all Idaho retail customers, both recurring and non-recurring, including those of special contract customers, are at issue, and every component of every existing and proposed rate and charge is at issue. The Commission may approve, reject or modify the rates and charges proposed and may find that rates and charges different from those proposed by any party are just, fair and reasonable.

a. The Commission may approve, reject or modify existing or proposed relationships between and among rates and charges within, between or among customer classes or rate groupings and may approve, reject or modify existing or proposed relationships among and between customer classes or rate groupings.

b. The Commission may abolish, reduce or create rate blocks or categories of rates and charges, abolish, create or reduce components of rates and charges, abolish, reduce or create customer classes or rate groupings, and abolish, reduce or create absolute or relative differences among and between existing classes or rate groupings of customers.

c. The tariffs, practices, rules and regulations, service, instrumentalities, equipment, facilities, classifications, and customer relations of the utility are at issue, and the Commission may address any of them in its order.

125. NOTICES TO CUSTOMERS OF PROPOSED CHANGES IN RATES (RULE 125).

01. Customer Notice of a Change in Rates.

a. If a utility is requesting a rate increase, the utility shall issue a customer notice to each customer. The customer notice shall include a brief explanation of the utility’s need for additional revenue and the dollar amount requested. The notice shall give the proposed overall percentage change from current rates as well as the proposed percentage increase in revenue for each major customer class.

b. If the utility is requesting a rate decrease, the utility shall issue a customer notice to each customer. The customer notice shall include a brief explanation of the reason for the decrease, the overall dollar amount of the proposed decrease, and the proposed percentage decrease for each major customer class.

c. The customer notice shall make it clear that the application is a proposal, subject to public review and a Commission decision. It shall also inform customers that a copy of the utility’s application is available for public review at the offices of both the Commission and the utility, and on the Commission’s homepage at www.puc.idaho.gov.

d. The customer notice shall inform customers that written comments regarding the utility’s application may be filed with the Commission. It shall also inform customers that they may subscribe to the Commission’s RSS feed (Subsection 039.03) to receive periodic updates via e-mail about the case.

02. Timing of Notice for Trackers or Annual Cost Adjustments. Tracker adjustments occasioned by federal action that result in an increase or decrease in rates may be brought to the attention of customers in compliance with this rule after approval by the Commission. Other tracker or annual cost adjustment cases that result in an increase in rates remain subject to the requirements of advance notice contained in this rule. Other tracker or annual cost adjustment cases that result in a decrease in rates may be brought to the attention of customers in compliance with this rule after being approved by the Commission.

03. Timely Distribution of Customer Notices. The customer notices referred to in Subsection 125.01 may be mailed separately to customers or included in the customer’s regular bill as a bill stuffer. At the customer’s option, the customer notice may be provided electronically. The information required by this rule is to be clearly identified, easily understood, and pertain only to the proposed rate change. Distribution of customer notices shall commence when the utility files its application or as soon as possible thereafter.
04. **Press Release.** In instances covered by Subsection 125.01, the utility shall also send a press release containing, at minimum, the same information presented in the customer notices to all newspapers, radio, and television stations listed on the Commission’s news organization list for that utility. The press releases shall be mailed or delivered simultaneously with filing of the application. (7-1-21)

05. **Filing of a Press Release and Customer Notice.** A copy of the press release and customer notice shall be filed with the application. (7-1-21)

06. **Purposes and Effects of This Rule.** The purposes of Subsections 125.01 through 125.05 of this rule are to encourage wide dissemination to customers of information concerning proposed rate changes for utility services. It is not a purpose of these subsections to create due process or other procedural rights in customers by expanding, contracting, or otherwise modifying the notice and due process rights of customers under the Public Utilities Law and the Commission’s Rules of Procedure, IDAPA 31.01.01. Accordingly, Subsections 125.01 through 125.05 of this rule create no individual procedural rights in any customer for notice that would give rise to a due process or other procedural claim cognizable by the Commission, but failure to comply with Subsections 125.01 through 125.05 of this rule can be grounds for returning an application for incompleteness. (7-1-21)

126. **APPLICATION TO APPROVE INTERCONNECTION AGREEMENTS (RULE 126).**

01. **Uncontested Agreements.** A telephone corporation may file an application for the Commission to approve voluntarily negotiated, adopted or amended interconnection agreements pursuant to Section 252 of the federal Telecommunications Act of 1996, http://www.fcc.gov/telecom.html. The Commission acts on adopted or negotiated interconnection agreements and uncontested amendments to previously approved agreements with the assistance of an ex parte recommendation of the Commission Staff. (7-1-21)

02. **Contested Agreements.** Petitions to arbitrate, mediate or otherwise resolve interconnection disputes between or among telecommunication carriers shall be processed under Rule 53. (7-1-21)

127. **PUBLIC WORKSHOPS ON APPLICATIONS TO INCREASE RATES (RULE 127).**

01. **Public Workshop.** When a public utility files an application to increase any rate, fare, toll, rental or charge regarding any classification or service, the Commission will determine if the staff should conduct a public workshop. The purpose of any workshop is for the staff to dispense information concerning the utility’s application and to receive written or oral comments from the public prior to the staff filing testimony or comments in the case. (7-1-21)

02. **Notice and Location of Workshop.** Notice of the public workshop shall be disseminated a minimum of seven (7) days prior to the workshop to newspapers of general circulation and radio and television stations in the affected area. The Commission shall determine the location for the workshop within the area served by the public utility. The notice shall also be posted on the Commission’s website. (7-1-21)

03. **Exemptions.** The requirements of Subsection 127.01 shall not apply to applications regarding uniform statewide surcharges under Sections 56-904, 62-610 and 62-610F, Idaho Code, or utility tariff advices. (7-1-21)

128. -- 130. **(RESERVED)**

**TARIFF SCHEDULES**
(Rules 131-140)

131. **FORM OF TARIFFS (RULE 131).**
Tariff schedules of utilities must show the designation “Idaho Public Utilities Commission” on their title page. A blank space approximately three by one and one-half inches (3” x 1-1/2”) must be provided for the Commission’s stamp of approval in the upper right or lower right corner of each schedule filed. (7-1-21)

132. **NUMBER OF TARIFF COPIES FILED (RULE 132).**
The Commission encourages public utilities to file their tariff schedules via electronic mail. (7-1-21)

01. **Electronic Tariffs.** For electronically filed tariffs, each utility shall submit its tariff schedules prepared in searchable Adobe Acrobat in portable document format (PDF) as an attachment to an e-mail, secretary@puc.idaho.gov, message sent to the Commission Secretary. Electronic tariff schedules may also be submitted as PDF documents on appropriately formatted CD-ROM or other electronic storage format approved by the Commission Secretary. (7-1-21)

02. **Printed Tariffs.** To file printed tariffs, each utility shall file an original and two (2) copies of their tariff schedules with the Commission Secretary. (7-1-21)

03. **Approval.** The Commission will stamp its approval in the space provided on each copy of an approved tariff, placing the original in its files and returning one (1) copy to the public utility. (7-1-21)

133. **TARIFFS SUBMITTED PURSUANT TO ORDER (RULE 133).**

01. **Order May Require Submission of Tariffs.** When the Commission directs or authorizes by order that certain tariffs be filed, the order may require the tariff submissions to the Commission to be accompanied by appropriate explanatory documents, summaries, workpapers, or similar material. When the Commission authorizes a utility to file new tariffs pursuant to order in a general rate case, the Commission may require the utility to file a complete set of tariffs containing both pages with changed rates and charges and those without. (7-1-21)

02. **Staff Review of Tariffs Filed Pursuant to Order.** When a utility files tariffs with the Commission pursuant to an order of the Commission in a proceeding in which other persons are party, the responsibility for reviewing the tariff submission to determine whether it complies with the Commission’s order is upon the Commission Staff, which shall promptly report to the Commission whether the tariffs do comply. The review of tariffs filed pursuant to order is an ex parte, ministerial responsibility of the Commission Staff. Tariffs may be approved in the minutes of the Commission’s decision meetings or by minute entry after Staff review without further order. (7-1-21)

03. **Motions With Regard to Tariffs Submitted Pursuant to Order.** If the Commission has approved tariffs, parties or persons contending that approved tariffs are inconsistent with the Commission’s orders may file appropriate motions asking that approval be reviewed. (7-1-21)

134. **TARIFF ADVICES (RULE 134).**

01. **Tariff Advices Authorized.** Public utilities may file tariffs adding new or modifying existing services, providing for new or modified rules, or otherwise making minor changes to existing schedules by tariff advice. The tariff advice must include a letter of transmittal from the utility listing all tariff pages changed or added by the tariff advice and stating briefly the reason for filing the tariff advice. If existing tariffs are changed, the advice must contain two (2) copies of each changed page: one (1) showing all the changes with appropriate symbols for deletions, additions, etc., and one (1) showing the pages after the changes as they will appear in the proposed new tariffs. (7-1-21)

02. **Filing of Tariff Advice.** No tariff advice can be effective unless notice is given to the Commission and the public pursuant to Sections 61-307 and 61-622, Idaho Code. If the tariff advice proposes an effective date fewer than thirty (30) days after it is filed, the effective date of the tariff is delayed until thirty (30) days after the tariff advice is filed by operation of Sections 61-307 and 61-622, Idaho Code, unless the Commission by order approves an earlier effective date for good cause shown. In the absence of an order approving or suspending the tariff advice, the tariff advice not suspended or approved goes into effect thirty (30) days after filing or on the proposed effective date, whichever is later. If no effective date is proposed for the tariff advice, the tariff advice does not go into effect until approved by order or minute entry. If a tariff advice is suspended, the Commission will open a formal proceeding and treat the tariff advice as an application. (7-1-21)

03. **Ex Parte Action.** Ordinarily, the Commission acts upon tariff advices with the assistance of a written ex parte recommendation of the Commission Staff. The Commission acts upon tariff advices at its open meetings. (7-1-21)
135. -- 140. (RESERVED)

APPLICATIONS FOR APPROVAL TO ISSUE SECURITIES
(Rules 141-150)

141. FORM AND CONTENTS OF APPLICATION TO ISSUE SECURITIES (RULE 141).
Except as provided in Rule 142, 147 or Section 61-909, Idaho Code, any utility applying to issue securities under Sections 61-901 through 61-904, Idaho Code, must submit an application with the following information: (7-1-21)

01. **Description.** A general description of the applicant’s field of operations. (7-1-21)

02. **A Full Description of the Securities.** Including the proposed:
   a. **Amount;** (7-1-21)
   b. **Interest or dividend rates;** (7-1-21)
   c. **Date of issue (or statement that the securities will be a shelf registration);** (7-1-21)
   d. **Date of maturity;** (7-1-21)
   e. **Voting privileges;** (7-1-21)
   f. **Call or redemption provisions; and** (7-1-21)
   g. **Sinking fund or other provisions for securing payment.** (7-1-21)

03. **A Statement of the Proposed.**
   a. **Method of marketing;** (7-1-21)
   b. **Terms of sale;** (7-1-21)
   c. **Underwriting discounts or commissions;** (7-1-21)
   d. **Sale price; and** (7-1-21)
   e. **Net proceeds to the applicant, including itemized statements of all fees and expenses (estimated if not known) to be paid in connection with the proposed transaction.** (7-1-21)

04. **A Statement of the Purposes.** Statement of the purposes for which the proceeds from the securities will be used, including:
   a. A description of the property to be acquired or constructed and a statement of its cost or value (estimated if not known); (7-1-21)
   b. A description of obligations to be refunded or expenditures for which reimbursement is intended; (7-1-21)
   c. Other information advising the Commission of the nature and purposes of the proposed transaction. (7-1-21)

05. **Statement of Explanation.** A statement explaining why the proposed transaction is consistent with the public interest and necessary or appropriate for or consistent with the applicant’s proper performance of service as a public utility. (7-1-21)
06. **Financial Statement.** A financial statement showing the authorized and outstanding classes of the applicant’s securities and certified copies of the resolutions of stockholders or directors authorizing the proposed transaction and other instruments relating to the transaction. (7-1-21)

07. **Proposed Order.** A proposed order granting the application, captioned proposed order of applicant, suitable for adoption by reference if the application is granted. (7-1-21)

08. **Statement of Public Notice Application.** A statement that notice of the application has been published in those newspapers in general circulation in the applicant’s service area in Idaho or nearest applicant’s service area in Idaho or will be published within seven (7) days of the application. These newspapers are: the Coeur d’Alene Press (Coeur d’Alene), the Idaho Business Review (Boise), the Idaho State Journal (Pocatello), the Idaho Statesman (Boise), the Lewiston Morning Tribune (Lewiston), the Post Register (Idaho Falls), the Preston Citizen (Preston), the Bonner County Daily Bee (Sandpoint), and the Times News (Twin Falls). The Commission may require the applicant to furnish further necessary information. (7-1-21)

142. **APPLICATIONS FILED WITH OTHER AGENCY (RULE 142).**
If the applicant files a similar application with any federal or other state agency, it may file a copy of the federal or other state application in lieu of the application required by this rule. The Commission may require the applicant to furnish further necessary information. (7-1-21)

143. **REPORTS (RULE 143).**
When the information becomes available, the applicant must file with the Commission a verified report or a copy of a verified report filed with another regulatory agency showing the amount realized by the applicant, including the itemized costs and expenses incurred in connection with the transaction. (7-1-21)

144. **HEARING -- MODIFIED PROCEDURE -- SUMMARY ACTION (RULE 144).**
The Commission may consider applications to issue securities without hearing, place the matter on modified procedure, or set the matter for formal hearing. (7-1-21)

145. **REQUESTS FOR EXPEDITIOUS ACTION (RULE 145).**
If a pleading requests the Commission to issue an order authorizing issuance of securities sooner than thirty (30) days after initial filing with the Commission, each copy of the pleading making that request must be accompanied by a cover letter stating the following:

ATTENTION COMMISSION SECRETARY AND HEAD LEGAL SECRETARY:
(Name of party) requests that the Commission issue an Order approving issuance of these securities on or before (date). (7-1-21)

146. **FEES MUST BE PAID BEFORE ORDER ISSUED (RULE 146).**
No orders authorizing security issuances will be issued until fees required by Section 61-905, Idaho Code, are paid. (7-1-21)

147. **EXEMPTION (RULE 147).**
Pursuant to Section 61-909, Idaho Code, the Commission may, by order, exempt any security or a class of security or a class of public utility from the provisions of Sections 61-902 through 61-905, Idaho Code, if it finds the public interest will not be adversely affected. See Commission Order No. 26959. (7-1-21)

148. -- 150. (RESERVED)

**CABLE POLE ATTACHMENTS**
(Rules 151-160)

151. **TIMETABLE FOR DECISION -- CABLE POLE ATTACHMENT PROCEEDINGS (RULE 151).**
Whenever a public utility, as defined in Section 61-538, Idaho Code, and a cable television company, as defined in Section 61-538, Idaho Code, are unable to agree upon the rates, terms, or conditions for pole attachments or the terms, conditions, or cost of production of space needed for pole attachments, and either the public utility or the cable
television company files an application, complaint, or petition asking the Commission to establish and regulate rates, terms, or conditions, the Commission shall decide the case within thirty (30) days; provided, the Commission shall have the right, upon reasonable notice, to enter upon a hearing concerning the propriety of such proposed rate, term, or condition and to extend its period for considering the application, complaint, or petition an additional thirty (30) days plus five (5) months and, for good cause shown on the record, an additional sixty (60) days. (7-1-21)

152. RULES OF PROCEDURE TO BE USED (RULE 152).
These Rules of Procedure apply to all proceedings concerning the rates, terms, or conditions for cable pole attachments, provided, that any such proceeding, whether denominated an application, complaint or petition, shall be processed according to the timetable of Rule 151. (7-1-21)

153. -- 160. (RESERVED)

APPLICATIONS FOR INTERVENOR FUNDING
(Rules 161-170)

161. CASES IN WHICH INTERVENORS MAY APPLY FOR FUNDING (RULE 161).
In any case involving regulated electric, gas, water or telephone utilities with gross Idaho intrastate annual revenues exceeding three million five hundred thousand dollars ($3,500,000), intervenors may apply for intervenor funding. (7-1-21)

162. FORM AND CONTENTS OF PETITION FOR INTERVENOR FUNDING (RULE 162).
A petition for intervenor funding must contain the following: (7-1-21)

01. Itemized List of Expenses. An itemized list of expenses that the intervenor requests to recover broken down into categories such as legal fees, witness fees, or reproduction fees. Legal and witness fees shall, where applicable, indicate hourly rates. (7-1-21)

02. Statement of Proposed Findings. A statement of the intervenor’s proposed finding or recommendation that the intervenor wishes the Commission to adopt. (7-1-21)

03. Statement Showing Costs. A statement showing that the costs that the intervenor proposes to recover are reasonable in amount. (7-1-21)

04. Explanation of Cost Statement. A statement explaining why the costs described in Rule 162.01 constitute a significant financial hardship for the intervenor. (7-1-21)

05. Statement of Difference. A statement showing how the intervenor’s proposed finding or recommendation in the case differs materially from the testimony and exhibits of the Commission Staff. (7-1-21)

06. Statement of Recommendation. A statement showing how the intervenor’s recommendation or position addressed issues of concern to the general body of utility users or consumers, and (7-1-21)

07. Statement Showing Class of Customer. A statement showing the class of customer on whose behalf the intervenor appeared. (7-1-21)

163. PROHIBITION ON APPLICATION BY COMPETITOR (RULE 163).
No intervenor in direct competition with a public utility involved in a proceeding is entitled to intervenor funding for that proceeding. (7-1-21)

164. TIME TO APPLY (RULE 164).
Unless otherwise provided by order, an intervenor requesting intervenor funding must apply no later than fourteen (14) days after the last evidentiary hearing in a proceeding or the deadline for submitting briefs, proposed orders, or statements of position, whichever is last. Motions in opposition to intervenor funding must be filed within fourteen (14) days after the request for intervenor funding is filed. (7-1-21)

165. AWARDS (RULE 165).
01. **Order Awarding Intervenor Funding.** The Commission may by order award intervenor funding pursuant to Section 61-617A, Idaho Code. The total award for all intervening parties combined shall not exceed forty thousand dollars ($40,000) in any proceeding. The Commission must find that:

a. The intervenor’s presentation materially contributed to the Commission’s decision, (7-1-21)T
b. The costs of intervention awarded are reasonable in amount, (7-1-21)T
c. The costs of intervention were a significant hardship for the intervenors, (7-1-21)T
d. The recommendations of the intervenor differed materially from the testimony and exhibits of the Commission Staff, and (7-1-21)T
e. The intervenor addressed issues of concern to the general body of users or consumers. (7-1-21)T

02. **Payment of Awards.** Awards of intervenor funding must be paid within twenty-eight (28) days of the order of the Commission awarding intervenor funding, unless the order of the Commission is stayed. (7-1-21)T

03. **Recovery of Awards of Intervenor Funding.** Awards of intervenor funding paid by electric, gas, water or telephone utilities will be an allowable business expense in the pending rate case or, if the proceeding is not a rate case, in the utility’s next rate case. Awards of intervenor funding shall be chargeable to the class of customers represented by the intervenors. (7-1-21)T

166. -- 200. (RESERVED)

PART 3 – POST-PLEADING PROCEDURE
(Rules 201-300)

MODIFIED PROCEDURE
(Rules 201-210)

201. **SCOPE OF MODIFIED PROCEDURE (RULE 201).**
The Commission may preliminarily find that the public interest may not require a hearing to consider the issues presented in a proceeding and that the proceeding may be processed under modified procedure, i.e., by written submissions rather than by hearing. (7-1-21)T

202. **NOTICE OF MODIFIED PROCEDURE (RULE 202).**

01. **Notice of Modified Procedure.** When the Commission finds that it may not be in the public interest to hold a hearing in a matter, notice of modified procedure will be issued. It will:

a. Describe the issues presented in the proceeding; (7-1-21)T
b. Summarize the moving party’s justification for the proposed changes and its position; (7-1-21)T
c. State that the Commission finds that it may be in the public interest not to hold a hearing in the proceeding and will not do so unless it receives written protests or comments opposing the use of modified procedure and stating reasons why modified procedure should not be used; and (7-1-21)T
d. Establish the deadline for filing written protests or comments, and a reply by the moving party. (7-1-21)T

02. **Distribution of Notice.** Copies of the notice of modified procedure will be provided to all interested persons, including newspapers, municipalities, counties, and chambers of commerce located within the territorial scope of the application, petition or complaint whose readers, citizens or members may be affected by the
203. PROTESTS AND COMMENTS (RULE 203).

Any person affected by the proposal of the moving party may file a written protest, support or comment before the deadline of the notice of modified procedure. Protests, supports and comments must contain a statement of the reasons for the protest, support or comment, but need not ask for a hearing. Persons desiring a hearing must specifically request a hearing in their written protests or comments. A copy of the person’s protest, support or comment must be served on the representative of the moving party.

204. ACTION BY COMMISSION (RULE 204).

If no protests, supports or comments are received within the deadline, the Commission may consider the matter and enter its order without a hearing. If protests, supports, comments or a reply are filed within the deadlines, the Commission will consider them and may set the matter for hearing or may decide the matter and issue its order on the basis of the written positions before it.

205. -- 210. (RESERVED)

PREHEARING CONFERENCES
(Rules 211-220)

211. PURPOSES OF PREHEARING CONFERENCES (RULE 211).

The Commission may by order or notice issued to all parties and to all interested persons as defined in Rule 39 convene a prehearing conference for the purposes of formulating or simplifying the issues, obtaining concessions of fact or of identification documents to avoid unnecessary proof, scheduling discovery, arranging for the exchange of proposed exhibits or prepared testimony, limiting witnesses, scheduling hearings, establishing procedure at the hearings, discussing settlement offers or making settlement offers, and addressing other matters that may expedite orderly conduct and disposition of the proceeding or its settlement.

212. NOTICE OF PREHEARING CONFERENCES (RULE 212).

Notice of the place, date and hour of a prehearing conference will be served at least fourteen (14) days before the time set for the conference, unless the Commission finds by order that the public necessity requires the conference to be held earlier. Notices for prehearing conferences must contain the same information as notices of hearing with regard to the Commission’s obligations under the Americans with Disabilities Act. See Rule 242.

213. RECORD OF CONFERENCE (RULE 213).

Prehearing conferences may be held formally (on the record) or informally (off the record) before or in the absence of a Commissioner or hearing examiner, according to order or notice. Agreements by the parties to the conference may be recorded by the reporter during formal conferences or may be reduced to writing and filed with the Commission Secretary after formal or informal conferences.

214. ORDERS RESULTING FROM PREHEARING CONFERENCES (RULE 214).

The Commission may issue a prehearing order or notice based upon the results of the agreements reached at a prehearing conference. The order or notice will bind all persons who could have participated in the prehearing conference, but did not, and all those who later file untimely interventions. A prehearing order will control the course of subsequent proceedings unless modified by the Commission for good cause.

215. CONFERENCE PROCEEDINGS PRIVILEGED (RULE 215).

Facts disclosed, offers made and all other aspects of negotiation (except agreements reached) in prehearing conferences are privileged and are not part of the record. Except by agreement, facts disclosed cannot be used against participating parties, before the Commission or elsewhere, unless proved by independent evidence. Offers made and other aspects of negotiations or settlement other than a final agreement itself are privileged.

216. -- 220. (RESERVED)
DISCOVERY – RELATED PREHEARING PROCEDURE
(Rules 221-240)

221. KINDS AND SCOPE OF DISCOVERY LISTED (RULE 221).
The kinds of discovery recognized and authorized by these rules are:

01. Depositions.
02. Production Requests or Written Interrogatories.
03. Requests for Admission.
04. Subpoenas.
05. Statutory Examination and Audit. Unless otherwise provided by these rules, order, or notice, the scope and procedure of discovery, other than statutory examination and audit, is governed by the Idaho Rules of Civil Procedure. (See Idaho Rule of Civil Procedure 26(b)).

222. DISCOVERY AUTHORIZED (RULE 222).
The Commission, individual Commissioners, and all parties to a proceeding have a right of discovery of all other parties to a proceeding. The Commission may by order authorize or compel necessary discovery not listed in these rules.

223. RIGHTS TO DISCOVERY RECIPROCAL (RULE 223).
All parties to a proceeding and the Commission Staff have a right of discovery of all other parties to the proceeding and the Commission Staff according to these rules. The Commission may by order direct further discovery not provided by these rules.

224. DEPOSITIONS (RULE 224).
Depositions may be taken in accordance with Section 61-605, Idaho Code, and the Idaho Rules of Civil Procedure for any purpose allowed by statute, Idaho Rule of Civil Procedure, rule of the Commission, order or notice. Depositions may be taken of expert witnesses notwithstanding contrary provisions of the Idaho Rules of Civil Procedure. Depositions rather than production requests or written interrogatories should be used to obtain statements of opinion or policy not previously written or published. Unless otherwise provided by order or notice or agreed to by the deponent or the deponent’s attorney, notice of deposition must be given at least fourteen (14) days before deposition is taken.

225. PRODUCTION REQUESTS OR WRITTEN INTERROGATORIES AND REQUESTS FOR ADMISSION (RULE 225).

01. When Requests May Be Used. Production requests or written interrogatories and requests for admission may be taken in accordance with the Idaho Rules of Civil Procedure for any purpose allowed by statute, Idaho Rule of Civil Procedure, rule of the Commission, order or notice, except:

a. Production requests or written interrogatories should not be used to obtain statements of opinion or policy not previously written or published and may be objected to on that ground; and

b. Requests for admission concerning a matter of opinion or policy or the application of law, order or rule to fact may be denied generally and the reasons for denial required to be discovered by deposition rather than by request for admission, but a request for admission on any matter of opinion or policy or application of law to fact on an uncontested matter must be answered.

02. Form of Requests. The caption of a production request or written interrogatory and of a request for admission must identify the party making the request or interrogatory, the party to whom the request or interrogatory is directed, and the number of the request or interrogatory to that party. Separate questions within a production request or written interrogatory or within a request for admission must be numbered consecutively within the request or interrogatory and consecutively with earlier production requests or written interrogatories and requests for
admission, respectively, from the same party submitting the questions to the same party answering them. For example, if the last question of the Third Production Request of the Commission Staff to XYZ Electric Company is numbered 33, the first question of the Fourth Production Request of the Commission Staff to XYZ Electric Company must be numbered 34. But, if the Staff’s next production request is its first to intervenor ABC Company, that request must begin with question one (1) to that intervenor.

03. Time for Objection and Answer. Unless otherwise provided by order, notice, or these rules, or pursuant to agreement with or acquiescence of the answering party, parties have at minimum fourteen (14) days to object or explain why a question cannot be answered according to this rule and twenty-one (21) days to answer.

04. Numbers of Requests. The number of production requests or written interrogatories and of requests for admission and individual questions or subparts in them may be limited by order, notice or rule of the Commission, but are not limited by the provisions of the Idaho Rules of Civil Procedure.

226. SUBPOENAS (RULE 226).

01. Issuance of Subpoenas. Upon a motion in writing, or upon a Commissioner’s own initiative without motion, any Commissioner may issue subpoenas:

- Requiring the attendance of a witness from any place in Idaho;
- The production of documents from any place in Idaho; or
- The production of any books, accounts, papers or records of a utility or carrier kept within or without Idaho to any designated place of deposition, hearing or investigation for the purpose of taking testimony or examining documents before the Commission, a Commissioner or hearing examiner.

02. Witness or Travel Fees. A party’s motion to issue a subpoena must be accompanied by a statement that the party will tender to the subpoenaed person all fees required by statute and rules if the subpoena is issued.

03. Motions to Quash. The Commission upon motion to quash made promptly, and in any event, before the time to comply with the subpoena, may:

- Quash the subpoena; or
- Condition denial of the motion to quash upon reasonable terms.

227. STATUTORY EXAMINATION AND AUDIT – CONTRASTED WITH OTHER DISCOVERY (RULE 227).

Statutory examination and audit refers to the right of the Commission, an individual Commissioner, or an authorized member of the Commission Staff to review and inspect the books, records and premises of regulated utilities and carriers pursuant to statute. This right of statutory examination and audit is independent of any right of discovery in formal proceedings and may be exercised whether or not a regulated utility or carrier is party to a formal proceeding before the Commission. Information obtained from statutory examination and audit may be used in formal proceedings or for any other regulatory purpose. The rights of deposition, production request or written interrogatory, request for admission, and subpoenas can be used by parties only in connection with formal proceedings before the Commission.

228. ANSWERS TO PRODUCTION REQUESTS OR WRITTEN INTERROGATORIES AND TO REQUESTS FOR ADMISSION (RULE 228).

01. When Answers Not Filed. Answers to production requests or written interrogatories and to requests for admission need not be filed and served in the following circumstances:

- Voluminous answers may be filed in a depository designated and agreed to by the parties or
designated by the Commission, and an explanation notifying the parties of the availability of the answers at the depository must be filed and served in their stead. (7-1-21)

b. Answers involving data compiled by computer may be transmitted in computer-readable form (e.g., by disk or other mutually agreed means) to the party requesting them and to all other parties requesting them in similar computer-readable forms and an explanation notifying the parties of their distribution must be filed and served in their stead. (7-1-21)

02. Filing of Answers. Except as provided in Rule 228.01, answers to production requests or written interrogatories and to requests for admission must restate in full each question asked, then state in full the party’s response to the question and the persons who will be able to answer questions about or sponsor the answer at hearing. Answers to production requests or interrogatories need not be separately answered under oath by each person preparing the party’s response to the question or each witness who will be able to answer questions about or sponsor the answer, but instead can be generally subscribed by the party’s representative. The restatement of the question and its accompanying answer must begin on a new page whenever the preceding answer refers to other documents or whenever the preceding question in the particular production request or written interrogation is not answered in full in that document. (7-1-21)

229. FILING AND SERVICE OF DISCOVERY AND RELATED DOCUMENTS (RULE 229). Notices of deposition, production requests or written interrogatories, requests for admission, answers to production requests or written interrogatories, answers to requests for admission, explanations in lieu of answers under Rule 228.01, and objections to discovery shall be filed with the Commission Secretary and copies served on all parties according to Rules 61, 62, 63, and 64. (7-1-21)

230. EXHIBIT NUMBERS – PREPARED TESTIMONY AND EXHIBITS (RULE 230). The Commission Secretary assigns exhibit numbers to each party. Applicants, petitioners, or complainants are assigned exhibit nos. 1-100. If the Commission is complainant, the Staff is assigned exhibit nos. 1-100. In all other cases, the Staff is assigned exhibit nos. 101-200. Respondents and intervenors are assigned exhibit nos. 201-300, 301-400, etc., as they make their first pleading, but the lower series are reserved first for respondents, then for intervenors. These assigned numbers should be used in all prepared testimony. (7-1-21)

231. PREPARED TESTIMONY AND EXHIBITS (RULE 231).

01. Prepared Testimony May Be Required. Order, notice or rule may require a party or parties to submit prepared testimony and exhibits to be presented at hearing. (7-1-21)

02. Format for Prepared Testimony.

a. Prepared testimony and exhibits must be accompanied by a cover sheet showing the case caption and case title, the person testifying, the party for whom the testimony is offered, and the nature of the testimony (direct, rebuttal, etc.). (7-1-21)

b. The first page of prepared testimony should contain testimony only (i.e., it should begin with the first question to the witness and not repeat the information on the cover page). (7-1-21)

c. Prepared testimony must be submitted on white eight and one-half by eleven inch (8-1/2” x 11”) paper, be double-spaced (except for quoted material and tables or other collections of numerical data), and contain no more than ten (10) characters per inch and no less than twenty-five (25) lines of double-spaced testimony or more than thirty (30) lines per page. Each page may be printed on the front and back (duplexed). (7-1-21)

d. Each line of prepared testimony must be numbered at the left margin (except single-spaced quotations or tables of numerical data, which may be numbered at the left margin as though they were double-spaced). Each page of testimony must have a one and one-half (1-1/2) inch left margin that will allow the page to be bound on its left side without obscuring the printed material. Indentations for paragraphing and for “Q” and “A” must be seven (7) spaces. (7-1-21)

e. Each page of prepared testimony must be numbered at the lower right corner and must be blank in
the center of the bottom margin to allow the reporter to insert transcript page numbers there. Each page of prepared testimony must have at least a one-inch (1") top and bottom margin. (7-1-21)

f. Each page of prepared testimony must contain the witness’s surname followed by the designation “Di” (signifying direct testimony) or “Di-Reb” (signifying direct testimony on rebuttal) and the name of the party sponsoring the testimony printed in the lower right margin. For example, the marginal notation on page 5 of the testimony of the witness Lynn Accountant of ABC Company would be:

<table>
<thead>
<tr>
<th></th>
<th>Accountant, Di 5</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>ABC Company</td>
</tr>
</tbody>
</table>

03. References to Exhibits. All references to exhibits in prepared testimony must refer to the exhibits by their number as assigned by the Commission Secretary. Exhibits accompanying prepared testimony must be consecutively numbered from the first exhibit number assigned to the party by the Commission Secretary if the party has not previously identified exhibits, or from the highest exhibit number previously identified by that party. Exhibits must be filed on eight and one-half by eleven inch (8-1/2" x 11") paper unless it is impractical to make them that size. Exhibits accompanying prepared testimony must comply with Rule 267. (7-1-21)

04. Number of Copies -- Filing and Service. Unless otherwise provided by order, notice or agreement of the parties, nine (9) legible copies of prepared testimony and exhibits must be filed with the Commission Secretary and copies filed on all parties pursuant to Rules 61, 62, 63 and 64 at least fourteen (14) days before the hearing at which they will be presented. The original, if there is an original, or one (1) of the copies, if there is not, must be specifically designated as the reporter’s copy by cover sheet, attached note or otherwise, and be included with the copies filed with the Commission Secretary. In special circumstances, notice or order may provide that the reporter’s copy of prepared testimony and exhibits be served directly on the reporter rather than the Commission Secretary. (7-1-21)

05. Computer-Searchable Copies of Testimony. In addition to the paper copies of prepared testimony, the Commission Secretary may also require or the parties may agree that some or all of the prepared testimony to be submitted to the Secretary, parties and the reporter in computer searchable CD-ROM without password protection. The CD-ROM shall be in Adobe Acrobat (PDF) or other searchable format agreed upon by the reporter and the parties. Each CD-ROM shall be labeled with the Commission’s case number, case name, the name of each witness and the sponsoring party. (7-1-21)

232. SANCTIONS FOR FAILURE TO OBEY ORDER COMPELLING DISCOVERY (RULE 232). The Commission may impose all sanctions recognized by the Public Utilities Law for failure to comply with an order compelling discovery. (7-1-21)

233. ASSERTIONS THAT DISCOVERED MATERIAL IS PROTECTED FROM PUBLIC INSPECTIONS -- PROCEDURES (RULE 233).

01. Assertion of Protection. Whenever any party to a request for discovery believes that material otherwise discoverable is protected by statute or rule of law from inspection, examination or copying by the general public, the attorney for the party asserting the material is protected by law from inspection, examination or copying must state that the answer or some portion of it is protected, citing the specific statute or other legal authority for that position. The attorney’s assertion constitutes a representation that the attorney is familiar with the material claimed not to be available for public inspection, examination and copying and in good faith believes there is a basis in law for that claim. (7-1-21)

02. Procedures. When an answer contains material, some of which is protected by law from public inspection, examination, and copying and some of which is not, the protected material must be reproduced on yellow paper and separated from material available for public review. Each page of the material exempt from public review must be marked “Trade Secrets” or “Confidential.” All material exempt from public review shall be filed with the Commission Secretary and served on all parties under seal pursuant to Rule 229. Material exempt from public review shall be separately stored in a secure location with limited access and safeguarded from unauthorized disclosure. All
material for which no assertion of protection against public inspection, examination and copying is made will be placed in files available for public inspection. (7-1-21)T

234. ASSERTION OF RIGHT AGAINST SELF-INCRIMINATION DURING DISCOVERY -- IMMUNITY (RULE 234).

01. Assertion of Right. During discovery any person may assert the right not to testify or not to produce documents upon the ground that the testimony or production of documents may tend to incriminate the person or subject him or her to penalty or forfeiture. (7-1-21)T

02. Granting of Immunity. The Commission or any Commissioner may direct that person to testify or produce documents by written order or upon the record at hearing. In such case, that person shall not be prosecuted, punished or subjected to any forfeiture or penalty for or on account of any act, transaction, matter or thing concerning which he or she shall under oath have testified or produced documentary evidence: provided, that no person so testifying shall be exempt from prosecution or punishment for any perjury committed in that testimony. (7-1-21)T

03. No Immunity Without Assertion of Right. No immunity is granted under this rule or under Section 61-606, Idaho Code, in the absence of a specific assertion of the persons’ rights under Section 61-606, Idaho Code, and the Commission’s or a Commissioner’s written order or direction on the record at hearing compelling the person to testify or produce written documents and immunizing the person from prosecution, punishment, forfeiture or penalty according to this rule and Section 61-606, Idaho Code. No immunity granted under this rule or Section 61-606, Idaho Code, shall extend to any public utility. (7-1-21)T

235. -- 240. (RESERVED)

HEARINGS – MISCELLANEOUS PROCEDURE
(Rules 241-260)

241. NOTICE OF HEARING (RULE 241).

01. Timing of Notice. Notice of the place, date and hour of hearing will be served at least fourteen (14) days, or in the case of formal complaints, twenty-one (21) days, before the time set for hearing, unless the Commission finds by order that the public necessity requires the hearing to be held earlier. (7-1-21)T

02. Contents of Notice. Notices must comply with Rule 242’s requirements. Notices must list the names of the parties (or the lead parties if the parties are too numerous to name), the case number, and the name of the hearing officer who will conduct the hearing if the case will not be heard by one (1) or more Commissioners. If no document previously issued by the Commission has listed the legal authority of the Commission to conduct the hearing, the notice of hearing must do so. The notice of hearing shall state that the hearing will be conducted under these rules of procedure and inform the parties where they may read or obtain a copy. (7-1-21)T

03. Locations of Hearing. Hearings may be held in Boise, Idaho, or at other places designated by notice or order. (7-1-21)T

04. Types of Formal Hearings. The Commission generally conducts two (2) types of formal public hearings.

a. A technical hearing is a public hearing where parties present witnesses and their prepared testimony and exhibits. (7-1-21)T

b. A customer hearing is a public hearing for customers, public officials, and other persons not related to parties in the case to provide testimony. Unless otherwise ordered by the presiding officer, parties are prohibited from presenting evidence at the customer hearing. (7-1-21)T

242. FACILITIES AT OR FOR HEARING AND ADA REQUIREMENTS (RULE 242).
All hearings must be held in facilities meeting the accessibility requirements of the Americans with Disabilities Act (ADA). All notices of hearing must inform the parties that the hearing will be conducted in facilities meeting the
accessibility requirements of the Americans with Disabilities Act. All notices of hearing must inform the parties and other persons notified that if they require assistance of the kind that the Commission is required to provide under the Americans with Disabilities Act (e.g., sign language interpreters, Braille copies of documents) in order to participate in or understand the hearing, the Commission will supply that assistance upon request made seven (7) days before hearing.

243. HOW HEARINGS ARE HELD (RULE 243).

01. All Hearings Presumed Open. All hearings conducted by the Commission are open to the public except when a hearing may be partially closed to safeguard trade secrets or other confidential information protected from public disclosure. If parties intend to cross-examine or offer testimony that may necessitate the partial closure of a hearing, they shall advise the Commission or presiding officer at the beginning of the hearing or as soon as thereafter as practical. The Commission disfavors closed hearings and parties shall take all reasonable measures to avoid the need to close a public hearing. Such measures include:

a. Using references to page and line or column numbers;

b. Using summaries or generalizations;

c. Stipulating that the evidence be offered in the public hearing; or

d. Offering testimony in writing.

02. Methods of Conducting Hearings. Hearings may be held in person or by telephone or television or other electronic means, if each participant to the hearing has an opportunity to participate in the entire proceeding while it is taking place.

244. CONDUCT AT HEARINGS (RULE 244).
All persons attending a hearing must conduct themselves in a respectful and courteous manner. Persons disrupting the hearing shall be asked to leave by the presiding officer. See Rule 47 and Section 18-6409(1), Idaho Code. Smoking is not permitted at hearings.

245. CONFERENCE AT HEARING (RULE 245).
In any proceeding the presiding officer may convene the parties before hearing or recess the hearing to discuss formulation or simplification of the issues, admissions of fact or identification of documents to avoid unnecessary proof, exchanges of documents, exhibits or prepared testimony, limitation of witnesses, establishment of order of procedure, and other matters that may expedite orderly conduct of the hearing. The presiding officer will state the results of the conference on the record.

246. PRELIMINARY PROCEDURE AT HEARING (RULE 246).
Before taking evidence the presiding officer will call the hearing to order, take appearances of parties, and act upon any pending motions or petitions. The presiding officer may allow opening statements as necessary or appropriate to explain a party’s presentation.

247. CONSOLIDATION OF PROCEEDINGS (RULE 247).
The Commission may consolidate two (2) or more proceedings for hearing when it finds that they present issues that are related and that the rights of the parties will not be prejudiced. In consolidated hearings the presiding officer determines the order of the proceeding.

248. STIPULATIONS (RULE 248).
Parties may stipulate among themselves to any fact at issue by written statement filed with the Commission Secretary or presented at hearing or by oral statement on the hearing record. A stipulation binds all parties agreeing to it only according to its terms. The Commission may regard a stipulation as evidence, but the Commission may require proof by evidence of the facts stipulated. The Commission is not bound to adopt a stipulation of the parties, but may by order do so. If the Commission rejects a stipulation, it will do so before issuing a final order; and it will provide an additional opportunity for the parties to present evidence and arguments on the subject matter of the rejected stipulation.
249. ORDER OF PROCEDURE (RULE 249).

01. Order of Presentation of Evidence. The parties’ evidence will ordinarily be introduced in the following order:

a. Upon applications:
   i. Applicant;
   ii. Intervenors;
   iii. Commission Staff; and
   iv. Rebuttal by applicant.

b. Upon formal complaints or petitions (except when the Commission is complainant):
   i. Complainant or petitioner;
   ii. Intervenors;
   iii. Commission Staff;
   iv. Respondents; and
   v. Rebuttal by complainant or petitioner.

c. Upon complaints by Commission:
   i. Commission Staff;
   ii. Intervenors;
   iii. Respondents; and
   iv. Rebuttal by Commission Staff. This order of presentation of evidence may be modified by the Commission or presiding officer. Additional evidence may be taken in the discretion of the Commission or presiding officer. Evidence of public witnesses may be taken at any time.

02. Order of Examination of Witnesses. Witnesses will ordinarily be examined in the following order:

a. Direct examination by sponsoring party or direct statement of public witness;

b. Examination by applicants, petitioners or complainants;

c. Examination by intervenors;

d. Examination by respondents;

e. Examination by Commission Staff (except when the Staff acts as complainant);

f. Examination by Commissioners or hearing examiners; and

   g. Redirect examination or rebuttal statement. The presiding officer may allow additional examination of witnesses or vary the order of examination of witnesses. The presiding officer may vary the order of examination.
of witnesses to allow parties with interests adverse to the witness to examine the witness after parties with interests similar to the witness.

250. TESTIMONY UNDER OATH (RULE 250).
All testimony presented in formal hearings will be given under oath. Before testifying each witness must swear or affirm that the testimony the witness will give before the Commission is the truth, the whole truth, and nothing but the truth.

251. PARTIES AND PERSONS WITH SIMILAR INTERESTS (RULE 251).
If two (2) or more parties or persons have substantially like interests or positions, to expedite the proceeding and avoid duplication the presiding officer may limit the number of them who testify, examine witnesses, or make and argue motions and objections.

252. CONTINUANCE OF HEARING (RULE 252).
The Commission or presiding officer may continue proceedings for further hearing. When a hearing for an application described by Rule 121 is continued at the request of the applicant, the applicant may be required, as a condition of granting the motion for continuance, to consent to an order tolling the running of any suspension period if the Commission ultimately finds that a final order cannot be issued within the suspension period because the applicant’s request for a continuance was granted.

253. RULINGS AT HEARINGS (RULE 253).
The presiding officer rules on motions presented at hearing. The presiding officer’s rulings may be reviewed by the full Commission in determining the matter on its merits. In extraordinary circumstances, the presiding officer may refer or defer these matters to the full Commission for determination.

254. ORAL ARGUMENT (RULE 254).
The Commission may set and hear oral argument on any matter before it on reasonable notice according to the circumstances.

In any proceeding, any party may move to file briefs, memoranda, proposed orders of the parties or statements of position, and the Commission or presiding officer may request briefs, proposed orders of the parties, or statements of position. The Commission or presiding officer may issue a proposed order and ask the parties for comment upon the proposed order.

256. PROCEDURE ON MOTIONS (RULE 256).

01. Argument. The Commission may consider and decide prehearing motions with or without oral argument or hearing. If oral argument or hearing on a motion is requested and denied, the Commission must state its grounds for denying the request.

02. Requirements for Motion for Expeditious Substantive Relief. A motion requesting substantive relief on fewer than fourteen (14) days’ notice will not be acted upon on fewer than fourteen (14) days’ notice unless it states:

   a. The facts supporting its request to act on shorter notice; and
   
   b. 1) That at least one (1) representative of all parties has received actual notice of the motion, by telephone or personal delivery of the motion; or 2) stating the efforts made to reach representatives of those parties not contacted and what efforts will continue to be made to contact them. Except as otherwise provided in this paragraph, the Commission will allow at least two (2) days (excluding Saturdays, Sundays and legal holidays) after notification by telephone or actual receipt of the motion for parties to inform the Commission Secretary, either in writing personally delivered to the Secretary or by telephone, whether they support or oppose the motion and whether they desire to be heard on the motion in person, in writing or by telephone. Except in extraordinary circumstances in which the Commission states good cause for ruling on a motion without allowing two (2) days for parties to state their positions or to present their position on the motion either in person, in writing or by telephone, the Commission
will not rule on a substantive motion. Whenever an order is issued in such extraordinary circumstances, it will expire in no more than seven (7) days.

03. Motions for Procedural Relief. A motion requesting procedural relief on fewer than fourteen (14) days’ notice is properly filed if it complies with provisions of Rule 256.02.a. and 256.02.b. The Commission may act on such a motion without waiting for responses of other parties.

04. Support or Opposition to Prehearing Motion. When a prehearing motion has been filed, all parties seeking similar substantive or procedural relief must join in the motion or file their own motions within seven (7) days after receiving the original motion. The party answering to or responding to the motion(s) will have fourteen (14) days from the time of filing of the last motion or joinder pursuant to the requirements of the previous sentence in which to respond, except as provided in Rule 256.02 and 256.03 of this rule.

257. JOINT HEARINGS (RULE 257). When the Commission participates jointly with a federal regulatory agency, the rules of practice and procedure of the federal agency govern. When the Commission participates jointly with an administrative body of another state or other states, the rules of the state where the hearing is held govern unless otherwise agreed upon by the participating agencies. Any person entitled to appear in a representative capacity for any of the agencies involved in a joint hearing may do so in such joint hearing.

258. COMMISSIONERS -- HEARING EXAMINERS -- PROCEDURE (RULE 258).

01. Officers Holding Hearings. Hearings are held before one (1) or more Commissioners or one (1) or more hearing examiners appointed by the Commission. The presiding officer is designated by the Commission. Any Commissioner or hearing examiner may administer oaths.

02. Procedure When Hearing Examiner Holds Hearing. When a hearing examiner hears a proceeding, the examiner must prepare and file recommended findings of fact with the Commission Secretary and serve copies of them on all parties of record within fourteen (14) days after receipt of the hearing record, unless the examiner’s recommended findings are stated on the record at hearing. Unless otherwise provided by order or notice, the Commission will issue its decision based upon its independent review of the record and of the hearing examiner’s recommended findings of fact.

259. ASSERTION OF RIGHT AGAINST SELF-INCrimINATION AT HEARING -- IMMUNITY (RULE 259).

01. Assertion of Right. At hearing any person may assert the right not to testify or not to produce documents upon the ground that the testimony or production of documents may tend to incriminate the person or subject him or her to penalty or forfeiture.

02. Granting of Immunity. The Commission or any Commissioner may direct that person to testify or produce the document by written order or upon the record at hearing. In such case, that person shall not be prosecuted, punished or subjected to any forfeiture or penalty for or on account of any act, transaction, matter or thing concerning which the person shall under oath have testified or produced documentary evidence: provided, that no person so testifying shall be exempt from prosecution or punishment for any perjury committed by him or her in that testimony.

03. No Immunity Without Assertion of Right. No immunity is granted under this rule or under Section 61-606, Idaho Code, in the absence of a specific assertion of the person’s rights under Section 61-606, Idaho Code, and the Commission’s or a Commissioner’s written order or direction on the record at hearing compelling the person to testify or produce written documents and immunizing the person from prosecution, punishment, forfeiture or penalty according to this rule and Section 61-606, Idaho Code. No immunity granted under this rule or Section 61-606, Idaho Code, shall extend to any public utility.

260. SUMMARY OF POSITION(S) AND TESTIMONY (RULE 260). Each utility shall make available to the public at all Commission hearings a brief written summary of the utility’s position(s) and testimony filed in the case under consideration except when the Commission has determined that a
summary is not necessary. If the utility is requesting a rate increase, its summary shall address the utility’s need for additional revenue, the total dollar amount requested, and the proposed percentage increase or decrease in rates for each major customer class. The Commission Staff and intervenors shall also provide a brief summary of their recommendations and the testimony filed in the case under consideration. These summaries and presentations are provided solely for the convenience of the public and will not be allowed as evidence or form the basis for cross-examination of any witness.

EVIDENCE
(Rules 261-270)

261. RULES OF EVIDENCE -- EVALUATION OF EVIDENCE (RULE 261).
The presiding officer at hearing is not bound by the Idaho Rules of Evidence. No informality in any proceeding or in the manner of taking testimony invalidates any order made, approved or confirmed by the Commission. Rules as to the admissibility of evidence used by the district courts of Idaho in non-jury civil cases are generally followed, but evidence (including hearsay) not admissible in non-jury civil cases may be admitted to determine facts not reasonably susceptible of proof under the Idaho Rules of Evidence. The presiding officer, with or without objection, may exclude evidence that is irrelevant, unduly repetitious, inadmissible on constitutional or statutory grounds, or inadmissible on the basis of any evidentiary privilege provided by statute or recognized in the courts of Idaho, and order the presentation of such evidence to stop. All other evidence may be admitted if it is a type generally relied upon by prudent persons in the conduct of their affairs. The Commission’s expertise, technical competence and special knowledge may be used in the evaluation of the evidence.

262. DOCUMENTARY EVIDENCE -- INTRODUCTION OF RECORDS IN THE COMMISSION SECRETARY’S OFFICIAL FILE (RULE 262).
Documentary evidence may be received in the form of copies or excerpts. Upon request, parties shall be given an opportunity to compare the copy with the original if available. When a party offers in evidence any portion of a transcript, exhibit, or other record from any other proceeding before the Commission, the portion offered must be specifically described and, if admitted, will be made an exhibit. The party offering the exhibit must comply with Rule 267.

263. OFFICIAL NOTICE (RULE 263).

01. Matters That May Be Officially Noticed. The Commission may officially note at hearing and in its orders:

a. (1) Its own orders, notices, rules, certificates and permits, and (2) those of any other regulatory agency, state or federal;

b. (1) matters of common knowledge, (2) technical, financial, or scientific facts established and published in accepted authorities or in the Commission’s specialized knowledge, and (3) matters judicially noticeable; and

c. Data contained in periodic reports of regulated utilities filed with the Commission or federal regulatory agencies.

02. Procedure for Taking Official Notice. When officially noting on its own motion matters described in Rule 263.01.b.(2) or 263.01.c. or adjudicative facts under Rule 263.01.b.(3) of this rule, the Commission will give the parties appropriate opportunity to respond or refute such matters noticed. Unless otherwise agreed by the parties and approved by the presiding officer, parties requesting the Commission to take official notice of documents must submit those documents to the Commission in the manner prescribed for documents in Rule 262.

264. DEPOSITIONS (RULE 264).
Depositions may be offered into evidence as allowed by Section 61-605, Idaho Code, and the Idaho Rules of Civil Procedure.

265. OBJECTIONS -- OFFERS OF PROOF (RULE 265).
Grounds for objection to the admission or exclusion of evidence must be stated briefly at the time the evidence is
offered. Formal exceptions to rulings admitting or excluding evidence are unnecessary and need not be taken. An offer of proof for the record consists of a statement of the substance of the excluded evidence. When a party objects to the admission of evidence, the presiding officer will rule on the objection or the presiding officer may receive the evidence subject to the later ruling by the full Commission or refer to the matter to the full Commission. (7-1-21)

266. PREPARED TESTIMONY (RULE 266).
The presiding officer may order a witness’s prepared testimony previously distributed to all parties to be incorporated in the transcript as if read if timely filed pursuant to an order, notice or rule requiring its filing before hearing. Without objection, the presiding officer may direct other prepared testimony to be incorporated in the transcript as if read. Admissibility of prepared testimony is subject to the Rule 261. (7-1-21)

267. EXHIBITS (RULE 267).

01. Exhibit Numbers. Exhibit numbers are assigned to the parties before hearing according to Rule 230. (7-1-21)

02. Form of Exhibits. Public exhibits offered at hearing must ordinarily be typed or printed on eight and one-half by eleven inch (8 1/2” x 11”) white paper, except maps, charts, photographs and non-documentary exhibits may be introduced on the size or kind of paper customarily used for them. Exhibits that are trade secrets, confidential information or otherwise exempt from public review shall be printed on yellow paper. A copy of each documentary exhibit must be furnished to each party present, to the reporter, and to each Commissioner or hearing examiner, except for unusually bulky or voluminous exhibits that have previously been made available for the parties’ inspection. Copies must be of good quality. (7-1-21)

03. Timely Filing of Exhibits. Exhibits offered as part of a party’s direct case (except exhibits offered on redirect examination) must be timely filed. Exhibits filed pursuant to any order, notice or rule requiring their filing before hearing are timely filed. Otherwise, exhibits must be distributed or made available to all parties long enough before their introduction into evidence to allow the parties a reasonable opportunity to review them and to prepare to examine their substance, except those exhibits that update exhibits previously timely filed may be filed so long as fair opportunity is afforded other parties to examine the sponsoring witnesses about the updated material. (7-1-21)

04. Objection -- Admission. Exhibits identified at hearing are subject to appropriate and timely objection before the close of proceedings. Exhibits to which no objection is made are automatically admitted into evidence without motion of the sponsoring party. (7-1-21)

05. Labeling of Exhibits. All exhibits accompanying prepared testimony, exhibits introduced during direct examination of a party’s witnesses, and, to the extent practicable, all other exhibits introduced at hearing must label the exhibit number, case number, party and witness sponsoring the exhibit, and any subdivisions within the exhibit, such as separate schedules or charts. Examples of labeling required by this rule are:

<table>
<thead>
<tr>
<th>Exhibit No.</th>
<th>Case No.</th>
<th>Source</th>
</tr>
</thead>
<tbody>
<tr>
<td>101</td>
<td>XXX-X-XX-XX</td>
<td>P. Engineer, Workpapers -- Answer of XYZ Utility to First Tab A, pages 1 - 47 Production Request of ABC Company, Question 13</td>
</tr>
</tbody>
</table>

Exhibits prepared for the proceeding must contain this labeling on each page of the exhibit. Exhibits reproducing previously existing documents may contain a cover page with this labeling, but need not be labeled on each page. (7-1-21)

06. Sources for Exhibits. Exhibits prepared from data in workpapers, answers to discovery, periodicals, reports or other documentable sources of information must contain a statement of sources. Examples of the statements of sources required by this rule are:

<table>
<thead>
<tr>
<th>Exhibit No.</th>
<th>Case No.</th>
<th>Source</th>
</tr>
</thead>
<tbody>
<tr>
<td>No. 507</td>
<td>XXX-X-XX-XX</td>
<td>P. Engineer, Workpapers -- Answer of XYZ Utility to First Tab A, pages 1 - 47 Production Request of ABC Company, Question 13</td>
</tr>
</tbody>
</table>
Exhibits especially prepared for introduction into evidence in a proceeding (i.e., exhibits not otherwise prepared or in existence) should be descriptively titled to show their contents and purpose.  

07. **Certain Exhibits Require Presiding Officer’s Approval.** Neither motion pictures, slides, opaque projections, video tapes, audio tapes nor other materials not capable of duplication by still photograph or reproduction on paper shall be presented as exhibits without prior approval of the presiding officer. Writing, sketching and drawing on blackboards or other similar surfaces by witnesses presenting testimony do not constitute an exhibit or evidence in the proceeding unless the writing, sketching or drawing is reproduced, photographed, or otherwise preserved for the record.  

268. -- 270. (RESERVED)

### SETTLEMENTS (Rules 271-280)

#### 271. **PASSIVE SETTLEMENTS (RULE 271).**
Settlements in formal proceedings in which a party agrees to concur in, accept, or not to oppose another party’s positions previously on record with the Commission are called passive settlements. Any party may reach a passive settlement with any other party on any issue without prior notification to the Commission or any other party.  

#### 272. **PROCEDURES FOR ACTIVE SETTLEMENTS (RULE 272).**
Settlements in formal proceedings in which one (1) or more parties negotiate an agreement differing from positions of one (1) or more of the parties previously on record with the Commission are called active settlements. Any party other than the Commission Staff may enter into an active settlement with any party other than the Commission Staff without prior notification to the Commission or other parties. The Commission Staff, however, is precluded from entering into an active settlement without first notifying all other parties and the Commission that it intends to begin or has begun settlement negotiations. The Commission Staff must give all other parties an opportunity to participate in or be apprised of the course of the settlement negotiations before a final settlement agreement is reached. Settlement negotiations are confidential, unless all participants to the negotiation agree to the contrary.  

#### 273. **SUGGESTION FOR OR INQUIRY ABOUT SETTLEMENTS (RULE 273).**
Through notice or order or on the record at prehearing conference or hearing, the Commission or an individual Commissioner may inquire of the parties in any proceeding whether settlement negotiations are in progress or contemplated or invite settlement of an entire proceeding or certain issues. In issuing such an invitation for settlement, the Commission or an individual Commissioner may indicate acceptable ranges of settlement, preclude certain issues from settlement, or otherwise inform the parties of his, her or their views on settlement in aid of securing a just, speedy and economical determination of the issues presented to the Commission. Neither the Commission nor individual Commissioners will indicate ex parte their views on the merits of any proposed settlement.  

#### 274. **CONSIDERATION OF SETTLEMENTS (RULE 274).**
Settlements must be reviewed under this rule. When a settlement, be it active or passive, is presented to the Commission, the Commission will prescribe procedures appropriate to the nature of the settlement to consider the settlement. For example, the Commission may summarily accept settlement of an essentially private dispute that has no significant implications for regulatory law or policy or for other utilities or customers upon the written request of the affected parties. On the other hand, when one (1) or more parties to a proceeding is not party to the settlement or when the settlement presents issues of significant implication for other utilities, other customers or the public interest, the Commission may convene an evidentiary hearing to consider the reasonableness of the settlement and whether acceptance of the settlement is just, fair, and reasonable, in the public interest, or otherwise in accordance with law or regulatory policy.
275. BURDENS OF PROOF (RULE 275).
Proponents of a proposed settlement carry the burden of showing that the settlement is reasonable, in the public interest, or otherwise in accordance with law or regulatory policy. In any instance in which parties or affected persons oppose the settlement, proponents of the settlement should be prepared to call witnesses and argue in favor of the settlement. Opponents of the settlement should be prepared to examine supporting witnesses, offer their own witnesses, or argue against the settlement. The Commission may require the development of an appropriate record in support of or opposition to a proposed settlement as a condition of accepting or rejecting the settlement. (7-1-21)T

276. SETTLEMENT NOT BINDING (RULE 276).
The Commission is not bound by settlements. It will independently review any settlement proposed to it to determine whether the settlement is just, fair and reasonable, in the public interest, or otherwise in accordance with law or regulatory policy. When a settlement is presented for decision, the Commission may accept the settlement, reject the settlement, or state additional conditions under which the settlement will be accepted. In the last instance, the parties will have twenty-one (21) days to state their acceptance or rejection of the additional conditions imposed by the Commission. If the Commission rejects the settlement or if the Commission’s conditional acceptance of a settlement is rejected by the parties to the settlement, the Commission will notify the parties of procedures to be followed to decide the issues for which settlement was rejected by the Commission. (7-1-21)T

277. CONSENT AGREEMENTS NOT SETTLEMENTS (RULE 277).
Consent agreements proscribing or prescribing certain conduct under Rule 58 are not settlements under this rule. (7-1-21)T

278. -- 280. (RESERVED)

OFFICIAL RECORDS AND FILES
(Rules 281-290)

281. RECORDS FOR DECISION -- RELATIONSHIP TO OFFICIAL FILE (RULE 281).
The Commission bases its decisions and issues its orders on the hearing record (excluding exhibits denied admission), the Commissioners’ record and items officially noted. The hearing record and the Commissioners’ record are part of the Commission Secretary’s official file. (7-1-21)T

282. THE COMMISSION SECRETARY’S OFFICIAL FILE (RULE 282).

01. Documents in File. The Commission Secretary’s official file for a proceeding is the public file maintained by the Commission Secretary. This file includes all documents filed with regard to a proceeding, whether filed by parties or other persons, and includes (but is not limited to) pleadings, discovery and related materials, briefs, proposed orders, statements of position, correspondence concerning the proceeding directed to the Commission, a Commissioner, or the Commission Secretary (whether by parties or persons not parties), prepared testimony and exhibits, workpapers, transcripts, exhibits presented at hearing, orders, notices, press releases, and other matters pertaining to or related to a proceeding and included in the public files of that proceeding by the Commission Secretary. (7-1-21)T

02. Public Records. Except as provided in Rules 26, 67, 233, and 287, which refer to statutory exemptions from disclosure, all material in the Commission Secretary’s Official File is subject to inspection, examination and copying under Section 74-102, Idaho Code. In particular, information obtained in an application for a certificate issued by this Commission inquiring into a person’s fitness to be granted or to retain a certificate is not exempted from examination or copying under Sections 74-106(8) and 74-106(9), Idaho Code, but may be exempted under other statutes. (7-1-21)T

283. THE HEARING RECORD (RULE 283).
The hearing record in a proceeding consists of all transcripts of hearings, conferences, arguments and other proceedings on the record and of all exhibits identified, offered, admitted or denied admission at hearing or prehearing conference. Workpapers, requests for discovery, answers to discovery and other documents filed with the Commission Secretary and served on the parties, whether or not discussed at hearing, are not part of the hearing records unless introduced as exhibits at hearing. The Commission or an individual Commissioner may add to the hearing record by reference to any document in the Commission Secretary’s official file, but only after notifying the
284. **THE COMMISSIONERS' RECORD (RULE 284).**

01. **Documents in File.** The Commissioners’ record in a proceeding automatically includes all pleadings, orders, notices, briefs, proposed orders and position papers. The Commission may add documents officially noticed to the Commissioners’ record.

02. **Materials Available at Hearing.** The Commissioner(s) or hearing examiner(s) conducting a hearing will have the Commissioners’ record and all prepared testimony and exhibits available at hearing. Parties desiring to refer to additional documents at hearing should notify the Commission Secretary and all other parties of their intention so that these other documents will be available to the Commissioner(s) or hearing examiner(s) at hearing or should themselves provide copies at hearing to all other parties and to the Commissioner(s) or hearing examiner(s).

285. **THE REPORTER (RULE 285).**

The reporter at all hearings, conferences, arguments and other proceedings on the record must transcribe all oral proceedings on the record and collect all exhibits identified at hearing. Except as otherwise directed by the Commission, presiding officer at hearing, or the Commission Secretary, the reporter must file the complete hearing record of transcripts and exhibits with the Commission Secretary within fourteen (14) days of the close of hearing.

286. **TRANSCRIPTS (RULE 286).**

01. **Form of Transcripts -- Cover Sheet.** Transcripts must be prepared on white eight and one-half by eleven inch (8 1/2” x 11”) paper. The lines of each page shall be double-spaced with a minimum of twenty-five (25) lines and a maximum of thirty (30) lines per page. Quotations, citations and parenthetical notes may be single-spaced. Each line shall be numbered on the left margin. The cover page of each volume of transcript must show the title of the proceeding, the case number, the presiding officer, the time and place of hearing, and other information as shown in the following example:

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION
(TITLE OF PROCEEDING) )
CASE NO. XXX-X-XX-XX )
) )
(COMMISSIONER Able Baker, Presiding)

(Hearing Room, e.g., Commission Hearing Room)

(HEARING OFFICER Charlie Dog, Presiding)

(Date, e.g., January 21, 1983)

(HEARING OFFICER Charlie Dog, Presiding)

(Hearing Room, e.g., Commission Hearing Room)

(HEARING OFFICER Charlie Dog, Presiding)

(7-1-21)

02. **Volumes of Transcript -- Indices to Volumes.** Each day of hearing must be transcribed in a volume or volumes separate from other days of hearing. Each volume of transcript must begin with a list of the parties who appeared that day and their representatives at hearing that day. This list must be followed with a list of all witnesses whose testimony is reported in that volume, showing the pages at which each witness’s testimony begins, what party (if any) called the witness, the pages upon which each other party’s examination begins, the pages upon which each Commissioner’s or hearing examiner’s examination begins, and the pages upon which redirect
examination or any party’s, Commissioner’s or hearing examiner’s re-examination begins. These lists must be
followed with a list showing all exhibits identified in that volume of transcript (including exhibits accompanying
prepared testimony), the pages upon which they are first identified, and, if any exhibits are denied admission, the
pages upon which the exhibits are denied admission.

03. Matters Included in Transcript. The transcript must contain all discussions on the record while
the hearing is in order. Unless otherwise directed by the Commission, the presiding officer, or the Commission
Secretary, prepared testimony must be included in the transcript without change or retyping. Witness’s corrections to
prepared testimony should be made by distributing replacement pages to the reporter and describing those corrections
on the record and/or distributing an errata sheet; unless otherwise directed, no corrections other than replacement
pages will be made in the prepared testimony before it is incorporated in the transcript, except the reporter may make
minor corrections by interlineation in the prepared testimony. Witnesses may have seven (7) days after hearing to
distribute replacement pages to all parties and to the reporter, unless the Commission, the presiding officer or the
Commission Secretary otherwise directs.

04. Marginal Notes. The testimony of all witnesses reported in the transcript must be designated in the
lower right margin by the witness’s surname and the party sponsoring the witness’s testimony. Witnesses not
sponsored by any party must be designated “Public.” The type of testimony must be shown following the witness’s
surname as “Di” (direct or redirect), “X” (examination by any party not sponsoring the witness), or “Com”
(examination by a Commissioner or hearing examiner). Examples of the designations required by this Rule follow:

Accountant, Di; Accountant, Com; Ratepayer, X
ABC Company ABC Company Public

Discussions on the record that are not testimony or examination may be labeled “argument,” “decision,” “colloquy,”
etc., to describe what is reported.

05. Volume Size -- Number of Pages. Transcript volumes should not exceed three hundred (300)
pages unless the transcript can be completed in three hundred fifty (350) pages or less. Transcript volumes and pages
of all proceedings on the record, including prehearing conferences, hearings, arguments, and any other proceedings
on the record, must be numbered consecutively. For example, if a prehearing conference on the record preceded a
hearing, the transcript volume and page numbers of the hearing would be numbered consecutively with that of the
prehearing conference.

06. Number of Copies -- Binding. The reporter shall prepare an original and one (1) copy of the
transcript for the Commission. The original of each transcript shall be filed with the Commission Secretary unbound
but each volume shall be separated (if applicable). Copies of the transcript shall be fastened at the left margin in spiral
or plastic-type binding, so as to open as flat as possible.

07. Compressed Transcript. Any party may request a compressed transcript having no more than four
(4) pages of regular transcript on a page. Each volume of compressed transcript shall contain no more than two
hundred (200) pages unless the transcript can be completed in two hundred fifty (250) pages or less. A compressed
transcript may be duplexed. The pagination shall be horizontal as follows:

1  2
3  4

08. Computer-Searchable Transcript. Any party may request a computer-searchable disk of the
written transcript. The disk shall be in Adobe Acrobat (PDF) or other searchable format agreed upon by the reporter
and the party ordering the disk.

09. Purchase of Transcript. Any party or other person may request and pay for a copy of a transcript
or portions of the transcript from the reporter.
287. SEALED TRANSCRIPTS (RULE 287).
At the direction of the Commission or the presiding officer, the reporter shall prepare a separate transcript volume(s) of closed proceedings involving trade secrets, confidential information or other matters exempt from public disclosure. The reporter shall file the separate transcript volume(s) under seal. Sealed transcripts shall be separately stored in a secure location with limited access and safeguarded from unauthorized disclosure. (7-1-21)

288. -- 300. (RESERVED)

PART 4 – ORDERS AND REVIEW OF ORDERS
(Rules 301-400)

DEFAULTS
(Rules 301-310)

301. FAILURE TO ANSWER OR APPEAR AT HEARING -- DEFAULTS (RULE 301).
After an applicant’s, petitioner’s, complainant’s or moving party’s failure to appear at the time and place set for hearing, the Commission may dismiss the petition, application, complaint or motion. When a respondent that has been properly served fails to answer or appear at hearing, the Commission may order any relief against the respondent authorized by law. (7-1-21)

302. -- 310. (RESERVED)

DECISIONS AND ORDERS
(Rules 311-320)

311. SUBMISSION FOR DECISIONS (RULE 311).
A proceeding is submitted for decision upon filing of the hearing record with the Commission Secretary, filing of timely briefs, filing of timely orders proposed by the parties and timely written comments or exceptions, oral argument, or receipt of recommended findings of fact of the hearing examiner, whichever is last, but no later than twenty-eight (28) days after hearing is closed when a hearing is held, except when all Commissioners participating in the decision have heard the case themselves, they need not await the filing of the hearing record to consider the case submitted for their decision. The Commission (or a hearing examiner presiding over an uncontested matter) may issue a final decision earlier or rule from the bench, but a bench ruling will be followed by written order. (7-1-21)

312. PROPOSED ORDERS BY COMMISSION (RULE 312).
The Commission may issue a proposed order in any proceeding. Any party may file exceptions and briefs to a proposed order within twenty-one (21) days from its date of service, unless a different time is designated by the Commission. Any party may file and serve answers and accompanying briefs to the exceptions within seven (7) days after service of the exceptions. The Commission may adopt or revise the proposed order in response and issue a final order accordingly. The proposed order is not an order of the Commission unless it is adopted by order. In that case, the order of adoption is the final order for all purposes. (7-1-21)

313. -- 320. (RESERVED)

INTERLOCUTORY ORDERS – FINAL ORDERS – REVIEW OR STAY OF ORDERS
(Rules 321-330)

321. INTERLOCUTORY ORDERS (RULE 321).
01. Defined. Interlocutory orders are orders that do not finally decide all previously undecided issues presented in a proceeding, except the Commission may by order decide some of the issues presented in a proceeding and provide in that order that its decision on those issues is final and subject to review by reconsideration and appeal, but is not final on other issues. Unless an order contains one (1) of the paragraphs set forth in Rule 323 or a paragraph substantially similar, the order is interlocutory. (7-1-21)
02. **Certain Orders Always Interlocutory.** The following orders are always interlocutory: orders suspending rates, fares, tolls, rentals, charges, classifications, contracts, practices, rules or regulations under Section 61-622, Idaho Code; orders initiating complaints or investigations; orders joining, consolidating or separating issues, proceedings or parties; orders granting or denying intervention; orders scheduling prehearing conferences, discovery, hearing, arguments or deadlines for written communications; orders proposing modified procedure; orders compelling or refusing to compel discovery. (7-1-21)T

03. **Review of Interlocutory Orders.** Interlocutory orders may be reviewed pursuant to Rules 322, 324 and 325. (7-1-21)T

322. **REVIEW OF INTERLOCUTORY ORDERS (RULE 322).** Any person may petition to review any interlocutory order. The Commission may rescind, alter or amend any interlocutory order on its own motion, but will not on its own motion review any interlocutory order affecting any party’s substantive rights without giving all parties notice and an opportunity for written comment. (7-1-21)T

323. **FINAL ORDERS (RULE 323).**

01. **Paragraphs Designating Final Orders.** Final orders are all orders and only those orders containing one (1) of the following paragraphs or a paragraph substantially similar: (7-1-21)T

   a. THIS IS A FINAL ORDER. Any person interested in this Order (or in issues finally decided by this Order) or in interlocutory Orders previously issued in this Case No. xxx-x-xx-xx may petition for reconsideration within twenty-one (21) days of the service date of this Order with regard to any matter decided in this Order or in interlocutory Orders previously issued in this Case No. xxx-x-xx-xx. Within seven (7) days after any person has petitioned for reconsideration, any other person may cross-petition for reconsideration in response to issues raised in the petition for reconsideration. See Section 61-626, Idaho Code; or (7-1-21)T

   b. THIS IS A FINAL ORDER on reconsideration (or denying reconsideration). Any party aggrieved by this Order or other final or interlocutory Orders previously issued in this Case No. xxx-x-xx-xx may appeal to the Supreme Court of Idaho pursuant to the Public Utilities Law and the Idaho Appellate Rules. See Section 61-627, Idaho Code. Orders may be final on some issues and interlocutory on others. If so, the orders will explicitly designate the issues upon which they are final. (7-1-21)T

02. **Service of Final Orders.** The Commission Secretary must indicate on every order subject to petition for reconsideration the date upon which the order was served on the representatives of parties listed in Rule 41. The Commission Secretary must indicate on every order subject to appeal the date upon which the order was filed and the date upon which the order was served on the representatives of parties listed in Rule 41. (7-1-21)T

03. **Petition to Designate Order as Final.** Whenever a party believes that an order not designated as a final order according to the terms of these rules should be a final order, the party may petition the Commission to designate the order as final. If an order is designated as final after its release, its effective date for purposes of reconsideration or appeal is the date of the order of designation. (7-1-21)T

04. **Review of Final Orders.** Final orders may be reviewed pursuant to Rules 324, 325, 326, 331 and 341. (7-1-21)T

324. **STAY OF ORDERS (RULE 324).** Any person may petition the Commission to stay any order, whether interlocutory or final. Orders may be stayed by the judiciary according to statute. The Commission may stay any order on its own motion. (7-1-21)T

325. **CLARIFICATION OF ORDERS (RULE 325).** Any person may petition to clarify any order, whether interlocutory or final. Petitions for clarification from final orders do not suspend or toll the time to petition for reconsideration or appeal a final order. A petition for clarification may be combined with a petition for reconsideration or stated in the alternative as a petition for clarification and/or reconsideration. The Commission may clarify any order on its own motion. (7-1-21)T

326. **RESCISSION, ALTERATION OR AMENDMENT OF FINAL ORDERS (RULE 326).**
01. Petition to Rescind, Alter or Amend a Final Order. Any person may petition to rescind, alter or amend a final order pursuant to Section 61-624, Idaho Code. The petition to rescind, petition to alter, or petition to amend must state:

a. That it is filed pursuant to Section 61-629, Idaho Code, after an order has been set aside or set aside in part on appeal, or

b. That there have been changed circumstances or that new information has become available since the order was issued, or that there are other good and sufficient reasons for rescinding, altering, or amending the order. The Commission may dismiss as defective any such petition not complying with this rule and with Rule 53.

02. Rescission, Alteration or Amendment of Final Order on Commission's Own Motion. The Commission on its own motion may propose to rescind, alter or amend any final order. The Commission will give all interested persons notice of its proposal to rescind, alter or amend the final order and appropriate opportunity to be heard by evidentiary hearing or written submission.

327. SUBSTANCE OF ORDERS (RULE 327). Unless prohibited by statute, the substance of orders and the relief provided by orders may differ from the relief requested or proposed by any party. The Commission's order may provide for any result supported by the record before the Commission without regard to whether each component of the order or any component of the order was specifically recommended by a party to the proceeding.

331. PETITIONS AND CROSS-PETITIONS FOR RECONSIDERATION (RULE 331).

01. Petition for Reconsideration. Within twenty-one (21) days after the service date of issuance of any final order, any person interested in a final order or any issue decided in a final order of the Commission may petition for reconsideration. Petitions for reconsideration must set forth specifically the ground or grounds why the petitioner contends that the order or any issue decided in the order is unreasonable, unlawful, erroneous or not in conformity with the law, and a statement of the nature and quantity of evidence or argument the petitioner will offer if reconsideration is granted. See Section 61-626, Idaho Code.

02. Cross-Petition for Reconsideration. Within seven (7) days after any person has petitioned for reconsideration, any other person may cross-petition for reconsideration in response to any issues raised in the petition for reconsideration. Cross-petitions for reconsideration must set forth specifically the ground or grounds why the cross-petitioner contends that the order or any issue decided in the order is unreasonable, unlawful, erroneous or not in conformity with the law, and a statement of the nature and quantity of evidence or argument that the cross-petitioner will offer if reconsideration is granted. See Section 61-626, Idaho Code.

03. Methods of Reconsideration Requested. The petition or cross-petition must state whether the petitioner or cross-petitioner requests reconsideration by evidentiary hearing, written briefs, comments, or interrogatories.

04. Timely Filing -- Mailbox Rules. A petition for reconsideration is timely within the meaning of Section 61-626, Idaho Code, if it is filed with the Commission or postmarked no later than twenty-one (21) days after the date of service of the final order. Whenever a petition for reconsideration is mailed, rather than personally delivered, and it is not postmarked within eighteen (18) days from the date of service of the final order, the petitioner should notify the Commission Secretary and all other parties by telephone that the petition for reconsideration has been mailed. A cross-petition for reconsideration is timely filed within the meaning of Section 61-626, Idaho Code, if it is filed with the Commission or postmarked no later than seven (7) days after the petition for reconsideration to which it responds is received in the Office of the Commission Secretary. Whenever a cross-petition for
reconsideration is mailed, rather than personally delivered, and is not postmarked within four (4) days from the date of receipt of the petition for reconsideration by the Commission Secretary, the cross-petitioner should notify the Commission Secretary and all other parties by telephone that the cross-petition for reconsideration has been mailed.

05. Answers to Petitions for Reconsideration. Answers to petitions for reconsideration (pleadings that disagree with a petition for reconsideration, but do not ask for affirmative relief from the Commission’s orders) must be filed according to the procedures for cross-petitions for reconsideration.

332. PROCEDURE AT RECONSIDERATION (RULE 332).
The Commission may grant reconsideration upon petition of any interested person or upon its own motion. Prehearing conferences may be convened before reconsideration. Reconsiderations by rehearing are conducted in accordance with the procedure at other hearings, except that parties whose petitions are granted are treated as complainants or petitioners under Rule 249. When the order for reconsideration finds that the grounds upon which the petition is granted present only issues of law and not of fact or issues of fact not requiring hearings, the Commission may direct that these grounds be considered on reconsideration by submission of briefs, memoranda, written interrogatories or written statements and not by further submission of evidence at hearing. Grounds for reconsideration or issues on reconsideration that are not supported by specific explanation may be dismissed. Rule 311 determines when a matter that is reconsidered is finally submitted for purposes of Section 61-626, Idaho Code.

333. EFFECT OF FILING PETITION FOR RECONSIDERATION (RULE 333).
Filing a petition for reconsideration does not excuse compliance with any order nor stay the effectiveness of any order, unless otherwise ordered. Petitions to stay may accompany or precede petitions for reconsideration.

334. -- 340. (RESERVED)

APPEAL
(Rules 341-350)

341. PERSONS WHO MAY APPEAL (RULE 341).

01. Parties Aggrieved by Order Following Petition for Reconsideration. After a petition for reconsideration is denied, or, if the petition is granted, then after the rendition of the decision on reconsideration, the state of Idaho or any party aggrieved may appeal from any such order of the Commission by filing with the Commission Secretary a notice of appeal conforming to the requirements of the Idaho Appellate Rules within the time provided by the Idaho Appellate Rules. See Section 61-627, Idaho Code.

02. Parties Aggrieved by Denial of Petition for Reconsideration. No person is a party aggrieved by an order denying reconsideration unless the person is a party that petitioned for reconsideration and presented the ground(s) and issue(s) on which it contends it was aggrieved by earlier orders of the Commission as issue(s) on reconsideration pursuant to Rule 331 and the Commission denied reconsideration on some or all of those issues.

03. Parties Aggrieved Following Reconsideration. No party is aggrieved by an order issued on reconsideration unless:

a. The party petitioned or cross-petitioned for reconsideration, its petition or cross-petition was granted, and the order issued on reconsideration did not grant the relief requested in the party’s petition or cross-petition for reconsideration with regard to some or all of the grounds and issues on reconsideration presented in its petition or cross-petition; or

b. The party did not petition or cross-petition for reconsideration, but stated on the record, by motion, or by brief that it opposed any alteration or change in the Commission’s earlier order(s) on some or all of the grounds associated with issue(s) on reconsideration, and the order issued on reconsideration altered or changed the earlier order(s) with regard to some or all of the grounds or issues on reconsideration that the party opposed.
342. NOTICE OF APPEAL (RULE 342).
The notice of appeal must be filed with the Commission Secretary as provided in the Idaho Appellate Rules. A notice of appeal is not considered filed for any purpose when it is mailed, but is only considered filed when it is received by the Commission Secretary. (7-1-21)

343. PREPARATION OF APPELLATE RECORD (RULE 343).
The Commission by order may correct the title of an appeal to properly designate all parties as appellants, cross-appellants, respondents, or cross-respondents and to omit those designations for parties before the Commission who are not parties on appeal. All requests for a transcript on appeal must be served on the reporter and on the Commission Secretary. Reporter’s fees under Idaho Appellate Rule 24(c) should be paid directly to the reporter, not to the Commission Secretary. The Secretary’s fees under Idaho Appellate Rule 27(b) for preparation of the agency’s record are the same fees provided in that rule for the clerk of the district court to charge for preparation of the clerk’s record. (7-1-21)

344. -- 350. (RESERVED)

SETTLEMENT OF APPEAL FROM THE COMMISSION
(Rules 351-360)

351. DISMISSALS (RULE 351).
Settlements in which appellants or cross-appellants from orders of the Commission agree to dismiss appeals, cross-appeals, or issues on appeal or cross-appeal without requiring the alteration, amendment or rescission of any Commission order are called dismissals. Any party may dismiss any appeal, cross-appeal, or issue on appeal or cross-appeal without any involvement of the Commission. Dismissals are governed solely by the procedures established by the Supreme Court of Idaho. (7-1-21)

352. SETTLEMENTS CALLING FOR COMMISSION ACTION (RULE 352).
Settlements in which one (1) or more parties agree to dismiss an appeal, cross-appeal, or issue on appeal or cross-appeal in conjunction with the alteration, amendment or rescission of a Commission order are called settlements calling for Commission action. If any party to an appeal wishes to attempt to negotiate a settlement calling for Commission action, it must notify the Commission and all other parties to the appeal of its intention to do so. If the Commission believes that settlement negotiations are in the public interest, it may authorize the Commission Staff to enter into settlement negotiations. In conducting those negotiations, the Staff must abide by Rule 272 with regard to active settlements of issues before the Commission. Settlement negotiations are confidential, unless all participants to the negotiation agree to the contrary. (7-1-21)

353. SUGGESTION FOR INQUIRY ABOUT SETTLEMENTS (RULE 353).
In authorizing the Staff to enter into settlement negotiations for a settlement calling for Commission action, the Commission may invite settlement of the entire appeal (including cross-appeals) or of certain issues. The authorization must be in writing and served upon all parties, but need not be done by notice or order. In authorizing negotiation for settlement calling for Commission action, the Commission or individual Commissioners may indicate acceptable ranges of settlement, preclude certain issues from settlement, or otherwise inform the parties of its views on settlement of an appeal calling for Commission action in aid of securing a just, speedy and economical settlement negotiation. Neither the Commission nor individual Commissioners will indicate ex parte their views on the merits of any proposed settlement. (7-1-21)

354. CONSIDERATION OF SETTLEMENT ON APPEAL (RULE 354).
When a settlement of an appeal calling for Commission action is presented to the Commission, the Commission will prescribe procedures appropriate to the nature of the settlement to consider the settlement. For example, the Commission may accept settlement of essentially private disputes that have no significant implications for regulatory law or policy or for other utilities or customers summarily upon the written request of the affected parties. On the other hand, when one (1) or more parties to the appeal is not party to the settlement or when the settlement presents issues of significant implication for other utilities, other customers or the public interest, the Commission may convene an evidentiary hearing to consider the reasonableness of the settlement and whether acceptance of the settlement is in the public interest. In all cases, the Commission will follow the procedure established by Section 61-624, Idaho Code, with regard to alteration, amendment or rescission of any order affected by the settlement. (7-1-21)
355. **BURDENS OF PROOF (RULE 355).**
Proponents of a proposed settlement carry the burden of showing that the settlement is reasonable, in the public interest, or otherwise in accordance with law or regulatory policy. In any instance in which parties or affected persons oppose the settlement, proponents of the settlement should be prepared to call witnesses and argue in favor of the settlement. Opponents of the settlement should be prepared to examine supporting witnesses, offer opposing witnesses or argue against the settlement. The Commission may require the development of an appropriate record in support of or opposition to a proposed settlement as a condition of accepting or rejecting the settlement. (7-1-21)

356. **SETTLEMENTS NOT BINDING (RULE 356).**
The Commission is not bound by settlement agreements. It will independently review any settlement proposed to it to determine whether the settlement is just, fair and reasonable, in the public interest or otherwise in accordance with law or regulatory policy. When a settlement agreement is presented to the Commission for its approval, the Commission may accept the settlement, reject the settlement, or state additional conditions under which the settlement will be accepted. In the last instance, the parties will have twenty-one (21) days to state their acceptance or rejection of the additional conditions imposed by the Commission. (7-1-21)

357. -- 999. **(RESERVED)**
31.12.01 – SYSTEMS OF ACCOUNTS FOR PUBLIC UTILITIES REGULATED BY THE IDAHO PUBLIC UTILITIES COMMISSION

000. LEGAL AUTHORITY (RULE 0).
These rules are adopted under the general legal authority of the Public Utilities Law, Chapters 1 through 7, Title 61, Idaho Code, and the specific legal authority of Section 61-524, Idaho Code. (7-1-21)

001. TITLE AND SCOPE (RULE 1).
The name of this chapter is “Systems of Accounts for Public Utilities Regulated by the Idaho Public Utilities Commission.” This chapter has the following scope: All Class A and B electric, gas, telephone, and water public utilities are required to maintain their books and records according to the systems of accounts adopted by this rule. (7-1-21)

002. WRITTEN INTERPRETATIONS – AGENCY GUIDELINES (RULE 2).
Written interpretations to these rules can be obtained from the Secretary of the Idaho Public Utilities Commission and are available from the office of the Commission Secretary. (7-1-21)

003. ADMINISTRATIVE APPEALS (RULE 3).
Any person requesting a waiver from any provision of the Uniform Systems of Accounts pay petition the Idaho Public Utilities Commission for a waiver pursuant to the Commission’s Rules of Procedure, IDAPA 31.01.01.000 et seq. (7-1-21)

004. (RESERVED)

005. DEFINITIONS (RULE 5).
The terms “electrical corporation,” “gas corporation,” “telephone corporation,” and “water corporation” have the meanings given to them by statute in Chapter 1, Title 61, Idaho Code and orders of the Idaho Public Utilities Commission and decisions of the Supreme Court of Idaho construing those statutes. (7-1-21)

006. -- 007. (RESERVED)

008. INCORPORATION BY REFERENCE (RULE 8).
Rule 101, 102, 103 and 104 incorporate by reference various federal accounting regulations and accounting standards issued by the National Association of Regulatory Utility Commissioners. Each applicable rule identifies the issuing entity for each regulation or standard and indicates where the incorporated materials may be obtained. Incorporated materials are also available for inspection and copying at the offices of the Idaho Public Utilities Commission and the Idaho State Law Library. (7-1-21)

009. -- 100. (RESERVED)

UNIFORM SYSTEMS OF ACCOUNTS
Rules 101 through 200

101. UNIFORM SYSTEM OF ACCOUNTS FOR ELECTRIC UTILITIES (RULE 101).
The Commission adopts by reference the Uniform System of Accounts for Major (previously Class A and B) Electric Utilities contained in the Code of Federal Regulations, Title 18, Part 101 (April 1, 2007), viewable online at www.govinfo.gov/app/collection/cfr/2007. For payment by credit card, call toll-free 866-512-1800. The accounts adopted by reference are adopted for convenience of establishing uniform systems of accounts only for accounting and reporting and do not bind the Commission in any manner to any particular ratemaking treatment of items in those accounts. All Major electrical corporations subject to the regulatory authority of the Idaho Public Utilities Commission are required to maintain their regulatory books according to the system of accounts adopted by this rule. (7-1-21)

102. UNIFORM SYSTEM OF ACCOUNTS FOR GAS UTILITIES (RULE 102).
The Commission adopts by reference the Uniform System of Accounts for Major (previously Class A and B) Natural Gas Companies contained in the Code of Federal Regulations, Title 18, Part 201 (April 1, 2007), viewable online at www.govinfo.gov/app/collection/cfr/2007. For payment by credit card, call toll-free 866-512-1800. The accounts adopted by reference are adopted for convenience of establishing uniform systems of accounts only for accounting and reporting and do not bind the Commission in any manner to any particular ratemaking treatment of items in those accounts. All Major gas corporations subject to the regulatory authority of the Idaho Public Utilities Commission are required to maintain their regulatory books according to the system of accounts adopted by this rule. (7-1-21)
103. **UNIFORM SYSTEM OF ACCOUNTS FOR TELEPHONE UTILITIES (RULE 103).**
The Commission adopts by reference the Uniform System of Accounts for Class A and B Telephone Utilities contained in the Code of Federal Regulations, Title 47, Part 32 (October 1, 2007), viewable online at www.govinfo.gov/app/collection/cfr/2007. For payment by credit card, call toll-free 866-512-1800. The accounts adopted by reference are adopted for convenience of establishing uniform systems of accounts only and do not bind the Commission in any manner to any particular ratemaking treatment of items in those accounts. All Class A and B telephone corporations subject to the regulatory authority of the Idaho Public Utilities Commission are required to maintain their regulatory books according to the system of accounts adopted by this rule. (7-1-21)

104. **UNIFORM SYSTEM OF ACCOUNTS FOR WATER UTILITIES (RULE 104).**
The Commission adopts by reference the Uniform System of Accounts for Class A and B Water Utilities, 1996 Edition, published by the National Association of Regulatory Utility Commissioners (NARUC), available at www.naruc.org/store. The accounts adopted by reference are adopted for the convenience of establishing uniform systems of accounts only and do not bind the Commission in any manner to any particular ratemaking treatment of items in these accounts. All Class A and B water corporations subject to the regulatory authority of the Idaho Public Utilities Commission are required to maintain their regulatory books according to the system of accounts adopted by this rule. (7-1-21)

105. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 0).
These rules are adopted under the general legal authority of the Public Utilities Law, Chapters 1 through 7, Idaho Code, and the specific legal authority of Sections 61-301, 61-302, 61-303, 61-315, 61-503, 61-507, and 61-520, Idaho Code. (7-1-21)

001. TITLE AND SCOPE (RULE 1).
The name of this chapter is “Customer Relations Rules for Gas, Electric, and Water Public Utilities (the Utility Customer Relations Rules).” This chapter has the following scope: These rules provide a set of fair, just, reasonable, and non-discriminatory rules with regard to deposits, guarantees, billing, application for service, denial of service, termination of service and complaints to utilities. (7-1-21)

002. WRITTEN INTERPRETATIONS – AGENCY GUIDELINES (RULE 2).
Written interpretations to these rules can be obtained from the Secretary of the Idaho Public Utilities Commission and are available from the office of the Commission Secretary. (7-1-21)

003. ADMINISTRATIVE APPEALS (RULE 3).
This rule governs formal complaints and requests for exemption under these rules. Any person requesting and receiving an informal staff determination with regard to a complaint may formally request the Commission to review the staff’s determination. If unusual hardships result from the application of any of these rules, any person may apply to the Commission for, or the Commission on its own motion may order, a permanent or temporary exemption. A formal complaint or request for exemption must be filed with the Commission pursuant to the Commission's Rules of Procedure, IDAPA 31.01.01.000 et seq. (7-1-21)

004. (RESERVED)

005. DEFINITIONS (RULE 5).
The following definitions are used in this title and chapter: (7-1-21)

01. Applicant. Unless restricted by definition within a rule or group of rules to a particular class of service, “applicant” means any potential customer who applies for service from a utility. Utilities may require an adult or minor competent to contract to join a minor not competent to contract as an applicant. (7-1-21)

02. Customer. Unless restricted by definition within a rule or group of rules to a particular class of customer, “customer” means any person who has applied for, has been accepted by the utility, and is: (7-1-21)

a. Receiving service from a utility; or

b. Has received service within the past ten (10) calendar days prior to termination by the utility; or

c. Has assumed responsibility for payment of service provided to another or others. If the person receiving service is not the same person as the person assuming responsibility for payment of service, the latter is the customer for purposes of obtaining or terminating service, receiving refunds, or making changes to the account. (7-1-21)

03. Utility. Unless restricted by definition within a rule or group of rules, “utility” means any public utility providing gas, electric or water service subject by law to the Commission’s jurisdiction, whether previously certified or not. (7-1-21)

006. -- 007. (RESERVED)

008. EXERCISE OF RIGHTS BY CUSTOMER (RULE 8).
Utilities will not discriminate against or penalize a customer for exercising any right granted by these rules. (7-1-21)

009. INFORMAL COMPLAINTS AND INTERPRETATION OF RULES (RULE 9).
Commission staff may informally interpret these rules and utility tariffs and investigate complaints filed with this Commission. The Commission reserves the authority to issue orders interpreting these rules and utility tariffs, and
resolving formal complaints. (7-1-21)T

010. CONFLICT WITH UTILITY TARIFFS (RULE 11).
If a utility’s tariff denies or restricts customer rights protected by these rules, these rules supercede the conflicting tariff provisions. (7-1-21)T

011 -- 099. (RESERVED)

RESIDENTIAL AND SMALL COMMERCIAL; DEPOSITS
Rules 100 through 199

100. FURTHER DEFINITIONS (RULE 100).
As used in Rules 101 through 199:

01. Applicant. “Applicant” is restricted from its general definition to refer only to applicants for residential or small commercial service, unless further restricted by the rule. (7-1-21)T

02. Customer. “Customer” is restricted from its general definition to refer to a residential or small commercial customer, unless further restricted by the rule. (7-1-21)T

03. Deposit. “Deposit” means any payment held as security for future payment or performance that is reimbursable after the customer establishes good credit. (7-1-21)T

04. Residential and Small Commercial Classes. The Commission will maintain on file a list of which customer classes of a given utility are residential and which are small commercial. (7-1-21)T

101. DEPOSIT REQUIREMENTS (RULE 101).

01. Residential Customers. Utilities will not demand or hold a deposit from any current residential customer or applicant for residential service without proof that the customer or applicant is likely to be a credit risk or to damage the property of the utility. A lack of previous history with the utility does not, in itself, constitute such proof. Utilities will not demand or hold a deposit under this rule as a condition of service from a residential customer or applicant unless one or more of the following criteria applies: (7-1-21)T

a. The customer or applicant has outstanding a prior residential service account with the utility that accrued within the last four (4) years and at the time of application for service remains unpaid and not in dispute. (7-1-21)T

b. The customer’s or applicant’s service from the utility has been terminated within the last four (4) years for one (1) or more of the following reasons:
   i. Nonpayment of any undisputed delinquent bill; (7-1-21)T
   ii. Obtaining, diverting or using service without the utilities authorization or knowledge. (7-1-21)T

c. The utility has determined that information provided by the applicant upon application for service is materially false or materially misrepresents the applicant’s true status. (7-1-21)T

d. The applicant has not had service with the utility for a period of at least twelve (12) consecutive months during the last four (4) years, and does not pass an objective credit screen. (7-1-21)T

e. The applicant requests service at a residence where a former customer who owes a past due balance for service incurred at that location still resides. (7-1-21)T

f. The utility has given the customer two (2) or more written final notices of termination within the last twelve (12) consecutive months. (7-1-21)T
02. **Small Commercial Customers.** Utilities will not demand or hold a deposit as a condition of service from any current small commercial customer or applicant for small commercial service unless one or more of the following criteria apply:

   a. Any of the criteria listed in Rule Subsection 101.01 of this rule are present.
   
   b. The applicant has not had previous service with that utility.

03. **Bankrupt Customers.** If an applicant for service or a customer, either residential or small commercial, has sought any form of relief under the Federal Bankruptcy Laws, has been brought within the jurisdiction of the bankruptcy court for any reason in an involuntary manner, or has had a receiver appointed in a state court proceeding, then deposit may be demanded as allowed by the Federal Bankruptcy Laws.

**102. OTHER DEPOSIT STANDARDS PROHIBITED -- RESIDENTIAL CUSTOMERS (RULE 102).** Utilities will not require a deposit or other guarantee as a condition of new or continued residential utility service based upon residential ownership or location, income level, source of income, employment tenure, nature of occupation, race, creed, sex, age, national origin, marital status, number of dependents, or any other criterion not authorized by these rules. Rules governing deposits will be applied uniformly.

03. (RESERVED)

04. **EXPLANATION FOR REQUIREMENT OF DEPOSIT (RULE 104).** If the utility requires a cash deposit as a condition of providing service, then it will immediately notify the applicant or customer verbally or in writing why a deposit is required. The applicant or customer will have an opportunity to rebut those reasons. The notice will also advise the applicant or customer that if there is a dispute, an informal or formal complaint may be filed with the Commission.

05. **AMOUNT OF DEPOSIT (RULE 105).**

   01. **Amount of Deposit.** A deposit allowed pursuant to Rule 101 as a condition of service will not exceed one-sixth (1/6) the amount of reasonably estimated billing for one (1) year at rates then in effect. Where gas service is used for space heating purposes only, the deposit will not exceed the total of the two (2) highest months' bills during the previous twelve (12) consecutive months, adjusted for currently effective rates. Deposit amounts will be based upon the use of service at the premises during the prior year or upon the type and size of equipment using the utility’s service.

   02. **Installment Payments of Deposit.** The utility will advise the applicant or customer that the deposit may be paid in two (2) installments. One-half (1/2) of the deposit amount is due immediately with the remaining installment payable in one (1) month.

06. **INTEREST ON DEPOSITS (RULE 106).**

   01. **Interest Payable.** Interest will be payable on all deposited amounts at the rate provided by Subsection 106.02 of this rule. Interest will accrue from the date the deposit or deposit installment is made until the deposit is refunded or applied to the customer’s utility bill; however, interest will not accrue on a deposit or deposit installment if:

   a. Service is terminated temporarily at the request of a customer who leaves the deposit with the utility for future use as a deposit; or
   
   b. Service has been permanently terminated and the utility has been unsuccessful in its attempt to refund a deposit.

   02. **Interest Rate.** On or before November 15 of each year, the Commission will determine the twelve month average interest rate for one-year Treasury Bills for the previous November 1 through October 31, round that rate to the nearest whole percent, and notify the utilities of its determination of this interest rate. That rate will be in effect for the following calendar year for all deposits described in Rule Subsection 106.01 of this rule.
107. **RETURN OF DEPOSIT (RULE 107).**

01. **Former Customers.** Upon termination of service, the utility will credit the deposit (with accrued interest) to the final bill and promptly return any remaining balance to the customer. (7-1-21)

02. **Existing Customers.** If the customer has paid all undisputed bills and has no more than one (1) late payment during the past twelve (12) consecutive months of service, the utility will promptly return the deposit (with accrued interest) by either crediting the customer’s current account or issuing a refund. (7-1-21)

03. **Retention During Dispute.** The utility may retain the deposit pending the resolution of a dispute over termination of service. If the deposit is later returned to the customer, the utility will pay interest at the annual rates established in Rule 106 for the entire period over which the deposit was held. (7-1-21)

04. **Early Return of Deposit.** A utility may refund a deposit plus accrued interest in whole or in part at any time before the time prescribed in this rule. (7-1-21)

108. **TRANSFER OF DEPOSIT (RULE 108).**

Deposits will not be transferred from one customer to another customer or between classes of service, except at the customer’s request. When a customer with a deposit on file transfers service to a new location within the same utility’s service area, the deposit (with accrued interest) will be either transferred to the account for the new location or credited to the customer’s current account. (7-1-21)

109. **RECORDS OF DEPOSIT (RULE 109).**

01. **Records of Deposit.** Each customer paying a deposit or the initial installment on a deposit must be provided the following information in writing: (7-1-21)

   a. Name of customer and service address for which deposit is held;

   b. Date of payment(s);

   c. Amount of payment(s); and

   d. Terms and conditions governing the return of deposits. (7-1-21)

02. **Retention of Records.** Each utility will maintain records that will enable a customer entitled to a return of a deposit to obtain a refund even though the customer may be unable to produce a record of the deposit. The utility will maintain a detailed record of all deposits received from customers, showing the name of each customer, the location of the premises occupied by the customer when the deposit is made and each successive location occupied by the customer while the deposit is retained, and the date(s) and amount(s) of the deposits or installments. The utility will retain records of deposits that have been refunded to customers for a period of three (3) years after the date of refund. The utility shall retain records of unclaimed deposits for seven (7) years as required by Section 14-531, Idaho Code. (7-1-21)

03. **Transfer of Records.** Upon the sale or transfer of any utility or any of its operating units, the seller will certify to the Commission that it has a list showing the names of all customers whose service is transferred and who have a deposit on file, the date the deposit was made, and the amount of the deposit. (7-1-21)

110. **UNCLAIMED DEPOSITS AND ADVANCE PAYMENTS (RULE 110).**

01. **Presumption of Abandonment.** Pursuant to Section 14-508, Idaho Code, any deposit or advance payment made to obtain or maintain utility service that is unclaimed by the owner for more than one (1) year after termination of service is presumed abandoned. (7-1-21)

02. **Financial Assistance Program.** A utility may apply to the Commission for approval to pay unclaimed deposits and advance payments presumed to be abandoned to a financial assistance program which assists
the utility’s low income and disadvantaged customers with payment of utility bills. The utility will file its report of such abandoned property as required by Section 14-517, Idaho Code, and retain records as required by Section 14-531, Idaho Code.

111. -- 199. (RESERVED)

BILLING
Rules 200 through 299

200. FURTHER DEFINITION (RULE 200).
As used in Rules 201 through 207, “bill” or “billing statement” refers to a written request for payment listing charges for services provided. An electronic billing statement may be provided upon customer request. Oral notice of the amount of charges pending is not a bill.

201. ISSUANCE OF BILLS -- CONTENTS OF BILLS (RULE 201).

01. Billing Statements. Billing statements will be issued regularly and will contain the following information:

a. The date the billing statement was issued.

b. The time period covered by the billing statement.

c. The beginning and ending meter readings and the quantity of service provided, if service is metered. The billing statement must be clearly marked as estimated if meter data is unavailable.

d. The due date of the bill and, if automatic payment is authorized by the customer, the date funds will be withdrawn or the credit card charged.

e. An itemization of all charges, both recurring and nonrecurring.

f. Any amount transferred from another account.

g. Any amount past due.

h. Any payments or credits applied to the customer's account since the last billing statement.

i. The total amount due.

j. Contact information for the utility, including the toll-free telephone number(s) available to customers for answering billing inquiries.

02. Comparison of Consumption Data. Billing statements for customers of gas, electric, and certain water utilities will also include the following information:

a. Each gas and electric utility will compare on each customer’s regular billing the customer’s actual consumption of gas or electricity with the customer’s actual consumption of gas or electricity for the corresponding billing period in the previous year. If the billing periods being compared contain a different number of days, the utility will adjust the data to take into account the different length of the billing periods and show the comparison as an absolute change in therm use or kilowatt hour use per day. Upon request, the utility must make degree day adjusted data available to be provided to customers for comparison.

b. Each water utility with more than five thousand (5,000) customers will compare on each customer’s regular billing the customer’s actual consumption of water with the customer’s actual consumption of water for the corresponding billing period in the previous year. The usage comparison will be expressed in gallons or cubic feet based upon total consumption for each billing period or average consumption per day during each billing period.
202. **DUE DATE OF BILLS -- DELINQUENT BILLS (RULE 202).**

01. **Ordinary Due Date.** The utility may require that bills for service be paid within a specified time after the billing date. The minimum specified time after the billing date is fifteen (15) days (or twelve (12) days after mailing or delivery, if bills are mailed or delivered more than three (3) days after the billing date.) Upon the expiration of this time without payment, the bill may be considered delinquent.

02. **Hardship Exemption.** When a residential customer certifies in writing to the utility that payment by the ordinary due date creates a hardship due to the particular date when the customer receives funds, the utility will either extend the due date up to an additional fifteen (15) days or bill the customer in a cycle that corresponds to the customer’s receipt of funds.

203. **BILLING ERRORS, BILLING UNDER INCORRECT RATES, OR FAILURE TO BILL FOR SERVICE (RULE 203).**

01. **Billing Errors -- Failure to Bill.** Whenever the billing for utility service was not accurately determined for reasons such as a meter malfunction or failure, incorrect installation or programming of metering equipment, or errors in preparation of bills, the utility will prepare a corrected billing. If the utility has failed to bill a customer for service provided, the utility will prepare a bill for the period during which service was provided and the customer was not billed. At its discretion, the utility may waive rebilling for undercharges.

02. **Billing Under Incorrect Rates.** A customer has been billed under an incorrect rate if the customer was billed under a rate for which the customer was not eligible or the customer, who is eligible for billing under more than one (1) rate, was billed under a rate contrary to the customer's election or the election was made based upon erroneous information provided by the utility. If a customer is billed under an incorrect rate, the utility must recalculate the customer's past bills and correctly calculate future bills based on the appropriate rate. The utility is not required to adjust bills when it has acted in good faith based upon information provided by the customer.

03. **Rebilling Time Period.**

a. If the time when the billing error, billing under incorrect rates, or failure to bill (collectively referred to as “billing problem”) began cannot be reasonably determined to have occurred within a specific period, the corrected billings will not exceed the most recent six (6) months before the discovery of the billing problem.

b. If the time when the billing problem began can be reasonably determined and the utility determines the customer was overcharged, the corrected billings will go back to that time, but not to exceed three (3) years from the time the billing problem occurred as provided by Section 61-642, Idaho Code.

c. If the time when the billing problem can be reasonably determined and the utility determines the customer was undercharged, the utility may rebill for a period of six (6) months unless a reasonable person should have known of the inaccurate billing, in which case the rebilling may be extended for a period not to exceed three (3) years. Utilities must implement procedures designed to monitor and identify customers who have not been billed or who have been inaccurately billed.

04. **Refunds.** The utility will promptly recalculate the refund amounts overpaid by the customer and issue a credit within two (2) billing cycles. Any remaining credit balance will be credited against future bills unless the customer, after notice from the utility, requests a refund. The utility will advise the customer of the option to have any remaining credit balance exceeding twenty-five dollars ($25) refunded.

05. **Additional Payments.** The utility will promptly prepare a corrected billing for a customer who has been undercharged indicating the amount owed to the utility. An unbilled or undercharged customer must be given the opportunity to make payment arrangements under Rule 313 on the amount due. At the customer’s option, the term of the payment arrangement may extend for the length of time that the underbilling accrued or the customer was not billed.
206. RESPONSIBILITY FOR PAYMENT OF BILLS -- RESIDENTIAL CUSTOMERS (RULE 206).

01. Customer Defined. For purposes of this rule, “customer” means a customer whose name appears on the utility’s regular bill for residential service or who signed a written application for service or other document informing the customer that he or she was assuming an obligation for payment for service. (7-1-21)T

02. Customer’s Responsibility. A utility will not hold a customer responsible for paying an amount owed by anyone who resides at the customer’s premises or is a member of the customer’s household, but whose name does not appear on the current bill or application for service, unless:

   a. The customer signs a written agreement to pay or otherwise expressly accepts responsibility for payment of the other person’s bill; or
   b. The customer has a legal obligation to pay the other person’s bill. (7-1-21)T

03. Customer Notice. The utility will provide written notice of its intent to add to the customer’s bill for current service an amount owed for. The notice may be provided in an electronic format with the customer’s consent:

   a. Another person’s bill; or
   b. Service rendered at a former service location, provided that the lapse in service exceeds sixty (60) calendar days. (7-1-21)T

04. Contents of Notice. The notice must include:

   a. The name of the customer of record who owes the bill amount;
   b. The service location involved;
   c. The time over which the bill amount was accumulated;
   d. The amount owed;
   e. The reason(s) for adding the bill amount to the customer’s bill statement;
   f. A statement that payment arrangements may be made on the amount owed;
   g. A statement that the customer has the right to contest the utility’s proposed action with the utility or the Commission; and
   h. The response deadline after which the bill amount will be added to the customer’s bill statement. (7-1-21)T

05. Opportunity to Respond. The utility will give the customer at least seven (7) calendar days from the date of the proposed action to respond to the utility’s notice. (7-1-21)T

207. BILLING PROHIBITED (RULE 207).
Utilities will not bill for non-utility service(s) or merchandise not ordered or otherwise authorized by the customer of record. Any charges for these services that appear on a customer’s bill will be removed from the customer’s bill within two (2) billing cycles after the customer notifies the utility. A utility that unknowingly submits a bill containing charges for non-utility service(s) or merchandise not ordered or otherwise authorized by the customer of record will not have violated this rule if the disputed amounts are removed from the customer’s bill. (7-1-21)T
DENIAL AND TERMINATION OF SERVICE AND PAYMENT ARRANGEMENT RULES
FOR RESIDENTIAL AND SMALL COMMERCIAL CUSTOMERS
Rules 300 through 399

300. FURTHER DEFINITIONS (RULE 300).
As used in Rules 301 through 313:

01. Applicant. “Applicant” is restricted from its general definition to refer only to applicants for residential or small commercial service, unless further restricted by the rule.

02. Customer. “Customer” is restricted from its general definition to refer only to residential or small commercial customers, unless further restricted by the rule.

03. Non-Utility Service. “Non-utility service” means:
   a. Service for which the Commission does not regulate rates, charges, or availability of service;
   b. Service for which no rate or charge is contained in the utility’s tariffs; or
   c. Merchandise or equipment or charges for merchandise or equipment not required as a condition of receiving utility service.

04. Written Notice. “Written notice” of the utility’s intent to deny or terminate service may be mailed or otherwise delivered to the applicant, resident, occupant, or customer. Written notice may be provided by electronic mail (i.e., e-mail) if the customer is billed electronically and separately consents in writing to “opt-in” to receiving electronic notification.

301. EXPLANATION FOR DENIAL OF SERVICE TO APPLICANT (RULE 301).

01. Explanation to Applicant. If the utility intends to deny service to an applicant under Rule 302, the utility will notify the applicant verbally or in writing why the utility will deny service. The utility will advise the applicant what action(s) the applicant will take to receive service, and that if there is a dispute, the applicant may file an informal or formal complaint with the Commission.

02. Written Notice. If service is currently being provided to the premises occupied by an applicant, the utility will provide written notice of its refusal to serve pursuant to Rule 312.

302. GROUNDS FOR DENIAL OR TERMINATION OF SERVICE WITH PRIOR NOTICE (RULE 302).

01. Reasons for Denial or Termination of Service. A utility may deny or terminate service to a customer or applicant without the customer’s or applicant’s permission, but only after adequate notice has been given in accordance with these rules, for one (1) or more of the following reasons:
   a. With respect to undisputed past due bills the customer or applicant:
      i. Failed to pay;
      ii. Paid with a dishonored check; or
      iii. Made an electronic payment drawn on an account with insufficient funds.
   b. The customer or applicant failed to make a security deposit or an installment payment on a deposit where it is required.
c. The customer or applicant failed to abide by the terms of a payment arrangement. (7-1-21)

d. The utility has determined that information provided by the customer or applicant is materially false or materially misrepresents the customer's or applicant's true status. (7-1-21)

e. The customer or applicant denied or willfully prevented the utility’s access to the meter. (7-1-21)

f. The utility determines that the customer is willfully wasting or interfering with service to the customer or other customers through improper equipment or otherwise. (7-1-21)

g. The applicant or customer is a minor not competent to contract as described in Sections 29-101 and 32-101, Idaho Code. (7-1-21)

02. No Obligation to Connect Service. Nothing in this rule requires the utility to connect service for a customer or applicant who owes money on an existing account or from a previous account if the unpaid bill is for service provided within the past four (4) years. (7-1-21)

303. GROUNDS FOR DENIAL OR TERMINATION OF SERVICE WITHOUT PRIOR NOTICE (RULE 303).
A utility may deny or terminate service without prior notice to the customer or applicant and without the customer’s or applicant’s permission for one (1) or more of the following reasons: (7-1-21)

01. Dangerous Conditions. A condition immediately dangerous or hazardous to life, physical safety, or property exists, or if necessary to prevent a violation of federal, state or local safety or health codes. (7-1-21)

02. Order to Terminate Service. The utility is ordered to terminate service by any court, the Commission, or any other duly authorized public authority. (7-1-21)

03. Illegal Use of Service. The service is obtained, diverted or used without the authorization or knowledge of the utility. (7-1-21)

04. Unable to Contact Customer. The utility has tried diligently to meet the notice requirements of Rule 304, but has been unsuccessful in its attempts to contact the customer affected. (7-1-21)

304. REQUIREMENTS FOR NOTICE TO CUSTOMERS BEFORE TERMINATION OF SERVICE (RULE 304).

01. Initial Notice. If the utility intends to terminate service to a customer under Rule 302, the utility will send to the customer written notice of termination mailed at least seven (7) calendar days before the proposed date of termination. Written notice may be provided by electronic mail (i.e. e-mail) if the customer is billed electronically and separately consents in writing to receiving electronic notification. This written notice will contain the information required by Rule 305. (7-1-21)

02. Final Notice. The utility may mail a final written notice to the customer at least three (3) calendar days, excluding weekends and holidays, before the proposed date of termination. Regardless of whether the utility elects to mail a written notice, at least twenty-four (24) hours before the proposed date of termination, the utility must diligently attempt to contact the customer affected, either in person or by telephone, to advise the customer of the proposed action and steps to take to avoid or delay termination. This final notice will contain the same information required by Rule 305. (7-1-21)

03. Additional Notice. If service is not terminated within twenty-one (21) calendar days after the proposed termination date as specified in a written notice the utility will again provide notice under Subsections 304.01 and 304.02 if it still intends to terminate service. (7-1-21)

04. Failure to Pay. No additional notice of termination is required if, upon receipt of a termination notice, the customer: (7-1-21)
305. CONTENTS OF NOTICE OF INTENT TO TERMINATE SERVICE (RULE 305).

01. Contents of Notice. The written or oral notice of intent to terminate service required by Rule 304 will state:
   a. The reason(s), citing these rules, why service will be terminated and the proposed date of termination;
   b. Actions the customer may take to avoid termination of service;
   c. That a certificate notifying the utility of a serious illness or medical emergency in the household may delay termination as prescribed by Rule 308;
   d. That an informal or formal complaint concerning termination may be filed with the utility or the Commission, and that service will not be terminated on the ground relating to the dispute between the customer and the utility before resolution of the complaint (the Commission’s address and telephone number will be given to the customer); and
   e. That the utility is willing to make payment arrangements (this statement will be in bold print on written notices).
   f. That for purposes of termination, partial payments will be applied toward utility service charges first, unless the customer requests otherwise, and that charges for non-utility services cannot be used as a basis for termination.

02. Additional Requirements for Gas and Electric Utilities. During the months of November, December, January and February, oral and written notices provided by gas and electric utilities to residential customers will include or be accompanied by an explanation of restrictions on termination of service and the availability of the Winter Payment Plan described in Rule 306.

306. TERMINATION OF RESIDENTIAL GAS AND ELECTRIC SERVICE – WINTER PAYMENT PLAN (RULE 306).

01. Restrictions on Termination of Service to Households with Children, Elderly, or Infirm. Except as provided in Rule 303, no gas or electric utility may terminate service or threaten to terminate service during the months of December through February to any residential customer who declares that he or she is unable to pay in full for utility service at the primary household and whose primary household includes children, elderly or infirm persons.

02. Definitions for This Rule. For purposes of this rule:
   a. “Children” means persons eighteen (18) years of age or younger, but customers who are emancipated minors are not children under this rule.
   b. “Elderly” means persons sixty two (62) years of age or older.
   c. “Infirm” means persons whose physical health or safety would be seriously impaired by termination of utility service.

03. Opportunity to Participate in Winter Payment Plan. Any residential customer who declares that
he or she is unable to pay in full for utility service and whose household includes children, elderly or infirm persons will be offered the opportunity to establish a Winter Payment Plan. However, no customer may be required to establish such a plan. Except as provided in Rule 303, no gas or electric utility may terminate service during the months of November through March to any customer who establishes a Winter Payment Plan before November 1. A customer may establish a Winter Payment Plan after November 1, but the extended protection from termination of service offered under such a plan will not begin until the date the plan is established. Failure of a participating customer to make payments as required will result in cancellation of the plan and elimination of the extended protection from termination of service offered under the plan. The customer may use any source of funds to satisfy the payment requirements of Winter Payment Plan.

04. **Amount of Payments Under Winter Payment Plan.** Monthly payments under a Winter Payment Plan are equal to one-half (1/2) of the Level Pay Plan amount for that customer. The Level Payment Plan amount will be calculated according to Rule 313.06.

05. **Payment Arrangements Following Winter Payment Plan.** If a customer who received the protection of this rule has an outstanding balance owed to the utility, the customer will either pay this balance or negotiate a new payment arrangement:

a. On or after March 1, if the customer has not established a Winter Payment Plan; or

b. On or after April 1, if the customer has established a Winter Payment plan. Failure of a customer to pay or make payment arrangements on or after these dates may result in termination of service.

06. **Successive Participation in Winter Payment Plan.** A residential customer who participates in a Winter Payment Plan one (1) year will be allowed to participate in the succeeding year if the customer has honored the payment arrangements and the balance owing as of November 1 does not exceed seventy-five dollars ($75) or the customer’s utility bill for the previous thirty (30) days, whichever is greater.

07. **Unoccupied Residences -- Failure or Refusal to Apply for Service.** Nothing in this rule prevents a gas or electric utility from terminating service to unoccupied residences or residences where the occupants have failed or refused to apply for utility service.

08. **Customers Who Move.** During the months of December, January and February, a gas or electric utility will continue to provide service to any residential customer who made a declaration as provided for in Subsection 306.01 and subsequently moves to a new residence served by the same utility, regardless of any outstanding balance owed by the customer. If service is not connected at the new residence, service will be connected as soon as possible after the customer requests service at the new residence.

09. **Applicants Previously Served.** During the months of December, January and February, a gas or electric utility will provide service to any residential applicant who made a declaration as provided for in Subsection 306.01 and within thirty (30) days of discontinuing service, subsequently applies for service at a new residence served by the same utility, regardless of any outstanding balance owed by the applicant. If service is not connected at the new residence, service will be connected as soon as possible after the applicant requests service at the new residence.

307. **THIRD-PARTY NOTIFICATION -- RESIDENTIAL SERVICE (RULE 307).** Each gas and electric utility must provide a program for its residential customers known as Third-Party Notification. Under this program, the utility will, at the request of the customer, notify orally or in writing a third-party designated by the customer of the utility’s intention to terminate service. The third-party will be under no obligation to pay the bill, but as provided in Rule 313.08, no customer can be considered to have refused to enter a payment arrangement unless either the customer or the designated third-party has been given notice of the proposed termination of service and of the customer’s opportunity to make payment arrangements.

308. **SERIOUS ILLNESS OR MEDICAL EMERGENCY (RULE 308).**

01. **Medical Certificate -- Postponement of Termination of Service.** A utility will postpone termination of utility service to a residential customer for thirty (30) calendar days from the date of receipt of a
written certificate signed by a licensed physician or public health official with medical training. The certificate must contain the following information:

a. A statement that the customer, a member of the customer’s family, or other permanent resident of the premises where service is rendered is seriously ill or has a medical emergency or will become seriously ill or have a medical emergency because of termination of service, and that termination of utility service would adversely affect the health of that customer, member of the customer’s family, or resident of the household.

b. The name of the person whose serious illness or medical emergency would be adversely affected by termination and the relationship to the customer, and

c. The name, title, and signature of the person certifying the serious illness or medical emergency.

02. Restoration of Service. If service has already been terminated when the medical certificate is received, service will be restored as soon as possible, but no later than twenty-four (24) hours after receipt. The customer will receive service for thirty (30) calendar days from the utility’s receipt of the certificate.

03. Second Postponement. The utility may postpone termination of service upon receipt of a second certificate stating that the serious illness or medical emergency still exists.

04. Verification of Medical Certificate. The utility may verify the authenticity of the certificate and may refuse to delay termination of service if it is determined that the certificate is a forgery or is otherwise fraudulent.

05. Obligation to Pay. Nothing in this rule relieves the customer of the obligation to pay any undisputed bill.

309. MEDICAL FACILITIES -- SHELTER CARE (RULE 309). Where service is provided to a customer known to the utility to be or identifying itself as a medical care facility, including a hospital, medical clinic with resident patients, nursing home, intermediate care facility or shelter care facility, a final notice of pending termination will be provided to the Commission as well as to the customer. Upon request from the Commission, a delay in termination of no less than seven (7) calendar days from the date of notice will be allowed so that action may be taken to protect the interests of the facility’s residents.

310. INSUFFICIENT GROUNDS FOR TERMINATION OR DENIAL OF SERVICE (RULE 310).

01. Termination of Service. Utilities will not terminate service or provide notice of intent to terminate service if the unpaid bill cited as grounds for termination is:

a. Less than fifty dollars ($50) or two (2) months’ charges for service, whichever is less.

b. For utility service to any other customer (unless that customer has a legal obligation to pay the other customer’s bill) or for any other class of service.

c. For the purchase of non-utility goods or services.

d. For service provided four (4) or more years ago unless the customer has promised in writing to pay or made a payment on the bill within the last four (4) years.

e. The subject of an informal or formal complaint filed with the Commission, except as provided for under Rule 401.

f. At issue in a case pending before a court in the state of Idaho unless termination is authorized by court order.

02. Denial of Service. A utility will not deny service, or notify an applicant that the utility will deny
the applicant service if any of the criteria listed in Subsection 310.01.b. through 310.01.f. apply to the unpaid bill cited as grounds for denial of service.

311. TIMES WHEN SERVICE MAY BE TERMINATED -- OPPORTUNITY TO AVOID TERMINATION OF SERVICE (RULE 311).

01. When Termination of Service Is Prohibited. Except as authorized by Rule 303 or this rule, service provided to a customer, applicant, resident or occupant shall not be terminated:

a. On any Friday, Saturday, Sunday, legal holidays recognized by the state of Idaho, or on any day immediately preceding any legal holiday; or

b. At any time when the utility is not open for business.

02. Times When Service May Be Terminated. Service may be terminated:

a. At any time when there is a dangerous condition pursuant to Rule 303.01 or the utility is ordered to do so pursuant to Rule 303.02;

b. Between the hours of 8 a.m. and 5 p.m., Monday through Thursday, for any reason authorized by Rules 302 and 303;

c. Between the hours of 8 a.m. and 5 p.m. on Friday for illegal use of service pursuant to Rule 303.03 or if the premises are unoccupied and service has been abandoned; or

d. Between the hours of 5 p.m. and 9 p.m., Monday through Thursday, if the utility is unable to gain access to the meter during normal business hours or for illegal use of service pursuant to Rule 303.03.

03. Personnel to Authorize Reconnection. Each utility shall have personnel available who are authorized to reconnect service if the conditions cited as grounds for termination are corrected to the utility’s satisfaction. Service shall be reconnected as soon as possible, but no later than twenty-four (24) hours after the utility’s conditions are satisfied and reconnection is requested.

04. Opportunity to Prevent Termination of Service During Premise Visit. If a utility needs to visit a customer's premise to terminate service, the utilities employee may identify himself or herself to the customer or other responsible adult upon the premises and announce the purpose of the employee’s visit. The employee may be authorized by the utility to accept full or partial payment and, in such case, the employee will not terminate service. Nothing in this rule prevents a utility from proceeding with termination of service if the customer or other responsible adult is not on the premises.

05. Notice of Procedure for Reconnecting Service. During a premise visit the utility employee designated to terminate service may give to the customer or leave at the affected service address, a notice showing the time of and grounds for termination, steps to be taken to secure reconnection, and the telephone numbers of utility personnel or other authorized representatives who are available to authorize reconnection.

06. Applicant Without Service - Customer Requested Termination. Nothing in this rule prohibits a utility from terminating service at any time pursuant to a customer’s request.

312. DENIAL OR TERMINATION OF SERVICE TO MASTER-METERED ACCOUNTS AND RESIDENTS OR OCCUPANTS WHO ARE NOT CUSTOMERS (RULE 312).

01. Notice to Occupants or Residents Not Customers. Except as provided in Rules 303.01 and 303.02, utilities will not deny or terminate service without providing written notice to the residents or occupants of:

a. A building or mobile home court where service is master-metered;
b. A residence where the customer billed for service is not a resident or occupant of the premises being served; or (7-1-21)T

c. Premises where service is being provided on an interim basis to a resident or occupant following a customer’s request to terminate service. (7-1-21)T

02. Delivery and Contents of Notice. The utility must notify the residents or occupants of its intent to deny or terminate service at least two (2) calendar days, excluding weekends and holidays, before the proposed date of termination. The notice should be delivered to the premises or, in the case of multi-occupant buildings or mobile home parks, posted in common areas or a conspicuous location. The notice will state:

a. The date of the notice; (7-1-21)T

b. The proposed denial or termination date; (7-1-21)T

c. The reason for denial or termination; (7-1-21)T

d. What action(s) the resident(s) or occupant(s) must take in order to obtain or retain service in the resident’s(s’) or occupant’s(s’) own name(s); and (7-1-21)T

e. That an informal or formal complaint concerning denial or termination of service may be filed with this Commission. (7-1-21)T

313. PAYMENT ARRANGEMENTS (RULE 313).

01. Arrangements Allowed. When a customer cannot pay a bill in full, the utility will continue to serve the customer if the customer and the utility agree on a reasonable portion of the outstanding bill to be paid immediately, and the manner in which the balance of the outstanding bill will be paid. For customers who are unable to come to the utility’s local office to make payment arrangements, a gas or electric utility must, upon request by the customer, make payment arrangements over the telephone, by mail or at the customer’s home. (7-1-21)T

02. Reasonableness. In deciding on the reasonableness of a particular agreement, the utility will take into account the customer’s ability to pay, the size of the unpaid balance, the customer’s payment history, and the amount of time and reasons why the debt is outstanding. (7-1-21)T

03. Application of Payment. Unless the customer designates otherwise, payments are to be first applied to the undisputed balance owed by the customer for utility services and associated installation charges, taxes, franchise fees and surcharges. (7-1-21)T

04. Second Arrangement. If a customer fails to make the payment agreed upon by the date that it is due, the utility may, but is not obligated to, enter into a second such arrangement. (7-1-21)T

05. When Arrangement Not Binding. No payment arrangement binds a customer if it requires the customer to forego any right provided for in these rules. (7-1-21)T

06. Level Pay Plans Acceptable Payment Arrangement. Payment arrangements may be in the form of a Level Pay Plan that will equalize monthly payments of all arrears, if any, and anticipated future bill amounts over a period of not less than one (1) year. No customer agreeing to a reasonable payment arrangement is required to choose this plan. (7-1-21)T

07. Third-Party Contact. If a utility has been unable to contact a customer concerning termination, but has contacted the customer’s third-party designated under Rule 307 and has failed to receive a response from the customer within seven (7) days after the third-party was contacted, the utility may treat the customer as one who has been contacted and has declined to enter into a reasonable payment arrangement. (7-1-21)T

314. -- 399. (RESERVED)
400. **COMPLAINT TO UTILITY (RULE 400).**

01. **Complaint.** A customer or applicant for service may complain at any time to the utility about any deposit or written guarantee required as a condition of service, billing, termination of service, quality or availability of service, or any other matter regarding utility services, policies and practices. The customer or applicant may request a conference with the utility, but this provision does not affect any statute of limitation that might otherwise apply. Complaints to the utility may be made orally or in writing. A complaint is considered filed upon receipt by the utility. In making a complaint or request for conference, the customer or applicant will state the customer’s or applicant’s name, service address, and the general nature of the complaint. (7-1-21)T

02. **Investigation by Utility.** The utility will promptly, thoroughly and completely investigate the complaint, notify the customer or applicant of the results of the investigation, and make a good-faith attempt to resolve the complaint. The oral or written notification will advise the customer or applicant that the customer or applicant may request the Commission to review the utility’s proposed disposition of the complaint. (7-1-21)T

03. **Service Maintained.** The utility will not terminate service based upon the subject matter of the complaint while investigating the complaint or making a good-faith attempt to resolve the complaint. (7-1-21)T

401. **COMPLAINT TO COMMISSION (RULE 401).**

01. **Informal Complaint.** If a customer or applicant who has complained to a utility is dissatisfied with a utility’s proposed disposition of the complaint, the customer or applicant may file an informal complaint with the Commission. Customers and applicants are encouraged, but not required, to contact the utility before filing an informal complaint. (7-1-21)T

02. **Termination of Service - Undisputed Bills.** Utility service must not be terminated nor termination threatened by notice or otherwise while the complaint is pending before the Commission. The utility may continue to issue bills and request payment from the customer of any undisputed amounts. (7-1-21)T

03. **Customer's Rights Protected.** No customer or applicant will be denied the opportunity to file an informal or formal complaint with the Commission. (7-1-21)T

402. **RECORD OF COMPLAINTS (RULE 402).**

01. **Recordkeeping.** Each utility must keep a written record of complaints made under Rules 400 and 401. These records must be retained for a minimum of one (1) year by the utility. These written records are to be readily available upon request by the concerned customer, the customer’s agent possessing written authorization, or the Commission. (7-1-21)T

02. **Reporting.** Each utility must, at the Commission’s request, submit a report to the Commission that states and classifies the number of complaints made to the utility pursuant to Rules 400 and 401, and the general subject matter of the complaints. (7-1-21)T

403. **UTILITY RESPONSE TO INFORMAL COMPLAINTS (RULE 403).**

01. **Response to Commission.** Within ten (10) business days of receiving notification that an informal complaint involving the utility has been filed with the Commission, the utility must respond verbally or in writing to the Commission. A utility will be granted an extension of time to prepare its response if it represents that it is making a good faith effort to resolve the matter in dispute. A full and complete response should be submitted to the Commission no later than thirty (30) days after receipt of notification from the Commission. (7-1-21)T

404. -- 599. **(RESERVED)**
RULES FOR DEPOSIT, DENIAL, AND TERMINATION OF SERVICE
FOR INDUSTRIAL, LARGE COMMERCIAL, AND IRRIGATION CUSTOMERS
Rules 600 through 699

600. DEFINITIONS (RULE 600).
As used in Rules 601 through 605.

01. Advance Payment. “Advance payment” means a payment made prior to receiving service that will be credited to the customer’s account at a later date.

02. Applicant. “Applicant” means an applicant for industrial, large commercial or irrigation service.

03. Customer. “Customer” means an industrial, large commercial or irrigation customer, unless further restricted by the rule. The Commission will maintain on file a list of which customer classes of a given utility are industrial, large commercial, and irrigation.

04. Deposit. “Deposit” means any payment held as security for future payment or performance that is reimbursable.

05. Written Notice. “Written notice” of the utility’s intent to deny or terminate service may be mailed or otherwise delivered to the applicant, occupant or customer. Written notice may be provided by electronic mail (i.e., e-mail) if the customer is billed electronically and separately consents in writing to “opt-in” to receiving electronic notification.

601. DEPOSIT REQUIREMENTS AND ADVANCE PAYMENTS (RULE 601).
An applicant or customer may be required to pay a deposit or make an advance payment in accordance with the utility’s tariff filed with the Commission. If an applicant or customer has sought any form of relief under the Federal Bankruptcy Laws, has been brought within the jurisdiction of the bankruptcy court for any reason in an involuntary manner, or has had a receiver appointed in a state court proceeding, then a deposit may be demanded as allowed by the Federal Bankruptcy Laws, or as directed by the state court.

602. GROUNDS FOR DENIAL OR TERMINATION OF SERVICE WITH PRIOR NOTICE (RULE 602).
A utility may deny or terminate service to an industrial, large commercial or irrigation customer without its permission, but only after adequate notice has been given in accordance with these rules, for one (1) or more of the following reasons:

01. Any Reason Listed in Rule 302.01.a. Through 302.01.f.

02. Failure to Make Advance Payment or Provide Guarantee. The customer or applicant failed to make a required advance payment, pay a deposit or provide an acceptable guarantee, when required by the applicable tariff or contract.

03. Failure to Apply for Service. The customer or applicant failed to apply for service with the utility.

603. REQUIREMENTS FOR AND CONTENTS OF NOTICE BEFORE TERMINATION OF SERVICE (RULE 603).

01. Initial Notice. If the utility intends to terminate service under Rule 602, the utility will mail the customer written notice of termination at least seven (7) calendar days before the proposed termination date. The written notice of termination will state:

02. Final Notice. The utility may mail a final written notice to customers at least three (3) calendar days, excluding weekends and holidays, before the proposed date of termination. Regardless of whether the utility elects to mail a written notice, at least twenty-four (24) hours prior to actual termination, the utility will diligently attempt to contact the customer affected, either in person or by telephone, to apprise the customer of the proposed action. This final notice will contain the same information required above for written notice. Each utility will
maintain clear, written records of oral notices, showing dates and the utility employee giving the notices. (7-1-21)

604. GROUNDS FOR TERMINATION OF SERVICE WITHOUT PRIOR NOTICE (RULE 604).
A utility may terminate service without prior notice to the customer as specified in Rule 602 only:

01. Dangerous Conditions. If a condition immediately dangerous or hazardous to life, physical safety, or property exists, or if necessary to prevent a violation of federal, state or local safety or health codes. (7-1-21)

02. Order to Terminate. Upon order by any court, the Commission, or any other duly authorized public authority. (7-1-21)

03. Illegal Use of Utility. If such service is obtained, diverted or used without the authorization or knowledge of the utility; or (7-1-21)

04. Unable to Contact Customer. If the utility has tried diligently to meet the notice requirements of Rule 602, but has been unsuccessful in its attempt to contact the customer. (7-1-21)

605. NOTICE TO COMMISSION PRIOR TO TERMINATION (RULE 605).
A utility will provide written notice to the Commission of its intent to terminate service to an industrial or large commercial customer at least seven (7) days before the scheduled termination date. The Commission may stay termination if it finds that the public interest requires service to be maintained to the customer. (7-1-21)

606. -- 699. (RESERVED)

SUMMARY OF CUSTOMER RULES
Rules 700 through 799

700. INFORMATION TO CUSTOMERS (RULE 700).

01. Required Information. Each utility will provide the following information to its customers:

a. A summary of the terms and conditions under which service is provided, including the conditions under which the utility may request a deposit or deny or terminate service; (7-1-21)

b. A statement that:

i. The utility is willing to make reasonable payment arrangements; (7-1-21)

ii. The customer may file a complaint with the utility and the Commission and that termination of service is prohibited while a complaint is pending with the Commission or with a court in the state of Idaho; (7-1-21)

iii. Termination of service may be postponed due to serious illness or medical emergency (residential customers only). (7-1-21)

c. A clear and concise explanation of rate schedule(s) applicable to the customer's class of service. (7-1-21)

02. Information for Gas and Electric Customers. Each gas or electric utility also will include an explanation of:

a. Restrictions on termination of service and the availability of the Winter Payment Plan described in Rule 306 (residential customers only). (7-1-21)

b. The Third Party Notification Program described in Rule 307 (residential customers only); and (7-1-21)
c. The availability of the Level Pay Plan described in Rule 313.

03. **When and How Information Provided.** Utilities will provide information to customers in writing annually and to new customers upon initiation of service. Information provided upon initiation of service may be separately mailed or included with a paper or electronic billing statement. Annual notices may be made by separate mailing, included with the paper or electronic billing statement or, with the customer's consent, by electronic notice with reference to information contained on the utility's website.

701. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 0).
These rules are adopted under the general legal authority of the Public Utilities Law, chapters 1 through 7, Title 61, Idaho Code, and the specific authority of Sections 61-301, 61-302, 61-303, 61-315, 61-503, 61-507, and 61-520, Idaho Code, with regard to service.

001. TITLE AND SCOPE (RULE 1).
The name of this chapter is “Master-Metering Rules for Electric Utilities.” This chapter has the following scope: All electric utilities are required to abide by these rules defining when and under what circumstances their customers may master-meter tenants of the customer.

002. WRITTEN INTERPRETATIONS – AGENCY GUIDELINES (RULE 2).
Written interpretations to these rules can be obtained from the Secretary of the Idaho Public Utilities Commission and are available from the office of the Commission Secretary.

003. ADMINISTRATIVE APPEALS (RULE 3).
There are no administrative appeals under these rules because they are not procedural rules. If an issue should arise calling for a proceeding to apply these rules, that proceeding would be conducted under the Commission’s Rules of Procedure, IDAPA 31.01.01.000 et seq.

004. (RESERVED)

005. DEFINITIONS (RULE 5).
As used in these rules:

01. Electric Utility. Electric utility or utility means an “electrical corporation” as defined by statute in Chapter 1, Title 61, Idaho Code, and orders of the Idaho Public Utilities Commission and decisions of the Supreme Court of Idaho construing those statutes.

02. Tenant -- Mobile Home Park. A tenant of a mobile home park is a person defined as a resident and not a transient by the Manufactured Home Residency Act, Section 55-2001 et seq., Idaho Code, and in particular by Section 55-2003(164) and 55-2003(195), Idaho Code.

03. Tenant -- Multi-Unit Residential or Commercial Building. A tenant of a multi-unit residential building is a person who is not a transient and who intends to reside in or be a commercial tenant in one (1) of the building’s units for a period not less than one (1) month.

04. Master-Metering. Provision of service to multiple tenants through one meter, which measures the aggregate usage of all tenants. Typically, the utility bills the property owner or landlord based on measurement by the master meter.

006. -- 099. (RESERVED)

MASTER-METERING RULES FOR ELECTRIC UTILITIES
Rules 100 through 199

100. MASTER-METERING AND INDIVIDUAL METERING IN MOBILE HOME PARKS (RULE 100).

01. Master Metering Prohibited. Master-metering, whether or not in conjunction with sub-metering of electric service by the park operator, is prohibited for any mobile home park connected for service by the utility after July 1, 1980. After that date, tenants (excluding transients) of mobile home parks must be individually metered and billed by the electric utility.

02. Exception for Sub-Metered Parks. Any mobile home park connected for service on or before July 1, 1980 whose spaces for non-transient tenants are been fully sub-metered for electricity by the park owners need not be individually metered by the electric utility supplying the park. A mobile home park sub-metered by the park operator must charge each of their tenants the same rate for electric service that a residential customer of the utility serving the park would charge the tenant if the tenant were directly metered and billed by the utility. Upon request, the utility will provide written instruction on how to calculate bills for sub-metered tenants in conformance with the utility's applicable rate schedule.
101. MASTER-METERING AND INDIVIDUAL METERING IN MULTI-OCCUPANT RESIDENTIAL BUILDINGS (RULE 101).
Multi-occupant residential buildings connected for electric service after July 1, 1980, if the dwelling units for nontransient tenants contain an electric space heating, water heating, or air-conditioning (space cooling) unit that is not centrally controlled and for which the dwelling unit’s tenants individually control electric usage. In such case, non-transient tenants will be individually metered and billed by the electric utility. (7-1-21)T

102. MASTER-METERING AND INDIVIDUAL METERING IN COMMERCIAL BUILDINGS AND SHOPPING CENTERS (RULE 102).
Commercial buildings and shopping centers connected for electric service after July 1, 1980, may not be master metered if the units for non-transient tenants contain an electric space heating, water heating, or air-conditioning (space cooling) unit that is not centrally controlled and for which the unit’s tenants individually control electric usage. Any non-transient tenants in otherwise master-metered buildings will be individually metered and billed by the utility if the tenant’s electric load is significantly greater than that of other tenants in the building or shopping center or exceeds the individual metering threshold found in the utility’s tariffs. (7-1-21)T

103. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 0).
These rules are adopted under the general legal authority of the Public Utilities Law, chapters 1 through 7, Title 61, Idaho Code, and the specific authority of Sections 61-301, 61-302, 61-303, 61-315, 61-503, 61-507, 61-515, and 61-520, Idaho Code, with regard to safety and service. (7-1-21)

001. TITLE AND SCOPE (RULE 1).
The name of this chapter is the “Gas Service Rules.” This chapter has the following scope: All gas utilities are required to abide by these rules in their provision of gas service. (7-1-21)

002. WRITTEN INTERPRETATIONS – AGENCY GUIDELINES (RULE 2).
Written interpretations to these rules can be obtained from the Secretary of the Idaho Public Utilities Commission and are available from the office of the Commission Secretary. (7-1-21)

003. ADMINISTRATIVE APPEALS (RULE 3).
There are no administrative appeals under these rules because they are not procedural rules. If an issue should arise calling for a proceeding to apply these rules, that proceeding would be conducted under the Commission’s Rules of Procedure, IDAPA 31.01.01.000 et seq. (7-1-21)

004. (RESERVED)

005. DEFINITIONS (RULE 5).
As used in these rules, gas utility or gas corporation means a “gas corporation” as defined by statute in Chapter 1, Title 61, Idaho Code, and orders of the Idaho Public Utilities Commission and decisions of the Supreme Court of Idaho construing those statutes. (7-1-21)

006. -- 100. (RESERVED)

CONSTRUCTION, OPERATION, AND MAINTENANCE OF FACILITIES FOR TRANSMISSION AND DISTRIBUTION OF GAS
Rules 101 through 200

PRELIMINARIES FOR SERVICE
Rules 101 through 150

101. MAPS OF FACILITIES (RULE 101).

01. Maps, Plans, and Records. Gas corporations must maintain maps, plans, and records as prescribed by this rule. The gas corporation will keep in the principal office of each of its division or district a map or maps and information about the distribution system that will enable the local representatives to furnish information about the gas corporation regarding rendering of service to existing and prospective customers of the gas corporation. The maps will show the size, character, and location of each street main, district regulator, street valve and drip, and when practicable, each service connection in the corresponding territory served. In lieu of showing date of installation and service locations on maps, a card record or other suitable means may be used. (7-1-21)

02. Maps of Manufacturing, Mixing, Compressor, and Storage Facilities. Each gas manufacturing or mixing plant and each compressor station and storage facility shall be provided with an accurate ground plan drawn to a suitable scale, showing the entire layout of the plant or station, the location, size, and character of plant, equipment, major pipelines, connections, valves, and other facilities used for the production and delivery of gas, all properly identified. (7-1-21)

03. Inspection of Facilities. In determining whether these rules are being complied with, the Commission may inspect facilities and records as necessary, as provided in Section 61-521, Idaho Code. (7-1-21)

102. INSPECTION OF CUSTOMER’S FACILITIES (RULE 102).
The gas corporation shall inspect the customer’s installation before the connection of a meter to ascertain that the installation conforms to the provisions contained in the National Fuel Gas Code and the Uniform Mechanical Code, as adopted by the Commission. If the installation on the customer’s premises does not meet these requirements, the Company shall refuse to connect the meter and shall advise the customer in writing the reasons for such refusal. See Customer Relations Rule 301, IDAPA 31.21.01.301; see Safety and Accident Reporting Rules 201, IDAPA 31.11.01.201. (7-1-21)
STANDARDS FOR SERVICE
Rules 151 through 200

151. STANDARD FOR SERVICE (RULE 151).
Service to the customer shall assure the customer of adequate pressure, a definite heat content, and accurate measurement of gas. (7-1-21)T

152. PERIODIC TESTS OF CUSTOMER METERS (RULE 152).

01. Testing of Smaller Capacity Meters. All meters with capacities up to and including four hundred (400) cubic feet per hour (cfh) that have been in service ten (10) or more years as established by last set date shall be tested within a prescribed sample size as determined in accordance with ANSI/ASQ Z1.4 and Z1.9 2003 (R2018), which are incorporated by reference into these rules, which can be found at https://webstore.ansi.org/Standards/ASQ/ANSIASQZ1SamplingProcedures. (7-1-21)T

02. Testing of Larger Capacity Meters. All meters from four hundred one (401) to three thousand (3,000) cfh that have been in service ten (10) years as established by last set date shall be replaced or field tested. (7-1-21)T

153. METER PROVING (RULE 153).

01. Meter Provers. Each gas corporation shall own at least one (1) meter prover of a type approved by the Commission and shall maintain such equipment in proper adjustment and so calibrated that the error of indication shall not exceed one-half percent. No meter prover shall be so placed as to subject it to excessive temperature variation and each meter prover shall be equipped with suitable thermometers and other necessary accessories. Additional meter proving station shall be installed when and where found necessary by the Commission. (7-1-21)T

02. Testing Apparatus for Large Capacity Meters. Each gas utility using orifice meters, high pressure meters, proportional meters, or other large capacity meters shall own and maintain testing apparatus of a type approved by the Commission. (7-1-21)T

03. Accuracy of Meter Provers and Testers. The accuracy of all provers and methods of operation may be established from time to time by a representative of the Commission. Any alterations, accidents, or repairs that might affect the accuracy of any meter prover, or the method of operating it, shall be promptly reported in writing to the Commission. (7-1-21)T

154. CUSTOMER METER ACCURACY REQUIREMENTS (RULE 154).

01. Accuracy of Meters. A new gas meter installed for the use of any customer shall not be more than two percent (2%) slow and not more than one percent (1%) fast. Every meter removed from service when opened for repairs shall be adjusted to be not more than two percent (2%) slow and not more than one percent (1%) fast before being reset; and if not opened for repairs may be reset without adjustment if found to be not more than two percent (2%) in error fast or slow, when passing as in both instances at the test rates provided for in Rule 155 (Customer Meter Test Loads). (7-1-21)T

02. Removal of Defective Meters From Service. No meter that is mechanically defective shall be placed in service or allowed to remain in service after the defect has been discovered. When any gas meter is not connected in service, the inlet and outlet shall be capped to prevent the drying out of the diagrams. (7-1-21)T

155. CUSTOMER METER TEST LOADS (RULE 155).

01. Testing of Meters. All tests to determine the accuracy of registrations of gas service meters shall be made with a suitable meter prover or testing equipment. Unless exempted by order of the Commission, at least two (2) test runs shall be made on each bellows type displacement meter, the results of which shall agree with each other...
within one-half of one percent (.5%).

02. Gas Flows During Testing. The rate of flow to be used in testing meters having capacities up to and including three thousand (3,000) cubic feet per hour shall be twenty percent (20%) and one hundred percent (100%) of the rated capacity. The one hundred percent (100%) capacity or open run test shall not be taken into consideration in arriving at the accuracy of these meters. Meters having capacities of above three thousand (3,000) cubic feet per hour, except orifice meters, shall be tested both at twenty percent (20%) and one hundred percent (100%) of their capacity. For the purpose of determining the accuracy of these meters, the average of twenty percent (20%) and one hundred percent (100%) tests shall be used.

156. CUSTOMER METER TEST RECORDS (RULE 156).

01. Records of Meter Tests. Annually each gas utility will make tabulations of the results of all meter accuracy tests required by these rules and keep records of tests of the accuracy of each of its meters, until superseded by a later test, but not less than two (2) years. These records shall give:

a. Sufficient information to identify the meter;

b. The reason for the test;

c. The date of the test and reading of the meter;

d. The name of the person making the test; and

e. The accuracy as found and as left, together with enough of the data taken at the time of the test to permit the convenient checking of the methods employed and the calculations.

157. -- 999. (RESERVED)
000. **LEGAL AUTHORITY (RULE 0).**

001. **TITLE AND SCOPE (RULE 1).**
The name of this chapter is “Policies and Presumptions for Small Water Companies.” This chapter has the following scope: All small water companies created or certified after the effective date of these rules (November 1, 1987) are subject to the policies and presumptions of these rules. (7-1-21)

002. **WRITTEN INTERPRETATIONS – AGENCY GUIDELINES (RULE 2).**
Written interpretations to these rules can be obtained from the Secretary of the Idaho Public Utilities Commission and are available from the office of the Commission Secretary. (7-1-21)

003. **ADMINISTRATIVE APPEALS (RULE 3).**
There are no administrative appeals under these rules because they are not procedural rules. If an issue should arise calling for a proceeding to apply these rules, that proceeding would be conducted under the Commission’s Rules of Procedure, IDAPA 31.01.01.000 et seq. (7-1-21)

004. (RESERVED)

005. **DEFINITIONS (RULE 5).**
As used in these rules, water utility, water company, or water corporation means a “water corporation” as defined by statute in Chapter 1, Title 61, Idaho Code, and orders of the Idaho Public Utilities Commission and decisions of the Supreme Court of Idaho construing those statutes. (7-1-21)

006. -- 100. (RESERVED)

101. **SMALL WATER COMPANIES DEFINED (RULE 101).**
Small water companies are water corporations as defined by the Public Utilities Law that:

01. **Gross Revenue.** Have or anticipate not more than fifty thousand dollars ($50,000) annual gross revenues from water operations, or

02. **Customer Base.** Provide service to fewer than three hundred (300) customers or propose initially to provide service to fewer than three hundred (300) customers. (7-1-21)

102. **PRESUMPTION OF CONTRIBUTED CAPITAL (RULE 103).**
In issuing certificates for a small water company or in setting rates for a small water company, it will be presumed that the capital investment in plant associated with the system is contributed capital, i.e., that this capital investment will be excluded from rate base. (7-1-21)

103. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 0).

001. TITLE AND SCOPE (RULE 1).
The name of this chapter is the “Customer Relations Rules for Telephone Corporations Providing Services in Idaho Subject to Customer Service Regulation by the Idaho Public Utilities Commission,” (The Telephone Customer Relations Rules). For companies subject to Commission regulation under Title 62, Idaho Code, these rules apply to companies providing local exchange service as defined in Section 62-603, Idaho Code. This chapter has the following scope: These rules provide a set of fair, just, reasonable, and non-discriminatory rules to address recurring areas of disagreement between local exchange companies and other telephone companies and customers with regard to deposits, guarantees, billing, application for service, denial of service, termination of service, complaints to telephone companies, billing for interrupted service, and provision of certain information about customers to authorities.

002. WRITTEN INTERPRETATIONS – AGENCY GUIDELINES (RULE 2).
Written interpretations to these rules can be obtained from the Secretary of the Idaho Public Utilities Commission and are available from the office of the Commission Secretary.

003. ADMINISTRATIVE APPEALS (RULE 3).
This rule governs formal complaints and requests for exemption under these rules. Any telephone company or customer requesting and receiving an informal staff determination with regard to a complaint may formally request the Commission to review the staff’s determination. If unusual hardships result from the application of any of these rules, any telephone company or customer may apply to the Commission for, or the Commission on its own motion may order, a permanent or temporary exemption. A formal complaint or request for exemption must be filed with the Commission pursuant to the Commission’s Rules of Procedure, IDAPA 31.01.01.000 et seq.

004. (RESERVED)

005. DEFINITIONS (RULE 5).
The following definitions are used in this title and chapter:

01. Customer. A “customer” is a person or entity who has requested service or currently receives service from a telephone company or has assumed responsibility for payment of service provided to another person or entity. Any person whose service has been temporarily disconnected for non-payment will continue to be a “customer” for the purposes of these rules until such time as service is permanently disconnected.

02. Local Exchange Company (LEC). “Local exchange company” (LEC) is a telephone company providing local exchange service to end-users.

03. Message Telecommunications Service (MTS). “MTS” (commonly known as “long-distance service”) means the transmission of two-way interactive switched voice communication between local exchange areas.

04. Other Services. “Other services” mean all services except local exchange and MTS services provided, billed, or collected by a telephone company.

05. Residential Service. “Residential service” means telecommunication service furnished and maintained at a dwelling primarily for personal or domestic purposes and not for business, professional or institutional purposes, i.e., service provided to residential customers as defined in Section 62-603(9), Idaho Code.

06. Small Business Service. “Small business service” means telecommunication service furnished to a business or institutional entity, whether an individual, partnership, corporation, association or other business or
in institutional form, for occupational, professional, or institutional purposes, to customers who do not subscribe to more than five (5) local access lines which are billed to a single billing location, i.e., service provided to small business customers as defined in Section 62-603(11), Idaho Code.

07. **Telephone Company.** Unless further restricted by definition within a rule or a group of rules, "telephone company" means any entity subject to this Commission’s regulation as a provider of telecommunication services to end-users under the Public Utilities Law (Idaho Code, Title 61, Chapters 1-7) or subject to this Commission’s authority under the Telecommunications Act of 1988, as amended, (Idaho Code, Title 62, Chapter 6) or the federal Telecommunications Act of 1996 (47 U.S.C. 151 et seq).

006. -- 007. (RESERVED)

008. **EXERCISE OF RIGHTS BY CUSTOMER (RULE 8).** Telephone company will not discriminate against or penalize a customer for exercising any right granted by these rules.

009. **INFORMAL COMPLAINTS AND INTERPRETATION OF RULES (RULE 9).** Commission staff may informally interpret these rules and tariffs or other filings of telephone companies and investigate complaints made to the Commission. The Commission may issue orders interpreting these rules, telephone company tariffs or similar filings, and resolving formal complaints.

010. **CONFLICT WITH TELEPHONE TARIFFS OR PRICE LISTS (RULE 10).** If a telephone company’s tariff or price list denies or restricts customer rights protected by these rules, these rules supersede conflicting tariff or price list provisions.

011. **INCORPORATION BY REFERENCE -- CODE OF FEDERAL REGULATIONS (RULE 11).** Rules 701 through 703 incorporate by reference federal regulations issued by the Federal Communications Commission. The incorporated regulations are found in the Code of Federal Regulations available from the U.S. Government Printing Office. Incorporated materials are also available for inspection and copying at the offices of the Public Utilities Commission.

012. -- 099. (RESERVED)

**RESIDENTIAL AND SMALL BUSINESS DEPOSIT**

Rules 100 through 199

100. **DEPOSIT REQUIREMENTS -- LECS (RULE 100).**

a. The customer has outstanding a prior residential service account and at the time of application for service remains unpaid and not in dispute.

b. The customer’s service has been temporarily denied or terminated within the past four (4) years for one (1) or more of the following reasons:

   i. Non-payment of any undisputed delinquent bill;

   ii. Obtaining, diverting or using telephone service without the authorization or knowledge of the telephone company.

c. The customer does not have verifiable previous telephone service that was in existence for a period
exceeding twelve (12) months and does not pass an objective credit screen. (7-1-21)T

d. The telephone company has determined that information provided by the customer is materially false or materially misrepresents the customer’s true status. (7-1-21)T

e. The customer requests service at a residence where a prior subscriber still resides and where any balance for service to that prior subscriber incurred at that location is past due or owing. (7-1-21)T

02. Small Business Customers. Telephone companies providing local exchange service will not demand or hold any deposit as a condition of service from any current small business customer for small business service unless one (1) or more of the following criteria apply:

a. Any of the conditions listed in Rule 100.01 of this rule are present. (7-1-21)T

b. The customer has not had previous service with that telephone company. (7-1-21)T

c. The customer was delinquent in payment two (2) or more times in the previous twelve (12) months. (7-1-21)T

03. Bankrupt Customers. If a customer, either residential or a small business, has sought any form of relief under the Federal Bankruptcy Laws, has been brought within the jurisdiction of the bankruptcy court for any reason in an involuntary manner, or has had a receiver appointed in a state court proceeding, then a deposit may be demanded as allowed by the Federal Bankruptcy Laws. (7-1-21)T

101. OTHER DEPOSIT STANDARDS PROHIBITED (RULE 101).
A local exchange company will not require a deposit or other guarantee as a condition of new or continued residential telephone service based upon residential ownership or location, income level, source of income, employment tenure, nature of occupation, race, creed, sex, age, national origin, marital status, number of dependents, or any other criterion not authorized by these rules. Rules governing deposits will be applied uniformly. If the customer, either residential or small business, selects another company to provide services and arranges to be billed directly by that company rather than through the local exchange company, no deposit may be collected by the local exchange company for the services provided by the other company. (7-1-21)T

102. EXPLANATION FOR DENIAL OF SERVICE OR REQUIREMENT OF DEPOSIT -- LECS (RULE 102).
If the local exchange company requires a deposit as a condition of providing service, then it will immediately provide an explanation to the customer why a deposit is required. The customer will be given an opportunity to rebut these reasons. The notice will also advise the customer that if there is a dispute an informal or formal complaint may be filed with the Commission. (7-1-21)T

103. AMOUNT OF DEPOSIT -- LECS (RULE 103).
A deposit allowed pursuant to Rule 100 as a condition of service by a local exchange company must not exceed two (2) months’ charges for local exchange service. Additional deposits for damage or other reasons independent of usage may be in reasonable amounts. (7-1-21)T

104. INTEREST ON DEPOSITS (RULE 104).

01. Interest Payable. Interest will be payable on the deposited amounts at the rate provided by Rule 104.02. Interest will accrue from the date the deposit is made until the deposit is refunded or applied to the customer’s bill; however, interest will not accrue on a deposit if:

a. Service is terminated temporarily at the request of the customer who leaves the deposit with the telephone company for future use as a deposit; or (7-1-21)T

b. Service has been permanently terminated and the telephone company has been unsuccessful in its attempt to refund a deposit. (7-1-21)T
02. Interest Rate. On or before November 15 of each year, the Commission will determine the twelve-month average interest rate for one-year Treasury Bills for the previous November 1 through October 31, round that rate to the nearest whole percent, and notify the telephone companies of its determination of this interest rate. That rate will be in effect for the following calendar year for all deposits described in Rule 104.01. (7-1-21)T

105. RETURN OF DEPOSIT -- LECS (RULE 105).

01. Former Customers. Upon termination of service the telephone company will credit the deposit (with accrued interest), to the final bill then promptly return any remaining balance to the customer. (7-1-21)T

02. Existing Customers. If the customer has paid all undisputed bills and has no more than one (1) late payment during the past twelve (12) consecutive months of service, the telephone company will promptly return the deposit (with accrued interest) by crediting the customer’s current account or issuing a refund. (7-1-21)T

03. Retention During Dispute. The local exchange company may retain the deposit pending resolution of a dispute over termination of service. If the deposit is later refunded to the customer, the local exchange company will pay interest at the annual rates established in Rule 104 for the entire period over which the deposit was held. (7-1-21)T

04. Early Return of Deposit. A local exchange company may refund a deposit plus accrued interest in whole or part at any time before the time prescribed in this rule. (7-1-21)T

106. TRANSFER OF DEPOSIT (RULE 106). Deposits will not be transferred from one (1) customer to another customer or between classes of service, except at the customer’s request. When a customer with a deposit on file transfers service to a new location within the same telephone company’s service area in Idaho, the deposit and any outstanding balance will be transferred to the account for the new location. (7-1-21)T

107. RECORDS OF DEPOSITS (RULE 107).

01. Receipts. Each customer paying a deposit will be provided the following information: (7-1-21)T

a. Name of customer and service address for which deposit is held; (7-1-21)T

b. Date of payment; (7-1-21)T

c. Amount of payment; and (7-1-21)T

d. Terms and conditions governing the return of deposits. (7-1-21)T

02. Retention of Records. Each telephone company will maintain records that will enable a customer entitled to a return of a deposit to obtain a refund even though the customer may be unable to produce the receipt for the deposit. These records must include the name of each customer, the service location(s) and telephone number(s) of the customer while the deposit is retained, and the date(s) and amount(s) of the deposits. The telephone company will retain records of deposits that have been refunded to customers for a period of three (3) years after the date of refund. The telephone company will retain records of unclaimed deposits for a period of seven (7) years as required by Section 14-531, Idaho Code. (7-1-21)T

03. Transfer of Records. Upon the sale or transfer of any telephone company or any of its operating units, the seller will certify to the Commission that it has a list showing the names of all customers whose service is transferred and who have a deposit on file, the date the deposit was made and the amount of the deposit. (7-1-21)T

108. UNCLAIMED DEPOSITS AND ADVANCE PAYMENTS (RULE 108).

01. Presumption of Abandonment. Pursuant to Section 14-508, Idaho Code, any deposit or advance payment made to obtain or maintain local exchange service or other services that is unclaimed by the owner for more than one (1) year after termination of service is presumed abandoned. (7-1-21)T
02. **Financial Assistance Program.** A telephone company may apply to the Commission for approval to pay unclaimed deposits and advance payments presumed to be abandoned to a financial assistance program which assists the telephone company’s low income and disadvantaged customers with payment of utility bills. The telephone company will file its report of such abandoned property as required by Section 14-517, Idaho Code, and retain records as required by Section 14-531, Idaho Code.

109. -- 199. (RESERVED)

**BILLING**

Rules 200 through 299

200. **FURTHER DEFINITION (RULE 200).**

As used in Rules 201 through 205, “bill” or “billing statement” refers to a written request for payment listing charges for goods and services that is mailed or otherwise delivered to the customer for payment. A billing statement may be provided to the customer in an electronic format with the customer’s consent. Oral notice of the amount of charges pending is not a bill. Bills include requests for payments for services rendered by other telephone companies or other entities that are not telephone companies. This rule does not apply to billings between or among telephone companies.

201. **ISSUANCE OF BILLING STATEMENTS -- CONTENTS OF BILLS -- RESIDENTIAL AND SMALL BUSINESS SERVICE (RULE 201).**

01. **Local Exchange Service.** Billing statements for residential and small business local exchange service will be regularly issued and must contain the following information:

a. The date the billing statement is issued;

b. The time period covered by the billing statement;

c. The due date by which payment must be received, unless the customer has authorized automatic monthly payment. If automatic payment is authorized, the customer must be informed in writing when funds will be withdrawn from a bank account or charged to a credit card account. In addition, the billing statement must state the actual or earliest possible date that funds will be withdrawn or the credit card charged unless the customer consents otherwise in writing at the time automatic payment is authorized;

d. Any amounts transferred from another account;

e. Any amounts past due;

f. Any payments or credits applied to the customer’s account since the last bill;

g. The total amount due;

h. Names of all telephone companies or entities providing goods and services for which the customer is billed, sufficient information to readily identify the goods and services provided, and the amounts charged;

i. The toll-free telephone number(s) available to customers for answering inquiries and resolving complaints about goods and services billed;

j. An itemization of charges for goods and services provided to the customer and any associated fees, taxes, surcharges or subscriber line charges. Charges for each good or service provided as part of a package under a single price, or calling plans in which individual calls are billed at a flat rate regardless of usage need not be separately itemized.

02. **MTS Bills.** In addition to the requirements of Rule 201.01, bills for MTS service must identify the
number called and the date, time, duration, destination and charge for each call, unless the customer has selected a flat rate calling plan. For collect and third-party calls the MTS provider must also itemize the origin of the call.(7-1-21)T

03. Other Services. No telephone company may send demand letters or initiate collection efforts for any amount owed by a customer who subscribes to or is billed for services other than local exchange service and MTS services provided by another telephone company unless the bill separately lists those services as required by this rule. (7-1-21)T

04. Customer Request for Less Detail. Upon customer request, telephone companies may provide billing statements containing less detail than required by this rule. Telephone companies must make available without charge detailed billing information for the preceding twelve (12) months to those customers who have elected to receive less detail on monthly billing statements but subsequently request more detail. (7-1-21)T

202. DUE DATE OF BILLS -- DELINQUENT BILLS (RULE 202). The telephone company may require that bills for service be paid within a specified time after the billing date. The minimum specified time after the billing date is fifteen (15) days (or twelve (12) days after mailing or delivery of a paper or electronic bill, if bills are mailed or delivered more than three (3) days after the billing date). Upon the expiration of this time without payment, the bill may be considered delinquent. With the customer’s approval, automatic monthly payments made by withdrawal from a bank account or charged to a credit card account may take place prior to the normal due date if the customer has authorized such a payment. (7-1-21)T

203. BILLING ERRORS, BILLING UNDER INCORRECT RATES, OR FAILURE TO BILL (RULE 203).

01. Billing Errors -- Failure to Bill. Whenever the billing for telephone service was not accurately billed because of malfunction in billing equipment or error in preparation of bills, the telephone company shall prepare a corrected billing. If the telephone company has not billed a customer for service provided, the telephone company shall prepare a bill for the period in which service was provided and the customer was not billed. At its discretion, the telephone company may waive rebilling for undercharges. (7-1-21)T

02. Billing Under Incorrect Rates. A customer has been billed under an incorrect rate if the customer was billed under a rate for which the customer was not eligible or the customer, who is eligible for billing under more than one (1) rate, was billed under a rate contrary to the customer’s election or the election was made based upon erroneous information provided by the telephone company. If a customer is billed under an incorrect rate, the telephone company must recalculate the customer’s past bills and correctly calculate future bills based on the appropriate rate. The telephone company is not required to adjust bills when it has acted in good faith based upon information provided by the customer. (7-1-21)T

03. Rebilling Time Period. (7-1-21)T

a. If the time when the billing error, billing under incorrect rates, or failure to bill (collectively referred to as “billing problem”) began cannot be reasonably determined to have occurred within a specified billing period, the corrected billings will not exceed the most recent six (6) months before the discovery of the billing problem. (7-1-21)T

b. If the time when the billing problem began can be reasonably determined, and the telephone company determines the customer was overcharged, the corrected billings will go back to that time, but not to exceed three (3) years from the time the billing problem occurred as provided by Section 61-642, Idaho Code. (7-1-21)T

c. If the time when the billing problem began can be reasonably determined and the telephone company determines the customer was undercharged, the company may rebill for a period of six (6) months unless a reasonable person should have known of the inaccurate billing, in which case the rebilling may be extended for a period not to exceed three (3) years. The telephone company is responsible for identifying customers who have not been billed or who have been inaccurately billed. (7-1-21)T

04. Refunds. The telephone company will promptly calculate refund amounts overpaid by the customer and issue a credit within two (2) billing cycles. Any remaining credit balance will be credited against future
bills unless the customer, after notice from the telephone company, requests a refund and the amount is more than twenty-five dollars ($25). The telephone company will advise the customer of the option to have any remaining credit balance exceeding twenty-five dollars ($25) refunded. (7-1-21)T

05. Additional Payments. The telephone company will promptly prepare a corrected billing for a customer who has been undercharged, indicating the amount owed to the company. An unbilled or undercharged customer will be given the opportunity to make payment arrangements under Rule 310 on the amount due. At the customer’s option, the term of the payment arrangement may extend for the length of time that the underbilling accrued or the customer was not billed. (7-1-21)T

204. BILLING PROHIBITED -- BILLING DISPUTES (RULE 204).

01. Unauthorized Charges. No telephone company will bill for unanswered or unaccepted telephone calls, telephone calls placed to a toll-free number, or telephone service or other goods and services not ordered or otherwise authorized by the customer of record. A telephone company that unknowingly submits a bill containing charges for unanswered or unaccepted telephone calls, telephone calls placed to a toll-free number, or telephone service or other services or goods not ordered or otherwise authorized by the customer of record shall be considered in violation of this rule unless the disputed amounts are removed from the customer’s bill within two (2) billing cycles of the customer’s notification to the company. (7-1-21)T

02. Billing Disputes. A telephone company that bills and collects for other telephone companies or entities is responsible for either addressing billing disputes regarding unauthorized goods and services for which it bills or advising customers how to contact the providers of those goods and services. If a customer is unable to either contact or successfully resolve a dispute about unauthorized goods and services for which the telephone company bills, a credit equal to the disputed charges must be applied to the customer’s account within two (2) billing cycles of the customer’s notification to the company. (7-1-21)T

205. RESPONSIBILITY FOR PAYMENT OF RESIDENTIAL SERVICE BILLS (RULE 205).

01. Customer Defined. For purposes of this rule, “customer” means a person whose name appears on the telephone company’s regular bill for residential service or who signed a written application for residential service or another document informing the customer that he or she was assuming an obligation for payment of service. (7-1-21)T

02. Customer's Responsibility. A telephone company will not hold a customer responsible for paying an amount not billed for the customer’s own service or through use of the customer’s own credit or facilities and whose own name does not appear on the current bill or application for service, unless:

a. The customer expressly accepts responsibility for payment of the other person’s bill; or (7-1-21)T

b. The customer has a legal obligation to pay the other person’s bill. (7-1-21)T

03. Customer Notice. The telephone company will provide written notice of its intent to add to the customer’s bill for current service an amount owed for another person’s bill or service rendered at a former service location, if the lapse in service exceeds sixty (60) calendar days. The notice may be provided in an electronic format with the customer’s consent. (7-1-21)T

04. Contents of Notice. The notice must include:

a. The name of the customer of record who owes the bill; (7-1-21)T

b. The service location and telephone number or account number involved; (7-1-21)T

c. The time over which the bill amount was accumulated; (7-1-21)T

d. The amount owed; (7-1-21)T
e. The reason(s) for adding the bill amount to the customer’s billing statement; (7-1-21)T
f. Statement that payment arrangements may be made on the amount owed; (7-1-21)T
g. A statement that the customer has a right to contest the telephone company’s proposed action by contacting the Commission; and (7-1-21)T
h. The response deadline after which the bill amount will be added to the customer’s billing statement. (7-1-21)T

05. Opportunity to Respond. The telephone company will give the customer at least seven (7) calendar days from the date of its proposed action to respond to the telephone company notice. (7-1-21)T

DENIAL, RESTRICTION, AND TERMINATION OF SERVICE
Rules 300 through 399

300. EXPLANATION FOR DENIAL OF A SERVICE TO A CUSTOMER (RULE 300).
If a telephone company intends to deny service to a customer under Rule 301, the telephone company will provide an explanation to the customer stating the reasons for the telephone company’s refusal to provide service and the necessary action(s) to be taken to receive service. In the event of a dispute, the customer will be advised that an informal or formal complaint concerning denial of service may be filed with the Commission. (7-1-21)T

301. GROUNDS FOR DENIAL OR TERMINATION OF LOCAL EXCHANGE SERVICE WITH PRIOR NOTICE (RULE 301).
A telephone company may deny or terminate local exchange service to a customer without the customer’s permission, but only after adequate notice has been given in accordance with these rules, for one (1) or more of the following reasons: (7-1-21)T

a. Customer Did Not Pay Undisputed Bills. With respect to undisputed past due bills for local exchange service, the customer: (7-1-21)T
b. Failed to pay; (7-1-21)T
c. Paid with a dishonored check; or (7-1-21)T
d. Made an electronic payment drawn on an account with insufficient funds. (7-1-21)T
e. The customer failed to make a security deposit, when one is required. (7-1-21)T
f. The customer failed to abide by the terms of a payment arrangement. (7-1-21)T
g. The telephone company determines as prescribed by relevant state or other applicable standards that the customer is willfully wasting or interfering with service through improper equipment or otherwise. (7-1-21)T
h. The customer is a minor not competent to contract as described in Sections 29-101 and 32-101, Idaho Code. (7-1-21)T

02. No Obligation to Connect Service. Nothing in this rule requires the telephone company to connect service for a customer who owes money on an existing account or from a previous account if the unpaid bill is for service provided within the past four (4) years. (7-1-21)T

302. GROUNDS FOR DENIAL OR TERMINATION OF A SERVICE, WITHOUT PRIOR NOTICE (RULE 302).
A telephone company may deny or terminate a service or all services without prior notice to the customer and without the customer’s permission for any of the following reasons: (7-1-21)T
01. **Dangerous Condition.** A condition immediately dangerous or hazardous to life, physical safety, or property exists, or it is necessary to prevent a violation of federal, state or local safety or health codes. (7-1-21)T

02. **Ordered to Terminate Service.** The telephone company is ordered to terminate service by any court, the Commission, or any other duly authorized public authority. (7-1-21)T

03. **Illegal Use of Services.** The service(s) was (were) obtained, diverted or used without the authorization or knowledge of the telephone company. (7-1-21)T

04. **Customer Unable to Be Contacted.** The telephone company has tried diligently to meet the notice requirements of Rule 303, but has been unsuccessful in its attempt to contact the customer. (7-1-21)T

05. **Misrepresentation.** The telephone company has determined that information provided by the customer is materially false or materially misrepresents the customer’s true status. (7-1-21)T

303. **REQUIREMENTS FOR NOTICE BEFORE TERMINATION OF LOCAL EXCHANGE SERVICE (RULE 303).**

01. **Initial Notice.** If the telephone company intends to terminate local exchange service under Rule 301, it will send to the customer written notice of termination mailed at least seven (7) calendar days before the proposed date of termination. Written notice may be provided by electronic mail (i.e. e-mail) if the customer is billed electronically and separately consents in writing to receiving electronic notification. This written notice will contain the information required by Rule 304. (7-1-21)T

02. **Final Notice.** At least twenty-four (24) hours before actual termination, the telephone company will diligently attempt to contact the customer to apprise the customer of the proposed action and the steps the customer must take to avoid or delay termination. This oral notice will contain the same information required by Rule 304. (7-1-21)T

03. **Additional Notice.** If the telephone company has not terminated service within twenty-one (21) days after the proposed termination date as specified in a notice, the telephone company will again provide notice under Rules 303.01 and 303.02 if it still intends to terminate service. (7-1-21)T

04. **Failure to Pay.** No additional notice of termination is required if, upon receipt of a termination notice:

   a. The customer makes a payment arrangement and subsequently fails to keep that arrangement; (7-1-21)T

   b. The customer tenders payment with a dishonored check; or (7-1-21)T

   c. Makes an electronic payment drawn on an account with insufficient funds. (7-1-21)T

304. **CONTENTS OF NOTICE OF INTENT TO TERMINATE LOCAL EXCHANGE SERVICE (RULE 304).**

01. **Contents of Notice.** The written, electronic or oral notice of intent to terminate local exchange service required by Rule 303 will state:

   a. The reason(s), citing these rules, why service will be terminated and the proposed date of termination; (7-1-21)T

   b. Actions the customer may take to avoid termination; (7-1-21)T

   c. That a certificate notifying the local exchange company of a serious illness or medical emergency in the household may delay termination under Rule 306; (7-1-21)T
d. That an informal or formal complaint concerning termination may be filed with the telephone company or the Commission, and that service will not be terminated on grounds relating to the dispute between the customer and telephone company before resolution of the complaint (the Commission’s mailing address, Internet address, and telephone number must be given to the customer); (7-1-21)T

e. That the telephone company is willing to make payment arrangements (in a written notice this statement must be in bold print); and (7-1-21)T

f. What amount must be paid in order to avoid termination of local exchange service and that partial payments will be applied toward past due charges for local exchange service first. (7-1-21)T

305. SERIOUS ILLNESS OR MEDICAL EMERGENCY (RULE 305).

01. Medical Certificate -- Postponement of Termination of Local Exchange or Long-Distance Services. A telephone company offering local exchange or long-distance service between a residential customer and the customer’s nearest community providing necessary medical facilities or services must postpone termination of local exchange or long-distance service to a residential customer for thirty (30) calendar days from the date of receipt of a written certificate signed by a licensed physician or public health official with medical training. The certificate must contain the following information:

a. A statement that the customer, a member of the customer’s family, or other permanent resident of the premises where service is provided, is seriously ill or has a medical emergency or will become seriously ill or may have a medical emergency because of termination of service; and that termination of local exchange service would adversely affect the health of that customer, member of the customer’s family, or resident of the household. (7-1-21)T

b. If the customer requests that termination of long-distance service be postponed, a statement that termination of long-distance service would impair the customer’s ability to communicate with necessary medical facilities or services. (7-1-21)T

c. The name of the person whose serious illness or medical emergency would be adversely affected by termination and the relationship to the customer. (7-1-21)T

d. The name, title, and signature of the person certifying the serious illness or medical emergency. (7-1-21)T

02. Restoration of Service. If local exchange or long-distance service has already been terminated when the medical certificate is received, the appropriate service will be restored as soon as possible, but no later than twenty-four (24) hours after receipt. The customer will receive local exchange and necessary long-distance services for thirty (30) calendar days from the telephone company’s receipt of the certificate. (7-1-21)T

03. Second Postponement. The telephone company may postpone termination of local exchange and necessary long-distance service for an additional thirty (30) days upon receipt of a second certificate stating that the serious illness or medical emergency still exists. (7-1-21)T

04. Verification of Medical Certificate. The telephone company may verify the authenticity of the certificate and may refuse to delay termination of service if the certificate is a forgery or is otherwise fraudulent. (7-1-21)T

05. Obligation to Pay. Nothing in this rule relieves the customer of the obligation to pay any undisputed bill. (7-1-21)T

306. MEDICAL FACILITIES -- SHELTER CARE (RULE 306).
Where local exchange or long-distance services are provided to a customer known by the telephone company to be or identifying itself as a medical care facility, including a hospital, medical clinic with resident patients, nursing home, intermediate care facility or shelter care facility, notice of pending termination will be provided to the Commission as well as to the customer. Upon request from the Commission, a delay in termination of no less than seven (7) calendar
days from the date of notice will be allowed so that action may be taken to protect the interests of the facility’s residents. (7-1-21)T

307. INSUFFICIENT GROUNDS FOR TERMINATION OF LOCAL EXCHANGE SERVICE (RULE 307).

01. Termination Prohibited. Telephone companies will not terminate service or provide notice of intent to terminate service if the unpaid bill cited as grounds for termination is: (7-1-21)T

   a. Less than thirty ($30) dollars; (7-1-21)T
   b. For telephone service provided to any other customer or former customer (unless that customer has a legal obligation to pay the other bill) or for a class of service (business or residential) other than the one to which the customer currently subscribes; (7-1-21)T
   c. For MTS or other goods and services provided by the telephone company or for which the telephone company bills; (7-1-21)T
   d. For service provided four (4) or more years ago unless the customer made a payment on the bill within the past four (4) years, or the customer signed a written payment agreement and then failed to pay; (7-1-21)T
   e. The subject of an informal or formal complaint filed with the Commission; or (7-1-21)T
   f. Is at issue in a case pending before a court in the state of Idaho unless termination is authorized by court order. (7-1-21)T

308. RESTRICTIONS ON TERMINATION OF LOCAL EXCHANGE SERVICE -- OPPORTUNITY TO AVOID TERMINATION OF LOCAL EXCHANGE SERVICE (RULE 308).

01. When Termination Not Allowed. Unless the customer affected has consented in writing, local exchange service will not be terminated on any Friday after twelve noon or on any Saturday, Sunday, legal holidays recognized by the state of Idaho, or after twelve noon on any day immediately before any legal holiday, or at any time when the telephone company’s business offices are not open for business, except as authorized by Rules 302.01 and 302.02, or for non-residential customers, as authorized by any Subsection of Rule 302. Local exchange services may be terminated only between the hours of 8 a.m. and 4 p.m., except as authorized by Rules 302.01 and 302.02. (7-1-21)T

02. Personnel to Authorize Reconnection. Each telephone company providing local exchange service will have personnel available after the time of termination who are authorized to reconnect service if the conditions cited as grounds for termination are corrected to the telephone company’s satisfaction. Customers may be asked to pay reconnection fees before restoration of service. (7-1-21)T

03. Service to Persons Not Customers. If local exchange service is provided to a residence and the account is in the name of one who does not reside there, the telephone company, prior to termination, will notify the person(s) receiving service and afford the person(s) a reasonable opportunity to negotiate directly with the telephone company to purchase service in the resident’s(s’) own name(s). (7-1-21)T

04. No Termination While Complaint Pending. Except as authorized by order of the Commission or of the Judiciary, local exchange service will not be terminated for failure to pay amounts in dispute while a complaint over that telephone service filed pursuant to Rule 401 is pending before this Commission or while a case placing at issue payment for that telephone service is pending before a court in the state of Idaho. (7-1-21)T

309. PAYMENT ARRANGEMENTS (RULE 309).

01. Arrangements Allowed. When a customer cannot pay a bill in full, the telephone company may continue to serve the customer if the customer and the telephone company agree on a reasonable portion of the outstanding bill to be paid immediately, and the manner in which the balance of the outstanding bill will be paid. (7-1-21)T
02. **Reasonableness.** In deciding on the reasonableness of a particular agreement, the telephone company will take into account the customer’s ability to pay, the size of the unpaid balance, the customer’s payment history and length of service, and the amount of time and reasons why the debt is outstanding. (7-1-21)

03. **Application of Payment.** Payments are to be applied first to the undisputed past due balance owed by the customer for local exchange services. In discussing or negotiating payment arrangements, the telephone company shall advise the customer what amount of payment the customer must allocate to local exchange service or to long-distance service or other goods and services in order to retain those goods and services. (7-1-21)

04. **Second Arrangement.** If a customer fails to make the payment by the agreed due date, the telephone company may, but is not obligated to, enter into a second arrangement. (7-1-21)

05. **When Arrangement Not Binding.** No payment arrangement binds a customer if it requires the customer to forego any right provided for in these rules. (7-1-21)

310. **DENIAL, RESTRICTION, MODIFICATION, OR TERMINATION OF LONG-DISTANCE SERVICE OR OTHER SERVICES (RULE 310).**

01. **Compliance.** Telephone companies regulated under Title 61, Idaho Code, providing long-distance or other services must comply with Rules 300, 302, 308.03, 308.04, and 309 in connection with denial, restriction, modification, or termination of those services. Telephone companies providing long-distance or other services must provide reasonable notice before terminating or restricting access to such services, except as provided by Rule 302. Telephone companies providing long-distance services must provide reasonable notice before modifying a customer’s existing service. Nothing in this rule abrogates customers’ rights under those telephone companies’ tariffs or filings, written agreements with customer, or obligations otherwise imposed by statutory or common law. (7-1-21)

02. **Failure to Pay.** A customer’s failure to pay for undisputed long-distance charges billed by the local exchange company may result in loss of 0+ or 0- and 1+ dialing access to long-distance services until such time as the customer pays the undisputed charges and any applicable reconnection charges. (7-1-21)

03. **Loss of Services.** Customer failure to pay undisputed charges for other services may result in loss of those services. (7-1-21)

311. **CESSATION OF SERVICE IN A SERVICE AREA (RULE 311).**

01. **Single Local Service Provider.** A telephone company that intends to terminate a service regulated under Title 61, Idaho Code, and an eligible telecommunications carrier that intends to terminate its universal service obligation in an area where it is the only eligible telecommunications carrier, must comply with the following:

   a. Petition the Commission for authority to terminate the service at least ninety (90) days before the company intends to terminate the service. If the Commission does not deny the petition or set it for hearing within ninety (90) days after receiving the petition, it shall be deemed approved; (7-1-21)

   b. Mail a notice to each affected customer and to each telecommunications provider affected by the proposed cessation no later than ten (10) days after filing its petition with the Commission. (7-1-21)

   c. Include with its petition a copy of the notice to customers and the number of customers affected by the proposed cessation; (7-1-21)

   d. Demonstrate that the termination will not deprive the public of necessary telephone services; (7-1-21)

   e. Obtain Commission approval before transferring customers to other telecommunications providers. (7-1-21)
02. Competitive Local Service Provider. A local exchange company that intends to terminate local exchange service that is not subject to regulation under Title 61, Idaho Code, and an eligible telecommunications carrier that intends to terminate its universal service obligation in an area where it is not the only eligible telecommunications carrier, must comply with the following:

a. Provide notice to the Commission and each affected customer at least forty-five (45) days prior to the proposed termination of service;

b. Inform the Commission of the number of customers and the other providers affected by the proposed termination, and the company’s plan to ensure that all customers served by the company will continue to be served;

c. The telecommunications company may, after complying with this rule, transfer customers to another telecommunications provider without obtaining affirmative approval from affected customers if the following conditions are satisfied:

i. The company terminating service has a written commitment from another provider to accept all of the exiting company’s customers within the receiving company’s service area;

ii. All affected customers are notified at least forty-five (45) days in advance that they may apply to another telecommunications company for the service that is being terminated, and that if they do not obtain service from another provider, then the exiting company will automatically transfer them to the receiving company.

iii. The receiving company may provide service to the terminating company’s customers for up to forty-five (45) days without the affected customer applying for service from the receiving company. If the affected customers do not apply for service from or otherwise affirm an agreement to be served by the receiving company within forty-five (45) days, the receiving company may discontinue service.

312. -- 399. (RESERVED)

COMPLAINT PROCEDURE
Rules 400 through 499

400. COMPLAINT TO TELEPHONE COMPANY (RULE 400).

01. Compliant. A customer for service may complain to the telephone company about any deposit or guarantee required as a condition of service, billing, termination of service, quality or availability of service, or any other matter regarding telephone company services, policies or practices for local exchange service, and other services. Complaints to the telephone company may be made orally or in writing. A complaint is considered filed when received by the telephone company. In making a complaint, the customer will state the customer’s name, service address, telephone number and the general nature of the complaint.

02. Investigation by Utility. The telephone company will promptly, thoroughly and completely investigate the complaint, notify the customer of the results of its investigation and make a good faith attempt to resolve the complaint. The oral or written notification will advise the customer that the customer may request the Commission to review the telephone company’s proposed disposition of the complaint.

03. Service Maintained. The telephone company will not terminate service based upon the subject matter of the complaint while investigating the complaint or making a good-faith attempt to resolve the complaint.

401. COMPLAINT TO COMMISSION (RULE 401).

01. Informal Complaint. The Commission has authority to investigate and resolve complaints made by subscribers to telecommunication services that concern the quality and availability of local exchange service, or
whether price and conditions of service are in conformance with filed tariffs or price lists, deposit requirements for such service or disconnection of such service. If a customer who has complained to a telephone company is dissatisfied with a telephone company’s proposed disposition of the complaint, the customer may request the Commission to review informally the disputed issue and the telephone company’s proposed disposition of the complaint. The Commission may consider complaints regarding any telephone services over which the Commission has authority.

02. **Termination of Service - Undisputed Bills.** Telephone service will not be terminated nor shall termination be threatened by notice or otherwise while the complaint is pending before the Commission. The telephone company may continue to issue bills and request payment from the customer of any undisputed amounts.

03. **Rights Protected.** No customer will be denied the opportunity to file an informal or formal complaint with the Commission.

402. **RECORD OF COMPLAINTS (RULE 402).**

01. **Recordkeeping.** Each telephone company must keep a record of written complaints pursuant to Rules 400 and 401. These records must be retained for a minimum of one year by the telephone company where the complaints were received. These written records are to be readily available upon request by the complaining customer, the customer’s agent possessing written authorization, or the Commission.

02. **Reporting.** When previously requested by the Commission, a telephone company must submit a report to the Commission that states and classifies the number of complaints made to the telephone company pursuant to Rules 400 and 401 and the general subject matter of the complaints.

403. **TELEPHONE COMPANY RESPONSE TO INFORMAL COMPLAINTS (RULE 403).** Within ten (10) business days of receiving notification that an informal complaint involving the telephone company has been filed with the Commission, telephone companies must respond either orally or in writing to the Commission. A telephone company will be granted an extension of time to prepare its response if it represents that it is making a good faith effort to resolve the matter in dispute. A full and complete response should be submitted to the Commission no later than thirty (30) days after receipt of notification from the Commission.

404. -- 499. **(RESERVED)**

**QUALITY OF SERVICE**

Rules 500 through 599

500. **QUALITY OF SERVICE (RULE 500).**

01. **Service Standards.** Each telephone company providing local exchange service pursuant to Title 61 or Title 62, Idaho Code, as applicable, and each eligible telecommunications carrier (ETC) is required to employ prudent management and engineering practices to ensure that customers receive the best quality of service practicable. Each telephone company is required to adopt and pursue a maintenance program aimed at achieving efficient operation of its systems to render safe, adequate and uninterrupted service. These programs must include guidelines for keeping all plant and equipment in good repair, including the following:

a. Broken, damaged or deteriorated equipment must be promptly repaired or replaced; and

b. Transmission problems (including induction, cross-talk, or other poor transmission on any line) must be promptly corrected when located or identified.

02. **Service Outage.** If a customer’s local telephone service quality deteriorates to such an extent that the customer cannot make local calls or cannot receive local calls or cannot use the service for voice grade communication because of cross-talk, static or other transmission problem, the telephone company must respond to a customer’s report of such a “service outage” in accordance with Rule 502.
501. **RESPONSE TO SERVICE OUTAGE (RULE 501).**

01. **Receipt and Recording of Reports.** Each telephone company providing local exchange service will provide for the receipt of customer trouble reports at all hours and make a full and prompt investigation of and response to all reports. The telephone company will maintain an accurate record of trouble reports made by its customers. This record will include accurate identification of the affected customer or service, the time, date and nature of the report, the action taken to clear the trouble or satisfy the customer, and the date and time of trouble clearance or other disposition. This record will be available to the Commission or its authorized representatives upon request at any time within two (2) years of the date of the record. (7-1-21)

02. **Repair Commitments.** Commitments to customers for repair service will be set in accordance with Rule 502. Each telephone company will make every reasonable attempt to fulfill repair commitments to customers. Customers shall be timely notified of unavoidable changes. (7-1-21)

502. **REPAIR SERVICE STANDARDS (RULE 502).**

01. **Restoration of Service.** When a telephone company providing local exchange service is informed by a customer of a service outage as described in Rule 500.02, the telephone company will restore service within forty-eight (48) hours after the report of the outage, except:

a. Restore service within sixteen (16) hours after the report of the outage if the customer notifies the telephone company that the service outage creates an emergency for the customer; or

b. For outages reported on Friday, Saturday or Sunday, the company must restore service no later than the following Tuesday by 6 p.m. (7-1-21)

02. **Extenuating Circumstances.** Following disruption of telephone service caused by natural disaster or other causes not within the telephone company’s control and affecting large groups of customers, or in conditions where the personal safety of an employee would be jeopardized, the telephone company is required to use reasonable judgment and diligence to restore service, giving due regard for the needs of various customers. When a customer causes the customer’s own service outage or does not make a reasonable effort to arrange a repair visit within the service restoration deadline, or when the telephone company determines that the outage is attributable to the customer’s own equipment or inside wire, the telephone company is not required to meet the restoration timelines of Rule 502.01. (7-1-21)

03. **Compliance Standard.** Each month at least eighty percent (80%) of out-of-service trouble reports shall be cleared in accordance with Rules 502.01 and 502.02. (7-1-21)

503. **PAYTELEPHONE EMERGENCY ACCESS REQUIRED (RULE 503).**

01. **Access to Emergency Services.** All telephones connected to an OSP are required:

a. To provide direct access to a local exchange company operator for access to emergency services by dialing “0” (except for OSP customers like hotels, motels, hospitals, dormitories, etc., that direct “0” calls to a person on the OSP customer's premises), and

b. Where available, to provide direct access to emergency service providers by dialing “911”, unless exempted by the Commission pursuant to Rule 102.02 of this rule. Unless exempted, access to the OSP network (other than the local exchange company's) may be made through any other access number or keypad symbol. Exempted providers are required to maintain current lists of local emergency numbers. (7-1-21)

c. Provide or pass through the information required by Enhanced 911 service providers, including but not limited to, signaling system seven (“SS7”) and automatic number identification (“ANI”). (7-1-21)

02. **Emergency Dialing Instructions.** All pay telephones owned or controlled by the OSP customer must be posted with emergency dialing instructions. (7-1-21)
03. Termination of Service for Violation of This Rule. Consistent with this Commission's rules on termination of service (Telephone Customer Relations Rules 300-314, IDAPA 31.41.01.300 through 31.41.01.314 and Rule 213 of these rules), the LEC must terminate service to customers of record known to be in violation of Rule 102.01 that have not been granted an exemption under Rule 102.02. The Commission or its Staff shall notify the LEC in writing of customers it knows to be in violation and whose service should be terminated. (7-1-21)

504. PAYTELEPHONE APPROVED INSTRUMENTS -- OPERATION OF INSTRUMENTS (RULE 504).

01. Registered or Exempt Instruments. All PSPs connecting pay telephones to the network must connect pay telephone instruments that:

   b. If not registered, are connected behind a protective coupler registered under Part 68 of the FCC Rules and Regulations; or (7-1-21)

   c. Are exempted from registration by the FCC. See Title 47, Part 68.1 through 68.318 (October 1, 2000). (7-1-21)

02. Instruments for the Hearing Impaired. All owners of PSPs connecting pay telephones to the network must connect pay telephones that comply with the requirements of the Telecommunications for the Disabled Act of 1982 (January 3, 1983) and 47 CFR. Parts 68.112 and 68.316 (October 1, 2000) (which address access to the handicapped and hearing aid compatibility). (7-1-21)

505. PAYTELEPHONE EMERGENCY NUMBERS (RULE 505).
Pay telephones must allow coin-free operator and emergency 911 access in any exchange in which 911 service is available. Where 911 service is not available, instructions for completing coin-free emergency calls must be posted on the pay telephone instrument as required in Rule 207. (7-1-21)

506. CONNECTION OF PAY TELEPHONES (RULE 506).
Pay telephones shall be connected only to public access lines (PAL). Every LEC must offer a PAL tariff or price list. There must be one (1) PAL for each pay telephone instrument. (7-1-21)

507. -- 599. (RESERVED)

MISCELLANEOUS PROVISIONS
Rules 600 through 699

600. INFORMATION TO CUSTOMERS (RULE 600).

01. Required Information. Each telephone company providing local exchange service will make the following information available to its customers:

   a. A summary of the general terms and conditions under which service is provided, referring to these rules as appropriate; (7-1-21)

   b. A clear and concise explanation of:

      i. All the goods and services for which the customer is billed, including those goods and services provided as part of a package offered by the telephone company; (7-1-21)

      ii. All recurring charges associated with individual goods and services or package of goods and services for which the customer is billed; (7-1-21)
iii. Any early termination fees that apply if the customer terminates service prior to the end of a service agreement or contract period;

iv. The telephone company’s dispute resolution procedures and a statement that an informal or formal complaint may be filed with the Commission; and

v. If the customer subscribes to non-published service, the circumstances under which the telephone company will release information about the customer or the customer’s service and to whom it will be released.

02. When and How Information Provided. Information will be provided to customers in writing upon initiation of service and whenever a material change in the terms and conditions of service or charges for goods and services takes place. Information provided upon initiation of service may be separately mailed or included with the paper or electronic billing statement delivered to the customer. Subsequent notices may be made by separate mailing, included with a billing statement or, with the customer’s consent, by electronic notice with reference to information contained on the telephone company’s website.

601. ACCESS TO EMERGENCY SERVICES (RULE 601).
In counties where consolidated emergency communications systems, as defined by Section 31-4802, Idaho Code, are established, the local exchange company will provide access to those services to all its customers.

602. REQUEST FOR TELEPHONE COMPANY RECORDS (RULE 602).

01. General Rule. If any telephone company subject to these rules is directed by subpoena or court order to disclose customer records, as soon as practical, it will notify the customer what records were requested and of the company’s response to the request. In no case will the reasonable period of time under this rule exceed two (2) business days after deciding to abide by that request.

02. Exceptions. This rule does not apply if a judge of a court of competent jurisdiction has ordered a telephone company not to disclose that it has complied with a court order or subpoena to turn over a customer’s telephone records.

603. AUTOMATIC RECORDING (RULE 603).
Certain federal, state or local agencies have been permitted by rule or tariff approved by or filed with the Federal Communications Commission or this Commission to automatically record all telephone conversations on certain lines of the agency. This automatic recording is allowed for security, safety or public interest purposes. Release of telephone conversations automatically recorded by such a government agency for purposes unrelated to security, safety or the public interest is expressly prohibited under the authority of rules or tariffs authorizing automatic recording of conversations. This rule does not preclude the records’ release pursuant to independent judicial, executive, legislative, or other order or authorization for release of such conversations, or upon consent of all parties whose conversations were recorded.

604. PUBLIC NOTICE (RULE 604).
Telephone companies will give “public notice” of all proposed changes in rates as required by Section 62-606, Idaho Code. Public notice must be reasonably designed to call affected customers’ attention to the proposed changes in rates. Legal advertisements alone will not be considered adequate public notice. Individual notice to all customers affected will always constitute public notice. Notices of rate increases must be provided to individual customers at least ten (10) days before change is effective.

605. TELEPHONE SOLICITATIONS (RULE 605).
Each telephone company providing local exchange service will summarize the provisions of Sections 48-1001 et seq., Idaho Code, in an annual insert in a billing statement mailed to customers or by conspicuous publication in the consumer pages of the local telephone directory. Local exchange companies may meet the requirements of this notice by publishing the following explanation or one (1) substantially similar:
606. INFORMATION, PRICE LISTS OR TARIFFS FOR NON-LOCAL EXCHANGE SERVICE (RULE 606).

01. Information to be Filed. All telephone corporations, except mutual nonprofit or cooperative corporations, that did not on January 1, 1988, hold a certificate of public convenience and necessity issued by the Commission and that do not provide basic local exchange service are required by Section 62-604(1)(b), Idaho Code, to file a notice with this Commission before offering services in Idaho. The notice must contain the following information:

a. The name of the telephone corporation and the business name of the telephone corporation if it does business under an assumed business name;

b. The United States and electronic (if available) mailing addresses of the principal place of business of the telephone corporation, and, if there is a principal place of business in Idaho, the addresses of the principal place of business in Idaho;

c. An agent in Idaho for service of process by the Commission in the state of Idaho including the agent’s United States and electronic (if available) mailing addresses;

d. A description of the telecommunication services offered by the telephone corporation and a map of the area(s) served by the telephone corporation or in which the telephone corporation offers or intends to offer service;

e. Address(es) and toll-free telephone number(s) for personnel responsible for handling consumer inquiries, complaints, etc., by the public; and

f. Name(s), United States mail and electronic (if available) addresses, and telephone number(s) of person(s) designated as a contact for the Commission Staff in resolving consumer complaints, responding to consumer inquiries, and answering matters concerning rates and price lists or tariffs. These notices must be updated at least annually, between December 1 and December 31 each year, and whenever there is a change in the telephone corporation’s name, address, or agent for service of process.

02. Service. Notices, orders, rules, complaints and other documents issued by the Commission may be served by United States or electronic mail on the agent for service of process listed pursuant to this rule. This service constitutes due and timely notice to the telephone corporation, and no further service is necessary to bind the telephone corporation. Telephone corporations obligated by statute to file the notice required by this rule, but failing to do so, are bound by the Commission’s motions, orders, rules, complaints and other documents upon their filing with the Commission Secretary.

607. PRICE LISTS OR TARIFF FILINGS (RULE 607).

01. Price Lists or Tariffs. All telephone corporations subject to the Telecommunications Act of 1988 are required by Section 62-606, Idaho Code, or by this Commission’s implementation of Section 62-616, Idaho Code, to file for informational purposes price lists or tariffs that reflect the availability, price, terms and conditions of all telecommunication services not offered under Title 61 of the Idaho Code. The price lists or tariffs must:

a. Contain a title page identifying the telephone corporation;

b. Show on each page the name of the company, the date of issuance and an effective date for their rates;

c. Contain a table of contents;

d. Number pages and paragraphs describing the services;

e. Show when pages or services have been cancelled or revised; and
f. Provide a mechanism (e.g., page revision numbers) for tracing additions, deletions or amendments to the price list or tariff. The price lists or tariffs must include schedules of rates for each type of service generally made available to subscribers, showing the effective date of all rates and charges and listing any rules and regulations associated with provision of the services. Surcharges, discounts, hours of availability, minimum service periods, and other conditions of service must be detailed. (7-1-21)T

02. Changes to Price Lists or Tariffs. When required by Section 62-606, Idaho Code, changes to price lists or tariffs are effective not less than ten (10) days after filing with the Commission and giving public notice to affected customers except for charges for non-recurring services quoted directly to the customer when an order is placed or price reductions, both of which may take effect immediately with filing. Changes to price lists or tariffs must be accompanied by a letter of transmittal stating how affected customers received notice of the changes to price lists or tariffs. See Rule 604. (7-1-21)T

03. Tracking Price Lists or Tariffs. Each revision to a price list or tariff must be accompanied by a cover letter summarizing the changes to the price list or tariff, specifically referring to existing tariff pages affected by the new price list or tariff and stating whether new pages replace, are in addition to, or delete existing pages. The Commission Secretary may adopt a system to number each company’s changes to its price lists or tariffs. (7-1-21)T

608. FORM AND NUMBER OF COPIES OF PRICE LIST OR TARIFF (RULE 608). Price lists or tariffs filed pursuant to Section 62-606, Idaho Code, or by this Commission’s implementation of Section 62-616, Idaho Code, must have a blank space approximately three by one and one-half inches (3” x 1-1/2”) square provided for the Commission’s filing stamp in the upper right or lower right corner of each schedule filed. An original and three (3) copies of the price list or tariff must be filed with the Commission. The Commission stamps its indication that the price list or tariff has been filed in the space provided on each copy of the price list or tariff, placing the original in its files and returning one copy to the telephone corporation. (7-1-21)T

609. -- 699. (RESERVED)

SLAMMING PROVISIONS

Rules 700 through 799

700. THE UNAUTHORIZED CHANGE OF A CUSTOMER’S TELEPHONE COMPANY (RULE 700). Local exchange companies and interexchange carriers are prohibited from submitting or executing an unauthorized change in a customer’s selection of a provider of local or long distance telephone service. This practice is commonly referred to as “slamming.” The Commission will administer the Federal Communications Commission’s regulations regarding slamming. (7-1-21)T

701. ADOPTION OF FEDERAL SLAMMING REGULATIONS (RULE 701). The Commission adopts the slamming regulations promulgated by the Federal Communications Commission and found at Sections 64.1100 through 64.1170 and 64.1190, Title 47, Code of Federal Regulations (October 1, 2004). (7-1-21)T

702. STATE PROCEDURES (RULE 702). The federal slamming procedures incorporated by reference in Rule 701 are modified as follows: (7-1-21)T

01. Form. Complaints regarding an unauthorized carrier change may be filed with the Commission in person, by mail, by e-mail, or by telephone. E-mail complaint forms to secretary@puc.idaho.gov. A copy of the telephone bill(s) in dispute and other relevant evidence shall be provided to the Commission by the complaining party. The slamming complaint shall include the following information: (7-1-21)T

a. Name, address and telephone number of complainant; (7-1-21)T
b. Name/identity of the alleged slamming carrier; (7-1-21)T
c. Name of the previous authorized carrier; (7-1-21)T
d. Name of the billing entity; (7-1-21)T
e. Date the alleged slamming occurred; (7-1-21)T
f. Whether the customer has been restored to the preferred carrier; (7-1-21)T
g. Whether the customer has paid any or all of the disputed charges; (7-1-21)T
h. Efforts in attempting to resolve the alleged slamming; and (7-1-21)T
i. Whether the customer was charged for changing carrier(s). (7-1-21)T

02. Procedure. The Commission’s Consumer Assistance Staff shall be responsible for resolving slamming complaints under the Commission’s informal complaint procedures in IDAPA 31.01.01, “Rules of Procedure of the Idaho Public Utilities Commission,” Rules 21 through 24. Not later than twenty-one (21) calendar days after notification of a slamming complaint, the alleged unauthorized carrier shall provide to the Consumer Assistance Staff a copy of any valid proof of verification of the carrier change and any other evidence relevant to the complaint. Use of the Commission’s informal complaint procedures are mandatory. (7-1-21)T

703. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 0).
These rules are adopted under the general legal authority of the Telecommunications Act of 1988, Chapter 6, Title 62, Idaho Code, and the specific authority of Section 62-610, Idaho Code. (7-1-21)

001. TITLE AND SCOPE (RULE 1).
The title of these rules is “Universal Service Fund Rules.” Their scope is that they apply to all telephone corporations’ collection of and payment of monies to fund the Universal Service Fund, to all disbursements from the Universal Service Fund, to all actions by the Universal Service Fund Administrator, and to any other matter that may involve the Universal Service Fund. (7-1-21)

002. WRITTEN INTERPRETATIONS – AGENCY GUIDELINES (RULE 2).
Written interpretations to these rules can be obtained from the Secretary of the Idaho Public Utilities Commission and are available from the office of the Commission Secretary. (7-1-21)

003. ADMINISTRATIVE APPEALS (RULE 3).
Any telephone corporation aggrieved by any decision of the Universal Service Fund Administrator or the Commission Staff under these rules may petition the Commission to review the decision of the Administrator or the Commission Staff by filing a formal petition according to the Commission’s Rules of Procedure, IDAPA 31.01.01.000, et seq. (7-1-21)

004. (RESERVED)

005. DEFINITIONS (RULE 5).

01. Basic Local Exchange Service. “Basic local exchange service” means the provision of access lines to residential and small business customers with the associated transmission of two-way interactive switched voice communication within a local exchange area. See Section 62-603(1), Idaho Code. (7-1-21)

02. Basic Local Exchange Rate. “Basic local exchange rate” means the monthly charge imposed by a telephone corporation for basic local exchange service, but does not include any charges resulting from action by a federal agency or taxes or surcharges imposed by a governmental body that are separately itemized and billed by a telephone corporation to its customers. See Section 62-603(2), Idaho Code. (7-1-21)

03. Business Telephone Service. “Business telephone service” means telecommunication service that is not residential telephone service. (7-1-21)

04. Local Exchange Company (LEC). “Local exchange company” (LEC) is a telephone corporation providing local exchange service to customers in Idaho. (7-1-21)

05. Local Exchange Service. “Local exchange service” means the provision of local exchange access lines to residential or business customers with the associated transmission of two-way interactive switched voice-grade transmission within a local exchange area. (7-1-21)

06. Message Telecommunication Service (MTS). “Message telecommunication service (MTS)” means the transmission of two-way interactive switched voice communication between local exchange areas for which charges are made on a per-unit basis, not including wide area telecommunications service (WATS), or its equivalent, or individually negotiated contracts for telecommunication services. See Section 62-603(6), Idaho Code. (7-1-21)

07. MTS/WATS Company. “MTS/WATS company” means a telephone corporation providing Idaho intrastate MTS or WATS services within the definition of Section 62-603(6), Idaho Code. (7-1-21)

08. Residential Customer. “Residential customer” means a person to whom telecommunication services are furnished at a dwelling and which are used for personal or domestic purposes and not for business, professional or institutional purposes. See Section 62-603(a), Idaho Code. (7-1-21)

09. Residential Telephone Service. “Residential telephone service” means telecommunication service furnished and maintained at a dwelling primarily for personal or domestic purposes and not for business, professional or institutional purposes, i.e., service provided to a residential customer as defined in Section 62-603(7), Idaho Code. (7-1-21)
10. **Residual Revenue Requirement.** “Residual revenue requirement means a local exchange company’s revenue requirement as determined by the Commission less revenue generated by all intrastate telecommunication services, including local exchange services priced at one hundred twenty-five percent (125%) or more of the weighted statewide average and MTS/WATS access services priced at one hundred percent (100%) or more of the statewide average, less contributions from the federal universal service fund. See Section 62-610(4), Idaho Code. (7-1-21)T

11. **Small Business Customer.** “Small business customer” means a business entity, whether an individual, partnership, corporation or any other business form, to whom telecommunication services are furnished for occupational, professional or institutional purposes, and whose business entity does not subscribe to more than five (5) access lines within a building. See Section 62-603(a), Idaho Code. (7-1-21)T

12. **Telecommunication Service.** “Telecommunication Service” means the transmission of two-way interactive switched signs, signals, writing, images, sounds, messages, data, or other information of any nature by wire, radio, light waves, or other electromagnetic means (which includes message telecommunication service and access service), which originate and terminate in Idaho, and are offered to or for the public, or some portion thereof, for compensation. “Telecommunication Service” does not include the one-way transmission to subscribers of:

a. Video programming; or

b. Other programming service, and subscriber interaction, if any, which is required for the selection of such a video programming or other programming service, surveying, or the provision of radio paging, mobile radio telecommunication services, answering services (including computerized or otherwise automated answering or voice message services), and such services shall not be subject to the provisions of Title 61, Idaho Code, or Title 62, Idaho Code. See Section 62-603(9), Idaho Code. (7-1-21)T

13. **Telephone Corporation.** “Telephone corporation” means every corporation or person, their lessees, trustees, receivers or trustees appointed by any court whatsoever, providing telecommunication services for compensation within Idaho. Telephone corporations providing radio paging, mobile radio telecommunication services, answering services (including computerized or otherwise automated answering or voice message services), or one-way transmission to subscribers of:

a. Video programming; or

b. Other programming service, and subscriber interaction, if any, which is required for the selection of such a video programming or other programming service or surveying are exempt from any requirement of Title 62 or Title 61, Idaho Code, in the provision of such services. See Section 62-603(10), Idaho Code. (7-1-21)T

14. **WATS.** “WATS” means wide-area telecommunication service. (7-1-21)T

006. -- 100. (RESERVED)

**GENERAL PROVISIONS**

Rules 101 through 200

101. **ESTABLISHMENT AND PURPOSES (RULE 101).**
Section 62-610, Idaho Code, directs the Commission to establish a universal service fund (USF) for the purposes of maintaining universal availability of local exchange service at reasonable rates and to promote the availability of message telecommunication service (MTS) at reasonably comparable prices throughout the state of Idaho. The USF is established pursuant to this statute. Rules or orders issued by the Commission concerning administration of the USF supersede previous rules, orders or provisions of the contract between the Commission and the Universal Service Fund administrator. (7-1-21)T

102. **ADMINISTRATOR OF THE USF (RULE 102).**
The Commission shall contract with an administrator of the universal service fund. The administrator of the USF shall receive all monies surcharged by telephone corporations for payment into the USF, account for those monies
pending their disbursement, disburse those monies to qualifying recipients according to the terms of the administrator’s contract and the Commission’s rules and orders, and comply with the other requirements of these rules or orders. The administrator shall have the authority to hire an attorney approved by the Commission to pursue enforcement action, including initiating civil proceedings, against telephone corporations that violate the USF rules. The Commission has a right to audit the books and records of the administrator of the USF. (7-1-21)T

103. STATEWIDE END-USER SURCHARGES (RULE 103).

01. Imposition of Surcharges. Pursuant to 62-610(2), Idaho Code, the USF is funded by the imposition of statewide end-user surcharges on local exchange, MTS and wide-area telephone service (WATS) services in amounts to be determined by the Commission pursuant to Rule 104. (7-1-21)T

02. Local Exchange Surcharges. The local exchange surcharges are imposed monthly as cents-per-line charges uniform throughout the state with the business-residential differential for the surcharges equal to the statewide average business-residential price ratio. (7-1-21)T

03. MTS/WATS Surcharges. The MTS and WATS surcharges are imposed monthly on a uniform basis by:

   a. A uniform cents-per-minute surcharge applied to the monthly MTS and WATS bill of each end-user for all MTS/WATS companies using this option; or, alternatively, (7-1-21)T

   b. A company-specific percentage surcharge applied to the monthly MTS and WATS bill of each end-user. (7-1-21)T

04. Remittance of Surcharges. Surcharges of a given level are authorized by order of the Commission and continue in effect until modified by subsequent order of the Commission. Surcharges on Title 62 services may be explicitly added to customers’ bills in addition to charges that would otherwise be collected or may be implicitly included in customers’ bills (and remitted by the telephone corporation) without increasing customers’ bills. Unless otherwise provided by order of the Commission or letter from the Commission Staff or from the USF administrator issued pursuant to Rules 401 or 402, surcharges imposed by these rules are to be remitted monthly to the administrator pursuant to Rule 201. (7-1-21)T

104. THE COMMISSION’S DETERMINATION OF FUNDING LEVELS (RULE 104).

01. Issuance of Commission Order. On or before September 1 of each year the Commission shall issue an order in response to the administrator’s report, which will establish statewide end-user surcharges to be in effect for the twelve (12) months beginning October 1 following issuance of the order. (7-1-21)T

02. Findings and Directives of the Order Prescribing Statewide End-User Surcharges. The order prescribing statewide end-user surcharges for the twelve months beginning October 1 shall contain the following:

   a. The Commission’s finding of the funding target for the USF for the twelve (12) months beginning October 1, based upon the anticipated revenue requirement of the USF for those twelve (12) months (including certain or likely changes in the revenue requirement of the USF from that reported by the administrator) and prudent management of minimum fund balances; (7-1-21)T

   b. The Commission’s finding of the fair, just, and reasonable contribution to this twelve (12) month funding target that should be made from local exchange and MTS/WATS surcharges; and (7-1-21)T

   c. The Commission’s finding of the statewide end-user surcharges to be imposed for the twelve (12) months beginning October 1 to reach the funding target. (7-1-21)T

03. Calculation of Local Surcharges. The surcharge imposed by Subsection 104.02.c. of this rule to be remitted by each LEC for residence and business local exchange service shall be calculated in the following manner from the total funds that the Commission finds should be recovered from local exchange surcharges. The
Commission may round the surcharges for local residence and business service to the nearest cent per month. The following is an example of calculation of local service surcharge:

a. Total dollars to be funded from local service surcharges -- twenty-four thousand dollars ($24,000)/month.

b. Total local residence lines (as reported in Rule 302.02) -- four hundred fifty thousand (450,000)

c. Weighted, state-wide average one-party, single-line flat residence rate (as reported in Rule 302.03) -- ten dollars ($10)/month

d. Hypothetical Residence revenues under statutory formula (line b x line c) -- four million five hundred thousand ($4,500,000)/month

e. Total local business lines (as reported in Rule 302.02) -- fifty thousand (50,000)

f. Weighted, statewide average one-party, single-line flat business rate (as reported in Rule 302.03) -- thirty dollars ($30)/month

g. Hypothetical business revenues under statutory formula (line e x line f) -- one million five hundred thousand dollars ($1,500,000)/month

h. Total hypothetical revenue (line d + line g) -- six million dollars ($6,000,000)

i. Residence relative responsibility (line d / line h) -- .7500

j. Residence total responsibility -- eighteen thousand dollars ($18,000)

k. Residence surcharge (line j / line b) -- four cents ($0.04)/month

l. Business relative responsibility (line g / line h) -- .2500

m. Business total responsibility (line a x line l) -- six thousand dollars ($6,000)/month

n. Business surcharge (line h /line e) -- twelve cents ($0.12)/month

* These hypothetical revenues from residence and business lines do not correspond to any actual revenues received by telephone corporations. Instead, they represent a calculation of revenues that would result if every residence and business line subscribed to one-party, single-line service at the weighted statewide average rate calculated for those services, which is the statutory formula underlying the calculation of the surcharges.

04. Calculation of MTS/WATS Surcharges. The surcharge imposed by Rule Subsection 104.02.c. of this rule to be remitted by each MTS/WATS company for MTS/WATS service shall be calculated in one (1) of two (2) alternative manners:

a. A uniform cents per minute surcharge for all MTS/WATS companies using this option will be calculated by the Commission by dividing the total revenues to be recovered from toll surcharges from all companies by the total actual toll minutes reported for all companies under Rule 204; or, alternatively,

b. A company-specific percentage surcharge will be calculated by the company (and reviewed by the administrator) by multiplying the individual MTS/WATS company’s total toll minutes as reported in Rule 204 by the cents-per-minute surcharge calculated in a above, then dividing by the total toll revenues as reported for that company reported in Rule 204.

105. TELEPHONE CORPORATIONS' AUTHORIZATION TO IMPOSE SURCHARGES (RULE 105).
01. **Local Exchange Companies.** All local exchange companies are authorized to impose a surcharge for residence and business local exchange service in the amounts set forth in the order issued pursuant to Rule 104.03. The LEC may impose surcharges on the service of any customer subscribing to local service on or after October 1 following issuance of the order and may prorate the surcharge in the same manner as the LEC prorates other flat monthly charges.

02. **MTS/WATS Companies.** All MTS/WATS companies (except those exempted from remitting surcharges to the USF administrator pursuant to Rule 402) are authorized to impose a surcharge on Idaho intrastate MTS/WATS services in the amounts set forth in the order issued pursuant to Rule 104.04. The MTS/WATS surcharge may be imposed in two (2) different manners:

a. The MTS/WATS company is authorized to impose beginning October 1 following issuance of the order an MTS/WATS surcharge per toll minute in the amount set forth in the order issued pursuant to the Rule 104.04.a.; or, alternatively,

b. The MTS/WATS company is authorized to impose beginning October 1 following issuance of the order an MTS/WATS surcharge on a uniform percentage basis in the manner set forth in the order issued pursuant to Rule 104.04.b. Within fourteen (14) days after the Commission has issued its order pursuant to Rule 104 authorizing surcharges on MTS/WATS service, MTS/WATS companies authorized to impose surcharges under this paragraph must notify the administrator and the Commission in writing which option they choose for the twelve (12) months beginning October 1 following issuance of the order.

106. **APPLICATIONS FOR FUNDS -- ORDERS FOR FUNDING (RULE 106).**

01. **Eligibility.** Pursuant to 62-610, Idaho Code, a telephone corporation that provides local exchange service and access service for MTS/WATS providers may apply for disbursement from the USF if:

a. Its average residence and business rates for local exchange service for one-party, single-line services exceed one hundred twenty-five percent (125%) of the weighted statewide average rates for one-party, single-line services for residence and business lines, respectively; and

b. Its average rates per minute for MTS/WATS access services exceed one hundred percent (100%) of the weighted statewide average rate for the same or similar MTS/WATS access services.

02. **Continuation of Eligibility.** Each telephone company’s average rate for one-party single-line residence and business service and for MTS/WATS access service shall be calculated individually and compared to the threshold rate based on the newly calculated statewide average rate as calculated annually by the Administrator pursuant to Rule 302. In order to continue receiving USF funding after the first year of eligibility, the rate shall be revised to equal or exceed the threshold rate, if a company’s average for one-party single-line residence or business service or its rate for MTS/WATS access service is below the threshold rate and if:

a. The difference in the company’s current average rate and the statewide average threshold rate is greater than three percent (3%); and

b. The difference in the annual revenue associated with the company’s current rate and the revenue associated with the statewide average threshold rate is over six thousand dollars ($6,000).

03. **Form of Application.** An application for initial USF funding or changes in USF funding may be made in a general rate case or as otherwise allowed by the Commission. Applications must quantify the USF funding sought and the proposed rates to be charged for one-party, single-line residence and business services and for MTS/WATS access services, indicating how USF funding will benefit the rates for these services. Applications must comply with the Commission’s Rules of Procedure, IDAPA 31.01.01.000 et seq.

04. **Changes to Funding on Commission's Own Motion.** The Commission on its own motion may by order change a telephone company’s funding from the USF:

a. In connection with any proceeding affecting the telephone company’s residual revenue
requirement; (7-1-21)T

b. In connection with a recalculation of the statewide average rates for one-party, single-line residence
and business rates and MTS/WATS access services and those recalculation’s effect on the threshold for eligibility for
funding; (7-1-21)T

c. In connection with redetermination of the percentage of the residual revenue requirement that
should be met by the USF; or (7-1-21)T

d. As otherwise provided by order. No order altering a telephone company’s funding from the USF
will be issued without notice that USF funding is at issue and appropriate opportunity to be heard in person or in
writing. (7-1-21)T

05. Order for Disbursement. If the Commission finds that an applicant is eligible for USF
disbursements, it may issue an order directing the USF to meet between seventy-five percent (75%) and one hundred
percent (100%) of the telephone company’s residual revenue requirement as defined in Section 62-610(4), Idaho
Code. See Rule 005.10. Disbursements from the USF shall be made monthly in one twelfth (1/12) of the annual
disbursements ordered by the Commission. (7-1-21)T

107. -- 200. (RESERVED)

TELEPHONE CORPORATIONS’ OBLIGATIONS
Rules 201 through 300

201. TELEPHONE CORPORATIONS’ MONTHLY REMITTANCES OF USF SURCHARGES (RULE
201).

01. Local Exchange Companies. Unless otherwise provided by order, letter from the Commission
Staff or from the USF administrator issued pursuant to Rule 401, all LECs providing local exchange service in Idaho
shall remit the following funds to the administrator on or before the first day of the month: (7-1-21)T

a. The number of local residence lines in service in Idaho on the first day of the preceding month
multiplied by the monthly residence surcharge the companies are authorized to impose under Rules 104.03 and
105.01; and (7-1-21)T

b. The number of local business lines in service in Idaho on the first day of the preceding month
multiplied by the monthly business surcharge the companies are authorized to impose under Rules 104.03 and
105.01. The LEC’s remittance shall be accompanied by a report on a form supplied by the administrator separately
stating the number of local residence and business lines in service in Idaho for that LEC on the first day of the
preceding month. This amount shall be remitted to the administrator without regard to whether the local exchange
company has separately imposed the surcharge authorized by Rules 104.03 and 105.01. (7-1-21)T

02. MTS/WATS Companies. Unless otherwise provided by Order of the Commission or letter from
the Commission Staff or from the USF administrator issued pursuant to Rule 402, all MTS/WATS companies offering
intrastate MTS or WATS services in Idaho shall remit the following funds to the administrator on or before the first
day of the month: (7-1-21)T

a. The number of actual toll minutes billed to customers in Idaho for intrastate MTS/WATS services
in the last complete monthly billing cycle billed by the first day of the preceding calendar month multiplied by the
surcharge per toll minute that the companies were authorized to impose under Rules 104.04.a and 105.02.a; or,
alternatively; (7-1-21)T

b. The percentage surcharge of revenues from all intrastate MTS/WATS services provided in last
complete monthly billing cycle billed by the first day of the preceding calendar month that the companies are
authorized to impose under Subsections 104.04.b. and 105.02.b. These MTS/WATS companies’ remittances under
both a and b of this paragraph shall be accompanied by a report on a form supplied by the administrator separately
stating the number of toll minutes billed and the revenues associated with the toll minutes and showing the
calculation of the surcharge on those minutes for the period stated in this paragraph. These amounts shall be remitted to the administrator without regard to whether the MTS/WATS company has separately imposed the surcharge authorized by Subsections 104.04 and 105.02.

03. Failure to Comply. A telephone corporation failing to comply with this rule is subject to all sanctions provided by Section 62-620, Idaho Code.

202. TELEPHONE CORPORATIONS’ ANNUAL REPORTING TO ADMINISTRATOR (RULE 202).

01. Requirement to Report. Unless otherwise provided by order of the Commission or letter from the Commission Staff or from the USF administrator issued pursuant to Rule 402, on or before May 30 of each year all telephone corporations providing local exchange service or MTS/WATS intrastate service in Idaho shall report to the administrator the information required by these rules. The administrator shall annually supply forms for these reports on or before May 1 to all telephone corporations for which the administrator has records showing that the telephone corporation provides one (1) or more of these services. The administrator’s failure to supply forms does not relieve any such telephone corporation of its reporting requirements under these rules and statute. The reports that this rule requires to be filed with the administrator should not be filed with the Commission.

02. The Administrator’s Compliance Report. The administrator shall report to the Commission on or before June 15 whether all telephone corporations receiving the forms have complied with the reporting requirements of this Rule 202 and Rules 203 and 204, specifically identifying telephone corporations that have failed to report altogether, those that have incompletely reported, those that have reported late, and those that have failed to remit the monthly surcharges required by Rule 201. The report shall include a summary of the actions taken against the telephone corporations not complying with the USF rules. See Rule 303.

03. Failure to Comply. A telephone corporation failing to comply with this rule is subject to all sanctions provided.

203. LOCAL EXCHANGE COMPANIES’ (LECS’) ANNUAL REPORTS TO THE ADMINISTRATOR (RULE 203).

01. Reporting of One-Party, Single-Line Residence and Business Lines and Rates. The reports prescribed for LECs by this rule and Rule 202 must include the following information concerning the LEC’s customer base and rates for each of the LEC’s rate groups as of May 1 of that year:

a. Rates for one-party, single-line, flat-rate residential service (inclusive of mandatory extended area service (EAS) surcharges) and the number of customers subscribing to the service in each rate group, unless exchanges within the rate group have different rates, in which case exchange-by-exchange reporting is required;

b. Rates for one-party, single-line, flat-rate business service (inclusive of mandatory EAS surcharges) and the number of customers subscribing to the service in each rate group, unless exchanges within the rate group have different rates, in which case exchange-by-exchange reporting is required; and

c. The company-wide, weighted average rate for residential and business services described in Rules 203.01.a. and 203.01.b. of this paragraph. Rural zone and mileage charges are excluded from the rates reported in this paragraph.

02. Inventories of Other Local Access Lines. These reports must also include reporting for each rate group (or exchange if required by Subsection 203.01) the following inventories of customers and public network access lines of other local services as of May 1 of that year:

a. Multi-party residence local service;

b. Multi-party business local service;

c. Semi-public pay telephone service;
d. Public access line service for customer-owned pay telephones; (7-1-21)

e. Centron, centrex or other central-office based telecommunication systems (including only the public network access lines to this kind of equipment, not the number of station lines behind the equipment); and (7-1-21)

f. Local service trunks for private branch exchanges (PBXs). (7-1-21)

03. MTS/WATS Actual Access Minutes and Revenues. These reports must also include the following information:

a. Rates for access minutes associated with the provision of MTS/WATS services in effect on May 1 of that year; (7-1-21)

b. Total minutes and revenues billed for MTS/WATS access services for the preceding calendar year; (7-1-21)

c. Total revenues that would be obtained by billing the access minutes reported in Rule 203.03.b. at the rates reported in Rule 203.03.a.; and (7-1-21)

d. Total revenues from billing and collection services for the preceding calendar year. If different exchanges have different rates, each rate must be reported as a separate line item, indicating the exchanges in which service is offered at each rate and total number of minutes billed to service at each rate. In making this report, telephone companies must include revenues associated with sale of intrastate access under feature groups A, B, C and D. (7-1-21)

04. MTS/WATS Equivalent Access Minutes. If the LEC provides MTS/WATS services in addition to basic exchange services, these reports must also include a conversion of the LEC’s annual billed MTS/WATS minutes into “equivalent access minutes.” The method used to convert billed toll minutes into equivalent access minutes must be shown with the number of toll minutes used in the calculation. Actual access minutes reported pursuant to Rule 203.03 of this rule must be separately stated from “equivalent access minutes” reported under this paragraph. The manner in which these data may be filed is shown in Rules 302.03.a. through 302.03.h. (7-1-21)

204. MTS/WATS COMPANIES' ANNUAL REPORTS TO THE ADMINISTRATOR (RULE 204).
The reports prescribed for telephone corporations offering intrastate MTS or WATS services (including those that are also LECs) by this rule and by Rule 202 must include the following information for the calendar year preceding the year in which the report is due:

01. Total Intrastate MTS Minutes and Revenues. (7-1-21)

02. Total Intrastate WATS Minutes and Revenues. (7-1-21)

205. -- 300. (RESERVED)
03. **List of Companies Remitting Surcharges.** A list of all companies remitting surcharges to the USF during the quarter, indicating which companies remitted LEC surcharges, which companies remitted MTS/WATS surcharges, and which companies remitted both;  

04. **Aggregate Amount.** The aggregate amount of LEC surcharges remitted to the USF during the quarter, the aggregate amount of MTS/WATS surcharges remitted to the USF during the quarter, and the total of the two (2);  

05. **Interest Earned.** Interest earned during the quarter; and  

06. **Fund Balances.** Beginning, ending and monthly fund balances for the quarter, together with any other information that may be necessary to calculate beginning and ending balances for the quarter. (7-1-21)

302. **THE ADMINISTRATOR'S CALCULATIONS FROM THE ANNUAL REPORTS (RULE 302).**

01. **Weighted Statewide Average Rates for One-Party, Single-Line Residence and Business Services.** From the annual reports provided by LECs pursuant to Rule 203.01, the administrator shall calculate a weighted, state-wide average, one-party, single-line, flat residence rate and a weighted, state-wide average, one-party, single-line, flat business rate, including EAS surcharges. (7-1-21)

02. **Inventory of Local Service Lines.** From the annual reports of LECs provided pursuant to Rule 203.01 and 203.02, the administrator shall calculate the total number of local service lines in Idaho, with subtotals for residence and business service lines and for the categories of lines listed in Rule 203.02. (7-1-21)

03. **Statewide Weighted Average Rate for MTS/WATS Access Minute.** From the annual reports of LECs provided pursuant to Rule 203.03 and 203.04, the administrator shall calculate a statewide weighted average rate per MTS/WATS access minute in the manner shown in the following example:

<table>
<thead>
<tr>
<th>Example Using Three Companies</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>a. Actual annual access minutes (as reported under Rule 203.03.b.)</td>
<td>500  500  1,000</td>
</tr>
<tr>
<td>b. Annual pro forma actual access revenues (as reported under Rule 203.03.c.)</td>
<td>$50  $40  $50</td>
</tr>
<tr>
<td>c. Average pro forma revenue per actual access minute (line b/line a)</td>
<td>$.10/min  $.08/min  $.05/min</td>
</tr>
<tr>
<td>d. Calculated equivalent access minutes from MTS/WATS (as reported under Rule 203.04)</td>
<td>0  1,000  2,000</td>
</tr>
<tr>
<td>e. Assigned average revenue (from line c)</td>
<td>$.10/min  $.08/min  $.05/min</td>
</tr>
<tr>
<td>f. Calculated equivalent access revenue (line d x line e)</td>
<td>$0  $80  $100</td>
</tr>
<tr>
<td>g. Total actual and equivalent access minutes (line a + line d)</td>
<td>500  1,500  3,000</td>
</tr>
<tr>
<td>h. Total pro forma and equivalent access revenues (line b + line f)</td>
<td>$50  $120  $150</td>
</tr>
<tr>
<td>i. Average revenue per total actual and equivalent access minutes (line h/line g)</td>
<td>$.10/min  $.08/min  $.05/min</td>

<td>k. Company's ratio of total state access minutes (line h/line j)</td>
<td>.1000  .3000  .6000</td>
</tr>
<tr>
<td>l. All companies' total actual and equivalent access revenues (sum of entries of line l)</td>
<td>---  $320  ---</td>
</tr>
</tbody>
</table>

Section 302  Page 4251
04. Access. The figures for access minutes and access revenues on lines a, b and d include all access minutes and all access revenues from any access service reported pursuant to Rule 203.03 or 203.04, and all access under any feature group.

303. THE ADMINISTRATOR'S ANNUAL REPORT TO THE COMMISSION (RULE 303).

01. The Administrator's Compliance Report. The administrator shall report to the Commission on or before June 15 whether all telephone corporations receiving the forms have complied with the reporting requirements of this Rule 303 and Rules 202, 203, and 204, specifically identifying telephone corporations that have failed to report altogether, those that have incompletely reported, those that have reported late, and those that have failed to remit the monthly surcharges required by Rule 201. The report shall include a summary of the actions taken against the telephone corporations not complying with the USF rules.

02. Report of Existing Conditions. On or before July 15 of each year the administrator shall submit a report to the Commission providing the following information:

a. Calculations of weighted statewide average rates required by Rule 302, providing workpapers showing each telephone corporation’s contributions to the totals and averages contained in the administrator’s calculation in Rule 302.

b. Calculations of the USF’s expected revenues under the status quo for the twelve (12) months beginning July 1 made by:

i. Multiplying the existing local surcharge for residence service by the statewide total residence lines as of May 1;

ii. Multiplying the existing local surcharge for business service by the statewide total business lines as of May 1;

iii. Multiplying the total MTS/WATS access minutes for the previous calendar year by the existing MTS/WATS surcharge per access minute; and

iv. Summing the three (3) products.

c. Calculations of the expected revenue requirement of the USF under the status quo for the twelve (12) months beginning July 1 made by listing and summing the annualized rate of disbursement for every telephone corporation for which the Commission has ordered and authorized disbursements from the USF together with the administrator’s annual budget for administration of the USF.

d. Calculations of the expected revenue requirement of the USF as described in Rule 303.02.c. assuming that companies revise their rates pursuant to Rule 106.02 to maintain funding eligibility and that their USF funding is adjusted pursuant to Rule 106.04.

e. Actual USF balances at the end of the quarters ending in June, September and December of the preceding year and of the quarters ending in March and June of the year of the report (or the estimated USF balance for the quarter ending June 30 if actual balances are not yet available).

03. Recommendation. The administrator shall report the USF’s expected surplus or deficit for the twelve (12) months beginning July 1 based upon the assumption that the USF surcharges will not be changed. The administrator shall also report whether this surplus or deficit will alter the expected fund balance during the twelve (12) months beginning July 1 following the report significantly enough to recommend that USF surcharges be raised or lowered. If the administrator believes that the USF surcharges should be raised or lowered, the administrator shall recommend a target balance for the USF for the end of the twelve months beginning July 1 following this report and the amount by which USF collections would be increased or decreased beginning October 1 to meet this target.
04. **Review by Commission Staff.** On or before August 15 the Commission Staff shall review the calculations and recommendations of the administrator and call any errors or omissions to the attention of the administrator and the Commission. (7-1-21)

05. **Report a Public Record—Workpapers Exempted Trade Secrets.** The report of the administrator showing statewide aggregate totals of local service and MTS/WATS revenues, inventories of services, and other information not identifying any telephone corporation or customer is a public record available for inspection, examination and copying under Section 74-102, Idaho Code. The workpapers accompanying the report showing individual telephone corporations' data for Title 62 services and individual telephone corporation's reports to the administrator showing data for Title 62 services, together with any data for Title 61 services protected from disclosure under applicable trade secret law, are trade secrets exempt from disclosure under Section 74-107(1), Idaho Code. (7-1-21)

304. -- 400. **(RESERVED)**

**EXEMPTIONS FROM REPORTING AND REMITTANCES**

**Rules 401 through 500**

401. **LECS' EXEMPTION FROM REPORTING AND REMITTANCES (RULE 401).**

01. **Criteria for Exemption.** Local exchange companies may be exempted from monthly remittances and monthly reporting to the USF administrator under Rule 201 by order of the Commission or letter from the Commission Staff or from the USF administrator upon the grounds that the LEC provides such a small number of local service lines in Idaho and generates such a small monthly surcharge that neither the practical administration of the USF nor the public interest requires monthly remittances and reporting. (7-1-21)

02. **Action on Requests.** The order or letter excusing the LEC from monthly reporting shall specify quarterly, semiannual or annual remittances and reporting instead. The order or letter may be issued upon request of the LEC or upon the initiative of the Commission, the Commission Staff, or the USF administrator without a request from the LEC. No LEC will be excused from making remittances less often than annually nor from annual reporting under Rules 202 and 203. (7-1-21)

03. **Requests of Exemptions.** This Commission Staff shall maintain a file of all exemptions under this rule and supply a copy to the Commission Secretary and to the USF administrator. (7-1-21)

04. **Petition From Initial Denial by Commission Staff or Administrator.** If a request for a LEC’s exemption is denied by the Commission Staff or the Administrator, the LEC may petition the Commission. (7-1-21)

402. **MTS/WATS COMPANIES -- RESELLERS' EXEMPTION FROM REPORTING AND REMITTANCES (RULE 402).**

01. **Criterion for Exemption.** MTS/WATS companies may be exempted from monthly remittances and monthly reporting to the USF administrator under Rule 201 by Order of the Commission or letter from the Commission Staff or from the USF administrator upon the grounds that the MTS/WATS company is exclusively a reseller of MTS/WATS services from another MTS/WATS company that is already remitting the surcharge prescribed for MTS/WATS services for all of the reselling MTS/WATS company’s MTS/WATS minutes. (7-1-21)

02. **Requirements of Request for Exemption.** No exemption will be given under this rule unless the reselling MTS/WATS company has requested an exemption in writing. The request for exemption shall be directed to the Commission Secretary (or if received by the administrator or a member of the Commission Staff forwarded to the Commission Secretary). The request for exemption must state that the MTS/WATS company is seeking a reseller’s exemption, must name the reseller’s underlying MTS/WATS carrier, must certify that the named underlying carrier carries all of the reseller’s traffic in Idaho, and must be accompanied by a letter from the underlying carrier stating that the reselling carrier requesting the exemption is a customer of the underlying carrier, that the underlying carrier is remitting the surcharge to the USF for all minutes sold to the reselling carrier, and that the reseller will notify the
03. **Action on Requests.** The Commission Staff or the USF administrator may grant a reseller an exemption from monthly remittances of USF surcharges and from monthly reporting of MTS/WATS use if the reseller has shown that another MTS/WATS company is remitting the surcharge for all of the reseller’s minutes. The exemption shall require the reseller to report to the Commission Staff whenever it changes its underlying carrier. The exemption ordinarily excuses the reseller from annual reporting under Rules 202 and 203, but does not exempt the reseller from annual recertification upon request of the Commission Staff or the administrator of its continuing status as a reseller. However, the Commission Staff or the administrator may require an exempt reseller to file an annual report upon written notification that the Commission Staff or administrator requires an annual report for that year.

04. **File of Exemptions.** The Commission Staff shall maintain a file of all exemptions under this rule and supply a copy to the Commission Secretary and to the USF administrator.

05. **Petition From Initial Denial by the Commission Staff or Administrator.** If a request for a reseller’s exemption is denied by the Commission or the Commission Staff or the Administrator, the company may petition to the Commission. The petition must contain a description of the telephone company’s network connections.

403. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 0).
These rules are adopted under the general legal authority of Chapter 13, Title 62, Idaho Code, and the specific authority of Section 61-1306, Idaho Code. (7-1-21)

001. TITLE AND SCOPE (RULE 1).
The name of this chapter is “Rules for Telecommunications Relay Services (TRS).” This chapter has the following scope: It governs provision of telecommunications relay services (TRS) in Idaho. (7-1-21)

002. WRITTEN INTERPRETATIONS – AGENCY GUIDELINES (RULE 2).
Written interpretations to these rules can be obtained from the Secretary of the Idaho Public Utilities Commission and are available from the office of the Commission Secretary. (7-1-21)

003. ADMINISTRATIVE APPEALS (RULE 3).
Any telephone corporation aggrieved by any decision of the Universal Service Fund Administrator, the Telecommunications Relay System Administrator, or the Commission Staff that affects any of the telephone corporation’s interests under these rules may petition the Commission to review the decision of the Universal Service Fund Administrator, the Telecommunications Relay System Administrator, or the Commission Staff by filing a formal petition according to the Commission’s Rules of Procedure, IDAPA 31.01.01.000 et seq. (7-1-21)

004. (RESERVED)

005. DEFINITIONS (RULE 5).
The definitions in Section 61-1302 apply to these rules. In addition, the following terms have the meanings set forth below: (7-1-21)

01. American Sign Language (ASL). “American sign language” means a visual language based on hand shape, position, movement, and orientation of the hands in relation to each other and the body. See 47 C.F.R. 64.601(1). (7-1-21)

02. ASCII. “ASCII” is an acronym for American Standard Code for Information Interexchange, which employs an eight-bit code and can operate at any standard transmission baud rate including 300, 1200, 2400, and higher. (7-1-21)

03. Baudot. “Baudot” means a seven (7) bit code, only five (5) of which are information bits. Baudot was used by some text telephones to communicate with each other at a forty-five point five (45.5) baud rate. (7-1-21)

04. Communications Assistant (CA). “Communications assistant (CA)” means a person who transliterates conversation from text to voice and from voice to text between two (2) end users of TRS. CAs are also known by terms such as “TRS operator” or “TDD operator.” (7-1-21)

05. Hearing Carry Over (HCO). “Hearing carry over (HCO)” means a reduced form of TRS where the person with a speech disability is able to listen to the other end user and, in reply, the CA speaks the text as typed by the person with the speech disability. The CA does not type any conversation. (7-1-21)

06. Telecommunications Relay Services (TRS). “Telecommunications relay services (TRS)” is defined in Section 61-13028, Idaho Code, and includes services that enable two-way communication between an individual who uses a text telephone or other non-voice terminal device and an individual who does not use such a device. TRS supersedes the terms “dual party relay system,” “message relay services,” and “TDD relay.” See Section 61-1302(8), Idaho Code, and 47 C.F.R. 64.601(7). (7-1-21)

07. Text Telephone (TT). “Text telephone (TT)” means a machine that employs graphic communication in the transmission of coded signals through a wire or radio communications system. TT supersedes the term “TDD” or “telecommunications device for the deaf.” (7-1-21)

08. Universal Service Fund (USF). “Universal service fund (USF)” means the fund established by the Commission pursuant to Section 62-610, Idaho Code, and this Commission’s rules codified at IDAPA 31.46.01.000, et seq. The USF has an Administrator whose duties are set forth by this Commission’s rules and this Commission’s contract with the Administrator. See IDAPA 31.46.01.102. (7-1-21)

09. Voice Carry Over (VCO). “Voice carry over (VCO)” means a reduced form of TRS where the
person with the hearing disability is able to speak directly to the other end-user. The CA types responses back to the person with the hearing disability. The CA does not speak on behalf of the TT users. (7-1-21)

006. -- 099. (RESERVED)

THE TRS PROGRAM, ADMINISTRATOR, AND PROVIDER
Rules 101 through 200

100. REQUIREMENTS OF THE TRS PROGRAM (RULE 100).

01. Operational Requirements. A TRS provider will comply with these operational requirements:

a. TRS must be provided twenty-four (24) hours per day, seven (7) days per week, every day of the year. (7-1-21)

b. The TRS provider shall not refuse calls or limit the length of calls using TRS, except that providers of TRS may decline to complete a call because credit authorization has been denied. (7-1-21)

c. The TRS provider must be capable of communicating with text telephone users using either the ASCII or Baudot format, at any speed generally in use. (7-1-21)

d. Except during network failure, the TRS provider shall answer eighty-five percent (85%) of all calls within ten (10) seconds, and no more than thirty (30) seconds shall elapse between receipt of dialing information and the dialing of a requested number. The TRS provider shall include adequate staffing to provide callers with efficient access under projected calling volumes so that the probability of a busy response due to unavailability of communications assistants will be functionally equivalent to what a voice caller would experience in attempting to reach a party through the voice telephone network. (7-1-21)

e. The TRS provider shall give TRS users access through the TRS to their chosen inter-exchange carrier and to all other operator services to the same extent that such access is provided to voice users. (7-1-21)

02. Communications Assistants’ Handling of Calls. TRS providers must require that communications assistants (CAs) be sufficiently trained to effectively meet the specialized communication needs of individuals with hearing and speech disabilities and that communications assistants have competent skills in typing, grammar, spelling, interpretation of typewritten ASL, and familiarity with hearing and speech disability cultures, languages and etiquette. Communications assistants are prohibited from disclosing the content of any relayed conversation regardless of content and from keeping records of the content of any conversation beyond the duration of a call. Communications assistants are prohibited from intentionally altering a relayed conversation and must relay all conversations verbatim unless the relay user specifically requests summarization. Communications assistants must relay all messages promptly and accurately. (7-1-21)

03. Rates. The users of TRS shall pay rates no greater than the rates paid for functionally equivalent voice communication services with respect to such factors as the duration of the call, the time of day, and the distance from point of origination to the point of termination. In particular, this means that when a telephone call from one customer to another would not incur long-distance charges if the call were placed directly without use of the TRS system, then there will be no long-distance charge for that call when the TRS system is used, even if the TRS provider is located in a telephone exchange that would ordinarily require a long-distance call to reach the calling or answering party. (7-1-21)

04. Other Standards and Services. The standards and services required for TRS providers by this rule are minimum standards and services. The request for proposal for TRS services may require additional standards or services, or if the request for proposals does not, the selection of the TRS provider may take into account the ability of the TRS provider to meet standards or provide services in addition to the minimum standards or services required by this rule. (7-1-21)

101. TRS ADMINISTRATOR (RULE 101).
01. Appointment and Contract. The Commission shall appoint and contract with a qualified person to administer the TRS program in accordance with the requirements of state and federal law. The TRS Administrator is not an employee or officer of the state of Idaho, but is instead an independent contractor. The appointment and contract shall be for fixed terms, but the Commission may renew terms of appointment or contract. (7-1-21)

02. Duties and Responsibilities of Administrator. The Administrator shall:

a. Consult with and receive recommendations from a telephone industry technical advisory committee (or its representatives) appointed by the Commission; (7-1-21)
b. Post a fidelity bond in the amount required by the contract with the Commission; (7-1-21)
c. Meet timetables necessary to secure certification of the TRS program by the Federal Communications Commission; (7-1-21)
d. Issue (upon such terms as the Commission finds reasonable) a request for proposals to providers of message relay services requesting responsive proposals to provide such services that may be necessary for the program; (7-1-21)
e. Evaluate responsive proposals to offer TRS services and recommend one (1) or more proposals to the Commission for its review and approval; (7-1-21)
f. Enter into a contract with the provider of TRS, which contract and provider have been approved by the Commission; (7-1-21)
g. Consult with the Idaho State Council for the Deaf and Hard of Hearing and the Idaho State Council on Developmental Disabilities concerning program design and delivery of message relay services to communications-impaired persons within the state of Idaho; and (7-1-21)
h. Perform other services concerning the program as may be deemed reasonable and necessary by the Commission or required by the Commission in its contract with the TRS Administrator. (7-1-21)

03. Contributions, Gifts and Grants. The Administrator may receive contributions, gifts and grants on behalf of and in aid of the TRS program. The contributions, gifts and grants shall be deposited in the Idaho Telecommunications Relay Services Fund. (7-1-21)

102. ESTABLISHMENT OF TELEPHONE INDUSTRY ADVISORY COMMITTEE (RULE 102).

01. Establishment of Committee. The Commission hereby establishes a telephone industry advisory committee with which the Administrator shall consult in the assessment of responses to the request for proposal (RFP), and review the services provided. The industry committee shall have three (3) members, who shall be representatives of:

a. A large provider of local exchange and intraLATA Message Telecommunications (MTS) services in Idaho; (7-1-21)
b. An independent telephone company providing local exchange services and a member of the Idaho Telephone Association (the trade group that includes independent telephone companies in Idaho); and (7-1-21)
c. The Idaho State Council for the Deaf and Hard of Hearing, or the State Council on Developmental Disabilities. (7-1-21)

104. REQUEST FOR PROPOSALS (RFP) -- SELECTION OF TRS PROVIDER (RULE 104).

01. Formulation of RFP and Submission to the Commission. The Administrator, shall formulate and submit a request for proposals (RFP) for the provision of TRS to the Commission. The Commission shall review the RFP and return it to the Administrator, with comments or changes that Commission finds appropriate, and direct the Administrator to issue the RFP. (7-1-21)

02. Requirements of the RFP. The RFP issued by the Administrator will request all companies responding to the RFP to comply with all requirements of state and federal law. See Rule 101. In addition, the RFP may require those responding to the RFP to meet additional requirements contained in the RFP or ask those responding to list additional standards they could meet or additional services that they could provide above the minimums required by state and federal law. (7-1-21)

03. Timetable for Decision. The Administrator shall develop a timetable for formulation of the RFP, its review by the Commission, advertisement of the RFP for response, review of proposals submitted in response to the RFP, and final decision selecting a TRS provider that will complete the process of selection of the TRS provider in sufficient time to maintain uninterrupted relay services. (7-1-21)

105. RESOLUTION OF COMPLAINTS (RULE 105).

The Idaho Public Utilities Commission hereby offers itself as a forum for resolution of customer complaints regarding TRS provided for Idaho intrastate services. Complaints can be filed and handled informally under Rules 401 et seq. of the Telephone Customer Relations Rules, IDAPA 31.41.01.400 et seq., or formally under the Commission’s Rules of Practice and Procedure, IDAPA 31.01.01.000 et seq. The Commission commits to process these complaints within the one hundred eighty (180) day timetable set forth in 47 C.F.R. 64.604(c)(5)(i). (7-1-21)

TELECOMMUNICATIONS RELAY SERVICES FUND
Rules 200 through 299

200. TELECOMMUNICATIONS RELAY SERVICES (TRS) FUND -- ESTABLISHMENT AND PURPOSE (RULE 200).

Section 61-1304, Idaho Code, directs the TRS Administrator to establish a fund (the telecommunications relay services fund, or TRS fund) for the provision of telecommunications relay services. The TRS Administrator will deposit the fund in a depository approved by the Commission and to credit to that fund all monetary contributions, gifts and grants received by the Administrator and all charges billed and collected pursuant to Section 61-1305, Idaho Code, and these rules. No funds derived from monies billed and collected from telephone corporations pursuant to Section 61-1305, Idaho Code, and these rules shall be used to acquire end-user text telephones. All monies deposited in the TRS fund shall be spent for the purpose of defraying the expenses, debts and costs incurred in carrying out the provisions of the TRS program, or for defraying administrative expenses of the Administrator, including necessary expenses for consultants to the Administrator, expenses for travel, supplies and equipment and other expenses of the Administrator necessary for the implementation of the TRS program. All monies credited to the TRS fund may be spent by the Administrator at such times and in such manner as authorized by this Commission’s rules, orders or contract with the Administrator. (7-1-21)

201. THE COMMISSION’S DETERMINATION OF FUNDING LEVELS (RULE 201).

01. Issuance of Commission Order. On or before March 1 of each succeeding year, the Commission shall issue an order in response to the Administrator’s annual report that will establish funding levels to be in effect for the twelve months beginning April 1 following issuance of the order. The Commission may issue an order revising funding levels at other times in order to preserve the integrity of the fund. (7-1-21)

02. Findings and Directives of the Order Prescribing Funding Levels. Orders prescribing funding levels issued pursuant to Rule 202.01 shall contain the following: (7-1-21)

a. The Commission’s finding of the funding target for the TRS program for the twelve (12) months
beginning April 1 (or other appropriate time, if the order is not issued to be in effect for twelve (12) months beginning April 1), based upon anticipated expenses of operation of the TRS program for those twelve (12) months and prudent management of minimum fund balances; and

b. The Commission’s findings of the fair, just and reasonable allocations of the twelve (12) month funding target that will come from telephone corporations providing local exchange service and that will come from telephone corporations providing MTS/WATS services, respectively.

03. Calculation of Funding Levels. Telephone corporations providing local exchange service in Idaho and telephone corporations providing intrastate Message Telecommunication Services/Wide Area Telecommunications Services (MTS/WATS) services in Idaho must contribute to the TRS fund as follows:

a. Each telephone corporation providing local exchange service in Idaho shall file a monthly report, due on or before the first of each month, stating the number of local access lines it has for that month. The data used to determine a local exchange company’s number of local access lines shall be the same as that used for monthly reporting to the Administrator of the Universal Service Fund (USF) for the monthly USF report. See USF Rule 201.01, IDAPA 31.46.01.201.01.

b. Each telephone corporation providing intrastate MTS/WATS service in Idaho is required to contribute to TRS funding in proportion to the number of its intrastate MTS/WATS billed minutes, provided that those telephone corporations providing intrastate MTS/WATS service in Idaho that use the services of another telephone corporation for the actual transportation of calls and that have been granted exemptions from contributions to the USF by the Commission, the USF Administrator, or the Commission staff are also granted exemptions from contributions to the TRS fund by operation of this rule. The USF Administrator shall provide the TRS Administrator with a list of all telephone corporations exempted from contributing to the USF and all changes to that list whenever they are made. The data determining an MTS/WATS company’s number of intrastate MTS/WATS billed minutes for a given monthly report due on or before the first of the month shall be the same provided to the Administrator of the USF for the USF report also due on or before the first of that month. See USF Rule 201.02, IDAPA 31.46.02.201.02.

202. TELEPHONE CORPORATIONS’ MONTHLY REMITTANCES TO THE TRS ADMINISTRATOR (RULE 202).

Unless otherwise provided by order of the Commission or written exemption of the USF Administrator or the Commission staff, on or before the first day of each month, all local exchange companies providing local exchange service in Idaho shall remit to the TRS Administrator the funds due under the Commission’s order issued pursuant to Rule 202. Unless otherwise provided by order of the Commission or written exemption of the USF Administrator or the Commission staff, on or before the first day of each month all MTS/WATS companies providing intrastate MTS/WATS services shall remit to the Administrator the funds due under the Commission’s order issued pursuant to Rule 202.

203. THE ADMINISTRATOR’S QUARTERLY REPORT TO THE COMMISSION (RULE 203).

On or before the fifteenth day after the close of each quarter, the Administrator shall submit a report to the Commission providing the following information:

01. Administrator’s Disbursements. The Administrator’s disbursements to the TRS provider for the quarter.

02. Administrator’s Fees. The Administrator’s fees for the quarter.

03. List of All Companies. A list of all companies remitting monies to the TRS fund during the quarter, indicating which companies have remitted funds for their provision of local exchange service, which companies have remitted funds for their provision of MTS/WATS services, and which companies have remitted both.

04. Total Amounts Remitted. The total amounts remitted to the TRS fund by local exchange companies during the quarter, the total amounts remitted by MTS/WATS companies during the quarter, and the sum of the two;
05. **Total Number of Local Calls.** The total number of local calls handled by the TRS provider during the quarter, the total number of intrastate and interstate calls handled by the TRS provider during the quarter (keeping separate totals for each), and the total number of intrastate and interstate MTS/WATS minutes billed by the TRS provider during the quarter (keeping separate totals for each); (7-1-21)T

06. **Interest, Contributions and Other Income.** Interest earned during the quarter, contributions received during the quarter, and any other income for the quarter; and (7-1-21)T

07. **Fund Balances for the Quarter.** Beginning, ending and monthly fund balances for the quarter, together with any information that may be necessary to calculate beginning and ending balances for the quarter. (7-1-21)T

204. **THE ADMINISTRATOR'S ANNUAL REPORT TO THE COMMISSION (RULE 204).**

01. **Report of Existing Financial Conditions.** On or before February 15 of each year, the Administrator shall submit a report to the Commission providing the following information: (7-1-21)T

   a. A statement of the TRS fund’s income in the previous calendar year from remittances by local exchange companies and from remittances by MTS/WATS companies, and the total, and a statement of all other income (including interest), gifts, contributions, etc., for the calendar year; (7-1-21)T

   b. Actual TRS fund balances at the end of the quarters ending in March, June, September and December of the preceding calendar year; and

   c. The statewide line count for local service lines on January 1 of that year and January 1 of the previous year, and the total number of MTS/WATS minutes reported to the TRS Administrator for the year ending the previous December 31 and the year ending the December 31 before that. (7-1-21)T

02. **Report on Use of the TRS Program.** The Administrator shall also report, based upon information to be supplied by the TRS provider, upon use of the TRS program in the previous calendar year. The Administrator’s contract with the TRS provider shall require appropriate data collection by the TRS provider, including, but not limited to, the number of calls handled by the provider, with breakdown showing whether the calls are local or MTS, intrastate or interstate MTS, total intrastate and interstate MTS minutes, the hours when calls are made (e.g., from 8 a.m. to 5 p.m., from 5 p.m. to 11 p.m., from 11 p.m. to 8 a.m.), days of the week when calls are made, and patterns of increased or decreased usage of the TRS program from month to month for the previous calendar year. The TRS provider shall provide this information by month to the TRS Administrator on dates to be specified by the Administrator. (7-1-21)T

03. **Recommendation.** The Administrator shall report the TRS fund’s expected surplus or deficit for the twelve months beginning April 1 based upon the assumption that the TRS funding levels will not change. The Administrator shall also report whether this surplus or deficit will alter the expected fund balance during the twelve (12) months beginning April 1 following the report significantly enough to recommend that TRS funding levels be increased or decreased. If the Administrator believes that the TRS funding levels should be increased or decreased, the Administrator shall recommend a target balance for the TRS fund for the end of the twelve (12) months beginning April 1 following this report and the amount by which TRS fund remittances should be increased or decreased beginning April 1 to meet this target. (7-1-21)T

04. **Review by Commission Staff.** On or before March 1 the Commission Staff shall review the Administrator’s calculations and recommendations and call any errors or omissions to the attention of the Administrator and the Commission. (7-1-21)T

05. **Report a Public Record -- Workpapers Exempted Trade Secrets.** The Administrator’s report showing statewide totals for local service and MTS/WATS minutes, inventories of service lines, and other information not identifying a telephone corporation or a customer is a public record available for inspection, examination and copying under Section 74-102, Idaho Code. Workpapers accompanying the report (including those produced by the USF Administrator) showing individual telephone corporation’s data for Title 62 services and
individual telephone corporation’s reports to the TRS or USF Administrators showing data for their Title 62 services, together with any data for Title 61 services protected from disclosure under applicable Trade Secret Law, are trade secrets exempt from disclosure under Section 74-107(1), Idaho Code.

205. -- 299. (RESERVED)

PARTICIPATION IN THE TRS PROGRAM
Rules 300 through 399

300. PARTICIPATION IN PROGRAM (RULE 300).
All telephone corporations providing local exchange service within the state of Idaho and all telephone corporations providing intrastate MTS within the state of Idaho, including those otherwise exempt from the jurisdiction of the Commission pursuant to Section 61-104, Idaho Code, and those providing local exchange service or MTS/WATS pursuant to the Telecommunications Act of 1988, Sections 62-601 et seq., Idaho Code, are required to participate in the TRS program and to contribute to the TRS fund under these rules, except as provided by Rules 203 and 302.

301. EXEMPTION FROM TRS PARTICIPATION AND FUNDING (RULE 301).
The Commission may permit a telephone corporation that provides local exchange service in Idaho or intrastate MTS/WATS service in Idaho to provide TRS to its customers through a TRS provider other than the provider selected by the Commission and may waive the telephone corporation’s obligation to participate in the program and to fund the program if the Commission finds, upon application by the telephone corporation, that:

01. ADA. The telephone corporation will meet its obligation to its Idaho customers in accordance with the standards set forth in the Americans with Disabilities Act.

02. TRS Program. The operation or provision of TRS under the program approved by the Commission will not be substantially impaired if that telephone corporation does not participate in or fund the TRS program.

302. -- 999. (RESERVED)
31.61.01 – RULES FOR THE MEASUREMENT OF STRAY CURRENT OR VOLTAGE
(THE STRAY VOLTAGE RULES)

GENERAL PROVISIONS
Rules 0 through 11

000. LEGAL AUTHORITY (RULE 0).
These rules are promulgated pursuant to the authority of the Idaho Public Utilities Law, Sections 61-515 and 61-520, Idaho Code, and the Stray Current and Voltage Remediation Act, Section 61-803, Idaho Code. (7-1-21)

001. TITLE AND SCOPE (RULE 1).

01. Title. The title of these rules is the IDAPA 31.61.01, “Rules for the Measurement of Stray Current or Voltage” (Stray Voltage Rules). (7-1-21)

02. Scope. These rules are applicable to dairy producers, public utilities and all persons or entities involved in any way in the measurement or remediation of stray current or voltage within Idaho. (7-1-21)

002. WRITTEN INTERPRETATIONS – AGENCY GUIDELINES (RULE 2).
Written interpretations to these rules can be obtained from the Secretary of the Idaho Public Utilities Commission and are available from the office of the Commission Secretary. (7-1-21)

003. ADMINISTRATIVE APPEALS (RULE 3).
There are no provisions for administrative appeals within the Commission under these rules. (7-1-21)

004. INCORPORATION BY REFERENCE – REFERENCE TO SAFETY CODES (RULE 4).

01. Safety Codes. These rules reference two (2) national safety codes. (7-1-21)

a. The National Electrical Safety Code (NESC) is applicable to public utilities and is adopted by the Commission in IDAPA 31.11.01, “Safety and Accident Reporting Rules for Utilities Regulated by the Idaho Public Utilities Commission.” (7-1-21)

b. The National Electrical Code (NEC) is applicable to the installation of wires and facilities used to convey electric current and to apparatus to be operated by such electric current. Adoption of the National Electrical Code is found at Section 54-1001, Idaho Code, and IDAPA 07.01.06, “Rules Governing the Use of National Electrical Code,” Section 011. (7-1-21)

005. – 009. (RESERVED)

010. DEFINITIONS (RULE 10).

01. Adequate Remediation. Means corrective action taken by a utility which results in, and is reasonably likely to sustain, a reduction of stray current or voltage attributable to the utility’s distribution system to a measured level that is fifty percent (50%) or less of the preventive action level. (7-1-21)

02. Ampere. A unit of measure of current. A milliampere is one-one thousandths (1/1,000) of an ampere. (7-1-21)

04. Cow Contact Points. Means any two (2) points on electrically conductive materials in a dairy which a dairy cow may (in its normal environment on the dairy) unavoidably and simultaneously contact. Electrically conductive material may include the surface(s) that the cow is standing on as one (1) or both cow contact points. (7-1-21)

05. Equipotential Plane (EPP). Means an area where wire mesh or other conductive elements are embedded in or placed under concrete, bonded to all metal structures and fixed nonelectrical equipment that may become energized, and connected to the electrical grounding system to prevent a difference in voltage from developing within the plane. (7-1-21)
06. **Preventive Action Level (PAL).** Stray current or voltage that, when correctly measured, is either:

   a. A steady state, root mean square (rms) alternating current (AC) of two (2) milliamperes (mA) or more through a five hundred (500) ohm resistor (i.e., shunt resistor) connected between cow contact points, as measured by a true rms meter; or;

   b. Any steady state, rms AC voltage of one (1.0) volt or more across (in parallel with) a five hundred (500) ohm resistor (i.e., shunt resistor) connected between cow contact points, as measured by a true rms meter.

07. **Primary System.** A term that describes the high voltage utility electrical system including the generation, transmission and distribution systems. It also refers to the high voltage side of a distribution transformer.

08. **Secondary System.** Means the low-voltage utility electrical system on the secondary side of a distribution transformer. The dairy’s on-farm system begins on the dairy’s side of the metering points, except for dairies metered on the high voltage side of the transformer(s). In the case of dairies metered on the high voltage side, the on-farm system begins at the transformer’s low-voltage lugs.

09. **Service Provider.** Means any person, company or other legal entity providing stray voltage or current testing, consulting, measurements, analysis services, construction, or hardware.

10. **Shunt Resistor.** A physical resistor or combination of resistors used to simulate a dairy cow during the measurement of cow contact voltage. As used in these rules, a shunt resistor shall be five hundred (500) ohm plus or minus two percent (+/- 2%).

11. **Source Resistance.** Means that portion of resistance in the circuit, other than the resistance of the cow, when the cow is completing a circuit between contact points. Body-to-metal contact resistance and hoof-to-earth resistance may represent a portion of the source resistance.

12. **Steady State.** The value of a current or voltage after an amount of time has passed where all transients have decayed to a negligible value.

13. **Stray Current or Voltage.** Stray voltage or current is:

   a. Any steady state, sixty (60) hertz (Hz) (including harmonics thereof) root mean square (rms) alternating current (AC) less than twenty (20) milliamperes (mA) through a five hundred (500) ohm resistor (i.e., shunt resistor) connected between cow contact points, as measured by a true rms meter; or

   b. Any steady state, sixty (60) Hz (including harmonics thereof), rms AC voltage of less than ten (10) volts, across (in parallel with) a five hundred (500) ohm resistor (i.e., shunt resistor) connected between cow contact points, as measured by a true rms meter.

   c. Stray current and voltage is a normal, inherent and unavoidable result of electricity traveling through grounded electrical systems, including a dairy producer’s on-farm system and a utility’s distribution system. These systems are required by the National Electrical Code (NEC) and the National Electrical Safety Code (NESC) to be grounded to the earth to ensure safety and reliability.

   d. Unless the context otherwise requires, the term “stray voltage” shall mean stray current or stray voltage.

14. **Tests, Measurements, Procedures and Analysis.** Means any or all of the stray voltage testing, measurement, work and work product defined in these rules.

15. **Transient.** Transient or transient deviation means a non-steady state increase or spike in voltage or current. For the purpose of identifying and reporting transients in cow contact voltage (Vcc) or current (Icc), a
transient occurs when the recorded maximum Vcc or Icc in a recording interval exceeds two hundred percent (200%) of the steady state Vcc or Icc recorded during the same recording interval. (7-1-21)T

16. **Utility.** Means a public electric utility as defined in Section 61-332A, Idaho Code. (7-1-21)T

011. **PURPOSE OF RULES -- CONFORMANCE TO ELECTRICAL CODE (RULE 11).**
These rules standardize the measurement and testing procedures used to measure stray voltage and current. Standardization of testing will provide a consistent basis for determining the presence and level of stray voltage in a dairy and how to determine the source of that stray voltage or current. These rules do not replace existing safety standards embodied in electrical codes. Any conflict between these rules and the National Electrical Code or the National Electrical Safety Code shall be promptly brought to the attention of the Commission. Under these rules, testing is intended to determine:

01. **Presence of Stray Voltage.** The presence and amount of any stray voltage or current within the dairy. (7-1-21)T

02. **Sources of Stray Voltage.** The source(s) of any stray voltage or current detected. (7-1-21)T

03. **Contributions to Stray Voltage.** The percent contribution from the utility side and the dairy side of the dairy service entrance to the total stray voltage or current measured on the dairy. (7-1-21)T

12. -- 20. (RESERVED)

**APPLICABILITY AND ADMISSIBILITY**
Rules 21 through 30

021. **UTILITY (RULE 21).**
A utility measuring or testing for stray voltage or current at the request of a dairy producer, as directed by the Commission or on its own initiative, shall conduct such measurements in accordance with these rules. (7-1-21)T

022. **DAIRY PRODUCER (RULE 22).**

01. **Serving Notice on the Utility.** A dairy producer providing written notice to a utility pursuant to Section 61-804, Idaho Code, shall specify why the dairy producer believes its dairy cows are being affected by electrical energy attributable to the utility. A dairy producer may provide such notice with or without first having conducted tests or measurements of stray voltage. (7-1-21)T

02. **Cooperation.** When a written notice is filed with the utility, the dairy is obligated to make any contact point(s), service panels, grounding rods or other electrical equipment at the dairy available to the utility for measuring and testing. The utility shall provide reasonable notice and cooperate with the dairy producer to establish an appropriate time to conduct the tests and measurements. The dairy shall cooperate with the utility so that all tests and measurements necessary to identify the existence and magnitude of stray current or voltage, if any, are completed within fourteen (14) days of the utility’s receipt of such notice. (7-1-21)T

023. **SERVICE PROVIDERS (RULE 23).**
Any person performing any stray voltage measurement or test on behalf of a utility or a dairy shall be deemed a service provider and shall follow these rules. (7-1-21)T

024. **ADMISSIBILITY (RULE 24).**
Only tests and measurements made in compliance with these rules shall be admissible before the Commission or in any civil action. (7-1-21)T

025. -- 30. (RESERVED)

**QUALIFICATIONS OF PERSONS PERFORMING AND ANALYZING**
RESULTS OF STRAY VOLTAGE TESTS
Rules 31 through 40

031. PERFORMANCE OF TESTS AND MEASUREMENTS (RULE 31).
Measuring and testing for stray voltage under these rules for consideration by the Commission shall be performed by a qualified testing professional. The following persons are presumed to be qualified testing professionals: (7-1-21)T

01. Professional Engineer. A professional engineer, licensed in any state, who has completed no fewer than forty-eight (48) hours of Commission-approved stray voltage training and who has been involved in no fewer than five (5) prior investigations involving the measurement or testing of stray voltage.

02. Master Electrician. A master electrician, licensed in any state, who has completed no fewer than forty-eight (48) hours of Commission-approved stray voltage training and who has been involved in no fewer than five (5) prior investigations involving the measurement or testing of stray voltage.

03. Technician. A technician who, under the supervision of a person presumed qualified under Subsections 031.01 and 031.02, has completed no fewer than eight (8) hours of Commission-approved stray voltage training and who has been involved in no fewer than five (5) prior investigations involving the measurement or testing of stray voltage.

032. DATA ANALYSIS (RULE 32).
Analysis of data under these rules, for consideration by the Commission, shall be performed by a qualified analyst. A professional engineer, licensed in any state, who has completed no fewer than forty-eight (48) hours of stray voltage training and who has been involved in no fewer than five (5) prior investigations involving measurement or testing of stray voltage shall be presumed to be a qualified analyst.

033. PERSONS OTHERWISE QUALIFIED (RULE 33).
A person who does not satisfy the qualifications in Sections 031 and 032, may nonetheless be determined by the Commission to be a qualified testing professional or a qualified analyst if, on motion of any party, the Commission finds that person otherwise possesses the knowledge, skill, experience, training, or education that qualifies that person to offer expert testimony before the Commission.

034. -- 050. (RESERVED)

CALIBRATION OF AND EQUIPMENT USED FOR MEASURING AND RECORDING VOLTAGE, CURRENT, AND RESISTANCE
Rules 51 through 60

051. GENERAL REQUIREMENTS FOR STRAY VOLTAGE MEASURING AND RECORDING EQUIPMENT (RULE 51).
Equipment used for the measurement or testing of stray voltage, current, and resistance shall meet the following criteria:

01. Resolution and Accuracy. The accuracy and resolution of any instrument used to measure or record cow contact voltage or current, shall limit the error to five percent (5%) or less at one volt (1 V) or two milliampere (2 mA).

02. Voltage Measurement. Instruments used to measure cow contact voltage shall be capable of separating and independently measuring alternating current (AC) and direct current (DC) voltages. These instruments shall have a minimum internal impedance of ten thousand (10,000) ohm and shall be capable of measuring the true-rms voltage.

03. Current Measurement. A clamp-on ammeter, a digital multi-meter (DMM) with clamp-on device, or an in-line ammeter shall be used to measure current between two (2) points. The meters shall be capable of separating and independently measuring alternating current (AC) and direct current (DC) and shall be capable of measuring the true-rms current. Care must be taken to assure that clamp-on ammeters used have the required
resolution and accuracy.

04. **Resistance Measurement.** Resistance shall be measured using either a volt ohmmeter (VOM) or a DMM. Resolution shall be to the level of one (1) ohm or less when measuring a resistance of less than one thousand (1,000) ohm. Accuracy shall be within plus or minus five (+/-5) ohm for a five hundred (500) ohm resistance.

05. **Resistance-to-Earth Measurement.** Grounding electrode resistance-to-earth measurements shall be made with a three- (3) point fall-of-potential instrument or a clamp-on resistance-to-earth tester.

052. **CALIBRATION REQUIREMENTS (RULE 52).**

01. **Measuring Equipment Calibration.** All measuring equipment shall be calibrated according to the manufacturer’s recommended calibration schedule, but no less than annually, to meet the manufacturer’s specifications for the accuracy and resolution of the equipment. Measuring equipment shall not be used after its next “calibration due” date for measurements or tests conducted during a stray voltage investigation. Calibration shall be performed by either:

   a. The manufacturer of the equipment, who shall certify that the equipment meets the manufacturer’s specifications for accuracy and resolution; or

   b. A laboratory currently certified as meeting all applicable Institute of Electrical and Electronic Engineers (IEEE) and International Organization for Standards (ISO) standards.

02. **Calibration Certificates.** The service provider performing the tests and measurements shall maintain certificates from the manufacturer or the calibration laboratory demonstrating compliance with calibration requirements.

03. **Field Check.** Before voltage or current measurement or testing is performed, the instrument shall be field-checked by comparing measurements to those of other instruments or against a known source.

053. **REQUIREMENTS FOR MONITORING AND RECORDING DEVICES (RULE 53).**

Digital recording devices shall be used for the purpose of recording current and voltage for extended periods, such as the forty-eight (48) hour test. The recording devices shall have the same level of resolution and accuracy as the meters being used for the measurements. Monitoring systems, which combine measuring and recording functions in a single instrument, shall have the same level of resolution and accuracy as specified in Section 051. Recording devices and monitoring systems shall be capable of recording transient deviations of one-tenth (0.1) second or less in duration from the steady state. Digital recording devices, which have deviation settings, shall permit the deviation setting to be set “low” enough to meet the resolution and accuracy requirements in Subsection 051.01 of these rules. All recording devices shall be able to log the time and date of all data recorded and shall have their internal clocks synchronized.

054. **REQUIREMENTS FOR LOAD BOXES (RULE 54).**

The load box shall meet the following criteria:

01. **Volts.** A load box shall be a primarily non-inductive nominal two hundred forty (240) volt, resistance heating type load with a minimum nominal full load of eighteen (18) kilowatts (kW).

02. **Split-Load.** A load box shall be capable of operating at two (2) or more load settings, including approximately fifty percent (50%) and one hundred percent (100%) of the load box’s rated total load.

055. -- 070. (RESERVED)

TESTING AND MEASUREMENT PROCEDURES

Rules 71 through 80

071. **STRAY CURRENT OR VOLTAGE TESTS (RULE 71).**
Subject to Subsection 071.02, there are six (6) tests used to detect and measure stray current or voltage.

01. **Scheduling of Stray Voltage Tests.** Efforts shall be made to perform the tests under conditions substantially similar to those conditions existing at the time(s) the dairy producer believes stray voltage to be a problem.

   a. Test 1 - Cow Contact Test;
   
   b. Test 2 - Forty-Eight (48) Hour Test;
   
   c. Test 3 - Primary Profile Test;
   
   d. Test 4 - Secondary Neutral Voltage Drop Test;
   
   e. Test 5 - Load Box Test; and
   
   f. Test 6 - Signature Test.

02. **Testing Sequence.** Test 1 shall be performed first. Tests 1 and 2 are used to determine the presence and level of stray voltage and shall be performed in all investigations, subject to the provisions of Subsection 071.03. Tests 3, 4, 5, and 6 may be performed in any order and may be performed without first determining that these tests are required under Paragraph 071.02.b. Tests 3, 4, 5, and 6 may be performed prior to starting the recording for Test 2 or while Test 2 is in progress. Test 2 may be interrupted as necessary to conduct Tests 4, 5, and 6, or for review and analysis of the data recorded up to that point.

   a. If the results from Tests 1 and 2 indicate that stray voltage does not exceed the preventive action level (PAL), the utility has no further testing or remediation obligations under these rules during this test cycle.
   
   b. If the PAL is exceeded, the utility shall perform the remaining four (4) tests except as provided in Subsection 071.03. The utility shall also perform analysis to determine whether the portion of the stray current or voltage attributable to an off-farm source exceeds fifty percent (50%) of the PAL.
   
   c. If the PAL is exceeded, and the portion of the stray current or voltage attributable to an off-farm source does not exceed fifty percent (50%) of the PAL, the utility has no further testing or remediation obligations.
   
   d. If the PAL is exceeded, and the portion of the stray current or voltage attributable to an off-farm source exceeds fifty percent (50%) of the PAL, the utility shall conduct remediation pursuant to Section 091. Under this condition, the forty-eight (48) hour recording of Test 2 may be reduced to no fewer than twenty-four (24) hours.
   
   e. For all testing conducted under these rules, the utility shall have a qualified analyst prepare a report pursuant to Section 082.

03. **Suspended or Limited Testing.** With the written agreement of both the utility and the dairy producer, a stray voltage investigation may be suspended at any point in the investigation. With the written agreement of both the utility and the dairy producer, the utility may employ a limited set of tests or measurements on a dairy as part of an intentionally limited evaluation. If the utility proposes to suspend a stray voltage investigation or to conduct a limited evaluation, its reasons for doing so shall be set forth in the written agreement between the utility and the dairy producer.

072. **PREPARATION FOR TESTING (RULE 72).**

The person performing the tests shall perform the following:

01. **Remote Reference Grounding Rod.**
a. Remote reference grounding rod(s) shall be installed and penetrate moist soil to a depth of thirty (30) inches. When practicable, remote reference rods shall be installed at least twenty-five (25) feet away from the nearest underground conductive electrical equipment of any type or at a distance equal to three (3) to four (4) times the buried depth of any metallic structure connected to the service entrance neutral. The reference ground rod shall be located not closer than twenty-five (25) feet from the centerline of a primary electrical conductor right-of-way. A reference rod shall be located not closer than one hundred (100) feet from the edge of a transmission line right-of-way. (7-1-21)T

b. All remote reference grounding rods shall be checked for “remoteness” prior to their use for tests or measurements and if found to be insufficiently “remote,” a new location for that reference ground rod shall be found and retested for remoteness. Remoteness of the reference ground shall be determined by measuring the voltage from the transformer grounding electrode conductor to the remote reference ground. The resistance-to-earth of the transformer grounding electrode shall be measured. The grounding electrode current shall be measured. Remoteness is considered adequate if the measured voltage (transformer grounding conductor to reference ground, Vp) is within twenty percent (20%) of the voltage calculated by multiplying the grounding electrode current by the grounding electrode resistance-to-earth. (7-1-21)T

c. If the transformer grounding electrode is within twenty-five (25) feet of other primary or secondary grounding electrodes, this remoteness test shall be conducted at the first primary system grounding electrode upstream of the transformer that is greater than twenty-five (25) feet from other primary or secondary system grounding electrodes. (7-1-21)T

02. Inspecting the Transformer(s). Prior to testing, the utility transformer shall be inspected, grounding electrode resistance measured, and any repairs necessary for safety be made and recorded. In the case of a customer-owned transformer, qualified personnel shall inspect the installation, measure grounding electrode resistance, and make and record any repairs necessary for safety. Measurements that require contact with utility or customer-owned primary wires or equipment shall be made by the utility or other qualified personnel. (7-1-21)T

03. In-Line Ammeters. If in-line or series ammeters are used, they shall be installed under safe conditions in accordance with the National Electrical Safety Code and the National Electrical Code with the entire dairy system or the specific circuit to be tested de-energized. (7-1-21)T

04. Pre-Test Documentation. (7-1-21)T

a. All pre-test calibration requirements from Section 052 shall be completed and documented. (7-1-21)T

b. A sketch or drawing of the dairy shall be prepared indicating:
   i. The location of the buildings; (7-1-21)T
   ii. Secondary electrical service panels and secondary feeder systems serving cow contact areas; (7-1-21)T
   iii. Transformer(s) and central distribution point; (7-1-21)T
   iv. Existing grounding electrodes (if known); (7-1-21)T
   v. The location of all cow contact points to be tested; (7-1-21)T
   vi. All remote reference grounding rods; and (7-1-21)T
   vii. All primary and secondary neutral test points used in conjunction with the remote reference grounding rod(s). (7-1-21)T

c. A listing of planned test points shall be prepared using the applicable form prior to beginning each test. Each test shall be listed separately and specific reference numbers shall be given to each planned test point. (7-1-21)T
05. Safety.  

   a. If the service provider reasonably concludes that a dairy’s noncompliance with the National Electrical Code poses a significant and immediate safety hazard which prevents completion of any test or measurement required by these rules, then the service provider’s obligations to proceed under these rules shall be suspended until the hazard is eliminated.  

   b. At the discretion of the service provider conducting the test, livestock shall be removed from any area where electrical equipment or wiring is examined or electrical measurements are taken. Testing may be suspended if the presence of cows or other animals creates a potential hazard to testing personnel. The locations of electric fences and other electrified cow control devices shall be noted and de-energized where practical.  

073. TEST 1 -- COW CONTACT TEST (RULE 73).

   01. Purpose. The purpose of this test is to determine the location(s), if any, where stray current or voltage exceeds the preventive action level (PAL) and to identify the location(s) at which the cow contact voltage will be recorded in the forty-eight (48) hour test.  

   02. Selection of Cow Contact Points. The selection of cow contact points to be tested shall include a sufficient number of locations reasonably likely to demonstrate the presence of stray voltage or current, if any.  

   03. Conducting the Test. The voltage across the shunt resistor or current through the shunt resistor shall be measured between cow contact points as shown in Figure 1. The source resistance shall be calculated during analysis for all cow contact points.  

---

Figure 1, Cow Contact Test.  

a. When using a voltmeter to measure voltage between contact points where one (1) of those points is
the floor surface, the equipment shall be arranged as shown in Figures 1 and 2, using a metal plate, which shall make a high quality conductive contact with the ground or floor. If the service provider is unsure of having a high quality conductive contact with the floor or ground, then the procedure described in Paragraph 073.03.c. shall be followed. If necessary, corrosion shall be removed from the point(s) where test lead(s) make contact with metal equipment.

b. When using an in-line milliammeter or a clamp-around milliammeter to measure current between contact points and one (1) of those points is the floor surface or earth, the equipment shall be arranged as shown in Figure 3, using a metal plate which shall make high quality conductive contact with the ground or floor. If the service provider is unsure of having a high quality conductive contact with the floor or ground, then the procedures described in Paragraph 073.03.c. shall be followed. If necessary, corrosion shall be removed from the point(s) where test lead(s) make contact with metal equipment.

Figure 2, Cow Contact Voltage Measurement. (7-1-21)T
c. A metal plate used to make an electrical contact with the earth or floor shall be of regular shape (square, rectangular or round), and shall have a surface area equal to or greater than sixteen (16) square inches (4 inches x 4 inches or equivalent). Place a weight not less than twenty (20) pounds on the metal plate. This weight shall be applied evenly across the metal plate and not to the adjacent concrete or earth. Place the metal plate a minimum distance of twelve (12) inches from any metal equipment making contact with the floor or earth. (7-1-21)T

i. Where the metal plate is to be placed on a concrete floor, the surface shall be flat. Clean the floor surface with a wire brush to remove debris that may add excess resistance. Use water to clean the floor surface at the point where the metal plate will be placed. Place a paper towel or similar material soaked in saltwater between the metal plate and the concrete floor. (7-1-21)T

ii. Where the metal plate is to be placed on the ground or earth surface, the surface shall be flat. Remove any debris and add water to the area, if necessary, to dampen the soil. The surface of the metal plate that will make contact with the earth shall be clean and free of corrosion before use. Remove any corrosion, if necessary. (7-1-21)T

04. Recording the Data. The person conducting this test shall record the location of, and measured values at, each test point. At each cow contact location, an open circuit voltage reading (Voc) and a voltage with five hundred (500) ohm nominal shunt resistor placed across the input to the meter (Vshunt) shall be taken. These readings shall be taken with ten (10) seconds or less time between each reading. Alternatively, a current measurement (Ishunt) may be taken in place of the voltage reading (Vshunt). Data for these test points shall be recorded on the form in Appendix 1. (7-1-21)T

05. Source Resistance Calculation. The source resistance (Rsource) shall be calculated for each cow contact location measured and the value recorded in Appendix 1. The following formulas shall be used to calculate source resistance.

\[
R_{\text{source}} = \frac{V_{\text{oC}} - V_{\text{shunt}}}{V_{\text{shunt}}} \times R_{\text{shunt}}
\]
074. TEST 2 -- FORTY-EIGHT HOUR TEST (RULE 74).

01. Purpose. The purpose of this test is to determine whether stray current or voltage exceeds the preventive action level (PAL) at selected location(s) over a forty-eight (48) hour period, subject to Subsection 074.06 and Paragraph 071.02.d. The test also demonstrates whether the primary or secondary sides of the system have a specific impact on the recorded current or voltage at specific times of day.

02. Setup. A digitizing data recorder with averaging capability and capable of detecting and recording transient deviations of one-tenth (0.1) second or less in duration shall be used to record the following:

- Voltage from primary neutral at the transformer to remote reference ground, $V_p$.
- Voltage from secondary neutral in the service panel serving the area of the cow contact to remote reference ground, $V_s$.
- Voltage drops ($V_{ps}$) from primary neutral at the location of connection for $V_p$ to secondary neutral at the location of the connection for $V_s$.
- Cow contact current through ($I_{cc}$) or voltage across a five hundred (500) ohm resistor at the high voltage point(s) found in Test 1, $V_{cc}$.

03. Measurement Interval. The results of the forty-eight (48) hour test may be highly indicative of the presence of stray voltage. A recording interval as high as ten (10) seconds may be used provided that transient deviations of voltage or current of one-tenth (0.1) second or less in duration of voltage or current are recorded to the maximum ability of the instrument.

04. Measurement at the Cow Contact Point(s). Measurements to the earth or concrete surface shall be to a metal plate as described in Paragraph 073.03.c. When making measurements to metal objects, corrosion shall be removed to obtain a low resistance connection.

05. Recording the Data. All of the data gathered by the recording equipment during the forty-eight (48) hour test including transients shall be downloaded and retained with the records of the investigation. In addition, the steady-state data shall be summarized in the investigation report. The recorded data shall be made available to the dairy producer or utility upon request. The person conducting this test shall record the location of, and measured values at, each test point. The identification of the cow contact point shall be recorded on the form in Appendix 2. Transient deviations shall be recorded on the supplemental data form, page 3 of 3 in Appendix 2. A plot of the voltage versus time may be substituted for the recording of measured values in Appendix 2.

06. Reduced Recording Period. If a qualified analyst concludes that remediation by the utility is required under Paragraph 071.02.d. prior to the completion of a forty-eight (48) hour recording period, the recording period may be reduced to no fewer than twenty-four (24) hours.

075. TEST 3 -- PRIMARY PROFILE TEST (RULE 75).

01. Purpose. The purpose of this test is to measure or calculate neutral-to-earth voltage (NEV) for a multi-grounded distribution system.

02. Conducting the Test. The primary profile test requires concurrent measurement of the ground electrode resistance and current at all primary system ground points within three quarters (3/4) of a mile on either side of all primary service points serving the dairy, or to the end of the line if less than three quarters (3/4) of a mile. Alternatively, the voltage between a remote grounding rod and the primary ground point being tested may be measured.

Section 076

076. TEST 4 -- SECONDARY NEUTRAL VOLTAGE DROP TEST (RULE 76).

01. Purpose. This test is used to determine the impact of each secondary service on the neutral-to-earth (NEV) and cow contact voltages on the dairy under controlled conditions.

02. Conducting the Test. This test shall be performed for all service entrances. A proxy load of known characteristics (such as a resistive load like a one hundred twenty (120) volt, fifteen hundred (1,500) watt hairdryer) is required for this test. The proxy load must create a known and stable current and subsequent voltage drop for each neutral serving a main panel, sub-panel or end-of-service area. All service entrances other than that being tested shall be turned “off” to perform this test. A diagram showing the connections and measurement points for this test is shown in Figure 5.
03. **Data Collection.** The following data shall be collected for each secondary neutral tested:
   
   a. Gauge and type of neutral wire.
   
   b. Length of neutral wire.
   
   c. Neutral current, Isn.
   
   d. Voltage drop (\(V_{\text{DropM}}\)) between both ends of the secondary neutral being tested.
   
   e. Cow contact voltage (Vcc) or current (Icc) at the same points used in the forty-eight (48) hour test.
   
   f. Primary neutral at the transformer to reference ground voltage, Vp.
   
   g. Secondary neutral to reference ground voltage, Vs.

04. **Measurements.** The three (3) voltages (Vcc, Vp and Vs) shall be measured with the proxy load “off” and “on.” Calculated expected voltage drops (\(V_{\text{DropC}}\)) (see Appendix 4) shall be compared with measured voltage drops (\(V_{\text{DropM}}\)). If the measured and calculated voltage drops differ significantly, further investigation shall be undertaken to determine the source of additional voltage drop within the circuit. Neutral current shall be measured and recorded with the proxy load on (Isn).

05. **Recording the Data.** Any person conducting this test shall record the location of, and measured values at, each test point. Data and calculation results for these test points shall be recorded on the form in Appendix 4.

077. TEST 5 -- THE LOAD BOX TEST (RULE 77).

01. **Purpose.** This test is used to determine the extent to which the primary system contributes to stray current or voltage at cow contact points. For dairies with three (3) phase balanced primary service, the service
02. **Conducting the Load Box Test.** This test shall be performed at the same time of day as the time(s) of highest cow contact voltage found in the forty-eight (48) hour test. During this test, voltage and current shall be measured and recorded at the points indicated in Figure 6.

![Load Box Test Diagram](image)

**Figure 6, Load Box Test.**

**a.** The load box test requires the recording of eight (8) data points during each of the five (5) test steps. The eight (8) data points that shall be measured or calculated and recorded for each step are:

1. Primary line to neutral voltage, \( V_{pri} \).
2. Load Box Current, \( I_{lb} \).
3. Voltage at load box connection to secondary system, \( V_{lb} \).
4. Calculate transformer current \( I_P \) using \( I_P = \frac{I_{lb} \times V_{lb}}{V_{pri}} \).
5. Voltage from primary neutral at the transformer to remote reference ground rod, \( V_p \).
6. Voltage from secondary neutral in the service panel serving the area of the cow contact to remote reference ground rod, \( V_s \).
7. Voltage from primary neutral at the transformer to secondary neutral at the service panel serving the area of cow contact, \( V_{ps} \).
8. Cow contact voltage \( (V_{cc}) \) or current \( (I_{cc}) \) at the same point(s) used in the forty-eight (48) hour test.

**b.** Except for dairies with three (3) phase balanced primary service, the following five (5) test steps...
shall each be conducted for at least two (2) minutes:

i. Step One: The load box shall be de-energized, the dairy shall remain “on,” and the data shall be recorded.

ii. Step Two: The load box shall be de-energized, the dairy shut “off,” and the data shall be recorded.

iii. Step Three: The load box shall be set to half load, the dairy shut “off,” and the data shall be recorded.

iv. Step Four: The load box shall be set to full load, the dairy shut “off,” and the data shall be recorded.

v. Step Five: The load box shall be set to full load, the dairy shall be turned “on,” and the data shall be recorded.

03. **Calculating the K Factor.** The K factor is a calculated ratio (Vcc/Vs). The K factor should be less than one (1) because Vcc (cow contact voltage) should be less than Vs (the dairy ground to reference ground voltage). If the K factor is greater than one (1), then there is contribution to Vcc from sources other than Vs.

04. **Recording the Data.** The person conducting this test shall record the location of, and measured values at, each test point. Data and calculation results for these test points shall be recorded on the form in Appendix 5.

078. **TEST 6 -- SIGNATURE TEST (RULE 78).**

01. **Purpose.** This test is used to determine the contribution to stray current or voltage of individual pieces of equipment operating on the dairy. The test is best performed when there is minimal farm electrical activity.

02. **Conducting the Signature Test.** During this test, individual pieces of major current drawing equipment shall be started and stopped. The effects of starting, operating, and stopping each piece of equipment shall be measured and recorded for a period of operation of at least fifteen (15) seconds. The person conducting the test shall identify and record the equipment being tested and record the specific times that the equipment was started and stopped. A digitizing data recorder with averaging capability shall be used to measure and record the required electrical data. These measurements shall be taken at the same locations at the dairy where measurements were taken for the purpose of the load box test and forty-eight (48) hour test.

a. Voltage from primary neutral at the transformer to remote reference ground rod, Vp.

b. Secondary neutral at the service panel serving the area of cow contact to remote reference ground voltage, Vs.

c. Primary neutral voltage drop (Vps) from the location of connection for Vp to secondary neutral voltage at the location of the connection for Vs.

d. Cow contact voltage (Vcc) or current (Icc) at the preselected point.

03. **Recording the Data.** All of the data gathered by the recording equipment during the signature test, including transients shall be downloaded and retained with the records of the investigation. In addition, the steady state data shall be summarized in the investigation report. The recorded data shall be made available to the dairy producer or utility upon request. The location of all test point(s) shall be recorded on the form in Appendix 6. A plot of the voltage versus time may be substituted for the recording of measured values on Appendix 6.
081. **ANALYZING THE COLLECTED DATA (RULE 81).**

**01. Cow Contact Points.** Examine the data recorded for the forty-eight (48) hour test in Appendix 2 and determine the highest steady state value of cow contact voltage (Vcc) or current (Icc). Determine the value of primary neutral to reference voltage (Vp) that was present for the highest cow contact value. Record these values on the data sheet of Appendix 7. These values shall be identified as “test cow contact voltage or current” (Vcc 48hr or Icc 48hr) and “primary neutral to reference voltage at time of maximum cow contact voltage or current” (Vp 48hr). The three (3) data sets created from the values are:

a. The primary to reference ground voltage and the cow contact voltage or current measured during the load box test (Appendix 5) with the farm power “off” and the load box “off” shall be recorded on the data sheet of Appendix 7 as Vp OFF and either Vcc OFF or Icc OFF.

b. The primary to reference ground voltage and the cow contact voltage or current measured with the load box set at one-half (1/2) load shall be recorded on the data sheet of Appendix 7 as Vp HALF LOAD and either Vcc HALF LOAD or Icc HALF LOAD.

c. The primary to reference ground voltage and the cow contact voltage or current measured with the load box at maximum shall be recorded on the data sheet of Appendix 7 as Vp FULL LOAD and either Vcc FULL LOAD or Icc FULL LOAD.

**02. Contributions to Stray Voltage or Current for Single Phase Dairies.** The utility contribution to cow contact voltage or current shall be determined using the following formula. Compare the values determined to the preventive action level (PAL).

Utility contribution to
cow contact voltage = \( \frac{Vp_{48} - Vp_{HALF}}{Vp_{FULL} - Vp_{HALF}} \times (Vcc \text{ FULL} - Vcc \text{ HALF}) + Vcc \text{ HALF} \)

Utility contribution to
cow contact current = \( \frac{Vp_{48} - Vp_{HALF}}{Vp_{FULL} - Vp_{HALF}} \times (Icc \text{ FULL} - Icc \text{ HALF}) + Icc \text{ HALF} \)

**03. Contributions to Stray Voltage or Current for Three Phase Dairies.** The utility contribution to cow contact voltage or current for dairies with three (3) phase balanced load service, shall be determined by directly using the results of the load box test results for Step 1 and Step 2 as specified in Paragraph 077.02.b.

a. The Vcc measured during Step 1 of the load box with the load box “off” and the dairy “on” will be the total Vcc.

b. The Vcc measured during Step 2 of the load box test with the load box “off” and the dairy “off” is the contribution to Vcc from the utility, Vccutility.

c. The contribution to Vcc by the dairy is the difference between Vcc and Vccutility, Vccdairy = Vcc - Vccutility.

082. **REPORTING (RULE 82).**

Within a reasonable period of time after completion of any tests required to be performed by the utility under these rules, a qualified analyst shall prepare a written report. The report shall include a summary of the tests performed, a copy of the sketch or drawing of the dairy prepared pursuant to Section 072, all of the data or results obtained from...
the tests, and an analysis of the data or results obtained from the tests. If remediation was required under these rules, the report shall specify the actions taken or to be taken. The utility shall provide a copy of the written report to the dairy producer.

083. -- 090. (RESERVED)

REMEDIAL ACTIONS AND COMMISSION PROCEEDINGS
Rules 91 through 92

091. REMEDIATION (RULE 91).

01. Utility System. If the utility is required to conduct remediation, it shall commence such remediation within five (5) business days. The utility shall diligently pursue to completion remedial procedures which shall reduce, and are reasonably likely to sustain, that portion of the stray current or voltage attributable to the utility’s distribution system to a level equal to or less than fifty percent (50%) of the preventive action level (PAL). This may include addressing other off-dairy sources.

02. Other Dairies, Farms and Industrial Sites. If a utility’s contribution to stray voltage exceeds fifty percent (50%) of the preventive action level (PAL) and the utility determines that another customer is a significant contributing source of stray voltage, the utility shall notify both the dairy and the other customer in writing.

092. COMMISSION PROCEEDINGS (RULE 92).

01. Filing with the Commission. All petitions seeking relief under Section 61-805, Idaho Code, shall be filed with the Commission Secretary pursuant to Section 005. Petitions shall conform to IDAPA 31.01.01, “Rules of Procedure of the Idaho Public Utilities Commission,” Section 053. The petitioner shall file an original and five (5) copies of the petition.

02. Contents of Petition. The petition shall conform to IDAPA 31.01.01, “Rules of Procedure of the Idaho Public Utilities Commission,” Section 053. The petition shall contain background information, the date the notice was filed with the serving utility, a description of the alleged incident(s) of non-compliance with the Stray Current and Voltage Remediation Act, and the remediation actions (if any) undertaken by either the utility or the dairy. A copy of the utility’s entire stray voltage report shall accompany the petition.

TEST 1 – COW CONTACT POINT DATA FORM INSTRUCTIONS

1. The total information provided by the contact point identification, the contact point description, and the dairy sketch(es) shall be sufficient to allow a third party to accurately repeat the test locating the correct cow contact points for a specific contact voltage.

2. The voltages measured in this test shall be determined using the same instrument(s) for both data points. One reading shall be taken immediately following the other using the same meter.

3. The actual source resistance is calculated from the known shunt resistance and the measured voltage.

4. Record comments as appropriate or necessary.

\[ R_{source} = \frac{V_{oc} - V_{shunt}}{V_{shunt}} \times R_{shunt} \]

or

\[ R_{source} = \frac{V_{oc}}{I_{shunt}} - R_{shunt} \]

TEST 2 - “48-HOUR” TEST REPORT FORM 1
INSTRUCTIONS

Record the following data with a long term digitizing data recorder or its equivalent for a minimum of 48 hours as specified in Rule 074:

a. Voltage from primary neutral to remote reference ground, Vp, at transformer.

b. Secondary neutral to remote reference ground voltage, Vs, at the electrical panel serving the area.
for the Vcc or Icc selected.

c. Primary neutral to secondary neutral voltage, Vps, between points of connection for Vp and Vs.

d. Steady state cow contact voltage or current at the preselected point(s) with the highest cow contact voltage or current recorded in Test 1, Vcc or Icc.

Steady State Data:

Steady state data recorded during the 48-hour test shall be presented in tabular format on Form 1 as described below, or it shall be presented graphically. Graphical presentation shall include a time scale for the entire recording period and a clear indication of the steady state readings of Vcc or Icc, Vp, Vs and Vps for the recording intervals. The scale(s) shall be such that steady state cow contact voltages or currents at or above the PAL are easily identifiable.

If using tabular format, the analyst shall enter data in the table for each hour of the 48 hours of the test in chronological order. The data recorded in the table shall include: the specific time that the highest steady state value of Vcc or Icc was recorded in that hour; all four corresponding data points recorded at that time (Vp, Vs, Vps and Vcc or Icc), and the total time during the hour that the steady state Vcc or Icc exceeded the PAL.

### TEST 2 – REPORT FORM 2

**SUPPLEMENTAL DATA FOR FARM OWNER**

**TRANSIENT DEVIATIONS FOUND DURING “48-HOUR” TEST**

<table>

</tr>
</tbody>
</table>

Transient deviations occur due to electrical events such as motor starts. The PAL level is 1.0 volt for steady state voltages but PAL does not apply to transient voltage deviations.

### TEST 2 - “48-HOUR” TEST REPORT FORM 2 INSTRUCTIONS

Recording Transient Data:

For the purpose of identifying and reporting transient deviations, a transient deviation occurs when the recorded maximum Vcc or Icc in a recording interval exceeds two hundred percent (200%) of the steady state Vcc or Icc recording during the same recording interval.
Transient data recorded during the 48-hour test shall be presented in tabular format on the “48-hour Test – Transient Deviation Data” form as described below, or it shall be presented graphically. Graphical presentation shall include a time scale for the entire recording period and a clear indication of the maximum Vcc or Icc recorded for the recording intervals. The scale(s) shall be such that Vcc transient deviations at or above two (2.0) volts, or Icc transient deviations at or above four (4) milliamps, are easily identifiable.

If using a tabular format, the analyst shall enter data in the table for each hour of the 48 hours of the test in chronological order. The data recorded in the table shall include: the specific time during the hour that the transient deviation in Vcc or Icc with the largest peak magnitude occurred, the corresponding peak Vcc or Icc, the total number of transient deviations recorded in that hour, and the total number of transient deviations recorded in that hour with a peak magnitude of two (2) or more volts for Vcc or four (4) or more milliamps for Icc.

APPENDIX 3

TEST 3 – PRIMARY PROFILE DATA FORM

Dairy Name:
Dairy Location: Date:

<table>
<thead>
<tr>
<th>Item</th>
<th>Pole Location &amp; Identification</th>
<th>Time</th>
<th>Current Primary Ground Ipg (mA)</th>
<th>Resistance Primary Ground Rpg (Ohm)</th>

TEST 4 – SECONDARY NEUTRAL VOLTAGE DROP TEST
INSTRUCTIONS

ITEM EXPLANATION

A-J Describe load site location, neutral wire gauge, neutral wire length (in 100s of feet), resistance per 100 feet (see table below), measured neutral current, measured voltage drop, Vp, Vs and Vcc or Icc for load “off” and load “on.”

Voltage drop is measured from end-to-end of the secondary neutral being tested and the neutral bus of the building being tested. Electrical power to all buildings shall be turned-off during this test except at the building being tested. Locations of Vp, Vs and Vcc or Icc are the same as measured during the previous tests.

Calculate the total circuit resistance. Calculate using Ohm’s Law, the expected neutral voltage drop. Calculate the absolute value of the difference and divide by the expected voltage drop. Express this as a percentage. If the two values (measured voltage drop and calculated voltage drop) do not agree, further investigation is warranted to discover the reason for the discrepancy.
Resistance Chart (ohm per 100 feet)

Multi-conductor Cables at 68 Degrees F.

TEST 5 - LOAD BOX TEST

INSTRUCTIONS

Note 1: Testing may be accomplished by a single 18/25 kW load box or a dual element 9/18 or 12.5/25 kW load box. The difference between full load and half load measurements is used in most calculations.

Note 2: If the dairy is found in an isolated condition, two load box tests must be performed: an isolated test and a non-isolated test.

Note 3: If the dairy is served by a three-phase system, measure and record only the dairy-off, load box off column and the dairy-on, load box off column or test only one phase of the three.

ITEM EXPLANATION

#

1 Enter date and customer name.

2 Attach load box to the 240-volt secondary side of transformer. Turn on load box and measure current and voltage and record on data sheet, Appendix 5.

3 Conduct load box test and for each step measure and record Vp, Vs, Vps and Vcc or Icc. Each step shall be maintained for approximately two minutes with the highest reading during that time interval recorded.

   Step 1 Farm power is “on” with load box “off”
   Step 2 Farm power is “off” with load box “off”
   Step 3 Farm power is “off” with load box “on” at half load
   Step 4 Farm power is “off” with load box “on” at full load
   Step 5 Farm power is “on” with load box “on” full load

4 Remove load box and restore normal power to the farm.

</tbody>
</table>

ITEM INSTRUCTIONS

1. Enter the date the test is performed.
2. Enter the name of the dairy.
3. Enter the description of the load for which the signature will be recorded.
4. Provide a complete description of the load. Provide voltage, horsepower or kilowatt rating, if known.
5. Note the time of turn-on and the time of turn-off. Equipment should be “on” for a period of not less than 15 seconds. If equipment is found in the “on” condition, turn it “off” then turn it back “on.” If equipment cannot be manually cycled then record data at the next “on” – “off” cycle.
6. Repeat for all major circuits and pieces of equipment (both 120 volt and 240 volt). Some equipment may normally be operated in sequence. Start each piece of equipment at 15-second intervals until all are running, then turn off in reverse order at 15-second intervals.
7. If data is to be provided graphically, only load description and time are required to be provided on Test 6 data sheet. Operation of each piece of equipment shall be indicated on the graphical data sheet(s).

APPENDIX 7

PREVENTIVE ACTION LEVEL RESULTS

Enter the highest value of cow contact voltage or current that occurred during the 48-hour test from Appendix 2, and corresponding primary to reference ground voltage.
Enter the value of cow contact voltage or current and corresponding primary to reference ground voltage that was present during the load box test with the farm power off and the load box off.

\[ V_{p \ OPP} : __\text{V} \quad V_{cc \ OPP} : __\text{V} \quad \text{or} \quad I_{cc \ OPP} : __\text{A} \]

Enter the value of cow contact voltage or current and corresponding primary to reference ground voltage that was present during the load box test with the farm power off and the load box set at half load.

\[ V_{p \ HALF \ LOAD} : __\text{V} \quad V_{cc \ HALF \ LOAD} : __\text{V} \quad \text{or} \quad I_{cc \ HALF \ LOAD} : __\text{A} \]

Enter the value of cow contact voltage or current and corresponding primary to reference ground voltage that was present during the load box test with the farm power off and the load box at maximum.

\[ V_{p \ FULL \ LOAD} : __\text{V} \quad V_{cc \ FULL \ LOAD} : __\text{V} \quad \text{or} \quad I_{cc \ FULL \ LOAD} : __\text{A} \]

Calculations:

Utility Contribution to Cow Contact Voltage:

\[
\text{Utility Contribution to Cow Contact Voltage} = \frac{V_{p \ 48hr} - V_{p \ HALF \ LOAD}}{V_{p \ FULL \ LOAD} - V_{p \ HALF \ LOAD}} \times (V_{cc \ FULL \ LOAD} - V_{cc \ HALF \ LOAD}) + V_{cc \ HALF \ LOAD}
\]

Utility contribution to cow contact voltage = ____________ V

Utility contribution to cow contact voltage as a percentage of \( V_{cc \ 48hr} \) = ____________ %

Utility contribution to cow contact voltage as a percentage of the PAL = ____________ %

Utility Contribution to Cow Contact Current:

\[
\text{Utility Contribution to Cow Contact Current} = \frac{V_{p \ 48hr} - V_{p \ HALF \ LOAD}}{V_{p \ FULL \ LOAD} - V_{p \ HALF \ LOAD}} \times (I_{cc \ FULL \ LOAD} - I_{cc \ HALF \ LOAD}) + I_{cc \ HALF \ LOAD}
\]

Utility contribution to cow contact current = ____________ mA (milliamps)

Utility contribution to cow contact current as a percentage of \( I_{cc \ 48hr} \) = ____________ %

Utility contribution to cow contact current as a percentage of the PAL = ____________ %

See Section 071.02 for required actions based on these results.
000. LEGAL AUTHORITY (RULE 0).
These rules are promulgated pursuant to the authority of the Electric and Natural or Manufactured Gas Consumption from Ground Water Pumping Act (hereinafter the Energy Consumption Act), Chapter 13, Title 62, Idaho Code, and the Public Records Act, Section 74-107(13), Title 74, Idaho Code.

001. TITLE AND SCOPE (RULE 1).
The title of these rules is the “Energy Consumption Reporting Rules.” These rules apply to all suppliers of electricity, or natural or manufactured gas, including public utilities, municipal, mutual nonprofit, and cooperative corporations. These rules should be construed in connection with the Energy Consumption Act, the Public Utilities Law, the Public Records Law, and other applicable state laws. Procedures in these Energy Consumption Reporting Rules will be liberally interpreted to secure a just, speedy and economical determination of issues presented to the Commission. Unless prohibited by statute or rule of substantive law, the Commission may permit deviation from procedural rules in these rules when it finds compliance with them is impracticable, unnecessary or not in the public interest.

002. WRITTEN INTERPRETATIONS – AGENCY GUIDELINES (RULE 2).
Written interpretations to these rules can be obtained from the Secretary of the Idaho Public Utilities Commission and are available from the office of the Commission Secretary.

003. ADMINISTRATIVE APPEALS (RULE 3).
All administrative procedures under these rules are conducted under the Commission’s Rules of Procedure, IDAPA 31.01.01.000 et seq.

004. (RESERVED)

01. Report Summaries. The Department may make summaries of such reports available upon written request provided that the identity of individual customers or accounts is protected from public disclosure and cannot be ascertained from the summaries.

02. Consumption Reports. The Department may release consumption reports to state and federal entities for research purposes provided the identity of individual customers or accounts is protected from public disclosure and cannot be ascertained from the reports.

005. DEFINITIONS (RULE 5).
Whenever any term used in these rules is defined or referred to in the Energy Consumption Act, that term takes its statutory definition in these rules. The following terms used in these rules are defined:

02. Consumption Reports. The reports created by the energy suppliers as authorized by these rules and submitted to the Department.

03. Department. The Idaho Department of Water Resources.

04. Energy Suppliers. All suppliers of electric power and natural or manufactured gas including all public utilities, municipal, mutual nonprofit, and cooperative corporations providing energy to an irrigation customer.

05. Geographic Areas. Hydrological basins with boundaries determined by the Department. The geographic areas are depicted in the Appendix to these rules.

06. Irrigation Customer. A customer pumping ground water that is:

a. Receiving service from an energy supplier under an irrigation service tariff or rate schedule; or

(7-1-21)T
b. Irrigating three (3) or more acres if such information is known to the energy supplier. (7-1-21)

07. **Irrigation Season.** As used in these rules means the calendar period from March 1 through October 31 or the energy supplier’s billing cycles that include the calendar period. (7-1-21)

08. **Service Location.** The geographic position of the irrigation customer’s pumping location(s) by address, pole number, legal description, longitude-latitude designations, or other description of where the service is delivered, to the extent such information is readily available to the energy supplier. (7-1-21)

006. **(RESERVED)**

007. **FORMS (RULE 7).**
The Department may produce and distribute forms to carry out these rules. (7-1-21)

008. **CORRESPONDENCE -- CHANGE OF ADDRESS (RULE 8).**

01. **Department’s Mailing Address.** All correspondence with the Department regarding these rules or energy consumption reports should be addressed to:

Water Allocation Bureau  
Idaho Department of Water Resources  
PO Box 83720  
Boise, ID 83720-0098

The street address is: 322 E. Front St., Boise, ID 83720-0098. (7-1-21)

02. **Supplier’s Mailing Address Must be Provided to Department.** Each energy supplier will provide the Department with a name or department and its mailing address for the purpose of receiving notices and correspondence. Any change of address should be reported to the Department in writing. (7-1-21)

009. -- 010. **(RESERVED)**

**REPORTING RULES**

Rules 11 through 20

011. **REQUEST FOR REPORTS (RULE 11).**
No later than July 1 of each year, the Department may request consumption reports from energy suppliers for the current irrigation season. (7-1-21)

01. **Notification by Department.** The Department will notify energy suppliers serving specific geographic areas that consumption reports must be submitted. (7-1-21)

02. **Submission of Consumption Reports.** Once the Department requests the consumption reports, the energy supplier will prepare and submit the report to the Department as soon as possible following the close of the irrigation season but no later than January 5 of the following year. (7-1-21)

012. **CONTENTS OF CONSUMPTION REPORT (RULE 12).**

01. **Content of Consumption Reports.** Each consumption report will contain, to the extent available, the customer’s full name, customer account number, service location, service location identification number, and the amount of energy consumed in kilowatt hours (KWH), or cubic feet of gas, or other applicable volume measurement for each service location. For each service location, the annual consumption report will state how much energy the customer consumed for each billing period during the irrigation season, and for the entire irrigation season. (7-1-21)

02. **Geographic Area(s) Covered in Consumption Report.** The energy supplier may file a consumption report covering the specific geographic area(s) set forth in the Department’s notice or, at the discretion of the supplier, a report that encompasses a larger territory so long as the Department’s designated areas are included. (7-1-21)
013. REPORT FORMAT (RULE 13).
Consumption reports will be forwarded to the Department in an electronic storage media in a format mutually acceptable to the Department and the energy supplier. If an agreement is not reached or if the supplier is unable to provide the consumption report in electronic media, the report will be submitted in writing. (7-1-21)

014. -- 020. (RESERVED)

REIMBURSEMENT RULES
Rules 21 through 30

021. REIMBURSEMENT OF COSTS (RULE 21).
Energy suppliers are entitled to reimbursement of the costs for preparing and submitting the consumption reports. Energy suppliers seeking reimbursement will itemize in sufficient detail their actual costs in preparing and submitting the data. Reimbursement is to be paid by the Department. (7-1-21)

022. RESOLUTION OF REIMBURSEMENT DISPUTES (RULE 22).
When an energy supplier and the Department are unable to resolve a reimbursement dispute, either party or both may seek informal dispute resolution with the Commission’s staff. See IDAPA 31.01.01, “Rules of Procedure of the Idaho Public Utilities Commission,” Sections 021 through 024. If the outcome of the informal proceeding is unsatisfactory to either party, the aggrieved party may file a formal complaint with the Commission. (See IDAPA 31.01.01, Sections 023 through 025, and 051 through 058.) The Commission decides formal complaints under its Rules of Procedure, 31.01.01.000 et seq. (7-1-21)

023. -- 999. (RESERVED)
IDAPA 32 – ENDOWMENT FUND INVESTMENT BOARD
DOCKET NO. 32-0101-2100F (FEE RULE)
NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE \ RESCISSION OF PREVIOUS TEMPORARY RULE

EFFECTIVE DATE: The effective date of the temporary rule being adopted through this omnibus rulemaking as listed in the descriptive summary of this notice is July 1, 2021. The rescission of previous temporary rule under docket 32-0101-2000F is effective July 1, 2021.

AUTHORITY: In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule and rescinded a previous temporary rule. The action is authorized pursuant to Section 57-728(2), Idaho Code, which gives the Endowment Fund Investment Board authority to promulgate rules necessary to discharge EFIB’s duties for the administration of the Credit Enhancement Program.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and rescinding a previous temporary rule:

This temporary rulemaking adopts and republishes the following existing rule chapter previously submitted to and reviewed by the Idaho Legislature under IDAPA 32, rules of the Endowment Fund Investment Board:

IDAPA 32
• 32.01.01, Rules Governing the Credit Enhancement Program for School Districts.

2010 Idaho Attorney General Opinion 01 concludes that EFIB must charge fees to offset the cost of the Credit Enhancement Program to the Endowments. Rescission of the previous temporary rule aligns this chapter wholly with the administrative code effective 7-1-21.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(a-c) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

This temporary rule is necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. The temporary rule implements the duly enacted laws of the state of Idaho, provides citizens with the detailed rules and standards for complying with those laws, and assists in the orderly execution and enforcement of those laws. The expiration of this rule without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by this rule.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fees or charges being imposed or increased are justified and necessary to avoid immediate danger and the fees are described herein:

The fees or charges, authorized in Section 57-728, Idaho Code, are part of the agency’s 2022 budget that relies upon the existence of these fees or charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. The following is a specific description of the fees or charges:

This rule indicates that the Endowment Fund Investment Board will charge school districts an application fee of $500 and a one-time bond guarantee fee equal to two one hundredths of one percent (0.02% or two basis points) of the Total Debt Service in order to provide credit enhancement for bonds issued to construct public schools.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the adoption of temporary rule and rescission of temporary rule, contact Chris Anton, Manager of Investments, Endowment Fund Investment Board, 816 West Bannock Street, Suite 301, Boise, ID 83702, (208)334-3312.

DATED this 1st day of July, 2021.

Chris Anton, Manager of Investments
Endowment Fund Investment Board
816 West Bannock Street, Suite 301
Boise, ID 83702
Phone: (208) 334-3312
Fax: (208) 334-3786

Idaho Administrative Bulletin Page 4290
July 21, 2021 – Vol. 21-7SE
000. LEGAL AUTHORITY.
Section 57-728(2), Idaho Code, gives the Endowment Fund Investment Board authority to promulgate rules necessary to the discharge of the EFIB’s duties for the administration of the Credit Enhancement Program. 2010 Idaho Attorney General Opinion 01 concludes that the EFIB must charge fees to offset the costs of the Credit Enhancement Program to the Endowments.

001. SCOPE.
These rules contain the provisions for implementation of the Credit Enhancement Program.

002. -- 009. (RESERVED)

010. DEFINITIONS AND REFERENCES.

  01. Administrative Fees. Application Fees and Pass-through Fees charged to School Districts applying for and receiving guarantees under the Credit Enhancement Program.

  02. Application Fee. The amount determined by the EFIB and set forth in this chapter as the cost of reviewing applications to the Credit Enhancement Program and administering the Credit Enhancement Program.

  04. EFIB. Endowment Fund Investment Board.

  05. Endowments. The trusts granted to the state of Idaho by the Idaho Admission Bill, 26 Statutory Laws 215, chapter 656 as amended. The Endowments include the Public School Endowment established by Idaho Admission Bill sections 4 and 13.

  06. Guarantee Fee. The amount determined by the EFIB and set forth in this chapter as the cost of guaranteeing a school bond under the Credit Enhancement Program. The cost of guaranteeing a school bond includes the difference in the investment return to the Public School Endowment projected by the EFIB to arise from the guarantee and additional costs to the Endowments arising from investment of the Public School Endowment in the Credit Enhancement Program.

  08. Pass-Through Fee. A direct cost to the EFIB for reviewing an application to the Credit Enhancement Program or for issuing a note to pay a debt service payment under the Credit Enhancement Program. Direct costs include the costs billed to the EFIB by legal, accounting, and financial professionals.

  10. Total Debt Service. The total amount to be repaid to bond purchasers over the stated maturity of the School District bond (principal plus interest).

011. -- 019. (RESERVED)

020. APPLICATION.

  01. Required Materials. School Districts must submit the following application materials to the EFIB:

     a. Correspondence from the Idaho State Treasurer certifying that the School District has been approved to participate in the Guaranty Program and setting forth the maximum credit enhancement amount available to the School District within the limitations set forth in Section 57-728(8), Idaho Code.
b. A fully completed application form as prescribed by the EFIB from time to time executed by a party authorized to bind the School District. (7-1-21)T

c. Copies of the complete audited financial statements of the School District prepared pursuant to Section 33-701, Idaho Code, for the preceding three (3) fiscal years and the adopted budget for the current fiscal year. (7-1-21)T

d. Upon request of the EFIB, documentation substantiating the information set forth in materials submitted pursuant to Subsection 020.01 of these rules. (7-1-21)T

021. -- 029. (RESERVED)

030. FEES.

01. Guarantee Fee. School Districts must remit to the EFIB a one-time fee equal to two one-hundredths of one percent (0.02% or two basis points) of the Total Debt Service. School Districts must remit the Guarantee Fee to the EFIB within five (5) days of the sale of bonds guarantied by the Credit Enhancement Program. The EFIB will deposit the Guarantee Fee in the Public School Endowment. (7-1-21)T

02. Administrative Fees.

a. Application Fee. School Districts shall submit to the EFIB an Application Fee of five hundred dollars ($500). School Districts shall submit the Application Fee to the EFIB with the application materials. The EFIB will use Application Fees to pay costs of reviewing applications and administering the Credit Enhancement Program. At the conclusion of each fiscal year, the EFIB will deposit unexpended Application Fees in the Public School Endowment. (7-1-21)T

b. Pass-through Fee. The EFIB may incur a Pass-through Fee related to the review of an application in its discretion. The EFIB will not invoice a School District for Pass-through Fees related to the review of an application without the prior written approval of the School District. The EFIB may incur a Pass-through Fee related to the issuance of a note without prior approval of the School District. The EFIB will invoice School Districts for the full amount of any Pass-through Fees related to the issuance of a note. School Districts shall remit each invoiced Pass-through Fee to the EFIB within thirty (30) days of invoice. The EFIB will use a Pass-through Fee to pay the direct costs to the EFIB under the Credit Enhancement Program giving rise to the fee. (7-1-21)T

031. -- 039. (RESERVED)

040. APPROVAL AND DENIAL OF APPLICATIONS.

01. Review Periods. The EFIB will provide written approval or denial of an application within twenty (20) days of the submission of all required materials. If the Board requests substantiating documentation, the EFIB will provide written approval or denial of the application within twenty (20) days of the submission of the substantiating documentation. (7-1-21)T

02. Delegation of Review and Approval. The EFIB may delegate review of applications to EFIB staff or experts including legal, accounting, and financial professionals. The EFIB may delegate approval of applications to the EFIB’s manager of investments. (7-1-21)T

03. Discretionary Investment. The EFIB will invest in a School District bond issuance under the Credit Enhancement Program in its sole discretion and within its fiduciary responsibilities as trustees of the financial assets of the Endowments. The EFIB may deny an application for participation in the Credit Enhancement Program if the EFIB determines the investment is not in the best interests of one (1) or more of the Endowments. (7-1-21)T

04. Denial of Application for Unpaid Fees. The EFIB may deny an application for participation in the Credit Enhancement Program if a School District has not paid a fee under a pending application or a prior guarantee issued by the Credit Enhancement Program. (7-1-21)T

041. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rules being adopted through this omnibus rulemaking as listed in the descriptive summary of this notice is July 1, 2021. The rescission of previous temporary rule under docket 34-0701-2002 is effective July 1, 2021.

AUTHORITY: In compliance with Section 67-5226, Idaho Code, notice is hereby given this agency has adopted temporary rules and rescinded a previous temporary rule. The action is authorized pursuant to Sections 903(9) and 30-21-105, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting temporary rules and rescinding a previous temporary rule:

This temporary rulemaking adopts and republishes the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 34, rules of the Secretary of State:

IDAPA 34
• 34.02.02, Rules Governing Complaint Process Under the Help America Vote Act;
• 34.03.01, Rules Implementing the Sunshine Law;
• 34.04.02, Rules Governing Business Entity Names;
• 34.06.01, Rules Governing the Electronic Recording of Real Property; and
• 34.07.01, Rules Governing Notarial Acts Performed for Remotely Located Individuals.

Rescission of previous temporary rule aligns these chapters wholly with the administrative code effective 7-1-21.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(a), (b), and (c), Idaho Code, the Governor has found that temporary adoption of the rules is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the adoption of temporary rules and rescission of temporary rule, contact Chad Houck (208) 334-2852.

DATED this 1st day of July, 2021.

Chad Houck, Deputy Secretary of State
Administrative Division
700 West Jefferson Street, Room E205
PO Box 83720
Boise, ID 83720-0080
(208) 334-2852
000. LEGAL AUTHORITY.
This chapter is promulgated pursuant to Section 34-216, Idaho Code, and 42 U.S.C. Section 15512. Federal law requires the Secretary of State to establish an administrative complaint procedure to remedy grievances under the Help America Vote Act, 42 U.S.C. Section 15481, et seq. (7-1-21)

001. SCOPE.
This chapter provides a uniform, nondiscriminatory procedure for the resolution of any complaint alleging a violation of any provision of Title III of the Help America Vote Act of 2002, 42 United States Code Sections 15481, et seq., including a violation that has occurred, is occurring, or is about to occur. The procedure set out in this chapter does not apply to an election recount under Sections 34-2301 et seq., Idaho Code, or to an election contest under Sections 34-2001 et seq., and 34-2101 et seq., Idaho Code. A Complainant who wishes to challenge the validity of any primary, general or special election, or to determine the validity of any ballot or vote must seek relief as otherwise provided by law. (7-1-21)

002 -- 009. (RESERVED)

010. DEFINITIONS.
In this chapter, the following terms have the meanings indicated. (7-1-21)

01. Complainant. Means the person who files a complaint with the Secretary of State under this rule; (7-1-21)

02. Respondent. Means any State or County election official whose actions are asserted, in a complaint under this subtitle, to be in violation of Title III; (7-1-21)

011. WHO MAY FILE.
Any person who believes that there is a violation of any provision of Title III may file a complaint. (7-1-21)

012. FORM OF COMPLAINT.

01. Writing and Notarization. A complaint shall be in writing and notarized, signed and sworn under oath by the Complainant. The complaint must identify the Complainant by name and mailing address. The complaint must identify the section of Title III for which a violation is alleged. The complaint must set out a clear and concise description of the claimed violation that is sufficiently detailed to apprise both the Respondent and the hearing officer or arbitrator of the claimed violation. The complaint procedure is limited to allegations of violations of Title III in a federal election. (7-1-21)

02. Prescribed or Other Form. The Complainant may use:

a. The form prescribed by the Idaho Secretary of State, which is available from the Idaho Secretary of State Election Division, or which may be downloaded from the Idaho Secretary of State Election Division’s website at http://www.sos.idaho.gov/; or (7-1-21)

b. Any other form satisfying the requirements of Subsection 012.02.a. of this rule. (7-1-21)

013. PLACE AND TIME FOR FILING, COPY FOR RESPONDENT.

01. Place for Filing. A complaint shall be filed with the Election Division, along with adequate proof of mailing or delivery of a copy of the complaint to each Respondent. (7-1-21)

02. Time for Filing. A complaint may be filed no later than ninety (90) days after the final certification of the federal election and at issue. A complaint may be filed anytime prior to an election. (7-1-21)
03. **Copy for Respondent.** The Complainant shall mail or deliver a copy of the complaint to each Respondent. (7-1-21)T

04. **Rejection of Complaint.** The Election Division shall examine each complaint, and may reject it for filing if:
   a. It is not signed and notarized under oath; (7-1-21)T
   b. It does not identify the Complainant or include an adequate mailing address; (7-1-21)T
   c. Does not, on its face, allege a violation of Title III with regard to a federal election; or (7-1-21)T
   d. More than ninety (90) days have elapsed since the final certification of the federal election at issue. (7-1-21)T

014. **PROCESSING OF COMPLAINT.**

01. **Consolidation.** The Secretary of State may consolidate complaints if they relate to the same actions or events, or if they raise common questions of law or fact. (7-1-21)T

02. **Preparing the Complaint for Determination.** The Secretary of State shall take all necessary steps to prepare the complaint for determination under these rules. In the course of preparing the complaint for determination, the Secretary of State shall allow a party to proceed with the assistance of an English language interpreter if the Complainant is unable to proceed without assistance of an interpreter. It is the responsibility of the party who needs an interpreter to secure the services of the interpreter. The Secretary of State, in coordination with the parties, shall establish a schedule under which the Complainant and Respondent may file written submissions concerning the complaint, and under which the complaint shall be finally determined. (7-1-21)T

03. **Record.** (7-1-21)T
   a. The Secretary of State shall compile and maintain an official record in connection with each complaint under this rule; (7-1-21)T
   b. The official record shall contain:
      i. A copy of the complaint including any amendments made with the permission of the Secretary of State; (7-1-21)T
      ii. A copy of any written submission by the Complainant; (7-1-21)T
      iii. A copy of any written response by any Respondent or other interested person; (7-1-21)T
      iv. A written report of any investigation conducted by employees of the Secretary of State or Office of Attorney General who shall not be directly involved in the actions or events complained of, and shall not directly supervise or be directly supervised by any Respondent; (7-1-21)T
      v. Copies of all notices and correspondence to or from the Secretary of State in connection with the complaint; (7-1-21)T
      vi. Originals or copies of any tangible evidence produced at any hearing conducted under Section 015; (7-1-21)T
      vii. The original tape recording produced at any hearing conducted under Subsection 015.07 of these rules, and a copy of any transcript obtained by any board or other party; and (7-1-21)T
      viii. A copy of any final determination made under Sections 016 or 017. (7-1-21)T
015. **HEARING.**

01. **Hearing on the Record.** At the request of the Complainant, the Secretary of State shall conduct a hearing on the record.

02. **Time Frame for Hearing.** The hearing shall be conducted no sooner than ten (10) days and no later than thirty (30) days after the Secretary of State receives the complaint. The Secretary of State shall give at least ten (10) business days’ advance notice of the date, time, and place of the hearing:
   a. By mail, to the Complainant, each named Respondent, and any other interested person who has asked in writing to be advised of the hearing;
   b. On the Election Division web site; and
   c. By posting in a prominent place, available to the general public, at the offices of the Election Division;

03. **Hearing Officer.** The Secretary of State or his designee shall act as hearing officer.

04. **Who May Appear.** The Complainant, any Respondent, or any other interested member of the public may appear at the hearing and testify or present tangible evidence in connection with the complaint. Each witness shall be sworn. The hearing officer may limit the testimony, if necessary, to ensure that all interested participants are able to present their views. The hearing officer may recess the hearing and reconvene at a later date, time, and place announced publicly at the hearing.

05. **Representation by an Attorney Not Necessary.** A Complainant, Respondent, or other person who testifies or presents evidence at the hearing may, but need not be, represented by an attorney.

06. **Written Presentation.** If a person has already testified or presented evidence at the hearing and wishes to contradict testimony or evidence subsequently presented, that person is not entitled to be heard again, but may make a written presentation to the hearing officer.

07. **Tape Recording of Proceedings.** The proceedings shall be tape-recorded by and at the expense of the Election Division. The recording shall not be transcribed as a matter of course, but the Election Division, or any party may obtain a transcript at its own expense. If a party obtains a transcript, the party shall file a copy as part of the record, and any other interested person may examine the record copy.

08. **Filing of Written Brief or Memorandum.** Any party to the proceedings may file a written brief or memorandum within five (5) business days after the conclusion of the hearing. No responsive or reply memoranda will be accepted except with the specific authorization of the hearing officer.

016. **FINAL DETERMINATION.**

01. **If No Hearing is Held.** If there has been no hearing under Section 015, the Secretary of State or his designee shall review the record and determine whether, under a preponderance of the evidence standard, a violation of Title III has been established.

02. **Determination of Violation.** At the conclusion of any hearing under Section 015, the hearing officer shall determine, under a preponderance of the evidence standard, whether a violation of Title III has been established.

03. **Form of Determination.**
   a. If the Secretary of State or his designee, whether acting as hearing officer or otherwise, determines that a violation has occurred, the Secretary of State shall provide the appropriate remedy. The remedy shall be directed to the improvement of processes or procedures governed by Title III. The remedy so provided may include an order to any Respondent, commanding the Respondent to take specified action, or prohibiting the Respondent...
from taking specified action, with respect to a past or future election; however, the remedy may not include an award of money damages or attorney’s fees. The remedy may not include the denial of certification or the invalidation of any primary, general or special election, or a determination of the validity of any ballot or vote. Remedies addressing the certification of an election, the validity of an election, or of any ballot or vote may be obtained only as otherwise provided by law; (7-1-21)T

b. If the complaint is not timely or not in proper form, or if the Secretary of State or his designee, whether acting as hearing officer or otherwise, determines that a violation has not occurred, or that there is not sufficient evidence to establish a violation, the Secretary of State shall dismiss the complaint; (7-1-21)T

04. Explanation in Written Decision. The Secretary of State or his designee shall explain in a written decision the reasons for the determination and for any remedy selected. (7-1-21)T

05. Issuance of Final Decision. Except as specified in Section 017, the final determination of the Secretary of State shall be issued within ninety (90) days after the complaint was filed, unless the Complainant consents in writing to an extension. The final determination shall be mailed to the Complainant, each Respondent, and any other interested person who has asked in writing to be advised of the final determination. It shall also be published on the Division’s website and made available on request to any interested person. If the Secretary of State cannot make a final determination within ninety (90) days after the complaint was filed, or within any extension to which the Complainant consents, the complaint shall be referred for final resolution under Section 017. The record compiled under Section 014 of this rule shall be made available for use under Section 017. (7-1-21)T

017. ALTERNATE DISPUTE RESOLUTION.
If, for any reason, the Secretary of State or his designee does not render a final determination within ninety (90) days after the complaint was filed, or within any extension to which the Complainant consents, the complaint shall be resolved under this Section 017. (7-1-21)T

01. Time Frames for Choosing an Arbitrator. On or before the fifth business day after a final determination by the Secretary of State was due, the Secretary of State shall designate in writing to the Complainant a list of names of arbitrators who may resolve the complaint. Within three (3) business days after the Complainant receives this designation, the Complainant and the Secretary of State shall arrange to choose an arbitrator from this list by striking names from the list until an arbitrator acceptable to both parties is chosen. Within three (3) business days after the parties strike names, the Secretary of State shall contact the arbitrator chosen and arrange for the hearing by the arbitrator. (7-1-21)T

02. Information the Arbitrator May Review. The arbitrator may review the record compiled in connection with the complaint, including the tape recording or any transcript of a hearing and any briefs or memoranda, but shall not receive additional testimony or evidence. In exceptional cases, the arbitrator may request that the parties present additional briefs or memoranda. (7-1-21)T

03. Resolution of Complaint. The arbitrator shall determine the appropriate resolution of the complaint as set out in these rules. (7-1-21)T

04. Issuance of Written Resolution. The arbitrator must issue a written resolution within sixty (60) days after the final determination of the Secretary of State was due under Section 016. This sixty (60) day period may not be extended. The final resolution of the arbitrator shall be transmitted to the Secretary of State and shall be the final resolution of the complaint. The final resolution shall be mailed to the Complainant, each Respondent, and any other interested person who has asked in writing to be advised of the final resolution. It shall be published on the Election Division website and made available on request to any interested person. (7-1-21)T

018. -- 999. (RESERVED)
000. LEGAL AUTHORITY.  

001. TITLE AND SCOPE.  
The rules in this Chapter are known as IDAPA 34.03.01, “Rules Implementing the Sunshine Law.”  

002. -- 010. (RESERVED)  

011. FORMS.  

01. Form for Lobbyist Registration. Pursuant to the authority of Section 23 of the Sunshine Law the official form for lobbyist registration as required by Section 17 is hereby adopted for use in reporting to the Secretary of State. This form shall be designated as “L-1” and shall be available online. The “L-1” form shall be accompanied by payment of a registration fee of ten dollars ($10).  

02. Annual Report Form. The official form for the lobbyist annual report as required by Section 67-6619, Idaho Code is hereby adopted for use in reporting to the Secretary of State. This form shall be designated as “L-2” and shall be available online.  

a. Expenditures to be reported are those made or incurred by such lobbyist or on behalf of such lobbyist by the lobbyist’s employer either directly or indirectly for lobbying purposes. The total expenditures shall be cumulative for the calendar year covered by the report. Expenditure categories shall include entertainment, food and refreshment, advertising, living accommodations, travel, telephone, and other expenses or services.  

b. The annual report shall include the name and address of the lobbyist and the name and address of the lobbyist’s employer(s), and the subject matter or proposed legislation and the number of each senate or house bill, resolution, or other legislative activity which the lobbyist has been engaged in supporting or opposing during the reporting period; provided that in the case of appropriation bills the lobbyist shall enumerate the specific section or sections which he supported or opposed.  

c. The annual report shall be certified as a true, complete, and correct statement by the lobbyist and the lobbyist's employer(s).  

03. Monthly Report Form. The official form for the lobbyist monthly report as required by Section 67-6619, Idaho Code is hereby adopted for use in reporting to the Secretary of State. This form shall be designated as “L-3” and shall be available online.  

a. Expenditures to be reported are those made or incurred by such lobbyist or on behalf of such lobbyist by the lobbyist’s employer either directly or indirectly for lobbying purposes. The expenditure totals in such reports shall not be cumulative throughout the year but rather shall reflect the total expenditures during the calendar month covered by the report. Expenditure categories shall include entertainment, food and refreshment; advertising; living accommodations; travel; telephone; and other expenses or services.  

b. The monthly periodic report shall include the name and address of the lobbyist and the name and address of the lobbyist’s employer; and the subject matter of proposed legislation and the number of each senate or house bill, resolution, or other legislative activity which the lobbyist has been engaged in supporting or opposing during the reporting period; provided that in the case of appropriation bills the lobbyist shall enumerate the specific section or sections which he supported or opposed.  

c. The monthly report shall be certified as a true, complete, and correct statement by the lobbyist.  

04. Form for the Appointment and Certification of Political Treasurer. The official form for the appointment and certification of a political treasurer as required by Section 67-6603, Idaho Code is hereby adopted for use in reporting to the Secretary of State. This form shall be numbered “C-1” designated as “Appointment and Certification of Political Treasurer for Candidates and Committees” and shall be available online.  

05. Forms for the Disclosure of Campaign Finances by Candidates and Political Committees. The official forms for the statement required by Sections 67-6607, 67-6608, and 67-6612, Idaho Code are hereby adopted for use in reporting to the Secretary of State. The form numbered “C-2” shall be designated “Campaign Financial...
Disclosure Report” and shall be available online. The form numbers “C-2A” shall be designated “Contributions Pledged But Not Yet Received” and shall be available online. The form numbered “C-2B” shall be designated “Expenditures Incurred (Debts and Obligations) and Payments Made on Debt” and shall be available online.

06. Form for Report of Alleged Violation of Sunshine Law. Pursuant to the authority of Section 67-6623(f), Idaho Code of the Sunshine Law the official form to be used in filing a complaint that a person has violated the Sunshine Law is hereby adopted for use in reporting to the Secretary of State. This form shall be designated as “L-5” and shall be available online. Any person may file a complaint against anyone covered by the Sunshine Law. Such complainant must submit form “L-5” to properly file his complaint. No other method of filing a complaint will be recognized.

012. DATE OF RECEIPT.
When any application, report, statement, notice or any other document required to be filed by the provisions of Title 67, Chapter 66, Idaho Code has been deposited post paid in the United States mail properly addressed, it shall be deemed to have been received on the date of mailing. It shall be presumed that the date shown by the post office cancellation mark on the envelope is the date of mailing.

013. EXPENDITURES OTHER THAN CONTRIBUTIONS.

01. Reporting Periods. Reporting periods for disclosing expenditures other than contributions. The reporting periods for the statements required by Section 67-6611, Idaho Code shall be as follows:

a. The period covered by the Thirty (30) Day Post-Primary report shall be from the date of the first independent expenditure thru the twentieth (20th) day after the primary election.

b. The period covered by the Thirty (30) Day Post-General report shall begin on the twenty-first day following the primary election and continue thru the twentieth (20th) day following the general election.

014. SOURCE OF CASH ON HAND.
Newly certified committees must disclose source of cash on hand. Political committees and candidates which have cash on hand at the time of certification (which the committee or candidate anticipates using in an election) shall disclose on their first report the source(s) of these funds, including the information required by Section 67-6612, Idaho Code. Disclosure shall consist of reporting to the Secretary of State the name and address of each person who has contributed more than fifty dollars ($50) to the committee in the current calendar year and the immediately preceding calendar year along with the aggregate amount contributed by each person.

015. ADVERTISING REGULATION EXEMPTION.
Items exempt from advertising regulation. Campaign buttons, bumper strips, pins, pens and similar small items upon which a disclaimer cannot be conveniently printed are not deemed to be regulated by the provisions of Section 67-6614A, Idaho Code.

016. COMMUNITY PROPERTY CONTRIBUTIONS.

01. Contributions of Community Property -- How Treated. A contribution of community property shall be deemed to be given one-half (1/2) by each spouse. To be treated as community property the contribution must be specifically identified as such. Moneys contributed from a joint account of husband and wife shall be deemed to be received one-half (1/2) from each spouse only if both spouses have signed the check. The following are examples of contributions:

a. Husband contributes sixty dollars ($60) by personal check to political treasurer X out of community funds. There is no specific designation that such sixty dollars ($60) contribution is community property. X must treat the entire sixty dollars ($60) contribution as coming from husband.

b. Husband contributes by personal check sixty dollars ($60) to a political treasurer X out of community funds. Accompanying such contribution is a statement certifying that such contribution is from the community funds of husband and wife. X must report husband and wife as each contributing thirty dollars ($30).
c. Wife contributes sixty dollars ($60) to political treasurer X by personal check drawn on the joint account of husband and wife. Wife is the only spouse to sign the check. X must report the entire sixty dollars ($60) as being contributed by wife.

(7-1-21)T

d. Husband and wife contribute sixty dollars ($60) to political treasurer X by a check drawn on their joint account both husband and wife have signed the check. X should report husband and wife as each contributing thirty dollars ($30).

(7-1-21)T

e. Assuming that after contributing as in the example in Subsection 016.01.d., husband contributes separately another twenty-five dollars ($25) X should report husband aggregate total as fifty-five dollars ($55) and pursuant to Section 67-6610 must list husband’s name and address on the campaign financial disclosure report.

(7-1-21)T

017. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
In accordance with Section 67-903(9), Idaho Code, the Secretary of State has authority to promulgate administrative rules in order to execute the duties of the office.

001. SCOPE.
These rules apply to business entity name registration and business entity name reservation as provided for in Title 30, Chapters 21, 22, 23, 24, 25, 27, 29, and 30, Idaho Code.

002. -- 009. (RESERVED)

010. DEFINITIONS.
01. Arabic Numerals. 0, 1, 2, 3, 4, 5, 6, 7, 8, and 9.
02. Business Entity. A formally organized or registered entity created pursuant to state or federal law and usually designated through the use of a business entity identifier.
04. English Alphabet. Letters A through Z.
05. Internet Prefix. Internet prefixes include “www” and any other Internet prefix used to identify a website.
06. Internet Suffix. Internet suffixes include .com, .org, .net, .gov, .edu, .coop, and any other Internet suffixes approved by the Internet Corporation for Assigned Names and Numbers (ICANN).
07. Key Word. Any word that is not an article, preposition, conjunction, or Business Entity Identifier.
08. Special Characters. Any special characters, such as ! " $ % ( ) * @ ? +, and -, that are readily available on a standard English language keyboard.

011. -- 099. (RESERVED)

100. GENERAL INFORMATION.
01. Determination by Secretary of State. The Secretary of State shall determine whether a proposed business entity name is distinguishable on the records of the Secretary of State from the names of existing business entities by comparing the proposed business entity name to the names of existing business entity names.
02. Existing Business Entity Names Considered. The names of business entities in good standing or business entities which have been administratively dissolved for less than six (6) months will be considered in determining whether a proposed business entity name is distinguishable on the records of the Secretary of State from existing business entity names.
03. Alphabet Names. Where a name or a unit of a name consists of initials only or letters of the alphabet, the combination of initials will be considered as one (1) word for the purpose of determining if the business entity name is distinguishable.
EXAMPLE: The “words” AA – AAA – AAAA – A & B – AAB – AAC are different words and are distinguishable from one another.
04. Characters in Business Entity Names. Business entity names shall consist of letters of the English Alphabet, Arabic Numerals, or Special Characters.
05. Foreign Words. Although business entity names may include words in a foreign language, such words will not be translated for the purpose of determining if a business entity name is distinguishable.
06. **Grossly Offensive Name.** The business entity name may not be one that is deemed to be grossly offensive. (7-1-21)

07. **Internet Prefixes and Suffixes.** Internet prefixes and suffixes shall not give any special weight or inference to the business entity name, nor shall they be interpreted for meaning or intent. (7-1-21)

08. **False Implication of Government Affiliation.** The corporate name may not be one that might falsely imply governmental affiliation. (7-1-21)

101. -- 199. (RESERVED)

200. **NOT DISTINGUISHABLE ON THE RECORD.**
The following do not make a name distinguishable on the record: (7-1-21)

01. **Abbreviations.** The abbreviation of a word or Special Character is considered the equivalent of the complete word or Special Character.

  EXAMPLE: DOE BROTHERS, LLC is not distinguishable from DOE BROS., LLC. (7-1-21)

02. **Business Entity Identifiers.** The addition, removal, or alteration of Business Entity Identifiers and their applicable abbreviations.

  EXAMPLE: DOE BROTHERS CORPORATION is not distinguishable from DOE BROTHERS, INC. (7-1-21)

03. **Numbers.** The use of a word or Roman numeral for a number instead of the Arabic Numeral.

  EXAMPLE: FOUR TURTLES, LLC is not distinguishable from 4 TURTLES, LLC, nor is it distinguishable from IV TURTLES, LLC. (7-1-21)

04. **Other Words.** The presence or absence of an article, preposition, conjunction, or pronoun.

  EXAMPLE: THE DOE BROTHERS, LLC is not distinguishable from DOE BROTHERS, LLC. (7-1-21)

05. **Punctuation.** Differences in punctuation.

  EXAMPLE: U.S.A. STEEL, LLC is not distinguishable from USA STEEL, LLC.

  EXAMPLE: PRO.WIDGETS.COM is not distinguishable from PRO.WIDGETS.COM. (7-1-21)

06. **Spaces.** Spaces, or the absence of spaces.

  EXAMPLE: USA STEEL, LLC is not distinguishable from USASTEEL, LLC. (7-1-21)

07. **Special Characters.** Differences created by use of Special Characters.

  EXAMPLE: AMERICAN PISTOLS, LLC is not distinguishable from AM!ER!CAN P!$TOL$, LLC. (7-1-21)

08. **The Letter “S”.** The addition or removal of the letter “s” to make a word singular, plural, or possessive.

  EXAMPLE: GOLDEN APPLE, LLC is not distinguishable from GOLDEN APPLES, LLC. (7-1-21)

09. **Typeface, Font, or Case.** The use of a different typeface, font, or case.

  EXAMPLE: SISTERS’ DINER is not distinguishable from Sisters’ Diner. (7-1-21)

201. -- 299. (RESERVED)

300. **DISTINGUISHABLE ON THE RECORD.**

01. **Key Word Difference.** If one (1) of the Key Words is different, the name is distinguishable.

  EXAMPLE: WIDGET WONDER, LLC is distinguishable from WIDGET ELITE, LLC. (7-1-21)

02. **Key Word Order.** If the Key Words are in a different order, the name is distinguishable.

  EXAMPLE: WIDGET WONDER, LLC is distinguishable from WONDER WIDGET, LLC. (7-1-21)
03. **Key Word Addition or Deletion.** The addition or deletion of one (1) or more Key Words shall make a name distinguishable.
   EXAMPLE: AMAZING WONDER WIDGET, INC. is distinguishable from WONDER WIDGET, INC.  
   (7-1-21)

04. **Difference in Meaning.** If the Key Words are significantly different in meaning, and the Key Words are not identical, the name may be distinguishable.
   EXAMPLE: CAPITAL WIDGET, LLC is distinguishable from CAPITOL WIDGET, LLC.  
   (7-1-21)

05. **Internet Prefix and Suffix Addition or Deletion.** The addition or deletion of an Internet prefix or suffix shall make a name distinguishable.
   EXAMPLE: PRECISE WIDGETS, LLC is distinguishable from PRECISEWIDGETS.COM, LLC which is distinguishable from PRECISEWIDGETS.NET.
   EXAMPLE: WWW.PROWIDGETS.COM is distinguishable from PRO.WIDGETS.COM.  
   (7-1-21)

301. -- 399. **(RESERVED)**

400. **MATTERS NOT CONSIDERED.** When determining whether a business entity name is distinguishable on the records of the Secretary of State from another business entity name, the following are among the matters not considered:
   (7-1-21)

01. **Purpose.** Whether the purpose of the proposed business entity is the same as or similar to the purpose of an existing business entity.  
   (7-1-21)

02. **Location.** Whether the business entities will be carrying out activities in the same or nearby locations.  
   (7-1-21)

03. **Prior Actions.** Whether an analogous situation has previously been acted on by the Secretary of State.  
   (7-1-21)

04. **Activity.** Whether an existing business entity is actively engaged in business, or has a telephone listing, or a location of a place of business.  
   (7-1-21)

05. **Intent.** Whether an existing business entity is about to change its name or be dissolved or merged out of existence.  
   (7-1-21)

06. **Reliance.** Whether the applicant has ordered stationery, opened a bank account, signed a contract, or otherwise altered his position in the expectation, hope or belief that the proposed name would be available.  
   (7-1-21)

07. **Influence.** Whether the applicant is more or less important, extensive, widely known, or influential than an existing business entity.  
   (7-1-21)

08. **Common Law.** Whether infringement or unfair trade practice has occurred or might occur.  
   (7-1-21)

401. **CORPORATE RESERVATION RENEWAL TERMS.** A corporate name reservation may be renewed at or after the expiration of any four (4) month reservation period by filing a new name reservation in writing, along with the required fee; provided that at the end of any such reservation period there is not on file in the office of the Secretary of State a competing name reservation which is to take effect at the expiration of the existing reservation. Competing reservations will have priority in order of receipt.  
   (7-1-21)

402. -- 999. **(RESERVED)**
000. **LEGAL AUTHORITY.**
In accordance with Section 67-903(9), Idaho Code, the Secretary of State has authority to promulgate administrative rules in order to execute the Uniform Real Property Electronic Recording Act enacted as Title 31, Chapter 29, Idaho Code.

001. **SCOPE.**
These rules govern the filing, acceptance, indexing and searching of real property records in the county recording offices under Title 31, Chapter 29, Idaho Code.

002. **INCORPORATION BY REFERENCE.**
Data and document formats necessary for electronic recording are incorporated by reference.

01. **PRIA Standards.** Electronic recording of real property documents shall meet technical standards for document formatting and document data fields and follow implementation guidelines as prescribed by the Property Records Industry Association (PRIA) which are hereby incorporated by reference, made a part of this rule, and listed below:

a. PRIA Request Version 2.4.2, August 2007;

b. PRIA Response Version 2.4.2, August 2007;

c. Document Version 2.4.1, October 2007;

d. Notary Version 2.4.1, October 2007;

e. eRecording XML Implementation Guide for Version 2.4.1, Revision 2, March 2007;

02. **Standards Availability.** These standards are available from the Property Records Industry Association, 2501 Aerial Center Parkway, Ste. 103, Morrisville, NC 27560, and at [http://www.pria.us/](http://www.pria.us/).

003. -- 009. (RESERVED)

010. **DEFINITIONS.**

01. **Delivery Agent.** A party who has entered into an agreement with a Participating Recorder to deliver an Electronic Document from a Submitter to a Participating Recorder and to return the recorded Electronic Document to the Submitter.

02. **Document.** The meaning shall be the same as provided in Section 31-2902, Idaho Code.

03. **Electronic Document.** The meaning shall be the same as provided in Section 31-2902, Idaho Code.

04. **Electronic Document Delivery System.** An automated system for the secure transmission of an Electronic Document between a Submitter and a Participating Recorder through the use of a Delivery Agent.

05. **Electronic Recording.** The delivery and return of an Electronic Document, using an Electronic Document Delivery System, for the purpose of recording that document with the county records.

06. **Electronic Signature.** The meaning shall be the same as provided in Section 31-2902, Idaho Code.

07. **Participating Recorder.** A county recorder who has elected to accept Electronic Documents for recording.

08. **PDF (Portable Document Format).** The file format originally created by Adobe Systems for document exchange allowing documents to be viewed as they were intended to appear. PDFs are a common format for image exchange or World Wide Web presentation.
09. **Submitter.** A party who requests that an Electronic Document be recorded. (7-1-21)T

10. **TIFF (Tagged Image File Format).** The variable-resolution bitmapped image format originally developed by the Aldus Corporation (now part of Adobe Systems) and published as ISO 12639:2004, Graphic technology-Prepress digital data exchange-Tag image file format for image technology (TIFF/IT). TIFF is a common format for high-quality black and white, gray-scaled, or color graphics of any resolution and is made up of individual dots or pixels. (7-1-21)T

11. **XML (Extensible Markup Language).** An extensible document language for specifying document content. XML is not a predefined markup language but a metalanguage (a language for describing other languages) allowing the user to specify a document type definition (DTD) and design customized markup languages for different classes of documents. (7-1-21)T

011. -- 100. **(RESERVED)**

101. **ELECTRONIC RECORDING MODELS.** Electronic Documents shall conform to one of the following models: (7-1-21)T

01. **Model 1.** Model 1, which utilizes scanned ink-signed Documents, transmitted without XML indexing data; (7-1-21)T

02. **Model 2.** Model 2, which utilizes scanned ink-signed Documents or Documents that have been created and signed electronically, transmitted with XML indexing data; or (7-1-21)T

03. **Model 3.** Model 3, which utilizes Documents that have been created and signed electronically, transmitted with embedded XML indexing data. (7-1-21)T

102. **TRANSMITTED FILES.**

01. **Technical Standards for Transmitted Files.** The technical standards for document formatting and data fields for Electronic Recording are those in effect at the time of the Electronic Recording as prescribed by the Property Records Industry Association (PRIA) in the PRIA eRecording XML Standard Version 2.4, which includes PRIA Request Version 2.4.2 (August 2007); PRIA Response Version 2.4.2 (August 2007); Document Version 2.4.1 (October 2007); and Notary Version 2.4.1 (October 2007). (7-1-21)T

02. **Guide to Be Consulted for Reference.** The PRIA eRecording XML Implementation Guide for Version 2.4.1, Revision 2 (March 2007) should be consulted for reference. (7-1-21)T

03. **Storage Formats.** Electronic Documents shall be transmitted and stored as either TIFF or PDF files, in accordance with the TIFF 6.0 specification, published by the International Organization for Standardization as ISO 12639:2004, Graphic technology - Prepress digital data exchange - Tag image file format for image technology (TIFF/IT), or the PDF 1.7 specification, published by the International Organization for Standardization as ISO 32000-1:2008, Document management - Portable document format - Part 1: PDF 1.7. (7-1-21)T

103. **DATA FORMATS.** The data format for Electronic Recordings shall meet technical standards and data fields set forth by the Property Records Industry Association (PRIA) in the PRIA eRecording XML Standard Version 2.4, which includes PRIA Request Version 2.4.2 (August 2007); PRIA Response Version 2.4.2 (August 2007); Document Version 2.4.1 (October 2007); and Notary Version 2.4.1 (October 2007). The PRIA eRecording XML Implementation Guide for Version 2.4.1, Revision 2 (March 2007) should be consulted for reference. (7-1-21)T

104. **PARTICIPATING RECORDER.**

01. **Documents Accepted.** A Participating Recorder is only required to accept Electronic Documents containing Electronic Signatures or notarizations that the Participating Recorder has the technology to support. (7-1-21)T
02. **Authentication.** A Participating Recorder has no responsibility to authenticate Electronic Signatures or notarizations. (7-1-21)T

105. **ELECTRONIC RECORDING PROCESSING REQUIREMENTS.**

01. **Notice Requirements.** A Participating Recorder shall provide appropriate notification to the Delivery Agent of the confirmation or rejection of an Electronic Recording through the Electronic Document Delivery System. (7-1-21)T

   a. A notice of confirmation shall identify and include recording information for the recorded Electronic Document. (7-1-21)T

   b. A notice of rejection shall identify the rejected Electronic Document and include a brief explanation of the reason for rejection. (7-1-21)T

   c. The Delivery Agent shall notify the Submitter of the confirmation or rejection of the Electronic Document. (7-1-21)T

   d. The failure of a Submitter to receive actual notice of confirmation or rejection of a recording shall not affect the validity of the confirmation or rejection. (7-1-21)T

02. **Contact Information.** A Participating Recorder may contact a Submitter regarding an Electronic Document submitted for recording prior to sending a notice of confirmation or rejection. The Delivery Agent shall ensure that the Submitter includes telephone or email contact information with each Electronic Document submission. (7-1-21)T

03. **Time of Receipt.** A Participating Recorder shall enter the time of receipt of Electronic Documents in accordance with Section 31-2410, Idaho Code. (7-1-21)T

106. **SECURITY REQUIREMENTS.**

Procedures shall be implemented and maintained to ensure the security of the Electronic Document Delivery System, including the authenticity and integrity of the Electronic Documents maintained by the Participating Recorder. (7-1-21)T

01. **Secure Method.** A Participating Recorder shall provide a secure method for accepting Documents through the Electronic Document Delivery System and for recording and maintaining Electronic Documents within the Participating Recorder’s records. (7-1-21)T

02. **Security Procedures.** A Delivery Agent shall implement and maintain security procedures for all electronic transmissions and shall be responsible for maintaining the security of the systems within their offices. (7-1-21)T

03. **System and Security Failures.** Electronic Document Delivery Systems shall protect against system and security failures and, in addition, shall provide backup, disaster recovery and audit trail mechanisms. Delivery Agents shall provide audit trail information to Participating Recorders on request. (7-1-21)T

04. **Unauthorized Party.** Electronic Document Delivery Systems shall not permit any unauthorized party to modify, manipulate, insert or delete information, without detection, in Electronic Documents or in the public record maintained by the Participating Recorder. (7-1-21)T

05. **Notification of Breach.** If a breach in security is detected by the Participating Recorder, Delivery Agent or Submitter, the party discovering the breach shall notify the other parties immediately. All parties shall work cooperatively to take remedial action and to resolve any issues related to a breach. (7-1-21)T

107. **AGREEMENT AND PROCEDURES.**

01. **Participation Agreement.** The Delivery Agent and the Participating Recorder shall enter into an
agreement specifying the requirements for Electronic Document recording with the county. At a minimum, the agreement shall address the following items:

a. Accepted Electronic Recording models;

b. Accepted Electronic Document types;

c. Defined technical specifications for data formats, document formats, electronic transmissions and security;

d. If used by the Participating Recorder, indexing fields required for each Electronic Document;

e. Electronic Signature and notarization requirements;

f. Payment options for recording fees and applicable taxes;

g. Hours during which Electronic Documents will be accepted and processing schedules that affect order of acceptance;

h. Electronic Document acceptance and rejection requirements and procedures;

i. Responsibility of the Delivery Agent to review the qualifications of each potential Submitter and to approve the potential Submitter prior to granting access to the Electronic Document Delivery System; and

j. Responsibility of the Delivery Agent to enter into an agreement with each approved Submitter, in which the Submitter agrees to submit Electronic Documents for recording in accordance with all applicable state statutes and rules and to maintain the security of the systems within the Submitter’s offices.

02. Other Procedures and Requirements. A Participating Recorder may include in the agreement other procedures and requirements needed in order to implement fully an Electronic Recording program.

03. Establishment and Posting of Procedures. A Participating Recorder shall establish procedures for Electronic Recording in the municipality and shall post the procedures in the recorder’s office, on the municipality’s Internet website, if available, and through the Electronic Document Delivery System, and shall make a copy of the procedures available on request. The procedures shall cover, at a minimum, the items listed above in this subsection.

108. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
In accordance with Sections 51-127 and 51-114A, Idaho Code, the Secretary of State has authority to promulgate administrative rules in order for notaries public to perform notarial acts for remotely located individuals by use of communication technology not inconsistent with the Revised Uniform Law on Notarial Acts (2018) enacted as Title 51, Chapter 1, Idaho Code.

001. SCOPE.
These rules will govern the performance of notarial acts for remotely located individuals by use of communication technology under Title 51, Chapter 1, Idaho Code. Only notaries public who have been authorized to perform notarial acts with respect to electronic records and by the Secretary of State under this chapter for remotely located individuals are governed by this chapter. Additional specifications for the use of tamper-evident technologies are required for notarial acts performed with respect to electronic records as described in Title 51, Chapter 1, Idaho Code.

002. -- 009. (RESERVED)

010. DEFINITIONS.
For all terms used here but not otherwise defined, the meaning will be the same as in Sections 51-102 and 51-114A, Idaho Code.

01. Knowledge-Based Authentication. An identity assessment used by a notary public to identify an individual that is based on a set of questions formulated from public or private data sources that does not contain a question for which the individual provided a prior answer to the person doing the assessment.

011. REQUIRED NOTIFICATION TO SECRETARY OF STATE.

01. Qualification Requirements. An individual qualifies to perform notarial acts for remotely located individuals by:
   a. Being duly commissioned as a notary public under Section 51-121, Idaho Code;
   b. Being authorized by the Secretary of State to perform electronic notarizations; and
   c. Providing notice by application to the Secretary of State that the notary public will be performing notarial acts facilitated by communication technology that meets the requirements of this chapter.

02. Notification Form. The notification required under this section must be on a form as prescribed by the Secretary of State.

03. Submission of Notification. The notification must be submitted to the Secretary of State in writing or as otherwise provided by information posted on the Secretary of State’s website.

04. Renewal of Commission. The renewal of the commission of a notary public who has previously qualified to perform notarial acts for remotely located individuals under this section constitutes renewal of the notary public's qualification without the necessity of submission of another notification under this section.

05. Updated Technology. This section does not prohibit a notary public from receiving, installing, or using a hardware or software update to the technologies that the notary public identified under Subsection 011.02 of this chapter if the hardware or software update does not result in technologies that are materially different from the technologies that the notary public identified.

012. USE OF ELECTRONIC RECORDS.

01. Tamper-Evident Technology Required. A notary shall select one or more tamper-evident technologies to perform notarial acts with respect to electronic records. A person may not require a notary public to use a technology that the notary public has not selected.

02. Digital Certificate. Tamper-evident technology shall consist of a digital certificate complying with the X.509 standard adopted by the International Telecommunication Union or a similar industry-standard technology. A notary public shall attach or logically associate the notary public's electronic signature and official stamp to an
If a notary public does not have satisfactory evidence of the identity of a remotely located individual under Section 014 of this chapter, the notary public must reasonably verify the individual's identity through two (2) different types of identity proofing consisting of a multi-factor authentication procedure as provided in this section. The procedure shall analyze the individual's identity credential against trusted third-person data sources, bind the individual's identity to the individual following successful knowledge-based authentication, and permit the notary public visually to compare the identity credential and the individual. The analysis of the identity credential and the knowledge-based authentication shall conform to the following requirements:

013. IDENTITY PROOFING.

01. Credential Analysis. The analysis of an identity credential must use public or private data sources to confirm the validity of the identity credential presented by a remotely located individual and, at a minimum:

a. Use automated software processes to aid the notary public in verifying the identity of each remotely located individual;

b. Require that the identity credential passes an authenticity test, consistent with sound commercial practices that use appropriate technologies to confirm the integrity of visual, physical, or cryptographic security features and to confirm that the identity credential is not fraudulent or inappropriately modified;

c. Use information held or published by the issuing source or an authoritative source, as available and consistent with sound commercial practices, to confirm the validity of personal details and identity credential details; and

d. Enable the notary public visually to compare for consistency the information and photograph on the identity credential and the remotely located individual as viewed by the notary public in real time through communication technology.

02. Knowledge-Based Authentication. A knowledge-based authentication is successful if it meets the following requirements:

a. The remotely located individual must answer a quiz consisting of a minimum of five questions related to the individual’s personal history or identity formulated from public or private data sources;

b. Each question must have a minimum of five (5) possible answer choices;

c. At least eighty percent (80%) of the questions must be answered correctly;

d. All questions must be answered within two (2) minutes;

e. If the remotely located individual fails the first attempt, the individual may retake the quiz one (1) time within twenty-four (24) hours;

f. During a retake of the quiz, a minimum of forty percent (40%) of the prior questions must be replaced;

(7-1-21)T

(7-1-21)T

(7-1-21)T

(7-1-21)T
g. If the remotely located individual fails the second attempt, the individual is not allowed to retry with the same notary public within twenty-four (24) hours of the second failed attempt; and (7-1-21)

h. The notary public must not be able to see or record the questions or answers. (7-1-21)

014. OTHER METHODS OF IDENTITY PROOFING.
A notary public has satisfactory evidence of the identity of a remotely located individual if the notary public has personal knowledge of the identity of the individual or if the notary public has satisfactory evidence of the identity of the individual by oath or affirmation of a credible witness appearing before the notary as provided in Section 51-107, Idaho Code. A credible witness may be a remotely located individual if the notary public, credible witness, and individual whose statement or signature is the subject of the notarial act can communicate by using communication technology. A remotely located credible witness must meet the same requirements for identity proofing found in Section 013 of this chapter, or the notary public must have personal knowledge of the identity of the remotely located credible witness. (7-1-21)

015. COMMUNICATION TECHNOLOGY.

01. Audio-Video Feeds. Communication technology shall: (7-1-21)

a. Provide for synchronous audio-video feeds of sufficient video resolution and audio clarity to enable the notary public and remotely located individual to see and speak with each other; and (7-1-21)

b. Provide a means for the notary public reasonably to confirm that a record before the notary public is the same record in which the remotely located individual made a statement or on which the remotely located individual executed a signature. (7-1-21)

02. Security Measures. Communication technology shall provide reasonable security measures to prevent unauthorized access to the live transmission of the audio-visual feeds, the methods used to perform the identity proofing process under Sections 013 or 014 of this chapter, and the electronic record that is the subject of the notarial act. (7-1-21)

03. Workflow. If a remotely located individual must exit the workflow, the remotely located individual must restart the identity proofing process under Sections 013 or 014 of this chapter from the beginning. (7-1-21)

016. RECORD RETENTION AND REPOSITORIES.

01. Optional Journal. A notary public may maintain one or more journals in which the notary public chronicles all notarial acts that the notary public performs with respect to remotely located individuals. A journal may be created on a tangible medium or in an electronic format using an industry-standard data file format. If the journal is maintained on a tangible medium, it must be a permanent, bound register with numbered pages. An entry in a journal must be made contemporaneously with the performance of the notarial act. (7-1-21)

02. Retention Requirements. A notary public shall retain an audio-visual recording required under Section 51-114A, Idaho Code, in a computer or other electronic storage device that protects the audio-visual recording against unauthorized access by password or cryptographic process. The recording must be created in an industry-standard audio-visual file format and not include images of any record in which a remotely located individual made a statement or on which the remotely located individual executed a signature. The recording must be retained for at least ten (10) years after the recording is made. On the death or adjudication of incompetency of a current or former notary public, the notary public's personal representative or guardian or any other person knowingly in possession of a recording shall:

a. Comply with the retention requirements of this subsection; (7-1-21)

b. Transmit the recording to one or more repositories under Subsection 016.03 of this chapter; or (7-1-21)

c. Transmit the recording in an industry-standard readable data storage device to the Secretary of
03. Repositories. A notary public, a guardian, conservator, or agent of a notary public, or a personal representative of a deceased notary public may, by written contract, engage a third person to act as a repository to provide the storage required by Subsection 016.02 of this chapter. A third person under contract under this Subsection shall be deemed a repository under Section 51-114A, Idaho Code. The contract shall:

a. Enable the notary public, the guardian, conservator, or agent of the notary public, or the personal representative of the deceased notary public to comply with the retention requirements of Subsection 016.02 of this chapter even if the contract is terminated; or

b. Provide that the information will be transferred to the notary public, the guardian, conservator, or agent of the notary public, or the personal representative of the deceased notary public if the contract is terminated.

017. FEES AND EXPENSES.
Third-Person Expenses: Section 51-133, Idaho Code, shall not be construed to prevent a third person who provides technologies or storage capabilities to aid the notary public in the performance of a notarial act or in the fulfillment of duties under this chapter from separately charging and collecting any additional fee for the services provided.

018. CERTIFICATE OF NOTARIAL ACT.
Additional Language for Use of Communication Technology: As per Section 51-114A, Idaho Code, a certificate for a notarial act for a remotely located individual, whether in standard or short form, will include additional language to indicate that the notarial act was performed using communication technology and will be sufficient if it is substantially as follows: “This notarial act involved the use of communication technology.”

019. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rules being adopted through this omnibus rulemaking as listed in the descriptive summary of this notice is July 1, 2021. The rescission of previous temporary rules under docket 34-0000-2000F is effective July 1, 2021.

AUTHORITY: In compliance with Section 67-5226, Idaho Code, notice is hereby given this agency has adopted temporary rules and rescinded previous temporary rules. The action is authorized pursuant to Sections 67-903(9) and 28-9-526, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting temporary rules and rescinding previous temporary rules:

This temporary rulemaking adopts and republishes the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 34, rules of the Secretary of State:

IDAPA 34
• 34.05.01, Rules Governing Farm Products Central Filing System;
• 34.05.02, Rules Governing Liens in Crops for Seed or Liens in Crops for Farm Labor;
• 34.05.03, Rules Governing Requests for Information – Form UCC-4-Fees; and
• 34.05.06, Rules Governing Lien Filings Under the UCC.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(a-c) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. Specifically, the temporary rules listed above enumerate the processes and procedures for the filing of specific liens, by category, with the Idaho Secretary of State.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fees or charges being imposed or increased are justified and necessary to avoid immediate danger and the fees are described herein:

The fees or charges, authorized in Sections 67-903(9) and 28-9-526, Idaho Code, are part of the agency’s 2022 budget that relies upon the existence of these fees or charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges:

- Fee for information only on all notices when filed online is $10.
- Fee for information and images on all notices when filed online is an additional $6.
- Fee for a filing not submitted online is an additional $20.

UCC Search
- The fee for basic non-certified search online is $3.
- The fee for copies of individually identified UCC documents of four or more pages is $.25 per page.
- The fee for copies of individual documents is $1 per page.
Federal Tax Lien
• The fee for filing is $6.
• The fee for additional attachment is $1 per page.
• The fee for a search for information only is $6.
• The fee for combination searches available with UCC search for information only is $10.
• The fee for combination searches available with UCC search for information and copies is $16.

State Tax Lien
• There is no fee for filing.
• The fee for a search for information only is $6.
• The fee for combination searches available with UCC search for information only is $10.
• The fee for combination searches available with UCC search for information and copies is $16.

State Agencies
• The fee for a search for information only is $6.
• The fee for combination searches available with UCC search for information only is $10.
• The fee for combination searches available with UCC search for information and copies is $16.

Seed and Farm Labor Liens
• The fee for filing online is $4.
• The fee for a search for information only is $6.
• The fee for combination searches available with UCC search for information only is $10.
• The fee for combination searches available with UCC search for information and copies is $16.

Agriculture Commodity Liens
• The fee for filing is $5.
• The fee for a search for information only is $6.
• The fee for combination searches available with UCC search for information only is $10.
• The fee for combination searches available with UCC search for information and copies is $16.

Farm Product Liens
• The fee for filing online is $10.
• The fee for filing handwritten is $14.
• The fee for a search for information only is $6.
• The fee for combination searches available with UCC search for information only is $10.
• The fee for combination searches available with UCC search for information and copies is $16.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the adoption of temporary rules and rescission of temporary rules, contact Chad Houck (208) 334-2852.

DATED this 1st day of July, 2021.

Chad Houck, Chief Deputy Secretary of State
Administrative Division
700 West Jefferson Street, Room E205
PO Box 83720
Boise, ID 83720-0080
(208) 334-2852
000. LEGAL AUTHORITY.
In accordance with Sections 67-903(9), 28-9-523(g), and 28-9-524, Idaho Code, the Secretary of State has authority
to promulgate administrative rules in order to execute the duties of the Office of the Secretary of State. This authority
includes rules to implement and maintain the USDA certified Idaho Central Filing System, in accordance with P.L. 99-198, Section 1324 of the Federal Food Security Act (1985) and Title 9, CFR Part 205 (2010). (7-1-21)

001. SCOPE.
These rules govern the requirements for the filing of Farm Products Financing Statements, for the filing of
amendments to Farm Products Financing Statements, and for the compilation and distribution of a master list of Farm
Products Financing Statements, and portions of the master list. (7-1-21)

002. -- 009. (RESERVED)

010. DEFINITIONS.
The definitions set forth in Section 28-9-102, Idaho Code, apply with full force and effect to all provisions and
sections of these rules. Where terms used in this rule are not explicitly or completely defined herein, definitions and
usage of terms from the Legal Authority in Section 000 of these rules are applicable. (7-1-21)

01. Crop Year.
   a. For a plant or plant product, the calendar year in which it is harvested or to be harvested. (7-1-21)
   b. For mammals, the calendar year in which they are born or acquired. (7-1-21)
   c. For bees and worms, the calendar year in which they are alive in adult form. (7-1-21)
   d. For poultry and the products of mammals, poultry, and bees (i.e., milk, eggs, and honey), the
calendar year in which they are sold or to be sold. (7-1-21)
   e. For fish and other aquaculture, the calendar year in which they are harvested or to be harvested. (7-1-21)

02. Farm Products Financing Statement. A financing statement covering farm products. (7-1-21)

03. Item on a Master List. An entry on a master list relating to one (1) Farm Products Financing
Statement and one (1) debtor listed thereon. (7-1-21)

04. ML Grouping. That related group of farm products which will appear as one (1) ML number on
the master list. (7-1-21)

011. ABBREVIATIONS.
Where abbreviations used in these rules are not explicitly or completely defined herein, definitions and usage of
abbreviations from the Legal Authority in Section 000 of these rules are applicable. (7-1-21)

01. ML. A master list, which covers Farm Products Financing Statements relating to a particular farm
product or group of farm products. (7-1-21)

02. SOS. Idaho Secretary of State. (7-1-21)

03. USDA. United States Department of Agriculture. (7-1-21)

012. -- 019. (RESERVED)

020. UNIQUE IDENTIFIER NUMBER (UIN).

01. UIN System. The Secretary of State’s Office will use a UIN system that has been approved and
certified by the USDA for the Idaho Central Filing System in place of the former use of complete social security
numbers as a means of debtor identification. (7-1-21)

02. Social Security Numbers and Tax Identification Numbers. With the use of UINs, as approved
by the USDA, the SOS will no longer require or accept social security numbers or tax identification numbers, in total,
on Farm Products Financing Statements. Only the last four (4) digits shall be required and used. The SOS will not provide social security numbers or tax identification numbers, in total, to any person or business entity, in any format, from Farm Products Financing Statements. 

021. -- 099. (RESERVED)

100. FARM PRODUCTS FINANCING STATEMENT REQUIREMENTS.

01. Form. A Farm Products Financing Statement must meet the requirements of Section 28-9-502, Idaho Code, and must be filed on SOS form “UCC-1F.”

02. Completion of Form. Form UCC-1F must be completed in accordance with instructions provided by the SOS.

101. AMENDMENT, ASSIGNMENT, CONTINUATION, AND TERMINATION OF A FARM PRODUCTS FINANCING STATEMENT.

01. Form. An amendment, assignment, or continuation of a Farm Products Financing Statement must be filed on SOS form “UCC-3F.”

02. Completion of Form. Form UCC-3F must be completed in accordance with instructions provided by the SOS.

03. Termination. Termination of a Farm Products Financing Statement will be done either by the secured party’s signature on the termination signature line on the original of the UCC-1F or by checking the termination box on the UCC-3F.

102. FARM PRODUCTS FINANCING STATEMENTS UNDER THE UNIFORM COMMERCIAL CODE.

Unless otherwise provided for in this chapter, Farm Products Financing Statements shall be governed by IDAPA 34.05.06, “Administrative Rules Governing Lien Filings Under the UCC,” with the following exceptions:

01. IDAPA 34.05.06.101.05 “File Number.” Subsection 101.05 only applies in that a unique number shall be assigned. For Farm Products Financing Statements, the filing type shall be designated as “F” followed by a number that is assigned sequentially. The filing number bears no relation to the time of filing and is not an indicator of priority.

02. IDAPA 34.05.06.108 “Acceptable Forms.” Section 108 does not apply to Farm Products Financing Statements.

03. IDAPA 34.05.06.111 “Filing Fees.” Section 111 does not apply to Farm Products Financing Statements.

04. IDAPA 34.05.06.115.01 “Individually Identified Documents.” Subsection 115.01 does not apply to Farm Products Financing Statements. Copies of Farm Products Financing Statements shall be made available either from a computer terminal in the reception area in the filing office or through any medium otherwise accepted by the filing office. There is a charge of one dollar ($1) per page for copies of Farm Products Financing Statements pursuant to Section 28-9-523(k), Idaho Code.

05. IDAPA 34.05.06.202.02 “Additional Debtor Identification.” Subsection 202.02 does not apply to Farm Products Financing Statements.

06. IDAPA 34.05.06.301.01 “Identification Numbers.” Subsection 301.01 applies, however, each Farm Products Financing Statement is identified by its file number as described in Subsection 102.01 of these rules.

07. IDAPA 34.05.06.301.05 “Status of Financing Statement.” Subsection 301.05 does not apply to
Farm Products Financing Statements. (7-1-21)

08. IDAPA 34.05.06.302.01 “Individual Name Fields.” Subsection 302.01 applies, however, no indicator is used to distinguish the name as that of an individual. (7-1-21)

09. IDAPA 34.05.06.302.05 “No Assumed Business Names.” Subsection 302.05 does not apply to Farm Products Financing Statements. However, if an assumed business name is used as the debtor name, the required information shall be as indicated in Subsection 020.02 of these rules. (7-1-21)

10. IDAPA 34.05.06.303.01 “Single Field.” Subsection 303.01 applies, however, no indicator is used to distinguish the name as that of an organization. (7-1-21)

11. IDAPA 34.05.06.303.03 “No Assumed Business Name.” Subsection 303.03 does not apply to Farm Products Financing Statements. However, if an assumed business name is used as the debtor name, the required information shall be as indicated in Subsection 020.02 of these rules. (7-1-21)

12. IDAPA 34.05.06.306.02 “Status of Debtor.” Subsection 306.02 does not apply to Farm Products Financing Statements. (7-1-21)

13. IDAPA 34.05.06.306.03 “Status of Financing Statement.” Subsection 306.03 does not apply to Farm Products Financing Statements. (7-1-21)

14. IDAPA 34.05.06.310 “Termination.” Section 310 does not apply to Farm Products Financing Statements. (7-1-21)

15. IDAPA 34.05.06.312 “Procedure Upon Lapse.” Section 312 only applies to Farm Products Financing Statements in that a Farm Products Financing Statement lapses on its lapse date. Upon lapse of a Farm Products Financing Statement, the information management system shall cause the Farm Products Financing Statement to no longer be made available to the searcher. (7-1-21)

16. IDAPA 34.05.06.407 “Data Entry of Names - Designated Fields.” Section 407 applies to Farm Products Financing Statements, however, the filer is not required to designate whether a name is an individual or an organization. (7-1-21)

17. IDAPA 34.05.06.408 “Data Entry of Names - No Designated Fields.” Section 408 does not apply to Farm Products Financing Statements. (7-1-21)

18. IDAPA 34.05.06.410.02 “Name and Address of Each Debtor.” Subsection 410.02 applies to Farm Products Financing Statements, however, each debtor name is removed from the searchable index upon lapse or termination. (7-1-21)

19. IDAPA 34.05.06.411.03 “Amendment Financing Statement Lapses.” Subsection 411.03 applies to Farm Products Financing Statements, however, each debtor name is removed from the searchable index upon lapse or termination. (7-1-21)

20. IDAPA 34.05.06.413 through IDAPA 34.05.06.504. Sections 413 through 504 do not apply to Farm Products Financing Statements. (7-1-21)

103. -- 199. (RESERVED)

200. COLLATERAL INFORMATION CODES.
Codes are used to describe farm product collateral on the Farm Products Financing Statements and amendments, on the master list maintained by the SOS, and on the MLs distributed to registered buyers, commission merchants, and selling agents. Assignment of farm product codes and ML Groupings, county codes, and farm product unit codes shall be done by the SOS. The SOS will provide a list of the established codes upon request. (7-1-21)

(7-1-21)T

201. **REGISTRATION OF BUYERS, COMMISSION MERCHANTS, AND SELLING AGENTS -- SUBSCRIPTION TO THE ML.**

01. **Form.** Registration of buyers, commission merchants, and selling agents must be on the SOS “Subscription Application/Renewal” form.

(7-1-21)T

02. **Duration.** Registration is effective for a period of one (1) year. Renewal of registration may be filed at any time after ninety (90) days prior to expiration of a current registration period.

(7-1-21)T

03. **Initial Subscription.** Subscriptions to the ML may be made at any time.

(7-1-21)T

202. -- 299. **(RESERVED)**

300. **FORM AND DISTRIBUTION OF A ML AND CS.**

01. **Content of List.** Each ML includes data from all Farm Products Financing Statements which cover
all ML Groupings. (7-1-21)

02. **ML Publication Dates.** Each ML is published in complete form on the first regularly scheduled bi-weekly publication date in each calendar quarter. A ML may at other times be published in complete form at the discretion of the SOS. (7-1-21)

03. **Cut-Off.** In order to be included on a ML or CS, a Farm Products Financing Statement must be received by the SOS at least one (1) business day prior to publication. (7-1-21)

04. **Schedule.** At the beginning of each calendar quarter, the SOS will make available a schedule of proposed publication dates for that calendar quarter. The SOS may, for good cause, deviate from the schedule, but every ML will be clearly marked with the actual date of publication. In no case will there be more than eighteen (18) days between publications of the ML. (7-1-21)

301. **REQUESTS FOR INFORMATION.** Requests for information on Farm Products Financing Statements will comply with IDAPA 34.05.03, “Rules Governing Requests For Information -- Form UCC-4 -- Fees.” (7-1-21)

302. **FEES.**

01. **Farm Products Financing Statement.** Farm Products Financing Statement and changes thereto (UCC-1F and UCC-3F). (7-1-21)

a. The fee for filing either a UCC-1F or a UCC-3F is provided in IDAPA 34.05.06, “Administrative Rules Governing Lien Filings Under the UCC - Farm Product Liens,” Section 606. (7-1-21)

b. There is no charge for filing a complete termination of a Farm Products Financing Statement. (7-1-21)

02. **Subscription to ML by Buyers, Commission Merchants, and Selling Agents.** (7-1-21)

a. The fee for subscribing for one (1) year is sixty dollars ($60). (7-1-21)

b. The subscription fee must be paid at the time the subscription is made. (7-1-21)

04. **Fees for Requests for Information.** The fees for requests for information on Farm Products Financing Statements, both written and verbal, and for copies of Farm Products Financing Statements reported on the certificate, are provided in IDAPA 34.05.03, “Rules Governing Requests For Information -- Form UCC-4 -- Fees.” (7-1-21)

303. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
In accordance with Sections 67-903(9), 45-313(3), and 45-316, Idaho Code, the Secretary of State has authority to promulgate administrative rules in order to execute the duties of the Office of the Secretary of State. (7-1-21)

001. SCOPE.
These rules govern the requirements for the filing, amendment, or termination of liens in crops for seed or liens in crops for farm labor, as well as the creation and distribution of a master list of liens in crops for seed or liens in crops for farm labor. (7-1-21)

002. -- 009. (RESERVED)

010. DEFINITIONS.
The definitions set forth in Section 45-302, Idaho Code, and the following terms apply to these rules. (7-1-21)

01. Family. A group of related persons living together as one economic unit, comprised of parents and children, including step-children. (7-1-21)

02. Farm Laborer. Anyone who provides farm labor used in the production of crops. When a business entity contracts for and provides such labor, e.g., aerial spraying or custom harvesting, the entity and not its individual employees shall be deemed to be the farm laborer. When individuals provide such labor directly to a producer, each individual is a farm laborer, whether or not they have been organized as a work crew or are members of a family which works as a unit. (7-1-21)

03. Notice of Claim of Lien. A written notice on the public record of a claimant’s lien in the crops of a producer. (7-1-21)

04. SOS. Idaho Secretary of State. (7-1-21)

011. -- 099. (RESERVED)

100. REQUIREMENTS FOR NOTICE OF CLAIM OF LIEN.

01. Form. The form for a notice of claim of lien shall be designated “SL-1” and must be completed in accordance with instructions provided by the SOS. (7-1-21)

a. Collateral information codes assigned by the SOS shall be used to indicate the crop and the county where the crop is grown. The SOS will provide a list of the established codes upon request. (7-1-21)

02. Supplement. If there is insufficient space on the form SL-1 for all producer and claimant information, the excess will be entered on a supplement form designated “SL-2.” (7-1-21)

101. AMENDMENT, ASSIGNMENT, EXTENSION, AND RELEASE OF CLAIM OF LIEN.

01. Form. The form for amendment, assignment, extension, and release of claim of lien is designated “SL-3” and must be completed in accordance with instructions provided by the SOS. (7-1-21)

a. Collateral information codes assigned by the SOS shall be used to indicate the crop and the county where the crop is grown. The SOS will provide a list of the established codes upon request. (7-1-21)

02. Supplement. If there is insufficient space on the first page of the form SL-3 for all information, the excess will be entered on an attached second page SL-3. (7-1-21)

102. -- 199. (RESERVED)

200. REGISTRATION AND SUBSCRIPTION FOR LIST OF LIENS IN CROPS FOR SEED OR LIENS IN CROPS FOR FARM LABOR.
Any person may register and subscribe for regular distribution of lists of all presently effective notices of claim of liens in crops for seed or liens in crops for farm labor which have been filed under this rule. Unless otherwise set forth in this chapter, the registration and subscription for the list of liens in crops for seed or liens in crops for farm labor shall be administered by the rules as set forth in IDAPA 34.05.01, “Rules Governing Farm Products Central Filing
201. LIST OF NOTICES OF CLAIM OF LIEN (LIST).

01. Compilation and Distribution. The SOS shall compile and make available to subscribers a list that includes all presently effective notices of claim of liens in crops for seed or liens in crops for farm labor.

02. Schedule. The list will be published on a bi-weekly schedule to be established by the SOS.

03. Cut-Off. In order to be included on a list, a notice of claim of lien must be received by the SOS at least one (1) business day prior to publication.

04. Schedule. At the beginning of each quarter, the SOS will make available a schedule of proposed publication dates for that calendar quarter. The SOS may, for good cause, deviate from the schedule, but every list will be marked with the actual date of publication. In no case will there be more than eighteen (18) days between publications of lists.

202. -- 299. (RESERVED)

300. REQUEST FOR INFORMATION.
Requests for information on notices of claim of liens in crops for seed or liens in crops for farm labor, both written and verbal, will comply with IDAPA 34.05.03, “Rule Governing Requests For Information -- Form UCC-4 -- Fees.”

301. FEES.

01. Notice of Claim of Lien, Notice of Amendment, Assignment, or Extension. The fee is four dollars ($4) if the form is filed online, and is eight dollars ($8) in any other form, to be paid at the time of filing.

03. Registration and Subscription for List of Notices. The fees for registration and subscription are set forth in IDAPA 34.05.01, “Rules Governing Farm Products Central Filing System,” Subsections 303.02 and 303.03.

04. Fees for Requests for Information. The fees for requests for information on notices of claim are provided in IDAPA 34.05.03, “Rules Governing Requests For Information -- Form UCC-4 -- Fees.”

302. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
01. Title 28, Chapter 9, Part 4, Idaho Code. (7-1-21)T
02. Title 45, Chapters 2 and 3, Idaho Code. (7-1-21)T

001. -- 009. (RESERVED)

010. DEFINITIONS.
01. SOS. Secretary of State. (7-1-21)T
02. EFS. An effective financing statement relating to farm products, as described in IDAPA 34.05.01, “Rules Governing Farm Products Central Filing System.” (7-1-21)T
03. Notice of Lien in Crops. A notice of claim of lien in crops for seed or farm labor, as described in IDAPA 34.05.02, “Rules Governing Liens in Crops, For Seed, and Farm Labor.” (7-1-21)T
04. Notice of Federal Lien. A notice of lien in personal property filed by the Internal Revenue Service or other federal entity pursuant to Title 45, Chapter 2, Idaho Code. (7-1-21)T
05. UCCFS. A financing statement filed pursuant to Sections 28-9-402 and 28-9-403, Idaho Code, other than one relating to farm products. (7-1-21)T
06. Notices. A collective term used in this rule to include all of the notices and financing statements described in the foregoing Subsections 010.02 through 010.05, as well as all ancillary documents pertaining thereto. (7-1-21)T
07. Debtor. Includes a lienee under Title 45, Chapter 2, Idaho Code, and a producer under Title 45, Chapter 3, Idaho Code. (7-1-21)T
08. Secured Party. Includes the federal government under Title 45, Chapter 2, Idaho Code, and a claimant under Title 45, Chapter 3, Idaho Code. (7-1-21)T

011. REQUESTS FOR INFORMATION.
Upon the request of any person, the SOS shall issue a certificate showing all notices of the types included in a request naming a particular debtor. The certificate shall include the date and hour of filing of each notice, and the name and address of each secured party named therein. If the requested notices include EFS’s or notices of liens in crops, the certificate shall further include other information described in IDAPA 34.05.01, “Rules Governing Farm Products Central Filing System,” and IDAPA 34.05.02, “Rules Governing Liens in Crops, for Seed and Farm Labor,” as applicable. (7-1-21)T

012. FEES.
01. Information Only. Ten dollars ($10) when filed online. (7-1-21)T
02. Information and Images. Sixteen dollars ($16) when filed online. (7-1-21)T
03. Filing not Submitted Online. An additional twenty dollars ($20). (7-1-21)T
04. Payment. Notwithstanding any other provision of this rule, cash payment in advance is required from a requesting party before a certificate will be provided. (7-1-21)T

013. -- 999. (RESERVED)
34.05.06 – RULES GOVERNING LIEN FILINGS UNDER THE UCC

000. LEGAL AUTHORITY AND REFERENCES.
In accordance with Sections 67-903(9) (1977) and 28-9-526 (2001), Idaho Code, the Secretary of State has authority
to promulgate administrative rules in order to execute the duties of the Office; this authority includes rules to
implement Revised Article 9 of the Uniform Commercial Code, House Bill 205 (2001).

001. SCOPE.
These rules govern the filing, acceptance, indexing and searching of financing statements in the Secretary of State’s
Office under Article 9 of the Uniform Commercial Code.

002. -- 100. (RESERVED)

SUBCHAPTER 1 – GENERAL PROVISIONS

101. DEFINITIONS.
For the purpose of the rules contained in this chapter, the following definitions apply:

01. Amendment. A UCC document that purports to amend the information contained in a financing
statement. Amendments include assignments, continuations and terminations.

02. Assignment. An amendment that purports to reflect an assignment of all or a part of a secured
party’s power to authorize an amendment to a financing statement.

03. Continuation. An amendment that purports to continue the effectiveness of a financing statement.

04. Correction Statement. A UCC document that purports to indicate that a financing statement is
inaccurate or wrongfully filed.

05. File Number. The unique identifying information assigned to an initial financing statement by the
filing officer for the purpose of identifying the financing statement and UCC documents relating to the financing
statement in the filing officer's information management system. For a financing statement with an initial financing
statement filed on or prior to June 30, 2001, the file number includes the seven-digit (7) number assigned to the
financing statement by the filing officer. For a financing statement with an initial financing statement filed on or after
July 1,2001, the file number includes three (3) segments; the year of filing expressed as a four-digit (4) number,
followed by a unique seven-digit (7) number assigned to the financing statement by the filing office and ending with
a one-digit (1) verification number assigned by the filing office but algorithmically derived from the numbers in the
first two (2) segments. The filing number bears no relation to the time of filing and is not an indicator of priority.

06. Filing Office and Filing Officer. The Idaho Secretary of State’s Office.

07. Financing Statement. An initial financing statement and all UCC documents that relate to the
initial financing statement.

08. Individual. A human being, or a decedent in the case of a debtor that is such decedent's estate.

09. Initial Financing Statement. A UCC document containing the information required to be in an
initial financing statement pursuant to Section 2 of these rules which, when filed, causes the filing office to establish
the initial record of the existence of a financing statement in the filing office's UCC information management system.

10. Organization. A legal person who is not an individual under Subsection 101.08.

11. Remitter. A person who tenders a UCC document to the filing officer for filing, whether the person
is a filer or an agent of a filer responsible for tendering the document for filing. “Remitter” does not include a person
responsible merely for the delivery of the document to the filing office, such as the postal service or a courier service
but does include a service provider who acts as a filer's representative in the filing process.

12. Secured Party of Record. With respect to a financing statement, a secured party or representative
of a secured party named on the initial financing statement or, if an assignee is designated on the initial financing statement, instead shall mean the secured party or representative named as such assignee, and shall mean each other secured party or secured party representative named as an additional or substitute secured party on any amendment. Revised Article 9 provides that a person remains a secured party of record until the authorized filing of an amendment indicating that the person is no longer a secured party or secured party representative. However, as the filing officer cannot determine if such an amendment is in fact authorized, a secured party of record on a financing statement is not deleted from the filing officer’s information management system until the financing statement lapses. (7-1-21)

13. **Termination.** An amendment intended to indicate that the related financing statement has ceased to be effective with respect to the secured party authorizing the termination. (7-1-21)

14. **UCC.** The Uniform Commercial Code as enacted in this state, Section 28-11-101, et seq., Idaho Code. (7-1-21)

15. **UCC Document.** An initial financing statement, a correction statement or any amendment, including an assignment, a continuation, or a termination. The word “document” in the term “UCC document” shall not be deemed to refer exclusively to paper or paper-based writings. In due time, UCC documents may be expressed or transmitted electronically or through media other than such writings. (Note: this definition is used for the purpose of these rules only. The use of the term “UCC document” in these rules has no relation to the definition of the term “document” in Section 28-9-102(a)(30), Idaho Code.) (7-1-21)

102. **(RESERVED)**

103. **PLACE OF FILING.**
The Secretary of State’s Office is the filing office for filing UCC documents relating to all types of collateral except for timber to be cut, as-extracted collateral (Section 28-9-102(a)(6), Idaho Code) and, when the relevant financing statement is filed as a fixture filing, goods which are or are to become fixtures. (7-1-21)

104. **FILING OFFICE IDENTIFICATION.**
In addition to the promulgation of these rules, the filing office will disseminate information of its location, mailing address, telephone and facsimile numbers, and its internet and other electronic “addresses” through usual and customary means. (7-1-21)

105. **OFFICE HOURS.**
Although the filing office maintains regular office hours, it receives transmissions by facsimile twenty-four (24) hours per day, three hundred sixty-five (365) days per year, except for scheduled maintenance and unscheduled interruptions of service. Electronic filings may be available in the near future, and will be possible twenty-four (24) hours per day, three hundred sixty-five (365) days per year, except for scheduled maintenance and unscheduled interruptions of service. (7-1-21)

106. **UCC DOCUMENT DELIVERY.**
UCC documents may be tendered for filing at the filing office as follows: (7-1-21)

01. **Personal Delivery, at the Filing Office’s Street Address.** The file time for a UCC document delivered by this method is when delivery of the UCC document is accepted by the filing office (even though the UCC document may not yet have been accepted for filing and subsequently may be rejected). (7-1-21)

02. **Courier Delivery, at the Filing Office’s Street Address.** The file time for a UCC document delivered by this method is, notwithstanding the time of delivery, the next close of business following the time of delivery (even though the UCC document may not yet have been accepted for filing and may be subsequently rejected). A UCC document delivered after regular business hours or on a day the filing office is not open for business will have a filing time of the close of business on the next day the filing office is open for business. (7-1-21)

03. **Postal Service Delivery to the Filing Office’s Mailing Address.** The file time for a UCC document delivered by this method is the next close of business following the time of delivery (even though the UCC document may not yet have been accepted for filing and may be subsequently rejected). A UCC document delivered
after regular business hours or on a day the filing office is not open for business will have a filing time of the close of business on the next day the filing office is open for business.

04. **Online Delivery Through the Filing Office’s Website.** The file time for a UCC document delivered by this method is, when the document is submitted to the filing office (even though the UCC document may not yet have been accepted for filing and may be subsequently rejected).

107. **SEARCH REQUEST DELIVERY.**
UCC search requests may be delivered to the filing office by any of the means by which UCC documents may be delivered to the filing office. Requirements concerning search requests are set forth in Section 501. UCC search requests upon a debtor named on an initial financing statement may be made by an appropriate indication on the face of the initial financing statement form if the form is entitled to be filed with the standard form fee and the relevant search fee is also tendered with the initial financing statement.

108. **ACCEPTABLE FORMS.**
The forms set forth in Section 28-9-521, Idaho Code, shall be accepted by the filing office. Forms approved by the International Association of Corporation Administrators on or prior to July 1, 2001, and forms approved by the filing office shall be accepted.

109. -- 110. (RESERVED)

111. **FILING FEES.**
Section 28-9-525, Idaho Code.

01. **Filing Fee.** The fee for filing and indexing a UCC document of one (1) or two (2) pages communicated on paper or in a paper-based format is six dollars ($6). If there are additional pages, the fee is twelve dollars ($12). When available, the fee for filing and indexing a UCC document communicated by a medium authorized by these rules which is other than on paper or in a paper-based format shall be three dollars ($3).

02. **UCC Search Fee.** The fee for a UCC online search is three dollars ($3). Certified searches may be performed using form UCC4 with fees as per IDAPA rule 34.05.03.

03. **Correct Filing Fee is Required for Processing.** Incorrect calculated payments will be returned.

112. (RESERVED)

113. **METHODS OF PAYMENT.**
Filing fees and fees for public records services may be paid by the following methods:

01. **Cash.** Payment in cash shall be accepted if paid in person at the filing office.

02. **Checks.** Personal checks, business checks, bank-certified checks or cashier’s checks and money orders shall be accepted for payment if they are drawn on a bank acceptable to the filing office or if the drawer is acceptable to the filing office.

03. **Credit Card.** Payment with a credit card shall be accepted if paid in person at the filing office or making a payment online.

114. **PUBLIC RECORDS SERVICES.**
Public records services are provided on a non-discriminatory basis to any member of the public on the terms described in these rules. The following methods are available for obtaining copies of UCC documents and copies of data from the UCC information management system.

01. **Individually Identified Documents.** Copies of individually identified UCC documents are available either from a computer terminal in the reception area in the filing office or through any medium otherwise...
accepted by the filing office. There is a charge of twenty-five cents ($0.25) per page for printed information, but only if four (4) or more pages are printed.

02. **Bulk Copies of Documents.** Bulk copies of UCC documents are available by subscription.

03. **Data from the Information Management System.** A list of available data elements from the UCC information management system, and the file layout of the data elements, are available from the filing officer upon request. Data from the information management system is available as follows:

   a. **Full Extract.** A bulk data extract of information from the UCC information management system is available on a bi-weekly basis.

   b. **Format.** Extracts from the UCC information management system are available in plain text format.

04. **Direct On-Line Services.** On-line services providing UCC information are available from the UCC information management data request systems.

115. **FEES FOR PUBLIC RECORDS SERVICES.**

Fees for public records services are established as follows:

01. **Charge for Paper Copies.** The charge for paper copies of individual documents is one dollar ($1) per page.

02. **Data From the Information Management System.** The charge for a full extract is one hundred twenty-five dollars ($125) per bi-weekly download.

116. **NEW PRACTICES AND TECHNOLOGIES.**

The filing officer may adopt practices and procedures to accomplish receipt, processing, maintenance, retrieval and transmission of, and remote access to, Article 9 filing data by means of electronic, voice, optical and/or other technologies, and, without limiting the foregoing, to maintain and operate, in addition to or in lieu of a paper-based system, a non-paper-based Article 9 filing system utilizing any of such technologies. In developing and utilizing technologies and practices, the filing officer shall, to the greatest extent feasible, take into account compatibility and consistency with technologies, practices, policies and regulations adopted in connection with Article 9 filing systems in other states.

117. -- 199. **(RESERVED)**

SUBCHAPTER 2 – ACCEPTANCE AND REFUSAL OF DOCUMENTS

200. **ROLE OF FILING OFFICER.**

01. **Duties and Responsibilities.** The duties and responsibilities of the filing officer with respect to the administration of the UCC are ministerial.

02. **What the Filing Officer Does Not Do.** In accepting for filing or refusing to file a UCC document pursuant to these rules, the filing officer does not:

   a. Determine the legal sufficiency or insufficiency of a document.

   b. Determine that a security interest in collateral exists or does not exist.

   c. Determine that information in the document is correct or incorrect, in whole or in part.

   d. Create a presumption that information in the document is correct or incorrect, in whole or in part.
201. DUTY TO FILE.
Provided that there is no ground to refuse acceptance of the document under Section 202, a UCC document is filed
upon its receipt by the filing officer with the filing fee and the filing officer shall promptly assign a file number to the
UCC document and index it in the information management system. (7-1-21)T

202. GROUNDS FOR REFUSAL OF UCC DOCUMENT.
The following grounds are the sole grounds for the filing officer's refusal to accept a UCC document for filing. As
used herein, the term “legible” is not limited to refer only to written expressions on paper: it requires, when
appropriate, a machine-readable transmission for electronic transmissions and an otherwise readily decipherable
transmission in other cases.

01. Debtor Name and Address. An initial financing statement or an amendment that purports to add a
debtor shall be refused if the document fails to include a legible debtor name and address for a debtor, in the case of
an initial financing statement, or for the debtor purporting to be added in the case of such an amendment. If the
document contains more than one debtor name or address and some names or addresses are missing or illegible, the
filing officer shall index the legible name and address pairings, and provide a notice to the remitter containing the file
number of the document, identification of the debtor name(s) that was (were) indexed, and a statement that debtors
with illegible or missing names or addresses were not indexed. (7-1-21)T

02. Additional Debtor Identification. An initial financing statement or an amendment adding one or
more debtors shall be refused if the document fails to identify whether each named debtor (or each added debtor in
the case of such an amendment) is an individual or an organization, if the last name of each individual debtor is not
identified, or if, for each debtor identified as an organization, the document does not include in legible form the
organization’s type, state of organization and organization number (or a statement that it does not have an
organization number). UCC documents, including the UCC1 and UCC3, should not contain Social Security Account
Numbers or other Taxpayer identification numbers although there are spaces for this information on the approved
UCC1 and UCC3 form. If these numbers are entered on the forms, the filing officer shall cause them not to be
readable on the scanned image retained by the filing office. (7-1-21)T

03. Secured Party Name and Address. An initial financing statement, an amendment purporting to
add a secured party of record, or an assignment, shall be refused if the document fails to include a legible secured
party (or assignee in the case of an assignment) name and address. If the document contains more than one secured
party (or assignee) name or address and some names or addresses are missing or illegible, the filing officer shall
index the legible name and address pairings, and provide a notice to the remitter containing the file number of the
document, identification of the secured party (or assignee) names that were indexed, and a statement that secured
parties with illegible or missing names or addresses were not indexed. (7-1-21)T

04. Lack of Identification of Initial Financing Statement. A UCC document other than an initial
financing statement shall be refused if the document does not provide a file number of a financing statement which
exists in the UCC information management system and which has not lapsed. (7-1-21)T

05. Other Required Information. A UCC document that does not identify itself as an initial financing
statement or as another type of UCC document shall be refused. (7-1-21)T

06. Timeliness of Continuation. A continuation shall be refused if it is not received during the six (6)
month period concluding on the day upon which the related financing statement would lapse.

a. First Day Permitted. The first day on which a continuation may be filed is the date of the month
    corresponding to the date upon which the financing statement would lapse, six (6) months preceding the month in
    which the financing statement would lapse. If there is no such corresponding date during the sixth month preceding
    the month in which the financing statement would lapse, the first day on which a continuation may be filed is the last
day of the sixth month preceding the month in which the financing statement would lapse, although filing by certain
means may not be possible on such date if the filing office is not open on such date. (7-1-21)T

b. Last Day Permitted. The last day on which a continuation may be filed is the date upon which the
    financing statement lapses. (7-1-21)T
07. **Fee.** A document shall be refused if the document is accompanied by less than the full filing fee tendered by a method described in Section 113. (7-1-21)

08. **Means of Communication.** UCC documents communicated to the filing office by a means of communication not authorized by the filing officer for the communication of UCC documents shall be refused. (7-1-21)

203. **(RESERVED)**

204. **TIME LIMIT.**
The filing officer shall determine whether criteria exist to refuse acceptance of a UCC document for filing not later than the second business day after the date the document would have been filed had it been accepted for filing and shall index a UCC document not so refused within the same time period. (7-1-21)

205. **PROCEDURE UPON REFUSAL.**
If the filing officer finds any basis under Section 202 to refuse acceptance of a UCC document, the filing officer shall return the document, if written, to the remitter and refund the filing fee. The filing office shall send a notice that contains the date and time the document would have been filed had it been accepted for filing (unless such date and time are stamped on the document), and a brief description of the reason(s) for refusal to accept the document under Section 202. The notice shall be sent to a secured party or the remitter as provided in Subsection 401.02.b. no later than the second business day after of the determination to refuse acceptance of the document. A refund may be delivered with the notice or under separate cover. (7-1-21)

206. **ACKNOWLEDGMENT.**
At the request of a filer or remitter, the filing officer shall communicate to the filer or remitter the information in the filed document, the file number and the date and time of filing. (7-1-21)

207. **OTHER NOTICES.**
Nothing in these rules prevents a filing officer from communicating to a filer or a remitter that the filing officer noticed apparent potential defects in a UCC document, whether or not it was filed or refused for filing. However, the filing office is under no obligation to do so and may not have the resources to do so. THE RESPONSIBILITY FOR THE LEGAL EFFECTIVENESS OF FILING RESTS WITH FILERS AND REMITTERS AND THE FILING OFFICE BEARS NO RESPONSIBILITY FOR SUCH EFFECTIVENESS. (7-1-21)

208. **REFUSAL ERRORS.**
If a secured party or a remitter demonstrates to the satisfaction of the filing officer that a UCC document that was refused for filing should not have been, the filing officer will file the UCC document as provided in these rules with a filing date and time assigned when such filing occurs. The filing officer will also file a filing officer statement that states the effective date and time of filing which shall be the date and time the UCC document was originally tendered for filing. The lapse date shall be calculated based upon the date the UCC document was originally tendered. (7-1-21)

209. -- 299. **(RESERVED)**

**SUBCHAPTER 3 – UCC INFORMATION MANAGEMENT SYSTEM**

300. **POLICY STATEMENT.**
The filing officer uses an information management system to store, index, and retrieve information relating to financing statements. The information management system includes an index of the names of debtors named on financing statements which have not been lapsed for more than one (1) year. (7-1-21)

301. **PRIMARY DATA ELEMENTS.**
The primary data elements used in the UCC information management system are the following: (7-1-21)

01. **Identification Numbers.** (7-1-21)
Each initial financing statement is identified by its file number as described in Subsection 101.05. Identification in the form of the file number of the initial financing statement is stamped on written UCC documents or is otherwise permanently associated with the record maintained for UCC documents in the UCC information management system. A record is created in the information management system for each initial financing statement and all information comprising such record is maintained in such system. Such record is identified by the same information assigned to the initial financing statement.

A UCC document other than an initial financing statement is identified by a unique file number assigned by the filing officer. In the information management system, records of all UCC documents other than initial financing statements are linked to the record of their related initial financing statement.

The type of UCC document from which data is transferred is identified in the information management system from information supplied by the remitter.

The filing date and filing time of UCC documents are stored in the information management system. Calculation of the lapse date of an initial financing statement is based upon the filing date or the effective filing date as provided in Section 208 of these rules.

The names and addresses of debtors and secured parties are transferred from UCC documents to the UCC information management system using one (1) or more data entry or transmittal techniques.

In the information management system, each financing statement has a status of active or inactive.

An indicator is maintained by which the information management system identifies whether or not a financing statement will lapse and, if it does, when it will lapse. The lapse date is determined as provided in Section 404.

The definition of “individual” is found in Subsection 101.08. This rule applies to the name on a UCC document of a debtor or a secured party who is an individual.

The names of individuals are stored in the same files as the names of organizations. Separate data entry fields are established for first (given), middle (given), and last names (surnames or family names) of individuals, and an indicator is marked with “I” to distinguish the name as that of an individual. The filing officer assumes no responsibility for the accurate designation of the components of a name but will accurately enter the data in accordance with the filer's designations.

Titles and prefixes, such as “Doctor,” “Reverend,” “Mr.,” and “Ms.,” should not be entered in the UCC information management system. However, as provided in Section 407, when a UCC document is submitted with designated name fields, the data will be entered in the UCC information management system exactly as it appears.

Titles or indications of status such as “M.D.” and “esquire” shall not be entered in the UCC information management system. Suffixes, such as “Sr.,” “Jr.,” “I.,” “II.,” and “III.,” and “Est” (estate) are entered in a field designated for name suffixes.

Personal name fields in the UCC database are fixed in length. Although filers should continue to provide full names on their UCC documents, a name that exceeds the fixed length is entered as presented to the filing officer, up to the maximum length of the data entry field. The length of data entry name fields are as follows.

- First name: Fifty (50) characters.
- Middle name: Fifty (50) characters.
303. NAMES OF DEBTORS THAT ARE ORGANIZATIONS.
This rule applies to the names of organizations which are debtors or secured parties on a UCC document.

01. Single Field. The names of organizations are stored in the same files as the names of individuals. The name of an organization is stored in the last-name field only, and an indicator is marked with “O” to distinguish the name as that of an organization. The filing officer assumes no responsibility for the accurate designation of an organizational name but will accurately enter the data in accordance with the filer’s designations.

02. Truncation-Organization Names. The organization name field in the UCC database is fixed in length. The maximum length is two hundred fifty-five (255) characters. Although filers should continue to provide full names on their UCC documents, a name that exceeds the fixed length is entered as presented to the filing officer, up to the maximum length of the data entry field.

03. No Assumed Business Names. An assumed business name, whether or not on file under Chapter 5, Title 53, Idaho Code, is not the legal name of the organization using the assumed business name.

304. ESTATES.
Although they are not human beings, estates are treated as if the decedent were the debtor under Section 302. “Est” should be entered in the suffix field.

305. TRUSTS.
If the trust is named in its organic document(s), its full legal name, as set forth in such document(s), is used. Such trusts are treated as organizations. If the trust is not so named, the name of the settlor is used. If a settlor is indicated to be an organization, the name is treated as an organization name. If the settlor is an individual, the name is treated as an individual name. A UCC document that uses a settlor’s name should include other information provided by the filer to distinguish the debtor trust from other trusts having the same settlor and all financing statements filed against trusts or trustees acting with respect to property held in trust should indicate the nature of the debtor. If this is done in, or as part of, the name of the debtor, it will be entered as if it were a part of the name under Sections 407 and 408.

306. INITIAL FINANCING STATEMENT.
Upon the filing of an initial financing statement the status of the parties and the status of the financing statement shall be as follows:

01. Status of Secured Party. Each secured party named on an initial financing statement shall be a secured party of record, except that if the UCC document names an assignee, the secured party/assignor shall not be a secured party of record and the secured party/assignee shall be a secured party of record.

02. Status of Debtor. The status of a debtor named on the document shall be active and shall continue as active until one (1) year after the financing statement lapses.

03. Status of Financing Statement. The status of the financing statement shall be active. A lapse date shall be calculated, five (5) years from the file date, unless the initial financing statement indicates that it is filed with respect to a public-financing transaction or a manufactured-home transaction, in which case the lapse date shall be thirty (30) years from the file date; or, if the initial financing statement indicates that it is filed against a transmitting utility, in which case there shall be no lapse date. A financing statement remains active until one (1) year after it lapses, or if it is indicated to be filed against a transmitting utility, until one (1) year after it is terminated with respect to all secured parties of record.

307. AMENDMENT.
Upon the filing of an amendment the status of the parties and the status of the financing statement shall be as follows:

01. **Status of Secured Party and Debtor.** An amendment shall affect the status of its debtor(s) and secured party(ies) as follows:

   a. **Collateral Amendment or Address Change.** An amendment that amends only the collateral description or one (1) or more addresses has no effect upon the status of any debtor or secured party. If a statement of amendment is authorized by less than all of the secured parties (or, in the case of an amendment that adds collateral, less than all of the debtors), the statement affects only the interests of each authorizing secured party (or debtor).

   b. **Debtor Name Change.** An amendment that changes a debtor's name has no effect on the status of any debtor or secured party, except that the related initial financing statement and all UCC documents that include an identification of such initial financing statement shall be cross-indexed in the UCC information management system so that a search under either the debtor's old name or the debtor's new name will reveal such initial financing statement and such related UCC documents. Such a statement of amendment affects only the rights of its authorizing secured party(ies).

   c. **Secured Party Name Change.** An amendment that changes the name of a secured party has no effect on the status of any debtor or any secured party, but the new name is added to the index as if it were a new secured party of record.

   d. **Addition of a Debtor.** An amendment that adds a new debtor name has no effect upon the status of any party to the financing statement, except the new debtor name shall be added as a new debtor on the financing statement. The addition shall affect only the rights of the secured party(ies) authorizing the statement of amendment.

   e. **Addition of a Secured Party.** An amendment that adds a new secured party shall not affect the status of any party to the financing statement, except that the new secured party name shall be added as a new secured party on the financing statement.

   f. **Deletion of a Debtor.** An amendment that deletes a debtor has no effect on the status of any party to the financing statement, even if the amendment purports to delete all debtors.

   g. **Deletion of a Secured Party.** An amendment that deletes a secured party of record has no effect on the status of any party to the financing statement, even if the amendment purports to delete all secured parties of record.

02. **Status of Financing Statement.** An amendment shall have no effect upon the status of the financing statement, except that a continuation may extend the period of effectiveness of a financing statement.

308. **ASSIGNMENT OF POWERS OF SECURED PARTY OF RECORD.**

01. **Status of the Parties.** An assignment shall have no effect on the status of the parties to the financing statement, except that each assignee named in the assignment shall become a secured party of record.

02. **Status of Financing Statement.** An assignment shall have no effect upon the status of the financing statement.

309. **CONTINUATION.**

01. **Continuation of Lapse Date.** Upon the timely filing of one (1) or more continuations by any secured party(ies) of record, the lapse date of the financing statement shall be postponed for five (5) years.
02. **Status of Parties.** The filing of a continuation shall have no effect upon the status of any party to the financing statement. (7-1-21)T

03. **Status of Financing Statement.** Upon the filing of a continuation statement, the status of the financing statement remains active. (7-1-21)T

310. **TERMINATION.**

01. **Status of Parties.** The filing of a termination shall have no effect upon the status of any party to the financing statement. (7-1-21)T

02. **Status of Financing Statement.** A termination shall have no effect upon the status of the financing statement and the financing statement shall remain active in the information management system until one (1) year after it lapses, unless the termination relates to a financing statement that indicates it is filed against a transmitting utility, in which case the financing statement will become inactive one (1) year after it is terminated with respect to all secured parties of record. (7-1-21)T

311. **CORRECTION STATEMENT.**

01. **Status of Parties.** The filing of a correction statement shall have no effect upon the status of any party to the financing statement. (7-1-21)T

02. **Status of Financing Statement.** A correction statement shall have no effect upon the status of the financing statement. (7-1-21)T

312. **PROCEDURE UPON LAPSE.**

If there is no timely filing of a continuation with respect to a financing statement, the financing statement lapses on its lapse date but no action is then taken by the filing office. On the first anniversary of such lapse date, the information management system renders or is caused to render the financing statement inactive and the financing statement will no longer be made available to a searcher unless inactive statements are requested by the searcher and the financing statement is still retrievable by the information management system. (7-1-21)T

313. -- 399. (RESERVED)

**SUBCHAPTER 4 – FILING AND DATA ENTRY PROCEDURES**

400. **POLICY STATEMENT.**

This section contains rules describing the filing procedures of the filing officer upon and after receipt of a UCC document. It is the policy of the filing officer to file promptly a document that conforms to these rules. Except as provided in these rules, data is transferred from a UCC document to the information management system exactly as the data is set forth in the document. Personnel who create reports in response to search requests type search criteria exactly as set forth on the search request. No effort is made to detect or correct errors of any kind. (7-1-21)T

401. **DOCUMENT INDEXING AND OTHER PROCEDURES BEFORE ARCHIVING.**

01. **Cash Management.** Transactions necessary to payment of the filing fee are performed. (7-1-21)T

02. **Document Review.** The filing office determines whether a ground exists to refuse the document under Section 202. (7-1-21)T

a. **File Stamp.** If there is no ground for refusal of the document, the document is stamped or deemed filed and a unique identification number and the filing date is stamped on the document or permanently associated with the record of the document maintained in the UCC information management system. The sequence of the identification number is not an indication of the order in which the document was received. (7-1-21)T

b. **Correspondence.** If there is a ground for refusal of the document, notification of refusal to accept the document is prepared as provided in Section 205. If there is no ground for refusal of the document, an
acknowledgment of filing is prepared as provided in Section 206. Acknowledgment of filing or notice of refusal of a UCC document is sent to the secured party (or the first secured party if there are more than one (1)) named on the UCC document or to the remitter if the remitter so requests by regular mail or by overnight courier if the remitter provides a prepaid waybill or access to the remitter's account with the courier.

402. FILING DATE.
The filing date of a UCC document is the date the UCC document is received with the proper filing fee if the filing office is open to the public on that date; or, if the filing office is not so open to the public on that date, the filing date is the next date the filing office is open, except that, in each case, UCC documents received after 5 p.m. shall be deemed received on the following day. The filing officer may perform any duty relating to the document on the filing date or on a date after the filing date.

403. FILING TIME.
The filing time of a UCC document is determined as provided in Section 106.

404. LAPSE DATE AND TIME.
A lapse date is calculated for each initial financing statement (unless the debtor is indicated to be a transmitting utility). The lapse date is the same date of the same month as the filing date in the fifth year after the filing date or relevant subsequent fifth anniversary thereof if a timely continuation statement is filed, but if the initial financing statement indicates that it is filed with respect to a public-finance transaction or a manufactured-home transaction, the lapse date is the same date of the same month as the filing date in the thirtieth year after the filing date. The lapse takes effect at midnight at the end of the lapse date. The relevant anniversary for a February 29 filing date shall be March 1 in the fifth year following the year of the filing date.

405. ERRORS OF THE FILING OFFICER.
The filing office may correct the errors of filing officer personnel in the UCC information management system at any time. If the correction is made after the filing officer has issued a certification date that includes the filing date of a corrected document, the filing officer shall file a filing officer statement in the UCC information management system identifying the record to which it relates, the date of the correction and explaining the nature of the corrective action taken. The notation shall be preserved as long as the record is preserved in the UCC information management system.

406. ERRORS OTHER THAN FILING OFFICE ERRORS.
An error by a filer is the responsibility of such filer. It can be corrected by filing an amendment or it can be disclosed by a correction statement.

407. DATA ENTRY OF NAMES – DESIGNATED FIELDS.
A filing should designate whether a name is a name of an individual or an organization and, if an individual, also designate the first, middle and last names and any suffix. When this is done, Subsections 407.01 through 407.03 shall apply:

01. Organization Names. Organization names are entered into the UCC information management system exactly as set forth in the UCC document, even if it appears that multiple names are set forth in the document or if it appears that the name of an individual has been included in the field designated for an organization name.

02. Individual Names. On a form that designates separate fields for first, middle, and last names and any suffix, the filing officer enters the names into the first, middle, and last name and suffix fields in the UCC information management system exactly as set forth on the form.

03. Designated Fields Encouraged. The filing office encourages the use of forms that designate separate fields for individual and organization names and separate fields for first, middle, and last names and any suffix. Filers should be aware that the inclusion of a name in an incorrect field or the failure to transmit a name accurately to the filing office may cause a filing to be ineffective.

408. DATA ENTRY OF NAMES -- NO DESIGNATED FIELDS.
A UCC document that is an initial financing statement or an amendment that adds a debtor to a financing statement...
and that fails to specify whether the debtor is an individual or an organization shall be refused by the filing office. If it is accepted for filing in error, the following rules in Subsections 408.01 through 408.04 shall apply:

01. **Identification of Organizations.** A name is treated as an organization name if it contains words or abbreviations that indicate status such as the following and similar words or abbreviations in foreign languages: association, church, college, company, co., corp., corporation, inc., limited, ltd., club, foundation, fund, L.L.C., limited liability company, institute, society, union, syndicate, GmbH, S.A. de C.V., limited partnership, L.P., limited liability partnership, L.L.P., trust, business trust, co-op, cooperative and other designations established by statutes to indicate a statutory organization. In cases where organization or individual status is not designated by the filer and is not clear, the filing officer will use his own judgment.

02. **Identification of Individuals.** A name is entered as the name of an individual and not the name of an organization when the name is followed by a title substantially similar to one (1) of the following titles, or the equivalent of one (1) of the following titles in a foreign language: proprietor, sole proprietor, partnership, sole proprietorship, partner, general partner, president, vice president, secretary, treasurer, M.D., O.D., D.D.S., attorney at law, Esq., accountant, CPA. In such cases, the title is not entered.

03. **Individual and Organization Names on a Single Line.** Where it is apparent that the name of an individual and the name of an entity are stated on a single line and not in a designated individual name field, the name of the individual and the name of the entity shall be entered as two (2) separate debtors, one (1) as an individual and one (1) as an entity. Additional filing fees for the amendment to add additional debtor name(s) may be required.

04. **Individual Names.** The failure to designate the last name of an individual debtor in an initial financing statement or an amendment adding such debtor to a financing statement should cause a filing to be refused. If the filing is accepted in error, or if only the last name is designated, the following data entry rules apply:

a. Freestanding Initials. An initial in the first position of the name is treated as a first name. An initial in the second position of the name is treated as a middle name.

b. Combined Initials and Names. An initial and a name to which the initial apparently corresponds is entered into one (1) name field only [e.g. “D. (David)” in the name “John D. (David) Rockefeller” is entered as “John” (first name); “D. (David)” (middle name); “Rockefeller” (last name)].

c. Multiple Individual Names on a Single Line. Two (2) individual names contained in a single line are entered as two different debtors [e.g. the debtor name “John and Mary Smith” is entered as two (2) debtors: “John Smith” and “Mary Smith”].

d. One Word Names. A one (1) word name is entered as a last name [e.g. “Charro” is treated as a last name].

e. Nicknames. A nickname is entered in the name field together with the name preceding the nickname, or if none, then as the first name (e.g., “William (Bill) Jones”).

409. **VERIFICATION OF DATA ENTRY.**
The filing officer uses double key entry to verify the accuracy of data entry tasks.

410. **INITIAL FINANCING STATEMENT.**

01. **New Record Bears the Unique UCC File Number.** A new record is opened in the UCC information management system for each initial financing statement. The new record bears the unique file number of the financing statement and the date and time of filing.

02. **Name and Address of Each Debtor.** The name and address of each debtor that are legibly set forth in the financing statement are entered into the record of the financing statement. Each such debtor name is included in the searchable index and is not removed until one (1) year after the financing statement lapses.
03. **Name and Address of Each Secured Party.** The name and address of each secured party that are legibly set forth in the financing statement are entered into the record of the financing statement. *(7-1-21)*

04. **Record Is Indexed According to the Name of the Debtor.** The record is indexed according to the name of the debtor(s) and is maintained for public inspection. *(7-1-21)*

05. **Lapse Date.** A lapse date is established for the financing statement, and the lapse date is maintained as part of the record. No lapse date is established for a financing statement which indicates it is filed against a transmitting utility. *(7-1-21)*

411. **AMENDMENT.**

01. **Date and Time of Filing Amendment.** A record is created for the amendment that bears the file number for the amendment and the date and time of filing. *(7-1-21)*

02. **Amendment Initial Financing Statement.** The record of the amendment is associated with the record of the related initial financing statement in a manner that causes the amendment to be retrievable each time a record of the financing statement is retrieved. *(7-1-21)*

03. **Amendment Financing Statement Lapses.** The name and address of each additional debtor and secured parties are entered into the UCC information management system in the record of the financing statement. Each such additional debtor name is added to the searchable index and is not removed until one (1) year after the financing statement lapses. *(7-1-21)*

04. **New Lapse Date Is Established.** If the amendment is a continuation, a new lapse date is established for the financing statement and maintained as part of its record. *(7-1-21)*

412. **CORRECTION STATEMENT.**

A record is created for the correction statement that bears the file number for the correction statement and the date and time of filing. The record of the correction statement is associated with the record of the related initial financing statement in a manner that causes the correction statement to be retrievable each time a record of the financing statement is retrieved. *(7-1-21)*

413. **GLOBAL FILINGS.**

01. **Filing a Single UCC Document.** The filing officer may accept for filing a single UCC document for the purpose of amending more than one (1) financing statement, for one (1) or both of the following purposes: *(7-1-21)*

   a. Amendment to change secured party name; or *(7-1-21)*

   b. Amendment to change secured party address. *(7-1-21)*

02. **Global Filing.** A global filing shall consist of a written document describing the requested amendment on a form approved by the filing office. Acceptance of a global filing is conditioned upon the determination of the filing officer and is within the filing officer's sole discretion. *(7-1-21)*

414. **NOTICE OF BANKRUPTCICY.**

The filing officer shall take no action upon receipt of a notification, formal or informal, of a bankruptcy proceeding involving a debtor named in the UCC information management system. *(7-1-21)*

415. **-- 499.** (RESERVED)

**SUBCHAPTER 5 – SEARCH REQUESTS AND REPORTS**

500. **GENERAL REQUIREMENTS.**

The filing officer maintains for public inspection a searchable index for all records of UCC documents that provides
for the retrieval of a record by the name of the debtor and by the file number of the initial financing statement to which the record relates and which associates each initial financing statement and each filed UCC document relating to the initial financing statement.

501. SEARCH REQUESTS.
Search requests shall contain the following information:

01. **Name Searched.** A search request should set forth the full correct name of a debtor or the name variant desired to be searched and must specify whether the debtor is an individual or an organization. The full name of an individual should consist, whenever possible, of a first, middle, and last name, followed by any suffix that may apply to the name. The full name of an organization shall consist of the name of the organization as stated on the articles of incorporation or other organic documents in the state or country of organization or the name variant desired to be searched. A search request will be processed using the name in the exact form it is submitted.

02. **Requesting Party.** The name and address of the person to whom the search report is to be sent.

03. **Fee.** The appropriate fee shall be enclosed, payable by a method described in Section 113.

502. OPTIONAL INFORMATION.
A UCC search request may contain any of the following information:

01. **Copies of Documents.** A request that copies of documents referred to in the report be included with the report. The request may limit the copies requested by limiting them by reference to the city of the debtor, the date of filing, or a range of filing dates on the financing statements located by the related search. The request may ask for copies of UCC documents identified on the primary search response.

02. **Debtor Name.** A request that the search of a debtor name be limited to debtors in a particular city. A report created by the filing officer in response to such a request shall contain the following statement: “A search limited to a particular city, the date of filing, or a range of filing dates may not reveal all filings against the debtor searched and the searcher bears the risk of relying on such a search.”

03. **Mode of Delivery.** Instructions on the mode of delivery requested, if other than by ordinary mail, will be honored if the requested mode is at the time available to the filing office.

503. RULES APPLIED TO SEARCH REQUESTS.
Search results are created by applying standardized search logic to the name presented to the filing officer by the person requesting the search. Human judgment does not play a role in determining the results of the search, except with respect to supplemental responses regarding individual debtor names that are not automated. The following, and only the following, rules are applied to conduct searches:

01. **No Limit on Number of Search Matches.** There is no limit to the number of matches that may be returned in response to the search criteria.

02. **Not Case Sensitive.** No distinction is made between upper and lower case letters.

03. **Punctuation.** Punctuation marks and accents are disregarded.

04. **Words and Abbreviations at the End of a Name.** Words and abbreviations at the end of a name that indicate the existence or nature of an organization as set forth in the “Ending Noise Words” list as promulgated and adopted by the International Association of Corporation Administrators, as amended from time to time, are disregarded (e.g., company, limited, incorporated, corporation, limited partnership, limited liability company or abbreviations of the foregoing).

05. **“The” Disregarded.** The word “the” at the beginning of the search criteria is disregarded.
06. **Spaces.** All spaces are disregarded. (7-1-21)

07. **Initials.** For first and middle names of individuals, initials are equated with all names that begin with such initials, and no middle name or initial is equated with all middle names and initials. (7-1-21)

08. **Names Searched On.** After taking the preceding rules into account to modify the name of the debtor requested to be searched and to modify the names of debtors contained in active financing statements in the UCC information management system, the search will reveal only names of debtors that are contained in active financing statements and, as modified, exactly match the name requested, as modified. (7-1-21)

### 504. SEARCH RESPONSES.

Reports created in response to a search request shall include the following:

01. **Filing Officer.** Identification of the filing officer and the certification of the filing officer required by the UCC. (7-1-21)

02. **Report Date.** The date the report was generated. (7-1-21)

03. **Name Searched.** Identification of the name searched. (7-1-21)

04. **Certification Date.** The certification date applicable to the report; i.e., the date and time through which the search is effective to reveal all relevant UCC documents filed on or prior to that date. (7-1-21)

05. **Identification of Initial Financing Statements.** Identification of each unlapsed initial financing statement filed on or prior to the certification date and time corresponding to the search criteria, by name of debtor, by identification number, and by file date and file time. (Lapsed financing statements remain active for one (1) year after the lapse date and may be requested on the search form.) (7-1-21)

06. **History of Financing Statement.** For each initial financing statement on the report, a listing of all related UCC documents filed by the filing officer on or prior to the certification date. (7-1-21)

07. **Copies.** Copies of all UCC documents revealed by the search and requested by the searcher. (7-1-21)

### 505. -- 599. (RESERVED)

### SUBCHAPTER 6 – OTHER NOTICES OF LIENS

#### 600. POLICY STATEMENT.

The purpose of the rules in this section is to describe non-UCC liens maintained by the filing office. These liens are treated by the filing officer in a manner similar to UCC documents and are included, on request, with the reports described in Section 504. (7-1-21)

#### 601. NOTICE OF FEDERAL TAX LIEN.

01. **Filing.** Pursuant to Section 45-202, Idaho Code, federal tax liens on business entities, estates, and trusts are filed at the Secretary of State’s Office. (7-1-21)

   a. **Fee.** The fee for filing is six dollars ($6); (7-1-21)

   i. If there is an attachment there is an additional fee of one dollar ($1) per page. (7-1-21)

   b. **Duration.** Pursuant to the Internal Revenue Code, federal tax liens have a duration of ten (10) years. (7-1-21)
02. Mechanics of Search.  
   a. Fee for Search: Six dollars ($6) for information only;  
   b. Combination Search Available with UCC Search:  
      i. Ten dollars ($10) for information;  
      ii. Sixteen dollars ($16) for information and copies.  

602. NOTICE OF STATE TAX LIEN.  
01. Filing.  
   a. Where to File. The Secretary of State accepts electronic filings from the Idaho Tax Commission pursuant to Chapter 19, Title 45, Idaho Code, and Title 63, Idaho Code.  
   b. Fee. None.  
   c. Duration. Five (5) years.  

02. Mechanics of Search.  
   a. Fee for Search. Six dollars ($6) for information only;  
   b. Combination Search Available with UCC Search:  
      i. Ten dollars ($10) for information;  
      ii. Sixteen dollars ($16) for information and copies.  

603. NOTICE OF OTHER LIEN IN FAVOR OF A GOVERNMENTAL BODY (NATURE AND DURATION).  
   a. Department of Commerce and Labor, Chapter 13, Title 72, Idaho Code (unemployment insurance-five year duration).  
   b. Department of Commerce and Labor, Chapter 6, Title 45, Idaho Code (wage claims-five (5) year duration).  

03. Mechanics of Search.  
   a. Fee for Search. Six dollars ($6) for information only;  
   b. Combination Search Available with UCC Search:
i. Ten dollars ($10) for information; (7-1-21)T
ii. Sixteen dollars ($16) for information and copies. (7-1-21)T

604. **SEED AND FARM LABOR LIENS.**

01. **Mechanics of Filing.** Seed and farm labor liens pursuant to Chapter 3, Title 45, Idaho Code are filed in the same manner as initial financing statements and may use only forms prescribed by the Secretary of State’s Office. They are indexed by debtor name and will be revealed, on request, by searches under Sections 504 and 505. (7-1-21)T

a. Where to File. Seed and farm labor liens are filed with the filing office. (7-1-21)T
b. Fee.
   i. Four dollars ($4), if filed online; (7-1-21)T
   ii. Liens not filed online may be subject to a manual entry surcharge. (7-1-21)T
c. Duration.
   i. Farm labor liens remain in effect for twelve (12) months after filing and may be extended for six (6) months. (7-1-21)T
   ii. Seed liens remain in effect for sixteen (16) months and may be extended for six (6) months. (7-1-21)T

02. **Mechanics of Search.** (7-1-21)T
a. Fee for Search. Six dollars ($6) for information only; (7-1-21)T
b. Combination Search Available with UCC Search:
   i. Ten dollars ($10) for information; (7-1-21)T
   ii. Sixteen dollars ($16) for information and copies. (7-1-21)T

605. **AGRICULTURE COMMODITY LIENS.**

01. **Mechanics of Filing.** Agricultural commodity liens pursuant to Chapter 18, Title 45, Idaho Code are filed in the same manner as initial financing statements and may use only forms prescribed by the Secretary of State’s Office. These types of liens are indexed by debtor name and will be revealed, on request, by searches under Sections 504 and 505. (7-1-21)T

a. Fee. Five dollars ($5). (7-1-21)T
b. Duration. Ninety (90) days. (7-1-21)T

02. **Mechanics of Search.** (7-1-21)T
a. Fee for search: Six dollars ($6) for information only; (7-1-21)T
b. Combination search available with UCC search;
   i. Ten dollars ($10) for information; (7-1-21)T
   ii. Sixteen dollars ($16) for information and copies. (7-1-21)T
606. FARM PRODUCT LIENS.

01. Mechanics of Filing. (7-1-21)T

a. Pursuant to Section 28-9-526, Idaho Code, farm product liens are filed in the same manner as initial financial statements and may use only forms prescribed by the Secretary of State’s Office. They are indexed by debtor name and will be revealed, on request, by searches under Sections 504 and 505. (7-1-21)T

b. Where to File. Farm product liens are filed with the filing office. (7-1-21)T

c. Fee: Ten dollars ($10), if filed online; (7-1-21)T

d. Duration. Farm product liens remain in effect for five (5) years and may be extended to five (5) years if continuation is received six (6) months prior to lapse. (7-1-21)T

02. Mechanics of Search. (7-1-21)T

a. Fee for Search: Six dollars ($6) for information only; (7-1-21)T

b. Combination Search Available with UCC Search: (7-1-21)T

i. Ten dollars ($10) for information; (7-1-21)T

ii. Sixteen dollars ($16) for information and copies. (7-1-21)T

607. -- 999. (RESERVED)
NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE

EFFECTIVE DATE: The effective date of the temporary rules being adopted through this omnibus rulemaking as listed in the descriptive summary of this notice is July 1, 2021.

AUTHORITY: In compliance with Section 67-5226, Idaho Code, notice is hereby given this agency has adopted temporary rules. The action is authorized pursuant to Section 63-105, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting the temporary rules:

This temporary rulemaking adopts and republishes the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 35, rules of the Idaho State Tax Commission:

IDAPA 35
- 35.01.01, Income Tax Administrative Rules;
- 35.01.02, Idaho Sales and Use Tax Administrative Rules;
- 35.01.03, Property Tax Administrative Rules;
- 35.01.05, Idaho Motor Fuels Tax Administrative Rules;
- 35.01.06, Hotel/Motel Room and Campground Sales Tax Administrative Rules;
- 35.01.07, Kilowatt Hour Tax Administrative Rules;
- 35.01.08, Mine License Tax Administrative Rules;
- 35.01.09, Idaho Beer and Wine Taxes Administrative Rules;
- 35.01.10, Idaho Cigarette and Tobacco Products Taxes Administrative Rules; and
- 35.02.01, Tax Commission Administration and Enforcement Rules.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(a), (b), and (c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the temporary rules, contact Tom Shaner, (208) 334-7518, tom.shaner@tax.idaho.gov.

DATED this 1st day of July, 2021.
000. LEGAL AUTHORITY (RULE 000).
In accordance with Sections 63-105 and 63-3039, Idaho Code, the Tax Commission has promulgated rules implementing the provisions of the Idaho Income Tax Act. The rules relating to the administration and enforcement of income taxes as well as other taxes, such as sales taxes, are promulgated as IDAPA 35.02.01. (7-1-21)

001. TITLE AND SCOPE (RULE 001).
Section 63-3039, Idaho Code.

01. Title. These rules are titled IDAPA 35.01.01.000, et seq., Idaho State Tax Commission Rules IDAPA 35.01.01, "Income Tax Administrative Rules." (7-1-21)

02. Scope. These rules will be construed to reach the full jurisdictional extent of the state of Idaho’s authority to impose a tax on income of all persons who derive income from Idaho sources or who enjoy benefits of Idaho residence. (7-1-21)

03. Effective Date. To the extent allowed by statute, rules in this chapter will be applied on their effective date to all taxable years open for determining tax liability. (7-1-21)

04. Closed Years or Issues. Taxable years closed by the statute of limitations remain closed and are not reopened by the promulgation, repeal or amendment of any rule. Issues resolved by the expiration of appeal time, a notice of deficiency determination, or a final decision of the Tax Commission will not be reopened by the promulgation, repeal, or amendment of any rule. (7-1-21)

05. Transactions Before an Effective Date. A rule will not be applied to transactions occurring before its effective date in a case where, in the opinion of the Tax Commission, to do so would create an obvious injustice. (7-1-21)

002. ADMINISTRATIVE APPEALS (RULE 002).
This chapter allows administrative relief as provided in Sections 63-3045, 63-3045A, 63-3045B, and 63-3049, Idaho Code. (7-1-21)

003. INCORPORATION BY REFERENCE (RULE 003).
These rules incorporate by reference the following documents, which may be obtained from the main office of the Idaho State Tax Commission:

01. MTC Special Industry Regulations. These documents are found on the Multistate Tax Commission (MTC) Website at http://www.mtc.gov/Uniformity/Adopted-Uniformity-Recommendations, or can be obtained by contacting the MTC, 444 N. Capitol Street, NW, Suite 425, Washington, DC 20001. See Rules 580 and 581 of these rules. (7-1-21)

02. MTC Recommended Formula for the Apportionment and Allocation of Net Income of Financial Institutions. This rule incorporates the MTC Recommended Formula for the Apportionment and Allocation of Net Income of Financial Institutions as adopted November 17, 1994. This document is found on the MTC Website at http://www.mtc.gov/uploadedFiles/Multistate_Tax_Commission/Uniformity/Uniformity_Projects/A_-_Z/FormulaforApportionmentofNetIncomeFinInst.pdf or can be obtained by contacting the MTC, 444 N. Capitol Street, NW, Suite 425, Washington, DC 20001. See Rule 582 of these rules. (7-1-21)

004. -- 009. (RESERVED)

010. DEFINITIONS (RULE 010).
Section 63-3003, Idaho Code

01. Administration and Enforcement Rules. The term Administration and Enforcement Rules refers to IDAPA 35.02.01, relating to the administration and enforcement of Idaho taxes. (7-1-21)

02. Due Date. As used in these rules, due date means the date prescribed for filing without regard to extensions. (7-1-21)
03. **Employee.** An employee is an individual who performs services for another individual or organization that controls what services are performed and how they are performed. (7-1-21)

04. **Employer.** An employer is any person or organization for whom an individual performs services as an employee. (7-1-21)

05. **Mathematical Error.** A mathematical error includes arithmetical errors, incorrect computations, omissions, defects in a return, and entries on the wrong line. (7-1-21)

06. **Sale.** A sale is defined as a transaction in which title passes from the seller to the buyer, or when possession and the burdens and benefits of ownership are transferred to the buyer. A sale may have occurred even if the buyer does not have the right to possession until he partially or fully satisfies the terms of the contract. (7-1-21)

07. **Tax Home.** For income tax purposes, the term tax home refers to the taxpayer’s principal place of business, employment, station, or post of duty regardless of where he maintains his personal or family residence. Thus, a taxpayer domiciled or residing in Idaho with a permanent post of duty in another state is an Idaho resident for Idaho income tax purposes. However, he is not entitled to a deduction for travel expenses incurred in the other state since that is his tax home. (7-1-21)

08. **Terms.** Terms not otherwise defined in the Idaho Income Tax Act or these rules will have the same meaning as is assigned to them by the Internal Revenue Code including Section 7701 relating to definitions of terms. (7-1-21)

09. **These Rules.** The term these rules refers to IDAPA 35.01.01, relating to Idaho income tax. (7-1-21)

10. **Wages.** The term wages relates to all compensation for services performed for an employer regardless of the form of payment. (7-1-21)

011. -- 014. (RESERVED)

015. **INTERNAL REVENUE CODE (RULE 015).**
Section 63-3004, Idaho Code

01. **Interpretations.** Interpretations of the Internal Revenue Code may be found in various sources. These sources include decisions of the Tax Court, Congressional Committee Reports, General Counsel Memoranda, Decisions of the Federal and State Courts on federal income tax issues and Treasury Regulations. These interpretations are adopted by this reference to the extent that they are not in conflict with or inconsistent with the Idaho Code or administrative rules. (7-1-21)

02. **Retroactive Amendments.** For the purpose of determining federal taxable income, any retroactive amendments to the Internal Revenue Code that are enacted on or before the date found in Section 63-3004(a), Idaho Code, are applied retroactively to the extent allowed under federal law. (7-1-21)

03. **Tax Commission Granted Discretion in Determining Correctness of Tax Return.** Discretion granted to the Secretary of the Treasury to determine or reallocate items of income or adjustments to income, deductions, expenses, credits or other subjects of taxation by the Internal Revenue Code may also be exercised by the Tax Commission and its authorized agents, employees and deputies to enforce and administer the Idaho Income Tax Act and these rules. (7-1-21)

016. **IDAHO GROSS INCOME (RULE 016).**
Sections 63-3011 and 63-3030, Idaho Code

01. **In General.** Gross income means all income from whatever source derived, unless specifically excluded by the Internal Revenue Code. (7-1-21)
02. **Gross Income from Pass-Through Entities.** Gross income includes an owner’s share of a pass-through entity’s gross income pursuant to sections 702(c) and 1366(c) of the Internal Revenue Code, and federal Treasury Regulation Section 1.61-13 (citing Part I, Subchapter J, Chapter 1 of the Internal Revenue Code). (7-1-21)

03. **Gross Income from Idaho Sources.** Gross income from Idaho sources is that portion of total gross income derived from or related to sources within Idaho. Income derived from or related to sources within Idaho is determined pursuant to this rule and Rules 260 through 286 of these rules. (7-1-21)

04. **Idaho Source Gross Income from a Pass-Through Entity.** (7-1-21)
   a. Partnership. The amount of a partner’s gross income from Idaho sources is:
      i. The partner’s distributive share of partnership gross income included in the partnership’s apportionable income multiplied by the Idaho apportionment factor of the partnership; and (7-1-21)
      ii. The partner’s distributive share of gross income allocated to Idaho. (7-1-21)
   b. S Corporation. The amount of a shareholder’s gross income from Idaho sources is:
      i. The shareholder’s pro rata share of the S corporation gross income included in the S corporation’s apportionable income multiplied by the Idaho apportionment factor of the S corporation; and (7-1-21)
      ii. The shareholder’s pro rata share of gross income allocated to Idaho. (7-1-21)
   c. Trust or Estate. The Idaho source portion of the income that constitutes gross income pursuant to federal Treasury Regulation Section 1.61-13 and Part I, Subchapter J, Chapter 1 of the Internal Revenue Code, is the amount of such income that would be Idaho source if received directly by the individual. (7-1-21)

05. **Examples.** (7-1-21)
   a. A taxpayer’s federal adjusted gross income includes ten thousand dollars ($10,000) of ordinary loss passed through from a partnership that transacts business only in Idaho. However, the taxpayer’s distributive share of the partnership’s gross income determined under Section 61 of the Internal Revenue Code is fifty thousand dollars ($50,000). The taxpayer’s gross income from Idaho sources from the partnership is fifty thousand dollars ($50,000). (7-1-21)
   b. A taxpayer’s federal adjusted gross income includes ten thousand dollars ($10,000) of ordinary loss passed through from a partnership that has a fifty percent (50%) Idaho apportionment factor. However, the taxpayer’s distributive share of the partnership’s gross income determined under Section 61 of the Internal Revenue Code is fifty thousand dollars ($50,000). The taxpayer’s gross income from Idaho sources from the partnership is twenty-five thousand dollars ($25,000). (7-1-21)
   c. A nonresident taxpayer’s federal adjusted gross income includes five thousand dollars ($5,000) of guaranteed payments for services performed outside of Idaho received from a partnership that has a fifty percent (50%) Idaho apportionment factor. As provided in Section 63-3026A(3)(a)(i)(2), Idaho Code, none of the guaranteed payments are included in the partner’s gross income from Idaho sources because the services were performed outside of Idaho. (7-1-21)
   d. A nonresident taxpayer’s federal adjusted gross income includes five thousand dollars ($5,000) of guaranteed payments for services performed in Idaho received from a partnership that has a fifty percent (50%) Idaho apportionment factor. As provided in Section 63-3026A(3)(a)(i)(2), Idaho Code, all of the guaranteed payments are included in the partner’s gross income from Idaho sources because the services were performed in Idaho. (7-1-21)
   e. A nonresident taxpayer’s federal adjusted gross income includes three hundred thousand dollars ($300,000) of guaranteed payments for services performed outside of Idaho received from a partnership that has a fifty percent (50%) Idaho apportionment factor. As provided in Section 63-3026A(3)(a)(i)(2), Idaho Code, the first two hundred and fifty thousand dollars ($250,000) of guaranteed payments are sourced as compensation for services.
Since the services were performed outside of Idaho, two hundred and fifty thousand dollars ($250,000) of the guaranteed payments are not included in the partner’s gross income from Idaho sources. However, twenty-five thousand dollars ($25,000) of the guaranteed payments in excess of two hundred and fifty thousand dollars ($250,000) are included in the partner’s gross income from Idaho sources based on the apportionment factor of the partnership.

f. A nonresident taxpayer’s federal adjusted gross income includes ten thousand dollars ($10,000) of nonbusiness gross income passed through from a partnership that has a fifty percent (50%) Idaho apportionment factor. If the partnership’s nonbusiness income is allocated to Idaho, ten thousand dollars ($10,000) of the nonbusiness gross income is included in the partner’s gross income from Idaho sources. If the partnership’s nonbusiness income is allocated to a state other than Idaho, none of the nonbusiness gross income is included in the partner’s gross income from Idaho sources.

017. TREATMENT OF THE SECTION 965 OF THE INTERNAL REVENUE CODE INCREASE IN SUBPART F INCOME AND RELATED EXCLUSIONS (RULE 017).
Section 63-3002, Idaho Code
Subpart F income as defined in Section 952, Internal Revenue Code, is gross income under Section 951(a), Internal Revenue Code, and included in a taxpayer’s taxable income under the Internal Revenue Code. Idaho taxpayers must include the Section 965, Internal Revenue Code, increase in their subpart F income (Section 965(a) reduced by Section 965(c), Internal Revenue Code), when computing their Idaho taxable income regardless of how such income is reported to the Internal Revenue Service on the federal income tax form.

018. -- 024. (RESERVED)

025. TAXABLE YEAR AND ACCOUNTING PERIOD (RULE 025).
Section 63-3010, Idaho Code

01. In General. A taxpayer will file his Idaho return for the same taxable year as filed for federal income tax purposes. If a federal return is not filed, the taxable year will be the taxable year required by the Internal Revenue Code, any other period that may be required by law, or the calendar year. Taxable year generally corresponds to the taxpayer’s annual accounting period unless a short-period return is required.

02. Change of Accounting Period.

a. If a taxpayer changes his accounting period for federal income tax purposes, he will make the same change for the same period for Idaho income tax purposes. If prior approval of the Commissioner of the Internal Revenue Service is required, a copy of that approval will accompany the Idaho short-period return.

b. If a change does not require prior approval of the Commissioner of the Internal Revenue Service, the change will be noted on the Idaho short-period return, along with a statement that no prior approval was required and the authority cited.

026. -- 029. (RESERVED)

030. RESIDENT (RULE 030).
Section 63-3013, Idaho Code

01. Resident. The term resident applies to individuals, estates, and trusts.

a. An individual is a resident if he meets either of the tests set forth in Section 63-3013, Idaho Code. For the rules relating to the residency status of aliens, see Rule 031 of these rules. For the rules relating to the residency status of servicemembers and their spouses, see Rule 032 of these rules. For the rules relating to Native Americans, see Rule 033 of these rules.

b. For the rules relating to the residency status of estates, see Rule 034 of these rules.

c. For the rules relating to the residency status of trusts, see Rule 035 of these rules.
02. **Domicile.** The term domicile means the place where an individual has his true, fixed, permanent home and principal establishment, and to which place he has the intention of returning whenever he is absent. An individual can have several residences or dwelling places, but he legally can have but one domicile at a time.

   a. Domicile, once established, is never lost until there is a concurrence of a specific intent to abandon an old domicile, an intent to acquire a specific new domicile, and the actual physical presence in a new domicile.

   b. All individuals who have been domiciled in Idaho for the entire taxable year are residents for Idaho income tax purposes, even though they have actually resided outside Idaho during all or part of the taxable year, except as provided in Section 63-3013(2), Idaho Code.

   c. An individual meeting the safe harbor exception set forth in Section 63-3013(2), Idaho Code, is not considered a resident of Idaho. Any individual meeting the safe harbor exception to residency status is either a nonresident or part-year resident.

   d. The safe harbor exception to being a resident of Idaho does not apply to a servicemember or a servicemember’s spouse domiciled in Idaho if the Servicemembers Civil Relief Act applies to the individual.

03. **Place of Abode.** See Rule 040 of these rules for information as to what constitutes a place of abode.

031. **ALIENS (RULE 031).**

Sections 63-3013, 63-3013A, and 63-3014, Idaho Code

01. **Idaho Residency Status.** For purposes of the Idaho Income Tax Act, an alien may be either a resident, part-year resident, or nonresident, except a nonresident alien as defined in Section 7701, Internal Revenue Code, will be a nonresident. See Paragraph 031.01.b., of this rule.

   a. An alien will determine his Idaho residency status using the tests set forth in Sections 63-3013, 63-3013A, and 63-3014, Idaho Code.

   b. A nonresident alien as defined in Section 7701, Internal Revenue Code, is a nonresident for Idaho. If a nonresident alien has elected to be treated as a resident of the United States for federal income tax purposes, he will determine his Idaho residency status as provided in Paragraph 031.01.a., of this rule.

02. **Computation of Idaho Taxable Income.**

   a. To compute the Idaho taxable income of an alien, the first step is to determine his taxable income. This will depend on whether the alien is a resident, nonresident, or dual status alien for federal income tax purposes.

   b. Once the alien’s taxable income has been computed, the amount of income subject to Idaho income tax depends on the alien’s Idaho residency status. In general, if the alien qualifies as an Idaho resident, he is subject to Idaho income tax on all his taxable income regardless of its source. If the alien qualifies as a part-year resident or nonresident of Idaho, the amount of his taxable income subject to Idaho income tax is determined pursuant to Section 63-3026A, Idaho Code, and Rules 250 through 259 of these rules.

   c. In the case of a nonresident alien who does not elect to be treated as a resident for federal income tax purposes, the standard deduction is zero (0). However, a nonresident alien who qualifies as a student or business apprentice eligible for the benefits of Article 21(2) of the United States - India Income Tax Treaty is entitled to the standard deduction amount as if he were a resident for federal income tax purposes provided he does not claim itemized deductions.
03. **Filing Status.** An alien will use the same filing status for the Idaho return as used on the federal return. If for federal income tax purposes a married alien files as a nonresident alien and does not elect to be treated as a resident, the married alien will use the filing status married filing separate on the Idaho return. (7-1-21)T

04. **Copy of Federal Forms Required.** In addition to the requirements set forth in Rule 800 of these rules, a nonresident alien will attach a copy of the following forms to his Idaho individual income tax return:

   a. Form 8843 if filed with the IRS; (7-1-21)T
   b. All Forms 1042-S received for the taxable year. (7-1-21)T

032. **MEMBERS OF THE UNIFORMED SERVICES (RULE 032).**

   Section 63-3013, Idaho Code

   01. **Servicemembers Civil Relief Act.** Section 511 of the Servicemembers Civil Relief Act (50 U.S.C. App. Section 571) provides that a servicemember will neither lose nor acquire a residence or domicile with regard to his income tax as a result of being absent or present in a state due to military orders. (7-1-21)T

   02. **Servicemember.** A servicemember is defined to include any member of the uniformed services as that term is defined in 10 U.S.C. Section 101(a)(5). A member of the uniformed services includes:

   a. A member of the armed forces, which includes a member of the Army, Navy, Air Force, Marine Corps, or Coast Guard on active duty. It also includes a member of the National Guard who has been called to active service by the President of the United States or the Secretary of Defense of the United States for a period of more than thirty (30) consecutive days under 32 U.S.C. Section 502(f), for purposes of responding to a national emergency declared by the President and supported by federal funds. (7-1-21)T

   b. The commissioned corps of the National Oceanic and Atmospheric Administration in active service; and

   c. The commissioned corps of the Public Health Service in active service. (7-1-21)T

   03. **Idaho Residency Status.**

   a. A servicemember does not become an Idaho resident for income tax purposes by reason of being present in Idaho solely in compliance with military orders. (7-1-21)T

   b. A servicemember does not lose his status as an Idaho resident for income tax purposes by reason of being absent from Idaho solely in compliance with military orders. The safe harbor exception to being a resident as provided in Section 63-3013(2), Idaho Code, does not apply to a servicemember covered by the federal law. (7-1-21)T

   c. If a servicemember is present in or absent from Idaho for reasons other than compliance with military orders, the standard analysis of residency under Sections 63-3013, 63-3013A, and 63-3014, Idaho Code, applies. (7-1-21)T

   d. See Subsection 032.07 of this rule for information relating to a spouse of a servicemember. (7-1-21)T

   04. **Military Service Compensation.**

   a. Section 511 of the Servicemembers Civil Relief Act (50 U.S.C. App. Section 571) provides that the military service compensation of a servicemember who is not domiciled in Idaho is not considered income from Idaho sources. (7-1-21)T

   b. The military service compensation of a servicemember who is domiciled in Idaho is subject to
Idaho income tax. However, Section 63-3022(h), Idaho Code, provides that compensation paid to a member of the United States Armed Forces for active duty military service performed outside Idaho is deducted from taxable income in determining the member’s Idaho taxable income. A member of the armed forces does not include the commissioned corps of the National Oceanic and Atmospheric Administration or the commissioned corps of the Public Health Service, unless they have been militarized by Presidential Executive Order under Title 42, United States Code. See Section 63-3022(h), Idaho Code, for the specific qualifications of this deduction. (7-1-21)

05. **Military Separation Pay.** Military separation pay received for voluntary or involuntary separation from active military service is not considered military service compensation. Therefore, Subsection 032.04 of this rule does not apply. (7-1-21)

   a. Military separation pay is included in Idaho taxable income only if the recipient is domiciled in or residing in Idaho when the separation pay is received. (7-1-21)

   b. For purposes of this rule, a former active duty servicemember whose home of record at the time of separation from the military was a state other than Idaho is not deemed to be residing in Idaho if he moves from Idaho within thirty (30) days from the date of separation from active duty. (7-1-21)

06. **Nonmilitary Income.** All Idaho source income earned by a servicemember is subject to Idaho taxation except as expressly limited by the Idaho Income Tax Act and these rules. (7-1-21)

07. **Spouses of Servicemembers.** Beginning on January 1, 2009, Section 511 of the Servicemembers Civil Relief Act also applies to the spouse of a servicemember.

   a. If a spouse of a servicemember has the same domicile or state of residency for tax purposes as the servicemember, the spouse of the servicemember does not become an Idaho resident for income tax purposes by reason of being present in Idaho solely to be with the servicemember who is stationed in Idaho. (7-1-21)

   b. If a spouse of a servicemember and the servicemember are both Idaho residents for income tax purposes, the spouse of the servicemember does not lose his status as an Idaho resident for income tax purposes by reason of being absent from Idaho solely to be with the servicemember who is stationed outside of Idaho. (7-1-21)

   c. If the spouse is not a resident of Idaho for income tax purposes because of the reason stated in Paragraph 032.07.a. of this rule, income for services performed in Idaho by the spouse will not be deemed to be income from Idaho sources. (7-1-21)

033. **AMERICAN INDIANS (RULE 033).**

Section 63-3022S, Idaho Code

01. **Definitions.** For purposes of this rule:

   a. Enrolled member means an enrolled member of a federally recognized Indian tribe. (7-1-21)

   b. Indian reservation means a federally recognized Indian reservation. (7-1-21)

02. **Idaho Residency Status.** An American Indian must determine his Idaho residency status using the tests set forth in Sections 63-3013, 63-3013A, and 63-3014, Idaho Code. Membership in an Indian tribe does not affect that individual’s Idaho residency status. (7-1-21)

03. **Gambling Winnings.**

   a. Amounts received from gambling on an Indian reservation by an enrolled member who lives on the Indian reservation are not subject to Idaho tax. (7-1-21)

   b. Amounts received from gambling on an Indian reservation by an enrolled member who lives off the Indian reservation in Idaho are subject to Idaho tax. (7-1-21)
04. Per Capita Distributions.  
   a. Per capita distributions paid by an Indian tribe to an enrolled member who lives on the Indian reservation are tax-exempt by Idaho. 
   b. Per capita distributions paid by an Indian tribe to an enrolled member who resides off the reservation in Idaho are subject to Idaho tax. 

034. ESTATE -- RESIDENCY STATUS (RULE 034).  
Section 63-3015, Idaho Code

01. Resident Estates. An estate is treated as a resident estate if the decedent was domiciled in Idaho on the date of his or her death. If the estate is other than an estate of a decedent, it is treated as a resident estate if the person for whom the estate was created is a resident of Idaho. 

02. Nonresident Estates. If the estate does not qualify as a resident estate, it is treated as a nonresident estate. The tax liability of a nonresident estate is computed in the same manner as a nonresident individual. 

035. TRUSTS -- RESIDENCY STATUS (RULE 035).  
Section 63-3015, Idaho Code

01. Resident Trusts. A trust other than a qualified funeral trust is treated as a resident trust if three (3) or more of the following conditions exist: 
   a. The domicile or residency of the grantor is in Idaho; 
   b. The trust is governed by Idaho law; 
   c. The trust has real or tangible personal property located in Idaho; 
   d. The domicile or residency of a trustee is in Idaho; 
   e. The administration of the trust takes place in Idaho. Administration of the trust includes conducting trust business, investing assets of the trust, making administrative decisions, record keeping and preparation and filing of tax returns. 

02. Qualified Funeral Trusts. A qualified funeral trust is treated as a resident trust under Section 63-3015, Idaho Code, if: 
   a. At the time of the initial funding of the trust, the trust was required to be established under the laws of Idaho; or 
   b. The requirement in Subsection 035.02.a. did not exist, but a funeral home or cemetery located in Idaho was identified to provide services or merchandise under the terms of a preneed contract requiring the establishment of the trust. 

03. Nonresident Trusts. If the trust does not qualify as a resident trust, it is treated as a nonresident trust. The tax liability of a nonresident trust is computed in the same manner as a nonresident individual. 

04. Residency Status of a Trust. For purposes of determining the residency status of a trust, no distinction is made between inter vivos trusts and testamentary trusts, or between revocable trusts and irrevocable trusts. 

036. -- 039. (RESERVED)

040. PART-YEAR RESIDENT (RULE 040).  
Section 63-3013A, Idaho Code
01. **In General.** A part-year Idaho resident is any individual who resides in or is domiciled in Idaho for only part of the taxable year. 

   a. An individual who has a place of abode in Idaho and is present in Idaho for other than a temporary or transitory purpose is deemed to reside in Idaho. 

   b. For the rules relating to the determination of an individual’s domicile, see Subsection 030.02 of these rules.

02. **Temporary or Transitory Purpose.** For purposes of this rule, an individual is not residing in Idaho if he is present in Idaho only for a temporary or transitory purpose. Likewise, an individual is not residing outside Idaho merely by his temporary or transitory absence from Idaho.

   a. The length of time in Idaho is only one factor in determining whether an individual is present for other than a temporary or transitory purpose. Other factors to be considered include business activity or employment conducted in Idaho, banking and other financial dealings taking place in Idaho, and family and social ties in Idaho. In general, an individual is present for other than a temporary or transitory purpose if his stay is related to a significant business, employment or financial purpose or the individual maintains significant family or social ties in Idaho.

   b. An individual is present in Idaho only for a temporary or transitory purpose if he does not engage in any activity or conduct in Idaho other than that of a vacationer, seasonal visitor, tourist, or guest.

   c. Presence in Idaho for ninety (90) days or more during a taxable year is presumed to be for other than a temporary or transitory purpose. To overcome the presumption, the individual must show that his presence was consistent with that of a vacationer, seasonal visitor, tourist or guest.

03. **Place of Abode.** An individual who owns a home in Idaho will not be treated as having a place of abode at that residence if the individual does not have the right to immediately occupy that residence. This definition does not apply for purposes of the federal foreign income exclusion and only applies for purposes of Sections 63-3013 and 63-3013A, Idaho Code.

   a. Example. An individual who is not domiciled in Idaho owns a home in Idaho that is leased to a third party for the entire taxable year. Since the individual does not have the right to immediately occupy the home, it is not treated as that individual’s abode for purposes of determining his residency status.

   b. Example. An individual who is not domiciled in Idaho owns a home in Idaho that is offered for rent. For the first three (3) months of the taxable year the home is not rented and remains vacant. During the final nine (9) months of the taxable year the home is leased to a third party. The individual will be treated as having a place of abode in Idaho during the first three (3) months of the taxable year since the individual had the right to immediately occupy the home. If the individual is present in Idaho during the first three (3) months of the taxable year for other than a temporary or transitory purpose, that individual will be deemed to reside in Idaho.

041. -- 044. (RESERVED)

045. **NONRESIDENT (RULE 045).** Sections 63-3014, 63-3026A, Idaho Code

   01. **Traveling Salesmen.**

       a. A nonresident salesman who works in Idaho is subject to Idaho taxation regardless of the location of his post of duty or starting point.

       b. If an individual is paid on a mileage basis, the gross income from sources within Idaho includes that portion of the total compensation for personal services that the number of miles traveled in Idaho bears to the total number of miles traveled within and without Idaho. If the compensation is based on some other measure, such as
hours, the total compensation for personal services must be apportioned between Idaho and other states and foreign countries in a manner that allocates to Idaho the portion of total compensation reasonably attributable to personal services performed in Idaho. See Rule 270 of these rules.

02. **Motor Carrier Employees Covered by Title 49, Section 14503, United States Code.** Compensation paid to an interstate motor carrier employee who has regularly assigned duties in more than one state is subject to income tax only in the employee’s state of residence. A motor carrier employee is defined in Title 49, Section 31132(2), United States Code, and includes:

- a. An operator, including an independent contractor, of a commercial motor vehicle;
- b. A mechanic;
- c. A freight handler; and
- d. An individual, other than an employer, who in the course of his employment directly affects commercial motor vehicle safety. Employees of the United States, a state, or a local government are not included.

Employer, as used in this rule, means a person engaged in business affecting interstate commerce that owns or leases a commercial motor vehicle in connection with that business, or assigns an employee to operate it. See Title 49, Section 31132(3), United States Code.

03. **Water Carrier Employees Covered by Title 46, Section 11108, United States Code.** Compensation paid to a water carrier employee is subject to income tax only in the employee’s state of residence if such employee:

- a. Is engaged on a vessel to perform assigned duties in more than one (1) state as a pilot licensed under Title 46, Section 7101, or licensed or authorized under the laws of a state; or
- b. Performs regularly assigned duties while engaged as a master, officer, or crewman on a vessel operating on the navigable waters of more than one (1) state.

04. **Air Carrier Employees Covered by Title 49, Section 40116(f), United States Code.** Compensation paid to an air carrier employee who has regularly assigned duties on aircraft in more than one state is subject to the income tax laws of only:

- a. The employee’s state of residence, and
- b. The state in which the employee earns more than fifty percent (50%) of the pay from the air carrier.

05. **Rail Carrier Employees Covered by Title 49, Section 11502, United States Code.** Compensation paid to an interstate rail carrier employee who performs regularly assigned duties on a railroad in more than one (1) state is subject to income tax only in the employee’s state of residence.

06. **Pension Income Covered by Title 4, Section 114, United States Code.** Pension income, including certain guaranteed payments made to a retired partner of a partnership, per Title 4, Section 114(b)(1)(I), United States Code, is subject to income tax only in the individual’s state of residence or domicile.

046. -- 049. (RESERVED)

050. **LIMITED LIABILITY COMPANIES (RULE 050).**

Section 63-3006A, Idaho Code

01. **Classification.** A limited liability company will be classified for Idaho income tax purposes the same as classified for federal income tax purposes as provided by the Internal Revenue Code.

02. **Application of Idaho Code and Rules.** Idaho income tax laws and administrative rules will apply.
according to the applicable classification of the limited liability company. For example, if a limited liability company has elected to be classified for income tax purposes as a partnership, Idaho’s income tax administrative rules that apply to partnerships will also apply to such limited liability company.

051. -- 074. (RESERVED)

075. TAX ON INDIVIDUALS, ESTATES, AND TRUSTS (RULE 075).
Section 63-3024, Idaho Code

01. In General. The tax rates applied to the Idaho taxable income of an individual, trust or estate for the latest five (5) years are identified in Subsection 075.03 of this rule. The Idaho income tax brackets are adjusted for inflation. The maximum tax rate as listed for the applicable taxable year in Subsection 075.03 of this rule applies in computing the tax attributable to the S corporation stock held by an electing small business trust. See Rule 078 of these rules.

02. Tax Computation.

a. The tax rates and income tax brackets listed in Subsection 075.03 of this rule are those for a single individual or married individuals filing separate returns.

b. The tax imposed on individuals filing a joint return, filing as a surviving spouse, or filing as a head of household is twice the tax that would be imposed on one-half (1/2) of the total Idaho taxable income of a single individual.

c. For example, if a married couple filing a joint return reports Idaho taxable income of thirty thousand dollars ($30,000), the tax is computed as if they had taxable income of fifteen thousand dollars ($15,000). The tax amount is multiplied by two (2).

03. Tables Identifying the Idaho Tax Rates and Income Tax Brackets.

a. For taxable years beginning in 2016:

<table>
<thead>
<tr>
<th>IF IDAHO TAXABLE INCOME IS</th>
<th>IDAHO TAX</th>
</tr>
</thead>
<tbody>
<tr>
<td>At least $1</td>
<td>But less than $1,454</td>

TAX ON TRUSTS — ELECTING SMALL BUSINESS TRUSTS (RULE 078).

Section 63-3024, Idaho Code

01. In General. The special rules for taxation of electing small business trusts as provided in Section 641, Internal Revenue Code, will apply for purposes of computing the Idaho income tax. These rules include the following:

a. The portion of an electing small business trust that consists of stock in one (1) or more S corporations will be treated as a separate trust.

b. The tax on the separate trust will be determined with the following modifications from the usual rules for taxing trusts:

i. The only items of income, loss, deduction, or credit to be taken into account are the items required to be taken into account as an S corporation shareholder under Section 1366, Internal Revenue Code, and any gain or loss from the disposition of stock in an S corporation.

ii. As provided in federal Treasury Regulations, administrative expenses will be taken into account to the extent allocable to the items described in Subparagraph 078.01.b.i.

iii. A deduction or credit will be allowed only for an amount described in this paragraph. No item described in this paragraph will be apportioned to any beneficiary.

c. A capital loss deduction provided by Section 1211(b), Internal Revenue Code, will be allowed only to the extent of capital gains.

02. Tax Rate Applied. The tax rates applied to the Idaho taxable income of a trust are identified in Rule 075 of these rules. For taxable years beginning on or after January 1, 2003, the maximum tax rate as listed for that taxable year in Subsection 075.03 will apply in computing the tax attributable to the S corporation stock held by an electing small business trust.

(7-1-21)T
100. ADJUSTMENTS TO TAXABLE INCOME -- IN GENERAL (RULE 100).
Section 63-3022, Idaho Code. Rules 101 through 249 of these rules discuss the additions to and subtractions from taxable income required when computing the Idaho taxable income of corporations, partnerships, and resident individuals, estates and trusts. For the rules relating to the adjustments to taxable income required of nonresident and part-year resident individuals and nonresident trusts and estates, see Rules 250 through 259 of these rules. (7-1-21)

101. -- 104. (RESERVED)

105. ADJUSTMENTS TO TAXABLE INCOME -- ADDITIONS REQUIRED OF ALL TAXPAYERS (RULE 105).
Section 63-3022, Idaho Code. The following items must be added by all taxpayers in computing Idaho taxable income.

01. State and Local Income Taxes. As provided in Section 63-3022(a), Idaho Code, state and local income taxes that are measured by net income and were deducted in computing taxable income must be added. This includes taxes paid to states other than Idaho and their political subdivisions, and amounts paid by an S corporation on capital gains, built-in gains, and excess net passive income. (7-1-21)

02. Net Operating Loss Deduction. As provided in Section 63-3022(b), Idaho Code, the amount of the net operating loss deduction included in taxable income must be added. (7-1-21)

03. Capital Loss or Passive Loss Carryover Deduction. As provided in Section 63-3022(i), Idaho Code:
   a. A corporation must add a capital loss or passive loss that was deducted in computing taxable income if the loss occurred during a taxable year when the corporation did not transact business in Idaho. However, a capital loss is not required to be added back where the corporation was part of a unitary group and at least one (1) member of the group was taxable by Idaho for the taxable year in which the loss was incurred. (7-1-21)
   b. An individual must add a capital loss or passive loss that was deducted in computing taxable income if the loss was incurred in an activity not taxable by Idaho at the time it was incurred. (7-1-21)

04. Interest and Dividend Income Exempt From Federal Taxation. As provided in Section 63-3022M, Idaho Code, certain interest and dividend income that is exempt from federal income tax must be added. For example, interest income from state and local bonds that is exempt from federal income tax pursuant to Section 103, Internal Revenue Code, must be added.
   a. Interest from bonds issued by the state of Idaho or its political subdivisions is exempt from Idaho income tax and, therefore, is not required to be added to taxable income. (7-1-21)
   b. If a taxpayer has both Idaho and non-Idaho state and municipal interest income, expenses not allowed pursuant to Sections 265 and 291, Internal Revenue Code, must be prorated between the Idaho and non-Idaho interest income as provided in Subsections 105.04.b.i. and 105.04.b.ii. The addition to taxable income required for non-Idaho state and municipal interest income must be offset by the expenses prorated to that interest income. The allowable offset may not exceed the reportable amount of interest income. An unused offset may not be carried back or carried over. A schedule showing the interest and related offsets must be attached to the return. (7-1-21)
      i. Expenses prorated to Idaho state and municipal interest income are based on the ratio of Idaho state and municipal interest income to total state and municipal interest income. (7-1-21)
      ii. Expenses prorated to non-Idaho state and municipal interest income are based on the ratio of non-Idaho state and municipal interest income to total state and municipal interest income. (7-1-21)

05. Interest Expense Attributable to Tax-Exempt Interest Income. As provided by Section 63-3022M, Idaho Code, a taxpayer must add interest expense on indebtedness incurred to purchase or carry certain obligations that produce tax-exempt interest income. Because this addition serves to offset the tax-exempt interest income, it is often referred to as an interest expense offset related to tax-exempt interest income. See Rule 115 of
these rules for the computation of the interest expense offset related to tax-exempt interest. (7-1-21)T

06. Special First-Year Depreciation Allowance. As provided by Section 63-3022O, Idaho Code, if a taxpayer claims the special first-year depreciation allowance on property acquired before 2008 or after 2009 pursuant to Section 168(k), Internal Revenue Code, the adjusted basis of that property and the depreciation deduction allowed for Idaho income tax purposes must be computed without regard to the special first-year depreciation allowance. The amount of depreciation computed for federal income tax purposes that exceeds the amount of depreciation computed for Idaho income tax purposes must be added. The adjustments required by this subsection do not apply to property acquired after 2007 and before 2010. (7-1-21)T

106. ADJUSTMENTS TO TAXABLE INCOME -- ADDITIONS REQUIRED ONLY OF CORPORATIONS (RULE 106).
Section 63-3022, Idaho Code. As provided in Section 63-3022(d), Idaho Code, add the federal dividends received deduction subtracted in computing taxable income. (7-1-21)T

107. ADJUSTMENTS TO TAXABLE INCOME -- ADJUSTMENTS REQUIRED ONLY OF TAXPAYERS REPORTING NONBUSINESS INCOME (RULE 107).
Section 63-3027(a)(4), Idaho Code. All deductions relating to the production of nonbusiness income will be allocated with the income produced. See Section 63-3027, Idaho Code, and Rules 330 through 336 of these rules for the definitions of business income and nonbusiness income. (7-1-21)T

108. ADJUSTMENTS TO TAXABLE INCOME -- ADDITIONS REQUIRED ONLY OF INDIVIDUALS (RULE 108).
Section 63-3022, Idaho Code

01. Lump Sum Distributions. As provided in Section 63-3022(k), Idaho Code, an individual must add the taxable amount of a lump sum distribution excluded from taxable income. (7-1-21)T

02. Withdrawals from an Idaho Medical Savings Account. As provided in Section 63-3022K, Idaho Code, an account holder must add the amount of a withdrawal from an Idaho medical savings account if the withdrawal was not made for the purpose of paying eligible medical expenses. See Rule 190 of these rules. (7-1-21)T

03. Withdrawals from an Idaho College Savings Program.

a. As provided in Section 63-3022(o), Idaho Code, an account owner must add the amount of any nonqualified withdrawal from an Idaho college savings program, less the amount included in the account owner’s gross income. The addition is limited to contributions previously exempt from Idaho state income tax and earnings generated from the program as long as the earnings are not already included in federal adjusted gross income. Nonqualified withdrawal is defined in Section 33-5401, Idaho Code. (7-1-21)T

b. As provided in Section 63-3022(p), Idaho Code, an account owner must add the amount of a withdrawal from an Idaho college savings program that is transferred on or after July 1, 2007 to a qualified tuition program operated by a state other than Idaho. For taxable years beginning on or after January 1, 2008, the addback is limited to the total of the amounts contributed to the Idaho college savings program that were deducted on the account owner’s Idaho income tax returns for the year of the transfer and the immediately preceding taxable year. (7-1-21)T

04. Certain Expenses of Eligible Educators. As provided in Section 63-3022O, Idaho Code, prior to January 1, 2012, an eligible educator as defined in Section 62, Internal Revenue Code, must add the amount of out-of-pocket classroom expenses deducted as allowed by Section 62, Internal Revenue Code, in computing adjusted gross income. (7-1-21)T

05. State and Local Sales Tax. As provided in Section 63-3022(j), Idaho Code, an individual must add the amount of state and local general sales taxes deducted as an itemized deduction. (7-1-21)T

109. ADJUSTMENTS TO DISTRIBUTABLE NET INCOME OF ESTATES AND TRUSTS (RULE 109).
Section 63-3022, Idaho Code. As provided in Section 63-3022(g), Idaho Code, an estate or trust will make the adjustments that are required of individuals as provided in Section 63-3022, Idaho Code, in determining the Idaho
taxable income of the beneficiary of an estate or trust. (7-1-21)T

110. -- 114. (RESERVED)

115. INTEREST EXPENSE OFFSET RELATED TO TAX-EXEMPT INTEREST INCOME (RULE 115).
Section 63-3022M, Idaho Code

01. In General. The interest expense offset provided by Section 63-3022M, Idaho Code, is a separate and distinct adjustment from provisions in the Internal Revenue Code that disallow interest expense related to federal tax-exempt interest. (7-1-21)T

02. Tax-Exempt Interest Income. For purposes of computing the interest expense offset attributable to tax-exempt interest income, tax-exempt interest income means interest on qualifying obligations of the United States and interest on qualifying obligations of the state of Idaho, its cities, and political subdivisions. (7-1-21)T

a. If a taxpayer owns an interest in a pass-through entity, that entity’s tax-exempt income is to also be included to the extent of the taxpayer’s interest. (7-1-21)T

b. Interest income that is only partially exempt for federal purposes is not included. Also, expenses related to tax-exempt interest income such as adjustments provided by Sections 265 and 291, Internal Revenue Code, are not included. (7-1-21)T

03. Total Income. For purposes of computing the interest expense offset, total income is to be computed as follows: (7-1-21)T

a. Corporations.

i. Total income equals the amount reported as total income on Form 1120, U.S. Corporation Income Tax Return, for domestic corporations, plus the amount reported as total income on Form 1120F, U.S. Income Tax Return of a Foreign Corporation, for foreign corporations engaged in a U.S. trade or business, plus the amount of tax-exempt interest income not included in total income on Form 1120 and Form 1120F, plus the amount reported as nonexempt foreign trade income on Schedule B of Form 1120-FSC, Income Tax Return of a Foreign Sales Corporation, less the amount of foreign dividend gross-up included in federal income pursuant to Section 78, Internal Revenue Code. (7-1-21)T

ii. If a taxpayer files a return using the worldwide combined reporting method, total income also includes the amount reported as total income on Schedule C of Form 5471, Information Return of U.S. Persons With Respect to Certain Foreign Corporations, for each foreign corporation included in the combined report. (7-1-21)T

iii. If the corporation is a partner in a partnership, total income also includes the corporation’s distributive share of the partnership’s total income as reported on page one (1) of Form 1065, U.S. Partnership Return of Income, to the extent this amount is not included in total income on Form 1120. (7-1-21)T

iv. Intercompany amounts are to be eliminated to the extent included in these amounts. (7-1-21)T

b. S Corporations.

i. Total income is to equal the amount reported as total income on Form 1120S, U.S. Income Tax Return for an S Corporation, plus the amounts reported as net income from rental real estate activities, net income from other rental activities, interest income, dividend income, royalty income, net short-term and long-term capital gains, other portfolio income, net gain under Section 1231, and other income as listed on Schedule K, plus the amount of tax-exempt interest income not included on Form 1120S. (7-1-21)T

ii. If the S corporation is a partner in a partnership, total income also includes the appropriate partnership amounts as provided in Subsection 115.03.a.iii. (7-1-21)T

c. Partnerships.
i. Total income is to equal the amount reported as total income on Form 1065, U.S. Partnership Return of Income, plus the amounts reported as net income from rental real estate activities, net income from other rental activities, interest income, dividend income, royalty income, net short-term and long-term capital gains, other portfolio income, net gain under Section 1231, and other income as listed on Schedule K, plus the amount of tax-exempt interest income not included on Form 1065. (7-1-21)

ii. If the partnership is a shareholder in an S corporation, total income also includes the partnership’s distributive share of the S corporation’s total income as reported on page one (1) of the Form 1120S, U.S. Income Tax Return for an S Corporation, to the extent this amount is not included in total income on Form 1065. (7-1-21)

d. Individuals. (7-1-21)

i. Total income is to equal the amount reported as total income on Form 1040, U.S. Individual Income Tax Return. (7-1-21)

ii. If the individual is a partner in a partnership, total income also includes the individual’s distributive share of the partnership’s total income as reported on page one (1) of Form 1065, U.S. Partnership Return of Income, to the extent this amount is not included in total income on Form 1040. (7-1-21)

iii. If the individual is a shareholder in an S corporation, total income also includes the individual’s distributive share of the S corporation’s total income as reported on page one (1) of the Form 1120S, U.S. Income Tax Return for an S Corporation, to the extent this amount is not included in total income on Form 1040. (7-1-21)

iv. Total income also includes the amount of tax-exempt interest income not included on Form 1040, plus his share of the amount not included on Forms 1065 and 1120S. (7-1-21)

04. Unitary Taxpayers. The interest expense offset is to be computed at the combined group level, not within each corporate entity. Total income, interest expense, and tax-exempt interest amounts from each member of the combined group are used in computing the interest expense offset. (7-1-21)

116. EXPENSES OTHER THAN INTEREST ATTRIBUTABLE TO TAX-EXEMPT INCOME (RULE 116).
Section 63-3022M, Idaho Code

01. Directly Allocable Expenses. Expenses, other than interest, that are directly allocable to exempt interest or dividend income, is to be allocated to such income and no deduction is to be allowed for such allocated expenses. (7-1-21)

02. Indirectly Allocable Expenses. If an expense is indirectly allocable to both a class of nonexempt income and exempt interest or dividend income, a reasonable portion of such expense determined in the light of all the facts and circumstances in each case is to be allocated to each class. No deduction is allowed for expenses indirectly allocated to exempt interest or dividend income. (7-1-21)

117. -- 119. (RESERVED)

120. ADJUSTMENTS TO TAXABLE INCOME -- SUBTRACTIONS AVAILABLE TO ALL TAXPAYERS (RULE 120).
Section 63-3022, Idaho Code. The following items are allowable subtractions to all taxpayers in computing Idaho taxable income. (7-1-21)

01. State and Local Income Tax Refunds. State and local income tax refunds included in taxable income may be subtracted, unless the refunds have already been subtracted pursuant to Section 63-3022(a), Idaho Code. (7-1-21)

02. Idaho Net Operating Loss. As provided in Section 63-3022(c), Idaho Code, an Idaho net operating loss deduction described in Section 63-3021, Idaho Code, and allowed by Section 63-3022(c), Idaho Code,
and Rules 200 through 210 of these rules may be subtracted. An S corporation or a partnership that incurs a loss is not entitled to claim a net operating loss deduction. The loss is passed through to the shareholders and partners who may deduct the loss.

03. Income Not Taxable by Idaho. As provided in Section 63-3022(f), Idaho Code, income that is exempt from Idaho income taxation by a law of the state of Idaho or of the United States may be subtracted if that income is included in taxable income and has not been previously subtracted. Income exempt from taxation by Idaho includes the following:

a. Interest income from obligations issued by the United States Government. Gain recognized from the sale of United States Government obligations is not exempt from Idaho tax and, therefore, may not be subtracted from taxable income. For the interest expense offset, see Rule 115 of these rules.

b. Idaho lottery prizes exempt by Section 67-7439, Idaho Code. For prizes awarded on lottery tickets purchased in Idaho after January 1, 1998, a subtraction is allowed for each lottery prize that is less than six hundred dollars ($600). If a prize equals or exceeds six hundred dollars ($600), no subtraction is allowed. The full amount of the prize is included in income.

c. Certain income from loss recoveries. See Rule 195 of these rules.

04. Technological Equipment Donation. As provided by Section 63-3022J, Idaho Code, and Rule 180 of these rules, the lower of cost or fair market value of technological equipment donated to qualifying institutions may be subtracted, limited to the Idaho taxable income of the taxpayer.

05. Long-Term Care Insurance. As provided in Section 63-3022Q, Idaho Code, a deduction from taxable income is allowed for the amount of the premiums paid during the taxable year for qualifying long-term care insurance for the benefit of the taxpayer, a dependent of the taxpayer or an employee of the taxpayer to the extent the premiums have not otherwise been deducted or accounted for by the taxpayer for Idaho income tax purposes. See Rule 193 of these rules.

06. Special First-Year Depreciation Allowance. As provided by Section 63-3022O, Idaho Code, if a taxpayer claims the special first-year depreciation allowance on property acquired before 2008 or after 2009 pursuant to Section 168(k), Internal Revenue Code, the adjusted basis of that property and the depreciation deduction allowed for Idaho income tax purposes must be computed without regard to the special first-year depreciation allowance. The adjustments required by this subsection do not apply to property acquired after 2007 and before 2010.

a. Depreciation. The amount of depreciation computed for Idaho income tax purposes that exceeds the amount of depreciation computed for federal income tax purposes may be subtracted.

b. Gains and losses. During the recovery period, the adjusted basis of depreciable property computed for federal income tax purposes will be less than the adjusted basis for Idaho income tax purposes as a result of claiming the special first-year depreciation allowance. If a loss qualifies as a capital loss for federal income tax purposes, the federal capital loss limitations and carryback and carryover provisions apply in computing the Idaho capital loss allowed.

t. If a sale or exchange of property results in a gain for both federal and Idaho income tax purposes, a subtraction is allowed for the difference between the federal and Idaho gains computed prior to any applicable Idaho capital gains deduction.

ii. If a sale or exchange of property results in a gain for federal income tax purposes and an ordinary loss for Idaho income tax purposes, the federal gain and the Idaho loss must be added together and the total may be subtracted. For example, if a taxpayer has a federal gain of five thousand dollars ($5,000) and an Idaho loss of four thousand dollars ($4,000), the amount subtracted would be nine thousand dollars ($9,000).

iii. If a sale or exchange of property results in an ordinary loss for both federal and Idaho income tax purposes, the difference between the federal and Idaho losses may be subtracted. For example, if a taxpayer has a federal loss of three hundred dollars ($300) and an Idaho loss of five hundred dollars ($500), the amount subtracted...
would be two hundred dollars ($200). (7-1-21)T

iv. If a sale or exchange of property results in a capital loss for both federal and Idaho income tax purposes, apply the capital loss limitations and subtract the difference between the federal and Idaho deductible capital losses. For example, if a taxpayer has a federal capital loss of six thousand dollars ($6,000) and an Idaho capital loss of eight thousand dollars ($8,000), both the federal and Idaho capital losses are limited to a deductible capital loss of three thousand dollars ($3,000). In this case, no subtraction is required for the year of the sale. In the next year, assume the taxpayer had a capital gain for both federal and Idaho purposes of two thousand dollars ($2,000). The capital loss carryovers added to the capital gain results in a federal deductible capital loss of one thousand dollars ($1,000) and an Idaho deductible capital loss of three thousand dollars ($3,000). The taxpayer would subtract the difference between the federal and Idaho deductible losses or two thousand dollars ($2,000) in computing Idaho taxable income. (7-1-21)T

07. **Income Restored Under Federal Claim of Right.** As provided by Section 63-3022F, Idaho Code, if a taxpayer included an item in Idaho taxable income in a prior taxable year and was later required to restore the item because it was established after the close of the prior taxable year that the taxpayer did not have an unrestricted right to such item or to a portion of the item, such taxpayer is allowed a deduction in determining Idaho taxable income if the taxpayer has not otherwise deducted such item in computing his taxable income. The deduction is allowed to the extent such deduction would have been allowed to the taxpayer under Section 1341, Internal Revenue Code, had the taxpayer claimed the deduction instead of the recalculation of federal tax, but only to the extent the item was included in Idaho taxable income in the prior taxable year. (7-1-21)T

121. **ADJUSTMENTS TO TAXABLE INCOME -- SUBTRACTIONS AVAILABLE ONLY TO INDIVIDUALS (RULE 121).** Section 63-3022, Idaho Code

01. **Income Not Taxable by Idaho.** As provided in Section 63-3022(f), Idaho Code, subtract the amount of income that is exempt from Idaho income tax if included in taxable income. Income exempt from taxation by Idaho includes the following: (7-1-21)T

   a. Certain income earned by American Indians. See Rule 033 of these rules. (7-1-21)T

   b. Retirement payments received pursuant to the old Teachers’ Retirement System. Prior to its repeal on July 1, 1967, the old Teachers’ Retirement System was codified at Title 33, Chapter 13, Idaho Code. Teachers who were employed by the state of Idaho and who retired on or after January 1, 1966, generally do not qualify for this exemption. Teachers who were not state employees and who retired on or after January 1, 1968, do not qualify. Teachers receiving benefits pursuant to the Public Employees’ Retirement System, Title 59, Chapter 13, Idaho Code, do not qualify for the exemption. No exemption is provided for amounts received from other states, school districts outside Idaho, or any other source if the proceeds do not relate to teaching performed in Idaho. (7-1-21)T

02. **Military Compensation for Service Performed Outside Idaho.** As provided in Section 63-3022(h), Idaho Code, certain members of the United States Armed Forces may deduct from taxable income their military service pay received for military service performed outside Idaho. See Rule 032 of these rules. (7-1-21)T

03. **Standard or Itemized Deduction.** As provided in Section 63-3022(j), Idaho Code, deduct either the standard deduction amount as defined in Section 63, Internal Revenue Code, or the itemized deductions allowed by the Internal Revenue Code. If itemized deductions are limited pursuant to the Internal Revenue Code, they are also limited for Idaho income tax purposes. (7-1-21)T

   a. If state and local income or general sales taxes are included in itemized deductions for federal purposes pursuant to Section 164, Internal Revenue Code, they will be added to taxable income. If itemized deductions are limited pursuant to Section 68, Internal Revenue Code, the amount of state and local income or general sales taxes added back will be computed by dividing the amount of itemized deductions that are allowed to the taxpayer after all federal limitations by total itemized deductions before the Section 68 limitation. For taxable years beginning in or after 2007, this proration will be calculated four (4) digits to the right of the decimal point. If the fifth digit is five (5) or greater, the fourth digit is rounded to the next higher number ($10,000/$15,000 = .66666 = .6667 = 66.67%). If the fifth digit is less than five (5), the fourth digit remains unchanged and any digits remaining to
its right are dropped ($10,000/$30,000 = .33333 = .3333 = 33.33%). The percentage may not exceed one hundred percent (100%) nor be less than zero (0). The result is then applied to state and local income or general sales taxes to determine the Idaho state and local income and general sales tax addback. See Rule 105 of these rules. (7-1-21)

b. If an itemized deduction allowable for federal income tax purposes is reduced for the mortgage interest credit or the foreign tax credit, the amount that would have been allowed if the federal credit had not been claimed is allowed as an itemized deduction. (7-1-21)

c. For taxable years beginning on or after January 1, 2000, the standard deduction allowed on a married filing joint return will be equal to two (2) times the basic standard deduction for a single individual. Add to this amount any additional standard deduction for the aged or blind allowed for federal income tax purposes. (7-1-21)

04. Social Security and Railroad Retirement Benefits. As provided in Section 63-3022(l), Idaho Code, subtract from taxable income the amount of social security and certain railroad retirement benefits included in gross income pursuant to Section 86, Internal Revenue Code. (7-1-21)

a. The term social security benefits includes United States social security benefits and Canadian social security pensions received by a United States resident that are treated as United States social security benefits for United States income tax purposes. (7-1-21)

b. The term certain railroad retirement benefits means the following amounts paid by the Railroad Retirement Board: (7-1-21)

i. Annuities, supplemental annuities, and disability annuities, including the Tier I social security equivalent benefits, and the Tier II pension amounts; (7-1-21)

ii. Railroad unemployment; and (7-1-21)

iii. Sickness benefits. (7-1-21)

05. Self-Employed Worker's Compensation Insurance Premiums. As provided in Section 63-3022(m), Idaho Code, self-employed individuals may subtract from taxable income the premiums paid to secure worker’s compensation insurance for coverage in Idaho if the premiums have not been previously deducted in computing taxable income. The term worker’s compensation insurance means “workmen’s compensation” as defined in Section 41-506(d), Idaho Code. Premiums paid to secure worker’s compensation insurance coverage are those payments made in compliance with Section 72-301, Idaho Code. (7-1-21)

06. Retirement Benefits. As provided in Section 63-3022A, Idaho Code, and Rule 130 of these rules, a deduction from taxable income is allowed for certain retirement benefits. (7-1-21)

07. Energy Efficiency Upgrades. As provided in Section 63-3022B, Idaho Code, and Rule 140 of these rules, a deduction from taxable income is allowed for qualified expenses related to the installation of energy efficiency upgrades in the residence of the taxpayer built or subject to an outstanding building permit on or before 2002. (7-1-21)

08. Alternative Energy Devices. As provided in Section 63-3022C, Idaho Code, and Rule 150 of these rules, a deduction from taxable income is allowed for qualified expenses related to the acquisition of an alternative energy device used in an Idaho residence of the taxpayer. (7-1-21)

09. Household and Dependent Care Services. As provided in Section 63-3022D, Idaho Code, and Rule 160 of these rules, a deduction from taxable income is allowed for certain employment related expenses incurred for the care of qualifying individuals. (7-1-21)

10. Household Deduction for Elderly or Developmentally Disabled Dependents. As provided in Section 63-3022E, Idaho Code, and Rule 165 of these rules, a deduction from taxable income is allowed for maintaining a household where an elderly or developmentally disabled family member resides. (7-1-21)
11. Reparations to Displaced Japanese Americans. As provided in Section 63-3022G, Idaho Code, certain individuals are allowed a deduction for amounts included in taxable income relating to reparation payments from the United States Civil Liberties Public Education Fund.

12. Capital Gains. As provided in Section 63-3022H, Idaho Code, and Rules 170 through 173 of these rules, a deduction from taxable income may be allowed for net capital gains recognized from the sale of qualified Idaho property.

13. Adoption Expenses. As provided in Section 63-3022I, Idaho Code, and Rule 185 of these rules, a deduction from taxable income is allowed for certain expenses incurred when adopting a child.

14. Idaho Medical Savings Account. As provided in Section 63-3022K, Idaho Code, and Rule 190 of these rules, a deduction from taxable income is allowed for qualifying contributions to and interest earned on an Idaho medical savings account.

15. Idaho College Savings Program. As provided in Section 63-3022(n), Idaho Code, a deduction from taxable income is allowed for qualifying contributions to a college savings program.

16. Health Insurance Costs. A deduction from taxable income is allowed for the amounts paid by the taxpayer during the taxable year for insurance that constitutes medical care, as defined in Section 63-3022P, Idaho Code, for the taxpayer, the spouse or dependents of the taxpayer not otherwise deducted or accounted for by the taxpayer for Idaho income tax purposes. See Rule 193 of these rules.

17. Unused Net Operating Losses of Estates and Trusts. An unused net operating loss carryover remaining on termination of an estate or trust is allowed to the beneficiaries succeeding to the property of the estate or trust. The carryover amount is the same in the hands of the beneficiaries as in the hands of the estate or trust. For taxable years beginning on and after January 1, 2000, but prior to January 1, 2013, the first one hundred thousand dollars ($100,000) of loss sustained in any taxable year of an estate or trust must first be carried back by the estate or trust unless an election has been made as provided by Section 63-3022(c), Idaho Code, to forego the carryback. The first taxable year of the beneficiaries to which the net operating loss is to be carried is the taxable year of the beneficiary in which the estate or trust terminates. No part of a net operating loss incurred by an estate or trust can be carried back by a beneficiary, even if the estate or trust had no preceding taxable years eligible for a carryback. For purposes of determining the number of years to which a loss may be carried over by a beneficiary, the last taxable year of the estate or trust and the first taxable year of the beneficiary to which a loss is carried over each constitute a taxable year. For taxable years beginning on and after January 1, 2013, the first one hundred thousand ($100,000) of loss sustained in any taxable year of an estate or trust may be carried back by the estate or trust if an amended return carrying the loss back is filed within one (1) year of the end of the taxable year of the net operating loss that results in such carryback.
would have paid is to be computed as provided by Section 63-3027, Idaho Code, net of any applicable income tax credits. (7-1-21)T

c. The taxpayer claiming the deduction is to include in its Idaho income tax return for the year the deduction is claimed information that it is entitled to the deduction. Such information is to include the amount of the stock insurance subsidiary’s Idaho premium tax for the preceding taxable year and the amount of Idaho income tax it would have paid for such year. (7-1-21)T

123. -- 124. (RESERVED)

Section 63-3022O, Idaho Code

01. In General. Section 63-3022O, Idaho Code, requires that when computing Idaho taxable income, the amount of the adjusted basis of depreciable property, depreciation, and gains and losses from the sale, exchange, or other disposition of depreciable property acquired after September 10, 2001, and before December 31, 2007, or acquired after December 31, 2009, must be computed without regard to bonus depreciation allowed by Section 168(k), Internal Revenue Code. In order to meet this requirement, a taxpayer must be consistent in making the Idaho adjustments required for all the taxable years in which federal bonus depreciation is claimed. See Subsection 125.02 of this rule. The adjustments required by this rule do not apply to property acquired after 2007 and before 2010. (7-1-21)T

02. Depreciation. (7-1-21)T

a. If a taxpayer makes the Idaho addition in the first taxable year bonus depreciation was claimed for federal income tax purposes, in the subsequent taxable years the taxpayer is entitled to the Idaho subtractions for the additional depreciation computed for Idaho income tax purposes that exceeds the amount of depreciation claimed for federal income tax purposes. (7-1-21)T

b. If a taxpayer fails to make the Idaho addition in the first taxable year bonus depreciation was claimed for federal income tax purposes, the taxpayer is not entitled to claim the Idaho subtractions for additional depreciation in subsequent taxable years. In such instances, claiming an Idaho subtraction for additional depreciation when the first year Idaho addition was not claimed constitutes computing depreciation with regard to Section 168(k), Internal Revenue Code, which is specifically prohibited in Section 63-3022O(1), Idaho Code. For example, the Idaho addition is required for a taxable year when the bonus depreciation is claimed even though the taxpayer may be limited in claiming a passive loss from a pass-through entity in which the bonus depreciation arose. If the bonus depreciation is not added back in that taxable year, the Idaho subtractions are not allowed in the subsequent taxable years. (7-1-21)T

c. The Idaho adjustments are required in all taxable years in which the taxpayer has an Idaho filing requirement or is a member of a combined group of corporations in which at least one member has an Idaho filing requirement. If the taxpayer is not required to file an Idaho income tax return for one (1) or more years in which depreciation may be claimed, the taxpayer may claim the Idaho adjustment in the taxable years in which an Idaho return is filed if all such taxable years are treated consistently. (7-1-21)T

d. Example. A corporation transacted business in California and Oregon during taxable year 2003. In 2004, the taxpayer began transacting business in Idaho and was required to file an Idaho corporation income tax return for that year. On the federal return filed for 2003, the taxpayer claimed bonus depreciation for assets placed in service that year. Because the taxpayer was not required to file an Idaho corporation income tax return for 2003, there was no Idaho bonus depreciation addition required of the taxpayer. In 2004, the second year of depreciation for the assets placed in service in 2003, the taxpayer was required for Idaho income tax purposes to compute depreciation on the assets as if bonus depreciation had not been claimed. The difference in the amount of Idaho depreciation and the depreciation claimed for federal income tax purposes for 2004 would be allowed to the taxpayer as an Idaho subtraction since the taxpayer was required to file an Idaho corporation income tax return for that year. Assuming the taxpayer files an Idaho corporation income tax return for the remaining years when depreciation on the assets is
allowed, the taxpayer will be allowed the Idaho subtraction in those years for the difference in the Idaho and federal
depreciation amounts. If the corporation transacted business in Idaho during 2003 only, the return filed for that year
should reflect the Idaho addition for the difference in the amount of Idaho depreciation and the depreciation claimed
for federal income tax purposes, even though the subtractions will not apply in subsequent years. (7-1-21)

126. -- 127. (RESERVED)

128. IDAHO ADJUSTMENTS -- PASS-THROUGH ENTITIES (RULE 128).

01. In General. An adjustment to a partnership, S corporation, estate or trust allowed or required by
Idaho statute generally is claimed on the income tax returns of the partners, shareholders, or beneficiaries of the
depreciation. (7-1-21)
a. Partnerships. An adjustment passes through to a partner based on that partner’s distributive share of
partnership profits. (7-1-21)
b. S Corporations. An adjustment passes through to a shareholder based on that shareholder’s pro rata
share of income or loss. (7-1-21)
c. Estates and Trusts. An adjustment passes through to a beneficiary in the same ratio that income is
allocable to that beneficiary. (7-1-21)

02. Limitations. Deductions claimed on a partner’s, shareholder’s, or beneficiary’s tax return may not
exceed the limitations imposed by statute or rule. (7-1-21)

03. Different Taxable Year Ends. If a pass-through entity has a taxable year end different from that of
a partner, shareholder, or beneficiary, the adjustment is to be claimed in the same taxable year that income or loss
from that entity is reported for federal income tax purposes. (7-1-21)

04. Information Provided by a Pass-Through Entity. The pass-through entity will prepare and
distribute to each partner, shareholder, or beneficiary a schedule detailing the proportionate share of each adjustment.
Copies of these schedules is to be attached to the pass-through entity’s Idaho income tax return or information return
for the taxable year that the adjustment is allowed or required. (7-1-21)

05. Pass-Through Entities That Pay Tax. Generally, a pass-through entity is to report the same Idaho
adjustments as those allowed to the individual partner, shareholder, or beneficiary for whom the pass-through entity is
paying the tax. However, certain deductions that may be allowed to the individual if reporting and paying the tax is
not allowed to the pass-through entity.

a. See Rule 291 of these rules for information on computing the taxable income on which a pass-
through entity is to be subject to tax. (7-1-21)
b. See Subsection 173.01 of these rules for the disallowance of an Idaho capital gains deduction to a
pass-through entity paying the tax for an electing owner or beneficiary. (7-1-21)

129. (RESERVED)

130. DEDUCTION OF CERTAIN RETIREMENT BENEFITS (RULE 130).

Section 63-3022A, Idaho Code

01. Qualified Benefits. Subject to limitations, the following benefits qualify for the deduction:

a. Retirement annuities paid to a retired civil service employee. For purposes of this deduction a
retired civil service employee is an individual who is receiving retirement annuities paid under the Civil Service
Retirement System, the Foreign Service Retirement and Disability System, or the offset programs of these systems.
An individual is entitled to benefits from this retirement system only if he established eligibility prior to 1984.
Retirement annuities paid to a retired federal employee under the Federal Employees Retirement System generally do not qualify for the deduction. Retirement annuities received under the Federal Employees Retirement System by a retiree previously covered under the Civil Service Retirement System qualify to the extent the retiree establishes the portion of the annuity attributable to coverage under the Civil Service Retirement System.

b. Retirement benefits paid as a result of participating in the firemen’s retirement fund of the state of Idaho as authorized by Title 72, Chapter 14, Idaho Code. A fireman is entitled to benefits from this fund only if he established eligibility as a paid fireman prior to October 1, 1980. Retirement benefits paid out of the public employee’s retirement system do not qualify for the deduction.

c. Retirement benefits paid to a retired Idaho city police officer:

i. By a city or its agent in regard to a policeman’s retirement fund that no longer admits new members and on January 1, 2012, was administered by a city in this state; or

ii. In regard to a policeman’s retirement fund that no longer admits new members and on January 1, 2012, was administered by the public employee retirement system of Idaho; or

iii. By the public employee retirement system of Idaho to a retired police officer in regard to Idaho employment not included in the federal social security retirement system; or

iv. An unremarried widow or widower of a person described in Subparagraph 130.01.c.i., 130.01.c.ii., or 130.01.c.iii. of this rule.

d. Retirement benefits paid by the United States Government to a retired member of the military services.

02. Unremarried Widow or Widower. An unremarried widow or widower of a retired civil service employee, retired policeman, retired fireman, or retired member of the military services, who is sixty-five (65) or older, or sixty-two (62) and disabled, is eligible for the deduction, even though the deceased spouse was not eligible at the time of death. In this situation, the amount of the retirement benefits that can be considered for the deduction for the taxable year of the spouse’s death is limited to the benefits paid to the spouse as a widow or widower.

a. Example. In year one (1), the husband of a married couple filing a joint income tax return received civil service retirement. The husband did not qualify for the Idaho retirement deduction that year since he was not disabled and was only age sixty (60) during that year. In year two (2) the husband died. Because his wife is age sixty-three (63) and disabled in that year, she is eligible for the deduction for year two (2) but only for the amount of her husband’s retirement benefits she received that year as a result of being the widow. She may not include in the computation of the deduction any amounts her husband was paid or entitled to prior to his death. For year three (3), she may compute the deduction based on all the retirement benefits she receives as the widow that year.

b. Example. Assume the same facts as stated in Paragraph 130.02.a, of this rule, except that the wife is not disabled and does not reach age sixty-five (65) until year four (4). In year one (1) the husband did not qualify for the Idaho retirement deduction. In year two (2) the husband did not qualify for the deduction and the wife did not qualify after her husband died. In year three (3), the wife did not qualify. In year four (4), because the wife reaches age sixty-five (65) during that year, she is entitled to the Idaho retirement deduction on the amount of her husband’s retirement she received that year as a result of being a widow.

c. Example. Once the widow remarries, she will not be eligible for the Idaho retirement deduction for that year and the years that follow on the amounts she receives from her previous husband’s retirement.

03. Married Individuals Filing Separate Returns. Married individuals who elect to file married filing separate are not entitled to the deduction allowed by Section 63-3022A, Idaho Code.

04. Publication of Maximum Deduction. The maximum deduction that may be subtracted when computing Idaho taxable income will be published each year in the instructions for preparing Idaho individual
income tax returns. (7-1-21)T

05. Disabled Individual. For purposes of this deduction, an individual is classified as disabled if he meets the requirements of Section 63-701, Idaho Code, or an individual who qualifies as a person with a “permanent disability” under Section 49-117 (7) (b) (iv), Idaho Code. This includes:

a. An individual recognized as disabled by the Social Security Administration pursuant to Title 42, United States Code, or by the Railroad Retirement Board pursuant to Title 45, United States Code, or by the Office of Management and Budget pursuant to Title 5, United States Code; or

b. A disabled veteran of any war engaged in by the United States, whose disability is recognized as a service-connected disability of a degree of ten percent (10%) or more, or who has a pension for nonservice-connected disabilities, in accordance with laws and regulations administered by the United States Veterans Administration. (7-1-21)T

131. -- 139. (RESERVED)

140. DEDUCTION FOR ENERGY EFFICIENCY UPGRADES (RULE 140).
Section 63-3022B, Idaho Code

01. Qualifying Date. The energy efficiency upgrade must be installed in a residence of the taxpayer, or addition to a residence, that existed on or before January 1, 2002. A residence, or addition to a residence, constructed after January 1, 2002, does not qualify. (7-1-21)T

02. Qualifying Residence. The residence must be the primary residence of the taxpayer and must be located in Idaho. (7-1-21)T

03. Energy Efficiency Upgrade Measure Definition. “Energy efficiency upgrade measure” means an energy efficiency improvement to the building envelope or duct system that meets or exceeds the minimum value for the improved component established by the version of the international energy conservation code (IECC) in effect in Idaho during the taxable year in which the improvement is made or accrued. The IECC in effect in Idaho refers to the version most recently adopted by the Idaho Building Code Board, including amendments made by the Board. See the Board’s administrative rules at IDAPA 07.03.01, “Rules of Building Safety,” Section 004. (7-1-21)T

04. Siding. Siding is not considered an energy efficiency upgrade. If a layer of insulation is placed beneath siding, the cost of the insulation is deductible if it otherwise qualifies. If the siding consists of an outer shell for protection against the weather and an inner layer of insulating material, the insulating material qualifies if the cost is separately identified by the seller. (7-1-21)T

141. -- 149. (RESERVED)

150. DEDUCTION FOR ALTERNATIVE ENERGY DEVICES (RULE 150).
Section 63-3022C, Idaho Code

01. Qualifying Residence. The deduction applies only to a residence of an individual and does not apply to rental housing, unless the renter, rather than the owner, installs and pays for the device. (7-1-21)T

02. Converted Rental Unit. If a residence served by an alternative energy device is converted by the owner from a rental unit to his residence, the owner is entitled to any remaining allowable deduction for the year of the conversion based on the portion of the year that the residence served as his residence. For each subsequent year, the owner is entitled to the full amount of the allowable deduction for that year assuming the residence continues to be the owner’s residence. (7-1-21)T

03. Purchase of a Residence. If a residence served by an alternative energy device is sold, both the seller and the buyer are entitled to a portion of the allowable deduction for the year of the sale based on the fraction of the year each individual had ownership of the residence. The new owner is entitled to any allowable deduction remaining for each subsequent year. The deduction is allowed even if the new owner previously rented the residence
as his personal residence. No more than a five thousand dollar ($5,000) deduction may be prorated in any year.

04. Common Distribution System.

a. If the alternative energy device is dependent on and a part of a common distribution system such as a common solar collector facility or a common pipeline that distributes geothermally heated water, the common system is an alternative energy device if owned by the users of the facility.

b. For purposes of determining the amount of the deduction, each common owner may claim the cost of the portion of the alternative energy system owned solely by that owner that serves only his residence, plus his pro rata share of the costs of installation of the common system. The pro rata share of the cost is to be the actual cost charged to the residential owner for the common system if the costs are allocated by a method that is reasonably related to the actual cost of providing the alternative energy to the various residential owners.

c. The developer of a common system should provide a statement to each common owner identifying his allocable cost of the common system. If a statement is not provided, the common owners may agree to a reasonable allocation. If the common owners are unable to determine a reasonable allocation, they may petition the Tax Commission to make the determination.

05. Destruction of Wood Burning Stove. The wood burning stove that does not meet the environmental protection agency requirements for certification is to be surrendered to the Department of Environmental Quality no later than thirty (30) days from the date of purchase of the qualifying alternative energy device. Failure to surrender the wood burning stove within the thirty (30) day period is to result in the new device failing to qualify as an alternative energy device. The thirty (30) day period may be extended only if the taxpayer can show good cause for the delay.

151. -- 159. (RESERVED)

160. DEDUCTION FOR HOUSEHOLD AND DEPENDENT CARE SERVICES (RULE 160). Section 63-3022D, Idaho Code. Section 21, Internal Revenue Code, provides for a credit against federal income tax of a percentage of the authorized employment-related expenses incurred for the care of qualifying individuals. The allowable household and dependent care service expense is a deduction in computing Idaho taxable income. The provisions of the Internal Revenue Code determine which dependents qualify, the maximum allowable expenses, and the qualified payees.

161. -- 164. (RESERVED)

165. ADDITIONAL HOUSEHOLD DEDUCTION OR CREDIT FOR ELDERLY OR DEVELOPMENTALLY DISABLED DEPENDENTS (RULE 165). Sections 63-3022E and 63-3025D, Idaho Code

01. Developmentally Disabled Defined. For purposes of the deduction allowed by Section 63-3022E, Idaho Code, or the credit allowed by Section 63-3025D, Idaho Code, developmentally disabled means a chronic disability that meets all of the following conditions:

a. Is attributable to an impairment, such as intellectual disability, cerebral palsy, epilepsy, autism, or other condition closely related to or similar to one (1) of these impairments that requires similar treatment or services, or is attributable to dyslexia resulting from the impairment. The other condition must result in limitations of general intellectual functioning or adaptive behavior similar to those required for individuals with an intellectual disability. See IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits,” Section 501 for the developmental disability determination standards.

b. Has continued or can be expected to continue indefinitely.

c. Has substantial functional limitations in three (3) or more areas of major life activity. Individuals with mild intellectual disabilities, controlled epilepsy, and mild cerebral palsy may not be viewed as developmentally
disabled since the criteria of substantial limitation may not be met. Individuals who succeed in developing skills to function adequately in five (5) or more major life skill areas will no longer meet the definition of developmental disability. The following are areas of major life activity:

i. Self-care;
ii. Receptive and expressive language;
iii. Learning;
iv. Mobility;
v. Self-direction;
vi. Capacity for independent living; and
d. Reflects the need for a combination and sequence of special, interdisciplinary or generic care, treatment or other services that are of lifelong or extended duration and individually planned and coordinated. Individuals who have limited or no need for services specific to disabilities do not qualify.

02. Qualifying Individual.
a. Immediate Family Member. An immediate family member is an individual who meets the relationship test for being claimed as a dependent on the taxpayer’s federal income tax return. The family member does not have to be claimed as a dependent on the taxpayer’s income tax return to qualify. The family member must receive over one-half (1/2) of his support from the taxpayer. A spouse does not qualify as an immediate family member.
b. Additional Household Deduction or Credit for Elderly. For purposes of the additional household deduction or credit for the elderly, a qualifying individual must be an immediate family member.
c. Additional Household Deduction or Credit for Developmentally Disabled Dependents. For purposes of the additional household deduction or credit for a developmentally disabled dependent, a qualifying individual includes an immediate family member, the taxpayer, or his spouse.

03. Fractions of Years.
a. The deduction is prorated at eighty-three dollars ($83) per month if the qualified individual lives in the household for less than a full year. A fraction of a calendar month exceeding fifteen (15) days is treated as a full month.
b. The credit is not available to part-year or nonresident individuals. If the qualified individual lives in the household for less than a full year, the credit is prorated at eight dollars and thirty-three cents ($8.33) per month.
a. The Idaho capital gains deduction may not exceed the capital gain net income included in taxable income. (7-1-21)

b. Example. A taxpayer recognizes a capital gain of five thousand dollars ($5,000) on the sale of Idaho real property that qualifies for the deduction. The taxpayer also recognizes a capital loss of two thousand five hundred dollars ($2,500) from the sale of shares of stock. These are the only sales during the taxable year. Sixty percent (60%) of the capital gain net income from qualified property is greater than the capital gain net income included in the taxpayer’s taxable income. Therefore, the taxpayer’s Idaho capital gains deduction is limited to the capital gain net income included in taxable income of two thousand five hundred dollars ($2,500), not sixty percent (60%) of the capital gain net income from the qualified property. (7-1-21)

03. Ordinary Income Limitation. Gains treated as ordinary income pursuant to the Internal Revenue Code do not qualify for the Idaho capital gains deduction, including the following: (7-1-21)

a. Gain from dispositions of certain depreciable property treated as ordinary income pursuant to Sections 1245 or 1250, Internal Revenue Code. (7-1-21)

b. Gain treated as ordinary income pursuant to Section 1231(c), Internal Revenue Code, and allocated among the separate categories of net section 1231 gain as provided by Section 1(h)(8), Internal Revenue Code. Gain treated as ordinary income under Section 1231(c) and allocated among the separate categories of net section 1231 gain as provided by Section 1(h)(8), Internal Revenue Code, must be prorated within each category between the gains on property that qualifies for the Idaho capital gains deduction and gains on property that do not qualify for the Idaho capital gains deduction. (7-1-21)

c. Example. One hundred thousand dollars ($100,000) of capital gain income is treated as ordinary income. The first seventy thousand dollars ($70,000) of ordinary income is allocated to the net section 1231 gain in the twenty-eight percent (28%) category. None of the gain in this category qualifies for the Idaho capital gains deduction since it is all treated as ordinary income. The remaining thirty thousand dollars ($30,000) of ordinary income is allocated to gain from property in the twenty-five percent (25%) group. The gain in this category is derived from the sale on three (3) items of equipment. Two (2) of the items were qualified property located in Idaho. The third item was located in Oregon. Each item generated a gain of twenty-five thousand dollars ($25,000). The gain treated as ordinary income is prorated between the three (3) items, ten thousand dollars ($10,000) to each. As a result, fifteen thousand dollars ($15,000) of the gain on each item remains as capital gain. The fifteen thousand dollars ($15,000) of capital gain on each of the two items of Idaho equipment qualify for the Idaho capital gains deduction. Ten thousand dollars ($10,000) of the gain on each of the items do not qualify since it is treated as ordinary income. The gain on the Oregon equipment does not qualify for the capital gains deduction since the equipment is not located in Idaho.

04. **Losses From Nonqualified Property.** Losses from property not qualifying for the Idaho capital gains deduction may not be netted against gains from property qualifying for the Idaho capital gains deduction before the amount of the deduction is determined. (7-1-21)

05. **Losses From Qualified Property.** (7-1-21)

a. Losses from property qualifying for the Idaho capital gains deduction are netted against gains from property qualifying for the Idaho capital gains deduction before the amount of the deduction is determined. (7-1-21)

b. A capital loss carryover from property qualifying for the Idaho capital gains deduction will be netted against current year gains from property qualifying for the Idaho capital gains deduction before the amount of the deduction is determined. If a taxpayer has a capital loss carryover consisting of qualified and nonqualified property, the qualified capital loss carryover is the proportion that the qualified capital loss bears to the total capital loss shown on the return in the prior year multiplied by the capital loss carryover. (7-1-21)

06. **Examples.** (7-1-21)

a. A taxpayer sells two (2) parcels of Idaho real property that qualify for the deduction. These are the only sales during the taxable year. A capital gain of seven thousand five hundred dollars ($7,500) is recognized on the sale of Parcel A. A capital loss of five thousand dollars ($5,000) is recognized on the sale of Parcel B. Since both parcels are qualified property, the gain and loss are netted, resulting in capital gain net income from qualified property of two thousand five hundred dollars ($2,500). The capital gains deduction is sixty percent (60%) or one thousand five hundred dollars ($1,500). (7-1-21)

b. A taxpayer recognizes a capital gain of twenty thousand dollars ($20,000) on the sale of Idaho real property that qualifies for the deduction. The taxpayer also recognizes a capital loss of two thousand five hundred dollars ($2,500) from the sale of shares of stock that he has held for more than one (1) year. These are the only sales during the taxable year. In this case, since the long-term capital loss is not from qualified property, the loss on the sale of stock does not reduce the gain from qualified property for purposes of computing the deduction. The entire gain from qualified property of twenty thousand dollars ($20,000) is eligible for the Idaho capital gains deduction. The capital gains deduction is sixty percent (60%) or twelve thousand dollars ($12,000). (7-1-21)

171. **IDAHO CAPITAL GAINS DEDUCTION -- QUALIFIED PROPERTY (RULE 171).**

Section 63-3022H, Idaho Code

01. **Tangible Personal Property.** Tangible personal property qualifies for the Idaho capital gains deduction if it was used in Idaho for at least twelve (12) months by a revenue-producing enterprise as defined by Section 63-3022H(4), Idaho Code, and Rule 172 of these rules. (7-1-21)

02. **Real Property.** Idaho real property qualifies for the Idaho capital gains deduction if it was held by the taxpayer for twelve (12) months. See Subsection 171.05 of this rule for examples of nonqualifying property. (7-1-21)

03. **Gain from Forfeited Rights and Payments.** Gain attributable to a cancellation, lapse, expiration, or other termination of a contract right or obligation does not qualify for the Idaho capital gains deduction. This includes any gain from the lapse of an option or from forfeited earnest money, down payment, or similar payments, related to otherwise qualifying property. (7-1-21)

04. **Timber.** As used in Section 63-3022H(3)(e), Idaho Code, qualified timber grown in Idaho includes:

a. Standing timber held as investment property that is a capital asset pursuant to Section 1221, Internal Revenue Code; and (7-1-21)

b. Cut timber if the taxpayer elects to treat the cutting of timber as a sale or exchange pursuant to Section 631(a), Internal Revenue Code. (7-1-21)
05. Nonqualifying Property. Nonqualifying property includes:

a. Real or tangible personal property not having an Idaho situs.

b. Tangible personal property not used by a revenue-producing enterprise.

c. Intangible property. Some examples of intangible property include, but are not limited to:

i. Stocks and bonds;

ii. Interests in a partnership (except for interests identified in Section 63-3022H(3)(f)), Idaho Code, LLC, or S corporation.

06. Holding Periods.

a. In General. To qualify for the capital gains deduction, property otherwise eligible for the Idaho capital gains deduction must be held for specific time periods. The holding periods for Idaho purposes generally follow Sections 1223 and 735, Internal Revenue Code.

b. Exception to the Tacked-On Holding Period. The holding period of property given up in a tax-free exchange is not tacked on to the holding period of the property received if the property given up was nonqualifying property based on the requirements of Section 63-3022H(3), Idaho Code.

c. Installment Sales. The determination of whether the property meets the required holding period is made using the laws applicable for the year of the sale. If the required holding period is not met in the year of sale, the gain is not from qualified property. The classification as nonqualified property will not change even though the gain may be reported in subsequent years when a reduced holding period is applicable.

d. Examples of nonqualifying property.

i. A taxpayer purchased land in California. After owning the land three (3) years, he gave up the California land in a tax-free exchange for land in Idaho. He owned the Idaho land for ten (10) months until selling it at a gain. For federal purposes the holding period of the California land tacks on to the holding period of the Idaho land. The gain from the sale of the California land would not qualify for the Idaho capital gains deduction since it is real property located outside Idaho. The holding period of the California land does not tack on to the holding period of the Idaho land for purposes of the Idaho capital gains deduction. Because the Idaho land was not held for twelve (12) months, the gain from the sale of the Idaho land does not qualify for the Idaho capital gains deduction.

ii. Assume the same facts as in the example in Subparagraph 171.05.d.i. except the taxpayer’s original purchase was land in Idaho. Because the taxpayer owned real property in Idaho that was exchanged for a second parcel of real property in Idaho, the holding period of the first property, was at least twelve (12) months, the gain from the sale of the second parcel of real property qualifies for the Idaho capital gains deduction.

07. Holding Periods of S Corporation and Partnership Property.

a. Property Contributed by a Shareholder to an S Corporation or by a Partner to a Partnership. A shareholder or partner who contributes otherwise qualified property to an S corporation or partnership may treat the pass-through gain on the sale of that property as a qualifying Idaho capital gain if the property has, in total, been held by the shareholder or partner and the S corporation or partnership for the required holding period. The noncontributing shareholders or partners may treat the pass-through gain as a qualifying Idaho capital gain only if the S corporation or partnership held the property for the required holding period.

b. Property Distributed by an S Corporation or Partnership.
i. Distributions. For purposes of this rule, the holding period of property received in a distribution from a partnership or from an S corporation other than in liquidation of stock includes the time the entity held the property. (7-1-21)T

08. Sale of a Partnership Interest. For taxable years beginning on or after January 1, 2018, when 26 CFR 1.170A-13(c)(3) is used to determine the fair market value of the partnership’s qualified real property, the language of that federal regulation is to be treated as if it sets forth an appraisal method for determining the value of the qualified real property due to the sale of the partnership interest rather than a donation of property. (7-1-21)T

172. IDAHO CAPITAL GAINS DEDUCTION -- REVENUE-PRODUCING ENTERPRISE (RULE 172). Section 63-3022H, Idaho Code

01. In General. Only the activities listed in Section 63-3022H(5), Idaho Code, qualify as a revenue-producing enterprise. (7-1-21)T

02. Nonqualifying Activities. Examples of activities that do not qualify as a revenue-producing enterprise include the following: (7-1-21)T
   a. Retail sales; (7-1-21)T
   b. Professional or managerial services; (7-1-21)T
   c. Repair services or other service related activities; (7-1-21)T
   d. Transportation activities, unless they are an integral part of the taxpayer’s qualifying activity; (7-1-21)T
   e. Telephone, cable, and internet services; (7-1-21)T
   f. Agricultural services, such as horse training, veterinarian services, and crop dusting. (7-1-21)T

03. Multiple Activities. If a business is engaged in both revenue-producing and nonrevenue-producing activities, tangible personal property must be used in the revenue-producing activity to qualify for the Idaho capital gains deduction. (7-1-21)T

04. Examples. (7-1-21)T
   a. A taxpayer’s Idaho business includes buying wool and processing it into yarn, using the yarn to manufacture clothes, and selling the clothes to the customers. Only part of the taxpayer’s business activity qualifies as a revenue-producing enterprise. The activity related to retail sales does not qualify as a revenue-producing enterprise and any tangible personal property used in that activity does not qualify for the Idaho capital gains deduction. (7-1-21)T

   b. A taxpayer’s Idaho business includes cutting timber in a forest, transporting the logs to a sawmill, processing the logs into plywood, and selling the plywood to a furniture manufacturer. The entire business qualifies as a revenue-producing enterprise, including the selling activity, because the selling activity is at wholesale. (7-1-21)T

   c. A taxpayer’s Idaho business includes growing potatoes and operating a long-haul trucking business unrelated to the potato operations. Only the portion of the Idaho business involved in activities necessary to the growing of potatoes qualifies as a revenue-producing enterprise. Tangible personal property used in the taxpayer’s long-haul trucking business does not qualify for the Idaho capital gains deduction. (7-1-21)T

01. In General.

a. Qualified property held by an S corporation, partnership, trust, or estate may be eligible for the Idaho capital gains deduction. The deduction is allowed only on the return of an individual shareholder, individual partner, or individual beneficiary.

b. Partnerships, S corporations, trusts, and estates that pay the tax for an electing individual pursuant to Section 63-3022L, Idaho Code, are not allowed to claim a capital gains deduction.

02. Multistate Entities. A nonresident shareholder of an S corporation or a nonresident partner of a partnership required to allocate and apportion income as set forth in Section 63-3027, Idaho Code, is to compute his Idaho capital gains deduction on his interest in income of that portion of the qualifying capital gains allocated or apportioned to Idaho.

03. Examples.

a. XYZ Farms, a multistate partnership, sold three (3) parcels of farmland: one (1) in Idaho purchased seven (7) years ago, one (1) in Washington, and one (1) in Oregon. The sale of the Idaho property resulted in a forty thousand dollar ($40,000) gain, the sale of the Washington property resulted in a thirty thousand dollar ($30,000) gain, and the sale of the Oregon property resulted in a twenty thousand dollar ($20,000) loss, for a net gain of fifty thousand dollars ($50,000). The income and loss from the sale of the farmland is determined to be business income and is included in income apportionable to Idaho. The partnership has a seventy-five percent (75%) Idaho apportionment factor. The three (3) nonresident partners share equally in the partnership profits. Each nonresident partner reports capital gain net income in determining taxable income for the year and may claim an Idaho capital gains deduction of six thousand dollars ($6,000), computed as follows: ($40,000 Idaho gain X 75% apportionment factor = $30,000 gain apportioned to Idaho X 1/3 interest = $10,000 attributable to each partner X 60% = $6,000 capital gains deduction allowable on each partner’s nonresident return). For taxable year 2001 only, the capital gains deduction is eighty percent (80%) of the capital gain net income from qualified property, or eight thousand dollars ($8,000). After 2001, the capital gains deduction returns to sixty percent (60%) or six thousand dollars ($6,000).

b. Assume the same facts as in Paragraph 173.03.a. of this rule, except that one (1) of the nonresident partners reported capital gain net loss on his federal return. Because the partner did not meet the criteria of reporting capital gain net income in determining taxable income as required by Section 63-3022H(1), Idaho Code, he would not be entitled to the Idaho capital gains deduction on his Idaho return.

c. Assume the same facts as in Paragraph 173.03.a. of this rule, except that the Oregon property was sold at a ninety thousand dollar ($90,000) loss, resulting in capital gain net loss from the partnership. If a partner had other capital gains to report and reported capital gain net income on his federal income tax return, he would be entitled to part or all of the capital gains deduction computed on the Idaho property in Paragraph 173.03.a. of this rule, limited to the amount of the capital gain net income from all property included in taxable income by the partner.

d. Assume the same facts as in Paragraph 173.03.a. of this rule, except that the farmland is determined to be nonbusiness income. Therefore, the forty thousand dollar ($40,000) gain from the sale of the Idaho farmland is allocated to Idaho. Assuming each partner had no other capital gains or losses except from the partnership, each partner may claim an Idaho capital gains deduction of eight thousand dollars ($8,000), computed as follows: ($40,000 gain allocated to Idaho X 1/3 = $13,333 partner’s share X 60% = $8,000 Idaho capital gains deduction allowable on each partner’s nonresident return). For taxable year 2001, the capital gains deduction is eighty percent (80%) of the capital gain net income from qualified property, computed to be ten thousand six hundred and sixty-seven dollars ($10,667).

e. An Idaho resident partner must report all partnership income to Idaho. As a result, his share of partnership income, including any capital gain included in apportionable income, is not limited by the apportionment factor of the partnership. Therefore, in the example in Paragraph 173.03.a. of this rule, a resident partner may claim an Idaho capital gains deduction of eight thousand dollars ($8,000) computed as follows: ($40,000 Idaho gain X 1/3 interest X 60% = $8,000). For taxable year 2001, the capital gains deduction is eighty percent (80%) of the capital...
gain net income from qualified property, computed to be ten thousand six hundred and sixty-seven dollars ($40,000 Idaho gain X 1/3 interest X 80% = $10,667).

f. Gains that cannot be traced back to the sale of Idaho qualifying property do not qualify for the Idaho capital gains deduction.

174. -- 179. (RESERVED)

180. **DEDUCTION FOR DONATION OF TECHNOLOGICAL EQUIPMENT (RULE 180).**
Section 63-3022J, Idaho Code

01. **Limitations.** The deduction for donations of technological equipment is limited to the lower of cost, fair market value, or Idaho taxable income of the taxpayer. Any amount in excess of Idaho taxable income is not allowed as a carryback or carryover.

02. **Fair Market Value.** Fair market value is determined pursuant to Section 170, Internal Revenue Code.

03. **Pass-Through of Deduction.**

\[a.\] See Rule 128 of these rules for the general rules relating to deductions of pass-through entities.

\[b.\] The limitations in Subsection 180.01 apply at the entity level. The deduction may not exceed the amount of pass-through income less deductions of the entity making the contribution.

181. -- 184. (RESERVED)

185. **ADOPTION EXPENSES (RULE 185).**
Section 63-3022I, Idaho Code

01. **In General.** Subject to the limitations of Subsection 185.02, adoptive parents may deduct from taxable income legal and medical expenses related to the adoption of a child. Travel expenses related to the adoption may not be deducted.

02. **Maximum Deduction.** The deduction allowed for a successful adoption is limited to a maximum deduction for each adopted child. For taxable years beginning before 2018, the maximum deduction is three thousand dollars ($3,000). For taxable years beginning after 2017, the maximum deduction is ten thousand dollars ($10,000) regardless of whether the deduction is claimed in one (1) or more years.

\[a.\] Examples:

\[i.\] A taxpayer spent five thousand dollars ($5,000) in 2017 and four thousand dollars ($4,000) in 2018 to adopt a child. He can deduct three thousand dollars ($3,000) in 2017 and four thousand dollars ($4,000) in 2018.

\[ii.\] A taxpayer spent five thousand dollars ($5,000) in 2017 and fifteen thousand dollars ($15,000) in 2018 to adopt a child. He can deduct three thousand dollars ($3,000) in 2017 and seven thousand dollars ($7,000) in 2018.

03. **Ineligible Expenses.**

\[a.\] The costs associated with an unsuccessful attempt to adopt a child do not qualify for the deduction.

\[b.\] A deduction is not allowed for expenses incurred in violation of state or federal law or for a surrogate parenting arrangement.
04. **Year Deduction Allowed.** The deduction is allowed in the taxable year the expense is paid. A taxpayer is to file an amended return if he claimed any adoption expenses related to an unsuccessful attempt to adopt in a previous taxable year. (7-1-21)T

05. **Financial Assistance.** Eligible expenses are to be reduced by amounts received as financial aid for the adoption, or from a grant pursuant to a federal, state, or local program. (7-1-21)T

186. -- 189. (RESERVED)

190. **IDAHO MEDICAL SAVINGS ACCOUNTS (RULE 190).** Section 63-3022K, Idaho Code

**01. Designation as a Medical Savings Account.** An account must be designated by a depository as a medical savings account to qualify as an Idaho medical savings account. To be designated as a medical savings account, the words medical savings account or MSA must be clearly listed on the statement provided to the account holder and be included in one (1) of the following: (7-1-21)T

a. The name of the account; (7-1-21)T

b. The title of the account; (7-1-21)T

c. The description of the account; or (7-1-21)T

d. The designation of the account. (7-1-21)T

**02. Withdrawal to Reimburse the Account Holder.** (7-1-21)T

a. A withdrawal from an Idaho medical savings account to reimburse the account holder for expenses he paid is not a withdrawal to pay eligible medical expenses to the extent the account balance at the time the expense was paid was less than the withdrawal. (7-1-21)T

b. Example. A taxpayer’s Idaho medical savings account had a balance of three hundred dollars ($300) on March 1. On that day, he paid a medical expense costing four hundred dollars ($400) using funds from his regular checking account. On March 10 the taxpayer deposited two hundred dollars ($200) into his medical savings account. On March 11 he withdrew four hundred dollars ($400) from his medical savings account to reimburse himself for the medical expense payment. Only three hundred dollars ($300) of the withdrawal qualifies as a payment of eligible medical expenses. The taxpayer may deduct two hundred dollars ($200) for the contribution to the account. However, he must include one hundred dollars ($100) in Idaho taxable income in addition to paying a penalty of ten dollars ($10). (7-1-21)T

**03. Pretax Contributions.** Health benefits paid with pretax contributions, such as those paid pursuant to a salary reduction agreement, are considered paid by the employer and do not qualify as an expense paid by the employee. Health benefits paid with after-tax dollars are considered paid by the employee and qualify as an expense paid by the employee. (7-1-21)T

**04. Contributions That Exceed the Amount Deductible.** An account holder is limited in the amount he can contribute to his Idaho medical savings account each year to the amount deductible for that year. For taxable years beginning on or after January 1, 1995, but before January 1, 2014, the maximum amount deductible is two thousand dollars ($2,000), four thousand dollars ($4,000) for a joint account. For taxable years beginning on or after January 1, 2014, the maximum amount deductible is ten thousand dollars ($10,000), twenty thousand dollars ($20,000) for a joint account. Contributions to an Idaho medical savings account that exceed the limitation for that year and that are not withdrawn as a deposit in error within thirty (30) days from the date of deposit, will be subject to tax and the distribution penalty if withdrawn for purposes other than the payment of eligible medical expenses. (7-1-21)T

**05. Death of a Spouse.** If an Idaho medical savings account is established for married individuals as a joint account, no contributions will be made for an account holder who is deceased. In the year of death, one-half (1/
2) of the contributions made up to the date of death will be attributed to each account holder. If the amounts are less than the maximum contribution amount, the surviving account holder may make contributions so that his total contributions for the year total the maximum contribution amount. For example, a married couple contributes three thousand dollars ($3,000) to their medical savings account in January of 2013. In April of that year, the husband dies. The contributions made to the date of death will be attributed to each spouse with the result that each spouse is considered to have contributed one thousand five hundred dollars ($1,500). Because the wife has not met the maximum deduction of two thousand dollars ($2,000) for taxable year 2013, she can contribute another five hundred dollars ($500) in that year.

193. -- 194. (RESERVED)

193. HEALTH INSURANCE COSTS AND LONG-TERM CARE INSURANCE (RULE 193).
Sections 63-3022P and 63-3022Q, Idaho Code

01. In General. The amounts paid by an individual taxpayer for health insurance and long-term care insurance that are not otherwise deducted or accounted for are allowed as deductions from taxable income. For taxable years beginning between January 1, 2001, and December 31, 2003, the deduction allowed for the long-term care insurance premiums was limited to fifty percent (50%) of the amount paid during the taxable year.

02. Costs Deducted or Accounted For. Deductions are not allowed for health insurance costs and premiums paid for long-term care insurance that are otherwise deducted or accounted for. See Rule 194 of these rules for examples of the limitations when costs are otherwise deducted or accounted for. Health insurance costs and premiums paid for long-term care insurance that are otherwise deducted or accounted for include amounts:

a. Paid out of an Idaho medical savings account;

b. Paid through a cafeteria plan or other salary-reduction arrangement when these costs are paid out of pretax income; or

c. Deducted as business expenses.

03. Social Security Medicare Part A.

a. The payroll tax paid for Medicare A is not considered a medical expense under Section 213, Internal Revenue Code and, therefore, does not qualify for the Idaho deduction for health insurance costs. This applies to individuals who are covered by Social Security or are government employees who paid Medicare tax.

b. The amount of premiums a taxpayer pays to voluntarily enroll in Medicare A is deductible under Section 213, Internal Revenue Code, and qualifies for the Idaho deduction for health insurance costs. This applies to individuals who are not covered under Social Security or who were not government employees who paid Medicare tax.

04. Social Security Medicare Part B. Amounts paid for Medicare B, which is a supplemental medical insurance, qualify for the deduction allowed under Section 213, Internal Revenue Code, and qualify for the Idaho deduction for health insurance costs.

05. Social Security Medicare Part D. Amounts paid for Medicare D, which is a voluntary prescription drug insurance program for individuals with Medicare A or B, qualify for the deduction allowed under Section 213, Internal Revenue Code, and qualify for the Idaho deduction for health insurance costs.

06. Medical Payments Coverage and Personal Injury Protection of Automobile Insurance. The portion of automobile insurance that covers medical payments coverage or personal injury protection does not qualify for the Idaho deduction for health insurance costs because the insurance coverage is not restricted to the taxpayer, the taxpayer’s spouse, or the dependents of the taxpayer. This insurance provides protection to the driver and passengers of the policyholder’s car or other injured parties.
194. HEALTH INSURANCE COSTS AND LONG-TERM CARE INSURANCE -- EXAMPLES OF LIMITATIONS (RULE 194).
Sections 63-3022P and 63-3022Q, Idaho Code

01. Examples of Limitations When Costs are Otherwise Deducted or Accounted For. If a taxpayer elects to itemize deductions for Idaho purposes and his medical expenses exceed the federal adjusted gross income limitation, the amount that is deducted as an itemized deduction will first apply to health insurance costs, next to long-term care insurance, and last to other medical expenses. If the premiums exceed the amount deducted as an itemized deduction, the Idaho deductions for health insurance costs and long-term care insurance may be allowed if the premiums were not otherwise deducted or accounted for. If the taxpayer does not elect to itemize deductions for Idaho purposes, or if the taxpayer is unable to deduct medical expenses as an itemized deduction due to the federal adjusted gross income limitation, the full amount of health insurance costs and premiums paid for long-term care insurance (fifty-percent (50%) of the premiums for taxable years beginning prior to 2004), not otherwise deducted or accounted for, qualify for the Idaho deduction. Amounts used for calculating the limitations must not be less than zero (0). (7-1-21)

02. Example with Applicable Percentage of Federal Adjusted Gross Income Equal to Zero (0).

### Applicable Percentage

**06. Applicable Percentage.** For taxable years beginning January 1, 2013, the percentage is seven and one-half percent (7.5%) if the taxpayer or spouse is age sixty-five (65) or older. The percentage for taxpayers under the age of sixty-five (65) is ten percent (10%).
195. **LOSS RECOVERIES (RULE 195).**

Section 63-3022R, Idaho Code

01. **In General.** A deduction is allowed in taxable years beginning after December 31, 2012 for recoveries of losses deducted from federal taxable income in a prior year that were not allowed or allowable as a deduction in calculating Idaho taxable income to the extent the recovery is included in federal taxable income of the current year. (7-1-21)T

02. **No Double Deduction.** No deduction is allowed for recovery of an amount not included in federal taxable income of the current year. No deduction is allowed to the extent the loss recovered previously reduced Idaho taxable income. (7-1-21)T

03. **Example.** A taxpayer claims an itemized deduction of one hundred thousand ($100,000) on his 2010 federal tax return for a theft loss from a Ponzi-type investment scheme. The deduction results in a federal net operating loss of fifty thousand ($50,000) for 2010 but no Idaho net operating loss because the itemized deduction is not allowable in calculating an Idaho net operating loss under Section 63-3021, Idaho Code. On his 2013 federal tax return, the taxpayer includes in federal taxable income a recovery of sixty thousand ($60,000) of the amount previously deducted. Since ten thousand ($10,000) of the recovered amount reduced 2010 Idaho taxable income and fifty thousand ($50,000) did not reduce 2010 Idaho taxable income, a fifty thousand ($50,000) deduction is allowed in calculating 2013 Idaho taxable income. The 2013 Idaho deduction allowed is fifty thousand ($50,000) since that is the amount that was previously disallowed for Idaho purposes. (7-1-21)T

196. -- 199. **(RESERVED)**

200. **NET OPERATING LOSS -- CORPORATIONS (RULE 200).**

Section 63-3021, Idaho Code

01. **Unitary Taxpayers.** Each corporation included in a unitary group must determine its respective share of the Idaho apportioned net operating loss incurred by the unitary group for the taxable year. A corporation’s share of the net operating loss is computed using its Idaho apportionment factor for the year of the loss. The corporation must add or subtract its nonbusiness income or loss allocated to Idaho to its share of the apportioned loss. (7-1-21)T

02. **Example.**

Application of Idaho NOL:
201. NET OPERATING LOSS CARRYBACKS AND CARRYOVERS (RULE 201).
Section 63-3022(c), Idaho Code

01. Definitions for Purposes of Net Operating Loss Carrybacks and Carryovers.
    a. The term net operating loss deduction means the sum of the Idaho net operating losses carried to another taxable year and subtracted in computing Idaho taxable income.
    b. A net operating loss is absorbed when it has been fully subtracted from Idaho taxable income, as modified by Section 63-3021, Idaho Code.

02. Adjustments to Net Operating Losses.
    a. Adjustments to a net operating loss will be determined pursuant to the law applicable to the loss year.
    b. Adjustments to a net operating loss deduction may be made even though the loss year is closed due to the statute of limitations, but will not result in any tax due or refund for the closed taxable years.

03. Adjustments in Carryback and Carryover Years.
    a. Adjustments to income, including modifications pursuant to Section 63-3021, Idaho Code, in a carryback or carryover year must be made for purposes of determining, how much, if any, of the net operating loss may be carried over to subsequent years.
    b. Adjustments are made pursuant to the law applicable to the carryback or carryover year.
    c. Adjustments may be made even though the year is closed due to the statute of limitations, but will...
04. **Net Operating Loss Carrybacks Application.**

   a. The net operating loss carryback allowed for the entire carryback period may not exceed one hundred thousand dollars ($100,000) per taxpayer. Each corporation that has a net operating loss and is included in a unitary group is limited to a maximum carryback of one hundred thousand dollars ($100,000).

   b. The sum of net operating loss deductions must not exceed the amount of the net operating loss incurred.

   c. Except as provided in Paragraphs 201.04.d. and 201.04.f, a net operating loss is applied as follows:

      i. Net operating losses incurred in taxable years beginning on and after January 1, 1990, but prior to January 1, 2000, are applied to the third preceding taxable year and if not absorbed, the difference is applied to the second preceding taxable year and if not absorbed, the difference is applied to the first preceding taxable year. The loss not absorbed in the carryback years is subtracted in the fifteen (15) succeeding taxable years, in order, until absorbed.

      ii. Net operating losses incurred in taxable years beginning on and after January 1, 2000, but prior to January 1, 2013, are applied to the second preceding taxable year and if not absorbed, the difference is applied to the first preceding taxable year. The loss not absorbed in the carryback years is subtracted in the twenty (20) succeeding taxable years, in order, until absorbed.

      iii. Net operating losses incurred in taxable years beginning on and after January 1, 2013, are applied to the twenty (20) succeeding taxable years, in order, until absorbed.

   d. For taxable years beginning prior to January 1, 2013, if the taxpayer makes a valid election to forego the carryback period as provided in Subsection 201.05, the provisions of Subsection 201.04.c. do not apply and the net operating loss carryover is applied as follows:

      i. For net operating losses incurred in taxable years beginning on and after January 1, 1990, but prior to January 1, 2000, the net operating loss is subtracted in the fifteen (15) succeeding taxable years, in order, until the loss is absorbed.

      ii. For net operating losses incurred in taxable years beginning on and after January 1, 2000, but prior to January 1, 2013, the net operating loss is subtracted in the twenty (20) succeeding taxable years, in order, until the loss is absorbed.

   e. For taxable years beginning prior to January 1, 2013, if the taxpayer fails to make a valid election to forego the carryback period, the net operating loss must be carried back. If a carryback year is closed due to the statute of limitations, the net operating loss carryback may not result in a refund for the closed taxable year.

   f. For net operating losses incurred in taxable years beginning on and after January 1, 2013, if an amended return carrying back the loss is filed within one (1) year of the end of the taxable year of the net operating loss, the net operating loss is applied to the second preceding taxable year and if not absorbed, the difference is applied to the first preceding taxable year. The loss not absorbed in the carryback years is subtracted in the twenty (20) succeeding taxable years, in order, until absorbed.
for the taxable year, the election referred to in this Subsection may be made by attaching a statement to the taxpayer’s income tax return for the taxable year of the loss. The statement must contain the following information:  

i. The name, address, and taxpayer’s social security number or employer identification number;  

ii. A statement that the taxpayer makes the election pursuant to Section 63-3022(c)(1), Idaho Code, to forego the carryback provision; and  

iii. The amount of the net operating loss.  

b. Attaching a copy of the federal election to forego the federal net operating loss carryback to the Idaho income tax return for the taxable year of the loss does not constitute an election for Idaho purposes.  

c. If the election is made on an amended or original return filed subsequent to the time allowed in Paragraph 210.05.a, it is considered untimely and the net operating loss is applied as provided in Paragraph 210.04.c.  

06. Order in Which Losses Are Applied in a Year. Loss carryovers are deducted before deducting any loss carrybacks applicable to the same taxable year.  

07. Documentation Required When Claiming a Net Operating Loss Deduction. A taxpayer claiming a net operating loss deduction for a taxable year must file with his return for that year a concise statement setting forth the amount of the net operating loss deduction claimed and all material and pertinent facts, including a detailed schedule showing the computation of the net operating loss and its carryback or carryover.  

08. Conversion of C Corporation to S Corporation. An S corporation may not carry over or back a net operating loss from a taxable year in which the corporation was a C corporation. However, an S corporation subject to Idaho tax on net recognized built-in gains or excess net passive income may deduct a net operating loss carryover from a taxable year in which the corporation was a C corporation against its net recognized built-in gain and excess net passive income.  

202. -- 209. (RESERVED)  

210. REDUCTION OF IDAHO TAX ATTRIBUTES AND BASIS WHEN INCOME FROM INDEBTEDNESS DISCHARGE IN BANKRUPTCY IS EXCLUDED FROM GROSS INCOME (RULE 210). Section 63-3022(c), Idaho Code  

01. In General. Any taxpayer excluding from taxable income an amount resulting from the discharge of indebtedness in bankruptcy under Section 108(b) of the Internal Revenue Code, is to reduce Idaho net operating loss and basis in accordance with Section 346 of the Bankruptcy Code of the United States. If the discharge occurs outside of bankruptcy, the provisions of these rules do not apply.  

02. Order of Reduction. The reduction referred to in Subsection 210.01 is to be made to the following tax attributes in the following order:  

a. Any net operating loss deduction, as defined in Rule 201 of these rules, is to be reduced by the amount of the indebtedness forgiven or discharged in bankruptcy except as follows:  

i. A deduction with respect to the liability which is disallowed for any taxable period during or after the liability is forgiven or discharged. A deduction with respect to the liability includes a capital loss incurred on the disposition of a capital asset with respect to a liability that was incurred in connection with the acquisition of such asset.  

ii. To the extent that the indebtedness forgiven or discharged consisted of items of a deductible nature that were not deducted by the taxpayer, or resulted in an expired net operating loss deduction or carryover that did not offset income for any taxable period and did not contribute to a net operating loss in or a net operating loss carryover
to the taxable period during or after the indebtedness was discharged. (7-1-21)

b. The basis in the taxpayer’s property or of property transferred to an entity required to use the taxpayer’s basis in whole or in part is to be reduced by the lesser of:

i. The amount of the forgiven or discharged indebtedness, minus the total amount of adjustments made under Subsection 210.02.a.; and (7-1-21)

ii. The amount of the debtor’s total basis of assets before the discharge that exceeds the total preexisting liabilities still remaining after discharge of indebtedness. Basis may not be reduced below a level equal to the remaining undischarged liabilities. (7-1-21)

03. Exception to Basis Reduction. The basis reduction under Subsection 210.02.b. is not required if the taxpayer elects to treat the amount that would otherwise be applied in reduction of basis as taxable income of the taxable period in which the debt is forgiven or discharged. (7-1-21)

04. Discharge Not Treated as Discharged Indebtedness. The following provisions exclude from this rule indebtedness that is discharged and treat the debtor as if it had originally issued stock instead of debt. No reduction to the Idaho net operating loss or basis is required if one (1) or more of these provisions are satisfied. (7-1-21)

a. The indebtedness did not consist of items of a deductible nature and is exchanged for an equity security, other than a limited partnership interest, issued by the debtor or is forgiven as a contribution to capital; or (7-1-21)

b. The indebtedness consisted of items of a deductible nature, and the exchange of stock for debt has the same effect as a cash payment equal to the fair market value of the equity security that is issued by the debtor or, if the value of the security is less than the value of the debt, only part of the debt will be excluded. (7-1-21)

211. -- 249. (RESERVED)

250. NONRESIDENT AND PART-YEAR RESIDENT INDIVIDUALS -- INCOME SUBJECT TO IDAHO TAXATION (RULE 250). Sections 63-3026A(1) and (2), Idaho Code

01. Tax on Income From Idaho Sources. All income earned or received from sources within Idaho is subject to Idaho income taxation. For nonresidents and part-year residents, income from sources within Idaho must be determined in accordance with Section 63-3026A(3), Idaho Code, and Rules 260 through 275 of these rules. (7-1-21)

02. Tax on Income Received by Individuals Residing in or Domiciled in Idaho. All income earned or received by an individual who resides in or is domiciled in Idaho is subject to Idaho income taxation without regard to the source of the income. (7-1-21)

03. Receipt of Income -- Part-Year Residents. For purposes of determining if income is reportable to Idaho by a part-year resident, a cash basis taxpayer is considered to have earned or received income when it is actually or constructively received, except as provided in Subsections 250.04 and 250.05. (7-1-21)

04. Receipt of Intangible Income -- Part-Year Residents. (7-1-21)

a. Interest and dividend income received from a source other than from a pass-through entity is considered to be earned or received by a part-year resident ratably during the taxable year. (7-1-21)

b. If a transaction or activity gives rise to income that is reported in a subsequent year when the taxpayer is a part-year resident, the income must be treated as received ratably during that subsequent year. Subsection 250.04 also applies to income that is not received during the year by the taxpayer, but which must be reported in taxable income. See Subsection 250.05 for the receipt of income from a pass-through entity. (7-1-21)
c. A part-year resident must report such income to Idaho in the proportion that the number of days during the taxable year that the individual qualified as an Idaho part-year resident bears to total days in the taxable year. (7-1-21)T

d. Example. An individual converts an amount from a traditional IRA to a Roth IRA in year one (1). He elects to have the income taxed over four (4) years. The individual moves to Idaho on August 1 of year two (2). Since the individual was an Idaho resident for one hundred fifty-three (153) days of year two (2), he must report as Idaho income forty-two percent (42%) of his income from the conversion to a Roth IRA for that year. (7-1-21)T

05. Receipt of Pass-Through Items of Income and Losses -- Part-Year Residents. (7-1-21)T

a. For a part-year resident who is a shareholder in an S corporation, or a partner in a partnership, the income, gains, losses and other pass-through items from the S corporation or partnership are treated as received ratably during the taxpayer’s taxable year. If the taxpayer was not a shareholder or partner for the entire taxable year, the pass-through items are treated as received ratably during the portion of the taxable year the taxpayer was a shareholder of the S corporation or partner of the partnership. (7-1-21)T

b. For a part-year resident who is a beneficiary of an estate or trust, the income, gains, losses and other pass-through items from the estate or trust are treated as received ratably during the taxpayer’s taxable year. If the taxpayer was not a beneficiary of the estate or trust for the entire taxable year, the pass-through items are treated as received ratably during the portion of the taxable year the taxpayer was a beneficiary of the estate or trust. (7-1-21)T

c. A part-year resident must report such income to Idaho in the proportion that the number of days during the taxable year that the individual qualified as an Idaho part-year resident bears to total days in the taxable year. (7-1-21)T

251. NONRESIDENT AND PART-YEAR RESIDENT INDIVIDUALS -- COMPUTATION OF IDAHO TAXABLE INCOME (RULE 251).
Section 63-3026A, Idaho Code

01. Idaho Total Income. To determine the Idaho taxable income of nonresident and part-year resident individuals, first compute the taxpayer’s Idaho total income. (7-1-21)T

a. Idaho total income is that portion of total income subject to Idaho taxation. It is the amount reported as total income on Form 43. (7-1-21)T

b. For purposes of this rule, federal total income means gross income less certain deductions allowed under the Internal Revenue Code. It is the amount reported on the federal individual income tax return that is identified as total income. (7-1-21)T

02. Idaho Adjusted Gross Income. From Idaho total income, make the applicable adjustments provided in Rule 252 of these rules to arrive at Idaho adjusted gross income. (7-1-21)T

03. Idaho Adjusted Income. From Idaho adjusted gross income, make the applicable additions and subtractions set forth in Rules 253 and 254 of these rules to arrive at Idaho adjusted income. (7-1-21)T

04. Idaho Taxable Income. From Idaho adjusted income, subtract the exemption and deduction amounts as provided in Rule 255 of these rules to arrive at Idaho taxable income. (7-1-21)T

252. NONRESIDENT AND PART-YEAR RESIDENT INDIVIDUALS -- ADJUSTMENTS ALLOWED IN COMPUTING IDAHO ADJUSTED GROSS INCOME (RULE 252).
Section 63-3026A(6), Idaho Code

01. In General. Deductions allowed in computing adjusted gross income will be allowed in computing Idaho adjusted gross income unless specifically denied by Idaho law. The amount allowed will be computed as provided in this rule. Each computation in this rule will include the amounts reported for the taxable year unless
02. Deductions Directly Related to Specific Items of Income or Property. If the deduction directly relates to a specific item of income or property, the allowable deduction will be computed by dividing the amount of related income reported in Idaho income by the total of such related income reported in federal income. This percentage is multiplied by the deduction to arrive at the amount allowed as an Idaho deduction. If the deduction is related to property that did not generate income during the taxable year, the deduction will be allowed in the proportion that the property to which the deduction relates was located in Idaho. Examples of some of these deductions include the following:

a. Penalty on early withdrawal of savings. The allowable deduction will be computed by dividing the interest income of the time savings deposit subject to the penalty included in Idaho income by the total interest income of the time savings deposit included in federal income. This percentage is multiplied by the penalty deduction allowed for federal purposes.

b. Certain business expenses of reservists, performing artists, and fee-basis government officials.

c. Domestic production activities deduction. The allowable deduction will be computed by dividing the qualified production activities income included in Idaho income by the total qualified production activities income. This percentage is multiplied by the domestic production activities deduction allowed for federal purposes.

d. Jury duty pay remitted to an employer.

e. Deductible expenses related to income from the rental of personal property engaged in for profit.

f. Reforestation amortization and expenses. The allowable deduction will be computed by dividing the income from the related timber operations included in Idaho income by the total income from the related timber operations. If there is no income from the related timber operations for the year of the deduction, the allowable deduction will be computed based on the percentage of property in Idaho to total property to which the reforestation amortization and expenses relate. This percentage is multiplied by the reforestation amortization and expense deduction allowed for federal income tax purposes.

g. Repayment of supplemental unemployment benefits. The allowable deduction will be computed by dividing the supplemental unemployment benefits included in Idaho income by the total supplemental unemployment benefits reported in federal income. This percentage is multiplied by the repayment deduction allowed for federal purposes.

h. Attorney fees and court costs. The allowable deduction will be computed by dividing the total income related to the attorney fees and court costs included in Idaho income by the total income from such actions. This percentage is multiplied by the attorney fees and court costs allowed for federal purposes.

03. Deductions Allowed Based on Qualifying Types of Income. If the deduction is dependent on the taxpayer earning a qualifying type of income, the allowable deduction will be computed by dividing the amount of the qualifying income reported in Idaho income by the total of such qualifying income reported. This percentage is multiplied by the deduction to arrive at the amount allowed as an Idaho deduction.

a. Payments to an individual retirement account (IRA), federal health savings or medical savings account, or Section 501(c)(18)(D) retirement plan. The allowable deduction will be computed by dividing the taxpayer's Idaho compensation by the taxpayer's total compensation. This percentage is multiplied by the deduction allowed for federal purposes. For purposes of this rule, compensation means “compensation” as defined in Section 219(f)(1), Internal Revenue Code, and Treasury Regulation Section 1.219-1(c)(1). Idaho compensation is determined pursuant to Rule 270 of these rules.
b. Payments to a Keogh retirement plan, simplified employee pension (SEP) Plan, SIMPLE Plan, self-
employment tax, and self-employment health insurance. The allowable deduction will be computed by dividing the
taxpayer's self-employment income from Idaho sources by the taxpayer's total self-employment income. This
percentage is multiplied by the self-employment deductions allowed for federal purposes.  

04. Other Deductions. Deductions that do not relate to specific items of income or to the earning of
qualifying income will be allowed in the proportion that Idaho total income bears to federal total income. The federal
net operating loss deduction is not included in either the federal total income or the Idaho total income for this
calculation. Such deductions include the following:  

a. Alimony payments.  

b. Moving expenses.  

c. Student loan interest payments.  

d. Tuition and fees deduction.  

253. NONRESIDENT AND PART-YEAR RESIDENT INDIVIDUALS -- ADDITIONS REQUIRED IN
COMPUTING IDAHO ADJUSTED INCOME.  
Section 63-3026A(6), Idaho Code. The following items must be added to Idaho adjusted gross income in computing
the Idaho adjusted income of nonresident and part-year resident individuals.  

01. Interest and Dividends Not Taxable Pursuant to the Internal Revenue Code.  

a. Part-Year Residents. Interest and dividend income not taxable pursuant to the Internal Revenue
Code that was received while residing in or domiciled in Idaho must be added. However, interest received from
obligations of the state of Idaho or any political subdivision of Idaho is exempt from Idaho income tax and is not
added.  

b. Nonresidents. Interest and dividend income reportable from a pass-through entity that was
transacting business in Idaho must be added to the extent the income was apportioned or allocated as Idaho income.
See Rule 263 of these rules for multistate apportionment rules.  

02. Net Operating Loss Deduction. The amount of the net operating loss deduction included in Idaho
adjusted gross income must be added.  

03. Capital Loss. Capital losses included in Idaho adjusted gross income must be added if the loss was
incurred while not residing in and not domiciled in Idaho, or if the loss relates to an activity not taxable by Idaho at
the time the loss was incurred.  

04. Lump Sum Distributions. Part-year residents must add the taxable amount of a lump sum
distribution deducted in calculating taxable income received while residing in or domiciled in Idaho. This includes
both the ordinary income portion and the amount eligible for the capital gain election.  

05. Idaho Medical Savings Account. An account holder must add the amount of any nonqualified
withdrawal from an Idaho medical savings account if the withdrawal was not made for the purpose of paying eligible
medical expenses.  

06. Idaho College Savings Program.  

a. An account owner must add the amount of a nonqualified withdrawal from an Idaho college
savings program, less the amount included in the account owner’s Idaho adjusted gross income. The addition
is limited to contributions previously exempt from Idaho state income tax and earnings generated from the program as
long as the earnings are not already included in federal adjusted gross income. Nonqualified withdrawal is defined in
Section 33-5401, Idaho Code.
b. As provided in Section 63-3022(p), Idaho Code, an account owner must add the amount of a withdrawal from an Idaho college savings program that is transferred on or after July 1, 2007, to a qualified tuition program operated by a state other than Idaho. For taxable years beginning on or after January 1, 2008, the addback is limited to the total of the amounts contributed to the Idaho college savings program that were deducted on the account owner’s Idaho income tax returns for the year of the transfer and the immediately preceding taxable year. (7-1-21)

07. Special First-Year Depreciation Allowance. As provided by Section 63-30220, Idaho Code, if a taxpayer claims the special first-year depreciation allowance on property acquired before 2008 or after 2009 pursuant to Section 168(k), Internal Revenue Code, the adjusted basis of that property and the depreciation deduction allowed for Idaho income tax purposes must be computed without regard to the special first-year depreciation allowance. An individual must add the amount of depreciation computed for federal income tax purposes that exceeds the amount of depreciation computed for Idaho income tax purposes. This addition does not apply to depreciation computed on property acquired after 2007 and before 2010. (7-1-21)

08. Certain Expenses of Eligible Educators. As provided in Section 63-30220, Idaho Code, prior to January 1, 2012, the amount of out-of-pocket classroom expenses deducted pursuant to Section 62, Internal Revenue Code, must be added. (7-1-21)

254. NONRESIDENT AND PART-YEAR RESIDENT INDIVIDUALS -- SUBTRACTIONS ALLOWED IN COMPUTING IDAHO ADJUSTED INCOME (RULE 254).
Section 63-3026A(6), Idaho Code. The following items are allowable subtractions in computing the Idaho adjusted income of nonresident and part-year resident individuals. (7-1-21)

01. Idaho Net Operating Loss. An Idaho net operating loss deduction described in Section 63-3021, Idaho Code, and allowed by Section 63-3022(c), Idaho Code, and Rules 200 through 210 of these rules, may be subtracted to the extent the loss was incurred while the taxpayer was residing in or domiciled in Idaho or to the extent the loss was from activity taking place in Idaho. A net operating loss incurred from an activity not taxable by Idaho may not be subtracted. (7-1-21)

02. State and Local Income Tax Refunds. State and local income tax refunds included in Idaho total income may be subtracted unless the refunds have already been subtracted pursuant to Section 63-3022(a), Idaho Code. (7-1-21)

03. Income Not Taxable by Idaho. As provided in Section 63-3022(f), Idaho Code, income that is exempt from Idaho income taxation by a law of the state of Idaho or of the United States may be subtracted if that income is included in Idaho total income and has not been previously subtracted. Income exempt from taxation by Idaho includes the following:

a. Interest income from obligations issued by the United States Government. Gain recognized from the sale of United States Government obligations is not exempt from Idaho tax and, therefore, may not be subtracted from taxable income. For the interest expense offset, see Rule 115 of these rules. (7-1-21)

b. Idaho lottery prizes exempt by Section 67-7439, Idaho Code. For prizes awarded on lottery tickets purchased in Idaho after January 1, 1998, a subtraction is allowed for each lottery prize that is less than six hundred dollars ($600). If a prize equals or exceeds six hundred dollars ($600), no subtraction is allowed. The full amount of the prize is included in income. (7-1-21)

c. Certain income earned by American Indians. An enrolled member of a federally recognized Indian tribe who lives on his tribe’s federally recognized Indian reservation is not taxable on income derived within that reservation. See Rule 033 of these rules. (7-1-21)

d. Certain income earned by transportation employees covered by Title 49, Sections 11502, 14503 or 40116, United States Code. See Rule 045 of these rules. (7-1-21)

e. Certain income from loss recoveries. See Rule 195 of these rules. (7-1-21)

04. Military Pay. Qualified military pay included in Idaho total income earned for military service
performed outside Idaho may be subtracted. Qualified military pay means all compensation paid by the United States for services performed while on active duty as a full-time member of the United States Armed Forces which full-time duty is or will be continuous and uninterrupted for one hundred twenty (120) consecutive days or more. A nonresident does not include his military pay in Idaho total income and, therefore, makes no adjustment. See Rule 032 of these rules for information regarding the residency status of members of the United States Armed Forces. (7-1-21)

05. Social Security and Railroad Retirement Benefits. Social security benefits and benefits paid by the Railroad Retirement Board that are taxable pursuant to the Internal Revenue Code may be subtracted to the extent the benefits are included in Idaho total income. See Subsections 121.04.a. and 121.04.b. of these rules. (7-1-21)

06. Household and Dependent Care Expenses. The allowable portion of household and dependent care expenses that meets the requirements of Section 63-3022D, Idaho Code, may be subtracted if incurred to enable the taxpayer to be gainfully employed in Idaho. To determine the allowable portion of household and dependent care expenses, a percentage is calculated by dividing Idaho earned income by total earned income. The qualified expenses are multiplied by the percentage. Earned income is defined in Section 32(c)(2), Internal Revenue Code. (7-1-21)

07. Insulation and Alternative Energy Device Expenses. Expenses related to the installation of insulation or alternative energy devices that meet the requirements of Section 63-3022B or 63-3022C, Idaho Code, may be subtracted. (7-1-21)

08. Deduction for Dependents Sixty-Five or Older or with Developmental Disabilities. One thousand dollars ($1,000) may be subtracted for each person who meets the requirements of Section 63-3022E, Idaho Code. The deduction may be claimed for no more than three (3) qualifying dependents. If a dependent has not lived in the maintained household for the entire taxable year, the allowable deduction is eighty-three dollars ($83) for each month the dependent resided in the maintained household during the taxable year. For purposes of this rule, a fraction of a month exceeding fifteen (15) days is treated as a full month. (7-1-21)

09. Adoption Expenses. The allowable portion of adoption expenses that meets the requirements of Section 63-3022I, Idaho Code, may be subtracted. To determine the allowable portion, calculate a percentage is calculated by dividing Idaho total income by total income. The deduction allowable pursuant to Section 63-3022I, Idaho Code, is multiplied by the percentage. (7-1-21)

10. Capital Gains Deduction. The Idaho capital gains deduction allowed by Section 63-3022H, Idaho Code, may be subtracted. (7-1-21)

11. Idaho Medical Savings Account.
   a. The qualifying amount of contributions to an Idaho medical savings account that meets the requirements of Section 63-3022K, Idaho Code, may be subtracted. (7-1-21)
   b. Interest earned on an Idaho medical savings account may be subtracted to the extent included in Idaho total income. (7-1-21)

12. Technological Equipment Donation. As provided by Section 63-3022J, Idaho Code, and Rule 180 of these rules, the lower of cost or fair market value of technological equipment donated to qualifying institutions may be subtracted, limited to the Idaho taxable income of the taxpayer. (7-1-21)

13. Worker’s Compensation Insurance. As allowed by Section 63-3022(m), Idaho Code, a self-employed individual may subtract the premiums paid for worker’s compensation for coverage in Idaho to the extent not previously subtracted in computing Idaho taxable income. (7-1-21)

14. Idaho College Savings Program. The qualifying amount of contributions to a college savings program that meets the requirements of Section 63-3022(n), Idaho Code, may be subtracted. (7-1-21)

15. Retirement Benefits. As provided in Section 63-3022A, Idaho Code, and Rule 130 of these rules, a deduction from taxable income is allowed for certain retirement benefits. To determine the allowable portion of the
deduction for certain retirement benefits, a percentage is calculated by dividing the qualified retirement benefits included in Idaho gross income by the qualified retirement benefits included in federal gross income. The deduction allowable pursuant to Section 63-3022A, Idaho Code, and Rule 130 of these rules, is multiplied by the percentage.

16. **Health Insurance Costs.** The allowable portion of the amounts paid by the taxpayer during the taxable year for insurance that constitutes medical care as defined in Section 63-3022P, Idaho Code, for the taxpayer, spouse or dependents of the taxpayer not otherwise deducted or accounted for by the taxpayer for Idaho income tax purposes may be subtracted. To determine the allowable portion of the amounts paid for medical care insurance, a percentage is calculated by dividing Idaho total income by total income. The deduction allowable pursuant to Section 63-3022P, Idaho Code, is multiplied by the percentage. See Rule 193 of these rules. (7-1-21)

17. **Long-Term Care Insurance.** As provided in Section 63-3022Q, Idaho Code, a deduction from taxable income is allowed for the allowable portion of premiums paid during the taxable year for qualifying long-term care insurance for the benefit of the taxpayer, a dependent of the taxpayer or an employee of the taxpayer that have not otherwise been deducted or accounted for by the taxpayer for Idaho income tax purposes. To determine the allowable portion, a percentage is calculated by dividing Idaho total income by total income. The deduction allowable pursuant to Section 63-3022Q, Idaho Code, is multiplied by the percentage. See Rule 193 of these rules. (7-1-21)

18. **Special First-Year Depreciation Allowance.** As provided by Section 63-3022O, Idaho Code, if a taxpayer claims the special first-year depreciation allowance on property acquired before 2008 or after 2009 pursuant to Section 168(k), Internal Revenue Code, the adjusted basis of that property and the depreciation deduction allowed for Idaho income tax purposes must be computed without regard to the special first-year depreciation allowance. The adjustments required by this subsection do not apply to property acquired after 2007 and before 2010. (7-1-21)

a. **Depreciation.** The amount of depreciation computed for Idaho income tax purposes that exceeds the amount of depreciation computed for federal income tax purposes may be subtracted. (7-1-21)

b. **Gains and losses.** During the recovery period, the adjusted basis of depreciable property computed for federal income tax purposes will be less than the adjusted basis for Idaho income tax purposes as a result of claiming the special first-year depreciation allowance. If a loss qualifies as a capital loss for federal income tax purposes, the federal capital loss limitations and carryback and carryover provisions apply in computing the Idaho capital loss allowed. (7-1-21)

i. If a sale or exchange of property results in a gain for both federal and Idaho income tax purposes, a subtraction is allowed for the difference between the federal and Idaho gains computed prior to any applicable Idaho capital gains deduction. (7-1-21)

ii. If a sale or exchange of property results in a gain for federal income tax purposes and an ordinary loss for Idaho income tax purposes, the federal gain and the Idaho loss must be added together and the total may be subtracted. For example, if a taxpayer has a federal gain of five thousand dollars ($5,000) and an Idaho loss of four thousand dollars ($4,000), the amount subtracted would be nine thousand dollars ($9,000). (7-1-21)

iii. If a sale or exchange of property results in an ordinary loss for both federal and Idaho income tax purposes, the difference between the federal and Idaho losses may be subtracted. For example, if a taxpayer has a federal loss of three hundred dollars ($300) and an Idaho loss of five hundred dollars ($500), the amount subtracted would be two hundred dollars ($200). (7-1-21)

iv. If a sale or exchange of property results in a capital loss for both federal and Idaho income tax purposes, apply the capital loss limitations and subtract the difference between the federal and Idaho deductible capital losses. For example, if a taxpayer has a federal capital loss of six thousand dollars ($6,000) and an Idaho capital loss of eight thousand dollars ($8,000), both the federal and Idaho capital losses are limited to a deductible capital loss of three thousand dollars ($3,000). In this case, no subtraction is required for the year of the sale. In the next year, assume the taxpayer had a capital gain for both federal and Idaho purposes of two thousand dollars ($2,000). The capital loss carryovers added to the capital gain results in a federal deductible capital loss of one thousand dollars ($1,000) and an Idaho deductible capital loss of three thousand dollars ($3,000). The taxpayer would subtract the difference between the federal and Idaho deductible losses or two thousand dollars ($2,000) in computing...
Idaho taxable income. (7-1-21)

255. NONRESIDENT AND PART-YEAR RESIDENT INDIVIDUALS -- PRORATION OF EXEMPTIONS AND DEDUCTIONS (RULE 255).
Section 63-3026A(4), Idaho Code

01. In General. The exemptions and deductions allowable for federal purposes, except for the deduction of state and local income taxes and the deduction for state and local general sales taxes, are allowed in part in computing Idaho taxable income. To determine the portion of exemptions and deductions allowable for part-year and nonresident individuals, the total exemptions and deductions allowed by Section 151, Internal Revenue Code, and Section 63-3022(j), Idaho Code, are multiplied by the calculated proration. (7-1-21)

02. Proration. For taxable years beginning in or after 2007, the proration is calculated by dividing Idaho adjusted income by total adjusted income. Calculate four (4) digits to the right of the decimal point. If the fifth digit is five (5) or greater, the fourth digit is rounded to the next higher number ($10,000 / $15,000 = .66666 = .6667 = 66.67%). If the fifth digit is less than five (5), the fourth digit remains unchanged and any digits remaining to its right are dropped ($10/000 / $30,000 = .33333 = .3333 = 33.33%). The percentage may not exceed one hundred percent (100%), nor be less than zero (0). (7-1-21)

a. Idaho adjusted income means the Idaho taxable income of the taxpayer as computed pursuant to Title 63, Chapter 30, Idaho Code, except for any adjustments for the standard deduction or itemized deductions and personal exemptions. Total adjusted income means the Idaho taxable income of the taxpayer computed as if he were a resident of Idaho for the entire taxable year, except no adjustments are made for the standard deduction, itemized deductions, personal exemptions, the deduction for active military service pay as provided in Section 63-3022(h), Idaho Code, and any deduction for income earned within a federally recognized Indian reservation. (7-1-21)

b. Generally, both Idaho adjusted income and total adjusted income are positive amounts. If Idaho adjusted income is less than or equal to the total adjusted income, the percentage is between zero (0) and one hundred percent (100%). If Idaho adjusted income is greater than the total adjusted income, the percentage is one hundred percent (100%). If Idaho adjusted income is a positive amount and total adjusted income is a negative amount, the percentage is one hundred percent (100%). If Idaho adjusted income is a negative amount and total adjusted income is a positive amount, the percentage is zero (0). (7-1-21)

03. Standard Deduction for Married Filing Joint Returns. The proration percentage is applied after making the following calculations for taxable years beginning on or after January 1, 2000. The standard deduction allowed on a married filing joint return is equal to two (2) times the basic standard deduction for a single individual. Add to this amount any additional standard deduction for the aged or blind allowed for federal income tax purposes. (7-1-21)

256. -- 259. (RESERVED)

260. INCOME FROM IDAHO SOURCES (RULE 260).
Section 63-3026A(3), Idaho Code. Income from Idaho sources is the gross income, or portion thereof, that is derived from a business, trade, profession, or occupation carried on within Idaho or from any property, trust, estate, or any other source with a situs in Idaho. Income of a nonresident that is derived from property located both within and without Idaho during the taxable year, or from business transactions that occur both within and without Idaho during the taxable year, is attributed to Idaho based on the principles set forth in Rules 261 through 275 of these rules. (7-1-21)

261. INCOME FROM ESTATES AND TRUSTS (RULE 261).
Section 63-3026A(3), Idaho Code. Income, gain, loss, or deduction of an estate or trust distributed to a nonresident beneficiary is income derived from or related to sources within Idaho if the income, gain, loss or deduction would be Idaho source income pursuant to Section 63-3026A, Idaho Code, if received directly by a nonresident individual. (7-1-21)

262. (RESERVED)
263. IDAHO SOURCE INCOME OF NONRESIDENT AND PART-YEAR RESIDENT INDIVIDUALS -- DISTRIBUTIVE SHARE OF S CORPORATION AND PARTNERSHIP INCOME (RULE 263).

Section 63-3026A(3), Idaho Code

01. In General. The taxable amount of a shareholder’s pro rata share or a partner’s distributive share of business income, gains, losses, and other pass-through items from an S corporation or partnership operating both within and without Idaho is determined by multiplying each pass-through item by the Idaho apportionment factor of the business. The Idaho apportionment factor is determined pursuant to Section 63-3027, Idaho Code, and related rules.

02. Nonbusiness Income. Pass-through items of identifiable nonbusiness income, gains, or losses of an S corporation or partnership constitute Idaho source income to the shareholder or partner if allocable to Idaho pursuant to the principles set forth in Section 63-3027, Idaho Code.

03. Pass-Through Items. Whether a pass-through item of income or loss is business or nonbusiness income is determined at the pass-through entity level. Pass-through items of business income or loss may include:

- a. Ordinary income or loss from trade or business activities;
- b. Net income or loss from rental real estate activities;
- c. Net income or loss from other rental activities;
- d. Interest income;
- e. Dividends;
- f. Royalties;
- g. Capital gain or loss;
- h. Other portfolio income or loss;
- i. Gain or loss recognized pursuant to Section 1231, Internal Revenue Code.

04. Guaranteed Payments Treated As Compensation.

a. Guaranteed payments to an individual partner up to the amount shown in paragraph 263.04.b. in any calendar year is sourced as compensation for services. If a nonresident partner performs services on behalf of the partnership within and without Idaho, the amount included in Idaho compensation is determined as provided in Rule 270 of these rules.

b. The amount of guaranteed payments that are sourced as compensation for services is as follows:

<table>
<thead>
<tr>
<th>TAX YEAR</th>
<th>AMOUNT</th>
</tr>
</thead>
<tbody>
<tr>
<td>2020</td>
<td>$274,360</td>
</tr>
<tr>
<td>2019</td>
<td>$269,500</td>
</tr>
<tr>
<td>2018</td>
<td>$263,000</td>
</tr>
<tr>
<td>2017</td>
<td>$257,500</td>
</tr>
<tr>
<td>2016</td>
<td>$254,250</td>
</tr>
</tbody>
</table>
05. Distributions. (7-1-21)

a. Partnerships. The amount of distributions received by a partner that is from Idaho sources is determined by multiplying the taxable amount of distributions pursuant to Section 731, Internal Revenue Code, by the Idaho apportionment factor of the partnership. (7-1-21)

b. S Corporations. The amount of distributions received by a shareholder that is from Idaho sources is determined by multiplying the taxable amount of distributions pursuant to Section 1368, Internal Revenue Code, by the Idaho apportionment factor of the S corporation. (7-1-21)

c. The Idaho apportionment factor for purposes of Paragraphs 263.05.a. and 263.05.b. of this rule is determined pursuant to Section 63-3027, Idaho Code, and related rules. (7-1-21)

264. INCOME FROM REAL AND TANGIBLE PERSONAL PROPERTY (RULE 264). Section 63-3026A(3), Idaho Code

01. In General. Rents, royalties, profits, gains, losses and other items of income from the ownership or disposition of real or tangible personal property located in Idaho is Idaho source income. (7-1-21)

02. Property Located Within and Without Idaho. (7-1-21)

a. If the property is located or used within and without Idaho, specific allocation of the income, gain, or loss is appropriate if the gross receipts and related deductions and expenses are readily identifiable from the location or use of the property in Idaho. (7-1-21)

b. To the extent income derived from real property located both within and without Idaho cannot be specifically allocated, the rents, profits, gains, losses or other items of income that constitute Idaho source income are determined by multiplying each item of income by a fraction. The numerator of the fraction is the average value of the property located in Idaho and the denominator is the average value of the property located both within and without Idaho. The value of real property is determined by the original cost of the land and improvements. The average value is determined by averaging the values at the beginning and end of the taxable year. However, the Tax Commission may require the averaging of monthly values during the taxable year if required to properly reflect the average value of the taxpayer’s property. (7-1-21)

c. To the extent income derived from tangible personal property used both within and without Idaho cannot be readily allocated, the rents, royalties, gains, losses, and other items of income that constitute Idaho source income are determined by multiplying each item of income by a fraction. The numerator of the fraction is the total number of days the property was used in Idaho during the taxable year, and the denominator is the total number of days the property was used both within and without Idaho during the taxable year. (7-1-21)

03. Alternative Method. If either fraction in Subsection 264.02 does not fairly represent the income derived from the property’s use in Idaho, the taxpayer may propose or the Tax Commission may require an alternative method. For example, acres may be a more appropriate measure than average value in some cases. (7-1-21)

a. The taxpayer will fully explain the alternative method in a statement attached to his Idaho individual income tax return. (7-1-21)

b. The method proposed by the taxpayer may be used in lieu of the method in Subsection 264.02 unless the Tax Commission expressly denies its use. (7-1-21)

265. SOLE PROPRIETORSHIPS OPERATING WITHIN AND WITHOUT IDAHO (RULE 265). Section 63-3026A(3), Idaho Code

01. In General. A sole proprietorship that operates within and without Idaho will apply the principles of allocation and apportionment of income set forth in Section 63-3027, Idaho Code, and related rules to determine the extent of proprietorship income that is derived from or related to Idaho sources. The use of a combined report, however, is available only to C corporations. (7-1-21)
02. Application of Rule. This rule also applies to farming activities operated as a sole proprietorship. (7-1-21)

03. Alternative Method. If the method described in Subsection 265.01 does not fairly represent the extent of the business activity in Idaho, the taxpayer may propose or the Tax Commission may require an alternative method. (7-1-21)

a. The taxpayer will fully explain the alternative method in a statement attached to his Idaho individual income tax return. (7-1-21)

b. The method proposed by the taxpayer may be used in lieu of the method in Subsection 265.01 unless the Tax Commission expressly denies its use. (7-1-21)

266. IDAHO SOURCE INCOME OF NONRESIDENT AND PART-YEAR RESIDENT INDIVIDUALS -- INCOME FROM INTANGIBLE PROPERTY (RULE 266).

Section 63-3026A(3), Idaho Code

01. In General. Gross income from intangible property generally is sourced to the state of the owner’s domicile. The following are exceptions to this rule. (7-1-21)

a. If the intangible property is employed in the owner’s trade, business or profession carried on within Idaho, any income derived from or related to the property, including gains from the sale thereof, constitutes income from Idaho sources. For example, if a nonresident pledges stocks, bonds or other intangible personal property as security for the payment of indebtedness incurred in connection with the nonresident’s Idaho business operations, the intangible property has an Idaho situs and the income derived therefrom constitutes Idaho source income. (7-1-21)

b. Interest income from the sale of real or tangible personal property on the installment method is treated as income from the sale of the underlying property and is therefore sourced to Idaho if the underlying property was located in Idaho when sold. (7-1-21)

c. Interest income paid by an S corporation to a shareholder or by a partnership to a partner is sourced to Idaho in proportion to the Idaho apportionment factor of the partnership or S corporation. (7-1-21)

d. Gains or losses from the sale or other disposition of a partnership interest or stock in an S corporation are sourced to Idaho by using the Idaho apportionment factor for the entity for the taxable year immediately preceding the year of the sale of the interest or stock. However, a gain or loss from the sale of an interest in a publicly traded partnership transacting business in Idaho is Idaho source income to the extent of the gain or loss determined under Section 751, Internal Revenue Code, multiplied by the Idaho apportionment factor of the partnership for the year in which the sale occurred. (7-1-21)

02. Interest Income Earned on a Bank Account. (7-1-21)

a. Personal Bank Accounts. Interest income earned on a personal bank account is sourced to the owner’s state of domicile. A personal bank account is an account that is not used in connection with a business. (7-1-21)

b. Business Bank Accounts. If the business is a sole proprietorship, see Rule 265 of these rules. If the business is an S corporation or partnership, see Rule 263 of these rules. (7-1-21)

03. Payment of Penalties. Payment of penalties is sourced to Idaho the same as interest income. This includes penalties arising from the prepayment or late payment of an installment contract. If the installment contract is for the sale of Idaho property, any penalty paid is Idaho source income. (7-1-21)

04. Covenant Not to Compete. Income from a covenant not to compete is sourced to Idaho based on the Idaho apportionment factor of the entity sold for the taxable year immediately preceding the year of the sale. (7-1-21)
05. **Goodwill.** Gain or loss from the sale of goodwill from a business transacting business in Idaho is sourced to Idaho based on the Idaho apportionment factor of the business sold for the taxable year immediately preceding the year of the sale. (7-1-21)

06. **Timing of Sourcing Determination for Intangible Personal Property.** The source of gains and losses from the sale or other disposition of intangible personal property is determined at the time of the sale or disposition of the property. For example, if an Idaho resident sells intangible personal property under the installment method, and subsequently becomes a nonresident, gain attributable to any installment payment receipts relating to that sale will be sourced to Idaho even though the individual is a nonresident when a payment is received. If the intangible personal property was employed in the owner’s business, trade, profession or occupation conducted or carried on in Idaho as described in Paragraph 266.01.a., of this rule, at the time of the sale, any subsequent installment payments is Idaho source income. (7-1-21)

267. **IDAHO SOURCE INCOME OF NONRESIDENT AND PART-YEAR RESIDENT INDIVIDUALS -- PASSIVE ACTIVITY LOSSES (RULE 267).**

Section 63-3026A(6), Idaho Code

01. **In General.** Losses from a passive activity incurred while an individual is a nonresident are included in Idaho taxable income only to the extent the losses were from Idaho activity. (7-1-21)

02. **Idaho Activity.** An activity is an Idaho activity only to the extent the income from that activity would be included in the Idaho taxable income of a nonresident pursuant to Section 63-3026A, Idaho Code. If a passive activity is engaged in both within and without Idaho, the principles of allocation and apportionment of income set forth in Section 63-3027, Idaho Code, and related rules must be applied to determine the extent of Idaho activity. (7-1-21)

03. **Prior Year Losses.** Suspended passive activity losses from prior years included in federal taxable income for the current year are included in Idaho taxable income only to the extent the losses were from Idaho activity. (7-1-21)

04. **Current Year Losses.** Non-Idaho passive activity losses incurred in the current taxable year are included in Idaho taxable income only to the extent the losses were incurred while the individual was an Idaho resident. The portion of the losses incurred while an Idaho resident is determined by prorating the losses based on the proportion of the year the individual resided in Idaho. (7-1-21)

268. **IDAHO SOURCE INCOME OF NONRESIDENT AND PART-YEAR RESIDENT INDIVIDUALS -- SUSPENDED LOSSES FROM PASS-THROUGH ENTITIES (RULE 268).**

Section 63-3026A, Idaho Code

01. **In General.** A nonresident individual’s suspended losses from a pass-through entity are included in Idaho taxable income in the year incurred in federal taxable income only to the extent the losses were from an Idaho source in the year incurred. (7-1-21)

   a. Suspended Loss. For purposes of this rule, a suspended loss is a loss required to be carried over to a succeeding taxable year due to Section 465(a), Section 704(d), or Section 1366(d) of the Internal Revenue Code. (7-1-21)

   b. Idaho Source. A suspended loss is from an Idaho source in the year incurred to the extent provided by Section 63-3026A, Idaho Code, and related rules. For purposes of this rule, the Idaho source portion of a suspended business loss subject to apportionment is determined by multiplying the loss by the Idaho apportionment factor of the pass-through entity in the year the loss was incurred. The Idaho apportionment factor is determined pursuant to Section 63-3027, Idaho Code, and related rules. (7-1-21)

   c. Nonbusiness Losses. A suspended nonbusiness loss is from an Idaho source in the year incurred to the extent the loss is allocable to Idaho pursuant to Section 63-3027, Idaho Code and Rule 263.02 of these rules. (7-1-21)
d. Year Loss Incurred. For purposes of this rule, “year incurred” means the tax year the loss was first suspended. (7-1-21)

e. Example. A nonresident individual’s federal taxable income includes one hundred thousand dollars ($100,000) of loss from a partnership. Sixty thousand dollars ($60,000) of that loss was incurred in the prior tax year and suspended due to the basis limitation of Section 704(d) of the Internal Revenue Code. Forty thousand dollars ($40,000) of that loss was incurred in the current tax year. The Idaho apportionment factor of the partnership is one hundred percent (100%) in the current year and fifty percent (50%) in the prior year. The individual’s Idaho taxable income includes seventy thousand dollars ($70,000) of the partnership’s loss, computed as follows: ($60,000 prior year suspended loss x fifty percent (50%) prior year Idaho apportionment factor plus (Forty thousand dollars ($40,000) current year loss x one hundred percent (100%) current year Idaho apportionment factor). (7-1-21)

02. Losses from Multiple Years. For purposes of this rule, losses from a pass-through entity are considered used in the order incurred. (7-1-21)

a. Example. A nonresident individual has suspended losses from a partnership of one hundred thousand dollars ($100,000). The suspended losses consist of forty thousand dollars ($40,000) of loss incurred in Year 1 and sixty thousand dollars ($60,000) of loss incurred in Year 2. The individual also has a loss from the partnership in the current year of fifty thousand dollars ($50,000). The partnership’s Idaho apportionment factor is one hundred percent (100%) in the current year and fifty percent (50%) in each of the preceding years. Due to the loss limitation of Section 704(d) of the Internal Revenue Code, the individual’s current year deduction is limited to one hundred thousand dollars ($100,000). The one hundred thousand dollar ($100,000) loss allowed in computing federal taxable income is considered to be forty thousand dollars ($40,000) of suspended loss from Year 1 and sixty thousand dollars ($60,000) of suspended loss from Year 2. The amount included in Idaho taxable income is fifty thousand dollars ($50,000), computed as follows: ($40,000 Year 1 loss x 50% Idaho apportionment factor) plus ($60,000 Year 2 loss x 50% Idaho apportionment factor). (7-1-21)

269. (RESERVED)

270. IDAHO SOURCE INCOME OF NONRESIDENT AND PART-YEAR RESIDENT INDIVIDUALS -- IDAHO COMPENSATION -- IN GENERAL (RULE 270).

Section 63-3026A(3), Idaho Code

01. In General. If a nonresident individual performs personal services, either as an employee, agent, independent contractor, partner, or otherwise, both within and without Idaho, the portion of his total compensation that constitutes Idaho source income is determined by multiplying that total compensation by the Idaho compensation percentage. (7-1-21)

02. Definitions. (7-1-21)

a. The Idaho compensation percentage is the percentage computed by dividing Idaho work days by total work days. (7-1-21)

b. The term Idaho work days means the total number of days the taxpayer provided personal services in Idaho for a particular employer or principal during the calendar year. If personal services were provided both within and without Idaho on the same day, that day is an Idaho work day unless the taxpayer establishes that less than fifty percent (50%) of the services were performed within Idaho that day. If an employee works in Idaho part of the day on a regular full-time basis, working hours must be used to determine the amount of Idaho compensation. (7-1-21)

c. Total work days means the total number of days the taxpayer provided personal services for that employer or principal both within and without Idaho during the calendar year. For example, a taxpayer working a five (5) day work week may assume total work days of two hundred sixty (260) less any vacation, holidays, sick leave days and other days off. (7-1-21)

d. Total compensation means all salary, wages, commissions, contract payments, and other
compensation for services, including sick leave pay, holiday pay and vacation pay, that is taxable pursuant to the Internal Revenue Code.

03. **Work Days.** Work days include only those days the taxpayer actually performs personal services for the benefit of the employer or principal. Vacation days, sick leave days, holidays, and other days off from work are considered nonwork days whether compensated or not. Total work days must equal Idaho work days plus non-Idaho work days. The taxpayer has the burden of establishing non-Idaho work days. Documentation establishing non-Idaho work days may be required to support the Idaho compensation percentage used by the taxpayer.

04. **Multiple Employers.** If a taxpayer performs personal services both within and without Idaho for more than one (1) employer or principal, he must determine an Idaho compensation percentage separately for each employer or principal.

05. **Alternative Method.** If the Idaho compensation percentage does not fairly represent the extent of the taxpayer's personal service activities in Idaho, the taxpayer may propose or the Tax Commission may require an alternative method. For example, working hours may be a more appropriate measure than work days in some cases.

a. The taxpayer must fully explain the alternative method in a statement attached to his Idaho individual income tax return.

b. The alternative method may be used in lieu of the method in Subsection 270.01 unless the Tax Commission expressly denies its use.

271. **IDAHO COMPENSATION: STOCK OPTIONS (RULE 271).**

Section 63-3026A(3), Idaho Code

01. **In General.** The granting of stock options is considered to be compensation for services. Although considered as compensation, in some circumstances the taxpayer may report the compensation on his federal income tax return as capital gain income. The character of the income from the granting of stock options and the timing of reporting it for federal income tax purposes apply in computing Idaho taxable income.

02. **Definitions.** For purposes of this rule:

a. Work days, Idaho work days, and total work days are defined in Rule 270 of these rules.

b. Compensable period means the period that begins at the date the stock option is granted and ends at the earlier of the date the stock option becomes vested or the date the employee’s services terminate.

c. Statutory stock options are options governed by specific Internal Revenue Code sections that impose restrictions on both the employer and the employee. Statutory stock options include incentive stock options as provided in Section 422, Internal Revenue Code, and options issued pursuant to employee stock purchase plans as provided in Section 423, Internal Revenue Code.

d. Nonstatutory stock options are options that do not meet the Internal Revenue Code requirements to qualify as statutory stock options or are granted pursuant to a plan or offering that does not qualify.

03. **Compensation for Future Services.** The granting of stock options will be presumed to be intended as compensation for future services. The party alleging otherwise bears the burden of proving that the stock options were intended for services rendered before the date of grant.

04. **Statutory Stock Options.**

a. Compensation. Compensation is realized at the date the option is exercised, but not taxable until the income or gain is recognized for federal income tax purposes. If a taxpayer reports a capital gain for federal income tax purposes from statutory stock options, the amount of Idaho source compensation will also be reported as capital gain income for Idaho income tax purposes. Idaho source compensation is determined as follows:
i. Compensation is equal to the portion of the gain that equals the difference between the option price and the fair market value of the stock at the date the option was exercised. Compensation is limited to the gain actually recognized if the stock is sold for less than its fair market value at the time the option was exercised. No compensation will be reported if the stock is sold at a loss.

ii. Compensation for services performed in Idaho equals the compensation determined in Subsection 271.04.a.i., multiplied by the ratio of Idaho work days to total work days during the compensable period.

b. Investment Income. Appreciation in the value of the stock after the date the option was exercised is to be reported as investment income and sourced to the taxpayer’s domicile at the date the stock was sold.

05. Nonstatutory Stock Options.

a. Compensation. Compensation is recognized at the date the stock option is exercised. The amount of Idaho source compensation related to the stock option is determined as follows:

i. Compensation for federal income tax purposes is equal to the difference between the option price and the fair market value of the stock at the date the option was exercised.

ii. Compensation for services performed in Idaho equals the compensation determined in Subsection 271.05.a.i., multiplied by the ratio of Idaho work days to total work days during the compensable period.

b. Investment Income. Appreciation or depreciation in the value of the stock after the date the option was exercised is to be reported as investment income and sourced to the taxpayer’s domicile at the date the stock was sold.

272. IDAHO COMPENSATION: SEVERANCE PAY (RULE 272).

Section 63-3026A(3), Idaho Code

01. In General. In accordance with federal Treasury Regulation Section 1.61-2, termination or severance pay is treated as compensation for services. The amount of termination or severance pay received by a nonresident that is subject to Idaho income tax is determined pursuant to this rule.

02. Definitions. For purposes of this rule work days, Idaho work days and total work days are defined in Rule 270 of these rules.

03. Calculation of Idaho Source Severance Pay. The amount of severance pay that is Idaho source income is to be equal to the severance pay received during the taxable year multiplied by the ratio of Idaho work days to total work days during either of the following:

a. The employee's entire period of employment with such employer; or

b. The employee's last twelve (12) months of employment with such employer.

04. Alternative Method. If the Idaho compensation percentage computed in Subsection 272.03 does not fairly represent the extent of the taxpayer's personal service activities in Idaho, the taxpayer may propose or the Tax Commission may require an alternative method. For example, working hours may be a more appropriate measure than work days in some cases.

a. The taxpayer will fully explain the alternative method in a statement attached to his Idaho individual income tax return.

b. The alternative method may be used in lieu of the method in Subsection 272.03 unless the Tax Commission expressly denies its use.

273. IDAHO COMPENSATION: UNEMPLOYMENT COMPENSATION (RULE 273).
Section 63-3026A(3), Idaho Code. Unemployment compensation benefits are Idaho source income if the benefits are received by the taxpayer from the state of Idaho, even though the benefits may relate to wages earned in Idaho and another state. Unemployment compensation benefits received from another state does not constitute Idaho source income even though the calculation of the benefits may be based in part on wages earned in Idaho. (7-1-21)

274. (RESERVED)

275. IDAHO SOURCE INCOME OF NONRESIDENT AND PART-YEAR RESIDENT INDIVIDUALS -- INVESTMENT INCOME FROM QUALIFIED INVESTMENT PARTNERSHIPS (RULE 275).
Section 63-3026A(3)(c), Idaho Code

01. In General. (7-1-21)

a. For taxable years beginning on or after January 1, 2007, the Idaho taxable income of a nonresident individual does not include the distributive share of investment income of a qualified investment partnership. The distributive share of noninvestment income of a qualified investment partnership derived from or related to sources within Idaho is included in Idaho taxable income. See Rule 250 of these rules for information on when pass-through income from a partnership is deemed to have been received. (7-1-21)

b. The exemption from tax on investment income from a qualified investment partnership does not apply to gains or losses derived from the sale of a nonresident individual’s interest in a qualified investment partnership. The source of these gains and losses is governed by Section 63-3026A(3)(a)(vii), Idaho Code, and Rule 266 of these rules. The source of investment income that is not from a qualified investment partnership is determined as provided in Rule 263 of these rules. (7-1-21)

02. Qualified Investment Partnership. An entity is a qualified investment partnership only if it meets both of the following criteria: (7-1-21)

a. The entity is classified as a partnership for federal income tax purposes, but is not a publicly traded partnership taxed as a corporation under Section 63-3006, Idaho Code. (7-1-21)

b. The gross income from investments of the entity is derived at least ninety percent (90%) from investments that when held by a nonresident individual directly, would not produce income subject to the Idaho income tax. See Rules 263 and 266 of these rules. (7-1-21)

03. Investment Income. For purposes of this exclusion, an item of partnership income is investment income only if it would not be Idaho taxable income of a nonresident individual if the individual held the investment directly. (7-1-21)

04. Examples. (7-1-21)

a. A is a nonresident individual member of ABC, a partnership operating solely within Idaho. The taxable income of ABC for the taxable year consists of ninety thousand dollars ($90,000) of dividend income and ten thousand dollars ($10,000) of capital gains from stock trading through a brokerage account. If A held the stock directly, Section 63-3026A(3)(a)(iii), Idaho Code, provides that the dividends and capital gains would not be included in Idaho taxable income. Since at least ninety percent (90%) of ABC’s income is from investments that would not be taxable to a nonresident individual if held directly by that individual, ABC is a qualified investment partnership and none of A’s distributive share of the income is included in Idaho taxable income even though ABC is an Idaho partnership. (7-1-21)

b. Assume the same facts as in Paragraph 275.04.a. of this rule, except that the ten thousand dollars ($10,000) of capital gains is from the sale of Idaho real property. Since at least ninety percent (90%) of ABC’s income is from investments that would not be taxable to a nonresident individual if held directly by that individual, ABC is a qualified investment partnership. A’s distributive share of ABC’s dividend income is excluded from A’s Idaho taxable income, but A’s distributive share of ABC’s gain from the sale of Idaho real property is included in Idaho taxable income because Section 63-3026A(3), Idaho Code, provides that such income would be taxable to A if A had owned the property directly. (7-1-21)
c. A is a nonresident individual member of ABC, a partnership operating solely within Idaho. The taxable income of ABC for the taxable year consists of eighty thousand dollars ($80,000) of dividend income and twenty thousand dollars ($20,000) of capital gains from the sale of Idaho real property. ABC is not a qualified investment partnership because less than ninety percent (90%) of ABC’s income is from investments that would not be taxable to a nonresident individual if held directly by that individual. A’s distributive share of ABC’s dividend income and capital gain income is included in Idaho taxable income as provided in Rule 263 of these rules.

d. A is a nonresident individual partner in ABC, a partnership with a fifty percent (50%) Idaho apportionment factor. The gross income of ABC consists of ninety thousand dollars ($90,000) of dividend income, five thousand dollars ($5,000) of capital gain from the sale of non-Idaho real property used in the trade or business, and five thousand dollars ($5,000) of gross business income. Since at least ninety percent (90%) of ABC’s gross income is from investments that would not be taxable to a nonresident individual if held directly by that individual, ABC is a qualified investment partnership. A’s distributive share of ABC’s dividend income is excluded from A’s Idaho taxable income, but fifty percent (50%) of A’s distributive share of ABC’s gain from the sale of non-Idaho real property (which is business income under the facts of this example) and fifty percent (50%) of A’s distributive share of ABC’s other business income is included in Idaho taxable income, based on the Idaho apportionment factor of the partnership as provided in Section 63-3026A(3)(a)(i) and Rule 263 of these rules.

276. -- 279. (RESERVED)

280. PARTNERSHIPS OPERATING WITHIN AND WITHOUT IDAHO (RULE 280).
Sections 63-3026A(3), 63-3027 and 63-3030(a)(9), Idaho Code

01. In General. A partnership that operates within and without Idaho must apply the principles of allocation and apportionment of income set forth in Section 63-3027, Idaho Code, and related rules to determine the extent of partnership income that is derived from or related to Idaho sources. The use of a combined report, however, is available only to C corporations.

02. Exceptions to Apportionment Formula. If the method described in Subsection 280.01 does not fairly represent the extent of the business activity in Idaho, the partnership may file a request to use, or the Tax Commission may require, an alternative method, including the following:

a. Separate accounting as provided in Rule 585 of these rules;

b. The exclusion of a factor pursuant to Rule 590 of these rules;

c. An additional factor or substitute factor pursuant to Rule 595 of these rules; or

d. The employment of any other method that would fairly represent the extent of business activity in Idaho.

03. Information Provided to Partners. The partnership must provide to each partner information necessary for the partner to compute his Idaho income tax. Such information must include:

a. The partner’s share of each pass-through item of income and deduction;

b. The partner’s share of each Idaho addition and subtraction;

c. The partner’s share of Idaho qualifying contributions, Idaho tax credits, and tax credit recapture;

d. The partner’s share of income allocated to Idaho;

e. The partnership’s apportionment factor, and if the partner is not an individual, the partnership’s property, payroll and sales factor numerator and denominator amounts, including the amount of capitalized rent expense; and
f. The partner’s distributive share of partnership gross income if the partner is an individual, trust, or estate. (7-1-21)

281. -- 284. (RESERVED)

Sections 63-3025 and 63-3025A, Idaho Code

01. Tax on S Corporations. An S corporation that is transacting business in Idaho or authorized to transact business in Idaho is subject to the tax imposed by Section 63-3025, Idaho Code, if not paying the tax imposed by Section 63-3025A, Idaho Code. The tax imposed by Section 63-3025 or 63-3025A, Idaho Code, is computed on the total of the net recognized built-in gains and the excess net passive income of the S corporation attributable to Idaho for the taxable year.

   a. Net recognized built-in gains is to be determined pursuant to Section 1374, Internal Revenue Code, including any applicable limitations. (7-1-21)

   b. Excess net passive income is determined pursuant to Section 1375, Internal Revenue Code, including any applicable limitations. (7-1-21)

   c. If the tax computed in Subsection 285.01 of this rule is less than the minimum tax, the S corporation pays the minimum tax. (7-1-21)

02. Minimum Tax. The minimum tax is required of every S corporation that is required to file a return. A name-holder or inactive S corporation that is authorized to do business in Idaho pays the minimum tax of twenty dollars ($20) even though the S corporation did not conduct Idaho business activity during the taxable year. A nonproductive mining corporation generally is not required to pay the minimum tax. See Subsection 285.03 of this rule. (7-1-21)

03. Nonproductive Mining Corporations. A nonproductive mining corporation is a corporation that does not own any producing mines and does not engage in any business other than mining. An S corporation that qualifies as a nonproductive mining corporation is required to file and pay tax if it receives any other income. (7-1-21)

04. Application of Credits. If an S corporation was previously a C corporation with an Idaho income tax credit carryover at the time of the S corporation election, the S corporation may use any available credit carryover against the tax on the excess net passive income or net recognized built-in gains if the carryover period related to the Idaho income tax credit has not expired before the taxable year in which the tax must be reported. (7-1-21)

05. Tax Resulting From the Requirements of Section 63-3022L, Idaho Code. An S corporation is subject to tax at the corporate rate on the income required to be reported for qualifying shareholders under Section 63-3022L, Idaho Code. This tax is in addition to any tax the S corporation owes under Section 63-3025 or 63-3025A, Idaho Code. See Rule 291 of these rules for additional information. (7-1-21)

06. Qualified Subchapter S Subsidiary. A corporation that is a qualified subchapter S subsidiary (QSSS) will be treated for Idaho income tax purposes the same as treated for federal income tax purposes. The QSSS will not be treated as a separate corporation, but all the assets, liabilities, and items of income, deduction, and credit of a QSSS will be treated as assets, liabilities and such items of the S corporation. Since the QSSS is not treated as a separate taxpayer, it is not subject to the minimum tax. (7-1-21)

286. S CORPORATIONS OPERATING WITHIN AND WITHOUT IDAHO (RULE 286).
Sections 63-3027 and 63-3030(a)(4), Idaho Code

01. In General. An S corporation that operates within and without Idaho must apply the principles of allocation and apportionment of income set forth in Section 63-3027, Idaho Code, and related rules to determine the extent of S corporation income that is derived from or related to Idaho sources. The use of a combined report,
however, is available only to C corporations. (7-1-21)T

02. **Exceptions to Apportionment Formula.** If the method described in Subsection 286.01 of this rule does not fairly represent the extent of the business activity in Idaho, the S corporation may file a request to use or the Tax Commission may require an alternative method, including the following:

   a. Separate accounting as provided in Rule 585 of these rules; (7-1-21)T
   b. The exclusion of a factor pursuant to Rule 590 of these rules; (7-1-21)T
   c. An additional factor or substitute factor pursuant to Rule 595 of these rules; or (7-1-21)T
   d. The employment of any other method that would fairly represent the extent of business activity in Idaho. (7-1-21)T

03. **Information Provided to Shareholders.** An S corporation must provide to each shareholder information necessary for the shareholder to compute his Idaho income tax. Such information must include:

   a. The shareholder’s share of each pass-through item of income and deduction; (7-1-21)T
   b. The shareholder’s share of each Idaho addition and subtraction; (7-1-21)T
   c. The shareholder’s share of Idaho qualifying contributions, Idaho tax credits, and tax credit recapture; (7-1-21)T
   d. The shareholder’s share of income allocated to Idaho; (7-1-21)T
   e. The S corporation’s apportionment factor; and (7-1-21)T
   f. The shareholder’s distributive share of S corporation gross income. (7-1-21)T

04. **Protection Under Public Law 86-272.** An S corporation whose Idaho business activities fall under the protection of Public Law 86-272 is exempt from the taxes imposed by Sections 63-3025 and 63-3025A, Idaho Code, including the minimum tax. (7-1-21)T

05. **Qualified Subchapter S Subsidiary.** A corporation that is a qualified subchapter S subsidiary (QSSS) must include its apportionment attributes with its parent’s apportionment attributes to compute one Idaho apportionment factor for the S corporation. If the S corporation and its qualified subchapter S subsidiaries are carrying on more than one unitary business, each unitary business must allocate and apportion its income pursuant to Rule 340.03. (7-1-21)T

287. -- 290. **(RESERVED)**

291. **TAX PAID BY PASS-THROUGH ENTITIES FOR OWNERS OR BENEFICIARIES -- COMPUTATION OF IDAHO TAXABLE INCOME FOR TAXABLE YEARS BEGINNING ON OR AFTER JANUARY 1, 2014 (RULE 291).**

Sections 63-3022L and 63-3026A, Idaho Code

   01. **In General.** A pass-through entity is responsible for reporting and paying the tax for nonresident individuals or withholding tax on the individual’s share of income from the pass-through entity required to be included in Idaho taxable income as prescribed in Section 63-3036B, Idaho Code. For purposes of this rule, pass-through entity means “pass-through entity” as defined in Section 63-3006C, Idaho Code. (7-1-21)T

   02. **Income Reportable to Idaho.** The following items must be included in the computation of Idaho taxable income for an individual:
Pass-through items that are income from Idaho sources of an owner as determined pursuant to Rule 263 of these rules.

Distributable net income from an estate or trust that is income from Idaho sources as determined pursuant to Rule 261 of these rules.

03. Deductions. Pass-through entities paying the tax under Section 63-3022L, Idaho Code, are not entitled to claim the following deductions on behalf of an individual.

a. Capital Loss. As provided in Section 63-3022(i), Idaho Code, S corporations and partnerships are not allowed to carry over or carry back any capital loss provided for in Section 1212, Internal Revenue Code.

b. Net Operating Loss. As provided in Section 63-3022(i), Idaho Code, S corporations and partnerships are not allowed to carry over or carry back any net operating loss provided for in Section 63-3022(c), Idaho Code.

c. Idaho Capital Gains Deduction. As provided in Section 63-3022H, Idaho Code, the Idaho capital gains deduction may only be claimed by individual taxpayers on an individual income tax return.

d. Informational Items. Amounts provided to owners of pass-through entities and beneficiaries of trusts and estates on the federal Schedule K-1 that are informational only may not be used as a deduction in computing the taxable income reportable under Section 63-3022L, Idaho Code. Informational items include the domestic production activities information and net earnings from self-employment.

e. Items Not Deductible Under the Internal Revenue Code. A deduction is not allowed for items disallowed under the Internal Revenue Code. For example, a deduction is not allowed for items disallowed as a deduction in Sections 162(c) and 262 through 280E, Internal Revenue Code, unless specifically allowed by Idaho law. Items allowed by Idaho law include expenses related to tax-exempt income under Section 265, Internal Revenue Code, which are allowed to be deducted as a result of Section 63-3022M, Idaho Code.

f. Items Not Reported as a Pass-Through Deduction. Amounts not reported from the pass-through entity to the pass-through owner are not allowed as a deduction under Section 63-3022L, Idaho Code. These include:

i. The standard deduction;

ii. Personal exemptions;

iii. Itemized deductions that result from activity of the pass-through owner. For example, a deduction is not allowed for charitable contributions made personally by the pass-through owner, but is allowed for the pass-through owner’s share of charitable contributions made by the pass-through entity.

g. Items Reported as a Pass-Through Deduction. Amounts reported from the pass-through entity to the pass-through owner in their distributive share are allowed as a deduction under Section 63-3022L, Idaho Code, unless otherwise disallowed under this rule. These include but are not limited to:

i. Section 179, Internal Revenue Code, deduction;

ii. Charitable contributions made by the pass-through entity;

iii. Investment interest expense;

iv. Section 59(e)(2), Internal Revenue Code, expenditures (qualified research expenditures);

v. Amounts paid for medical insurance;
vi. Educational assistance benefits;

vii. Payments to a pension or IRA.

04. **Double Deductions Disallowed.** A pass-through owner may not deduct amounts that previously have been deducted by a pass-through entity paying the tax on his behalf. If the pass-through owner files an Idaho individual income tax return reporting federal taxable income that includes amounts previously deducted by a pass-through entity on his behalf, the pass-through owner must add back the duplicated deduction amounts in computing his Idaho taxable income on his individual income tax return.

292. -- 299. (RESERVED)

300. **TAX ON CORPORATIONS (RULE 300).**
Sections 63-3025 and 63-3025A, Idaho Code

01. **Excise Tax.** A corporation excluded from the tax on corporate income imposed by Section 63-3025, Idaho Code, is subject to the excise tax imposed by Section 63-3025A, Idaho Code. If a corporation is subject to the excise tax imposed by Section 63-3025A, Idaho Code, it is not subject to the tax on corporate income imposed by Section 63-3025, Idaho Code.

02. **Minimum Tax.** A name-holder or inactive corporation that is authorized to do business in Idaho pays the minimum tax of twenty dollars ($20) even though the corporation did not conduct Idaho business activity during the taxable year. A nonproductive mining corporation generally is not required to pay the minimum tax. See Subsection 300.03.

03. **Nonproductive Mining Corporations.** A nonproductive mining corporation is a corporation that does not own any producing mines and does not engage in any business other than mining. A corporation that qualifies as a nonproductive mining corporation is required to file and pay tax if it receives any other income.

04. **Protection Under Public Law 86-272.** A corporation whose Idaho business activities fall under the protection of Public Law 86-272 is exempt from the taxes imposed by Sections 63-3025 and 63-3025A, Idaho Code, including the minimum tax.

05. **Corporate Income Tax Rates.**

301. -- 309. (RESERVED)

310. **ELECTIONS FOR MULTISTATE CORPORATIONS (RULE 310).**
Section 63-3027, Idaho Code

01. **Available Options.** A multistate corporation transacting business in Idaho may elect to be taxed pursuant to the provisions of the Idaho Income Tax Act or pursuant to the Multistate Tax Compact, Section 63-3701, Idaho Code. This provides three (3) options:

a. Apportionment and allocation pursuant to Section 63-3027, Idaho Code.

b. Apportionment and allocation pursuant to Article III, Section 1 of the Multistate Tax Compact.
However, if this option is elected, business income is to be apportioned using the apportionment formula pursuant to Section 63-3027(t), Idaho Code. (7-1-21)T

c. Tax based on one percent (1%) of sales pursuant to Article III, Section 2 of the Multistate Tax Compact and Section 63-3702, Idaho Code. This option is available to corporations whose only activity in Idaho consists of sales that are not in excess of one hundred thousand dollars ($100,000) during the taxable year. (7-1-21)T

02. Electing an Option. A multistate corporation is to file pursuant to Section 63-3027, Idaho Code, unless it elects to report and pay income tax pursuant to one of the options specified in Subsections 310.01.b. and 310.01.c. The election is made by attaching a written statement of the election to the return. The statement must affirmatively state each element required by statute to qualify for the option elected. The return must include any additional schedules needed to show how the tax due was computed. The election may not be changed for a taxable year after the return for that year has been filed. (7-1-21)T

311. -- 319. (RESERVED)

320. APPLICATION OF MULTISTATE RULES (RULE 320).
Section 63-3027, Idaho Code

01. Prologue. Rules 320 through 699 of these rules are intended to set forth the application of the apportionment and allocation provisions of Section 63-3027, Idaho Code. The only exceptions to these allocation and apportionment rules are those set forth in these rules pursuant to the authority of Sections 63-3027(s) and 63-3027(u), Idaho Code. (7-1-21)T

02. Taxpayers Conducting Business Within and Without Idaho. Section 63-3027, Idaho Code, and related rules apply to corporations conducting business within and without Idaho, and to other taxpayers if required by other provisions of the Idaho Code or of these rules. However, only C corporations may use the combined report to determine Idaho taxable income. See Rule 360 of these rules. (7-1-21)T

321. -- 324. (RESERVED)

325. DEFINITIONS FOR PURPOSES OF MULTISTATE RULES (RULE 325).
Section 63-3027, Idaho Code. For purposes of computing the Idaho taxable income of a multistate corporation, the following definitions apply: (7-1-21)T

01. Affiliated Corporation and Affiliated Group. An affiliated corporation is a corporation that is a member of a commonly controlled group of which the taxpayer is also a member. The commonly controlled group is referred to as an affiliated group. Although Idaho generally follows federal tax principles and terminology, Idaho’s use of the terms affiliated corporation and affiliated group means a corporation or corporations with over fifty percent (50%) of its voting stock directly or indirectly owned or controlled by a common owner or owners. For information on what constitutes common control, see Rule 344 of these rules. (7-1-21)T

02. Allocation. Allocation refers to the assignment of nonbusiness income to a particular state. (7-1-21)T

03. Apportionment. Apportionment refers to the division of business income between states in which the business is conducted by the use of a formula containing apportionment factors. (7-1-21)T

04. Business Activity. Business activity refers to the transactions and activity occurring in the regular course of a particular trade or business of a taxpayer or to the acquisition, management, and disposition of property that constitute integral parts of the taxpayer’s regular trade or business operations. (7-1-21)T

05. Combined Group. Combined group means the group of corporations that comprise a unitary business and are includable in a combined report pursuant to Section 63-3027(t) or 63-3027B, Idaho Code, if the water’s edge election is made. (7-1-21)T

06. Combined Report. Combined report refers to the computational filing method to be used by a
unitary business which is conducted by a group of corporations wherever incorporated rather than a single
corporation. (7-1-21)T

07. Gross Receipts.

a. Gross receipts are the gross amounts realized, (the sum of money and the fair market value of other
property or services received) on the sale or exchange of property, the performance of services, or the use of property
or capital (including rents, royalties, interest and dividends) in a transaction that produces business income, in which
the income or loss is recognized (or would be recognized if the transaction were in the United States) under the
Internal Revenue Code. Amounts realized on the sale or exchange of property are not reduced for the cost of goods
sold or the basis of property sold. Gross receipts, even if business income, do not include such items as, for example:

i. Repayment, maturity, or redemption of the principal of a loan, bond, or mutual fund or certificate of
deposit or similar marketable instrument; (7-1-21)T

ii. The principal amount received under a repurchase agreement or other transaction properly
characterized as a loan; (7-1-21)T

iii. Proceeds from issuance of the taxpayer's own stock or from sale of treasury stock; (7-1-21)T

iv. Damages and other amounts received as the result of litigation; (7-1-21)T

v. Property acquired by an agent on behalf of another; (7-1-21)T

vi. Tax refunds and other tax benefit recoveries; (7-1-21)T

vii. Pension reversions; (7-1-21)T

viii. Contributions to capital; (7-1-21)T

ix. Income from forgiveness of indebtedness; or (7-1-21)T

x. Amounts realized from exchanges of inventory that are not recognized by the Internal Revenue
Code. (7-1-21)T

b. Exclusion of an item from the definition of gross receipts is not determinative of its character as
business or nonbusiness income. Nothing in this definition is to be construed to modify, impair or supersede any
provision of Rules 560 through 595 of these rules. (7-1-21)T

08. Group Return. A unitary group of corporations may file one (1) Idaho corporate income tax return
for all the corporations of the unitary group that are required to file an Idaho income tax return. When used in these
rules, group return refers to this sole return filed by a unitary group. Use of the group return precludes the need for
each corporation to file its own Idaho corporate income tax return. (7-1-21)T

09. MTC. The Multistate Tax Commission. (7-1-21)T

10. Multistate Corporation. A multistate corporation is a corporation that operates in more than one
(1) state. For purposes of this definition, state is defined in Section 63-3027(a)(6), Idaho Code. (7-1-21)T

11. Unitary Business. Unitary business is a concept of constitutional law defined in decisions of the
United States Supreme Court. See Rule 340 of these rules. (7-1-21)T

326. -- 329. (RESERVED)

330. BUSINESS AND NONBUSINESS INCOME DEFINED: APPORTIONMENT AND ALLOCATION
(RULE 330).
Section 63-3027(a), Idaho Code. Sections 63-3027(a)(1) and 63-3027(a)(4), Idaho Code, require that every item of income be classified either as business income or nonbusiness income. Income for purposes of classification as business or nonbusiness includes gains and losses. Business income is apportioned among jurisdictions by use of a formula. Nonbusiness income is specifically assigned or allocated to one (1) or more specific jurisdictions pursuant to express rules. An item of income is classified as business income if it falls within the definition of business income. An item of income is nonbusiness income only if it does not meet the definitional requirements for being classified as business income.

331. BUSINESS AND NONBUSINESS INCOME DEFINED: BUSINESS INCOME (RULE 331).
Section 63-3027(a)(1), Idaho Code

01. In General. Business income means income of any type or class and from any activity that meets the “transactional test” described in Rule 332 of these rules, or the “functional test” described in Rule 333 of these rules. The classification of income by the labels occasionally used, such as manufacturing income, compensation for services, sales income, interest, dividends, rents, royalties, gains, operating income, and nonoperating income, is of no aid in determining whether income is business or nonbusiness income.

02. Terms Used in Definition of Business Income and in Application of Definition. As used in the definition of business income and in the application of the definition.

a. “Trade or business” means the unitary business of the taxpayer, part of which is conducted within Idaho.

b. “To contribute materially” includes, without limitation, “to be used operationally in the taxpayer’s trade or business.” Whether property materially contributes is not determined by reference to the property’s value or percentage of use. If an item of property materially contributes to the taxpayer’s trade or business, the attributes, rights or components of that property are also operationally used in that business. However, property that is held for mere financial betterment is not operationally used in the taxpayer’s trade or business.

332. BUSINESS AND NONBUSINESS INCOME DEFINED: TRANSACTIONAL TEST (RULE 332).
Section 63-3027(a)(1), Idaho Code

01. In General. Business income includes income arising from transactions and activity in the regular course of the taxpayer’s trade or business.

02. Business Income for Idaho. If the transaction or activity is in the regular course of the taxpayer’s trade or business, part of which trade or business is conducted within Idaho, the resulting income of the transaction or activity is business income for Idaho. Income may be business income even though the actual transaction or activity that gives rise to the income does not occur in Idaho.

03. Regular Course of the Taxpayer’s Trade or Business. For a transaction or activity to be in the regular course of the taxpayer’s trade or business, the transaction or activity need not be one that frequently occurs in the trade or business. Most, but not all, frequently occurring transactions or activities will be in the regular course of that trade or business and will, therefore, satisfy the transactional test. It is sufficient to classify a transaction or activity as being in the regular course of a trade or business, if it is reasonable to conclude transactions of that type are customary in the kind of trade or business being conducted or are within the scope of what that kind of trade or business does. However, even if a taxpayer frequently or customarily engages in investment activities, if those activities are for the taxpayer’s mere financial betterment rather than for the operations of the trade or business, such activities do not satisfy the transactional test. The transactional test includes, but is not limited to, income from sales of inventory, property held for sale to customers, and services that are commonly sold by the trade or business. The transactional test also includes, but is not limited to, income from the sale of property used in the production of business income of a kind that is sold or replaced with some regularity, even if replaced less frequently than once a year.

333. BUSINESS AND NONBUSINESS INCOME DEFINED: FUNCTIONAL TEST (RULE 333).
Section 63-3027(a)(1), Idaho Code
01. In General. Business income also includes income from tangible and intangible property, if the acquisition, management or disposition of the property constitutes an integral or necessary part of the taxpayer’s regular trade or business operations.

02. Terms.

a. “Property” includes any interest in, control over, or use in property (whether the interest is held directly, beneficially, by contract, or otherwise) that materially contributes to the production of business income.

b. “Acquisition” refers to the act of obtaining an interest in property.

c. “Management” refers to the oversight, direction, or control (directly or by delegation) of the property for the use or benefit of the trade or business.

d. “Disposition” refers to the act, or the power, to relinquish or transfer an interest in or control over property to another, in whole or in part.

e. “Integral part” refers to property that constituted a part of the composite whole of the trade or business, each part of which gave value to every other part, in a manner that materially contributed to the production of business income.

03. Integral, Functional, or Operative Component of Trade or Business. Under the functional test, business income need not be derived from transactions or activities that are in the regular course of the taxpayer’s own particular trade or business. It is sufficient, if the property from which the income is derived is or was an integral, functional, or operative component used in the taxpayer’s trade or business operations, or otherwise materially contributed to the production of business income of the trade or business, part of which trade or business is or was conducted within Idaho. Depending on the facts and circumstances of each case, property that has been converted to nonbusiness use through the passage of a sufficiently lengthy period of time or that has been removed as an operational asset and is instead held by the taxpayer’s trade or business exclusively for investment purposes has lost its character as a business asset and is not subject to the rule of the preceding sentence. Property that was an integral part of the trade or business is not considered converted to investment purposes merely because it is placed for sale.

04. Examples of Business Income Under the Functional Test. Income that is derived from isolated sales, leases, assignments, licenses, and other infrequently occurring dispositions, transfers, or transactions involving property, including transactions made in liquidation or the winding-up of business, is business income, if the property is or was used in the taxpayer's trade or business operations. Income from the licensing of an intangible asset, such as a patent, copyright, trademark, service mark, know-how, trade secrets, or the like, that was developed or acquired for use by the taxpayer in its trade or business operations, constitutes business income whether or not the licensing itself constituted the operation of a trade or business, and whether or not the taxpayer remains in the same trade or business from or for which the intangible asset was developed or acquired.

05. Operational Function Versus Investment Function. Under the functional test, income from intangible property is business income when the intangible property serves an operational function as opposed to solely an investment function. The relevant inquiry focuses on whether the property is or was held in furtherance of the taxpayer’s trade or business, that is, on the objective characteristics of the intangible property’s use or acquisition and its relation to the taxpayer and the taxpayer’s activities. The functional test is not satisfied where the holding of the property is limited to solely an investment function as is the case where the holding of the property is limited to mere financial betterment of the taxpayer in general.

06. Property Held in Furtherance of Trade or Business. If the property is or was held in furtherance of the taxpayer’s trade or business beyond mere financial betterment, then income from that property may be business income even though the actual transaction or activity involving the property that gives rise to the income does not occur in Idaho.

07. Presumptions. If with respect to an item of property a taxpayer takes a deduction from business
income that is apportioned to Idaho or includes the original cost in the property factor, it is presumed that the item or property is or was integral to the taxpayer’s trade or business operations. No presumption arises from the absence of any of these actions.

08. Application of the Functional Test. Application of the functional test is generally unaffected by the form of the property (for example, tangible or intangible property, real or personal property). Income arising from an intangible interest, for example, corporate stock or other intangible interest in a business or a group of assets, is business income when the intangible itself or the property underlying associated with the intangible is or was an integral, functional, or operative component to the taxpayer’s trade or business operations. Thus, while apportionment of income derived from transactions involving intangible property as business income may be supported by a finding that the issuer of the intangible property and the taxpayer are engaged in the same trade or business, i.e., the same unitary business, establishment of such a relationship is not the exclusive basis for concluding that the income is subject to apportionment. It is sufficient to support the finding of apportionable income if the holding of the intangible interest served an operational rather than an investment function of mere financial betterment.

334. BUSINESS AND NONBUSINESS INCOME DEFINED: RELATIONSHIP OF TRANSACTIONAL AND FUNCTIONAL TESTS TO U.S. CONSTITUTION (RULE 334).  
Section 63-3027(a)(1), Idaho Code. The Due Process Clause and the Commerce Clause of the U.S. Constitution restrict states from apportioning income as business income that has no rational relationship with the taxing state. The protection against extraterritorial state taxation afforded by these Clauses is often described as the “unitary business principle.” The unitary business principle requires apportional income to be derived from the same unitary business that is being conducted at least in part in Idaho. The unitary business that is conducted in Idaho includes both a unitary business that the taxpayer alone may be conducting and a unitary business the taxpayer may conduct with any other person or persons. Satisfaction of either the transactional test or the functional test complies with the unitary business principle, because each test requires that the transaction or activity (in the case of the transactional test) or the property (in the case of the functional test) to be tied to the same trade or business that is being conducted within Idaho. Determination of the scope of the unitary business being conducted in Idaho is without regard to the extent to which Idaho requires or permits combined reporting.

335. NONBUSINESS INCOME (RULE 335).  
Section 63-3027(a)(4), Idaho Code

01. Nonbusiness Income. Nonbusiness income is all income other than business income. All deductions relating to the production of nonbusiness income is to be allocated with the income produced. Any allowable deduction that applies to both business and nonbusiness income of the taxpayer is to be prorated to those classes of income to determine income subject to tax. When used in these rules, the term nonbusiness income includes nonbusiness losses unless the context clearly indicates otherwise.

02. Offset of Interest Expense Against Nonbusiness Income. Interest on indebtedness incurred or continued to purchase or to carry investment that generates nonbusiness income is offset against the income produced. If the facts do not support such a matching of the interest expense to the nonbusiness income, the portion of the taxpayer's interest expense that is offset against income from nonbusiness investments is to be an amount that bears the same ratio to the aggregate amount allowable to the taxpayer as a deduction for interest for the taxable year as the taxpayer's nonbusiness income in the preceding sentence bears to the taxpayer's total income for the taxable year. Aggregate amount allowable means the taxpayer's total interest expense deducted in determining taxable income as defined in Section 63-3011B, Idaho Code, plus interest expense disallowed under Sections 265 and 291 of the Internal Revenue Code, plus interest expense from a pass-through entity, plus the interest expense of a corporation that, pursuant to Sections 63-3027 and 63-3027B through 63-3027E, Idaho Code, is included in a combined report with the taxpayer for the taxable year. See Rule 115 of these rules for the calculation of total income.

03. Allocated to Idaho. Nonbusiness income, net of interest and other related expense offsets, that is attributable to Idaho is allocated to Idaho.

04. Allocated to Other States. Nonbusiness income, together with interest and other related expense offsets, is allocated to other states if it is not attributable to Idaho.
336. BUSINESS AND NONBUSINESS INCOME: APPLICATION OF DEFINITIONS (RULE 336).

Section 63-3027(a)(1), 63-3027(A)(4), Idaho Code

01. In General. The following applies the foregoing principles for purposes of determining whether particular income is business or nonbusiness income. (7-1-21)

02. Rent From Real and Tangible Personal Property. Rental income from real and tangible property is business income if the property for which the rental income was received is or was used in the taxpayer’s trade or business and, therefore, is includable in the property factor under Rule 465 of these rules. (7-1-21)

03. Gains or Losses from Sales of Assets. Gain or loss from the sale, exchange or other disposition of real property or of tangible or intangible personal property is business income if the property while owned by the taxpayer was used in, or was otherwise included in the property factor of the taxpayer’s trade or business. However, if the property was used to produce nonbusiness income, the gain or loss is nonbusiness income. (7-1-21)

04. Interest Income. Interest income from an intangible is business income if the intangible arises out of or was created in the regular course of the taxpayer’s trade or business operations or if the purpose for acquiring and holding the intangible is an integral, functional, or operative component of the taxpayer’s trade or business operations, or otherwise materially contributes to the production of business income of the trade or business operations. (7-1-21)

05. Dividends. Dividends from stock are business income if the stock arises out of or was acquired in the regular course of the taxpayer’s trade or business operations or where the purpose of acquiring and holding the stock is an integral, functional, or operative component of the taxpayer’s trade or business operations, or otherwise materially contributes to the production of business income of the trade or business operations. (7-1-21)

06. Patent and Copyright Royalties. Royalties from patents and copyrights are business income if the patent or copyright arises out of or was created in the regular course of the taxpayer’s trade or business operations or if the purpose for acquiring and holding the patent or copyright is an integral, functional, operative component of the taxpayer’s trade or business operations, or otherwise materially contributes to the production of business income of the trade or business operations. (7-1-21)

337. -- 339. (RESERVED)

Section 63-3027, Idaho Code

01. The Concept of a Unitary Business. (7-1-21)

a. A unitary business is a single economic enterprise that is made up either of separate parts of a single business entity or of a commonly controlled group of business entities that are sufficiently interdependent, integrated and interrelated through their activities so as to provide a synergy and mutual benefit that produces a sharing or exchange of value among them and a significant flow of value to the separate parts. This flow of value to a business entity located in Idaho that comes from being part of a unitary business conducted both within and without Idaho is what provides the constitutional due process “definite link and minimum connection” necessary for Idaho to apportion business income of the unitary business, even if that income arises in part from activities conducted outside Idaho. The business income of the unitary business is then apportioned to Idaho using an apportionment percentage provided by Section 63-3027, Idaho Code. (7-1-21)

b. This sharing or exchange of value may also be described as requiring that the operation of one (1) part of the business be dependent upon, or contribute to, the operation of another part of the business. Phrased in the disjunctive, the foregoing means that if the activities of one (1) business either contribute to the activities of another business or are dependent upon the activities of another business, those businesses are part of a unitary business. (7-1-21)
02. Constitutional Requirement for a Unitary Business. (7-1-21)T

a. The sharing or exchange of value described in Subsection 340.01 of this rule that defines the scope of a unitary business requires more than the mere flow of funds arising out of a passive investment or from the financial strength contributed by a distinct business undertaking that has no operational relationship to the unitary business. (7-1-21)T

b. In Idaho, the unitary business principle will be applied to the fullest extent allowed by the U.S. Constitution. The unitary business principle will not be applied to result in the combination of business activities or entities under circumstances where, if it were adverse to the taxpayer, the combination of such activities or entities would not be allowed by the U.S. Constitution. (7-1-21)T

03. Separate Trades or Businesses Conducted Within a Single Entity. A single entity may have more than one (1) unitary business. In such cases it is necessary to determine the business, or apportionable, income attributable to each separate unitary business as well as its nonbusiness income, which is specifically allocated. The business income of each unitary business is then apportioned by a formula that takes into consideration the in-state and the out-of-state factors that relate to the respective unitary business whose income is being apportioned. (7-1-21)T

04. Unitary Business Unaffected by Formal Business Organization. A unitary business may exist within a single business entity or among a commonly controlled group of business entities. The relationship is to be determined by reference to the relationship that exists between all related and affiliated corporations, not just those corporations whose income and apportionment factors are required to be considered. For example, the relationship with foreign affiliates is to be considered even though a water’s edge election is made. A related corporation may include insurance companies and fifty percent (50%) or less owned corporations. The scope of what is included in a commonly controlled group of business entities is set forth in Rule 344 of these rules. (7-1-21)T

341. PRINCIPLES FOR DETERMINING THE EXISTENCE OF A UNITARY BUSINESS: DETERMINATION OF A UNITARY BUSINESS (RULE 341).
Section 63-3027, Idaho Code

01. In General. Unity can be established under any one (1) of the judicially acceptable tests (Butler Brothers, Edison California Stores, Container, etc.), and cannot be denied merely because another of those tests does not simultaneously apply. (7-1-21)T

02. Significant Flows of Value. A unitary business is characterized by significant flows of value evidenced by factors such as those described in Mobil Oil Corp. v. Vermont, 445 U.S. 425 (1980): functional integration, centralization of management, and economies of scale. These factors provide evidence of whether the business activities operate as an integrated whole or exhibit substantial mutual interdependence. Facts suggesting the presence of the factors mentioned above should be analyzed in combination for their cumulative effect and not in isolation. A particular business operation may be suggestive of one (1) or more of the factors mentioned above. (7-1-21)T

342. PRINCIPLES FOR DETERMINING THE EXISTENCE OF A UNITARY BUSINESS: DESCRIPTION AND ILLUSTRATION OF FUNCTIONAL INTEGRATION, CENTRALIZATION OF MANAGEMENT AND ECONOMIES OF SCALE (RULE 342).
Section 63-3027, Idaho Code

01. Functional Integration. Functional integration refers to transfers between, or pooling among, business activities that significantly affect the operation of the business activities. Functional integration includes, but is not limited to, transfers or pooling with respect to the unitary business’s products or services, technical information, marketing information, distribution systems, purchasing, and intangibles such as patents, trademarks, service marks, copyrights, trade secrets, know-how, formulas, and processes. There is no specific type of functional integration that must be present. The following is a list of examples of business operations that can support the finding of functional integration. The order of the list does not establish a hierarchy of importance. (7-1-21)T

a. Sales, exchanges, or transfers (collectively “sales”) of products, services, or intangibles between
business activities provide evidence of functional integration. The significance of the intercompany sales to the finding of functional integration will be affected by the character of what is sold and the percentage of total sales or purchases represented by the intercompany sales. For example, sales among business entities that are part of a vertically integrated unitary business are indicative of functional integration. Functional integration is not negated by the use of a readily determinable market price to effect the intercompany sales, because such sales can represent an assured market for the seller or an assured source of supply for the purchaser.

b. Common Marketing. The sharing of common marketing features among business entities is an indication of functional integration when such marketing results in significant mutual advantage. Common marketing exists when a substantial portion of the business entities' products, services, or intangibles are distributed or sold to a common customer, when the business entities use a common trade name or other common identification, or when the business entities seek to identify themselves to their customers as a member of the same enterprise. The use of a common advertising agency or a commonly owned or controlled in-house advertising office does not by itself establish common marketing that is suggestive of functional integration. (Such activity, however, is relevant to determining the existence of economies of scale and centralization of management.)

c. Transfer or Pooling of Technical Information or Intellectual Property. Transfers or pooling of technical information or intellectual property, such as patents, copyrights, trademarks and service marks, trade secrets, processes or formulas, know-how, research, or development, provide evidence of functional integration when the matter transferred is significant to the businesses' operations.

d. Common Distribution System. Use of a common distribution system by the business entities, under which inventory control and accounting, storage, trafficking, or transportation are controlled through a common network provides evidence of functional integration.

e. Common Purchasing. Common purchasing of substantial quantities of products, services, or intangibles from the same source by the business entities, particularly where the purchasing results in significant cost savings or where products, services, or intangibles are not readily available from other sources and are significant to each entity's operations or sales, provides evidence of functional integration.

f. Common or Intercompany Financing. Significant common or intercompany financing, including the guarantee by, or the pledging of the credit of, one (1) or more business entities for the benefit of another business entity or entities provides evidence of functional integration, if the financing activity serves an operational purpose of both borrower and lender. Lending which serves an investment purpose of the lender does not necessarily provide evidence of functional integration. (See Subsection 342.02 of this rule for discussion of centralization of management.)

02. Centralization of Management. Centralization of management exists when directors, officers, or other management employees jointly participate in the management decisions that affect the respective business activities and that may also operate to the benefit of the entire economic enterprise. Centralization of management can exist whether the centralization is effected from a parent entity to a subsidiary entity, from a subsidiary entity to a parent entity, from one (1) subsidiary entity to another, from one (1) division within a single business entity to another division within a business entity, or from any combination of the foregoing. Centralization of management may exist even when day-to-day management responsibility and accountability has been decentralized, so long as the management has an ongoing operational role with respect to the business activities. An operational role can be effected through mandates, consensus building, or an overall operational strategy of the business, or any other mechanism that establishes joint management.

a. Facts Providing Evidence of Centralization of Management. Evidence of centralization of management is provided when common officers participate in the decisions relating to the business operations of the different segments. Centralization of management may exist when management shares or applies knowledge and expertise among the parts of the business. Existence of common officers and directors, while relevant to a showing of centralization of management, does not alone provide evidence of centralization of management. Common officers are more likely to provide evidence of centralization of management than are common directors.

b. Stewardship Distinguished. Centralized efforts to fulfill stewardship oversight are not evidence of centralization of management. Stewardship oversight consists of those activities that any owner would take to review
the performance of or safeguard an investment. Stewardship oversight is distinguished from those activities that an owner may take to enhance value by integrating one (1) or more significant operating aspects of one (1) business activity with the other business activities of the owner. For example, implementing reporting requirements or mere approval of capital expenditures may evidence only stewardship oversight.

03. **Economies of Scale.** Economies of scale refers to a relation among and between business activities resulting in a significant decrease in the average per unit cost of operational or administrative functions due to the increase in operational size. Economies of scale may exist from the inherent cost savings that arise from the presence of functional integration or centralization of management. The following are examples of business operations that can support the finding of economies of scale. The order of the list does not establish a hierarchy of importance.

a. Centralized Purchasing. Centralized purchasing designed to achieve savings due to the volume of purchases, the timing of purchases, or the interchangeability of purchased items among the parts of the business engaging in the purchasing provides evidence of economies of scale.

b. Centralized Administrative Functions. The performance of traditional corporate administrative functions, such as legal services, payroll services, pension and other employee benefit administration, in common among the parts of the business may result in some degree of economies of scale. A business entity that secures savings in the performance of corporate administrative services due to its affiliation with other business entities that it would not otherwise reasonably be able to secure on its own because of its size, financial resources, or available market, provides evidence of economies of scale.

343. **PRINCIPLES FOR DETERMINING THE EXISTENCE OF A UNITARY BUSINESS:** **INDICATORS OF A UNITARY BUSINESS (RULE 343).**

Section 63-3027, Idaho Code

01. **Same Type of Business.** Business activities that are in the same general line of business generally constitute a single unitary business, for example, a multistate grocery chain.

02. **Steps in a Vertical Process.** Business activities that are part of different steps in a vertically structured business almost always constitute a single unitary business. For example, a business engaged in the exploration, development, extraction, and processing of a natural resource and the subsequent sale of a product based upon the extracted natural resource, is engaged in a single unitary business, regardless of the fact that the various steps in the process are operated substantially independently of each other with only general supervision from the business’s executive offices.

03. **Strong Centralized Management.** Business activities that might otherwise be considered as part of more than one (1) unitary business may constitute one (1) unitary business when there is a strong centralized management, coupled with the existence of centralized departments for such functions as financing, advertising, research, or purchasing. Strong centralized management exists when a central manager or group of managers makes substantially all of the operational decisions of the business. For example, some businesses conducting diverse lines of business may properly be considered as engaged in only one (1) unitary business when the central executive officers are actively involved in the operations of the various business activities and there are centralized offices that perform for the business activities the normal matters that a truly independent business would perform for itself, such as personnel, purchasing, advertising, or financing.

344. **PRINCIPLES FOR DETERMINING THE EXISTENCE OF A UNITARY BUSINESS:** **COMMONLY CONTROLLED GROUP OF BUSINESS ENTITIES (RULE 344).**

Section 63-3027, Idaho Code

01. **In General.** Separate corporations can be a part of a unitary business only if they are members of a commonly controlled group.

02. **Commonly Controlled Group.** A “commonly controlled group” means any of the following:
a. A parent corporation and any one (1) or more corporations or chains of corporations, connected through stock ownership (or constructive ownership) with the parent, but only if:
   i. The parent owns stock possessing more than fifty percent (50%) of the voting power of a least one (1) corporation, and, if applicable,
   ii. Stock cumulatively possessing more than fifty percent (50%) of the voting power of each of the corporations, except the parent, is owned by the parent, one (1) or more corporations described in Subparagraph 344.02.a.i., of this rule, or one (1) or more other corporations that satisfy the conditions of this subparagraph.

b. Any two (2) or more corporations, if stock, possessing more than fifty percent (50%) of the voting power of the corporations is owned, or constructively owned, by the same person.

c. Any two (2) or more corporations that constitute stapled entities.
   i. For purposes of this paragraph, “stapled entities” means any group of two (2) or more corporations if more than fifty percent (50%) of the ownership or beneficial ownership of the stock possessing voting power in each corporation consists of stapled interests.
   ii. Two (2) or more interests are stapled interests if, by reason of form of ownership, restrictions on transfer, or other terms or conditions, in connection with the transfer of one (1) of the interests the other interest or interests are also transferred or required to be transferred.

d. Any two (2) or more corporations, if stock possessing more than fifty percent (50%) of the voting power of the corporations is cumulatively owned (without regard to the constructive ownership rules of Paragraph 344.05.a., of this rule) by, or for the benefit of, members of the same family. Members of the same family are limited to an individual, the individual’s spouse, parents, brothers, sisters, grandparents, children and grandchildren, and their respective spouses.

03. Elections and Terminations.

a. If, in the application of Subsection 344.02 of this rule, a corporation is a member of more than one (1) commonly controlled group of corporations, the corporation elects to be treated as a member of only the commonly controlled group (or part thereof) with respect to which it has a unitary business relationship. If the corporation has a unitary business relationship with more than one (1) of those groups, it elects to be treated as a member of only one (1) of the commonly controlled groups with respect to which it has a unitary business relationship. This election remains in effect until the unitary business relationship between the corporation and the rest of the members of its elected commonly controlled group is discontinued, or unless revoked with the approval of the State Tax Commission.

b. Membership in a commonly controlled group is to be treated as terminated in any year, or fraction thereof, in which the conditions of Subsection 344.02 of this rule are not met, except as follows: When stock of a corporation is sold, exchanged, or otherwise disposed of, the membership of a corporation in a commonly controlled group will not be terminated, if the requirements of Subsection 344.02 of this rule are again met immediately after the sale, exchange, or disposition.

i. The State Tax Commission may treat the commonly controlled group as remaining in place if the conditions of Subsection 344.02 of this rule are again met within a period not to exceed two (2) years.

04. Controlled. A taxpayer may exclude some or all corporations included in a “commonly controlled group” by reason of Paragraph 344.02.d., of this rule by showing that those members of the group are not controlled directly or indirectly by the same interest, within the meaning of the same phrase in Section 482 of the Internal Revenue Code. For purposes of this subsection, the term “controlled” includes any kind of control, direct or indirect, whether legally enforceable, and however exercisable or exercised.
05. Stock Ownership. Except as otherwise provided, stock is “owned” when title to the stock is directly held or if the stock is constructively owned.

a. An individual constructively owns stock that is owned by any of the following:
   i. The individual’s spouse.
   ii. Children, including adopted children, of that individual or the individual’s spouse, who have not attained the age of twenty-one (21) years.
   iii. An estate or trust, of which the individual is an executor, trustee, or grantor, to the extent that the estate or trust is for the benefit of that individual’s spouse or children.

b. Stock owned by a corporation, or a member of a controlled group of which the corporation is the parent corporation, is constructively owned by any shareholder owning stock that represents more than fifty percent (50%) of the voting power of the corporation.

c. In the application of Paragraph 344.02.d., of this rule, (dealing with stock possessing voting power held by members of the same family), if more than fifty percent (50%) of the stock possessing voting power of a corporation is, in the aggregate, owned by or for the benefit of members of the same family, stock owned by that corporation is to be treated as constructively owned by members of that family in the same ratio as the proportion of their respective ownership of stock possessing voting power in that corporation to all of such stock of that corporation.

d. Except as otherwise provided, stock owned by a partnership is constructively owned by any partner, other than a limited partner, in proportion to the partner’s capital interest in the partnership. For this purpose, a partnership is treated as owning proportionately the stock owned by any other partnership in which it has a tiered interest, other than as a limited partner.

e. In any case where a member of a commonly controlled group, or shareholders, officers, directors, or employees of a member of a commonly controlled group, is a general partner in a limited partnership, stock held by the limited partnership is constructively owned by a limited partner to the extent of its capital interest in the limited partnership.

f. In the application of Paragraph 344.02.d., of this rule (dealing with stock possessing voting power held by members of the same family), stock held by a limited partnership is constructively owned by a limited partner to the extent of the limited partner’s capital interest in the limited partnership.

06. Terms. For purposes of the definition of a commonly controlled group, each of the following applies:

a. “Corporation” means a corporation as defined in Section 63-3006, Idaho Code.

b. “Person” means a person as defined in Section 63-3005, Idaho Code.

c. “Voting power” means the power of all classes of stock entitled to vote that possess the power to elect the membership of the board of directors of the corporation.

d. “More than fifty percent (50%) of the voting power” means voting power sufficient to elect a majority of the membership of the board of directors of the corporation.

e. “Stock possessing voting power” includes stock where ownership is retained but the actual voting power is transferred in either of the following manners:
   i. For one (1) year or less.
   ii. By proxy, voting trust, written shareholder agreement, or by similar device, where the transfer is

(7-1-21)T
f. In the case of an entity treated as a corporation under Paragraph 344.06.a., of this rule, “stock possessing voting power” refers to an instrument, contract, or similar document demonstrating an ownership interest in that entity that confers power in the owner to cast a vote in the selection of the management of that entity. 

345. -- 349. (RESERVED)

350. PRORATION OF DEDUCTIONS (RULE 350).
Section 63-3027, Idaho Code

01. In General. In most cases a taxpayer’s allowable deduction applies only to the business income arising from a particular trade or business or to a particular item of nonbusiness income. In some cases an allowable deduction applies to the business income of more than one trade or business, to several items of nonbusiness income, or to both. In these cases the deduction is to be prorated among the trades or businesses and the items of nonbusiness income in a manner that fairly distributes the deduction among the classes of income to which it applies. (7-1-21)

02. Year to Year Consistency. If a taxpayer departs from or modifies the method used for prorating any deduction in prior year Idaho returns, the taxpayer is to disclose the nature and extent of all modifications in its current year return. (7-1-21)

03. State to State Consistency. If the returns or reports filed by a taxpayer with all states to which the taxpayer reports pursuant to Section 63-3027, Idaho Code; Article IV of the Multistate Tax Compact; or the Uniform Division of Income for Tax Purposes Act are not uniform in applying or prorating any deduction, the taxpayer is to disclose the nature and extent of the variance in its current year Idaho return. (7-1-21)

351. -- 354. (RESERVED)

355. APPLICATION OF SECTION 63-3027 -- APPORTIONMENT (RULE 355).
Section 63-3027, Idaho Code. If a corporation has business activity both within and without Idaho, and is taxable in another state as a result of this business activity, the portion of the net income or net loss derived from sources in Idaho will be determined by apportionment pursuant to Section 63-3027, Idaho Code. (7-1-21)

356. -- 359. (RESERVED)

360. APPLICATION OF SECTION 63-3027 -- COMBINED REPORT (RULE 360).
Section 63-3027, Idaho Code. If a particular trade or business is carried on by a corporation and one (1) or more affiliates, nothing in these rules is to preclude using a combined report in which the entire business income of the trade or business is apportioned pursuant to Section 63-3027, Idaho Code. The use of the combined report is restricted to C corporations. (7-1-21)

361. -- 364. (RESERVED)

365. USE OF THE COMBINED REPORT (RULE 365).
Section 63-3027, Idaho Code

01. In General. Use of the combined report does not disregard the separate corporate identities of the members of the unitary group. The combined report is simply the computation, by the formula apportionment method, of the unitary business income reportable to Idaho by the separate corporate members of the unitary group. For purposes of this rule, included corporation means a corporation required to file an Idaho income tax return as a result of its own activities in Idaho and using a combined report. (7-1-21)

02. Separate Computations. Each included corporation will:

a. Be responsible for computing and paying its tax including any minimum tax due pursuant to Sections 63-3025 and 63-3025A, Idaho Code, as determined by the combined report; (7-1-21)
b. Separately compute Idaho tax credits and limitations, except the investment tax credit, which is applied pursuant to Section 63-3029B, Idaho Code, and Rules 710 through 717 of these rules; and

c. Separately determine and pay the permanent building fund tax required by Section 63-3082, Idaho Code.

03. Net Operating Loss. The Idaho net operating loss carryover or carryback for each included corporation is limited to its share of the combined net operating loss apportioned to Idaho for each taxable year. See Rule 200 of these rules.

04. Nexus. Each corporation is to determine whether it has nexus in Idaho based on its activities or those conducted on its behalf.

05. Throwback Sales. When a corporation’s activities conducted in a state are within the protection of Public Law 86-272, the principle established in Appeal of Joyce, Inc., California State Board of Equalization, November 23, 1966, commonly known as the Joyce Rule, applies. Therefore, only the activities conducted by or on behalf of the corporation is to be considered for this purpose.

06. Filing Returns. Each included corporation may file a separate return reporting its share of the combined net income or loss of the unitary group. In the alternative, the unitary group may elect to file a group return for all the included corporations. This election is allowed as a convenience to the taxpayer. Its use does not preclude the need for the separate recognition and computational requirements in this rule.

07. Dividends and Other Intangible Income. Dividends and other intangible income is to be included in income subject to apportionment to the extent they constitute business income received from companies not included in the combined report. However, a dividend deduction and factor adjustments are allowed to the extent dividends received are paid from prior year earnings previously included in income subject to apportionment. Part I, Subchapter C, Internal Revenue Code, is applied to determine the taxable year in which the earnings and profits were earned that paid the dividend. It is the taxpayer’s responsibility to prove that the dividend, or a portion of it, was previously included in Idaho apportionable income.

370. APPLICATION OF SECTION 63-3027 -- ALLOCATION (RULE 370).
Section 63-3027, Idaho Code. A taxpayer subject to the taxing jurisdiction of Idaho allocates all of its nonbusiness income or loss within or without Idaho pursuant to Section 63-3027, Idaho Code.

371. -- 374. (RESERVED)

375. CONSISTENCY AND UNIFORMITY IN REPORTING (RULE 375).
Section 63-3027, Idaho Code

01. Year to Year Consistency. If a taxpayer departs from or modifies the method used for classifying income as business income or nonbusiness income in prior year Idaho returns, the taxpayer is to disclose the nature and extent of all modifications in its current year return.

02. State to State Consistency. If the returns or reports filed by a taxpayer with all states to which the taxpayer reports pursuant to Section 63-3027, Idaho Code; Article IV of the Multistate Tax Compact; or the Uniform Division of Income for Tax Purposes Act are not uniform in classifying business and nonbusiness income, the taxpayer is to disclose the nature and extent of the variance in its current year Idaho return.

376. -- 384. (RESERVED)

385. TAXABLE IN ANOTHER STATE: IN GENERAL (RULE 385).
Section 63-3027(c), Idaho Code
01. In General. A taxpayer is subject to the allocation and apportionment provisions of Section 63-3027, Idaho Code, if it has income from business activity that is taxable both within and without Idaho. A taxpayer’s income from business activity is taxable without Idaho if the taxpayer is taxable in another state within the meaning of Section 63-3027(c), Idaho Code, as a result of that business activity. A taxpayer is taxable in another state if it meets either of the following tests:

a. The taxpayer is subject to one (1) of the taxes specified in Section 63-3027(c)(1), Idaho Code, as a result of its business activity in another state; or

b. Another state has jurisdiction to subject the taxpayer to a net income tax as a result of its business activity, regardless of whether the state imposes the tax on the taxpayer.

02. Not Taxable in Another State. A taxpayer is not taxable in another state with respect to a particular trade or business merely because the taxpayer conducts activities in the other state pertaining to the production of nonbusiness income or business activities relating to a separate trade or business.

386. -- 389. (RESERVED)

390. TAXABLE IN ANOTHER STATE: WHEN A TAXPAYER IS SUBJECT TO TAX (RULE 390). Section 63-3027(c)(1), Idaho Code

01. Subject to Tax. A taxpayer is subject to one of the taxes specified in Section 63-3027(c)(1), Idaho Code, if it carries on business activity in a state and that state imposes one of those taxes on it. A taxpayer that claims it is subject to one (1) of the taxes specified in Section 63-3027(c)(1), Idaho Code, is to furnish the Tax Commission, at its request, evidence to support this claim. The Tax Commission may request that evidence include proof the taxpayer has filed the required tax return in the other state and has paid any taxes imposed by the law of that state. The taxpayer’s failure to provide proof may be considered in determining whether the taxpayer is subject to one of the taxes specified in Section 63-3027(c)(1), Idaho Code.

02. Concept of Taxability. The concept of taxability in another state is based on the premise that every state in which the taxpayer transacts business may impose an income tax even though every state does not do so. A state may impose other types of taxes as a substitute for an income tax. Only those taxes specified in Section 63-3027(c)(1), Idaho Code, that are revenue producing rather than regulatory in nature is to be considered in determining taxability in another state.

03. Examples of Taxability.

a. State A requires each corporation that qualifies or registers in State A to pay the Secretary of State an annual license fee or tax for the privilege of doing business in the state, regardless of whether it exercises the privilege. The amount paid is determined according to the total authorized capital stock of the corporation; the rates progressively increase. The statute sets a minimum fee of fifty dollars ($50) and a maximum fee of five hundred dollars ($500). Failure to pay the tax bars a corporation from using the state courts to enforce its rights. State A also imposes a corporation income tax. Corporation X is qualified in State A and pays the required fee to the Secretary of State. Corporation X is taxable in State A.

b. Assume the same facts as in Subsection 390.03.a., except that Corporation X is subject to and pays the corporation income tax. Payment is prima facie evidence that Corporation X is subject to the net income tax of State A.

c. State B requires all corporations qualified or registered in State B to pay the Secretary of State an annual permit fee or tax for doing business in the state. The base of the fee or tax is the sum of outstanding capital stock, and surplus and undivided profits. The fee or tax base attributable to State B is determined by a three (3) factor apportionment formula. Corporation X, which operates a plant in State B, pays the required fee or tax to the Secretary of State. Corporation X is taxable in State B.

d. State A has a corporation franchise tax measured by net income for the privilege of doing business.
in that state. Corporation X files a return based on its business activity in the state, but the amount of computed liability is less than the minimum tax. Corporation X pays the minimum tax. Corporation X is subject to State A’s corporation franchise tax.

04. Voluntary Tax Payment. A taxpayer is not subject to one (1) of the taxes specified in Section 63-3027(c)(1), Idaho Code, if the taxpayer voluntarily files and pays the tax when not required to do so by the laws of that state.

05. Minimum Tax or Fee. A taxpayer is not subject to one (1) of the taxes specified in Section 63-3027(c)(1), Idaho Code if it pays a minimal fee for qualification, organization, or the privilege of doing business in that state, but:

a. Does not transact business in that state; or

b. Engages in business activity not sufficient for nexus, and the minimum tax bears no relationship to the taxpayer’s business activity within that state.

c. Example. State A has a corporation franchise tax measured by net income for the privilege of doing business in that state. Corporation X files a return and pays the fifty dollar ($50) minimum tax, although it does not transact business in State A. Corporation X is not taxable in State A.

395. TAXABLE IN ANOTHER STATE: WHEN A STATE HAS JURISDICTION TO SUBJECT A TAXPAYER TO A NET INCOME TAX (RULE 395).
Section 63-3027(c)(2), Idaho Code

01. In General. The test in Section 63-3027(c)(2), Idaho Code, applies if the taxpayer’s business activity is sufficient to give the state jurisdiction to impose a net income tax by reason of the business activity pursuant to the Constitution and statutes of the United States. Jurisdiction to tax is not present if the state is prohibited from imposing the tax due to Public Law 86-272, Title 15, Sections 381 through 385, United States Code. (7-1-21)

a. When determining if a state has jurisdiction to subject a taxpayer to a net income tax, the jurisdictional standards applicable to a state of the United States is to also apply to the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

b. The provisions of a treaty between a state and the United States are not considered when determining jurisdiction to tax.

02. Example. Corporation X is engaged in manufacturing farm equipment in State A and in Foreign Country B. Both State A and Foreign Country B impose a net income tax but Foreign Country B exempts corporations engaged in manufacturing farm equipment. Corporation X is subject to the jurisdiction of State A and Foreign Country B.

396. -- 449. (RESERVED)

450. APPORTIONMENT FORMULA (RULE 450).
Section 63-3027(i), Idaho Code

01. Apportionment Factors. All of a taxpayer’s business income is to be apportioned to Idaho using the apportionment formula set forth in Section 63-3027(i), Idaho Code. The elements of the apportionment formula are the property factor, the payroll factor, and the sales factor. See Rules 460 through 559 of these rules for general rules applicable to these factors. See Rules 560 through 599 of these rules for special rules and exceptions to the apportionment formula. The denominator of each factor may not exceed the sum of the numerators of that factor.
02. **Intercompany Transactions.** Intercompany transactions are to be eliminated to the extent necessary to properly compute the numerators and the denominators of the apportionment factors of a combined group. The apportionment factor computation may not include property, payroll, or receipts of any affiliated corporation unless its income is included in the combined report. (7-1-21)

03. **Rounding.** The individual factors and the average apportionment factor is to be calculated six (6) digits to the right of the decimal point. If the seventh digit is five (5) or greater, the sixth digit is rounded to the next higher number. If the seventh digit is less than five (5), the sixth digit remains unchanged and any digits remaining to its right are dropped. (7-1-21)

04. **Verification of Factors.** The taxpayer is to make available the fifty-one (51) state apportionment factor detail when requested by the Tax Commission. Failure to do so may justify the imposition of the negligence penalty provided by Section 63-3046(a), Idaho Code. (7-1-21)

451. -- 459. (RESERVED)

460. **PROPERTY FACTOR: IN GENERAL (RULE 460).**
Section 63-3027(k), Idaho Code

01. **In General.** The property factor of the apportionment formula for each trade or business of the taxpayer includes all real and tangible personal property owned or rented by the taxpayer and used during the taxable year in the regular course of its trade or business. The term real and tangible personal property includes land, buildings, fixtures, inventory, equipment, and other property of a tangible nature, but does not include coin or currency. (7-1-21)

02. **Nonbusiness Income.** Property used in connection with the production of nonbusiness income is to be excluded from the property factor. Property used both in the regular course of the taxpayer’s trade or business and in the production of nonbusiness income is to be included in the factor only to the extent the property is used in the regular course of the taxpayer’s trade or business. The method of determining that portion of the value to be included in the factor depends on the facts of each case. (7-1-21)

03. **Average Value.** The property factor is to reflect the average value of property includable in the factor. See Rule 490 of these rules. (7-1-21)

04. **Denominator.** The denominator of the factor may not exceed the sum of all the numerators. (7-1-21)

461. -- 464. (RESERVED)

465. **PROPERTY FACTOR: PROPERTY USED FOR THE PRODUCTION OF BUSINESS INCOME (RULE 465).**
Section 63-3027(k), Idaho Code

01. **In General.** (7-1-21)

a. Property is to be included in the property factor if it is used, is available for use, or capable of being used during the taxable year in the regular course of the taxpayer’s trade or business. Property held as reserves or standby facilities or property held as a reserve source of materials is to be included in the factor. For example, a plant temporarily idle or raw material reserves not currently being processed are includable in the factor. (7-1-21)

b. Property or equipment under construction during the taxable year, except inventoriable goods in process, is to be excluded from the factor until the property is used in the regular course of the taxpayer’s trade or business. (7-1-21)

c. If the property is partially used in the regular course of the taxpayer’s trade or business while under construction, the value of the property is to be included in the property factor to the extent used. (7-1-21)
d. Property used in the regular course of the taxpayer’s trade or business is to remain in the property factor until it is permanently withdrawn by an identifiable event such as its sale, abandonment, or any event or circumstance that renders the property incapable of being used in the regular course of the taxpayer’s trade or business. (7-1-21)

02. Examples. (7-1-21)

a. A taxpayer closed its manufacturing plant in State X and held the property for sale. The property remained vacant until its sale one (1) year later. The value of the manufacturing plant is included in the property factor until the plant is sold. (7-1-21)

b. Assume the same facts as in Subsection 465.02.a., except the property was rented until the plant was sold. The plant is included in the property factor until the plant is sold. (7-1-21)

466. -- 469. (RESERVED)

470. PROPERTY FACTOR: CONSISTENCY IN REPORTING (RULE 470). Section 63-3027(k), Idaho Code

01. Year to Year Consistency. If a taxpayer departs from or modifies the method used for valuing property, or for excluding or including property in the property factor in prior year Idaho returns, the taxpayer is to disclose the nature and extent of all modifications in its current year return. (7-1-21)

02. State to State Consistency. If the returns or reports filed by a taxpayer with all states to which the taxpayer reports pursuant to Section 63-3027, Idaho Code; Article IV of the Multistate Tax Compact; or the Uniform Division of Income for Tax Purposes Act are not uniform in valuing property and in excluding or including property in the property factor, the taxpayer is to disclose the nature and extent of the variance in its current year Idaho return. (7-1-21)

471. -- 474. (RESERVED)

475. PROPERTY FACTOR: NUMERATOR (RULE 475). Section 63-3027(k), Idaho Code

01. In General. The numerator of the property factor is to include the average value of the real and tangible personal property owned or rented by the taxpayer and used in Idaho during the taxable year in the regular course of the taxpayer’s trade or business. (7-1-21)

02. Property in Transit. Property of the taxpayer that is in transit between locations is to be considered to be at the destination for purposes of the property factor. If property in transit between a buyer and seller is included by a taxpayer in the denominator of its property factor, it is to be included in the numerator according to the state of destination. (7-1-21)

03. Mobile or Movable Property. (7-1-21)

a. The value of mobile or movable property such as construction equipment, trucks, or leased electronic equipment located within and without Idaho during the taxable year will be determined on the basis of total time and use in Idaho as a percentage of total time and use everywhere. (7-1-21)

b. An automobile assigned to a traveling employee is to be included in the numerator of the state to which the employee’s compensation is assigned for the payroll factor or in the numerator of the state in which the automobile is licensed. (7-1-21)

c. The value of aircraft used within and without Idaho during the taxable year will be determined by multiplying the value of the aircraft by the ratio of departures from locations in Idaho to total departures. (7-1-21)

476. -- 479. (RESERVED)
480. **PROPERTY FACTOR: VALUATION OF OWNED PROPERTY (RULE 480).**
Section 63-3027(1), Idaho Code

01. **In General.** Property owned by a taxpayer is to be valued at its original cost. As a general rule, original cost is deemed to be the basis of the property for federal income tax purposes, prior to any federal adjustments at the time of acquisition and adjusted by subsequent capital additions or improvements and partial disposition, by reason of sale, exchange, abandonment, etc. However, capitalized intangible drilling and development costs of producing property is to be included in the property factor whether or not they have been expensed for either federal or state tax purposes.

02. **Examples.**

a. A taxpayer acquired a factory building in Idaho at a cost of five hundred thousand dollars ($500,000). Eighteen (18) months later the taxpayer remodeled the building for a cost of one hundred thousand dollars ($100,000). The taxpayer files its return on the calendar year basis. The taxpayer claimed a depreciation deduction of twenty-two thousand dollars ($22,000) on its current year return. The value of the building included in the numerator and denominator of the property factor is six hundred thousand dollars ($600,000). The depreciation deduction is not taken into account in determining the value of the building for purposes of the factor.

b. During the current taxable year, X Corporation merged into Y Corporation in a tax-free reorganization pursuant to the Internal Revenue Code. At the time of the merger, X Corporation owned a factory that it built five (5) years earlier at a cost of one million dollars ($1,000,000). X has been depreciating the factory at the rate of two percent (2%) per year. Its basis in X’s hands at the time of the merger is nine hundred thousand dollars ($900,000). Since Y acquired the property in a tax-free transaction, Y includes the property in its property factor at X’s original cost of one million dollars ($1,000,000).

03. **Unknown Original Cost.** If the original cost of property cannot be determined, the property is included in the factor at its fair market value on the date it was acquired.

04. **Inventory.** Inventory is to be included in the factor according to the valuation method used for federal income tax purposes.

05. **Gifts or Inheritance.** Property acquired by gift or inheritance is to be included in the factor at its basis pursuant to the Internal Revenue Code.

481. -- 484. (RESERVED)

485. **PROPERTY FACTOR: VALUATION OF RENTED PROPERTY (RULE 485).**
Section 63-3027(1), Idaho Code

01. **In General.** Property rented by the taxpayer is valued at eight (8) times its net annual rental rate. The net annual rental rate is the annual rental rate paid by the taxpayer for the property, less the aggregate annual subrental rates paid by subtenants. Subrents are not deducted if they constitute business income because the property that produces the subrents is used in the regular course of the taxpayer’s trade or business when it is producing the income. Accordingly, there is no reduction in its value. See Rules 560 and 565 of these rules for special rules when using the net annual rental rate produces a negative or clearly inaccurate value or when the taxpayer uses property at no charge or rents it at a nominal rental rate.

02. **Examples of Subrents.**

a. A taxpayer receives subrents from a bakery concession in a food market operated by the taxpayer. Since the subrents are business income, they are not deducted from rent paid by the taxpayer for the food market.

b. A taxpayer rents a five (5) story office building primarily for use in its multistate business. It uses three (3) floors for its offices and subleases two (2) floors to various other businesses on a short-term basis because it
anticipates it will need those two (2) floors for future expansion of its multistate business. The rental of all five (5) floors is integral to the operation of the taxpayer’s trade or business. Since the subrents are business income, they are not deducted from the rent paid by the taxpayer. (7-1-21)

03. Annual Rental Rate. Annual rental rate is the amount paid as rent for property for a twelve (12) month period. If property is rented for less than a twelve (12) month period, the rent paid for the rental period constitutes the annual rental rate for the taxable year. However, if a taxpayer has rented property for a period of twelve (12) months or more and the current taxable year covers a period of less than twelve (12) months, the rent paid for the short taxable year is to be annualized. If the rental period is for less than twelve (12) months, the rent may not be annualized beyond its rental period. If the rental period is on a month-to-month basis, the rent may not be annualized. (7-1-21)

04. Examples of Annual Rental Rate.

a. Taxpayer A, which ordinarily files its returns based on a calendar year, is merged into Taxpayer B on April 30. The net rent paid pursuant to a lease with five (5) years remaining is two thousand five hundred dollars ($2,500) a month. The rent for the short taxable year January 1 to April 30 is ten thousand dollars ($10,000). After the rent is annualized the net rent is thirty thousand dollars ($30,000) or ($2,500 x 12). (7-1-21)

b. Assume the same facts as in Paragraph 485.04.a., of this rule except the lease would have terminated on August 31. In this example, the annualized net rent is twenty thousand dollars ($20,000) or ($2,500 x 8). (7-1-21)

05. Annual Rent. Annual rent is the sum of money or other consideration payable, directly or indirectly, by the taxpayer or for the taxpayer’s benefit for the use of the property and includes:

a. Any amount payable for the use of real or tangible personal property whether the amount is a fixed sum of money or a percentage of sales, profits, or otherwise. (7-1-21)

b. Any amount payable as additional rent or in lieu of rents, such as interest, taxes, insurance, repairs or any other items required to be paid by the terms of the lease or other arrangement, not including amounts paid as service charges, such as utilities, janitor services, etc. If a payment includes rent and other charges not separately stated, the amount of the rent is to be determined by considering the relative values of the rent and the other items. (7-1-21)

06. Examples of Annual Rent.

a. Pursuant to the terms of a lease, a taxpayer pays a lessor one thousand dollars ($1,000) per month as a base rental and at the end of the year pays the lessor one percent (1%) of its gross sales of four hundred thousand dollars ($400,000). The annual rent is sixteen thousand dollars ($16,000) or ($12,000 + (1% x $400,000)). (7-1-21)

b. Pursuant to the terms of a lease, a taxpayer pays a lessor twelve thousand dollars ($12,000) a year for rent, plus taxes of two thousand dollars ($2,000) and mortgage interest of one thousand dollars ($1,000). The annual rent is fifteen thousand dollars ($15,000). (7-1-21)

c. A taxpayer stores part of its inventory in a public warehouse. The total charge for the year is one thousand dollars ($1,000), of which seven hundred dollars ($700) is for storage space and three hundred dollars ($300) is for inventory insurance, handling and shipping charges, and C.O.D. collections. The annual rent is seven hundred dollars ($700). (7-1-21)

07. Exclusions. Annual rent does not include any of the following:

a. Incidental day-to-day expenses such as hotel or motel accommodations, daily rental of automobiles, etc. (7-1-21)

b. Royalties based on extraction of natural resources, whether represented by delivery or purchase. For this purpose, a royalty includes any consideration conveyed or credited to a holder of an interest in property that
constitutes a sharing of current or future production of natural resources from the property, whether designated as a royalty, advance royalty, rental, or otherwise. (7-1-21)T

08. **Leasehold Improvements.** Leasehold improvements is to be treated as property owned by the lessee regardless of whether the lessee is entitled to remove the improvements or they revert to the lessor when the lease expires. The original cost of leasehold improvements is to be included in the lessee’s factor. (7-1-21)T

09. **Safe Harbor Lease.** Property subject to a safe harbor lease will be reported in the factor of the actual user of the property at original acquisition cost. (7-1-21)T

486. -- 489. (RESERVED)

490. **PROPERTY FACTOR: AVERAGING PROPERTY VALUES (RULE 490).**

Section 63-3027(m), Idaho Code

01. **In General.** The average value of property owned by a taxpayer is to be determined by averaging the values at the beginning and end of the taxable year. (7-1-21)T

02. **Monthly Averaging.** The Tax Commission may require or allow averaging by monthly values if that method of averaging is required to properly reflect the average value of the taxpayer’s property for the taxable year. Averaging by monthly values generally applies if there are substantial fluctuations in the property values during the taxable year or if property is acquired or disposed of during the taxable year. (7-1-21)T

03. **Rented Property.** Rented property is averaged automatically by determining the net annual rental rate of the property as set forth in Rule 485 of these rules. (7-1-21)T

491. -- 499. (RESERVED)

500. **PAYROLL FACTOR: IN GENERAL (RULE 500).**

Section 63-3027(n), Idaho Code

01. **In General.** The payroll factor of the apportionment formula for each trade or business of the taxpayer includes the total amount paid for compensation during the taxable year by the taxpayer in the regular course of its trade or business. (7-1-21)T

02. **Compensation.** For purposes of the payroll factor, compensation means wages, salaries, commissions and any other form of remuneration paid to employees for personal services. (7-1-21)T

a. Compensation includes the value of board, rent, housing, lodging, and other benefits or services the taxpayer furnished to employees in return for personal services if the amounts constitute income to the recipient pursuant to the Internal Revenue Code. (7-1-21)T

b. If employees are not subject to the Internal Revenue Code, for example, those employed in foreign countries, the determination of whether the benefits or services would constitute income to the employees is made as if the employees were subject to the Internal Revenue Code. (7-1-21)T

c. If wages paid to employees are capitalized into the cost of an asset that is used in the regular course of the taxpayer’s trade or business, these wages are included in the payroll factor. (7-1-21)T

03. **Amount Paid.** The total amount paid to employees is determined by the taxpayer’s accounting method. If the taxpayer uses the accrual method of accounting, all compensation properly accrued is deemed to have been paid. At the election of the taxpayer, compensation paid to employees may be included in the payroll factor by using the cash method if the taxpayer is required to use that method to report compensation for unemployment insurance purposes. (7-1-21)T

04. **Employee.** For purposes of the payroll factor, employee means any officer of a corporation, or any individual who, pursuant to the usual common-law rules applicable in determining the employer-employee
relationship, has the status of an employee. Generally, a person is considered an employee if he is included by the taxpayer as an employee for purposes of the payroll taxes imposed by the Federal Insurance Contributions Act (FICA); except that, since certain individuals are included within the term employees in the FICA who would not be employees pursuant to the usual common-law rules, it may be established that a person who is included as an employee for purposes of the FICA is not an employee for purposes of this rule. (7-1-21)T

05. Exclusions. The following are excluded from the payroll factor:
   a. Compensation paid to an employee for services connected with the production of nonbusiness income;
   b. Payments to an independent contractor or a person not properly classifiable as an employee.
   (7-1-21)T

06. Year to Year Consistency. If a taxpayer departs from or modifies the method used for treating compensation paid in prior year Idaho returns, the taxpayer is to disclose the nature and extent of all modifications in its current year return. (7-1-21)T

07. State to State Consistency. If the returns or reports filed by a taxpayer with all states to which the taxpayer reports pursuant to Section 63-3027, Idaho Code; Article IV of the Multistate Tax Compact; or the Uniform Division of Income for Tax Purposes Act are not uniform in treating compensation paid, the taxpayer is to disclose the nature and extent of the variance in its current year Idaho return. (7-1-21)T

501. -- 504. (RESERVED)

505. PAYROLL FACTOR: DENOMINATOR (RULE 505).
   Section 63-3027(n), Idaho Code

   01. In General. The denominator of the payroll factor is the total compensation paid everywhere during the taxable year. Accordingly, compensation paid to employees whose services are performed entirely in a state where the taxpayer is immune from taxation, for example, by Public Law 86-272, is included in the denominator of the payroll factor. The denominator may not exceed the sum of all numerators. (7-1-21)T

   02. Example. A taxpayer has employees in States A, B, and C. However, in State C the taxpayer is immune from taxation by Public Law 86-272. The compensation paid to employees for services performed in State C is assigned to that state. This compensation is included in the denominator even though the taxpayer is not taxable in State C. (7-1-21)T

506. -- 509. (RESERVED)

510. PAYROLL FACTOR: NUMERATOR (RULE 510).
   Section 63-3027(n), Idaho Code. The numerator of the payroll factor is the total amount the taxpayer paid for compensation in Idaho during the taxable year. The tests in Section 63-3027(o), Idaho Code, apply in determining whether compensation is paid in Idaho. It will be presumed that the total wages reported by the taxpayer to Idaho for unemployment insurance purposes constitute compensation paid in Idaho except compensation excluded by Rules 500 through 524 of these rules. The presumption may be overcome by satisfactory evidence that an employee’s compensation is not properly reportable to Idaho for unemployment insurance purposes. (7-1-21)T

511. -- 514. (RESERVED)

515. PAYROLL FACTOR: COMPENSATION PAID IN IDAHO (RULE 515).
   Section 63-3027(o), Idaho Code

   01. In General. Compensation is paid in Idaho if one of the tests in Section 63-3027(o), Idaho Code, is met. (7-1-21)T

   02. Definitions. The following definitions are to be used for purposes of the payroll factor: (7-1-21)T
a. Incidental means a service that is temporary or transitory in nature, or that is rendered in connection with an isolated transaction.

b. Base of operations means the place of a more or less permanent nature where the employee starts his work and where he customarily returns to receive instructions from the taxpayer or communications from his customers or other persons, or to replenish stock or other materials, repair equipment, or perform any other functions necessary to his trade or profession.

c. Place from which the service is directed or controlled means the place where the power to direct or control is exercised by the taxpayer.

516. -- 524. (RESERVED)

525. SALES FACTOR: IN GENERAL (RULE 525).
Section 63-3027(p), Idaho Code

01. In General. Sales means all gross receipts of a taxpayer not allocated as nonbusiness income. The sales factor for each trade or business of the taxpayer includes all gross receipts derived by the taxpayer from transactions and activity in the regular course of that trade or business.

02. Examples.

a. If a taxpayer manufactures and sells or purchases and resells goods or products, sales includes all gross receipts from sales of the goods or products held primarily for sale to customers in the ordinary course of the taxpayer’s trade or business. Sales also includes gross receipts from the sale of other property that would be properly included in the taxpayer’s inventory if on hand at the close of the taxable year. Gross receipts means gross sales, less returns and allowances and includes all interest income, service charges, carrying charges, or time-price differential charges incidental to the sales. Federal and state excise taxes, including sales taxes, are included in gross receipts if these taxes are passed on to the buyer or included in the product’s selling price.

b. In the case of cost plus fixed fee contracts, such as the operation of a government-owned plant for a fee, sales includes the entire reimbursed cost plus the fee.

c. If a taxpayer provides services, such as operating an advertising agency, or performing equipment service contracts or research and development contracts, sales includes the gross receipts from performing the service, including fees, commissions, and similar items.

d. If a taxpayer rents real or tangible property, sales includes the gross receipts from the renting, leasing, or licensing the use of the property.

e. If a taxpayer sells, assigns, or licenses intangible personal property, such as patents and copyrights, sales includes the gross receipts from these transactions.

f. If a taxpayer derives receipts from selling equipment used in its business, the receipts constitute sales. For example, a trucking company owns a fleet of trucks and sells its trucks according to a regular replacement program. The gross receipts from the sale of the trucks are included in the sales factor.

g. If a taxpayer derives receipts from foreign source dividends that are apportionable business income, the receipts constitute sales. No other apportionment factor relief is permitted to include this dividend income. Section 78, Internal Revenue Code, foreign dividend gross-up is excluded from sales.

03. Disregarding Gross Receipts. In some cases, certain gross receipts should be disregarded in determining the sales factor so that the apportionment formula operates fairly to apportion the income of the taxpayer’s trade or business to Idaho. See Rule 570 of these rules.

04. Year to Year Consistency. If a taxpayer departs from or modifies the basis used for excluding or
including gross receipts in the sales factor in prior year Idaho returns, the taxpayer is to disclose the nature and extent of all modifications in its current year return. (7-1-21)

05. State to State Consistency. If the returns or reports filed by a taxpayer with all states to which the taxpayer reports pursuant to Section 63-3027, Idaho Code; Article IV of the Multistate Tax Compact; or the Uniform Division of Income for Tax Purposes Act are not uniform in including or excluding gross receipts, the taxpayer is to disclose the nature and extent of the variance in its current year Idaho return. (7-1-21)

530. SALES FACTOR: DENOMINATOR (RULE 530).
Section 63-3027(p), Idaho Code. The denominator of the sales factor includes the total gross receipts derived by the taxpayer from transactions and activity in the regular course of its trade or business, except receipts excluded by Rules 525 through 559 and Rule 570 of these rules. The denominator may not exceed the sum of all the numerators. (7-1-21)

531. -- 534. (RESERVED)

535. SALES FACTOR: NUMERATOR (RULE 535).
Section 63-3027(p), Idaho Code. The numerator of the sales factor includes gross receipts attributable to Idaho and derived by the taxpayer from transactions and activity in the regular course of its trade or business. All interest income, service charges, carrying charges, or time-price differential charges incidental to gross receipts are included regardless of where the accounting records are maintained or the location of the contract or other evidence of indebtedness. (7-1-21)

536. -- 539. (RESERVED)

540. SALES FACTOR: SALES OF TANGIBLE PERSONAL PROPERTY IN IDAHO (RULE 540).
Section 63-3027(q), Idaho Code

01. Gross Receipts. Gross receipts from sales of tangible personal property, except sales to the United States Government as discussed in Rule 545 of these rules, are in Idaho if: (7-1-21)

a. The property is delivered or shipped to a purchaser in Idaho regardless of the f.o.b. point or other conditions of sale; or (7-1-21)

b. The property is shipped from an office, store, warehouse, factory, or other place of storage in Idaho and the taxpayer is not taxable in the state of the purchaser. (7-1-21)

02. Destination Sales. (7-1-21)

a. Property is deemed to be delivered or shipped to a purchaser in Idaho if the recipient is in Idaho even though the property is ordered from outside Idaho. Example: A taxpayer, with inventory in State A, sold one hundred thousand dollars ($100,000) of its products to a purchaser with branch stores in several states including Idaho. The order for the purchase was placed by the purchaser’s central purchasing department in State B. Twenty-five thousand dollars ($25,000) of the purchase order was shipped directly to purchaser’s branch store in Idaho. The branch store in Idaho is the purchaser in Idaho with respect to twenty-five thousand dollars ($25,000) of the taxpayer’s sales. (7-1-21)

b. Property is delivered or shipped to a purchaser in Idaho if the shipment terminates in Idaho, even if the property is subsequently transferred to another state by the purchaser. Example: A taxpayer makes a sale to a purchaser who maintains a central warehouse in Idaho where all merchandise purchases are received. The purchaser reships the goods to its branch stores in other states for sale. All of the taxpayer’s products shipped to the purchaser’s warehouse in Idaho constitute property delivered or shipped to a purchaser in Idaho. (7-1-21)

03. Purchaser. The term purchaser in Idaho includes the ultimate recipient of the property if at the request of the purchaser the taxpayer in Idaho delivers to or has the property shipped to the ultimate recipient in...
Idaho. Example: A taxpayer in Idaho sold merchandise to a purchaser in State A. The taxpayer directed the manufacturer or supplier of the merchandise in State B to ship the merchandise to the purchaser’s customer in Idaho according to the purchaser’s instructions. The sale by the taxpayer is in Idaho. (7-1-21)

04. Diverted Shipment. If a seller ships property from the state of origin to a consignee in another state, and the property is diverted while en route to a purchaser in Idaho, the sales are in Idaho. Example: The taxpayer, a produce grower in State A, begins shipping perishable produce to the purchaser’s place of business in State B. While en route the produce is diverted to the purchaser’s place of business in Idaho where the taxpayer is subject to tax. The sale by the taxpayer is in Idaho. (7-1-21)

05. Throwback Sales. If a taxpayer is not taxable in the state of the purchaser, the sale is attributed to Idaho if the property is shipped from an office, store, warehouse, factory, or other place of storage in Idaho. Example: A taxpayer has its head office and factory in State A. It has a branch office and inventory in Idaho. The taxpayer’s only activity in State B is the solicitation of orders by a resident salesman. All orders by the State B salesman are sent to the branch office in Idaho for approval and are filled by shipment from the inventory in Idaho. Since the taxpayer is immune from tax in State B by Public Law 86-272, all sales of merchandise to purchasers in State B are attributed to Idaho, the state from which the merchandise was shipped. (7-1-21)

06. Third-Party Throwback Sales. If a taxpayer’s salesman operating from an office in Idaho makes a sale to a purchaser in another state where the taxpayer is not taxable and the property is shipped directly by a third party to the purchaser, the following rules apply:

a. If the taxpayer is taxable in the state from which the third-party ships the property, the sale is in that state. (7-1-21)

b. If the taxpayer is not taxable in the state from which the property is shipped, the sale is in Idaho. (7-1-21)

c. Example. A taxpayer in Idaho sold merchandise to a purchaser in State A. The taxpayer is not taxable in State A. On direction of the taxpayer, the merchandise was shipped directly to the purchaser by the manufacturer in State B. If the taxpayer is taxable in State B, the sale is in State B. If the taxpayer is not taxable in State B, the sale is in Idaho. (7-1-21)

541. -- 544. (RESERVED)

545. SALES FACTOR: SALES OF TANGIBLE PERSONAL PROPERTY TO THE UNITED STATES GOVERNMENT IN IDAHO (RULE 545).
Section 63-3027(q), Idaho Code

01. In General. Gross receipts from sales of tangible personal property to the United States Government are in Idaho if the property is shipped from an office, store, warehouse, factory, or other place of storage in Idaho. For purposes of this rule, only sales for which the United States Government makes direct payment to the seller pursuant to the terms of a contract constitute sales to the United States Government. Generally, sales by a subcontractor to the prime contractor, the party to the contract with the United States Government, are not sales to the United States Government. (7-1-21)

02. Examples.

a. A taxpayer contracts with the General Services Administration to deliver a truck that was paid for by the United States Government. The sale is a sale to the United States Government. (7-1-21)

b. A taxpayer as a subcontractor to a prime contractor with the National Aeronautics and Space Administration contracts to build a rocket component for one million dollars ($1,000,000). The sale by the subcontractor to the prime contractor is not a sale to the United States Government. (7-1-21)

546. -- 549. (RESERVED)
550. SALES FACTOR: SALES OTHER THAN SALES OF TANGIBLE PERSONAL PROPERTY IN IDAHO (RULE 550).

Section 63-3027(r), Idaho Code

01. In General. Section 63-3027(r), Idaho Code, provides for the inclusion in the numerator of the sales factor of gross receipts from transactions other than sales of tangible personal property, including transactions with the United States Government. Gross receipts are attributed to Idaho if the income producing activity that generates the receipts is performed wholly within Idaho. Also, gross receipts are attributed to Idaho if, with respect to a particular item of income, the income producing activity is performed within and without Idaho but the greater part of the income producing activity is performed in Idaho, based on costs of performance.

02. Income Producing Activity. The term income producing activity applies to each separate item of income and means the transactions and activity engaged in by the taxpayer in the regular course of its trade or business for the ultimate purpose of producing that item of income. The activity includes transactions and activities performed on behalf of a taxpayer, such as those conducted on its behalf by an independent contractor.

a. Income producing activity includes the following:

i. The rendering of personal services by employees or by an agent or independent contractor acting on behalf of the taxpayer or the use of tangible and intangible property by the taxpayer or by an agent or independent contractor acting on behalf of the taxpayer in performing a service;

ii. The sale, rental, leasing, licensing or other use of real property;

iii. The rental, leasing, licensing or other use of tangible personal property; and

iv. The sale, licensing or other use of intangible personal property.

b. The mere holding of intangible personal property is not, by itself, an income producing activity.

03. Costs of Performance. Costs of performance are the direct costs determined in a manner consistent with generally accepted accounting principles and according to accepted conditions or practices of the taxpayer’s trade or business to perform the income producing activity that gives rise to the particular item of income. Included in the taxpayer’s cost of performance are taxpayer’s payments to an agent or independent contractor for the performance of personal services and utilization of tangible and intangible property that give rise to the particular item of income.

04. Application. In general, receipts, other than from sales of tangible personal property, in respect to a particular income producing activity are in Idaho if:

a. The income producing activity is performed wholly in Idaho; or

b. The income producing activity is performed both within and without Idaho and a greater part of the income producing activity is performed in Idaho than in any other state, based on costs of performance.

05. Special Rules. The following are rules and examples for determining when receipts from the income producing activities described below are in Idaho:

a. Gross receipts from the sale, lease, rental or licensing of real property are in Idaho if the real property is located in Idaho.

b. Gross receipts from the rental, lease or licensing of tangible personal property are in Idaho if the property is located in Idaho. The rental, lease, licensing or other use of tangible personal property in Idaho is a separate income producing activity from the rental, lease, licensing or other use of the same property while in another state. Consequently, if property is within and without Idaho during the rental, lease or licensing period, gross receipts attributable to Idaho will be measured by the ratio that the time the property was present or used in Idaho bears to the
c. Example. A taxpayer owns ten (10) bulldozers. During the year, each bulldozer was in Idaho fifty (50) days. The receipts attributable to the use of each bulldozer in Idaho are separate items of income and are determined as follows: \((\text{ten (10) bulldozers} \times \text{fifty (50) days}) / (\text{ten (10) bulldozers} \times \text{three hundred sixty five (365) days})\) \times \text{total receipts} = \text{receipts attributable to Idaho.} (7-1-21)T

d. Gross receipts for the performance of personal services are attributable to Idaho to the extent the services are performed in Idaho. If services relating to a single item of income are performed within and without Idaho, they are attributable to Idaho only if a greater portion of the services were performed in Idaho, based on costs of performance. Usually if services are performed within and without Idaho, they constitute a separate income producing activity. In this case the gross receipts attributable to Idaho are measured by the ratio that the time spent in performing the services in Idaho bears to the total time spent in performing the services everywhere. Time spent in performing services includes the time spent in performing a contract or other obligation that generates the gross receipts. This computation does not include personal service not directly connected with the performance of the contract or other obligation, as for example, time spent in negotiating the contract. (7-1-21)T

e. Example. The taxpayer, a road show, gave theatrical performances at various location in State X and in Idaho during the tax period. All gross receipts from performances given in Idaho are attributed to Idaho. (7-1-21)T

f. Example. The taxpayer, a public opinion survey corporation, conducted a poll in State X and in Idaho for the sum of nine thousand dollars ($9,000). The project required six hundred (600) man hours to obtain the basic data and prepare the survey report. Two hundred (200) of the six hundred (600) man hours were expended in Idaho. The receipts attributable to Idaho are three thousand dollars ($3,000): \((200 \text{ man hours} / 600 \text{ man hours}) \times $9,000. (7-1-21)T

06. Services on Behalf of the Taxpayer. An income producing activity performed on behalf of a taxpayer by an agent or independent contractor is attributed to Idaho if such income producing activity is in Idaho. (7-1-21)T

a. Such income producing activity is in Idaho:

i. When the taxpayer can reasonably determine at the time of filing that the income producing activity is actually performed in Idaho by the agent or independent contractor. However, if the activity occurs in more than one state, the location where the income producing activity is actually performed will be deemed to be not reasonably determinable at the time of filing under Subparagraph 550.06.a.i. of this rule. (7-1-21)T

ii. If the taxpayer cannot reasonably determine at the time of filing where the income producing activity is actually performed, when the contract between the taxpayer and the agent or independent contractor indicates it is to be performed in Idaho and the portion of the taxpayer’s payment to the agent or contractor associated with such performance is determinable under the contract. (7-1-21)T

iii. If it cannot be determined where the income producing activity is actually performed and the agent or independent contractor’s contract with the taxpayer does not indicate where it is to be performed, when the contract between the taxpayer and the taxpayer’s customer indicates it is to be performed in Idaho and the portion of the taxpayer’s payment to the agent or contractor associated with such performance is determinable under the contract; or

iv. If it cannot be determined where the income producing activity is actually performed and neither contract indicates where it is to be performed or the portion of the payment associated with such performance, when the domicile of the taxpayer’s customer is in this state. If the taxpayer’s customer is not an individual, “domicile” means commercial domicile. (7-1-21)T

b. If the location of the income producing activity by an agent or independent contractor, or the portion of the payment associated with such performance, cannot be determined under Subparagraphs 550.06.a.i. through 550.06.a.iii. of this rule, or the taxpayer’s customer’s domicile cannot be determined under Subparagraph
Section 560

SPECIAL RULES (RULE 560).

Section 63-3027(s), Idaho Code

01. In General. A departure from the allocation and apportionment provisions of Section 63-3027, Idaho Code, is permitted only in limited and specific cases where the apportionment and allocation provisions contained in Section 63-3027, Idaho Code, produce incongruous results. (7-1-21)

02. Alternate Methods. If the allocation and apportionment provisions of Section 63-3027, Idaho Code, do not fairly represent the extent of all or any part of a taxpayer’s business activity in Idaho, the taxpayer may petition for or the Tax Commission may require:

   a. Separate accounting;

   b. The exclusion of one (1) or more of the factors;

   c. The inclusion of one (1) or more additional factors that fairly represent the taxpayer’s business activity in Idaho; or

   d. The use of any other method to achieve an equitable allocation and apportionment of the taxpayer’s income. (7-1-21)

03. Special Industry Methods. Rules 460 through 559 of these rules do not set forth appropriate procedures for determining the apportionment factors of certain industries. Nothing in Section 63-3027(s), Idaho Code, or in Rules 560 through 599 of these rules precludes the Tax Commission from establishing appropriate procedures pursuant to Sections 63-3027(k) through 63-3027(r), Idaho Code, for determining the apportionment factors for each of these industries. These procedures will be applied uniformly. See Rule 580 of these rules for the list of the special industries. (7-1-21)

561. -- 564. (RESERVED)

565. SPECIAL RULES: PROPERTY FACTOR (RULE 565).

Section 63-3027(s), Idaho Code

01. Subrents.

   a. In General. If the subrents taken into account in determining the net annual rental rate pursuant to Rule 485 of these rules produce a negative or clearly inaccurate value for any item of property, another method that properly reflects the value of rented property may be required by the Tax Commission or requested by the taxpayer. The value may not be less than an amount that bears the same ratio to the annual rental rate paid by the taxpayer for the property as the fair market value of that portion of the property used by the taxpayer bears to the total fair market value of the rented property. (7-1-21)

   b. Example. A taxpayer rents a ten (10) story building at an annual rental rate of one million dollars ($1,000,000). The taxpayer occupies two (2) stories and sublets eight (8) stories for one million dollars ($1,000,000) a year. The taxpayer’s net annual rental rate may not be less than two-tenths (0.2) of the taxpayer’s annual rental rate for the entire year, or two hundred thousand dollars ($200,000). (7-1-21)

02. Market Rental Rate. If property owned by others is used by the taxpayer at no charge or rented by the taxpayer for a nominal rate, the net annual rental rate for the property is determined based on a reasonable market rental rate for the property. (7-1-21)

566. -- 569. (RESERVED)
570. **SPECIAL RULES: SALES FACTOR (RULE 570).**
Section 63-3027(s), Idaho Code

01. **Gross Receipts from Intangibles.**

a. If the income producing activity in respect to business income from intangible personal property can be readily identified, the gross receipts are included in the denominator of the sales factor and, if the income producing activity occurs in Idaho, in the numerator of the sales factor as well.

b. Notwithstanding Rule 550 of these rules, gross receipts from the sale of an ownership interest in another entity are included in the sales factor numerator based on the proportion of the entity’s operational assets located in Idaho. The amount included is determined by multiplying the gross receipts received by the percentage of the entity’s total real and tangible personal property located in Idaho at the time of the sale.

c. If business income from intangible property cannot readily be attributed to any particular income producing activity of the taxpayer, the gross receipts are excluded from the denominator and numerator of the sales factor. For example, if business income in the form of dividends received on stock, royalties received on patents or copyrights, and interest received on bonds, debentures or government securities results from the mere holding of the intangible personal property by the taxpayer, the dividends, royalties, and interest are excluded from the denominator and numerator of the sales factor.

d. This rule is not intended to limit the ability of the Tax Commission to allow or require alternative apportionment when appropriate to fairly represent the extent of the taxpayer’s business activity in this state. As a result, alternative apportionment may be allowed or required even if the income producing activity with respect to business income derived from intangible personal property can be readily identified.

02. **Net Gains.** If gains and losses on the sale of liquid assets are not excluded from the sales factor by other provisions of this rule, such gains or losses are treated as provided in Subsection 570.02 of this rule. This subsection does not provide rules relating to the treatment of other receipts produced from holding or managing such assets. If a taxpayer holds liquid assets in connection with one (1) or more treasury functions of the taxpayer, and the liquid assets produce business income when sold, exchanged or otherwise disposed, the overall net gain from those transactions for each treasury function for the tax period is included in the sales factor. For purposes of Subsection 570.02 of this rule, each treasury function is considered separately.

a. For purposes of Subsection 570.02 of this rule, a liquid asset is an asset, other than functional currency or funds held in bank accounts, held to provide a relatively immediate source of funds to satisfy the liquidity needs of the trade or business. Liquid assets include foreign currency, and trading positions therein, other than functional currency used in the regular course of the taxpayer’s trade or business; marketable instruments, including stocks, bonds, debentures, bills, notes, options, warrants, futures contracts; and mutual funds which hold such liquid assets. An instrument is considered marketable if it is traded in an established stock or securities market and is regularly quoted by brokers or dealers in making a market. Stock in a corporation that is unitary with the taxpayer or has a substantial business relationship with the taxpayer is not considered marketable stock.

b. For purposes of Subsection 570.02 of this rule, a treasury function is the pooling and management of liquid assets for the purpose of satisfying the cash flow needs of the trade or business, such as providing liquidity for a taxpayer’s business cycle, providing a reserve for business contingencies, and providing for business acquisitions. A taxpayer principally engaged in the trade or business of purchasing and selling instruments or other items included in the definition of liquid assets set forth herein is not performing a treasury function with respect to income so produced.

c. Overall net gain refers to the total net gain from all transactions incurred at each treasury function for the entire tax period, not the net gain from a specific transaction.

d. Examples.

i. A taxpayer manufactures various gift items. Because of seasonal variations, the taxpayer must keep...
liquid assets available for later inventory acquisitions. Because the taxpayer wants to obtain a return on available funds, the taxpayer acquires liquid assets, which are held and managed in State A. The net gain resulting from all gains and losses on the sale of the liquid assets for the tax year will be reflected in the denominator of the sales factor and in the numerator of State A.

ii. A stockbroker acts as a dealer or trader for its own account in its ordinary course of business. Some of the instruments sold are liquid assets. Subsection 570.02 of this rule does not operate to classify those sales as attributable to a treasury function.

03. Commissions and Fee Income Related to the Sale of Another Taxpayer’s Real Property.

Notwithstanding the provisions of Rule 550 of these rules, gross receipts from commissions or fees arising as a result of the personal services and activities associated with the selling of another taxpayer’s real property are sourced to the state where the real property is located.

571. -- 579. (RESERVED)

580. SPECIAL RULES: SPECIAL INDUSTRIES (RULE 580).

Section 63-3027(s), Idaho Code

01. Adoption of MTC Special Industry Regulations. This rule incorporates by reference the MTC special industry regulations as adopted in Subsection 003.01 of these rules. Copies of the MTC special industry regulations may also be obtained from the main office of the Idaho State Tax Commission. The following special industries are to apportion income in accordance with the applicable MTC regulation:

a. Construction Contractors. The apportionment of income derived by a long-term construction contractor is to be computed in accordance with MTC Regulation IV.18.(d). as adopted July 10, 1980;

b. Airlines. The apportionment of income derived by an airline is to be computed in accordance with MTC Regulation IV.18.(e). as adopted July 14, 1983;

c. Railroads. The apportionment of income derived by a railroad is to be computed in accordance with MTC Regulation IV.18.(f). as adopted July 16, 1981;

d. Trucking Companies. The apportionment of income derived by motor common carriers, motor contract carriers, or express carriers that primarily transport tangible personal property of others is to be computed in accordance with MTC Regulation IV.18.(g). as amended July 27, 1989, for taxable years beginning on or after January 1, 1997;

e. Television and Radio Broadcasting. The apportionment of income derived from television and radio broadcasting is to be computed in accordance with MTC Regulation IV.18.(h). as amended April 25, 1996, for taxable years beginning on or after January 1, 1995;

f. Publishing. The apportionment of income derived from the publishing, sale, licensing or other distribution of books, newspapers, magazines, periodicals, trade journals or other printed material is to be computed in accordance with MTC Regulation IV.18.(j). as adopted July 30, 1993, for taxable years beginning on or after January 1, 1995;

g. Financial Institutions. See Rule 582 of these rules for the apportionment of income by a financial institution for taxable years beginning on or after January 1, 1998.

02. References. See Rule 581 of these rules for the applicability of references used in the MTC special industry regulations and the calculation of the apportionment percentage.

581. SPECIAL RULES: REFERENCES USED IN MTC SPECIAL INDUSTRY REGULATIONS (RULE 581).

Section 63-3027(s), Idaho Code. For purposes of applying the rules applicable to Section 63-3027, Idaho Code, references in the MTC special industry regulations means the following:
01. **Article IV. Of The Multistate Tax Compact.**
   
a. Article IV. means Section 63-3027, Idaho Code.  
b. Article IV.1 means Section 63-3027(a), Idaho Code.  
c. Article IV.2 means Section 63-3027(b), Idaho Code.  
d. Article IV.3 means Section 63-3027(c), Idaho Code.  
e. Article IV.4 means Section 63-3027(d), Idaho Code.  
f. Article IV.5 means Section 63-3027(e), Idaho Code.  
g. Article IV.6 means Section 63-3027(f), Idaho Code.  
h. Article IV.7 means Section 63-3027(g), Idaho Code.  
i. Article IV.8 means Section 63-3027(h), Idaho Code.  
j. Article IV.9 means Section 63-3027(i), Idaho Code.  
k. Article IV.10 means Section 63-3027(k), Idaho Code.  
l. Article IV.11 means Section 63-3027(l), Idaho Code.  
m. Article IV.12 means Section 63-3027(m), Idaho Code.  
n. Article IV.13 means Section 63-3027(n), Idaho Code.  
o. Article IV.14 means Section 63-3027(o), Idaho Code.  
p. Article IV.15 means Section 63-3027(p), Idaho Code.  
q. Article IV.16 means Section 63-3027(q), Idaho Code.  
r. Article IV.17 means Section 63-3027(r), Idaho Code.  
s. Article IV.18 means Section 63-3027(s), Idaho Code.  

02. **MTC Regulations.**
   
a. Regulation IV.1 means Rules 330 through 354 of these rules.  
b. Regulation IV.2 means Rule 325 and Rules 355 through 384 of these rules.  
c. Regulation IV.3 means Rules 385 through 399 of these rules.  
d. Regulation IV.9 means Rules 450 through 459 of these rules.  
e. Regulation IV.10 means Rules 460 through 479 of these rules.  
f. Regulation IV.11 means Rules 480 through 489 of these rules.  
g. Regulation IV.12 means Rules 490 through 499 of these rules.
Regulation IV .13 means Rules 500 through 514 of these rules. (7-1-21)

Regulation IV .14 means Rules 515 through 524 of these rules. (7-1-21)

Regulation IV .15 means Rules 525 through 539 of these rules. (7-1-21)

Regulation IV .16 means Rules 540 through 549 of these rules. (7-1-21)

Regulation IV .17 means Rules 550 through 559 of these rules. (7-1-21)

Regulation IV .18.(a) means Rules 560 through 564 of these rules. (7-1-21)

Regulation IV .18.(b) means Rules 565 through 569 of these rules. (7-1-21)

Regulation IV .18.(c) means Rules 570 through 574 of these rules. (7-1-21)

Regulation IV .17 means Rules 550 through 559 of these rules. (7-1-21)

Regulation IV .18.(a) means Rules 560 through 564 of these rules. (7-1-21)

Regulation IV .18.(b) means Rules 565 through 569 of these rules. (7-1-21)

Regulation IV .18.(c) means Rules 570 through 574 of these rules. (7-1-21)

Tax Administrator. Tax Administrator means Tax Commission. (7-1-21)

This State. This state means Idaho. (7-1-21)

The Apportionment Percentage.

References in MTC Regulation IV .18.(d) to the computation of the apportionment percentage being the total of the property, payroll and sales percentages divided by three (3), is to be replaced with the total of property, payroll, and two (2) times the sales percentages divided by four (4) as required by Section 63-3027(i), Idaho Code. (7-1-21)

Examples. Since the Idaho sales factor is double-weighted, examples using a single-weighted sales factor is to be adjusted accordingly. (7-1-21)

582. SPECIAL RULES: FINANCIAL INSTITUTIONS (RULE 582).

Adoption of MTC Recommended Formula for the Apportionment and Allocation of Net Income of Financial Institutions. This rule incorporates by reference the MTC “Recommended Formula for the Apportionment and Allocation of Net Income of Financial Institutions” as adopted in Subsection 003.02 of these rules. A copy of this regulation may be obtained from the main office of the Idaho State Tax Commission. (7-1-21)

Definition of Financial Institution. “Financial institution” means:

Any corporation or other business entity registered under state law as a bank holding company or registered under the Federal Bank Holding Company Act of 1956, as amended, or registered as a savings and loan holding company under the Federal National Housing Act, as amended; (7-1-21)

A national bank organized and existing as a national bank association pursuant to the provisions of the National Bank Act, Title 12, Sections 21 et seq., United States Code; (7-1-21)

A savings association or federal savings bank as defined in the Federal Deposit Insurance Act, Title 12, Section 1813(b)(1), United States Code; (7-1-21)

Any bank or thrift institution incorporated or organized under the laws of any state; (7-1-21)

Any corporation organized under the provisions of Title 12, Sections 611 to 631, United States Code; (7-1-21)

Any agency or branch of a foreign depository as defined in Title 12, Section 3101, United States Code; (7-1-21)
g. A production credit association organized under the Federal Farm Credit Act of 1933, all of whose stock held by the Federal Production Credit Corporation has been retired; (7-1-21)

h. Any corporation or other business entity that is more than fifty percent (50%) owned, directly or indirectly, by any person or business entity described in Paragraphs 582.02.a. through 582.02.g. (7-1-21)

i. A corporation or other business entity that, in the current tax year and immediately preceding two (2) tax years, derived more than fifty percent (50%) of its total gross income for financial accounting purposes from finance leases. For purposes of this subsection, a finance lease means any lease transaction which is the functional equivalent of an extension of credit and that transfers substantially all of the benefits and risks incident to the ownership of property. This includes any direct financing lease or leverage lease that meets the criteria of Financial Accounting Standards Board Statement No. 13, Accounting for Leases or any other lease that is accounted for as a financing lease by a lessor under generally accepted accounting principles. (7-1-21)

j. Any corporation or business entity that derives more than fifty percent (50%) of its gross income from activities that a person described in Paragraphs 582.02.a. through 582.02.g. and 582.02.i. of this rule is authorized to transact. For purposes of this subsection, the computation of gross income does not include income from non-recurring, extraordinary items. (7-1-21)

03. Exclusion from Paragraph 582.02.j. The Tax Commission is authorized to exclude any person from the application of Paragraph 582.02.j upon such person proving, by clear and convincing evidence, that the income-producing activity of such person is not in substantial competition with those persons described in Paragraphs 582.02.a. through 582.02.g. and 582.02.i. (7-1-21)

04. Act Defined. For purposes of applying the rules applicable to Section 63-3027, Idaho Code, references to [Act] in the MTC Recommended Formula for Financial Institutions refers to the Idaho Income Tax Act. (7-1-21)

05. The Apportionment Percentage. References in Section 1(b) of the MTC Recommended Formula for Financial Institutions to the computation of the apportionment percentage being determined by adding the taxpayer’s receipts factor, property factor, and payroll factor together and dividing the sum by three (3) are replaced with adding two (2) times the taxpayer’s sales factor, the taxpayer’s property factor, and the taxpayer’s payroll factor together and dividing the sum by four (4) as required by Section 63-3027(i), Idaho Code. (7-1-21)

583. -- 584. (RESERVED)

585. EXCEPTIONS TO APPORTIONMENT FORMULA: SEPARATE ACCOUNTING (RULE 585). Section 63-3027(s), Idaho Code. Separate accounting may be used only with prior approval of the Tax Commission. A written request must be filed with the Tax Commission at least thirty (30) days prior to the due date for filing the return. The Tax Commission is to notify the taxpayer whether the request has been approved or denied. This determination is based on whether the taxpayer has overcome the presumption that separate accounting will not be allowed when unitary filing and apportionment more accurately reflect the taxpayer’s income. (7-1-21)

586. -- 589. (RESERVED)

590. EXCEPTIONS TO APPORTIONMENT FORMULA: EXCLUSION OF A FACTOR (RULE 590). Section 63-3027(s), Idaho Code. The apportionment of income provided in Section 63-3027, Idaho Code, requires the use of the three (3) factor apportionment formula described in Section 63-3027(i), Idaho Code. However, if one (1) of the prescribed three (3) factors is inapplicable, the remaining two (2) factors are to be included as numerators of the fraction and the denominator of the fraction are two (2) or three (3) if necessary to maintain double weighting of the sales factor. (7-1-21)

591. -- 594. (RESERVED)

595. EXCEPTIONS TO APPORTIONMENT FORMULA: ADDITIONAL OR SUBSTITUTE FACTORS (RULE 595).
Section 63-3027(s), Idaho Code. A factor other than the property, payroll, or sales factor may be used only with prior approval of the Tax Commission. A written request must be filed with the Tax Commission at least thirty (30) days prior to the due date for filing the return. The Tax Commission is to notify the taxpayer whether the request has been approved or denied. The taxpayer must establish that the use of the additional factor or substitute factor more accurately reflects the taxpayer’s income. (7-1-21)

596. -- 599. (RESERVED)

600. ENTITIES INCLUDED IN A COMBINED REPORT (RULE 600).
Section 63-3027(t), Idaho Code

01. Combined Report. Each corporation that is a member of a unitary business transacting business within and without Idaho is to allocate and apportion its income to Idaho using a combined report pursuant to Rules 360 through 369 of these rules. See Rules 340 through 344 of these rules for the principles for determining the existence of a unitary business. (7-1-21)

02. Domestic International Sales Corporations. If an affiliated group subject to the income tax jurisdiction of Idaho owns more than fifty percent (50%) of the voting power of the stock of a corporation classified as a Domestic International Sales Corporation (DISC) pursuant to the provisions of Section 992, Internal Revenue Code, a combined filing with the DISC is required. (7-1-21)

03. Foreign Sales Corporations. If an affiliated group subject to the income tax jurisdiction of Idaho owns more than fifty percent (50%) of the voting power of the stock of a corporation classified as a Foreign Sales Corporation (FSC) pursuant to the provisions of Section 922, Internal Revenue Code, a combined filing with the FSC is required. (7-1-21)

04. Intercompany Transactions. If a return is filed on a combined basis, the intercompany transactions are to be eliminated to the extent necessary to properly reflect combined income and to properly compute the apportionment factor. (7-1-21)

a. Dividends received from a real estate investment trust or a regulated investment company and not included in the pre-apportionment tax base as a result of the federal deduction for dividends paid allowed to the dividend payor are not eliminated as intercompany transactions in computing combined income. (7-1-21)

b. Internal Revenue Code Section 1248 Dividends.

i. Taxpayers Using the Worldwide Filing Method. A corporation included in a worldwide combined group is to treat Section 1248 dividends as dividends for Idaho income tax purposes. An intercompany dividend elimination is allowed to the extent dividends received are paid from current or prior year earnings previously included in income subject to apportionment. (7-1-21)

ii. Taxpayers Using the Water’s Edge Filing Method. A corporation included in a water’s edge combined group is to treat Section 1248 dividends as dividends that qualify for the dividend exclusion allowed by Section 63-3027C(c)(1), Idaho Code. (7-1-21)

c. Dividends received from a stock insurance subsidiary and deducted by a mutual insurance holding company or an intermediate holding company pursuant to Section 41-3821, Idaho Code, are not eliminated as intercompany transactions in computing combined income. (7-1-21)

05. Insurance Companies. Pursuant to Section 41-405, Idaho Code, payment of an Idaho tax upon an insurance company’s premiums will be in lieu of an income tax. (7-1-21)

a. If an insurance company is a member of a unitary business and pays the Idaho premium tax, the insurance company is to be included in the combined group and its income and factor attributes included in the combined report. The income tax attributable to the insurance company is to be deducted from the total tax computed in the combined report. Income tax credits that the insurance company may have earned may not be shared with other members of the unitary group. (7-1-21)
b. If an insurance company is a member of a unitary business and pays a premium tax to a state other than Idaho, or does not pay a premium tax to any state, the insurance company is to be included in the combined group and its income and factor attributes included in the combined report. The insurance company is liable for the Idaho income tax computed on its activity in Idaho and is not exempt from the income tax as a result of Section 41-405, Idaho Code.

605. ELEMENTS OF A WORLDWIDE COMBINED REPORT (RULE 605).
Section 63-3027(t), Idaho Code

01. Income: In General. Income for the worldwide combined group is to be computed on the same basis as taxable income subject to modifications contained in Sections 63-3022 and 63-3027, Idaho Code, and related rules.

02. Income: Foreign Corporations Included in a Federal Consolidated Return. Corporations incorporated outside the United States that are included in a federal consolidated return is to include in the combined report the taxable income reported on the federal consolidated return.

03. Income: Foreign Corporations Not Included in a Federal Consolidated Return. Corporations incorporated outside the United States that are not included in a federal consolidated return, is to include in the combined report either the amount in Subsection 605.03.a. or 605.03.b. as the equivalent of taxable income. The option chosen must be used for all unitary foreign corporations not included in a federal consolidated return.

a. The taxpayer may use the financial net income before income taxes as reported to the United States Securities and Exchange Commission (SEC) if required to file with the SEC. If not required to file with the SEC, the taxpayer may use the financial net income before income taxes as reported to shareholders and subject to review by an independent auditor.

b. The taxpayer may use the financial net income of each foreign corporation adjusted to conform to tax accounting standards as would be required by the Internal Revenue Code if the corporation were a domestic corporation required to file a federal income tax return.

04. Consistent Application of Book to Tax Adjustments. If adjustments are made to conform financial net income to tax accounting standards, all book to tax adjustments as required by the Internal Revenue Code for domestic corporations is to be made for each unitary foreign corporation included in the combined report and is to be consistently applied in each year for which the worldwide method applies. These adjustments are subject to the record-keeping requirements of the Internal Revenue Code and Treasury Regulations for domestic corporations.

05. Apportionment Factors. The rules for inclusion, value, and attribution of apportionment factors by location for the worldwide combined group is to be determined pursuant to Section 63-3027, Idaho Code, and related rules. Only the apportionment factor attributes of those corporations included in the worldwide combined group may be used.

606. -- 619. (RESERVED)

620. ATTRIBUTING INCOME OF CORPORATIONS THAT ARE MEMBERS OF PARTNERSHIPS (RULE 620).
Section 63-3027, Idaho Code

01. In General. If a corporation required to file an Idaho income tax return is a member of an operating partnership, the corporation is to report its Idaho taxable income, including its share of income from the partnership, in accordance with this rule. For purposes of this rule, the term partnership includes a joint venture.
02. **Transacting Business.** A corporation is transacting business in Idaho if it is a partner in a partnership that is transacting business in Idaho even though the corporation has no other contact with Idaho. In this case, both the partnership and the corporation have an Idaho filing requirement. (7-1-21)

03. **Multistate Partnerships.** If a partnership operates in more than one state, its income is to be apportioned and allocated on the partnership return as if the partnership were a corporation. The allocation and apportionment rules of Section 63-3027, Idaho Code, and related rules apply to the partnership. (7-1-21)

04. **Partnership Income as Business Income of the Partner.** (7-1-21)

   a. Income. If the income or loss of a partnership is business income or loss to a corporate partner, its share of this net business income or loss is to be apportioned together with all other net business income or loss of the corporation. Business income or loss is defined by Section 63-3027(a)(1), Idaho Code, and Rules 330 through 336 of these rules.

   b. Factors. A corporate partner’s share of the partnership property, payroll, and sales after intercompany eliminations, is to be included in the numerators and the denominators of the partner’s property, payroll, and sales factors when computing its apportionment formula. The partner’s share of the partnership’s property, payroll, and sales is determined by attributing the partnership’s property, payroll, and sales to the partner in the same proportion as its distributive share of partnership income if reporting net income for the taxable year or in the same proportion as its distributive share of partnership losses if reporting a net loss for the taxable year. Generally, the partnership’s property, payroll, and sales includable in the corporation’s factor computations is determined in accordance with Section 63-3027, Idaho Code, and related rules. To determine how the sales attribution rules of Section 63-3027(q), Idaho Code, apply to the sales factor of the corporate partner, the sales of the partnership are treated as if they were sales of the corporation.

05. **Partnership Income as Nonbusiness Income of Partner.** (7-1-21)

   a. Income. If the partnership income or loss is not business income to a corporate partner, the income is nonbusiness income as defined in Section 63-3027(a)(4), Idaho Code, and Rules 335 through 339 of these rules. The corporate partner is to allocate the nonbusiness income to the state in which it was earned. The corporate partner, on its Idaho corporation income tax return, is to specifically allocate to Idaho its share of the nonbusiness income attributable to Idaho.

   b. Factors. If the partnership income or loss is nonbusiness income to the corporate partner, none of the partnership property, payroll, or sales may be included in the computation of the factors of the corporation.

621. -- 639. (RESERVED)

640. **WATER’S EDGE: MAKING THE ELECTION (RULE 640).**
Section 63-3027B, Idaho Code

01. **In General.** Rules 640 through 649 of these rules apply to taxpayers electing to use the water’s edge filing method. To the extent that these rules conflict with any other rules pursuant to this Act, Rules 640 through 649 of these rules control. (7-1-21)

02. **The Election.** The water’s edge election is made for purposes of determining which corporations are included in a combined group for Idaho income tax purposes. If a corporation is not part of a unitary group for which a combined report is required, the corporation cannot make the water’s edge election. The election must be made in accordance with Sections 63-3027B through 63-3027E, Idaho Code, and Rules 640 through 649 of these rules.

   a. The election may be made for a year beginning on or after January 1, 1993. The election must be filed with the original tax return for the first year of the election. If the water’s edge group changes in a subsequent year through the acquisition or disposition of a corporation with an Idaho filing requirement, a copy of the election is to be attached to the tax return for such taxable year and the changes to the water’s edge group is to be noted on the
form. See Rule 643 of these rules for Change of Election.

b. Any corporation included in the unitary group that files with Idaho a consent to the reasonable production of documents may make the election on behalf of the group. An election made by any member of a unitary group binds all other members regardless of any changes in the unitary group in later taxable years.

c. The election must be made on a form provided by the Tax Commission and include a list of each corporation required to file an Idaho income tax return. The election must be signed by an individual authorized to bind all companies to the election.

d. Idaho taxpayers having a valid water’s edge election is to compute Idaho taxable income in accordance with Sections 63-3027 and 63-3022, Idaho Code, except as modified by Sections 63-3027B through 63-3027E, Idaho Code, and Rules 640 through 649 of these rules.

03. Failure to Include Election. Failure to include the election with the first return to which the election applies results in Idaho taxable income being determined in accordance with Sections 63-3027 and 63-3022, Idaho Code.

641. WATER'S EDGE: ELEMENTS OF A COMBINED REPORT (RULE 641).
Section 63-3027B, Idaho Code

01. Income. Income for the water’s edge combined group is computed on the same basis as taxable income subject to modifications contained in Sections 63-3022 and 63-3027, Idaho Code, and related rules. Intercompany transactions between members of the water’s edge combined group is to be eliminated to the extent necessary to properly reflect combined income. Transactions between a member of the water’s edge combined group and a nonincluded affiliated corporation will be included in the computation of the income of the water’s edge combined group.

02. Factors. The rules for inclusion, value, and attribution of apportionment factors by location for the water’s edge combined group is to be determined pursuant to Section 63-3027, Idaho Code, and related rules. Intercompany transactions between members of the group is to be eliminated to the extent necessary to properly compute the apportionment factors of the water’s edge combined group. Transactions between a member of the water’s edge combined group and a nonincluded affiliated corporation is to be included, if appropriate, when determining apportionment factors. Dividends, to the extent included in apportionable income, is to be included in the sales factor computation.

03. Foreign Corporations Filing Protective Returns. A foreign corporation filing a protective Form 1120-F return will not be deemed to be filing a federal income tax return for purposes of taking into account the income and apportionment factors of affiliated corporations in a unitary relationship with the taxpayer solely on the basis of filing this federal return. If subsequent to the filing of the protective 1120-F return it is determined that the foreign corporation had income effectively connected with the United States and was required to file a federal income tax return, the income and apportionment factors of the foreign corporation is required to be included in the combined report of the unitary group for such taxable year and an Idaho return or amended return may be required.

642. WATER'S EDGE: LEGAL AND PROCEDURAL REQUIREMENTS (RULE 642).
Section 63-3027B, Idaho Code

01. Required Form. Proper filing of the water’s edge election and consent for production of records must be made on the form provided by the Tax Commission and included in the original income tax return for the first tax year to which the election applies.

02. Required Information. The following information must be included with each year’s tax return for which a water’s edge election applies:

a. A complete list of all affiliated corporations, foreign and domestic, of which more than twenty percent (20%) of the voting stock is, directly or indirectly, owned or controlled by a common owner;
b. Identifying information for each member of the water’s edge combined group, including: federal identification number, primary business activities, percent of ownership by members of the combined group, and dates of acquisition or disposition of interest; (7-1-21)

c. A copy of the federal consolidated return, if applicable; and (7-1-21)
d. A schedule of taxable income for each possession corporation excluded from the water’s edge group pursuant to Section 63-3027B(a), Idaho Code. (7-1-21)

643. WATER’S EDGE: CHANGE OF ELECTION (RULE 643).
Section 63-3027C, Idaho Code

01. In General. Except as provided in Section 63-3027C(a) (1), Idaho Code, the taxpayer must submit a written petition to the Tax Commission and be granted written permission to change its reporting method from water’s edge for any subsequent tax year. (7-1-21)

a. A change in the reporting method includes conversion from the water’s edge filing method to the worldwide filing method as well as the addition of companies previously omitted or the exclusion of companies previously included in the water’s edge combined group, except in the case of companies acquired or disposed of during the taxable year. (7-1-21)

b. The Tax Commission may determine that one or more affiliated corporations should be included or excluded from the water’s edge combined group. Income and apportionment factors is to be modified accordingly. (7-1-21)

02. Written Petition. A written petition must include the following: (7-1-21)

a. An explanation of the legal or factual basis for requesting the change of reporting method; and (7-1-21)

b. A computation of the taxpayer’s Idaho taxable income and tax liability computed using both the prior reporting method and the method the taxpayer is petitioning to use for the year of change. (7-1-21)

03. Due Date for Filing the Written Petition. The written petition requesting the change of reporting method must be filed with the Tax Commission at least thirty (30) days prior to the due date for filing the tax return. (7-1-21)

04. Failure to Provide Required Information. Failure to provide complete and accurate information necessary for the Tax Commission’s review of the petition constitutes grounds for denial of the taxpayer’s petition or disregard of the taxpayer’s election. (7-1-21)

05. Approval Attached to Original Return. A copy of the Tax Commission’s written approval of the change in reporting method must be attached to the original return for the year in which the change is first made. (7-1-21)

06. Appeal Rights. A taxpayer may appeal the Tax Commission’s denial of a request to change the method of filing, by submitting a written letter of protest within sixty-three (63) days from date of the denial. If permission to change its filing method is denied, the taxpayer is to continue to file its income tax return with the method used in the previous year. If the appeal is resolved in the taxpayer’s favor, the taxpayer may file an amended return for the year of change. (7-1-21)

644. WATER’S EDGE: DISREGARDING THE ELECTION (RULE 644).
Sections 63-3027B and 63-3027C, Idaho Code. If a taxpayer fails to comply with Sections 63-3027B through 63-3027E, Idaho Code, and Rules 640 through 649 of these rules, the Tax Commission may disregard the water’s edge election or recompute the water’s edge combined income and apportionment factors, and assert penalties pursuant to Section 63-3046, Idaho Code, and Rules 400 through 419 of the Administration and Enforcement Rules. (7-1-21)
**IDAHO ADMINISTRATIVE CODE IDAPA 35.01.01**
State Tax Commission Income Tax Administrative Rules

645. WATER’S EDGE: TREATMENT OF DIVIDENDS (RULE 645).
Section 63-3027C, Idaho Code

01. Dividends Received from Payors Incorporated Outside the United States. (7-1-21)T
   a. Dividends received from payors who are incorporated outside the fifty (50) states and District of Columbia but are not included in the combined report are treated as business income. (7-1-21)T
   b. As provided in Section 63-3027C(e)(1), Idaho Code, amounts included in income under sections 951 and 951A of the Internal Revenue Code are treated as dividends from payors outside the fifty (50) states and District of Columbia. (7-1-21)T
   c. In order to avoid taxing income that had previously been included in Idaho apportionable income in a prior tax year, the remaining portion of the dividend that was not excluded from Idaho apportionable income under Section 63-3027C(c)(3), Idaho Code, is excluded from Idaho apportionable income if the taxpayer can prove that the income was previously included in Idaho apportionable income in a prior tax year. (7-1-21)T

02. Dividends Received from Payors Incorporated in the United States. Dividends received from payors who are incorporated within the fifty (50) states and District of Columbia but not included in the combined return are presumed to be business income of the water’s edge combined group. (7-1-21)T

03. Deemed Dividends from Possession Corporations. The income of a possession corporation, excluded in Section 63-3027B(a), Idaho Code, shall be included in business income as a deemed dividend received from a payor incorporated outside the fifty (50) states and District of Columbia. The income of a possession corporation means taxable income greater than zero (0). Losses from possession corporations may not offset income of other possession corporations in determining the amount of deemed dividends. (7-1-21)T

04. Dividends from Foreign Sales Corporations. (7-1-21)T
   a. As provided in Section 63-3027C(d)(1), Idaho Code, dividends received from a Foreign Sales Corporation (FSC) shall be eliminated in the proportion that FSC federal taxable income for the year during which the dividend was paid bears to the total FSC income before taxes for that year. For purposes of computing the dividend elimination, total FSC income before taxes means book income before the deduction of federal income taxes. (7-1-21)T
   b. For example, a FSC paid one million dollars ($1,000,000) in dividends during the taxable year. For that same taxable year, the FSC had federal taxable income totaling ten million dollars ($10,000,000) and total FSC income before taxes of twenty million dollars ($20,000,000). The dividends eliminated would be five hundred thousand dollars ($500,000) computed as follows: ($10,000,000 federal taxable income / $20,000,000 total FSC income before taxes) X $1,000,000 FSC dividend paid = $500,000 dividend elimination). (7-1-21)T

05. Interest Expense Offset. The interest expense offset provided in Section 63-3022M, Idaho Code, does not apply to any dividends subject to the eighty-five percent (85%) or eighty percent (80%) exclusion provided in Section 63-3027C or 63-3027E, Idaho Code. (7-1-21)T

646. WATER’S EDGE: DOMESTIC DISCLOSURE SPREADSHEET (RULE 646).
Section 63-3027E, Idaho Code

01. Filing Requirements. The domestic disclosure spreadsheet required by Section 63-3027E(b), Idaho Code, must be filed no later than six (6) months after filing the original return unless the taxpayer makes a declaration to forego the filing of the spreadsheet. The declaration is made on a year by year basis. (7-1-21)T

02. Spreadsheet Information. The spreadsheet information must be submitted using the forms contained in the Tax Commission’s “Idaho Water’s Edge Election Pamphlet” or on identically formatted forms that disclose the same information. (7-1-21)T

647. -- 699. (RESERVED)
700. CREDIT FOR INCOME TAXES PAID ANOTHER STATE OR TERRITORY: IN GENERAL (RULE 700).
Section 63-3029, Idaho Code

01. Taxpayers Entitled to the Credit. The credit for taxes paid to another state is to be allowed to qualifying individuals, estates, and trusts.
   a. The credit is allowed to resident individuals who are domiciled in Idaho at the time the income was earned in another state.
   b. The credit is allowed to part-year resident individuals who were domiciled or residing in Idaho at the time the income was earned in another state.
   c. The credit is allowed to an estate or trust that is an Idaho resident at the time the income was earned in another state.
   d. Income earned in another state is to be determined under Section 63-3026A, Idaho Code, and related rules.

02. Taxes Eligible for the Credit. The credit for taxes paid to another state is allowed for the amount of income tax imposed by another state on a qualifying individual, an S corporation, partnership, limited liability company, estate, or trust of which the individual is a shareholder, partner, member or beneficiary. For taxes paid to another state by a pass-through entity, the credit is allowed to the extent the tax is attributable to the individual as a result of his share of the entity’s taxable income in another state.

03. Taxes Not Eligible for the Credit. If any tax or portion thereof is imposed on capital stock, retained earnings, stock values, or a basis other than income, the tax is not eligible for the credit. The credit is not allowed for income taxes imposed by another state on income not taxed by Idaho.

04. Credit Calculated on a State-by-State Basis. The credit and credit limitations are to be calculated on a state-by-state basis. The taxpayer may not aggregate the income taxed by other states or the taxes paid to the other states for purposes of calculating the credit and its limitations.

05. Income Tax Payable to Another State. The income tax payable to another state is to be the tax paid after the application of all credits. The tax paid to the other state must be for the same taxable year that the credit is claimed. Tax paid to cities or counties does not qualify for the credit.

06. Limitations. The credit for taxes paid to another state is limited as follows:
   a. The credit allowed may not exceed the amount of tax actually paid to the other state. This includes the amount paid by a qualifying individual and the amount paid for such individual by an S corporation, partnership, limited liability company, estate, or trust.
   b. If an individual receives a refund due to a refundable credit for all or part of the income tax paid by the pass-through entity, the amount of the refund attributable to the refundable credit reduces the income tax paid by the pass-through entity. For example, an individual domiciled in Idaho is required to pay tax in another state due to his interest in an S corporation operating in that state. In addition to the individual’s tax paid to the other state, the S corporation is required to pay an income tax to that state, of which four hundred dollars ($400) is attributable to the Idaho resident. The individual’s income tax to the other state totals three hundred dollars ($300), but he is entitled to a three-hundred sixty dollar ($360) refundable corporate tax credit due to his share of the tax paid by the pass-through entity, resulting in a net refund of sixty dollars ($60). In computing the tax actually paid to the other state, the tax paid by the pass-through entity must be reduced by the net refund received by the individual ($400 - $60 = $340). The credit for tax paid to the other state is limited to three hundred forty dollars ($340).
   c. The credit may not exceed the proportion of the tax otherwise due to Idaho that the adjusted gross income of the individual derived from sources in the other state as modified by Chapter 30, Title 63, Idaho Code,
bears to total adjusted gross income for the individual so modified. (7-1-21)

t. For example, if the adjusted gross income derived in another state is twelve thousand dollars ($12,000) after taking into account the Idaho additions and subtractions required by the Idaho Income Tax Act, and the individual’s total adjusted gross income similarly modified equals fifty thousand dollars ($50,000), the credit cannot exceed twenty-four percent (24%) of the tax paid to Idaho ($12,000/$50,000 = 24% x tax paid to Idaho). (7-1-21)

ii. See Rule 701 of these rules for information related to part-year residents. (7-1-21)

d. The credit allowed to an estate or trust may not exceed the proportion of the tax otherwise due to Idaho that the federal total income of the estate or trust derived from sources in the other state and taxed by that state bears to the federal total income of the estate or trust. (7-1-21)

i. Federal total income of the estate or trust derived from sources in the other state is to be determined using the Idaho sourcing rules applicable to nonresidents found in Section 63-3026A, Idaho Code and related rules. Income derived from the ownership or disposition of any interest in real or tangible personal property located in the other state is to be considered to be income derived from sources in the other state. Interest income earned on a bank account generally would not be income derived from sources in the other state as provided in Rule 266 of these rules. (7-1-21)

ii. For example, if a trust sells Oregon property at a gain of thirty-six thousand dollars ($36,000), which is the only income derived from sources in the other state, and the trust’s federal total income is ninety thousand dollars ($90,000), the credit cannot exceed forty percent (40%) of the tax paid to Idaho ($36,000/$90,000 = 40% x tax paid to Idaho). (7-1-21)

07. Rounding. For taxable years beginning in or after 2007, the proration calculated under Section 63-3029, Idaho Code, is to be calculated four (4) digits to the right of the decimal point. If the fifth digit is five (5) or greater, the fourth digit is rounded to the next higher number ($10,000/$15,000 = .66666 = .6667 = 66.67%). If the fifth digit is less than five (5), the fourth digit remains unchanged and any digits remaining to its right are dropped ($10,000/$30,000 = .33333 = .3333 = 33.33%). The percentage may not exceed one hundred percent (100%) nor be less than zero (0). (7-1-21)

701. CREDIT FOR INCOME TAXES PAID ANOTHER STATE OR TERRITORY: PART-YEAR RESIDENTS (RULE 701). Section 63-3029, Idaho Code

01. Income Subject to Tax by Both States. (7-1-21)

a. Individuals. For purposes of the credit for income taxes paid to another state, income subject to tax by both states means the total amount of income an individual receives from sources outside of Idaho during the portion of the year he is domiciled or residing in Idaho. Income received during the portion of the year when the individual was not domiciled or residing in Idaho does not qualify. (7-1-21)

b. Estates and Trusts. If an estate or trust is determined to be a part-year resident, income subject to tax by both states means the total amount of income the estate or trust receives from sources outside of Idaho during the portion of the year the estate or trust is a resident of Idaho. Income received during the portion of the year when the estate or trust was not a resident of Idaho does not qualify. (7-1-21)

c. Both the source state and Idaho must impose an income tax on the income for the income to be subject to tax by both states. (7-1-21)

02. Examples. The following examples assume the taxpayer earned only wage income. (7-1-21)

a. Taxpayer A was domiciled in California and worked in that state from January through June. In July he moved to Idaho and changed his domicile from California to Idaho. He worked in Idaho the rest of the year. California will tax only the wages earned in California and Idaho will tax only the wages earned in Idaho. Because no
income is subject to tax by both states, no credit for income taxes paid another state is allowed. (7-1-21)

b. Taxpayer B was domiciled in Oregon from January through June. On July 1 he moved to Idaho and changed his domicile from Oregon to Idaho. He resided in Idaho the rest of the year. He worked in Oregon for the same employer the entire year. Oregon will tax all the wages earned during the year since they were earned in Oregon. Idaho will tax only the wages he earned in Oregon while residing in Idaho. As a result, only one-half (6 months / 12 months = 1/2) of his wages qualify for credit purposes as being subject to tax by both Idaho and Oregon. (7-1-21)

c. Taxpayer C was domiciled in California. He resided and worked in California from January through June. On July 1 he moved to Idaho, but did not change his domicile to Idaho as he intended to return to his home in California once his job assignment in Idaho was completed. California will tax all his income earned during the year since he is domiciled in California. Idaho will tax only the income he earned while residing in Idaho. Taxpayer C will not receive a credit for income taxes paid to California on his Idaho wages because this income is not earned in another state. If Taxpayer C received other income while residing in Idaho that is taxed by Idaho but sourced to another state, such as gains on the sale of stock, he may be entitled to a credit for taxes paid on this income. (7-1-21)

702. -- 704. (RESERVED)

705. CREDIT FOR CONTRIBUTIONS TO EDUCATIONAL INSTITUTIONS FOR TAXABLE YEARS BEGINNING AFTER 2010 (RULE 705).
Section 63-3029A, Idaho Code

01. Qualified Contributions. Contributions must be made in cash or in another monetary form during the taxable year the credit is claimed. Unpaid pledges, goods, or services provided do not qualify as contributions. Tuition, room and board, student fees, and similar charges are not contributions. (7-1-21)

02. Limitations - Individuals. The credit allowed to an individual is fifty percent (50%) of the amount contributed limited to the lesser of:

a. Fifty percent (50%) of the individual’s total income tax liability; or

b. Five hundred dollars ($500) if filing a return other than a joint return or one thousand dollars ($1,000) if filing a joint return. (7-1-21)

03. Limitations - Corporations. The credit allowed to a corporation is fifty percent (50%) of the amount contributed limited to the lesser of:

a. Ten percent (10%) of the corporation’s total income tax liability; or

b. Five thousand dollars ($5,000). (7-1-21)

04. Pass-Through Entities. The credit may be earned by a partnership, S corporation, estate or trust and passed through to the partner, shareholder, or beneficiary. For pass-through entities paying tax and the application of limitations on pass-through credits, see Rule 785 of these rules. (7-1-21)

05. Other Limitations.

a. This credit is further limited if the credit for qualifying new employees is claimed. (7-1-21)

b. This credit plus other nonrefundable credits may not reduce the taxpayer’s tax liability below zero (0). See Rule 799 of these rules for the priority of credits. (7-1-21)

06. Effect on Itemized Deductions. The credit allowed does not reduce the amount of charitable contributions that may be included in itemized deductions. (7-1-21)
07. Nonprofit Public and Private Museums. To qualify as a museum pursuant to Section 63-3029A, Idaho Code, the public or private nonprofit institution must be organized for the purpose of collecting, preserving, and displaying objects of aesthetic, educational, or scientific value and must be open to the general public on a regular basis. (7-1-21)

706. -- 709. (RESERVED)

710. IDAHO INVESTMENT TAX CREDIT: IN GENERAL (RULE 710).
Section 63-3029B, Idaho Code

01. Credit Allowed. The investment tax credit allowed by Section 63-3029B, Idaho Code, applies to investments made during tax years beginning on and after January 1, 1982, that qualify pursuant to Sections 46(c), 47, and 48, Internal Revenue Code, as in effect prior to amendment by Public Law 101-508. Investments must also meet the requirements of Section 63-3029B, Idaho Code, and Rules 710 through 719 of these rules. (7-1-21)

02. Limitations. The investment tax credit allowable in any taxable year will be limited by the following:

a. Tax liability. (7-1-21)

i. For taxable years beginning on or after January 1, 2000, the credit claimed may not exceed fifty percent (50%) of the tax after credit for taxes paid another state. (7-1-21)

ii. For taxable years beginning on or after January 1, 1995 and before January 1, 2000, the credit claimed may not exceed forty-five percent (45%) of the tax after credit for taxes paid another state. (7-1-21)

b. Credit for qualifying new employees. If the credit for qualifying new employees is claimed in the current taxable year or carried forward to a future taxable year, the investment tax credit is limited by the provisions of Section 63-3029F, Idaho Code. (7-1-21)

c. Unitary taxpayers. Limitations apply to each taxpayer according to its own tax liability. Each corporation in a unitary group is a separate taxpayer. See Rule 711 of these rules. (7-1-21)

d. Nonrefundable credits. The investment tax credit is a nonrefundable credit. It is applied to the income tax liability in the priority order for nonrefundable credits described in Rule 799 of these rules. (7-1-21)

e. Used Property Limitation. The term used property limitation means the one hundred fifty thousand dollar ($150,000) limitation imposed by Section 48, Internal Revenue Code of 1986 prior to November 5, 1990. (7-1-21)

03. Carryovers.

a. Investment tax credit earned on investments made on or after January 1, 1990, but not claimed against tax in the year earned is eligible for a seven (7) year carryover. If a credit carryover from these years is available to be carried into taxable years beginning on or after January 1, 2000, the credit carryover is extended from seven (7) years to fourteen (14) years. (7-1-21)

b. For example, a calendar year taxpayer earned investment tax credit in calendar year 1993. The taxpayer was unable to use all the credit in that year and in the subsequent carryover years. Carryover was remaining into the seventh and final carryover year, calendar year 2000. Since the taxpayer had eligible carryover going into a taxable year beginning on or after January 1, 2000, the carryover period changes from seven (7) years to fourteen (14) years. Assuming the carryover is available for the entire carryover period, and that there are no short period years, the last year that the carryover can be used will be calendar year 2007. If the seventh carryover year was a taxable year beginning prior to January 1, 2000, the carryover period has expired and is not extended. (7-1-21)

c. Investment tax credit earned on investments made in taxable years beginning on or after January 1, 2000, but not claimed against tax in the year earned is eligible for a fourteen (14) year carryover. (7-1-21)
04. **Motor Vehicle.** Motor vehicle means a self-propelled vehicle that is registered or may be registered for highway use pursuant to the laws of Idaho. Gross vehicle weight is determined by the manufacturer’s specified gross vehicle weight. (7-1-21)T

05. **Expensed Property.** The cost of property that the taxpayer elects to expense pursuant to Section 179, Internal Revenue Code, is not a qualified investment. (7-1-21)T

06. **Bonus Depreciation.** The cost of property that the taxpayer elects to deduct as bonus first-year depreciation pursuant to Section 168(k), Internal Revenue Code, is not a qualified investment when the bonus first-year depreciation was also allowed in computing depreciation for Idaho. (7-1-21)T

711. **IDAHO INVESTMENT TAX CREDIT: TAXPAYERS ENTITLED TO THE CREDIT (RULE 711).**
Section 63-3029B, Idaho Code

01. **Unitary Taxpayers.** A corporation included as a member of a unitary group may elect to share the investment tax credit it earns but does not use with other members of the unitary group. Before the corporation may share the credit, it must claim the investment tax credit to the extent allowable against its tax liability. (7-1-21)T

   a. The credit available to be shared is the amount of investment tax credit carryover and credit earned for the taxable year that exceeds the limitation provided in Section 63-3029B(4), Idaho Code. The limitation is applied against the tax computed for the corporation that claims the credit. Credit shared with another member of the unitary group reduces the carryforward. (7-1-21)T

   b. In the taxable year when a corporation that earned the investment tax credit is acquired or disposed of, only a portion of the tax of the other members of the unitary group may be offset with shared investment tax credit from that corporation. To determine the allowable portion of the tax, a percentage is calculated by dividing the number of days that the corporation that earned the investment tax credit is included in the unitary group’s taxable year by the total number of days in the taxable year. The tax for each member with an Idaho filing requirement is multiplied by the percentage. The result is the amount of tax that can be offset with a share of the credit, subject to other limitations imposed by law or related rules. (7-1-21)T

02. **Conversion of C Corporation to S Corporation.** (7-1-21)T

   a. An investment tax credit carryover earned by a C corporation that has converted to an S corporation is allowed against the S corporation’s tax on net recognized built-in gains and excess net passive income. The credit is allowed against this tax until the carryover period has expired. The credit is not allowed against the tax computed pursuant to Section 63-3022L, Idaho Code. In addition, the credit may not be passed through to the S corporation shareholders. (7-1-21)T

   b. The election to file as an S corporation does not cause recapture of investment tax credit. However, the S corporation is liable for any recapture of credit originally claimed by the C corporation as provided by Rule 715 of these rules. (7-1-21)T

03. **Agricultural Cooperatives.** The portion of the investment tax credit earned by an agricultural cooperative that it cannot use for the taxable year is to be allocated to the members of the cooperative. If qualifying property is disposed of or ceases to qualify prior to the close of its estimated useful life, the recapture of credit as provided by Rule 715 of these rules applies as though the cooperative did not allocate any of the original credit to the members. (7-1-21)T

   a. The distribution to members is made as provided in Rule 785 of these rules. (7-1-21)T

   b. The investment tax credits claimed by the agricultural cooperative and its members may not be more than one hundred percent (100%) of the credit earned. (7-1-21)T

04. **Leased Property.** Generally the credit for qualified investments in leased property is claimed by the lessor. A lessee may claim the investment tax credit on leased property only as provided in Paragraphs 711.04.a.
and 711.04.b. of this rule. (7-1-21)

a. If the lessor elected to pass the investment tax credit to the lessee and filed the federal election pursuant to the Internal Revenue Code and Treasury Regulations prior to the 1986 Tax Reform Act, the investment tax credit is to be claimed by the lessee. Both parties must attach the original election and a schedule identifying the qualifying property. (7-1-21)

b. If a taxpayer is a lessee in a conditional sales contract, he is entitled to the investment tax credit on any qualifying property subject to the contract since the lessee is considered the purchaser of the property. (7-1-21)

712. -- 713. (RESERVED)

714. IDAHO INVESTMENT TAX CREDIT: CREDIT EARNED ON PROPERTY USED BOTH IN AND OUTSIDE IDAHO IN TAXABLE YEARS BEGINNING ON OR AFTER JANUARY 1, 1995 (RULE 714). Section 63-3029B, Idaho Code

01. In General. Property must be used at least part of the time in Idaho to qualify for the investment tax credit, provided it otherwise qualifies for the credit. It must also be used in Idaho in each taxable year during the recapture period. (7-1-21)

02. Election of Methods. The taxpayer must elect to compute the investment tax credit on property used both in and outside Idaho using either the percentage-of-use method or the amount of that property correctly included in the Idaho property factor numerator. The credit for all property used both in and outside Idaho must be computed using the method elected. (7-1-21)

a. Percentage-of-Use Method. If the percentage-of-use method is elected, the basis of each qualified asset is multiplied by the percentage of time, miles, or other measure that accurately reflects the use of that asset in Idaho. The use of aircraft within and without Idaho during the taxable year will be determined by the ratio of departures from locations in Idaho to total departures. (7-1-21)

b. Property Factor Method. If the property factor numerator option is elected, the qualified investment is the basis of the asset correctly included in the numerator of the Idaho property factor for the year the credit is earned. (7-1-21)

i. The amounts of investment tax credit computed under the percentage-of-use method and the property factor numerator option are generally the same. Differences may result when a taxpayer uses certain MTC special industry regulations that allow the taxpayer to vary from using the percentage-of-use method for determining the Idaho numerator for each item of mobile property, and instead allow another method, such as the ratio of mobile property miles in the state compared to total mobile property miles or the ratio of departures of aircraft from locations in the state compared to total departures. These special industry regulations include the regulations for airlines, railroads, and trucking companies. See Rule 580 of these rules for a list of the special industries. (7-1-21)

ii. “Correctly included in the numerator of the Idaho property factor” means that the amount included in the Idaho property factor numerator was correctly computed using Section 63-3027, Idaho Code, and related rules including any MTC special industry regulations that apply to the taxpayer. If the amount included in the Idaho property factor numerator exceeds the amount that should have been included using Section 63-3027, Idaho Code and related rules, the investment tax credit will be allowed only on the amount that reflects the correct calculation for purposes of computing the Idaho property factor numerator. For example, a taxpayer includes one hundred percent (100%) of the basis of an asset in the Idaho property factor numerator, but the amount correctly computed under Section 63-3027, Idaho Code, should have been fifty percent (50%) of the basis of the asset. The investment tax credit will be allowed only on the fifty percent (50%) of the basis of the asset. (7-1-21)

03. Order of Limitations. The qualified investment in property used both in and outside Idaho is determined by first applying the rules of this section and then the used property limitations outlined in Rule 710. (7-1-21)
04. Examples.

a. Idaho Percentage-of-Use Method. In January 2009, a calendar year corporation purchased a road grader for fifty thousand dollars ($50,000). Thirty percent (30%) of its hours were logged in Idaho during the year. No other qualified investments were made during 2009. The taxpayer elected to compute the credit using the percentage-of-use method. The taxpayer has a fifteen thousand dollar ($15,000) qualified investment computed by multiplying thirty percent (30%) by fifty thousand dollars ($50,000). The investment tax credit is computed at three percent (3%) of fifteen thousand dollars ($15,000) for a credit of four hundred fifty dollars ($450).

b. Idaho Percentage-of-Use Method -- Assets placed in service within ninety (90) days of year end. A calendar year taxpayer elects the percentage-of-use method for a road grader placed in service on March 1, 2011, with a basis of seventy-five thousand dollars ($75,000). If eighty percent (80%) of the road grader’s hours were logged in Idaho measured between March 1 and December 31, 2011, the qualifying investment in the road grader is sixty thousand dollars ($60,000) computed at eighty percent (80%) of the asset’s basis. If the road grader was placed in service by the same calendar year taxpayer on November 1, 2011, the Idaho qualifying property is measured during the first ninety (90) days of use of the asset. If the percentage of hours logged in Idaho between November 1, 2011, and January 31, 2012, is seventy percent (70%), the qualifying investment in the road grader is fifty-two thousand five hundred dollars ($52,500) computed at seventy percent (70%) of the asset’s basis.

c. Idaho Property Factor Method. In January, 2011, a calendar year corporation purchased a road grader for fifty thousand dollars ($50,000). Twenty percent (20%) of its hours were logged in Idaho during the year. In addition to the road grader, the taxpayer also purchased an asphalt layer and a dump truck in January, 2011. Twenty percent (20%) of the dump truck’s hours were logged in Idaho during the year. Only the road grader and dump truck were used in Idaho during the year. The taxpayer’s Idaho property factor is thirty percent (30%). The dump truck cost seventy-five thousand dollars ($75,000), and the asphalt layer cost two hundred thousand dollars ($200,000). The taxpayer has qualified investments totaling twenty-five thousand dollars ($25,000), computed at twenty percent (20%) of the one hundred twenty-five thousand dollars ($125,000) basis in the road grader and the dump truck. The investment tax credit is computed at three percent (3%) of the twenty-five thousand dollars ($25,000) for a total credit of seven hundred fifty dollars ($750). The taxpayer would include twenty-five thousand dollars ($25,000) in the Idaho property factor numerator. The asphalt layer does not qualify for the credit since it was not used in Idaho at any time during 2011.

d. Order of Limitations. Assume the taxpayer has two (2) asphalt layers costing two hundred thousand dollars ($200,000) each that are both mobile and used property. Fifty percent (50%) of the hours of both asphalt layers was logged in Idaho during the year. The taxpayer has a two hundred thousand dollar ($200,000) qualified investment computed by multiplying fifty percent (50%) by four hundred thousand dollars ($400,000). The used property limitation of one hundred fifty thousand dollars ($150,000) is applied to the two hundred thousand dollar ($200,000) qualified investment and the investment tax credit allowed is computed at three percent (3%) of the one hundred fifty thousand dollars ($150,000).

715. IDAHO INVESTMENT TAX CREDIT: RECAPTURE (RULE 715).

Section 63-3029B, Idaho Code

01. In General. If a taxpayer is claiming or has claimed the investment tax credit for property sold or otherwise disposed of, or that ceases to qualify pursuant to Section 63-3029B, Idaho Code, prior to being held five (5) full years, a recomputation of the credit will be made.

02. Recomputation of the Investment Tax Credit.

a. The recomputation of the credit and any recapture of prior credits is made pursuant to the Internal Revenue Code and Treasury Regulations for the taxable year in which the property is disposed of or ceases to qualify.

b. The recapture is computed by multiplying the credit by the applicable recapture percentage in Subsection 715.04.

c. The recapture of credit previously claimed against tax in prior taxable years is an addition to tax in
the taxable year in which the property is disposed of or ceases to qualify. The addition to tax does not affect the computation of limitations used to determine the amount of investment tax credit or any other Idaho credit that may be claimed in the year of the recapture.

03. **Unitary Taxpayers.** The corporation that earned the credit is responsible for the recapture or recomputation of the credit when the property ceases to qualify.

04. **Applicable Recapture Percentages.** For qualified business property placed in service after December 31, 1990, the recapture amount is computed by multiplying the credit earned by the applicable recapture percentage. The length of time the asset qualifies determines the recapture percentage as follows:

a. If less than one (1) year, use one hundred percent (100%); 

b. If more than one (1) year but less than two (2) years, use eighty percent (80%); 

c. If more than two (2) years but less than three (3) years, use sixty percent (60%); 

d. If more than three (3) years but less than four (4) years, use forty percent (40%); 

e. If more than four (4) years but less than five (5) years, use twenty percent (20%).

716. **IDAHO INVESTMENT TAX CREDIT: RECORD-KEEPING REQUIREMENTS (RULE 716).**

Section 63-3029B, Idaho Code

01. **Information Required.** Each taxpayer must retain and make available, on request, records for each item of property included in the computation of the investment tax credit claimed on an income tax return subject to examination. The records must include all of the following:

a. A description of the property; 

b. The asset number assigned to the item of property, if applicable; 

c. The acquisition date and date placed in service; 

d. The basis of the property; 

e. The class of the property for recovery property or the estimated useful life for nonrecovery property; 

f. The designation as new or used property; 

g. The location and utilization (the usage both in and outside Idaho) of the property; 

h. The retirement, disposition, or date transferred out of Idaho, or date no longer used in Idaho, if applicable; and 

i. The reason for acquisition if acquired prior to January 1, 1995.

02. **Accounting Records Subject to Examination.** Accounting records that may need to be examined to document acquisition, disposition, location, and utilization of assets include the following:

a. Accounting documents that contain asset and account designations and descriptions. These documents include a chart of accounts, the accounting manual, controller’s manual, or other documents containing this information. 

b. Asset location records including asset directories, asset registers, insurance records, property tax records, or similar asset inventory documents.
c. Records verifying ownership including purchase contracts and cancelled checks. (7-1-21)

d. Invoices, shipping documents, and similar documents reflecting the transfer of assets in and out of Idaho. (7-1-21)

e. Purchase orders, authorizations for expenditures or other records that identify the reason for acquisition for property acquired prior to January 1, 1995. (7-1-21)

f. Log books measuring the use of property used both in and outside Idaho. These logs must be maintained for each item of property on which investment tax credit is claimed. These logs should measure use of property in accordance with the most accurate method for measuring the extent of use in Idaho. For example, use in Idaho of trucks, trailers, locomotives, and railcars are to be calculated according to actual mileage in and outside Idaho. (7-1-21)

g. A system that verifies that property on which the investment tax credit was claimed continues to maintain its status as Idaho qualifying property throughout the recapture period. (7-1-21)

03. Failure to Maintain Adequate Records. Failure to maintain any of the records required by this rule may result in the disallowance of the credit claimed. (7-1-21)

04. Unitary Taxpayers. Corporations claiming investment tax credit must provide a calculation of the credit earned and used by each member of the combined group. The schedule must clearly identify shared credit and the computation of any credit carryovers. (7-1-21)

717. -- 718. (RESERVED)

01. In General. Beginning with calendar year 2003, a qualifying taxpayer may elect a two (2) year property tax exemption on personal property placed in service during the year. Property placed in service prior to January 1, 2003, does not qualify for the exemption. The personal property must be qualified investment as defined in Section 63-3029B, Idaho Code, and Rules 710 through 716 of these rules. If the property tax exemption is elected on an item of personal property, the taxpayer may not earn the investment tax credit on that item. The election is irrevocable. (7-1-21)

02. Terms. As used in this rule:

a. Qualifying Taxpayer. A taxpayer must meet both of the following requirements to qualify for the property tax exemption on personal property. (7-1-21)

i. The taxpayer’s rate of charge or rate of return must not be regulated or limited by federal or state law. For example, if a corporation’s rate of return is set by the Public Utilities Commission, that corporation is to not be eligible to claim the property tax exemption on any personal property it may place in service. The corporation may claim investment tax credit on the property if the property is qualified investment under Section 63-3029B, Idaho Code. Each corporation included in a unitary group is to determine whether its rate of charge or rate of return is regulated or limited by federal or state law based solely on its own activities. (7-1-21)

ii. The taxpayer must have had negative Idaho taxable income in the second preceding taxable year. (7-1-21)

b. Second Preceding Taxable Year. The term second preceding taxable year means the second preceding taxable year from the taxable year in which the property is placed in service. (7-1-21)

03. Negative Idaho Taxable Income in Second Preceding Taxable Year. (7-1-21)
a. Net Operating Loss Carryovers and Carrybacks. Negative Idaho taxable income in the second preceding taxable year is to be determined prior to the application of any Idaho net operating loss carryforwards or carrybacks. (7-1-21)T

b. Taxable year, for purposes of this calculation, includes a short taxable year as defined by the Internal Revenue Code. (7-1-21)T
c. Examples of Determining Second Preceding Taxable Year. (7-1-21)T

i. A taxpayer files income tax returns on a calendar year basis. During calendar year 2003, the taxpayer placed in service personal property that qualifies for the investment tax credit. The taxpayer’s two (2) preceding taxable years were calendar years 2001 and 2002. To qualify for the property tax exemption on personal property, the taxpayer must have had negative Idaho taxable income in calendar year 2001, the second preceding taxable year from calendar year 2003. (7-1-21)T

ii. A taxpayer files income tax returns on a June 30 fiscal year end basis. During the fiscal year ended June 30, 2003, the taxpayer placed in service between January 1, 2003, and June 30, 2003, personal property that qualifies for the investment tax credit. The taxpayer’s two (2) preceding taxable years were fiscal years ended June 30, 2001, and June 30, 2002. To qualify for the property tax exemption, the taxpayer must have had negative Idaho taxable income in fiscal year ended June 30, 2001, the second preceding taxable year from fiscal year ended June 30, 2003. Property placed in service during the fiscal year ended June 30, 2003, but in calendar year 2002 does not qualify for the exemption. (7-1-21)T

iii. Assume the same facts as in Subparagraph 719.03.c.ii., of this rule, except the taxpayer placed the property in service on September 30, 2003, during his fiscal year ended June 30, 2004. To qualify for the property tax exemption on personal property placed in service between July 1, 2003, and June 30, 2004, the taxpayer must have had negative Idaho taxable income in fiscal year ended June 30, 2002, the second preceding taxable year from the fiscal year ended June 30, 2004. (7-1-21)T

iv. Assume the same facts as in Subparagraph 719.03.c.ii., of this rule, except the taxpayer’s previous two (2) taxable years included a short taxable year from January 1, 2002, to June 30, 2002, and calendar year 2001. To qualify for the property tax exemption on personal property placed in service between January 1, 2003, and June 30, 2003, the taxpayer must have had negative Idaho taxable income in the taxable year for calendar year 2001, the second preceding taxable year from the fiscal year ended June 30, 2003. (7-1-21)T

v. Table of examples of determining second preceding taxable year.

Section 719 Page 4455
d. Unitary Taxpayers. Each corporation included in a unitary combined group is to use its Idaho taxable income, as determined pursuant to Section 63-3027, Idaho Code, to determine whether it had negative Idaho taxable income in the second preceding taxable year. See Rule 365 of these rules for more information on how unitary corporations determine their Idaho taxable income.

(7-1-21)T

e. Pass-Through Entities. A taxpayer who is a partnership or an S corporation does not qualify for the property tax exemption unless the total of its net business income apportioned to Idaho and its nonbusiness income or loss allocated to Idaho is negative for the second preceding taxable year.

(7-1-21)T

f. Return Not Filed. If a taxpayer has not filed an Idaho income tax return for the second preceding taxable year so that the loss can be verified, the taxpayer is not entitled to the exemption.

(7-1-21)T

04. Used Property Limitation.

a. In General. The cost of used property that a taxpayer may take into account for any taxable year in computing qualified investment does not exceed one hundred fifty thousand dollars ($150,000). This includes the cost of property the taxpayer placed in service during the taxable year and also his share of the cost of property placed in service during the taxable year by a partnership, S corporation, estate or trust. Because property must be qualified investment to qualify for the property tax exemption, the taxpayer is limited to one hundred fifty thousand dollars ($150,000) for purposes of determining the property tax exemption.

(7-1-21)T

b. Selection of Items of Used Property. If the cost of the taxpayer’s used property eligible for the investment tax credit exceeds the used property limitation, the taxpayer must select the particular items of used property the cost of which is to be taken into account in computing qualified investment. When the taxpayer selects a particular item, the entire cost or the taxpayer’s share of cost of the particular item must be taken into account unless the one hundred fifty thousand dollar ($150,000) limitation is exceeded. For example, if a taxpayer places in service during the taxable year three (3) items of used property, each with a cost of sixty thousand dollars ($60,000), the taxpayer must select the entire cost of two (2) of the items and only thirty thousand dollars ($30,000) of the cost of the third item. The taxpayer may not select a portion of the cost of each of the three (3) items. The remaining thirty thousand dollars ($30,000) of the third item does not qualify for the investment tax credit nor the property tax exemption since it is not qualified investment. The selection by a taxpayer is made by taking the cost of the used property into account in computing the investment tax credit or the property tax exemption for a taxable year.

(7-1-21)T

c. Electing Property Tax Exemption on Selected Used Property Items. Once the taxpayer has selected the particular items of used property, the cost of which is to be taken into account in computing qualified investment, the taxpayer is to determine whether he may elect the property tax exemption on the items selected. If an item qualifies as personal property and the taxpayer had a negative Idaho taxable income in the second preceding taxable year, the taxpayer may elect to claim the property tax exemption on the item in lieu of earning the investment tax credit. For example, assume the same facts as in Paragraph 719.04.b., of this rule. The taxpayer may elect the property tax exemption on any of the three (3) items, limited to the amount included as qualified investment if the item qualifies as personal property and the taxpayer had a negative Idaho taxable in the second preceding taxable year.

(7-1-21)T

720. CREDIT FOR IDAHO RESEARCH ACTIVITIES: IN GENERAL (RULE 720).
Section 63-3029G, Idaho Code

01. Definitions. The Idaho credit is computed using the same definitions of qualified research expenses, qualified research, basic research payments, and basic research as are found in Section 41, Internal Revenue Code, except only the amounts related to research conducted in Idaho qualify for the Idaho credit. If an expense does not qualify for the federal credit under Section 41, Internal Revenue Code, it will not qualify for purposes of the Idaho credit.

(7-1-21)T

02. Limitations. The credit for Idaho research activities allowable in any taxable year is limited as follows:

(7-1-21)T
a. Tax Liability. The total amount of any credit for Idaho research activities claimed during a taxable year may not exceed one hundred percent (100%) of the tax, after allowing all other income tax credits that may be claimed before the credit for Idaho research activities, regardless of whether the credit for Idaho research activities results from a carryover earned in prior years, the current year, or both. See Rule 799 of these rules for the priority order for nonrefundable credits.

b. Credit for Qualifying New Employees. If the credit for qualifying new employees is claimed in the current taxable year or carried forward to a future taxable year, the credit for Idaho research activities is limited by the provisions of Section 63-3029F, Idaho Code.

c. Unitary Taxpayers. Limitations apply to each taxpayer according to its own tax liability. Each corporation in a unitary group is a separate taxpayer. See Rule 711 of these rules.

03. Carryovers. The carryover period for the credit for Idaho research activities is fourteen (14) years.

04. Pass-Through Entities. The credit may be earned by a partnership, S corporation, estate, or trust and passed through to the partner, shareholder, or beneficiary. See Rule 785 of these rules for the method of attributing the credit, for pass-through entities paying tax, and the application of limitations on pass-through credits.

05. Short Taxable Year Calculations. Short taxable year calculations provided in Section 41, Internal Revenue Code, and related regulations are used to compute the Idaho credit if the taxpayer must use short taxable year calculations for purposes of computing the federal credit.

01. Election to Be Treated as a Start-Up Company. Regardless of whether a taxpayer qualifies as a start-up company for purposes of the federal credit for increasing research activities under Section 41, Internal Revenue Code, a taxpayer may elect to be treated as a start-up company for the credit for Idaho research activities.

a. The election once made is irrevocable.

b. The election is made by checking the appropriate box on Form 67.

c. A taxpayer who makes the election under Section 63-3029G, Idaho Code, to be treated as a start-up company must use the fixed-base percentage that would be used by the taxpayer if the taxpayer had qualified as a start-up company for purposes of the federal credit under Section 41, Internal Revenue Code. For example, if the taxpayer’s fiscal year beginning in 2001 is the 8th such taxable year beginning after December 31, 1993 in which the taxpayer had Idaho qualified research expenses, the fixed-base percentage is one-half (1/2) of the percentage that the aggregate qualified research expenses of the taxpayer for the 5th, 6th, and 7th such taxable years is of the aggregate gross receipts of the taxpayer for such years.

02. Unitary Sharing. A corporation included as a member of a unitary group may elect to share the credit for Idaho research activities it earns but does not use with other members of the unitary group. Before the corporation may share the credit, it must claim the credit for Idaho research activities to the extent allowable against its tax liability. The credit available to be shared is the amount of the credit carryover and credit earned for the taxable year that exceeds the limitation provided in Section 63-3029G(3), Idaho Code, or Paragraph 720.02.b. of these rules, whichever is applicable. The limitation is applied against the tax computed for the corporation that claims the credit. Credit shared with another member of the unitary group reduces the carryforward.
723. CREDIT FOR IDAHO RESEARCH ACTIVITIES: RECORD-KEEPING REQUIREMENTS (RULE 723).
Section 63-3029G, Idaho Code

01. Information Required. Each taxpayer must retain and make available, on request, records for each item included in the computation of the credit for Idaho research activities claimed on an Idaho income tax return. The records must include all of the following:
   a. Verification that the research was conducted in Idaho;
   b. Verification that wages included in the computation were for qualified service performed by an employee in Idaho;
   c. Verification that supplies included in the computation were used for research conducted in Idaho;
   d. Verification that contract research expenses were for research conducted in Idaho;
   e. Verification that the research activities meet the definition of qualified research; and
   f. Verification that the amounts included in the Idaho computation are includable in the computation of the federal credit allowed by Section 41, Internal Revenue Code.

02. Failure to Maintain Adequate Records. Failure to maintain any of the records required by this rule may result in the disallowance of the credit claimed.

03. Unitary Taxpayers. Corporations claiming the credit for Idaho research activities must provide a calculation of the credit earned and used by each member of the combined group. The schedule must clearly identify shared credit and the computation of any credit carryovers.

724. -- 729. (RESERVED)

730. CREDIT FOR CONTRIBUTIONS TO IDAHO YOUTH FACILITIES, REHABILITATION FACILITIES AND NONPROFIT SUBSTANCE ABUSE CENTERS (RULE 730).
Section 63-3029C, Idaho Code

01. Qualified Contributions. Contributions must be made in cash or in kind during the taxable year the credit is claimed. Unpaid pledges do not qualify as contributions. Fees for services provided, room and board, and similar charges are not contributions.

02. Limitations: Individuals. The credit allowed to an individual is fifty percent (50%) of the amount contributed limited to the lesser of:
   a. Twenty percent (20%) of his total income tax liability; or
   b. One hundred dollars ($100) if filing other than a joint return or two hundred dollars ($200) if filing a joint return.

03. Limitations: Corporations. The credit allowed to a corporation is fifty percent (50%) of the amount contributed limited to the lesser of:
   a. Ten percent (10%) of its total income tax liability; or
   b. Five hundred dollars ($500).

04. Pass-Through Entities. The credit may be earned by a partnership, S corporation, estate or trust and passed through to the partner, shareholder, or beneficiary. For pass-through entities paying tax and the application
of limitations on pass-through credits, see Rule 785 of these rules. (7-1-21)T

05. Other Limitations. (7-1-21)T
   a. This credit is further limited if the credit for qualifying new employees is claimed. (7-1-21)T
   b. This credit plus any other nonrefundable credits may not reduce the taxpayer’s tax liability below zero (0). See Rule 799 of these rules for the priority of credits. (7-1-21)T

06. Effect on Itemized Deductions. The credit allowed does not reduce the amount of charitable contributions that may be included in itemized deductions. (7-1-21)T

731. -- 749. (RESERVED)

750. BROADBAND EQUIPMENT INVESTMENT CREDIT: IN GENERAL (RULE 750).

Section 63-3029I, Idaho Code

01. Credit Allowed. The broadband equipment investment credit allowed by Section 63-3029I, Idaho Code, applies to investments made during taxable years beginning on and after January 1, 2001. The investment must also meet the requirements of Section 63-3029B, Idaho Code, and related rules as to what constitutes qualified investment. (7-1-21)T

02. Limitations. The broadband equipment investment credit allowable in any taxable year will be limited as follows: (7-1-21)T
   a. The broadband equipment investment credit claimed during a taxable year may not exceed the lesser of: (7-1-21)T
      i. Seven hundred fifty thousand dollars ($750,000); or (7-1-21)T
      ii. One hundred percent (100%) of the tax, after allowing all other income tax credits that may be claimed before the broadband equipment investment credit, regardless of whether this credit results from a carryover earned in prior years, the current year, or both. See Rule 799 of these rules for the priority order for nonrefundable credits. (7-1-21)T
   b. Credit for Qualifying New Employees. If the credit for qualifying new employees is claimed in the current taxable year or carried forward to a future taxable year, the broadband equipment investment credit is limited by the provisions of Section 63-3029F, Idaho Code. (7-1-21)T
   c. Unitary Taxpayers. Limitations apply to each taxpayer according to its own tax liability. Each corporation in a unitary group is a separate taxpayer. See Rule 711 of these rules. (7-1-21)T
   d. Transferred Credit. Limitations apply to each transferee as if the transferee had earned the credit. (7-1-21)T

03. Carryovers. (7-1-21)T
   a. The carryover period for the broadband equipment investment credit is fourteen (14) years. (7-1-21)T
      i. The fourteen (14) year carryover period provided by section 63-3029I(7), Idaho Code, extends throughout the fourteen (14) taxable years following the year in which the equipment was installed. The fourteen (14) year carryover period begins to run regardless of whether the taxpayer has sought and received approval from the Idaho public utilities commission (PUC). (7-1-21)T
      ii. Once a taxpayer has received the approval order from the PUC, the broadband tax credit may be claimed or transferred. If the statute of limitations has expired for filing a return to claim the credit for the taxable
year of the installation, the taxpayer cannot claim any credit for that taxable year, but must calculate how much of the credit the taxpayer could have used to determine the amount of credit available to carry forward pursuant to section 63-3029I(7), Idaho Code.

iii. Example: A calendar year filer installed qualifying equipment on July 20, 2001. However, it was not until 2013 that the taxpayer sought and received the approval order from the PUC. The fourteen (14) year carryover period already began to run based on the installation date and will expire at the end of the 2015 taxable year. On March 10, 2013 the taxpayer is preparing his tax returns and considering how much broadband credit is available to claim the credit starting with taxable year 2009 (prior years would be out of the statute of limitations for filing an amended return assuming all returns had been timely filed and no other special circumstances had held the period open). The taxpayer must look back to taxable year 2001 (the year of installation) to see how much credit the taxpayer could have used in each taxable year up to 2009 to determine how much credit carryover amount is still available pursuant to the carryover limitations of section 63-3029I(7), Idaho Code. The taxpayer must use up or transfer any unused credit before taxable year 2016; after taxable year 2015, the carry forward period will expire and any unused credit will no longer be available for the taxpayer to apply or transfer.

b. See Rule 793 of these rules for the rules regarding the carryover of transferred credit.

04. **Taxpayers Entitled to the Credit.** Rule 711 of these rules will apply to the broadband equipment investment credit except that limitations referenced in Subsection 711.01 of these rules will be those limitations as provided in Section 63-3029I, Idaho Code.

05. **Pass-Through Entities.** The credit may be earned by a partnership, S corporation, estate, or trust and passed through to the partner, shareholder, or beneficiary. See Rule 785 of these rules for the method of attributing the credit, for pass-through entities paying tax, and the application of limitations on pass-through credits.

751. (RESERVED)

752. **BROADBAND EQUIPMENT INVESTMENT CREDIT: RECAPTURE (RULE 752).**
Section 63-3029I, Idaho Code

01. **In General.** If a taxpayer is claiming or has claimed the broadband equipment investment credit for property sold or otherwise disposed of, or that ceases to qualify pursuant to Section 63-3029B, Idaho Code, prior to being held five (5) full years, a recomputation of the credit is to be made. See Rule 715 of these rules.

02. **Unitary Taxpayers.** The corporation that earned the credit is responsible for the recapture or recomputation of the credit when the property ceases to qualify.

03. **Transferred Credit.** The transferor is responsible for the recapture or recomputation of the credit when the property ceases to qualify.

753. **BROADBAND EQUIPMENT INVESTMENT CREDIT: RECORD-KEEPING REQUIREMENTS (RULE 753).**
Section 63-3029I, Idaho Code

01. **Information Required.** Each taxpayer must retain and make available, on request, records for each item of property included in the computation of the broadband equipment investment credit claimed on an income tax return subject to examination. The records must include all of the following:

a. The order from the Idaho Public Utilities Commission confirming that the installed equipment is qualified broadband equipment.

b. A description of the property;

c. The asset number assigned to the item of property, if applicable.
d. The acquisition date and date placed in service; (7-1-21)

e. The basis of the property; and  (7-1-21)

f. The retirement, disposition, or date transferred out of Idaho, or date no longer used in Idaho, if applicable. (7-1-21)

02. Accounting Records Subject to Examination. Accounting records that may need to be examined to document acquisition, disposition, location, and utilization of assets include the following: (7-1-21)

a. Source documents supporting the application to the Idaho Public Utilities Commission; (7-1-21)

b. Accounting documents that contain asset and account designations and descriptions. These documents include a chart of accounts, the accounting manual, controller’s manual, or other documents containing this information; (7-1-21)

c. Asset location records including asset directories, asset registers, insurance records, property tax records, or similar asset inventory documents; (7-1-21)

d. Records verifying ownership including purchase contracts and cancelled checks; (7-1-21)

e. Invoices, shipping documents, and similar documents reflecting the transfer of assets in and out of Idaho; and (7-1-21)

f. A system that verifies that property on which the broadband equipment investment credit was claimed continues to maintain its status as Idaho qualifying property throughout the recapture period. (7-1-21)

03. Failure to Maintain Adequate Records. Failure to maintain any of the records required by this rule may result in the disallowance of the credit claimed. (7-1-21)

04. Unitary Taxpayers. Corporations claiming broadband equipment investment credit must provide a calculation of the credit earned and used by each member of the combined group. The schedule must clearly identify shared credit and the computation of any credit carryovers. (7-1-21)

05. Credit Transferred. A taxpayer that transfers the broadband equipment investment credit is to continue to be subject to the record-keeping requirements of this rule for as long as the credit may be carried over by the transferee or until further assessment or deficiency determinations are barred by a period of limitation, whichever is longer. (7-1-21)

754. -- 770. (RESERVED)

01. Residents. (7-1-21)

a. A resident individual may claim a credit for each personal exemption for which a deduction is permitted and claimed on his Idaho income tax return provided the personal exemption represents an individual who is a resident of Idaho. The maximum credit allowed per qualifying exemption is as follows:

<table>
<thead>
<tr>
<th>TAX YEAR</th>
<th>IDAHO TAXABLE INCOME $1,000 OR LESS</th>
<th>IDAHO TAXABLE INCOME MORE THAN $1,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>2016</td>
<td>$100</td>
<td>$100</td>
</tr>
<tr>
<td>2015</td>
<td>$100</td>
<td>$100</td>
</tr>
</tbody>
</table>
For tax years 2015 and after, the credit is one hundred dollars ($100).

b. A resident individual claiming the credit who is age sixty-five (65) or older may claim an additional twenty dollars ($20). An additional twenty dollar ($20) credit may be claimed for a spouse who is age sixty-five (65) or older. The additional twenty dollar ($20) credit may not be claimed for other dependents who are age sixty-five (65) or older.

02. Part-Year Residents. A part-year resident is entitled to a prorated credit based on the number of months he was domiciled in Idaho during the taxable year. For purposes of this rule, a fraction of a month exceeding fifteen (15) days is treated as a full month. If the credit exceeds his tax liability, the part-year resident is not entitled to a refund.

03. Circumstances Causing Ineligibility. A resident or part-year resident individual is not eligible for the credit for the month or part of the month for which the individual:

a. Received assistance under the federal food stamp program; or

b. Was incarcerated.

04. Nonresidents. A nonresident is not entitled to the credit even though the individual may have been employed in Idaho for the entire year.

05. Illegal Residents. An individual residing illegally in the United States is not entitled to the credit.

06. Members of the Uniformed Services. A member of the uniformed services who is:

a. Domiciled in Idaho is entitled to this credit;

b. Residing in Idaho but who is a nonresident pursuant to the Servicemembers Civil Relief Act is not entitled to this credit.

c. See Rule 032 of these rules for the definition of member of the uniformed services.

07. Spouse or Dependents of Members of the Uniformed Services. Beginning on January 1, 2009, a spouse of a nonresident member of the uniformed services stationed in Idaho who has the same domicile as the military service member’s home of record and who is residing in Idaho solely to be with the servicemember is a nonresident and is not entitled to the grocery credit. A spouse who is domiciled in Idaho is entitled to the credit. The domicile of a dependent child is presumed to be that of the nonmilitary spouse.

08. Claiming the Credit.

a. An individual who is required to file an Idaho individual income tax return must claim the credit on

<table>

</table>
his return. If the credit exceeds his tax liability, the resident will receive a refund. (7-1-21)T

b. An individual who is not required to file an Idaho individual income tax return must file a claim for refund of the credit on a form approved by the Tax Commission on or before April 15 following the year for which the credit relates. (7-1-21)T

c. No credit may be refunded three (3) years after the due date of the claim for refund, including extensions, if a return was required to be filed under Section 63-3030, Idaho Code. (7-1-21)T

09. Donating the Credit. Taxpayers may elect to donate the entire credit to the Cooperative Welfare Fund created pursuant to Section 56-401, Idaho Code. A taxpayer may not make a partial donation of the credit. The election must be made as indicated on the form on which the credit was claimed. The election is irrevocable and may not be changed on an amended return. (7-1-21)T

772. -- 774. (RESERVED)

775. CREDIT FOR LIVE ORGAN DONATION EXPENSES (RULE 775).
Section 63-3029K, Idaho Code

01. Credit Allowed. The credit for live organ donation expenses allowed by Section 63-3029K, Idaho Code, applies to live organ donation expenses incurred by a taxpayer during taxable years beginning on or after January 1, 2007. (7-1-21)T

02. Limitations. The credit allowed to an individual for the taxable year in which the live organ donation occurs is limited to the lesser of:

a. The amount of live organ donation expenses paid by the taxpayer during the taxable year, or (7-1-21)T

b. Five thousand dollars ($5,000). (7-1-21)T

03. Live Organ Donation. A live organ donation means a donation by a living individual who donates the following for transplanting in another individual:

a. Human bone marrow, or (7-1-21)T

b. Any part of an organ including the following:

i. Intestine, (7-1-21)T

ii. Kidney, (7-1-21)T

iii. Liver, (7-1-21)T

iv. Lung, or (7-1-21)T

v. Pancreas. (7-1-21)T

04. Live Organ Donation Expenses. Qualifying expenses is to be directly related to a live organ donation by the taxpayer or by a dependent of the taxpayer and includes the following:

a. The unreimbursed cost of travel paid by the taxpayer to and from the place where the donation operation occurred. (7-1-21)T

b. Unreimbursed lodging expenses paid by the taxpayer. (7-1-21)T

c. Wages or other compensation lost because of the taxpayer’s absence from work during the donation
procedure and convalescence. (7-1-21)T

05. Carryover. The carryover period for the credit for live organ donation expenses is five (5) years. (7-1-21)T

776. -- 784. (RESERVED)

785. CREDITS: PASS-THROUGH ENTITIES (RULE 785).
Section 63-3029(a), Idaho Code

01. In General. A credit earned by a partnership, S corporation, estate, or trust generally is claimed on the income tax returns of the partners, shareholders, or beneficiaries of the entity. (7-1-21)T

a. Partnerships. A credit passes through to a partner based on that partner’s distributive share of partnership profits. (7-1-21)T

b. S Corporations. A credit passes through to a shareholder based on that shareholder’s pro rata share of income or loss. (7-1-21)T

c. Estates and Trusts. A credit passes through to a beneficiary in the same ratio that income is allocable to that beneficiary. (7-1-21)T

d. Idaho credits may not pass through to partners or owners based on special allocations. (7-1-21)T

02. Limitations.

a. In General. Credits claimed on a partner’s, shareholder’s, or beneficiary’s tax return may not exceed the limitations imposed by statute or rule. (7-1-21)T

b. Example. Partnership XYZ has three (3) individual partners who each are entitled to a one-third (1/3) share of the partnership profits. The partnership contributed three thousand dollars ($3,000) to an educational institution. The contribution qualifies for the credit provided by Section 63-3029A, Idaho Code. One-third (1/3) of the contribution, one thousand dollars ($1,000), passes through to Partner X who files a joint return. He is allowed a credit of fifty percent (50%) of the amount contributed, but is limited to the lesser of two hundred dollars ($200) or twenty percent (20%) of his total income tax liability. (7-1-21)T

c. Example. Assume the same facts as in Subsection 785.02.b., except Partner X also contributed two hundred dollars ($200) to a qualifying educational institution. Partner X is treated as contributing one thousand two hundred dollars ($1,200), to a qualifying educational institution. Since fifty percent (50%) of his contributions, six hundred dollars ($600) exceeds the limitation, the credit is limited to the lesser of two hundred dollars ($200) or twenty percent (20%) of his total income tax liability. The credit is not increased because part of the contribution was from Partner X as an individual and part from the partnership. (7-1-21)T

03. Carryovers. Carryovers of credit are allowed to the partner, shareholder, or beneficiary to the extent provided by statute or rule. (7-1-21)T

04. Different Taxable Year Ends. If a pass-through entity has a taxable year end different from that of a partner, shareholder, or beneficiary, the credit is available in the same taxable year that income or loss from that entity is reported. (7-1-21)T

05. Information Provided by a Pass-Through Entity. The pass-through entity is to prepare and distribute to each partner, shareholder, or beneficiary a schedule detailing the proportionate share of each credit earned and any recapture that is required. Copies of these schedules are to be attached to the pass-through entity’s Idaho income tax return or information return for the taxable year that the credit is earned and to each return on which the credit is claimed. (7-1-21)T

06. Pass-Through Entities That Pay Tax. (7-1-21)T
a. A pass-through entity may apply and may recapture credits that generally pass through to the partner, shareholder, or beneficiary for whom the pass-through entity is paying the tax. For example, Idaho investment tax credit earned that would have passed through to the owner or beneficiary could be claimed by the pass-through entity subject to the applicable limitations. Limitations based on the tax liability apply to each owner’s or beneficiary’s tax liability being paid by the pass-through entity. (7-1-21)

b. The partner, shareholder or beneficiary is responsible for the recapture or recomputation of credits passed through to the partner, shareholder, or beneficiary. (7-1-21)

c. Carryovers that exist after a pass-through entity offsets the tax with credit available to that partner, shareholder or beneficiary, remain a carryover of the partner, shareholder or beneficiary. (7-1-21)

786. -- 789. (RESERVED)

790. TRANSFER OF CREDIT: IN GENERAL (RULE 790).
Sections 63-3029I and 63-3029J, Idaho Code

01. In General. A credit may be transferred only as specifically allowed in the statute authorizing the credit. The following credits are the only credits that may be transferred: (7-1-21)

a. The broadband equipment investment credit, as allowed by Section 63-3029I, Idaho Code. (7-1-21)

02. Terms. For purposes of Rules 790 through 795 of these rules, the following terms have the stated meanings: (7-1-21)

a. Transferor. The taxpayer who earns the credit and sells, conveys, or transfers the credit to another taxpayer are referred to as the transferor. (7-1-21)

b. Transferee. The taxpayer who receives the credit from the transferor or intermediary is referred to as the transferee. (7-1-21)

03. Transfer Limited. (7-1-21)

a. The broadband equipment investment credit may be transferred to another taxpayer required to file an Idaho income tax return or to an intermediary. The intermediary may use all or a portion of the broadband equipment investment credit or resell the credit to a taxpayer required to file an Idaho income tax return. The broadband equipment investment credit may not be transferred more than two (2) times. (7-1-21)

b. A taxpayer who receives credit through unitary sharing may not transfer the credit to another taxpayer. (7-1-21)

791. TRANSFER OF CREDIT: NOTIFICATION OF INTENDED TRANSFER (RULE 791).
Sections 63-3029I and 63-3029J, Idaho Code

01. Timing of Notification. A taxpayer who intends to transfer qualified credit is to notify the Tax Commission in writing of its intent to transfer the credit at least sixty (60) days prior to the date of the transfer. A transfer may not take place prior to the Tax Commission providing its response as to the amount of credit available and the years the credit may be carried forward. (7-1-21)

02. Information Required. A transferor or intermediary is to notify the Tax Commission by submitting the following information on a form prescribed by the Tax Commission: (7-1-21)

a. Name, address, and federal employer identification number of the transferor or intermediary. (7-1-21)
b. Name, address, and federal employer identification number of the transferee; (7-1-21)T

c. Type of credit to be transferred; (7-1-21)T

d. Amount of credit to be transferred; (7-1-21)T

e. Date of intended transfer; (7-1-21)T

f. Signature of authorized individual for transferor or intermediary; and (7-1-21)T

g. A copy of the Idaho Form 68, Idaho Broadband Equipment Investment Credit and required schedules for each tax year the credit being transferred was earned. (7-1-21)T

792. TRANSFER OF CREDIT: POSTING BOND (RULE 792).
Section 63-3029J, Idaho Code

01. Posting Bond or Security. Section 63-3029J, Idaho Code, provides that prior to obtaining the written statement from the Tax Commission that the transferor may transfer the credit, the transferor may be required to secure any liability by posting a bond or security as the Tax Commission may require. The Tax Commission will require the transferor to post a bond or security only if after receiving the request to transfer credit, the Tax Commission deems the requirement necessary. (7-1-21)T

02. Waiver of Bond or Security. If the Tax Commission requires the transferor to secure the liability by posting a bond or security, the transferor may request that the Tax Commission waive the bond requirement if the transferor shows that he is financially responsible. A notice of denial of the bond waiver is to be treated in accordance with Section 63-3045, Idaho Code. A notice of denial of the bond waiver is subject to review in accordance with Section 63-3045B, Idaho Code. (7-1-21)T

793. TRANSFER OF CREDIT: TRANSFEREE (RULE 793).
Sections 63-3029I and 63-3029J, Idaho Code

01. Tax Year Credit Available. A transferee may first claim the transferred credit on an income tax return originally filed during the calendar year in which the transfer takes place. However, if the transferee did not claim the transferred credit on his original return filed during the calendar year in which the transfer takes place, he may not amend such return to claim the credit for that tax year. The credit may not be claimed on a tax return that begins prior to January 1, 2001. (7-1-21)T

02. Copy of Transfer Form Required. The form verifying the transferred credit is to be attached to the income tax return for each taxable year that the credit is claimed or carried over. (7-1-21)T

03. Carryover Period. If a credit is transferred, the transferee is entitled to any remaining carryover period that would have been allowed to the transferor or intermediary had the credit not been transferred. The Tax Commission is to verify the carryover period. The carryover period approved applies to the taxable year of the transferee that begins in the calendar year in which the transferor’s taxable year begins. (7-1-21)T

a. Taxpayer A earned the broadband equipment investment credit in his taxable year beginning in 2002. He claimed part of the credit on his return for that year. In October of 2003, Taxpayer A sold the remaining credit to Taxpayer B, an intermediary. Taxpayer B resold the credit in May of 2004 to Taxpayer C. Taxpayer C claimed the credit on his original return for taxable year beginning in 2003, which he filed in November of 2004. Taxpayer C has a thirteen (13) year carryover remaining, the same as Taxpayer B would have been entitled to. (7-1-21)T

794. -- 798. (RESERVED)

799. PRIORITY ORDER OF CREDITS AND ADJUSTMENTS TO CREDITS (RULE 799).
Section 63-3029P, Idaho Code
01. **Tax Liability.** Tax liability is the tax imposed by Sections 63-3024, 63-3025, and 63-3025A, Idaho Code. (7-1-21)

02. **Nonrefundable Credits.** A nonrefundable credit is allowed only to reduce the tax liability. A nonrefundable credit not absorbed by the tax liability is lost unless the statute authorizing the credit includes a carryover provision. Nonrefundable credits apply against the tax liability in the following order of priority:

- Credit for taxes paid to other states as authorized by Section 63-3029, Idaho Code; (7-1-21)
- For part-year residents only, the grocery credit as authorized by Section 63-3024A, Idaho Code; (7-1-21)
- Credit for contributions to Idaho educational institutions as authorized by Section 63-3029A, Idaho Code; (7-1-21)
- Investment tax credit as authorized by Section 63-3029B, Idaho Code; (7-1-21)
- Credit for contributions to Idaho youth facilities, rehabilitation facilities, and nonprofit substance abuse centers as authorized by Section 63-3029C, Idaho Code; (7-1-21)
- Credit for equipment using postconsumer waste or postindustrial waste as authorized by Section 63-3029D, Idaho Code; (7-1-21)
- Promoter-sponsored event credit as authorized by Section 63-3620C, Idaho Code; (7-1-21)
- Credit for Idaho research activities as authorized by Section 63-3029G, Idaho Code; (7-1-21)
- Broadband equipment investment credit as authorized by Section 63-3029I, Idaho Code; (7-1-21)
- Small employer investment tax credit as authorized by Section 63-4403, Idaho Code. (7-1-21)
- Small employer real property improvement tax credit as authorized by Section 63-4404, Idaho Code. (7-1-21)
- Small employer new jobs tax credit as authorized by Section 63-4405, Idaho Code. (7-1-21)
- Credit for live organ donation expenses as authorized by Section 63-3029K, Idaho Code. (7-1-21)
- Idaho child tax credit as authorized by Section 63-3029L, Idaho Code. (7-1-21)
- Credit for employer contributions to employee’s Idaho college savings program account as authorized by Section 63-3029M, Idaho Code. (7-1-21)

03. **Adjustments to Credits.**

- Adjustments to the amount of a credit earned is determined pursuant to the law applicable to the taxable year in which the credit was earned. (7-1-21)
- Adjustments to the amount of a credit earned may be made even though the taxable year in which the credit was earned is closed due to the statute of limitations. Such adjustments to the earned credit also applies to any taxable years to which the credit was carried over. (7-1-21)
- If the taxable year in which the credit was earned or carried over to is closed due to the statute of limitations, any adjustments to the credit earned does not result in any tax due or refund for the closed taxable years. However, the adjustments may result in tax due or a refund in a carryover year if the carryover year is open to the statute of limitations.
800. VALID INCOME TAX RETURNS (RULE 800).
Section 63-3030, Idaho Code

01. Requirements of a Valid Income Tax Return. In addition to the requirements set forth in IDAPA 35.02.01, “Tax Commission Administration and Enforcement Rules,” Rule 150, an income tax return is to meet the requirements set forth in this rule. Those that fail to meet these requirements are invalid. They may be rejected and returned to the taxpayer to be completed according to these requirements and resubmitted to the Tax Commission. A taxpayer who does not file a valid income tax return is considered to have filed no return. (7-1-21)

02. Copy of Federal Return Required. A taxpayer is to include with the Idaho return a complete copy of the federal income tax return including all forms, schedules and attachments. (7-1-21)

03. Verification of Idaho Income Tax Withheld. A taxpayer who files an Idaho individual income tax return that is submitted on paper and reports Idaho income tax withheld is to attach appropriate Forms W-2 and 1099 and other information forms that verify the amount of the Idaho income tax withheld and claimed on the Idaho income tax return. Returns filed electronically is to include the W-2 and 1099 information in the electronic record transmitted. (7-1-21)

801. PERSONS REQUIRED TO FILE INCOME TAX RETURNS (RULE 801).
Section 63-3030, Idaho Code

01. In General. Persons who meet the filing requirements under Section 63-3030, Idaho Code, will file Idaho income tax returns unless otherwise provided in the Idaho Income Tax Act or by federal law. (7-1-21)

02. Individuals Who Make Elections Under Section 63-3022L, Idaho Code. For taxable years beginning prior to January 1, 2012, if an individual partner, member, shareholder, or beneficiary is qualified and makes an election under Section 63-3022L, Idaho Code, for the entity to pay the tax attributable to his income from the entity, such individual will not be required to file an Idaho individual income tax return for that taxable year. (7-1-21)

03. Corporations Included in a Unitary Group. A unitary group of corporations may file one (1) Idaho corporate income tax return for all the corporations of the unitary group that are required to file an Idaho income tax return. Use of the group return precludes the need for each corporation to file its own Idaho corporate income tax return. See Rule 365 of these rules. (7-1-21)

04. Taxpayers Protected Under Public Law 86-272. A taxpayer whose Idaho business activities fall under the protection of Public Law 86-272 is not required to file an Idaho income tax return since the taxpayer is exempt from the tax imposed under the Idaho Income Tax Act. If a taxpayer is a member of a unitary group, it will be included in the combined report although it is exempt from the income tax. The taxpayer’s property, payroll, and sales will be included in the computation of the group factor denominators and its business income will be included in the computation of apportionable income for the unitary group. (7-1-21)

802. (RESERVED)

803. ROUNDED (RULE 803).
Section 63-113, Idaho Code. Amounts shown or required to be shown on any return, form, statement or other document required to be submitted to the Tax Commission under Title 63, Chapter 30, Idaho Code, will be rounded to the nearest whole dollar. Amounts less than fifty cents ($0.50) are reduced to the whole dollar. Amounts of fifty cents ($0.50) or more are increased to the next whole dollar. (7-1-21)

804. (RESERVED)

805. JOINT RETURNS (RULE 805).
Sections 63-3031, 32-201, and 32-209, Idaho Code

01. Effect of Filing Status Used on Federal Returns. A married couple, as defined in Section 32-201,
Idaho Code, or recognized by Section 32-209, Idaho Code, is to use the same filing status with Idaho as used when filing returns with the Internal Revenue Service. (7-1-21)

02. In General. (7-1-21)

a. Only a married couple, as defined in Section 32-201, Idaho Code, or recognized by Section 32-209, Idaho Code, may file a joint return. Section 63-3024, Idaho Code, provides for joint return tax rates for individuals filing joint returns and for an individual qualifying as a surviving spouse or head of household. (7-1-21)

b. If a married couple files a joint return and the due date for filing a separate return has expired for either spouse, separate returns may not be filed thereafter. For example, a married couple files a joint return before April 15 in the year due and desires to change their federal and state election to file separately. They may do so only if they file the separate returns on or before April 15. (7-1-21)

03. Resident Aliens or United States Citizens Married to Nonresident Aliens. A United States citizen or resident married to a nonresident alien may elect to treat the spouse as a resident alien allowing them to file a joint return. In this case they are taxed on their worldwide income. The individuals must be able to provide all records and information necessary to determine their tax liability. A statement declaring the election is to be attached to the return for the first taxable year for which the election is to apply. In addition, the statement will include the name, address, and taxpayer identification number of each spouse, and is to be signed by both individuals making the election. (7-1-21)

806. -- 809. (RESERVED)

810. TIME FOR FILING INCOME TAX RETURNS (RULE 810). Section 63-3032, Idaho Code

01. Due Date of Returns. (7-1-21)

a. All taxpayers except farmer’s cooperatives. Each taxpayer, whether a corporation, S corporation, individual, partnership, estate or trust, is required to file an income tax return with the Tax Commission on or before the fifteenth day of the fourth month following the close of the taxable year. A taxable year, for this purpose, includes a short taxable year as defined by the Internal Revenue Code. However, if the time for filing a short taxable year for federal income tax purposes is later than the fifteenth day of the fourth month following the close of the taxable year, the later date will be the date the return is required to be filed with the Tax Commission. (7-1-21)

b. Farmer’s cooperatives. Each farmers’ cooperative taxable pursuant to Section 63-3025B, Idaho Code, is required to file an income tax return with the Tax Commission on or before the fifteenth day of the ninth month following the close of the taxable year. (7-1-21)

02. Timely Filing Defined. If the last day for filing a return falls on a Saturday, Sunday, legal holiday, or a holiday recognized by the Internal Revenue Service, the return is deemed timely filed if it is filed on the next day that is not a Saturday, Sunday, or legal holiday. This rule also applies to returns falling due at the end of a period of extension granted by the Tax Commission. A legal holiday, for this purpose, is any holiday recognized by the state of Idaho, including special holidays declared by the Governor. (7-1-21)

03. Mail. Section 63-217(1), Idaho Code, specifies that an income tax return sent through the mail is filed timely if it is postmarked on or before the due date of the return. See IDAPA 35.02.01, “Tax Commission Administration and Enforcement Rules,” Rule 010. (7-1-21)

04. Fifty-Two/Fifty-Three Week Years. A fifty-two fifty-three (52-53) week year is considered to end on the last day of the calendar month ending nearest to the last day of that taxable year. For example, the taxable year of a taxpayer with a fifty-two fifty-three (52-53) week year that ends on February 3 is considered to end on January 31. In this example the due date of the return is May 15, the fifteenth day of the fourth month following January 31. (7-1-21)

811. -- 814. (RESERVED)
815. **EXTENSIONS OF TIME (RULE 815).**  
Section 63-3033, Idaho Code

01. **Taxpayers Abroad.** An extension granted by the Internal Revenue Service when a taxpayer has not yet met either the bona fide resident test or the physical presence test pursuant to Section 911, Internal Revenue Code, but expects to qualify after the two (2) month extension, is accepted as a valid extension for Idaho filing purposes. A copy of the approved federal extension form must accompany the Idaho income tax return. (7-1-21)T

02. **Individuals in Combat Zone.** Section 7508, Internal Revenue Code, applies to individuals who are serving in a combat zone or who are hospitalized as a result of serving in a combat zone. In this case, returns are not due until one hundred eighty (180) days after the period of qualified service or qualified hospitalization, whichever occurs last. For individuals entitled to this extension of time, interest accrues on the portion of the tax not paid from the extended due date. (7-1-21)T

03. **Interest.** Interest accrues on the portion of the tax not withheld or paid from the due date until the date the return is filed and the full amount of tax is paid. Exceptions only apply in the case of an individual in a combat zone as allowed by Section 63-3033(g), Idaho Code, and Subsection 815.02 of this rule, and when disaster relief is granted to a taxpayer as allowed under Section 63-114, Idaho Code, and Rule 817 of these rules. A taxpayer will not receive interest on amounts withheld or on corporation estimated tax in excess of the actual tax liability. See Section 63-3073, Idaho Code. (7-1-21)T

816. **(RESERVED)**

817. **EXTENSIONS OF TIME AS DISASTER RELIEF (RULE 817).**  
Section 63-114, Idaho Code

01. **In General.** Section 63-114, Idaho Code, allows the Tax Commission to grant an extension of time for up to one (1) year from the due date to file returns or make payments in the following situations: (7-1-21)T

a. When a taxpayer is adversely affected by a disaster declared by the President of the United States or by a governor of a state or territory of the United States; (7-1-21)T

b. When a taxpayer is entitled to an extension under Section 7508A, Internal Revenue Code, due to a Presidentially declared disaster or a terrorist or military action. (7-1-21)T

02. **Penalties and Interest.** If an extension of time to file a return or pay tax is allowed under Section 63-114, Idaho Code, penalties and interest will not apply during the extension period. If the taxpayer fails to file by the extended due date, penalties as provided under Section 63-3046, Idaho Code, and interest applies after the extended due date to the date of payment. (7-1-21)T

818. -- 819. **(RESERVED)**

820. **CORPORATE ESTIMATED PAYMENTS: IN GENERAL (RULE 820).**  
Section 63-3036A, Idaho Code

01. **Estimated Tax.** The term estimated tax means the corporation’s anticipated tax as imposed by this Chapter including the permanent building fund tax, plus any recapture of Idaho income tax credits, less the sum of any income tax credits. Estimated payments and non-income tax credits are not included as a credit. (7-1-21)T

02. **Computation of Estimated Payments.** (7-1-21)T

a. Estimated tax is paid in four (4) payments. Each estimated payment is to be twenty-five percent (25%) of the lesser of the tax required to be reported on the taxpayer’s return filed for the preceding taxable year or ninety percent (90%) of the tax required to be paid on the current year’s return. (7-1-21)T

b. The tax required to be reported on the preceding year’s return and the tax required to be paid on the
current year’s return means Idaho taxable income multiplied by the corporate income tax rate with a minimum of twenty dollars ($20), plus the permanent building fund tax, plus the recapture of income tax credits, less income tax credits excluding estimated payments.

**c.** An estimated payment is not required if an Idaho return was not required for the previous taxable year.

**03. Revised Income Estimate.** If, after making one or more estimated payments for a taxable year, a corporation makes a new estimate of its current year income, it recomputes its estimated tax. If the corporation has paid its new estimated tax in prior estimated payments, no payment is due.

**04. Net Operating Loss or Capital Loss Carryover.** The allowable net operating loss carryover or capital loss carryover is to be deducted from income for the period before the estimated tax is computed.

**821. CORPORATE ESTIMATED PAYMENTS: PAYMENTS (RULE 821).**

Section 63-3036A, Idaho Code

**01. Underpayments.** A payment of estimated tax is to be applied to previous estimated payments of estimated tax in the order in which the estimated payments were required to be paid. To the extent the payment exceeds previous underpayments, it applies to the estimated payment then due.

**02. Overpayments.**

a. If the estimated payments exceed the actual tax due, the overpayment may be claimed as a credit against the next payment only to the extent it exceeds all underpayments of prior estimated payments.

b. The overpayment is to be applied to deficiencies of tax, penalties, and interest prior to refund or application to a subsequent year’s estimated payment or tax liability.

c. A refund or credit may not be made to a corporation that fails to file its Idaho income tax return within three (3) years from the due date of the return for which it made the estimated payments.

**03. Obligation to File Returns.** The payment of estimated tax does not relieve a corporation of the obligation to file a return when due pursuant to the Idaho Income Tax Act. An extension of time is not allowed for payment of estimated taxes. Making estimated payments as required in Section 63-3036A, Idaho Code, does not relieve the taxpayer of the requirement to pay the appropriate amount of tax with an application for extension of time to file or with the original return.

**822. CORPORATE ESTIMATED PAYMENTS: ANNUALIZED INCOME INSTALLMENT METHOD (RULE 822).**

Section 63-3036A, Idaho Code

**01. In General.**

a. If a corporation uses the annualized income installment method for federal purposes and is required to make estimated payments for Idaho purposes, the corporation may use that method to compute its Idaho estimated tax. If a corporation does not use the annualized income installment method for federal purposes, the corporation may not use that method for Idaho purposes.

b. See Section 6655, Internal Revenue Code, for the determination of annualized income.

**02. Required Installment.** The required annualized income installment is the applicable percentage of the tax computed on the annualized income less the aggregate amount of any prior required installments for the reporting period. The applicable percentages for Idaho are:

a. Twenty-two and one-half percent (22.5%) for the first period;
b. Forty-five percent (45%) for the second period; (7-1-21)

c. Sixty-seven and one-half percent (67.5%) for the third period; and (7-1-21)

d. Ninety percent (90%) for the fourth period. (7-1-21)

03. **Computation of Tax.** The tax computed on the annualized income includes the annualized income multiplied by the corporate income tax rate, plus the permanent building fund tax, plus recapture of investment tax credit, less any credits excluding estimated payments. (7-1-21)

823. **CORPORATE ESTIMATED PAYMENTS: SHORT TAXABLE YEAR (RULE 823).**
Section 63-3036A, Idaho Code

01. **In General.** If a short taxable year ends before an estimated payment due date, remaining estimated payments is to be made on the fifteenth day of the last month of the short taxable year. No estimated payment is required if the short taxable year is less than four (4) months or if the corporation does not meet the requirements to make an estimated payment before the first day of the last month in the short taxable year. (7-1-21)

02. **Examples.** (7-1-21)

a. X, a corporation filing on a calendar year basis, changes to a fiscal year beginning September 1, 1993 and ending August 31, 1994. For the short taxable year, January 1, 1993, to August 31, 1993, X must make estimated payments of twenty-five percent (25%) of its minimum payment on April 15, 1993, and June 15, 1993. The remaining payment of fifty percent (50%) of the minimum payment, twenty-five percent (25%) for the third payment plus twenty-five percent (25%) for the fourth payment, is due on August 15, 1993, the fifteenth day of the last month of the short taxable year. (7-1-21)

b. If, in the example in Subsection 823.02.a., X does not meet the requirement to make estimated payments until June 15, 1993, X is required to pay fifty percent (50%) of the estimated tax, twenty-five percent (25%) for the third payment and twenty-five percent (25%) for the fourth payment. No payment for the first and second reporting period is required on August 15, 1993, the fifteenth day of the last month of the short taxable year. (7-1-21)

824. **CORPORATE ESTIMATED PAYMENTS: MISCELLANEOUS PROVISIONS (RULE 824).**
Section 63-3036A, Idaho Code

01. **Unitary Groups Filing Group Returns.** (7-1-21)

a. Each corporation included in a group return that is required to make estimated payments separately computes its estimated tax. (7-1-21)

b. Estimated payments is to be made using the name and the federal employer identification number of the corporation whose name will be on the Idaho corporate income tax return. (7-1-21)

02. **S Corporations.** An S corporation is subject to Section 63-3036A, Idaho Code, limited to its tax on net recognized built-in gains, excess net passive income and from recapture of Idaho income tax credits. (7-1-21)

03. **Tax-Exempt Organizations.** A tax-exempt organization is subject to Section 63-3036A, Idaho Code, limited to its tax on unrelated business income. (7-1-21)

825. **CORPORATE ESTIMATED PAYMENTS: INTEREST ON UNDERPAYMENT (RULE 825).**
Section 63-3046A, Idaho Code

01. **In General.** If a taxpayer is required to pay estimated taxes as provided in Section 63-3036A, Idaho Code, and fails to pay the amount of estimated taxes due, interest is due on the underpaid estimated taxes. (7-1-21)

02. **Net Operating Loss and Capital Loss Carrybacks.** If the tax due for the taxable year is reduced
after the application of a net operating loss carryback or a capital loss carryback, the interest on underpayment of estimated tax will not be recomputed. (7-1-21)

826. -- 829. (RESERVED)

830. INFORMATION RETURNS (RULE 830).
Section 63-3037, Idaho Code

01. In General. Information returns are not required to be filed with the Tax Commission except as follows: (7-1-21)

a. Form 1098, Mortgage Interest Statement, if the property was located in Idaho. (7-1-21)

b. Form 1099-A, Acquisition or Abandonment of Secured Property, if the property was located in Idaho. (7-1-21)

c. Form 1099-B, Proceeds From Broker and Barter Exchange Transactions, if the property was located in Idaho or the service was performed in Idaho. (7-1-21)

d. Form 1099-C, Cancellation of Debt, if the secured property was located in Idaho. (7-1-21)

e. Form 1099-MISC, Miscellaneous Income, if it was issued for transactions related to property located or utilized in Idaho or for services performed in Idaho. (7-1-21)

f. Form 1099-R, Distributions from Pensions, Annuities, Retirement or Profit-Sharing Plans, IRA’s, Insurance Contracts, etc., if Idaho income tax was withheld. (7-1-21)

g. Form 1099-S, Proceeds From Real Estate Transactions, if it was issued for transactions related to property located in Idaho. (7-1-21)

h. Form W-2G, Certain Gambling Winnings, if the gambling took place in Idaho. (7-1-21)

02. Submitting Returns. Information returns must be submitted to the Tax Commission through electronic filing or on a paper copy of federal Form 1099. (7-1-21)

03. Due Date of Information Returns. Information returns are made on a calendar year basis. The due date for information returns submitted through electronic filing or on paper is the last day of February following the close of the calendar year. (7-1-21)

04. Voluntary Withholding. Each person who withholds Idaho income tax from amounts reported on information returns required by Section 63-3037, Idaho Code, must: (7-1-21)

a. Obtain an Idaho withholding account number as required by Rule 870 of these rules; and (7-1-21)

b. Submit an annual reconciliation return to the Tax Commission and comply with the requirements provided for filing of annual reconciliation returns as discussed in Rule 872 of these rules. The reconciliation return must report amounts paid during the preceding calendar year and reconcile the state income tax withheld with the tax remitted for the preceding calendar year. The reconciliation return must be filed on or before the last day of January. (7-1-21)

831. -- 854. (RESERVED)

855. PERMANENT BUILDING FUND TAX (RULE 855).
Sections 63-3082 through 63-3087, Idaho Code

01. In General. The permanent building fund tax is an excise tax of ten dollars ($10) reportable on each income tax return required to be filed unless specifically exempt. The proceeds of this tax are credited to the
Permanent Building Fund pursuant to Section 57-1110, Idaho Code.

02. **Pass-Through Entities.** The permanent building fund tax does not apply to a pass-through entity if all the income or loss of the entity is distributed to or otherwise reported on the income tax return of another taxpayer. A pass-through entity that has Idaho taxable income or loss must pay the permanent building fund tax.

03. **Corporations Included in a Group Return.** The permanent building fund tax applies to each member of a unitary group transacting business in Idaho, authorized to transact business in Idaho, or having income attributable to Idaho and included in a group return, except as provided in Subsection 855.05 of this rule.

04. **Inactive or Nameholder Corporations.** An inactive or nameholder corporation that files Form 41 to pay the twenty dollar ($20) minimum tax must pay the permanent building fund tax.

05. **Taxpayers Protected Under Public Law 86-272.** The permanent building fund tax does not apply to a taxpayer whose Idaho business activities fall under the protection of Public Law 86-272, since the taxpayer is exempt from the tax imposed under the Idaho Income Tax Act and is not required to file an income tax return.

06. **Entities That Pay the Tax for Individuals Under Section 63-3022L, Idaho Code.** When a pass-through entity pays the Idaho income tax on a composite return for an individual shareholder, partner, member, or beneficiary on his share of income from the entity, the entity must pay the permanent building fund tax for each individual filing as part of the composite return. When a pass-through entity pays backup withholding for individuals, the permanent building fund tax will be paid by each individual when they file their return. If an individual has tax paid by more than one (1) entity for a taxable year, each entity is required to pay the permanent building fund tax for the individual. Proration of the permanent building fund tax is not allowed for an individual who has tax paid by multiple entities for a taxable year.

856. -- 859. **(RESERVED)**

860. **DONATIONS TO TRUST ACCOUNTS (RULE 860).**
Sections 63-3067A, 63-3067B, and 63-3067D, Idaho Code. A donation to a trust account may not be withdrawn or reduced once the return or amended return on which it was made is filed.

861. -- 869. **(RESERVED)**

870. **REQUIREMENTS OF AN IDAHO WITHHOLDING ACCOUNT NUMBER (RULE 870).**
Sections 63-3035 and 63-3036, Idaho Code

01. **Idaho Withholding Account Number Required.** An Idaho withholding account number is required of:

   a. Each employer who pays salaries, wages, or other compensation to an employee for services performed in Idaho, including agricultural, household, and domestic employers; and

   b. Each person who withholds Idaho income tax.

02. **Idaho Withholding Account Numbers Are Not Transferable.** If a business is sold, the new employer is to apply for a new withholding account number and file separate returns and W-2s. If a change in the form of doing business requires a new federal employer identification number, the new entity is to apply for a new withholding account number. Neither entity should report wages paid by the other entity, nor use the other entity’s withholding account number.

871. **STATE INCOME TAX WITHHOLDING REQUIRED (RULE 871).**
Sections 63-3035 and 63-3036, Idaho Code

01. **Employers Other Than Farmers.** An employer is required to withhold from all salaries, wages, tips, bonuses, or other compensation paid to an employee for services performed in Idaho if:
a. The employer is required to withhold for federal purposes; and
b. The employee is an Idaho resident; or the employee is a nonresident and compensation of one thousand dollars ($1,000) or more will be paid during a calendar year to the nonresident employee for services performed in Idaho.

**02. Farmer-Employers.** An employer who is a farmer is required to withhold from all salaries, wages, tips, bonuses, or other compensation paid to an employee for services performed in Idaho if:

a. The farmer-employer is required to withhold for federal purposes; and
b. Compensation of one thousand dollars ($1,000) or more will be paid during a calendar year to the agricultural employee.

**03. Services Performed Within and Without Idaho.** An employer is required to withhold only on the portion of the employee’s total compensation that is reasonably attributable to services performed in Idaho regardless of his post of duty. Compensation may be allocated to Idaho based on workdays, hours, mileage, or commissions.

**04. Exceptions to Withholding Requirements.** Withholding is not required if:

a. The salaries, wages, tips, bonuses, and other compensation paid by an employer are for services performed wholly outside Idaho regardless of the residency or domicile of either the employer or employee.

b. The compensation is paid by the United States Armed Forces to a nonresident serving on active duty in Idaho;

c. The compensation is paid to an interstate transportation employee of a rail carrier covered by Title 49, Section 11502, United States Code, who is a nonresident of Idaho; or

d. The compensation is paid to an interstate transportation employee of a motor carrier covered by Title 49, Section 14503, United States Code, who is a nonresident of Idaho; or

e. The compensation is paid to an employee of an interstate air carrier covered by Title 49, Section 40116, United States Code, who is a nonresident of Idaho and earns fifty percent (50%) or less of his compensation in Idaho; or

f. The compensation is paid to a master or seaman on a vessel in the foreign, coastwise, intercoastal, interstate, or noncontiguous trade or to an individual employed on a fishing vessel or any fish processing vessel covered by Title 46, Section 11108, United States Code; or

g. The compensation is exempt from federal withholding.

**872. REPORTING AND PAYING STATE INCOME TAX WITHHOLDING (RULE 872).**
Sections 63-3035 and 63-3036, Idaho Code

**01. Payment of State Income Tax Withheld.**

a. In General. An employer must remit monthly any state income tax withheld. These monthly payments are due on or before the 20th day of the following month. However, employers who owe seven hundred fifty dollars ($750) or less per calendar quarter may, at the discretion of the Tax Commission, be allowed to remit the tax withheld on or before the last day of the month following the end of the quarter. Employers who owe less than seven hundred fifty dollars ($750) annually may be allowed to remit the tax withheld annually on or before January 31. When a filing cycle is changed, the change will take effect on January 1 of the following year.
b. Semimonthly Filers. (7-1-21)
   i. An employer who withholds state income taxes that meet or exceed the monthly or annual
      threshold amounts provided in Section 63-3035, Idaho Code, and listed in Subparagraph 872.01.b.ii., of this rule, will
      remit the tax withheld based on semimonthly withholding periods. The first semimonthly withholding period begins
      on the first day of the month and ends on the 15th day of the same month with payment made no later than the 20th
      day of the same month. The second period begins on the 16th day of the month and ends on the last day of the same
      month with payment made no later than the fifth day of the following month. (7-1-21)
   ii. Threshold amounts:

<table>
<thead>
<tr>
<th>Withholding Periods Beginning</th>
<th>Monthly Threshold Amounts</th>
<th>Annual Threshold Amounts</th>
</tr>
</thead>
<tbody>
<tr>
<td>On or After July 1, 2005</td>
<td>$20,000</td>
<td>$240,000</td>
</tr>
<tr>
<td>On or After July 1, 2019</td>
<td>$25,000</td>
<td>$300,000</td>
</tr>
</tbody>
</table>

   iii. An employer who meets the threshold amounts provided in Section 63-3035, Idaho Code, and
      listed in Subparagraph 872.01.b.ii. of this rule, but only has one (1) monthly pay period, may request approval by the
      Tax Commission to pay and report monthly. The request should include verification of monthly payroll. (7-1-21)

c. Farmer-Employers. Generally an employer who is a farmer will remit state income tax withheld on
   or before the last day of January. However, an employer who is a farmer will remit the state income tax withheld on
   or before the last day of the month following the end of the quarter if he is a covered employer required to file with
   the Department of Commerce and Labor. (7-1-21)

02. Filing of Annual Reconciliation Returns. (7-1-21)
   a. In General. An employer must file an annual reconciliation return for any calendar year in which
      the employer had an active Idaho withholding account or withheld Idaho income taxes. Such return will:
      i. Report payroll paid during the preceding calendar year; and (7-1-21)
      ii. Reconcile the state income tax withheld during the preceding calendar year with the tax remitted
          for the preceding calendar year. (7-1-21)
   b. Due Date of Reconciliation Returns. The annual reconciliation return must be filed with the Forms
      W-2 on or before such date as required for filing of the W-2. See Rule 874 of these rules. The Tax Commission may
      require a shorter filing period and due date. (7-1-21)
   c. Zero Tax Returns. For reporting periods in which the employer had no payroll or withheld no tax,
      the annual reconciliation return must be completed and filed by the due date. (7-1-21)

03. Extension of Time to Pay or File Returns. The Tax Commission may allow a one (1) month
    extension of time to make a monthly or quarterly payment or to file the annual reconciliation return. (7-1-21)
    a. The employer must file a written request by the due date of the payment or annual reconciliation
       return that identifies the reason for the extension and includes the required minimum payment. The minimum
       payment must be at least ninety percent (90%) of the tax withheld for the period or one hundred percent (100%) of
       the tax withheld for the same period of the prior year. (7-1-21)
    b. The employer must file the annual reconciliation return within one (1) month of the due date. The
       tax paid with the extension request must be shown on the payment line of the return. Interest from the due date
       applies to any additional tax due. (7-1-21)

04. Valid Returns. All withholding returns and other documents required to be filed pursuant to
Sections 63-3035 and 63-3036, Idaho Code, and this rule will be filed using the proper forms as prescribed by the Tax Commission. The forms will include the taxpayer’s name, signature, withholding account number, and federal employer identification number. Returns that fail to meet these requirements are invalid and may be returned to the taxpayer to be refilled. Failure to file a valid return by the due date may cause interest and penalties to be imposed. (7-1-21)

873. EMPLOYEE’S WITHHOLDING ALLOWANCE CERTIFICATES (RULE 873).
Section 63-3035, Idaho Code

01. Verification. The Tax Commission may request verification of the marital status or withholding allowances claimed by an employee on federal Form W-4. If the employee fails to verify the claimed marital status or withholding allowances, a Notice of Deficiency as provided by Section 63-3045, Idaho Code, may be issued. If a Notice of Deficiency is issued but is not protested or is upheld on appeal, the Tax Commission will issue an order specifying the marital status and maximum number of withholding allowances the employee is allowed for Idaho withholding purposes. (7-1-21)

02. Notification. The Tax Commission is to notify the employer of the order. The order is effective immediately on receipt by the employer and is to remain in effect the rest of the calendar year, unless the employee files federal Form W-4 claiming fewer allowances than ordered. The employer is liable to the Tax Commission for any deficiencies that result from withholding in excess of the maximum number of withholding allowances specified in the most recent Tax Commission order. (7-1-21)

03. Petition for Changes. An employee subject to a Tax Commission order may petition the Tax Commission for a change to the order. If the employee establishes that a material change of circumstances has occurred, the Tax Commission will issue a new order and notify the employer. The determination of the Tax Commission on any change to the order is final. (7-1-21)

874. EMPLOYEE’S WAGE AND TAX STATEMENTS (RULE 874).
Sections 63-3035 and 63-3036, Idaho Code

01. Form and Information Required. Federal Form W-2 (W-2) or a form of similar size and design may be used. In addition to the information required by the Internal Revenue Code, total Idaho wages paid, Idaho income tax withheld, Idaho withholding permit number, and the name of the state must be shown in the appropriate boxes. Incomplete, incorrect or altered forms are not acceptable and may be returned to the employer for correction. (7-1-21)

02. Furnishing Forms W-2 to Employees. The employer must furnish each employee a W-2 before February 1, or at the request of the employee within thirty (30) days after termination of his employment. (7-1-21)

03. Filing Forms W-2 With the Tax Commission. On or before the last day of January, each employer must file with the Tax Commission a state copy of the W-2 for each employee to whom Idaho taxable wages were paid, regardless of whether Idaho income tax was withheld. If the employer had no employees and subsequently did not pay wages or withhold tax, no W-2s are required. (7-1-21)

04. Corrected Forms W-2. If a corrected W-2 is filed with the Internal Revenue Service, the W-2c must be filed with the Tax Commission. (7-1-21)

05. Employers With Fifty or More Idaho Employees. Each employer with fifty (50) or more Idaho employees who is required to file W-2s electronically by Section 6011, Internal Revenue Code, must file through electronic filing with Idaho. In addition to the information required by the Internal Revenue Code, the electronic filing must also include the employer's Idaho withholding account number, Idaho wages, and Idaho withholding. Employers who are required to file electronically but fail to do so are subject to the provisions of Section 63-3046(e)(1), Idaho Code, and treated as if no W-2s were filed. (7-1-21)

06. Services Performed Within and Without Idaho. If services are performed within and without Idaho, the state wages shown on the W-2 furnished to the employee must include the portion of the employee’s total wages reasonably attributed to services performed within Idaho as determined using the calculations in Rule 270 of
07. Extension of Time to File Form W-2. The Tax Commission may allow a one (1) month extension of time to file the W-2s.

   a. The employer must file a written request by the due date of the W-2s that identifies the reason for the extension.

   b. The employer must file the W-2s within one (1) month of the due date. A penalty of two dollars ($2) per W-2 per month not filed may be applied if the W-2s are not submitted by the due date.

875. -- 876. (RESERVED)

877. BACKUP WITHHOLDING BY PASS-THROUGH ENTITIES (RULE 877).
Sections 63-3022L and 63-3036B, Idaho Code

01. In General. A pass-through entity that is transacting business in Idaho or an estate or trust that has income taxable in Idaho must withhold Idaho income tax from the owner’s or beneficiary’s share of income and guaranteed payments from the pass-through entity that is required to be included in the individual’s Idaho taxable income unless exempt from backup withholding by Section 63-3036B, Idaho Code, or this rule. For purposes of this rule, pass-through entity means “pass-through entity” as defined in Section 63-3006C, Idaho Code. The provisions of this rule do not affect the withholding requirements set forth in Sections 63-3035, 63-3035A, or 63-3036, Idaho Code, and related rules.

02. Exceptions to Backup Withholding. Backup withholding by a pass-through entity is not required on the income of the following pass-through owners and beneficiaries:

   a. Owners and beneficiaries who are not natural persons, including corporations, partnerships, trusts, and estates.

   b. Unit holders of a publicly traded partnership as defined by Section 7404(b), Internal Revenue Code, if the publicly traded partnership:
      i. Is treated as a partnership for purposes of the Internal Revenue Code; and
      ii. Has agreed to file an annual information return. The information return must be in the form of a schedule included with the partnership’s Idaho Partnership Return of Income reporting the name, address, taxpayer identification number, and other information requested by the Tax Commission of each unit holder with a distributive share of partnership income in Idaho in excess of five hundred dollars ($500) for the taxable year.

   c. Resident individuals and part-year resident individuals who have income other than from a pass-through entity.

   d. Nonresident individuals if:
      i. The pass-through entity has reported and paid the tax relating to the individual on a composite return pursuant to Section 63-3022L, Idaho Code.
      ii. Such individual’s share of income and guaranteed payments of the pass-through entity from Idaho sources is less than one thousand dollars ($1,000) for the taxable year in which the income is subject to tax;
      iii. The income is subject to withholding under Section 63-3035 or 63-3036, Idaho Code; or (7-1-21)
      iv. The individual has signed and the pass-through entity has approved an Idaho nonresident owner agreement.
03. **Idaho Nonresident Owner Agreement.** When an individual signs an Idaho nonresident owner agreement, he agrees to file and pay tax on his share of Idaho income from a pass-through entity. The signed agreement must be the proper form prescribed by the Tax Commission and must be submitted to the pass-through entity each year. The pass-through entity must sign and approve the nonresident owner agreement for it to be valid. Their approval will signify their acknowledgment that they are liable for any tax due at the corporate rate if the individual fails to file a return as agreed. If the pass-through entity does not approve the nonresident owner agreement, the pass-through entity must withhold or include the individual in the composite return. The pass-through entity must retain the forms for three years following the end of the taxable year for which it is to apply.

04. **Payment of Backup Withholding.**

   a. The pass-through entity must withhold amounts from the pass-through income of nonresident individuals at the highest marginal rate applicable for the taxable year under Section 63-3024, Idaho Code. The amount withheld for a taxable year must be remitted to the Tax Commission annually on or before the fifteen day of the fourth month following the end of the taxable year, unless one of the exceptions under Subsection 877.02 of this rule apply to the owner or beneficiary. The amount withheld must be remitted on the appropriate return as required by the Tax Commission.

   b. Amounts remitted as backup withholding for a taxable year in accordance with the provisions of this rule will be considered to be in part payment of the tax imposed on such owner or beneficiary for his taxable year in which the pass-through entity’s taxable year ends.

05. **Backup Withholding Returns.** A reconciliation schedule must be included with the pass-through entity’s Idaho income tax return. Returns submitted to the Tax Commission reporting amounts withheld as required by Section 63-3036B, Idaho Code, must include the following information:

   a. The amount of income described in Section 63-3022L(2), Idaho Code, by owner or beneficiary;
   
   b. The amount of tax withheld;
   
   c. Name, address, filing option, and social security number of each owner or beneficiary;
   
   d. The pass-through entity’s name, and federal employer identification number.

06. **Failure to File Returns or Remit Backup Withholding.** Returns that fail to meet the requirements of this rule are invalid and may be returned to the pass-through entity to be refiled. Failure to file a valid return or remit the proper amount of backup withholding by the due date may cause interest and penalties to be imposed.

878. -- 879. (RESERVED)

880. **CREDITS AND REFUNDS (RULE 880).**

Section 63-3072, Idaho Code

01. **Overpayment.** The term overpayment includes:

   a. A voluntary and unrequested payment greater than an actual tax liability.
   
   b. An excessive amount that an employer withholds pursuant to Sections 63-3035 and 63-3036, Idaho Code.
   
   c. An excessive amount that a pass-through entity withholds pursuant to Section 63-3036B, Idaho Code.
   
   d. All amounts erroneously or illegally assessed or collected.
e. The term overpayment does not include an amount paid pursuant to a final determination of tax, including a compromise and closing agreement, decision of the Tax Commission, decision of the Board of Tax Appeals, or final court judgment. (7-1-21)T

02. Requirements of a Valid Refund Claim. Before the Tax Commission can credit or refund an overpayment, the taxpayer making the claim must establish both of the following: (7-1-21)T

a. The basis for the credit or refund claim, and (7-1-21)T

b. The amount of the overpayment. (7-1-21)T

03. Timely Claim Required for Refund. (7-1-21)T

a. The Tax Commission may not credit or refund an overpayment after the expiration of the period of limitations unless the taxpayer filed a claim before the expiration of the period. (7-1-21)T

b. When an adjustment to the taxpayer’s federal return affects the calculation or application of an Idaho net operating loss, capital loss, or Idaho credit in a year otherwise closed by the period of limitations, the taxpayer has one (1) year from the date of the final determination to file a claim for refund. (7-1-21)T

c. If a claim for credit or refund relates to an overpayment attributable to an Idaho net operating loss carryback incurred in taxable years beginning on and after January 1, 2013, an amended return carrying the loss back must be filed within one (1) year of the end of the taxable year of the net operating loss that results in such carryback. (7-1-21)T

04. Amended Returns Required as Refund Claims. The claim for a credit or refund must be made on an amended Idaho income tax return that is properly signed and includes an explanation of each legal or factual basis in sufficient detail to inform the Tax Commission of the reason for the claim. By signing the amended return the taxpayer is declaring that the claim for refund is true and correct to the best of his knowledge and belief and is made under the penalties of perjury. (7-1-21)T

05. Closed Issues. The Tax Commission will deny a credit or refund claim for a taxable year for which the Tax Commission has issued a Notice of Deficiency, unless the taxpayer shows that the changes on the amended return are unrelated to the adjustments in the Notice of Deficiency or that the changes result from a final federal determination. (7-1-21)T

06. Limitations on Refunds of Withholding and Estimated Payments. As provided by Section 63-3072(c), Idaho Code, the Tax Commission may not refund taxes withheld from wages unless the taxpayer files a return within three (3) years after the due date. The Tax Commission may not refund any payment received with an extension of time to file or with a tentative return, including quarterly estimated payments, unless the taxpayer makes a claim for a refund within three (3) years of the due date of the return. However, when an individual is in a combat zone and entitled to an extension of time by Section 7508, Internal Revenue Code, the number of days disregarded under such section will be added to the three (3) year period for allowing refunds of amounts withheld or paid as estimated payments. (7-1-21)T

07. Reduction or Denial of Refund Claims. If the Tax Commission determines that a refund claim is in error, the Tax Commission will deny the claim in whole or part. Unless the denial results from a mathematical error by the claimant, the Tax Commission will give notice of the denial by a Notice of Deficiency in the manner required by Section 63-3045, Idaho Code, and related rules. The protest and appeal process that applies to a Notice of Deficiency also applies to the denial or reduction of a refund. See Section 63-3045A, Idaho Code, for information on mathematical errors. (7-1-21)T

08. Amended Federal Return. Filing a claim with the Internal Revenue Service to reduce taxable income does not extend the Idaho period of limitations for claiming a refund or credit of tax. If the statute of limitations is about to expire on a taxpayer’s Idaho return for which an issue is pending on his federal return or return filed with another state, the taxpayer should amend his Idaho return. He should clearly identify the amended return as a protective claim for refund. The taxpayer must notify the Tax Commission of the final resolution. (7-1-21)T
09. Combined Reports -- Final Federal Determination and Change of Filing Method. If the Idaho period of limitations is open due to a final federal determination, a corporate taxpayer may not adjust its Idaho return to include a previously omitted corporation or to exclude any corporation previously included in a combined report. (7-1-21)

10. Duplicate Returns. If a return is filed pursuant to Section 63-217(1)(b), Idaho Code, where the taxpayer establishes by competent evidence that the return was deposited in the United States mail or with a qualifying private delivery service (See IDAPA 35.02.01, “Tax Commission Administration and Enforcement Rules,” Rule 010) on or before the date for filing and the Tax Commission has notified the taxpayer that it has not received the return, the taxpayer must submit a duplicate return within fifteen (15) days of such notification for the newly filed return to qualify as a duplicate return. The period of limitations for a duplicate return is the later of one (1) year from the filing of the duplicate return or the date provided for in Section 63-3072(b), Idaho Code. (7-1-21)

881. -- 884. (RESERVED)

885. INTEREST ON REFUNDS (RULE 885).
Sections 63-3073 and 63-3045, Idaho Code

01. In General. Taxpayers will receive interest on refunds of all amounts illegally or erroneously assessed or collected. No interest is payable on refunds of amounts that are voluntary or unrequested payments exceeding the tax due. (7-1-21)

02. Computation. Except as provided in Subsection 885.03, the Tax Commission is to compute interest on a net refund as follows: (7-1-21)

   a. Taxes erroneously or illegally assessed or collected. Interest is to be computed from the date the excess amount was received or the due date for filing the return to which the amount relates, whichever is later. (7-1-21)

   b. Refunds of income tax withheld. The Tax Commission will pay interest on refunds of withholding if the refund is paid more than sixty (60) days after the due date of the income tax return or the date it was filed, whichever is later. For purposes of this rule, the refund is considered paid on the date it is postmarked. If a taxpayer unduly delays the processing of his refund by failing to respond promptly to requests for information or in any other way, the Tax Commission may deduct time attributable to the delay from the total processing time to determine whether interest is to be paid and from what date. Unless reasonable cause is established, undue delay occurs if the taxpayer’s delay is more than sixty (60) days. Pursuant to this subsection, interest is computed from the due date, or extended due date, of the return. (7-1-21)

   c. Tentative payments. The Tax Commission may not pay interest on a refund resulting from an estimated or tentative payment. (7-1-21)

03. Refunds from Net Operating Loss and Capital Loss Carrybacks. Refunds from net operating loss and capital loss carrybacks include refunds from credits carried to years other than the year to which the net operating loss or capital loss deduction applies. Interest on these refunds is computed from the last day of the loss year. (7-1-21)

886. -- 889. (RESERVED)

890. NOTICE OF ADJUSTMENT OF FEDERAL TAX LIABILITY (RULE 890).
Section 63-3069, Idaho Code

01. Final Determination. The term final determination as used in Section 63-3069, Idaho Code means final federal determination as defined in Section 63-3068(f), Idaho Code. (7-1-21)

02. Written Notice. (7-1-21)
a. Written notice will include copies of all Revenue Agents’ reports, and any other documents and schedules required to clarify the adjustments to taxable income. If the final determination results in a refund of state taxes, an amended Idaho income tax return must accompany the written notice to be a valid claim for refund. (7-1-21)T

b. Written notice included with an income tax return for a year or years other than the year subject to the federal adjustment does not constitute the required notification. (7-1-21)T

03. Immediate Notification. The Tax Commission may impose negligence penalties on any additional tax due if the taxpayer has not provided the written notice within one hundred twenty (120) days of the final determination. (7-1-21)T

891. NOTICE OF ADJUSTMENT OF STATE OR TERRITORY TAX LIABILITY (RULE 891).
Sections 63-3069 and 63-3069A, Idaho Code

01. Final Determination. The term final determination of any deficiency or refund of income tax due to another state or territory as used in Section 63-3069, Idaho Code, means the final resolution of all issues that were adjusted by the other state or territory. (7-1-21)T

02. Written Notice.

a. Written notice is to include copies of all reports issued by the other state or territory, and any other documents and schedules required to clarify the adjustments to taxable income of the state or territory. If the final determination results in a refund of Idaho taxes, an amended Idaho income tax return must accompany the written notice to be a valid claim for refund. (7-1-21)T

b. Written notice included with an income tax return for a year or years other than the year subject to the adjustment by the state or territory does not constitute the required notification. (7-1-21)T

03. Immediate Notification. The Tax Commission may impose negligence penalties on any additional tax due if the taxpayer has not provided the written notice within one hundred twenty (120) days of the final determination. (7-1-21)T

892. -- 894. (RESERVED)

895. PERIOD OF LIMITATION ON ASSESSMENT AND COLLECTION OF TAX (RULE 895).
Sections 63-3068 and 63-3069A, Idaho Code

01. Federal Determination. The additional one (1) year period of limitation provided in Sections 63-3068(f) and 63-3068(j), Idaho Code, does not begin to run if the final federal determination is delivered to the Tax Commission by someone other than the taxpayer or the taxpayer’s representative. The Internal Revenue Service and other taxing agencies are not representatives of taxpayers. (7-1-21)T

02. State or Territory Determination. The additional one (1) year period of limitation provided in Section 63-3069A(2)(b), Idaho Code, does not begin to run if the final determination of income tax due to another state or territory is delivered to the Tax Commission by someone other than the taxpayer or the taxpayer's representative. Taxing agencies of other states or territories are not representatives of taxpayers. (7-1-21)T

03. Protest of a Notice of Deficiency. If a taxpayer protests a Notice of Deficiency, the expiration of the period of limitations provided in Section 63-3068, Idaho Code, is suspended. (7-1-21)T

04. Waiver of the Period of Limitation. If a taxpayer executes a waiver to extend the period of limitation, the waiver will state the taxpayer’s name as shown on the tax return. If a group return is filed, the waiver applies to each corporation included in the combined group. (7-1-21)T

05. Duplicate Returns. If a return is filed pursuant to Section 63-217(1)(b), Idaho Code, where the taxpayer establishes by competent evidence that the return was deposited in the United States mail or with a
896. REQUEST FOR PROMPT ACTION BY THE TAX COMMISSION (RULE 896).
Section 63-3068(e), Idaho Code

01. In General. A request for prompt action may be made pursuant to Section 63-3068(e), Idaho Code, for an income tax return that is required to be filed for a decedent or an estate of a decedent. The request does not apply to the estate tax imposed by Chapter 4, Title 14, Idaho Code.

02. Requirements of a Valid Request for Prompt Action. The personal representative, executor, administrator, or other fiduciary representing the estate of a decedent is to file the request for prompt action in writing with the Tax Commission. The request must meet the following qualifications:

a. It must be filed after the applicable return has been filed;

b. It must be filed separately from any other document;

c. It must identify the taxpayer by name and identification number and the taxable periods for which the prompt action is requested; and

d. It must clearly state that it is a request for prompt action pursuant to Section 63-3068(e), Idaho Code.

03. Applicable Returns. A request for prompt action does not apply to any return filed after the request has been filed. The request applies only to returns reflecting income earned or other activities and transactions occurring during the lifetime of the decedent or by his estate during the period of administration.

897. -- 899. (RESERVED)

900. RESPONSIBILITY FOR PAYMENT OF CORPORATE TAXES AND PENALTIES (RULE 900).
Section 63-3078, Idaho Code. The Tax Commission or its delegate may issue a jeopardy assessment or take any other action necessary to assess and collect the amounts due from liable individuals. The action may include the filing of a lien on the property of the individual found liable, or seizure and sale of his property or any other means of collection. The liable individuals are to have the remedies provided in Sections 63-3045, 63-3049, 63-3065, and 63-3074, Idaho Code.

901. -- 939. (RESERVED)

Title 63, Chapter 44, Idaho Code. For purposes of administering the Idaho Small Employer Incentive Act of 2005, as modified by 2006 legislation, and Rules 940 through 946 of these rules, the following definitions apply:

01. Buildings and Structural Components. Buildings and structural components means buildings and structural components of buildings as defined in Federal Treasury Regulation Section 1.48-1 for Internal Revenue Code Section 48 repealed by Public Law 101-508.

02. New Plant and Building Facilities. New plant and building facilities are facilities where employees are physically employed.

03. Investment in New Plant. Investment in new plant means new plant and building facilities.
a. That are constructed or erected by the taxpayer, or (7-1-21)

b. That are acquired by the taxpayer and whose original use begins with the taxpayer after such acquisition. Original use means the first use to which the property is put, whether or not such use corresponds to the use of such property by the taxpayer. Property used by the taxpayer prior to its acquisition does not qualify as new plant. (7-1-21)

c. That qualify for the investment tax credit under Section 63-3029B, Idaho Code, or is a building or structural components of buildings. (7-1-21)

04. Making Capital Investments. The date capital investments are considered made will be determined in the same manner as the date assets are considered placed in service pursuant to the federal treasury regulations. (7-1-21)

05. New Employee. A new employee cannot be created by reorganizing the business in such a manner that the employee is reassigned to working in the project site instead of outside the project site. An employee within Idaho transferred to a qualifying position within the project site may qualify as a new employee if his previous position is filled by another employee creating a net new job in Idaho. An employee working outside of Idaho and transferred to a qualifying position within the project site may also qualify as a new employee. (7-1-21)

06. Project Period. The project period is a period of time that begins and ends as follows: (7-1-21)

a. The project period may begin on one (1) of the following dates, but not prior to January 1, 2006: (7-1-21)
   i. The date of a physical change to the project site; or (7-1-21)
   ii. The date new employees begin providing personal services at the project site. (7-1-21)

b. The project period ends at the earliest of: (7-1-21)
   i. The conclusion of the project, (7-1-21)
   ii. Ten (10) years after the beginning of the project; or (7-1-21)
   iii. December 31, 2030. (7-1-21)

07. Project Site. The project site may include one (1) location or more than one (1) location in Idaho. However, if more than one (1) location in Idaho is used, eighty percent (80%) or more of the investment required in the tax incentive criteria is to be located at one (1) contiguous site. (7-1-21)

08. Small Employer Investment Tax Credit. Small employer investment tax credit means the additional income tax credit allowed by Section 63-4403, Idaho Code. (7-1-21)

09. Small Employer New Jobs Tax Credit. Small employer new jobs tax credit means the additional income tax credit for new jobs allowed by Section 63-4405, Idaho Code. (7-1-21)

10. Small Employer Real Property Improvement Tax Credit. Small employer real property improvement tax credit means the real property improvement tax credit allowed by Section 63-4404, Idaho Code. (7-1-21)

11. Small Employer Tax Incentive Criteria. Small employer tax incentive criteria means the tax incentive criteria defined in Section 63-4402(2)(j), Idaho Code. See Rule 942 of these rules for more information. (7-1-21)

12. Small Employer Tax Incentives. Small employer tax incentives means the tax incentives allowed by Title 63, Chapter 44, Idaho Code. (7-1-21)
941. IDAHO SMALL EMPLOYER INCENTIVE ACT OF 2005 AS MODIFIED BY 2006 LEGISLATION: IN GENERAL (RULE 941).
Sections 63-4401 and 63-4406, Idaho Code

01. Pass-Through Entities. The income tax credits may be earned by a partnership, S corporation, estate, or trust and passed through to the partner, shareholder, or beneficiary. See Rule 785 of these rules for the method of attributing the credits, for pass-through entities paying tax, and the application of limitations on pass-through credits. (7-1-21)

02. Reorganizations, Mergers and Liquidations. The small employer investment tax credit and real property improvement tax credits are subject to recapture in accordance with Section 47, Internal Revenue Code, as in effect prior to the enactment of Public Law 101-508. Exceptions included in Section 47(b), Internal Revenue Code, to the general recapture rules, including a mere change in the form of conducting the trade or business and transactions to which Section 381(a), Internal Revenue Code, applies will not cause recapture to occur so long as the property is retained in such trade or business as qualified investment in new plant and the taxpayer retains a substantial interest in such trade or business. To the extent that provisions of the Internal Revenue Code allow an acquiring taxpayer to succeed to and take into account unused investment credits of the distributor or transferor taxpayer, such provisions apply to the acquiring taxpayer with regard to any unused Idaho small employer investment tax credits and real property improvement tax credits. See Rule 946 of these rules for information related to the recapture required by an acquiring taxpayer. (7-1-21)

03. Relocations. The relocation from one (1) project site to a new project site within the state may not create new eligibility for the current or any succeeding business entity. (7-1-21)

04. Unitary Taxpayers. A corporation included as a member of a unitary group may elect to share the small employer investment tax credit, real property improvement tax credit, and new jobs tax credit it earns with other members of the unitary group. Before the corporation may share the credit, it must claim the credit to the extent allowable against its tax liability. The credit available to be shared is the amount of each credit carryover and credit earned for the taxable year that exceeds the limitations provided for each credit. The limitation is applied against the tax computed for the corporation that claims the credit. Credit shared with another member of the unitary group reduces the carryforward. (7-1-21)

Section 63-4402, Idaho Code

01. In General. The small employer tax incentive criteria are the minimum requirements a taxpayer must meet in order to be eligible for small employer tax incentives. To meet the small employer tax incentive criteria, a taxpayer must satisfy the following requirements at the project site, during the project period: (7-1-21)

a. Making capital investment in new plant and building facilities totaling five hundred thousand dollars ($500,000) or more; (7-1-21)

b. Increasing employment by at least ten (10) new employees who meet the requirements of Section 63-4402(2)(j)(ii)(1), Idaho Code; (7-1-21)

c. Employment increases more than the ten (10) new employees described in Paragraph 942.01.b. of this rule will meet the requirements of Section 63-4402(2)(j)(ii)(2), Idaho Code; and (7-1-21)

d. Once the increase in employment has been reached, maintaining that increased employment in Idaho for the remainder of the project period. (7-1-21)

02. Certification. A taxpayer is to certify that he has met, or will meet, the small employer tax incentive criteria before he can claim any of the small employer tax incentives. Certification is accomplished by filing the applicable form as prescribed by the Tax Commission. The certification form includes the following information and be filed with the Tax Commission prior to claiming any of the small employer tax incentives: (7-1-21)
a. A description of the qualifying project;  

b. The estimated or actual start date of the project;  

c. The estimated or actual end date of the project;  

d. The location of the project site or sites;  

e. The estimated or actual number of new jobs created during the project period; and  

f. The estimated or actual cost of capital investment in new plant and building facilities for each year in the project period.  

03. Copy of Certification Form Required. A copy of the certification form will be attached to the Idaho income tax return for each taxable year that a small employer income tax incentive is claimed or carried over.  

943. IDAHO SMALL EMPLOYER INCENTIVE ACT OF 2005 AS MODIFIED BY 2006 LEGISLATION – SMALL EMPLOYER INVESTMENT TAX CREDIT (RULE 943).  

01. Credit Allowed.  

a. The small employer investment tax credit allowed by Section 63-4403, Idaho Code, may be earned during taxable years beginning on or after January 1, 2006 and before December 31, 2030.  

b. The credit applies to qualified investments placed in service during the project period. Qualified investments placed in service during the project period, but in a taxable year that does not qualify, will not qualify for the small employer investment tax credit, but may qualify for the investment tax credit allowed by Section 63-3029B, Idaho Code. For example, if a project begins after December 31, 2005, but in a fiscal year beginning in 2005, the qualified investments placed in service during that taxable year will not qualify for the small employer investment tax credit, but may qualify for the investment tax credit allowed by Section 63-3029B, Idaho Code.  

02. Taxpayers Entitled to the Credit. The small employer investment tax credit is allowed only to taxpayers who certify that they will meet the small employer tax incentive criteria.  

03. Qualified Investments.  

a. Investments in new plant must meet the definition of qualified investments found in Section 63-3029B, Idaho Code, and requirements of Rules 710 through 719 of these rules, in addition to the requirements of Section 63-4403, Idaho Code, and related rules to qualify as qualified investments.  

b. Qualified investments must be placed in service in Idaho, but may be located in or outside the project site to qualify.  

04. Limitations. The small employer investment tax credit allowable in any taxable year is to be limited as follows:  

a. The small employer investment tax credit claimed during a taxable year may not exceed the lesser of:  

i. Seven hundred fifty thousand dollars ($750,000); or  

ii. Sixty-two and five-tenths percent (62.5%) of the tax, after allowing all other income tax credits that may be claimed before the small employer investment tax credit, regardless of whether this credit results from a carryover earned in prior years, the current year, or both. See Rule 799 of these rules for the priority order for
IDAHO ADMINISTRATIVE CODE
State Tax Commission
Income Tax Administrative Rules

nonrefundable credits. (7-1-21)T

b. Unitary Taxpayers. Limitations apply to each taxpayer according to its own tax liability. Each corporation in a unitary group is a separate taxpayer. See Rule 711 of these rules. (7-1-21)T

05. Carryovers. The carryover period for the small employer investment tax credit is fourteen (14) years. (7-1-21)T

06. Coordination with Investment Tax Credit Allowed by Title 63, Chapter 30, Idaho Code. A taxpayer who is eligible to claim the small employer investment tax credit is not eligible to claim the investment tax credit allowed by Section 63-3029B, Idaho Code, on the same property. However, if a taxpayer has qualified investments in a taxable year in which the project period begins or ends, the taxpayer may qualify for both the small employer investment tax credit on property placed in service during the project period in that taxable year and for the investment tax credit allowed by Section 63-3029B, Idaho Code, for property placed in service before or after the project period in that taxable year. (7-1-21)T

01. Credit Allowed. (7-1-21)T

a. The small employer real property improvement tax credit allowed by Section 63-4404, Idaho Code, may be earned during taxable years beginning on or after January 1, 2006 and before December 31, 2030. (7-1-21)T

b. The credit applies to buildings and structural components of buildings placed in service during the project period. Qualified investments placed in service during the project period, but in a taxable year that does not qualify, will not qualify for the small employer real property improvement tax credit. For example, if a project begins after December 31, 2005, but in a fiscal year beginning in 2005, the buildings and structural components placed in service during that taxable year will not qualify for the small employer real property improvement tax credit. (7-1-21)T

02. Taxpayers Entitled to the Credit. The small employer real property improvement tax credit is allowed only to taxpayers who certify that they will meet the small employer tax incentive criteria. (7-1-21)T

03. Buildings and Structural Components of Buildings. (7-1-21)T

a. To qualify for the small employer real property improvement tax credit, buildings and structural components of buildings must meet the following requirements: (7-1-21)T

i. The buildings and structural components of buildings must be new as defined in Subsection 940.03 of these rules. Structural components placed in service as part of a renovation of an existing building do not qualify. (7-1-21)T

ii. The buildings and structural components of buildings must be placed in service at the project site. (7-1-21)T

b. Buildings and structural components of buildings that meet the definition of qualified investments pursuant to Section 63-3029B, Idaho Code, will not qualify for the small employer real property improvement tax credit. (7-1-21)T

04. Limitations. The small employer real property improvement tax credit allowable in any taxable year will be limited as follows: (7-1-21)T

a. The small employer real property improvement tax credit claimed during a taxable year may not exceed the lesser of: (7-1-21)T
i. One hundred twenty-five thousand dollars ($125,000); or

ii. One hundred percent (100%) of the tax, after allowing all other income tax credits that may be claimed before the small employer real property improvement tax credit, regardless of whether this credit results from a carryover earned in prior years, the current year, or both. See Rule 799 of these rules for the priority order for nonrefundable credits.

b. Unitary Taxpayers. Limitations apply to each taxpayer according to its own tax liability. Each corporation in a unitary group is a separate taxpayer. See Rule 711 of these rules.

05. Carryovers. The carryover period for the small employer real property improvement tax credit is fourteen (14) years.

01. Credit Allowed.

a. The small employer new jobs tax credit allowed by Section 63-4405, Idaho Code, may be earned during taxable years beginning on or after January 1, 2006 and before December 31, 2030.

b. The credit applies to new employees hired during the project period. New employees hired during the project period, but in a taxable year that does not qualify, will not qualify for the small employer new jobs tax credit. For example, if a project begins after December 31, 2005, but in a fiscal year beginning in 2005, new employees hired during that taxable year will not qualify for the small employer new jobs tax credit, but may qualify for the credit for qualifying new employees allowed by Section 63-3029F, Idaho Code.

c. The applicable credit rate per new employee depends on the wage rate received by a qualifying new employee.

02. Taxpayers Entitled to the Credit. The small employer new jobs tax credit is allowed only to taxpayers who certify that they will meet the small employer tax incentive criteria.

03. Calculating Number of Employees.

a. Number of Employees Clarified. Only employees who meet the qualifications set forth in Sections 63-4402(2)(e) and 63-4405, Idaho Code, are included when computing the number of employees for a taxable year. Such requirements include the following:

i. The employee must have worked primarily within the project site for the taxpayer.

ii. The employee must have received earnings at a rate of more than twenty-four dollars and four cents ($24.04) per hour worked.

iii. The employee must have been eligible to receive employer provided coverage under a health plan described in Section 41-4703, Idaho Code.

iv. The employee must have been subject to Idaho income tax withholding.

v. The employee must have been covered for Idaho unemployment insurance purposes.

vi. The employee must have been employed on a regular full-time basis. An employee who customarily performs duties at least forty (40) hours per week on average for the taxable year will be considered employed on a regular full-time basis. Leased employees do not qualify as employees of the lessee.

vii. The employee must have been performing such duties for the taxpayer for a minimum of nine (9)
months during the taxable year. An individual employed in a seasonal or new business that was in operation for less than nine (9) months during the taxable year does not qualify. (7-1-21)T

b. Idaho Department of Labor Reports. The taxpayer should begin with his Idaho Department of Labor reports to determine the number of employees. However, all employees reported on these reports do not automatically qualify for the calculation of the number of employees. (7-1-21)T
c. Calculation. To calculate the number of employees for a taxable year, add the total qualified employees for each month and divide that sum by the number of months of operation. (7-1-21)T

04. Calculating the Number of New Employees. (7-1-21)T

a. The number of new employees is the increase in the number of employees for the current taxable year over the greater of the following:
   i. The number of employees for the prior taxable year; or
   ii. The average of the number of employees for the three (3) prior taxable years. (7-1-21)T
b. The requirements as to who qualifies for the calculation of number of employees in Paragraph 945.03.a., of this rule will apply in computing the number of employees in Subparagraphs 945.04.a.i., and 945.04.a.ii., of this rule. Calculations used in computing the number of new employees for the prior taxable year and average for the three (3) prior taxable years will be made consistent with the computations for the current taxable year. (7-1-21)T
c. The number of new employees will be rounded down to the nearest whole number and must equal or exceed one (1) or no credit is earned. (7-1-21)T

05. Computing the Credit Earned. The taxpayer will identify each new employee who qualifies for the credit and his annual salary for the taxable year. (7-1-21)T

a. If during the taxable year the new employee earned more than twenty-four dollars and four cents ($24.04) per hour worked but less than or equal to an average rate of twenty-eight dollars and eighty-five cents ($28.85) per hour worked, the credit for such new employee will be one thousand five hundred dollars ($1,500). (7-1-21)T
b. If during the taxable year the new employee earned more than an average rate of twenty-eight dollars and eighty-five cents ($28.85) per hour worked but less than or equal to an average rate of thirty-six dollars and six cents ($36.06) per hour worked, the credit for such new employee will be two thousand dollars ($2,000). (7-1-21)T
c. If during the taxable year the new employee earned more than an average rate of thirty-six dollars and six cents ($36.06) per hour worked but less than or equal to an average rate of forty-three dollars and twenty-seven cents ($43.27) per hour worked, the credit for such new employee will be two thousand five hundred dollars ($2,500). (7-1-21)T
d. If during the taxable year the new employee earned more than an average rate of forty-three dollars and twenty-seven cents ($43.27) per hour worked, the credit for such new employee will be three thousand dollars ($3,000). (7-1-21)T

06. Limitations. The small employer new jobs tax credit allowable in any taxable year will be limited as follows: (7-1-21)T

a. The small employer new jobs tax credit claimed during a taxable year may not exceed sixty-two and five-tenths percent (62.5%) of the tax, after allowing all other income tax credits that may be claimed before the small employer new jobs tax credit, regardless of whether this credit results from a carryover earned in prior years, the current year, or both. See Rule 799 of these rules for the priority order for nonrefundable credits. (7-1-21)T
b. Unitary Taxpayers. Limitations apply to each taxpayer according to its own tax liability. Each corporation in a unitary group is a separate taxpayer. See Rule 711 of these rules. (7-1-21)

07. Carryovers. The carryover period for the small employer new jobs tax credit is ten (10) years. (7-1-21)

08. Coordination With Credit for Qualifying New Employees Allowed by Title 63, Chapter 30, Idaho Code. A taxpayer who has new employees who are eligible for the small employer new jobs tax credit may not claim the credit for qualifying new employees allowed by Section 63-3029F, Idaho Code, with respect to the same employees. However, a taxpayer may claim the credit for qualifying new employees for any new employees who do not meet the requirements for the small employer new jobs tax credit, but who meet the requirements of Sections 63-3029E and 63-3029F, Idaho Code. (7-1-21)

Section 63-4407, Idaho Code

01. Failure to Meet Tax Incentive Criteria. If a taxpayer fails to meet the small employer tax incentive criteria, the full amount of the small employer investment tax credit, real property improvement tax credit and new jobs tax credit claimed in any taxable year will be recaptured. (7-1-21)

02. Year Deficiency Occurs. Recapture will be a deficiency in tax in the taxable year when the disqualification first occurs. For investment in new plant, disqualification occurs when the property is disposed of or otherwise ceases to qualify. For new employees, disqualification occurs when the average number of qualifying employees for a taxable year in the recapture period falls below the average number of qualifying employees for the year in which the credit was earned in Section 63-4405, Idaho Code. (7-1-21)

03. Early Disposition of Investment in New Plant. (7-1-21)

a. If an investment in new plant is disposed of, or otherwise ceases to qualify, prior to the close of the recapture period, the recapture amount will be computed by multiplying the credit earned by the applicable recapture percentage. (7-1-21)

b. The recapture percentage will be determined as follows. If the property is disposed of or ceases to qualify within:

i. One (1) full year or less from the date the property was placed in service, one hundred percent (100%) will be used; (7-1-21)

ii. Two (2) full years or less, but more than one (1) full year from the date the property was placed in service, eighty percent (80%) will be used; (7-1-21)

iii. Three (3) full years or less, but more than two (2) full years from the date the property was placed in service, sixty percent (60%) will be used; (7-1-21)

iv. Four (4) full years or less, but more than three (3) full years from the date the property was placed in service, forty percent (40%) will be used; (7-1-21)

v. Five (5) full years or less, but more than four (4) full years from the date the property was placed in service, twenty percent (20%) will be used. (7-1-21)

04. Failure to Maintain Increased Employment. (7-1-21)

a. If the average number of qualifying employees for the taxable year in which the credit was earned in Section 63-4405, Idaho Code, is not maintained for the entire recapture period, the recapture amount will be computed by multiplying the credit earned by the applicable recapture percentage. (7-1-21)
The recapture percentage will be determined as follows. If the level of employment is maintained:

1. One (1) full year or less from the date the project period ends, one hundred percent (100%) will be used;
2. Two (2) full years or less, but more than one (1) full year from the date the project period ends, eighty percent (80%) will be used;
3. Three (3) full years or less, but more than two (2) full years from the date the project period ends, sixty percent (60%) will be used;
4. Four (4) full years or less, but more than three (3) full years from the date the project period ends, forty percent (40%) will be used;
5. Five (5) full years or less, but more than four (4) full years from the date the project period ends, twenty percent (20%) will be used.

Recapture will not be required if a new employee is replaced by another employee who performs the same duties as the previous employee at a wage rate that would have resulted in the same amount of credit being earned.

If the investment in new plant is disposed of or otherwise ceases to qualify before the close of the recapture period while in the hands of an acquiring taxpayer who succeeded to unused small employer investment tax credit or small employer real property improvement tax credit as provided for in Rule 941.03 of these rules, the acquiring taxpayer will be responsible for any recapture that would have been applicable to the transferor.

For purposes of computing the recapture when an acquiring taxpayer succeeded to unused small employer investment tax credit and small employer real property improvement tax credit as provided for in Rule 941.03 of these rules, the recapture period will begin with the date on which the property was placed in service by the transferor taxpayer and will end with the date of the disposition by, or cessation with respect to, the acquiring taxpayer.
000. LEGAL AUTHORITY (RULE 000).
In accordance with Sections 63-105, 63-3624, 63-3635, and 63-3039, Idaho Code, the State Tax Commission has promulgated rules implementing the provisions of the Idaho Sales Tax Act. They are the State Tax Commission’s official statement of policy relating to interpretations and applications of the Idaho Sales Tax Act. (7-1-21)

001. TITLE AND SCOPE (RULE 001).

01. Title. These rules are titled IDAPA 35.01.02, “Idaho Sales and Use Tax Administrative Rules.” (7-1-21)

02. Scope. These rules are construed to reach the full jurisdictional extent of the state of Idaho’s authority to impose an excise tax upon each sale at retail of the sales price of all property subject to taxation under this act and on the storage, use, or other consumption in this state of tangible personal property. (7-1-21)

002. ADMINISTRATIVE APPEALS (RULE 002).
This chapter allows administrative relief as provided in Sections 63-3045, 63-3045B, 63-3049, 63-3620, 63-3620A, 63-3621, 63-3622, 63-3623B, 63-3626, 63-3631, 63-3633, and 63-3634, Idaho Code. (7-1-21)

003. INCORPORATION BY REFERENCE (RULE 003).
These rules incorporate IDAPA 35.02.01, “Tax Commission Administration and Enforcement Rules.” (7-1-21)

004. -- 010. (RESERVED)

011. MIXED TRANSACTIONS (RULE 011).
Sections 63-3609, 63-3612, 63-3613, Idaho Code.

01. Retail Sales of Tangible Personal Property Together with Services. The sales tax applies to retail sales of tangible personal property. It does not apply to the sale of services except as stated in statute or rule. However, when a sale of tangible personal property includes incidental services, the tax applies to the total amount charged, including fees for any incidental services except separately stated transportation and installation fees. The fact that the charge for the tangible personal property results mainly from the labor or creativity of its maker does not turn a sale of tangible personal property into a sale of services. The cost of any product includes labor and manufacturing skill. To determine whether a transaction is a retail sale of tangible personal property or a sale of services, the following tests are applied. (7-1-21)

a. To determine whether a transfer of tangible personal property is a taxable retail sale or is merely incidental to a service transaction, the proper test is to determine whether the transaction involves a consequential or inconsequential professional or personal service. If the service rendered is inconsequential, then the entire transaction is taxable. If a consequential service is rendered, then it will be determined whether the transfer of the tangible personal property is an inconsequential part of the transaction. If so, then none of the consideration paid is taxable. (7-1-21)

b. To determine whether a mixed transaction qualifies as a sale of services, the object of the transaction will be determined; that is, is the buyer seeking the service itself, or the property produced by the service. (7-1-21)

c. When a mixed transaction involves the transfer of tangible personal property and the performance of a service, both of which are consequential elements whose costs may be separately stated, then two (2) separate transactions exist. The one attributable to the sale of tangible personal property is taxable while the other is not. (7-1-21)

02. Determining the Type of Sale. To determine whether a specific sale is a sale of tangible personal property, a sale of services or a mixed transaction, all the facts surrounding the case will be studied and the tests described above applied. Here are some examples. (7-1-21)

a. Example 1: An attorney is retained by a client to prepare the client’s will. The attorney prepares the will, sees that it is properly executed and bills the client. The physical document, the will, is then transferred from the attorney to the client. This is a sale of services because the client’s object is not to obtain the will itself, but to ensure that their estate is disposed of in a certain way when they die. Since, the transaction between the attorney and the client is not a retail sale of tangible personal property, no sales or use tax applies. However, the attorney pays sales or use tax when the attorney buys stationery and other equipment to prepare the will. Compare Example 5. (7-1-21)
b. Example 2: The attorney in Example 1 prepares a form book of wills which he intends to sell to other attorneys. The will the attorney prepared in Example 1 is included in the form book. The sale of the form book to other attorneys is a taxable retail sale of tangible personal property. From the buyer’s point of view, the object of the sale is to obtain the book, which is tangible personal property. The fact that special skill or knowledge went into the preparation of the book and is reflected in the purchase price does not make the sale of the form book a service transaction.

(7-1-21)T

c. Example 3: An architect is hired to prepare construction plans for a house. He prepares the plans and delivers them to his client. As in the example of the attorney preparing the will, this is a sale of services and the transfer of the tangible personal property, the plans, is inconsequential the transaction. No sales or use tax is due on the sale of the plans.

(7-1-21)T

d. Example 4: The architect in Example 3 is asked to provide additional copies of the same plans to his original client or to a third party. The architect copies the plans on a duplicating machine and sells them to the requesting party. This is a taxable retail sale of tangible personal property, since the buyer’s object is to obtain the property, the plans.

(7-1-21)T

e. Example 5: An artist is commissioned to paint an oil portrait. When the portrait is completed, ownership is transferred to the client who pays the artist a lump-sum amount for the portrait. This is a taxable retail sale of tangible personal property because the buyer’s object is to obtain the portrait. If the artist otherwise qualifies as a retailer, he is required to collect and remit sales tax on the sale of the portrait.

(7-1-21)T

f. Example 6: An automobile repair shop does repair work for a customer. To do the work, the shop replaces certain parts on the automobile. The repair shop bills its customer an amount for the repair parts and a separate amount for labor. This is a mixed transaction. As long as the sale of the tangible personal property, the parts, and the sale of services, the labor, are separately stated, sales tax is due only on the sale of the parts and not on the charge for labor. However, allocation of the total charge between parts and labor must be reasonable. If part of the charge for parts is unreasonably attributed to the cost of labor, the allocation may be adjusted by the Commission.

(7-1-21)T

g. Example 7: A retail clothing store provides needed alterations to items purchased by customers. Even though the sale depends on the alterations being done, the service is incidental to the sale of the property. The entire transaction is taxable, even if the charge for the alteration labor is separately stated.

(7-1-21)T

03. Kinds of Services Incidental to the Sale. Two (2) kinds of services rendered incidental to a retail sale are specifically exempt from tax if the charge for the service is separately stated. They are:

(7-1-21)T

a. Charges for transportation after the sale. See Section 63-3613, Idaho Code, and Rule 061 of these rules; and

(7-1-21)T

b. Installation charges. See Section 63-3613, Idaho Code, and Rule 012 of these rules.

(7-1-21)T

04. Separately Stated Nontaxable Charges. Separately stated nontaxable charges for transportation or installation may not be used to avoid tax on the actual sales price of tangible personal property. If the allocation of the total price is unreasonable, the Commission may adjust it.

(7-1-21)T

05. Tangible Personal Property Used or Consumed by a Business. Tangible personal property used or consumed by a business in performing a nontaxable service is taxable. See Rule 072 of these rules.

(7-1-21)T

012. CONTRACTORS IMPROVING REAL PROPERTY (RULE 012). Sections 63-3609(a), 63-3621, 63-3615(b), 63-3622B, Idaho Code

01. In General. This rule applies to contractors who construct, alter, repair, or improve real property. Contractors are defined as consumers of materials they use, whether or not they resell the material. All sales of tangible personal property to contractors are taxable.

(7-1-21)T
a. A contractor is any person acting as a general contractor, subcontractor, contractee, subcontractee, or speculative builder who uses material and equipment to perform any written or verbal contract to improve, alter, or repair real property. (7-1-21)

b. Contractors include bricklayers, plumbers, heating specialists, painters, sheet metal workers, carpet layers, electricians, land levelers, well drillers, landscapers, and all others who do contract work on real property. Unless these persons are employees of a contractor, they are acting as contractors and are consumers just as other contractors. (7-1-21)

c. Persons doing residential repairs, such as plumbers and electricians, as well as those who both sell and install carpet, also are contractors improving real property. Such contractors are defined as the consumers of the materials they install and are required to pay sales or use tax on their cost for the materials. They do not charge sales tax to their customers unless they make a sale of materials only, with no installation. (7-1-21)

d. The terms “contractor” and “subcontractor” are not applicable to persons who merely sell tangible personal property in the form of building materials, supplies, or equipment to construction contractors for delivery at the job site without any requirement that they install such tangible personal property. (7-1-21)

02. Contract. A contract to improve real property may be in any of the following forms. (7-1-21)

a. Lump Sum Contract. A lump sum contract is an agreement to furnish materials and services for a lump sum. (7-1-21)

b. Cost-plus Contract. A cost-plus contract is an agreement to furnish materials and services at the contractor’s cost plus a fixed sum or percentage of the cost. (7-1-21)

c. Guaranteed Price Contract. A guaranteed price contract is an agreement to furnish materials and services with a guaranteed price which may not be exceeded. (7-1-21)

d. Time and Material Contract. A time and material contract is an agreement to sell a specific list of materials and supplies at retail or an agreed price and to complete the work for an additional agreed price or hourly rate for services rendered. (7-1-21)

e. The contractor or repairman who affixes or installs the personal property into real property is the consumer of tangible personal property regardless of the type of contract entered into, whether it is a lump sum, time and material, or a cost-plus contract. (7-1-21)

03. Use. As used in this rule, the term use includes exercising any right or power over tangible personal property in performing a contract to improve real property, regardless of who owns the material or if the material is leased. (7-1-21)

04. Real Property. See Rules 010 and 067 of these rules. (7-1-21)

05. Use Tax Reporting Number. Contractors need a use tax number if they make purchases on which sales tax has not been charged. In this case, they are required to report and pay the Idaho use tax to the state. If a contractor pays sales tax to his vendors on ALL purchases, he does not have to obtain a use tax number. (7-1-21)

06. Purchases by Contractors. Contractors are consumers of equipment they use in their business such as trucks, tractors, road graders, scaffolding, pipe cutters, trowels, wrenches, tools in general, oxygen, acetylene, oil, and similar items. They pay sales or use tax on their purchase of equipment, tools, and supplies. They also pay tax on their purchase of building materials and fixtures. Fixtures include items such as lighting fixtures, plumbing fixtures, furnaces, boilers, heating units, air-conditioning units, refrigeration units, elevators, hoists, conveying units, awnings, blinds, vaults, cabinets, counters, and lockers. (7-1-21)

07. Fuels. A contractor pays tax on fuels used in off-road equipment unless on-road fuels excise taxes have been paid. (7-1-21)
08. Custom-Made Goods. Sales tax applies to the entire price charged for custom-made goods sold by the maker. If a contractor orders fabricated steel from a steel company, he pays sales tax on the entire price of the fabricated item, including the cost of the labor involved. On the other hand, if the contractor buys the steel and fabricates it himself for the job, he pays a tax only on the materials he buys. (7-1-21)

09. Value. The contractor owes use tax on the value of the job materials at the time he exercises right or power over them. Value, as used in Section 63-3621, Idaho Code, means:

a. When a contractor fabricates and installs tangible personal property into Idaho real property, the value is the cost of materials and parts he uses. If a contractor, with a contract to furnish and install goods, fabricates the goods and hires a subcontractor to do the installation, the taxable amount is the cost of material to the contractor who fabricated the goods. (7-1-21)

b. When a contractor who is also a retailer fabricates tangible personal property, puts it in his resale inventory, and later withdraws it for a job, tax applies to the fully fabricated value. This is true regardless of whether the fabricator installs the property himself or through an agent or subcontractor. (7-1-21)

10. Materials Provided by Project Owner.

a. If a project owner who is not exempt from tax buys materials for a job and hires a contractor to install them, he pays sales or use tax when he buys the material. If the owner does not pay tax on the materials, the contractor may be held liable for the tax. (7-1-21)

b. If material needed for a contract is purchased or supplied by an owner who is exempt from sales and use taxes, then the use by the contractor is taxable. This is true even if the property is owned by an exempt entity such as the federal government or a state government agency. For example, if a contractor has a public works contract to build a structure using materials owned and supplied by the government, whether federal, state, or local, he is the consumer of the materials and is subject to a use tax on their value. This tax falls directly upon the contractor and not the owner of the property. (7-1-21)

c. A contractor who buys tangible goods cannot avoid tax just because the goods will be built into a structure which will belong to, or be used by an exempt entity. Contractors and subcontractors may not avoid paying sales or use tax due to a contract which allows invoices to be made out in the name of the exempt entity, such as the U.S. Government, and designate the contractor or subcontractor as an agent of the exempt entity. In this case, the contractor or subcontractor is the user or consumer of the material and its use, while it is in his possession and subject to his labor, is taxable. (7-1-21)

11. Subcontractor. In general, a subcontractor is treated the same as a general contractor. Whether his contract is with the owner or the general contractor, the subcontractor pays tax on materials he buys to improve real property. Like any contractor, the subcontractor could be employed to work on or with material purchased by the general contractor or the owner, with one or the other paying tax on the material purchased. These services rendered by the subcontractor are not taxable. His relationship with the owner or general contractor is no different than the relationship between the contractor and owner. However, the provisions of Subsection 011.10 of this rule apply equally to a subcontractor. (7-1-21)

12. Land Leveling.

a. Persons who contract to level land are improving real property and are contractors under this rule. Accordingly, they pay tax on equipment, material, and supplies purchased for land leveling. (7-1-21)

b. Notwithstanding the provisions of Rule 013 of these rules, contractors who crush rock are performing a nontaxable service if the rock is obtained on a construction site, and the crushed rock is used on the same site, for such purposes as backfill, land leveling, site preparation, or site cleanup. The use of such rock, backfill, or other related materials is not taxable; however, such a contractor is not primarily devoted to mining and his use of rock crushing equipment, or other equipment and supplies, does not qualify for exemption under Section 63-3622D, Idaho Code. (7-1-21)
13. Exempt Purchases by Contractors. A contractor can buy materials tax exempt, provided that he will install them into real property in a state that does not have a sales tax, such as Oregon, Montana, or Alaska, or in a state where the materials would not be subject to a use tax or other similar excise tax in that state. For example, this exemption applies to a contractor improving real property on certain projects in Washington where he will not owe a use tax on materials incorporated into reality, even though a sales or use tax may be owed by a third party. This exemption only applies to materials incorporated into real estate in a nontaxing state. Tools, supplies, equipment, or any other tangible personal property purchased in Idaho that are not incorporated into reality are taxable when purchased in Idaho. In order to grant this exemption the retailer must have a properly completed exemption certificate on file. See Rule 128 of these rules. Idaho tax applies to materials purchased or withdrawn from inventory for use in a contract to improve real property in states where use tax applies to materials incorporated into reality, such as Nevada or Wyoming.

14. Cross-References

a. Road and paving contractors, see Rule 013 of these rules.

b. Contractor/retailers, see Rule 014 of these rules.

c. Well drillers/pump installers, see Rule 015 of these rules.

013. ROAD AND PAVING CONTRACTORS (RULE 013).

Sections 63-3609, 63-3615, Idaho Code

01. In General. This rule illustrates the application of Idaho sales and use tax to specific activities of road and paving contractors. The general principles stated in Rule 012 of these rules apply equally to road and paving contractors.

02. Road or Paving Contractor. A road or paving contractor is a contractor improving real property. The use of materials over which he exercises right or power in the course of performing the contract is taxable. This is true even if an exempt entity, such as a government agency, owns the material. It is also true if the contractor does the work under the full or partial supervision of the person for whom the contractor is performing the contract.

03. Examples. Here are some examples of taxable materials contractors use in paving and road contracts:

a. Example 1: A contractor is hired to pave a road for a city. The materials the contractor will use are taxable, regardless of ownership, and include rock, sand, asphalt oil, chemicals, bonding agents, or any other like materials which become the aggregate pavement.

b. Example 2: A contractor is hired to chip seal a local road. The chip seal includes a layer of liquid asphalt or similar material applied to the road with an immediate layer of rock chips applied on top of the wet asphalt. A roller sets the rock chips in place. Once this dries, the surface is cleaned and another oil seal or like product is applied. These three items and any other materials used to form the aggregate chip seal are taxable.

c. Example 3: A contractor is hired to perform landscaping for the barrow pits and shoulders of a new highway. The highway district provides the grass seed and some bushes for the project. The contractor provides labor to sow the seed, plant the bushes, and labor and materials to provide erosion control, land leveling, contouring, etc. The contractor owes sales or use tax on all materials consumed, including those provided by the highway district.

d. Example 4: A contractor is hired to install a new bridge and provide drainage for a new freeway interchange. The highway district provides the bridge components and culverts needed for the project, and the contractor provided all of the remaining materials and the labor for the project. The contractor will owe sales or use
tax on all materials he consumes including the bridge components and culverts provided by the highway district, as well as on the materials the contractor purchased for use on the project. (7-1-21)T

e. Example 5: A contractor is hired to install traffic control lights, signage, and roadway illumination for a rebuilt section of roadway. The highway district provides the traffic control signals and the permanent signage for the highway so that all signage will be consistent throughout the highway district. The contractor owes use tax on the value of the traffic signals and signage provided by the highway district as well as on the cost of electrical wiring, signal wiring, and the lights and light poles, etc., purchased and consumed by the contractor. (7-1-21)T

04. Materials. The sale or use of materials which are extracted and crushed is taxable. Use tax does not apply to the use of natural materials that are secured on site and used without significant change. (7-1-21)T

05. Rock Crushing. The application of the sales or use tax to rock crushing operations depends upon the circumstances of the case. (7-1-21)T

a. A sale of crushing only is a sale of a taxable processing service. In this circumstance the crusher obtains raw material owned by another, crushes the rock, and stockpiles it for subsequent use either by the owner or a third party. Unless an exemption applies, the crusher charges tax on all such sales. (7-1-21)T

b. A contractor who applies crushed rock to the highway pursuant to a contract is a person engaged in improving real property. If the contractor applying the crushed rock purchases the rock, the purchase price will be taxable. If the contractor applies rock owned by another party, the contractor will be responsible for a use tax on the value of the rock, unless the other party paid a sales tax upon its acquisition. This is true even if a government agency supplied the rock. If a recent retail acquisition of the crushed rock exists, the retail price is to be presumed to be the value of the material. If a recent retail sales price does not exist, then value is to be determined by the current acquisition cost of like material from the same or a similar source. For purposes of this section, a retail acquisition within one (1) year of the time of the performance of the contract is to be presumed to be a recent sales price. (7-1-21)T

c. A contractor whose contract calls for him to both crush and apply rock to a road is also subject to sales or use tax on the value of the rock whether the contract is performed for a governmental or private contractee. The value is to be determined by the royalty or similar charge for raw materials. If a royalty or similar charge does not exist, then the value will be determined as the royalty fee or value of like material from a similar source. If the contractor chooses to have the rock crushed by a subcontractor, the measure of the use tax is on the crushed value. (7-1-21)T

d. A sale of rock crushing services to a retailer who will sell the rock is an exempt sale. The sale of crushed rock to a consumer is a taxable sale unless an exemption applies. (7-1-21)T

06. Production Exemption. (7-1-21)T

a. Since a contractor improving real property is defined as the consumer of materials incorporated into realty, he is not producing an article for resale. Therefore, the production exemption does not apply to the use of equipment used by contractors to produce asphalt or concrete which are used to complete paving contracts. (7-1-21)T

b. A business which is primarily devoted to producing crushed rock, asphalt, or concrete which is ultimately sold at retail will qualify for the production exemption. See Idaho Administrative Sales Tax Rules 079 and 082. (7-1-21)T

014. CONTRACTORS/RETAILERS (RULE 014). Sections 63-3609(a), 63-3610, 63-3620, 63-3621, Idaho Code

01. In General. This rule shows how Idaho sales and use tax applies to contractors who are also retailers. The general principles in Rule 012 of these rules also apply to contractor/retailers and should be reviewed along with this rule. (7-1-21)T

02. Contractor/Retailer. Many contractors are also retailers. For example, plumbers, electricians,
carpet layers, cabinet builders, and mechanical contractors can be both contractors and retailers. They are contractors when they install materials in the course of a residential or commercial service call or contract; but when they sell items or materials they don't install; they are retailers and need to collect sales tax from their customers. (7-1-21)

03. Record Keeping Procedure. A contractor/retailer can follow any consistent procedure to account for inventory and job purchases. (7-1-21)

a. Example: If the majority of a contractor/retailer’s business is performing contracts to improve real property. The contractor/retailer can pay Idaho tax on all purchases and if an item is sold at retail, remit Idaho sales tax collected and request a refund for the tax paid. See Rule 117 of these rules for refund instructions. (7-1-21)

b. Example: If the majority of the contractor/retailer’s business is making retail sales, the contractor/retailer can purchase all inventory without paying tax by giving suppliers a properly completed resale certificate. The contractor/retailer would remit sales tax collected on Idaho retail sales and pay an Idaho use tax on the value of items taken from inventory and used to improve real property. (7-1-21)

c. Example: A contractor/retailer can opt to use separate accounting procedures for the purchase of resale inventory and job materials. Resale inventory purchases can be made without paying tax by giving suppliers a properly completed resale certificate and pay tax on the purchase of job materials. See Rule 128 of these rules. (7-1-21)

04. Inventory Withdrawals. When any withdrawal is made from nontaxed inventory, the use tax is due to the state when the material is delivered to the job site, regardless of when it is used in performing a contract. (7-1-21)

05. Tangible Personal Property vs. Improvements to Real Property. Built-in appliances and related items become fixtures to reality when installed in residential buildings. Such built-in appliances include dishwashers, microwave ovens, stove tops, refrigerators, stove hoods, central vacuum systems, waste disposal units, trash compactors, water softeners, water purification systems, and garage door openers. Some appliances retain the character of personal property such as microwave ovens that are not built-in, freestanding stoves, refrigerators, washers, and dryers. Other rules may apply to commercial, industrial, and other non-residential buildings. See Rule 067 of these rules. (7-1-21)

06. Sales with Agreement to Install. A regular over-the-counter sale of a complete unit with an agreement to install it is not a contract to improve real property if the item does not become affixed to reality. This applies to sales of stoves, refrigerators, washing machines, dryers, and other electrical appliances. In this case, sales tax is collected from the buyer by the seller on the retail sales price of the item. If the installation charges are properly separated, sales tax is due only on the cost of the unit. (7-1-21)

07. Sales of Both Tangible Personal Property and Improvements to Real Property. If a contract includes both retail sales of personal property and improvements to real property, the contractor/retailer collects sales tax on the retail portion of the contract. Also, the contractor/retailer does not pay sales tax to their vendor, they pay use tax on the materials used to perform the real property portion of the contract. (7-1-21)

a. Example: A cabinet builder contacts to build and install kitchen cabinets and build a portable, freestanding china hutch. In the case of the cabinets, the cabinet builder is a contractor improving real property and pays tax on the material costs. In the case of the china hutch, the cabinet builder is a retailer and charges his customer sales tax on the sales price of the hutch, including labor. (7-1-21)

b. Example: A cabinet builder is hired by Contractor X to fabricate and deliver cabinets to the job site. Contractor X will do the installation. In this case, the cabinet builder is a retailer and charges sales tax to Contractor X on the full sales price, including labor. (7-1-21)

015. WELL DRILLERS/PUMP INSTALLERS (RULE 015). Sections 63-2410, 63-2423, 63-3609(a), 63-3621, 63-3615(b), 63-3622B, 63-3622D, 63-3622R, 63-3622W, Idaho Code

01. In General. This rule is meant to explain how Idaho sales and use tax applies to contractors who
drill wells and install pumps. The general principles in Rule 012 and 014 of these rules apply to well drillers and pump installers and should be reviewed along with this rule. (7-1-21)

02. Types. The types of wells covered by this rule include, but are not limited to:

a. Water wells, including those for municipal, domestic, commercial, and industrial purposes, and wells used for agricultural irrigation. (7-1-21)

b. Monitor wells used to check for contamination or to find the water table. (7-1-21)

c. Anode wells used to ground power or gas lines. (7-1-21)

d. Construction wells used for pilings, shoring, and elevator hoists. (7-1-21)

03. Contractor Improving Real Property. A well driller is a contractor improving real property. In general, the contractor pays sales or use tax on materials and equipment they own and use or over which they exercise right or power while performing a contract. The contractor should not charge sales tax on materials, such as casing, pumps, screens, piping, etc., used to complete a well. Section 63-3609(a), Idaho Code, states that these materials are consumed by the well driller. The contractor pays tax even if the owner of the material is exempt from the tax, such as a government agency. Well drillers may be responsible for use tax on owner-supplied materials. See Rule 012 of this rule. Exemptions are discussed in Subsection 015.05 of this rule. Pumps that are installed with a well, such as a pump that supplies water to land or a building, are presumed to be real property improvements. Pumps that do not supply water to land or buildings and are used in commercial or industrial applications will generally be considered personal property unless they have been so integrated into the real estate that they would be considered a permanent fixture. (7-1-21)

a. Example: A well driller contracts to drill a water well and install a pump for a homeowner. The contractor bills the homeowner separately for materials and labor as well as the drill bits used. The contractor should pay sales or use tax on his purchase of the materials and drill bits. The contractor should not charge sales tax to the customer since this is a contract to improve real property. (7-1-21)

b. Example: A well driller contracts to drill a well for an Idaho city. The contractor pays sales or use tax on the materials and pumps used to complete the well, even though the eventual owner of these items is a governmental entity. See Rule 094 of these rules. (7-1-21)

04. Exemptions. In some cases, exemptions may apply to materials installed by well drillers and pump installers. Note: These exemptions apply only to project materials and not to construction equipment and supplies, such as drilling rigs and drill bits. If a well driller or pump installer makes exempt purchases, he must complete an exemption certificate for the vendor’s records. (7-1-21)

a. Materials installed in a well which will be used primarily for agricultural irrigation are exempt under Section 63-3622W, Idaho Code. The exemption applies even if the materials become part of the real property. Agricultural irrigation includes supplying water to crops, livestock, and fish which are produced for resale. (7-1-21)

b. Pumps and other equipment used directly in manufacturing or processing are exempt under Section 63-3622D, Idaho Code. Generally, such pumps retain the characteristics of personal property. This exemption applies only to tangible personal property. It does not apply to materials which will become part of real property. Examples include: pumps used directly in food processing; booster pumps and chlorine pumps used directly in manufacturing; and dairy waste pumps. (7-1-21)

05. Motor Vehicles. In general, drilling rigs and licensed motor vehicles are taxable when purchased by a well driller or pump installer. However, if a vehicle weighs more than twenty-six thousand (26,000) pounds, is used more than ten percent (10%) of the time outside of Idaho, and is registered under the International Registration Plan or similar pro rata plan, its purchase is exempt. See Rule 101 of these rules. This exemption does not apply to repair parts for motor vehicles, or to drilling rigs purchased separately from a motor vehicle. (7-1-21)

06. Fuel. Motor fuel taxes do not apply, or a refund may be obtained, if the fuel is used to run drilling
rigs or other off-road equipment. Fuel purchased for such off-highway use is taxable. See Sections 63-2410 and 63-2423, Idaho Code, and related IDAPA 35.01.05, “Idaho Motor Fuels Tax Rules.”

016. RETAIL SALE OF ASPHALT, CONCRETE, AND CONCRETE PRODUCTS (RULE 016).
Sections 63-3609(a), 63-3610, 63-3622D, 63-3622W, Idaho Code

01. In General. Asphalt, concrete and concrete products are building materials. The sale of such products to construct, alter, repair, or improve real estate is taxable. Separately stated charges for delivery by the vendor and vendor standby time are not taxable.

02. Agricultural Irrigation. Materials purchased for agricultural irrigation are exempt from sales tax whether purchased by the farmer, contractor, or subcontractor. This exemption applies even if the material is permanently affixed to real estate, such as concrete used to line ditches or ponds. See Rule 096 of these rules. The buyer must provide the seller with an exemption certificate. See Rule 128 of these rules.

03. Production Exemption. The retailer who produces and sells asphalt or concrete may qualify to claim the production exemption on equipment and supplies used directly to produce the concrete or asphalt for resale. See Rule 079 of these rules. However, trucks used by a ready-mix operator do not qualify for the production exemption because they are used for transportation. Although they may incidentally contribute to the manufacture of the final article, purchases of the truck, trailer, and the truck-mounted concrete mixer, which becomes a part of the motor vehicle, are not exempt from the tax.

017. AIRLINES, BUSES, AND RAILWAY DINING CARS (RULE 017).
Sections 63-3612, 63-3613, 63-3621, Idaho Code

01. Sale of Meals. The sale of meals or drinks that are not included in the price of the ticket on commercial aircraft, railway dining cars or buses operating in Idaho is a retail sale. An airline, bus company or passenger train is operating in Idaho if a trip starts or ends in Idaho and part of the trip can be allocated to Idaho.

02. Taxable Sales. The gross receipts of such a sale are taxable when the meals, beverages or other tangible personal property are ordered or served within the boundaries of Idaho. It does not matter whether the meals and other property are consumed in Idaho.

03. Formula for Taxable Sales. A formula may be used to determine the taxable sales of meals and beverages on the trip if accurate records of actual sales are not kept. The formula is: first, find the percentage of trip miles in Idaho in relation to the total mileage of the trip; and then, multiply this percentage by the total sales of meals or beverages served on the entire trip.

04. Meals, Snacks, Beverages or Other Tangible Personal Property. When the price of an airline, bus, or railway ticket includes meals, snacks, beverages, or other tangible personal property, the cost of these goods is subject to use tax. An airline, bus company, or railway that purchases these goods in Idaho, pays Idaho sales tax to the vendor, regardless of where the goods will be distributed to passengers. If these goods are purchased in another state and no sales or use tax has been paid to that state, the cost of the goods distributed to passengers on trips that start or end in Idaho is subject to use tax. In the absence of accurate records, the provider may determine taxable use based on trip miles determined by the formula in Subsection 017.03 of this rule.

018. RETAILER DEFINED (RULE 018).
Sections 63-3610, 63-3611, 63-3614, 63-3620, 63-3620F, 63-1804, Idaho Code

01. Retailer. The term retailer is defined in Section 63-3610, Idaho Code. A retailer includes a seller as defined in Section 63-3614, Idaho Code as every person making retail sales to a buyer or consumer, whether as agent, broker, or principal.

02. Retailer Engaged in Business in this State. A retailer engaged in business in this state is anyone required to collect and remit Idaho sales and use tax pursuant to Section 63-3611, Idaho Code.
03. **Retailers Selling Incidental Tangible Personal Property.** A person may be a retailer within the meaning of the act although the sale of tangible personal property is incidental to their general business. For example, a plumbing contractor may sell some plumbing supplies as a sideline and thereby become a retailer within the meaning of this act. (7-1-21)T

04. **Farmers.** Farmers who ordinarily sell their grain, livestock and other horticultural products for resale or processing are not taxable. However, when they sell to ultimate consumers or users, they must obtain a seller’s permit and report sales tax on their taxable sales. (7-1-21)T

05. **An Agent as a Retailer.** Where there is a written agreement between a principal and their agent, dealer or other third party, and such agreement stipulates that the agent, dealer or other third party will be responsible for collection, reporting and payment of sales tax generated by sales, the Tax Commission will treat the position of the agent, dealer or third party as that of a retailer and impose on them the burden of collecting, accounting for, and paying the sales tax to the State Tax Commission. (7-1-21)T

a. However, if for example, a milk route salesman, without such an agreement, makes regular deliveries, collects for the products, and sales tax is included in the total proceeds collected and remitted to the principal for proper crediting, accounting, discounts, etc., then it is the responsibility of the principal to relay the sales tax with proper reporting forms as prescribed by law. (7-1-21)T

b. In some instances, such as the above, and the example of a newspaper delivery boy, the sales are actually made on behalf of the dairy and the newspaper company respectively. In the absence of any such written agreement, the Tax Commission will look to the principal as being responsible for the reporting and payment of the sales tax. (7-1-21)T

019. **SALES BY COUNTY SHERIFFS (RULE 019).**
Sections 63-3612, 63-3620, Idaho Code

01. **Sales.** A county sheriff who sells tangible personal property, either as a result of a court order or pursuant to any summary notice and sale foreclosure procedure, will collect and remit sales tax in the same manner as a retailer engaged in business in this state. (7-1-21)T

02. **Requirement to Register.** There is no requirement for the various sheriff’s offices to register with the Commission. Each sheriff’s office in the state of Idaho is assigned a seller’s permit number and must file Form 850 returns quarterly. (7-1-21)T

020. **AUCTIONEER, AGENT, BROKER, DISTRIBUTOR AND FACTORS (RULE 020).**
Section 63-3610, Idaho Code
Every auctioneer, agent, broker, distributor and factor acting for a principal, or entrusted with any bill of lading, custom house permit for delivery or any tangible personal property or entrusted with possession of any tangible personal property for the purpose of sale, collects and remits sales tax on those sales. This is true even if the principal or owner of the property would not have had a requirement to do so. (7-1-21)T

021. **MULTI-LEVEL MARKETING FIRMS (RULE 021).**
Sections 63-3610, 63-3612, Idaho Code

01. **Multi-Level Marketing Firm.** A multi-level marketing firm is an organization that can convey to a person the right to sell a product and the right to convey those rights to another person. (7-1-21)T

02. **Agents.** The Idaho Sales Tax Act provides the Commission with the authority to view salesmen, representatives, peddlers, or canvassers as agents of the dealers or distributors under whom they operate or from whom they obtain the tangible personal property sold by them, even if such persons are independent contractors. The Commission may require the dealers or distributors to collect and remit the sales tax on behalf of such agents. (7-1-21)T

03. **Requirement of Multi-Level Marketing Firms to Collect Tax.** The Commission may, upon the request of the multi-level marketing firm or when it finds evidence of material failure to comply with the Idaho Sales
Tax Act or these rules and when the Commission determines that it is necessary for the efficient administration of such act, require multi-level marketing firms to collect the sales and use tax on all taxable property sold by the multi-level marketing firm through such agents, whether or not the agents are independent contractors.

04. Notification. The Commission, upon determination that a multi-level marketing firm is required to collect the tax on taxable sales through its agents, will provide to the multi-level marketing firm, by certified mail, a notification of the sales and use tax remittance requirements imposed by the Commission.

a. Beginning with the first reporting period after receipt of the notice, the multi-level marketing firm is responsible for collecting and remitting tax on all sales made by its agents.

b. A taxpayer desiring to seek a redetermination of the notice must file a written protest with the Commission within the time limit provided in Section 63-3631, Idaho Code and under the procedures provided by IDAPA 35.02.01.320 - 328, “Tax Administration and Enforcement Administrative Rules.”

022. DROP SHIPMENTS (RULE 022). Sections 63-3615A, 63-3619, 63-3620, 63-3621, & 63-3622, Idaho Code

01. In General. Drop shipments refer to shipments made by a seller to someone other than its buyer. For example, a Manufacturer produces Product X. The Retailer is a distributor of Product X. The Customer, which does business only in Idaho, is the ultimate buyer and consumer of Product X. The Customer places a purchase order with the Retailer. The Retailer, having no inventory in stock, places a purchase order with the Manufacturer. The Retailer directs the Manufacturer to ship the product directly to the Customer in Idaho. The Manufacturer, however, bills the Retailer for the product and receives payment from the Retailer. The Retailer bills and receives payment from the Customer. The nature and use of Product X is not within any of the specified exemptions contained in the Idaho Sales Tax Act. The Manufacturer may or may not be required to have an Idaho seller’s permit. If the Manufacturer sells directly to the Customer without the presence of a retailer, the Manufacturer is acting as a retailer and the transaction is not a drop shipment.

02. Parties to the Contract. The Idaho sales tax is imposed upon sales transactions. Since there is no sales transaction between the Manufacturer and the Customer, the Manufacturer will not be required to collect and remit sales tax from the Customer.

03. Sales Tax Responsibilities of the Permitted Manufacturer. If the Manufacturer is required to have a valid Idaho seller’s permit, it has sales tax responsibilities as to the sales transaction between itself and the Retailer.

a. If the Retailer has an Idaho seller’s permit, it will be necessary for the Retailer to provide the Manufacturer with a resale certificate evidencing its intentions to resell Product X. If the Retailer does not provide the resale certificate, then the Manufacturer charges Idaho sales tax on the sale of tangible personal property sold to the Retailer and delivered in Idaho. If the Retailer provides a resale certificate, the Retailer then charges the Customer Idaho sales tax and remits the tax to the Commission together with a proper return.

b. If the Retailer is not required to have an Idaho seller’s permit, a resale certificate from the Retailer to the Manufacturer is unnecessary. If the Retailer has no nexus with the state of Idaho, it can accrue no sales tax liability and the sale between the Manufacturer and the Retailer is not subject to the jurisdiction of the Commission. The Manufacturer must obtain evidence of this fact in the form of a letter from the Retailer stating that they have no nexus in Idaho or by any other clear and convincing evidence. The Customer’s use or consumption of Product X within Idaho will cause it to accrue a use tax liability. The Customer will be required to file a use tax return and report and remit the use tax on the purchase of Product X.

04. Sales Tax Responsibilities of the Unpermitted Manufacturer. If the Manufacturer does not have and is not required to have a valid Idaho seller’s permit, it has no sales tax responsibilities as to the sales transaction between itself and the Retailer.

a. If the Retailer has an Idaho seller’s permit, the Retailer charges the Customer Idaho sales tax and remits the tax to the Commission together with a proper return.
b. If the Retailer is not required to have an Idaho seller’s permit, the Retailer is under no responsibility to collect Idaho sales tax from the Customer. The Customer’s use or consumption of Product X within Idaho will cause it to accrue a use tax liability. It will be required to file a use tax return and report and remit the use tax on the purchase of Product X.

(7-1-21)T

c. The matrix below outlines the sales tax responsibilities of the Manufacturer:

<table>
<thead>
<tr>
<th>Manufacturer (Permitted)</th>
<th>Retailer (Permitted)</th>
<th>Retailer (No Permit Required)</th>
<th>Customer</th>
</tr>
</thead>
<tbody>
<tr>
<td>Obtain ST-101 or Collect Tax</td>
<td>Obtain Letter of No Nexus or Collect Tax</td>
<td>Do Not Collect Tax from Customer / Use Tax Owed by Customer</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Manufacturer (No Permit Required)</th>

<th>Retailer (No Permit Required)</th>
<th>Customer</th>
</tr>
</thead>
<tbody>
<tr>
<td>Do Not Collect Tax</td>
<td>Do Not Collect Tax</td>
<td>Do Not Collect Tax from Customer / Use Tax Owed by Customer</td>
<td></td>
</tr>
</tbody>
</table>

(7-1-21)T

05. Sales Tax Responsibilities of the Retailer. If the Retailer is required to have a seller’s permit, it is responsible for collecting sales tax from the Customer. If the Retailer is not required to have a seller’s permit, it is not responsible for collecting sales tax from the Customer. The Customer is responsible to pay use tax to the State of Idaho if purchased from an unpermitted retailer.

(7-1-21)T

a. The matrix below outlines the sales tax responsibilities of the Retailer:

<table>
<thead>
<tr>
<th>Retailer (Permitted)</th>
<th>Manufacturer (Permitted)</th>
<th>Manufacturer (No Permit Required)</th>
<th>Customer</th>
</tr>
</thead>
<tbody>
<tr>
<td>Provide Valid Resale Certificate</td>
<td>None</td>
<td>Collect Tax from Customer</td>

<td>Give Letter of No Nexus</td>
<td>None</td>
<td>Do Not Collect Tax from Customer / Use Tax Owed by Customer</td>
<td></td>
</tr>
</tbody>
</table>

(7-1-21)T

06. Resale Certificate. If either the Manufacturer or the Retailer is engaged in interstate commerce, the resale certificate which the Retailer provides to the Manufacturer may be in the form prescribed for uniform exemption certificates by the Multistate Tax Commission if the rules set forth in Rule 128 of these rules are met.

(7-1-21)T

023. (RESERVED)

024. RENTALS OR LEASES OF TANGIBLE PERSONAL PROPERTY (RULE 024).
Sections 63-3612, 63-3613, 63-3616, 63-3622UU, Idaho Code

01. In General. The lease or rental of tangible personal property, including licensed motor vehicles, is a sale.

(7-1-21)T

02. Bare Equipment Rental. A bare equipment rental, that is, a rental of equipment without operator, is a taxable sale. The owner of the equipment is a retailer with a requirement to collect and remit Idaho sales tax on each rental payment and remit the tax to the State Tax Commission just like any other retailer. The tax applies whether the equipment is rented by the hour, day, week, month, or on a mileage, or any other basis. The equipment
owner who primarily rents bare equipment may buy the equipment without paying tax to the vendor by giving the vendor a resale certificate. See Rule 128 of these rules. If the equipment owner uses the equipment for his own benefit or in his own business operations, the equipment owner pays use tax based on a fair market rental value for the period during which he used his own equipment.

03. Fully Operated Equipment Rentals. (7-1-21)T
   a. A fully operated equipment rental, equipment with operator, is a service rather than a retail sale of tangible personal property. No sales tax is due on a fully operated equipment rental. (7-1-21)T

   b. A fully operated equipment rental is an agreement in which the owner or supplier of the equipment or property supplies the equipment or property along with an operator, and the property supplied is of no value to the customer without the operator. (7-1-21)T

   c. The owner or supplier of the equipment or property used in a fully operated equipment rental is the consumer of the equipment or property, and is taxable when he buys or uses the equipment in Idaho. Special rules apply to transient equipment used for short periods in Idaho. See Rule 073 of these rules. (7-1-21)T

   d. If the equipment or property has value to the customer without an operator, then the lease or rental of the equipment or property is a distinct transaction. It is taxable and its price must be stated separately from the price of the service provided by the operator. (7-1-21)T

   e. Example: A crane rental company provides a mobile crane to a contractor, along with an operator. The contractor may not use the crane without the operator, so the leasing company is not required to charge sales tax on the lease of the crane. (7-1-21)T

   f. Example: Pick-Up Industries provides a three (3) cubic yard trash container to a customer. Pick-Up also provides trash hauling service to empty the container. Since the container is used to store trash between collections, its transfer to a customer is a taxable lease. (7-1-21)T

04. Mixed Use of Rental Equipment. (7-1-21)T
   a. If the equipment owner primarily rents bare equipment but sometimes supplies equipment with an operator, the equipment owner is the consumer of the equipment while it is used by the operator to perform a service contract. Accordingly, the equipment owner must pay use tax on the fair market rental value of the equipment for that period of time unless he paid tax when he bought the equipment. (7-1-21)T

   b. If the equipment owner primarily rents fully operated equipment but sometimes rents bare equipment, he charges sales tax on the rental of the bare equipment even though tax was paid on the original purchase of the property. In this case, the owner purchased the equipment for a purpose other than the resale or re-rental of that property in the regular course of business. (7-1-21)T

05. Operator Required to Be Paid by Customer. In some cases, an equipment owner supplies equipment along with an operator but a contract or a state or federal law requires the customer to pay the operator. If all other indications of an employee-employer relationship, such as the right to hire and fire, immediate direction and control, etc., remain with the equipment owner, the owner is viewed as supplying a service and no sales tax applies to the service fee. However, the fact that the transaction is a fully operated equipment rental needs to be clearly stated on the face of the invoice or other billing document. The Commission may, whenever it deems appropriate, examine the facts on a case-by-case basis to determine if a true employer-employee relationship exists between the equipment owner and the operator. (7-1-21)T

06. Maintenance of Rental Equipment. If the owner who primarily rents bare equipment is responsible for the maintenance of the equipment, he may buy the necessary repair parts and equipment tax exempt by providing his vendor with a resale certificate. The owner who rents fully operated equipment may not buy the equipment or repair parts tax exempt. (7-1-21)T

07. Rentals to Exempt Entities. The rental or lease of equipment invoiced directly to an entity exempt
from sales tax, such as the state of Idaho or one (1) of its political subdivisions, is not taxable. However, if the rental or lease is to an individual or organization performing a contract for, or working for an exempt entity, the rental is taxable.

08. **Exempt Equipment Rentals.** Equipment which would have been exempt from tax if purchased is also tax exempt if leased or rented. To claim this exemption, the renter provides the owner with a properly completed exemption certificate. See Rule 128 of these rules.

09. **Rental Payments Applied to Future Sales.** Rentals to be applied toward a future sale or purchase are taxable.

10. **Personal Property Tax.** A lessor may require reimbursement from the lessee for the personal property tax the lessor pays on leased equipment. A charge for personal property tax will be exempt from sales tax if the lease is for a term of one year or longer; if the property tax is billed as a separate line item; and if the charge is no more than the property tax actually paid by the lessor.

11. **Out-of-State Rental/Lease.** Rental or lease payments on equipment used outside Idaho are not subject to Idaho sales tax. Rental or lease payments on equipment used in Idaho are taxable. If the equipment is delivered in Idaho, even though it will be used outside the state, then the rental or lease payment for the first month, or other period, is subject to Idaho tax.

12. **Lease-Purchase and Lease with Option to Purchase.**

a. Lease-purchase agreements include transfers which are called leases by the parties but are really installment, conditional, or similar sales. Where ownership passes to the transferee at the end of the stated terms of the lease contract with no additional consideration from the transferee, or where the additional consideration does not represent the fair market value of the property, the transaction is a sale and tax on the entire sales price is collected on the date the property is delivered.

b. Lease with option to purchase agreements include transfers in which the personal property owner, lessor, transfers possession, dominion, control or use of the property to another for consideration over a stated term and the owner, lessor, keeps the property at the end of the term unless the lessee exercises an option to buy the property at fair market value. The owner/lessor collects sales tax from the lessee at the time each lease payment is charged. If the lessee exercises the option to buy, the lessor/owner collects sales tax from the lessee/buyer on the full remaining purchase price when the option is exercised.

13. **Cross-References.**

a. See Rule 025 of these rules on real property rental.

b. See Rule 037 of these rules on aircraft and flying services.

c. See Rule 038 of these rules on flying clubs.

d. See Rule 044 of these rules on trade-in for rental or lease property.

e. See Rule 049 of these rules on warranties and service agreements.

f. See Rule 073 of these rules on transient equipment.

g. See Rule 106 of these rules on motor vehicles.

025. **THE SALE, LEASE, OR RENTAL OF REAL PROPERTY (RULE 025).**

Section 63-3612, Idaho Code

01. **In General.** The sale, lease, or rental of real property, including office space, living space, lockers, boat docks, billboards, parking spaces, spaces for booths at fairs, and real property storage spaces is not taxable.
02. Hotel, Motel, and Campground Accommodations. The charge for providing hotel, motel, and campground accommodations is taxable as provided by Section 63-3612, Idaho Code. See Rule 028 of these rules.

026. (RESERVED)

027. COMPUTER EQUIPMENT, SOFTWARE, AND DATA SERVICES (RULE 027). Section 63-3616, Idaho Code

01. Definitions. For purposes of this rule, the following terms will have the following meanings:

a. Canned Software. Canned software is prewritten software which is offered for sale, lease, or use to customers on an off-the-shelf basis with little or no modification at the time of the transaction beyond specifying the parameters needed to make the program run. Evidence of canned software includes the selling, licensing, or leasing of identical software more than once. Software may qualify as custom software for the original buyer, licensee, or lessee, but become canned software when sold to others. Canned software includes program modules which are prewritten and later used as part of a larger computer program.

b. Computer. A computer is a programmable machine or device having information processing capabilities and includes word, data, and math processing equipment, testing equipment, programmable microprocessors, and any other integrated circuit embedded in manufactured machinery or equipment.

c. Computer Hardware. Computer hardware is the physical computer assembly and all peripherals, whether attached physically or remotely by any type of network, and includes all equipment, parts and supplies.

d. Computer Program. A computer program, or simply a program, is a sequence of instructions written for the purpose of performing a specific operation in a computer.

e. Computer Software. Computer software, or simply software, is defined as any of the following:

i. A computer program;

ii. Any part of a computer program;

iii. Any sequence of instructions that operates automatic data processing equipment; or

iv. Information stored in an electronic medium.

f. Custom Software. Custom software is software designed and written by a vendor at the specific request of a client to meet a particular need. Custom software includes software which is created when a user purchases the services of a person to create software which is specialized to meet the user’s needs.

g. Digital Product. See definition for “Information Stored in an Electronic Medium” in Subsection 027.01.h.

h. Information Stored in an Electronic Medium. Any electronic data file other than a computer program which can be contained on and accessed from storage media. The term includes audio and video files and any documents stored in an electronic format. For purposes of this rule, the term is interchangeable with “digital product.”

i. Load and Leave Method. A method of software delivery in which the vendor or an agent of the vendor loads software onto the user’s storage media at the user’s location but does not transfer storage media containing the software to the user.
j. Remotely Accessed Computer Software. Computer software that a user accesses over the internet, over private or public networks, or through wireless media, and the user only has the right to use or access the software by means of a license, lease, subscription, service, or other agreement. (7-1-21)T

k. Storage Media. Storage media include, but are not limited to, hard disks, optical media discs, diskettes, magnetic tape data storage, solid state drives, and other semiconductor memory chips used for nonvolatile storage of information readable by a computer. (7-1-21)T

02. Computer Hardware. The sale or lease of computer hardware is a sale at retail. Sales tax is imposed based on the total purchase price, lease, or rental charges. See Rule 024 of these rules. (7-1-21)T

03. Canned Software. When canned software is sold and delivered on storage media to the user and the storage media remains in the possession of the user, it is tangible personal property and the sale is taxable. If the storage media is sold along with other computer hardware, any canned software loaded on the storage media is tangible personal property the sale of which is taxable. If canned software is sold and delivered electronically or by the load and leave method, it is not tangible personal property and the sale is not taxable. If canned software is sold using a physical package but the package does not contain the canned software on storage media, it is not tangible personal property and the sale is not taxable. For example, if a printed key code is sold in a box that allows the user to download canned software and activate the canned software using the key code, the sale is not taxable. (7-1-21)T

a. If canned software is loaded on a user’s computer but has minimal or no functionality without connecting to the provider’s servers over the internet, the sale of that canned software may still be taxable based upon the delivery method of the canned software as outlined in Subsection 027.03 of this rule. (7-1-21)T

b. Special rules apply to digital music, digital books, digital videos, and digital games. See Subsections 027.06 and 027.07 of this rule. (7-1-21)T
c. When a sale of canned software is taxable, tax applies to the entire amount charged to the customer for canned software. If the consideration consists of license fees, royalty fees, right to use fees or program design fees, whether for a period of minimum use or for extended periods, all fees are included in the taxable price. (7-1-21)T

04. Remotely Accessed Computer Software. Remotely accessed computer software is not tangible personal property and charges to use or access such software are not taxable. (7-1-21)T

05. Maintenance Contracts. Maintenance contracts sold in connection with the sale or lease of canned software generally provide that the buyer will be entitled to receive periodic program enhancements and error correction, often referred to as upgrades, either on storage media or through remote telecommunications. The maintenance contract may also provide that the buyer will be entitled to telephone or on-site support services. (7-1-21)T

a. If the maintenance contract is required as a condition of the sale, lease, or rental of canned software, the gross sales price is taxable if the software to which the contract applies is taxable. Tax applies whether or not the charge for the maintenance contract is separately stated from the charge for software. In determining whether an agreement is optional or mandatory, the terms of the contract will be controlling. (7-1-21)T

b. If the maintenance contract is optional to the buyer of canned software:

i. Then only the portion of the contract fee representing upgrades is taxable if the fee for any maintenance agreement support services is separately stated and the upgrades are delivered on storage media; (7-1-21)T

ii. If the fee for any maintenance agreement support services is not separately stated from the fee for upgrades and the upgrades are delivered on storage media, then fifty percent (50%) of the entire charge for the maintenance contract is taxable; (7-1-21)T
iii. If the maintenance contract only provides upgrades delivered on storage media, and no maintenance agreement support services, then the entire sales price of the contract is taxable; (7-1-21)T

iv. If the maintenance contract only provides support services, and the customer is not entitled to or does not receive any canned computer software upgrades or enhancements, then the sale of the contract is not taxable. (7-1-21)T

c. If an optional software maintenance contract provides for software updates to be delivered electronically but also allows a customer to receive software updates on storage media, no portion of the contract is taxable unless the customer receives software updates on storage media. (7-1-21)T

06. Digital Products. Digital music, digital books, digital videos, and digital games are tangible personal property regardless of the delivery or access method but only if the buyer has a permanent right to use the digital music, digital books, digital videos, or digital games. Where the buyer has a permanent right to use these digital products, the sale is taxable. Leases or rentals of these digital products are not taxable. (7-1-21)T

a. Other than digital music, digital books, digital videos, or digital games, information stored in an electronic medium is tangible personal property only if it is transferred to the user on storage media that is retained by the user. (7-1-21)T

b. If a digital game requires the internet for some or all of its functionality, the sale of that digital game is taxable if the buyer has a permanent right to use the digital game. If a user pays a periodic subscription charge to play a digital game, the periodic subscription charge is not taxable. If a user pays a periodic subscription charge for a gaming service that enables certain functionality such as multiplayer capability in one or more digital games, the periodic charge is not taxable. (7-1-21)T

07. Digital Subscriptions. Digital subscriptions consist of an agreement with a seller that grants a user the right to obtain or access digital products in a fixed quantity or for a fixed period of time. Digital subscriptions are not taxable. (7-1-21)T

08. Reports Compiled by a Computer. The sale of statistical reports, graphs, diagrams, microfilm, microfiche, photorecordings, or any other information produced or compiled by a computer and sold or reproduced for sale in substantially the same form as it is produced is a sale of tangible personal property and is taxable if the final product is printed or delivered in an electronic format on storage media. If a report is compiled from information furnished by the same person to whom the finished report is sold, the report will be taxable unless the person selling the report performs some sort of service regarding the data or restates the data in substantially different form than that from which it was originally presented or delivers the report to the buyer electronically. (7-1-21)T

a. Example: An accountant uses a computer to prepare financial statements from a client’s automated accounting records. No tax will apply since what is sought is the accountant’s expertise and knowledge of generally accepted accounting principles. (7-1-21)T

b. Example: A company sells mailing lists which are transferred to the user on storage media that remains in the possession of the user. The seller compiles all the mailing lists from a single data base. Since the same data base is used for all such mailing lists it is not custom software. Therefore, the sale is taxable. (7-1-21)T

c. Example: An auto parts retailer hires a data processing firm to optically scan and record its parts book on a computer disk. No analysis or other service is performed regarding the data. Essentially, this is the same as making a copy of the parts books and the sale is, therefore, taxable. (7-1-21)T

d. When additional copies of records, reports, manuals, tabulations, etc., are provided, tax applies to the charges made for the additional copies. Additional copies are all copies in excess of those produced simultaneously with the production of the original and on the same printer, where the copies are prepared by running the same program, by using multiple printers, by looping the program, by using different programs to produce the same output, or by other means. (7-1-21)T

e. Charges for copies produced by means of photocopying, multilithing, or by other means are
taxable. (7-1-21)T

09. **Online or Remote Data Storage.** Charges to store data on storage media owned and controlled by another party is a nontaxable service. (7-1-21)T

10. **Training Services.** Separately stated charges for training services are not taxable, unless they are incidental services agreed to be rendered as a part of the sale of tangible personal property as provided by Rule 011 of these rules.
   a. When separate charges are made for training materials, such as books, manuals, or canned software, sales tax applies. (7-1-21)T
   b. When training materials are provided at no cost to the buyer in conjunction with the sale of tangible personal property, the training materials are considered to be included in the sales price of the tangible personal property. (7-1-21)T
   c. When no tangible personal property, computer hardware or canned software, is sold and training materials are provided at no charge to the customer, the provider of the training is the consumer of the training materials and is required to pay sales tax or accrue and remit use tax. (7-1-21)T

11. **Custom Software.** The transfer of title, possession, or use for a consideration of custom software is not taxable. Custom software is specified, designed, and created by a vendor at the specific request of a client to meet a particular need. Custom software includes software which is created when a user purchases the services of a person to create software which is specialized to meet the user’s needs. The term includes those services that are represented by separately stated and identified charges for modification to existing canned software which are made to the special order of the customer, even though the sales, lease, or license of the existing program remains taxable. Examples of services that do not result in custom software include loading parameters to initialize program settings and arranging preprogrammed modules to form a complete program.
   a. Tax does not apply to the sale, license, or lease of custom software regardless of the form or means by which the program is transferred. The tax does not apply to the transfer of custom software or custom programming services performed in connection with the sale or lease of computer equipment if such charges are separately stated from the charges for the equipment. (7-1-21)T
   b. If the custom programming charges are not separately stated from the sale or lease of equipment, they will be considered taxable as part of the sale. (7-1-21)T
   c. Custom software includes a program prepared to the special order of a customer who will use the program to produce and sell or lease copies of the program. The sale of the program by the customer for whom the custom software was prepared will be a sale of canned software. (7-1-21)T

12. **Purchases for Resale.** Sales tax does not apply when computer hardware or software is purchased for resale. A properly executed resale certificate must be on file. See Rule 128 of these rules. (7-1-21)T

01. **Fees.** Fees charged for providing hotel, motel, and campground accommodations are subject to the state sales tax, the Idaho Travel and Convention taxes and may be subject to the Auditorium or Community Center District sales tax. This includes fees collected for short-term rentals and vacation rentals even when the sale is facilitated by a short-term rental marketplace. These taxes are explained in IDAPA 35.01.06, “Hotel/Motel Room and Campground Sales Tax Administrative Rules.” (7-1-21)T

02. **Resale Purchases.** Hotels, motels, lodging operators, short-term rentals, vacation rentals, and campgrounds may purchase tangible personal property for consumption by their customers without paying tax if the tangible personal property is included in the fee charged to the customer and is directly consumed by the customer in such a way that it cannot be reused. Hotels, motels, lodging operators, short-term rentals, vacation rentals, and
campgrounds must provide a resale certificate to their vendor when purchasing such items for resale. Examples include:

- **Facial tissue, toilet tissue, disposable laundry pickup bags, and paper napkins.**
- **Soaps, hair shampoo, hair conditioners, and lotions.**
- **Disposable plastic drinking glasses, disposable plastic utensils, disposable shoe shine cloths, and disposable shower caps.**
- **Candies, beverages, meals, and newspapers furnished with the room.**
- **Room stationery, envelopes, notepads, and matches.**

### 03. Taxable Purchases

Tangible personal property which is not included in the fee charged to the customer and not directly consumed by the customer is taxable when purchased by the hotel, motel, lodging operator, short-term rental, vacation rental, or campground. Taxable purchases include property not directly consumed by the customer, property that is not disposable in nature, or property that is depreciated in the books and records of the hotel, motel, lodging operator, short-term rental, vacation rental, or campground. The hotel, motel, lodging operator, short-term rental, vacation rental, or campground is the user and consumer of such supplies and equipment and will pay sales tax on the purchase of such items. Examples include:

- **Bath towels, bath mats, linens, and bedding.**
- **Glassware, silverware, and china.**
- **Furniture and fixtures.**
- **Bibles, room service menus, and directories.**
- **Garbage can liners.**
- **Any tangible personal property available to the general public.**

### 029. PRODUCING, FABRICATING, AND PROCESSING (RULE 029)

Section 63-3612, Idaho Code

#### 01. In General

Tax applies to charges for producing, fabricating, processing, printing, imprinting, or the engraving of tangible personal property for a consideration, whether consumers furnish either directly or indirectly the materials used in the producing, fabricating, processing, printing, imprinting, or engraving. (7-1-21)T

- **Example 1:** An owner purchases cabinets from a cabinetmaker to be made according to specifications furnished by the owner. The cabinetmaker delivers the cabinets to the owner who installs them himself. A sales tax will be collected by the cabinetmaker from the owner measured by the entire sales price. (7-1-21)T

- **Example 2:** An owner purchases material, on which he pays a sales tax, which he delivers to a cabinetmaker. The cabinetmaker uses this material to manufacture cabinets for the owner according to specification. These cabinets are delivered to the owner and an agreed price is paid for the work done by the cabinetmaker. A sales tax will be collected from the owner, measured by the entire price charged by the cabinetmaker. (7-1-21)T

- **Example 3:** An individual takes a plaque, on which sales tax has been paid, to an engraver and requests the plaque be engraved with an inscription. The total price paid for the engraving is taxable. (7-1-21)T

- **Example 4:** A club purchases trophies from a retailer and requests that the trophies be engraved with individual names. The trophies are engraved and delivered for an agreed price. The measure of the sales tax is the price of the trophies plus the engraving charge. (7-1-21)T
e. Example 5: An individual takes a beef to a packing plant and requests that the meat be processed by cutting, wrapping, and freezing the meat to the buyer’s specification. The total price paid for this processing is taxable.

f. Example 6: A hunter takes a deer to a business which processes smoked meats. Although the material consumed in the smoking process may be minimal, the entire price paid for this processing is taxable.

02. Repairing and Reconditioning Distinguished. Producing, fabricating, and processing includes any operation which results in the creation or production of tangible personal property or which is a step in a process or series of operations resulting in the creation or production of tangible personal property. The terms do not include operations which do not result in the creation or production of tangible personal property or which do not constitute a step in a process or series of operations resulting in the creation or production of tangible personal property, but which constitute merely the repair or reconditioning of tangible personal property to refit it for the use for which it was originally produced.

03. Cross-References.

a. Repairs and Renovation of Tangible Personal Property. See Rules 011 and 062 of these rules.

b. Fabrications by Contractors. See Rule 012 of these rules.

030. ADMISSIONS DEFINED (RULE 030).

Section 63-3612, Idaho Code

01. Admissions. Charges for admission to a place or event in Idaho include the right to remain in a place or use a seat or table or other similar accommodation and are taxable. The charge to gain access to a place or event is taxable whether that charge is designated as a cover charge, minimum charge or any such similar charge.

a. When charges for admission allow access to a place or event for a limited period, any additional charge to extend that time is admission and is taxable.

b. When a person or organization acquires the sole right to use any place or the right to dispose of or control the admissions to any place with the intent to charge people to attend the event, the amount paid for such right is not subject to sales tax. Such a transaction constitutes a rental for resale. However, when the person or organization sells admission, the tax will apply to the amounts paid for such admission. If the person or organization does not charge people to attend the event, their rental of the recreational facility may be taxable. See Rule 129 of these rules.

02. Rental of Tangible Personal Property. When a charge is made only for the rental of tangible personal property such as skates, golf clubs, etc., the rental will be taxable. If a lesser charge is made to a person not desiring to use the property or services offered, this lesser amount will be deemed to represent the amount charged for admission.

031. RADIO AND TELECOMMUNICATIONS EQUIPMENT AND LAND MOBILE RADIO SERVICE OF SYSTEMS (RULE 031).

Sections 63-3612, 63-3621, Idaho Code

01. General Rule and Scope. The sale, rental or lease of communication equipment and land mobile radio systems are taxable. This rule describes sales and use tax treatment of telephone terminal equipment or services and land mobile radio systems or service.

02. Telephone Terminal Equipment and Services.

a. The sale, rental, or lease of telephone terminal equipment is taxable. Telephone terminal equipment
includes, but is not limited to, desk sets, PBX systems, automated answering equipment, cellular telephones and mobile radio telephones.

**b.** Fees for access charges, toll charges, call waiting, call forward, message recording, and similar charges to customers are not taxable.

**03. Land Mobile Radio Systems or Services.** Land mobile radio systems and services, defined by 47 CFR § 90.7, are a regularly interacting group of base, mobile and associated control and fixed relay stations intended to provide land mobile radio communications service over a single area of operation.

**a.** The sale, rental, or lease of terminal equipment or equipment located on the customer’s premises is taxable. The equipment includes handsets, mobile telephones, antennae, and like or similar property.

**b.** Separately stated fees for the installation of terminal equipment or equipment that will be located on the customer’s premises is not taxable.

**c.** Separately stated fees for access charges, toll charges, and similar charges are not taxable.

**04. Provider Equipment.** The owner or provider of telephone or land mobile radio systems and services must pay a sales or use tax on any tangible personal property purchased for the use of the business. This includes but is not limited to: equipment or tangible personal property used in receiving or transmitting, excluding the equipment referenced in Subsection 031.02.a., office supplies, repair equipment, accounting or customer billing equipment, and equipment or devices or other property used to maintain or repair land mobile radio systems or services.

**05. Drop-In Equipment and Inside Wiring.** The installation of the drop-in equipment and inside wiring useful or necessary to bring telephonic or radio communication transmissions from a source outside the premises of the user, for example, telephone pole or transmitter, to terminal equipment within the user’s premises is an improvement to real property and anyone performing the installation is a contractor. Drop-in equipment and inside wiring includes, but is not limited to, wires, plugs, sockets, receptacles, connectors and similar items. See Rule 012 of these rules for tax treatment of contractors.

**06. Wireless Telecommunications Equipment.** A retailer may give away wireless telecommunications equipment as an incentive to start or continue a contract for telecommunications service. Such use is exempt from tax pursuant to Section 63-3621(a), Idaho Code. For the purposes of this exemption “telecommunications service” means the transmission of two-way interactive switched signs, signals, writing, images, sounds, messages, data, or other information that is offered to the public for compensation. “Telecommunication service” does not include the one-way transmission to subscribers of video programming, or other programming service, and subscriber interaction, if any, necessary for the selection of such video programming or other programming service, surveying, internet service, alarm monitoring service, or the provision of radio paging, mobile radio telecommunication services, answering services (including computerized or otherwise automated answering or voice message services).

**032. (RESERVED)**

**033. SALES OF NEWSPAPERS AND MAGAZINES (RULE 033).** Sections 63-3610, 63-3612, 63-3613, 63-3622, Idaho Code

**01. Subscriptions.** Subscriptions to newspapers and magazines are sales of tangible personal property. The sale will be taxed if the single copy price of each newspaper or magazine purchased by the subscriber exceeds eleven cents ($0.11). The single copy price is to be computed on an annual basis regardless of whether the subscription is paid weekly, monthly or on some other periodic basis.

**02. Single Copy Price.** The single copy price is to be computed according to the following formula.

\[
\text{Single Copy Price} = \frac{(\text{Published subscription price}) \times (\text{Number of subscription periods in one (1) year})}{(\text{Number of issues a subscriber receives in one (1) year})}
\]

If the single copy price as computed exceeds eleven ($0.11) cents, the
subscription is taxable. If the single copy price is eleven cents ($0.11) or less, the subscription price is not taxable.

03. **Computation of Tax.** If the subscription price is taxable, the tax is to be computed on the subscription price according to the schedule contained in Section 63-3619, Idaho Code.

04. **Subscription Price.** As used in this rule, the terms published subscription price and subscription price mean the total amount charged for purchase and delivery of the newspaper and magazine, except that separately stated postage is to be excluded from the taxable subscription price. It is acceptable business practice for publishers to establish a price for their newspapers as separate weekday-only and Sunday-only issues. The provisions of this rule will be in effect in such cases. When the price is posted as a combined weekday-Sunday price, sales tax will be charged on the combined subscription price.

05. **Individual Sales.** Individual or separate sales of newspapers or magazines, except as provided in Subsection 033.06 of this rule for a single price of eleven cents ($0.11) or less are not taxable. Individual or separate sales of newspapers or magazines for a single price exceeding eleven cents ($0.11) are taxable according to the schedule provided in Section 63-3619, Idaho Code. Separate or individual sales of newspapers or magazines together with taxable retail sales or other taxable tangible personal property is taxable if the total sales price of all taxable property included in the sale exceeds eleven cents ($0.11).

06. **Vending Machine Sales.** Sales of newspapers or magazines through a vending machine are governed by the provisions of Section 63-3613, Idaho Code, and Rule 058 of these rules, except when the cost of the newspaper is greater than the sales price, tax will be computed on the retail sales price.

07. **Independent Retailer Sales.** The sale of newspapers by a publisher to an independent retailer will be tax exempt only if the retailer provides the publisher with a properly executed resale certificate. See Rule 128 of these rules. The incidence of sales tax then falls upon the independent retailer who has a seller’s permit and will be responsible for collecting and remitting the sales tax on all newspapers thus purchased and resold.

08. **Carriers Less Than Sixteen Years Old.** If the carrier is less than sixteen (16) years old, the publisher or other seller’s permit holder from whom he or she obtains the newspapers will be responsible for the collection of sales tax and remitting such taxes to the Commission.

09. **Product Consumed by the Publisher.** Eight-tenths of one percent (0.8%) of net press run of newspapers or magazines, will be taxed as product consumed by the publisher. Any percentage figure below eight-tenths of one percent (0.8%) is to be supported by accepted accounting methods generally used in the publishing industry. The value of the newspapers used is set at the retail price charged the consumer. Example: (Eight tenths of one percent (0.8%) of Daily Net Press Run) x (Single Copy Retail Price) x (Tax Rate) / Daily Net Press Run = Tax Per Copy.

10. **Single Unit Price and Net Press Run.** For purposes of the computation in Subsection 033.09 of this rule single copy price is the amount computed by the formula in Subsection 033.02 of this rule. Net press run is all readable, usable copies, including editorial copies, tear sheets, and archival copies, and excluding spoiled runs or printing waste.

11. **Cross-Reference.**

   a. See Rule 058 of these rules, Sales Through Vending Machines.

   b. See Rule 127 of these rules, Free Distribution Newspapers.

   c. See Rule 128 of these rules, Certificates for Resale and Other Exemption Claims.

034. **(RESERVED)**

035. **LAYAWAY SALES (RULE 035).**
Sections 63-3612, 63-3613, Idaho Code
01. In General. Sales tax must be collected on the total sales price of the items on layaway at the time of sale. (7-1-21)T

02. The Time a Sale Occurs. A sale occurs when title to property passes through delivery to the customer or absolute and unconditional appropriation to a contract. (7-1-21)T

a. The sales tax is accrued and remitted to the state based on the tax rate in effect at the time of sale. (7-1-21)T

b. Separately stated nonrefundable layaway service charges are not taxable. (7-1-21)T

036. SIGNS AND BILLBOARDS (RULE 036). Sections 63-3609, 63-3612, 63-3613, 63-3622, Idaho Code

01. Signs and Billboards as Custom Made Articles. The fabrication, manufacturing, lettering, etc., of advertising or informational signs of whatever description, including, but not limited to, neon signs, display lettering on trucks, display cards, show cards, etc., are considered made-to-order goods or custom made articles and as such are subject to sales tax based upon the total sales price of the completed sign to the user. The sales price includes both material and labor. (7-1-21)T

02. Lease or Rental of Signs. The lease or rental of signs is taxable and sales tax will be collected and remitted to the state upon the date on which rental payments are due and owing the lessor. The tax will be measured by the gross rental receipts. A lease-purchase agreement which in fact a sale, will be treated as a sale and tax collected on the entire sales price at the date upon which the contract is executed. (7-1-21)T

03. Material That Becomes Part of a Sign. The sale of advertising signs may consist of a mixed transaction including both a sale of tangible personal property and a sale of real property. (7-1-21)T

a. Persons who sell signs may buy materials which become a part of the product without paying tax if they give the seller the documentation required by Rule 128 of these rules. Both the materials and labor necessary to fabricate the sign are taxable. Therefore, the entire price of the tangible personal property sold will be taxable to the customer. (7-1-21)T

b. Signs may be attached to poles or mountings that are affixed to real property in such a way that they are intended to remain in place and become a real property improvement. The person installing materials into real property is acting as a contractor and is the consumer of the materials installed, such as the concrete or sign poles. The contractor owes a sales or use tax on the purchase of these materials. (7-1-21)T

04. Road Signs. Road signs are signs installed alongside or above roads that provide roadway information to users of the road. Examples of road signs include traffic signs such as speed limit signs and stop signs; street signs; recreational area signs; highway signs such as mileage signs and exit signs; and highway exit service information signs. (7-1-21)T

a. In general, road signs become real property upon installation. Consequently, an installer of road signs acts as a contractor improving real property when performing the installation work. Therefore, a road sign installer is the consumer of all materials used in the installation of the road sign. The installer owes sales or use tax on its use of all sign materials regardless of whether the installer purchased the materials or had the sign materials provided by the sign owner. However, if the sign owner has already paid sales or use tax on its purchase of the sign materials, the installer will not owe any additional use tax. (7-1-21)T

b. Alternatively, if a road sign is intended to serve a temporary purpose, the road sign does not become real property regardless of the nature of its purpose or how the road sign is affixed to real property. (7-1-21)T

i. Example 1: A contractor installs a stop sign on behalf of a public transportation department to adjust traffic flow during a period of road construction. The contractor removes the stop sign upon completion of the construction and returns the stop sign to the public transportation department. The stop sign remains tangible personal
property while installed. Therefore, the contractor does not owe use tax.

Example 2: A contractor purchases signs used to warn approaching vehicles of a construction project that affects traffic flow such as "Be Prepared to Stop." The contractor maintains an inventory of such signs for use on a variety of projects. The signs only ever serve a temporary purpose for the duration of a project. The contractor does not resell the signs or install the signs on a permanent basis. The purchase of these signs is taxable to the contractor.

05. Custom Painting Directly on Real Property. A sale of custom painting of displays, graphics or signs directly on walls or windows of a building is not considered to be a retail sale of tangible personal property and is not taxable. The sign painter pays sales or use tax on purchases of materials used to paint these custom displays, graphics or signs.

06. Billboards. Billboards, which are also referred to as twenty-four (24) sheet posters and painted billboards, are not in the same category as signs covered in this rule. The rental of a billboard is not a rental of tangible personal property under the Idaho Sales Tax Act. Material used in the construction, erection, painting, and maintenance of a billboard is taxable.

037. AIRCRAFT AND FLYING SERVICES (RULE 037). Sections 63-3607A, 63-3612, 63-3613, 63-3622C, 63-3622GG, Idaho Code

01. Definitions. For the purposes of this rule, the following terms have the following meanings:

a. Aircraft. The term aircraft means any contrivance now known or hereafter invented, used, or designed, for navigation of or flight in the air.

b. Recreational Flight. The hiring on demand of an aircraft with a pilot to transport passengers for a recreational purpose. Examples are a pleasure ride, sightseeing, wildlife viewing, hot air balloon rides, or other similar activities.

c. Freight. Goods transported by a carrier between two (2) points. Freight does not include goods which are being transported for the purpose of aerial spraying or dumping. See Subsection 037.06 of this rule.

d. Transportation of Passengers. The transportation of passengers means the service of transporting passengers from one (1) point to another. It does not include survey flights, recreational or sightseeing flights, nor does it include any flight that begins and ends at the same point.

e. Nonresident Individual. An individual as defined by Section 63-3014, Idaho Code.

f. Nonresident Businesses and Other Organizations. A corporation, partnership, limited liability company, or other organization will be considered a nonresident if it is not formed under the laws of the state of Idaho, is not required to be registered to do business with the Idaho Secretary of State, does not have significant contacts with this state, and does not have consistent operations in this state. A limited liability company (LLC) or other legal entity formed by an Idaho resident under the laws of another state primarily for the purpose of purchasing and owning one (1) or more aircraft is not a nonresident. The use of an aircraft owned by such an entity will be subject to use tax upon its first use in Idaho.

g. Day. For the purpose of this rule any part of a day is a day.

h. Transportation of freight or passengers for hire. "Transportation of freight or passengers for hire" means the business of transporting persons or property for compensation from one (1) location on the ground or water to another.

i. Common Carrier. The operation of an aircraft in the transportation of freight or passengers for hire by members of the public. When operating as a common carrier, the operator or owner of an aircraft usually charges a
rate that will generate a profit. For flights in which federal regulations limit or minimize this profit, the aircraft is likely not operating as a common carrier.

j. Public. The public does not include:

i. Owners or operators of the aircraft;

ii. Employees of the aircraft owner or operator;

iii. Guests of the aircraft owner or operator;

iv. Any of the above with the same relationship to a parent of the aircraft owner, a subsidiary of that parent, or a subsidiary of the aircraft owner;

v. An individual or entity flying under a time sharing agreement which is an arrangement where an aircraft owner leases his aircraft with flight crew to another individual or entity and the aircraft owner limits the amount charged in accordance with federal regulations; or

vi. An individual or entity flying under an interchange agreement which is an arrangement where an aircraft owner leases his aircraft to another aircraft owner in exchange for equal time on the other owner’s aircraft and any fees charged may not exceed the difference between the costs of owning, operating, and maintaining the two (2) aircraft.

02. Sales of Aircraft. Sales of aircraft are taxable unless an exemption applies. Section 63-3622GG, Idaho Code, provides an exemption for the sale, lease, purchase, or use of an aircraft:

a. Primarily used to provide passenger or freight services for hire as a common carrier;

i. Example 1: An aircraft is flown for the following activities: the aircraft owner’s personal vacations, flight instruction, and charter operations for hire as a common carrier. The flight hours for each activity are forty-five (45), sixty-five (65) and seventy-five (75) hours respectively in a consecutive twelve (12) month period. The combined flight hours for the taxable uses of the aircraft, owner and flight instruction, (45 + 65 = 110 hours) are more than the hours operating as a common carrier (75 hours). Since the greater use of the aircraft is performing activities that do not qualify for an exemption, the use of the aircraft will be taxable at fair market value as of that point in time.

ii. Example 2: A charter aircraft service uses an aircraft for three purposes: flight instruction, air ambulance service, and charter flights operated as a common carrier. The flight hours for each activity are one hundred (100), sixty (60) and fifty (50) respectively in a consecutive twelve (12) month period. The combined flight hours for the exempt uses of the aircraft, as an air ambulance and as a common carrier (60 + 50 = 110 hours), are more than the hours used for flight instruction one hundred (100) hours. Since the greater use of the aircraft is performing activities that qualify for an exemption, the use of the aircraft will be exempt.

b. Primarily used for emergency transportation of sick or injured persons;

c. That is a fixed-wing aircraft primarily used as an air tactical group supervisor platform under a contract with a governmental entity for wildfire activity; or

d. Purchased for use outside this state, when the aircraft is upon delivery taken outside this state, but only if:

i. The aircraft is sold to a nonresident as defined in Subsection 037.01.d. or 037.01.e. of this rule; and

ii. The registration will be immediately changed to show the new owner and the aircraft will not be used in this state more than ninety (90) days in any consecutive twelve (12) month period.
03. **Sales of Aircraft Repair Parts to Nonresidents.** Subject to the restrictions of Section 63-3622GG, Idaho Code, sales of aircraft repair parts, including those paid for under a warranty or service agreement, are exempt from tax when installed on an aircraft owned by a nonresident individual or business as defined in Subsection 037.01 of this rule.

04. **Federal Law Prohibits States From Taxing Sales of Air Transportation.** See 49 U.S.C. Section 40116. For this reason, sales of intrastate transportation as described by Section 63-3612(i), Idaho Code, are not taxable in Idaho.

05. **Rentals and Leases of Aircraft.** The rental or lease of an aircraft without operator is a taxable sale, other than as provided in Subsection 037.02 of this rule. See Rule 024 of these rules.

06. **Aerial Contracting Services.** Businesses primarily engaged in the application of agricultural chemicals as described in Federal Aviation Regulation Part 137, or in activities involving the carrying of external loads as described in Federal Aviation Regulation Part 133, such as aerial logging, are performing aerial contracting services. Such businesses are not primarily engaged in the transportation of freight.

a. Aircraft purchased, rented, or leased for aerial contracting are taxable. It makes no difference if the service is provided to a government agency or a private individual or company. Sales or use tax also applies to the purchase of repair parts, oil, and other tangible personal property.

b. When aircraft held for resale are used by the owner, who is an aircraft dealer, for aerial contracting services, a taxable use occurs. The use tax is due on a reasonable rental value for the time the aircraft is used to provide the service.

07. **Air Ambulance Service.** Charges for the emergency transportation of sick or injured persons, including standby time, are not taxable.

08. **Flying Instructions.** Flying instructions or lessons which may include solo flights are a service and the fees are not taxable.

a. Aircraft purchased, rented, or leased to be used primarily for flying instruction are taxable.

b. When aircraft held for resale are used by the aircraft dealer for flying instructions or lessons, a taxable use occurs. The use tax is due on a reasonable rental value for the time the aircraft is used to provide the service.

09. **Recreational Flights.** Sales and purchase of aircraft used primarily for providing recreational flights are taxable.

10. **Aircraft Held for Resale.** Aircraft purchased and held for resale become taxable when used for purposes other than demonstration or display in the regular course of business.

a. Rentals of aircraft held for resale are taxable as provided by Subsection 037.05 of this rule.

b. When an aircraft held for resale is used for a taxable purpose, the dealer owes tax on that use. The use tax applies to a reasonable rental value for the time the aircraft is used.

c. Parts and oil purchased to repair or maintain aircraft held for resale are not taxable. The aircraft dealer provides the supplier with a properly completed resale certificate. See Rule 128 of these rules.

11. **Fuel.** The sale or purchase of fuels subject to motor fuels tax, or on which a motor fuels tax has been paid, pursuant to Chapter 24, Title 63, Idaho Code, is exempt from sales and use tax.

038. **FLYING CLUBS (RULE 038).**
01. **In General.** A flying club is an association of persons who have purchased or leased aircraft for the purpose of renting the aircraft to club members. The aircraft rentals to the club members are considered bare equipment rentals and are taxable at a reasonable rental value. (7-1-21)T

02. **Rental or Sale of Aircraft to Members.** The flying club is a retailer who is required to obtain a seller’s permit and collect and remit sales tax. The sales tax, at the prevailing tax rate, is to be collected by the flying club and remitted to the Commission in the manner prescribed for other retailers. The tax is applicable whether the aircraft is sold or is rented on an hourly, daily, weekly, monthly, or any other basis. The flying club, primarily engaged in the business of making bare equipment rentals to club members, may purchase or lease the aircraft without paying sales tax by giving to its vendor a valid resale certificate as required by Rule 128 of these rules. (7-1-21)T

03. **Other Charges to Members.** Charges for membership fees are generally taxable. If the membership fee is in no way related to the rental of the aircraft, the fee is not taxable. Charges for flight instruction, if such charges are separately stated, are not taxable. However, charges for logbooks and flight instruction manuals are taxable. (7-1-21)T

04. **Aircraft Repair Parts.** If the flying club is responsible for the maintenance of the aircraft, the club may purchase the necessary repair and replacement parts without paying tax by providing a valid resale certificate. See Rule 128 of these rules. (7-1-21)T

05. **Cross-Reference.** Aircraft and Flying Services see Rule 037 of these rules. (7-1-21)T

039. **BULLION, COINS, OR OTHER CURRENCY (RULE 039).**

Sections 63-3612, 63-3613, 63-3622V, Idaho Code

01. **Sales and Purchases of Bullion.** Sales and purchases of precious metal bullion and monetized bullion are exempt from sales tax. (7-1-21)T

   a. Precious metal bullion is an elementary precious metal, such as gold, silver, platinum, rhodium and chromium which has been processed by smelting or refining and where the value of the metal depends upon the content and not upon its form. (7-1-21)T

   b. Monetized bullion is a coin made of gold, silver or other metals which has been, is or will be used as a medium of exchange under the laws of this state, the United States or any foreign nation. (7-1-21)T

02. **Jewelry or Other Works of Art.** The exemption does not extend to coins or money sold to create jewelry or other works of art. The exemption also does not extend to sales of coins whose values may be determined by their form, and which are not minted or manufactured as currency. (7-1-21)T

   a. Sales of medallions, tokens or other coins created to commemorate a historical event are taxable. However, sales of Idaho commemorative medallions through the Office of the Treasurer of the state of Idaho or its agents are exempt pursuant to Section 63-3622PP, Idaho Code. (7-1-21)T

   b. Sales of precious metal ingots are exempt from sales tax. Sales of jewelry items, such as belt buckles, bracelets or necklaces, containing silver dollars or other legal tender or ingots are taxable. (7-1-21)T

   c. Sales of coins, such as Krugerrands the one (1) ounce gold coins of the Republic of South Africa, are exempt, unless incorporated into a jewelry item or other decoration. (7-1-21)T

040. **PROFESSIONAL TAXIDERMIST (RULE 040).**

Sections 63-3612, 63-3613, Idaho Code

01. **In General.** The taxidermy profession is subject to Idaho sales and use tax under the category of custom made items. The underlying reason for the custom made section of Idaho Code is to equalize the tax on custom made items to those that could be purchased and sold in channels of trade. When buying an item fabricated
from either a hide or fur pelt, the purchase price is based on the full cost of material and labor. In the instance of the taxidermy profession, the untanned pelt of hide would be the basic raw material from which the finished product was fabricated.

02. Fabrication. A deerskin brought to the taxidermist for tanning should be taxed on the price charged by the taxidermist for tanning. If later that tanned skin is taken to a business that fabricates either gloves, moccasins, or jackets, again the fabricator should charge tax on the cost of fabricating the tanned hide making the total tax on the item fabricated comparable with the deerskin, gloves, etc., purchased from a retail store. This also would apply to the mounting of antlers, etc., and even to the making of full mounts of animals. At the time the taxidermist receives the head, the antlers, etc., of the animal from the customer, he has received only a basic piece of material that would be useless until he performs certain functions to place it in a usable or finished condition.

03. Materials. All materials, such as mounting material, tanning material, and preservatives may be purchased by the taxidermist tax exempt since he will charge tax on the finished product. He may provide his supplier with a resale certificate. See Rule 128 of these rules.

041. FOOD, MEALS, OR DRINKS (RULE 041).
Sections 63-3612(2)(b), 63-3621(p), 63-3622J, Idaho Code

01. In General. This rule covers the imposition of tax on sales of food, meals, or drinks by commercial establishments, college campuses, conventions, nonprofit organizations, private clubs, and similar organizations.

02. Commercial Establishments. Sales tax is imposed on the amount paid for food, meals, or drinks furnished by any restaurant, cafeteria, eating house, hotel, drugstore, diner, club, or any other place or organization regardless of whether meals are regularly served to the public.

03. Clubs and Organizations. Private clubs, country clubs, athletic clubs, fraternal, and other similar organizations are retailers of tangible personal property sold by them, even if they make sales only to members. Such organizations are to collect and remit Idaho sales tax on all taxable sales. Taxability of membership dues depends upon what is provided as a part of the membership dues. Special rules apply to religious organizations. See Rule 086 of these rules.

a. When an organization holds a function in its own quarters, maintains its own kitchen facilities, and sells tickets which include items such as meals, dancing, drinks, entertainment, speakers, and registration fees (convention), the charges may be separated and tax collected on meals, drinks, and admission fees when the ticket is sold. The organization holding the function or convention is required to collect and remit Idaho sales tax. For example, an organization holds a dinner dance in its own building. It charges twenty dollars ($20) for dinner and dancing and twelve dollars ($12) for registration and speakers. Since the two ($2) amounts are stated separately, tax is only imposed on twenty dollars ($20). Sales of meals and the use of recreational facilities are taxable. Registration fees, speaker fees, and similar charges are not taxable.

b. When an organization holds a function in facilities operated by a restaurant or motel and sells tickets for meals, drinks, and other services, no sales tax applies to these sales if the organization pays the restaurant or hotel sales tax on the meals and drinks furnished and all other services performed. The hotel, restaurant, or caterer will collect and remit the tax to the state.

04. Colleges, Universities, and Schools. A cafeteria operated by a state university, junior college district, public school district, or any other public body is treated the same as a cafeteria operated by a private enterprise. Purchases of food for resale are not taxable; meals sold are taxable.

a. If a meal is paid for by cash or a meal ticket is sold to the student, tax is computed on the total sales price of the meal. If meals are sold as part of a room and board fee, the amount paid for board is separated from the amount paid for the room. Tax is calculated and collected on that part of the total fee allocated to the purchase of meals.
b. Sales of meals by public or private schools under the Federal School Lunch Program are exempted by Section 63-3622J, Idaho Code. (7-1-21)T

05. Fraternities, Sororities, and Cooperative Living Group. Fraternities and sororities generally purchase and prepare food for their own consumption. The food is prepared and served in a cooperative manner by members of the fraternity or by employees hired by the group for this purpose. Purchases made by the fraternity or sorority are for consumptive use and are taxable. There is no sale of meals to fraternity or sorority members and no sales tax imposed on any allocated charge for them whether stated separately or included as part of a lump sum charge for board and room. (7-1-21)T

a. If a concessionaire is retained by the fraternity or sorority to furnish meals, the concessionaire is a retailer engaged in the business of selling meals; food purchases are for resale and meals supplied by the concessionaire to members of the fraternity or sorority are taxable. (7-1-21)T

b. If the fraternity or sorority regularly furnishes meals for a consideration to nonmembers, these meals become taxable and the fraternity or sorority is to obtain an Idaho seller’s permit. (7-1-21)T

c. Cooperative living groups are normally managed in much the same manner as fraternities and sororities. Food is purchased and meals are prepared and served by members of the group or their employees. The same conditions outlined above for fraternities and sororities apply to cooperative living groups. (7-1-21)T

06. Boarding Houses. Sales of meals furnished by boarding houses are taxable, when they are charged separately. This applies even if the meals are served exclusively to regular boarders. Where no separate charge or specific amount is paid for meals furnished, but is included in the regular board and room charges, the boarding house or other place is not considered to be selling meals, but is the consumer of the items used in preparing such meals. (7-1-21)T

07. Honor System Snack Sales. Honor system snack sales are those items of individually sized prepackaged snack foods, such as candy, gum, chips, cookies or crackers, which customers may purchase by depositing the purchase price into a collection receptacle. Displays containing these snacks are generally placed in work or office areas and are unattended. Customers are on their honor to pay the posted price for the article removed from the display. Purchases from these snack displays are taxable. (7-1-21)T

a. Sales tax applies to the total sales. The posted price is to include a statement that sales tax is included. (7-1-21)T

b. The formula for computing the taxable amount is: $TS/ (100% + TR)$ where $TS$ is total sales and $TR$ is the tax rate. (7-1-21)T

08. Church Organizations. Special rules apply to religious organizations. See Rule 086 of these rules. (7-1-21)T

09. Senior Citizens. Meals sold under programs that provide nutritional meals for the aging under Title III of the Older Americans Act, Public Law 109-365, are exempted from the sales tax by Section 63-3622J, Idaho Code. Organizations selling such meals are to obtain an Idaho seller’s permit and collect sales tax when selling meals to buyers who are not senior citizens. (7-1-21)T

10. Food or Beverage Tastings. If a participant pays to participate in a food or beverage tasting, the charge to participate in the tasting is taxable. The provider of the samples does not owe a sales or use tax on its purchase or use of the product. (7-1-21)T

11. Nontaxable Purchases by Establishments Selling Meals or Beverages. Persons who serve food, meals, or drinks for a consideration may purchase tangible personal property without paying tax if the property is for resale to their customers, is included in the fee charged to the customer, and is directly consumed by the customer in such a way that it cannot be reused. A resale certificate is provided to the vendor when the establishment purchases such items for resale. See Rule 128 of these rules. Examples of items which are purchased for resale and directly consumed by customers include:
a. Disposable containers, such as milkshake containers, paper or styrofoam cups and plates, to-go containers and sacks, pizza cartons, and chicken buckets. (7-1-21)T

b. Disposable supplies included in the price of the meal or drink, such as drinking straws, stir sticks, paper napkins, paper placemats, and toothpicks. (7-1-21)T

c. Candies, popcorn, drinks, or food, when included in the consideration paid for other food, meals, or drinks. (7-1-21)T

12. Taxable Purchases by Establishments Selling Meals or Beverages. Tangible personal property which is not included in the fee charged to the customer and not directly consumed by the customer is taxable when purchased by the restaurant, bar, food server, or similar establishment. Tangible personal property which is not directly consumed by the customer includes property that is nondisposable in nature or property that is depreciated in the books and records of the restaurant, bar, or similar establishment. Examples of taxable purchases include:

a. Waxed paper, stretch wrap, foils, paper towels, garbage can liners, or other paper products consumed by the retailer, as well as linens, silverware, glassware, tablecloths, towels, and nondisposable napkins, furniture, fixtures, cookware, and menus. (7-1-21)T

b. Any tangible personal property available to the general public, such as restroom supplies and matches. (7-1-21)T

13. Free Giveaways to Employees. It is common practice for a retailer to give away prepared food and beverage, including full meals, to its employees free of charge. Giveaways of this nature normally trigger a use tax liability for the retailer calculated on the value of the items given away. However, if the retailer is in the business of selling prepared food and beverage, giveaways of prepared food and beverage to its employees are not taxable. Retailers that would qualify include restaurants and grocery stores with a deli or similar section that sells prepared food.

a. For purposes of this subsection, prepared food means food intended for human consumption that:

i. Is heated when given away; or (7-1-21)T

ii. Consists of two (2) or more ingredients combined by the retailer and given away as a single item; or (7-1-21)T

iii. Is customarily served with utensils. (7-1-21)T

b. For purposes of this subsection, prepared beverage means any beverage intended for human consumption. (7-1-21)T

042. PRICE LABELS (RULE 042).

Price labels, stickers, pricing ink, pricing guns and shelf labels purchased by retailers are property used and consumed by the retailer in the regular course of business and are taxable. Pricing labels that contain product information such as ingredients, nutritional information, or caloric information are not taxable, since the utility of the label does not end with the purchase of the product. (7-1-21)T

043. SALES PRICE OR PURCHASE PRICE DEFINED (RULE 043).

Sections 63-3612 and 63-3613, Idaho Code

01. Sales Price and Purchase Price. The term sales price and purchase price may be used interchangeably. Both mean the price paid by the customer or user to the seller including:

a. The cost of transporting goods to the seller. See Rule 061 of these rules. (7-1-21)T
b. Manufacturer’s or importer’s excise tax. See Rule 060 of these rules. (7-1-21)

c. Services agreed to be rendered as part of the sale. (7-1-21)

d. Separately stated labor charges to produce or fabricate made to order goods. See Rule 029 of these rules. (7-1-21)

02. Services Agreed to Be Rendered as a Part of the Sale. The sales and use tax is computed on the sales price of a transaction. The term “sales price” is defined by Section 63-3613, Idaho Code, to include “services agreed to be rendered as a part of the sale.” The following items are among those that are part of the sales price and, therefore, may not be deducted before computation of the sales price. This is not intended to be an exclusive list of such items:

a. Any charges for any services to bring the subject of a sale to its finished state ready for delivery and in the condition specified by the buyer, including charges for assembly, fabrication, alteration, lubrication, engraving, monogramming, cleaning, or any other servicing, customizing or dealer preparation except those exempted in Section 63-362200, Idaho Code. (7-1-21)

b. Any charge based on the amount or frequency of a purchase, such as a small order charge or the nature of the item sold, such as a slow-moving charge for an item not frequently sold. (7-1-21)

c. Any commission or other form of compensation for the services of an agent, consultant, broker, or similar person. (7-1-21)

d. Any charges for warranties, service agreements, insurance coverage, or other services required by the vendor to be taken as a condition of the sale. If the sale could be consummated without the payment of these charges, the charges are not part of the sales price if separately stated. Also, see Rule 049 of these rules. (7-1-21)

e. Any fuel surcharges except those charges which the vendor can document are related only to delivery of the property to the end customer. (7-1-21)

f. Any environmental or disposal fee except those fees directly imposed by a governmental agency. (7-1-21)

03. Charges Not Included. Sales price does not include charges for interest, carrying charges, amounts charged for optional insurance on the property sold, or any financing charge. These various charges may be deducted from the total sales price if they are separately stated in the contract. In the absence of a separate statement, it will be presumed that the amount charged is part of the total sales price. (7-1-21)
