600. GUIDELINES FOR THE SUPERVISION IN THE EDUCATION OF PSYCHOLOGISTS (RULE 600).

The Board recognizes the importance of supervision in the education of psychologists, and that licensed psychologists within Idaho may be called on to provide supervision. It also recognizes that differing levels of supervision are appropriate for persons with differing levels of education and experience. Accordingly, the Board identifies two (2) levels within the education of psychologists, and specifies differing levels of supervision for each. These categories refer to persons pursuing a program of activities which, when completed, will allow them to meet the requirements for licensure as psychologists in Idaho. When providing supervision, the licensed supervising psychologist may receive compensation from the supervisee or other interested party, and shall be responsible to insure that supervision appropriate to the education and experience level of the supervisee is provided. Further, the licensed supervising psychologist shall also be responsible to insure that the appropriate documentation for a particular supervisee has been provided to the Board as specified below. The number of persons a psychologist may supervise within the two (2) educational levels does not limit the number of service extenders as specified under Subsection 450.03.j. (5-8-09)

The plan shall also specify the hours per calendar week that the licensed psychologist will be at the same physical location as the supervisee. (7-1-93)

ii. Establish and maintain a level of supervisory contact sufficient to be readily accountable in the event that professional, ethical, or legal issues are raised. There will be a minimum of one (1) hour of face-to-face individual supervisory contact by a licensed psychologist with the supervisee for each one (1) to twenty (20) hours of services provided by the supervisee during any calendar week. A written record of this supervisory contact, including the type of activities conducted by the supervisee, shall be maintained by the licensed supervising psychologist. Except under unusual circumstances, the supervisory contact will occur either during the week the services are provided or during the week following. In no case will services be provided more than two (2) weeks without supervisory contact between the supervisee and a licensed supervising psychologist. (7-1-93)
