iii. Colonies derived from eligible clones may serve as sources of eligible rootstocks but only after two (2) consecutive growing seasons in a commercial yard or nursery within the control area. (8-1-80)

iv. Eligible clonal stocks must be accompanied by a phytosanitary certificate when imported into the control area. A copy of the certificate must be filed with the Idaho Department of Agriculture, Bureau of Plant Services, at least ten (10) days prior to shipment. The certificate must affirm freedom from *Verticillium* wilt and compliance with Subsections 150.01.a.i. through 150.01.a.iii. (8-1-80)
