05. Medical Assistance With "Spend Down". An applicant for Refugee Medical Assistance whose countable income exceeds the AFDC payment standard may also become eligible for medical assistance under certain conditions. A special provision, for refugees only, will allow those refugees whose income exceeds the AFDC payment standard to apply their income above the payment standard to their medical costs and thus "spend down" to the AFDC eligibility level. This "spend down" will be computed on a quarterly basis; the quarter begins with the month of application. Compute the amount by which the refugee's income exceeds the AFDC payment standard on a monthly basis using the best estimate of income to be received during the quarter and multiply the monthly excess by three (3) to determine the quarterly "spend down". (7-1-99)

06. Counting Income and Resources for Refugee Medical Assistance With a "Spend Down". (7-1-93)

a. AFDC policy determines which income must be counted, excluded, or deducted. Exceptions to AFDC policy are listed in Subsections 400.06.a.i. through 400.06.a.iii. (3-30-01)

- i. The refugee is not entitled to the thirty dollars (\$30) disregard. (3-30-01)
- ii. The refugee is not entitled to the one third (1/3) disregard. (3-30-01)
- iii. Refugee Cash Assistance is excluded from income and resources. (3-30-01)
- b.** The AFDC payment standard applicable for the size of family unit determines the amount to which an individual or family must “spend down” to be eligible for refugee medical assistance. (7-1-89)
- c.** AFDC policy determines which resources must be counted or excluded for a refugee unit which must meet a medical “spend down”. (10-1-82)
- d.** Total countable resources of the assistance unit must not exceed one thousand dollars (\$1,000). (7-1-89)
- e.** No financial resources which are not available to the refugee, including resources remaining in his homeland, are to be considered in determining eligibility for medical assistance. (6-1-81)
- f.** The income and resources of sponsors, and the in-kind services and shelter provided to refugees by their sponsors, will not be considered in determining eligibility for medical assistance. A shelter allowance must not be given for any in-kind shelter provided. (6-1-81)
- 07. Financially Responsible Relatives.** (6-1-81)
 - a.** The Department must consider the income and resources of nonrefugee spouses or parents as available to the refugee whether or not they are actually contributed, if they live in the same household. (6-1-81)
 - b.** If the nonrefugee spouse or parent does not live with the individual, the Department must consider income and resources that are actually contributed by the spouse or parent as available to the refugee. (6-1-81)
- 08. Deduction of Incurred Medical Expenses.** If countable income exceeds the AFDC income standard, the Department must deduct from income, in the following order, incurred medical expenses that are not subject to payment by a third party: (6-1-81)
 - a.** Medicare and other health insurance premiums, deductibles, or coinsurance charges, incurred by the individual or family or financially responsible relatives. (10-1-82)

 - c.** Expenses incurred by the individual or family or financially responsible relatives for necessary medical and remedial services covered in the scope of the Medical Assistance Program. (6-1-81)
 - d.** The Department may set reasonable limits on expenses to be deducted from income under Subsections 400.08.a. and 400.08.b. (3-30-01)
- 09. Determining Eligibility for Medical Assistance for Refugees Who Must Meet a “Spend Down”.** The refugee applicant must provide verification of expenses incurred pursuant to Subsection 400.08. If the applicant has medical coverage from a third party, he must verify that charges will not be paid by this third party by providing an Explanation of Benefits or other written statement from the third party. (3-30-01)
 - a.** As the applicant submits medical expenses, the charges should be added in the order listed in Subsection 400.08 and then under Subsection 400.08.c. in chronological order by the date of service. (3-30-01)
 - b.** When the charges equal or exceed the amount of the “spend down,” the applicant becomes eligible

for Medical Assistance. (7-1-99)

c. The date of eligibility is the date of service on the last bill which is covered under the scope of the Medical Assistance Program. (6-1-81)

d. It is the responsibility of the Case Manager to determine when the “spend down” has been met. (7-1-99)

10. Issuing a Medical Card to a Refugee Who Must Meet a “Spend Down”. A Medical Card will not be issued until the applicant has met the “spend down”. (7-1-99)

11. Extended Medical. An assistance unit which becomes ineligible for refugee medical assistance because of increased earnings from employment of a member of the unit, is entitled to non-spend down refugee medical assistance through the refugee’s eighth month in the U.S. (7-1-99)
