Department. A twelve (12) month Permanency Hearing shall be held by the court having jurisdiction in the case, if that is the preference of the court. Parties shall be provided, by the court, with written notice of the hearing and opportunity to be heard. This shall not be construed to require that any foster parent, preadoptive parent, or relative providing care for the child be made a party to the hearing solely on the basis of such notice and opportunity to be heard. (3-30-01)

02. Judicial Determinations. (3-30-01)

The service plan will identify areas of concern, goals, desired results, time frames, tasks and task responsibilities. The out-of-home placement agreement will include the terms for reimbursement of costs with any necessary justification for deviation from Child Support guidelines. A voluntary agreement for out-of-home placement entered into between the Department and the parent(s) or legal guardian(s) of a minor child may be revoked at any time by the child's parent(s) or legal guardian(s). A contract between the Department and the service provider, if applicable, must also be in effect. 425. AID TO FAMILIES WITH DEPENDENT CHILDREN -- FOSTER CARE (AFDC-FC) ELIGIBILITY.

AFDC-FC is also available to eligible children voluntarily placed in foster care by a parent(s). The caretaker relative(s) is the relative(s) who exercises day-to-day physical custody of the child prior to the court action or voluntary placement. The child may qualify for AFDC payments as a child living with a relative. Eligibility for AFDC-FC is determined by Family and Community Services. (4-6-05)

426. AFDC-FC ELIGIBILITY REQUIREMENTS.
A child is eligible for AFDC-FC if he meets each of the eligibility requirements listed in Table 426.

<tr>
<td><strong>02. Voluntary Placement in Foster Home or Voluntary Relinquishment.</strong></td>
<td>A foster care placement is voluntary if the parent(s) has a written agreement with the Department to place the child in foster care. The parent retains parental rights and may terminate the agreement at any time. A voluntary relinquishment is not a voluntary placement. A voluntary relinquishment occurs when parent(s) permanently gives up rights to a child. A court order is required for a voluntarily relinquished child to qualify for AFDC-FC.</td>

<td>A child not voluntarily placed must have been removed from the parent(s) or other caretaker relative(s) by court order. The initial court order must state remaining in the home would be “contrary to the welfare” of the child. For children removed on or after October 1, 1983, the court order must include a determination that reasonable efforts were made to prevent or eliminate the need for removal of the child. This judicial determination must be made within sixty (60) days of removal of the child from his home. The court order must state what reasonable efforts were made considering the family’s circumstances and the safety of the child when the child is removed from the home in an emergency. When there is a judicial determination of Aggravated Circumstances, the court order must state that no reasonable efforts to reunify the family are required.</td>

427. DETERMINATION OF ELIGIBILITY FOR ADC-FC.
The family services workers shall initiate an application to ensure that eligibility for ADC-FC is made, or that the
child is clearly ineligible because of family resources. The worker shall maintain documentation of the eligibility determination or ineligibility in the case record of the child, and arrangements for parental support. If the child is ineligible for AFDC-FC, the family services worker must determine whether the child qualifies for Medicaid as a Title XIX foster child.

(3-30-01)

428. CUSTODY AND PLACEMENT.
The child's placement and care are the Department's responsibility. The child must live in a licensed foster home, licensed institution, licensed group home, or in a licensed relative's home.
(3-30-01)

01. Interstate Placements. In interstate placements, a child may be placed with an approved unlicensed relative when delaying the placement would be harmful to the child’s well-being. In those cases, a subsequent request for foster care licensure will be made through the Interstate Compact on the Placement of Children.
(3-30-07)

02. Intrastate Placements That Become Interstate Placements. If a foster care placement that was initially intrastate becomes an interstate placement because the family with whom the child is placed relocates to another state, a request for foster care licensure will be made through the Interstate Compact on the Placement of Children immediately upon the decision to move the child. If the state to which the family has moved accepts the family’s Idaho foster care license as effective, the placement is considered licensed until a determination is made that the family is in compliance with the licensing and other applicable laws of the state to which the family has moved.
(3-30-07)

429. EFFECTIVE DATE.
AFDC-FC eligibility can begin as early as the first day of the month all eligibility factors are met, with the following exceptions: A child cannot receive AFDC and AFDC-FC or SSI and AFDC-FC in the same month; and AFDC-FC cannot begin until the month after the last month the child's needs were included in an AFDC grant or the child received SSI.
(3-30-01)

430. ONGOING ELIGIBILITY.
To continue eligibility for AFDC-FC, a child must meet each of the eligibility conditions listed in Table 430.

<tr>
<td>04. Redetermination.</td>
<td>The child's eligibility for AFDC-FC must be reetermined at least once every six (6) months. A redetermination, rather than an initial eligibility determination, is used for a child who left foster care, was placed in a non-AFDC-FC living situation such as a hospital or detention center, did not return home, remained in the Department's custody throughout his absence, and returned to foster care. Any return home other than a visit requires a new judicial determination or a new agreement and a new determination of eligibility based on current circumstances. Annual Review: An annual redetermination is required to assure that the court has determined that the Department has made reasonable efforts to finalize a permanent plan for the child. This is done at the Permanency Hearing held every twelve (12) months from the date of removal until the child is either adopted or placed in legal guardianship. The foster care payment standard is also the child's eligibility income limit for determining continued eligibility for AFDC-FC.</td>
</tr>
<tr>
<td>05. Other Eligibility Considerations.</td>
<td>The following must be considered for AFDC-FC eligibility: A child's eligibility does not depend on the availability of a home to which he can return; The Department must provide services designed to allow the child to return home, where not possible, the family's worker must aggressively pursue other permanent options for the child; A child receiving AFDC-FC who becomes available for adoption, remains eligible to receive AFDC-FC until he is legally adopted. The child must otherwise qualify for AFDC-FC; The child must not receive AFDC-FC and SSI, or AFDC-FC and AFDC, in the same month.</td>

03. Hospitalized Foster Child. Where a child who is otherwise eligible for Title XIX Medicaid as a
foster child is placed in a hospital prior to being physically placed in foster care, the child is considered to be living in

568. COOPERATION WITH LAW ENFORCEMENT. The Department will cooperate with law enforcement personnel in their handling of criminal investigations and the filing of criminal proceedings. (10-1-07)

569. CHILD CUSTODY INVESTIGATIONS FOR THE DISTRICT COURT. Where no other community resources are available and when ordered by the district courts, the Department will, for a fee of thirty-five dollars ($35) per hour, conduct immediate safety and comprehensive assessments and provide social information to assist the court in child custody actions, to assist the court to determine the most therapeutic placement for the child. (3-30-07)

01. Requests From Private Attorney. If a parent’s attorney requests an immediate safety or comprehensive assessment, or both, and a report of findings regarding the fitness of a parent, the attorney must be advised that such service is provided on behalf of a child but not on behalf of a litigant, and that any such assessment and report would be provided to the court pursuant to a court order. (3-30-07)

02. Conduct of the Assessment. In conducting the assessment, the family services worker must explain to the family the purpose for which the information is being obtained. If the judge intends to treat the report as evidence, the family must be informed that any information they provide will be brought out at the court hearing. If the family refuses to give information to the family services worker, the Department has no authority to require cooperation. However, the judge may issue an order directing the family to provide information to the family services
worker for the purpose of making a report to the court.  

03. Report to Court. The family services worker will provide a report only to the Magistrate judge who ordered the assessment, and must use the Department’s format for the assessment of need. The report must describe what was observed about the home conditions and the care of the child(ren).  

04. Department Clients. If the family is or has been a client of the Department, disclosure of information must comply with Idaho Department of Health and Welfare Rules, IDAPA 16.05.01, “Use and Protection of Department Records.”  

570. -- 639. (RESERVED).  

640. CHILD MENTAL HEALTH SERVICES.  
Section 16-2402, Idaho Code, designates the Department as the lead agency in establishing and coordinating community supports, services, and treatment for children with serious emotional disturbances and their families. Core services provided are identified in Section 030.  

641. OUTCOMES.  
01. Outcomes. Outcomes are measured through administration of a standardized assessment tool both before and after intervention. Major life areas such as school, community, mental status, family life are the focus of the assessment.  

02. Progress. Progress on each of the following behavioral indicators would be suggestive of a positive outcome:  

a. Child lives at home;  

b. Child has positive peers;  

c. Child attends and participates regularly in school;  

d. Child manages psychiatric symptoms and is not a danger to self or others; and  

e. Child does not exhibit criminal behavior.  

642. ACCESS TO SERVICES.  
The Department will prioritize services to seriously emotionally disturbed children and their families. Services may be accessed through a voluntary application for services or through involuntary legal proceedings. When regional service capacity is reached, every reasonable effort will be made to obtain alternative services for the child and family. Their names will also be placed on a waiting list for Department services.  

01. Local Resources and Plan Development. Children with serious emotional disturbances and their families may have access to local resources and services which do not require placement outside their home into alternate care. A plan will be developed between the Department, the parent(s) or legal guardian(s), the child, if appropriate, and the service provider. This plan will be specific, measurable and realistic in the identification of the goal(s), relevant areas of concern, and desired results.  

02. Payment for Treatment. When parent(s) or legal guardian(s) request Department payment for a child’s treatment, a service agreement must be negotiated and signed by the parent(s) or legal guardian(s) and the Department. A referral will be made to Child Support Services to collect payment for the cost of out-of-home care.  

03. Involuntary Placement Under the Children’s Mental Health Services Act. When a seriously emotionally disturbed child presents a significant danger to himself or herself and/or to others and the child’s parent(s) or legal guardian(s) will not consent to a voluntary placement of the child, the child can be placed involuntarily through a court order. Involuntary Treatment Orders are limited to one hundred twenty (120) days and
can be changed to a voluntary placement upon the request of the consenting parent(s) or legal guardian(s). At the end of one hundred twenty (120) days, a judicial redetermination is required to extend the involuntary treatment order for an additional set period of time.

(5-3-03)

04. Use of Public Funds and Benefits. Public funds and benefits will be used to provide services for children with serious emotional disturbances and their families. Services should be planned and implemented to maximize the support of the family’s ability to provide adequate safety and well-being for the child at home. If the child cannot receive adequate services within the family home, community resources will be provided to minimize the need for institutional or other residential placement. Services will be individually planned with the family to meet the unique needs of each child and family. Services will be provided without requiring that parent(s) or legal guardian(s) relinquish custody of the child.

(3-30-07)

643. CHARGES TO PARENT(S) OR LEGAL GUARDIAN(S).
Parent(s) or legal guardian(s) of children with serious emotional disturbances who are receiving services either directly from the Department’s Family and Children’s Services program or through Department contracts with private providers, are responsible for paying for services provided to their child and to their family. The amount charged for each service shall be in accordance with the parent(s)’ or legal guardian(s)’ ability to pay as determined by a sliding fee scale. The amount charged for services when a child is living outside of his or her home, such as foster care, residential care or hospital shall be in accordance with the parent(s)’ or legal guardian(s)’ ability to pay as determined by a sliding scale (cost of care as compared with parent(s)’ or legal guardian(s)’ available income and consideration of indebtedness) applied by the Division of Welfare’s Bureau of Child Support Services.

(5-3-03)

644. SLIDING SCALE FEE TABLE 644.

the child in addressing anticipated grief and loss due to separation from his parents and assisting the child with the transition into an adoptive home.

06. Technical Assistance. Assistance in completing the legal adoption, including compliance with the Indian Child Welfare Act.

07. Adoption Assistance. A determination of eligibility for adoption assistance must be made for each child placed for adoption through the Department prior to the finalization of his adoption. Eligibility for adoption assistance is determined solely on the child’s need. No means test may be applied to the adoptive family’s income or resources. Once eligibility is established, the Division will negotiate a written agreement with the adoptive family. The agreement must be fully executed by all parties prior to the finalization of the adoption in order to be valid.

08. Period of Support Supervision. Once a child is placed with an adoptive family, a period of support and supervision by the Department lasting at least six (6) months must be completed prior to the finalization of the adoption. If the child has been a foster child placed with the family for a period of at least six (6) months, the family may submit a written request to the Department’s Family and Children’s Services Program Manager to reduce the supervisory period to a minimum of three (3) months.

09. Post Adoption Services. Services after an adoption is final are provided within available resources. Children with negotiated adoption assistance agreements, whether from Idaho or from another state, are eligible for any services available to Idaho children. International adoptees residing in Idaho are also eligible for any services available to Idaho children under the Inter-Country Adoption of 2000 (P.L.106-279). Children with either IV-E or state adoption assistance agreements are eligible for Medicaid in Idaho. A referral from an Interstate Compact on Adoption and Medical Assistance member state will serve as a formal application for services in Idaho. Applications for Medicaid are made through the Department in accordance with IDAPA 16.03.01, “Eligibility for Health Care Assistance for Families and Children.”

702. SERVICES TO BE PROVIDED IN LEGAL GUARDIANSHIPS.
In addition to the family services provided in accordance with these rules, the Department will provide the following:

01. Preparation for Placement. Preparation of the child by an assigned social worker who will assist the child in addressing anticipated grief and loss due to separation from his parent(s) and assisting the child with the transition into the home of the legal guardian(s).

02. Licensure. Potential legal guardian(s) must apply for and receive a foster care license before any child in the guardianship of the Department can be placed in their home.

03. Financial Assistance to Obtain Guardianship. For potential legal guardian(s) who are not able to afford the attorney and court costs to obtain legal guardianship of a child in the Department's guardianship, financial assistance may be available from the Department. Financial assistance may be provided regardless of the guardian's state of residence.

04. Eligibility for Guardianship Assistance. A determination of eligibility for guardianship assistance must be made for each child placed in a legal guardianship through the Department prior to the finalization of the guardianship. Eligibility for guardianship assistance is based on the child's identified needs, and requires completion of the legal termination of parental rights and documentation of unsuccessful efforts to place the child for adoption. No means test may be applied to the prospective legal guardian family's income or resources in a determination of eligibility.

05. Guardianship Assistance Agreement. The region will negotiate a written guardianship assistance agreement with the prospective legal guardian(s). The agreement must be fully executed by all parties prior to the finalization of the guardianship in order to be valid. Benefits may include both a monthly cash payment and Medicaid benefits. The cash payment may not exceed the published foster care rate the child would receive if he or she were living in family foster care in Idaho. Idaho Medicaid benefits can only be used in Idaho. There is no reciprocity with other state's Medicaid programs. Guardianship benefits are subject to availability and are to be reviewed by the
Department and the legal guardian(s) at least annually. This benefit terminates on the child's eighteenth birthday regardless of the child's academic standing, physical, or developmental delays. (3-30-07)

06. Revocation of Legal Guardianship. Any party including the Department or the child, if age fourteen (14) or older, may petition the court to have the legal guardian(s) removed. Guardianship assistance is terminated when a court revokes the guardianship. (5-3-03)

07. Termination of Guardianship Assistance When Child Leaves Home of the Legal Guardian(s). If guardianship is revoked and the child(ren) are returned to the Department's guardianship, guardianship assistance will be terminated. If it is anticipated that another legal guardian(s) will be appointed by the court, the new guardian(s) will need to complete application for guardianship assistance before the guardianship is finalized. The guardian(s) is required to immediately report to the Department any reason which would make them ineligible to receive guardianship assistance, such as, the child leaves the home, the child marries or enters the military. (5-3-03)

08. Retroactive Benefits. Legal guardians appointed on or before July 1, 2001, are not eligible for guardianship assistance. There will be no retroactive benefits paid by the Department for a child whose legal guardian(s) was appointed before July 1, 2001 or for guardians who did not negotiate a guardianship assistance agreement prior to the finalization of the guardianship. 896. -- 899. (RESERVED).

900. ADOPTION ASSISTANCE.
The purpose of the adoption assistance program is to encourage the legal adoption of children with special needs who would not be able to have the security of a permanent home without support payments. Applications are made through the Division of Family and Community Services, Resource Development Unit for a determination of eligibility. Once an application for adoption assistance is submitted to the Division of Family and Community Service’s, the Division will respond with a determination of the child’s eligibility within forty-five (45) days. (3-30-07)

01. Determination of Eligibility for Title IV-E Adoption Assistance. The Bureau of Family and Children’s Services will determine whether a child is a child with special needs. Children applying for adoption assistance benefits must meet Idaho’s definition of a child with special needs according to Section 473 (c) of P.L. 96-272 (The Adoption Assistance and Child Welfare Act of 1980). There are five (5) ways a child can be eligible for Title IV-E adoption assistance: (3-30-07)

a. Child is Aid to Families with Dependent Children (AFDC) eligible, is in the custody or care of the public child welfare agency or an Indian tribe with whom the state has a IV-E agreement and meets the definition of a child with special needs. For children whose adoption assistance eligibility is based on the child's AFDC eligibility, the child must meet the AFDC criteria both at the time of removal from his home and in the month the adoption petition is filed. (5-3-03)

   i. If the child is removed from his home pursuant to the first judicial determination, such determination must indicate that it was contrary to the welfare of the child to remain in the home. (5-3-03)

   ii. If the child is removed from the home pursuant to a voluntary out-of-home placement agreement, the child must receive at least one (1) Title IV-E foster care payment to be eligible for Title IV-E adoption assistance. (5-3-03)

b. Child is eligible for Supplemental Security Income (SSI) benefits and meets the definition of a child with special needs. (5-3-03)
i. A child is eligible for adoption assistance if, at the time the adoption petition is filed, the child has met the requirements for Title XVI (SSI) benefits; (5-3-03)

ii. The circumstances of a child's removal from his home or whether the public child welfare agency has responsibility for the child's placement and care is not relevant. (5-3-03)

c. Child has been voluntarily relinquished to a private non-profit adoption agency and meets the definition of a child with special needs.

i. The child must meet the requirements, or would have met the requirements, of the AFDC program as such sections were in effect on July 16, 1996, in or for the month in which the relinquishment occurred, or court proceedings were held which lead to the removal of the child from his home; (5-3-03)

ii. At the time of the voluntary placement or relinquishment, the court must make a judicial determination that it would be contrary to the welfare of the child for the child to remain in the home. (5-3-03)

d. Child is eligible for Title IV-E adoption assistance as a child of a minor parent and at the time of the adoption petition the child meets the definition of a child with special needs.

i. The child's parent is in foster care and receiving Title IV-E foster care maintenance payments that cover both the minor parent and child at the time the adoption petition is filed; and (5-3-03)

ii. The child continues to reside in the foster home with his minor parent until the adoption petition has been filed. If the child and minor parent have been separated in foster care prior to the time of the adoption petition, the child's eligibility for Title IV-E adoption assistance must be determined based on the child's current and individual circumstances. (5-3-03)

e. Child is eligible due to prior Title IV-E adoption assistance eligibility and meets the definition of a child with special needs.

i. A child whose adoption later dissolves or the adoptive parent(s) die, may continue to be eligible for Title IV-E adoption assistance in a subsequent adoption. (5-3-03)

ii. The subsequent adoption of a child may be arranged through an independent adoption, private agency, or state agency. (5-3-03)

iii. No needs or eligibility redetermination is to be made upon a subsequent adoption. The child's need and eligibility remain unchanged from what they were prior to the initial adoption. (5-3-03)

iv. It is the responsibility of the placing state to determine whether the child meets the definition of special needs and to pay the subsidy in a subsequent adoption. (5-3-03)

02. **Special Needs Criteria.** The definition of special needs includes the following factors:

a. The child cannot or should not be returned to the home of the parents; and (3-18-99)

b. The child has a physical, mental, emotional or medical disability, or is at risk of developing such disability based on known information regarding the birth family and child’s history, or (3-18-99)

c. The child’s age makes it difficult to find an adoptive home; or (3-18-99)

d. The child is a member of a sibling group that must not be placed apart; and (5-3-03)

e. State must make a reasonable but unsuccessful effort to place the child with special needs without a subsidy, except in cases where it is not in the best interests of the child due to his significant emotional ties with the foster parent(s) or relative(s) who are willing to adopt the child. (5-3-03)
03. **Determination of Eligibility for State Funded Adoption Assistance.** Children in state custody who meet the special needs criteria found in Subsection 900.02 of these rules and do not meet any of the criteria for Title IV-E adoption assistance found at Subsection 900.01 in these rules, may be eligible for state-funded adoption assistance benefits. If the child is determined ineligible for Title IV-E adoption assistance, the application will be evaluated for a state-funded subsidy. (3-30-07)

04. **Interjurisdictional Adoptions.** When a child's adoption is arranged through the care and placement of a private non-profit adoption agency in another state and the adoptive family are residents of Idaho, the state of Idaho is responsible for the eligibility determination, negotiation, and payment of any subsequent Title IV-E adoption assistance benefits. (3-30-07)

901. **ATTEMPT TO PLACE WITHOUT ADOPTION ASSISTANCE.** The Department is required to attempt to place all children for adoption without adoption assistance. However, all adoptive families are entitled to full information and disclosure regarding the adoption assistance program. Once the most suitable family is located for the child, the family will be informed of the needs and history of the child and asked if they can adopt the child without adoption assistance. If the family indicates that they need adoption assistance, the Department will begin the process of determining the amount and type of benefits for the child. (3-18-99)

902. -- 909. (RESERVED).

910. **TYPES AND AMOUNTS OF ASSISTANCE.** The needs of the child and the family, including any other children in the family, will be considered in determining the amount and type of support to be provided. Assistance may include the following: (3-30-07)

- **01. Nonrecurring Adoption Reimbursement.** Payment for certain one (1) time expenses necessary to finalize the adoption may be paid when a family adopts a special needs child. The child's eligibility must be determined and the contract for reimbursement must be fully executed prior to the finalization of the adoption. The reimbursement is paid only after the adoption finalizes. The expenses are defined as reasonable and necessary adoption fees, court costs, attorney fees and other expenses which are directly related to the legal adoption finalization of a child with special needs which are not incurred in violation of state or federal law. They may include mileage and lodging involved in visiting the child before placement occurs. These expenses cannot be reimbursed if they are paid for the adoptive parents by other sources such as an employer. Documentation of expenses must be submitted. Costs are reimbursable up to two thousand dollars ($2,000) per child and are entered on the Adoption Assistance Program Agreement. Families applying for Nonrecurring Adoption Reimbursement separate from the regular Adoption Assistance program must submit an application for Nonrecurring Adoption Expenses Reimbursement, obtain a determination of eligibility, and negotiate a Nonrecurring Adoption Expenses Reimbursement Agreement prior to the finalization of the child's adoption. Families applying for Nonrecurring Adoption Expenses Reimbursement on behalf of a child who is adopted through an international adoption must submit an application for Nonrecurring Adoption Expenses Reimbursement, obtain a determination of eligibility, and negotiate a Nonrecurring Adoption Expenses Reimbursement Agreement prior to the family's departure to the foreign country and the child's adoption in the foreign country. Children for whom the adoption has been finalized without a negotiated Nonrecurring Expenses Reimbursement Agreement are not eligible to apply for these benefits. (5-3-03)

- **02. Monthly Cash Payment.** Financial assistance in the form of a monthly cash payment may be established to assist the adoptive family in meeting the additional expenses of the child's special needs. The amount of the payment must be negotiated with the family by the adoption worker and based on the family's circumstances and what additional resources are needed to incorporate the child into the adoptive family. The amount must not exceed the rate for family foster care which would be made if the child were in a family foster home in Idaho. For children who meet the definition of special needs at Subsection 900.02 of these rules, no monthly cash payment is allowable until such time as the specific disability for which the child is known to be at risk becomes evident. For children who are currently eligible for Personal Care Services (PCS), the professional foster care rate may be used in negotiating the adoption assistance upon prior approval of the Department's Family and Community Services (FACS) Division Administrator. Benefits will continue until the child reaches eighteen (18) years, based upon an annual determination of continuing need. (3-30-07)

- **03. Title XIX -- Medicaid Coverage.** Any child with special needs who has an adoption assistance
agreement in effect is also eligible for medical coverage. A Title IV-E adoption assistance agreement provides Medicaid coverage in the state of Idaho and in all other states. Under a state-funded adoption assistance agreement, a child living in Idaho is eligible for Medicaid. If the family moves to another state, Medicaid may or may not be available. If Medicaid is not available in the new state, provisions for medical coverage must be contained in the adoption assistance agreement or in an amendment to the agreement. Families enrolled in a group health plan who plan to request to use Medicaid as the child's primary health care coverage must apply to the Idaho Health Insurance Premium Payment (HIPP) program at the time of benefit negotiation. Medicaid provides secondary coverage after the family's health insurance has reached its benefit limit. All services reimbursed by Medicaid must be determined to be medically necessary. Prior authorization may be required for some Medicaid reimbursable services. Medicaid benefits are available until the child reaches the age of eighteen (18), based upon an annual determination of continuing need.

04. Title XX -- Social Services. Any child with special needs who has an Adoption Assistance Agreement is also eligible for state-authorized Title XX - Federal Social Services Block Grant funded services.

911. ADOPTION ASSISTANCE PROGRAM AGREEMENT. A written agreement shall be negotiated and fully executed between the Department and adopting family prior to the finalization of adoption and implementation of benefits.

01. Agreement Specifications. The agreement shall specify the following: the type and amount of assistance to be provided and that it may be adjusted periodically with the concurrence of the adoptive parent(s) to reflect changing circumstances; the date for annual renewals and that the renewal depends on availability of funds; and that payments shall begin after the final certified copy of the Order of Adoption is received by the Department. The adoptive parent(s) are required to inform the state agency of any circumstances which would make them ineligible for adoption assistance payments, or eligible for adoption assistance payments in a different amount.

02. Termination of Adoption Assistance. Adoption assistance will be terminated if the adoptive parent(s) no longer have legal responsibility for the child as a result of termination of parental rights, the child is no longer receiving any financial support from the parents, or the child has reached the age of eighteen (18) years regardless of the child's educational status.

03. Adoption Assistance Follows the Child. If the adoptive parents are located in a state other than Idaho, or move out of Idaho with the child, the adoption assistance payments initiated by Idaho will continue for the child. If the child is IV-E or state-funded adoption assistance eligible, referral for Medicaid or other state medical insurance and social service benefits will be forwarded to the new state of residence through the Interstate Compact on Adoption and Medical Assistance. Non IV-E eligible children receiving a state adoption subsidy, may not be eligible for Medicaid in a state other than Idaho.

920. REQUEST FOR RECONSIDERATION FOR ADOPTION ASSISTANCE. Families who adopted a child, or children with special needs on or after April 1, 1982, through either the Department or a licensed Idaho children’s adoption agency may be eligible for benefits through the Adoption Assistance program. Persons who adopted their relative children, may also be eligible for these adoption assistance benefits. Per Public Law 96-272, the adoptive family must sign an adoption assistance agreement prior to the finalization of the adoption in order for the child to receive benefits. Adoptive families who were not informed of these benefits or who were wrongly denied these benefits may submit an application to the Department prior to the eighteenth birthday of the adopted child for a determination of eligibility for these benefits. The Division of Family and Community Services shall determine eligibility based on the eligibility factors determining a special needs child that were in effect at the time of the child's adoption. If the IV-E eligibility determination finds that a child was eligible for these benefits at the time of the child’s adoption, and an agreement was not signed prior to the finalization, the Department is required to deny benefits to the child, since no contract was in effect at the time of the adoption finalization. The adoptive family may request a fair hearing for adoption assistance IV-E eligibility determination. The determinations to be made at this hearing are whether extenuating circumstances exist and/or whether the family was wrongly denied eligibility. The Division of Family and Community Services may not change its eligibility determination for a child eligible for
IV-E adoption assistance benefits and provide adoption assistance based on extenuating circumstances without obtaining a favorable ruling from a fair hearing officer. (3-18-99)

921. BURDEN OF PROOF -- EXTENUATING CIRCUMSTANCES.
The family has the burden of proving extenuating circumstances at the fair hearing, although, if the state agency is in agreement that the family had erroneously been denied benefits, the agency may provide such facts to the family or present corroborating facts on behalf of the family to the fair hearing officer. Once the hearing officer rules in favor of a family that extenuating circumstance exist and that the child is eligible for IV-E adoption assistance benefits, the agency must negotiate an agreement with the adoptive family consistent with these rules. (3-18-99)

922. RETROACTIVE ADOPTION ASSISTANCE BENEFITS.
The Department of Health and Welfare, Division of Family and Community Services may negotiate retroactive adoption assistance benefits for a maximum of twenty-four (24) months from the date of adoption assistance application, identified in Section 920 of these rules. (3-20-04)

923. DISRUPTION OF INTERNATIONAL ADOPTIONS.
The Intercountry Adoption Act of 2000 (P.L. 106-279) requires that each state make an annual report of children who were adopted from other countries who enter state guardianship as a result of termination of the parental rights of the adoptive parent and the dissolution of the adoption. The report will include the name of the agency who handled the placement or the adoption, the plans for the child, and the reasons for the disruption or dissolution. Each region will collect this information and send it to the Department’s Permanency Program Specialist in January of each year. (3-30-07)
