SUBJECT INDEX 105

PREFACE

The Idaho Administrative Bulletin is an electronic-only, online monthly publication of the Office of the Administrative Rules Coordinator, Division of Financial Management, that is published pursuant to Section 67-5203, Idaho Code. The Bulletin is a compilation of all official rulemaking notices, official rule text, executive orders of the Governor, and all legislative documents affecting rules that are statutorily required to be published in the Bulletin. It may also include other rules-related documents an agency may want to make public through the Bulletin.

State agencies are required to provide public notice of all rulemaking actions and must invite public input. This is done through negotiated rulemaking procedures or after proposed rulemaking has been initiated. The public receives notice that an agency has initiated proposed rulemaking procedures through the Idaho Administrative Bulletin and a legal notice (Public Notice of Intent) that publishes in authorized newspapers throughout the state. The legal notice provides reasonable opportunity for the public to participate when a proposed rule publishes in the Bulletin. Interested parties may submit written comments to the agency or request public hearings of the agency, if none have been scheduled. Such submissions or requests must be presented to the agency within the time and manner specified in the individual “Notice of Rulemaking - Proposed Rule” for each proposed rule that is published in the Bulletin.

Once the comment period closes, the agency considers fully all comments and information submitted regarding the proposed rule. Changes may be made to the proposed rule at this stage of the rulemaking, but changes must be based on comments received and must be a “logical outgrowth” of the proposed rule. The agency may now adopt and publish the pending rule. A pending rule is “pending” legislative review for final approval. The pending rule is the agency’s final version of the rulemaking that will be forwarded to the legislature for review and final approval. Comment periods and public hearings are not provided for when the agency adopts a temporary or pending rule.

CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletin is identified by the calendar year and issue number. For example, Bulletin 22-1 refers to the first Bulletin issued in calendar year 2022; Bulletin 24-1 refers to the first Bulletin issued in calendar year 2024. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. 22-1 refers to January 2022; Volume No. 24-2 refers to February 2024; and so forth. Example: The Bulletin published in January 2022 is cited as Volume 22-1. The December 2022 Bulletin is cited as Volume 22-12.

RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The **Idaho Administrative Code** is an electronic-only, online compilation of all final and enforceable administrative rules of the state of Idaho that are of full force and effect. Any temporary rule that is adopted by an agency and is of force and effect is codified into the Administrative Code upon Bulletin publication. All pending rules that have been approved by the legislature during the legislative session as final rules and any temporary rules that are extended supplement the Administrative Code. These rules are codified into the Administrative Code upon becoming effective. Because proposed and pending rules are not enforceable, they are published in the Administrative Bulletin only and cannot be codified into the Administrative Code until approved as final.

To determine if a particular rule remains in effect or whether any amendments have been made to the rule, refer to the [Cumulative Rulemaking Index](#). Link to it on the Administrative Rules homepage at adminrules.idaho.gov.

THE DIFFERENT RULES PUBLISHED IN THE ADMINISTRATIVE BULLETIN

Idaho’s administrative rulemaking process, governed by the Idaho Administrative Procedure Act, [Title 67, Chapter 52, Idaho Code](#), comprises distinct rulemaking actions: negotiated, proposed, temporary, pending, and final rulemaking. Not all rulemakings incorporate or require all of these actions. For a rule to become final, at a minimum, a rulemaking includes proposed, pending, and final rulemaking. Some rules may be adopted as temporary rules when they meet the required statutory criteria. Agencies must, when feasible, engage in negotiated rulemaking at the beginning of the process to facilitate consensus building. In some cases, the process may begin with proposed rulemaking and end with the final rulemaking. The following is a brief explanation of each type of rule.

1. NEGOTIATED RULEMAKING

Negotiated rulemaking is a process in which all interested persons and the agency seek consensus on the content of a rule through dialogue. Agencies are required to conduct negotiated rulemaking whenever it is feasible to do so. The agency files a “Notice of Intent to Promulgate – Negotiated Rulemaking” for publication in the Administrative Bulletin inviting interested persons to contact the agency if interested in discussing the agency’s intentions regarding the rule changes. This process is intended to result in the formulation of a proposed rule and the initiation of regular rulemaking procedures. One result, however, may also be that regular (proposed) rulemaking is not initiated and no further action is taken by the agency.

2. PROPOSED RULEMAKING

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a “Notice of Rulemaking – Proposed Rule” in the Bulletin. This notice must include very specific information regarding the rulemaking including all relevant state or federal statutory authority occasioning the rulemaking, a non-technical description of the changes being made, any associated costs, guidance on how to participate through submission of written comments and requests for public hearings, and the text of the proposed rule in legislative format.

3. PENDING RULEMAKING

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it becomes a final, enforceable rule. When a pending rule is published in the Bulletin, the agency is required to include certain information in the “Notice of Rulemaking – Pending Rule.” This includes a statement giving the reasons for adopting the rule, a statement regarding when the rule becomes effective, a description of how it differs from the proposed rule, and identification of any fees being imposed or changed.

Agencies are required to republish the text of the pending rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule.

4. FINAL RULEMAKING

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures, has been approved by the legislature, and is of full force and effect.

5. TEMPORARY RULEMAKING

Temporary rules may be adopted only when the governor finds that it is necessary for:

- a) protection of the public health, safety, or welfare; or
- b) compliance with deadlines in amendments to governing law or federal programs; or
- c) reducing a regulatory burden that would otherwise impact individuals or businesses.

If a rulemaking meets one or more of these criteria, and with the Governor’s approval, the agency may adopt and make a temporary rule effective prior to receiving legislative authorization and without allowing for any public input. The law allows an agency to make a temporary rule immediately effective upon adoption. A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is extended by concurrent resolution, is replaced by a final rule, or expires under its own terms.

Agencies must concurrently promulgate a temporary rule and a proposed rule when the text of the two rulemakings is the same, unless the temporary rule will expire before a proposed rule could become final.

HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the **Idaho Administrative Bulletin** are organized by a numbering schematic. Each state agency has a two-digit identification code number known as the “**IDAPA**” number. (The “IDAPA” Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or sections to which a two-digit “TITLE” number is assigned. There are “CHAPTER” numbers assigned within the Title and the rule text is divided among major sections that are further subdivided into subsections. An example IDAPA number is as follows:

IDAPA 38.05.01.041.02.c.ii.

“**IDAPA**” refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

“**38.**” refers to the Idaho Department of Administration

“**05.**” refers to Title **05**, which is the Department of Administration’s Division of Purchasing

“**01.**” refers to Chapter **01** of Title 05, “Rules of the Division of Purchasing”

“**041.**” refers to Major Section **041**, “Acquisition Procedures”

“**02.**” refers to Subsection 041.02.

“**c.**” refers to Subsection 041.02.c.

“**ii.**” refers to Subsection 041.02.c.ii.

DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. Each rulemaking that is filed with the Coordinator is assigned a “DOCKET NUMBER.” The docket number is a series of numbers separated by a hyphen “-”, (**38-0501-2201**). Rulemaking dockets are published sequentially by IDAPA number (the two-digit agency code) in the Bulletin. The following example is a breakdown of a typical rule docket number:

“DOCKET NO. 38-0501-2201”

“**38-**” denotes the agency’s **IDAPA** number; in this case the Department of Administration.

“**0501-**” refers to the **TITLE AND CHAPTER** numbers of the agency rule being promulgated; in this case the Division of Purchasing (**TITLE 05**), Rules of the Division of Purchasing (**Chapter 01**).

“**2201**” denotes the year and sequential order of the docket being published; in this case the numbers refer to the first rulemaking action published in **calendar year 2022**. A subsequent rulemaking on this same rule chapter in calendar year 2022 would be designated as “**2202**”. The docket number in this scenario would be 38-0501-**2202**.

Within each Docket, only the affected sections of chapters are printed. (See **Sections Affected Index** in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section “200” appears before Section “345” and so on). Whenever the sequence of the numbering is broken, the following statement will appear:

THE OFFICE OF THE GOVERNOR

**EXECUTIVE DEPARTMENT
STATE OF IDAHO
BOISE**

EXECUTIVE ORDER NO. 2025-04

MAKE FORESTS HEALTHY AGAIN ACT

WHEREAS, the State of Idaho enthusiastically shares President Donald Trump's goal to revitalize America's rural communities and minimize the catastrophic effects of wildfire by streamlining regulations and increasing active management of our nation's forests; and

WHEREAS, the recent Executive Order 14225 signed by President Trump concerning the expansion of timber management is desperately needed in western states to help mitigate the risk of catastrophic wildfires and increase timber harvest on National Forest lands; and

WHEREAS, the recent Secretary Memorandum 1078-006, INCREASING TIMBER PRODUCTION AND DESIGNATING AN EMERGENCY SITUATION ON NATIONAL FOREST SYSTEM LANDS further emphasizes the forest health crisis on federal lands and directs the USDA Forest Service (USFS) to reduce the red tape inhibiting active forest management; and

WHEREAS, more than 60 percent of Idaho's landmass is owned and managed by the federal government and wildfires on these properties pose a significant risk to lives, property, natural resources, fish and wildlife habitat, and more; and

WHEREAS, more than 6 million acres of federal forest lands in Idaho have been designated under the Healthy Forests Restoration Act (HFRA) as being severely at risk of insect and disease infestations; and

WHEREAS, Congress has acted many times to enact laws that allow for better forest management tools and categorical exclusions for forest health projects but these tools have not been utilized to their full extent to mitigate the risk of wildfires; and

WHEREAS, the Governor's 2024 Wildfire Report Recommendations outlined the need to expand categorical exclusions to mitigate catastrophic wildfires on federal lands; and

WHEREAS, since 2016, the Good Neighbor Authority (GNA) has served as the catalyst for increasing the pace and scale of timber harvest and restoration of National Forests in Idaho; and

WHEREAS, the Idaho Department of Lands (IDL) leads the nation in successfully implementing the GNA program which, alongside the Shared Stewardship program, has created stronger partnerships between the State of Idaho and the federal government to increase active management and restoration on National Forest System lands and adjacent private forestlands; and

WHEREAS, partnering with other state agencies and relying on their expertise continues to help advance the restoration of our National Forest System lands under GNA; and

WHEREAS, the condition of our National Forests, coupled with ongoing drought conditions, a rapidly expanding wildland urban interface, and more unwanted human-caused fires has resulted in significantly longer fire seasons with more extreme fire behavior than in the past, creating a wildfire crisis in Idaho; and

WHEREAS, the federal wildland fire agencies cooperate with IDL through the Master Cooperative Wildland Fire Management and Stafford Act Response Agreement to suppress wildfire in Idaho; and

WHEREAS, IDL relies heavily on local fire service organizations (FSOs) to assist in suppressing wildfires in Idaho's expanding wildland urban interface; and

WHEREAS, IDL possesses the expertise to prioritize and help coordinate timber harvest and watershed restoration activities on National Forest System lands in Idaho; and

WHEREAS, IDL maintains forest health and fire risk maps pursuant to the Idaho Forest Action Plan to help prioritize and plan forest health and fire risk reduction projects.

NOW, THEREFORE, be it resolved that, Idaho will enthusiastically support President Trump's Executive Order 14225 and Secretary Brooke Rollins SO 1078-006 to help streamline permitting for necessary forest management projects, and IDL will work with the U.S. Forest Service (USFS) wherever possible to utilize all federal and state authorities to expedite active forest management and mitigate the risk of catastrophic wildfires.

Be it further resolved that the maps found in the Idaho Forest Action Plan identifying forest health and fire risk, in addition to the 2025 fire risk map, will be provided to the USFS and the Department of Interior's Bureau of Land Management (BLM) to ensure inclusion in the emergency situation designation to allow for increased forest management in the form of but not limited to timber harvests, mechanical thinning, forest health projects, prescribed burns, fuel breaks, and aggressive yet safe initial attack during peak wildfire season.

Be it further resolved that IDL shall work within the legal confines of EO 14225 and SO 1078-006 to expand GNA and work with the USFS to update and expand Shared Stewardship agreements to increase the pace and scale of fuels reduction projects on federal lands in Idaho as well as on adjacent state and private forestlands, including both project planning and implementation of needed active management.

Be it further resolved that these emergency authorities are not limited to the lands listed above, and Idaho may request the prioritization of additional at-risk lands in the future.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho at the Capitol in Boise on this 22nd day of April in the year of our Lord two thousand and twenty-five.

At a March 26, 2025, regular meeting the Commission took the following proclamation actions:

The following Proclamations were amended: (1) 2025-2027 Idaho Fishing Seasons; (2) 2024-2025 Idaho Upland Game, Turkey and Furbearer Seasons; (3) 2025 Idaho Big Game Seasons; and (4) 2024-2025 Idaho Migratory Game Bird Seasons. IDAPA 13 – IDAHO DEPARTMENT OF FISH AND GAME

13.01.08 – RULES GOVERNING TAKING OF BIG GAME ANIMALS

DOCKET NO. 13-0108-2501

NOTICE OF RULEMAKING – ADOPTION OF TEMPORARY RULE

EFFECTIVE DATE: The effective date of the temporary rule is April 15, 2025.

AUTHORITY: In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Section(s) 36-104, 36-409, and 36-1101, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

This rulemaking adds a new section requiring a person placing or using bait for hunting black bear to report the presence of a grizzly bear at the site to the Department and to remove the bait from that location. This rulemaking is for the purpose of preventing a person from unlawfully taking a grizzly bear and improving safety related to black bear hunting. This rulemaking addresses the use of bait in black bear hunting in areas outside of occupied grizzly bear recovery areas identified by the U.S. Fish and Wildlife Service (where the Commission has long prohibited the use of bait in black bear hunting). This rulemaking provides an additional state regulatory mechanism to further support removal of grizzly bears from the federal list of endangered and threatened wildlife and achieve reduction in federal regulatory burden. This rule is similar to a Wyoming regulation for use of bait in black bear hunting that has been in place for a number of years.

This rulemaking addresses the use of bait in black bear hunting in areas outside of occupied grizzly bear recovery areas identified by the U.S. Fish and Wildlife Service. (The Commission has long prohibited the use of bait in black bear hunting in occupied recovery areas in Game Management Unit 1 and Game Management Units in the Greater Yellowstone Recovery Area.)

Proposed rulemaking is being conducted under Docket No. 13-0108-2401, (Zero-Based Regulation (ZBR) Rulemaking), previously published in Bulletin Vol. 24-5, and Docket No. 13-0117-2401 (ZBR Rulemaking) as previously published in Bulletin Vol. 24-5.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section(s) 67-5226(1)(a) and (c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

This temporary rule adoption protects public safety and welfare by preventing a person from unlawfully taking a grizzly bear during black bear hunting and improving safety of black bear hunting with use of bait. As described above, this rulemaking provides an additional state regulatory mechanism to further support removal of grizzly bears from the federal list of endangered and threatened wildlife and achieve reduction in federal regulatory burden.

The Department has revised the previous temporary rule on this subject, IDAPA 13.01.17.300, which expired April 04, 2025 to reflect constituent and staff feedback. The temporary rule is being adopted in IDAPA 13.01.08 in conjunction with proposed ZBR rulemaking that proposes chapter consolidation.

FEE SUMMARY: There is no fee associated with the change brought by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the temporary rule, contact Amber Worthington (208) 334-3771.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Nontechnical Explanation of the Substance and Purpose of the Proposed Rulemaking

- Legacy 911 systems and copper infrastructure throughout the State of Idaho are degraded and encounter reduced supportability from the industry. Further, the structure was designed for land-lines and does not

provide location of cellular calls; resulted in lost and transferred calls. The current funding method via the 911 Emergency Communications Grant Fee is insufficient for long term funding of modern IP based systems.

- Legacy 911 systems do not provide location routing resulting in lost or transferred calls: Idaho leads the nation in cellular-only households. Over 85% of 911 calls are made via cellular phones.
- Legacy systems lack redundancy; a downed PSAP only has the option of forwarding calls with the receiving agency attempting to determine information. NG911 is internet protocol based and automatically transfers to functioning PSAPs with location data.
- 18 July 2024 FCC Report and Order 24-78 requires wireless providers to enable technology to deliver emergency calls via internet protocol in preparation for future needs.
- Stand-alone, short-term purchases of NG911 systems and equipment costs are up to 40% more than unified, five-year contracts. Additionally, Unified systems function at a higher level and ensure all public safety access points (PSAPs) operate with the same technology
- Current emergency services network costs acquired through year-to-year pricing are 25-30% higher than a five-year acquisition per Idaho Regional Optical Network leadership.
- Current Administrative Rules only allow contracts up to two years; making acquisition fiscally unattainable. Whereas five-year contracts would sufficiently reduce costs to modernize grant participating PSAPs within allowable ranges of the grant fund.
- The inability to move forward during this grant-cycle will result in some agencies attempting to purchase expensive small-scale systems to avoid failure. These small-scale purchases historically have not worked well with adjacent agencies and are not fiscally sustainable long-term.
- Broad purchases, like what the administrative rule change would allow, are in line with the National Emergency Numbering Association (NENA) i3 standards.
- Six items of unutilized criteria are removed from the application process to reduce regulatory burden.

Required Finding and Concise Statement for Temporary Rulemaking

IDAPA 15.06.01 Subchapter B-Commission Grants

101. GRANT CYCLE

- (.01) Provides application guidance to applicants 30 days sooner
- (.02) Expands the period for consideration of amendments
- (.05) Provides for grant disbursement up to five years to allow for long-term contracts to reduce costs
- (.06) Clarifying language on return of unutilized funds

102

- (.01/.02) Reduces requirements for application-allowing for participation in more cost-effective consolidated systems
- (.03) Greater opportunity to seek amendment with justification to reduce costs associated with creating a new grant request

103

- (.02) Defines services associated with modern systems
- (.03e) Requires submission of GIS data necessary for functionality of modern systems

104

- (.04-.09) Removed: unnecessary regulatory burden to both the applicants and Commission

TEMPORARY RULE JUSTIFICATION: Pursuant to Section(s) 67-5226(1)(a) and 67-5226(1)(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

The temporary rule changes benefit the safety of Idaho citizens through the modernization of degraded 911 infrastructure and systems through the more efficient use of existing Emergency Communications Grant Fees. Further, these changes reduce the regulatory burden to both the applicants and Commission through the removal of six unutilized application criteria.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased:

There are no proposed fees or fee increases in this request.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There is no fiscal impact to the state general fund associated with this change. Changes allow for the more efficient use of the Emergency Communications Grant Fee to obtain necessary systems upgrades.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because of time constraints associated with the upcoming Idaho Public Safety Communications Commission grant cycle (June 1-July31) and the inability of some agencies to defer maintenance and upgrades to the next cycle.

However, the IPSCC held public meetings on December, 12 2024 and January 9, 2025 (on-line and in person) wherein the rule changes were presented for discussion and input. Both the meeting agendas and minutes were posted to the IPSCC site for review and input. The meetings were attended by IPSCC Commissioners, members of the vendor and telephone community, and stakeholders such as Idaho Information Technology Services. No objections were raised during those meetings or following periods.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: No references made.

58.01.13 – RULES FOR ORE PROCESSING BY CYANIDATION

DOCKET NO. 58-0113-2500

NOTICE OF REVOCATION OF FINAL RULE

EFFECTIVE DATE: The effective date of this action is March 31, 2025.

AUTHORITY: In compliance with Sections 67-5202(2), Idaho Code, 67-5203(4)(d), Idaho Code, and 67-5204(b)-(c), Idaho Code, and Senate Bill 1170, notice is hereby given that the Office of the Administrative Rules Coordinator has taken action to revise Idaho’s Administrative Code to remove certain rules that have been repealed by an act of the Idaho Legislature.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for publishing this notice:

The Idaho Legislature passed [Senate Bill 1170](#) with broad support and Governor Little signed it into law on March 31, 2025. Section 3 contained a sunset clause that made parts of [IDAPA 58.01.13](#) null, void, and of no force and effect on and after passage and approval of Senate Bill 1170. Specifically, the following sections and subsections of IDAPA 58.01.13 are null, void, and of no force and effect:

- Subsection 100.04;
- Section 300;
- Section 400;
- Section 450; and
- Section 550.
