(4-2-08)

**01. Basic Component Parts.** The basic component parts of such a set of indexes are: (7-1-93)

**a.** An index or indexes, to be complete from the inception of title from the United States of America, in which the reference is to geographic subdivisions of land, classified according to legal description, (as distinguished from an index or indexes in which the reference is to the name of the title holder, commonly called a grantor-grantee index) wherein notations of or references to: (4-2-08)

**ii.** All judicial proceedings in the particular county legally affecting title to particularly described parcels of real property are posted, filed, entered or otherwise included in that part of the indexing system which designates the particular parcel of real property; provided, no reference need be made in such index to any judicial proceeding which is referred to or noted in the name index defined in Subsection 012.01.b. of these rules. (7-1-93)

**iii.** No requirement is hereby made for taxes and assessments, water or otherwise, or for water and mineral rights, land use regulations, and zoning ordinances to be made a part of the plant records. (7-1-93)

**b.** A name index or indexes wherein notations of or references to all instruments, proceedings and other matters of record in the particular county which legally affects or may legally affect title to all real property (as distinguished from particularly described parcels of real property) of the person, partnership, corporation or other entity named therein and affected thereby, including guardianships, absentee, bankruptcies, receiverships, divorces and mental illness matters, if available, are posted, filed, entered or otherwise included in that part of the indexing system which designates the same. (7-1-93)

**02. Index Maintenance.** The indexes prescribed in Subsection 012.01 may be maintained in bound books, looseleaf books, jackets or folders, on card files, or in any other form or system, whether manual, mechanical, electronic or otherwise; or in any combination of such forms or systems. (7-1-93)

**03. Subdivision or Refinement.** The extent to which the prescribed indexes shall be subdivided or refined is dependent upon all relevant circumstances. (7-1-93)

**04. Discarding or Destroying.** Any requirement set forth in this rule to the contrary notwithstanding, it shall be permissible to discard and destroy prior index books, jackets, folders, cards, photoprints or files pertaining to recorded instruments affecting title to particularly described parcels of real property once the titles to such particularly described parcels have been searched, examined and a policy of owner’s title insurance issued thereon.
