Application shall be made only to the Headquarters office of the Department of Fish and Game in Boise, Idaho. (7-1-99)

501. -- 504. (RESERVED).

505. DEER AND ELK TAG ALLOCATION.

01. Allocation Of Tags. Pursuant to Idaho Code, Section 36-408(d), the Fish and Game Commission may allocate a number of deer and/or elk tags for use by hunters with signed agreements with licensed outfitters in zones with limited numbers of tags. The allocation will be calculated on a zone basis with reductions or increases in hunting opportunities to be proportionate among resident hunters, nonoutfitted nonresident hunters, and outfitted hunters. When the number of hunters in a general hunt unit or zone becomes restricted, the Department will calculate the initial number of allocated tags for each zone using the Idaho Outfitters and Guides Licensing Board's records of average historic use during the previous five (5) year period. Where it is biologically feasible, any reductions in the number of tags available within a zone which exceeds twenty percent (20%) will be spread over a three (3) year period with a maximum reduction of fifty percent (50%) taken in the first year and twenty-five percent (25%) in the second year. When an area becomes controlled, hunt application and eligibility rules will apply to allocated tags in controlled hunts. Only those units or zones with licensed outfitted areas with historic use will be considered for tag allocation. (7-1-99)

02. Controlled Hunt Areas. Only those controlled hunt areas existing prior to 1998 with historic licensed deer and/or elk outfitted area(s) may be considered for a tag/permit allocation. (3-30-01)

a. The number of allocated tags will be subtracted from the number of tags authorized by the Commission within each controlled hunt area with historic licensed deer and/or elk outfitter areas. (3-30-01)

b. Successful allocated controlled hunt applicants must use the services of an Idaho licensed outfitter. (3-30-01)

c. The number of allocated tag/permits will be determined by using one (1) of the following options: (3-30-01)

i. The number of allocated tags available within the controlled hunt area will be based on a variable scale depending on the number of tags established by the Fish and Game Commission: less than fifty-one (51) tags = zero percent (0%); fifty-one (51) or more tags = maximum of three percent (3%); or (7-1-99)

ii. The number of tags available within the controlled hunt area will be based on the average historic use during the previous five (5) year period and calculated tag numbers will be rounded up when permits equal or exceed zero point six (0.6) and rounded down when permits are less than zero point six (0.6); or (3-30-01)

iii. No tags will be allocated. (7-1-99)

d. Applicants who apply for an outfitter controlled hunt by their application authorize the Department to provide their names and addresses only to those outfitters licensed for that controlled hunt and only if they are successful in drawing a permit for that controlled hunt. (3-30-01)

03. Controlled Hunts Or Hunts With Limited Hunting Opportunities Established After 1997.

Controlled hunts or hunts with limited hunting opportunities established after 1997, with historic licensed deer and/or elk outfitted areas, may be considered for allocated tags. The number of tags will be determined by the Fish and Game Commission using Subsections 505.02.c.i., 505.02.c.ii., and 505.02.c.iii. (3-30-01)

506. DEER AND ELK OUTFITTER ALLOCATED TAG.

01. Allocated Tags. The following number of deer and elk tags shall annually be allocated for sale to persons who have entered into a signed agreement to utilize the services of an outfitter who is licensed in that zone under Title 36, Chapter 21, Idaho Code. (3-30-01)
