d. On a case-by-case basis, the coordinator may allow additional sublevel divisions consisting of an alternating code of numbers and letters enclosed in parentheses. (4-7-11)

04. Cross-Referencing. In order to clarify intent or avoid repetition, references to other rules are allowed. Such references are divided as follows: (7-1-93)

a. Internal Reference/Citation. References to a section or sections within a chapter must provide a

thorough notation of the identity of the text referenced. A citation to this section is “Paragraph 102.04.a. of these rules.” Internal references may also utilize the complete legal citation using the complete IDAPA numbering system.
