012. -- 099. (RESERVED).

100. CERTIFICATION -- GENERAL REQUIREMENTS.

After, July 1, 1995, no person, firm, partnership, association or corporation within the state and no state or local public agency may operate, establish, manage, conduct or maintain a residential habilitation agency without first obtaining a valid certificate issued by the certifying agency of the Department. (3-20-04)

01. Application. An application for a certificate must be made to the regional office of the Department upon forms provided by it and must contain such information as it reasonably requires, that must include affirmative evidence of ability to comply with such reasonable standards and rules as are lawfully adopted by the Board. (3-20-04)

02. Issuance -- Full Certificate. Upon receipt of an application for certification, the certifying agency must issue a certificate if the applicant meets the requirements established under this chapter. A certificate to provide residential habilitation services must be issued specifically for the persons or governmental units named in the application and is not transferable or assignable except with written approval of the certifying agency. Every agency must be designated by a distinctive name in applying for a certificate, and the name must not be changed without first notifying the certifying agency in writing at least thirty (30) days prior to the date the proposed change in name is to be effective. Certificates must be posted in a conspicuous place on the certified premises. (3-20-04)

03. Denial. The certifying agency may deny any application when persuaded by evidence that such conditions exist as to endanger the health or safety of any participant. (3-20-04)

a. Additional causes for denial of certificate may include: (7-1-95)

i. The residential habilitation agency does not meet the needs of participants as written on the plans of service or Implementation Plans which will violate the participants' rights; or (3-20-04)

iii. The residential habilitation agency has a history of repeat deficiencies. (7-1-95)

b. Before denial is final, the certifying agency must provide the opportunity for a hearing at which time the owner or sponsor of an agency may appear and show cause why the certificate should not be denied. A waiver of a specific rule or standard may be granted by the certifying agency in the event that good cause is shown for such a waiver and providing that said waiver does not endanger the health, safety or rights of any participant. The decision to grant a waiver must not be considered as precedent or be given any force or effect in any other proceeding. Said waiver may be renewed annually if sufficient written justification is presented to the certifying agency. Contested case hearings, including denial and revocation, must be conducted under IDAPA 16.05.03, "Rules Governing Contested Case Proceedings and Declaratory Rulings." (3-20-04)

04. Revocation. The certifying agency may revoke any certificate when persuaded by the evidence that such conditions exist which endanger the health, safety, or welfare of any participant under the responsibility of the agency, or that the agency is not in substantial compliance with these rules. Additional causes for revocations of a certificate may include: (3-20-04)

a. The agency has a history of repeat deficiencies; or (7-1-95)

b. The agency has been denied or has had revoked any certificate to operate a health or residential habilitation agency or has been convicted of operating any residential habilitation agency without a certificate or has been enjoined from operating such agency within two (2) years from the date of application; or (7-1-95)

c. The agency lacks personnel sufficient in number or qualifications by training, experience, or judgment, to properly provide services to the proposed or actual numbers, and abilities and disabilities of participants; or (3-20-04)

d. The agency has been guilty of fraud or deceit or misrepresentation in the preparation of the application or other documents required by the certifying agency; or (7-1-95)

i. Has been guilty of fraud or deceit or misrepresentation or dishonesty associated with the operation of a certified residential habilitation agency; or (7-1-95)

ii. Has been guilty of negligence or abuse or neglect or assault or battery while associated with the provision of services in its operation; or (7-1-95)

e. The agency refuses to allow inspection of all residential habilitation records; or (7-1-95)

f. The agency is not in substantial compliance with the provisions for services of participants' personal, civil or human rights outlined in Subsections 402.01.a. through 402.01.g.; or (3-20-04)

g. When the Department finds the public health, safety, or welfare imperatively require emergency action, a certificate may be summarily suspended pending proceedings for revocation or other action. (7-1-95)

05. Emergency Powers of the Director. In the event of an emergency endangering the life or safety of a participant receiving services from an agency, the Director may summarily suspend or revoke any residential habilitation certificate. As soon thereafter as practicable, the Director must provide an opportunity for a hearing. (3-20-04)

06. Injunction to Prevent Operation Without Certificate. Notwithstanding the existence or pursuit of any other remedy, the Department may in the manner provided by law, maintain an action in the name of the state for injunction or other process against any person or governmental unit to restrain or prevent the establishment, conduct, management or operation of an agency without a certificate required under this chapter. (7-1-95)

07. Conformity. Applicants for certification and certified residential habilitation agencies must conform to all applicable rules of the Department. (3-20-04)

08. Inspection of Residential Habilitation Records. The residential habilitation agency and all records required under these rules must be accessible at any reasonable time to authorized representatives of the Department for the purpose of inspection with or without prior notice. Refusal to allow such access must result in revocation of the residential habilitation agency's certificate. (3-20-04)

09. Agency Provider Training. The Department must assure that direct service providers of all residential habilitation service agencies receive ongoing training in the provision of services and supports to participants. (3-20-04)

101. CHANGE OF OWNERSHIP, ADMINISTRATOR OR LESSEE.

01. Notification to Department. Because certificates are not transferable from one (1) individual to another or from one (1) lessee to another or from one (1) location to another, when a change of ownership, lease or locations is contemplated, the agency must be recertified and implement the same procedure as an agency that has never been certified. When a change of a certified agency's ownership, administrator, lessee, title, or address occurs, the owner or designee must notify the Department in writing. (3-20-04)

02. New Application Required. A new application must be submitted in the instance of a change of ownership or lessee to the certifying agency at least sixty (60) days prior to the proposed date of change. (7-1-95)

03. Arms Length Agreement. Because of the inherently close relationship between the lessee and the lessor, an application for change of ownership of an agency that is being leased from a person who is in litigation for failure to meet certification standards or who has had his certificate revoked, must include evidence that there is a bona fide arms length agreement and relationship between the two (2) parties. (3-20-04)

102. -- 199. (RESERVED).
