250. PUPIL ACCOUNTING AND REQUIRED INSTRUCTIONAL TIME.

01. Day in Session When Counting Pupils in Attendance. (3-15-22)

a. A school day for grades one through twelve (1-12) may be counted as a “day in session” when the school is in session and students are under the guidance and direction of teachers in the teaching process for not less than four (4) hours or its equivalent of instruction per day. Lunch periods, breaks, passing time and recess will not be included in the four (4) hours. For kindergarten, each session will be at least two and one-half (2 1/2) hours per day. (3-15-22)

b. Half-day Session. A half-day in session occurs when the students in grades one through twelve (1-12) are under the guidance and direction of teachers in the teaching process for a minimum of two and one-half (2 1/2) hours or its equivalent of instruction or the teachers are involved in staff development activities for not less than two and one-half (2 1/2) hours. Students attending less than a half-day in session may have their hours aggregated by week for reporting purposes. (3-15-22)

02. Day of Attendance - Kindergarten. A day of attendance for a kindergarten pupil is one in which a pupil is under the direction and guidance of a teacher while school is in session or under homebound instruction. A homebound student is one who is unable to attend school for at least ten (10) consecutive days due to illness, accident or an unusual disabling condition. Attendance will be reported in half-day increments. Particularly, enrollment figures are not to be used for the beginning nor closing weeks of school. (3-15-22)

03. Day of Attendance (ADA) - Grades One Through Twelve (1-12). A day of attendance is one in which a pupil is under the guidance and direction of a teacher or other authorized school district personnel while school is in session and under the instruction of a teacher employed by the district in which the pupil resides or employed through the Idaho digital learning academy, with the exception as stated in “day in session” above.
Attendance will be reported in full or half-days. (3-15-22)

04. **Full-Time Equivalent (FTE) Enrollment Reporting.** (3-15-22)

a. Full-time equivalent (FTE) enrollment will be based on the courses in which students are reported to be enrolled. To appropriately account for the differences in courses and schedules, FTE will be calculated using the minutes per week metric of the reported courses which is an indicator of the amount of content delivered in the course. (3-15-22)

b. For each student, the minutes per week of all reported courses will be summed to provide a total course minutes per week, and this number will be used to determine the FTE enrollment of the individual student. The student will generate an FTE enrollment equal to the proportion of the total minutes per week of the reported courses for the student divided by 1200 with a maximum FTE of: (3-15-22)

i. Kindergarten: 0.5 FTE (3-15-22)

ii. Grades one (1) to twelve (12): 1.0 FTE (3-15-22)

c. Students enrolled in more than one (1) LEA will have their FTE enrollment fractionalized between the LEAs in which they are enrolled by dividing the course minutes per week that the student is enrolled at each LEA by the total course minutes per week for the student reported by all LEAs. (3-15-22)

d. Courses in LEAs with block scheduling that result in students receiving instruction for a period greater than one (1) week will use an average of the course minutes per week over a two-week period as the minutes per week for the course. (3-15-22)

e. Students enrolled in an alternative summer school or alternative night school program of two hundred twenty-five (225) or more hours of instruction may be counted as an additional zero point two five (0.25) FTE. Alternative summer school enrollment will be included in the October 1 reporting period. (3-15-22)

f. Students enrolled in an alternative summer school or alternative night school program of less than two hundred twenty-five (225) hours FTE will be determined based on the proportional share of two hundred twenty-five (225) hours the program consists of. (3-15-22)

g. Students enrolled in more than one (1) LEA in grade seven (7) through grade twelve (12) shall count enrollment at all LEAs for determining eligibility of overload courses identified in Sections 33-4601 and 33-4602, Idaho Code. (3-15-22)

02. Contracting for Educational and Related Services.

a. A school district which contracts for special education services with another agency may claim reimbursement up to a maximum amount of state funding, as annually determined by the State Department of Education, less the district’s certified annual tuition rate. (3-15-22)

b. For special education contracts between local school districts, the district receiving service will pay the district providing service the amount of the providing district’s local annual tuition rate as certified under the provision of Idaho Code. The school district providing service will include students served within such contract within the total number of special education students used to calculate exceptional education support units. Charges for additional costs may be negotiated between the districts. (3-15-22)

650. GENERAL EDUCATION DEVELOPMENT TESTS/IDAHO HIGH SCHOOL EQUIVALENCY CERTIFICATE.

The primary objective of the State Board of Education is to have all students complete their formal education and graduate from high school. However, students who drop out of school and believe it is in their best interest to take the General Education Development (GED) test may do so under the following conditions and, upon successful completion of all GED requirements, may apply for an Idaho High School Equivalency Certificate (HSEC).

01. General Education Development Tests. General Education Development (GED) tests are given by approved testing centers for a statewide fee set by the Idaho Division of Career Technical Education. Candidates must make the minimum score for passing the GED test as established by the GED Testing service.

02. Age Criteria. The applicant must satisfy one (1) of the following age criteria:

   a. The applicant must be at least eighteen (18) years of age;

   b. The applicant may be sixteen (16) or seventeen (17) years of age and be one (1) year or more behind in credits earned, expelled, recommended by the school, pregnant, or a parent. In such cases, the applicant is eligible if the applicant’s school verifies in writing that the student meets one of the above criteria and this verification is on file at the testing center prior to any testing. The school may give its verification only after the applicant and his or her parent or guardian submit in writing a request for the applicant to take the GED tests and the applicant and the applicant’s parent or guardian have met with school officials to review and discuss the request. (In cases where the applicant is not living with a parent or guardian, the parent or guardian’s verification is not necessary);

   c. The applicant may be sixteen (16) or seventeen (17) years of age and be entering college, the military, or an employment training program, enrolled in an Adult Basic Education Program, enrolled in the Job Corps, or incarcerated. In such cases, the applicant is eligible if the institution involved applies in writing for the applicant to take the GED tests and this application is on file at the testing center prior to any testing.

03. Proof of Identity. Test takers must present proof of identification that shows legal name, date of birth, signature, address and photograph. Valid drivers’ licenses, passports, military, and other forms of government-issued identification are acceptable. Two (2) forms of identification may be provided to meet these criteria.

04. Idaho High School Equivalency Certificate. The State Department of Education will issue an Idaho High School Equivalency Certificate (HSEC) to eligible applicants. To be eligible to receive an HSEC, an
applicant must submit the following documents to the Division of Career Technical Education:  

a. An official report of GED test results showing successful completion of all requirements applicable to the version of the GED test taken by the applicant. Test scores are accepted as official only when reported directly by the State’s approved vendor for transcripts and records management, the Transcript Service of the Defense Activity for Non-Traditional Education Support (DANTES), or, in special cases, the GED Testing Service.  

b. Individuals who took the exam prior to January 1, 2014, must also furnish documentation that they met the American Government requirement of the State of Idaho. This requirement may be met by resident study in high school or college, correspondence study from an accredited university, DANTES, or by successfully passing the American Government test furnished by the testing center.  

c. A completed form DD295 on all service personnel. This form is not required of veterans and non-veteran adults.  

d. A copy of a discharge if the applicant is a veteran of military service.
