The consolidation of rules within 39.02.05 and 39.02.60 were done in an effort to support the Governor’s Red Tape Reduction Act. The changes enhance customer usability and also allowed for the deletion of antiquated and outdated information.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

- 39.02.04, Rules Governing Manufacturer and New Vehicle Dealer Hearing Fees: ITD is required to collect filing fees for hearings when requested by a franchised dealer over disputes with a manufacturer. The Department is required to collect the fees, appoint a hearing officer and ensure all legal expenses including a court reporter, hearing transcripts and witness fees are reimbursed to the Department. Although the Department is not a party to the dispute, Idaho Code and this rule facilitate the hearing process between franchisees and manufacturers. The deposited fee of \$2,000 is utilized to cover initial expenses incurred by the Department. Any remaining part of the deposit is refunded to the dealer and additional expenses are billed to the responsible party. (See §49-1617, Idaho Code)
- 39.02.05, Rules Governing Issuance of Certificates of Title: The \$25 fee assessed under this rule is for an inspection of a vehicle to be performed by the Department's Motor Vehicle Investigators on vehicles with a special construction; including glider kits, replicas, street rods, replica street rods, assembled vehicles and specially constructed vehicles. This fee covers administrative costs of the Motor Vehicle Investigator for the physical inspection of the vehicle and preparation of necessary documents for the owner to obtain a title from the Department with the correct physical classification of the vehicle. (See §49-504 and §49-525, Idaho Code)
- 39.02.22, Rules Governing Registration & Permit Fee Administration: This rule provides for installment payment plans for commercial motor vehicle registrations. It covers administrative costs for services provided by the Department, which includes a \$50 fee for setting up each installment payment plan. To reinstate a payment plan that has been suspended, a \$40 fee is required. If there are insufficient funds, the rule allows the Department to collect a \$20 insufficient funds fee and provides the Department with the ability to collect a \$40 fee for reinstatement of a revoked or suspended commercial motor vehicle registration. (See §49-434, Idaho Code)
- 39.02.26, Rules Governing Temporary Vehicle Clearance for Carriers: This rule allows the Department to authorize and issue temporary clearance for a carrier who needs to immediately operate a commercial motor vehicle and who is in the process of obtaining and submitting requirements for full issuance of vehicle registration and license plates. This temporary permit provides for a 45-day intermediate clearance at a cost of \$18. (See §49-501, Idaho Code)
- 39.02.41, Rules Governing Special Provisions Applicable to Fees for Services: This rule includes fees associated with the costs of providing records (typically bulk data) for requestors other than law enforcement and specified state agencies which receive records free of charge. Depending on the format and nature of the records requested, there is a base charge of \$75. (See §49-201, Idaho Code)
- 39.02.60, Rules Governing License Plate Provisions: This rule encompasses several license plate programs and their identifiers/formats. It provides for dealer and loaner license plates, standard license plates, restricted vehicle license plates, transporter and wrecker license plates, the personalized plate program criteria, legislatively sponsored license plates and many others. Most fees for plate programs are set in Idaho Code; however there are two that are not and they are established by rule. For vehicle dealer registration and plates, the fee is \$15 annually or the dealer may purchase single trip permits. These are only valid on boat and utility trailers for demonstration purposes. The other fee within this rule is \$12 for standard sample plates to pay for the production of the plate and administrative fees. (See §49-202, Idaho Code)
- 39.03.03, Rules Governing Special Permits – General Conditions and Requirements: This is a new rule that was part of the Department's efforts to consolidate and streamline commercial motor vehicle permit rules and was presented during the 2019 legislative session. The fees set in this rule cover a variety of commercial motor vehicle permits. These fees simply cover administrative costs for processing, issuing and enforcing special permits. This program is revenue-neutral. (See §49-1004, Idaho Code)

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

**THE FOLLOWING NOTICE PUBLISHED WITH
THE TEMPORARY AND PROPOSED RULE**

EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 40-312 and 49-201, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 39, rules of the Idaho Transportation Department:

IDAPA 39

- 39.02.04, *Rules Governing Manufacturer & New Vehicle Dealer Hearing Fees*
- 39.02.07, *Rules Governing Titling of Salvage, Specially Constructed, Replica and Rebuilt Salvage Motor Vehicles*
- 39.02.22, *Rules Governing Registration and Permit Fee Administration*
- 39.02.26, *Rules Governing Temporary Vehicle Clearance for Carriers*
- 39.02.41, *Rules Governing Special Provisions Applicable to Fees for Services*
- 39.02.60, *Rules Governing License Plate Provisions*
- 39.03.03, *Rules Governing Special Permits – General Conditions and Requirements*

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. Additionally, these rules serve many different stakeholders within the transportation industry. IDAPA 39 rules relate to both the Department's Division of Highways and Division of Motor Vehicles; among others. The rules serve as an important tool and resource for many of the Department's business operations.

The fee or charge imposed by the rules are necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho's constitutional requirement that it balance its budget. The Idaho Transportation Department has identified 7 existing fee rules, all of which are within the Division of Motor Vehicles. These rules are necessary to ensure consistency with the Department's operations and to safeguard the general public from experiencing any hardships associated with the sunset of these rules.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The fees within each rule are as follows:

39.02.04, Rules Governing Manufacturer and New Vehicle Dealer Hearing Fees: Pursuant to §49-1617(4), Idaho Code, ITD is required to collect filing fees for hearings when requested by a franchised dealer over disputes with a manufacturer. The Department is required to collect the fees, appoint a hearing officer and ensure all legal expenses including a court reporter, hearing transcripts and witness fees are reimbursed to the Department. Although the Department is not a party to the dispute, Idaho Code and this rule facilitate the hearing process between franchisees and manufacturers. The deposited fee of \$2,000 is utilized to cover initial expenses incurred by the Department. Any remaining part of the deposit is refunded to the dealer and additional expenses are billed to the responsible party.

39.02.07, Rules Governing Titling of Salvage, Specially Constructed, Replica and Rebuilt Salvage Motor Vehicles: The \$25 fee assessed under sections 100, 300 and 301 of this rule is for an inspection of a vehicle to be performed by the Department's Motor Vehicle Investigators on vehicles with a special construction; including glider kits, replicas, street rods, replica street rods, assembled vehicles and specially constructed vehicles. This fee covers administrative costs of the Motor Vehicle Investigator for the physical inspection of the vehicle and preparation of necessary documents for the owner to obtain a title from the Department with the correct physical classification of the vehicle.

39.02.22, Rules Governing Registration & Permit Fee Administration: This rule provides for installment payment plans for commercial motor vehicle registrations. It covers administrative costs for services provided by the Department, which includes a \$50 fee for setting up each installment payment plan. To reinstate a payment plan that has been suspended, a \$40 fee is required. If there are insufficient funds, the rule allows the Department to collect a \$20 insufficient funds fee and provides the Department with the ability to collect a \$40 fee for reinstatement of a revoked or suspended commercial motor vehicle registration.

39.02.26, Rules Governing Temporary Vehicle Clearance for Carriers: This rule allows the Department to authorize and issue temporary clearance for a carrier who needs to immediately operate a commercial motor vehicle and who is in the process of obtaining and submitting requirements for full issuance of vehicle registration and license plates. This temporary permit provides for a 45-day intermediate clearance at a cost of \$18.

39.02.41, Rules Governing Special Provisions Applicable to Fees for Services: This rule includes fees associated with the costs of providing records (typically bulk data) for requestors other than law enforcement and specified state agencies which receive records free of charge. Depending on the format and nature of the records requested, there is a base charge of \$75.

39.02.60, Rules Governing License Plate Provisions: This rule encompasses several license plate programs and their identifiers/formats. It provides for dealer and loaner license plates, standard license plates, restricted vehicle license plates, transporter and wrecker license plates, the personalized plate program criteria, legislatively sponsored license plates and many others. Most fees for plate programs are set in Idaho Code; however there are two that are not and they are established by rule. For vehicle dealer registration and plates, the fee is \$15 annually or the dealer may purchase single trip permits. These are only valid on boat and utility trailers for demonstration purposes. The other fee within this rule is \$12 for standard sample plates to pay for the production of the plate and administrative fees.

39.03.03, Rules Governing Special Permits – General Conditions and Requirements: This is a new rule that was part of the Department’s efforts to consolidate and streamline commercial motor vehicle permit rules and was presented during the 2019 legislative session. The fees set in this rule cover a variety of commercial motor vehicle permits. These fees simply cover administrative costs for processing, issuing and enforcing special permits. This program is revenue-neutral.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rules, please contact Ramón Hobdey-Sánchez at (208) 334.8810.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

()

e. Reassignments. When all available reassignments on a title certificate have been used, subsequent reassignments will be made on a separate reassignment document printed by the Department or by another state's motor vehicle Department. ()

301. – 399. (RESERVED)

400. INSURANCE OR BOND FOR EXTRAORDINARY HAZARD.

Evidence of insurance or the posting of a bond shall be required when necessary because of loads creating an extraordinary hazard to the traveling public or to protect the public investment when a load presents an extraordinary hazard to the highway system. In such cases of extraordinary hazard to the roadway or structures, the Department may require the posting of a cash bond in such amount as to cover the maximum damage that could be expected to occur to the highway with the permittee also required to reimburse the Department for any engineering required to ascertain the extent of damages, if any, occurring to the roadway during the movement of the excessive load.

(7-1-19)

401. – 449. (RESERVED)

450. RESPONSIBILITY OF PERMITTEE.

01. General Responsibilities. The permittee shall determine and declare the gross weight, distribution of weight, and the dimensions of the vehicle and load and shall submit all other required information before issuance of the permit. The acceptance of a special permit by the permittee is his agreement that the vehicle and load covered by the permit can and will be moved in compliance with the terms and limitations set forth in the permit. When a permit has been accepted by the permittee, such action shall be deemed an unequivocal assurance that he has complied, or will comply with all operating, licensing, and financial responsibility requirements. (7-1-19)

02. Permit to Be Carried in Vehicle. (7-1-19)

a. The special permit must be carried or available electronically in the vehicle to which it refers during the time of movement and shall upon demand be delivered for inspection to any peace officer or authorized agent of the Idaho Transportation Board or any officer or employee charged with the care and protection of the public highways. (7-1-19)

b. When the route of the permitted vehicle will not pass in the vicinity of a state operated transceiver station, the applicant may complete Form ITD-216, APPLICATION FOR SPECIAL PERMIT NUMBER, and provide pertinent information by telephone to the special permit office. If the special permit office approves the application, a special permit number will be assigned to complete the Form ITD-216. Form ITD-216 will serve as evidence of intent to obtain the special permit and will be honored by law enforcement subject to the officer checking with the special permit office. The applicant must qualify for this procedure by obtaining a permit fee account number. The special permit office will complete the Special Permit Form ITD-216 and charge the fee to the applicant's permit fee account number. (7-1-19)

03. Certification Load Is Non-Reducible. Upon application, the permittee must certify that steps have been taken to reduce the dimensions, the weight of vehicle, or the load, or all three, concerned in the permit to legal limitations or, if that is impractical, to reduce the excess to a minimum. (7-1-19)

04. Basic Limitations Shall Not Be Exceeded. Special permits shall not be issued for vehicles or loads in excess of the maximum limitations of size or weight or that otherwise exceed the limitations for loads as set forth in these rules unless exception is made by the Transportation Board, or as otherwise provided herein. (7-1-19)

05. Hazardous Travel Conditions Restrictions. Extreme caution in the operation of a special-permitted vehicle shall be exercised when hazardous conditions exist. The driver of a permitted vehicle is responsible for checking the conditions of the permitted route before travel. The movement of vehicles or loads operating on valid permits shall automatically become invalid en route when: (7-1-19)

a. The Idaho Transportation Department, Idaho State Police, or other law enforcement office determines and provides public notice by any available means that a hazardous road condition exists. (7-1-19)

b. The driver reasonably knows that hazardous road conditions exist along route. (7-1-19)

c. Whenever a road is marked “Difficult” on 511 or as having a hazardous condition. (7-1-19)

d. Hazardous road conditions may include, but are not limited to: (7-1-19)

i. Loss of traction on roadways due to ice, snow, frost, excessive water, or mud; (7-1-19)

ii. Whenever a roadway is under conditions of wind over forty (40) mph; (7-1-19)

iii. Visibility is less than five hundred (500) feet due to snow, rain, smoke, dust, or fog; (7-1-19)

iv. Whenever a roadway becomes obstructed due to snow, water, mud, rocks, or other debris; or (7-1-19)

v. Whenever a roadway is subject to a natural disaster or emergency. (7-1-19)

06. Delaying Movement. Enforcement personnel responsible for any section of highway shall carry out enforcement action for violations involving special permit operations and may delay movements. (7-1-19)

451. – 499. (RESERVED)

500. ALLOWABLE TOLERANCE, LEGAL OR PERMITTED SIZE LIMITS.

01. Determination of Vehicular Dimensions. Determination of vehicular length and/or width as defined by Idaho Code or by Board rule shall be exclusive of those external devices or appurtenances whose function is related to safe and efficient operation. (7-1-19)

02. Appurtenances. Rearview mirrors, turn signal lamps, splash and spray suppressant devices; awnings on recreational vehicles, load induced tire bulge, and other noncargo carrying appurtenances shall be excluded from the calculation of allowable width. Front mounted refrigeration units, energy conservation devices, bolsters, mechanical fastening devices, hydraulic lift gates, external front mounted side curtain rollers, and other noncargo carrying appurtenances or devices shall be excluded from a determination of allowable length. (7-1-19)

03. Other Appurtenances. Other appurtenances not listed above may not extend beyond three (3) inches on each side or end of a vehicle or load. Other appurtenances may include, but shall not be limited to, clearance lights, door handles, handholds, window fasteners, door and window trim, moldings, and load securement devices. (7-1-19)

501. – 509. (RESERVED)

510. DROMEDARY TRACTORS.

A truck tractor containing a dromedary box, deck, or plate in legal operation on or before December 1, 1982, shall be authorized to continue to operate, notwithstanding its cargo carrying capacity, throughout its useful life. Proof of such legal operation on December 1, 1982, shall rest upon the operator of the equipment. (7-1-19)

511. – 519. (RESERVED)

520. LOAD OVERHANG.

The overhang or extension of a load shall not extend beyond the limits as set forth in Section 49-1010, Idaho Code. (7-1-19)

521. – 599. (RESERVED)

600. GENERAL.

A special permit, in writing, shall be required for any movement on any completed section of highway under the jurisdiction of the Department by any vehicle or vehicles with reducible or non-reducible loads that exceed the allowable weights or sizes established in Sections 49-1001, 49-1002 and 49-1010, Idaho Code. (7-1-19)

601. – 619. (RESERVED)

620. COMPLIANCE WITH OTHER LAWS AND ORDINANCES.

The special permit will be effective only insofar as the Department has authority for its issue and does not release the permittee from complying with other existing laws, local ordinances or resolutions which may govern the movement. (7-1-19)

621. – 629. (RESERVED)

630. WAIVER OF LIMITATIONS FOR EMERGENCY MOVEMENTS.

Notwithstanding other provisions of these rules, the Idaho Transportation Board may waive existing permit policy limitations in the event of an emergency, subject to such limitations or special requirements as the Board may impose. (7-1-19)

01. Military Emergency Affecting National Security. Any movement by or for a military or other government agency which is in excess of permit policy maximum limits of weight or size or which is otherwise outside established rules must be certified as a military necessity involving national security before receiving any special consideration to provide any waiver of normal permit rules. Certification of military necessity must be made by an official designated as having such authority by the Department of Defense Directory, issued by the Office of the Chief of Transportation, Department of Army. All applications for military emergency movements must be channeled through the Special Permit Office, Idaho Transportation Department. (7-1-19)

02. Emergencies Endangering the Public Health, Safety, or Welfare Including but Not Limited to Fire, Flood, or Earthquake. During an emergency endangering the public health, safety or welfare, there may be an urgent and immediate need for equipment and it will not be in the public interest to require that a special permit be in the vehicle prior to an over legal movement. Verbal approval to proceed without a special permit in the vehicle may be obtained from the Special Permit Office or an Idaho Port-of-Entry. Once the emergency movement is completed, formal application for a Special Permit must be submitted to the Special Permit Office. (7-1-19)

03. Emergency Movement of Implements of Husbandry. It shall be considered an emergency when an implement of husbandry being operated on an official state holiday or a weekend breaks down and a dealer brings replacement equipment to the farmer that exceeds legal height, length, and weight. Verbal approval to proceed without a special permit in the vehicle may be obtained from the Special Permit on-call staff. That verbal authorization may include escort vehicle requirements based on the route of travel and dimensions of load. Once the emergency movement is completed, the permittee shall make formal application for a permit to the Special Permit Office on the first working day after the occurrence. (7-1-19)

04. Economic Emergencies. When a circumstance occurs in which an economic hardship is expected to result due to the application of existing rules or limitations, the Transportation Board may consider a petition for the temporary waiver of those rules or limitations which are perceived as being the cause of such economic hardship. (7-1-19)

631. – 699. (RESERVED)

700. SPRING BREAKUP SEASON TYPE OF LOAD RESTRICTIONS.

Depending upon the type of road construction, the amount of moisture, temperature conditions, and severity of frost heaves and breakup, routes or sections of routes will be posted for restricted loadings to one (1) of the following categories as required to protect the roadway and in the interests of public safety: (7-1-19)

01. Legal Weight. Maximum of legal allowable weight; (7-1-19)
02. 16,000 Pounds. Maximum of sixteen thousand (16,000) pounds on any axle; (7-1-19)
03. 14,000 Pounds. Maximum of fourteen thousand (14,000) pounds on any axle; and (7-1-19)
04. 12,000 Pounds. Maximum of twelve thousand (12,000) pounds on any axle. (7-1-19)

701. – 709. (RESERVED)

710. WEIGHT LIMITS BASED ON TIRE SIZES.

In administering load limits based on tire sizes or width of tires, credit for tubed tires will be based on the manufacturer's width marked on the tire; for example, a ten point zero-zero by twenty-four (10.00 x 24) tire will be given credit for ten (10") inches of tire width. Tubeless tires will be given credit for the width of the conventional tubed tires that they replace. (7-1-19)

711. – 719. (RESERVED)

720. WIDTH LIMITATION ON TWO LANE ROAD.

A spring breakup weight restriction to less than legal weight shall automatically place a restriction on width allowed by special permit. On any section of highway restricted to less than legal weight, the maximum width by special permit shall be restricted to twelve feet six (12'6") inches during the period of the weight restriction. (7-1-19)

721. – 729. (RESERVED)

730. SPEED RESTRICTIONS.

On those sections of highways which are posted for a maximum of legal loads, or to less than legal loads, trucks and buses with a gross weight of ten thousand (10,000) pounds or more will be restricted in critical areas to a maximum speed of thirty (30) miles per hour. Restricted speed zones will be marked by red and green markers. A red marker will mean speed is restricted to thirty (30) miles per hour and a green marker will mean that legal speed may be resumed. These markers will generally be attached to existing highway sign posts and when properly used will afford protection to the highway subgrade and surface as well as speeding the flow of traffic. (7-1-19)

731. – 739. (RESERVED)

740. SPECIAL PERMIT POLICY DURING SPRING BREAKUP.

01. Suspended Weight Limits. Normal overweight special permit limits will be suspended on all highways in the area when seasonal load and speed restrictions are imposed. (7-1-19)

02. Weight Restrictions. Spring breakup weight restrictions are primarily concerned with limiting the weight imposed on the highway by individual axles rather than the total gross weight of vehicles or vehicle combination. It will therefore be permissible to issue special permits that exceed legal allowable total gross load for a vehicle combination subject to these conditions: (7-1-19)

- a. Minimum tire width is ten (10") inches or larger. (7-1-19)
- b. Maximum axle weight on single axle having two (2) single wheels shall not exceed ten thousand (10,000) pounds. (7-1-19)
- c. Maximum axle weight on single axle having four (4) or more tires shall not exceed fourteen thousand (14,000) pounds. (7-1-19)
- d. Permits for nonreducible loads only. (7-1-19)

741. – 749. (RESERVED)

750. LEGAL WEIGHT LIMITS MAINTAINED ON CERTAIN HIGHWAYS.

The policy of the Department will be to maintain legal load limits on the Interstate highway system and arterials serving through state traffic or connecting major terminals, unless conditions are such that severe breakup will result. (7-1-19)

751. – 759. (RESERVED)

760. ENFORCEMENT OF POSTED WEIGHT AND/OR SPEED RESTRICTIONS.

The Districts will sign and mark affected state highways the day before the weight and/or speed restrictions are in effect. The weight and/or speed restrictions will be enforced the day after the Districts sign and mark a state highway. (7-1-19)

761. – 769. (RESERVED)

770. TEMPORARY SUSPENSION OF POSTED WEIGHT AND SPEED RESTRICTIONS.

01. Why Required. Spring breakup restrictions are required because of a seasonal characteristic in which freeze/thaw cycles occur, making the roadway unstable and reducing its load-bearing capability. The load-bearing capacity may be temporarily restored by a freeze-up of the pavement after a section has been posted for load and speed restrictions. (7-1-19)

02. Temporary Waiver of Spring Breakup. District Engineers may provide a temporary waiver of the spring breakup restrictions by posting GREEN markers on the speed limit signs, and on other signs, if appropriate, within a section of highway posted for reduced loads. (7-1-19)

771. – 779. (RESERVED)

780. SPECIAL ALLOWANCES FOR EMERGENCY AND CRITICAL SERVICE VEHICLES.

District Engineers may allow exceptions to the spring breakup weight restrictions for emergency and critical service vehicle(s), ie. fire trucks, heating fuel trucks, and other such service vehicles that are critical to the health and safety of the public. Documentation of special allowance shall be in writing from the District Engineer and must be carried in the vehicle. (7-1-19)

781. – 799. (RESERVED)

800. SPECIAL PERMIT FEES COSTS TO BE BORNE BY PERMITTEE.

The movement of oversize or overweight vehicles or vehicles with special loads is a privilege not accorded every user of the highway. Administrative cost incurred in the processing, issuance and enforcement of special permits shall be borne by such permittees and not by the general traveling public through expenditure of highway user funds. Special permits issued for non-reducible, overweight vehicles and/or loads will be charged a road use fee as set forth in Section 49-1004(2), Idaho Code. Tax supported agencies are required to obtain special permits if their loads exceed the sizes or weights stated in Idaho Code, but they are exempt from paying fees for the permits. (7-1-19)

801. – 909. (RESERVED)

910. PAYMENT OF SPECIAL PERMIT FEES.

01. Payment of Fees. The Idaho Constitution prohibits the state from extending credit to any individual, corporation, municipality, or association. Permit fees are collectible at the time of issuance. (7-1-19)

02. Refund. Permit fees are not refundable once they have been processed into the Department's accounting system, unless the permittee contacts the Special Permit Office no more than two (2) working days (during office hours) following the start date of the special permit or the Department issued the special permit in error. (7-1-19)

03. Permit Costs. Special permit fees listed below are intended to cover cost of administration and are subject to periodic change depending on costs incurred in processing, issuance, and enforcement of special permit rules. (7-1-19)

04. Current Schedule of Fees. Periodic changes to the fee schedule will be subject to legislative review and approval procedures in accordance with Chapter 52, Title 67, Idaho Code, Administrative Procedure Act. (7-1-19)

(7-1-19)

f. Extra Length/Weight (reducible) annual, twelve (12) consecutive months, authority to exceed eighty thousand (80,000) lbs. on reducible loads up to one hundred twenty nine thousand (129,000) pounds, or exceeding the length limits imposed in Section 49-1010, Idaho Code, forty five dollars (\$45). (7-1-19)

911. – 949. (RESERVED)

950. REVOCATION OF PERMIT FOR NON-COMPLIANCE WITH THE LIMITATIONS OR PROVISIONS OF THE PERMIT.

01. Disqualification of Permits. The permit shall become invalid and the cited vehicle may be disqualified for reissuance of permits if convicted of the following: (7-1-19)

02. Permit Revocation Process. A copy of the judgment of conviction from the court and the special permit authorizing operation must be provided to the Permit Office by enforcement personnel. Paperwork will be reviewed for compliance with the provisions of this rule and, if met, notification will be sent to the company informing them of the pending revocation that will occur within ten (10) days of the letter being issued. (7-1-19)
