321. VOCATIONAL LAW ENFORCEMENT PROGRAM CERTIFICATION/RECERTIFICATION STANDARDS.

01. Purpose. The purpose of this policy is to verify that the entity seeking vocational law enforcement certification/recertification is in compliance with all standards established by the Department of Education for such programs and by POST for the operation of a basic course. A program seeking certification must first be approved by the Peace Officer Standards and Training Council prior to beginning the certification process. Entities seeking certification and previously certified vocational law enforcement programs are subject to scheduled and unscheduled visits by field training specialists and other members of the Peace Officer Standards and Training Council in which adherence to certification standards will be evaluated. Vocational law enforcement program certification is valid for two (2) years and expires on June 30th of the second year after the program was certified. In order to maintain certified status a vocational law enforcement program must successfully complete the recertification process prior to the expiration date. (7-1-99)

02. Process. (7-1-99)

a. The POST Regional Training Specialist will provide guidance and assistance to the prospective vocational law enforcement program by identifying the requirements for certification, and providing an estimate of what needs to be accomplished prior to formally requesting vocational law enforcement program certification status. (7-1-99)

b. A staff member of Peace Officer Standards and Training will establish a mutually agreeable date for an on-site inspection with the program coordinator and conduct the on-site assessment for vocational law enforcement program certification. (7-1-99)

c. A vocational law enforcement program which has been certified is subject to scheduled and

unscheduled visits by the field training specialist and other members of the Peace Officer Standards and Training Council to check items required for continued certification. (7-1-99)

d. If at any time it is determined that the certified vocational law enforcement program does not meet one (1) or more certification standards, the program will be given a reasonable amount of time to correct the situation, not to exceed sixty (60) days, unless an extension is granted by the POST Council certification committee. The program coordinator will receive written notification of the standards which have not been met and the date when a reassessment will be conducted. (7-1-99)

e. A staff member of Peace Officer Standards and Training will conduct the reassessment. If one (1) or more of the standards still have not been met, the Administrator or Board Chairman of the vocational law enforcement program will be notified in writing that upon reassessment the standard has not been met. The program will have a maximum of sixty (60) days to comply with all certification standards, unless an extension is granted by the POST Council certification committee. (7-1-99)

f. A staff member of Peace Officer Standards and Training will conduct the second reassessment. If the program is still not in compliance with all certification standards at the time of the second reassessment, the matter will be referred to the POST Council Certification Committee. The committee will review the findings of the second reassessment in which the program was not in compliance with all certification standards and make a recommendation to the POST Council. (7-1-99)

g. The POST Council will review the recommendation of the POST Council Certification Committee, giving both the vocational law enforcement program and the POST Council Certification Committee an opportunity to make a verbal presentation, and, based upon all pertinent information, recommend appropriate action. (7-1-99)

h. Certification is valid for two (2) years from the date of certification. Vocational law enforcement program certification expires on June 30th of the second year after the program was certified. In order to maintain certification status, a program must successfully complete a recertification process prior to the expiration of the original certification.
