within Idaho may be called on to provide supervision. It also recognizes that differing levels of supervision are appropriate for persons with differing levels of education and experience. Accordingly, the board identifies three (3) levels within the education of psychologists, and specifies differing levels of supervision for each. These categories refer to persons pursuing a program of activities which, when completed, will allow them to meet the requirements for licensure as psychologists in Idaho. When providing supervision, the licensed supervising psychologist may receive compensation from the supervisee or other interested party, and shall be responsible to insure that supervision appropriate to the education and experience level of the supervisee is provided. Further, the licensed supervising psychologist shall also be responsible to insure that the appropriate documentation for a particular supervisee has been provided to the board as specified below. The number of persons a psychologist may supervise within the three educational levels does not limit the number of service extenders as specified under Subsection 450.03.j. (7-1-93)

01. General Provisions. General provisions for licensed supervising psychologists. (7-1-93)

a. The licensed supervising psychologist exercising administrative control shall: (7-1-93)

i. Have the authority to cause termination of compensation for the supervisee when compensation is provided. (7-1-93)

ii. Have the authority to cause the suspension or removal of the supervisee from his position as a service provider. (7-1-93)

b. The licensed supervising psychologist exercising professional direction shall: (7-1-93)

i. Within thirty (30) days after initiating supervision, formulate a written supervisory plan for each supervisee. The plan shall include provisions for supervisory sessions and chart review. If the supervising psychologist requires tapes to be made of psychological services delivered by the supervisee, then the plan shall also specify review and destruction of these tapes. The plan shall also specify the hours per calendar week that the licensed psychologist will be at the same physical location as the supervisee. (7-1-93)

ii. Establish and maintain a level of supervisory contact sufficient to be readily accountable in the event that professional, ethical, or legal issues are raised. There will be a minimum of one (1) hour of face-to-face individual supervisory contact by a licensed psychologist with the supervisee for each one (1) to twenty (20) hours of services provided by the supervisee during any calendar week. A written record of this supervisory contact, including the type of activities conducted by the supervisee, shall be maintained by the licensed supervising psychologist. Except under unusual circumstances, the supervisory contact will occur either during the week the services are provided or during the week following. In no case will services be provided more than two (2) weeks without supervisory contact between the supervisee and a licensed supervising psychologist. (7-1-93)

iii. Provide the supervisee a copy of the current Ethical Standards of the American Psychological Association, and obtain a written agreement from the supervisee of his intention to abide by them. (7-1-93)

ii. Work assignments shall be commensurate with the skills of the Psychologist in Training and procedures shall be planned in consultation with the licensed supervising psychologist. (7-1-93)

iii. Psychologists in Training shall be housed in the service delivery site of the licensed supervising psychologist, and at least fifty percent (50%) of the Psychologist in Training's service delivery will occur while the licensed supervising psychologist is physically present on site; excepting that where Psychologists in Training are employed by agencies or corporations financed by public funds, licensed supervising psychologists may apply for exemption of this requirement. Exemptions will be made on review of the written supervisory plan, and granted at the discretion of the board. (7-1-93)

iv. Public announcement of fees and services, and contact with lay or professional public shall be offered only by and in the name of the licensed supervising psychologist or his institutional affiliate. (7-1-93)

v. Setting and collecting of fees shall remain the sole domain of the licensed supervising psychologist or his institutional affiliate, excepting that when a supervisee provides psychological services, third party payers shall be informed of this occurrence in writing at the time of billing. (7-1-93)
