b. Section 16-1623, Idaho Code, which empowers the Department to do all things reasonably necessary to carry out the purpose of the “Child Protective Act.” (12-26-90)

001. TITLE AND SCOPE.

01. Title. These rules are to be cited in full as Idaho Department of Health and Welfare Rules, IDAPA 16.06.05, “Rules Governing Alleged Medical Neglect of Handicapped Infants.” (12-26-90)

02. Scope. These rules are established to ensure protection of and attention to the needs of infants in health care facilities throughout the state, who have been continuously hospitalized since birth, who were born extremely prematurely, or who have a long-term disability. (12-26-90)

002. POLICY.

The Idaho Department of Health and Welfare shall coordinate with health care facilities in the implementation of these rules. (12-31-91)

003. PURPOSE.

The purpose of these rules is to ensure coordinated response to reports of alleged medical neglect of infants who are in health care facilities throughout the state and who have been continuously hospitalized since birth, who were born extremely prematurely, or who have a long-term disability. (12-26-90)

004. DEFINITIONS.

The following terms are used in this chapter as defined below: (12-26-90)

An infant born before the twenty-seventh (27th) week or weighing less than one thousand (1,000) grams or having a crown-heel length that is less than forty-seven (47) centimeters or with occipito-frontal diameter less than eleven and one-half (11.5) centimeters. (12-31-91)

08. Reasonable Medical Judgment. A medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved. Such a judgment may not take into account the future extent of the infant's disability or social or economic factors related to the infant or family. (12-26-90)

09. Regional Office. An Idaho Department of Health and Welfare office located in one (1) of seven (7) areas of the state which comprises a geographically defined service area for the administration and delivery of the Department's services. (12-26-90)

(12-26-90)

b. The term does not include the failure to provide treatment, other than appropriate nutrition, hydration, or medication, to an infant when, in the treating physician's reasonable medical judgment, any of the following circumstances apply: (12-26-90)

i. The infant is chronically and irreversibly comatose; or (12-26-90)

ii. The provision of such treatment would merely prolong dying, would not be effective in ameliorating or correcting all of the infant's life-threatening conditions, or would otherwise be futile in terms of the survival of the infant; or (12-26-90)

iii. The provision of such treatment would be virtually futile in terms of the survival of the infant, and the treatment itself under such circumstances would be inhumane. (12-26-90)

- c. The initial determination that withholding of medically indicated treatment as defined in Subsection 004.10 is occurring or is being prescribed by the infant's physician will be made, with or without an

independent medical evaluation, by the pediatric consultant, the Department's Bureau of Maternal and Child Health, or designee. (12-31-91)

021. REVIEW OF ALLEGED MEDICAL NEGLECT OR WITHHOLDING OF MEDICALLY INDICATED TREATMENT FROM DISABLED INFANTS WITH LIFE-THREATENING CONDITIONS.

ii. The existence, function and opportunity to consult with parent support groups or other organizations that include parents of children with disabilities. (12-26-90)

i. The Department's regional director shall verbally notify the administrator of the Division of FACS or the chief of the Bureau of Family Services, the health care facility or hospital contact person or administrator, the attending physician, the individual who reported the concern, and the parents of the infant that no legal action will be taken by the Department. (12-31-91)

ii. The Department's regional director shall provide written confirmation that no legal action will be taken by the Department within five (5) working days to the health care facility or hospital contact person or administrator. (12-31-91)

appropriate to gather information and work toward resolution of the matter. (12-26-90)

c. Efforts shall be made to resolve the matter on an informal basis. If informal resolution is not possible: (12-26-90)

i. The county prosecuting attorney and/or deputy attorney general will determine, within four (4) hours of the committee meeting, the need for legal intervention. Such intervention might include obtaining temporary legal custody of the infant until such time as the court can determine the appropriate disposition of the matter pursuant to Sections 16-1614 and 16-1616, Idaho Code. (12-26-90)

ii. Failure to provide treatment including appropriate nutrition, hydration or medication which is determined by the committee to be necessary to maintain the infant's life shall be considered grounds to initiate legal proceedings. (12-26-90)

022. CONTINUING CONSULTATION AND INVESTIGATION.

01. Further Consultation and Investigation.
