**020. VALUE OF RECREATIONAL VEHICLES FOR ANNUAL REGISTRATION AND TAXATION OF UNREGISTERED RECREATIONAL VEHICLES (RULE 020).**  
 Section 49-446, Idaho Code. (5-3-03)

**01. Value of Recreational Vehicle For Registration Fees.** Beginning with registration fees for calendar year 2004, the County assessors shall administer and collect the recreational vehicle (RV) registration fee based on the market value calculated from the following depreciation schedule.

DEPRECIATION SCHEDULE FOR RVS				
	Travel/ Camp Trailers	Campers	Van Conversions	Motor Homes
Age	Percent Good	Percent Good	Percent Good	Percent Good
0	100	100	100	100
1	86	83	85	85
2	76	76	74	77
3	66	64	62	68

DEPRECIATION SCHEDULE FOR RVS				
	Travel/ Camp Trailers	Campers	Van Conversions	Motor Homes
Age	Percent Good	Percent Good	Percent Good	Percent Good
4	62	60	52	62
5	59	55	47	59
6	56	54	40	55
7	55	52	35	54
8	50	49	32	51
9	49	44	30	48
10	43	40	27	44
11	41	36	23	40
12	38	33	19	36
13	37	30	14	32
14	36	27	13	31
15	31	23	12	28

To use this depreciation schedule, multiply the sales price of the RV or the applicable value from Subsection 020.02 or 020.03 below by the appropriate "Percent Good" based on the "Age" and type of RV. Decide the "Age" based on the year of purchase as follows: purchased in the current year equals "Age" zero (0), purchased in the previous year equals "Age" one (1), etc. For example, in year 2004, the "Age" for an RV purchased in 2004 is zero (0), the "Age" for an RV purchased in 2003 is one (1), the "Age" for an RV purchased in 2002 is two (2), the "Age" for an RV purchased in 2001 is three (3), etc. For any RV still in use and purchased fifteen (15) or more years ago, calculate the minimum market value using the lowest depreciation rate for the correct RV type. This depreciation schedule is based on the "Recreation Vehicle Guide of the National Automobile Dealers Association" and the "Van/Truck Conversion and Limousine Appraisal Guide of the National Automobile Dealers Association" approved by the State Tax Commission as required under Section 49-446, Idaho Code. The State Tax Commission will maintain the information on which this depreciation schedule is based while it is in use and for a minimum of three (3) years after it has been replaced. If the purchase price for the RV is not known, use the approved edition of the "Recreation Vehicle Guide of the National Automobile Dealers Association" or the "Van/Truck Conversion and Limousine Appraisal Guide of the National Automobile Dealers Association" as referenced in Rule 006 of these rules to determine the market value.

(5-3-03)

**02. Value of Motor Home or Van Conversion For Registration Fees.** The value of any motor home or van conversion used to calculate the registration fee shall exclude any chassis value. Beginning with the registration fees for calendar year 2004, the county assessor shall use the following schedule of valuation factors to calculate the value of the motor home or van conversion excluding the chassis value.

Motor Home/Van Type	Valuation Factor
Mini Motor Home (MMH)	50%
Motor Home (MH)	60%
Front Engine Diesel	45%
Rear Engine Diesel	58%

<b>Motor Home/Van Type</b>	<b>Valuation Factor</b>
Van Conversions	25%

Multiply the motor home or van conversion's total value by the appropriate factor to calculate the value excluding the chassis value. (5-3-03)

**03. Value of Vehicles Designed For Combined RV and Non-RV Uses For Registration Fees.** For vehicles designed to have part of the vehicle for RV use and other parts of the vehicle for non-RV uses like transporting horses or other cargo, the value of the RV to be used to calculate the registration fee is the price listed on the bill of sale for the living quarters. When the price of the living quarters is not listed separately on the bill of sale, for a vehicle with less than four (4) facilities, the value of the RV is twenty-five percent (25%) of the sales price, and for a vehicle with four (4) or more facilities, the value of the RV is thirty percent (30%) of the sales price. A facility is any one (1) of the following: (5-3-03)

- a. Stove; (5-3-03)
- b. Lavatory/toilet; (5-3-03)
- c. Heater/air conditioner; (5-3-03)
- d. Refrigerator/icebox; (5-3-03)
- e. Sink with water faucet; or (5-3-03)
- f. Electricity/gas supply. (5-3-03)

**04. Assessment Notice Mailed or Assessment Canceled.** If after August 31, the required annual registration fee has not been paid, a taxpayer's valuation assessment notice shall be mailed to the owner of the recreational vehicle. If the registration fee is paid before the fourth Monday of November, the assessor shall cancel the assessment. (5-3-03)

**131. USE OF RATIO STUDY TO TEST FOR EQUALIZATION IN COUNTIES (RULE 131).** Section 63-109, Idaho Code. (3-30-07)

**01. Equalization Ratio Study.** Each year the State Tax Commission shall conduct a ratio study to assist in the equalization of assessments of property within and among the primary categories established in Rule 130 of these rules. The ratio study shall be conducted in accordance with the “Standard on Ratio Studies” referenced in Rule 006 of these rules. The annual ratio study shall test assessments as of January 1 of each year. Except when sales or appraisals must be added or deleted to improve representativeness, sales used will be those occurring within each county between October 1 of the year preceding the year for which assessments are to be tested and September 30 of the year for which assessments are to be tested. Each sale price is to be adjusted for time and compared to market value for assessment purposes for the year for which assessments are to be tested, to compute ratios to be analyzed. The State Tax Commission may use sales from extended time periods and may add appraisals when data is lacking. Equalization ratio studies must consist of at least five (5) sales and/or appraisals. The State Tax Commission may delete sales when necessary to improve representativeness. The study shall be completed in February following the end of the period studied. The appropriate ratio study statistical measure of level shall be the median. (4-7-11)

**02. Tested For Equalization.** Except as provided in Subsection 131.03 of this rule, categories to be tested for equalization purposes are the primary categories, described in Subsections 130.02 through 130.06 of these rules, provided adequate samples can be obtained. (4-7-11)

**03. Follow-Up Ratio Study.** When indicated, based on criteria in Paragraph 131.03.a. and 131.03.b. of this rule, a follow-up ratio study shall be conducted to test the assessments for January 1 of the year following the year tested by the annual ratio study and shall be based on property sales occurring during the calendar year immediately preceding that date. A follow-up ratio study shall be indicated whenever: (4-2-08)

**a.** The annual ratio study, provided in Subsections 131.01 and 131.02 of this rule, discloses that assessments in any primary category as described in Subsections 130.02 through 130.06 of these rules are out of compliance with the equalization standards of this rule; or (4-2-08)

**b.** The State Tax Commission is informed after the county board of equalization adjourns and before the state board of equalization adjourns of the implementation of assessment changes likely to result in a finding that a category found in compliance with equalization standards following the annual ratio study would be found out of compliance with these standards for the current year’s assessments. The follow-up ratio study authorized under this option shall be conducted for the primary category likely to be out of compliance with equalization standards and for any secondary categories comprising the primary category, provided adequate samples can be obtained. (4-7-11)

**04. Notice of Follow-Up Ratio Study.** The State Tax Commission shall notify the county assessor of the reason for and results of the follow-up ratio study. If the follow-up ratio study is conducted as provided in Paragraph 131.03.b. of this rule, the notice shall be sent to the county board of equalization and county assessor and shall describe the assessment changes that resulted in the need for the follow-up ratio study. The notice shall indicate whether any adjustments will be considered by the State Tax Commission at its next equalization meeting in August based on either the annual, or any follow-up ratio study, and the reason for the proposed adjustments. (4-2-08)

**05. Use of Ratio Study Results.** The results of the annual ratio study or any follow-up ratio study shall be one (1) source of information upon which the State Tax Commission may rely when testing assessments for equalization purposes under Section 63-109, Idaho Code. When the results of any ratio study on any primary, or, if applicable under the provisions of Subsection 131.03.b. of this rule, secondary category, described in Subsections 130.02 through 130.07 of these rules, show, with reasonable statistical certainty as defined in Subsection 131.09 of this rule, that the appropriate measure of level of the category studied is less than ninety percent (90%) or greater than one hundred ten percent (110%), the assessment of property within that category may be considered not equalized. When this occurs, the State Tax Commission may, at its annual meeting commencing on the second Monday in August, order the county auditor to adjust the value of all property in the category or any portion of the category included in the analysis conducted in an amount the State Tax Commission finds necessary to accomplish equalization of assessments of property. Within any primary category, except as provided in Subsection 131.06 of this rule, adjustment will not be considered for any secondary category, described in Rule 510, 511, or 512 of these rules, that does not have at least one (1) observation in the ratio study conducted for that primary category. (4-7-11)

**06. Exception from Requirement for at Least One (1) Observation for Use of Secondary Category in Adjusted Value Determination.** Properties identified as secondary categories 10 and 31 rarely sell

separately from farms and therefore do not appear in any ratio study. However, the level of assessment typically is similar to that of other rural residential property, including property in secondary categories 12, 15, 34, and 37. For any ratio study where there is an adjustment to be made to the assessed values in the residential designation, such adjustment shall be applied to any assessed value in secondary category 10, provided there is at least one observation (sale) of property identified in either secondary category 12 or 15. Such adjustment shall also be applied to any assessed value in secondary category 31, provided there is at least one (1) observation (sale) of property identified in either secondary category 34 or 37. (3-30-07)

**07. Use of Alternate Ratio Study.** When the follow-up ratio study required by Subsection 131.03 of this rule does not measure the true assessment level, the State Tax Commission may consider adjustment based on the most recent annually conducted ratio study or other information relevant to equalization. If the State Tax Commission has reason to question the representativeness of the sample used in an annual or follow-up ratio study conducted on any primary category, the State Tax Commission may delay implementation of any order to adjust property values until two (2) successive years' ratio studies fail to produce an appropriate measure of level between ninety percent (90%) and one hundred ten percent (110%). (3-30-07)

**08. Submission of Additional Information.** Any party may petition the State Tax Commission to consider any information or studies relevant to equalization. The petition shall include a description of the information to be presented and the petitioner's conclusions drawn from the information. (4-5-95)

**09. Reasonable Statistical Certainty.** For the purposes of Rule 131 and equalization pursuant to Section 63-109, Idaho Code, "reasonable statistical certainty" that any primary category is not equalized shall mean that the appropriate measure of level determined by the ratio study for any category tested for equalization must be provably less than ninety percent (90%) or greater than one hundred ten percent (110%) of market value for assessment purposes. Such a determination shall occur if: (4-7-11)

**a.** The appropriate measure of level for the category(ies) being tested is less than ninety percent (90%) or greater than one hundred ten percent (110%) and a ninety percent (90%) two-tailed confidence interval around the appropriate measure of level fails to include ninety percent (90%) or one hundred ten percent (110%); or (4-7-11)

**b.** The appropriate measure of level for the category(ies) being tested has been less than ninety percent (90%) or greater than one hundred ten percent (110%) as determined by the most recent previous two (2) ratio studies on the category(ies) and an eighty percent (80%) two-tailed confidence interval around the appropriate measure of level fails to include ninety percent (90%) or one hundred ten percent (110%). No ratio study completed prior to August 31, 2007 will be considered as one of the most recent previous two (2) ratio studies. (4-7-11)

**10. Cross References.** The primary categories are described in Subsections 130.02 through 130.06 of these rules, and the secondary categories are described in Rules 510, 511, and 512 of these rules. (3-30-07)

**03. Fixtures.** Fixtures are defined in Section 63-201, Idaho Code. (5-8-09)

**a.** Three part test. If an item of property satisfies all three tests, the item becomes a fixture and therefore real property. (5-8-09)

**i.** Annexation. Although once moveable chattels, articles become accessory to and a part of improvements to real property by having been physically or constructively incorporated therein or annexed or affixed thereto in such a manner that removing them would cause material injury or damage to the real property; and (5-8-09)

**ii.** Adaptation. The use or purpose of an item is integral to the use of the real property to which it is affixed; and (5-8-09)

**iii.** Intent. Items should be considered personal property unless a person would reasonably be considered to intend to make the articles, during their useful life, permanent additions to the real property. The intent depends on an objective standard and what a reasonable person would consider permanent and not the subjective intention of the owner of the property. (5-8-09)

**b.** Fixtures does not include machinery, equipment, or other articles that are affixed to real property to enable the proper utilization of such articles. (5-8-09)

**04. Operating Property.** Operating Property is defined in Section 63-201, Idaho Code. **b.** Personal property shall be valued at retail level. (7-1-93)

**02. Appraisal Approaches.** Three (3) approaches to value will be considered on all property. The three (3) approaches to market value are: (3-30-07)

**b.** The cost approach; and (3-30-01)

**c.** The income approach. (3-30-01)

**03. Appraisal Procedures.** Market value for assessment purposes shall be determined through procedures, methods, and techniques recommended by nationally recognized appraisal and valuation associations, institutes, and societies and according to guidelines and publications approved by the State Tax Commission. The

appraisal procedures, methods, and techniques using the income approach to determine the market value for assessment purposes of income producing properties must use market rent, not contract rent. (3-29-10)

**d.** Positions 9, 10, 11, and 12 shall be the quarter section numbers. To assign the quarter section number, begin numbering in the northeast quarter (NE1/4) of the northeast quarter (NE1/4) and proceed counterclockwise. Starting in the NE1/4 of the section the numbers used range from zero to two thousand three hundred ninety nine (0000 to 2399). Continuing counterclockwise, beginning in the NE1/4 of the northwest quarter (NW1/4), the numbers continue from two thousand four hundred to four thousand seven hundred ninety nine (2400 to 4799), thence, starting in the NE1/4 of the southwest quarter (SW1/4), assign numbers from four thousand eight hundred to seven thousand one hundred ninety nine (4800 to 7199), and beginning in the NE1/4 of the southeast quarter (SE1/4), assign quarter section numbers from seven thousand two hundred to nine thousand nine hundred ninety nine (7200 to 9999). The following quarter section breakdown key shows the sequence for assigning quarter section numbers for land not subdivided. (5-8-09)

**c.** Audit Fee. “Audit Fee” is the fees and costs that may be charged by accountants for preparation and review of financial statements on behalf of the owner or investor. (3-29-10)

**d.** Compliance Fee. “Compliance Fee” is the fees and costs, if any, that may be charged by the Idaho Housing Financing Association (IHFA), or its agent, for review and inspection of the owner’s records, or the physical inspection of the project, as are required by the Regulatory Agreement or federal law. (3-29-10)

**e.** Existing Section 42 Project. An “Existing Section 42 Project” is a Section 42 low-income project for which Housing Tax Credits were entirely distributed before January 1, 2009. (3-29-10)

**f.** Federal Project Based Assistance. “Federal Project Based Assistance” means: (3-29-10)

**i.** Rental assistance of any kind provided by the Department of Housing and Urban Development or other agencies of the United States federal government which allow for rental assistance payments to the owner on behalf of the project and not on behalf of any individual tenant; or (3-29-10)

**ii.** Apartment projects that have federal financing at below market terms at the time when the financing was put in place, which financing is transferable without change in terms and conditions to subsequent transferees; or (3-29-10)

**iii.** Apartment projects that receive financing from the federal Hope VI programs administered under 42 USC section 1437v. (3-29-10)

**g.** Financial Statements. “Financial Statements” are profit and loss statements, or equivalent reports, that include a detailed schedule showing income and expense line items, the project’s rent roll showing the rent charged for each unit, and a copy of the IHFA’s Annual Occupancy Report that is submitted annually by each project’s owner or agent to the IHFA. (3-29-10)

**h.** General Partner Fee. “General Partner Fee” is the portion of cash flow that is paid to the general partner to compensate the general partner for managing the partnership’s operating assets and coordinating the preparation of the required IHFA’s, federal, state, and local tax and other required filings and financial reports. (3-29-10)

**i.** Housing Tax Credits. The “Housing Tax Credits” are the final total federal income tax credits as shown on the first year’s form 8609 and allocated by the IHFA to the project either in an original allocation or a new allocation and reported to the Tax Commission by the IHFA. (3-29-10)

**02. Appraisal Approaches.** The cost approach, the sales comparison approach, and the income approach will be considered when appraising section 42 properties. The individual values produced by each approach will be correlated into a single property value. (3-29-10)

**a.** The Cost Approach. The cost approach shall be adjusted for any economic obsolescence caused by rent restrictions imposed by the Tax Credit Regulatory Agreement. Following are three (3) examples illustrating analysis of economic obsolescence. In these examples intermediate step calculation results are rounded to the nearest dollar. (3-29-10)

**i.** Example 1: This example illustrates analysis of economic obsolescence in a market that supports construction of market rent apartments. In this example, the annual difference between market rent and the restricted rent of a tax credit project is capitalized. Market rent must consider any adjustments due to physical characteristics of the subject.

<b>Assumptions</b>

**Example 1 Economic Obsolescence Calculation**

Step	Description	Calculations
1	Monthly Market Gross Rent Per Unit	\$550
2	Monthly Subject Gross Restricted Rent Per Unit	\$475
3	Difference	Subtract Step 2 from Step 1 \$550 - \$475 = \$75
4	Number of Units	24
5	Monthly Rent Loss	Multiply Step 3 by Step 4 \$75 x 24 = \$1,800
6	Annual Rent Loss	Multiply Step 5 by 12 Months \$1,800 x 12 = \$21,600
7	Market Derived Capitalization Rate	7.00%
8	Economic Obsolescence	Divide Step 6 by Step 7 \$21,600 / .07 = \$308,571

(3-29-10)

ii. Example 2: This example illustrates analysis of economic obsolescence in a market that does not support construction of market rate apartments. The difference between the subject gross restricted rent and the feasible gross monthly rent is capitalized, and the resulting calculation shows the total economic obsolescence. Feasible gross monthly rent is calculated by adding the physically depreciated cost plus land value and dividing it by a gross income multiplier, which is found by analyzing sales of similar market rate apartments. The result is the market rent required to support the cost of the subject apartment project.

Step	Description	Calculations
1	Physically Depreciated Cost Plus Land Value	Subtract Physical Depreciation From RCN and Add Land Value $\$1,401,961 - \$112,157 + \$35,000 = \$1,324,804$

5	Monthly Feasible Gross Rent Per Unit	Divide Step 4 by 12 Months $\$6,494 / 12 = \$541$
6	Monthly Subject Gross Restricted Gross Rent Per Unit	475
7	Monthly Per Unit Rent Loss	Subtract Step 6 from Step 5 $\$541 - \$475 = \$66$
8	Monthly Project Rent Loss	Multiply Step 7 by 24 Units $\$66 \times 24 = \$1,584$
9	Annual Project Rent Loss	Multiply Step 8 by 12 Months $\$1,584 \times 12 = \$19,008$

**b.** The Sales Comparison Approach. When available, sales of section 42 low-income properties that are similar and comparable shall be used. When non-section 42 comparable sales are used in this approach, the sales must be adjusted for the appropriate property attributes. (3-29-10)

**c.** The Income Approach. The application of the income approach shall include the following procedures and provisions: (3-29-10)

i. Market rents of section 42 properties and normalized expenses of section 42 properties must be used to determine net income unless the taxpayer fails to provide the Financial Statements in accordance with Subsection 220.03 of this rule. If the Financial Statements are not provided, the assessor may use market rents of non-section 42 properties and normalized expenses of non-section 42 properties to determine net income. If Financial Statements are not provided, the Amount of Housing Tax Credits shall not be added to the capitalized net income. (3-29-10)

ii. The Amount of Housing Tax Credits shall not be used in the appraisal of Existing Section 42 Projects. (3-29-10)

iii. The Amount of Housing Tax Credits shall, for the duration of the Tax Credit Regulatory Agreement, be included in the appraisal of section 42 properties that have received or will receive an allocation of Housing Tax Credits after January 1, 2009. (3-29-10)

iv. The Amount of Housing Tax Credits, when applicable to the appraisal, shall not be included in the net income capitalized to value but shall be added to the capitalized net income. (3-29-10)

v. The Tax Commission's determination of capitalization rates derived from sales shall not preclude the use by the assessor of other methods for determining the capitalization rate, provided however, such other methods are consistent with Section 63-205A, Idaho Code, and this rule. (3-29-10)

**03. Financial Statements to be Provided by the Owners.** The owners of section 42 properties shall, by April 1 of each year, provide to the Tax Commission the prior year's Financial Statements. Failure to provide the Financial Statements by April 1 shall result in the appraisal of the section 42 property as if it were an unrestricted rent, non-section 42 property. The Tax Commission shall forward to the assessor all Financial Statements received from the owners of section 42 properties and the information received from the IHFA by April 15. The assessor shall use the Financial Statements to develop normalized income and expense information to be used in the appraisal of section 42 properties. (3-29-10)

**04. Tax Commission to Provide Information on Section 42 Property Sales.** The Tax Commission shall gather information from sale transactions of section 42 properties and shall compute the capitalization rate for each sale. The Tax Commission shall, for sales acquired during the immediate prior year, send capitalization rates and all information used to determine these rates to each county assessor by April 15. If information from three (3) or more comparable sale transactions of section 42 properties is sent to the assessors, the assessors will consider these sales' capitalization rates in their determination of the capitalization rate to be used in appraising the particular section 42 property or group of section 42 properties. (3-29-10)

**05. Cross Reference.** For an explanation of why income tax credits should be allowed in section 42 assessments, see *Brandon Bay, Ltd. Partnership v. Payette County*, 142 Idaho 681, 132 P.3d 438 (2006). (3-29-10)

(5-8-09)

**03. Documentation to Be Filed for Disincorporated Cities or Dissolved Taxing Districts, or RAAs.**  
(3-15-02)

a. No later than thirty (30) days following the effective date of the final action disincorporating a city or dissolving a taxing district or RAA, but no later than January 10 of the following year when the final action occurs after December 10, for the distributions of revenue as provided for in Sections 50-2908, 63-1202, 63-3029B and 63-3638, Idaho Code, the disincorporating or dissolving entity shall file a copy of the ordinance or order causing the disincorporation or dissolution with the county assessor, county recorder and the State Tax Commission. If the disincorporating or dissolving entity can provide a map showing the last known boundaries of the entity, this map should accompany the ordinance or order. (4-6-05)

b. Upon receipt of the ordinance or order without an accompanying map of the boundaries from a disincorporating city or dissolving taxing district, or RAA, the State Tax Commission shall prepare and send a list of the affected tax code area number(s) and send a copy of a map showing the affected tax code area(s) to the city, taxing district, or urban renewal agency and to the appropriate assessor(s) and recorder(s) within thirty (30) days except for any ordinance or order received after January 1 when the list and map shall be sent by the fourth Friday of January. (3-15-02)

c. After fourteen (14) days from the date of the mailing of the list of the affected tax code area(s), the State Tax Commission shall process the disincorporation or dissolution unless it receives a response from the disincorporating city, or dissolving taxing district, appropriate urban renewal agency, appropriate recorder(s) or appropriate assessor(s) that an error exists in the identification of the tax code area(s). (3-15-02)

d. Within thirty (30) days of the date as of which an RAA has been in existence for twenty-three (23) years, the State Tax Commission will notify the urban renewal agency of the date by which the RAA will be considered dissolved. Such notice shall include a statement indicating that the RAA may remain in existence if necessary to pay off existing bonded indebtedness, provided that, within thirty (30) days of receipt of this notice, the

urban renewal agency notifies the State Tax Commission of such bonded indebtedness. Failure to provide notice of the dissolution date by the State Tax Commission to the urban renewal agency does not negate the statutory requirement for the urban renewal agency to dissolve. (3-29-10)

**04. Digital Map Information.** Digital map information in a format usable by the State Tax Commission may be submitted in addition to or as a substitute for any cloth, film, or paper copy maps. (3-15-02)

**06. Approval of Property Tax Levy or Revenue Allocation.** For the purpose of levying property taxes or receiving revenue allocations no newly formed or altered city, taxing district, or RAA shall be considered formed or altered by the State Tax Commission if it: (3-15-02)

A copy of said letter shall be submitted to any affected urban renewal agency and the auditor(s) and assessor(s) of the involved county(ies). In the case of disapproval said letter will state the reason(s) for disapproval, the corrective action(s) needed for approval, and the time within which such corrective action(s) must be taken. The State Tax Commission shall send such letter within thirty (30) days of receipt of the document to which the disapproval relates, but not later than the fourth Friday of January except during the first quarter of the calendar year for documents relating to the next tax year. (4-6-05)

**08. One Uniform System.** The State Tax Commission will prepare one (1) uniform system of tax code area numbers and maps which shall be used by each county for property tax purposes. (4-5-00)

**09. Tax Code Areas.** The State Tax Commission shall create a separate, unique number for each tax code area. If any area annexed to an existing RAA includes a taxing district with any fund levying prior to January 1, 2008, and continuing to levy but which is not to be used to generate funds to be distributed to an urban renewal agency, the boundaries of the area added to the existing RAA shall constitute a separate tax code area. Only the State Tax Commission shall initiate or change a tax code area number. (5-8-09)

**231. -- 301. (RESERVED).**

**302. LIST OF TAXABLE PERSONAL PROPERTY (RULE 302).**  
Sections 63-302 and 63-602KK, Idaho Code. (5-8-09)

**01. Application for Exemption Required.** Except as provided in Subsection 302.04 of this rule, the list of personal property required by Section 63-302, Idaho Code, shall serve as the taxpayer's application for the exemption provided by Section 63-602KK, Idaho Code. The following information must be provided by the taxpayer: (3-29-10)

**a.** Name of the applicant; and (5-8-09)

**b.** An attestation that no other individual or organization has or will apply for the exemption in the county when those other individual(s) or organization(s) would be ineligible under this rule for the 63-602KK exemption. Under Idaho Code section 63-602KK, a taxpayer includes two (2) or more individuals using the property in a common enterprise or a related group of two (2) or more organizations when the individuals or organizations are within a relationship described in Section 267 of the Internal Revenue Code, as defined in Section 63-3004, Idaho Code. (5-8-09)

**02. Designation of Personal Property Eligible for Exemption.** When required, the list of personal property required by Section 63-302, Idaho Code, shall include all taxable personal property including the personal property that may be found to be exempt under the provisions of Section 63-602KK, Idaho Code. (3-29-10)

**03. Failure to File the List.** Except as provided in Subsection 302.04 of this rule, the taxpayer must file the list of taxable personal property as required by Section 63-302, Idaho Code. If the list is otherwise required and is not filed by the taxpayer, the assessor may list and assess the items to be taxed based on his best judgment and information available to him. The items not listed by the taxpayer but listed and assessed by the assessor will be assessed without deduction of the exemption provided for in Section 63-602KK, Idaho Code. (3-29-10)

**04. Affidavit in Lieu of Application for Exemption.** The "Affidavit in Lieu of Application for Exemption" permitted in Section 63-602KK, Idaho Code, shall be identified as the "personal property affidavit." Except as provided in Subsection 302.05 of this rule, a taxpayer may submit a personal property affidavit in lieu of the list of personal property required by Section 63-302, Idaho Code, and this affidavit will constitute a valid substitute application for the exemption provided in Section 63-602KK, Idaho Code, provided that the taxpayer complies with Subsections 302.04.a. and 302.04.b. of this rule. (3-29-10)

**a.** The list(s) required by Section 63-302, Idaho Code, was (were) submitted the first year during which the exemption applies to personal property for that taxpayer. (3-29-10)

**b.** The personal property affidavit includes an estimate of the current market value of the taxpayer's

property upon which application for the exemption in Section 63-602KK, Idaho Code, is being made. This estimate of current market value may be in aggregate for all property otherwise required to be listed under the provisions of Section 63-302, Idaho Code. (3-29-10)

**c.** The aggregate estimate of current market value included on the personal property affidavit shall be used by the assessor to fulfill the requirements of Section 63-301, Idaho Code, to determine the market value for assessment purposes of the taxpayer's personal property. (3-29-10)

**e.** If the current market value of the taxpayer's property required to be listed under Section 63-302, Idaho Code, exceeds one hundred thousand dollars (\$100,000), the taxpayer must list all property otherwise required to be listed under Section 63-302, Idaho Code, not just the property or value exceeding one hundred thousand dollars (\$100,000). (3-29-10)

**f.** A taxpayer with multiple parcels for which separate lists have been filed previously and otherwise subject to the filing requirements in Section 63-302, Idaho Code, may file the personal property affidavit provided that the total current market value of all otherwise reportable personal property for all of the parcels owned by that taxpayer in a county does not exceed one hundred thousand dollars (\$100,000). (3-29-10)

**05. Qualified Investment Exemption Participants Not Eligible to File the Affidavit.** Taxpayers who have elected to designate property to be included in the exemption provide for in Section 63-3029B, Idaho Code, shall not be eligible to file the personal property affidavit otherwise permitted in Subsection 302.04 of this rule. This prohibition shall be limited to the time period during which the taxpayer may be subject to recapture under Section 63-3029B, Idaho Code. (3-29-10)

**303. (RESERVED).**

**a.** All information and signatures requested on the form shall be provided prior to recordation. (3-23-94)

**b.** The homeowner shall record the completed form. (3-23-94)

**c.** The homeowner shall provide the assessor a copy of the recorded SID form and the title or Manufacturer's Statement of Origin (MSO). If proof of ownership is being provided through the MSO, the buyer's purchase agreement shall be accepted by the assessor pending receipt of the MSO. For the purpose of this rule, the Manufacturer's Statement of Origin and Manufacturer's Certificate of Origin are synonymous. (3-30-01)

**d.** For new manufactured homes, the assessor shall verify that sales or use tax has been collected or shall collect such tax. Any sales or use tax collected by the assessor shall be remitted to the State Tax Commission. (3-30-01)

**e.** The assessor shall forward a copy of the SID form and the title or MSO to the Idaho Transportation Department. The Idaho Transportation Department will cancel the title. (3-23-94)

**02. The

homeowner shall submit this completed form to the assessor within the required time period. (3-30-01)

**a.** The homeowner shall also submit to the assessor a title report with the appropriate signatures of consent attached and shall make application for a title to the manufactured home. (5-3-03)

(4-6-05)

**04. Status of Manufactured Housing Previously Declared Real.** All manufactured housing upon which a "nonrevocable option to declare the mobile home as real property" or SID was correctly completed and properly recorded and filed shall be treated as real property until such time as a reversal (as provided for in Section 63-305, Idaho Code, and this rule) is correctly completed and properly recorded and filed. This status as real property is based on all criteria existing when said manufactured housing was originally declared real property. This property must be treated as real property and considered "permanently affixed" without any need to be retrofitted to comply with subsequent changes to the requirements for "permanently affixed," including changes to the Idaho Manufactured Home Installation Standard as adopted by IDAPA 07.03.12, "Rules Governing Manufactured Home Installations," Section 004, that occur after the manufactured home was originally declared real property. (4-6-05)

Sections 63-311 and 63-602Y, Idaho Code. (5-3-03)

Ada County Assessor*, 101 Idaho 138, 609 P.2d 1129 (1980). When assessing all non-transient personal property, each assessor should be aware of the following quotation from this decision: "Where the county undertakes to update its initial (personal property) declarations during the course of the tax year, it cannot increase a taxpayer's tax burden to reflect the taxpayer's acquisition of non-exempt property without decreasing that tax burden to reflect the fact that property reported by the taxpayer in an earlier declaration was no longer subject to the county's ad valorem tax." (Clarification added.) (5-3-03)

**313. ASSESSMENT OF TRANSIENT PERSONAL PROPERTY (RULE 313).**  
Sections 63-213, 63-313, and 63-602KK, Idaho Code. (5-8-09)

**01. Definitions.** The following definitions apply for the assessment of transient personal property. (5-3-03)

**a.** Home County. Home county is identified in Section 63-313, Idaho Code, as the county selected by the owner of any transient personal property as that county where that transient personal property is usually kept. That county selected by the owner shall be a county in the state of Idaho. (5-3-03)

**b.** Periods of Thirty (30) Days or More. For any period of less than thirty (30) days, the property owner shall report the transient personal property as being in the home county, resulting in that transient personal property being assessed in the home county for the entire year or the entire portion of the year the property has been in taxable status and not been outside the state of Idaho. (5-3-03)

**c.** Prorated Assessment. Prorated assessment means the ratio of the number of days, exceeding twenty-nine (29), to three hundred sixty-five (365) days multiplied by the total market value of the transient personal property. For additional clarification, refer to the following examples. (5-3-03)

**i.** If located in a second Idaho county (not the home county) for twenty-nine (29) consecutive, uninterrupted days and in the home county for the remainder of the year, the transient personal property should be assessed for the total market value in the home county. (5-3-03)

**ii.** If located in a second Idaho county (not the home county) for fifty-nine (59) consecutive, uninterrupted days and in the home county for the remainder of the year, the transient personal property should be assessed for fifty-nine/three hundred sixty-five (59/365) of the total market value in the second county and for three hundred six/three hundred sixty-five (306/365) of the total market value in the home county. (5-3-03)

**iii.** If located in a second Idaho county (not the home county) for thirty-one (31) consecutive, uninterrupted days, in a third Idaho county (not the home county) for fifty-nine (59) consecutive, uninterrupted days, and in the home county for the remainder of the year, the transient personal property should be assessed for thirty-one/three hundred sixty-five (31/365) of the total market value in the second county, fifty-nine/three hundred sixty-five (59/365) of the total market value in the third county, and two hundred seventy-five/three hundred sixty-five (275/365) of the total market value in the home county. (5-3-03)

**iv.** If located in a second Idaho county (not the home county) for twenty-nine (29) consecutive, uninterrupted days and later in that same county for twenty-nine (29) consecutive, uninterrupted days and in the home county for the remainder of the year, the transient personal property should be assessed for the total market value in the home county. (5-3-03)

**v.** If located in a second Idaho county (not the home county) for fifty-nine (59) consecutive, uninterrupted days, outside the state of Idaho for any thirty-five (35) days and taxed in the other state, and in the home county for the remainder of the year, the transient personal property should be assessed for fifty-nine/three hundred sixty-five (59/365) of the value in the second county and for two hundred seventy-one/three hundred sixty-five (271/365) of the total market value in the home county. (5-3-03)

**d.** Transient Personal Property. Transient personal property is defined in Section 63-201, Idaho Code. (5-3-03)

**02. Overassessment Prohibited.** Section 63-213, Idaho Code, prohibits the assessment of any property in any one (1) county for the same period of time that property has been assessed in another county. The sum of the assessments of transient personal property in the home county and each other county where the property has been located shall not exceed the market value of the property. (5-3-03)

**b.** Sold Transient Personal Property on Which Taxes Have Been Paid. Under Subsection 63-313(4), Idaho Code, any transient personal property, which was sold by the owner in the home county and upon which the full current year's property taxes were paid, is not subject to property taxation for the current year in any other county regardless of whether that property is to be used in or only in transit through any other county. (3-20-04)

**c.** Qualified Investment Exemption. For information and directions relating to the qualified investment exemption, see Rule 988 of these rules. (3-20-04)

**04. Exempt Transient Personal Property.** (5-8-09)

**a.** Section 63-602KK, Idaho Code, when applicable provides for exemption of each eligible taxpayer's personal property to the extent of one hundred thousand dollars (\$100,000) within each county. The limit

on the exemption shall apply to the sum of the taxpayer's non-transient personal property and transient personal property. Prior to applying the exemption, transient personal property shall be allocated among the counties based on the prorated value as provided in Subsection 63-313(2), Idaho Code. (5-8-09)

**b.** In cases where the taxpayer has transient personal property located in multiple places within the county, the taxpayer may elect the location of the property to which the exemption will apply. (4-2-08)

**c.** Maps. Maps prepared in accordance with Section 63-209, Idaho Code, which identify characteristics of each geographic area. (7-1-99)

**d.** Property Record. A property record for each parcel, complete with the property characteristics necessary for an estimate of the current market value. (7-1-99)

**03. Date Plan Is Submitted.** The plan must be submitted to the State Tax Commission on or before the first Monday of February in 1997, and every fifth year thereafter. (7-1-99)

**04. Request for Extension.** As provided in Section 63-314, Idaho Code, a county may request an

extension to the current five (5) year county valuation plan. (3-30-01)

**a.** Amended Plan. Any request for an extension must include an amended plan incorporating an inventory of the parcels to be appraised during the period of the approved extension. This inventory shall constitute the schedule of required appraisals for the initial year or years of the subsequent five (5) year valuation program. Parcels appraised during the extension will be considered appraised during both the current and subsequent five (5) year plan valuation program periods, maintaining the same five (5) year cycle for all counties. (3-30-01)

**b.** Approval of the Extension and Amended Plan. A county shall be notified of the State Tax Commission's decision regarding the granting of an extension as provided in Section 63-314, Idaho Code, within thirty (30) days of receipt of the written request for the extension when accompanied by an amended plan. (3-30-01)

**c.** Approval of the Amended Plan. The State Tax Commission's approval of any extension shall specify timing and nature of progress reports. (3-30-01)

**d.** Voiding of the Extension. The State Tax Commission can void an extension unilaterally. (3-30-01)

**05. Testing for Current Market Value.** Assessed values shall be tested annually by the State Tax Commission as described in Section 63-109, Idaho Code, and Rule 131 of these rules to determine whether the level of assessment reflects "current market value." (3-30-01)

**06. Cross Reference.** For clarification on tax credits when valuing low-income housing properties receiving tax credits under Section 42 of the Internal Revenue Code, see the case of Brandon Bay, Ltd. Partnership v. Payette County, 142 Idaho 681, 132 P.3d 438 (2006). (5-8-09)

**315. USE OF RATIO STUDY TO EQUALIZE BOISE SCHOOL DISTRICT (RULE 315).** Section 63-315, Idaho Code. (3-30-07)

**01. Procedures for Boise School District Ratio Studies.** The ratio study conducted by the State Tax Commission to comply with the requirements of Section 63-315, Idaho Code, shall be conducted in accordance with the "Standard on Ratio Studies" referenced in Rule 006 of these rules. The following specific procedures will be used. (4-2-08)

**a.** Information on property sales, which meet the requirements of arm's length and market value sales, will be obtained and assembled into samples representing various primary categories, described in Subsections 130.02 through 130.06 of these rules, and secondary categories, described in Rules 510, 511, and 512 of these rules, within designations defined in Subsection 315.02 of this rule in the Boise School District. Except when sales or appraisals must be added or deleted to improve representativeness, sales used will be those occurring within the Boise School District between October 1 of the year preceding the year for which adjusted market value is to be computed and September 30 of the year for which adjusted market value is to be computed. Each sale price is to be adjusted for time and compared to market value for assessment purposes for the year for which adjusted market value is to be computed, to compute ratios to be analyzed. The State Tax Commission may use sales from extended time periods and may add appraisals when data is lacking. The State Tax Commission may delete sales when necessary to improve representativeness. (4-2-08)

**b.** A ratio will be determined for each sale by dividing the market value for assessment purposes of the property by the adjusted sale price or appraised value. (7-1-98)

**c.** A statistical analysis is to be conducted for the sales and any appraisals in each property designation described in Subsection 315.02 of this rule in the Boise School District and appropriate measures of central tendency, uniformity, reliability, and normality computed. (4-2-08)

**d.** With the exception of any property designations with extended time frames or added appraisals, if fewer than five (5) sales and appraisals are available, no adjustment to the taxable value of the designation will be made. (7-1-98)

**e.** If there are five (5) or more sales and appraisals and it is determined with reasonable statistical

certainty that the property designation is not already at market value for assessment purposes, an adjusted market value will be computed for the Boise School District by dividing the taxable value for the year for which adjusted market value is to be determined by the appropriate ratio derived from the ratio study. The appropriate ratio to be used shall be the weighted mean ratio calculated from the sample for each designation, unless it can be clearly demonstrated that this statistic has been distorted by nonrepresentative ratios. In this case the median may be substituted: (4-2-08)

**f.** Within the Boise School District, adjusted market value or taxable value for each primary and each applicable secondary category of real, personal and operating property will be summed to produce the total adjusted market value for the Boise School District. The Boise School District taxable value will then be divided by this adjusted market value to produce the overall ratio of assessment in the Boise School District. Statewide totals are to be calculated by compiling county totals. (4-2-08)

**g.** Urban renewal increment values will not be included in the taxable value or the adjusted market value for the Boise School District. (4-2-08)

**h.** “Reasonable statistical certainty,” that the property designation in question is not at market value for assessment purposes, is required. Such certainty is tested using ninety percent (90%) confidence intervals about the weighted mean or median ratios. If the appropriate confidence interval includes ninety-five percent (95%) or one hundred five percent (105%), there is not “reasonable statistical certainty” that the property designation is not at market value for assessment purposes. (3-30-01)

**i.** Primary and secondary categories subject to adjustment following the procedure outlined in this rule and ratio study designations from which measures of central tendency used for adjustments will be derived are:

<b>Secondary Categories</b>	<b>Primary Categories</b>	<b>Ratio Study Designations</b>
12, 15, 18, or 20	Vacant Residential Land	Residential
10, 12, 15, 18, 20, 26, 31, 34, 37, 40, 41, 46, 47, 48, or 50	Improved Residential Property	Residential
47, 49, or 65	Manufactured Home on Leased Land	Residential
11, 13, 14, 16, 17, 21, or 22	Vacant Commercial or Industrial Land	Commercial
11, 13, 14, 16, 17, 21, 22, 27, 33, 35, 36, 38, 39, 42, 43, or 51	Improved Commercial or Industrial Property	Commercial

(3-30-07)

**j.** For all secondary categories, described in Rule 510, 511, or 512 of these rules but not contained in the list in Paragraph 315.01.i. of this rule, adjusted market value will equal taxable value. (3-30-07)

**k.** “Appraisal” or “appraised value” refers to any State Tax Commission provided independently conducted property appraisal. (7-1-98)

**02. Use of Property Designations.** In computing the ratio for the Boise School District, the State Tax Commission will designate property as residential or commercial and shall assign appropriate primary categories, described in Subsections 130.02 through 130.06 of these rules, and secondary categories, described in Rules 510, 511, and 512 of these rules, to these designations as shown in Paragraph 315.01.i. of this rule. For the Boise School District, adjusted market value shall be computed by dividing the appropriate ratio ascertained for each of these designations into the sum of the taxable values for each primary and secondary category assigned to a designation. Except as provided in Subsection 315.06 of this rule, for the taxable value in any secondary category to be included in said sum, at least one (1) observation (sale or appraisal) from that secondary category must be present in the ratio study. If the ratio for any given designation in the Boise School District indicates that the market value for assessment

purposes cannot be determined with reasonable statistical certainty to differ from statutorily required market value, the taxable value shown on the Boise School District abstract(s) required pursuant to Subsection 315.04 of this rule for each of the secondary categories included in that designation shall be the adjusted market value for said designation for said school district. (4-2-08)

**03. Assessor to Identify Boise School Districts.** Each county assessor will identify for the State Tax Commission which sales submitted for the ratio study are located within the Boise School District. (4-2-08)

**04. Abstracts of Value for the Boise School District.** Each applicable county auditor shall provide to the State Tax Commission abstracts of the taxable value of all property within the portion of the Boise School District in that county. These abstracts shall be submitted in the same manner and at the same time as provided for county abstracts of value. (4-2-08)

**05. Urban Renewal Increment and Exemption to be Subtracted.** The taxable value of each primary or secondary category within the Boise School District shall not include the value that exceeds the value on the base assessment roll in any urban renewal district pursuant to Chapter 29, Title 50, Idaho Code, and shall not include the value of any exemption pursuant to Sections 63-602G, 63-602K, 63-602P, 63-602X, 63-602AA, 63-602BB, 63-602CC, 63-602DD, 63-602GG, 63-602HH, 63-602II, 63-606A, or 63-3029B, Idaho Code. (4-2-08)

**06. Exception from Requirement for at Least One Observation for Use of Secondary Category in Adjusted Value Determination.** Properties identified as secondary categories 10 and 31 rarely sell separately from farms and therefore do not appear in any ratio study. However, the level of assessment typically is similar to that of other rural residential property, including property in secondary categories 12, 15, 34, and 37. For any ratio study where there is an adjustment to be made to the assessed values in the residential designation, such adjustment shall be applied to any assessed value in secondary category 10, provided there is at least one (1) observation (sale) of property identified in either secondary category 12 or 15. Such adjustment shall also be applied to any assessed value in secondary category 31, provided there is at least one (1) observation (sale) of property identified in either secondary category 34 or 37. (3-30-07)

**07. Certification of Values.** The values required to be certified to the county clerk by the first Monday in April each year under Section 63-315, Idaho Code, shall be published on the State Tax Commission's web site or provided in an alternate format on request by the first Monday in April each year to satisfy this required certification. (3-30-07)

**08. Cross References.** The primary categories are described in Subsections 130.02 through 130.06 of these Rules, and the secondary categories are described in Rules 510, 511, and 512 of these rules. (3-30-07)

**316. COMPLIANCE OF CONTINUING VALUATION PROGRAM (RULE 316).** Sections 63-314 and 63-316, Idaho Code. (5-3-03)

**01. Definitions.** (5-3-03)

**a. Continuing Appraisal.** "Continuing appraisal" means the program by which each assessor completes the assessment of all taxable properties each year. This term includes any appraising or indexing done to accomplish the continuing program of valuation as defined in Rule 314 of these rules. (5-3-03)

**b. Monitor.** "Monitor" means collecting data and compiling statistical reports that show the number and percentage of parcels physically inspected at scheduled intervals within each year of each five (5) year appraisal cycle. The term "monitor" also includes an examination of and summary report of compliance with the most recently completed ratio study under Section 63-109, Idaho Code, and Rule 131 of these rules showing the status of appraisal and indexing to achieve market value. (5-3-03)

**c. Progress Reports.** "Progress reports" mean any informational or statistical report compiled and distributed by the State Tax Commission regarding the physical appraisal progress of a county. (5-3-03)

**d. Appraisal Cycle.** "Appraisal cycle" means consecutive five (5) year periods beginning with appraisals completed for the 1998 property roll, as established by the requirement in Section 63-314, Idaho Code.

(5-3-03)

**e.** Remediation Plan. "Remediation plan" means, a written statement of the actions that will be taken by the county not in compliance with the requirements of Section 63-314, Idaho Code, to bring the continuing program of valuation into compliance with said Section. (5-3-03)

**02. Monitoring Procedure.** The State Tax Commission will monitor compliance with the continuing program of valuation in each county no less than annually. The State Tax Commission will monitor the completion of the appraisal of not less than fifteen percent (15%) of all parcels by the end of the first year of the appraisal cycle, not less than thirty-five percent (35%) by the end of the second year, not less than fifty-five percent (55%) by the end of the third year, not less than seventy-five percent (75%) by the end of the fourth year, and not less than one hundred percent (100%) by the end of the fifth year in order that all parcels are appraised not less than every five (5) years. As a result of the monitoring process, the State Tax Commission will prepare and distribute progress reports to each county assessor at the end of each monitoring period. Each monitoring period will be conducted in the following manner: (3-20-04)

**a.** The State Tax Commission will compile a progress report each July. The State Tax Commission will use this progress report in each county to determine compliance with Section 63-314, Idaho Code. This report will consist of an analysis of the county's progress within the current appraisal cycle as well as a summary report of the most recently completed ratio study showing the status of appraisal and indexing to achieve market value. The State Tax Commission will notify each county assessor on or before August 15 each year of the current status of the continuing program of valuation progress and any necessary corrective action. The State Tax Commission will notify the board of county commissioners that this report has been provided to the county assessor. (5-3-03)

**b.** Upon receipt of a written request from the county assessor, the State Tax Commission will complete and distribute a six (6) month progress report in January. This January report will show the total parcels in the county, the number of parcels that need to be physically inspected for the current year's assessment, a summary report of the most recently completed ratio study, and the number of parcels upon which physical inspections were completed during the preceding six (6) months. The State Tax Commission will distribute any January progress report only to inform the county assessor of the status of the continuing program of valuation and will not use the data gathered for this report to determine compliance with Section 63-314, Idaho Code. The State Tax Commission will notify the board of county commissioners that this report has been provided to the county assessor. (5-3-03)

**03. Remediation Plans.** If the results of any July report show that a county has not achieved the adequate appraisal of the required percent of the parcels, as stated in Subsection 316.02 of this rule, the assessor and board of county commissioners will be required to submit to the State Tax Commission, a remediation plan that demonstrates how compliance will be achieved. The remediation plan will be submitted to the State Tax Commission on or before September 15. The State Tax Commission will determine whether the plan is acceptable on or before October 1. Once a remediation plan has been approved, the continuing valuation program of the county will be considered in compliance so long as the county meets the terms of the remediation plan. The State Tax Commission will monitor progress toward successful completion of any remediation plan at intervals scheduled with the county assessor. (5-3-03)

**04. State Tax Commission To Ensure Corrective Action.** (5-3-03)

**a.** During the first four (4) years of any appraisal cycle, if any July progress report shows that a county assessor has not achieved the adequate appraisal of the required percent of parcels, as stated in Subsection 316.02 and implementation of the subsequent remediation plan does not achieve the required percent or the next July progress report shows the number of completed appraisals continues to be less than the required percent, the State Tax Commission will begin proceedings to ensure corrective action is taken up to and including taking exclusive and complete control of the continuing program of valuation as provided for in Section 63-316, Idaho Code. (5-3-03)

**b.** If, at the end of any appraisal cycle a county has not achieved adequate appraisal of all parcels, the State Tax Commission may begin proceedings to ensure corrective action is taken, up to and including taking exclusive and complete control of the continuing program of valuation as provided for in Section 63-316, Idaho Code. If, at the end of an appraisal cycle, a county has not met the requirements of Section 63-314, Idaho Code, and no extension has been granted pursuant to the provisions of Section 63-316(6), Idaho Code, the county plan for the

next appraisal cycle submitted to the State Tax Commission must include provision for field inspection of those parcels not field inspected by the end of the expired appraisal cycle and an additional field inspection of the same parcels for the current plan for the continuing program of valuation. (5-3-03)

**05. Compliance Procedure Examples.** (5-3-03)

**317. OCCUPANCY TAX ON NEWLY CONSTRUCTED IMPROVEMENTS ON REAL PROPERTY (RULE 317).**

Section 63-317, Idaho Code.

(5-3-03)

**01. Property Subject to Occupancy Tax.** Excluding additions to existing improvements, the occupancy tax shall apply to improvements upon real property, whether under the same or different ownership. The occupancy tax shall also apply to new manufactured housing, as defined in Section 63-317, Idaho Code, excluding additions to existing manufactured housing. (4-6-05)

**02. Prorated Market Value.** The market value for occupancy tax purposes shall be the full market value on January 1 and shall be prorated at least monthly from the occupancy date to the end of the year. (3-29-10)

**03. Notice of Appraisal.** When notifying each owner of the appraisal, the county assessor shall include at a minimum the full market value before any exemptions and before any prorating of the value, the length of time subject to the occupancy tax, and the prorated value. (5-3-03)

**04. Examples for Calculation of Value Less Homestead Exemption (HO).** The following examples show the procedure for the calculation of the taxable value subject to the occupancy tax less the homestead exemption (HO): (3-30-07)

**a.** Example for prorated market value exceeding maximum amount of the homestead exemption for tax year 2009. Each year the maximum amount of the homestead exemption is subject to modification by the Housing Price Index.

Full Market Value of Home	- \$300,000
Prorated Market Value for 11 Month Occupancy	- $\$300,000 \times 11/12 = \$275,000$
Taxable Value	- $\$275,000 - \$104,471 (HO) = \$170,529$

(3-29-10)

**b.** Example for prorated market value resulting in less than the maximum amount of the homestead exemption.

Full Market Value of Home	- \$120,000
Prorated Market Value for 3 Month Occupancy	- $\$120,000 \times 3/12 = \$30,000$
Taxable Value	- $\$30,000 - \$15,000 (HO) = \$15,000$

(3-30-07)

**05. Market Value.** The market value for occupancy tax purposes shall be entered on an occupancy tax valuation roll. Occupancy tax valuation shall not be included in the assessed value of any taxing district, but occupancy tax must be declared in the certified budget. (3-30-07)

**06. Allocation to Urban Renewal Agencies.** Occupancy tax revenue shall be distributed to urban

renewal agencies in the same manner as property taxes. (4-7-11)

**a.** The portion of the occupancy tax raised for funds specified in Section 50-2908, Idaho Code, and Rule 804 of these rules must be distributed to the taxing districts levying property taxes for those funds and, therefore, must not be distributed to the urban renewal agency. (5-8-09)

**b.** Except for occupancy tax raised for funds specified in Section 50-2908, Idaho Code, and Rule 804 of these rules, for parcels within a newly formed revenue allocation area or within an area newly annexed to an existing revenue allocation area, occupancy tax for the tax year during which the formation or annexation took effect must be distributed to the urban renewal agency. (4-7-11)

**07. Property Qualifying for the Homestead Exemption on Occupancy Value.** When property is subject to occupancy tax, only the improvements shall be eligible for the homestead exemption found in Section 63-602G, Idaho Code. (3-30-07)

**318. -- 399. (RESERVED).**

**400. ACCESS TO INFORMATION ON VALUATION (RULE 400).**

**01. Public Records and Qualifying Disclosure Exemption.** Public records are presumed to be open to the public. Records containing certain information pertaining to private businesses may be exempt from disclosure. See Sections 9-337 and 9-340(D), Idaho Code. (7-1-99)

**02. Designation of Information as Confidential.** The taxpayer, whose operating property is assessed by the State Tax Commission, or the operator of this property may designate all or part of the information in the operator's statement as confidential. Information submitted as a supplement or schedule to the operator's statement may also be designated in whole or in part as confidential. The request must be made in writing and attached to the operator's statement required by Rule 404 of these rules. (7-1-99)

**03. Treatment of Designated Information.** The State Tax Commission shall treat the designated confidential information and the portions of the appraisal reports, incorporating such information, as exempt from disclosure under Section 9-340(D), Idaho Code. (7-1-99)

**04. Assessor's Access to Designated Information.** The assessor of a county in which the value of an operating property is apportioned may, in the offices of the State Tax Commission, examine the information designated as confidential for the operating property in question. An assessor cannot disclose this information. The assessor cannot obtain or make copies of this information. (7-1-99)

**401. -- 403. (RESERVED).**

**404. OPERATOR'S STATEMENT -- CONTENTS (RULE 404).**

Sections 63-401 and 63-404, Idaho Code. (5-3-03)

**01. Operator's Statement.** In the operator's statement, the number of miles of railroad track, electrical and telephone wire, pipeline, etc., must be reported to the hundredth mile in decimal form (0.00) in each taxing district or taxing authority and must be reported by the uniform tax code area method. (7-1-99)

**02. Tax Code Area Maps.** By March 1 of each year, the State Tax Commission shall furnish to all entities having operating property within the state of Idaho, except private railcar fleets, a list of all changes in tax code area boundary lines. In case the State Tax Commission receives corrections to any tax code area boundaries, these changes must be furnished by March 15. Every day that the tax code area map deadline is extended beyond March 1 allows for an automatic operator's statement extension equal to the delay. The reporting entity shall review the list of changes to identify any tax code areas, within which any of the entity's operating property is located. The reporting entity shall report, under Subsection 404.01 of this rule based on these identified tax code areas. The State Tax Commission shall provide the tax code areas maps to the reporting entity as provided for in Rule 225 of these rules. (5-3-03)

- 03. Reporting of Mileage.** The following procedures apply for reporting mileage. (7-1-99)
- a. Railroad Track Mileage.** The railroad track mileage shall be reported by the name of the main line and branch lines with the track mileage for the main line and branch lines reported as Main Track Miles. Track miles consisting of passing track, yard switching, spurs, sidings, etc., shall be reported as Secondary Track Miles. (5-3-03)
- b. Electric Power Line Mileage.** The electric power companies shall report electric power line mileage by transmission and distribution lines. The transmission lines are the lines at a primary source of supply to change the voltage or frequency of electricity for the purpose of its more efficient or convenient transmission; lines between a generating or receiving point and the entrance to a distribution center or wholesale point; and lines whose primary purpose is to augment, integrate, or tie together the sources of power supply. The distribution lines are the lines between the primary source of supply and of delivery to customers, which are not includible in transmission lines. Cooperative electrical associations may include lines designed to accommodate thirty-four thousand five hundred (34,500) volts or more as transmission or distribution lines. Transmission or distribution lines shall be reported by single linear wire mile. (5-3-03)
- c. Telephone Wire Mileage.** All telephone wire mileage shall be reported on a single linear wire mile basis, and include any ground wires. (5-3-03)
- d. Natural Gas and Water Distribution Pipeline Mileage.** All natural gas and water distribution companies shall report pipeline miles on a three (3) inch comparison basis. For example, a company with five (5) miles of six (6) inch pipe will report ten (10) pipeline miles: five (5) times six (6) divided by three (3) equals ten (10) miles. (5-3-03)
- e. Transmission Pipeline Mileage.** All transmission pipeline companies shall report pipeline miles on a one-inch (1") comparison basis. (4-2-08)
- 04. Situs Property.** Situs property includes microwave stations and radio relay towers. This property also includes facilities, used for and in conjunction with thermal generation of electricity, constructed after January 1, 2004, and located in or within five (5) miles of an incorporated city. The investment in this property shall be reported in the tax code area(s), within which it is located. (4-2-08)
- 05. Record of Property Ownership.** The following procedures apply for maintaining records of operating property ownership. (7-1-99)
- a. STC Form R.** A record of each property owned, leased, or otherwise operated by each railroad, private railcar fleet or public utility shall be maintained by the State Tax Commission, the appropriate railroad, private railcar fleet or public utility, and the appropriate county assessor's office. Each record shall be maintained on a form identified as STC Form R. The State Tax Commission shall send a copy of each STC Form R to the appropriate company and the appropriate county assessor's office. (7-1-99)
- b. Identification of Operating Property and Nonoperating Property.** On the STC Form R, the State Tax Commission shall identify which property is operating property and which property is nonoperating property. (5-3-03)
- c. Filing of Property Ownership by Railroad Companies.** Each railroad company shall file the original railroad right-of-way maps with the State Tax Commission. Each railroad shall file an STC Form R, only, for property that is acquired, leased, or transferred between operating and nonoperating status, or sold during the prior year. (7-1-99)
- 06. Filing Date for Operator's Statement.** By April 30 each year, each railroad, private railcar fleet, and or public utility operating in Idaho shall file information pertinent to the entity's ownership and operation with the State Tax Commission. This information must be reliable for preparing an estimate of market value. For each entity submitting a written request for an extension on or before April 30, the State Tax Commission may grant an extension of the filing date until May 31. An automatic extension beyond April 30 may be granted as set out in Subsection 404.02 of this rule. (4-6-05)

**07. Cross Reference.** For information relating to the exemption of certain intangible personal property, see Section 63-602L, Idaho Code, and Rule 615 of these rules. For valuation, allocation, and apportionment information, see Section 63-405, Idaho Code, and Rule 405 of these rules. (4-2-08)

**405. ASSESSMENT OF OPERATING PROPERTY (RULE 405).**  
Section 63-405, Idaho Code. (4-2-08)

**01. The Unit Method.** The unit method of valuation is preferred for valuing a railroad or public utility when the individual assets function collectively, are operated under one ownership and one management, are interdependent, and the property would be expected to trade in the marketplace as a unit. Under the unit method, the value of the tangible and intangible property is equal to the value of the going concern. The market value of the unit shall be referred to as the system value. For interstate property, allocation factors shall be used to determine what part of the system value is in Idaho. (7-1-99)

**02. Identify the Unit.** The unit includes all property used or useful to the operation of the system, property owned, used or leased by the business and the leased fee and leasehold interests. Assess all title and interest in unit property shall be assessed to the owner, lessee or operating company. (4-2-08)

**03. Appraisal Approaches.** The three (3) approaches to value may be considered for all property. (7-1-99)

**04. Appraisal Procedures.** Market value shall be determined through procedures, methods, and techniques accepted by nationally recognized appraisal and valuation organizations. For operating property, the direct capitalization techniques or derivatives thereof shall not be used in estimating value. (7-1-99)

**05. The Cost Approach.** For operating property, the appraiser may consider replacement, reproduction, original or historical cost. (7-1-99)

**a.** Contributions in aid of construction. Contributions in aid of construction are valued at zero in the cost approach. (7-1-99)

**601. -- 602. (RESERVED).**

**603. PROPERTY EXEMPT FROM TAXATION – RELIGIOUS CORPORATIONS OR SOCIETIES (RULE 603).**

Section 63-602B, Idaho Code. (4-2-08)

**01. Valuing the Taxable Part of Qualifying Property.** Under Section 63-602B(2), Idaho Code, a county shall determine the value of the part of the property used or leased for business or commercial purposes by considering the particular facts of each case, examining the amount of time, during the calendar year, the property is used for business or commercial purposes, the percentage of the property used for business or commercial purposes, or a combination thereof. The county may require reporting by the religious corporation or society of any use of the property for business or commercial usage in such form, and by such date, as the county establishes. (4-2-08)

**02. Comparable Valuation Methodology to Partially Exempt Property Under Section 63-602C, Idaho Code.** To value the taxable part of any otherwise qualifying property exempt under Section 63-602B, Idaho Code, each county should use comparable methods to those being used to value the taxable part of qualifying exempt property under Section 63-602C, Idaho Code. **604. -- 608. (RESERVED).**

**609. PROPERTY EXEMPT FROM TAXATION -- HOMESTEAD (RULE 609).**

Sections 63-602G, 63-701, 63-703, and 63-3077, Idaho Code. (3-30-07)

**01. Homestead Exemption.** The Homestead Exemption granted in 63-602G, Idaho Code shall also be known as the homeowner's exemption. (3-30-07)

**02. Idaho Annual House Price Index Change.** The successor to the United States Office of Federal Housing Enterprise Oversight is the Federal Housing Finance Agency. Annually, the State Tax Commission shall calculate the maximum dollar-value limit for the homeowner's exemption based on the annual change in the Idaho House Price Index-All-Transactions, published by the Federal Housing Finance Agency or its successor. The following procedure shall be used: (4-7-11)

**a.** Step 1. Calculate the average Idaho House Price Index-All-Transactions of the four (4) most recently available quarters as of September 15. (4-7-11)

**b.** Step 2. Calculate the average Idaho House Price Index-All-Transactions of the four (4) quarters immediately preceding the earliest quarter used in Step 1. (4-7-11)

**c.** Step 3. Divide the Step 1 average by the Step 2 average to determine a factor. (3-30-07)

**d.** Step 4. Multiply the factor determined in Step 3 by the current maximum dollar-value limit on the homeowner's exemption to produce the new dollar-value limit. (3-30-07)

**03. Partial Ownership.** Any partial ownership shall be considered ownership for determining qualification for the homeowner's exemption; however, the amount of the exemption shall be decided on the reduced proportion of the value commensurate with the proportion of partial ownership. The proportional reduction shall not apply to the ownership interests of a partner of a limited partnership, a member of a limited liability company or a shareholder of a corporation when that person has no less than five percent (5%) ownership interest in the entity unless any ownership interest is shared by any entity other than the limited partnership, limited liability company or corporation. For tenants in common with two (2) improvements located on one (1) parcel of land, determine the

applicable value for the homeowner’s exemption using the procedure shown in Example 1 of Paragraph 609.03.a., of this rule unless the owner-occupant provides documented evidence of a different ownership interest in the improvement. See Examples 2, 3, and 4 in Paragraphs 609.03.b., 609.03.c., and 609.03.d. of this rule for additional partial ownership guidance. To calculate property tax reduction benefits when partial ownership exists, see Paragraph 700.05.b. of this rule. (4-2-08)

**a.** Example 1. John Smith and Bob Anderson own a property as tenants in common with two (2) residential improvements located on the property. Each residential improvement is owner occupied by one (1) of the tenants in common. The homeowner’s exemption is calculated as follows:

(4-7-11)

**04. Determination of Residency.** The State Tax Commission may release pertinent information from any Idaho income tax return to the county assessor and the county Board of Equalization for the sole purpose of providing one (1) indicator of eligibility for the homeowner's exemption. According to Section 63-3077(4), Idaho Code, this information is confidential and is not subject to public disclosure. (4-11-06)

**05. Notification of Erroneous Claims.** When it is determined that an exemption granted under this Section to a taxpayer who has also received property tax relief under Chapter 7, Idaho Code, should not have been granted, the county assessor shall notify the State Tax Commission of the determination. (3-29-10)

**610. PROPERTY EXEMPT FROM TAXATION -- RESIDENTIAL IMPROVEMENTS -- SPECIAL SITUATIONS (RULE 610).** Sections 63-602G and 63-701(2), Idaho Code. (4-7-11)

**01. Scope.** This rule addresses issues relating to the homeowner's exemption as it applies to certain unusual factual situations. It states general principles applicable to unusual cases and provides some illustrative examples. The rule cannot address every conceivable situation that may arise, but the principles established may

apply to the resolution of situations not addressed in the rule. (7-1-99)

**02. Definitions.** The following definitions apply to this rule: (4-7-11)

**a.** Dual Residency Couples. As used in this rule, “dual residency couple” means a husband and wife, each of whom has established a different dwelling place as his or her primary dwelling place as defined in Section 63-602G, Idaho Code, and Subsection 609.03 of these rules. (4-2-08)

**b.** Multidwelling or Multipurpose Building. “Multidwelling or Multipurpose Building” means a building which is the primary dwelling place of the owner and which has a portion used for any purpose other than the primary dwelling place of the owner. (4-7-11)

**c.** Related Land. “Related Land” means land, not to exceed one (1) acre, that is reasonably necessary for the use of the dwelling as a home. (4-7-11)

**03. Dual Residency Couples -- General Principles.** (7-1-99)

**a.** Whether a particular residential improvement is an individual’s primary dwelling place is a question of fact for each individual. Each spouse of a dual residency couple can maintain a separate primary dwelling place for purposes of the homeowner’s exemption. The test to be applied is the general test set out in Subsection 609.03 of these rules. (4-2-08)

**b.** If a residential improvement is community property, either the husband or wife may exercise full management or control over it, except that neither the husband nor the wife can sell or encumber the property without the written consent of the other. Thus, either the husband or the wife can file an application for the homeowner’s exemption regarding community property on his or her own authority. The signature of the other spouse is not required on the application. See Section 32-912, Idaho Code. (7-1-99)

**c.** Neither spouse is a partial owner of community property. (This principle is an exception to laws generally governing community property interests. It applies only for matters relating to the homeowner’s exemption or the circuit breaker property tax relief program. See Section 63-701(7) Idaho Code.) Thus, there is no authority to reduce the value of the improvement proportionally to reflect one (1) spouse’s ownership in community property before determining the amount of the homeowner’s exemption. For purposes of the homeowner’s exemption, a community property interest is treated the same as a full ownership interest. (3-15-02)

**d.** An owner may apply only once for the homeowner’s exemption. See Section 63-602G(c), Idaho Code. Thus, an application by one (1) spouse regarding a residential improvement that is community property, precludes the other spouse from making a second application on any other residential improvement whether held by the other spouse as community or separate property except as provided in Subsection 610.07. (3-15-02)

**04. Example -- Both Residences are Community Property.** (7-1-99)

**a.** Each member of a dual residency couple maintains his or her primary dwelling in a different residential improvement, each of which is owned by the couple as community property. Each applies for the homeowner’s exemption for the residence in which he or she resides. (7-1-99)

**b.** The first application is valid. Any subsequent application, though filed by the other spouse, is not valid because the couple can not make more than one (1) application. The homeowner’s exemption applies to the full value of the first residential improvement to qualify without any proportional reduction. The other residential improvement does not qualify. (3-15-02)

**05. Example -- One Residence Is Community Property, the Other Is Separate Property.** (7-1-99)

**a.** Each member of a dual residency couple maintains his or her primary dwelling in a different residential improvement. One (1) is owned by the spouse who resides in it as his or her separate property, the other is owned by the couple as community property. Each applies for the homeowner’s exemption for the residence in which he or she resides. (7-1-99)

**b.** The first application is valid. Any subsequent application, though filed by the other spouse, is not valid. If the first application relates to the community property, it is an application on behalf of both members of the community. Thus, the other spouse can not file a second application relating to his or her separate property. If the first application relates to the separate property, then the subsequent application relating to the community property is a second application by the spouse owning the separate property and is not valid. The homeowner's exemption applies to the full value of the first residential improvement to qualify without any proportional reduction. The other residential improvement does not qualify. (3-15-02)

**06. Example -- Both Residences are Separate Property.** (7-1-99)

**a.** Each member of a dual residency couple maintains his or her primary dwelling in a different residential improvement, each of which is owned by the spouse residing in it as his or her separate property. Each applies for the homeowner's exemption for the residence in which he or she resides. (7-1-99)

**b.** Both residential improvements qualify for the full homeowner's exemption. Neither application is a second application by the same owner. Each spouse is a sole owner of the residential improvement, so the proportional reduction provisions for partial ownership do not apply. (7-1-99)

**07. Apportionment of Homeowner's Exemption by Dual Residency Couples.** Both spouses of a dual residency couple may elect to equally apportion the homeowner's exemption between the two (2) residential improvements if each files a written election with the county assessor of the county in which each property is located. When the election is made each residential improvement shall be entitled to one-half (1/2) of the exemption applicable to that property alone. The total exempted value of both properties shall not exceed the amount of exemption available to the individual residential improvement with the greatest market value if no election were made. (4-5-00)

**08. Multiple Ownerships Including Community Interests as Partial Owners.** A community property interest in a residential improvement is a partial ownership when combined with the ownership of another individual who is not a member of the marital community. For example, if a deed conveys title to real property to a husband and wife and to an adult child of theirs, the husband and wife hold a community property interest in the improvement and the child is a tenant-in-common. The parents collectively hold a two-thirds (2/3) partial interest and the child holds a one-third (1/3) partial interest in the property. Qualification of the property for the homeowner's exemption is as follows: (7-1-99)

**a.** If the residential improvement is the primary dwelling of the husband and wife but not the child, the homeowner's exemption applies to two-thirds (2/3) of the value of the improvement. (3-15-02)

**b.** If the residential improvement is the primary dwelling of the child, but not of the husband or wife, the homeowner's exemption applies to one-third (1/3) of the value of the improvement. (3-15-02)

**c.** If the residential improvement is the primary dwelling of the husband, wife and child, the homeowner's exemption applies to the full value of the improvement. (3-15-02)

**d.** If the residential improvement is the primary dwelling of one (1) spouse but of neither the other spouse nor the child, the homeowner's exemption applies to two-thirds (2/3) of the value of the improvement unless the residential improvement of the other spouse has previously qualified for the homeowner's exemption under the dual residency couple rules set out in Subsections 610.02 through 610.07. The two-thirds (2/3) qualification results from the statutory provision that a community property interest is not considered a partial interest of either spouse. See Paragraph 610.03.c. of this rule. (4-7-11)

**e.** If the residential improvement is the primary dwelling of one (1) spouse and the child, the homeowner's exemption applies to the full value of the improvement unless the residential improvement of the other spouse has previously qualified for the homeowner's exemption under the dual residency couple rules set out in Subsections 610.02 through 610.07. **a.** Taxable Value of Agricultural Land. The taxable value of agricultural land shall be the landlord's share of net income per acre, capitalized by the annual rate required by Section 63-602K, Idaho Code, plus a component for the local tax rate. The component for local taxes achieves the necessary allowance for the expense of property taxes. (4-5-00)

**b.** Speculative Portion. The speculative portion is the difference between the current market value and the taxable value of agricultural land. The market value of agricultural land is established from market sales of similar land. (4-5-00)

**c.** Economic Rent. Economic rent is the average gross income per acre received by a landlord from either a cash rent or crop share rental agreement. The rent attributable to exempt irrigation equipment is not included in economic rent. Only the rent solely attributable to the agricultural land is included in economic rent. (4-7-11)

**d.** Net Income. Net income is determined by deducting the landlord's share of current expenses from economic rent per acre. (4-5-00)

**02. Calculation of Net Income from Cash Rent.** Net Income from cash rent is calculated in the following manner. (4-5-00)

**a.** Crops Grown. Determine the crops typically grown in the area. (4-5-00)

**626. PROPERTY EXEMPT FROM TAXATION -- CERTAIN PERSONAL PROPERTY (RULE 626).** Sections 63-105(A), 63-302, 63-308, 63-313, 63-602Y, and 63-602KK, Idaho Code. (3-29-10)

**01. Effective Date.** This exemption shall take effect on January 1 of the following tax year after the state controller certifies to the State Tax Commission that receipts to the General Fund for the fiscal year just ended have exceeded the receipts to the General Fund during fiscal year 2008 by five percent (5%) or more. For example, if the state controller certifies that the receipts to the General Fund for the fiscal year ending June 30, 2010, have exceeded the receipts for fiscal year 2008 by five percent (5%) or more, then this exemption would take effect on January 1, 2011. Once this exemption takes effect, it will remain in effect continuously. (3-29-10)

**02. Application Required to Establish Initial Eligibility for Exemption.** (3-29-10)

**a.** In order to establish initial eligibility for this exemption, the taxpayer must file one (1) or more of the lists of taxable personal property as required by Section 63-302, Section 63-313, or Section 63-602Y, Idaho Code. The filing of said list(s) shall constitute the filing of an application for exemption. The application will be deemed valid provided the exemption provided in Section 63-602KK, Idaho Code, is granted and not later deemed improperly claimed. If the applicable list is not filed by the taxpayer to initiate the exemption, or if in any subsequent year the taxpayer fails to file either the applicable list(s) or, if permitted, the affidavit provided in Section 63-602KK(6), Idaho Code, the assessor may list and assess the items to be taxed based on his best judgment and information available. The items not listed by the taxpayer but listed and assessed by the assessor will be assessed without deduction of the exemption provided for in Section 63-602KK, Idaho Code. (3-29-10)

**b.** Any taxpayer appealing his personal property listed on the property roll to the county board of equalization shall qualify for the exemption provided eligible property is ultimately shown on the list received from the taxpayer. (5-8-09)

**03. Procedure During Years Following Year of Initial Eligibility for Exemption.** (3-29-10)

**a.** Unless the exemption has been deemed improper, for all years following the initial establishment of eligibility for the exemption, the taxpayer may continue to file the lists required by Sections 63-302, 63-313, and 63-602Y, Idaho Code, or, if applicable, for property otherwise reportable as required by Section 63-302, Idaho Code, may file the affidavit provided in Section 63-602KK(6), Idaho Code. If the taxpayer chooses to file the affidavit, such filing must conform to the filing date provided in Section 63-302, Idaho Code. (3-29-10)

**b.** If, after receiving the exemption, the taxpayer fails in any subsequent year to timely file the required lists of personal property or, if applicable, the affidavit provided in Section 63-602KK(6), Idaho Code, the taxpayer can re-establish future eligibility for the exemption by means of filing the lists required by Sections 63-302, 63-313 and 63-602Y, Idaho Code. (3-29-10)

**c.** For the duration of the period during which recapture could apply, the affidavit option shall not be available for taxpayers who elect to designate property to be included in the exemption provided for in Section 63-3029B, Idaho Code. (3-29-10)

**04. Taxpayers' Election of Property Location.** In cases where the taxpayer has personal property located in multiple places within the county, the taxpayer may elect the location of the property to which the exemption will apply. Should the taxpayer not make an election as to where to apply the exemption, the county shall have discretion regarding the property to which the exemption shall apply. If a taxpayer with personal property located in multiple places within the county files one (1) affidavit provided in Section 63-602KK(6), and fails to elect where to apply the exemption, the county shall prorate the exemption to the last known locations of the eligible property based on last lists filed. (3-29-10)

**05. Valuation Assessment Notice.** The valuation assessment notice required by Section 63-308, Idaho

Code, must show the gross value, the exempt value, and the net taxable value of the personal property. The information shown on the valuation assessment notice may reflect the aggregate value reported by the taxpayer on an affidavit submitted in lieu of the lists required under Section 63-302, Idaho Code. If the items of personal property cannot be identified to the extent necessary to assign them to another of the categories provided in Rule 512 of these rules, the personal property shall be listed in secondary category 68. If the affidavit fails to provide an estimate of value, the assessor shall determine current market value of the property which shall not then be eligible for the exemption provided in Section 63-602KK, Idaho Code. (3-29-10)

**06. Preliminary and Final Personal Property Tax Reduction Lists. (5-8-09)**

**a.** Except as provided in Paragraph 626.06.e. of this rule, the preliminary personal property tax reduction list shall include the following information pertaining to the personal property accounts to receive the exemption: (3-29-10)

- i. The name of the owner, listed in alphabetical order unless the State Tax Commission grants permission for accounts to be listed in an alternate order; (5-8-09)
- ii. The description of the property item(s) subject to exemption or partial exemption; (5-8-09)
- iii. The location(s) of the property item(s) showing the tax code area; and (5-8-09)
- iv. The assessed value of the property item(s) listed as equalized by the county board of equalization. (3-29-10)

**b.** This preliminary list shall be compiled by the assessor and shall be certified and sent to the county clerk and the Tax Commission by the fourth Monday in July. The list will be reviewed and, if necessary, corrected by the Tax Commission. The list will only include those taxpayers who have filed the list of taxable personal property as required by Section 63-302, Idaho Code, or the affidavit permitted by Section 63-602KK, Idaho Code. Transient personal property will not be listed on the preliminary list. (3-29-10)

**c.** Except as provided in Paragraph 626.06.e. of this rule, the final personal property tax reduction list shall include, in addition to the items listed in Paragraph 626.06.a. of this rule, the following information pertaining to the personal property accounts to receive the exemption: (3-29-10)

- i. The tax levy applicable to the personal property; (5-8-09)
- ii. The tax before the exemption; (5-8-09)
- iii. The tax after the exemption; (5-8-09)
- iv. The amount of the exemption; (5-8-09)
- v. The aggregate total of the tax exempted; and (5-8-09)
- vi. The aggregate total of the tax exempted within each taxing district and each revenue allocation area. (5-8-09)

**d.** This final personal property tax reduction list may include transient personal property and may include personal property otherwise assessable under Section 63-602Y, Idaho Code. This final list shall serve as the certification from the county clerk to the Tax Commission as required by Section 63-602KK (3), Idaho Code. The final certified list shall be filed with the Tax Commission not later than the third Monday of November of each year. (3-29-10)

**e.** If a taxpayer has filed the affidavit permitted by Section 63-602KK(6), Idaho Code, in lieu of the list required by Section 63-302, Idaho Code, some of the information otherwise required to be included on the preliminary and final personal property tax reduction lists may not be available. For any taxpayer for which complete information is not available because of the filing of such an affidavit, requirements found in Subparagraphs

626.06.a.ii., and 626.06.a.iv. for the description and value of items of property shall be waived. In lieu of these requirements, the preliminary and final personal property tax reduction lists must indicate the aggregate equalized value of the taxpayer's property in the county that is eligible for the exemption provided in Section 63-602KK, Idaho Code. For transient personal property and personal property subject to listing under Section 63-602Y, Idaho Code, the prorated value shall be used to fulfill the requirements of Subparagraph 626.06.a.iv. of this rule. (3-29-10)

**07. Tax Commission's Review and Correction of the Personal Property Tax Reduction Lists.** If an entry on the preliminary or final property tax reduction list is found to be erroneous, the Tax Commission shall disapprove as much of the claim as necessary and so notify the county clerk. (5-8-09)

**08. Cross Reference.** For more information on the lists and affidavit option, see Rule 302 of these rules. For information on transient personal property see Rule 313 of these rules. (3-29-10)

**627. (RESERVED).**

**628. PARTIAL EXEMPTION FOR REMEDIATED LAND (RULE 628).**

**01. Definitions.** For the purpose of implementing the partial exemption for remediated land the following terms are defined. (7-1-98)

**a. Application for Partial Exemption.** The "application for partial exemption" is the form, provided by the State Tax Commission, available from the State Tax Commission or the county assessor and used to apply for the exemption provided by Section 63-602BB, Idaho Code. (7-1-98)

**b. Certificate of Completion.** The "certificate of completion" is the document issued by the Department of Environmental Quality after the successful completion of a voluntary remediation work plan pursuant to Section 39-7207(1), Idaho Code. The person receiving the "certificate of completion" shall record a copy of the "certificate of completion" with the deed for the "site" on which the remediation took place pursuant to Section 39-7207(2), Idaho Code. (7-1-98)

**c. Covenant Not to Sue.** The "covenant not to sue" is the document issued by the Department of Environmental Quality pursuant to Section 39-7207(4), Idaho Code, upon request from a person receiving the "certificate of completion." (7-1-98)

**d. Qualifying Owner.** The "qualifying owner" is the entity identified as the owner on the deed to the property at the time the "certificate of completion" is issued by the Department of Environmental Quality. (7-1-98)

**e. Remediated Land.** The "remediated land" is the "site" on which the remediation, as defined in Section 39-7203(7), Idaho Code, has been completed. (7-1-98)

**f. Remediated Land Value.** The "remediated land value" is the market value for assessment purposes of the land on January 1 of the year following the issuance of the "certification of completion" (after remediation) less the market value for assessment purposes of the land on January 1 prior to the issuance of the "certification of completion" (before remediation). (7-1-98)

**g. Site.** As defined in Section 39-7203(8), Idaho Code, a "site" is a parcel of real estate for which an application has been submitted under Section 39-7204, Idaho Code. The "site" shall be that parcel identified on the application as described in IDAPA 58.01.18, "Idaho Land Remediation Rules," Subsection 020.02.c., including the assessor's parcel numbers(s) and on the voluntary remediation work plan as described in IDAPA 58.01.18, Section 022. (7-1-98)

**02. Procedures to Qualify for the Exemption.** The "qualifying owner," or agent thereof, must complete the following procedures for the "site" to qualify for the exemption. (7-1-98)

**a.** Obtain and complete the "application for partial exemption." (7-1-98)

**b.** Submit the "application for partial exemption" and copies of the "certificate of completion" and the

“covenant not to sue” to the county assessor of the county in which the “site” is located. If the legal description of the “site” and a map identifying the location and size of facilities and relevant features is included in the information supporting the voluntary remediation work plan, pursuant to IDAPA 58.01.18, “Idaho Land Remediation Rules,” Subsection 022.03.a.i., a copy of this information shall be included with the “application for partial exemption.” (7-1-98)

**c.** File the “application for partial exemption” with the county assessor on or before March 15 of the year for which the exemption is claimed. The “application for partial exemption” must be filed only once, during the first year of seven (7) year exemption period. (7-1-98)

**03. Calculation of the Exemption.** The exemption is fifty percent (50%) of the “remediated land value.” This exempt value is constant throughout the term of the exemption. The amount of the exemption shall never exceed the current market value of the land. For example:

Land Value on January 1 (after remediation)	=	\$200,000
Land Value on January 1 (before remediation)	=	-\$125,000
Remediated Land Value	=	\$75,000
Exemption Percent	=	x 50%
Exempt Value	=	\$37,500

For the example cited, the value of thirty-seven thousand five hundred dollars (\$37,500) would be the exempted value for each of the seven (7) years. (3-30-01)

**04. Exempt Value Subject to Taxation.** For any property eligible for the exemption provided by Section 63-602BB, Idaho Code, the exempt value will immediately be subject to taxation when any of the following events occur: (3-30-01)

**a.** If the “covenant not to sue” is rescinded during any year the exemption is in effect, the exempt value will immediately be subject to taxation for the entire year. Pursuant to IDAPA 58.01.18, Subsection 025.02, the Department of Environmental Quality shall notify the assessor of the county in which the “site” is located that the “covenant not to sue” is rescinded. (3-30-01)

**b.** If the “site” is transferred to a new owner during any year in which the exemption is in effect, the exempt value will immediately be subject to taxation for the entire year. (7-1-98)

**c.** The seven (7) year exemption period expires. (3-30-01)

**05. Sites Previously Granted the Exemption are Ineligible.** No “site” shall be granted the exemption provided in this section if said “site” had been previously granted this exemption regardless of whether the entire seven (7) years of the exemption had been used. (3-30-01)

**629. PROPERTY EXEMPT FROM TAXATION -- QUALIFIED EQUIPMENT UTILIZING POST CONSUMER OR POST INDUSTRIAL WASTE (RULE 629).**

**01. Qualified Personal Property.** Only that qualified personal property, located in Idaho, which utilizes postconsumer waste or post industrial waste in the production of a “product,” shall be exempt from taxation as personal property. The owner of the equipment shall, annually, petition the assessor for exemption. (7-1-97)

**02. Application.** The exemption shall be allowed only if the owner files the form prescribed by the State Tax Commission, which reports for the previous calendar year, the actual time each piece of qualified equipment is in use in the production of qualified “product” and non-qualified “product.” (7-1-97)

**03. Exempt Petition’s Definitions.** Petition for exemption shall be filed in the following manner:

(7-1-97)

**a.** Forms. Declaration forms for the reporting of personal property qualifying for exemption may be obtained from the county assessor or State Tax Commission. (7-1-97)

**b.** Declaration - qualified equipment. The declaration shall contain an itemized listing of all machinery or equipment qualifying for exemption. Each component part of the system must be identified by a brief description, the date of purchase and original cost, and the percentage of production time the component is devoted exclusively to the production of "product." The petition must be signed by the owner or duly authorized agent. Lack of required information shall be grounds for denial. (3-30-01)

**c.** Declaration - non-qualifying equipment. The declaration shall contain an itemized listing of all non-qualifying machinery or equipment used in the production of "product." This declaration shall list all non-qualifying taxable personal property as described in Section 63-302, Idaho Code. (3-30-01)

**d.** Timing. The completed declarations must be filed with the county assessor by March 15th of each year. (7-1-97)

**e.** Inspection. The county or State Tax Commission representative may inspect the property or the owner's records to identify components petitioned for exemption. Those components listed on the declaration must be identifiable as qualifying personal property assets of the claimant. (3-30-01)

**630. (RESERVED).**

**631. TAX EXEMPTION FOR INVESTMENT IN NEW PLANT AND BUILDING FACILITIES UPON COUNTY COMMISSIONERS' APPROVAL (RULE 631).**

**01. The Investment in Plant.** In order to qualify for this exemption a taxpayer must invest at least three million dollars (\$3,000,000) in new plant and building facilities excluding the investment in land. See Section 63-602NN, Idaho Code. (5-8-09)

**02. The Exemption.** The board of county commissioners may exempt all or a portion of the market value of the project for a period of up to five (5) years. Land is not to be included in this exemption. See Section 63-602NN(2), Idaho Code. (5-8-09)

Section 63-604, Idaho Code. (3-15-02)

**01. Definitions.** The following definitions apply for the implementation of the exemption for the speculative value portion of agricultural land. (7-1-99)

**a.** Homesite. The "homesite" is that portion of land, contiguous with but not qualifying as land actively devoted to agriculture, and the associated site improvements used for residential and farm homesite purposes. (7-1-99)

**b.** Associated Site Improvements. The "associated site improvements" include developed access, grading, sanitary facilities, water systems and utilities. (7-1-99)

**c.** Nursery Stock. Nursery stock is defined in Section 22-2302, Idaho Code. (3-15-02)

**d.** Land Used to Produce Nursery Stock. "Land used to produce nursery stock" means land used by an

agricultural enterprise to promote or support the promotion of nursery stock growth or propagation, not land devoted primarily to selling nursery stock or related products. This term also includes land under any container used to grow or propagate nursery stock. This term does not include land used for parking lots or for buildings sites used primarily to sell nursery stock or related items or any areas not primarily used for the nurturing, growth or propagation of nursery stock. (3-15-02)

**e.** Speculative Value Exemption. The “speculative value exemption” is the exemption allowed on land actively devoted to agriculture. (7-1-99)

**02. Homesite Assessment.** Effective January 1, 1999, each homesite and residential and other improvements, located on the homesite, shall be assessed at market value each year. (7-1-99)

**a.** Accepted Assessment Procedures. Market value shall be determined through procedures, methods, and techniques recommended by nationally recognized appraisal and valuation associations, institutes, and societies and according to guidelines and publications approved by the State Tax Commission. Acceptable techniques include those that are either time tested in Idaho, mathematically correlated to market sales, endorsed by assessment organizations, or widely accepted by assessors in Idaho and other states. (7-1-99)

**b.** Appropriate Market and Comparable Selection. The appropriate market is the market most similar to the homesite and improvements located on the homesite. In applying the sales comparison approach, the appraiser should select comparables having actual or potential residential use. (7-1-99)

**c.** Assigning secondary category. List and report the secondary category for the homesite using the chart in Subsection 645.02.c.

Description of Land	Secondary Category
Rural and Nonsubdivided	10
Rural and Subdivided	15
Urban	20

(4-2-08)

**d.** Homesite Independent of Remaining Land. The value and classification of the homesite will be independent of the classification and valuation of the remaining land. (7-1-99)

**03. Valuing Land, Excluding the Homesite.** The assessor shall value land, excluding the homesite, on the following basis: (5-3-03)

**a.** Land Used for Personal Use or Pleasure. Any land, regardless of size, utilized for the grazing of animals kept primarily for personal use or pleasure and not a portion of a for profit enterprise, shall be valued at market value using appraisal procedures identified in Paragraph 645.02.a. of this rule and shall not qualify for the speculative value exemption. (4-11-06)

**b.** Land in a Subdivision. Land in a subdivision with restrictions prohibiting agricultural use shall be valued at market value using appraisal procedures identified in Paragraph 645.02.a. of this rule and shall not qualify for the speculative value exemption. Land meeting the use qualifications identified in Section 63-604, Idaho Code, and in a subdivision without restrictions prohibiting agricultural use shall be valued as land actively devoted to agriculture using the same procedures as used for valuing land actively devoted to agriculture and not located in a subdivision. (4-11-06)

**c.** Land, Five (5) Contiguous Acres or Less. Land of five (5) contiguous acres or less shall be presumed nonagricultural, shall be valued at market value using appraisal procedures identified in Paragraph 645.02.a of this rule, and shall not qualify for the speculative value exemption. If the owner produces evidence that each contiguous holding of land under the same ownership has been devoted to agricultural use for the last three (3) growing seasons and it agriculturally produced for sale or home consumption fifteen percent (15%) or more of the

owner's or lessee's annual gross income or it produced gross revenue in the immediate preceding year of one thousand dollars (\$1,000) or more, the land actively devoted to agriculture, shall qualify for the speculative value exemption. For holdings of five (5) contiguous acres or less income is measured by production of crops, nursery stock, grazing, or net income from sale of livestock. Income shall be estimated from crop prices at harvest or nursery stock prices at time of sale. The use of the land and the income received in the prior year must be certified with the assessor by March 15, each year. (4-11-06)

**d.** Land, More Than Five (5) Contiguous Acres. Land of more than five (5) contiguous acres under one (1) ownership, producing agricultural field crops, nursery stock, or grazing, or in a cropland retirement or rotation program, as part of a for profit enterprise, shall qualify for the speculative value exemption. Land not annually meeting any of these requirements fails to qualify as land actively devoted to agriculture and shall be valued at market value using appraisal procedures identified in Paragraph 645.02.a. of this rule. (4-11-06)

**04. Cross Reference.** For definitions and general principles relating to the taxable value of land actively devoted to agriculture, see Rule 613 of these rules. For agricultural land taxable value calculation examples, see Rule 614 of these rules. For information relating to Christmas tree farms, other annual forest products, and yield tax, see Rule 968 of these rules. (3-30-07)

**646. -- 699. (RESERVED).**

**700. DEFINITIONS FOR PROPERTY TAX REDUCTION BENEFIT (RULE 700).**  
Section 63-701, Idaho Code. (3-15-02)

**01. Blind.** A person for whom there exists the medically documented opinion that the person is functionally blind as defined in Section 67-5402(2), Idaho Code. (3-30-01)

**02. Burden of Proof.** See Rule 600 of these rules. (3-15-02)

**03. Claimant's Income.** All income defined in Section 63-701(5), Idaho Code, that is received by either spouse is included in household income even if one spouse lives in a medical care facility or otherwise lives outside the home except as provided in Rule 709 of these rules. For the purposes of excluding from claimant's income any return of principal paid by the recipient of an annuity, follow these guidelines. (3-30-07)

**a.** An annuity means a contract sold by an insurance company to the claimant or claimant's spouse and designed to provide payments to the holder at specified equally spaced intervals or as a lump sum payment with the following conditions: (3-30-07)

i. The annuity must not be part of any pension plan available to an employee; (3-30-07)

ii. No tax preference is given to the money spent to purchase the annuity (purchase payments must not reduce the buyer's taxable income); (3-30-07)

iii. The buyer of the annuity must have purchased the annuity voluntary and not as a condition of employment or participation in an employer provided pension system; and (3-30-07)

iv. Earnings from investments in the annuity must be tax-deferred prior to withdrawal. (3-30-07)

**b.** Annuities do not include KEOGH plans, Individual Retirement Accounts (IRAs), employer provided pensions, and similar financial instruments. Life insurance premiums shall not be treated as the principal of an annuity. (3-30-07)

**c.** The recipient of the annuity payment(s), the claimant or claimant's spouse, has the burden of proving the income is the principal paid by the recipient. Such proof includes copies of the holder's annuity contract and any other documentation clearly indicating the conditions listed in Subparagraphs 700.03.a.i. through 700.03.a.iv. of this Rule are met. IRS form 1099 does not provide sufficient proof. (3-30-07)

Idaho Code, means a child judicially determined to be abandoned, as defined by Sections 16-1602 or 16-2005, Idaho Code, by the child's male/female parent or a child whose male/female parent has had his parental rights terminated pursuant to court order or is deceased. (3-30-01)

**05. Proportional Reduction of Value.** Proportional reduction of value pursuant to Section 63-701(7), Idaho Code, is required for partial ownership of otherwise eligible property. (3-15-02)

**a.** There is no reduction of value for community property with no other interests except as provided in Rules 610.07 and 709.04 of these rules. Additionally, there is no reduction in value for the ownership interests of a partner of a limited partnership, a member of a limited liability company or a shareholder of a corporation when that person has no less than a five percent (5%) interest in the entity unless any interests are shared by any entity other than the limited partnership, limited liability company or corporation. (3-15-02)

**b.** In other cases, benefits are to be calculated by applying the claimant's property tax reduction benefit to the eligible net taxable value of the claimant's share of the property. This value is determined by multiplying the market value of the land and of the improvement times the claimant's percent of ownership and subtracting the claimant's homeowner's exemption. (4-2-08)

**i.** Example 1. The claimant is the sole occupant of the property but only owns fifty percent (50%) of the property. In this example, the claimant's property tax reduction benefit will be applied to the tax on his/her net taxable market value of \$50,000.

Land Market Value	\$50,000
Improvement Market Value	\$150,000
Gross Market Value	\$200,000
Percent of Ownership of Claimant	50%
Claimant's Share of Land Market Value & Improvement Market Value (Land Market Value & Improvement Market Value x Percentage of Ownership)	\$100,000
Claimant's Homeowner's Exemption (Claimant's Share of Improvement and Land Market Value x 50%, not to exceed \$89,325 for 2007)	<\$50,000>
Claimant's Eligible Net Taxable Value equals Claimant's Share of Market Value less Homeowner's Exemption (\$100,000 - \$50,000 = \$50,000)	\$50,000

(4-2-08)

**ii.** Example 2. Tom Johnson and Marie Johnson, husband and wife, and property tax reduction claimant June Smith jointly own a property and occupy one (1) residential improvement located on the property. Calculate both homeowners' exemptions, and apply Ms. Smith's property tax reduction benefit to the tax on the net taxable value of her interest in the property.

Description	Value	Notes
Land	\$95,000	
Residential Improvement	\$215,000	
Land and Improvement	\$310,000	
Prorated ownership interest (land and improvement) (\$310,000 X 66.67%)	\$206,677	Mr. & Mrs. Johnson's interest

Description	Value	Notes
Homeowner's Exemption Maximum for 2007 (\$89,325 X 66.67%)	\$59,550	Mr. & Mrs. Johnson's Homeowner's Exemption
Prorated ownership interest (land and improvement) (\$310,000 X 33.33%)	\$103,323	Ms. Smith's interest
Homeowner's Exemption Maximum for 2007 (\$89,325 X 33.33%)	\$29,775	Ms. Smith's Homeowner's Exemption
Value of prorated interest less homeowner's exemption.	\$73,548	Ms. Smith's property tax reduction benefit is applied to the tax on the net taxable value.

**709. PROPERTY TAX REDUCTION BENEFIT PROGRAM -- SPECIAL SITUATIONS (RULE 709).**  
Section 63-701, Idaho Code. (3-15-02)

**01. Scope.** This rule addresses issues relating to the property tax reduction benefit program as it applies to certain unusual factual situations. It states general principles applicable to unusual cases and provides some illustrative examples. The rule cannot address every conceivable situation that may arise, but the principles established may apply to the resolution of situations not addressed in the rule. The following examples apply to qualified property tax reduction claimants. (3-30-01)

**02. General Principles.** Benefits under the property tax reduction program are only available to owners of property that have first qualified for the homeowner's exemption under Section 63-602G, Idaho Code. See Rule 610 of these rules. (3-15-02)

**03. Dual Residency Couples.** The definition of “dual residency couple” in Rule 610.02 of these rules applies to this rule. (3-15-02)

**a.** Example -- Both residences are community property. Property tax reduction is available in regard only to the residential improvement qualifying for the homeowner’s exemption. See Rule 610.04 of these rules. (3-15-02)

**b.** Example -- One (1) residence is community property, the other is separate property. Property tax reduction is available in regard only to the residential improvement qualifying for the homeowner’s exemption. See Rule 610.05 of these rules. (3-15-02)

**c.** Example -- Both residences are separate property. Property tax reduction is available in regard to both residential improvements. See Rule 610.06 of these rules. (3-15-02)

**d.** Household income. In the three (3) examples in Subsection 709.03, the household income upon which qualification is determined is the total of one-half (1/2) the community income plus any separate income of the spouse residing in the residence. (3-15-02)

**04. Apportionment of Property Tax Reduction Benefits by Dual Residency Couples.** If a dual residency couple makes the election provided in Subsection 610.07 of these rules and the applicable county assessor provided the State Tax Commission with a copy of the election required under that rule, each spouse shall be entitled to one-half (1/2) of the amount of any property tax reduction available to that spouse alone. The household income of the spouse shall be one-half (1/2) of the community income plus any separate income of the spouse residing in the residence. The total property tax reduction benefit shall not exceed the amount of benefit available to the individual spouse with the least household income if no election were made. (3-15-02)

**05. Multiple Ownerships Including Community Interests as Partial Owners.** Example: A deed conveys title to real property to a husband and wife and to an adult child of theirs. The husband and wife hold a community property interest in the improvement and the child is a tenant-in-common. The parents collectively hold a two-thirds (2/3) partial interest and the child holds a one-third (1/3) partial interest in the property. For clarification of the calculation of the net taxable value, see Rule 700.05.b. of these rules. Qualification for the property tax reduction is as follows: (3-15-02)

**a.** If the residential improvement is the primary dwelling of the husband and wife but not of the child, the claimant qualifies for full benefits applied on two-thirds (2/3) of the value of the property less the homeowner’s exemption. Household income is the total of the community and separate income of the spouses. (3-15-02)

**b.** If the residential improvement is the primary dwelling of the qualifying child, but neither the husband nor wife, the claimant qualifies for full benefits applied on one-third (1/3) of the value of the property less the homeowner’s exemption. Household income is the total of the child’s income. (3-15-02)

**c.** If the residential improvement is the primary dwelling of the husband, wife and a qualifying child, the claimant qualifies for the full benefits applied on full value of the property less the homeowner’s exemption. Household income is the total of the community and separate income of the spouses and the income of the child. (3-15-02)

**d.** If the residential improvement is the primary dwelling of one (1) spouse but of neither the other spouse nor the child, the claimant qualifies for full benefits applied on two-thirds (2/3) of the value of the property less the homeowner’s exemption unless the residential improvement of the other spouse has qualified for the homeowner’s exemption. Household income is the total income of both spouses. (3-15-02)

**e.** If the residential improvement is the primary dwelling of one (1) spouse and a qualifying child, the claimant qualifies for the full benefits applied on the full value of the property less the homeowner’s exemption unless the residential improvement of the other spouse has previously qualified for the homeowner’s exemption. Household income is the total income of both spouses plus the income of the child. (3-15-02)

**800. BUDGET CERTIFICATION RELATING TO OPERATING PROPERTY ANNEXATION VALUE (RULE 800).**

Section 63-802, Idaho Code. (4-5-00)

**01. "Appropriate County Auditor" Defined.** The "appropriate county auditor" is the county auditor of each county within which any taxing district with an annexation is located. (4-5-00)

**02. Annexation Values for Operating Properties.** Pursuant to Section 63-802, Idaho Code, the State Tax Commission shall certify the current year's taxable values of operating properties within annexations made during the previous calendar year. This certification will be a list summarizing the values of said operating properties for each applicable taxing district or unit. The State Tax Commission shall send this list to the appropriate county auditor on or before the third Monday in July. The State Tax Commission shall calculate these values based on the best available information. (4-5-00)

**03. Corrected Annexation Values for Operating Properties.** If any annexation values reported pursuant to Subsection 800.02 require correction, the State Tax Commission shall report such corrections on or before the first Monday of September. The State Tax Commission shall send these values to the appropriate county auditor. (4-5-00)

**04. County Auditor to Notify Taxing Districts or Units.** As soon as possible, but not later than fourteen (14) days after receipt of the list pursuant to Subsection 800.02 or the corrected values pursuant to Subsection 800.03, the appropriate county auditor shall send these values to the affected taxing districts or units. **801. LIMITATION ON BUDGET REQUESTS -- SPECIAL PLANT FACILITIES FUND LEVY PROVISIONS (RULE 801).**

Sections 63-802, 33-804, 33-317A, and 33-909, Idaho Code. (3-29-10)

**01. Limits on Plant Facilities Funds.** For any school or library district with a plant facilities fund created pursuant to Section 33-804, Idaho Code, the amount of property tax to be budgeted for said fund in any year cannot exceed four tenths of one percent (0.4%) multiplied by the market value for assessment purposes of the taxing district as of December 31 of the year prior to the first year in which a plant facilities fund levy is made. This limitation shall not apply to any state-authorized plant facilities levy, established under Section 33-909, Idaho Code, or to any cooperative service agency school plant facility levy established under Section 33-317A, Idaho Code. (3-29-10)

**02. No Additional Plant Facilities Fund Permitted.** Any school or library district with an existing plant facilities fund is not allowed to levy for an additional plant facilities fund in any tax year until the period of the existing plant facilities fund has expired. This limitation shall not apply to any state-authorized plant facilities levy, established under Section 33-909, Idaho Code or the cooperative service agency school plant facility levy established under Section 33-317A, Idaho Code. (3-29-10)

**03. Plant Facilities Fund Extensions or Increases.** Except for increases related to cooperative service agency school plant facility levies, any school or library district may hold an election to increase the amount to be levied pursuant to the requirements of Section 33-804, Idaho Code. For the purpose of such increase, the "total levy for school or library plant facilities and bonded indebtedness" shall be computed as follows. (3-29-10)

**a.** For the first year in which the increased or extended plant facilities fund levy is to be made, sum of the amount to be levied for the plant facilities fund and for any bond fund in existence prior to the new plant facilities

fund. (3-15-02)

**b.** Divide the sum computed in Subsection 801.03.a. by the district's actual market value for assessment purposes as of December 31 of the year immediately preceding the year in which the increased or extended plant facilities fund is to be levied. (3-15-02)

**c.** The value used for this calculation shall include any portion of increment value in any Revenue Allocation Area in the district, provided that property tax revenue resulting from the levy of the plant facilities fund against such increment value is allocated to the school district and not to any urban renewal agency. For example, an existing plant facilities fund levy raises one hundred thousand dollars (\$100,000) per year. The district wishes to increase this by fifty thousand dollars (\$50,000) per year. The "total levy" would be computed excluding the increment value for the one hundred thousand dollars (\$100,000) portion, but including the increment value for the fifty thousand dollars (\$50,000) new portion of the amount to be levied. (3-29-10)

**d.** Any plant facilities fund levy that is extended, pursuant to Section 33-804, Idaho Code, will be considered passed after December 31, 2007 for the purposes of section 50-2908, Idaho Code, and increment value will be included in the calculation of the "total levy" and the actual levy. (3-29-10)

**04. Cooperative Service Agency School (COSA) Plant Facility Fund Increases.** Any school district may hold an election to increase the amount to be levied pursuant to the requirements of Section 33-317A. For the purpose of determining whether the increase has been approved by the electors, the "total levy for school plant facilities" shall be computed as follows. (3-29-10)

**a.** The first year's dollar amount of the proposed COSA plant facility levy shall be divided by the school district's actual market value for assessment purposes, including any increment value in any Revenue Allocation Area in the district, as of December 31 of the year immediately preceding the first year in which the COSA plant facility levy is to be made. (3-29-10)

**b.** The dollar amount most recently certified by the school district for an existing plant facilities fund levy shall be divided by the district's actual market value for assessment purposes as of December 31 of the year immediately preceding the first year in which the COSA plant facility levy is to be made. The value used for this calculation shall include any portion of increment value in any Revenue Allocation Area in the district, provided that property tax revenue resulting from the levy of the plant facilities fund against such increment value is allocated to the school district and not to any urban renewal agency. (3-29-10)

**c.** The quotients computed in Paragraphs 801.04.a. and 801.04.b. shall be summed. (3-29-10)

**05. Maximum Amount of Increased Plant Facilities Fund.** Except as provided in Subsection 801.04, when any district increases its plant facilities fund amount to be levied, the maximum amount shall not in any year exceed four tenths of a percent (0.4%) multiplied by the actual market value for assessment purposes as of December 31 of the year immediately preceding the first year the increased fund is to be levied. This limitation shall not apply to Cooperative Service Agency school plant facility levies, which, in any year, shall not exceed four tenths of a percent (0.4%) multiplied by the actual market value for assessment purposes as of December 31 of the immediate prior year. (3-29-10)

**06. Special Reporting Requirements for State-Authorized Plant Facilities Levy.** When the state Department of Education certifies a state-authorized plant facilities levy to any county under Section 33-909, Idaho Code, the county clerk shall forward a copy of such certification to the State Tax Commission as an attachment to the L-2 Form described in Rule 803 of these rules and submitted for the affected school district. (3-30-07)

**07. Special Reporting for COSA and Increased Plant Facilities Levies.** Any COSA plant facilities levy shall be reported on a separate line on the L-2 Form defined in Rule 803 of these rules. In addition, the increased amount of a plant facilities levy originally approved on or before December 31, 2007 shall be reported on a separate line on the L-2 Form. (3-29-10)

**802. BUDGET CERTIFICATION RELATING TO NEW CONSTRUCTION AND ANNEXATION (RULE 802).**

Sections 63-802, 63-301A, 63-602W, and 63-602NN, Idaho Code. (5-8-09)

**01. Definitions.** (4-5-00)

**a.** “Change of Land Use Classification.” “Change of land use classification” shall mean any change in land use resulting in a secondary category change and in a change in taxable land value to be reflected on the current property roll. (4-7-11)

**b.** “Incremental Value as of December 31, 2006.” “Incremental value as of December 31, 2006” means the total of the increment values on the property roll, subsequent property roll, missed property roll, and operating property roll for the 2006 tax year. (4-7-11)

**c.** “Nonresidential Structure.” “Nonresidential structure” shall mean any structure listed by the assessor in any secondary category not described as residential, manufactured homes, or improvements to manufactured homes in Rule 511 of these rules. (4-2-08)

**02. New Construction Roll Listing.** “Listing” shall mean a summary report of the net taxable value of property listed on the new construction roll. This listing shall include the taxable value of qualifying new construction throughout each taxing district or unit, but shall not include otherwise qualifying new construction, the value of which will be included in the increment value of any revenue allocation area (RAA) within any urban renewal district encompassed by the taxing district or unit. This report is to summarize the value reported on the new construction roll by taxing district or unit. Taxing districts and units shall be listed in the same order that is used for the certification of value required pursuant to Section 63-510(1), Idaho Code. (4-7-11)

**a.** Previously allowable new construction that has never been included. When a taxing district proves new construction described by Section 63-301A(3), Idaho Code, has never been included on a new construction roll, the county assessor must list that property on the immediate next new construction roll at the value proven by the taxing district. Any such additional new construction must also be separately listed for each taxing district or unit. The taxing district has the burden of proving the new construction was omitted from any new construction roll and the value that would have been listed for that property had it been listed on the appropriate new construction roll. No taxing district shall ever be granted any increase in budget authority greater than the amount that would have resulted had the property been listed on the appropriate new construction roll. Regardless of the year that the new construction should have been listed on the appropriate new construction roll, additional budget authority resulting from new construction previously omitted from a new construction roll and listed on the current year’s new construction roll shall be permitted only if the taxing district is in compliance with the budget hearing notification requirements of Section 63-802A, Idaho Code, for the current year. (4-7-11)

**b.** Reporting the amount of taxable market value to be deducted. For each taxing district or unit, the new construction roll listing shall separately identify the total amount of taxable market value to be deducted as required in Section 63-301A(1)(f), Idaho Code. (4-7-11)

**c.** Determining the amount of taxable market value to be deducted. The amount of taxable market value to be deducted under Section 63-301A(1)(f)(i), Idaho Code, shall be determined by the highest authority to which the assessment is ultimately appealed. Accordingly, adjustments should not be made until there has been a final decision on any appeal. (4-7-11)

**03. Special Provisions for Value Increases and Decreases.** Special provisions for value increases and decreases related to change of land use classification as defined in Paragraph 802.01.a. of this rule. (4-7-11)

**a.** Value increases. Certain related land value increases are to be included on the new construction roll. (4-7-11)

**i.** Increases in land value shall be reported on the new construction roll in the year in which the new category appears on the current property roll provided, however, that no amount previously included shall be reported again. (4-7-11)

**ii.** The increase in taxable land value to be reported shall be computed by subtracting the taxable land

value, had the land remained in its previous use category, from the taxable land value in the current use category. (4-7-11)

**b.** Value decreases. Certain related land value decreases are to be included on the new construction roll and subtracted from total new construction value for any taxing district. (4-7-11)

i. Value decreases are to be reported only for land for which taxable market value had previously been added to any new construction roll. (4-7-11)

ii. If the current land category is the same as the category prior to the change that resulted in an addition to the new construction roll, the amount to be subtracted shall equal the amount originally added. For example, a dry grazing land parcel that would have had a value of ten thousand dollars (\$10,000) became commercial land and was assessed at fifty thousand dollars (\$50,000). The forty thousand dollar (\$40,000) difference was reported on the new construction roll in year one (1). In year two (2), the parcel is reclassified as dry grazing land and is to be assessed at fifteen thousand dollars (\$15,000). The forty thousand dollar (\$40,000) difference that was added to the year one (1) new construction roll must be deducted from the value shown on the new construction roll in year two (2). (4-7-11)

iii. If the current land category is different than the category prior to the change that resulted in an addition to the new construction roll, the amount to be subtracted shall be the lesser of the amount originally added or the amount that would have been added had the first change in land use been from the current land category. For example, a dry grazing land parcel that would have had a value of ten thousand dollars (\$10,000) became commercial land and was assessed at fifty thousand dollars (\$50,000). The forty thousand dollar (\$40,000) difference was reported on the new construction roll in year one (1). In year two (2), the parcel is reclassified as irrigated agricultural land and would have had a value in year one (1) of twenty thousand dollars (\$20,000). The amount to be subtracted from the value shown on the new construction roll in year two (2) is thirty thousand dollars (\$30,000). (4-7-11)

iv. Value decreases resulting from previously included land value becoming exempt are to be reported and subtracted. (4-7-11)

v. Only land value decreases that meet the criteria listed in Subparagraphs 802.03.b.i. or 802.03.b.iv. of this rule and include and result from a change in land secondary category can be considered. (4-7-11)

**04. Manufactured Housing.** "Installation" of new or used manufactured housing shall mean capturing the net taxable market value of the improvement(s) that did not previously exist within the county. (7-1-97)

**05. Partial New Construction Values.** Except as provided in Subsection 802.06 of this rule, the net taxable market value attributable directly to new construction shall be reported on the new construction roll in the tax year it is placed on the current assessment roll. Except as provided in Subsection 802.06 of this rule, any increase in a nonresidential parcel's taxable value, due to new construction, shall be computed by subtracting the previous year's or years' partial taxable value(s) from the current taxable value. If any of this difference is attributable to inflation, such value, except as provided in Subsection 802.06 of this rule, shall not be included on the new construction roll.

Example: Assume a partially completed, nonresidential improvement was assessed at ten thousand dollars (\$10,000) as of January 1, 2009. The improvement was occupied February 2, 2009. Assume the ten thousand dollar (\$10,000) value was on the 2009 new construction roll. Assume that in 2010 the improvement is assessed at ninety thousand dollars (\$90,000). Assume there has been no inflation. The value that can be reported on the 2010 new construction roll is calculated as follows:

2010 Value	\$90,000
2009 Value Already Reported on New Construction Roll	<\$10,000>
2010 New Construction Roll Value (this improvement)	\$80,000

(4-7-11)

**06. Change in Status.** (4-2-08)

**a.** A previously exempt improvement which becomes taxable shall not be included on the new construction roll, unless the loss of the exemption occurs during the year in which the improvement was constructed or unless the improvement has lost the exemption provided in Section 63-602W, Section 63-602E(3), or Section 63-602NN, Idaho Code. For any such property, the amount that may be included on the new construction roll shall be the value of the portion of the property subject to the exemption at the time the exemption was first granted. (4-7-11)

**b.** Upon receipt by the State Tax Commission of a resolution recommending adoption of an ordinance for termination of an RAA under Section 50-2903(5), Idaho Code, any positive difference of the most current increment value minus the “incremental value as of December 31, 2006,” shall be added to the appropriate year’s new construction roll. When this information is received after the fourth Monday in July, this positive net increment value shall be added to the following year’s new construction roll. (4-7-11)

**c.** When a portion of an RAA is de-annexed, the following steps must be used to determine the amount to be added to the current year’s new construction roll and the amount to be subtracted from the “incremental value as of December 31, 2006.” (4-7-11)

**i.** Step 1. For the parcels in the de-annexed area, determine the December 31, 2006, increment value. (4-7-11)

**ii.** Step 2. Subtract the increment value determined in Step 1 from the most current increment value for the parcels in the de-annexed area. (4-7-11)

**iii.** Step 3. Add any positive difference calculated in Step 2 to the current year’s new construction roll value. (4-7-11)

**iv.** Step 4. Adjust the “incremental value as of December 31, 2006” for the RAA by subtracting the increment value determined in Step 1. (4-7-11)

**v.** The following table shows the amount to be added to the current year’s new construction roll and the amount to be subtracted from the “incremental value as of December 31, 2006” applicable to the adjusted remaining RAA. The table assumes an area is de-annexed from an original RAA effective December 31, 2009.

<b>Steps (as designated in Paragraph 802.06.c.)</b>	<b>Area</b>	<b>Value</b>
	December 31, 2006, increment value of the original RAA	\$10,000,000
<b>Step 1</b>	December 31, 2006, increment value of the de-annexed area	\$1,000,000
	December 31, 2009, increment value of the de-annexed area	\$3,000,000
<b>Steps 2 and 3</b>	Amount related to the de-annexed area to be added to the 2010 new construction roll	\$2,000,000
<b>Step 4</b>	Adjustment amount to be deducted from the original RAA's “incremental value as of December 31, 2006”	<\$1,000,000>
	Adjusted “incremental value as of December 31, 2006” for the remaining RAA (base for future new construction roll additions upon dissolution of all or part of remaining RAA)	\$9,000,000

(4-7-11)

**07. Limitation on Annexation and New Construction Roll Value.** For any taxing district annexing property in a given year, the new construction roll for the following year shall not include value that has been included in the annexation value. When an annexation includes any part of a revenue allocation area, only taxable value that is part of the current base value of the taxing district is to be included in the annexation value reported for

that taxing district for the year following the year of the annexation. (3-29-10)

**08. Notification of New Construction Roll and Annexation Values.** On or before the fourth Monday in July, each county auditor must report the net taxable values on the new construction roll and within annexed areas for each appropriate taxing district or unit to that taxing district or unit. (3-20-04)

**803. BUDGET CERTIFICATION -- DOLLAR CERTIFICATION FORM (L-2 FORM) (RULE 803).**  
 Sections 63-602G(5), 63-802, 63-803, 63-3029B(4), and 63-3638(10), Idaho Code. (4-2-08)

**01. Definitions.** (4-5-00)

**a.** “Dollar Certification Form” (L-2 Form). The Dollar Certification Form (L-2 Form) is the form used to submit to the State Tax Commission the budget request from each Board of County Commissioners for each taxing district. This form shall be presumed a true and correct representation of the budget previously prepared and approved by a taxing district. The budget will be presumed adopted in accordance with pertinent statutory provisions unless clear and convincing documentary evidence establishes that a budget results in an unauthorized levy and action as provided in Section 63-809, Idaho Code. (4-6-05)

**b.** “Prior Year’s Market Value for Assessment Purposes.” Prior year’s market value for assessment purposes shall mean the value used to calculate levies during the immediate prior year. This value shall be used for calculating the permanent budget increase permitted for cities, pursuant to Section 63-802(1)(f), Idaho Code. (4-2-08)

**c.** “Annual Budget.” For the purpose of calculating dollar amount increases permitted pursuant to Section 63-802(1), Idaho Code, the annual budget shall include any amount approved as a result of an election held pursuant to Sections 63-802(1)(f) or 63-802(1)(g), Idaho Code, provided that said amount is certified on the L-2 Form as part of the budget request. If the amount certified does not include the entire amount approved as a result of the election held pursuant to Sections 63-802(1)(f) or 63-802(1)(g), Idaho Code, then the amount not used shall be added to the foregone increase amount determined for the taxing district. See the following example.

<b>CERTIFIED PROPERTY TAX BUDGET LIBRARY DISTRICT*</b>				
	FY 1999	FY 2000	FY 2001	FY 2002
Annual Budget	\$10,000	\$10,000	\$10,700	\$11,621
3% Increase	\$0	\$300	\$321	\$349
Subtotal	\$10,000	\$10,300	\$11,021	\$11,970
1999 Election Amount	\$0	\$400 of \$1,000	\$600 of \$1,000	\$0
Certified Budget	\$10,000	\$10,700	\$11,621	\$11,970

\*The Library District with zero dollars (\$0) in value for new construction and/or annexation approves an additional budget amount of one thousand dollars (\$1,000) in 1999, but only certifies four hundred dollars (\$400) for the year 2000. Note the example does not account for any foregone amount resulting from the district’s decision to not increase its budget by three percent (3%) in 1997, 1998 or 1999. (4-6-05)

**d.** “Property Tax Funded Budget.” Property tax funded budget means that portion of any taxing district’s budget certified to the Board of County Commissioners, approved by the State Tax Commission, and subject to the limitations of Section 63-802, Idaho Code. (3-20-04)

**e.** “Recovered/Recaptured Property Substitute Funds Tax List.” Recovered/recaptured property tax substitute funds list means the report sent by the county auditor to the appropriate taxing district(s)/unit(s) by the first Monday in August and to the State Tax Commission with the L-2 Forms, listing the amount of revenue distributed to each appropriate taxing district/unit as recovery of property tax or other payments during the twelve (12) month period ending June 30 each year under the following sections: (5-8-09)

- i. Section 63-602G(5), Idaho Code; and (5-8-09)
- ii. Section 63-3029B(4), Idaho Code; and (5-8-09)
- iii. Section 31-808(11), Idaho Code. (5-8-09)

**f.** “Taxing District/Unit.” Taxing district/unit means any governmental entity with authority to levy property taxes as defined in Section 63-201, Idaho Code, and those noncountywide governmental entities without authority to levy property taxes but on whose behalf such taxes are levied or allocated by an authorized entity such as the county or city for such entities as county road and bridge funds or urban renewal agencies, respectively. (4-6-05)

**g.** “New Taxing District.” For property tax budget and levy purposes, new taxing district means any taxing district for which no property tax revenue has previously been levied. See the Idaho Supreme Court case of Idaho County Property Owners Association, Inc. v. Syringa General Hospital District, 119 Idaho 309, 805 P.2d 1233 (1991). (4-2-08)

**02. Budget Certification.** The required budget certification shall be made to each Board of County Commissioners representing each county in which the district is located by submitting the completed L-2 Form prescribed by the State Tax Commission. (4-6-05)

**03. Budget Certification Requested Documents.** Using the completed L-2 Form, each board of county commissioners shall submit to the State Tax Commission a budget request for each taxing district in the county that certifies a budget request to finance the property tax funded portion of its annual budget. The board of county commissioners shall only submit documentation specifically requested by the State Tax Commission. (4-2-08)

**04. L-2 Form Contents.** Each taxing district or unit completing an L-2 Form shall include the following information on or with this form. (3-20-04)

**a.** “Department or Fund.” Identify the department or fund for which the taxing district is requesting a budget for the current tax year. (4-5-00)

**b.** “Total Approved Budget.” List the dollar amount of the total budget for each department or fund identified. The amounts must include all money that a taxing district has a potential to spend at the time the budget is set, regardless of whether funds are to be raised from property tax. (4-5-00)

**c.** “Cash Forward Balance.” List any money brought forward from a prior year to help fund the approved budget. Cash forward balance (Column 3) is the difference between the total approved budget (Column 2) and the sum of amounts reported as other revenue not shown in Column 5 (Column 4), agricultural equipment property tax replacement (Column 5), and balance to be levied (Column 6). (3-15-02)

**d.** “Other Revenue not Shown in Column 5.” List the revenue included in the total approved budget to be derived from sources other than property tax or money brought forward from a prior year. For example, sales tax revenue is included. (3-15-02)

**e.** “Property Tax Replacement.” Report the following: (5-8-09)

i. The amount of money received annually under Section 63-3638(10), Idaho Code, as replacement revenue for the agricultural equipment exemption under Section 63-602EE, Idaho Code; (4-2-08)

ii. The amount of money received as recovery of property tax exemption under Section 63-602G(5), Idaho Code, and listed on the “Recovered/recaptured property tax substitute funds list”; (5-8-09)

iii. The amount of money received as recapture of the property tax benefit under Section 63-3029B(4), Idaho Code, and listed on the “Recovered/recaptured property tax substitute funds list”; and (5-8-09)

iv. The amount of money transferred from the interest-bearing trust to the county indigent fund under

Section 31-808(11), Idaho Code. (5-8-09)

v. The appropriate amount of money listed on the statement and distributed to the county and each appropriate city under Section 63-2603, Idaho Code, as county property tax relief and detention facility debt retirement. (4-6-05)

f. "Balance to be Levied." Report the amount of money included in the total approved budget to be derived from property tax. (3-15-02)

g. Other Information. Provide the following additional information. (4-5-00)

i. The name of the taxing district or unit; (3-20-04)

ii. The date of voter approval (if required by statute) and effective period for any new or increased fund which is exempt from the budget limitations in Section 63-802, Idaho Code; (4-5-00)

iii. The signature, date signed, printed name, address, and phone number of an authorized representative of the taxing district; and (5-3-03)

iv. For a hospital district which has held a public hearing, a signature certifying such action. (4-5-00)

h. Attached Information. Other information submitted to the county auditor with the L-2 Form. (4-6-05)

i. For all taxing districts, L-2 worksheet. (3-20-04)

ii. For newly formed recreation or auditorium districts, a copy of the petition forming the district showing any levy restrictions imposed by that petition. (3-20-04)

iii. For any new ballot measures (bonds, overrides, permanent overrides, supplemental maintenance and operations funds, and plant facility funds), notice of election and election results. (3-20-04)

iv. Voter approved fund tracker. (3-20-04)

v. For fire districts, a copy of any new agreements with utility companies providing for payment of property taxes by that utility company to that fire district. (3-20-04)

vi. For any city with city funded library operations and services at the time of consolidation with any library district, each such city must submit a certification to the Board of County Commissioners and the Board of the Library District reporting the dedicated portion of that city's property tax funded library fund budget and separately reporting any portion of its property tax funded general fund budget used to fund library operations or services at the time of the election for consolidation with the library district. (3-20-04)

vii. For any library district consolidating with any city that had any portion of its property tax funded budget(s) dedicated to library operations or services at the time of the election for consolidation, each such library district must submit to the Board of County Commissioners a copy of the certification from that city reporting the information provided for in Subparagraph 803.04.h.vi., of this rule. (4-6-05)

**05. Special Provisions for Fire Districts Levying Against Operating Property.** To prevent double counting of public utility property values, for any year following the first year in which any fire district increases its budget using the provision of Section 63-802(2), Idaho Code, such fire district shall not be permitted further increases under this provision unless the following conditions are met: (3-30-01)

a. The fire district and public utility have entered into a new agreement of consent to provide fire protection to the public utility; and (3-30-01)

b. Said new agreement succeeds the original agreement; and (3-30-01)

c. In the first year in which levies are certified following the new agreement, the difference between the current year's taxable value of the consenting public utility and public utility value used in previous budget calculations made pursuant to this section is used in place of the current year's taxable value of the consenting public utility. (3-30-01)

**06. Special Provisions for Property Tax Replacement other than Replacement Money Received for Property Subject to the Exemption Provided in Section 63-602KK, Idaho Code.** With the exception of property tax replacement monies received for property subject to the exemption provided in Section 63-602KK, Idaho Code, property tax replacement monies must be reported on the L-2 Form and separately identified on accompanying worksheets. For all taxing districts, these monies must be subtracted from the "balance to be levied". The reduced balance shall be used to compute levies, but the maximum amount permitted pursuant to Section 63-802, Idaho Code, shall be based on the sum of these property tax replacement monies, excluding monies received pursuant to Section 31-808(11), Idaho Code, and the amount actually levied. (5-8-09)

a. The State Tax Commission shall, by the fourth Monday of July, notify each county clerk if the amount of property tax replacement money, pursuant to Section 63-3638(10), Idaho Code, to be paid to a taxing district changes from the amount paid in the preceding year. By the first Monday of May, the State Tax Commission shall further notify each school district and each county clerk of any changes in the amount of property tax replacement money to be received by that school district pursuant to Section 63-3638(10), Idaho Code. (5-8-09)

b. By no later than the first Monday of August of each year, each county clerk shall notify each appropriate taxing district or unit of the total amount of property tax replacement monies that will be received. (4-2-08)

c. Except as provided in Paragraph 803.06.d. of this rule, the subtraction required in Subsection 803.06 of this rule may be from any fund(s) subject to the limitations of Section 63-802, Idaho Code. For school districts this subtraction must be first from funds subject to the limitations of Section 63-802, Idaho Code, then from other property tax funded budgets. (5-8-09)

d. For counties receiving monies described in Section 31-808(11), Idaho Code, the amount of money transferred from the interest-bearing trust to the county indigent fund shall be subtracted from the maximum amount of property tax revenue permitted pursuant to Section 63-802, Idaho Code. (5-8-09)

e. Levy limits shall be tested against the amount actually levied. (3-15-02)

**07. Special Provisions for Property Tax Replacement Received for Property Subject to the Exemption Provided in Section 63-602KK, Idaho Code.** The following procedure is to be used to calculate levy rates and maximum amounts of property tax revenue for taxing districts or units that receive property tax replacement money for property subject to the exemption in Section 63-602KK, Idaho Code. (5-8-09)

a. Such property tax replacement money is not to be subtracted from the "balance to be levied" amount certified on the L-2 Form. (5-8-09)

b. The otherwise taxable value of the property subject to the exemption provided in Section 63-602KK, Idaho Code, is to be included in the value of the taxing district or unit used to calculate the levy rate. (5-8-09)

c. The maximum amount permitted pursuant to Section 63-802, Idaho Code, shall be based on the amount actually levied plus other property tax replacement money as defined in Paragraph 803.4.e. of this rule, excluding any amount transferred as provided in Section 31-808(11), Idaho Code. (5-8-09)

**08. Special Provisions for Library Districts Consolidating with Any City's Existing Library Operations or Services.** For any library district consolidating with any city's existing library operations or services, the amount of the dedicated property tax funded general fund and library fund budgets certified by the city under Subparagraph 803.04.h.vi., of this rule shall be added to that library district's property tax funded budget in effect at the time of the election for consolidation. This total shall be used as this district's property tax funded budget for the

most recent year of the three (3) years preceding the current tax year for the purpose of deciding the property tax funded budget that may be increased as provided by Section 63-802, Idaho Code. (4-6-05)

**09. Special Provisions for Cities with Existing Library Operations or Services Consolidating with Any Library District.** For any city with existing library operations or services at the time of consolidation with any library district, the amount of the dedicated property tax funded library fund budget included in the certification by the city under Subparagraph 803.04.h.vi., of this rule shall be subtracted from that city's total property tax funded budget in effect at the time of the election for the consolidation. This difference shall be used as this city's property tax funded budget for the most recent year of the three (3) years preceding the current tax year for the purpose of deciding the property tax funded budget that may be increased as provided by Section 63-802, Idaho Code. (4-6-05)

**10. Special Provisions for Calculating Total Levy Rate for Taxing Districts or Units with Multiple Funds.** Whenever the "Calculated Levy Rate" column of the L-2 Form indicates that a levy rate has been calculated for more than one (1) fund for any taxing district or unit, the "Column Total" entry must be the sum of the levy rates calculated for each fund. Prior to this summation, the levy rates to be summed must be rounded or truncated at the ninth decimal place. No additional rounding is permitted for the column total. (4-6-05)

**11. Special Provisions for School Districts' Tort Funds - Hypothetical New Construction Levy.** To calculate the new construction portion of the allowed annual increase in a school district's tort fund under Section 63-802(1), Idaho Code, calculate a Hypothetical New Construction Levy. To calculate this levy, sum the school district's tort fund for the prior year and the agricultural equipment replacement revenue subtracted from that tort fund, then divide this sum by the school district's taxable value used to determine the tort fund's levy for the prior year. For the current year, the allowed tort fund increase for new construction is this Hypothetical New Construction Levy times the current year's new construction roll value for the school district. (4-2-08)

**12. Special Provisions for Interim Abatement Districts.** When an interim abatement district transitions into a formally defined abatement district under Section 39-2812, Idaho Code, the formally defined abatement district shall not be considered a new taxing district as defined in Paragraph 803.01.g. of this rule for the purposes of Section 63-802, Idaho Code. For the formally defined abatement district, the annual budget subject to the limitations of Section 63-802, Idaho Code, shall be the amount of property tax revenue approved for the interim abatement district. (4-2-08)

**13. Cross Reference for School Districts with Tuition Funds.** For any school district certifying a tuition fund levy in 2006 or any year thereafter, see Section 33-1408, Idaho Code, as amended by the First Extraordinary Session of the Fifty-eighth Legislature, for clarification that the amount of property tax revenue for a tuition fund is not subject to the limitations of Section 63-802, Idaho Code. (4-2-08)

**804. TAX LEVY -- CERTIFICATION -- URBAN RENEWAL DISTRICTS (RULE 804).** Section 50-2908, 63-803, and 63-811, Idaho Code. (5-8-09)

**01. Definitions.** (4-5-00)

**a.** "Urban renewal district." An urban renewal district, as referred to in Section 63-215, Idaho Code, shall mean an urban renewal area formed pursuant to an urban renewal plan adopted in accordance with Section 50-2008, Idaho Code. Urban renewal districts are not taxing districts. (4-5-00)

**b.** "Revenue allocation area (RAA)." A revenue allocation area (RAA) as referred to in Section 50-2908, Idaho Code, shall be the area defined in Section 50-2903, Idaho Code, in which base and increment values are to be determined. Revenue allocation areas (RAAs) are not taxing districts. (4-5-00)

**c.** "Current base value." The current base value of each parcel in a taxing district or unit shall be the value of that parcel on the current base assessment roll as defined under Section 50-2903, Idaho Code. Current base value does not include value found on the occupancy roll. (4-5-00)

**d.** "Initial base value." The initial base value for each parcel is the sum of the taxable value of each category of property in the parcel for the year the RAA is established. (4-5-00)

e. "Increment value." The increment value is the difference between the current equalized value of each parcel of taxable property in the RAA and that parcel's current base value, provided such difference is a positive value. (4-5-00)

**02. Establishing and Adjusting Base and Increment Values.** (4-5-00)

a. Establishing initial base value. If a parcel's legal description has changed prior to computing initial base year value, the value that best reflects the prior year's taxable value of the parcel's current legal description must be determined and will constitute the initial base year value for such parcel. The initial base value includes the taxable value, as of the effective date of the ordinance adopting the urban renewal plan, of all otherwise taxable property, as defined in Section 50-2903, Idaho Code. Initial base value does not include value found on the occupancy roll. (4-5-00)

b. Adjustments to base value - general value changes. Adjustments to base values will be calculated on a parcel by parcel basis, each parcel being a unit and the total value of the unit being used in the calculation of any adjustment. Base values are to be adjusted downward when the current taxable value of any parcel in the RAA is less than the most recent base value for such parcel. In the case of parcels containing some categories of property which increase in value and some which decrease, the base value for the parcel will only decrease provided the sum of the changes in category values results in a decrease in total parcel value. Any adjustments shall be made by category and may result in increases or decreases to base values for given categories of property for any parcel. Adjustments to base values for any real, personal, or operating property shall establish new base values from which future adjustments may be made. In the following examples the parcel's initial base value is one hundred thousand dollars (\$100,000), including Category 21 value of twenty thousand dollars (\$20,000) and Category 42 value of eighty thousand dollars (\$80,000). (4-5-00)

i. Case 1: Offsetting decreases and increases in value. One (1) year later the parcel has a one thousand dollar (\$1,000) decrease in value in Category 21 and a one thousand dollar (\$1,000) increase in Category 42 value. There is no change in the base value for the parcel. (4-5-00)

ii. Case 2: Partially offsetting decreases and increases in value. One (1) year later the parcel has a three thousand dollars (\$3,000) decrease in value in Category 21 and a one thousand dollars (\$1,000) increase in Category 42 value. The base value decreases two thousand dollars (\$2,000) to ninety-eight thousand dollars (\$98,000). (4-5-00)

iii. Case 3: Future increase in value following decreases. One (1) year after the parcel in Case 2 has a base value reduced to ninety-eight thousand dollars (\$98,000), the value of the parcel increases by five thousand dollars (\$5,000) which is the net of category changes. The base value remains at ninety-eight thousand dollars (\$98,000). (4-5-00)

c. Adjustments to base value - splits and combinations. Before other adjustments can be made, the most recent base value must be adjusted to reflect changes in each parcel's legal description. This adjustment shall be calculated as described in the following subsections. (4-5-00)

i. When a parcel has been split, the most recent base year value is transferred to the new parcels, making sure that the new total equals the most recent base year value. (4-5-00)

ii. When a parcel has been combined with another parcel, the most recent base year values are added together. (4-5-00)

iii. When a parcel has been split and combined with another parcel in the same year, the value of the split shall be calculated as set forth in Subsection 804.02.c.i. and then the value of the combination will be calculated as set forth in Subsection 804.02.c.ii. (4-5-00)

d. Adjustments to base values when exempt parcels become taxable. Base values shall be adjusted as described in the following subsections. (4-5-00)

i. Fully exempt parcels at time of RAA establishment. When a parcel that was exempt at the time the

RAA was established becomes taxable, the base value is to be adjusted upwards to reflect the estimated value of the formerly exempt parcel at the time the RAA was established. (4-5-00)

ii. Partially exempt parcels. When a partially exempt parcel within the RAA becomes fully taxable, the base value of the RAA shall be adjusted upwards by the difference between the value that would have been assessed had the parcel been fully taxable in the year the RAA was established and the taxable value of the parcel included in the base value of the RAA. For example, assume a parcel of farmland within an RAA had a taxable value of five hundred dollars (\$500) in the year the RAA base value was established. Assume also that if this parcel had not been actively devoted to agriculture at that time, the taxable value would have been fifteen hundred dollars (\$1500). After five (5) years, this parcel is no longer used for farming, loses its partial exemption, and becomes reclassified as industrial land with a value of ten thousand dollars (\$10,000). The base value within the RAA would be adjusted upwards by one thousand dollars (\$1,000), the difference between fifteen hundred dollars (\$1500) and five hundred (\$500). (4-5-00)

iii. Change of exempt status. When a parcel that is taxable and included in the base value at the time the RAA is established subsequently becomes exempt, the base value is reduced by the original value of the parcel included in the base value. If this parcel subsequently becomes taxable, the base value is to be adjusted upward by the same amount that was originally subtracted. For example, assume a land parcel had a base value of twenty thousand dollars (\$20,000). Three (3) years later, an improvement valued at one hundred thousand dollars (\$100,000) was added. The land at this later date had a value of thirty thousand dollars (\$30,000). Both land and improvements were purchased by an exempt entity. The base would be reduced by twenty thousand dollars (\$20,000). Five (5) years later, the land and improvement becomes taxable. The base value is to be adjusted upwards by twenty thousand dollars (\$20,000). (4-5-00)

e. Adjustments to base values when property is removed. Base values are to be adjusted downward for real, personal, and operating property removed from the RAA. Property shall be considered removed only under the conditions described in the following subsections. (4-5-00)

i. For real property, all of the improvement is physically removed from the RAA, provided that there is no replacement of said improvement during the year the original improvement was removed. If said improvement is replaced during the year of removal, the reduction in base value will be calculated by subtracting the value of the new improvement from the current base value of the original improvement, provided that such reduction is not less than zero (0). (4-5-00)

ii. For personal property, all of the personal property associated with one (1) parcel is physically removed from the RAA. (4-5-00)

iii. For operating property, any of the property under a given ownership is removed from the RAA. (4-5-00)

f. Adjustments to increment values. Decreases in total parcel value below the initial base value decrease the base value for the parcel. This leads to greater increment value if the parcel increases in value in future years. For example, if a parcel with a initial base value of one hundred thousand dollars (\$100,000) decreases in value to ninety-five thousand dollars (\$95,000), but later increases to ninety-eight thousand dollars (\$98,000), an increment value of three thousand dollars (\$3,000) is generated. If the same parcel increases in value to one hundred two thousand dollars (\$102,000) after the decrease to ninety-five thousand dollars (\$95,000), the increment value would be seven thousand dollars (\$7,000). (4-5-00)

g. Apportioning operating property values. For operating property, the original base value shall be apportioned to the RAA on the same basis as is used to apportion operating property to taxing districts and units. The operating property base value shall be adjusted as required under Section 50-2903, Idaho Code. (4-5-00)

**03. Levy Computation for Taxing Districts Encompassing RAAs Within Urban Renewal Districts.** Beginning in 2008, levies shall be computed in one (1) of two (2) ways as follows: (5-8-09)

a. For taxing district or taxing unit funds other than those meeting the criteria listed in Subsection 804.05 of this rule, the property tax levy shall be computed by dividing the dollar amount certified for the property

tax portion of the budget of the fund by the market value for assessment purposes of all taxable property within the taxing district or unit, including the value of each parcel on the current base assessment roll (base value), but excluding the increment value. For example, if the taxable value of property within a taxing district or unit is one hundred million dollars (\$100,000,000) but fifteen million dollars (\$15,000,000) of that value is increment value, the levy of the taxing district must be computed by dividing the property tax portion of the district's or unit's budget by eighty-five million dollars (\$85,000,000). (5-8-09)

**b.** For taxing district or taxing unit funds meeting the criteria listed in Subsection 804.05 of this rule, the property tax levy shall be computed by dividing the dollar amount certified for the property tax portion of the budget of the fund by the market value for assessment purposes of all taxable property within the taxing district or unit, including the increment value. Given the values in the example in Paragraph 804.03.a. of this rule, the levy would be computed by dividing the property tax portion of the fund by one hundred million dollars (\$100,000,000). (5-8-09)

**04. Modification of an Urban Renewal Plan.** When an authorized municipality passes an ordinance modifying an urban renewal plan containing a revenue allocation financing provision, the current value of property in the RAA shall be determined as if the modification had not occurred. All modifications to urban renewal areas and RAAs must comply with the provisions of Rule 225 of these rules. (4-5-00)

**a.** Modification by consolidation of RAAs. If such modification involves combination or consolidation of two (2) or more RAAs, the base value shall be determined by adding together independently determined current base values for each of the areas to be combined or consolidated. The current taxable value of property in an area not previously included in any RAA shall be added to determine the total current base value for the consolidated RAA. (4-5-00)

**b.** Modification by annexation. (5-8-09)

**i.** If an RAA is modified by annexation, the current taxable value of property in the area annexed shall be added to the most current base value determined for the RAA prior to the annexation. (5-8-09)

**ii.** For levies described in Paragraphs 804.05.b., c., or d. of this rule approved prior to December 31, 2007, and included within the boundaries of a revenue allocation area by a change in the boundaries of either the revenue allocation area or the area subject to the levy by the taxing district or unit fund after December 31, 2007, the property tax levy shall be computed by dividing the dollar amount certified for the property tax portion of the budget of the fund by the market value for assessment purposes of all taxable property within the taxing district or unit, including the increment value. The example below shows the value to be used for setting levies for various funds within an urban renewal district "A" that annexes area "B" within a school district. Area (B) was annexed after December 31, 2007. Therefore, the Area (B) increment was added back to the base for all funds shown except the tort fund. The Area (A) increment value was added back to the base for the bond and override funds which were certified or passed after December 31, 2007.

(5-8-09)

**a.** Refunds or credits pursuant to Section 63-1305, Idaho Code, and any school district judgment pursuant to Section 33-802(1), Idaho Code, provided the refunds, credits, or judgments were pursuant to actions taken no earlier than January 1, 2008; (5-8-09)

**b.** Voter approved overrides of the limits provided in Section 63-802, Idaho Code, provided such overrides are for a period not to exceed two (2) years and were passed after December 31, 2007, or earlier as provided in the criteria found in Paragraph 804.05.e.; (5-8-09)

**c.** Voter approved bonds and plant facilities reserve funds passed after December 31, 2007, or earlier as provided in the criteria found in Paragraph 804.05.e.; (5-8-09)

**d.** Voter approved school or charter school district temporary supplemental maintenance and operation levies passed after December 31, 2007; or (3-29-10)

**e.** Levies described in Paragraphs 804.05.b., c., or d. approved prior to December 31, 2007, and included within the boundaries of a revenue allocation area by a change in the boundaries of either the revenue allocation area or the area subject to the levy by the taxing district or unit fund after December 31, 2007; (3-29-10)

**f.** Levies authorized by Section 33-317A, Idaho Code, known as the cooperative service agency school plant facility levy. (3-29-10)

**06. Cross Reference.** The county auditor shall certify the full market value by taxing district as specified in Rule 995 of these rules. (4-2-08)

**805. PENALTY FOR FAILURE TO PROVIDE NOTICE OF BUDGET HEARING (RULE 805).** Section 63-802A, Idaho Code. (3-15-02)

**01. Penalties for Noncompliance.** Effective January 1, 2003, penalties shall be applied to any taxing district that fails to provide each appropriate county clerk with written notification of the budget hearing information required pursuant to Section 63-802A, Idaho Code. There shall be no increase in the portion of the budget subject to the limitations of Section 63-802, Idaho Code. This restriction shall apply to otherwise available budget increases from the three percent (3%) growth factor, new construction or change of land use classification, and annexation.

There shall also be no increase resulting from adding previously accrued foregone increase amounts to the budget and the total accrued foregone amount shall not change for a noncomplying district. The penalties provided by this section apply only to failure to comply with the April 30 notification deadline. (4-2-08)

**02. Exceptions.** Voter approved budget increases permitted pursuant to Section 63-802(4), Idaho Code, shall be allowed. (3-15-02)

**03. County Clerks to Submit Lists.** By the fourth Monday of May, each county clerk shall submit to the State Tax Commission a list of noncomplying taxing districts along with other documents required pursuant to Rule 803 of these rules and Section 63-808, Idaho Code. (4-11-06)

**806. ELECTION TO CREATE A NEW TAXING DISTRICT -- CLERK'S MAILED NOTICE (RULE 806).**

Section 63-802C, Idaho Code. The sponsors of a new taxing district, including interim abatement districts, shall submit an estimate of the first year's property tax budget to the county clerk sixty (60) days prior to the election. When the estimate of the first year's budget is received, the county clerk shall estimate the levy rate based on the most recent actual or estimated taxable value information available. If the sponsors fail to provide the budget information, the county clerk shall, for taxing districts with funds subject to maximum levy rates, estimate the amount of property taxes to be raised in the proposed district by multiplying the maximum levy rate permitted by law times the most current available estimate of taxable value. Pertaining to the estimate of the first year's levy only, the estimated levy rate, computed based on the information supplied by the sponsors, or the maximum levy rate permitted by law if the information has not been supplied, shall be used to compute the estimated taxes per one hundred thousand dollars (\$100,000) of net taxable value. The maximum levy rate means the sum of every maximum statutory levy rate for any fund subject to such rates for the taxing district type. (5-8-09)

**807. LEVY BY NEW TAXING UNITS - DUTIES OF AUDITOR (RULE 807).**

Section 63-807, Idaho Code. (5-3-03)

**01. (5-3-03)

**02. Levy by Taxing Districts Altering Boundaries.** Regardless of whether other boundary alteration requirements have been met, taxing districts that alter their boundaries and fail to meet the requirements of Rule 225 of these rules, shall not be authorized to levy property taxes within any area added to the district. If area is withdrawn from any district that fails to meet the requirements of Rule 225 of these rules, any levy by the district will be applied to taxable property within the withdrawn area. (5-3-03)

**03. Levy Considered Not Authorized.** If a taxing district fails to meet the requirements of Subsection 807.01 or 807.02 of this rule, the district's levy or its levy within an altered area shall be considered not authorized, pursuant to Section 63-809, Idaho Code. (5-3-03)

(4-2-08)

**02. Errors Discovered After the Fourth Monday in October.** When the State Tax Commission receives after the fourth Monday in October and prior to the following January 30 notices of corrections for any unintentional errors, as referenced in Subsection 809.01 of this rule, the State Tax Commission shall make the corrections and approve the appropriate corrected levies within one (1) week. For these taxpayers, the tax notice shall show the amount to be paid on behalf of the taxpayer and zero taxes owed. (5-8-09)

**02. Tax Notices Applicable to Taxpayers Eligible for the Exemption Provided by Section 63-602KK, Idaho Code.** The tax notice for taxpayers who receive a reduction in the amount of property tax due must show the gross value of the personal property, the gross tax amount, the amount exempted, the tax amount to be paid by the state, and the net tax due from the taxpayer even if zero (0) tax is owed. **903. -- 935. (RESERVED).**

**936. CANCELLATION OF TAXES BY BOARD OF COUNTY COMMISSIONERS (RULE 936).**  
Section 63-1302, Idaho Code authorizes boards of county commissioners to cancel property taxes that for any lawful reason should not be collected. The board may cancel taxes for double payment of taxes or the double or erroneous assessment of any property for the same year or other errors. Additionally, when the canceled taxes have been paid, the board may refund the taxes. The authority to cancel taxes under Section 63-1302, Idaho Code, extends neither to hardship situations nor to cancellation of tax resulting from unequal or excessive valuation by the assessor. Mere unequal or excessive valuation by the assessor does not make the assessment illegal, nor constitute any lawful reason that the taxes should not be collected. A taxpayer who believes the value placed on his property is excessive must file his appeal with the county board of equalization within the time prescribed by law. A taxpayer seeking relief due to hardship must apply pursuant to Section 63-602AA, Idaho Code. (7-1-98)

For each

affected taxing district, the decision to certify and levy such amounts is permissive. For any taxing district to use this provision, amounts to be levied must be certified within the two years immediately following the order becoming final. Any amount, not certified and levied within that two-year period, is lost. In the second year following the order, the amount remaining will be lost for any taxing district for which such amount is less than \$100. (3-30-07)

**04. Forestland Management Plan.** Forestland management plan shall mean a written management plan reviewed by a professional consulting forester, Idaho Department of Lands private forestry specialist, professional industry forester, or federal government forester, to include eventual harvest of the forest crop. Professional forester is defined as an individual holding at least a Bachelor of Science degree in forestry from an accredited four (4) year institution. **06. County Weighted Average Forestland Levy Rate.** The county weighted average forestland levy rate is calculated by summing the products of the levy rate times the number of forested acres for each forested tax code area in each county and dividing this sum by the total number of forested acres in all forested tax code areas in each county. (4-11-06)

**07. Weighted Average Forestland Levy Rate.** The weighted average forestland levy rate is the weighted average forestland levy rate defined in Subsection 960.06 of this rule multiplied by the total number of designated forestland acres in each county. The sum of the product of this calculation for each county in a forest value zone is then divided by the total number of designated forestland acres in the forest value zone. (4-11-06)

**08. Guiding Discount Rate.** The guiding discount rate shall be determined in accordance with procedures found in the User's Guide and derived from ten (10) year treasury constant maturity rates as reported by the federal reserve system, the producer price index (PPI) published by the U.S. bureau of labor statistics, and a risk premium. (4-11-06)

**09. Real Price Appreciation of Stumpage.** A real price appreciation (RPA) of stumpage in Idaho shall be determined in accordance with procedures found in the User's Guide and will be benchmarked to the PPI for softwood logs and bolts as reported by the U.S. bureau of labor statistics, less inflation as reported in the PPI. (4-11-06)

**10. Joint Ownership.** Joint ownership as used in Subsections 963.01 and 966.01 of these rules includes ownership of a single parcel of forestland by two (2) or more legal entities irrespective of their proportionate ownership interests in the parcel, but shall not include the community property interests of a spouse. (3-30-01)

**961. HOMESITE ASSESSMENT AND FORESTLANDS OF LESS THAN FIVE ACRES AND CONTIGUOUS PARCELS (RULE 961).**

Sections 63-1702 and 63-1703, Idaho Code. (4-7-11)

**01. Definitions.** The following definitions apply to the valuation of residential parcels that are contiguous to lands classified as forestlands. (4-7-11)

**a. Homesite.** The "homesite" is that portion of land, contiguous with but not qualifying as forestlands, and the associated site improvements used for residential purposes. (4-7-11)

**b. Associated Site Improvements.** The "associated site improvements" include developed access, grading, sanitary facilities, water systems, and utilities. (4-7-11)

**02. Homesite Assessment.** Each homesite and residential and other improvements, located on the homesite, shall be assessed at market value each year. (4-7-11)

**a. Accepted Assessment Procedures.** Market value shall be determined through procedures, methods, and techniques recommended by nationally recognized appraisal and valuation associations, institutes, and societies and according to guidelines and publications approved by the State Tax Commission. Acceptable techniques include those that are either time tested in Idaho, mathematically correlated to market sales, endorsed by assessment organizations, or widely accepted by assessors in Idaho and other states. (4-7-11)

**b. Appropriate Market and Comparable Selection.** The appropriate market is the market most similar to the homesite and improvements located on the homesite. In applying the sales comparison approach, the appraiser should select comparables having actual or potential residential use. (4-7-11)

**c.** The value and classification of the homesite will be independent of the classification and valuation of the remaining land. (4-7-11)

**d.** Assigning secondary category. List and report the secondary category for the homesite using the chart in Paragraph 961.02.d. of this rule.

Description of Land	Secondary Category
Rural and Nonsubdivided	10
Rural and Subdivided	15
Urban	20

(4-7-11)

**03. Forestlands of Less Than Five Acres and Contiguous Parcels.** A parcel of forestland that is less than five (5) acres is not eligible for valuation and taxation as forestland unless the land is contiguous with one (1) or more other parcels of forestland under the same ownership and the contiguous parcels together constitute five (5) acres or more of forestland as defined in Section 63-1701, Idaho Code. The five (5) acre minimum requirement must exclude any homesite. In the following examples each parcel of land is forestland as defined in Section 63-1701, Idaho Code, unless otherwise stated in the example. (4-7-11)

**a.** Example 1. A landowner owns a fifteen (15) acre parcel which contains four (4) acres of forestland, nine (9) acres of irrigated row crop, and two (2) acres of homesite. The four (4) acres of forestland is not eligible for valuation and taxation as forestland. (4-6-05)

**b.** Example 2. A landowner owns five hundred and six (506) acres consisting of one (1) five hundred (500) acre parcel of forestland and six (6) one (1) acre parcels of forestland, that are not contiguous either to one another or to the five hundred (500) acre parcel. The five hundred (500) acre parcel is eligible for valuation and taxation as forestland. The six (6) one (1) acre parcels, are not eligible for valuation and taxation as forestland. (4-6-05)

**c.** Example 3. A landowner owns five hundred and six (506) acres consisting of one (1) five hundred (500) acre parcel of forestland and six (6) one (1) acre parcels of forestland that are contiguous to the five hundred (500) acre parcel but may or may not be contiguous to one another. The entire five hundred and six (506) acres are eligible for valuation and taxation as forestland. (4-6-05)

**d.** Example 4. A landowner owns six (6) noncontiguous one (1) acre parcels of forestland. The six (6) one (1) acre parcels are not eligible for valuation and taxation as forestland. (4-6-05)

**e.** Example 5. A landowner owns six (6) contiguous one (1) acre parcels of forestland. The six (6) one (1) acre parcels are eligible for valuation and taxation as forestland. (4-6-05)

**962. TAXATION OF FORESTLANDS UNDER THE PRODUCTIVITY OPTION (RULE 962).** Section 63-1705, Idaho Code. (4-11-06)

**01. Forestland Valuation Process.** The process used to determine the forestland value under the productivity option shall be as specified in the User's Guide referenced in Section 63-1701, Idaho Code. (4-11-06)

**02. Forest Valuation Zones.** The state shall be divided into four (4) forest valuation zones: (7-1-99)

**a.** ZONE 1 - Boundary, Bonner, Kootenai counties. (7-1-97)

**b.** ZONE 2 - Benewah, Shoshone, Latah, Clearwater, Nez Perce, Lewis, Idaho counties. (7-1-97)

**c.** ZONE 3 - Adams, Valley, Washington, Payette, Gem, Boise, Canyon, Ada, Elmore, Camas, Blaine, Gooding, Lincoln, Jerome, Minidoka counties. (7-1-97)

**d.** ZONE 4 - The remaining nineteen (19) counties. (7-1-97)

**03. Classification of Forestlands.** In all forest valuation zones, there shall be three (3) separate productivity classes of forestland: poor, medium, and good. These broad classes are related in the following manner by definition to the “Meyer Tables” published in “Yield of Even-Aged Stands of Ponderosa Pine” and “Haig Tables” published in “Second-Growth Yield, Stand, and Volume Table for the Western White Pine Type” as both documents are referenced in Rule 006 of these rules. These classes apply to forestland which may or may not be stocked with commercial or young growth timber. (4-11-06)

**a.** Poor productivity class is defined as forestland having a mean annual increment, MAI, of one hundred twenty-five (125) board feet per acre per year, based on a seventy-three (73) year rotation. This productivity class includes western white pine site index 35-45 and ponderosa pine site index 45-80. One hundred twenty-five (125) board feet per acre MAI shall be used in the valuation process. (4-11-06)

**b.** Medium productivity class is defined as forestland having a mean annual increment, MAI, of two hundred twenty-five (225) board feet per acre per year, based on an sixty-eight (68) year rotation. This productivity class includes western white pine site index 46-60 and ponderosa pine site index 81-110. Two hundred twenty-five (225) board feet per acre MAI shall be used in the valuation process. (4-11-06)

**c.** Good productivity class is defined as forestland having a mean annual increment, MAI, of three hundred fifty (350) board feet per acre per year, based on an sixty-three (63) year rotation. This productivity class includes western white pine site index 61 and above and ponderosa pine site index 111 and above. Three hundred fifty (350) board feet per acre MAI shall be used in the valuation process. (4-11-06)

**d.** For forest valuation zones 1 and 2, forestland shall be stratified into areas of similar productive potential using the habitat typing methodology described in “Forest Habitat Types of Northern Idaho: A Second Approximation,” referenced in Rule 006 of these rules. Within these stratified areas, site index trees will be selected and measured that will identify the site index to be used to place the land in one (1) of the three (3) productivity classes listed above. (5-3-03)

**e.** For forest valuation zones 3 and 4, the criteria for stratification shall be generally the same as that used in zones 1 and 2 based on the habitat typing methodology described in “Forest Habitat Types of Central Idaho,” as referenced in Rule 006 of these rules, with the following adjustments made in growth rates for lower moisture levels. Poor productivity class, one hundred twenty-five (125) board feet per acre MAI shall be used in the valuation process. Medium productivity class, two hundred thirteen (213) board feet per acre MAI shall be used in the valuation process. Good productivity class, three hundred twenty (320) board feet per acre MAI shall be used in the valuation process. (4-11-06)

**04. Deficient Areas.** Lakes, solid rock bluffs, talus slopes, and continuously flooded swampy areas, larger than five contiguous acres in size which can be identified through remote sensing shall be valued at forty percent (40%) of the poor bare land value as defined in Section 63-1706, Idaho Code. These areas are defined as being incapable of growing trees. (4-11-06)

**963. CERTAIN FORESTLANDS TO BE DESIGNATED FOR TAXATION BY OWNER -- LIMITATIONS (RULE 963).**

**01. Designation of Forest Parcels.** A forest landowner may choose to have the total acreage of forestland parcels owned within the state designated under the provisions of either Section 63-1705 or 63-1706, Idaho Code. The forest landowner cannot have parcels in both designations. If the new owner owns no forestland in the state designated under Section 63-1705 or 63-1706, Idaho Code, he may choose the option of forest taxation he desires. Designation shall be made on or before December 31st, of the year preceding assessment and will be effective for the following year. Where forest property is held in joint ownership, all co-owners must mutually agree on a property designation under Section 63-1703(a) and (b), Idaho Code. Each co-owner must make a timely designation. Where co-owners are unable to agree on a mutual designation or fail to make a designation, the forestland shall be subject to appraisal and assessment as provided in Section 63-1702, Idaho Code. (7-1-97)

**02. Change in Use.** Failure to notify the assessor of the change in use when lands have been designated shall cause forfeiture of the designation as to the changed acres, and the property shall be appraised, assessed and taxed, as provided in Section 63-1702, Idaho Code, from the date of latest designation or renewal. (7-1-97)

**03. Certain Lands With No Deferred Taxes.** There are no deferred taxes on lands designated under Section 63-1705, Idaho Code. (7-1-97)

**964. YIELD TAX ON APPLICABLE FOREST PRODUCTS (RULE 964).**

**01. Calculation.** The calculation described below will be used to update the bare forestland value for tax assessment purposes on an annual basis:

$$BLVz = ([0.5] \times [(Tz - Tn)/Tn] + 1) \times (BLVy)$$

<b>STEP 1:</b>	Subtract Tn from Tz
<b>STEP 2:</b>	Divide the Answer in Step 1 by Tn
<b>STEP 3:</b>	Multiply the Answer in Step 2 by <b>0.5</b>
<b>STEP 4:</b>	Add <b>1</b> to the Answer in Step 3
<b>STEP 5:</b>	Multiply <b>BLVy</b> by the Answer in Step 4
<b>KEY:</b>	
<b>BLVz</b>	= Bare forestland value for next year
<b>BLVy</b>	= Bare forestland value for current year
<b>Tz</b>	= Five year average stumpage value (\$/MBF) for the period ending in the current year
<b>Tn</b>	= Five year average stumpage value (\$/MBF) for the period ending one year ago

(4-11-06)

**02. Stumpage Value.** The stumpage value shall be the same as that used in the productivity valuation process by zone. (4-11-06)

**03. Bare Forestland Value.** After review of the productivity valuation process by March 1 each year, the State Tax Commission shall review and adjust, as appropriate, the bare forestland values for the current year. (4-11-06)

**04. Landowner's Report.** By June 1, of each year the county treasurer shall make a written report to include the forest landowner's name, legal description of forest property owned, and yield taxes paid for the current assessment year. This report shall be submitted to the county auditor and a record shall be maintained for ten (10) years and not disposed of until the eleventh year. (4-11-06)

**965. (RESERVED).**

**966. RECAPTURE OF DEFERRED TAXES ON LANDS DESIGNATED UNDER SECTION 63-1706, IDAHO CODE (RULE 966).**  
Section 63-1703, Idaho Code. (4-2-08)

**01. Ownership Interest/Deferred Taxes.** Where forestland is held in joint ownership, a transfer of ownership for purposes of recapturing deferred taxes shall occur when any one (1) of the legal entities holding an ownership interest in the subject property shall convey, transfer, or otherwise dispose of their ownership interest or portion thereof. Any such transfer of ownership shall subject the entire parcel to recapture of deferred taxes, unless the new owner timely redesignates their ownership interest under Section 63-1706, Idaho Code. (7-1-97)

**02. Deferred Tax Responsibility.** Deferred taxes shall be the responsibility of the selling landowner. Deferred taxes shall constitute a lien on the land. (3-30-01)

**03. Change in Use/Deferred Taxes.** For forestland designated under Section 63-1706, Idaho Code, but subject to recapture of deferred taxes as provided in Section 63-1703, Idaho Code, because of a change in use with no change in ownership, recapture of deferred taxes shall be calculated in the following manner: (5-8-09)

**a.** The difference between the current bare land value for the correct class of land in the forest value zone in which the parcel lies and the current market value for assessment purposes of the property during the current year; (3-30-01)

**b.** Multiplied by the current levy for the tax code area or areas in which the parcel lies; (3-30-01)

**c.** Multiplied by the number of years, including the entire current year, the lands have been subject to designation under Section 63-1706, Idaho Code, not to exceed ten (10) years. Additionally, a credit shall be allowed for any yield tax paid up to the amount of the deferred taxes. (3-30-01)

**04. Transfer of Ownership/Deferred Taxes.** For forestland designated under Section 63-1706, Idaho Code, but subject to recapture of deferred taxes as provided in Section 63-1703, Idaho Code, because of a change in ownership or a removal of the designation, recapture of deferred taxes shall be calculated in the following manner: (5-8-09)

**a.** The difference between the current bare land value for the correct class of land in the forest value zone in which the parcel lies and the current productivity value for the correct class of land in the forest value zone in which the parcel lies, for the current year; (3-30-01)

**b.** Multiplied by the current levy for the tax code area or areas in which the parcel lies; (3-30-01)

**c.** Multiplied by the number of years, including the entire current year, which the lands have been subject to designation under Section 63-1706, Idaho Code, not to exceed ten (10) years. Additionally, a credit shall be allowed for any yield tax paid up to the amount of the deferred taxes. (3-30-01)

**05. Investment Lands.** Investment lands are defined as those in secondary categories 1, 2, 3, 4, 5, and 9, as defined in Rule 510 of these rules. (4-2-08)

**967. (RESERVED).**

**968. CERTAIN CHRISTMAS TREES AND ANNUAL FOREST CROPS - EXEMPT FROM YIELD TAX (RULE 968).**  
Sections 63-602K, 63-604, and 63-1708, Idaho Code. (3-30-07)

**01. Certain Forest Products Exempt From Yield Tax Under Twenty-Five Dollars.** Annual forest crops, including Christmas trees, nuts, berries, foliage, cones, and other forest products harvested for domestic use, are exempt from the forest product yield tax when this tax would be less than twenty-five dollars (\$25.00) and the forest crops are harvested on land designated under Section 63-1703 or 63-1704, Idaho Code. (3-30-07)

**02. Categorization of Christmas Tree Farms Land,** complying with the definition of “actively devoted to agriculture” as defined in Section 63-604, Idaho Code, and used to grow Christmas trees and other annual forest crops, shall be identified in the appropriate agricultural secondary category pursuant to the secondary category descriptions in Rule 510 of these rules. (3-30-07)

**03. Cross References.** For the descriptions of agricultural secondary categories, see secondary categories 1, 2, 3, 4, and 5 in Rule 510 of these rules. For additional information relating to complying with the “actively devoted to agriculture” criteria, see Rule 645 of these rules. For land valuation information, see Rules 613 and 614 of these rules. (3-30-07)

**969. -- 979. (RESERVED).**

**980. VALUATION OF MINES FOR TAXATION (RULE 980).**

**01. Amount to be Reported.** The amount of money received from the sale of minerals or mined metals during the calendar year immediately preceding the current tax year shall be reported by the owner of the mine or mining claim. If there is no sale, but minerals or mined metals are shipped to a smelter or other facility, an amount of money equivalent to that which would have been received from sale of the shipped minerals or mined metals shall be reported. Moneys received from rents, commissaries, discounts on purchases, and investments are not to be included. A separate annual net profit statement shall be filed by the owner of mines or mining claims, for each mine or mining claim located in any county in Idaho. The statement filed with any county assessor shall not include amounts received pursuant to mines or mining claims located outside the county. The owner shall complete the statement on forms prescribed by the State Tax Commission. (4-5-00)

**983. -- 987. (RESERVED).**

**988. QUALIFIED PROPERTY FOR EXEMPTION (RULE 988).**

Sections 63-302, 63-313, 63-404, and 63-3029B, Idaho Code. (4-6-05)

**01. Definitions.** The following definitions apply for the purposes of the property tax exemption under Section 63-3029B, Idaho Code, and do not decide investment tax credit eligibility for Idaho income tax purposes. (3-20-04)

**a.** Year in which the investment is placed in service. "Year in which the investment is placed in

service” means the calendar year the property was put to use or placed in a condition or state of readiness and availability for a specifically assigned function in the production of income. (4-6-05)

**b. Operator’s Statement.** The “operator’s statement” is the annual statement listing all property subject to assessment by the State Tax Commission and prepared under Section 63-404, Idaho Code. (3-20-04)

**c. Personal Property Declaration.** A “personal property declaration” is any form required for reporting personal property or transient personal property to the county assessor under Sections 63-302 or 63-313, Idaho Code, respectively. (3-20-04)

**d. Qualified Investment.** “Qualified investment” means property that would have otherwise been taxable for property tax purposes and is eligible or qualified under Section 63-3029B, Idaho Code, provided that property is reported on the personal property declaration or operator’s statement and is designated as exempt from property tax for two (2) years on Form 49E. (3-20-04)

**e. Qualified Investment Exemption.** The “qualified investment exemption” (QIE) referred to in this rule is the property tax exemption under Section 63-3029B, Idaho Code. (3-20-04)

**02. Designation of Property for Which Exemption Is Elected.** The owner shall designate the property on which the QIE is elected. The owner shall make this designation on Form 49E and attach it to a timely filed personal property declaration or, for operating property, the timely filed operator’s statement. Owners who designate property on which the QIE is elected may not file the annual affidavit provided for in Section 63-602KK(6), Idaho Code, but must file the personal property declaration. This prohibition shall be limited to the time period during which the taxpayer may be subject to recapture under Section 63-3029B, Idaho Code. The description of the property on Form 49E must be adequate to identify the property to be granted the exemption. In addition to all other steps required to complete the personal property declaration or operator’s statement, the owner must provide on the personal property declaration or operator’s statement the date the item elected for the QIE was placed in service. (3-29-10)

**03. Election for Investments Not Otherwise Required to Be Listed on the Personal Property Declaration.** For investments, like single purpose agricultural or horticultural structures, that are not otherwise required to be listed on the personal property declaration, the owner must list that property to elect the QIE. As with any property designated for the QIE, the owner must attach Form 49E to the personal property declaration. (3-20-04)

**04. Continuation of Listing.** For all property designated for QIE, even though that property is exempt for two (2) years, the owner must list that property on the personal property declaration or operator’s statement in the initial year for which the QIE is claimed and the following four (4) consecutive years, unless that property has been sold, otherwise disposed of, or ceases to qualify pursuant to Section 63-3029B, Idaho Code. (3-20-04)

**05. Period of QIE.** The QIE shall be granted for the two (2) calendar years immediately after the end of the calendar year in which the property acquired as a qualified investment was first placed in service in Idaho. (3-20-04)

**06. Election Specificity.** The QIE election provided by Section 63-3029B, Idaho Code, shall be specific to each qualified item listed on the personal property declaration or operator’s statement. An item that is a qualified investment, but for which there is no QIE election during the year after the “year in which the investment is placed in service” in Idaho, is not eligible for the QIE. (4-6-05)

**07. Notification by Assessor.** (4-6-05)

**a. Upon Receipt of Form 49E or a Listing.** Upon receiving Form 49E or any listing provided to comply with Subsection 988.08 or 988.12 of this rule, the county assessor shall send a copy of this form or listing to the State Tax Commission. (4-6-05)

**b. Upon Discovery of Changes.** Upon discovering that property granted the QIE was sold, otherwise disposed of, or ceased to qualify under Section 63-3029B, Idaho Code, within the five (5) year period beginning with the date the property was placed in service, the county assessor shall notify the State Tax Commission and the

taxpayer immediately. The county assessor shall also provide this notification upon discovery that the owner first claiming the QIE failed to list the item on any personal property declaration or failed to file a personal property declaration in any year during this five (5) year period. This notice shall include: (4-6-05)

- i. Owner. Name of the owner receiving the QIE. (4-6-05)
- ii. Property description. A description of the property that received the QIE. (4-6-05)
- iii. New or used. State whether the individual item was purchased new or used. (4-6-05)
- iv. Date placed in service. The date the owner reported the item was first placed in service in Idaho. (4-6-05)
- v. First year value of QIE. For each item, the amount of exempt value in the first year the QIE was elected and an identification of the year. (4-6-05)
- vi. Second year value of QIE. For each item, the amount of exempt value in the second year after the QIE was elected. (4-6-05)
- vii. Tax code area number. For each item, the number of the tax code area within which that item was located. (4-6-05)

**08. Moved Personal Property.** In order to provide unmistakable identification of the property, certain taxpayers must send written notification by the date provided in Section 63-302, 63-313, or 63-404, Idaho Code, when moving property that previously received the QIE. This notification: (3-20-04)

**a.** Is required of taxpayers moving locally assessed property between counties in Idaho during the five (5) year period beginning the date that property was placed in service; (4-6-05)

i. The taxpayers send this notification to the assessor in the county that granted the QIE and the assessor in any Idaho county to which the property has been moved. (4-6-05)

ii. The taxpayers must include a listing which describes the property exactly as it was described on the original Form 49E or cross references the property originally listed on Form 49E. (4-6-05)

**b.** Is not required of taxpayers when the property is State Tax Commission assessed nonregulated operating property. (4-6-05)

**09. Notification Regarding Transient Personal Property.** For transient personal property elected for the QIE, the definition of home county in Section 63-313, Idaho Code, and Rule 313 of these rules, applies. When a home county receives information of an election for QIE and a notice that the exempt property was used in another county in Idaho, the home county must forward information identifying that property to the other county(ies) in accordance with procedures in Section 63-313, Idaho Code. Also, the home county assessor shall send a copy of this notice to the State Tax Commission. (3-20-04)

**10. Partial-Year Assessments.** Property assessed based on a value prorated for a portion of the year in which the property is first placed in service may still be eligible for the QIE in the subsequent two (2) calendar years, provided the QIE is elected. (3-20-04)

**11. Limitation on Amount of Exemption.** (3-20-04)

**a.** New Property. The QIE shall be for the full market value for assessment purposes for new property that is a qualifying investment. (3-20-04)

**b.** Used Property. The QIE for used property placed in service during a taxable year for income tax purposes shall be limited. For each taxpayer, the QIE shall be the lesser of the QIE cost or the current year's market value in accordance with the following procedure: (4-6-05)

i. QIE cost shall be determined for each item of used property upon which the QIE is claimed. QIE cost is the lesser of an item’s cost or one hundred fifty thousand dollars (\$150,000); provided, however, that the QIE cost for all elected used property shall not exceed one hundred fifty thousand dollars (\$150,000) in a taxable year (See Example B in Subparagraph 988.11.c.ii., of this rule). In the event the cost of one (1) or more items of used property exceeds one hundred fifty thousand dollars (\$150,000), QIE cost shall reflect the reduction necessary to stay within the one hundred fifty thousand dollar (\$150,000) limit (See IDAPA 35.01.01, “Income Tax Administrative Rules,” Rule 719 for information on the selection of items of used property). (4-6-05)

ii. For each item purchased used, the QIE shall be limited to the lesser of the QIE cost or the current year’s market value (See Example B in Subparagraph 988.11.c.ii., of this rule). (4-6-05)

c. Examples. In the following examples, all of the property is owned by the same taxpayer and is a qualified investment. (4-6-05)

i. Example A. In Example A, 2004 is the first year during which the qualified investment receives the QIE. The taxpayer may decide which of the used items placed in service in 2003 is considered first for the exemption. In this example, computer 1 has been given the exemption first. Since the limitation is based on cost, the remaining used property exemption cannot exceed one hundred thirty thousand dollars (\$130,000) and the QIE cost is determined accordingly. The conveyor belt is a new investment, first eligible for the QIE in 2005. In 2006, the assembly line, computer 1, and computer 2 would be fully taxable at the market value as of January 1, 2006.

Example A										
Property Description (same taxpayer)	Year Placed in Service	Cost	New or Used	QIE Cost	2004 Market Value	2004 Exempt Value	2004 Taxable Value	2005 Market Value	2005 Exempt Value	2005 Taxable Value
Computer 1	2003	\$20,000	Used	\$20,000	\$12,000	\$12,000	\$0	\$8,000	\$8,000	\$0
Assembly line	2003	\$160,000	Used	\$130,000	\$140,000	\$130,000	\$10,000	\$110,000	\$110,000	\$0
Computer 2	2003	\$50,000	New	N/A	\$40,000	\$40,000	\$0	\$30,000	\$30,000	\$0
Conveyor belt	2004	\$200,000	Used	\$150,000	N/A	N/A	N/A	\$200,000	\$150,000	\$50,000

(4-6-05)

ii. Example B. In Example B, the property was purchased at auction for a cost much less than its market value.

Example B										
Property Description	Year Placed in Service	Cost	New or Used	QIE Cost	2006 Market Value	2006 Exempt Value	2006 Taxable Value	2007 Market Value	2007 Exempt Value	2007 Taxable Value
Construction Equipment	2005	\$20,000	Used	\$20,000	\$80,000	\$20,000	\$60,000	\$70,000	\$20,000	\$50,000

(4-6-05)

d. Used Property Placed in Service by Fiscal Year Taxpayer. If a taxpayer had a fiscal year beginning July 1, 2004, and placed one hundred fifty thousand dollars (\$150,000) of qualifying used property in service on May

15, 2004, and an additional one hundred fifty thousand dollars (\$150,000) of qualifying used property in service on August 1, 2004, the taxpayer would qualify for an exemption of up to three hundred thousand dollars (\$300,000) on this used property in 2005 and 2006. The exempt value in the second year of the exemption could not exceed the lesser of three hundred thousand dollars (\$300,000) or the (depreciated) market value of this used property. (4-6-05)

**12. Multi-County Taxpayers.** (3-20-04)

**a.** Except taxpayers electing QIE for property that is State Tax Commission assessed operating property, any taxpayers electing the QIE for properties purchased new must indicate on Form 49E the county where each property is located or must complete a separate Form 49E and attach it to the personal property declaration submitted to each county. (3-20-04)

**b.** Except taxpayers electing QIE for property that is State Tax Commission assessed operating property, any taxpayers electing the QIE for properties purchased used must attach any Form 49E listing property purchased used to the personal property declaration sent to each county. A Form 49E listing only property purchased used may be provided to comply with this requirement. (3-20-04)

**c.** Any taxpayers electing QIE for property that is State Tax Commission assessed nonregulated operating property and purchased new or used must indicate on Form 49E each county where each property is located and attach it to the operator's statement. (4-6-05)

**d.** If multiple Form 49Es are submitted to one (1) or more assessors, a copy of each Form 49E must be attached to the correct year's income tax return. (3-20-04)

**13. Special Provisions for Nonregulated Operating Property.** (4-6-05)

**a.** For nonregulated operating property, the market value of the QIE is calculated by multiplying the depreciated original cost of the property times the ratio of the correlated value determined under Subsection 405.08 of these rules to the cost approach value determined under Subsection 405.02 of these rules. (4-6-05)

**b.** The following special provisions apply for the reduction in market value of nonregulated operating property resulting from QIE being elected. (4-6-05)

**i.** Reduction in Idaho value. For nonregulated operating property except situs property, the reduction in market value will be made by subtracting the market value of the QIE from the allocated Idaho value before apportionment to any taxing district or unit. (4-6-05)

**ii.** Reduction in market value of situs property owned by nonregulated operating property companies. For situs property owned by nonregulated operating property companies, the reduction in market value will be made by subtracting the market value of the specific investment in the specific location. (4-6-05)

**14. Denial of QIE.** If the QIE is denied for all or part of the market value of any item for which the QIE had been claimed, the assessor shall notify the taxpayer electing the QIE and shall identify the basis for the denial. (3-20-04)

**15. Public Records and Exemption of Certain QIE Information from Disclosure.** Public records are presumed to be open to the public. Records containing certain information pertaining to private businesses (such as trade secrets and other proprietary information) may be exempt from public disclosure (See Section 9-340D, Idaho Code) and may be protected from disclosure by the Idaho Trade Secrets Act, Chapter 8, Title 48, Idaho Code, and other laws. A taxpayer who submits information to the State Tax Commission or to a county assessor or Board of Equalization in accordance with this rule may designate all or part of the information as confidential. The designation must be made in writing and clearly identify the particular information deemed confidential. In addition, the front page of the submission must prominently state that the document contains information designated as confidential. The State Tax Commission, the county assessor and Board of Equalization shall treat the designated information as confidential, exempt from disclosure under Section 9-340D, Idaho Code and as subject to the Idaho Trade Secrets Act (see Chapter 8, Title 48, Idaho Code). Nothing in this paragraph limits exchanges of information between or among the State Tax Commission and county officials otherwise authorized by law. (3-20-04)

**16. Cross Reference.** For more information relating to procedures and requirements for QIE, refer to Section 63-3029B, Idaho Code, and IDAPA 35.01.01, "Income Tax Administrative Rules," Rule 719. For information relating to recapture of QIE, refer to Rule 989 of these rules. (4-6-05)

**989. QUALIFIED INVESTMENT EXEMPTION (QIE) RECAPTURE (RULE 989).**  
 Section 63-3029B, Idaho Code. (4-6-05)

**01. In General.** If a taxpayer has elected the property tax exemption (also known as the QIE) allowed by Section 63-3029B, Idaho Code, for property sold or otherwise disposed of prior to being held five (5) full years, or property that ceases to qualify or failed to originally qualify pursuant to Section 63-3029B, Idaho Code, the property tax benefit shall be subject to recapture. (3-29-10)

**02. Notification by Taxpayer That Property Ceases to Qualify.** If an item on which a taxpayer claimed the QIE ceases to qualify during the recapture period or was incorrectly claimed by the taxpayer as qualified investment, the taxpayer shall provide notification of the amount owing and shall remit said amount to the State Tax Commission by the due date of that taxpayer's income tax return, irrespective of any income tax extensions of the income tax payment, for the income taxable year in which such event occurs. Notification shall be accomplished by filing State Tax Commission Form 49ER. For each item of property, for each year in which the QIE was granted, the taxpayer shall include with such notification the following: (3-29-10)

- a. A description of the item that ceases to qualify, (4-6-05)
- b. The county where the item was located, (4-6-05)
- c. The date the item was placed in service, (4-6-05)
- d. The date the item was no longer qualified for the QIE, (4-6-05)
- e. The amount of value exempted from property tax each year, and (4-6-05)
- f. The amount of the property tax benefit recapture. (4-6-05)

**03. Notification in Case of Failure by Taxpayer to File Form 49ER.** If any taxpayer who is required to file Form 49ER fails to do so by the date specified in Subsection 989.02 of this rule, the State Tax Commission shall issue a Notice of Deficiency in the manner provided in Section 63-3045, Idaho Code, to the taxpayer who claimed the QIE. The notice shall show the calculation of the recaptured property tax benefit. (4-6-05)

**04. Protest of Recapture.** If a taxpayer does not agree with the Notice of Deficiency issued to assert the recapture, the taxpayer may file a protest with the State Tax Commission to request a redetermination of the deficiency. The protest shall meet the requirements as provided in Section 63-3045, Idaho Code, and IDAPA 35.02.01, "Tax Commission Administrative and Enforcement Rules," Rule 320. (4-6-05)

**05. Property Tax Benefit Subject to Recapture.** For any item determined to be subject to the recapture of the property tax benefit under Section 63-3029B(4)(d), Idaho Code, the taxpayer shall multiply the exempt value of the property by the applicable average property tax levy determined by the State Tax Commission under Subsection 989.06 or 989.07 of this rule. The result of this calculation shall be multiplied by the recapture percentage found in the following table.

<b>Table for Reduction of Property Tax Benefit Subject to Recapture</b>	
<b>Time Held/Time Qualifying</b>	<b>Recapture Percentage</b>
Less than one (1) year	100%
Equal to one (1) year but less than two (2) years	80%

<b>Table for Reduction of Property Tax Benefit Subject to Recapture</b>	
<b>Time Held/Time Qualifying</b>	<b>Recapture Percentage</b>
Equal to two (2) years but less than three (3) years	60%
Equal to three (3) years but less than four (4) years	40%
Equal to four (4) years but less than five (5) years	20%

The taxpayer shall report this calculation on Form 49ER and shall submit this form and remit the amount calculated to the State Tax Commission no later than the date indicated in Section 989.02 of this rule. (3-30-07)

**06. County Average Property Tax Levy -- Locally Assessed Property Located in One (1) County or Nonapportioned Centrally Assessed Property.** For locally assessed property located in one (1) county or nonapportioned centrally assessed property, the State Tax Commission shall compute and report the county average property tax levy according to the following procedure. (4-6-05)

**a.** Property Tax Budget Summation - General. Except as provided in Paragraph 989.06.b. of this rule, for each year, sum the property tax portion of the annual budget of each taxing district wholly located within the county for which the average levy is to be calculated. This is the approved amount found on the taxing district's L-2 Form in the column entitled "Balance to be levied" as described in Rule 803 of these rules. To this amount, add the prorated portion of the approved "Balance to be levied" for any taxing district located partially within the county for which the average levy is to be calculated. The prorated portion is determined by multiplying the levy for the taxing district by the taxable value (as defined in Section 63-803(4), Idaho Code) of the portion of the taxing district within the county for which the average levy is to be calculated. (4-7-11)

**b.** Property Tax Budget Summation - Special Rules for Counties with Urban Renewal Revenue Allocation Areas. This provision is applicable when taxing districts in the county have funds with levies calculated including all or part of an urban renewal revenue allocation area increment value pursuant to Sections 50-2908(1)(a) through (e), Idaho Code. (4-7-11)

**i.** For any such fund, the prorated portion is determined by multiplying the levy of the fund by the taxable value within the county, including the increment value, used to determine the levy for that fund. (4-7-11)

**ii.** For any such fund for which the entire increment value is added to the taxable value before computing the levy, the sum of the property tax portion of the annual budgets and prorated portions of such budgets must be determined. (4-7-11)

**iii.** For any such fund for which part of the increment value is added to the taxable value before computing the levy, the sum of the property tax portion of the annual budgets and prorated portions of such budgets must be determined. (4-7-11)

**iv.** Provided that some taxing district funds within the county are subject to the levy calculation procedures identified in Subparagraphs 989.06.b.ii. and/or iii. of this rule, for all funds other than those identified in this rule, the sum of the property tax portion of the annual budgets and prorated portions of such budgets must be determined. (4-7-11)

**c.** Average Property Tax Levy. (4-7-11)

**i.** For counties without urban renewal revenue allocation areas, the average property tax levy shall be computed by dividing the total of the property tax budgets computed in Paragraph 989.06.a. of this rule, by the taxable value (as defined in Section 63-803(4), Idaho Code) of the county for which the average levy is to be calculated. (4-7-11)

**ii.** For counties with urban renewal revenue allocation areas and funds with levies calculated

including all or part of urban renewal revenue allocation area increment value pursuant to Sections 50-2908(1)(a) through (e), Idaho Code, the average property tax levy shall be computed by summing the quotients determined by dividing the sums determined in Subparagraphs 989.06.b.ii., iii., and iv., by the taxable value of the county including the entire increment value, part of the increment value, or none of the increment value, depending on whether all, part, or none of the increment value has been used to determine the levy. (4-7-11)

**d.** Notice to Each County Auditor. The State Tax Commission will notify each county auditor of the county's current year's average property tax levy no later than the first Monday in December each year. (4-6-05)

**07. Statewide Average Property Tax Levy -- Locally Assessed Property Located in More Than One County or Apportioned Centrally Assessed Property.** For locally assessed property located in more than one (1) county or apportioned centrally assessed property, the State Tax Commission shall determine the average urban property tax levy of the state and shall notify each county auditor of said average no later than the first Monday in December each year. (4-6-05)

**08. Noticing Remittance for the Recapture of the Property Tax Benefit.** When the State Tax Commission remits to a county the property tax benefit recaptured under Section 63-3029B(4)(f), Idaho Code, it shall include with this remittance a notice identifying the following: (4-6-05)

**10. Penalty and Interest.** Penalty and interest shall be determined as provided in Sections 63-3045 and 63-3046, Idaho Code. Penalty and interest shall be computed from the due date found in Subsection 989.02 of this rule. (4-6-05)
