These rules are promulgated as authorized by Section 54-1208(1), Idaho Code. (7-1-99)

001. TITLE AND SCOPE.

01. Title. These rules shall be cited in full as Idaho Board of Licensure of Professional Engineers and Professional Land Surveyors, IDAPA 10.01.04, "Rules of Continuing Professional Development." (5-8-09)

02. Scope. In order to establish and maintain a high standard of integrity, skills and practice in the professions of engineering and land surveying, and to safeguard the life, health, property and welfare of the public, the following Rules of Continuing Professional Development, hereinafter referred to as Rules, have been promulgated in accordance with Section 54-1208, Idaho Code, and shall be binding in the state of Idaho upon every person holding a license to practice as a Professional Engineer or a Professional Land Surveyor, or both. Each Licensee under the laws of the state of Idaho is charged with being familiar with these rules and knowledgeable in their application to the practice of engineering or land surveying or both. Every Licensee shall meet the continuing professional development requirements of these rules as one of the conditions for license renewal. If an individual is licensed to practice both engineering and land surveying the individual must comply with the requirements of these rules in regard to each profession. Some activities as defined herein may qualify as continuing professional development for both professions and may be included in the log for each profession. These rules shall not be a basis for action involving civil liability, however, failure to obey these Rules may subject a Licensee to Board action pursuant to Chapter 12, Title 54, Idaho Code. (5-8-09)

002. ADMINISTRATIVE APPEALS.

These documents are available for public inspection and copying at cost in the main office of this agency. (7-1-99)
