PREAMBLE

This code of ethics set forth principles for the ethical practice of chiropractic. All chiropractic physicians are responsible for maintaining and promoting ethical practice and otherwise complying with the terms of this code of ethics. To this end, the chiropractic physician shall act in the best interest of the patient. This code of ethics shall be binding on all chiropractic physicians.

1. Duty to Report

A. Duty to Report. It shall be the duty of every licensee to notify the Board through the Bureau of Occupational Licenses of any violation of the Chiropractic Act or Board Rules, if the licensee has personal knowledge of the conduct.

B. Reporting of Certain Judgments to Board. If a judgment is entered against a licensee in any court, or a settlement is reached on a claim involving malpractice exceeding fifty thousand dollars (\$50,000), a licensee shall report that fact to the Board within thirty (30) days. The licensee may satisfy the provision of this subsection if he/she provides the Board with a copy of the judgment or settlement.

If a licensee is convicted of a felony or a crime involving dishonesty, theft, violence, habitual use of drugs or alcohol, or sexual misconduct, he/she shall report that fact to the board within thirty (30) days following the conviction.

2. Advertising of Research Projects

Advertisement of Affiliation with Research Projects. If a licensee advertises any affiliation with a research project, he must make a written statement of the objectives, cost and budget of the project, and the person conducting the research. Such statements are to be made available at the request of the Board, to scientific organizations, and to the general public. The advertisement must indicate that it is supported by clinical research. Any willful failure to comply with these requirements will be deemed false and deceptive advertising under rule 450. Licensee must comply with all state and federal laws and regulations governing research projects on humans, and shall obtain "Institutional Review Board" (IRB) approval as established and set forth in the U.S. Code of Federal Regulations, Title 45, Part 46, Subpart A (45 CFR 46.101-46-505).

3. Sexual Misconduct

The doctor-patient relationship requires the chiropractic physician to exercise utmost care that he or she will do nothing to exploit the trust and dependency of the patient. Sexual misconduct is a form of behavior that adversely affects the public welfare and harms patients individually and collectively. Sexual misconduct exploits the doctor-patient relationship and is a violation of the public trust. This section of the Code of Ethics shall not apply between a chiropractor and their spouse.

For the purposes of this subsection, sexual misconduct is divided into sub-categories based upon the severity of the conduct:

A. Sexual Impropriety. Any behavior such as gestures, expressions, and statements which are sexually suggestive or demeaning to a patient, or which demonstrate a lack of respect for a patient's privacy.

B. Sexual Violation. Physician-patient contact of a sexual nature, whether initiated by the physician or the patient.

C. A chiropractic physician shall wait at least one (1) year ("waiting period") following the termination of a professional doctor-patient relationship, before beginning any type of sexual relationship with a former patient.

4. Pre-Paid Funds

A chiropractic physician shall promptly refund any unearned fees within thirty (30) days upon request and cancellation of the pre-paid contract. A full accounting of the patient account shall be provided to the patient at the time of the refund or upon request.
