In the event there is an underpayment on any race in the amount actually due to the wagerers, the amount of such underpayments to wagerers, at the end of each day of racing, will revert to and be paid to the Racing Commission and may not be retained by the racing association. (3-31-22)

02. Underpayment Claim. Any claim not filed with the racing association within thirty (30) days, inclusive of the date on which the underpayment was publicly announced, is deemed waived; and the racing association has no further liability. (3-31-22)

If all contestants within a coupled entry or mutuel field are scratched, then tickets on such betting interests must be refunded, notwithstanding other provisions of these rules. (3-31-22)

02. Dead Heat Involving Coupled Entry. For the purpose of price calculations only, coupled entries and mutuel fields are calculated as a single finisher, using the finishing position of the leading contestant in that coupled entry or mutuel field to determine order of placing. The racing association must permit the Racing Commission unrestricted access at all times to its facilities and equipment and to all books, ledgers, accounts, documents and records of the racing association that relate to pari-mutuel wagering. (3-31-22)

117. PARI-MUTUEL CASH VOUCHERS.

01. Cash Vouchers. Pari-mutuel cash vouchers may be offered by a racing association that issues pari-mutuel tickets. These vouchers must be dispensed through the totalisator system. The stored value on a voucher may be redeemed in the same manner as a value of a winning pari-mutuel ticket for wagers placed at a pari-mutuel window or a self-service terminal, and may be redeemed for their cash value at any time. (3-31-22)

02. Vouchers as Incentives or Promotional Prizes. A racing association may, with the prior approval of the Racing Commission, issue special pari-mutuel cash vouchers as incentives or promotional prizes, and may restrict the use of those vouchers to the purchase of pari-mutuel wagers. (3-31-22)

03. Voucher Identification Number. The tote system transaction record for all pari-mutuel vouchers must include the voucher identification number in subsequent pari-mutuel transactions and pari-mutuel wagers made from a voucher must identify the voucher by identification number. (3-31-22)

118. OTHER STORED VALUE INSTRUMENTS AND SYSTEMS.

01. Stored Value Instrument or System. A racing association may not utilize any form of stored value instrument or system other than a pari-mutuel voucher for purpose of making or cashing pari-mutuel wagers without the prior approval of the Racing Commission,. (3-31-22)

02. Request for Approval. Any request for approval of a stored value instrument or system must include a detailed description of the standards utilized: (3-31-22)

a. To identify the specific stored value instrument or account in the pari-mutuel system wagering transaction record; (3-31-22)

b. To verify the identity and business address of the person(s) obtaining, holding, and using the stored value instrument or system; (3-31-22)

c. To record and maintain records of deposits, credits, debits, transaction numbers, and account balances involving the stored value instruments or accounts. (3-31-22)

03. Prevent Wagering Transactions. A stored value instrument or system must prevent wagering transactions in the event such transactions would create a negative balance in an account, and may not operate so as to automatically facilitate a transfer of funds into a stored value instrument or account without the direct authorization of each such deposit transfer by the person holding the instrument or account. (3-31-22)

04. Affirmation. Any request for approval of a stored value instrument or system must include an affirmation of the ready availability when requested by the Racing Commission. All records and reports relating to all transactions, account records, and customer identification and verification in hard copy or standard electronic format approved by the Racing Commission certification of secure retention of all records for a period of not less than three (3) years or such longer period specified by the Racing Commission. (3-31-22)

119. -- 199. (RESERVED)

200. CALCULATION OF PAYOFFS AND DISTRIBUTION OF POOLS.

01. Pari-Mutuel Wagering Pools Separately and Independently Calculated and Distributed. All permitted pari-mutuel wagering pools must be separately and independently calculated and distributed. Takeout will be deducted from each gross pool as stipulated by law. The remainder of the monies in the pool constitutes the net pool for distribution as payoff on winning wagers. (3-31-22)

02. Standard or Net Price Calculation. Either the standard or net price calculation procedure may be used to calculate single commission pools, while the net price calculation procedure must be used to calculate multi-commission pools. (3-31-22)

03. Profit per Dollar. For each wagering pool, the amount wagered on the winning betting interest or betting combinations is deducted from the net pool to determine the profit; the profit is then divided by the amount wagered on the winning betting interest or combinations, such quotient being the profit per dollar. (3-31-22)

04. Single Commission Pools. With written approval from the Racing Commission, either the standard or net price calculation procedure may be used to calculate single commission pools, while the net price calculation procedure must be used to calculate multi-commission pools. (3-31-22)

a. Standard Price Calculation Procedure.

Table - Single Price Pool (Win Pool)	
gross pool =	sum of wagers on all betting interest-refunds
takeout =	gross pool x percent takeout
net pool =	gross pool - takeout
profit =	net pool - gross amount bet on winner
profit per dollar =	profit / gross amount bet on winner
\$1 unbroken price =	profit per dollar + \$1
\$1 broken price =	\$1 unbroken price rounded down to the break point
total payout =	\$1 broken price x gross amount bet on winner
total breakage =	net pool - total payout

(3-31-22)

i. Profit Split (Place Pool). Profit is net pool less gross amount bet on all place finishers. Finishers split profit one-half (1/2) and one-half (1/2) (place profit), then divide by gross amount bet on each place finisher for two (2) unique prices. (3-31-22)

ii. Profit Split (Show Pool). Profit is net pool less gross amount bet on all show finishers. Finishers split profit one-third (1/3) and one-third (1/3) and one-third (1/3) (show profit), then divide by gross amount bet on each show finisher for three (3) unique prices. (3-31-22)

b. Net Price Calculation Procedure.

Table - Single Price Pool (Win Pool)	
gross pool =	sum of wagers on all betting interest-refunds
takeout =	gross pool x percent takeout
# for each source:	gross pool - takeout
net pool =	gross pool - takeout
net bet on winner =	gross amount bet on winner x (1 - percent takeout)
total net pool =	sum of all sources net pools
total net bet on winner =	sum of all sources net bet on winner
total profit =	total net pool - total net bet on winner
profit per dollar =	total profit / total net bet on winner
\$1 unbroken base price =	profit per dollar + \$1 for each source:
\$1 unbroken price =	\$1 unbroken base price x (1 - percent takeout)
\$1 broken price =	\$1 unbroken price rounded down to the break point
total payout =	\$1 broken price x gross amount bet on winner
total breakage =	net pool - total payout

Table - Single Price Pool (Win Pool)		
net pool	=	gross pool - takeout

(3-31-22)

i. Profit Split (Place Pool). Total profit is the total net pool less the total net amount bet on all place finishers. Finishers split total profit one-half (1/2) and one-half (1/2) (place profit), then divide by total net amount bet on each place finisher for two (2) unique unbroken base prices. (3-31-22)

ii. Profit Split (Show Pool). Total profit is the total net pool less the total net amount bet on all show finishers. Finishers split total profit one-third (1/3) and one-third (1/3) and one-third (1/3) (show profit), then divide by total net amount bet on each show finisher for three (3) unique unbroken base prices. (3-31-22)

c. If a profit split results in only one (1) covered winning betting interest or combinations it is calculated the same as a single price pool. (3-31-22)

d. Minimum payout and the method used for calculating breakage are established by the Racing Commission. (3-31-22)

e. The individual pools outlined in these rules may be given alternative names by each racing association, provided prior approval is obtained from the Racing Commission. (3-31-22)

f. In the event a minus pool occurs in either the Win, Place or Show pool, the expense of said minus pool will be born by the racing association and the State will receive intact its share of the remaining pools (3-31-22)

201. WIN POOLS.

01. Win Pools. The amount wagered on the betting interest that finishes first is deducted from the net pool, the balance remaining being the profit; the profit is divided by the amount wagered on the betting interest finishing first, such quotient being the profit per dollar wagered to Win on that betting interest. (3-31-22)

02. Net Win Pool. The net Win pool must be distributed as a single price pool to winning wagers in the following precedence, based upon the official order of finish: (3-31-22)

a. To those whose selection finished first; but if there are no such wagers, then; (3-31-22)

b. To those whose selection finished second; but if there are no such wagers, then; (3-31-22)

c. To those whose selection finished third; but if there are no such wagers, then; (3-31-22)

d. The entire pool must be refunded on Win wagers for that contest. (3-31-22)

03. Dead Heat for First. If there is a dead heat for first involving: (3-31-22)

a. Contestants representing the same betting interest, the Win pool is distributed as if no dead heat occurred. (3-31-22)

b. Contestants representing two (2) or more betting interests, the Win pool is distributed as a profit split.

202. PLACE POOLS.

01. Place Pools. The amounts wagered to Place on the first two (2) betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into two (2) equal portions, one (1) being assigned to each winning betting interest and divided by the amount wagered to Place on that betting interest, the resulting quotient is the profit per dollar wagered to Place on that betting interest. (3-31-22)

02. Net Place Pool. The net Place pool must be distributed to winning wagers in the following precedence, based upon the official order of finish: (3-31-22)

a. If contestants of a coupled entry or mutuel field finished in the first two (2) places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise (3-31-22)

b. As a profit split to those whose selection is included within the first two (2) finishers; but if there are no such wagers on one (1) of those two (2) finishers, then; (3-31-22)

c. As a single price pool to those who selected the one (1) covered betting interest included within the first two (2) finishers; but if there are no such wagers, then; (3-31-22)

d. As a single price pool to those who selected the third-place finisher; but if there are no such wagers, then; (3-31-22)

e. The entire pool must be refunded on Place wagers for that contest. (3-31-22)

03. Dead Heat for First. If there is a dead heat for first involving: (3-31-22)

a. Contestants representing the same betting interest, the Place pool must be distributed as a single price pool. (3-31-22)

b. Contestants representing two (2) or more betting interest, the Place pool must be distributed as a

- profit split. (3-31-22)
- 04. Dead Heat for Second.** If there is a dead heat for second involving: (3-31-22)
- a.** Contestants representing the same betting interest, the Place pool is distributed as if no dead heat occurred. (3-31-22)
- b.** Contestants representing two (2) or more betting interests, the Place pool is divided with one-half (1/2) of the profit distributed to Place wagers on the betting interest finishing first and the remainder is distributed equally among Place wagers on those betting interests involved in the dead heat for second.

203. SHOW POOLS.

- 01. Show Pools.** The amounts wagered to Show on the first three (3) betting interests to finish are

deducted from the net pool, the balance remaining being the profit; the profit is divided into three (3) equal portions, one (1) being assigned to each winning betting interest and divided by the amount wagered to Show on that betting interest, the resulting quotient being the profit per dollar wagered to Show on that betting interest. (3-31-22)

02. Net Show Pool Distribution. The net Show pool must be distributed to winning wagers in the following precedence, based upon the official order of finish: (3-31-22)

a. If contestants of a coupled entry or mutuel field finished in the first three (3) places, as a single price pool to those who selected the couple entry or mutuel field, otherwise; (3-31-22)

b. If contestants of a coupled entry or mutuel field finished as two (2) of the first three (3) finishers, the profit is divided with two-thirds (2/3) distributed to those who selected the coupled entry or mutuel field and one-third (1/3) distributed to those who selected the other betting interest included within the first three (3) finishers, otherwise; (3-31-22)

03. Dead Heat for First. If there is a dead heat for first involving: (3-31-22)

a. Two (2) contestants representing the same betting interest, the profit is divided with two-thirds (2/3) distributed to those who selected the first-place finishers and one-third (1/3) distributed to those who selected the betting interest finishing third. (3-31-22)

b. Three (3) contestants representing a single betting interest, the Show pool must be distributed as a single price pool. (3-31-22)

c. Contestants representing two (2) or more betting interests, the Show pool must be distributed as a profit split. (3-31-22)

04. Dead Heat for Second. If there is a dead heat for second involving: (3-31-22)

(3-31-22)

05. Dead Heat for Third. If there is a dead heat for third involving: (3-31-22)

204. DOUBLE POOLS.

01. Double Pools. Only one (1) Daily Double will be permitted during a single racing day, unless approval is obtained from the Racing Commission. (3-31-22)

02. First Place Finisher. The Double requires selection of the first-place finisher in each of two (2) specified contests. (3-31-22)

03. Winning Distribution. The net Double pool must be distributed to winning wagers in the following precedence, based upon the official order of finish: (3-31-22)

a. As a single price pool to those whose selection finished first in each of the two (2) contests; but if there are no such wagers, then; (3-31-22)

b. As a profit split to those who selected the first-place finisher in either contest; but if there are no such wagers, then; (3-31-22)

c. As a single price pool to those who selected the one (1) covered first-place finisher in either contest; but if there are no such wagers, then; (3-31-22)

d. As a single price pool to those whose selection finished second in each of the two (2) contests; but if there are no such wagers, then; (3-31-22)

e. The entire pool must be refunded on Double wagers for those contests. (3-31-22)

04. Dead Heat for First. If there is a dead heat for first in either of the two (2) contests involving: (3-31-22)

a. Contestants representing the same betting interest, the Double pool is distributed as if no dead heat occurred. (3-31-22)

b. Contestants representing two (2) or more betting interests, the Double pool is distributed as a profit split if there is more than one (1) covered winning combination. (3-31-22)

05. Scratched Interest -- First-Half. Should a betting interest in the first-half of the Double be scratched prior to the first Double contest being declared official, all money wagered on combinations including the scratched betting interest is deducted from the Double pool and refunded. (3-31-22)

06. Scratched Interest -- Second-Half. Should a betting interest in the second-half of the Double be scratched prior to the close of wagering on the first Double contest, all money wagered on combinations including the scratched betting interest is deducted from the Double pool and refunded. (3-31-22)

07. Consolation Payout. Should a betting interest in the second-half of the Double be scratched after

the close of wagering on the first Double contest, all wagers combining the winner of the first contest with the scratched betting interest in the second contest are allocated a consolation payout. In calculating the consolation payout the net Double pool is divided by the total amount wagered on the winner of the first contest and an unbroken consolation price obtained. The broken consolation price is multiplied by the dollar value of wagers on the winner of the first contest combined with the scratched betting interest to obtain the consolation payout. Breakage is not declared in this calculation. The consolation payout is deducted from the net Double pool before calculation and distribution of the winning Double payout. Dead heats including separate betting interests in the first contest will result in a consolation payout calculated as a profit split. (3-31-22)

08. Cancelled or “No Contest.” If either of the Double contests are cancelled prior to the first Double contest, or the first Double contest is declared “no contest,” the entire Double pool must be refunded on Double wagers for those contests. (3-31-22)

09. Second Double Cancelled or “No Contest.” If the second Double contest is cancelled or declared “no contest” after the conclusion of the first Double contest, the net Double pool is distributed as a single price pool to wagers selecting the winner of the first Double contest. In the event of a dead heat involving separate betting interests, the net Double pool is distributed as a profit split. (3-31-22)

10. Payoff Posting. Before the running of the last half of the Daily Double pool, the payoff of each combination coupled with the winner of the first half of the Daily Double must be posted in a prominent place. (3-31-22)

11. Third Heat Announcement. In case of a dead heat for winner in the first half (1/2) of the Daily Double, the payoff of the Daily Double need not be posted until after the running of the second half (1/2) of the Daily Double. However, announcement of this fact must be made over the loud speaker and notice to this effect be posted on the board at conclusion of the first half (1/2) of the Daily Double. (3-31-22)

12. Close of Sale. Sale of Daily Double tickets must close not later than “off-time” of the first race of the Daily Double. (3-31-22)

13. Daily Double Not a Parlay. The Daily Double Pool is not a parlay and is not connected with the WIN, PLACE, SHOW or other pools in any manner whatsoever.

c. As a single price pool to those who selected the first-place finisher in any one (1) of the three (3) contests; but if there are no such wagers, then; (3-31-22)

d. The entire pool must be refunded on Win Three (3) wagers for those contests. (3-31-22)

03. Dead Heat. If there is a dead heat for first in any of the three (3) contests involving: (3-31-22)

a. Contestants representing the same betting interest, the Win Three (3) pool is distributed as if no dead heat occurred. (3-31-22)

b. Contestants representing two (2) or more betting interests, the Win Three (3) pool is distributed as a single price pool and is distributed as follows: (3-31-22)

i. As a profit split to those whose selections finished first in each of the three (3) contests; but if there are no such wagers, then; (3-31-22)

ii. As a single price pools to those who selected the first place finisher in any two (2) of the three (3) contests; but if there are no such wagers, then; (3-31-22)

iii. As a single price pool to those who selected the first place finisher in any one (1) of the three (3) contests; but if there are no such wagers, then; (3-31-22)

iv. The entire Win Three pool is refunded. (3-31-22)

04. Substitution of a Scratch. Should a betting interest be scratched from a leg of the Win Three (3) all bets with the scratched betting interest will be handled as follows: (3-31-22)

a. If the scratch (that herein after includes being declared a non-starter or a non-betting starter) was made prior to the start of the first leg, all bets containing such scratched betting interest must be refunded to determine the gross pool an removed from further consideration in the pool; (3-31-22)

b. If the scratch was made in the second leg after the start of the first leg, a consolation payoff will be computed for those bets combining the winners of the first and third legs with the scratched betting interest as follows: (3-31-22)

i. The statutory take-out is deducted from the gross pool and then the amount represented by the bets on combinations involving betting interests scratched from the third leg (reduced by the take-out thereon). (3-31-22)

ii. The resulting remainder is divided by the amounts bet on the combination of such first and third leg winners with all betting interests (less breaks) to determine the consolation price per dollar payable to those bets combining winners of the first and third legs with the betting interest scratched in the second leg. The break may not be deduced from the pool. (3-31-22)

c. If a betting interest is scratched in the third leg after the start of the first leg, a consolation payoff must be computed as for those bets combining the winners of the first and second legs with such scratched betting interest as follows: (3-31-22)

i. The statutory take-out is deducted from the gross pool and then the amount represented by bets on combinations involving betting interests scratched from the second leg (reduced by the rate of the take-out thereon). (3-31-22)

ii. The resulting remainder is divided by the amount bet on the combination of such first and second leg winners with all betting interests in the third leg (less breaks) to determine the consolation price per dollar payable to those bets combining winners of the first and second legs with a betting interest scratched in the third leg. The breaks must not be deducted from the pool. (3-31-22)

d. If betting interests are scratched in both the second and third legs after the start of the first leg, a consolation payoff is computed for those bets combining the winner of the first leg with the betting interests scratched in both the second and third legs as follows: (3-31-22)

i. The takeout is deducted from the gross pool and the remainder is divided by the amount bet on the winner of the first leg combined with all other betting interests (less breaks) to determine the consolation price per dollar payable to those tickets combining the winner of the first leg with the scratch betting interests from both the second and third legs. (3-31-22)

05. All Three Cancelled. If all three (3) Win Three (3) contests are cancelled or declared “no contest,” the entire pool must be refunded on Win Three (3) wagers for those contests. (3-31-22)

06. One or Two Canceled. If one (1) or two (2) of the Win Three (3) contests are cancelled or declared “no contest,” the Win Three (3) pool will remain valid and must be distributed in accordance with these rules. (3-31-22)

206. PICK (N) POOLS.

01. Pick (n) Pools. The Pick (n) requires selection of the first-place finisher in each of a designated number of contests. The racing association must obtain written approval from the Racing Commission concerning the scheduling of Pick (n) contests, the designation of one (1) of the methods prescribed in these rules, and the amount of any cap to be set on the carryover. Any changes to the approved Pick (n) format require prior approval from the Racing Commission. (3-31-22)

02. Apportioning the Pool. The Pick (n) pool is apportioned under one (1) of the following methods: (3-31-22)

a. Method 1- Pick (n) with Carryover: The net Pick (n) pool and carryover, if any, must be distributed as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool will be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the remainder will be added to the carryover. (3-31-22)

b. Method 2 - Pick (n) with Minor Pool and Carryover: The major share of the net Pick (n) pool and the carryover, if any, must be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool is distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first- place finisher of all Pick (n) contests, the minor share of the net Pick (n) pool will be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the major will be added to the carryover. (3-31-22)

c. Method 3 - Pick (n) with No Minor Pool and No Carryover: The net Pick (n) pool must be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n)

contests, based upon the official order of finish. If there are no winning wagers, the pool is refunded. (3-31-22)

d. Method 4 - Pick (n) with Minor Pool and No Carryover: The major share of the net Pick (n) pool must be distributed to those who selected the first place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool is distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool is combined with the major share for distribution as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If the greatest number of first-place finishers selected is one (1), the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded. (3-31-22)

e. Method 5 - Pick (n) with Minor Pool and No Carryover: The major share of net Pick (n) pool must be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool is distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in all Pick (n) contests, the entire net Pick (n) pool is distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool is combined with the major share for distribution as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests. If there are no winning wagers, the pool is refunded. (3-31-22)

f. Method 6 - Pick (n) with Minor Pool, Jackpot Pool, Major Carryover and Jackpot Carryover: Predetermined percentages of the net Pick (n) pool must be set aside as a Major pool, Minor pool and Jackpot pool. The Major share of the net Pick (n) pool and the Major carryover, if any, is distributed to those who selected the first-place finisher of each of the Pick (n) contests, based on the official order of finish. If there are no tickets selecting the first-place finisher in each of the Pick (n) contests, the Major net pool is added to the Major carryover. If there is only one (1) single ticket selecting the first-place finisher of each of the Pick (n) contests, based on the official order of finish, the Jackpot share of the net Pick (n) pool and the Jackpot carryover, if any, is distributed to the holder of that single ticket, along with the Major net pool and the Major carryover, if any. If more than one (1) ticket selects the first-place finisher of each of the Pick (n) contests the Jackpot net pool is added to the Jackpot carryover. The Minor share of the net Pick (n) pool is distributed to those who selected the first-place finisher of the second greatest number of Pick (n) contests, based on the official order of finish. If there are no wagers selecting the first-place finisher of all Pick (n) contests, the Minor net pool of the Pick (n) pool is distributed as a single price pool to those who selected the first-place finisher of the greatest number of Pick (n) contests. (3-31-22)

03. Dead Heat. If there is a dead heat for first in any of the Pick (n) contests involving: (3-31-22)

a. Contestants representing the same betting interest, the Pick (n) pool must be distributed as if no dead heat occurred. (3-31-22)

b. Contestants representing two (2) or more betting interests, the Pick (n) pool must be distributed as a single price pool with each winning wager receiving an equal share of the profit. (3-31-22)

04. Scratched Entry. Should a betting interest in any of the Pick (n) contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at host association for the contest at the close of wagering on that contest, will be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two (2) or more favorites is identical, the substitute selection will be the betting interest with the lowest program number. The totalisator must produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination. (3-31-22)

05. Cancellation and Refunds. The Pick (n) pool will be cancelled and all Pick (n) wagers for the individual performance will be refunded, if: (3-31-22)

a. At least two (2) contests included as part of a Pick Three (3) are cancelled or declared "no contest"; (3-31-22)

b. At least three (3) contests included as part of a Pick Four (4), Pick Five (5) or Pick Six (6) are cancelled or declared “no contest”; (3-31-22)

c. At least four (4) contests included as part of a Pick Seven (7), Pick Eight (8) or Pick Nine (9) are cancelled or declared “no contest”; or (3-31-22)

d. At least five (5) contests included as part of a Pick Ten (10) are cancelled or declared “no contest.” (3-31-22)

06. Net Pool Distribution. If at least one (1) contest included as part of a Pick (n) is cancelled or declared “no contest,” but not more than the number specified in these rules the net pool must be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests for that performance. Such distribution must include the portion ordinarily retained for the Pick (n) carryover but not the carryover from previous performances. (3-31-22)

07. Course Condition. If the condition of the course warrants a change of racing surface in any of the legs of the Pick (n) races, and such change was not known to the public prior to the closing of wagering for the Pick (n) pool, the stewards must declare the changed leg(s) a “no contest” for Pick (n) wagering purposes only. A “no contest” race is not to be considered as a contested race. (3-31-22)

08. Capped Carryover. The Pick (n) carryover may be capped at a designed level approved by the Racing Commission so that if, at the close of any performance, the amount in the Pick (n) carryover equals or exceeds the designated cap, the Pick (n) carryover will be frozen until it is won or distributed under other provisions of this rule. After the Pick (n) carryover is frozen, one hundred (100%) percent of the net pool, part of which ordinarily would be added to the Pick (n) carryover, must be distributed to those whose selection finished first in the greatest number of Pick (n) contests for that performance. (3-31-22)

09. Carryover Requested. A written request for permission to distribute the Pick (n) carryover on a specific performance may be submitted to the Racing Commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution. (3-31-22)

10. Single Price Distribution. Should the Pick (n) carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first-place finisher in each of the Pick (n) contests, the entire pool must be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests. The Pick (n) carryover must be designated for distribution on a specified date and performance only under the following circumstances: (3-31-22)

a. Upon written approval from the Racing Commission as provided in these rules. (3-31-22)

b. Upon written approval from the Racing Commission when there is a change in the carryover cap, a change from one (1) type of Pick (n) wagering to another or when the Pick (n) is discontinued. (3-31-22)

c. On the closing performance of the meet or split meet. (3-31-22)

11. Carryover Deposit. If, for any reason, the Pick (n) carryover must be held over to the corresponding Pick (n) pool of a subsequent meet, the carryover must be deposited in an interest-bearing account approved by the Racing Commission. The Pick (n) carryover plus accrued interest must then be added to the net Pick (n) pool of the following meet on a date and performance so designated by the Racing Commission. (3-31-22)

12. Contribution to Pool. With the written approval of the Racing Commission, the racing association may contribute to the Pick (n) carryover a sum of money up to the amount of any designated cap. (3-31-22)

13. Prohibited Information. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited until the race is made official. This does not prohibit necessary communication between totalisator and

pari-mutuel department employees for processing of pool data. (3-31-22)

14. Suspension of Wagering. The racing association may suspend previously-approved Pick (n) wagering with the prior approval of the Racing Commission. Any carryover must be held until the suspended Pick (n) wagering is reinstated. A racing association may request approval of a Pick (n) wager or separate wagering pool for specific performances.

01. Quinella Pools. The Quinella requires selection of the first two (2) finishers, irrespective of order, for a single contest. (3-31-22)

02. Distribution. The net Quinella pool must be distributed to winning wagers in the following precedence, based upon the official order of finish: (3-31-22)

a. If contestants of a coupled entry or mutuel field finish as the first two (2) finishers, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the

official order of finish, otherwise; (3-31-22)

b. As a single price pool to those whose combination finished as the first two (2) betting interests; but if there are no such wagers, then; (3-31-22)

c. As a profit split to those whose combination included either the first- or second-place finisher; but if there are no such wagers on one (1) of those two (2) finishers, then; (3-31-22)

d. As a single price pool to those whose combination included the one (1) covered betting interest included within the first two (2) finishers; but if there are no such wagers, then; (3-31-22)

e. The entire pool must be refunded on Quinella wagers for that contest. (3-31-22)

03. Dead Heat -- First Place. If there is a dead heat for first involving: (3-31-22)

a. Contestants representing the same betting interest, the Quinella pool is distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish. (3-31-22)

b. Contestants representing two (2) betting interests, the Quinella pool is distributed as if no dead heat occurred. (3-31-22)

c. Contestants representing three (3) or more betting interests, the Quinella pool is distributed as a profit split. (3-31-22)

b. As a single price pool to those combining the winner with the one (1) covered betting interest involved in the dead heat for second; but if there are no such wagers, then; (3-31-22)

c. As a profit split to those combining the betting interests involved in the dead heat for second; but if there are no such wagers, then; (3-31-22)

d. As a profit split to those whose combination included the winner and any other betting interest and wagers selecting any of the betting interests involved in the dead heat for second; but if there are no such wagers, then; (3-31-22)

e. The entire pool must be refunded on Quinella wagers for that contest. (3-31-22)

208. QUINELLA DOUBLE POOLS.

01. Quinella Double Pools. The Quinella Double requires selection of the first two (2) finishers, irrespective of order, in each of two (2) specified contests. (3-31-22)

02. Distribution. The net Quinella Double pool must be distributed to winning wagers in the following precedence, based upon the official order of finish: (3-31-22)

a. If a coupled entry or mutuel field finishes as the first two (2) contestants in either contest, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest

in the official order of finish for that contest, as well as the first two (2) finishers in the alternate Quinella Double contest, otherwise; (3-31-22)

b. As a single price pool to those who selected the first two (2) finishers in each of the two (2) Quinella Double contests; but if there are no such wagers, then; (3-31-22)

d. As a single price pool to those who selected the first two (2) finishers in the one (1) covered Quinella Double contest; but if there were no such wagers, then; (3-31-22)

e. The entire pool must be refunded on Quinella Double wagers for those contests. (3-31-22)

03. Dead Heat - First Place. If there is a dead heat for first in either of the two (2) Quinella Double contests involving: (3-31-22)

a. Contestants representing the same betting interest, the Quinella Double pool is distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest. (3-31-22)

b. Contestants representing two (2) betting interests, the Quinella Double pool is distributed as if no dead heat occurred. (3-31-22)

c. Contestants representing three (3) or more betting interests, the Quinella Double pool is distributed as a profit split. (3-31-22)

06. Betting Interest Deducted -- First Half. Should a betting interest in the first-half of the Quinella Double be scratched prior to the first Quinella Double contest being declared official, all money wagered on combinations including the scratched betting interest will be deducted from the Quinella Double pool and refunded. (3-31-22)

07. Betting Interest Deducted -- Second Half. Should a betting interest in the second-half of the Quinella Double be scratched prior to the close of wagering on the first Quinella Double contest, all money wagered on combinations including the scratched betting interest will be deducted from the Quinella Double pool and refunded. (3-31-22)

08. Consolation Payoff. Should a betting interest in the second-half of the Quinella Double be scratched after the close of wagering on the first Quinella Double contest, all wagers combining the winning combination in the first contest with a combination including the scratched betting interest in the second contest will be allocated a consolation payout. In calculating the consolation payout the net Quinella Double pool is divided by the total amount wagered on the winning combination in the first contest and an unbroken consolation price obtained. The unbroken consolation price is multiplied by the dollar value of wagers on the winning combination in the first contest combined with a combination including the scratched betting interest in the second contest to obtain the consolation payout. Breakage is not declared in this calculation. The consolation payout is deducted from the net Quinella Double pool before calculation and distribution of the winning Quinella Double payout. In the event of a dead heat involving separate betting interests, the net Quinella Double pool is distributed as a profit split. (3-31-22)

09. Refunded Quinella. If either of the Quinella Double contests is cancelled prior to the first Quinella

Double contest, or the first Quinella Double contest is declared “no contest,” the entire Quinella Double pool must be refunded on Quinella Double wagers for those contests. (3-31-22)

01. Exacta Pools. The Exacta requires selection of the first two (2) finishers, in their exact order, for a single contest. (3-31-22)

02. Distribution. The net Exacta pool must be distributed to winning wagers in the following precedence, based upon the official order of finish: (3-31-22)

b. As a single price pool to those whose combination finished in correct sequence as the first two (2) betting interests; but if there are no such wagers, then; (3-31-22)

c. As a profit split to those whose combination included either the first-place betting interest to finish first or the second-place betting interest to finish second; but if there are no such wagers on one (1) of those two (2) finishers, then; (3-31-22)

d. As a single price pool to those whose combination included the one (1) covered betting interest to finish first or second in the correct sequence; but if there are no such wagers, then; (3-31-22)

e. The entire pool must be refunded on Exacta wagers for that contest. (3-31-22)

- d. The entire pool must be refunded on Trifecta wagers for that contest. (3-31-22)

03. Less Than Three Interests Finish. If less than three (3) betting interests finish and the contest is declared official, payoffs will be made based upon the order of finish of those betting interests completing the contest. The balance of any selection beyond the number of betting interests completing the contest will be ignored. (3-31-22)

- 04. Dead Heat for First.** If there is a dead heat for first involving: (3-31-22)

a. Contestants representing three (3) or more betting interests, all of the wagering combinations selecting three (3) betting interests which correspond with any of the betting interests involved in the dead heat will share in a profit split. (3-31-22)

(3-31-22)

20. Prohibited Information. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited until the race is made official. 12. Cancelled Contest. If either of the Tri-Superfecta contests are cancelled prior to the first Tri-Superfecta contest, or the first Tri-Superfecta contest is declared “no contest,” the entire Tri-Superfecta pool must be refunded on Tri-Superfecta wagers for that contest and the second-half cancelled. (3-31-22)

b. As a single price pool to those whose combination included, in correct sequence, the first three (3) betting interests; but if there are no such wagers, then; (3-31-22)

c. As a single price pool to those whose combination included, in correct sequence, the first two (2) betting interests; but if there are no such wagers, then; (3-31-22)

d. As a single price pool to those whose combination included, in correct sequence, the first-place betting interest only; but if there are no such wagers, then; (3-31-22)

e. As a single price pool to holders of valid exchange tickets. (3-31-22)

f. As a single price pool to holders of outstanding first-half winning tickets. (3-31-22)

17. Exchange of Tickets. Contrary to Subsection 214.04 these rules, during a performance designated to distribute the Tri-Superfecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the Tri-Superfecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets will be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets will be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first-half of the Tri-Superfecta, all first-half tickets will become winners and will receive one hundred percent (100%) of that day's net Tri-Superfecta pool and any existing Tri-Superfecta carryover as a single price pool. (3-31-22)

18. Carryover Designation. The Tri-Superfecta carryover may be designated for distribution on a specified date and performance only under the following circumstances: (3-31-22)

a. Upon written approval from the Racing Commission as provided in Subsection 214.15 of these rules. (3-31-22)

b. Upon written approval from the Racing Commission when there is a change in the carryover cap or when the Tri-Superfecta is discontinued. (3-31-22)

c. On the closing performance of the meet or split meet. (3-31-22)

19. Carryover from Past Subsequent Meet. If, for any reason, the Tri-Superfecta carryover must be held over to the corresponding Tri-Superfecta pool of a subsequent meet, the carryover must be deposited in an interest-bearing account approved by the Racing Commission. The Tri-Superfecta carryover plus accrued interest will then be added to the second-half Tri-Superfecta pool of the following meet on a date and performance so designated by the Racing Commission. (3-31-22)

20. Prohibited Information. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited until the race is made official. This does not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data. (3-31-22)

21. Contest Approval. The racing association must obtain written approval from the Racing Commission concerning the scheduling of Tri-Superfecta contest, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Tri-Superfecta format requires prior approval from the Racing Commission. (3-31-22)

215. TWIN SUPERFECTA POOLS.

01. Twin Superfecta Pools. The Twin Superfecta requires selection of the first four (4) finishers, in their exact order, in each of two (2) designated contests. Each winning ticket for the first Twin Superfecta contest must be exchanged for a free ticket on the second Twin Superfecta contest in order to remain eligible for the second-half Twin Superfecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second Twin Superfecta contest. Winning first-half Twin Superfecta tickets will receive both an exchange and a monetary payoff. Both of the designated Twin Superfecta contests will be included in only one (1) Twin Superfecta pool. (3-31-22)

02. Dividing Pools. After wagering closes for the first-half of the Twin Superfecta and commissions have been deducted from the pool, the net pool must then be divided into two (2) separate pools: the first-half Twin Superfecta pool and the second-half Twin Superfecta pool. (3-31-22)

03. Winning Precedence. In the first Twin Superfecta contest only, winning wagers must be determined using the following precedence, based upon the official order of finish for the first Twin Superfecta contest: (3-31-22)

a. As a single price pool to those whose combination finished in correct sequence as the first four (4)

betting interests; but if there are no such wagers, then; (3-31-22)

b. As a single price pool to those whose combination included, in correct sequence, the first three (3) betting interests; but if there are no such wagers, then; (3-31-22)

c. As a single price pool to those whose combination included, in correct sequence, the first two (2) betting interests; but if there are no such wagers, then; (3-31-22)

d. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then; (3-31-22)

e. The entire Twin Superfecta pool must be refunded on Twin Superfecta wagers for that contest and the second-half cancelled. (3-31-22)

04. Carryover Pool -- First Race. If no first-half Twin Superfecta ticket selects the first four (4) finishers of that contest in exact order, winning ticket holders will not receive any exchange tickets for the second-half Twin Superfecta pool. In such case, the second-half Twin Superfecta pool will be retained and added to any existing Twin Superfecta carryover pool. (3-31-22)

05. Winning Distribution. Winning tickets from the first-half of the Twin Superfecta will be exchanged for tickets selecting the first four (4) finishers of the second-half of the Twin Superfecta. The second-half Twin Superfecta pool must be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Twin Superfecta contest: (3-31-22)

a. As a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first four (4) betting interests; but if there are no such tickets, then; (3-31-22)

b. The entire second-half Twin Trifecta pool for that contest must be added to any existing carryover monies and retained for the corresponding second-half Twin Superfecta pool of the next performance. (3-31-22)

06. Forfeiture of Second-Half Rights. If a winning first-half Twin Superfecta ticket is not presented for cashing and exchange prior to the second-half Twin Superfecta contest, the ticket holder may still collect the monetary value associated with the first-half Twin Superfecta pool but forfeits all rights to any distribution of the second-half Twin Trifecta pool. (3-31-22)

07. Prohibited Entries. Coupled entries and mutuel fields are prohibited in Twin Superfecta contests. (3-31-22)

08. Scratched First-Half Interest. Should a betting interest in the first-half of the Twin Superfecta be scratched, those Twin Superfecta tickets including the scratched betting interest must be refunded. (3-31-22)

09. Scratched Second-Half Interest. Should a betting interest in the second-half of the Twin Superfecta be scratched, an announcement concerning the scratch must be made and a reasonable amount of time provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Twin Superfecta contest, the ticket holder forfeits all rights to the second-half Twin Superfecta pool. (3-31-22)

10. Late Scratch. If, due to a late scratch, the number of betting interests in the second-half of the Twin Superfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets will be entitled to the second-half Twin Superfecta pool for that contest as a single price pool, but not the Twin Superfecta carryover. (3-31-22)

11. Dead Heat. If there is a dead heat or multiple dead heats in either the first- or second-half of the Twin Superfecta, all Twin Superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, is a winner. In the case of a dead heat occurring in: (3-31-22)

a. The first-half of the Twin Superfecta, the payoff is calculated as a profit split. (3-31-22)

- b. The second-half of the Twin Superfecta, the payoff is calculated as a single price pool. (3-31-22)
- 12. Canceled Contest.** If either of the Twin Superfecta contests are cancelled prior to the first Twin Superfecta contest, or the first Twin Superfecta contest is declared “no contest,” the entire Twin Superfecta pool must be refunded on Twin Superfecta wagers for that contest and the second-half cancelled. (3-31-22)
- 13. Canceled Second-Half Contest.** If the second-half Twin Superfecta contest is cancelled or declared “no contest,” all exchange tickets and outstanding first-half winning Twin Superfecta tickets will be entitled to the net Twin Superfecta pool for that contest as a single price pool, but not the Twin Superfecta carryover. If there are no such tickets, the net Twin Superfecta pool must be distributed as described in Subsection 215.03 of these rules. (3-31-22)
- 14. Capped Carryover.** The Twin Superfecta carryover may be capped at a designated level approved by the Racing Commission so that if, at the close of any performance, the amount in the Twin Superfecta carryover equals or exceeds the designated cap, the Twin Superfecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the second-half Twin Superfecta carryover is frozen, one hundred percent (100%) of the net Twin Superfecta pool for each individual contest will be distributed to winners of the first-half of the Twin Superfecta pool. (3-31-22)
- 15. Request for Carryover.** A written request for permission to distribute the Twin Superfecta carryover on a specific performance may be submitted to the Racing Commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution. (3-31-22)
- 16. Winning Precedence.** Should the Twin Superfecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second-half of the Twin Superfecta: (3-31-22)
- a. As a single price pool to those whose combination finished in correct sequence as the first four (4) betting interests; but if there are no such wagers, then; (3-31-22)

 - c. As a single price pool to those whose combination included, in correct sequence, the first two (2) betting interests; but if there are no such wagers, then; (3-31-22)
 - d. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then; (3-31-22)
 - e. As a single price pool to holders of valid exchange tickets. (3-31-22)
 - f. As a single price pool to holders of outstanding first-half winning tickets. (3-31-22)
- 17. Exchange Ticket Distribution.** Contrary to Subsection 215.04 of these rules, during a performance designated to distribute the Twin Superfecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the Twin Superfecta. If there are no wagers correctly selecting the first-, second-, third-, and fourth-place finishers, in their exact order, then exchange tickets will be issued for combinations correctly selecting the first-, second-, and third-place betting interests. If there are no wagers correctly selecting the first-, second- and third-place finishers, in their exact order, then exchange tickets will be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets will be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first-half of the Twin Superfecta, all first-half tickets will become winners and will receive one hundred percent (100%) of that day’s net Twin Superfecta pool and any existing Twin Superfecta carryover as a single price pool. (3-31-22)

18. Carryover Distribution. The Twin Superfecta carryover must be designated for distribution on a specified date and performance only under the following circumstances: (3-31-22)

b. Upon written approval from the Racing Commission when there is a change in the carryover cap or when the Twin Superfecta is discontinued. (3-31-22)

c. On the closing performance of the meet or split meet. (3-31-22)

19. Carryover Held. If, for any reason, the Twin Superfecta carryover must be held over to the corresponding Twin Superfecta pool of a subsequent meet, the carryover must be deposited in an interest-bearing account approved by the Racing Commission. The Twin Superfecta carryover plus accrued interest will then be added to the second-half Twin Superfecta pool of the following meet on a date and performance so designated by the Racing Commission. (3-31-22)

20. Prohibited Information. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited until the race is made official. This does not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data. (3-31-22)

21. Written Approval. The racing association must obtain written approval from the Racing Commission concerning the scheduling of Twin Superfecta contests, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover.
