The provisions of Section 49-3306, INSURANCE AVAILABILITY--RATES--POLICY EXCLUSIONS shall be interpreted as follows: (7-1-93)

01. Risk Considerations. Upon application by an owner or driver of a ridesharing vehicle, a casualty insurer who regularly insures private passenger automobiles is required to consider the risk involved in insuring the ridesharing vehicle. The insurer may consider the owner's and/or driver's driving record, number of miles driven per year in the ridesharing vehicle, number of passengers regularly transported in the ridesharing vehicle, and any other relevant risk factors in determining whether to insure the ridesharing vehicle. The insurer may not increase any premium, cancel any policy, nor refuse to insure a vehicle solely because it is used in a ridesharing arrangement, and without regard to relevant risk analysis. (7-1-93)
