02. Modification. When a center fails to meet the criteria at the level of designation for which it applied or opts to surrender its designation, the TSE Council may recommend a designation at a lesser level described in Section 290 of these rules, or a complete revocation of state designation. This action, unless agreed to by the applicant, will represent a denial of the application. (3-28-23)

03. Notification and Appeal. When the TSE Council denies an application for designation, the TSE Council must provide the center with a written notification of the denial and the basis for the denial. The notice will inform the facility of the right to appeal and the appeal procedure under IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (3-28-23)

286. -- 289. (RESERVED)

290. DESIGNATION AT A LESSER LEVEL.
