13. Employer. For purposes of compliance with federal tax law, an Employer, as defined in Section 59-1302(15), Idaho Code must also meet each of the requirements of Paragraphs a. through c. of this definition, taking into account all of the facts and circumstances. Entities that may qualify as political subdivisions include, among others, general purpose governmental entities, such as cities and counties (whether or not incorporated as municipal corporations), and special purpose governmental entities, such as special assessment districts that provide for roads, water, sewer, gas, light, reclamation, drainage, irrigation, levee, school, harbor, port improvements, and other governmental purposes for a State or local governmental unit. (7-1-21)T

a. Sovereign powers. Pursuant to a state or local law of general application, the entity has a delegated right to exercise a substantial amount of at least one (1) of the following recognized sovereign powers of a state or local governmental unit: The power of taxation, the power of eminent domain, and police power. (7-1-21)T

b. Governmental purpose. The entity serves a governmental purpose. The determination of whether an entity serves a governmental purpose is based on, among other things, whether the entity carries out the public purposes that are set forth in the entity’s enabling legislation and whether the entity operates in a manner that provides a significant public benefit with no more than incidental private benefit. (7-1-21)T

c. Governmental control. A state or local governmental unit exercises control over the entity. For this purpose, control is defined in Subparagraph 005.08.c.i. of this rule and a state or local governmental unit exercises such control only if the control is vested in persons described in Subparagraph 005.08.c.ii. of this rule. (7-1-21)T

i. Definition of control. “Control” means an ongoing right or power to direct significant actions of the entity. Rights or powers may establish control either individually or in the aggregate. Among rights or powers that may establish control, an ongoing ability to exercise one or more of the following significant rights or powers, on a discretionary and non-ministerial basis, constitutes control: the right or power both to approve and to remove a majority of the governing body of the entity; the right or power to elect a majority of the governing body of the entity in periodic elections of reasonable frequency; or the right or power to approve or direct the significant uses of funds or assets of the entity in advance of that use. Procedures designed to ensure the integrity of the entity but not to direct significant actions of the entity are insufficient to constitute control of an entity. Examples of such procedures include requirements for submission of audited financial statements of the entity to a higher level state or local governmental unit, open meeting requirements, and conflicts of interest limitations. (7-1-21)T

ii. Control vested in a state or local governmental unit or an electorate. Control is vested in persons described as a state or local governmental unit possessing a substantial amount of each of the sovereign powers and acting through its governing body or through its duly authorized elected or appointed officials in their official capacities or an electorate established under applicable state or local law of general application, provided the electorate is not a private faction. (7-1-21)T

iii. Definition of “private faction.” A private faction is any electorate if the outcome of the exercise of control described in Subparagraph 005.08.c.i. of this rule is determined solely by the votes of an unreasonably small number of private persons. The determination of whether a number of such private persons is unreasonably small depends on all of the facts and circumstances, including, without limitation, the entity’s governmental purpose, the number of members in the electorate, the relationships of the members of the electorate to one another, the manner of apportionment of votes within the electorate, and the extent to which the members of the electorate adequately

represent the interests of persons reasonably affected by the entity's actions. For purposes of this definition, an electorate is a private faction if any three (3) private persons that are members of the electorate possess, in the aggregate, a majority of the votes necessary to determine the outcome of the relevant exercise of control. Provided however, an electorate is not a private faction if the smallest number of private persons who can combine votes to establish a majority of the votes necessary to determine the outcome of the relevant exercise of control is greater than ten (10) persons. For example, if an electorate consists of twenty (20) private persons with equal, five-percent (5%) shares of the total votes, that electorate is not a private faction because a minimum of eleven (11) members of that electorate is necessary to have a majority of the votes. By contrast, for example, if an electorate consists of twenty (20) private persons with unequal voting shares in which some combination of ten (10) or fewer members has a majority of the votes, then that electorate does not qualify for the safe harbor from treatment as a private faction under this subparagraph. The following rules apply for purposes of determining numbers of voters and voting control in Subparagraph 005.08.c.iii. of this rule, related parties (as defined in 26 CFR Section 1.150-1(b)) are treated as a single person; and in computing the number of votes necessary to determine the outcome of the relevant exercise of control, all voters entitled to vote in an election are assumed to cast all votes to which they are entitled. (7-1-21)T

14. Employment. "Employment" as used in Section 59-1302(14)(B)(b), Idaho Code, shall mean the period of time from a member's date of hire to the member's succeeding date of separation from that state agency, political subdivision or government entity. Placing a member on leave of absence with or without pay shall not be considered as a separation from the employer. (7-1-21)T

15. Firefighters' Retirement Fund. "Firefighters' Retirement Fund" or "FRF" is the retirement fund provided by Chapter 14, Title 72, Idaho Code. (7-1-21)T

113. NORMALLY WORKS TWENTY HOURS.

If a person works twenty (20) hours or more per week for more than one-half (1/2) of the weeks during the period of employment being considered, then the person meets the requirements of Section 59-1302(14)(A)(a), Idaho Code ("normally works twenty (20) hours or more per week"), and shall be considered an employee if the person meets the other requirements of Section 59-1302(14), Idaho Code. (7-1-21)T

115. -- 120. (RESERVED)

121. CEASING TO BE AN EMPLOYEE.

A member ceases to be an employee on the day following the effective date that the member is separated from their employer. Membership service credits stop on the day the member ceases to be an employee. (7-1-21)T

122. LEAVE OF ABSENCE.

A member is ineligible to contribute and receive membership service credit while on leave of absence without pay or while on leave of absence with less than one-half (1/2) pay, unless the absence is occasioned by a worker's compensation claim approved by a surety. An active member separated from employment under conditions where both the member and the employer plan a later return to employment should be placed on leave of absence without pay during the planned period of absence. (7-1-21)T

01. Employer and Employee Contributions -- Leave of Absence. During the leave of absence without pay, employer and employee contributions cease. If the member is on a leave of absence as a result of an approved worker's compensation claim, employer and employee contributions are due and payable on any salary paid to the member. The member is entitled to a month of membership service credit for each month the member remains on leave of absence as a result of an approved worker's compensation claim and receives salary in addition to income benefits. (7-1-21)T

02. Documentation of Leave of Absence. The employer shall provide PERSI with documentation, on a form provided by PERSI, of a leave of absence to clarify the member's status and retirement benefit entitlement. (7-1-21)T

03. Status of Employee on Leave of Absence. The executive director or the executive director's designee may accept or reject the employer's certification that an employee's primary position with the employer is a police officer for retirement purposes as required in Section 59-1303, Idaho Code. Acceptance of the certification shall not limit PERSI's right to review and reclassify the position for retirement purposes based upon an audit or other relevant information presented to PERSI. A position title or occasional assignments to active law enforcement service or hazardous law enforcement duties does not create a condition for designation as a police officer member for retirement purposes. (7-1-21)T

151. -- 199. (RESERVED)

An employer or agency which believes that any position is incorrectly classified as a firefighter position or a non-firefighter position may petition the Board for inclusion or exclusion of such position as a firefighter position. Such petition shall be in writing and explain in detail the principal duties of the position. The Board will review the petition and evidence, together with such information and evidence as may be presented by the staff of PERSI. MISCELLANEOUS, AND INTEREST RATE RULES**

Rules 250 through 374

250. -- 302. (RESERVED)

303. EMPLOYEE CONTRIBUTIONS BASED ON GROSS SALARY.

Employee contributions shall be based on the employee’s total gross salary regardless of source or employer funds from which the employee is paid.

(7-1-21)T

304. (RESERVED)

305. MULTIPLE EMPLOYERS -- CONTRIBUTION RATE.

If the employee has met eligibility requirements with more than one (1) employer that would result in different contribution rates, contributions shall be made at the rate for the member’s classification with the primary employer.

(7-1-21)T

306. STATE EMPLOYEE CONTRIBUTIONS.

If an employee establishes membership with the state, the employee and each agency must make contributions on the employee’s salary regardless of the number of hours worked at each state agency.

(7-1-21)T

307. POLICE OFFICER CONTRIBUTIONS WITHHELD INCORRECTLY.

If an employee’s contributions are withheld by an employer and received by PERSI at the rate established for police members on the presumption the certification required by Section 59-1303, Idaho Code, will be accepted, but if it is rejected, the employer shall adjust the employee’s contribution rate to a general member rate and PERSI shall return to the employer any excess employee contributions that have occurred.

(7-1-21)T

308. CONTRIBUTIONS DUE WHILE MEMBER IS RECEIVING WORKER'S COMPENSATION.

01. Contributions Due and Payable. Contributions are due and payable on whatever percentage of salary is paid while the member is on a leave of absence occasioned by an approved worker’s compensation claim and the member will be entitled to a month of membership service credit for each month the member remains eligible.

(7-1-21)T

02. Accruing Service. This means for an employee to continue accruing service the employer must continue to pay salary equal to the lesser of:

(7-1-21)T

a. The amount necessary to meet the statutory definition of employee (half-time at the pre-injury rate or more), or

(7-1-21)T

b. The employee’s full-time salary less the employee’s worker’s compensation income benefit.

(7-1-21)T

03. Maintaining Eligibility for Injured Workers. The intent of this rule is to permit employers to maintain eligibility for injured workers without having to pay salary that, when added to the employee’s worker’s compensation income benefit, would exceed the employee’s total salary prior to the injury. Section 122 is inapplicable to the extent it conflicts with this rule.

(7-1-21)T

309. VACATION AND CONTRACTUAL PAYMENTS SUBJECT TO CONTRIBUTIONS.

Compensation paid for vacation or remaining contractual payments is salary subject to employee and employer contributions and earns membership credit through the effective date of separation from employment at the usual rate of compensation. (7-1-21)T

310. -- 324. (RESERVED)

325. TRANSFER OF CONTRIBUTIONS TO PERSI.

Employee and employer contributions shall be calculated and forwarded to PERSI by each employer for each employee that meets the statutory definition of "employee" as defined in Section 59-1302 (14), Idaho Code. All Contributions shall be remitted, together with an approved report to PERSI no later than five (5) days after each pay date as provided in Section 59-1325(1), Idaho Code. (7-1-21)T

326. -- 349. (RESERVED)

Regular interest for each calendar year shall be the greater of ninety percent (90%) of the rate of return on the PERSI fund net of all expenses for the fiscal year ending immediately prior to the calendar year as reported in the actuary's annual valuation report or one percent (1%). (7-1-21)T

351. INTEREST – MEMBER CONTRIBUTIONS.

352. REINSTATEMENT INTEREST.

Reinstatement interest for each calendar year shall equal the average of the prime rate on June 30 of the latest three (3) years, plus one percent (1%). For purposes of this rule, the prime rate is the "prime rate" listed in the "Money Rates" section of the Wall Street Journal on June 30, or in the event no rate is listed on June 30, on the latest date preceding June 30 for which a prime rate is listed. Unless otherwise provided by statute or rule, reinstatement interest shall apply to all amounts owed to the fund. (7-1-21)T

SUBCHAPTER D – PERSI DISABILITY RULES
Rules 375 through 499

375. GENERAL RULE.

Only members of PERSI with five (5) years of credited service are eligible for disability retirement except as provided in Section 59-1352(2), Idaho Code. (7-1-21)T

376. SERVICE RELATED DISABILITY FOR POLICE, GENERAL MEMBERS, AND FIREFIGHTERS.

Police, general members, and certain firefighter members are eligible for disability retirement beginning from the first day of employment when the disability is caused by occupational hazards, as provided in Section 59-1352(2), Idaho Code. (7-1-21)T

377. -- 399. (RESERVED)

400. APPLYING FOR DISABILITY RETIREMENT.

Eligible members may apply for disability retirement by completing a required form available from any PERSI office. The application process may include an interview by a PERSI representative. Applicants must release all medical records and information to PERSI. The hours worked to qualify as an employee as defined in Section 59-1302(14), Idaho Code, is inapplicable for purposes of determining disability. (7-1-21)T

401. INITIAL APPLICATION REVIEW.

Applications will first be reviewed to determine whether the applicant meets eligibility requirements. If all eligibility requirements are met, the application will proceed to disability assessment review. If all eligibility requirements are

not met, the applicant will be notified in writing.

(7-1-21)T

402. DISABILITY ASSESSMENT REVIEW.

Applicants will be assessed to determine whether they qualify for disability retirement under the applicable standard. The assessment may include without limitation, records review, medical and psychological examinations, vocational assessments, or any combination thereof as determined by PERSI. Failure to timely comply with any request made by PERSI during the assessment process shall result in automatic denial of disability retirement. At the conclusion of the assessment process, PERSI will notify applicants in writing whether or not they qualify for disability retirement.

(7-1-21)T

403. RECONSIDERATION OF DISABILITY ASSESSMENT DECISION.

Applicants who are denied disability retirement as a result of an adverse disability assessment decision, and wish to contest that decision, are required to participate in a reconsideration process. A request for reconsideration must be made within thirty (30) days of the issuance of the disability assessment decision. Any additional information the applicant wishes to be considered must be submitted to PERSI within thirty (30) days of the request for reconsideration. The additional information will be reviewed and a reconsideration decision will be issued in writing to the applicant.

(7-1-21)T

404. ADMINISTRATIVE REVIEW OF THE RECONSIDERATION DECISION.

A reconsideration decision shall be considered a final decision under Section 59-1314(2), Idaho Code, and may be appealed to the Board for review. In any related administrative hearing, the applicant shall be limited to presenting facts and evidence made available to PERSI in the reconsideration process. No new or additional evidence may be presented at the hearing. If the applicant has additional facts or evidence that were not made available to PERSI during the assessment or reconsideration process, the applicant must submit a new application for disability retirement, proceed again through the assessment process, and pay the costs associated with the second or subsequent assessment process. This rule is intended to promote the efficient use of fund resources by encouraging full and complete disclosure of information during the disability assessment process.

(7-1-21)T

405. DELEGATION.

PERSI may, by contract or otherwise, delegate all or part of these processes to third parties. Where such delegation has been made, the term "PERSI" includes those third parties. When a member requests the resumption of a disability retirement allowance pursuant to Section 59-1354A, Idaho Code, the board may delegate its authority under Section 59-1354A, Idaho Code, to a third party. Where such delegation has been made, the term "Board" includes those third parties.

(7-1-21)T

406. REASSESSMENT OF DISABILITY RETIREES.

Disability retirees are subject to reassessment of their disability at any time to determine whether they continue to be disabled under the standard in Section 59-1302(12), Idaho Code. However, pursuant to Section 59-1302(12)(b), Idaho Code, after two (2) years of continuous disability retirement, a disability retiree is not required to undergo medical examinations more often than every twelve (12) months. Disability retirees who are notified that they have been selected for reassessment are under the same obligation as applicants to supply information.

(7-1-21)T

407. ATTORNEY'S FEES AND COSTS.

Attorney's fees and costs incurred by an applicant in his efforts to obtain disability retirement are the sole responsibility of the applicant and shall not be paid by PERSI except for fees related to judicial review for which applicant is found to be entitled under applicable law.

(7-1-21)T

408. -- 424. (RESERVED)

425. BURDEN ON APPLICANT.

Applicant must demonstrate that, on or before applicant's last day of employment, he was disabled under the disability standard. The last day of employment is the last day applicant earned compensation, including annual leave and sick leave. When a member requests the resumption of a disability retirement allowance pursuant to Section 59-1354A, Idaho Code, the member must demonstrate that he could not successfully return to work because of the same disability on which his disability retirement was based.

(7-1-21)T

426. STATUTORY STANDARD.

In applying the disability standard in Section 59-1302(12), Idaho Code, substantially all avenues of employment are reasonably closed if the applicant is permanently prevented, due to bodily injury or disease, from performing every substantial and material duty of any occupation for which the applicant is reasonably qualified by education, training or experience. (7-1-21)T

427. (RESERVED)

428. HIRE-ABILITY OF APPLICANT.

The inability of the applicant to secure employment in and around the area where the applicant resides is not considered in determining whether or not the applicant is disabled. If the applicant is able to perform every substantial and material duty of any jobs existing in the economy for which the applicant is reasonably qualified by education, training or experience, the applicant will not be considered disabled regardless of other factors that might affect the applicant's ability to actually secure employment, such as employer decisions and practices or the fact that there are no open positions or that the applicant is not selected for those positions. (7-1-21)T

429. -- 449. (RESERVED)

450. COMMENCEMENT AND DURATION OF DISABILITY ALLOWANCE.

The commencement and duration of payment of disability benefits is governed by Section 59-1354, Idaho Code. For purposes of Section 59-1354(1)(b), Idaho Code, a member "becomes eligible" on the first of the month following the date selected by the member which follows the date on which the member is unable to and thereafter does not return to work on a regular basis for two (2) consecutive weeks but not later than the date on which the member ceases to make contributions. (7-1-21)T

451. DETERMINING WORKER'S COMPENSATION OFFSET.

To determine the offset required by Section 59-1353, Idaho Code, the amount payable under the provisions of any worker's compensation law which represents income benefits as defined in Section 72-102, Idaho Code, shall be converted to a monthly equivalent and deducted from the monthly retirement allowance. (7-1-21)T

452. EFFECT OF UNUSED SICK LEAVE ON DISABILITY ALLOWANCE.

Unused sick leave entitlement provided for by either Section 33-1228, 33-2109A, or 67-5339, Idaho Code, shall not be considered salary or compensation in the application of Section 59-1354(1), Idaho Code. (7-1-21)T

453. -- 474. (RESERVED)

475. APPLICATION OF THIS SUBCHAPTER TO FRF DISABILITY RETIREMENT.

All the provisions of this subchapter, except Sections 375, 376, 406, 426, 427, 451 and 452, apply also to applications for disability retirement under the FRF plan to the extent they do not conflict with the provisions of Title 72, Chapter 14, Idaho Code. (7-1-21)T

476. -- 499. (RESERVED)

SUBCHAPTER E – PERSI SEPARATION FROM SERVICE RULES
Rules 500 through 524

500. REPAYMENT OF SEPARATION BENEFITS -- EMPLOYEE STATUS.

Repayment of a separation benefit must commence while the member is an employee, as defined in Section 59-1302(14), Idaho Code. For purposes of this rule the term employee includes employees accruing benefits under the Department of Employment Retirement Plan, the Firefighters' Retirement Fund, and the Policeman's Retirement Fund.

Statutory Reference: Section 59-1360, Idaho Code.

(7-1-21)T

501. INTEREST ACCRUAL AND CALCULATION ON SEPARATION BENEFITS.

Repayment of separation benefits as provided in Section 59-1360, Idaho Code, for employees whose most recent date of reemployment is after January 23, 1990, shall include payment of interest that shall accrue from the date each separation benefit was issued. Repayment of separation benefits as provided in Section 59-1360, Idaho Code, for employees whose most recent date of reemployment is before January 23, 1990, shall include payment of interest as

determined by the law, statutes and rules in effect on the date of last reinstatement to employee status, except as provided in Section 502 of this subchapter.

Statutory Reference: Section 59-1360, Idaho Code.

(7-1-21)T

502. REPAYMENT OF SEPARATION BENEFITS BY EMPLOYEES PREVIOUSLY PRECLUDED FROM REPAYMENT.

Any employee who was precluded from repaying a separation benefit due to the fact they failed to meet the requirements of Section 59-1360, Idaho Code, may reinstate their previous credited service by repaying the full amount of their accumulated contributions provided such repayment includes payment of regular interest accruing from the date of each such separation benefit payment.

Statutory Reference: Section 59-1360, Idaho Code.

(7-1-21)T

503. METHODS OF REPAYMENT OF SEPARATION BENEFITS.

01. Periodic and Lump-Sum Payments. Where an active member elects to repay a separation benefit to reinstate previous service as provided in Section 59-1360, Idaho Code, the member may request that repayment be made in periodic payments or in a lump-sum payment. No service will be reinstated until the full repayment has been made.

(7-1-21)T

02. Repayments Initiated on or After March 1, 2000. For all repayments initiated on or after March 1, 2000, except as provided in Section 501 of this subchapter, a repayment amount will be determined which shall be the sum of the separation benefit(s) plus regular interest from the date of the benefit payment(s) until the date of the first payment. The repayment amount will be amortized over the repayment period at the reinstatement rate in effect on the date of the first periodic payment.

(7-1-21)T

03. Repayments Initiated Before March 1, 2000. For all periodic repayments initiated before March 1, 2000, a repayment amount will be determined which shall be the sum of the separation benefit(s) plus regular interest from the date of the benefit payment(s) until the date of the first payment. The repayment amount will be amortized over the repayment period at four point seventy-five percent (4.75%) interest. This is a grandfathered rate based on the rate in effect December 31, 1999, and will apply so long as payments exceed interest charges on a calendar year basis. If payments fail to exceed interest charges in any calendar year, the grandfathered rate will be forfeited and replaced by the reinstatement rate beginning in January immediately after the year in which the failure occurs. For purposes of these rules, a repayment is initiated by signing an agreement and making a payment.

(7-1-21)T

04. Repayments Under Section 59-1331(2), Idaho Code. For (waiting period) payments made pursuant to Section 59-1331(2), Idaho Code, a repayment amount shall be determined which shall be the sum of contributions that would have been made plus regular interest from December 31, 1975 until the date of the first payment. The repayment amount will be amortized over the payment period at the reinstatement rate in effect on the date of the first periodic payment.

(7-1-21)T

504. IN-SERVICE TRANSFERS TO REINSTATE SERVICE.

To the extent permitted by federal law, and in accordance with any regulation or other guidance issued by the Internal Revenue Service, an active member may transfer funds from a 401(k), a 403(b), or an eligible 457(b) plan, in which they are currently eligible to participate, to the Base Plan for purposes of buying back service previously forfeited due to receiving a separation benefit, purchasing service related to eligible waiting periods, or purchasing service for periods of delinquent contributions.

However, such portion may be transferred only to an individual retirement account or annuity described in section 408(a) or (b) of the IRS Code, or to a qualified defined contribution plan described in section 401(a) or 403(a) of the IRS Code that agrees to separately account for the amounts so transferred, including separately accounting for the portion of such distribution which is includable in gross income and the portion of such distribution which is not so includable. 508. REQUIRED MINIMUM DISTRIBUTIONS.

01. Default Application of Federal Requirements. With respect to distributions under the Base Plan, and except as provided in Subsection 508.06, the Plan will apply the minimum distribution requirements of section 401(a)(9) of the IRS Code in accordance with a good faith interpretation of section 401(a)(9), notwithstanding any provision of the Base Plan to the contrary. (7-1-21)T

02. Required Beginning Date. Except as otherwise provided in Subsections 508.04 through 508.08, distributions under the Base Plan shall begin not later than April 1 following the later of (a) the commencement year or (b) the year in which the member retires. For purposes of Section 508, the “commencement year” is the calendar year in which the member reaches age seventy-two (72). (7-1-21)T

03. PERSI Selects Retirement Option. Any member required to take minimum distributions, as provided in this Section 508, and fails to complete and submit an approved retirement application and select either a regular or optional retirement allowance by April 1 following the later of (a) the commencement year or (b) the year in which the member retires shall be deemed to have made the following selection: (7-1-21)T

a. If single, a regular retirement allowance and no other selection shall be required or permitted. (7-1-21)T

b. If married, Option 1 and no other selection shall be required or permitted, unless proof is provided that spouse has no community property interest in the benefit. (7-1-21)T

04. Lifetime Distributions. Distribution shall be made over the life of the participant or the lives of the participant and his beneficiary; or over a period certain not extending beyond the life expectancy of the member or the joint life and last survivor expectancy of the member and his beneficiary. (7-1-21)T

05. Timing of Required Distributions. A required distribution shall be deemed to have been made during the commencement year if actually made by the following April 1, but such delayed distribution shall not change the amount of such distribution, and the distribution otherwise required during the subsequent calendar year shall be calculated as if the first distribution had been made on the last day of the commencement year. (7-1-21)T

06. Adjustment of Required Distributions. Benefits paid prior to the commencement year shall reduce the aggregate amount subject to (but shall not otherwise negate) the minimum distribution requirements described herein. (7-1-21)T

07. Benefits Deferred Beyond Service Retirement. The first payment of benefits of an inactive member following deferment beyond service retirement will be in a lump sum that includes payment for those months of service dating from the date of service retirement when a monthly retirement payment would have started through the current monthly payment. Subsequent payments will be for the monthly retirement allowance only. (7-1-21)T

08. Death Benefits. All death benefits payable under the Base Plan will be distributed as soon as administratively practicable after request, but must in any event be distributed within fifteen (15) months of the member’s death, unless the identity of the beneficiary is not ascertainable. (7-1-21)T

509. TRANSFERS TO NON-SPOUSE BENEFICIARIES.

Notwithstanding any other provision of the Base Plan to the contrary that would otherwise limit the options of the beneficiary of a deceased member who is not the member’s spouse, the administrator shall, upon the request of such a beneficiary, transfer a lump sum distribution to the trustee of an individual account established under Section 408 of the IRS Code in accordance with the provisions of Section 402(e)(11) of the IRS Code. SUBCHAPTER F – PERSI RETIREMENT RULES
Rules 525 through 649

525. AVERAGE MONTHLY SALARY COMPUTATION -- EQUITABLE TREATMENT -- DIFFERENT WORK PERIODS.

Equitable treatment for all members can be achieved only if members whose career patterns covering the same time frame and who received identical annual salaries during each of the twelve-month periods of that time frame accrue the same monthly service retirement allowance. To achieve this equity for the member whose annual salary has been paid on other than a twelve-month salary schedule during any contractual or like twelve-month period, the average monthly salary used for each one of those twelve-month periods will be determined from the total base period salary by using a divisor representing the months of membership service which would have been accumulated at that rate over a full base period.

Statutory Reference: Sections 59-1302(5A), 59-1391(b), Idaho Code.

(7-1-21)T

526. UNUSUAL COMPENSATION PATTERN EFFECT ON RETIREMENT CALCULATION.

Upon application for a retirement benefit, any portion of compensation which represents payments in excess of and inconsistent with the usual compensation pattern, for example, but not limited to lump sum contract payouts, excess vacation paid but not taken, paid sick leave, or a clothing allowance will not be considered in determining benefits.

(7-1-21)T

527. MAXIMUM RETIREMENT ALLOWANCE (RULE 111).

If the amount of a member's initial retirement allowance on the date of retirement would exceed the average salary during the member's highest thirty-six (36) consecutive calendar months of salary, then the member's initial retirement allowance will be limited to the greater of: the average salary during the highest thirty-six (36) consecutive calendar months of salary; or the initial retirement allowance based on credited service through April 1990. Optional retirement allowances will be computed after any limitation above has been applied.

(7-1-21)T

528. MEMBER NOTIFIED OF AVAILABLE RETIREMENT OPTIONS PRIOR TO BOARD APPROVAL.

The Retirement Board shall not act on any application for retirement unless the member has previously been provided with notification of the regular retirement option and options one (1) and two (2) election available to the member including the value of the monthly allowance of each. The value of options three (3) and four (4) will be provided if the member so requests the value of the option and provides information required to calculate that option (such as but not limited to social security benefit estimates) which is not available to PERSI but that can be provided by the member.

(7-1-21)T

529. -- 530. (RESERVED)

531. RETIREMENT APPLICATIONS.

Except as provided in this rule, a member is required to complete and submit an approved retirement application and select either a regular or optional retirement allowance. The member's signature must be notarized. The application for retirement indicating the election made by the retiring member shall also be signed by the spouse certifying the spouse understands and consents to the election made by the member. The spouse's signature must be notarized. Until an application for retirement is filed, no benefit payment is required. Applications with retroactive retirement dates are entitled to lump sum payments and do not include interest.

(7-1-21)T

532. PAYMENT DATE OF EARLY OR SERVICE RETIREMENT ALLOWANCE -- GENERAL MEMBERS.

As set forth by Section 59-1344, Idaho Code, a PERSI member's service retirement allowance or early retirement allowance is payable on the first of the month following the month in which the member ceases to be an employee while eligible for either of these forms of retirement.

Statutory References: Section 59-1344 and 59-1356(2), Idaho Code.

(7-1-21)T

533. ELECTED OR APPOINTED OFFICIAL WORKING FOR MULTIPLE STATE AGENCIES, POLITICAL SUBDIVISIONS OR GOVERNMENT ENTITIES.

An active member separated from employment by one (1) state agency, political subdivision or government entity for whom he or she did normally work twenty (20) hours or more per week and who is age sixty-two (62) or older and

eligible to retire but remains an elected or appointed official with a different state agency, political subdivision or government entity, may retire and continue in that elected or appointed position provided that position is one in which he or she does not normally work twenty (20) hours or more per week. The member shall receive retirement allowances under the conditions provided by Section 538.

Statutory References: Sections 59-1344 and 59-1356(2), Idaho Code. (7-1-21)T

534. ELECTED OR APPOINTED OFFICIAL RETIRING IN PLACE.

An active member serving as an elected or appointed official who does not normally work twenty (20) hours or more per week who is age sixty-two (62) or older and eligible to retire and who is not an eligible employee with another state agency, political subdivision or government entity pursuant to Section 101 may then retire and continue in that position. The member shall receive retirement allowances under the conditions provided by Section 538.

Statutory References: Sections 59-1344 and 59-1356(2), Idaho Code. (7-1-21)T

535. RESTRICTIONS ON REEMPLOYMENT OF RETIRED MEMBERS.

There are no restrictions placed upon employment or earnings of retired members except with respect to employment by a state agency, political subdivision or government entity member of PERSI. Unless specified otherwise, the conditions of reemployment outlined in this subchapter apply for employment with any state agency, political subdivision or government entity member of the system.

Statutory Reference: Section 59-1356, Idaho Code. (7-1-21)T

536. RETIRED MEMBER BECOMING AN ACTIVE MEMBER.

01. Return to Service. A PERSI retired member employed in a position which involves service of normally twenty (20) hours or more per week for a period of five (5) or more consecutive months or longer will return to the status of an active member. Retirement benefits will suspend on reemployment and employee and employer contributions will resume to provide additional retirement credits. If a retired member is reemployed in a position which involves service of twenty (20) hours or more per week for a period of less than five (5) consecutive months, their monthly retirement benefits will continue to be paid. If the member's reemployment should equal or exceed the five (5) month period for any reason, the member will be required to repay the retirement benefits paid during the five (5) month period which they were reemployed and they will return to the status of an active member. Employee and employer contributions will be due for the five (5) consecutive month period.

Statutory Reference: Section 59-1356, Idaho Code. (7-1-21)T

02. Return to School District. A PERSI retired member who qualifies to return to employment with a school district under Section 59-1356(4), Idaho Code, must return in the same job capacity to fulfill the intent of the statute, to fill hard-to-fill positions. A school teacher must return to work as a school teacher, a qualified bus driver must return to work as a bus driver, an administrator must return to work as an administrator.

(7-1-21)T

537. REEMPLOYMENT LESS THAN FIVE CONSECUTIVE MONTHS.

If the period of reemployment develops to be less than five (5) consecutive months, contributions will be refunded and retirement allowances will resume as of the date they were discontinued.

Statutory Reference: Section 59-1356, Idaho Code. (7-1-21)T

538. REEMPLOYMENT -- WORKING LESS THAN TWENTY HOURS OR LESS THAN FIVE CONSECUTIVE MONTHS.

Monthly retirement allowances will continue to be paid to the PERSI retired member who returns to employment in a position where the member does not normally work twenty (20) hours or more per week or the reemployment is for a period which does not total five (5) consecutive months and the state agency, political subdivision or government entity so certifies. In such cases, employee and employer contributions are neither required nor acceptable and no new retirement credits can be earned.

Statutory Reference: Section 59-1356, Idaho Code. (7-1-21)T

539. RETIRED MEMBER BECOMING AN ELECTED OR APPOINTED OFFICIAL.

A PERSI retired member who is subsequently elected or appointed by an employer to public office and who is not normally required to perform services of twenty (20) hours or more per week in that position may continue to receive retirement allowances in the status of a reemployed retired member under conditions outlined by Section 537.

Statutory Reference: Section 59-1356, Idaho Code. (7-1-21)T

540. SEPARATION FROM EMPLOYMENT AFTER REEMPLOYMENT.

Upon subsequent separation from employment after reemployment, the member's original monthly retirement allowance will resume with appropriate cost-of-living adjustments plus the addition of a separate allowance computed with respect to salary and service credited during the reemployment period.
 Statutory Reference: Section 59-1356, Idaho Code. (7-1-21)T

541. EARLY RETIREMENT MEMBER -- REEMPLOYMENT.

A PERSI member who had been receiving an early retirement allowance and who returns to employment as an active member may refund all retirement benefits previously paid plus regular interest accrued from the date each monthly allowance had been paid, thereby negating the previous retirement status. The month of last contribution prior to the negated retirement and the month of initial contribution upon return to active membership shall be considered consecutive months of contributions in the determination of an appropriate salary base period upon subsequent retirement.
 Statutory Reference: Section 59-1356, Idaho Code. (7-1-21)T

The Board shall annually determine the post retirement cost of living adjustment (COLA) for the Public Employee Retirement System of Idaho (PERSI) pursuant to Section 59-1355, Idaho Code. The Board shall have discretion in adopting a yearly discretionary and/or retro-active COLA. The Board shall yearly adopt this COLA no later than the December Board meeting of each year with an effective date of March 1 of the next year.

545. PRE-ERISA VESTING RULES.

01. Termination or Partial Termination. Upon the effective date of any termination or partial termination or upon a complete discontinuation of contributions: (7-1-21)T

a. No persons who were not theretofore members shall be eligible to become members; (7-1-21)T

b. No further benefits shall accrue; and (7-1-21)T

c. The accrued benefits of all members not theretofore vested and not theretofore forfeited shall immediately become fully vested. (7-1-21)T

546. FORFEITURES.

Forfeitures will not be applied to increase the benefits any employee would otherwise receive under the Base Plan. (7-1-21)T

547. ACTUARIAL ASSUMPTIONS TO BE SPECIFIED.

Whenever the amount of any Base Plan benefit is to be determined on the basis of actuarial assumptions, such assumptions will be specified in rule in a manner that precludes employer discretion. (7-1-21)T

548. COMPENSATION LIMIT.

01. Limit. Except for members of the system prior to July 1, 1996, as provided in Section 59-1302(31)(B), Idaho Code, the annual compensation of each participant taken into account in determining benefit accruals in any plan year beginning after December 31, 2001, shall not exceed two hundred thousand dollars (\$200,000). Annual compensation means compensation during the calendar year (the determination period). In determining benefit accruals for determination periods beginning before January 1, 2002, compensation shall be two hundred thousand dollars (\$200,000). (7-1-21)T

02. Limit Adjustment. The two hundred thousand dollars (\$200,000) limit on annual compensation in Subsection 548.01 shall be adjusted for cost-of-living increases in accordance with Section 401(a)(17)(B) of the IRS Code. The cost-of-living adjustment in effect for a calendar year applies to annual compensation for the determination period that begins with or within such calendar year. (7-1-21)T

549. DEFINED BENEFIT DOLLAR LIMITATION.

The “defined benefit dollar limitation” is one hundred sixty thousand dollars (\$160,000), as adjusted, effective January 1 of each year thereafter, under Section 415(d) of the IRS Code in such manner as the Secretary shall prescribe, and payable in the form of a straight life annuity. A limitation as adjusted under Section 415(d) will apply to limitation years ending with or within the calendar year for which the adjustment applies. The “maximum permissible benefit” is the defined benefit dollar limitation (adjusted where required, as provided in Subsection 549.01 and, if applicable, in Subsections 549.02 through 549.04 of these rules). (7-1-21)T

01. Less Than Ten Years of Service. If the participant has fewer than ten (10) years of participation in the plan, the defined benefit dollar limitation shall be multiplied by a fraction: (7-1-21)T

a. The numerator of which is the number of years (or part thereof) of participation in the plan; and (7-1-21)T

b. The denominator of which is ten (10). (7-1-21)T

02. Benefit Begins Prior to Age Sixty-Two. If the benefit of a participant begins prior to age sixty-two (62), the defined benefit dollar limitation applicable to the participant at such earlier age is an annual benefit payable in the form of a straight life annuity beginning at the earlier age that is the actuarial equivalent of the defined benefit dollar limitation applicable to the participant at age sixty-two (62) (adjusted under Subsection 549.01, if required). The defined benefit dollar limitation applicable at an age prior to age sixty-two (62) is determined as set forth in IRS regulation under section 415(b)(2) of the IRS Code. This Subsection 549.02 does not apply to participants who have at least fifteen (15) years of credited service for which the member was classified as a police officer or firefighter. (7-1-21)T

03. Benefit Begins at Age Sixty-Five. If the benefit of a participant begins after the participant attains age sixty-five (65), the defined benefit dollar limitation applicable to the participant at the later age is the annual benefit payable in the form of a straight life annuity beginning at the later age that is actuarially equivalent to the defined benefit dollar limitation applicable to the participant at age sixty-five (65) (adjusted under Subsection 549.01, if required). The actuarial equivalent of the defined benefit dollar limitation applicable at an age after age sixty-five (65) is determined as set forth in IRS regulation under section 415(b)(2) of the IRS Code. (7-1-21)T

04. Transition. Benefit increases resulting from the increase in the limitations of section 415(b) of the IRS Code shall be provided to all current and former participants (with benefits limited by section 415(b)) who have an accrued benefit under the plan immediately prior to the effective date of this Section (other than an accrued benefit resulting from a benefit increase solely as a result of the increases in limitations under section 415(b)). (7-1-21)T

550. COMPUTATION OF BENEFITS FOR EMPLOYEES OF WITHDRAWN EMPLOYER.

01. PERSI's Responsibility. PERSI's responsibility to a withdrawing political subdivision or governmental entity or its employees is limited to the vested accrued actuarial benefits of the system's members upon the date of complete withdrawal, Section 59-1326(10), Idaho Code. (7-1-21)T

02. Withdrawal Liability Calculations. On the occasion that a withdrawing political subdivision or governmental entity fails to pay, in full with accrued interest from date of withdrawal, the withdrawal liability calculated in accordance with Section 59-1326(7), Idaho Code, PERSI shall exhaust all efforts to collect the outstanding withdrawal liability as follows: (7-1-21)T

a. Collect the full withdrawal liability from withdrawing political subdivision or governmental entity at date of withdrawal. If full withdrawal liability is not paid, then; (7-1-21)T

b. Contract with withdrawing political subdivision or governmental entity, in accordance with section 59-1326(9) and file a lien on the assets of the withdrawing political subdivision or governmental entity. If scheduled payments are not timely made or assets are insufficient or unavailable, then; (7-1-21)T

c. PERSI will pursue collection efforts against the authorizing state agency, political subdivision or governmental entity that caused the withdrawing political subdivision or governmental entity to be formed. If these collection efforts are ineffective, then; (7-1-21)T

d. PERSI will cause an actuarial study to be performed for the withdrawing political subdivision or governmental entity and its employees to determine the actuarial value of the accrued benefits at time of withdrawal and will reduce an employee's benefit to match funded status. (7-1-21)T

551. COMPUTING VALUE OF SICK LEAVE.

For those members who accrue sick leave based upon each month of service, the rate of pay for purposes of computing the monetary value of a retired member's unused sick leave as outlined in Sections 59-1365, 67-5333, and 33-2109A, Idaho Code, shall be the base hourly rate of compensation reported by the employer during the month of separation from employment prior to retirement, not including any temporary increases, bonuses, or payoffs. For those members employed on a contract basis under Section 33-1228, Idaho Code, the rate of pay for purposes of computing the monetary value of a retiring member's unused sick leave based upon each month of service shall be determined at a daily rate by dividing the annual contract amount by the required days of work. No temporary increases, bonuses or payoffs shall be included in the contract amount. Where the daily rate is affected by changes in the work week such as adoption of a four (4) day work week or similar events, adjustments shall be made to convert the daily rate to maintain equity within the pool. No other forms of leave may be converted to sick leave or otherwise considered in computing the value of unused sick leave. (7-1-21)T

552. SICK LEAVE FUNDING RATES.

The sick leave pools shall be funded by employer contributions as follows: (7-1-21)T

01. State Agencies and Junior College Districts. All employer groups participating in the pools established by Sections 33-2109A and 67-5333, Idaho Code, shall contribute point sixty-five percent (.65%) of employee covered payroll. (7-1-21)T

02. Schools. All employer groups participating in the pool established by Section 33-1228, Idaho Code, shall contribute the percentage of employee covered payroll based on the number of days of paid sick leave permitted during the contract year for certified teachers as set forth in the following table:

Beginning:	July 1, 2006
9-10 days	1.16%
11-14 days	1.26%
More than 14 days	Individual rate to be set by the Retirement Board based on current cost and actuarial data and reviewed annually

Where a four (4) day work week or similar policies have been adopted, adjustments shall be made to convert the number of days of paid sick leave to the contribution level necessary to maintain equity within the pool. (7-1-21)T

03. Subdivisions. All political subdivision or government entity groups participating in the pool established by Section 59-1365, Idaho Code, shall make contributions as provided in Section 578. (7-1-21)T

553. LIMITATION ON INSURANCE PROGRAMS.

The health, accident, and life insurance programs maintained by state agencies, political subdivisions or government entities as outlined in Sections 59-1365, 33-1228, and 33-2109A, Idaho Code, are limited to plans where the policy holder is the state agency, political subdivision or government entity or a consortium of state agencies, political subdivisions or government entities. Insurance programs outlined in Section 67-5333, Idaho Code, shall be maintained by the state agency, political subdivision or government entity. The board may require plans to sign an agreement before participating. (7-1-21)T

554. PAYMENT OF INSURANCE PREMIUMS.

Upon certification by the state agency, political subdivision or government entity and the insurance carrier that a plan qualifies under Section 553 of this subchapter, the board may pay the monthly premiums for a retired member using unused sick leave account funds as prescribed by Idaho Code. (7-1-21)T

01. Adjustments. Coverage and premium changes or adjustments must be submitted to PERSI no less than thirty (30) days prior to their effective date unless PERSI has previously agreed in writing to a shorter period. (7-1-21)T

02. Duration of Payments. Premium payments will continue to be made from the unused sick leave account until credits are insufficient to make a premium payment, or until the retiree's death, whichever first occurs. (7-1-21)T

555. SEPARATION BY REASON OF RETIREMENT.

Unused sick leave benefits are credited only to employees who are eligible to retire at the time they separate from the state agency, political subdivision or government entity. When an employee separates from service and does not immediately retire, unused sick leave benefits are credited to the member but not available for use unless the member actually retires without intervening employment resulting in PERSI participation. The existence of available unused sick leave credits does not necessarily mean they are usable. A member must also be eligible to participate in the retiree plan offered by the state agency, political subdivision or government entity from which the member retired. Except for school district employees transferring from one (1) district to another, unused sick leave credits may not be transferred from one (1) state agency, political subdivision or government entity to another. If a member negates their retirement under Section 541 and returns to work for a new PERSI state agency, political subdivision or government entity, unused sick leave credits are also negated and eligibility for unused sick leave credits must be reestablished with the new state agency, political subdivision or government entity. (7-1-21)T

556. PROHIBITION AGAINST CASH OPTION.

All state agencies, political subdivisions or government entities participating in any PERSI administered sick leave pool are prohibited from offering or permitting any employee to convert unused sick leave to cash, other forms of leave, or any other benefit, even if the employee is not eligible to receive credits. Failure to comply with this prohibition will result in the state agencies, political subdivisions or government entities inability to participate in PERSI administered unused sick leave pools. (7-1-21)T

557. -- 575. (RESERVED)

576. PARTICIPATION IN SUBDIVISION UNUSED SICK LEAVE POOL.

Any PERSI state agency, political subdivision or government entity meeting the following requirements may elect to participate in the unused sick leave pool authorized by Section 59-1365, Idaho Code: (7-1-21)T

01. No Current Plan. The state agency, political subdivision or government entity does not participate in any other statutorily created plan that offers benefits for unused sick leave, including but not limited to, those plans created under Sections 33-1228, 33-2109, and 67-5333, Idaho Code. (7-1-21)T

02. All Inclusive Participation. All of a participating state agencies, political subdivisions or government entities employees who are PERSI members and who accrue sick leave must be participants in the plan, except that state agencies, political subdivisions or government entities may exclude certain distinctive classes of employees for legitimate business reasons. For example, a city could exclude employees covered by a collective bargaining agreement, or a county may choose to exclude elected officials. (7-1-21)T

03. No Other Options for Unused Sick Leave. No employee may be given any option to receive benefits from unused sick leave other than through this plan. For example, no employee, other than those properly excluded under Subsection 576.02, may be given the option of exchanging sick leave for cash or other forms of payment or leave. (7-1-21)T

04. Fixed Annual Accrual of Sick Leave. State agency, political subdivision or government entity must comply with a policy that offers a fixed amount of sick leave annually that is applicable to all employees or employee groups. A “personal leave” option that fails to distinguish between sick, vacation, or other forms of leave is not permitted. (7-1-21)T

05. Medicare Eligible Retirees. State agencies, political subdivisions or government entities plan must provide coverage to all retired employees eligible for unused sick leave credits, including retirees that become Medicare eligible. (7-1-21)T

06. Annual Application. State agency, political subdivision or government entity must annually update and submit an application for participation in the Subdivision Unused Sick Leave Pool on the form prescribed by PERSI. (7-1-21)T

577. OPERATION OF SUBDIVISION POOL.

Upon separation from employment by retirement, in accordance with Chapter 13, Title 59, Idaho Code, every employee of a participating state agency, political subdivision or government entity shall, upon payment by the state agency, political subdivision or government entity under Section 578, receive a credit for unused sick leave in the same manner and under the same terms as provided in Section 67-5333(1), Idaho Code. (7-1-21)T

578. FUNDING OF SUBDIVISION POOL.

Participating state agencies, political subdivisions or government entities shall, within ten (10) days of retiree’s last day in pay status, pay to PERSI a sum equal to the retiree’s unused sick leave credit, together with any administrative fees the board may require. Investment earnings on funds paid into this pool will remain in the pool, together with any reversions due to the death of a retiree, and may be used by the board to pay some or all administrative costs. (7-1-21)T

579. TERMINATION, WITHDRAWAL, OR REMOVAL FROM SUBDIVISION POOL.

Any state agency, political subdivision or government entity failing to meet the requirements of participation provided by Section 576 shall be terminated from participation in the Subdivision Pool. Any state agency, political subdivision or government entity failing to meet the funding requirements provided by Section 578 shall be terminated from participation in the Subdivision Pool, provided however, a state agency, political subdivision or government entity may submit a detailed explanation for its failure to meet the funding requirements as required in Section 578 and subject to PERSI approval. State agencies, political subdivisions or government entities that have withdrawn or have been terminated shall not be allowed to rejoin. (7-1-21)T

580. -- 599. (RESERVED)

600. PAYMENT DATE OF RETIREMENT ALLOWANCE FOR FRF MEMBERS.

A paid firefighter who retires under the provisions of Chapter 14, Title 72, Idaho Code, is entitled to a retirement allowance computed from the date following separation from employment, payable at the end of the calendar month following separation from employment. (7-1-21)T

601. FIREFIGHTER RETIREMENT ALLOWANCE.

Notwithstanding Sections 525 and 526 of this subchapter, the retirement allowances of firefighter members, as defined by Section 59-1391(b), Idaho Code, shall be determined pursuant to the provisions of Chapter 14, Title 72, Idaho Code. (7-1-21)T

602. REEMPLOYMENT OF RETIRED FRF FIREFIGHTER.

A paid firefighter retired under the provisions of Chapter 14, Title 72, (FRF), Idaho Code, who returns to employment as a paid firefighter with the same fire department from which retired shall be considered reemployed in the manner provided for PERSI members by Section 59-1356(1), Idaho Code. Retirement benefits shall then terminate and contributions shall again commence under conditions specified prior to retirement. The terminated benefit shall resume upon subsequent retirement with adjustments made in the manner prescribed by Section 59-1356(1), Idaho Code, as they would apply to the member's retirement benefit entitlement computed under the provisions of Chapter 14, Title 72, Idaho Code.

Statutory References: Section 59-1356, Idaho Code.

(7-1-21)T

603. -- 624. (RESERVED)

625. PURCHASE OF SERVICE GENERALLY.

No member may purchase more than forty-eight (48) months of membership service, whether purchased under Section 59-1362, or 59-1363, Idaho Code, or a combination thereof. In all cases, the cost of purchasing service shall be the full actuarial costs, as determined by the board, of providing additional benefits resulting from the purchased service. Service may only be purchased at the time of retirement. In no event can a member revoke a purchase of service after payment has been made. (7-1-21)T

626. TIME OF RETIREMENT.

Within ninety (90) days before a member's effective date of retirement, the member may request the cost of service to be purchased. Costs provided for purchased service are valid only for the effective date requested. Purchased service will be calculated into the member's benefit only to the extent that it is paid by the effective date. In no event shall service be credited for which payment has not been made. Service may be purchased with after-tax dollars or with eligible rollover distributions. The member's service class at the time of purchase determines the class of service that may be purchased. (7-1-21)T

627. RETIREMENT DELAYED OR NEGATED AFTER PURCHASE.

If a member purchases service and thereafter revokes their application for retirement or negates their retirement as provided in Rule 541, the contributions made to purchase the service shall remain in the system until a distributable event occurs. If the distributable event results in payment of a monthly retirement benefit or an optional death benefit, the purchase price of the service previously purchased will be recalculated based on factors existing on the date the new benefit becomes effective. If, based on the new factors, the purchase price is higher than previously determined, the number of months purchased will be reduced to reflect the higher cost unless the member elects to pay the difference. If the purchase price is lower, the difference will be paid to the member as a lump-sum payment within sixty (60) days after the date of retirement unless the member elects to convert the difference into additional months and can do so without exceeding the forty-eight (48) month limit, the IRS limit referenced in Subsection 705.05, or any other statutory limitation, including the limitation in Section 59-1342(6), Idaho Code. (7-1-21)T

628. TREATMENT OF PURCHASE OF SERVICE CONTRIBUTIONS.

Contributions made for purposes of purchasing service, and interest earnings thereon, are not considered for purposes of determining death benefits under Section 59-1361(3), Idaho Code, and distributions under Section 59-1309(5), Idaho Code. When determining death benefits under Section 59-1361(3), Idaho Code, first calculate two hundred percent (200%) of accumulated contributions, excluding contributions and interest related to purchased service, then add member contributions and interest related to purchased service. Member contributions and interest will also be included in any separation benefit. In no event shall employer contributions for purchased service be included in any separation benefit or lump-sum death benefit. (7-1-21)T

629. EMPLOYER PARTICIPATION.

State agency, political subdivision or government entity participation must be in the form of lump-sum payments at the time of retirement. In the event a state agency, political subdivision or government entity makes a contribution on behalf of a member and a distribution other than periodic payments occurs prior to the actual retirement effective date, the state agency, political subdivision or government entity may claim a credit against future contributions equal to the amount of the contribution. State agency, political subdivision or government entity contributions must be accompanied by or preceded by a written statement endorsed by the governing body or officer of the state agency, political subdivision or government entity verifying that the participation is properly authorized and that the state agency, political subdivision or government entity indemnifies PERSI against any loss resulting from failure of the state agency, political subdivision or government entity, or any person acting on its behalf, to act within its authority.

(7-1-21)T

630. ADDITIONAL LIMITS ON PURCHASED SERVICE.

The Internal Revenue Code imposes limits on the amount of retirement benefits that can be paid to a retiree under a defined benefit plan. Benefits acquired through purchase of service are subject to these limits for some purposes. In no event can a member purchase service that would result in the member exceeding the limits imposed in Section 415(n)(1)(A) of the IRS Code. In addition, a member's initial retirement benefit, including purchased service, continues to be subject to the limitation in Section 59-1342(6), Idaho Code.

SUBCHAPTER G – PERSI GAIN SHARING RULES
Rules 650 through 755

650. EXISTENCE OF EXTRAORDINARY GAINS.

The existence of extraordinary gains triggers the possibility that allocations will be made as provided in Section 59-1309, Idaho Code. However, the existence of extraordinary gains does not obligate the retirement board to make an allocation. The Board may choose not to allocate extraordinary gains, or it may choose to allocate all or part of the extraordinary gains. Extraordinary gains exist when, at the close of the fiscal year, the value of plan assets exceeds plan liabilities as determined by the actuary, plus a sum necessary to absorb a one (1) standard deviation market event without increasing contribution rates, as determined by the Board. The amount of extraordinary gains available for possible distribution equals the amount by which the assets exceed the sum of the liabilities and the one standard deviation.

(7-1-21)T

651. VALUE OF PLAN ASSETS.

This is the total assets held in the PERSI base plan, as reported in the actuarial valuation at the end of the fiscal year.

(7-1-21)T

652. PLAN LIABILITIES.

This is the actuarial liability of the PERSI base plan, including but not limited to, the cost of the proposed COLA to be effective in March following the close of the fiscal year, the cost of any benefit enhancements to the base plan approved by the legislature, and the cost of actuarial gains and losses, as reported in the actuarial valuation for the fiscal year.

(7-1-21)T

653. ONE STANDARD DEVIATION.

This is the amount of reserve necessary to absorb normal market fluctuations and is a function of the risk associated with investment holdings and strategies, and will be determined by the Board based on those factors.

(7-1-21)T

654. BOARD DISCRETION.

The Board retains full discretion in determining whether to allocate extraordinary gains when they exist. Because of the broad range of factors that might be relevant to such a determination, and to assure that the Board will not be limited in exercising its discretion, these rules do not attempt to identify any of the factors that might be considered in the Board's fiduciary capacity. When extraordinary gains exist, the Board will decide whether they will be allocated no later than the first day of December following the end of the fiscal year. Such decision shall be in writing and shall constitute an amendment to the plan document for purposes of the Internal Revenue Code of 1986, as amended, or any successor thereto. In the absence of any such decision, the allocation for that year shall be zero (0.00).

(7-1-21)T

655. -- 674. (RESERVED)

675. ALLOCATION BETWEEN GROUPS.

If extraordinary gains exist, and the Board determines that all or part of such gains should be allocated, an allocation will be made among the three (3) groups identified by Section 59-1309, Idaho Code. The three (3) groups and allocations are: (7-1-21)T

- a. Active PERSI members - 38 percent (38%); (7-1-21)T
- b. PERSI retirees - twelve percent (12%); and (7-1-21)T
- c. PERSI employers - fifty percent (50%) (7-1-21)T

676. -- 699. (RESERVED)

700. ACTIVE MEMBER ALLOCATION.

After the amount to be allocated to the active member group has been determined, it shall be allocated among the members of the group. The active member allocation determines each member's initial share before considering any applicable individual limits. Each member's initial share shall be determined by dividing that member's accumulated contributions in the base plan at the close of the fiscal year by the total accumulated contributions in the base plan of all members of the group at the close of the fiscal year, multiplied by the amount allocated to the active member group. In no event shall a member's initial share, before considering individual limits, exceed the maximum annual contribution limit under Section 415(c) of the IRS Code applicable for the limitation year. (7-1-21)T

701. MINIMUM ALLOCATION AMOUNT.

Due to the costs associated with maintaining individual choice accounts, no allocation shall be made to any member whose allocation share does not exceed thirty-eight dollars (\$38) after considering individual limits, unless the member had a PERSI choice account on the last day of the fiscal year and has not withdrawn funds before the allocation date. (7-1-21)T

702. ACTIVE MEMBER.

A member participates in the active member allocation only if he is an active member as defined in this subchapter. Whenever a member is placed on leave of absence under circumstances making that member eligible for benefits under USERRA, the employer shall notify PERSI in writing within thirty (30) days and attach a copy of the member's orders. (7-1-21)T

703. ACCUMULATED CONTRIBUTIONS.

For purposes of allocating extraordinary gains within the active member group, accumulated contributions do not include contributions or interest related to the purchase of permissive service credits or contributions or interest in the Choice Plan or accounts. (7-1-21)T

704. TRANSFER TO DEFINED CONTRIBUTION CHOICE ACCOUNTS.

After each member's initial share has been determined, it will be transferred to an individual account as permitted under Section 414(k) of the IRS Code, subject to individual limits imposed by the Internal Revenue Code. The Board may transfer allocations anytime after necessary compensation data is received and processed by the Board. (7-1-21)T

705. LIMITATIONS ON ALLOCATION.

In no event shall a member's final allocation exceed the limits imposed by Section 415(c) of the IRS Code, based on compensation earned during the calendar year that included the end of the fiscal year. (7-1-21)T

706. INTERVENING RETIREMENT.

When a member is included in the active member pool but retires prior to the transfer of allocations, the member's allocation will be made as a one-time payment directly to the member rather than a transfer to an individual account. Such allocations will not be limited by Section 705 but will be subject to the limitations of Section 729. (7-1-21)T

707. INTERVENING WITHDRAWAL OF CONTRIBUTIONS.

When a member is included in the active member pool but terminates prior to the transfer of allocations, the allocation will be made to the member's individual account if the member has not withdrawn contributions from the Base account prior to the date of transfer of the allocation. No member who has withdrawn contributions from the Base account prior to the transfer of the allocation is eligible to receive an allocation. (7-1-21)T

708. INTERVENING DEATH OF ACTIVE MEMBER.

When a member would have been included in the active member allocation but dies prior to the transfer of allocations, no allocation shall be made to the member, beneficiary or estate except that an optional death benefit recipient will receive the active member's allocation as limited by Section 729. (7-1-21)T

709. TREATMENT OF GAIN SHARING ALLOCATIONS IN THE CHOICE ACCOUNT.

Gain sharing allocations transferred to individual Choice Accounts have no effect on an individual's Base Plan benefit. Gain sharing allocations, and the earnings thereon, will be accounted for separately from other Choice Plan contributions but will be treated as one plan for purposes of reporting, investing, distributions, and fees to the extent they are applicable. Related provisions of the Plan adopted by the Board to facilitate voluntary and employer contributions are applicable to gain sharing allocations to the extent not inconsistent with these rules and Sections 59-1308 and 59-1309, Idaho Code. However, no loans or hardship withdrawals may be taken against gain sharing account balances. (7-1-21)T

710. -- 724. (RESERVED)

725. RETIREE ALLOCATION.

After the amount to be allocated to the retiree group has been determined, it shall be allocated among the members of the group. The retiree allocation determines each member's share before considering any applicable individual limits. Each member's initial share shall be determined by dividing that retiree's monthly benefit at the close of the fiscal year by the total monthly benefits payable to all members of the group at the close of the fiscal year, multiplied by the amount allocated to the retiree group. (7-1-21)T

726. RETIREE.

For purposes of allocating extraordinary gains, a member must be a retiree as defined in this subchapter. (7-1-21)T

727. MONTHLY BENEFIT.

This is the monthly benefit for the last month of the fiscal year but does not include benefits related to other months that may also have been paid during the last month of the fiscal year. In no event shall a retiree's share be determined based on more than the retiree's annual benefit, not including any gain sharing allocations, divided by twelve (12). (7-1-21)T

728. PAYMENT OF ALLOCATION.

After each retiree's initial share has been determined, it will be paid no later than February 1 following the close of the fiscal year directly to the retiree either together with the retiree's monthly benefit or separately, subject to individual limits imposed by the Internal Revenue Code. (7-1-21)T

729. LIMITATIONS ON ALLOCATION.

Prior to allocation, a retiree's initial share shall be further limited as necessary to comply with the limits of Section 415(b) of the IRS Code. (7-1-21)T

730. INTERVENING DEATH OF A RETIREE.

When a retiree is included in the retiree allocation but dies prior to the transfer of allocations, no allocation shall be made unless benefit payments are continuing to be made to a contingent annuitant. (7-1-21)T

731. INTERVENING REEMPLOYMENT.

When a retiree is included in the retiree allocation but becomes reemployed as defined in Section 59-1356, Idaho Code, prior to the date of distribution, the retiree allocation shall be made in the form of an active member allocation, and shall be subject to active member limitations. (7-1-21)T

732. NEGATED RETIREMENT.

Gain sharing allocations received by a retiree are not included in the amounts required to be repaid when negating retirement under Section 541. (7-1-21)T

733. -- 749. (RESERVED)

750. EMPLOYER ALLOCATION.

After the amount to be allocated to the employer group has been determined, it shall be allocated among the members of the group. Each employer's share shall be determined by dividing that employer's contribution liability for the fiscal year by the total contribution liability for all members of the group for the fiscal year, multiplied by the amount allocated to the employer group. (7-1-21)T

751. EMPLOYER.

Participation in the employer pool is limited to those entities defined as an employer in this subchapter. (7-1-21)T

752. CONTRIBUTION LIABILITY.

This includes only employer contributions that are accrued during the fiscal year and required to be paid by Section 59-1322, Idaho Code, unreduced by gain sharing credits. It does not include contributions made to fund sick leave pools, to pay costs of other plans such as the Firefighters Retirement Fund, or to contributions required by Sections 33-107A and 33-107B, Idaho Code. Only adjustments related to fiscal year contributions will be considered. (7-1-21)T

753. CREDIT OF ALLOCATION.

After each employer's share has been determined, it will be credited against the employer's future contribution invoices. The credits shall be applied only to offset future employee and employer contributions required to be remitted by Section 59-1325(1), Idaho Code, until the credit is exhausted. An employer may elect to use the credits solely against employer contributions to the extent that no carry-over credits (as described in Section 754) result. (7-1-21)T

754. CARRY-OVER OF CREDIT.

Should the credit exceed the employer's contribution invoices for the succeeding twelve (12) month period, any remaining credits will carry over to the following year together with an additional credit representing an interest payment. The interest credit shall equal the balance of remaining credits multiplied by a ratio representing the regular rate of interest. This process shall be repeated annually until all credits have been used. (7-1-21)T

755. WITHDRAWAL OF EMPLOYER.

When an employer is included in the employer pool but withdraws from the system as provided in Section 59-1326, Idaho Code, prior to allocation of credits, the employer shall not be entitled to receive any credits. When an employer is entitled to carry-over credits but withdraws prior to using all its credits, it shall not be entitled to additional credits based on interest payments. (7-1-21)T
