03. LWCF Advisory Committee Rating. The LWCF Advisory Committee rates projects and assists the Department in making funding priority recommendations to the Idaho Park and Recreation Board. (7-1-21)T

04. Board and NPS Approval. The board reviews and approves a priority list for submission to NPS. Applications are submitted to NPS according to priority after LWCF moneys have been appropriated by Congress and allocated to the state. (7-1-21)T

081. -- 099. (RESERVED)

100. FEES AND INCOME.

01. User Fees. User or other types of fees may be charged in connection with facilities developed with LWCF grants, provided that the fees and charges are commensurate with the value of recreation services or opportunities furnished and are in the prevailing range of public fees and charges for the particular activity involved. Discrimination on the basis of residence, including preferential reservation or membership systems and annual permit systems, is prohibited except to the extent that reasonable differences in admission and other fees may be maintained on the basis of residence. (7-1-21)T

02. Nonrecreational Income. Nonrecreational income that accrues to an outdoor recreation area other than the intended recreational use, including income from land management practices, must derive from use that is consistent with, and complementary to, the intended outdoor recreational use of the area. Gross nonrecreational income that accrues during the project period established in the project contract must be used to reduce the total cost of the project. Gross nonrecreational income that accrues subsequent to the ending date identified in the project contracts must be used only to offset the expense of operation and maintenance of the facility. (7-1-21)T

101. SPONSOR'S MATCHING SHARE.

The sponsor must match a portion of the approved project cost as determined by the National Park Service. The sponsor's share can be either local funds, acceptable state funds, force account (labor or equipment), or donation of privately owned lands, goods or services. All matching funds must meet LWCF Program rules as well as the allowable cost rules under 2 CFR 200. (7-1-21)T

102. APPRAISAL REQUIREMENTS.

A real estate appraisal is required for all land to be acquired. The appraisal must be prepared and paid for by the sponsor. All appraisals must be done according to "Uniform Appraisal Standards for Federal Land Acquisitions." NPS requires that the Department has each appraisal reviewed by a qualified appraiser. Any appraisal report that does not meet the basic content requirement or use correct analysis procedures must be corrected to the satisfaction of the Department. All costs are paid by the sponsor. (7-1-21)T

103. -- 299. (RESERVED)

300. FUND ALLOCATION.

01. Administration Costs. Idaho's cost of administering the SCORP program, the LWCF program and a contingency fund are deducted from the state's annual apportionment. The remaining funds are divided fifty percent (50%) for local governmental agencies and fifty percent (50%) for state agencies. This standard may be altered in any year at the discretion of the board. (7-1-21)T

02. Allocation by Population. (7-1-21)T

a. To assure that the needs of rural areas are met, twenty percent (20%) of the amount dedicated for local governmental agencies is dedicated for use by governmental agencies of five thousand (5,000) population or less. If the cumulative request of the governmental agencies of five thousand (5,000) population or less is more than the twenty percent (20%) of the amount dedicated for local governmental agencies, governmental agencies of five thousand (5,000) population or less may compete for the total remaining allocation. (7-1-21)T

b. If the total cost for a single project of a governmental agency with a population of five thousand (5,000) or less requires over one-half (1/2) of the twenty percent (20%) dedicated for use by governmental agencies of five thousand (5,000) population or less, that project will compete with the large governmental agency projects. (7-1-21)T

c. The board may suspend (through formal action at the board meeting at which LWCF grant requests are considered) any provision of this section if the allocation is too small to warrant viable projects. (7-1-21)T

03. Less Than Full Distribution. The board is not required to distribute all available funds. The Department may recommend, and the board determine, to reject projects with evaluation scores so low as to be noncompetitive. (7-1-21)T

04. Cost Overruns. Twenty percent (20%) of the total allocation may be held out for needed cost overruns. Any unused funds at the end of the funding cycle are obligated through the normal process. (7-1-21)T

301. -- 514. (RESERVED)

515. PROJECT MANAGEMENT AND DISBURSEMENT OF FUNDS.

01. Authorization. Except as otherwise provided herein, the SLO must authorize disbursement of funds allocated to a project through reimbursement basis. The LWCF program is a reimbursement program, which means that the sponsors initially pay all project costs and then seek reimbursement through the Department(7-1-21)T

02. Documentation of Property Purchase. Prior to submitting for property acquisition cost reimbursement, the sponsor must document that all deed, title insurance and appraisal requirements are satisfied. (7-1-21)T

03. Reimbursement. The sponsor must request reimbursement on forms provided by the Department and must include all required documentation. The amount of reimbursement must never exceed the cash expended on the project. (7-1-21)T

04. Development Project Contract Requirements. Development projects require competitive bidding and must comply with all local, state and federal requirements. (7-1-21)T

05. Records. Project records must be maintained by the state and sponsor for three (3) years after final payment. The material must be maintained beyond the required three (3) year period if audit findings have not been resolved. (7-1-21)T

516. -- 649. (RESERVED)

650. CONVERSION TO OTHER USES.

01. Conversion. The term “conversion” is used to identify properties that were acquired or developed with LWCF assistance that have been converted from a public outdoor recreation to other than public outdoor recreation uses without prior approval of NPS. (7-1-21)T

02. Fees. The sponsor must pay all costs associated with the LWCF conversion process. (7-1-21)T

651. -- 724. (RESERVED)

725. ONGOING SPONSOR OBLIGATIONS.

01. Permanent Project Signs. The sponsor is required to install permanent public acknowledgment of LWCF assistance at project sites on at least one (1) prominent location, such as the project site entrance. The sponsor must use the LWCF symbol established and provided by the Department for such acknowledgment. If the sponsor wants to provide a more detailed sign, the Department must approve the sign prior to construction to ensure proper designation. (7-1-21)T

02. In Perpetuity. The sponsor must maintain any outdoor recreation use within LWCF boundaries in perpetuity. (7-1-21)T
