16.02.25 - RULES GOVERNING FEES CHARGED BY THE STATE LABORATORY

000. LEGAL AUTHORITY.

Pursuant to Section 39-105(3)(b), Idaho Code, the Department of Health and Welfare is responsible for the supervision and administration of laboratories and administration of standards of tests for environmental pollution, chemical analyses and communicable diseases. Authority to set fees and establish charges for laboratory services is vested in the Board of Health and Welfare, pursuant to Section 39-119, Idaho Code. (7-1-82)

001. TITLE AND SCOPE.

01. Title. These rules are to be cited in full as Idaho Department of Health and Welfare Rules, Title 02, Chapter 25, "Rules Governing Fees Charged by the State Laboratory." (7-1-82)

02. Scope. The intent of these rules is to standardize all charges levied by the State Laboratory for services it provides. (7-1-82)

03. Limitation. The State Laboratory annually revises its fees and the charges detailed below will be reviewed by the Board on an annual basis and amended, as appropriate, in accordance with Chapter 52, Title 67, Idaho Code. (7-1-82)

002. POLICY.

The primary purpose of the Bureau of Laboratories of the Idaho Department of Health and Welfare, generally termed as the State Laboratory, is to provide laboratory services that are designed to support the various programs carried out by the other bureaus and divisions of the Department and programs delegated to the district health departments. Since it is not economically feasible for all departments of state governments to develop their own laboratories, it is also appropriate for the Department laboratories to provide services to other state agencies.
