020. VALUE OF RECREATIONAL VEHICLES FOR ANNUAL REGISTRATION AND TAXATION OF UNREGISTERED RECREATIONAL VEHICLES (Rule 020).
 Section 49-446, Idaho Code. (5-3-03)

01. Value Of Recreational Vehicle For Registration Fees. Beginning with registration fees for calendar year 2004, the County assessors shall administer and collect the recreational vehicle (RV) registration fee based on the market value calculated from the following depreciation schedule.

DEPRECIATION SCHEDULE FOR RVS				
	Travel/ Camp Trailers	Campers	Van Conversions	Motor Homes
Age	Percent Good	Percent Good	Percent Good	Percent Good
0	100	100	100	100
1	86	83	85	85
2	76	76	74	77
3	66	64	62	68
4	62	60	52	62

DEPRECIATION SCHEDULE FOR RVS				
	Travel/ Camp Trailers	Campers	Van Conversions	Motor Homes
Age	Percent Good	Percent Good	Percent Good	Percent Good
5	59	55	47	59
6	56	54	40	55
7	55	52	35	54
8	50	49	32	51
9	49	44	30	48
10	43	40	27	44
11	41	36	23	40
12	38	33	19	36
13	37	30	14	32
14	36	27	13	31
15	31	23	12	28

To use this depreciation schedule, multiply the sales price of the RV or the applicable value from Subsection 020.02 or 020.03 below by the appropriate "Percent Good" based on the "Age" and type of RV. Decide the "Age" based on the year of purchase as follows: purchased in the current year equals "Age" zero (0), purchased in the previous year equals "Age" one (1), etc. For example, in year 2004, the "Age" for an RV purchased in 2004 is zero (0), the "Age" for an RV purchased in 2003 is one (1), the "Age" for an RV purchased in 2002 is two (2), the "Age" for an RV purchased in 2001 is three (3), etc. For any RV still in use and purchased fifteen (15) or more years ago, calculate the minimum market value using the lowest depreciation rate for the correct RV type. This depreciation schedule is based on the "Recreation Vehicle Guide of the National Automobile Dealers Association" and the "Van/Truck Conversion and Limousine Appraisal Guide of the National Automobile Dealers Association" approved by the State Tax Commission as required under Section 49-446, Idaho Code. The State Tax Commission will maintain the information on which this depreciation schedule is based while it is in use and for a minimum of three (3) years after it has been replaced. If the purchase price for the RV is not known, use the approved edition of the "Recreation Vehicle Guide of the National Automobile Dealers Association" or the "Van/Truck Conversion and Limousine Appraisal Guide of the National Automobile Dealers Association" as referenced in Rule 006 of these rules to determine the market value.

(5-3-03)

02. Value Of Motor Home Or Van Conversion For Registration Fees. The value of any motor home or van conversion used to calculate the registration fee shall exclude any chassis value. Beginning with the registration fees for calendar year 2004, the county assessor shall use the following schedule of valuation factors to calculate the value of the motor home or van conversion excluding the chassis value.

Motor Home/Van Type	Valuation Factor
Mini Motor Home (MMH)	50%
Motor Home (MH)	60%
Front Engine Diesel	45%
Rear Engine Diesel	58%
Van Conversions	25%

Multiply the motor home or van conversion's total value by the appropriate factor to calculate the value excluding the chassis value. (5-3-03)

03. Value Of Vehicles Designed For Combined RV And Non-RV Uses For Registration Fees. For vehicles designed to have part of the vehicle for RV use and other parts of the vehicle for non-RV uses like transporting horses or other cargo, the value of the RV to be used to calculate the registration fee is the price listed on the bill of sale for the living quarters. When the price of the living quarters is not listed separately on the bill of sale, for a vehicle with less than four (4) facilities, the value of the RV is twenty-five percent (25%) of the sales price, and for a vehicle with four (4) or more facilities, the value of the RV is thirty percent (30%) of the sales price. A facility is any one (1) of the following: (5-3-03)

- a. Stove; (5-3-03)
- b. Lavatory/toilet; (5-3-03)
- c. Heater/air conditioner; (5-3-03)
- d. Refrigerator/icebox; (5-3-03)
- e. Sink with water faucet; or (5-3-03)
- f. Electricity/gas supply. (5-3-03)

04. Assessment Notice Mailed Or Assessment Canceled. If after August 31, the required annual registration fee has not been paid, a taxpayer's valuation assessment notice shall be mailed to the owner of the recreational vehicle. If the registration fee is paid before the fourth Monday of November, the assessor shall cancel the assessment. (5-3-03)

021. -- 119. (RESERVED).

131. USE OF RATIO STUDY IN EQUALIZATION (Rule 131). (5-3-03)
Section 63-109, Idaho Code.

01. Annual Ratio Study. Each year the State Tax Commission shall conduct a ratio study to assist in the equalization of assessments of property within and among the categories of property established in Rule 130 of these rules. The ratio study shall be conducted in accordance with the "Standard on Ratio Studies" published in 1999 by the International Association of Assessing Officers. The annual ratio study shall test assessments as of January 1 of each year. Except when sales or appraisals must be added or deleted to improve representativeness, sales used will be those occurring within each county between October 1 of the year preceding the year for which assessments are to be tested and September 30 of the year for which assessments are to be tested. Each sale price is to be adjusted for time and compared to market value for assessment purposes for the year for which assessments are to be tested, to compute ratios to be analyzed. The State Tax Commission may use sales from extended time periods and may add appraisals when data is lacking. The State Tax Commission may delete sales when necessary to improve representativeness. The study shall be completed in February following the end of the period studied. The appropriate ratio study statistical measure of level shall be determined as follows: (3-30-01)

- a.** Given a sample of ten (10) or fewer observations, the mean shall be used. (3-30-01)
- b.** Given a sample of eleven (11) or more observations, the median shall be used. (3-30-01)

02. Tested For Equalization. Categories which will be tested for equalization purposes will include the following, provided that adequate samples can be obtained: (4-5-95)

- a.** Improved Urban Residential: Abstract Items 20 and 41; (4-5-95)
- b.** Unimproved Urban Residential: Abstract Item 20; (4-5-95)
- c.** Improved Rural Residential: Subcategory 1 (tracts): Abstract Items 12, 18, 34, and 40; Subcategory 2 (subdivisions): Abstract Items 15 and 37; (4-5-95)
- d.** Unimproved Rural Residential: Subcategory 1 (tracts): Abstract Items 12 and 18; Subcategory 2 (subdivisions): Abstract Item 15; (4-5-95)
- e.** Commercial: Abstract Items 13, 16, 21, 27, 33, 35, 38, and 42. (Urban and rural categories and land and improved categories will be analyzed separately, if adequate samples are available.) (3-30-01)
- f.** Residential Condominiums: Abstract Item 26. (3-30-01)
- g.** Manufactured Housing Without Land: Abstract Items 46, 47, 49, and 65. (5-3-03)
- h.** Manufactured Housing With Land: Abstract items 46, 47, and 48 with residential land for ratio studies conducted beginning January 1, 2002. (3-15-02)

03. Separate And Combined Analyzations. (3-30-01)

- a.** Categories 18 and 40 may be analyzed separately from Categories 12 and 34 if adequate samples are available. If these categories (18 and 40) are not used for residential property, they should not be included in the 12/34 study. (3-30-01)

b. Manufactured housing sales that include land may be analyzed as an independent category or in combination with other improved residential property sales with the same land category. The manufactured housing sales with land will be analyzed as an independent category unless the State Tax Commission and county assessor agree that analysis in combination with other improved residential property sales with the same land category would produce a more representative sample. (3-15-02)

c. Samples for the categories listed in Subsection 131.02 may be analyzed in combinations designed to produce studies of improved residential property, unimproved residential property, commercial property, and manufactured housing. Such analysis will be conducted upon request by the county assessor, provided that the assessor provides evidence to the State Tax Commission that the resulting combined category studies will provide results that are more representative of the categories to be equalized. (3-30-01)

04. Follow Up Ratio Study. When the annual ratio study provided in Subsections 131.01 and 131.02, discloses that assessments in any category of property as defined in Subsections 131.02 and 131.03 in a county are out of compliance with the equalization standards of this rule, the State Tax Commission shall conduct a follow up ratio study. The follow up ratio study shall test the assessments for January 1 of the year following the year tested by the annual ratio study and shall be based on property sales occurring during the calendar year immediately preceding that date. The State Tax Commission shall notify the county assessor of the results of the follow up ratio study. The notice shall indicate whether any adjustments will be considered by the State Tax Commission at its next equalization meeting in August based on either the annual or any follow-up ratio study and the reason for the proposed adjustments. (3-30-01)

05. Use Of Ratio Study Results. The results of the annual ratio study or any follow-up ratio study shall be one source of information upon which the State Tax Commission may rely when equalizing assessments of property by category under Section 63-109, Idaho Code. When the results of any ratio study on any property category as defined in Subsections 131.02 and 131.03 show, with reasonable statistical certainty as defined in Subsection 131.08, that the appropriate measure of level of any category studied is less than ninety percent (90%) or greater than one hundred ten percent (110%), the assessment of property within that category may be considered not equalized. When this occurs, the State Tax Commission may, at its annual meeting commencing on the second Monday in August, order the county auditor to adjust the value of all property in any category or subcategory included in the analysis conducted in an amount the State Tax Commission finds necessary to accomplish equalization of assessments of property. The State Tax Commission may order the county auditor to adjust the value of manufactured homes with land as if the combination were a category. If categories have been combined for analysis, adjustment will not be considered for any category that does not have at least one observation in the ratio study conducted for the combined categories. (3-15-02)

06. Use Of Alternate Ratio Study. When the follow-up ratio study required by Subsection 131.04 does not measure the true assessment level, the State Tax Commission may consider adjustment based on the most recent annually conducted ratio study or other information relevant to equalization. If the State Tax Commission has reason to question the representativeness of the sample used in an annual or follow up ratio study conducted on any category of property, the State Tax Commission may delay implementation of any order to adjust property values until two successive years' ratio studies fail to produce an appropriate measure of level between ninety percent (90%) and one hundred ten percent (110%). (3-30-01)

07. Submission Of Additional Information. Any party may petition the State Tax Commission to consider any information or studies relevant to equalization. The petition shall include a description of the information to be presented and the petitioner's conclusions drawn from the information. (4-5-95)

08. Reasonable Statistical Certainty. For the purposes of this section and equalization pursuant to Section 63-109, Idaho Code, "reasonable statistical certainty" that any category is not equalized shall mean that the appropriate measure of level determined by the ratio study for the category must be provably less than ninety percent (90%) or greater than one hundred ten percent (110%) of market value for assessment purposes. Beginning with the ratio study used to test 2000 assessments, such a determination shall occur if: (3-30-01)

a. The appropriate measure of level for the category(ies) being tested is less than ninety percent (90%) or greater than one hundred ten percent (110%) and a ninety percent (90%) two-tailed confidence interval around the appropriate measure of level fails to include ninety percent (90%) or one hundred ten percent (110%); or (3-30-01)

b. The appropriate measure of level for the category(ies) being tested has been less than ninety percent (90%) or greater than one hundred ten percent (110%) as determined by the most recent previous two (2) ratio studies on the category(ies) and an eighty percent (80%) two-tailed confidence interval around the appropriate measure of level fails to include ninety percent (90%) or one hundred ten percent (110%). (3-30-01)

counterclockwise. Starting in the NE1/4 of the section the numbers used range from zero to two thousand three hundred ninety nine (0 to 2399). Continuing counterclockwise, beginning in the NE1/4 of the northwest quarter (NW1/4), the numbers continue from two thousand four hundred to four thousand seven hundred ninety nine (2400 to 4799), thence, starting in the NE1/4 of the southwest quarter (SW1/4), assign numbers from four thousand eight hundred to seven thousand one hundred ninety nine (4800 to 7199), and beginning in the NE1/4 of the southeast quarter (SE1/4), assign quarter section numbers from seven thousand two hundred to nine thousand nine hundred ninety nine (7200 to 9999). ii. If located in a second Idaho county (not the home county) for fifty-nine (59) consecutive, uninterrupted days and in the home county for the remainder of the year, the transient personal property should be assessed for fifty-nine/three hundred sixty-five (59/365) of the total market value in the second county and for three hundred six/three hundred sixty-five (306/365) of the total market value in the home county. (5-3-03)

iv. If located in a second Idaho county (not the home county) for twenty-nine (29) consecutive, uninterrupted days and later in that same county for twenty-nine (29) consecutive, uninterrupted days and in the home county for the remainder of the year, the transient personal property should be assessed for the total market value in the home county. (5-3-03)

v. If located in a second Idaho county (not the home county) for fifty-nine (59) consecutive, uninterrupted days, outside the state of Idaho for any thirty-five (35) days and taxed in the other state, and in the home county for the remainder of the year, the transient personal property should be assessed for fifty-nine/three hundred sixty-five (59/365) of the value in the second county and for two hundred seventy-one/three hundred sixty-five (271/365) of the total market value in the home county. (5-3-03)

d. Transient Personal Property. Transient personal property is defined in Section 63-201, Idaho Code. (5-3-03)

02. Overassessment Prohibited. Section 63-213, Idaho Code, prohibits the assessment of any property in any one (1) county for the same period of time that property has been assessed in another county. The sum of the assessments of transient personal property in the home county and each other county where the property has been located shall not exceed the market value of the property. (5-3-03)

03. Non-Taxable Transient Personal Property. Under Subsection 63-313(4) and Section 63-602U, Idaho Code, any transient personal property only in transit through the home county or any other county and not remaining in any county for the purpose of use is not subject to property taxation. Any transient personal property, which was sold by the owner in the home county and upon which the full current year's property taxes were paid, is not subject to property taxation for the current year in any other county regardless of whether that property is to be used in or only in transit through any other county. (5-3-03)

314. COUNTY VALUATION PROGRAM TO BE CARRIED ON BY ASSESSOR (Rule 314). Sections 63-314 and 63-316, Idaho Code. (3-30-01)

01. Definitions. (7-1-99)

a. Continuing program of valuation. "Continuing program of valuation" means the program by which each assessor completes the assessment of all taxable properties each year. (7-1-99)

b. Field inspection. The "field inspection" shall include an observation of the physical attributes of all structures which significantly contribute to the property value, the visible land amenities, and a notation of any other factors which may influence the market value of any improvements. (7-1-99)

c. Index. "Index" refers to any annual adjustment or trending factor applied to existing assessed values to reflect current market value. Ratio studies or other market analyses can be used to develop indexes based on property type, location, size, age or other characteristics. (7-1-99)

d. Prediction of market value. As used in Section 63-314, Idaho Code, "prediction of market value" means an estimate of market value. (7-1-99)

e. Category to be assessed at current market value. The level of assessment of each category will be considered to be current market value unless there is reasonable statistical certainty that the category is not equalized pursuant to Section 63-109, Idaho Code, and Rule 131. (3-30-01)

02. Plan For Continuing Program Of Valuation. The plan for continuing program of valuation shall include: (7-1-99)

a. General Contents. A parcel count by category, the number of parcels to be appraised each year, maps that show each of the market areas, an analysis of staff requirements, a budget analysis that provides adequate funding for labor costs, capital and supply costs, travel and education costs and the method of program evaluation. (3-30-01)

b. Market data bank. A market data bank including collection, verification and analysis of sales, income and expense data, building cost information, and application of this information to estimate market value. (7-1-99)

c. Maps. Maps prepared in accordance with Section 63-209, Idaho Code, which identify characteristics of each geographic area. (7-1-99)

d. Property record. A property record for each parcel, complete with the property characteristics necessary for an estimate of the current market value. (7-1-99)

03. Date Plan Is Submitted. The plan must be submitted to the State Tax Commission on or before the first Monday of February in 1997, and every fifth year thereafter. (7-1-99)

04. Request For Extension. As provided in Section 63-314, Idaho Code, a county may request an extension to the current five (5) year county valuation plan. (3-30-01)

a. Amended Plan. Any request for an extension must include an amended plan incorporating an inventory of the parcels to be appraised during the period of the approved extension. This inventory shall constitute the schedule of required appraisals for the initial year or years of the subsequent five (5) year valuation program. Parcels appraised during the extension will be considered appraised during both the current and subsequent five (5) year plan valuation program periods, maintaining the same five (5) year cycle for all counties. (3-30-01)

b. Approval of the extension and amended plan. A county shall be notified of the State Tax Commission's decision regarding the granting of an extension as provided in Section 63-314, Idaho Code, within thirty (30) days of receipt of the written request for the extension when accompanied by an amended plan. (3-30-01)

c. Approval of the amended Plan. The State Tax Commission's approval of any extension shall specify timing and nature of progress reports. (3-30-01)

d. Voiding of the extension. The State Tax Commission can void an extension unilaterally. (3-30-01)

05. Testing For Current Market Value. Assessed values shall be tested annually by the State Tax Commission as described in Section 63-109, Idaho Code, and Rule 131 of these rules to determine whether the level of assessment reflects "current market value". (3-30-01)

315. RATIO STUDIES - SCHOOL DISTRICTS (Rule 315). Section 63-315, Idaho Code. (5-3-03)

01. Procedures For School District Ratio Studies. The ratio study conducted by the State Tax Commission to comply with the requirements of Section 63-315, Idaho Code, shall be conducted in accordance with the "Standard on Ratio Studies" published in 1999 by the International Association of Assessing Officers. The following specific procedures will be used. (3-30-01)

a. Information on property sales, which meet the requirements of arm's length and market value sales, will be obtained and assembled into samples representing various categories of property and designations defined in Subsection 315.02 in each school district. Except when sales or appraisals must be added or deleted to improve representativeness, sales used will be those occurring within each school district between October 1 of the year preceding the year for which adjusted market value is to be computed and September 30 of the year for which adjusted market value is to be computed. Each sale price is to be adjusted for time and compared to market value for

assessment purposes for the year for which adjusted market value is to be computed, to compute ratios to be analyzed. The State Tax Commission may use sales from extended time periods and may add appraisals when data is lacking. The State Tax Commission may delete sales when necessary to improve representativeness. (3-30-01)

b. A ratio will be determined for each sale by dividing the market value for assessment purposes of the property by the adjusted sale price or appraised value. (7-1-98)

c. A statistical analysis is to be conducted for the sales and any appraisals in each property designation defined in Subsection 315.02 in each school district and appropriate measures of central tendency, uniformity, reliability, and normality computed. (3-30-01)

d. With the exception of any property designations with extended time frames or added appraisals, if fewer than five (5) sales and appraisals are available, no adjustment to the taxable value of the designation will be made. (7-1-98)

e. If there are five (5) or more sales and appraisals and it is determined with reasonable statistical certainty that the property designation is not already at market value for assessment purposes, an adjusted market value will be computed for the school district by dividing the taxable value for the year for which adjusted market value is to be determined by the appropriate ratio derived from the ratio study. The appropriate ratio to be used shall be the weighted mean ratio calculated from the sample for each designation, unless it can be clearly demonstrated that this statistic has been distorted by non-representative ratios. In this case the median may be substituted: (3-30-01)

f. Within each school district, adjusted market value or taxable value for each category of real, personal and operating property will be summed to produce the total adjusted market value for the school district. The school district taxable value will then be divided by this adjusted market value to produce the overall ratio of assessment in each school district. Statewide totals are to be calculated by compiling county totals. (7-1-98)

g. Urban renewal increment values will not be included in the taxable value or the adjusted market value for any school district. (7-1-98)

h. “Reasonable statistical certainty,” that the property designation in question is not at market value for assessment purposes, is required. Such certainty is tested using ninety percent (90%) confidence intervals about the weighted mean or median ratios. If the appropriate confidence interval includes ninety-five percent (95%) or one hundred five percent (105%), there is not “reasonable statistical certainty” that the property designation is not at market value for assessment purposes. (3-30-01)

i. Categories of property subject to adjustment following the procedure outlined in this rule and ratio study designations from which measures of central tendency used for adjustments will be derived are:

Category	Property Category	Ratio Study Designation
41	Urban Residential Improvements	Residential
20	Urban Residential Land	Residential
37	Rural Residential Subdivision Improvements	Residential
15	Rural Residential Subdivision Land	Residential
34 & 40	Rural Residential Tract and Other Rural Improvements	Residential
12 & 18	Rural Residential Tracts and Other Lands	Residential
42	Urban Commercial Improvements	Commercial
21	Urban Commercial Land	Commercial
35 & 38	Rural Commercial Tract and Subdivision Improvements	Commercial

Category	Property Category	Ratio Study Designation
13 & 16	Rural Commercial Tracts and Subdivision Land	Commercial
46, 47, 49, & 65	Manufactured Homes and Attachments	Manufactured Homes and Attachments
48	Manufactured Homes Declared to be Real Property	Residential
26	Residential Condominiums	Residential
27	Commercial Condominiums	Commercial

(5-3-03)

j. Except for manufactured homes identified as category 48, sales of manufactured homes including land shall not be used in the ratio study done to calculate school district adjusted market value. (5-3-03)

k. For all other property categories not contained in the list in Subsection 315.01.i., adjusted market value will equal taxable value. (3-30-01)

l. “Appraisal” or “appraised value” refers to any State Tax Commission provided independently conducted property appraisal. (7-1-98)

02. Use Of Property Designations. In computing the ratio for each school district, the State Tax Commission will designate property as residential, commercial, or manufactured housing and shall assign appropriate property categories defined in Rule 130 of these rules to these designations. For each school district, adjusted market value shall be computed by dividing the appropriate ratio ascertained for each of these designations into the sum of the taxable values for each category of property assigned to a designation. For the taxable value in any category to be included in said sum, at least one observation (sale or appraisal) from that category must be present in the ratio study. If the ratio for any given designation in a school district indicates that the market value for assessment purposes cannot be determined with reasonable statistical certainty to differ from statutorily required market value, the taxable value shown on the school district abstract(s) required pursuant to Subsection 315.04 for each of the categories included in that designation shall be the adjusted market value for said designation for said school district. (3-30-01)

03. Assessor To Identify School Districts. Each county assessor will provide to the State Tax Commission the school district in which each sale submitted for the ratio study is located. (7-1-98)

04. Abstracts Of Value By School District. Each county auditor shall provide to the State Tax Commission abstracts of the taxable value of all property within the portion of each school district in each county. These abstracts shall be submitted in the same manner and at the same time as provided for county abstracts of value. (7-1-98)

05. Urban Renewal Increment And Exemption To Be Subtracted. The taxable value of each category of property within each school district shall not include the value that exceeds the value on the base assessment roll in any urban renewal district pursuant to Chapter 29, Title 50, Idaho Code, and shall not include the value of any exemption pursuant to Sections 63-602P, 63-602AA, 63-602K, 63-602G, 63-602X, 63-602CC, 63-602BB, and 63-602FF, Idaho Code. (5-3-03)

316. COMPLIANCE OF CONTINUING VALUATION PROGRAM (Rule 316).
Sections 63-314 and 63-316, Idaho Code. (5-3-03)

01. Definitions. (5-3-03)

a. Continuing Appraisal. “Continuing appraisal” means the program by which each assessor completes the assessment of all taxable properties each year. This term includes any appraising or indexing done to accomplish the continuing program of valuation as defined in Rule 314 of these rules. (5-3-03)

b. Monitor. "Monitor" means collecting data and compiling statistical reports that show the number and percentage of parcels physically inspected at scheduled intervals within each year of each five (5) year appraisal cycle. The term "monitor" also includes an examination of and summary report of compliance with the most recently completed ratio study under Section 63-109, Idaho Code, and Rule 131 of these rules showing the status of appraisal and indexing to achieve market value. (5-3-03)

c. Progress Reports. "Progress reports" mean any informational or statistical report compiled and distributed by the State Tax Commission regarding the physical appraisal progress of a county. (5-3-03)

d. Appraisal Cycle. "Appraisal cycle" means consecutive five (5) year periods beginning with appraisals completed for the 1998 property roll, as established by the requirement in Section 63-314, Idaho Code. (5-3-03)

e. Remediation Plan. "Remediation plan" means, a written statement of the actions that will be taken by the county not in compliance with the requirements of Section 63-314, Idaho Code, to bring the continuing program of valuation into compliance with said Section. (5-3-03)

02. Monitoring Procedure. The State Tax Commission will monitor compliance with the continuing program of valuation in each county no less than annually. The State Tax Commission will monitor the completion of the appraisal of no less than twenty percent (20%) of all parcels by the end of the first year of the appraisal cycle, no less than forty percent (40%) by the end of the second year, no less than sixty percent (60%) by the end of the third year, no less than eighty percent (80%) by the end of the fourth year, and no less than one hundred percent (100%) by the end of the fifth year in order that all parcels are appraised no less than every five (5) years. As a result of the monitoring process, the State Tax Commission will prepare and distribute progress reports to each county assessor at the end of each monitoring period. Each monitoring period will be conducted in the following manner: (5-3-03)

a. The State Tax Commission will compile a progress report each July. The State Tax Commission will use this progress report in each county to determine compliance with Section 63-314, Idaho Code. This report will consist of an analysis of the county's progress within the current appraisal cycle as well as a summary report of the most recently completed ratio study showing the status of appraisal and indexing to achieve market value. The State Tax Commission will notify each county assessor on or before August 15 each year of the current status of the continuing program of valuation progress and any necessary corrective action. The State Tax Commission will notify the board of county commissioners that this report has been provided to the county assessor. (5-3-03)

b. Upon receipt of a written request from the county assessor, the State Tax Commission will complete and distribute a six (6) month progress report in January. This January report will show the total parcels in the county, the number of parcels that need to be physically inspected for the current year's assessment, a summary report of the most recently completed ratio study, and the number of parcels upon which physical inspections were completed during the preceding six (6) months. The State Tax Commission will distribute any January progress report only to inform the county assessor of the status of the continuing program of valuation and will not use the data gathered for this report to determine compliance with Section 63-314, Idaho Code. The State Tax Commission will notify the board of county commissioners that this report has been provided to the county assessor. (5-3-03)

03. Remediation Plans. If the results of any July report show that a county has not achieved the adequate appraisal of the required percent of the parcels, as stated in Subsection 316.02 of this rule, the assessor and board of county commissioners will be required to submit to the State Tax Commission, a remediation plan that demonstrates how compliance will be achieved. The remediation plan will be submitted to the State Tax Commission on or before September 15. The State Tax Commission will determine whether the plan is acceptable on or before October 1. Once a remediation plan has been approved, the continuing valuation program of the county will be considered in compliance so long as the county meets the terms of the remediation plan. The State Tax Commission will monitor progress toward successful completion of any remediation plan at intervals scheduled with the county assessor. (5-3-03)

04. State Tax Commission To Ensure Corrective Action. (5-3-03)

a. During the first four (4) years of any appraisal cycle, if any July progress report shows that a county

assessor has not achieved the adequate appraisal of the required percent of parcels, as stated in Subsection 316.02 and implementation of the subsequent remediation plan does not achieve the required percent or the next July progress report shows the number of completed appraisals continues to be less than the required percent, the State Tax Commission will begin proceedings to ensure corrective action is taken up to and including taking exclusive and complete control of the continuing program of valuation as provided for in Section 63-316, Idaho Code. (5-3-03)

b. If, at the end of any appraisal cycle a county has not achieved adequate appraisal of all parcels, the State Tax Commission may begin proceedings to ensure corrective action is taken, up to and including taking exclusive and complete control of the continuing program of valuation as provided for in Section 63-316, Idaho Code. If, at the end of an appraisal cycle, a county has not met the requirements of Section 63-314, Idaho Code, and no extension has been granted pursuant to the provisions of Section 63-316(6), Idaho Code, the county plan for the next appraisal cycle submitted to the State Tax Commission must include provision for field inspection of those parcels not field inspected by the end of the expired appraisal cycle and an additional field inspection of the same parcels for the current plan for the continuing program of valuation. (5-3-03)

05. Compliance Procedure Examples. (5-3-03)

317. OCCUPANCY TAX ON NEWLY CONSTRUCTED IMPROVEMENTS ON REAL PROPERTY (Rule 317).

Section 63-317, Idaho Code.

(5-3-03)

01. Manufactured Housing. Occupancy tax shall apply to industrial structures and new manufactured housing. Used manufactured housing is not subject to the occupancy tax. (3-23-94)

02. Value Prorated Monthly. The value for occupancy tax purposes shall be prorated at least monthly. (3-23-94)

03. Notice Of Appraisal. When notifying each owner of the appraisal, the county assessor shall include at a minimum the full market value before any exemptions and before any prorating of the value, the length of time subject to the occupancy tax, and the prorated value. (5-3-03)

04. Market Value. The market value for occupancy tax purposes shall be entered on an occupancy tax valuation roll. Occupancy tax shall not be included in the assessed value of any taxing district, but must be declared in the certified budget. (3-23-94)

05. Allocation To Urban Renewal Agencies. Beginning with any distribution of occupancy tax resulting from occupancy taxes levied after approval of levies for the year 2000, the revenue shall be allocated to any applicable school district and urban renewal agency. The revenue distribution to any applicable school district must be satisfied prior to the distribution to the urban renewal agency. Only the occupancy tax revenue from properties within the revenue allocation area shall be distributed in this manner. School districts shall be allocated an amount of occupancy tax equal to four tenths of one percent (0.4%) of the prorated value of property subject to occupancy tax, provided that such property is located within the school district and within the revenue allocation area of an urban renewal agency. (4-5-00)

318. -- 399. (RESERVED).

400. ACCESS TO INFORMATION ON VALUATION (Rule 400).

01. Public Records And Qualifying Disclosure Exemption. Public records are presumed to be open to the public. Records containing certain information pertaining to private businesses may be exempt from disclosure. See Sections 9-337 and 9-340(4), Idaho Code. (7-1-99)

02. Designation Of Information As Confidential. The taxpayer, whose operating property is assessed

by the State Tax Commission, or the operator of this property may designate all or part of the information in the operator's statement as confidential. Information submitted as a supplement or schedule to the operator's statement may also be designated in whole or in part as confidential. The request must be made in writing and attached to the operator's statement required by Rule 404 of these rules. (7-1-99)

03. Treatment Of Designated Information. The State Tax Commission shall treat the designated confidential information and the portions of the appraisal reports, incorporating such information, as exempt from disclosure under Section 9-340(4), Idaho Code. (7-1-99)

04. Assessor's Access To Designated Information. The assessor of a county in which the value of an operating property is apportioned may, in the offices of the State Tax Commission, examine the information designated as confidential for the operating property in question. An assessor cannot disclose this information. The assessor cannot obtain or make copies of this information. (7-1-99)

401. -- 403. (RESERVED).

404. OPERATOR'S STATEMENT--CONTENTS (Rule 404).
Sections 63-401 and 63-404, Idaho Code. (5-3-03)

01. Operator's Statement. In the operator's statement, the number of miles of railroad track, electrical and telephone wire, pipeline, etc., must be reported to the hundredth mile in decimal form (0.00) in each taxing district or taxing authority and must be reported by the uniform tax code area method. (7-1-99)

02. Tax Code Area Maps. By March 1 of each year, the State Tax Commission shall furnish to all entities having operating property within the state of Idaho, except private railcar fleets, a list of all changes in tax code area boundary lines. In case the State Tax Commission receives corrections to any tax code area boundaries, these changes must be furnished by March 15. Every day that the tax code area map deadline is extended beyond March 1 allows for an automatic operator's statement extension equal to the delay. The reporting entity shall review the list of changes to identify any tax code areas, within which any of the entity's operating property is located. The reporting entity shall report, under Subsection 404.01, of this rule based on these identified tax code areas. The State Tax Commission shall provide the tax code areas maps to the reporting entity as provided for in Rule 225 of these rules. (5-3-03)

03. Reporting Of Mileage. The following procedures apply for reporting mileage. (7-1-99)

a. Railroad Track Mileage. The railroad track mileage shall be reported by the name of the main line and branch lines with the track mileage for the main line and branch lines reported as Main Track Miles. Track miles consisting of passing track, yard switching, spurs, sidings, etc., shall be reported as Secondary Track Miles. (5-3-03)

b. Electric Power Line Mileage. The electric power companies shall report electric power line mileage by transmission and distribution lines. The transmission lines are the lines at a primary source of supply to change the voltage or frequency of electricity for the purpose of its more efficient or convenient transmission; lines between a generating or receiving point and the entrance to a distribution center or wholesale point; and lines whose primary purpose is to augment, integrate, or tie together the sources of power supply. The distribution lines are the lines between the primary source of supply and of delivery to customers, which are not includible in transmission lines. Cooperative electrical associations may include lines designed to accommodate thirty-four thousand five hundred (34,500) volts or more as transmission or distribution lines. Transmission or distribution lines shall be reported by single linear wire mile. (5-3-03)

c. Telephone Wire Mileage. All telephone wire mileage shall be reported on a single linear wire mile basis, and include any ground wires. (5-3-03)

d. Natural Gas and Water Distribution Pipeline Mileage. All natural gas and water distribution companies shall report pipeline miles on a three (3) inch comparison basis. For example, a company with five (5) miles of six (6) inch pipe will report ten (10) pipeline miles: five (5) times six (6) divided by three (3) equals ten (10) miles. (5-3-03)

e. Transmission Pipeline Mileage. Transmission pipeline mileage is reported in actual pipe sizes, without adjustment, because the pipe is normally uniform in size over long distances. (5-3-03)

04. Situs Property. Situs property includes microwave stations and radio relay towers. This property is not apportioned on the basis of mileage. The investment in this property shall be reported in the tax code area, within which it is located. (7-1-99)

05. Record Of Property Ownership. The following procedures apply for maintaining records of operating property ownership. (7-1-99)

a. STC Form R. A record of each property owned, leased, or otherwise operated by each railroad, private railcar fleet or public utility shall be maintained by the State Tax Commission, the appropriate railroad, private railcar fleet or public utility, and the appropriate county assessor's office. Each record shall be maintained on a form identified as STC Form R. The State Tax Commission shall send a copy of each STC Form R to the appropriate company and the appropriate county assessor's office. (7-1-99)

b. Identification of Operating Property and Nonoperating Property. On the STC Form R, the State Tax Commission shall identify which property is operating property and which property is nonoperating property. (5-3-03)

c. Filing of Property Ownership by Railroad Companies. Each railroad company shall file the original railroad right-of-way maps with the State Tax Commission. Each railroad shall file an STC Form R, only, for property that is acquired, leased, or transferred between operating and nonoperating status, or sold during the prior year. (7-1-99)

06. Filing Date For Operator's Statement. By April 30 each year, each railroad, private railcar fleet, and or public utility operating in Idaho shall file information pertinent to the entity's ownership and operation with the State Tax Commission. This information must be reliable for preparing an estimate of market value. For each entity submitting a written request for an extension on or before April 30, the State Tax Commission may grant an extension of the filing date until May 31. An automatic extension beyond April 30 may be granted as set out in Subsection 404.02. (5-3-03)

405. ASSESSMENT OF OPERATING PROPERTY (RULE 405).

01. The Unit Method. The unit method of valuation is preferred for valuing a railroad or public utility when the individual assets function collectively, are operated under one ownership and one management, are interdependent, and the property would be expected to trade in the marketplace as a unit. Under the unit method, the value of the tangible and intangible property is equal to the value of the going concern. The market value of the unit shall be referred to as the system value. For interstate property, allocation factors shall be used to determine what part of the system value is in Idaho. (7-1-99)

02. Identifying The Unit To Be Appraised. The unit includes all property used or useful to the operation of the system, property owned, used or leased by the business and the leased fee and leasehold interests. All title and interest in unit property shall be assessed to the owner, lessee or operating company. See Rule 615 of these rules for treatment of intangibles. (7-1-99)

03. Appraisal Approaches. The three (3) approaches to value may be considered for all property. (7-1-99)

04. Appraisal Procedures. Market value shall be determined through procedures, methods, and techniques accepted by nationally recognized appraisal and valuation organizations. For operating property, the direct capitalization techniques or derivatives thereof shall not be used in estimating value. (7-1-99)

05. The Cost Approach. For operating property, the appraiser may consider replacement, reproduction, original or historical cost. (7-1-99)

a. Contributions in aid of construction. Contributions in aid of construction are valued at zero in the

cost approach. (7-1-99)

b. Construction work in progress. Construction work in progress may be considered in the cost approach. (7-1-99)

c. Obsolescence. The appraiser shall attempt to measure obsolescence, if any exists. If obsolescence is found to exist, it may be considered in the cost approach. (7-1-99)

06. The Income Approach. For operating property, the income approach is based on the premise that value can be represented by the present worth of future benefits derived from the ownership, use or operation of the unit. The appraiser shall consider yield capitalization in processing the income approach. (7-1-99)

07. The Market Approach. In the market approach for operating property, the appraiser shall consider the sales comparison approach or the stock and debt approach. (7-1-99)

08. Reconciliation. Reconciliation, also called correlation, is an opinion regarding the weight that should be placed on each approach. The appropriate weight to be given each indicator is based on the appraiser's opinion of the inherent strengths and weaknesses of each approach and the data utilized. The appraisal report shall disclose the weight given to the indicators. (7-1-99)

09. Allocation. Factors should use readily available data from existing records. Factors themselves should not be an allocation. (7-1-99)

406. (RESERVED).

407. APPEAL OF OPERATING PROPERTY ASSESSMENTS (Rule 407).

01. Procedure Governed. This rule shall govern all practice and procedure before the State Tax Commission sitting as a Board of Equalization in hearings under Section 63-407, Idaho Code. (7-1-99)

412. (RESERVED).

413. SPECIAL PROVISIONS FOR PRIVATE RAILCAR FLEETS (Rule 413).

- 01. Definitions.** The following terms are defined for the valuation, allocation and apportionment of private railcar fleets. (7-1-99)
 - a. Idaho Miles.** The Idaho miles are the total number of miles traveled in Idaho by all cars in the private railcar fleet during the calendar year immediately preceding the current tax year. (7-1-99)
 - b. Idaho Taxable Value.** The Idaho taxable value is that portion of the system value that reflects the value of that part of the private railcar fleet located in Idaho during all or part of a tax year. (7-1-99)
 - c. System Miles.** The system miles are the total number of miles, both in and out of Idaho, traveled by all cars in the private railcar fleet during the calendar year immediately preceding the current tax year. (7-1-99)
 - d. System Value.** The system value is the value of the entire private railcar fleet regardless of the location of its various components. (7-1-99)
- 02. Railcar Valuation, Allocation And Apportionment.** For tax years beginning on or after 1998, the State Tax Commission will appraise the system value of each private railcar fleet and allocate a portion of the system value to Idaho to obtain the Idaho taxable value as set forth below. The Idaho taxable value will be apportioned to the appropriate counties in Idaho pursuant to section 63-411, Idaho Code. (7-1-99)
- 03. Allocation.** System value is allocated using the "miles to miles" method of allocation. (7-1-99)
- 04. "Miles To Miles" Method Of Allocation.** The State Tax Commission will divide Idaho miles by system miles and multiply the quotient by five-tenths (0.5). The product of this calculation will be multiplied by the system value to determine Idaho taxable value. (7-1-99)

414. (RESERVED).

415. APPORTIONMENT OF RAILCAR FLEETS ASSESSED VALUES WITHIN THE STATE (Rule 415).

- 01. Private Railcar Fleet Apportionment.** Railroad track miles shall be used for the apportionment of each private railcar fleet's assessed value when the value within Idaho equals five hundred thousand dollars

(\$500,000) or more. The Idaho value of each private railcar fleet shall be multiplied by a ratio of this private railcar fleet's mileage for each railroad to this private railcar fleet's total mileage in Idaho and divided by the in service main track mileage of that particular railroad, to obtain a rate per mile. This rate per mile is multiplied by the in service main track mileage in each county and tax code area to calculate the apportioned value. For the purpose of apportioning value by miles traveled, main track includes branch lines, as well as main lines, but does not include industrial spurs, sidings or passing tracks. (7-1-99)

02. Determination Of Average Tax Rate -- Private Railcar Fleets Under Five Hundred Thousand Dollars Assessed Value. For private railcar fleets having an assessed value of less than five hundred thousand dollars (\$500,000), the average tax rate is computed each year by dividing the current taxes for all private railcar fleets with assessed value of five hundred thousand dollars (\$500,000) or more by the current Idaho value of all such fleets. By November 1 of each year, each county treasurer must provide the State Tax Commission with the amount of taxes due from all private railcar fleets in the county. (7-1-99)

416. (RESERVED).

417. PENALTY FOR FAILURE TO MAKE STATEMENT (Rule 417).

If a private railcar fleet fails or refuses to file the operator's statement as provided by Section 63-404, Idaho Code, by April 30 of each year, the State Tax Commission shall add a penalty. The penalty is fifty percent (50%) of the assessed value, determined by the State Tax Commission, as provided by Section 63-411, Idaho Code. When an emergency exists, the company may petition the State Tax Commission for an extension of time for filing, not to exceed thirty (30) days. For such petition to be valid it must be submitted in writing to the State Tax Commission by April 30 of each year. (7-1-99)

418. -- 508. (RESERVED).

509. IDENTIFICATION OF URBAN RENEWAL INCREMENT AND PARTIAL EXEMPTION VALUES ON COUNTY AND SCHOOL DISTRICT ABSTRACTS OF VALUE (Rule 509).

Section 63-509, Idaho Code. (5-3-03)

01. County And School District Abstracts To Balance. The taxable value of property in each category as shown on the abstracts prepared and submitted pursuant to Section 63-509, Idaho Code, shall equal the sum of the taxable value of property in each category as shown on the school district abstracts, required pursuant to Rule 315, for the portion of each school district located within each given county. (3-30-01)

02. Identification Of Increment. The value that exceeds the value on the base assessment roll in any urban renewal district, pursuant to Chapter 29, Title 50, Idaho Code, and Rule 804 shall be identified as the "increment". (3-30-01)

03. Increment And Exemption Values To Be Indicated. In addition to the value of exemptions required pursuant to section 63-509, Idaho Code, any increment value and the value of any exemption provided under Sections 63-602X, 63-602BB, and 63-602FF, Idaho Code, shall be indicated and subtracted from the taxable value shown for each category of property on each county and school district abstract. (5-3-03)

510. -- 599. (RESERVED).

600. PROPERTY EXEMPT FROM TAXATION (Rule 600).

The burden of proof of entitlement to the exemption is on the person claiming exemption for the property. (4-5-00)

601. -- 608. (RESERVED).

609. PROPERTY EXEMPT FROM TAXATION RESIDENTIAL IMPROVEMENTS (Rule 609).

Section 63-602G, Idaho Code. (3-15-02)

01. Homeowner's Exemption. This exemption shall also be known as the homeowner's exemption. (3-15-02)

02. Residential Improvements. Primary dwelling place means the claimant's dwelling place before April 15 of the year for which the claim is made. If the residential improvement becomes the claimant's primary dwelling place between January 1 and April 15, the claimant shall not have previously applied for the exemption under Section 63-602G, Idaho Code, for the same year. The primary dwelling place is the single place where a claimant has his true, fixed, and permanent home and principal establishment, and to which whenever the individual is absent he has the intention of returning. A claimant must establish the dwelling to which the claim relates as his primary dwelling place by clear and convincing evidence or by establishing that the dwelling is where the claimant resided before April 15 of the year for which the claim is made and: (3-15-02)

- a. At least six (6) months during the prior year; or (3-23-94)
- b. The majority of the time the claimant owned the dwelling if owned by the claimant less than one (1) year; or (3-23-94)
- c. The majority of the time after the claimant first occupied the dwelling if occupied by the claimant less than one (1) year. (3-23-94)

03. Requirements. If these requirements are not met, the property upon which the claimant makes application shall be deemed to be the claimant's primary dwelling place if the claimant is otherwise qualified and resides in a care facility and does not allow the property upon which the claimant has made application to be occupied by persons paying a consideration excluding utilities to occupy the dwelling. A care facility is a hospital, skilled nursing facility, intermediate care facility or intermediate care facility for the mentally retarded as defined in Section 39-1301, Idaho Code, or a facility as defined in Section 39-3302(15), Idaho Code, or a dwelling other than the one upon which the applicant makes application where a claimant who is unable to reside in the dwelling upon which the application is made lives and receives help in daily living, protection, and security. (3-15-02)

04. Owner. "Owner" means a person holding title in fee simple or holding a certificate of motor vehicle title (either of which may be subject to mortgage, deed of trust or other lien) or who has retained or been granted a life estate. "Owner" shall also include any person who as grantor created a revocable or an irrevocable trust and named himself or herself as beneficiary of that trust. "Owner" shall not include any person that otherwise occupies property as beneficiary of a trust. "Owner" includes a vendee in possession under a land sale contract. An "owner" shall also include a partner of a limited partnership, a member of a limited liability company or a shareholder of a corporation if that person has no less than a five percent (5%) ownership interest in the entity. (3-15-02)

05. Partial Ownership. Any partial ownership shall be considered ownership for determining qualification for the homeowner's exemption, however, the amount of the exemption shall be decided on the reduced proportion of the value commensurate with the proportion of partial ownership. Partial ownership, for purposes of this section, means any one (1) person's ownership when property is owned by more than one (1) person. The combined community property interests of both spouses shall not be considered partial ownership. The proportional reduction required under this subsection shall not apply to community property interests. Additionally, there is no reduction to the ownership interests of a partner of a limited partnership, a member of a limited liability company or a shareholder of a corporation when that person has no less than five percent (5%) ownership interest in the entity unless any ownership interest is shared by any entity other than the limited partnership, limited liability company or corporation. (3-15-02)

06. Certification. As an owner, the applying partner of a limited partnership, member of a limited liability company or shareholder of a corporation with no less than a five percent (5%) ownership interest in the entity must certify to the county assessor that he has not made application for this exemption in any other county or on any other residential improvement in this county. Although more than one residential improvement owned by the same partnership, limited liability company or corporation may qualify for this exemption, each partner, member or shareholder shall not receive this exemption on more than one residential improvement. (3-15-02)

07. Determination Of Residency. The State Tax Commission may release pertinent information from any Idaho income tax return to the county assessor and the county board of equalization for the sole purpose of providing one indicator of eligibility for the homeowner's exemption. According to Section 63-3077(4), Idaho Code, this information is confidential and is not subject to public disclosure. (3-15-02)

610. PROPERTY EXEMPT FROM TAXATION -- RESIDENTIAL IMPROVEMENTS -- SPECIAL SITUATIONS (Rule 610).

Section 63-602G, Idaho Code.

(4-5-00)

01. Scope. This rule addresses issues relating to the homeowner's exemption as it applies to certain unusual factual situations. It states general principles applicable to unusual cases and provides some illustrative examples. The rule cannot address every conceivable situation that may arise, but the principles established may apply to the resolution of situations not addressed in the rule. (7-1-99)

02. Dual Residency Couples. As used in this rule, "dual residency couple" means a husband and wife, each of whom has established a different dwelling place as his or her primary dwelling place as defined in Section 63-602G, Idaho Code, and Subsection 609.02 of these rules. (3-15-02)

03. Dual Residency Couples -- General Principles. (7-1-99)

a. Whether a particular residential improvement is an individual's primary dwelling place is a question of fact for each individual. Each spouse of a dual residency couple can maintain a separate primary dwelling place for purposes of the homeowner's exemption. The test to be applied is the general test set out in Subsection 609.02 of these rules. (3-15-02)

b. If a residential improvement is community property, either the husband or wife may exercise full management or control over it, except that neither the husband nor the wife can sell or encumber the property without the written consent of the other. Thus, either the husband or the wife can file an application for the homeowner's exemption regarding community property on his or her own authority. The signature of the other spouse is not required on the application. See Section 32-912, Idaho Code. (7-1-99)

c. Neither spouse is a partial owner of community property. (This principle is an exception to laws generally governing community property interests. It applies only for matters relating to the homeowner's exemption or the circuit breaker property tax relief program. See Section 63-701(7) Idaho Code.) Thus, there is no authority to reduce the value of the improvement proportionally to reflect one (1) spouse's ownership in community property before determining the amount of the homeowner's exemption. For purposes of the homeowner's exemption, a community property interest is treated the same as a full ownership interest. (3-15-02)

d. An owner may apply only once for the homeowner's exemption. See Section 63-602G(c), Idaho Code. Thus, an application by one (1) spouse regarding a residential improvement that is community property, precludes the other spouse from making a second application on any other residential improvement whether held by the other spouse as community or separate property except as provided in Subsection 610.07. (3-15-02)

04. Example -- Both Residences Are Community Property. (7-1-99)

a. Each member of a dual residency couple maintains his or her primary dwelling in a different residential improvement, each of which is owned by the couple as community property. Each applies for the homeowner's exemption for the residence in which he or she resides. (7-1-99)

b. The first application is valid. Any subsequent application, though filed by the other spouse, is not valid because the couple can not make more than one (1) application. The homeowner's exemption applies to the full value of the first residential improvement to qualify without any proportional reduction. The other residential improvement does not qualify. (3-15-02)

05. Example -- One Residence Is Community Property, The Other Is Separate Property. (7-1-99)

a. Each member of a dual residency couple maintains his or her primary dwelling in a different residential improvement. One (1) is owned by the spouse who resides in it as his or her separate property, the other is owned by the couple as community property. Each applies for the homeowner's exemption for the residence in which he or she resides. (7-1-99)

b. The first application is valid. Any subsequent application, though filed by the other spouse, is not

valid. If the first application relates to the community property, it is an application on behalf of both members of the community. Thus, the other spouse can not file a second application relating to his or her separate property. If the first application relates to the separate property, then the subsequent application relating to the community property is a second application by the spouse owning the separate property and is not valid. The homeowner's exemption applies to the full value of the first residential improvement to qualify without any proportional reduction. The other residential improvement does not qualify. (3-15-02)

06. Example -- Both Residences Are Separate Property. (7-1-99)

a. Each member of a dual residency couple maintains his or her primary dwelling in a different residential improvement, each of which is owned by the spouse residing in it as his or her separate property. Each applies for the homeowner's exemption for the residence in which he or she resides. (7-1-99)

b. Both residential improvements qualify for the full homeowner's exemption. Neither application is a second application by the same owner. Each spouse is a sole owner of the residential improvement, so the proportional reduction provisions for partial ownership do not apply. (7-1-99)

07. Apportionment Of Homeowner's Exemption By Dual Residency Couples. Both spouses of a dual residency couple may elect to equally apportion the homeowner's exemption between the two (2) residential improvements if each files a written election with the county assessor of the county in which each property is located. When the election is made each residential improvement shall be entitled to one-half (1/2) of the exemption applicable to that property alone. The total exempted value of both properties shall not exceed the amount of exemption available to the individual residential improvement with the greatest market value if no election were made. (4-5-00)

08. Multiple Ownerships Including Community Interests As Partial Owners. A community property interest in a residential improvement is a partial ownership when combined with the ownership of another individual who is not a member of the marital community. For example, if a deed conveys title to real property to a husband and wife and to an adult child of theirs, the husband and wife hold a community property interest in the improvement and the child is a tenant-in-common. The parents collectively hold a two-thirds (2/3) partial interest and the child holds a one-third (1/3) partial interest in the property. Qualification of the property for the homeowner's exemption is as follows: (7-1-99)

a. If the residential improvement is the primary dwelling of the husband and wife but not the child, the homeowner's exemption applies to two-thirds (2/3) of the value of the improvement. (3-15-02)

b. If the residential improvement is the primary dwelling of the child, but not of the husband or wife, the homeowner's exemption applies to one-third (1/3) of the value of the improvement. (3-15-02)

c. If the residential improvement is the primary dwelling of the husband, wife and child, the homeowner's exemption applies to the full value of the improvement. (3-15-02)

d. If the residential improvement is the primary dwelling of one (1) spouse but of neither the other spouse nor the child, the homeowner's exemption applies to two-thirds (2/3) of the value of the improvement unless the residential improvement of the other spouse has previously qualified for the homeowner's exemption under the dual residency couple rules set out in Subsections 610.02 through 610.07. The two-thirds (2/3) qualification results from the statutory provision that a community property interest is not considered a partial interest of either spouse. See Subsection 610.03.c. (3-15-02)

e. If the residential improvement is the primary dwelling of one (1) spouse and the child, the homeowner's exemption applies to the full value of the improvement unless the residential improvement of the other spouse has previously qualified for the homeowner's exemption under the dual residency couple rules set out in Subsections 610.02. through 610.07. (3-15-02)

611. VALUE OF RESIDENTIAL PROPERTY IN CERTAIN ZONED AREAS (Rule 611). Sections 63-602H, Idaho Code. (4-5-00)

01. Residential Property. Residential property that may qualify for the special valuation exemption provided in Section 63-602H, Idaho Code, may include land and residential improvements. Such property may be owner or non-owner occupied, but must have been in continuous residential use from the time zoning was changed to other than residential. If use of any portion of the property changes to other than residential, the property loses this exemption. (4-5-00)

02. Qualifying Residential Improvements. Qualifying residential improvements are those improvements categorized by the assessor as residential and not consisting of more than four (4) residential units within any qualifying structure. (4-5-00)

612. (RESERVED).

613. PROPERTY EXEMPT FROM TAXATION -- SPECULATIVE PORTION OF VALUE OF AGRICULTURAL LAND (Rule 613).

01. Definitions. (4-5-00)

a. Taxable value of agricultural land. The taxable value of agricultural land shall be the landlord's share of net income per acre, capitalized by the annual rate required by Section 63-602K, Idaho Code, plus a component for the local tax rate. The component for local taxes achieves the necessary allowance for the expense of property taxes. (4-5-00)

b. Speculative portion. The speculative portion is the difference between the current market value and the taxable value of agricultural land. The market value of agricultural land is established from market sales of similar land. (4-5-00)

c. Economic rent. Economic rent is the average gross income per acre received by a landlord from either a cash rent or crop share rental agreement. (4-5-00)

d. Net income. Net income is determined by deducting the landlord's share of current expenses from economic rent per acre. (4-5-00)

02. Calculation Of Net Income From Cash Rent. Net Income from cash rent is calculated in the following manner. (4-5-00)

a. Crops grown. Determine the crops typically grown in the area. (4-5-00)

b. Economic rent. Determine the average per acre gross income from individual crop rents typical to the area over the immediate past five (5) years. (4-5-00)

c. Landlord's expenses. Determine the landlord's share of typical contracted expenses paid in the immediately preceding growing season. (4-5-00)

d. Landlord's net income. Subtract the landlord's share of typical contracted expenses from the average gross income per acre for the immediately preceding growing season to determine net income. (4-5-00)

03. Calculation Of Net Income From Crop Share Rent. Net income from crop share rent is calculated in the following manner. (4-5-00)

a. Crops grown. Determine the crops typically grown in the area. (4-5-00)

b. Average crop production. Determine average crop production per acre based on the most recent five (5) years. (4-5-00)

c. Average commodity prices. Determine average commodity prices based on the most recent five (5) years. (4-5-00)

d. Gross income. Multiply average crop production per acre times the average commodity price to determine gross income per acre. (4-5-00)

e. Landlord's share of gross income. Determine the landlord's share of gross income per acre from a crop rotation typical to the area. (4-5-00)

f. Expenses. Determine the landlord's share of water, fertilizer, chemical, seed and harvest cost per acre for the immediately preceding growing season. (4-5-00)

g. Net income. Subtract the landlord's share of expenses from the landlord's share of gross income to determine net income. (4-5-00)

04. Examples. The following examples show calculations for the taxable value of agricultural land. Example 'a.' shows one calculation of capitalization rate (cap rate), example 'b.' shows calculations using cash rent agreements and example 'c.' shows calculations using crop share agreements. e. Remediated Land. The “remediated land” is the “site” on which the remediation, as defined in Section 39-7203(7), Idaho Code, has been completed. (7-1-98)

f. Remediated Land Value. The “remediated land value” is the market value for assessment purposes of the land on January 1 of the year following the issuance of the “certification of completion” (after remediation) less the market value for assessment purposes of the land on January 1 prior to the issuance of the “certification of completion” (before remediation). (7-1-98)

g. Site. As defined in Section 39-7203(8), Idaho Code, a “site” is a parcel of real estate for which an application has been submitted under Section 39-7204, Idaho Code. The “site” shall be that parcel identified on the application as described in IDAPA 58.01.18, Subsection 020.02.c., “Idaho Land Remediation Rules,” including the assessor’s parcel numbers(s) and on the voluntary remediation work plan as described in IDAPA 58.01.18, Section 022. 03. Calculation Of The Exemption. The exemption is fifty percent (50%) of the “remediated land value”. This exempt value is constant throughout the term of the exemption. The amount of the exemption shall never exceed the current market value of the land. For example:

Land Value on January 1 (after remediation)	=	\$200,000
Land Value on January 1 (before remediation)	=	-\$125,000
Remediated Land Value	=	\$ 75,000
Exemption Percent	=	x 50%
Exempt Value	=	\$ 37,500

For the example cited, the value of thirty-seven thousand five hundred dollars (\$37,500) would be the exempted value for each of the seven (7) years. (3-30-01)

04. Exempt Value Subject To Taxation. For any property eligible for the exemption provided by Section 63-602BB, Idaho Code, the exempt value will immediately be subject to taxation when any of the following events occur: (3-30-01)

b. If the "site" is transferred to a new owner during any year in which the exemption is in effect, the exempt value will immediately be subject to taxation for the entire year. (7-1-98)

c. The seven (7) year exemption period expires. (3-30-01)

05. Sites Previously Granted The Exemption Are Ineligible. No "site" shall be granted the exemption provided in this section if said "site" had been previously granted this exemption regardless of whether the entire seven (7) years of the exemption had been used. (3-30-01)

Population shall be determined from the most current census or estimate available from the Bureau of the Census as of January 1 of each year. (5-3-03)

b. The year following the year in which any parcel is annexed into an incorporated city or is incorporated into a newly incorporating city, the speculative homesite exemption shall be removed from that parcel. (5-3-03)

c. The speculative home site exemption shall be removed from any parcel of land when “improvements are being built”. The speculative home site exemption must not be removed until “improvements are being built” upon the parcel, even if, the ownership of a parcel of land has been transferred. (5-3-03)

636. -- 644. (RESERVED).

645. LAND ACTIVELY DEVOTED TO AGRICULTURE DEFINED (Rule 645).
Section 63-604, Idaho Code. (3-15-02)

01. Definitions. The following definitions apply for the implementation of the exemption for the speculative value portion of agricultural land. (7-1-99)

a. Homesite. The “homesite” is that portion of land, contiguous with but not qualifying as land actively devoted to agriculture, and the associated site improvements used for residential and farm homesite purposes. (7-1-99)

b. Associated Site Improvements. The “associated site improvements” include developed access, grading, sanitary facilities, water systems and utilities. (7-1-99)

c. Nursery Stock. Nursery stock is defined in Section 22-2302, Idaho Code. (3-15-02)

d. Land Used to Produce Nursery Stock. “Land used to produce nursery stock” means land used by an agricultural enterprise to promote or support the promotion of nursery stock growth or propagation, not land devoted primarily to selling nursery stock or related products. This term also includes land under any container used to grow or propagate nursery stock. This term does not include land used for parking lots or for buildings sites used primarily to sell nursery stock or related items or any areas not primarily used for the nurturing, growth or propagation of nursery stock. (3-15-02)

e. Speculative Value Exemption. The “speculative value exemption” is the exemption allowed on land actively devoted to agriculture. (7-1-99)

02. Homesite Assessment. Effective January 1, 1999, each homesite and residential and other improvements, located on the homesite, shall be assessed at market value each year. (7-1-99)

a. Accepted Assessment Procedures. Market value shall be determined through procedures, methods, and techniques recommended by nationally recognized appraisal and valuation associations, institutes, and societies and according to guidelines and publications approved by the State Tax Commission. Acceptable techniques include those that are either time tested in Idaho, mathematically correlated to market sales, endorsed by assessment organizations, or widely accepted by assessors in Idaho and other states. (7-1-99)

b. Appropriate Market and Comparable Selection. The appropriate market is the market most similar to the homesite and improvements, located on the homesite. In applying the sales comparison approach, the appraiser

should select comparables having actual or potential residential use. (7-1-99)

c. Assigning Category. The value of the homesite will be listed in Category 10. (7-1-99)

d. Homesite Independent of Remaining Land. The value and classification of the homesite will be independent of the classification and valuation of the remaining land. (7-1-99)

03. Valuing Land, Excluding The Homesite. The assessor shall value land, excluding the homesite, on the following basis: (5-3-03)

a. Land Used for Personal Use or Pleasure. Any land, regardless of size, utilized for the grazing of animals kept primarily for personal use or pleasure and not a portion of a profit making agricultural enterprise, shall be valued at market value using appraisal procedures identified in Subsection 645.02 and shall not qualify for the speculative value exemption. (3-30-01)

b. Land in a Subdivision. Land in a subdivision with restrictions prohibiting agricultural use shall be valued at market value using appraisal procedures identified in Subsection 645.02 and shall not qualify for the speculative value exemption but may qualify for the exemption under Section 63-602FF, Idaho Code. Land meeting the use qualifications identified in Section 63-604, Idaho Code, and in a subdivision without restrictions prohibiting agricultural use shall be valued as land actively devoted to agriculture using the same procedures as used for valuing land actively devoted to agriculture and not located in a subdivision. (5-3-03)

c. Land, Five (5) Contiguous Acres or Less. Land of five (5) contiguous acres or less shall be presumed nonagricultural, shall be valued at market value using appraisal procedures identified in Subsection 645.02 of these rules, and shall not qualify for the speculative value exemption. If the owner produces evidence that each contiguous holding of land under the same ownership has been devoted to agricultural use for the last three (3) growing seasons and it agriculturally produced for sale or home consumption fifteen percent (15%) or more of the owner's or lessee's annual gross income or it produced gross revenue in the immediate preceding year of one thousand dollars (\$1,000) or more, the land actively devoted to agriculture, shall qualify for the speculative value exemption. For holdings of five (5) contiguous acres or less income is measured by production of crops, nursery stock, grazing, or net income from sale of livestock. Income shall be estimated from crop prices at harvest or nursery stock prices at time of sale. The use of the land and the income received in the prior year must be certified with the assessor by March 15, each year. (5-3-03)

d. Land, More Than Five (5) Contiguous Acres. Land of more than five (5) contiguous acres under one (1) ownership, producing agricultural field crops, nursery stock, or grazing, or in a cropland retirement or rotation program, as part of an agricultural enterprise, shall qualify for the speculative value exemption. Land not annually meeting any of these requirements shall be valued at market value using appraisal procedures identified in Subsection 645.02 and shall not qualify. (5-3-03)

646. -- 699. (RESERVED).

700. DEFINITIONS FOR PROPERTY TAX REDUCTION BENEFIT (Rule 700).
Section 63-701, Idaho Code. (3-15-02)

01. Blind. A person for whom there exists the medically documented opinion that the person is functionally blind as defined in Section 67-5402(2), Idaho Code. (3-30-01)

02. Burden Of Proof. See Rule 600 of these rules. (3-15-02)

03. Claimant's Income. All income defined in Section 63-701(5), Idaho Code, that is received by either spouse is included in household income even if one spouse lives in a medical care facility or otherwise lives outside the home except as provided in Rule 709 of these rules. (3-15-02)

04. Fatherless/Motherless Child. Fatherless/Motherless child for purposes of Section 63-701(1), Idaho Code, means a child judicially determined to be abandoned, as defined by Sections 16-1602 or 16-2005, Idaho Code, by the child's male/female parent or a child whose male/female parent has had his parental rights terminated

pursuant to court order or is deceased. (3-30-01)

05. Proportional Reduction of Value. Proportional reduction of value pursuant to Section 63-701(7), Idaho Code, is required for partial ownership of otherwise eligible property. (3-15-02)

a. There is no reduction of value for community property with no other interests except as provided in Rules 610.07 and 709.04 of these rules. Additionally, there is no reduction in value for the ownership interests of a partner of a limited partnership, a member of a limited liability company or a shareholder of a corporation when that person has no less than a five percent (5%) interest in the entity unless any interests are shared by any entity other than the limited partnership, limited liability company or corporation. (3-15-02)

b. In other cases, benefits are to be calculated by applying the claimant's property tax reduction benefit to the eligible net taxable value of the claimant's share of the property. This value is determined by multiplying the market value of the land and of the improvement times the claimant's percent of ownership and subtracting the claimant's homeowner's exemption. For example:

Land Market Value	\$ 50,000
Improvement Market Value	\$150,000
Gross Market Value	\$200,000
Percent of Ownership of Claimant	50%
Claimant's Share of Land Market Value (Land Market Value x Percentage of Ownership)	\$ 25,000
Claimant's Share of Improvement Market Value (Improvement Market Value x Percentage of Ownership)	\$ 75,000
Claimant's Homeowner's Exemption Claimant's Share of Improvement Market Value x 50% (not to exceed \$50,000)	<\$ 37,500>
Claimant's Eligible Net Taxable Value equals Land plus Improvement less Homeowner's Exemption (\$25,000 + \$75,000 - \$ 37,500 = \$ 62,500)	\$ 62,500

In this example, the claimant's property tax reduction benefit will be applied to the tax on his/her net taxable market value of \$62,500. (3-15-02)

06. Physician. Physician shall mean a licensed physician, as defined in Section 54-1803(3), Idaho Code. (3-30-01)

07. Widow/Widower. A widow/widower is a person who has not remarried after the death of their spouse or whose subsequent marriage has been annulled. (3-15-02)

701. -- 708. (RESERVED).

709. PROPERTY TAX REDUCTION BENEFIT PROGRAM -- SPECIAL SITUATIONS (Rule 709). Section 63-701, Idaho Code. (3-15-02)

01. Scope. This rule addresses issues relating to the property tax reduction benefit program as it applies to certain unusual factual situations. It states general principles applicable to unusual cases and provides some illustrative examples. The rule cannot address every conceivable situation that may arise, but the principles established may apply to the resolution of situations not addressed in the rule. The following examples apply to qualified property tax reduction claimants. (3-30-01)

02. General Principles. Benefits under the property tax reduction program are only available to owners of property that have first qualified for the homeowner's exemption under Section 63-602G, Idaho Code. See Rule 610 of these rules. (3-15-02)

03. Dual Residency Couples. The definition of "dual residency couple" in Rule 610.02 of these rules applies to this rule. (3-15-02)

a. Example -- Both residences are community property. Property tax reduction is available in regard only to the residential improvement qualifying for the homeowner's exemption. See Rule 610.04 of these rules. (3-15-02)

b. Example -- One (1) residence is community property, the other is separate property. Property tax reduction is available in regard only to the residential improvement qualifying for the homeowner's exemption. See Rule 610.05 of these rules. (3-15-02)

c. Example -- Both residences are separate property. Property tax reduction is available in regard to both residential improvements. See Rule 610.06 of these rules. (3-15-02)

d. Household income. In the three (3) examples in Subsection 709.03, the household income upon which qualification is determined is the total of one-half (1/2) the community income plus any separate income of the spouse residing in the residence. (3-15-02)

04. Apportionment Of Property Tax Reduction Benefits By Dual Residency Couples. If a dual residency couple makes the election provided in Subsection 610.07 of these rules and the applicable county assessor provided the State Tax Commission with a copy of the election required under that rule, each spouse shall be entitled to one-half (1/2) of the amount of any property tax reduction available to that spouse alone. The household income of the spouse shall be one-half (1/2) of the community income plus any separate income of the spouse residing in the residence. The total property tax reduction benefit shall not exceed the amount of benefit available to the individual spouse with the least household income if no election were made. (3-15-02)

05. Multiple Ownerships Including Community Interests As Partial Owners. Example: A deed conveys title to real property to a husband and wife and to an adult child of theirs. The husband and wife hold a community property interest in the improvement and the child is a tenant-in-common. The parents collectively hold a two-thirds (2/3) partial interest and the child holds a one-third (1/3) partial interest in the property. For clarification of the calculation of the net taxable value, see Rule 700.05.b. of these rules. Qualification for the property tax reduction is as follows: (3-15-02)

a. If the residential improvement is the primary dwelling of the husband and wife but not of the child, the claimant qualifies for full benefits applied on two-thirds (2/3) of the value of the property less the homeowner's exemption. Household income is the total of the community and separate income of the spouses. (3-15-02)

b. If the residential improvement is the primary dwelling of the qualifying child, but neither the husband or wife, the claimant qualifies for full benefits applied on one-third (1/3) of the value of the property less the homeowner's exemption. Household income is the total of the child's income. (3-15-02)

c. If the residential improvement is the primary dwelling of the husband, wife and a qualifying child, the claimant qualifies for the full benefits applied on full value of the property less the homeowner's exemption. Household income is the total of the community and separate income of the spouses and the income of the child. (3-15-02)

d. If the residential improvement is the primary dwelling of one (1) spouse but of neither the other spouse nor the child, the claimant qualifies for full benefits applied on two-thirds (2/3) of the value of the property less the homeowner's exemption unless the residential improvement of the other spouse has qualified for the homeowner's exemption. Household income is the total income of both spouses. (3-15-02)

e. If the residential improvement is the primary dwelling of one (1) spouse and a qualifying child, the claimant qualifies for the full benefits applied on the full value of the property less the homeowner's exemption unless

the residential improvement of the other spouse has previously qualified for the homeowner's exemption. Household income is the total income of both spouses plus the income of the child. (3-15-02)

710. -- 716. (RESERVED).

717. PROCEDURE AFTER CLAIM APPROVAL (Rule 717).

01. Formatting Requirements. The property tax reduction roll shall be formatted as required by Section 63-707, Idaho Code. (3-30-01)

02. Preliminary Property Tax Reduction Roll. The roll, certified by the assessor to the county auditor and the State Tax Commission by the fourth Monday in June, shall be termed the preliminary property tax reduction roll. The preliminary property tax reduction roll shall list property tax reduction claimants in alphabetical order unless the State Tax Commission grants permission for claimants to be listed in an alternate order. Erroneous claims which are partially disapproved by the State Tax Commission shall be shown on the final property tax reduction roll after the county clerk has made all adjustments or corrections listed on the notice sent to the county auditor pursuant to Section 63-707(6), Idaho Code, termed county change letter. (3-30-01)

718. -- 799. (RESERVED).

800. BUDGET CERTIFICATION RELATING TO OPERATING PROPERTY ANNEXATION VALUE (Rule 800).
Section 63-802, Idaho Code. (4-5-00)

01. "Appropriate County Auditor" Defined. The "appropriate county auditor" is the county auditor of each county within which any taxing district with an annexation is located. (4-5-00)

02. Annexation Values For Operating Properties. Pursuant to Section 63-802, Idaho Code, the State Tax Commission shall certify the current year's taxable values of operating properties within annexations made during the previous calendar year. This certification will be a list summarizing the values of said operating properties for each applicable taxing district or unit. The State Tax Commission shall send this list to the appropriate county auditor on or before the third Monday in July. The State Tax Commission shall calculate these values based on the best available information. (4-5-00)

03. Corrected Annexation Values For Operating Properties. If any annexation values reported pursuant to Subsection 800.02 require correction, the State Tax Commission shall report such corrections on or before the first Monday of September. The State Tax Commission shall send these values to the appropriate county auditor. (4-5-00)

04. County Auditor To Notify Taxing Districts Or Units. As soon as possible, but not later than fourteen (14) days after receipt of the list pursuant to Subsection 800.02 or the corrected values pursuant to Subsection 800.03, the appropriate county auditor shall send these values to the affected taxing districts or units. (4-5-00)

801. LIMITATION ON BUDGET REQUESTS -- SPECIAL PLANT FACILITIES FUND LEVY PROVISIONS (Rule 801).
Sections 63-802 and 33-804, Idaho Code. (3-15-02)

01. Limits On Plant Facilities Funds. For any school or library district with a plant facilities fund

created pursuant to Section 33-804, Idaho Code, the amount of property tax to be budgeted for said fund in any year cannot exceed four tenths of one percent (0.4%) multiplied by the market value for assessment purposes of the taxing district as of December 31 of the year prior to the first year in which a plant facilities fund levy is made. (3-15-02)

02. No Additional Plant Facilities Fund Permitted. Any school or library district with an existing plant facilities fund is not allowed to levy for an additional plant facilities fund in any tax year until the period of the existing plant facilities fund has expired. (3-15-02)

03. Plant Facilities Fund Extensions Or Increases. Any school or library district may hold an election to increase the amount to be levied pursuant to the requirements of Section 33-804, Idaho Code. For the purpose of such increase, the "total levy for school or library plant facilities and bonded indebtedness" shall be computed as follows. (3-15-02)

a. For the first year in which the increased or extended plant facilities fund levy is to be made, sum of the amount to be levied for the plant facilities fund and for any bond fund in existence prior to the new plant facilities fund. (3-15-02)

b. Divide the sum computed in Subsection 801.03.a. by the district's actual market value for assessment purposes as of December 31 of the year immediately preceding the year in which the increased or extended plant facilities fund is to be levied. (3-15-02)

04. Maximum Amount Of Increased Plant Facilities Fund. When any district increases its plant facilities fund amount to be levied, the maximum amount shall not in any year exceed four tenths of a percent (0.4%) multiplied by the actual market value for assessment purposes as of December 31 of the year immediately preceding the first year the increased fund is to be levied. (3-15-02)

802. BUDGET CERTIFICATION RELATING TO NEW CONSTRUCTION (Rule 802).
Sections 63-802, 63-301A, and 63-602FF, Idaho Code. (5-3-03)

01. Definitions. (4-5-00)

a. "Change of Land Use Classification." "Change of land use classification" shall mean any change in land use resulting in a category change and in an increase in taxable land value to be reflected on the current assessment roll unless the increase in value was previously included on the new construction roll. Beginning with the assessment roll prepared to reflect value as of January 1, 1997, the increase in taxable land value due to change of land use classification shall be computed by subtracting the taxable land value, had the land remained in its previous use category, from the taxable land value in the current use category. (5-3-03)

b. "Nonresidential Structure." "Nonresidential structure" shall mean any structure listed by the assessor in any category not described as residential, manufactured homes, or improvements to manufactured homes pursuant to Rule 130 of these rules. (5-3-03)

02. New Construction Roll Listing. "Listing" shall mean a summary report of the net taxable value of property listed on the new construction roll. This listing shall include the taxable value of qualifying new construction throughout each taxing district or unit, including qualifying new construction within any revenue allocation area within any urban renewal district encompassed by the taxing district or unit. This report is to summarize the value reported on the new construction roll by taxing district or unit. Taxing districts and units shall be listed in the same order that is used for the certification of value required pursuant to Section 63-510(1), Idaho Code. (7-1-99)

03. Manufactured Housing. "Installation" of new or used manufactured housing shall mean capturing the net taxable market value of the improvement(s) that did not previously exist within the county. (7-1-97)

04. Partial New Construction Values. The net taxable market value attributable directly to new construction shall be reported on the new construction roll in the tax year it is placed on the current assessment roll. Any increase in a parcel's taxable value, due to new construction, shall be computed by subtracting the previous year's or years' partial taxable value(s) from the current taxable value. In the case of partially completed property previously reported on the property roll, but subsequently exempt pursuant to Section 63-602W, Idaho Code, the

increase in value to be reported on the new construction roll following loss of this exemption shall be the difference between previously reported new construction roll value and the taxable value for the year in which the occupied property is first entered on the property roll. If any of this difference is attributable to inflation, such value shall not be included on the new construction roll. (7-1-99)

Example: Assume a partially completed, never occupied residential improvement was assessed at ten thousand dollars (\$10,000) as of January 1, 1997. The improvement was occupied February 2, 1998. Assume the ten thousand dollars (\$10,000) value was on the 1997 new construction roll. Assume that in 1999 the improvement is assessed at ninety thousand dollars (\$90,000) and a forty-five thousand dollars (\$45,000) homeowner's exemption is then deducted. Assume there has been no inflation. The amount that can be reported on the 1999 new construction roll is calculated as follows: (7-1-99)

1999 Value (before homeowner's exemption)	\$90,000
1999 Homeowner's Exemption	<\$45,000>
1999 Taxable Value (after homeowner's exemption)	\$45,000
1997 Value Already Reported on New Construction Roll	<\$10,000>
1999 New Construction Roll Value (this improvement)	\$35,000

05. Change In Exemption Status. (5-3-03)

a. A previously exempt improvement which becomes taxable shall not be included on the new construction roll, unless the loss of the exemption occurs during the year in which the improvement was constructed or unless the improvement has lost the exemption provided in Section 63-602W, Idaho Code. (7-1-99)

b. For any rural subdivision parcels of land changing use as a result of removal of the exemption under Section 63-602FF, Idaho Code, the increase in value resulting from the removal of this exemption shall not be listed on the new construction roll when the increase in value was already listed on any previous year's new construction roll. (5-3-03)

06. Corrected New Construction Roll. The values shown on the listing required in Subsection 802.03 shall be subject to the adjustment if net taxable value for any property included on the new construction roll is changed by the county board of equalization meeting pursuant to Section 63-501, Idaho Code. Each county assessor must certify the corrected values to the appropriate county auditor. Each county auditor must report the corrected values to the State Tax Commission and to each taxing district prior to the first Monday of August on the notification required pursuant to Section 63-510(1), Idaho Code. (7-1-99)

803. BUDGET CERTIFICATION -- DOLLAR CERTIFICATION FORM (L-2 FORM) (Rule 803). Sections 63-803 and 63-3067, Idaho Code. (3-15-02)

01. Definitions. (4-5-00)

a. "Dollar Certification Form" (L-2 Form). The Dollar Certification Form (L-2 Form) is the form used to submit to the State Tax Commission the budget request from each Board of County Commissioners for each taxing district. This form shall be presumed a true and correct representation of the budget previously prepared and approved by a taxing district. The budget will be presumed adopted in accordance with pertinent statutory provisions unless clear and convincing documentary evidence establishes that a budget results in an unauthorized levy provided in Section 63-809, Idaho Code. (4-5-00)

b. "Prior Year's Market Value for Assessment Purposes." Prior year's market value for assessment purposes shall mean the value used to calculate levies during the immediate prior year. This value shall be used for calculating the permanent budget increase permitted for cities, pursuant to Section 63-802(1)(f), Idaho Code, and for fire districts, pursuant to Section 31-1420(3), Idaho Code. (4-5-00)

c. Annual Budget. For the purpose of calculating dollar amount increases permitted pursuant to Section 63-802(1), Idaho Code, the annual budget shall include any amount approved as a result of an election held pursuant to Sections 63-802(1)(f), 63-802(1)(g), or 31-1420(3), Idaho Code, provided that said amount is certified on the L-2 Form as part of the budget request. If the amount certified does not include the entire amount approved as a result of the election held pursuant to Sections 63-802(1)(f), 63-802(1)(g), and 31-1420(3), then the amount not used shall be added to the foregone increase amount determined for the taxing district. See the following example.

CERTIFIED PROPERTY TAX BUDGET LIBRARY DISTRICT*				
	FY 1999	FY 2000	FY 2001	FY 2002
Annual Budget	\$10,000	\$10,000	\$10,700	\$11,621
3% Increase	\$0	\$300	\$321	\$349
Subtotal	\$10,000	\$10,300	\$11,021	\$11,970
1999 Election Amount	\$0	\$400 of \$1000	\$600 of \$1000	\$0
Certified Budget	\$10,000	\$10,700	\$11,621	\$11,970

*The Library District with zero (\$0) new construction and annexation approves an additional budget amount of one thousand dollars (\$1000) in 1999, but only certifies six hundred dollars (\$600) for the year 2000. Note the example does not account for any foregone amount resulting from the district's decision to not increase its budget by three percent (3%) in 1997, 1998 or 1999. (3-30-01)

02. Budget Certification. The required budget certification shall be made to each Board of County Commissioners representing each county in which the district is located. The certification shall be on a form prescribed by the State Tax Commission. (4-5-00)

03. Budget Requested Documents. Each Board of County Commissioners shall submit to the State Tax Commission a budget request for each taxing district in the county that certifies a budget request to finance the property tax funded portion of its annual budget. The Board shall not submit other documents unless requested to do so by the State Tax Commission. Documents not to be submitted to the State Tax Commission unless requested include newspaper advertisements, school district budget books, entire budget documents, other than the budget request, and similar documents. Each taxing district certifying a budget request to finance the property tax funded portion of its annual budget shall complete the State Tax Commission's L-2 Form. (5-3-03)

04. L-2 Form Contents. Each taxing district or unit completing an L-2 Form shall include the following information on this form. (4-5-00)

a. "Department or fund." Identify the department or fund for which the taxing district is requesting a budget for the current tax year. (4-5-00)

b. "Total approved budget." List the dollar amount of the total budget for each department or fund identified. The amounts must include all money that a taxing district has a potential to spend at the time the budget is set, regardless of whether funds are to be raised from property tax. (4-5-00)

c. "Cash forward balance." List any money brought forward from a prior year to help fund the approved budget. Cash forward balance (Column 3) is the difference between the total approved budget (Column 2) and the sum of amounts reported as other revenue not shown in Column 5 (Column 4), agricultural equipment property tax replacement (Column 5), and balance to be levied (Column 6). (3-15-02)

d. "Other revenue not shown in Column 5." List the revenue included in the total approved budget to be derived from sources other than property tax or money brought forward from a prior year. For example, sales tax revenue is included. (3-15-02)

e. "Agricultural equipment property tax replacement." Report the amount of money to be received

under Section 63-3067, Idaho Code. For school districts, report only the appropriate amount of such money to be subtracted as provided in Subsection 803.06. (5-3-03)

f. "Balance to be levied." Report the amount of money included in the total approved budget to be derived from property tax. (3-15-02)

g. Other information. Provide the following additional information. (4-5-00)

i. The name of the taxing district or authority; (4-5-00)

ii. The date of voter approval (if required by statute) and effective period for any new or increased fund which is exempt from the budget limitations in Section 63-802, Idaho Code; (4-5-00)

iii. The signature, date signed, printed name, address, and phone number of an authorized representative of the taxing district; and (5-3-03)

iv. For a hospital district which has held a public hearing, a signature certifying such action. (4-5-00)

05. Special Provisions For Fire Districts Levying Against Operating Property. To prevent double counting of public utility property values, for any year following the first year in which any fire district increases its budget using the provision of Section 63-802(2), Idaho Code, such fire district shall not be permitted further increases under this provision unless the following conditions are met: (3-30-01)

a. The fire district and public utility have entered into a new agreement of consent to provide fire protection to the public utility; and (3-30-01)

b. Said new agreement succeeds the original agreement; and (3-30-01)

c. In the first year in which levies are certified following the new agreement, the difference between the current year's taxable value of the consenting public utility and public utility value used in previous budget calculations made pursuant to this section is used in place of the current year's taxable value of the consenting public utility. (3-30-01)

06. Special Provisions For Property Tax Replacement Pursuant To Section 63-3067, Idaho Code. Property tax replacement monies received pursuant to Section 63-3067, Idaho Code, must be reported on the L-2 form. For all taxing districts except school districts, these monies must be subtracted from the "balance to be levied". For school districts, only "appropriate property tax replacement monies" are to be subtracted. The reduced balance shall be used to compute levies, but the maximum amount permitted pursuant to Sections 63-802 and 33-802, Idaho Code, shall be based on the sum of these property tax replacement monies and the amount actually levied, or, for school districts, the sum of "appropriate property replacement monies" and the amount actually levied. (5-3-03)

a. "Appropriate property tax replacement monies" is determined only for school districts and means all property tax replacement monies received pursuant to Section 63-3067, Idaho Code, except an amount equal to four thousands (0.004) multiplied by the year 2000 value of property exempted in Section 63-602EE, Idaho Code. If the amount so determined is greater than the total amount of property tax replacement monies, no property tax replacement monies received pursuant to Section 63-3067, Idaho Code, shall be subtracted from the school district maintenance and operation's (M&O) budget. (5-3-03)

b. After receipt from the counties of the year 2000 tax charges on property exempted in Section 63-602EE, Idaho Code, but no later than July 23, 2001, the State Tax Commission shall notify each county clerk of the amount of property tax replacement money to be paid to each taxing district in that county. Beginning in 2002 and thereafter, the State Tax Commission shall, by the fourth Monday of July, notify each county clerk if the amount of property tax replacement money to be paid to a taxing district or the "appropriate amount of property tax replacement money" to be paid to any school district changes from the amount paid in the preceding year. In 2002, the State Tax Commission shall also notify each county clerk of the amount of the "appropriate property tax replacement monies" to be subtracted before computing the M&O levy for each school district. (5-3-03)

c. By no later than the first Monday of August of each year, each county clerk shall notify each appropriate taxing district or unit of the total amount of property tax replacement monies that will be received and shall further notify each school district of the appropriate amount to be subtracted before the M&O levy is computed. (5-3-03)

d. The subtraction required in Subsection 803.06 may be from any fund(s) subject to the limitations of Section 63-802, Idaho Code, and from school district maintenance and operation funds made pursuant to Section 33-802, Idaho Code. (3-15-02)

e. Levy limits shall be tested against the amount actually levied. (3-15-02)

804. TAX LEVY -- CERTIFICATION -- URBAN RENEWAL DISTRICTS (Rule 804).

01. Definitions. (4-5-00)

a. "Urban renewal district." An urban renewal district, as referred to in Section 63-215, Idaho Code, shall mean an urban renewal area formed pursuant to an urban renewal plan adopted in accordance with Section 50-2008, Idaho Code. Urban renewal districts are not taxing districts. (4-5-00)

b. "Revenue allocation area (RAA)." A revenue allocation area (RAA) as referred to in Section 50-2908, Idaho Code, shall be the area defined in Section 50-2903, Idaho Code, in which base and increment values are to be determined. Revenue allocation areas (RAAs) are not taxing districts. (4-5-00)

c. "Current base value." The current base value of each parcel in a taxing district or unit shall be the value of that parcel on the current base assessment roll as defined under Section 50-2903, Idaho Code. Current base value does not include value found on the occupancy roll. (4-5-00)

d. "Initial base value." The initial base value for each parcel is the sum of the taxable value of each category of property in the parcel for the year the RAA is established. (4-5-00)

e. "Increment value." The increment value is the difference between the current equalized value of each parcel of taxable property in the RAA and that parcel's current base value, provided such difference is a positive value. (4-5-00)

02. Establishing And Adjusting Base And Increment Values. (4-5-00)

a. Establishing initial base value. If a parcel's legal description has changed prior to computing initial base year value, the value that best reflects the prior year's taxable value of the parcel's current legal description must be determined and will constitute the initial base year value for such parcel. The initial base value includes the taxable value, as of the effective date of the ordinance adopting the urban renewal plan, of all otherwise taxable property, as defined in Section 50-2903, Idaho Code. Initial base value does not include value found on the occupancy roll. (4-5-00)

b. Adjustments to base value - general value changes. Adjustments to base values will be calculated on a parcel by parcel basis, each parcel being a unit and the total value of the unit being used in the calculation of any adjustment. Base values are to be adjusted downward when the current taxable value of any parcel in the RAA is less than the most recent base value for such parcel. In the case of parcels containing some categories of property which increase in value and some which decrease, the base value for the parcel will only decrease provided the sum of the changes in category values results in a decrease in total parcel value. Any adjustments shall be made by category and may result in increases or decreases to base values for given categories of property for any parcel. Adjustments to base values for any real, personal, or operating property shall establish new base values from which future adjustments may be made. In the following examples the parcel's initial base value is one hundred thousand dollars (\$100,000), including Category 21 value of twenty thousand dollars (\$20,000) and Category 42 value of eighty thousand dollars (\$80,000). (4-5-00)

i. Case 1: Offsetting decreases and increases in value. One (1) year later the parcel has a one thousand dollar (\$1,000) decrease in value in Category 21 and a one thousand dollar (\$1,000) increase in Category 42 value.

There is no change in the base value for the parcel. (4-5-00)

ii. Case 2: Partially offsetting decreases and increases in value. One (1) year later the parcel has a three thousand dollars (\$3,000) decrease in value in Category 21 and a one thousand dollars (\$1,000) increase in Category 42 value. The base value decreases two thousand dollars (\$2,000) to ninety-eight thousand dollars (\$98,000). (4-5-00)

iii. Case 3: Future increase in value following decreases. One (1) year after the parcel in Case 2 has a base value reduced to ninety-eight thousand dollars (\$98,000), the value of the parcel increases by five thousand dollars (\$5,000) which is the net of category changes. The base value remains at ninety-eight thousand dollars (\$98,000). (4-5-00)

c. Adjustments to base value - splits and combinations. Before other adjustments can be made, the most recent base value must be adjusted to reflect changes in each parcel's legal description. This adjustment shall be calculated as described in the following subsections. (4-5-00)

i. When a parcel has been split, the most recent base year value is transferred to the new parcels, making sure that the new total equals the most recent base year value. (4-5-00)

ii. When a parcel has been combined with another parcel, the most recent base year values are added together. (4-5-00)

iii. When a parcel has been split and combined with another parcel in the same year, the value of the split shall be calculated as set forth in Subsection 804.02.c.i. and then the value of the combination will be calculated as set forth in Subsection 804.02.c.ii. (4-5-00)

d. Adjustments to base values when exempt parcels become taxable. Base values shall be adjusted as described in the following subsections. (4-5-00)

i. Fully exempt parcels at time of RAA establishment. When a parcel that was exempt at the time the RAA was established becomes taxable, the base value is to be adjusted upwards to reflect the estimated value of the formerly exempt parcel at the time the RAA was established. (4-5-00)

ii. Partially exempt parcels. When a partially exempt parcel within the RAA becomes fully taxable, the base value of the RAA shall be adjusted upwards by the difference between the value that would have been assessed had the parcel been fully taxable in the year the RAA was established and the taxable value of the parcel included in the base value of the RAA. For example, assume a parcel of farmland within an RAA had a taxable value of five hundred dollars (\$500) in the year the RAA base value was established. Assume also that if this parcel had not been actively devoted to agriculture at that time, the taxable value would have been fifteen hundred dollars (\$1500). After five (5) years, this parcel is no longer used for farming, loses its partial exemption, and becomes reclassified as industrial land with a value of ten thousand dollars (\$10,000). The base value within the RAA would be adjusted upwards by one thousand dollars (\$1,000), the difference between fifteen hundred dollars (\$1500) and five hundred (\$500). (4-5-00)

iii. Change of exempt status. When a parcel that is taxable and included in the base value at the time the RAA is established subsequently becomes exempt, the base value is reduced by the original value of the parcel included in the base value. If this parcel subsequently becomes taxable, the base value is to be adjusted upward by the same amount that was originally subtracted. For example, assume a land parcel had a base value of twenty thousand dollars (\$20,000). Three (3) years later, an improvement valued at one hundred thousand dollars (\$100,000) was added. The land at this later date had a value of thirty thousand dollars (\$30,000). Both land and improvements were purchased by an exempt entity. The base would be reduced by twenty thousand dollars (\$20,000). Five (5) years later, the land and improvement becomes taxable. The base value is to be adjusted upwards by twenty thousand dollars (\$20,000). (4-5-00)

e. Adjustments to base values when property is removed. Base values are to be adjusted downward for real, personal, and operating property removed from the RAA. Property shall be considered removed only under the conditions described in the following subsections. (4-5-00)

i. For real property, all of the improvement is physically removed from the RAA, provided that there is no replacement of said improvement during the year the original improvement was removed. If said improvement is replaced during the year of removal, the reduction in base value will be calculated by subtracting the value of the new improvement from the current base value of the original improvement, provided that such reduction is not less than zero (0). (4-5-00)

ii. For personal property, all of the personal property associated with one (1) parcel is physically removed from the RAA. (4-5-00)

iii. For operating property, any of the property under a given ownership is removed from the RAA. (4-5-00)

f. Adjustments to increment values. Decreases in total parcel value below the initial base value decrease the base value for the parcel. This leads to greater increment value if the parcel increases in value in future years. For example, if a parcel with a initial base value of one hundred thousand dollars (\$100,000) decreases in value to ninety-five thousand dollars (\$95,000), but later increases to ninety-eight thousand dollars (\$98,000), an increment value of three thousand dollars (\$3,000) is generated. If the same parcel increases in value to one hundred two thousand dollars (\$102,000) after the decrease to ninety-five thousand dollars (\$95,000), the increment value would be seven thousand dollars (\$7,000). (4-5-00)

g. Apportioning operating property values. For operating property, the original base value shall be apportioned to the RAA on the same basis as is used to apportion operating property to taxing districts and units. The operating property base value shall be adjusted as required under Section 50-2903, Idaho Code. (4-5-00)

03. Levy Computation For Taxing Districts Encompassing RAAs Within Urban Renewal Districts. The property tax levy for any taxing district or unit which includes all or part of an RAA in an urban renewal district shall be computed by dividing the dollar amount certified for the property tax portion of the budget of the taxing district or unit by the market value for assessment purposes of all taxable property within the taxing district or unit, including the value of each parcel on the current base assessment roll (base value), but excluding the increment value. For example, if the taxable value of property within a taxing district is one hundred million dollars (\$100,000,000) but fifteen million dollars (\$15,000,000) of that value is increment value, the levy of the taxing district must be computed by dividing the property tax portion of the district's budget by eighty-five million dollars (\$85,000,000). (4-5-00)

04. Modification Of An Urban Renewal Plan. When an authorized municipality passes an ordinance modifying an urban renewal plan containing a revenue allocation financing provision, the current value of property in the RAA shall be determined as if the modification had not occurred. All modifications to urban renewal areas and RAAs must comply with the provisions of Rule 225 of these rules. (4-5-00)

a. Modification by consolidation of RAAs. If such modification involves combination or consolidation of two (2) or more RAAs, the base value shall be determined by adding together independently determined current base values for each of the areas to be combined or consolidated. The current taxable value of property in an area not previously included in any RAA shall be added to determine the total current base value for the consolidated RAA. (4-5-00)

b. Modification by annexation. If an RAA is modified by annexation, the current taxable value of property in the area annexed shall be added to the most current base value determined for the RAA prior to the annexation. (4-5-00)

05. Allocation To School Districts. In the case of school districts, the budget limited by Section 63-802, Idaho Code, shall not include the allocation pursuant to Section 50-2908, Idaho Code. Said allocation shall be computed for any school district by multiplying the school district's urban renewal increment as defined in Rule 329 of these rules by four tenths of one percent (0.4%) pursuant to Section 33-1002, Idaho Code. (4-5-00)

06. Cross Reference. The county auditor shall certify the full market value by taxing district as specified in Rule 635 of these rules. (4-5-00)

805. PENALTY FOR FAILURE TO PROVIDE NOTICE OF BUDGET HEARING (RULE 805).

Section 63-802A, Idaho Code (3-15-02)

01. Penalties For Non-Compliance. Effective January 1, 2003, penalties shall be applied to any taxing district that fails to provide each appropriate county clerk with written notification of the budget hearing information required pursuant to Section 63-802A, Idaho Code. The penalties provided by this section apply only to failure to comply with the April 30 notification deadline. (3-15-02)

a. Non-Complying Non-School Districts. There shall be no increase in the portion of the budget subject to the limitations of Section 63-802, Idaho Code. This restriction shall apply to otherwise available budget increases from the three percent (3%) growth factor, new construction or change of land use classification, and annexation. There shall also be no increase resulting from adding previously accrued foregone increase amounts to the budget and the total accrued foregone amount shall not change for a non-complying district. (3-15-02)

b. Non-Complying School Districts. The maintenance and operation portion of the budget is the portion that shall not increase. School tort and tuition funds shall be permitted to increase, subject to the limitations of Section 63-802, Idaho Code. (3-15-02)

02. Exceptions. Voter approved budget increases permitted pursuant to Section 63-802(4), Idaho Code, shall be allowed. (3-15-02)

03. County Clerks To Submit Lists. By the first Monday of August, each county clerk shall submit to the State Tax Commission a list of non-complying taxing districts along with other documents required pursuant to Rule 803 of these rules and Section 63-808, Idaho Code. (3-15-02)

806. (RESERVED).

807. LEVY BY NEW TAXING UNITS - DUTIES OF AUDITOR (Rule 807).

Section 63-807, Idaho Code. (5-3-03)

01. Levy By Newly Formed Or Organized Taxing Districts. Regardless of whether other formation or organization requirements have been met, newly formed or organized taxing districts that fail to meet the requirements of Rule 225 of these rules, shall not be authorized to levy property taxes. (5-3-03)

02. Levy By Taxing Districts Altering Boundaries. Regardless of whether other boundary alteration requirements have been met, taxing districts that alter their boundaries and fail to meet the requirements of Rule 225 of these rules, shall not be authorized to levy property taxes within any area added to the district. If area is withdrawn from any district that fails to meet the requirements of Rule 225 of these rules, any levy by the district will be applied to taxable property within the withdrawn area. (5-3-03)

03. Levy Considered Not Authorized. If a taxing district fails to meet the requirements of Subsection 807.01 or 807.02 of this rule, the district's levy or its levy within an altered area shall be considered not authorized, pursuant to Section 63-809, Idaho Code. (5-3-03)

808. -- 935. (RESERVED).

936. CANCELLATION OF TAXES BY BOARD OF COUNTY COMMISSIONERS (Rule 936).

Section 63-1302, Idaho Code authorizes boards of county commissioners to cancel property taxes that for any lawful reason should not be collected. The board may cancel taxes for double payment of taxes or the double or erroneous assessment of any property for the same year or other errors. Additionally, when the canceled taxes have been paid, the board may refund the taxes. The authority to cancel taxes under Section 63-1302, Idaho Code, extends neither to hardship situations nor to cancellation of tax resulting from unequal or excessive valuation by the assessor. Mere unequal or excessive valuation by the assessor does not make the assessment illegal, nor constitute any lawful reason that the taxes should not be collected. A taxpayer who believes the value placed on his property is excessive must file his appeal with the county board of equalization within the time prescribed by law. A taxpayer seeking relief due to hardship must apply pursuant to Section 63-602AA, Idaho Code. (7-1-98)

937. -- 944. (RESERVED).

945. SUBSEQUENT ASSESSMENT OF PROPERTY CONCEALED (Rule 945).

The burden of proof of willfulness under Section 63-1401, Idaho Code is on the assessor. (4-5-00)

946. -- 959. (RESERVED).

960. DEFINITIONS (Rule 960).

01. Present Use. Present use shall mean that the land contains trees of a marketable species which are being actively managed to produce a forest crop for eventual harvest and which may be accepted by a commercial mill. (7-1-97)

02. Silvicultural Treatment. Silvicultural treatment shall include the following activities: site preparation, planting, vegetation control, precommercial thinning, commercial thinning, fertilization, mechanical or chemical pest and disease control, pruning, inventorying, cruising, or regeneration surveys, fencing established to protect seedlings, and genetic tree improvement. (7-1-97)

03. Forest Land Management Plan. Forest land management plan shall mean a written management plan reviewed by a professional consulting forester, Idaho Department of Lands private forestry specialist, professional industry forester, or federal government forester, to include eventual harvest of the forest crop. Professional forester is defined as an individual holding at least a Bachelor of Science degree in forestry from an accredited four (4) year institution. The forest land management plan shall include as a minimum: (7-1-97)

- a. Date of the plan preparation; (7-1-97)
- b. Name, address, and phone number of the land owner, and person preparing and/or reviewing the plan; (7-1-97)
- c. The legal description of the property; (7-1-97)
- d. A map of the property of not less than 1:24,000 scale; (7-1-97)
- e. A general description of the forest stand(s) including species and age classes; (7-1-97)
- f. A general description of the potential insect, disease, and fire hazards that may be present and the management systems which shall be used to control them; (7-1-97)
- g. The forest management plans of the landowner over the next twenty (20) years. (7-1-97)

04. Bare Forest Land. Bare forest land shall qualify as forest land only if, within five (5) years after harvest or initial assessment, they are planted or regenerated naturally to minimum stocking levels as specified by the Idaho Forest Practices Act. (Title 38, Chapter 13, Idaho Code). (7-1-97)

05. Joint Ownership. Joint ownership as used in Subsections 963.01 and 966.01 of these rules includes ownership of a single parcel of forest land by two (2) or more legal entities irrespective of their proportionate ownership interests in the parcel, but shall not include the community property interests of a spouse. (3-30-01)

961. FOREST LANDS OF LESS THAN FIVE ACRES (Rule 961).

Forest land of four and nine hundred ninety-nine one thousandths (4.999) contiguous acres or less shall not be eligible for valuation and taxation as forest land, whether or not the landowner owns other parcels which are eligible. The five (5) acre size is determined exclusive of homesite. (3-30-01)

01. Example 1. Landowner owns a fifteen (15) acre parcel which contains four (4) acres of forest, nine (9) acres of irrigated row crop, and two (2) acres of homesite. The four (4) acres of forest is not eligible for valuation and taxation as forest land. (7-1-93)

02. Example 2. Landowner owns eight (8) one (1) acre parcels of forest, and one (1) five hundred (500) acre parcel of forest. The eight (8) one (1) acre parcels are not eligible for valuation and taxation as forest lands, unless contiguous to the five hundred (500) acre parcel, or at least five (5) of the one (1) acre parcels are contiguous to each other. (3-30-01)

962. TAXATION OF LARGE SIZE FOREST TRACTS (Rule 962).
 Section 63-1705, Idaho Code. (5-3-03)

01. Productivity Formula. Taxation under the provisions of Section 63-1705, Idaho Code, shall not include timber inventory in addition to the productivity value since the value of timber growing on the land is included in the productivity formula. The productivity formula used to determine the forest value shall be as follows:

Step 1 :	(MAI) Mean Annual Growth Increment Multiplied By The (SV) Stumpage Value
Step 2 :	Add Other Agricultural Related Income
Step 3 :	Minus Costs
Step 4 :	The Sum Of Steps 1 - 3 Divided By The Capitalization Rate
Step 5:	Equals The Productivity Value
(MAI x SV + other agricultural related income - costs)/Capitalization Rate	
KEY:	
MAI = Mean Annual Growth Increment, board feet/acre/year	
SV = Stumpage Value, preceding five (5) year rolling average value of timber harvested within the forest value zone from state timber sales or the best available data for the same five (5) year period.	
Other Agricultural Related Income = Grazing income from the forest land.	
Costs = Annualized expenses directly related to producing the forest crop, including, but not limited to the establishment, maintenance, improvement, and management of the crop over the rotation period, including the forest protection fee currently charged by the Idaho Department of Lands.	
Capitalization Rate = Shall be determined in accordance with the procedures described in Section 63-1705(4), Idaho Code.	

(5-3-03)

- 02. Forest Valuation Zones.** The state shall be divided into four (4) forest valuation zones: (7-1-99)
- a.** ZONE 1 - Boundary, Bonner, Kootenai counties. (7-1-97)
 - b.** ZONE 2 - Benewah, Shoshone, Latah, Clearwater, Nez Perce, Lewis, Idaho counties. (7-1-97)
 - c.** ZONE 3 - Adams, Valley, Washington, Payette, Gem, Boise, Canyon, Ada, Elmore, Camas, Blaine, Gooding, Lincoln, Jerome, Minidoka counties. (7-1-97)
 - d.** ZONE 4 - The remaining nineteen (19) counties. (7-1-97)

03. Classification Of Forest Lands. Forest valuation zones 1 and 2: There shall be three (3) separate productivity classes of forest land: poor, medium, and good. These broad classes are related in the following manner by definition to the “Meyer Tables” published in “Yield of Even-Aged Stands of Ponderosa Pine” and “Haig Tables” published in “Second-Growth Yield, Stand, and Volume Table for the Western White Pine Type” as both documents are referenced in Rule 006 of these rules. These classes apply to forest land which may or may not be stocked with commercial or young growth timber. (5-3-03)

a. Poor productivity class is defined as forest land having a mean annual increment, MAI, of one hundred (100) board feet per acre per year, based on an eighty (80) year rotation and sixty-five percent (65%) of normal stocking by the end of the rotation period. This productivity class includes western white pine site index 35-45 and ponderosa pine site index 45-80. One hundred (100) board feet per acre MAI shall be used in the productivity formula. (7-1-93)

b. Medium productivity class is defined as forest land having a mean annual increment, MAI, of two hundred twenty-five (225) board feet per acre per year, based on an eighty (80) year rotation and sixty-five percent (65%) of normal stocking by the end of the rotation period. This productivity class includes western white pine site index 46-60 and ponderosa pine site index 81-110. Two hundred twenty-five (225) board feet per acre MAI shall be used in the productivity formula. (7-1-93)

c. Good productivity class is defined as forest land having a mean annual increment, MAI, of three hundred fifty (350) board feet per acre per year, based on an eighty (80) year rotation and sixty-five percent (65%) of normal stocking by the end of the rotation period. This productivity class includes western white pine site index 61 and above and ponderosa pine site index 111 and above. Three hundred fifty (350) board feet per acre MAI shall be used in the productivity formula. (7-1-93)

d. For forest valuation zones 1 and 2, forest land shall be stratified into areas of similar productive potential using the habitat typing methodology described in "Forest Habitat Types of Northern Idaho: A Second Approximation", referenced in rule 006 of these rules. Within these stratified areas, site index trees will be selected and measured that will identify the site index to be used to place the land in one (1) of the three (3) productivity classes listed above. (5-3-03)

e. For forest valuation zones 3 and 4, the criteria for stratification shall be generally the same as that used in zones 1 and 2 based on the habitat typing methodology described in "Forest Habitat Types of Central Idaho," as referenced in Rule 006 of these rules, with the following adjustments made in growth rates for lower moisture levels. Poor productivity class, one hundred (100) board feet per acre MAI shall be used in the productivity formula. Medium productivity class, two hundred thirteen (213) board feet per acre MAI shall be used in the productivity formula. Good productivity class, three hundred twenty (320) board feet per acre MAI shall be used in the productivity formula. (5-3-03)

04. Recommended Mean Annual Growth Increments. The recommended MAI's to be used in the productivity formulas for the appropriate forest valuation zones are according to the best available information and subject to change upon receipt of updated information. The MAI's shall be considered as midpoints of a class in the following manner:

MIDPOINT	
Zones 1 and 2:	
Poor	38 - 100 - 162 board feet per acre
Medium	163- 225 - 286 board feet per acre
Good	287 - 350 and greater board feet per acre
Zones 3 and 4:	
Poor	44 - 100 - 156 board feet per acre
Medium	157 - 213 - 268 board feet per acre
Good	269 - 320 and greater board feet per acre

(7-1-99)

05. Deficient Areas. Lakes, solid rock bluffs, talus slopes, and continuously flooded swampy areas,

larger than five contiguous acres in size which can be identified on aerial photos shall be valued at forty percent (40%) of the poor bare land value as defined in Section 63-1706, Idaho Code. These areas are defined as being incapable of growing trees. (7-1-97)

963. CERTAIN FOREST LANDS TO BE DESIGNATED FOR TAXATION BY OWNER--LIMITATIONS (Rule 963).

01. Designation Of Forest Parcels. A forest landowner may choose to have the total acreage of forest land parcels owned within the state designated under the provisions of either Section 63-1705 or 63-1706, Idaho Code. The forest landowner cannot have parcels in both designations. If the new owner owns no forest land in the state designated under Section 63-1705 or 63-1706, Idaho Code, he may choose the option of forest taxation he desires. Designation shall be made on or before December 31st, of the year preceding assessment and will be effective for the following year. Where forest property is held in joint ownership, all co-owners must mutually agree on a property designation under Section 63-1703(a) and (b), Idaho Code. Each co-owner must make a timely designation. Where co-owners are unable to agree on a mutual designation or fail to make a designation, the forest land shall be subject to appraisal and assessment as provided in Section 63-1702, Idaho Code. (7-1-97)

02. Change In Use. Failure to notify the assessor of the change in use when lands have been designated shall cause forfeiture of the designation as to the changed acres, and the property shall be appraised, assessed and taxed, as provided in Section 63-1702, Idaho Code, from the date of latest designation or renewal. (7-1-97)

03. Certain Lands With No Deferred Taxes. There are no deferred taxes on lands designated under Section 63-1705, Idaho Code. (7-1-97)

964. YIELD TAX ON APPLICABLE FOREST PRODUCTS (Rule 964).

01. Calculation. The calculation described below will be used to update the bare forest land value for tax assessment purposes on an annual basis:

$$BLV_z = [(0.5 \times |T_z - T_n|) + 1] \times (BLV_y)$$

STEP 1:	Subtract T_n from T_z
STEP 2:	Divide the Answer in Step 1 by T_n
STEP 3:	Multiply the Answer in Step 2 by 0.5
STEP 4:	Add 1 to the Answer in Step 3
STEP 5:	Multiply BLV_y by the Answer in Step 4
KEY:	
BLV_z	= Bare forest land value for next year
BLV_y	= Bare forest land value for current year
T_z	= Five year average stumpage value (\$/MBF) for the period ending in the current year
T_n	= Five year average stumpage value (\$/MBF) for the period ending one year ago

(3-30-01)

02. Stumpage Value. The stumpage value shall be the same as that used in the productivity formula by zone. (3-30-01)
