Any hospital, nurse or nursing service, or medical or surgical service provider who makes a claim for direct payment may request from the insurer, fraternal benefit society, hospital and professional service corporation, health maintenance organization, or self-funded health care plan, a supply of such forms as are usually furnished for filing proofs of loss, in a number calculated by the hospital or medical service provider to be adequate for anticipated claims during a period of six (6) months. If such forms are not furnished within fifteen (15) days after request, the claimant may submit written proof of loss for such period of time on the uniform claim form for accident and health insurance prepared by the Division of Medical Practice, American Medical Association. If the requested number of forms is furnished to the hospital or medical provider, and is exhausted, the hospital or medical provider will request an additional supply of forms prior to using the AMA uniform claim form.
