100. GENERAL.

An overlegal permit, in writing, shall be required for any movement on any completed section of highway under the jurisdiction of the Department by any vehicle or vehicles with non-reducible loads which exceed the allowable weights or sizes established in Sections 49-1001, 49-1002 and 49-1010, Idaho Code. (4-2-08)

101. -- 199. (RESERVED)

200. COMPLIANCE WITH OTHER LAWS AND ORDINANCES.

The overlegal permit will be effective only insofar as the Department has authority for its issue and does not release the permittee from complying with other existing laws, local ordinances or resolutions which may govern the movement. (4-5-00)

201. -- 299. (RESERVED)

300. WAIVER OF LIMITATIONS FOR EMERGENCY MOVEMENTS.

Notwithstanding other provisions of these rules, the Idaho Transportation Board may waive existing permit policy limitations in the event of an emergency, subject to such limitations or special requirements as the Board may impose. (8-25-94)

01. Military Emergency Affecting National Security. Any movement by or for a military or other government agency which is in excess of permit policy maximum limits of weight or size or which is otherwise outside established rules must be certified as a military necessity involving national security before receiving any special consideration to provide any waiver of normal permit rules. Certification of military necessity must be made by an official designated as having such authority by the Department of Defense Directory, issued by the Office of the Chief of Transportation, Department of Army. All applications for military emergency movements must be channeled through the Vehicle Size and Weight Specialist, Idaho Transportation Department. (8-25-94)

02. Emergencies Endangering the Public Health, Safety or Welfare Including but Not Limited to Fire, Flood, or Earthquake. During an emergency endangering the public health, safety or welfare, there may be an urgent and immediate need for equipment and it will not be in the public interest to require that a overlegal permit be in the vehicle prior to an over legal movement. Verbal approval to proceed without an overlegal permit in the vehicle may be obtained from the Overlegal Permit Office or an Idaho Port-of-Entry. Once the emergency movement is completed, formal application for an Overlegal Permit must be submitted to the Overlegal Permit Office. (4-2-08)

03. Emergency Movement of Implements of Husbandry. It shall be considered an emergency when an implement of husbandry being operated on an official state holiday or a weekend breaks down and a dealer brings replacement equipment to the farmer that exceeds legal height, length and weight. Verbal approval to proceed without an overlegal permit in the vehicle may be obtained from the Overlegal Permit on-call staff. That verbal authorization may include escort vehicle requirements based on the route of travel and dimensions of load. Once the emergency movement is completed, the permittee shall make formal application for a permit to the Overlegal Permit Office on the first working day after the occurrence. (3-28-18)

04. Economic Emergencies. When a circumstance occurs in which an economic hardship is expected to result due to the application of existing rules or limitations, the Transportation Board may consider a petition for the temporary waiver of those rules or limitations which are perceived as being the cause of such economic hardship. (8-25-94)

05. Emergency Movements After Dark or Weekends. Any overwidth load moving after dark or on weekends on a red coded route of the Pilot/Escort Vehicle and Travel Time Requirements Map must be preceded by an escort vehicle displaying a rotating or flashing amber light to warn other traffic of the presence of the hazard. Any overwidth load moving after dark on black coded routes, if width exceeds ten (10) feet, must also be preceded by such a pilot/escort vehicle. All overwidth loads moved after dark shall have the extreme dimensions marked by lights as required by IDAPA 39.03.12, "Rules Governing Safety Requirements For Overlegal Permits." Self-propelled vehicles utilized to clear the travelway of snow or debris are exempt from the provisions listed in this Subsection. (4-2-08)

301. -- 399. (RESERVED)

400. OVERLEGAL PERMITS FOR SELF PROPELLED VEHICLES.

Permitted overweight/oversize self propelled vocational vehicles (such as cranes, loaders, motor graders, drills) may haul or tow a motorized vehicle provided that the motorized vehicle or combination of vehicles being towed (trailer and motorized vehicle) does not exceed eight thousand (8,000) pounds and the motorized vehicle is used solely for return trip after delivery of the permitted vehicle. (4-11-15)

401. -- 999. (RESERVED)
