**IDAPA 13  
TITLE 01  
Chapter 20**

**13.01.20 - RULES GOVERNING SELECTION OF FISH  
AND GAME LICENSE VENDORS**

**000. LEGAL AUTHORITY.**

These rules are established in accordance with Idaho Code Section 36-301, which says in part "The fish and game commission shall prescribe by rule... (2) the criteria for authorizing a person as a license vendor. In developing the criteria, the commission shall consider the cost to the state to install and maintain a license vendor and the public's need to be able to reasonably obtain the necessary license. The criteria should include, but are not limited to, the remoteness of the location; availability of licenses in the area; angling and hunting supplies and services at the location; distance to the next closest license vendor; and the number of licenses issued at the location." Under Idaho Code Sections 36-301(b) and 36-303 the director is authorized to supervise the issuing of all licenses and the selection of license vendors. (3-20-97)

**001. TITLE AND SCOPE.**

The title of this chapter is Rules Governing Selection of Fish and Game License Vendors. These rules establish the criteria for selecting license vendors. (3-20-97)

**002. WRITTEN INTERPRETATION.**

Written interpretation of these rules and documentation of compliance are available at the Department of Fish and Game's headquarters office. (3-20-97)

**003. ADMINISTRATIVE APPEALS.**

Administrative appeals are governed under IDAPA 13.01.01. (3-20-97)

**004.-- 099. (RESERVED).**

**100. VENDOR CLASSIFICATION.**

All vendor applications will be classified into a class designation for record keeping, approval and statistical purposes. The classifications are defined as follows: (3-20-97)

01. Class One. Sporting goods store carrying a complete line of hunting and fishing supplies and other sporting equipment and supplies, and open a minimum of five (5) days a week year around except for major holidays. (3-20-97)

02. Class Two. A store with a sporting goods department or section which carries a complete line of hunting and fishing supplies and other sporting equipment, and open a minimum of five (5) days a week year around except for major holidays. (3-20-97)

03. Class Three. A store which specializes in a single aspect of hunting or fishing such as gun, archery or fly fishing shops. (3-20-97)

04. Class Four. (3-20-97)

a. Strategic. A business or government agency located in an area where the department has determined there is a need for the public to have licenses available. This may be in areas where there is no or very limited license availability within a twenty-five (25) mile radius from established license vendors. (3-20-97)

b. Exceptional Service. A business which can provide exceptional license availability in comparison to existing license vendors in the vicinity. This may include, for example, being open twenty-four (24) hours a day, seven (7) days a week, but which would not be classified as a class one, two, or three vendor. (3-20-97)

05. Class Five. A business which is not open on a twelve (12) month basis such as summer fishing resorts, but which would otherwise qualify for classes one to four, inclusive. If the business is an outfitter or guide, it must have a permanent business location open to the public for license services. (3-20-97)

06. Class Six. All other businesses which provide no special or exceptional service to the department or public. (3-20-97)

**101. APPLICATION.**

01. Form. The director will develop and provide, as necessary, a license vendor application form incorporating these rules. (3-20-97)

02. Department. (3-20-97)

a. Form. The License Section will send to the applicant the vendorship application form and transmittal letter and concurrently notify the conservation officer within five (5) working days after it received the request. (3-20-97)

b. Nonresponse by applicant. The License Section will contact the conservation officer if the completed Vendor application form has not been received sixty (60) days after the date of the transmittal letter. The application will be considered void if neither the conservation officer nor the License Section has received a positive response from the applicant. The applicant may request up to a thirty (30) day time extension to complete the form from the administration bureau chief. (3-20-97)

c. Application review - quarterly. The administration bureau chief will quarterly evaluate vendor applications for approval or denial. The administration bureau chief will have thirty (30) calendar days after receipt of all necessary forms from the applicant and department personnel to review and investigate the application. The date received plus thirty (30) days will determine into which quarterly evaluation each vendor application will be considered. Applications from the same area will be evaluated together to determine which will best meet the needs for a vendorship in that area. The evaluations and determination of approval or denial will be made quarterly on or before March 1, June 1, September 1, and December 1. Exceptions may be made by the department when there are overriding department and public needs for an immediate replacement of a license vendor in an area. This will primarily occur where there would be no vendor services available to the public within a twenty-five (25) mile radius. (3-20-97)

d. Field review. A conservation officer will meet with the applicant to review the application form and explain the license issuing requirements within thirty (30) calendar days from the applicant's initial contact with the Officer. The application form must be signed and dated by the Officer. After meeting with the applicant, the Conservation officer has fifteen (15) days to complete his review and forward all documents, including the applicant's application form and credit report, to supervisors for review. The application form and any other department documents are due to the License Section thirty (30) days after the officer's meeting with the applicant to review and complete the application form. (3-20-97)

03. Applicant: (3-20-97)

a. Application form. A license vendor applicant must complete the application form in its entirety. Any false or misleading response will void the application. (3-20-97)

b. Meeting with conservation officer. Within fifteen (15) days of the date on the application transmittal letter, the applicant must contact the conservation officer listed in the letter to arrange a meeting with him. If the applicant is unable to contact the conservation officer, the local regional office should be contacted to assign a conservation officer. (3-20-97)

c. Credit rating. The applicant must submit the original copy of a current credit rating from a recognized credit bureau with the completed application form. (3-20-97)

d. Form submission. The completed vendorship application form and credit rating must be submitted to the conservation officer no later than forty-five (45) days after the date of the application transmittal letter. Failure by the applicant to meet these time frames will void the application. (3-20-97)

e. Approved application. If the application is approved the required vendorship contract, agreements,

deposits, and bond (if required) must be received within sixty (60) days from the date of the applicant's approval letter. Failure to meet the deadlines will void the approval except for extenuating circumstances approved by the administration bureau chief. (3-20-97)

f. Denied application. Any applicant who has been denied a license vendorship may appeal that decision to the director. The applicant may request the director to establish a hearing in accordance with the Administrative Procedures Act. (3-20-97)

**102. SELECTION.**

The following criteria are established for selecting an applicant to become a fish and game license vendor: (3-20-97)

01. Low Numbered Vendors. Applicants classified in lower-numbered vendor classifications will be given priority over applicants in higher-numbered classifications from the same general location. (3-20-97)

02. Class Six Applicants. Applicants classified as class six will generally not be approved. They will be approved only when they have demonstrated a major significant public benefit to have a license vendorship at their location. (3-20-97)

03. Unsettled Debts Reported. Applicants who have unsettled debts reported and listed with a credit bureau will not be approved. Unsettled debts that are in dispute will not be considered against the applicant. (3-20-97)

04. Surety Bond Needed. Applicants who would otherwise qualify for a vendorship and have been in business less than three (3) years will be required to furnish the department a ten thousand dollar (\$10,000) surety bond in the form and length as determined by the director. (3-20-97)

05. Applicant Cooperation Required. The applicant and its employees should exhibit a cooperative attitude toward the license issuing requirements; however, this shall not be the only rationale for denying a vendorship. (3-20-97)

06. Permanent Place of Business Required. Applicants who do not have a permanent place of business open and accessible to all segments of the public will not be approved. (3-20-97)

07. Number of Existing Vendors in Area. The number of existing vendors in the applicant's geographical area and their distance to the applicant. For the three (3) closest existing vendors, their hours and days of operation, classification, accessibility to the public, and other pertinent information, including their distance to the applicant, will be compared to the applicant. (3-20-97)

08. Incorporated City. If the applicant is in an incorporated city, the number of vendors in the city. (3-20-97)

09. Unincorporated City. If the applicant is located in an unincorporated area, the number of vendors within a twenty-five (25) mile radius. (3-20-97)

10. Minimum Sales Volume Requirement. The applicant's estimated license sales volume should meet the minimum sales volume requirements. If the applicant is seeking to replace an existing vendor at the prior vendor's location, the prior vendor's sales volume will be used to estimate the applicant's sales volume. (3-20-97)

11. Satisfactory Past Performance Record Required. If the applicant was a license vendor or the manager for a license vendor within the past five (5) years, the performance record for compliance with the requirements for license vendors must be satisfactory. (3-20-97)

12. No Fish and Game Violations Allowed. Neither the owner(s) nor store manager (if the applicant is a corporation) shall have had a fish and game violation other than an infraction within the past five (5) years. (3-20-97)

13. Remote Location. An applicant's location will be considered remote if there are no year-round

- vendors within a twenty-five (25) mile radius. (3-20-97)
14. The Applicant's Hours of Operation. Priority will be given in the following order: (3-20-97)
    - a. Seven (7) days per week, minimum fifty-six (56) hours. (3-20-97)
    - b. Six (6) days per week, minimum forty-eight (48) hours. (3-20-97)
    - c. Five (5) days per week, minimum forty (40) hours. (3-20-97)
    - d. Four (4) days per week, minimum thirty-two (32) hours. (3-20-97)
  15. Turnover in Vendorship of Location. The number of times the location has had a turnover in the vendorship. Three (3) changes of ownership in any twenty-four (24) month period are considered excessive and the application may not be approved for this reason. (3-20-97)
  16. Length of Time in Business. Except as otherwise provided in these rules, all applicants for a new license vendorship should have been established in business for at least one (1) year. The department may waive this requirement in the case of a license vendor applicant located in a remote area if there is a department or public need for license availability. Changes in ownership at established vendor locations will be handled on a case-by-case basis. (3-20-97)
    17. Distance to Fishing and Hunting Areas: (3-20-97)
      - a. Distance zero (0) to ten (10) miles. (3-20-97)
      - b. Distance eleven (11) to twenty (20) miles. (3-20-97)
      - c. Distance twenty-one (21) to thirty (30) miles. (3-20-97)
      - d. Distance thirty-one (31) to forty (40) miles. (3-20-97)
      - e. Distance forty-one (41) miles and greater. (3-20-97)
    18. Need Determination. Can the public reasonably obtain licenses/tags without this vendor. (3-20-97)
    19. Vendor Ceiling. Qualified applications will be approved until the active vendor ceiling has been reached. (3-20-97)

**103. ACTIVE VENDOR CEILING.**

The number of active vendors, including approved vendor applicants, is limited to five hundred fifty (550). (3-20-97)

**104. CONFLICT OF INTEREST.**

It has been department policy since January 1, 1980 that no vendorship application will be approved if the applicant is a member of the Idaho Fish and Game Commission or a department employee unless the contract is made with a publicly-held corporation for its general benefit. (3-20-97)

**105. REFUNDABLE DEPOSIT REQUIRED.**

All vendors approved after July 1, 1995 will submit a five hundred dollars (\$500) refundable deposit with the signed contract. The director may waive this requirement if necessary in order to provide reasonable license availability to the public in remote locations. The refundable deposit will be deposited with the state treasurer in the fish and game fund. The deposit will be returned when the vendor contract is terminated by either party and all department equipment and materials are returned in good order less normal wear. No interest on the deposit will be paid. (3-20-97)
