02. General Administrative Authority. Titles XIX and XXI of the Social Security Act, as amended, and the companion federal regulations, are the basic authority for administration of the federal program. General administrative duties for the Department are found under Section 56-202, Idaho Code. (3-17-22)

03. Administration of the Medical Assistance Program.

a. Section 56-203(7), Idaho Code, empowers the Department to define persons entitled to medical assistance. (3-17-22)

b. Section 56-203(9), Idaho Code, empowers the Department to identify the amount, duration, scope of care, and services to be purchased as medical assistance on behalf of individuals eligible to receive benefits under the Medical Assistance Program. (3-17-22)

c. Sections 56-250 through 56-257, and 56-260 through 56-266, Idaho Code, establish minimum standards that enable these rules. (3-17-22)

04. Fiscal Administration.

a. Fiscal administration of these rules is authorized by Titles XIX and XXI of the Social Security Act, as well as 42 CFR Part 447 and the Provider Reimbursement Manual (PRM) Part I and Part II found in CMS Publication 15-1 and 15-2. Provisions of the PRM, as incorporated in Section 004 of these rules, apply unless otherwise provided for in these rules. (3-17-22)

b. Title 56, Chapter 1, Idaho Code, establishes standards for provider payment for certain Medicaid providers. (3-17-22)

001. TITLE AND SCOPE.

01. Title. The title of these rules is IDAPA 16.03.09, “Medicaid Basic Plan Benefits.” (3-17-22)

02. Scope. This chapter of rules contains the general provisions regarding the administration of the Medical Assistance Program. All goods and services not specifically included in this chapter are excluded from coverage under the Medicaid Basic Plan. A guide to covered services is found under Section 399 of these rules. These rules also contain requirements for provider procurement and provider reimbursement. (3-17-22)

002. WRITTEN INTERPRETATIONS.

This agency may have written statements that pertain to the interpretations of the rules of this chapter. These documents are available for public inspection. (3-17-22)

003. (RESERVED)

004. INCORPORATION BY REFERENCE.

The following are incorporated by reference in this chapter of rules:

03. Estimated Useful Lives of Depreciable Hospital Assets, 2004 Revised Edition, Guidelines Lives. This document may be obtained from American Hospital Publishing, Inc., 211 East Chicago Avenue, Chicago,
04. Medicare Durable Medical Equipment Medicare Administrative Contractor Jurisdiction D
Supplier Manual 2016, As Amended (CMS/Medicare DME Coverage Manual). Since the supplier manual is amended on a quarterly basis by CMS, the current year's manual is being incorporated by reference, as amended, to allow for the incorporation of the most recent amendments to the manual. The full text of the CMS/Medicare DME Coverage Manual is available via the Internet at https://med.noridianmedicare.com/web/jddme/education/supplier-manual.

008. AUDIT, INVESTIGATION, AND ENFORCEMENT.
In addition to any actions specified in these rules, the Department may audit, investigate, and take enforcement action under the provisions of IDAPA 16.05.07, “Investigation and Enforcement of Fraud, Abuse, and Misconduct.”

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. Compliance With Department Criminal History Check. Criminal history checks are required for certain types of providers under these rules. Providers who are required to have a criminal history check must comply with IDAPA 16.05.06, “Criminal History and Background Checks.” Except, through the duration of the declared COVID-19 public health emergency, if the individuals working in the area listed in this rule are unable to complete a criminal background check in accordance with the timeframes set forth in IDAPA 16.05.06, then agencies may allow newly hired direct care staff to begin rendering services prior to completion of the criminal background check in accordance with the requirements specified by the Department in a COVID-19 information release posted on the Department's website at https://healthandwelfare.idaho.gov/providers/idaho-medicaid-providers/information-medicaid-providers.

02. Department-Issued Variances to Requirements for a Criminal History Check Clearance.

a. Notwithstanding those provider types required to obtain a criminal history check clearance or Department enhanced clearance under these rules or under IDAPA 16.05.06, “Criminal History and Background Checks,” the Department at its discretion may allow variances to clearance requirements under certain circumstances. Providers who are subject to a criminal history and background check must still complete and notarize an application for a criminal history and background check.

b. In cases where the application process results in a denial rather than a clearance, and the denial is due to the applicant’s prior convictions for disqualified drug and alcohol-related offenses, the applicant may, with prior written approval of the Department, deliver covered Medicaid Peer Support and Recovery Coaching services.

c. A variance may be granted on a case-by-case basis upon review by the Department or its designee of any underlying facts and circumstances in each individual case. The Department will establish the process for the administrative review which will be conducted separate from the criminal history unit. During the Department’s review, the following factors may be considered:

i. The severity or nature of the crimes or other findings;
ii. The period of time since the incidents occurred;  

iii. The number and pattern of incidents being reviewed;  

iv. Circumstances surrounding the incidents that would help determine the risk of repetition;  

v. The relationship between the incidents and the position sought;  

vi. Activities since the incidents, such as continuous employment, education, participation in treatment, completion of a problem-solving court or other formal offender rehabilitation, payment of restitution, or any other factors that may be evidence of rehabilitation;  

vii. A pardon that was granted by a state governor or the President of the United States;  

viii. The falsification or omission of information on the self-declaration form and other supplemental forms submitted; and  

ix. Any other factor deemed relevant to the review. 

d. A variance granted under these rules is not a criminal history and background check clearance and does not set a precedent for subsequent application for variance. The Department may revoke a variance when it identifies a risk to participants' health and safety. Providers who have been granted a variance must still meet all other Department requirements for Medicaid coverage and reimbursement of Peer Support and Recovery Coaching services, and are prohibited from delivering any other covered Medicaid service without the required clearance or Department enhanced clearance. 

03. Availability to Work or Provide Service. 

a. The employer, at its discretion, may allow an individual to provide care or services on a provisional basis once the application for a criminal history and background check is completed and notarized, and the employer has reviewed the application for any disqualifying crimes or relevant records. The employer determines whether the individual could pose a health and safety risk to the vulnerable participants it serves. The individual is not allowed to provide care or services when the employer determines the individual has disclosed a disqualifying crime or relevant records. 

b. Those individuals licensed or certified by the Department are not available to provide services or receive licensure or certification until the criminal history and background check is completed and a clearance issued by the Department. 

04. Additional Criminal Convictions. Once an individual has received a criminal history clearance, any additional criminal convictions must be reported by the agency to the Department when the agency learns of the conviction. 

05. Providers Subject to Criminal History Check Requirements. The following providers must receive a criminal history clearance: 

a. Contracted Non-Emergency Medical Transportation Providers. All staff of transportation providers having contact with participants must comply with IDAPA 16.05.06, “Criminal History and Background Checks,” with the exception of individual contracted transportation providers defined in Subsection 870.02 of these rules. 

b. Provider types deemed by the Department to be at high risk for fraud, waste, and abuse under Subsection 200.02 of these rules must consent to comply with criminal background checks, including fingerprinting, in accordance with 42 CFR 455.434.

b. The provider was a managing employee, or had an ownership interest, as defined in 42 CFR Section 455.101, in any entity that was previously found by the Department to have engaged in fraudulent conduct, or abusive conduct related to the Medicaid program, or has demonstrated an inability to comply with the requirements related to the provider status for which application is made, including submitting false claims or violating provisions of any provider agreement; (3-17-22)

c. The provider was a managing employee, or had an ownership interest, as defined in 42 CFR Section 455.101, in any entity that failed to repay the Department for any overpayments, or to repay claims previously found by the Department to have been paid improperly, whether the failure resulted from refusal, bankruptcy, or otherwise, unless prohibited by law; (3-17-22)

d. The provider employs as a managing employee, contracts for any management services, shares any ownership interests, or would be considered a related party to any individual or entity identified in Subsections 200.06.a. through 200.06.c. of this rule. (3-17-22)

201. -- 204. (RESERVED)

205. AGREEMENTS WITH PROVIDERS.

01. In General. All individuals or organizations must enter into a written provider agreement accepted by the Department prior to receipt of any reimbursement for services. Agreements may contain any terms or conditions deemed appropriate by the Department. All provider agreements must be signed by the provider or by an owner or officer who has the legal authority to bind the provider in the agreement. (3-17-22)

02. Federal Disclosure Requirements. To comply with the disclosure requirements in 42 CFR 455, Subpart B, each provider, other than an individual practitioner or a group of practitioners, must disclose to the Department:

a. The full name and address of each individual who has either direct or indirect ownership interest in the disclosing entity or in any subcontractor of five percent (5%) or more prior to entering into an agreement or at the time of survey and certification; and (3-17-22)
b. Whether any person named in the disclosure is related to another person named in the disclosure as a spouse, parent, or sibling. (3-17-22)

03. Provider Agreement Enforcement Actions and Terminations. Provider agreements may be terminated with or without cause. Terminations for cause may be appealed as a contested case in accordance with the IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings.” The Department may, at its discretion, take any of the following actions for cause based on the provider’s conduct or the conduct of its employees or agents, or when the provider fails to comply with any term or provision of the provider agreement, or any applicable state or federal regulation:

c. Reduce, limit, or suspend payment of claims pending the submission, acceptance, or completion of a corrective action plan; (3-17-22)

d. Limit or suspend provision of services to participants who have not previously established services with the provider pending the submission, acceptance, or completion of a corrective action plan; or (3-17-22)

e. Terminate the provider’s agreement. (3-17-22)

04. Termination of Provider Agreements. Due to the need to respond quickly to state and federal mandates, as well as the changing needs of the State Plan, the Department may terminate provider agreements without cause by giving written notice to the provider as set forth in the agreement. If an agreement does not provide a notice period, the period is twenty-eight (28) days. Terminations without cause may result from elimination or change of programs or requirements, or the provider's inability to continue providing services due to the actions of another agency or board. Terminations without cause are not subject to contested case proceedings since the action will either affect a class of providers, or will result from the discretionary act of another regulatory body. (3-17-22)

206. -- 209. (RESERVED)

210. CONDITIONS FOR PAYMENT.

01. Participant Eligibility. The Department will reimburse providers for medical care and services, regardless of the current eligibility status of the medical assistance participant in the month of payment, provided a complete and properly submitted claim for payment has been received and each of the following conditions are met:

a. The participant was found eligible for medical assistance for the month, day, and year during which the medical care and services were rendered; (3-17-22)

b. The participant received such medical care and services no earlier than the third month before the month in which application was made on such participant's behalf; and (3-17-22)

d. Not more than twelve (12) months have elapsed since the month of the latest participant services for which such payment is being made. Medicare cross-over claims are excluded from the twelve (12) month submittal limitation. (3-17-22)

02. Time Limits. The time limit set forth in Subsection 210.01.d. of this rule does not apply with respect to retroactive eligibility adjustment. When participant eligibility is determined retroactively, the Department will reimburse providers for services within the period of retroactive eligibility if a claim for those services is...
submitted within twelve (12) months of the date of the participant’s eligibility determination. (3-17-22)

03. Acceptance of State Payment. By participating in the Medical Assistance Program, providers agree to accept, as payment in full, the amounts paid by the Department for services to Medicaid participants. Providers also agree to provide all materials and services without unlawfully discriminating on the grounds of race, age, sex, creed, color, national origin, or physical or intellectual disability. (3-17-22)

04. Payment in Full. If a provider accepts Medicaid payment for a covered service, the Medicaid payment must be accepted as full payment for that service, and the participant cannot be billed for the difference between the billed amount and the Medicaid allowed amount. (3-17-22)

05. Medical Care Provided Outside the State of Idaho. Out-of-state medical care is subject to the same utilization review and other Medicaid coverage requirements and restrictions as medical care received within the state of Idaho. (3-17-22)

07. Referral From Participant’s Assigned Primary Care Provider. Medicaid services may require a referral from the participant’s assigned primary care provider. Services requiring a referral are listed in the Idaho Medicaid Provider Handbook. Services provided without a referral, when one is required, are not covered and are subject to sanctions, recoupment, or both. The Department may change the services that require a referral after appropriate notification of Medicaid-eligible individuals and providers as specified in Section 563 of these rules. (3-17-22)

08. Follow-up Communication with Assigned Primary Care Provider. Medicaid services may require timely follow-up communication with the participant's assigned primary care provider. Services provided without timely communication of care outcomes, when communication is required, are not covered and are subject to sanctions, recoupment, or both. The Department may change the services that require communication of care outcomes after appropriate notification of Medicaid eligible individuals and providers as specified in Section 563 of these rules. (3-17-22)

09. Services Delivered Via Telehealth. Services delivered via telehealth as defined in Title 54, Chapter 57, Idaho Code, must be identified as such in accordance with billing requirements published in the Idaho Medicaid Provider Handbook. Telehealth services billed without being identified as such are not covered. Services delivered via telehealth may be reimbursed within limitations defined by the Department in the Idaho Medicaid Provider Handbook. Fee for service reimbursement is not available for an electronic mail message (e-mail), or facsimile transmission (fax). (3-17-22)

10. Services Subject to Electronic Visit Verification (EVV). Services requiring EVV compliance are subject to quality review. Services billed without the minimum essential EVV elements, as defined by Section 1903(l)(2) of the Social Security Act, may be denied, delayed, or subject to sanctions or recoupment, or both, in accordance with IDAPA 16.05.07, “The Investigation and Enforcement of Fraud, Abuse, and Misconduct.” (3-17-22)

03. Withholding Payment. The Department must not withhold payment on behalf of a participant because of the liability of a third party when such liability, or the amount thereof, cannot be currently established or is not currently available to pay the participant's medical expense. (3-17-22)

04. Seeking Third Party Reimbursement. The Department will seek reimbursement from a third party when the party's liability is established after reimbursement to the provider is made, and in any other case in which the liability of a third party existed, but was not treated as a current resource, with the exceptions provided in Subsection 215.05 of this rule. (3-17-22)
   a. The Department will seek reimbursement from a participant when a participant's liability is established after reimbursement to the provider is made; and (3-17-22)
   b. In any other situation in which the participant has received direct payment from any third party resource and has not forwarded the money to the Department for services or items received. (3-17-22)

05. Billing Third Parties First. Medicaid providers must bill all other sources of direct third party payment, with the following exceptions: (3-17-22)
   a. When the resource is a court-ordered absent parent and there are no other viable resources available, the claims will be paid and the resources billed by the Department; (3-17-22)
   b. Preventive pediatric care including early and periodic screening and diagnosis. Screening and diagnosis program services include: (3-17-22)

06. Accident Determination. When the participant's Medicaid card indicates private insurance or when the diagnosis indicates an accident for which private insurance is often carried, or both, the claim will be suspended or denied until it can be determined that there is no other source of payment. (3-17-22)

07. Third Party Payments. The Department will pay the provider the lowest amount of the following: (3-17-22)

   c. The third party-allowed amount minus the third party payment, or the patient liability as indicated by the third party. (3-17-22)
08. **Subrogation of Third Party Liability.** In all cases where the Department will be required to pay medical expenses for a participant and that participant is entitled to recover any or all such medical expenses from any third party, the Department will be subrogated to the rights of the participant to the extent of the amount of medical assistance benefits paid by the Department as the result of the occurrence giving rise to the claim against the third party. (3-17-22)

a. If litigation or a settlement in such a claim is pursued by the medical assistance participant, the participant must notify the Department. (3-17-22)

b. If the participant recovers funds, either by settlement or judgment, from such a third party, the participant must repay the amount of benefits paid by the Department on their behalf. (3-17-22)

09. **Subrogation of Legal Fees.**

a. If a medical assistance participant incurs the obligation to pay attorney fees and court costs for the purpose of enforcing a monetary claim to which the Department is subrogated, the amount which the Department is entitled to recover, or any lesser amount which the Department may agree to accept in compromise of its claim, will be reduced by an amount which bears the same relation to the total amount of attorney fees and court costs actually paid by the participant as the amount actually recovered by the Department, exclusive of the reduction for attorney fees and court costs, bears to the total amount paid by the third party to the participant. (3-17-22)

b. If a settlement or judgment is received by the participant that does not specify which portion of the settlement or judgment is for payment of medical expenses, it will be presumed that the settlement or judgment applies first to the medical expenses incurred by the participant in an amount equal to the expenditure for benefits paid by the Department as a result of the payment or payments to the participant. (3-17-22)

216. -- 224. (RESERVED)

225. **REPORTING TO THE INTERNAL REVENUE SERVICE (IRS).**

(3-17-22)

b. The provider must obtain the required information by using the Medicaid number on the identification card from the Electronic Verification System and transfer the required information onto the appropriate claim form. Where the Electronic Verification System (EVS) indicates that a participant is enrolled in Healthy Connections, the provider must comply with referral or follow-up communication requirements defined in Section 210 of these rules. (3-17-22)

c. Upon providing the care and services to a participant, the provider or their agent must submit a properly completed claim to the Department. (3-17-22)

d. The Department is to process each claim received and make payment directly to the provider. (3-17-22)

e. The Department will not supply claim forms. Forms needed to comply with the Department's
unique billing requirements are included in Appendix D of the Idaho Medicaid Provider Handbook. (3-17-22)

02. Individual Provider Reimbursement. The Department will not pay the individual provider more than the lowest of:
   a. The provider's actual charge for service; or (3-17-22)
   b. The maximum allowable charge for the service as established by the Department on its pricing file, if the service or item does not have a specific price on file, the provider must submit documentation to the Department and reimbursement will be based on the documentation; or (3-17-22)

04. Reimbursement for Other Noninstitutional Services. The Department will reimburse for all noninstitutional services that are not included in other Idaho Department of Health and Welfare Rules, but allowed under Idaho's Medical Assistance Program according to the provisions of 42 CFR Section 447.325. (3-17-22)

05. Review of Records.
   a. The Department, or its duly authorized agent, the U.S. Department of Health and Human Services, and the Bureau of Compliance have the right to review pertinent records of providers receiving Medicaid reimbursement for covered services. (3-17-22)
   b. The review of participants' medical and financial records must be conducted for the purposes of determining:
      i. The necessity for the care; or (3-17-22)
      ii. That treatment was rendered in accordance with accepted medical standards of practice; or (3-17-22)
      iii. That charges were not in excess of the provider's usual and customary rates; or (3-17-22)
      iv. That fraudulent or abusive treatment and billing practices are not taking place. (3-17-22)
   c. Refusal of a provider to permit the Department to review records pertinent to medical assistance will constitute grounds for:
      i. Withholding payments to the provider until access to the requested information is granted; or (3-17-22)
      ii. Suspending the provider's number. (3-17-22)

06. Lower of Cost or Charges. Payment to providers, other than public providers furnishing such services free of charge or at nominal charges to the public, is the lesser of the reasonable cost of such services or the customary charges with respect to such services. Public providers that furnish services free of charge, or at a nominal charge, are reimbursed fair compensation that is the same as reasonable cost. (3-17-22)

   a. If a medical assistance participant is eligible for Medicare, the provider must first bill Medicare for the services rendered to the participant. (3-17-22)
b. If a provider accepts a Medicare assignment, the Department will pay the provider for the services, up to the Medicaid allowable amount minus the Medicare payment, and forward the payment to the provider automatically based upon the Medicare Summary Notice (MSN) information on the computer tape that is received from the Medicare Part B Carrier on a weekly basis. (3-17-22)

c. If a provider does not accept a Medicare assignment, an MSN must be attached to the appropriate claim form and submitted to the Department. The Department will pay the provider for the services, up to the Medicaid allowable amount minus the Medicare payment. (3-17-22)

d. For all other services, an MSN must be attached to the appropriate claim form and submitted to the Department. The Department will pay the provider for the services up to the Medicaid allowable amount minus the Medicare payment. (3-17-22)

08. Services Reimbursable After the Appeals Process. Reimbursement for services originally identified by the Department as not medically necessary will be made if such decision is reversed by the appeals process required in IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings.” (3-17-22)

231. HANDLING OF OVERPAYMENTS AND UNDERPAYMENTS FOR SPECIFIED PROVIDERS.
The provisions in Subsections 231.01 and 231.02 of this rule apply only to hospitals, FQHCs, RHCs and Home Health providers. (3-17-22)

01. Interest Charges on Overpayments and Underpayments. The Medicaid program will charge interest on overpayments, and pay interest on underpayments, as follows: (3-17-22)

a. Interest After Sixty Days of Notice. If full repayment from the indebted party is not received within sixty (60) days after the provider has received the Department reimbursement notice, interest will accrue from the date of receipt of the Department reimbursement notice, and will be charged on the unpaid settlement balance for each thirty (30) day period that payment is delayed. Periods of less than thirty (30) days will be treated as a full thirty (30) day period, and the thirty (30) day interest charge will be applied to any unpaid balance. Each payment will be applied first to accrued interest, then to the principal. Interest accrued on overpayments and interest on funds borrowed by a provider to repay overpayments are not an allowable interest expense. (3-17-22)

b. Waiver of Interest Charges. When the Department determines an overpayment exists, it may waive interest charges if it determines that the administrative costs of collecting them exceed the charges. (3-17-22)

c. Rate of Interest. The interest rate on overpayments and underpayments will be the statutory rate as set forth in Section 28-22-104(1), Idaho Code, compounded monthly. (3-17-22)

d. Retroactive Adjustment. The balance and interest will be retroactively adjusted to equal the amounts that would have been due based on any changes that occur as a result of the final determination in the administrative appeal and judicial appeal process. Interest penalties will only applied to unpaid amounts and will be subordinated to final interest determinations made in the judicial review process. (3-17-22)

02. Recovery Methods for Overpayments. One (1) of the following methods will be used for recovery of overpayments: (3-17-22)

a. Lump Sum Voluntary Repayment. Upon receipt of the notice of program reimbursement, the provider voluntarily refunds, in a lump sum, the entire overpayment to the Department. (3-17-22)

b. Periodic Voluntary Repayment. The provider must:
   i. Request in writing that recovery of the overpayment be made over a period of twelve (12) months or less; and (3-17-22)
   ii. Adequately document the request by demonstrating that the financial integrity of the provider would be irreparably compromised if repayments occurred over a shorter period of time than requested. (3-17-22)
c. Department Initiated Recovery. The Department will recover the entire unpaid balance of the overpayment of any settlement amount in which the provider does not respond to the notice of program reimbursement within thirty (30) days of receiving the notice.

(3-17-22)

d. Recovery from Medicare Payments. The Department can request that Medicare payments be withheld in accordance with 42 CFR Section 405.377.

01. Provider Participation. Hospitals, nursing facilities, providers of home health care services (home health agencies, federally qualified health clinics, rural health clinics), hospice providers, and personal care R.N. supervisors must:

a. Provide all adults receiving medical care written and oral information (the information provided must contain all material found in the Department's approved advance directive form “Your Rights As A Patient To Make Medical Treatment Decisions”) which defines their rights under state law to make decisions concerning their medical care.

(3-17-22)

i. The provider must explain that the participant has the right to make decisions regarding their medical care which includes the right to accept or refuse treatment. If the participant has any questions regarding treatment, the facility or agency will notify the physician of those concerns. Their physician can answer any questions they may have about the treatment.

(3-17-22)

ii. The provider will inform the participant of their rights to formulate advance directives, such as “Living Will” or “Durable Power of Attorney For Health Care,” or both.

(3-17-22)

iii. The provider must comply with Subsection 235.02 of this rule.

(3-17-22)

b. Provide all adults receiving medical care written information on the providers' policies concerning the implementation of the participant's rights regarding “Durable Power of Attorney for Health Care,” “Living Will,” and the participant's right to accept or refuse medical and surgical treatment.

(3-17-22)

c. Document in the participant's medical record whether the participant has executed an advance directive (“Living Will” or “Durable Power of Attorney for Health Care,” or both), or have a copy of the Department's approved advance directive form (“Your Rights as a Patient to Make Medical Treatment Decisions”) attached to the participant's medical record which has been completed acknowledging whether the patient/resident has executed an advance directive (“Living Will” or “Durable Power of Attorney for Health Care,” or both).

(3-17-22)

d. The provider cannot condition the provision of care or otherwise discriminate against an individual based on whether that participant has executed an “Advance Directive.”

(3-17-22)

e. If the provider cannot comply with the patient's “Living Will” or “Durable Power of Attorney for Health Care,” or both, as a matter of conscience, the provider will assist the participant in transferring to a facility or agency that can comply.

(3-17-22)

f. Provide education to their staff and the community on issues concerning advance directives.

(3-17-22)

02. When “Advance Directives” Must Be Given. Hospitals, nursing facilities, providers of home health care (home health agencies, federally qualified health centers, rural health clinics), hospice agencies, and personal care R.N. supervisors, must give information concerning “Advance Directives” to adult participants in the following situations:

a. Hospitals must give the information at the time of the participant's admission as an inpatient unless
Subsection 235.03 of this rule applies.

b. Nursing facilities must give the information at the time of the participant's admission as a resident.

(3-17-22)

c. Home health providers must give the information to the participant in advance of the participant coming under the care of the provider.

(3-17-22)
d. The personal care R.N. supervisors will inform the participant when the R.N. completes the R.N. Assessment and Care Plan. The R.N. supervisor will inform the Qualified Intellectual Disabilities Professional (QIDP) and the personal care attendant of the participants decision regarding “Advance Directives.”

(3-17-22)
e. A hospice provider must give information at the time of initial receipt of hospice care by the participant.

(3-17-22)

03. Information Concerning “Advance Directives” at the Time an Incapacitated Individual Is Admitted

An individual may be admitted to a facility in a comatose or otherwise incapacitated state and be unable to receive information or articulate whether they have executed an advance directive. In this case, to the extent that a facility issues materials about policies and procedures to the families or to the surrogates or other concerned persons of the incapacitated patient in accordance with state law, it must also include the information concerning advance directives. This does not relieve the facility from its obligation to provide this information to the patient once they are no longer incapacitated.

(3-17-22)

04. Provider Agreement

A “Memorandum of Understanding Regarding Advance Directives” is incorporated within the provider agreement. By signing the Medicaid provider agreement, the provider is not excused from its obligation regarding advance directives to the general public per Section 1902(a) of the Social Security Act, as amended by Section 4751 of OBRA 1990.

301. -- 304. (RESERVED)

305. REIMBURSEMENT SYSTEM AUDITS.

01. Scope of Reimbursement System Audits. The Department reserves the right to audit financial and other records of the provider, and, when warranted, the records of entities related to the provider. Audits consist of the
following types of records:

a. Cost verification of actual costs for providing goods and services;

b. Evaluation of provider’s compliance with the provider agreement, reporting form instructions, and any applicable law, rule, or regulation;

c. Effectiveness of the service to achieve desired results or benefits; and

d. Reimbursement rates or settlement calculated under this chapter.

02. Exception to Scope for Audits and Investigations. Audits as described in these rules do not apply to the audit processes used in conducting investigations of fraud and abuse under IDAPA 16.05.07, “The Investigation and Enforcement of Fraud, Abuse, and Misconduct.”

306. -- 329. (RESERVED)

330. PROVIDER’S RESPONSIBILITY TO MAINTAIN RECORDS. The provider must maintain financial and other records in sufficient detail to allow the Department to audit them as described in Section 305 of these rules.

01. Expenditure Documentation. Documentation of expenditures must include the amount, date, purpose, payee, and the invoice or other verifiable evidence supporting the expenditure.

02. Cost Allocation Process. Costs such as depreciation or amortization of assets and indirect expenses are allocated to activities or functions based on the original identity of the costs. Documentation to support basis for allocation must be available for verification. The assets referred to in this Section of rule are economic resources of the provider recognized and measured in conformity with generally accepted accounting principles.

03. Revenue Documentation. Documentation of revenues must include the amount, date, purpose, and source of the revenue.

04. Availability of Records. Records must be available for and subject to audit by the auditor, with or without prior notice, during any working day between the hours of 8:00 a.m. and 5:00 p.m. at the provider’s principal place of business in the state of Idaho.

   a. The provider is given the opportunity to provide documentation before the interim final audit report is issued.

   b. The provider is not allowed to submit additional documentation in support of cost items after the issuance of the interim final audit report.

05. Retention of Records. Records required in Subsections 330.01 through 330.03 of this rule must be retained by the provider for a period of five (5) years from the date of the final payment under the provider agreement. Failure to retain records for the required period can void the Department’s obligation to make payment for the goods or services.

331. -- 339. (RESERVED)

340. DRAFT AUDIT REPORT. Following completion of the audit field work and before issuing the interim final audit report to the Department, the auditor will issue a draft audit report and forward a copy to the provider for review and comment.

   a. The provider will have a period of sixty (60) days, beginning on the date of transmittal, to review and provide additional comments or evidence pertaining to the draft audit report. The review period may be extended when the provider:
a. Requests an extension prior to the expiration of the original review period; and

b. Clearly demonstrates the need for additional time to properly respond.

02. Evaluation of Provider's Response. The auditor will evaluate the provider’s response to the draft audit report and will delete, modify, or reaffirm the original findings, as deemed appropriate, in preparing the interim final audit report.

341. FINAL AUDIT REPORT.
The auditor will incorporate the provider’s response and an analysis of the response into the interim final report as appendices and transmit it to the Department. The Department will issue a final audit report and a notice of program reimbursement, if applicable, that sets forth settlement amounts due to the Department or the provider. The final audit report and notice of program reimbursement, if applicable, will take into account the findings made in the interim final audit report and the response of the provider to the draft audit report.

342. -- 359. (RESERVED)

360. RELATED PARTY TRANSACTIONS.

01. Principle. Costs applicable to services, facilities and supplies furnished to the provider by organizations or persons related to the provider by common ownership, control, etc., are allowable at the cost to the related party. Such costs are allowable to the extent that they relate to patient care, are reasonable, ordinary, and necessary, and are not in excess of those costs incurred by a prudent cost-conscious buyer.

02. Cost Allowability - Regulation. Allowability of costs is subject to the regulations prescribing the treatment of specific items as outlined in 42 CFR 413.17, et al., and the Providers Reimbursement Manual, PRM Chapter 10 and other applicable chapters of the PRM.

361. APPLICATION.

01. Determination of Common Ownership or Control in the Provider Organization and Supply Organization. In determining whether a provider organization is related to a supplying organization, the tests of common ownership and control are to be applied separately. If the elements of common ownership or control are not present in both organizations, the organizations are deemed not to be related to each other.

a. Common Ownership Rule. A determination as to whether an individual(s) possesses ownership or equity in the provider organization and the supplying organization, so that the organizations will be considered to be related by common ownership, will be made on the basis of the facts and circumstances in each case.

b. Control Rule. The term “control” includes any kind of control whether or not it is legally enforceable and however it is exercisable or exercised. It is the reality of the control that is decisive, not its form or the mode of its exercise.

02. Cost to Related Organizations. The charges to the provider from related organizations may not exceed the billing to the related organization for these services.

03. Costs Not Related to Patient Care. All home office costs not related to patient care are not allowable under the Program.

04. Interest Expense. Generally, interest expense on loans between related entities will not be reimbursable. See Chapters 2, 10, and 12, PRM, for specifics.

362. EXCEPTION TO THE RELATED ORGANIZATION PRINCIPLE.
An exception is provided to the general rule applicable to related organizations. The exception applies if the provider demonstrates by convincing evidence to the satisfaction of the intermediary:
01. **Supplying Organization.** That the supplying organization is a bona fide separate organization; (3-17-22)

02. **Nonexclusive Relationship.** That a substantial part of the supplying organization’s business activity of the type carried on with the provider is transacted with other organizations not related to the provider and the supplier by common ownership or control and there is an open, competitive market. (3-17-22)

03. **Lease or Rentals of Hospital.** The exception is not applicable to sales, lease or rentals of hospitals. These transactions would not meet the requirement that there be an open, competitive market for the facilities furnished as described in Sections 1008 and 1012, PRM.
   
   a. Rentals. Rental expense for transactions between related entities will not be recognized. Costs of ownership will be allowed. (3-17-22)
   
   b. Purchases. When a facility is purchased from a related entity, the purchaser's depreciable basis must not exceed the seller's net book value as described in Section 1005, PRM. (3-17-22)

400. HOSPITAL SERVICES – DEFINITIONS.

01. Administratively Necessary Day (AND). An Administratively Necessary Day (AND) is intended to allow a hospital time for an orderly transfer or discharge of participant inpatients who are no longer in need of a continued acute level of care. ANDs may be authorized for inpatients who are awaiting placement for nursing facility level of care, or in-home services that are not available, or when catastrophic events prevent the scheduled discharge of an inpatient. (3-17-22)

02. Allowable Costs. The current year's Medicaid apportionment of a hospital's allowable costs determined at final or interim settlement if cost settlements are applicable, or determined using the version of the cost report used for prospective payment system (PPS) rate setting, consist of those costs permitted by the principles of reimbursement contained in the Provider Reimbursement Manual (PRM) and do not include costs already having payment limited by Medicaid rate file or any other Medicaid charge limitation. (3-17-22)

03. Apportioned Costs. Apportioned costs consist of the share of a hospital's total allowable costs attributed to Medicaid program participants and other patients so that the share borne by the program is based upon actual services received by program participants, as set forth in the applicable Title XVIII principles of cost reimbursement as specified in the PRM and in compliance with Medicaid reimbursement rules. (3-17-22)

04. Capital Costs. For the purposes of hospital reimbursement, capital costs are those allowable costs considered in the settlement that represent the cost to each hospital for its reasonable property related and financing expense, and property taxes. (3-17-22)

05. Case-Mix Index. The Case-Mix Index for a hospital is the average weight of values assigned to a range of diagnostic related groups and applied to Medicaid discharges. The index will measure the relative resources required to treat Medicaid inpatients. The Case-Mix Index of the current year will be divided by the index of the principal year to assess the percent change between the years. (3-17-22)

06. Charity Care. Charity care is care provided to individuals who have no source of payment, third-party or personal resources. (3-17-22)

07. Children's Hospital. A Medicare-certified hospital as set forth in 42 CFR Section 412.23(d). (3-17-22)

08. Critical Access Hospitals (CAH). A rural hospital with twenty-five (25) or less beds as set forth in 42 CFR Section 485.620. (3-17-22)

09. Current Year. Any hospital cost reporting period for which reasonable cost is being determined will be termed the current year. (3-17-22)

10. Inpatient Services Customary Hospital Charges. Customary inpatient hospital charges reflect the regular rates for inpatient services charged to patient(s) liable for payment for their services on a charge basis. Implicit in the use of charges as the basis for comparability (or for apportionment under certain apportionment methods) is the objective that services are related to the cost of services billed to the Department. Effective for service dates beginning July 1, 2021 reimbursement will be as follows: (3-17-22)

a. All in-state providers not described in b-d below will be paid a final prospective payment rate using the All Patient Refined Diagnosis Related Group (APR-DRG) classification system as described in Section 401 of these rules. (3-17-22)
b. Idaho state-owned hospitals and the Department of Veteran’s Affairs Medical Center will be reimbursed at one hundred percent (100%) of allowable cost using a retrospective cost settlement upon receipt of a final Medicare cost report. (3-17-22)

c. In-state, Critical Access Hospitals (CAHs) will be reimbursed at one hundred percent (101%) of allowable cost using a retrospective cost settlement upon receipt of a final Medicare cost report. (3-17-22)

d. All out-of-state providers not described in a through c above will be paid a final prospective payment rate with no retrospective cost settlement using the All Patient Refined Diagnosis Related Group (APR-DRG) classification system as described in Section 401 of these rules. The out-of-state APR-DRG rates were developed to provide a combined cost coverage of eighty-seven percent (87%) when all out-of-state providers are averaged together in keeping with Section 56-265(6)(b), Idaho Code. (3-17-22)

11. Outpatient Services Customary Hospital Charges. Customary outpatient hospital charges reflect the regular rates for outpatient services charged to patient(s) liable for payment for their services on a charge basis. Implicit in the use of charges as the basis for comparability (or for apportionment under certain apportionment methods) is the objective that services are related to the cost of services billed to the Department. Effective for service dates beginning July 1, 2021, reimbursement will be as follows: (3-17-22)

a. Idaho state-owned hospitals and the Department of Veteran’s Affairs Medical Center will be reimbursed at one hundred percent (100%) of allowable cost. (3-17-22)

b. In-state, CAHs will be reimbursed at one hundred one percent (101%) of allowable cost. (3-17-22)

c. All hospitals that are not described in a through b above will be subject to the outpatient reimbursement parameters outlined in the Medicaid Provider Agreement and Section 56-265, Idaho Code. (3-17-22)

12. Disproportionate Share Hospital (DSH) Allotment Amount. The DSH allotment amount determined by CMS that is eligible for federal matching funds in any federal fiscal period for disproportionate share payments. (3-17-22)

13. Disproportionate Share Hospital (DSH) Survey. The DSH survey is an annual data request from the Department to the hospitals to obtain the information necessary to compute DSH in accordance with Subsection 405.06 of these rules. (3-17-22)

14. Disproportionate Share Threshold. The disproportionate share threshold is: (3-17-22)

a. The arithmetic mean plus one (1) standard deviation of the Medicaid Utilization Rates of all Idaho Hospitals; or (3-17-22)

b. A Low-Income Revenue Rate exceeding twenty-five percent (25%). (3-17-22)

15. Excluded Units. Excluded units are distinct units in hospitals that are certified by Medicare according to 42 CFR Sections 412.25, 412.27 and 412.29 for exclusion from the Medicare prospective payment system. (3-17-22)

16. Hospital Inflation Index. An index calculated through Department studies and used to adjust inpatient operating cost limits and interim rates for the current year. (3-17-22)

17. Low-Income Revenue Rate. The Low Income Revenue Rate is the sum of the following fractions, expressed as a percentage, calculated as follows: (3-17-22)

a. Total Medicaid inpatient revenues paid to the hospital, plus the amount of the cash subsidies received directly from state and local governments in a cost reporting period, divided by the total amount of revenues and cash subsidies of the hospital for inpatient services in the same cost reporting period; plus (3-17-22)
b. The total amount of the hospital's charges for inpatient hospital services attributable to charity care in the same cost reporting period, divided by the total amount of the hospital's charges for inpatient services in the hospital in the same period. The total inpatient charges attributed to charity care must not include contractual allowances and discounts and reduction in charges given to Medicare, Medicaid, other third-party payors, or cash for patient services received directly from state and local governments' county assistance programs. (3-17-22)

18. Medicaid Inpatient Day. For purposes of DSH payments, an inpatient day is defined as a Medicaid inpatient day in a hospital for which there is also no Medicare inpatient day counted. (3-17-22)

19. Medicaid Utilization Rate (MUR). The MUR for each hospital will be computed using the Department's record of paid inpatient days for the fiscal year divided by the total inpatient days for the same fiscal year as reported in the DSH survey. In this paragraph, the term “inpatient days” includes administratively necessary days, newborn days, days in specialized wards, days provided at an inappropriate level of care, and Medicaid inpatient days from other states. In this paragraph, “Medicaid inpatient days” includes paid days not counted in prior DSH threshold computations. (3-17-22)

20. Obstetricians. For purposes of an adjustment for hospitals serving a disproportionate share of low income patients, and in the case of a hospital located in a rural area, as defined by the federal Executive Office of Management and Budget, the term “obstetrician” includes any physician with staff privileges at the hospital to perform nonemergency obstetric procedures. (3-17-22)

21. On-Site. A service location over which the hospital ex ercises financial and administrative control. “Financial and administrative control” means a location whose relation to budgeting, cost reporting, staffing, policymaking, record keeping, business licensure, goodwill and decision-making are so interrelated to those of the hospital that the hospital has ultimate financial and administrative control over the service location. The service location must be in close proximity to the hospital where it is based, and both facilities serve the same patient population (e.g., from the same area, or catchment, within Medicare's defined Metropolitan Statistical Area (MSA) for urban hospitals or thirty-five (35) miles from a rural hospital). (3-17-22)

22. Operating Costs. For the purposes of hospital reimbursement, operating costs are the allowable costs included in the cost centers established in the finalized Medicare cost report to accumulate costs applicable to providing routine and ancillary services to patients for the purposes of cost assignment and allocation in the step-down process. (3-17-22)

23. Other Allowable Costs. Other allowable costs are those reasonable costs recognized under the Medicaid reasonable cost principles for services not subject to Medicaid limitations of coverage or reimbursement limits. Costs that are not reimbursed as operating costs, but recognized by Medicare principles as allowable costs will be included in the total reasonable costs. Other allowable costs include, but are not necessarily limited to, physician's component which was combined-billed, capital costs, ambulance costs, excess costs, carry-forwards and medical education costs. (3-17-22)

24. Reasonable Costs. Reasonable costs include all necessary and ordinary costs incurred in rendering the services related to patient care that a prudent and cost-conscious hospital would pay for a given item or service. (3-17-22)

25. Uninsured Patient Costs. For the purposes of determining the additional costs beyond uncompensated Medicaid costs that may be reimbursed as a DSH payment without exceeding the state Allotment Amount, only inpatient costs of uninsured patients will be considered. (3-17-22)

26. Upper Payment Limit. The Upper Payment Limit for hospital services is defined in the Code of Federal Regulations. (3-17-22)

27. Prior Service Period Claims Subject to Future Cost Settlement. For providers subject to cost settlement, claims from prior service periods that were not captured in a prior cost settlements will be cost settled in the current year using cost-to-charge ratios and routine cost per diems from the Medicare cost report currently being settled. (3-17-22)
401. **HOSPITAL REIMBURSEMENT – PROSPECTIVE PAYMENT SYSTEMS.**

Providers identified in Section 400.10.a. and 400.10.d will be reimbursed for inpatient services using an All Patient Refined Diagnosis Related Group (APR-DRG) as outlined in the Medicaid Provider Agreement otherwise beginning with service periods on or after July 1, 2021. (3-17-22)

402. **INPATIENT HOSPITAL SERVICES: COVERAGE AND LIMITATIONS.**

The policy, rules, and regulations to be followed will be those cited in 42 CFR 456.50 through 42 CFR 456.145. All hospital services must conform to federal and state laws and regulations. Services must be medically necessary as defined in Section 011 of these rules. (3-17-22)

  01. **Initial Length of Stay.** Prior authorization requirement for an initial length of stay will be established by the Department, or its designee, in the Idaho Medicaid Provider Handbook for hospitals not reimbursed under DRG methodologies. (3-17-22)

  02. **Extended Stay.** The Department, or its designee, will establish authorization requirements in the Idaho Medicaid Provider Handbook for hospitals not reimbursed under DRG methodologies. An authorization is necessary when the appropriate care of the participant indicates the need for hospital days in excess of the initial length of stay, or previously approved extended stay. (3-17-22)

  03. **Exceptions and Limitations.** The following exceptions and limitations apply to in-patient hospital services for hospitals not reimbursed under DRG methodologies:

    a. Payment for accommodations is limited to the hospital's all-inclusive rate. The all-inclusive rate is a flat fee charge incurred on a daily basis that covers both room and board. (3-17-22)

    b. The Department will not authorize reimbursement above the all-inclusive rate unless the attending physician orders a room that is not an all-inclusive rate room for the patient because of medical necessity. (3-17-22)

  04. **Diagnosis Related Group Review and Audits.** All services performed under DRG are subject to QIO reviews, retrospective reviews, and audits. The Department reserves the right to execute reviews as described in the Idaho Medicaid Provider Handbook as amended. (3-17-22)

403. **INPATIENT HOSPITAL SERVICES: PROCEDURAL REQUIREMENTS.**

  01. **Prior Authorization.** Some services may require a prior authorization from the Department or its designee. Documentation for the request must include the most recent plan of care and adequate documentation to demonstrate continued medical necessity. The Department will set additional documentation requirements in the Idaho Medicaid Provider Handbook to ensure quality of care and integrity of services. (3-17-22)

  02. **Certification of Need.** At the time of admission, the physician must certify that inpatient services are necessary. Recertification must occur at least every sixty (60) days inpatient hospital services are required, but may be required more frequently as determined by the Department. (3-17-22)

  03. **Individual Plan of Care.** The individual plan of care is a written plan developed for the participant upon admission to a hospital and updated at least every sixty (60) days, but may be required more frequently as determined by the Department.

    a. Diagnoses, symptoms, complaints, and complications indicating the need for admission; (3-17-22)

    b. A description of the functional level of the individual; (3-17-22)

    c. Any orders for medications, treatments, rehabilitative services, activities, social services, or diet; (3-17-22)

    and

    d. Plans for continuing care or discharge, as appropriate. (3-17-22)

  04. **Request for Extended Stay.** To qualify for reimbursement, authorization must be obtained from
the Department, or its designee. The request should be made before the initial length of stay or previously authorized extended stay ends, and submitted as designated by the Department, or its designee. Documentation for the request should include the most recent plan of care. The Department will set additional documentation requirements in the Idaho Medicaid Provider Handbook to ensure quality of care and integrity of services.

404. INPATIENT HOSPITAL SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.
In addition to the provider enrollment agreement, each claim submitted by a hospital constitutes an agreement by which the hospital agrees to accept and abide by the Department's rules. Only a Medicare certified hospital, licensed by the state in which it operates, may enroll in the Idaho Medicaid program. Hospitals not participating as a Medicaid swing-bed provider, which are licensed for long-term care or as a specialty hospital that provides a nursing home level of care, will be reimbursed as a nursing facility. Hospitals not eligible for enrollment which render emergency care will be paid rates established in these rules.

405. HOSPITAL SERVICES – PROVIDER REIMBURSEMENT.
Under the Medicaid provisions of the Social Security Act, in reimbursing hospitals, the Department will pay the lesser of customary hospital charges or Medicaid reimbursement for services established in accordance with the procedures detailed under this rule. The upper limits observed by the Department in reimbursing each individual hospital must not exceed the payment that would be determined as a reasonable cost under the policies, definitions and procedures observed under Medicare (Title XVIII) principles of cost reimbursement.

01. Payment Procedures. The following procedures are applicable to in-patient hospitals:

a. The participant's admission and length of stay may be subject to prior authorization, concurrent review, continued stay review, and retrospective review by a Quality Improvement Organization (QIO) designated by the Department. QIO review will be governed by provisions of the QIO Idaho Medicaid Provider Manual as amended. If a review identifies that an admission or continued stay is not medically necessary, then no Medicaid payment will be made. Failure to obtain a timely QIO review as required by Section 402 of these rules, and as outlined in the QIO Idaho Medicaid Provider Manual as amended, will result in the QIO conducting a late review. After a QIO review has determined that the hospital stay was medically necessary, Medicaid will assess a late review penalty to the hospital as outlined in this rule.

i. All admissions for hospitals not reimbursed under DRG methodologies are subject to QIO review to determine if continued stay in inpatient status is medically necessary. A QIO continued stay review is required when the participant's length of stay exceeds the number of days certified by the QIO. If no initial length of stay certification was issued by the QIO, a QIO continued stay review is required when the admission exceeds a number of days as specified by the Department.

ii. Reimbursement for services originally identified as not medically necessary by the QIO will be made if such decision is reversed by the appeals process required in IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings.”

iii. Absent the Medicaid participant's informed decision to incur services deemed unnecessary by the QIO, or not authorized by the QIO due to the negligence of the provider, no payment for denied services may be obtained from the participant.

b. In reimbursing licensed hospitals, the Department will pay the lesser of customary hospital charges or Medicaid reimbursement for in-patient hospital care as set forth in this rule, unless an exception applies as stated in Section 402 of these rules. The upper limits for payment must not exceed the payment that would be determined as reasonable cost using the Title XVIII standards and principles.

02. Hospital Penalty Schedule. The following applies for hospitals not reimbursed under DRG methodologies:

a. A request for a preadmission or continued stay QIO review, or for both, that is one (1) day late will result in a penalty of two hundred and sixty dollars ($260), from the total Medicaid paid amount of the inpatient hospital stay.
b. A request for a preadmission or continued stay QIO review, or for both, that is two (2) days late will result in a penalty of five hundred and twenty dollars ($520), from the total Medicaid paid amount of the inpatient hospital stay.

(3-17-22)

c. A request for a preadmission or continued stay QIO review, or for both, that is three (3) days late will result in a penalty of seven hundred and eighty dollars ($780), from the total Medicaid paid amount of the inpatient hospital stay.

(3-17-22)

d. A request for a preadmission or continued stay QIO review, or for both, that is four (4) days late will result in a penalty of one thousand and forty dollars ($1,040), from the total Medicaid paid amount of the inpatient hospital stay.

(3-17-22)

e. A request for a preadmission or continued stay QIO review, or for both, that is five (5) days late or greater will result in a penalty of one thousand three hundred dollars ($1,300), from the total Medicaid paid amount of the inpatient hospital stay.

(3-17-22)

03. AND Reimbursement Rate. Reimbursement for an AND will be made at the weighted average Medicaid payment rate for all Idaho nursing facilities for routine services, as defined per 42 CFR 447.280(a)(1), furnished during the previous calendar year. ICF/IID rates are excluded from this calculation.

(3-17-22)

a. The AND reimbursement rate will be calculated by the Department by March 15 of each calendar year and made effective retroactively for dates of service on or after January 1 of the respective calendar year.

(3-17-22)

b. Hospitals with an attached nursing facility will be reimbursed the lesser of their Medicaid per diem routine rate or the established average rate for an AND; and

(3-17-22)

c. The Department will pay the lesser of the established AND rate or a facility's customary hospital charge to private pay patients for an AND.

(3-17-22)

04. Reimbursement for Services. Routine services as addressed in Subsection 405.05 of this rule include all medical care, supplies, and services that are included in the calculation of nursing facility property and non-property costs as described in these rules. Reimbursement of ancillary services will be determined in the same manner as hospital outpatient reasonable costs in accordance with Medicare reasonable cost principles, except that reimbursement for prescription drugs will be in accord with Section 665 of these rules.

(3-17-22)

05. Hospital Swing-Bed Reimbursement. The Department will pay for nursing facility care in certain rural hospitals. Following approval by the Department, such hospitals may provide service to participants in licensed hospital “swing-beds” who require nursing facility level of care.

(3-17-22)

a. Facility Requirements. The Department will approve hospitals for nursing facility care provided to eligible participants under the following conditions:

(3-17-22)

i. The Department’s Licensure and Certification Section finds the hospital in conformance with the requirements of 42 CFR 482.58 “Special Requirements” for hospital providers of long-term care services (“swing-beds”), or 42 CFR 485.645 – Special requirements for CAH providers of long-term services (“swing-beds”) as applicable; and

(3-17-22)

ii. The hospital is approved by the Medicare program for the provision of “swing-bed” services; and

(3-17-22)

iii. The facility does not have a twenty-four (24) hour nursing waiver granted under 42 CFR 488.54(c); and

(3-17-22)

iv. The hospital must not have had a swing-bed approval terminated within the two (2) years previous to application for swing-bed participation; and

(3-17-22)
v. The hospital must be licensed for less than one hundred (100) beds as defined by 42 CFR 482.58(a)(1) for swing-bed purposes; and

vi. Nursing facility services in swing-beds must be rendered in beds used interchangeably to furnish hospital or nursing facility-type services.

b. Participant Requirements. The Department will reimburse hospitals for participants under the following conditions:

i. The participant is determined to be entitled to such services in accordance with IDAPA 16.03.05, “Eligibility for Aid to the Aged, Blind, and Disabled”; and

ii. The participant is authorized for payment in accordance with IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits,” Subsection 222.02.

c. Reimbursement for “Swing-Bed” Patient Days. The Department will reimburse swing-bed hospitals on a per diem basis utilizing a rate established as follows:

i. Payment rates for routine nursing facility services will be at the weighted average Medicaid rate per patient day paid to hospital-based nursing facility/ICF facilities for routine services furnished during the previous calendar year. ICF/IID facilities’ rates are excluded from the calculations.

ii. The rate will be calculated by the Department by March 15 of each calendar year. The rate will be based on the previous calendar year and effective retroactively for dates of service on or after January 1 of the respective year.

iii. The weighted average rate for nursing facility swing-bed days will be calculated by dividing total payments for routine services, including patient contribution amounts but excluding miscellaneous financial transactions relating to prior years, by total patient days for each respective level of care occurring in the previous calendar year.

iv. Routine services include all medical care, supplies, and services that are included in the calculation of nursing facility property and nonproperty costs as described in IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits,” Subsection 225.01.

v. The Department will pay the lesser of the established rate, the facility’s charge, or the facility’s charge to private pay patients for “swing-bed” services.

vi. Reimbursement of ancillary services not included in the nursing facility rates furnished for extended care services will be billed and determined in the same manner as hospital outpatient reasonable costs in accordance with Medicare reasonable cost principles, except that reimbursement for prescription drugs will be in accord with Section 665 of these rules.

vii. The number of swing-bed days that may be reimbursed to a provider in a twelve (12) month period will be limited to the greater of one thousand ninety-five (1,095) days which may be prorated over a shorter fiscal period or, fifteen percent (15%) of the product of the average number of available licensed beds in the hospital in the period and the number of days in the fiscal period. The Department may authorize additional critical access hospital swing-bed days for participants residing in a community without a nursing facility within thirty-five (35) miles contingent on a review of medical necessity, cost-effectiveness, residency, and quality of care.

d. Computation of “Swing-Bed” Patient Contribution. The computation of the patient’s contribution of swing-bed payment will be in accordance with IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits,” Section 224.

06. Adjustment for Disproportionate Share Hospitals (DSH). All Idaho hospitals serving a disproportionate share of low-income patients must qualify either as a Mandatory DSH or as Deemed DSH to receive a DSH payment. The Department will send each hospital a DSH survey on or before January 31 of each calendar year.
year. A hospital will not receive a DSH payment if the survey is not returned by the deadline, unless good cause is determined by the Department. (3-17-22)

**a. Mandatory Eligibility.** Mandatory Eligibility for DSH status will be provided for hospitals that:

1. Meet or exceed the disproportionate share threshold as defined in Subsection 400.13 of these rules. (3-17-22)

2. Have at least two (2) obstetricians with staff privileges at the hospital who have agreed to provide obstetric services. (3-17-22)

3. Subsection 405.06.b.ii. of this rule does not apply to a hospital in which the inpatients are predominantly individuals under eighteen (18) years of age; or (3-17-22)

4. Does not offer nonemergency inpatient obstetric services as of December 21, 1987. (3-17-22)

5. The MUR will not be less than one percent (1%). (3-17-22)

6. If an Idaho hospital exceeds both disproportionate share thresholds, as described in Subsection 400.13 of these rules, and the criteria of Subsections 405.06.b.ii. and 405.06.b.iii. of this rule are met, the payment adjustment will be the greater of the amounts calculated using the methods identified in Subsections 405.06.b.vi. through 405.06.b.x. of this rule. (3-17-22)

7. Hospitals qualifying for Mandatory DSH eligibility with Medicaid Inpatient Utilization Rates equal to or exceeding one (1) standard deviation and less than one and one-half (1 1/2) standard deviations above the mean of all Idaho hospitals will receive a DSH payment equal to two percent (2%) of the payments related to the Medicaid inpatient days included in the MUR computation. (3-17-22)

8. Hospitals qualifying for Mandatory DSH eligibility with Medicaid Inpatient Utilization Rates equal to or exceeding one and one-half (1 1/2) standard deviations and less than two (2) standard deviations of the mean of all Idaho hospitals will receive a DSH payment equal to four percent (4%) of the payments related to the Medicaid inpatient days included in the MUR computation. (3-17-22)

9. Hospitals qualifying for Mandatory DSH eligibility with Medicaid Inpatient Utilization Rates exceeding two (2) standard deviations of the mean of all Idaho hospitals will receive a DSH payment equal to six percent (6%) of the payments related to the Medicaid inpatient days included in the MUR computation. (3-17-22)

10. Hospitals qualifying for Mandatory DSH eligibility with Low Income Utilization Rates equal to or exceeding twenty-five percent (25%) will receive a DSH payment equal to four percent (4%) of the payments related to the Medicaid inpatient days included in the MUR computation. (3-17-22)

11. Hospitals qualifying for Mandatory DSH eligibility with Low Income Utilization Rates equal to, or exceeding, thirty percent (30%) will receive a DSH payment equal to six percent (6%) of the payments related to the Medicaid inpatient days included in the MUR computation. (3-17-22)

**b. Deemed Disproportionate Share Hospital (DSH).** All hospitals in Idaho that have inpatient utilization rates of at least one percent (1%) only in Idaho inpatient days, and meet the requirements unrelated to patient day utilization specified in Subsection 405.06.b. of this rule, will be designated a Deemed Disproportionate Share Hospital. The disproportionate share payment to a Deemed DSH hospital will be the greater of:

1. Five dollars ($5) per Idaho Medicaid inpatient day included in the hospital's MUR computation; or (3-17-22)

2. An amount per Medicaid inpatient day used in the hospital's MUR computation that equals the DSH allotment amount, less the Mandatory DSH payment amount, divided by the number of Medicaid inpatient days used in the MUR computation for all Idaho hospitals. (3-17-22)
c. Insufficient DSH Allotment Amounts. When the DSH allotment amount is insufficient to make the aggregate amount of DSH payments to each DSH hospital, payments to each hospital will be reduced by the percentage by which the DSH allotment amount was exceeded. (3-17-22)

d. DSH Payments Will Not Exceed Costs. A DSH payment will not exceed the costs incurred during the year of furnishing services to individuals who are either eligible for medical assistance under the State Plan or were uninsured for health care services provided during the year.

i. Payments made to a hospital for services provided to indigent patients by a state or a unit of local government within a state will not be considered a source of third party payment. (3-17-22)

ii. Claims of uninsured costs that increase the maximum amount that a hospital may receive as a DSH payment must be documented. (3-17-22)

e. DSH Will be Calculated on an Annual Basis. A change in a provider's allowable costs as a result of a reopening or appeal will not result in the recomputation of the provider's annual DSH payment. (3-17-22)

f. To the extent that audit findings demonstrate that DSH payments exceed the documented hospital specific cost limits, the Department will collect overpayments and redistribute DSH payments. (3-17-22)

i. If at any time during an audit the Department discovers evidence suggesting fraud or abuse by a provider, that evidence, in addition to the Department’s final audit report regarding that provider, will be referred to the Medicaid Fraud Unit of the Idaho Attorney General’s Office. (3-17-22)

ii. The Department will submit an independent certified audit to CMS for each completed Medicaid State plan rate year, consistent with 42 CFR Part 455, Subpart D, “Independent Certified Audit of State Disproportionate Share Hospital Payment Adjustments.” (3-17-22)

iii. Beginning with FFY 2011, if based on the audit of the DSH allotment distribution, the Department determines that there was an overpayment to a provider, the Department will immediately:

(1) Recover the overpayment from the provider; and (3-17-22)

(2) Redistribute the amount in overpayment to providers that had not exceeded the hospital-specific upper payment limit during the period in which the DSH payments were determined. The payments will be subject to hospital-specific upper payment limits. (3-17-22)

iv. Disproportionate share payments must not exceed the DSH state allotment, except as otherwise required by the Social Security Act. In no event is the Department obligated to use State Medicaid funds to pay more than the State Medicaid percentage of DSH payments due a provider. (3-17-22)

07. Out-of-State Hospitals.

a. Cost Settlements for Certain Out-of-State Hospitals. For service periods through June 30, 2021, hospitals not located in the state of Idaho will have a cost settlement computed with the state of Idaho if the following conditions are met:

i. Total inpatient and outpatient covered charges are more than fifty thousand dollars ($50,000) in the fiscal year; or (3-17-22)

ii. When less than fifty thousand dollars ($50,000) of covered charges are billed to the state by the provider, and a probable significant underpayment or overpayment is identifiable, and the amount makes it administratively economical and efficient for cost settlement to be requested by either the provider or the state, a cost settlement will be made between the hospital and the Department. (3-17-22)

b. Payment for Hospitals Without Cost Settlement. Those out-of-state hospitals not cost settling with
the state will have annually adjusted rates of payment no greater than seventy-five percent (75%) for inpatient covered charges and no greater than eighty percent (80%) of outpatient covered charges or, the Department's established fee schedule for certain outpatient services. These rates represent average inpatient and outpatient reimbursement rates paid to Idaho hospitals.

08. Audit Function. Under a common audit agreement, the Medicare Intermediary may perform any audit required for both Title XVIII and Medicaid purposes. The Department may elect to perform an audit even though the Medicare Intermediary does not choose to audit the facility.

09. Adequacy of Cost Information. Cost information as developed by the provider must be current, accurate, and in sufficient detail and in such form as needed to support payments made for services rendered to participants. This includes all ledgers, books, reports, records and original evidences of cost (purchase requisitions, purchase orders, vouchers, requisitions for materials, inventories, labor time cards, payrolls, bases for apportioning costs, etc.), which pertain to the determination of reasonable costs, leaving an audit trail capable of being audited. Financial and statistical records will be maintained in a consistent manner from one (1) settlement period to another.

10. Availability of Records of Hospital Providers. A participating hospital provider of services must make available to the Department in the state in which the facility is licensed, the provider's fiscal and other necessary records for the purpose of determining its ongoing record keeping capability and to ascertain information pertinent to the determination of the proper amount of program payments due the provider.

11. Interim Cost Settlements. The Department may initiate, or a hospital may request an interim cost settlement based on the Medicare cost report as submitted.

a. Cost Report Data. Interim settlement cost report data will be adjusted to reflect Medicaid payments and statistical summary reports sent to providers before the filing deadline.

b. Limit or Recovery of Payment. The Department may limit a recovery or payment of an interim settlement amount up to twenty-five percent (25%) of the total settlement amount when the cost report information is in dispute.

12. Notice of Program Reimbursement. Following receipt of the finalized Medicare cost report and the timely receipt of any other information requested by the Department to fairly cost settle with the provider, a certified letter with the return receipt requested will be sent to the provider that sets forth the amounts of underpayment or overpayment made to the provider. The notice of the results of the final retroactive adjustment will be sent even though the provider intends to request a hearing on the determination, or has appealed the Medicare Intermediary's determination of cost settlement. Where the determination shows that the provider is indebted to the Medicaid program because total interim and other payments exceed cost limits, the state will take the necessary action to recover overpayment, including the suspension of interim payments sixty (60) days after the provider's receipt of the notice. Such action of recovery or suspension will continue even after a request for an informal conference or hearing is filed with the state. If the hearing results in a revised determination, appropriate adjustments will be made to the settlement amount.

a. Timing of Notice. The Department will make every effort to issue a notice of program reimbursement within twelve (12) months of receipt of the cost report.

b. Reopening of Completed Settlements. A Medicaid completed cost settlement may be reopened by the provider or the state within a three (3) year period from the date of the letter of notice of program reimbursement. The issues must have been raised, appealed and resolved through the reopening of the cost report by the Medicare Intermediary. Issues previously addressed and resolved by the Department's appeal process are not cause for reopening of the finalized cost settlement.

13. Non Appealable Items. The formula for the determination of the hospital inflation index, the principles of reimbursement that define allowable cost, non-Medicaid program issues, interim rates that are in compliance with state and federal rules, and the preliminary adjustments prior to final cost settlement determinations as supported by properly completed cost reports and audits are not acceptable as appealable items.
14. **Interim Reimbursement Rates for Providers Subject to Cost Settlement.** The interim reimbursement rates must be reasonable and adequate to meet the necessary costs that are incurred by economically and efficiently operated providers that provide services in conformity with applicable state and federal laws, rules, and quality and safety standards. (3-17-22)

   a. **Annual Adjustments.** Interim rates will be adjusted at least annually based on the best information available to the Department. (3-17-22)

   b. **Retrospective Adjustments.** Interim rates will not be adjusted retrospectively upon request for rate review by the provider. (3-17-22)

   c. **Basis for Adjustments.** The Department may make an adjustment based on the Medicare cost report as submitted and accepted by the Intermediary after the provider's reporting year to bring interim payments made during the period into agreement with the tentative reimbursable amount due the provider at final settlement. If the settlement amount is equal to or greater than ten percent (10%) of the payments received or paid and equal to or greater than one hundred thousand dollars ($100,000), the interim rate will be adjusted to account for half (½) of the difference. (3-17-22)

   d. **Unadjusted Rate.** The Medicaid interim reimbursement rate on file is synonymous with the term unadjusted rate used by other payors. (3-17-22)

15. **Audits.** All financial reports are subject to audit by Departmental representatives in accordance with Section 305 of these rules. (3-17-22)

406. **INPATIENT HOSPITAL SERVICES: QUALITY ASSURANCE.**

   The designated QIO must prepare, distribute, and maintain a provider manual that is periodically updated. The manual must include the following: (3-17-22)

   01. **QIO Information.** The QIO's policies, criteria, standards, operating procedures, and forms for performing: preadmission monitoring, assessment reviews, continued stay requests, and requests for retroactive medical reviews. (3-17-22)

   02. **Department Provisions.** Department-selected diagnoses and elective procedures in which a hospital will request preauthorization of an admission, transfer, or continuing stay. (3-17-22)

   03. **Approval Timeframe.** A provision that the QIO will inform the hospital of a certification within five (5) days, or other time frame as determined by the Department, of an approved admission, transfer, or continuing stay. (3-17-22)

   04. **Method of Notice.** The method of notice to hospitals of QIO denials for specific admissions, transfers, continuing stays, or services rendered in post-payment reviews. (3-17-22)

   05. **Procedural Information.** The procedures that providers or participants will use to obtain reconsideration of a denial by the QIO prior to appeal to the Department. Such requests for reconsideration by the QIO must be made in writing to the QIO within one hundred eighty (180) days of the issuance of the “Notice of Non-Certification of Hospital Days.” (3-17-22)

407. -- 409. (RESERVED)

410. **OUTPATIENT HOSPITAL SERVICES: DEFINITIONS.**

   Outpatient hospital services include preventive, diagnostic, therapeutic, rehabilitative or palliative items, and services furnished by or under the direction of a physician or dentist, unless excluded by any other provisions of this chapter. (3-17-22)

411. (RESERVED)
412. **OUTPATIENT HOSPITAL SERVICES: COVERAGE AND LIMITATIONS.**

01. **Services Provided On-Site.** Outpatient hospital services must be provided on-site. (3-17-22)

02. **Exceptions and Limitations.**

   a. Payment for emergency room service is limited to six (6) visits per calendar year. (3-17-22)

   b. Emergency room services that are followed immediately by admission to inpatient status will be excluded from the six (6) visit limit. (3-17-22)

03. **Co-Payments.**

   a. When an emergency room physician conducts a medical screening and determines that an emergency condition does not exist, the hospital can require the participant to pay a co-payment as described in IDAPA 16.03.18, “Medicaid Cost-Sharing.” (3-17-22)

   b. A hospital may refuse to provide services to a participant when a medical screening has determined that an emergency condition does not exist and the participant does not make the required co-payment at the time of service. Under these circumstances, the hospital must provide notification to the participant as specified in Section 1916A(e) of the Social Security Act. (3-17-22)

413. **OUTPATIENT HOSPITAL SERVICES: PROCEDURAL REQUIREMENTS.**

01. **Review Prior to Delivery of Outpatient Services.** Failure to obtain a timely review from the Department or its quality improvement organization (QIO) prior to delivery of outpatient services, listed on the select procedure and diagnosis list in the QIO Idaho Medicaid Providers Manual and the Hospital Provider Handbook, as amended, for participants who are eligible at the time of service, will result in a retrospective review. d. Drugs in a drug class on the Medicaid PDL may require therapeutic prior authorization regardless of preferred or non-preferred designation.

(3-17-22)

03. Covered Drug Products. Idaho Medicaid provides coverage to Medicaid participants for the following drugs or classes of drugs, or their medical uses, which may be excluded from coverage or otherwise restricted under Section 1927(d)(2) of the Social Security Act:

(3-17-22)

a. Agents, when used to promote smoking cessation.

(3-17-22)

b. Prescription vitamins and mineral products. Covered agents include the following:

(3-17-22)

d. Barbiturates.

(3-17-22)

e. Benzodiazepines.

(3-17-22)

04. Additional Criteria for Coverage.

(3-17-22)

a. Medical necessity is the primary determinant of whether a therapeutic agent will be covered. The Department will cover generic drugs, and also brand drugs when medically necessary and when that necessity is adequately documented. If case-specific indications of medical necessity are present, the Department may also issue prior authorization for otherwise excluded drugs.

(3-17-22)

b. The Director of the Department of Health and Welfare, acting upon the recommendation of the Pharmacy and Therapeutics Committee, may determine that a non-prescription drug product is covered when the non-prescription product is found to be therapeutically interchangeable with prescription drugs in the same pharmacological class following evidence-based comparisons of efficacy, effectiveness, clinical outcomes, and safety, and the product is deemed by the Department to be a cost-effective alternative. Information regarding the Pharmacy and Therapeutics Committee and covered drug products is posted at [http://medicaidpharmacy.idaho.gov](http://medicaidpharmacy.idaho.gov).

(3-17-22)
05. Excluded Drug Products. Idaho Medicaid excludes from coverage the following drugs or classes of drugs, or their medical uses, which may be excluded from coverage or otherwise restricted under Section 1927(d)(2) of the Social Security Act:

a. Agents, when used to promote fertility.

b. Agents, when used for cosmetic purposes or hair growth.

c. Agents, when used for the symptomatic relief of cough and colds.

d. Covered outpatient drugs for which the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or its designee.

e. Agents, when used for the treatment of sexual or erectile dysfunction, unless such agents are used to treat a condition, other than sexual or erectile dysfunction, for which the agents have been approved by the Food and Drug Administration.

06. Additional Excluded Drugs. Drugs are also not covered when any of the following circumstances apply:

a. The participant’s practitioner has written an order for a prescription drug for which federal financial participation is not available.

b. The participant’s practitioner has written an order for a prescription drug that is deemed to be experimental or investigational, as defined in Subsection 390.03 of these rules. Investigational drugs are not a covered service under the Idaho Medicaid pharmacy program. The Department may consider Medicaid coverage on a case-by-case basis for life-threatening medical illnesses when no other treatment options are available. When approved for payment, reimbursement will be at actual acquisition cost, plus the assigned professional dispensing fee.

07. Limitation of Quantities. Medication refills provided before at least seventy-five percent (75%) of the estimated days' supply has been utilized are not covered, unless an increase in dosage is ordered. Days' supply is the number of days a medication is expected to last when used at the dosage prescribed for the participant. No more than a thirty-four (34) days' supply of continuously required medication is to be purchased in a calendar month as a result of a single prescription with the following exceptions:

a. Maintenance Medications. Pharmacy providers may be reimbursed for up to a three (3) month supply of select medications or classes of medications for a participant who has received the same dose of the same select medication or class of medications for two months or longer. The Director of the Department of Health and Welfare, acting upon the recommendation of the Pharmacy and Therapeutics Committee, approves the list of covered maintenance medications, which targets medications that are administered continuously rather than intermittently, are used most commonly to treat a chronic disease state, and have a low probability for dosage changes. The list of covered maintenance medications is available on the Medicaid Pharmacy website at http://medicaidpharmacy.idaho.gov.

b. Oral Contraceptive Products. Oral contraceptive products may be dispensed in a quantity sufficient for one (1), two (2), or three (3) cycles.

663. PRESCRIPTION DRUGS: PROCEDURAL REQUIREMENTS. In accordance with Section 1927(d)(1)(A) of the Social Security Act, the Idaho Medicaid Pharmacy Program may subject any covered outpatient drug to prior authorization.

01. Drugs Requiring Prior Authorization. No payment for drugs requiring prior authorization will be issued until the prior authorization request has been reviewed and approved by the Department.
02. **Prior Authorization Criteria.** Criteria for prior authorization for individual drugs and drug classes will be determined by the Department, and will include:

   a. Food and Drug Administration (FDA) indications and labeling, including dosage guidelines. (3-17-22)

   b. Compendia of drug information recognized by the Centers for Medicare and Medicaid Services (CMS), including:
      i. American Hospital Formulary Service-Drug Information; (3-17-22)
      ii. United States Pharmacopeia-Drug Information, or its successor publications; and (3-17-22)
      iii. The DrugDex Information System. (3-17-22)

   c. Evidence-based, peer-reviewed, published medical literature, including:
      i. Systematic reviews; (3-17-22)
      ii. Randomized controlled trials; and (3-17-22)
      iii. Meta-analysis studies. (3-17-22)

   d. Guidelines and case-controlled studies may be considered where systematic reviews, randomized controlled trials and meta-analysis studies do not exist. (3-17-22)

   e. The requested drug’s preferred drug status. (3-17-22)

03. **Request for Prior Authorization.**

   a. The prior authorization procedure is initiated by the prescriber who must submit the request to the Department in the format prescribed by the Department. (3-17-22)

   b. Whenever possible, the Department will use automated authorization, in which claims are adjudicated at point of sale using submitted National Council for Prescription Drug Programs (NCPDP) data elements or claims history to verify that the Department's authorization requirements have been satisfied, without the need for the prescriber to submit additional clinical information. (3-17-22)

04. **Notice of Decision.** The Department will determine coverage based on this request, and will notify the participant of a denial. The participant has twenty-eight (28) days from the date the denial letter is mailed to appeal the decision. Hearings will be conducted in accordance with IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings.” (3-17-22)

05. **Emergency Situation.** The Department will provide for the dispensing of at least a seventy-two (72) hour supply of a covered outpatient prescription drug in an emergency situation as required in 42 U.S.C. 1396r-8(d)(5)(B). (3-17-22)

06. **Response to Request.** The Department will respond within twenty-four (24) hours to a request for prior authorization of a covered outpatient prescription drug as required in 42 U.S.C. 1396r-8(d)(5)(A). (3-17-22)

07. **Prohibition Against Cash Payment for Controlled Substances.** Pharmacy providers are prohibited from accepting cash as payment for controlled substances from persons known to be Medicaid participants. (3-17-22)

08. **Supplemental Rebates.**

   a. Purpose. The purpose of supplemental rebates is to enable the Department to purchase prescription
drugs provided to Medicaid participants in a cost-effective manner. The supplemental rebate may be one factor considered in determining a drug’s preferred drug status, but it is secondary to considerations of the safety, effectiveness, and clinical outcomes of the drug in comparison with other therapeutically interchangeable alternative drugs. (3-17-22)

b. Rebate Amount. The Department may negotiate with manufacturers supplemental rebates for prescription drugs that are in addition to those required by Title XIX of the Social Security Act. There is no upper limit on the dollar amounts of the supplemental rebates the Department may negotiate. (3-17-22)

09. Comparative Costs to be Considered. Whenever possible, physicians and pharmacists are encouraged to utilize less expensive drugs and drug therapies. (3-17-22)

664. PRESCRIPTION DRUGS: PROVIDER QUALIFICATIONS AND DUTIES.

01. Payment for Covered Drugs. Payment will be made, as provided in Section 665 of these rules, only to pharmacies registered with the Department as a provider for the specific location where the service was performed. An out of the state pharmacy shipping or mailing a prescription into Idaho must have a valid mail order license issued by the Idaho Board of Pharmacy and be properly enrolled as a Medicaid provider. (3-17-22)

02. Dispensing Procedures. The following protocol must be followed for proper prescription filling. (3-17-22)

a. Prescription Drug Refills. Refills of prescription drugs must be authorized by the prescriber on the original or new prescription order on file and each refill must be recorded on the prescription or logbook, or computer print-out, or on the participant's medication profile. (3-17-22)

b. Automatic Refills.

i. Automatic refills are not allowed for Idaho Medicaid participants. A request specific to each medication is required. (3-17-22)

ii. All prescription refills must be initiated by a request from the participant, the prescriber, or another person, such as a family member, acting as an agent of the participant. (3-17-22)

iii. Authorization for each prescription refill must be received prior to the beginning of the filling process by the pharmacy. (3-17-22)

c. Dispensing Prescription Drugs. Prescriptions must be dispensed according to:

i. 21 CFR Section 1300, et seq.; (3-17-22)

ii. Title 54, Chapter 17, and Title 37, Chapters 1, 27, and 32, Idaho Code; (3-17-22)

iii. IDAPA 27.01.03, “Rules Governing Pharmacy Practice”; and (3-17-22)

iv. Sections 660 through 666 of these rules. (3-17-22)

d. Prescriptions on File. Prescriptions must be maintained on file in pharmacies in such a manner that they are available for immediate review by the Department upon written request. (3-17-22)

03. Return of Unused Prescription Drugs. When prescription drugs were dispensed in unit dose packaging, as defined by IDAPA 27.01.03, “Rules Governing Pharmacy Practice,” and the participant for whom the drugs were prescribed no longer uses them:

a. A licensed skilled nursing care facility may return unused drugs dispensed in unit dose packaging to the pharmacy provider that dispensed the medication. (3-17-22)
b. A residential or assisted living facility may return unused drugs dispensed in unit dose packaging to the pharmacy provider that dispensed the medication. (3-17-22)

04. Pharmacy Provider Receiving Unused Prescription Drugs. In order for a pharmacy provider to receive unused prescription drugs that it dispensed in unit dose packaging and that are being returned by a facility identified in Subsection 664.03 of this rule, the pharmacy provider:

a. Must comply with IDAPA 27.01.03, “Rules Governing Pharmacy Practice,” regarding unit dose packaging; (3-17-22)

b. Must credit the Department the amount billed for the cost of the drug less the professional dispensing fee; and (3-17-22)

c. May receive a fee for acceptance of returned unused prescription drugs. The value of the unused prescription drug being returned must be such that return of the drug is cost-effective as determined by the Department. (3-17-22)

665. PRESCRIPTION DRUGS: PROVIDER REIMBURSEMENT. With specific exceptions as set forth in Subsections 665.01 through 665.04 of this rule, Idaho Medicaid pharmacy providers are reimbursed based on actual acquisition costs. Idaho Medicaid may require providers to supply documentation of their acquisition costs as described in the Medicaid Pharmacy Claims Submission Manual available at: https://idaho.hsc.com/downloads/providers/IDRx_Pharmacy_Claims_Submission_Manual.pdf. Reimbursement is restricted to those drugs supplied from labelers that are participating in the CMS Medicaid Drug Rebate Program. (3-17-22)

01. Pharmacy Reimbursement. Prescriptions not filled in accordance with the provisions of Subsection 664.02 of these rules will be subject to nonpayment or recoupment. The following protocol must be followed for proper reimbursement.

a. Filing Claims. Pharmacies must file claims electronically with Department-approved software or by submitting the appropriate claim form to the fiscal contractor. Upon request, the contractor will provide pharmacies with a supply of claim forms. The form must include information described in the pharmacy guidelines issued by the Department. (3-17-22)

b. Billed Charges. A pharmacy’s billed charges are not to exceed the usual and customary charges defined as the lowest charge by the provider to the general public for the same service including advertised specials. (3-17-22)

c. Reimbursement. Reimbursement to pharmacies is limited to the lowest of the following: (3-17-22)

i. Actual Acquisition Cost (AAC) based on results of the periodic state cost survey as defined in this rule, plus the assigned professional dispensing fee. In cases where no AAC is available, reimbursement will be the Wholesale Acquisition Cost (WAC). WAC will mean the price, for a given calendar quarter, paid by a wholesaler for the drugs purchased from the wholesaler’s supplier. The wholesaler’s supplier is typically the manufacturer of the drug as published by a recognized compendium of drug pricing for the same calendar quarter; (3-17-22)

ii. State Maximum Allowable Cost (SMAC), as established by the Department, plus the assigned professional dispensing fee; (3-17-22)

iv. The provider’s usual and customary charge to the general public. (3-17-22)

d. Periodic State Cost Surveys. The Department will utilize periodic state cost surveys to obtain the most accurate pharmacy drug acquisition costs in establishing a pharmacy reimbursement fee schedule. Pharmacies
participating in the Idaho Medicaid Pharmacy Program are required to participate in these periodic state cost surveys by disclosing the costs of all drugs. A pharmacy that is non-responsive to the periodic state cost surveys can be disenrolled as a Medicaid provider by the Department.

(3-17-22)

e.  Physician Administered Drugs.

(3-17-22)

i.  Reimbursement to providers that are not 340B covered entities for medications administered to Medicaid participants by physicians or other qualified and licensed providers will be ninety percent (90%) of the published Medicare Average Sales Price plus six percent (6%) rate (ASP+6% rate). If the ASP+6% rate is not available, payment will be at the Wholesale Acquisition Cost (WAC).

(3-17-22)

g.  Professional Dispensing Fee. The professional dispensing fees will be paid based on the provider’s total annual claims volume. The provider must return the claims volume survey to the Department no later than May 31st each year. Pharmacy providers who do not complete the annual claims volume survey will be assigned the lowest professional dispensing fee starting on July 1st until the next annual survey is completed. A 340B covered entity must ensure that a contract pharmacy does not dispense drugs, or receive Medicaid reimbursement for drugs, acquired by the 340B covered entity through the 340B drug pricing program. An entity that does not use 340B covered outpatient drugs for all dispensed or administered drugs, including those dispensed through the 340B covered entity’s retail pharmacy or administered in an outpatient clinic, will be deemed to be carved out of the 340B drug pricing program and will be reimbursed for brand name and generic drugs as provided in Subsection 665.01 of this rule. SUB AREA: BEHAVIORAL HEALTH SERVICES
(Sections 700-719)

700. INPATIENT BEHAVIORAL HEALTH SERVICES: DEFINITIONS.

01. Freestanding Psychiatric Hospital. A hospital, nursing facility, or other institution of sixteen (16) beds or less that is primarily engaged in the diagnosis and treatment of mental diseases. The hospital is not considered freestanding if it shares a building or campus with another hospital, or is owned by another hospital.

02. Hospital Psychiatric Unit. The psychiatric unit of a general hospital that furnishes inpatient care and treatment services for mental illness under a psychiatrist or other physician qualified to treat mental diseases.

03. Institutions for Mental Disease (IMD). A hospital, nursing facility or other institution of seventeen (17) beds or more that is primarily engaged in providing diagnosis, treatment, or care of persons with mental diseases, including medical attention, nursing care, and related services. A specific licensure is not necessary to meet this definition. This definition does not apply to ICF/IIDs.

04. Substance Use Disorder. A substance use disorder is evidenced by a cluster of cognitive, behavioral, and physiological symptoms indicating that the individual continues using a substance despite significant substance-related problems. A diagnosis of a substance use disorder is based on a pathological pattern of behaviors related to use of the substance and the current DSM.

701. INPATIENT BEHAVIORAL HEALTH SERVICES: PARTICIPANT ELIGIBILITY.

01. Inpatient Psychiatric Hospital Services. Participants are eligible who have a diagnosis from the
current DSM with substantial impairment in thought, mood, perception, or behavior. A court-ordered admission or physician’s emergency certificate alone does not justify Medicaid reimbursement for these services. Medical necessity must be demonstrated for admission or extended stay by meeting the severity of illness and intensity of service criteria as found in Subsections 701.03 and 701.04 of this rule. Services may be provided in:

a. A freestanding psychiatric hospital;

b. A hospital psychiatric unit; and

c. Subject to federal approval, an institution for mental diseases.

02. Inpatient Substance Use Disorder Services. Participants are eligible when medical necessity is demonstrated by meeting the severity of illness and intensity of service criteria as found in Subsections 701.03 and 701.04 of this rule. A court-ordered admission or physician’s emergency certificate alone does not justify Medicaid reimbursement for these services.

03. Severity of Illness Criteria. Both severity of illness and intensity of services criteria must be met for admission to an IMD or psychiatric unit of a general hospital.

a. Severity of illness criteria. The participant must meet one (1) of the following criteria related to the severity of their psychiatric illness:

i. Is currently dangerous to self as indicated by at least one (1) of the following:

(1) Has actually made an attempt to take their own life in the last seventy-two (72) hours (details of the attempt must be documented); or

(2) Has demonstrated self-mutilative behavior within the past seventy-two (72) hours (details of the behavior must be documented); or

(3) Has a clear plan to seriously harm himself, overt suicidal intent, and lethal means available to follow the plan (this information can be from the participant or a reliable source and details of the participant’s plan must be documented); or

(4) The participant has a current plan, specific intent, or recurrent thoughts to seriously harm himself or others, and is at significant risk of making an attempt without immediate intervention; or

ii. Participant is actively violent or aggressive and exhibits homicidal ideation or other symptoms that indicate they are a probable danger to others as indicated by one (1) of the following:

(1) The participant has engaged in, or threatened, behavior harmful or potentially harmful to others or caused serious damage to property that would pose a serious threat of injury or harm to others within the last twenty-four (24) hours (description of the behavior and extent of injury or damage must be documented, as well as the time the behavior occurred relative to the present); or

(2) The participant has made threats to kill or seriously injure others or to cause serious damage to property that would pose a threat of injury or harm to others and has effective means to carry out the threats (details of threats must be documented); or

(3) A mental health professional has information from the participant or a reliable source that the participant has a current plan, specific intent, or recurrent thoughts to seriously harm others or property and is at significant risk of making the attempt without immediate intervention (details must be documented); or

iii. Participant is gravely impaired as indicated by at least one (1) of the following criteria:

(1) The participant has such limited functioning that their physical safety and well being are in jeopardy due to their inability for basic self-care, judgment, and decision making (details of the functional limitations
must be documented); or

(2) The acute onset of psychosis or severe thought disorganization or clinical deterioration has rendered the participant unmanageable and unable to cooperate in non-hospital treatment (details of the participant's behaviors must be documented); or

(3) There is a need for treatment, evaluation, or complex diagnostic testing where the participant's level of functioning or communication precludes assessment or treatment, or both, in a non-hospital based setting, and may require close supervision of medication or behavior or both.

(4) The participant is undergoing severe or medically complicated withdrawal from alcohol, opioids, stimulants, or sedatives.

04. Intensity of Service Criteria. The participant must meet all of the following criteria related to the intensity of services needed for treatment.

a. Documentation that ambulatory care resources available in the community do not meet the treatment needs of the participant; and

b. The services provided can reasonably be expected to improve the participant's condition or prevent further regression so that inpatient services will no longer be needed; and

c. Treatment of the participant's condition requires services on an inpatient basis, including twenty-four (24) hour nursing observation.

d. Exceptions. The requirement to meet intensity of service criteria may be waived for first-time admissions if severity of illness is met and the physician is unable to make a diagnosis or treatment decision while the participant is in their current living situation. The waiver of the intensity of services requirement can be for no longer than forty-eight (48) hours and is not waivable for repeat hospitalizations.

05. Exclusions. If a participant meets one (1) or more of the following criteria, Medicaid reimbursement will be denied:

a. The participant is unable to actively participate in an outpatient treatment program solely because of a major medical condition, surgical illness or injury; or

b. The participant has a primary diagnosis of being intellectually disabled and the primary treatment need is related to the intellectual disability.

702. INPATIENT BEHAVIORAL HEALTH SERVICES: COVERAGE AND LIMITATIONS.

01. Initial Length of Stay. An initial length of stay, or a prior authorization requirement, will be established by the Department, or its designee, in the Idaho Medicaid Provider Handbook. Requirements for establishing length of stay will never be more restrictive than requirements for non-behavioral health services in a general hospital.

02. Extended Stay. The Department, or its designee, will establish authorization requirements in the Idaho Medicaid Provider Handbook. An authorization is necessary when the appropriate care of the participant indicates the need for inpatient days in excess of the initial length of stay or previously approved extended stay.

703. INPATIENT BEHAVIORAL HEALTH SERVICES: PROCEDURAL REQUIREMENTS.

01. Prior Authorization. Some services may require a prior authorization from the Department, or its designee. The Department will set documentation requirements in the Idaho Medicaid Provider Handbook to ensure quality of care and integrity of services. Requests for prior authorization must include:
02. Individual Plan of Care – Content. The individual plan of care is a written plan developed for the participant upon admission. The objective of the plan is to improve their condition to the extent that acute psychiatric care is no longer necessary. It must be developed by an interdisciplinary team as defined in Subsection 703.03 of this rule. The plan of care must be implemented within seventy-two (72) hours of admission, and reviewed at least every three (3) days. The individual plan of care must contain:

a. A diagnostic evaluation that includes examination of the medical, behavioral, and developmental aspects of the participant's situation and reflects the medical necessity for in-patient care; and

b. Treatment objectives related to conditions that necessitated the admission; and

c. An integrated program of therapies, treatments (including medications), activities (including special procedures to assure the health and safety of the participant), and experiences designed to meet the objectives; and

d. A discharge plan designed to achieve the participant’s discharge at the earliest possible time that includes plans for coordination of community services to ensure continuity of care with the participant’s family, school, and community upon discharge.

03. Individual Plan of Care – Interdisciplinary Team. The individual plan of care must be developed by an interdisciplinary team capable of assessing the participant's immediate and long range therapeutic needs, developmental priorities and personal strengths and liabilities, assessing the potential resources of the participant's family, setting the treatment objectives, and prescribing therapeutic modalities to achieve the plan's objectives. The team must include at a minimum:

a. One (1) of the following:
   i. A board-certified psychiatrist; or
   ii. A licensed psychologist and a physician licensed to practice medicine or osteopathy; or
   iii. A physician licensed to practice medicine or osteopathy with specialized training and experience in the diagnosis and treatment of mental disease and a licensed clinical professional counselor; and

b. One (1) of the following:
   i. A licensed, clinical or master’s social worker; or
   ii. A registered nurse with specialized training or one (1) year’s experience in treating individuals with behavioral health needs; or
   iii. A licensed occupational therapist who has had specialized training or one (1) year of experience in treating individuals with behavioral health needs,

c. The participant and their parents, legal guardians, or others into whose care they will be released after discharge.
704. INPATIENT BEHAVIORAL HEALTH SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

01. Provider Qualifications. Inpatient hospital psychiatric services must be provided under the direction of a physician in a facility accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and licensed by the state of Idaho or the state in which they provide services. To provide services beyond emergency medical screening and stabilization treatment, the hospital must have a separate psychiatric unit with staff qualified to provide psychiatric services. General hospitals licensed to provide services in their state, but are not JCAHO certified, may not bill for psychiatric services beyond emergency screening and stabilization. (3-17-22)

02. Record Keeping. A written report of each evaluation and the plan of care must be entered into the participant's record at the time of admission or if the participant is already in the facility, immediately upon completion of the evaluation or plan. (3-17-22)

03. Utilization Review (UR). The facility must have in effect a written utilization review plan that provides for review of each participant's need for the services that the hospital furnishes them. The UR plan must meet the requirements under 42 CFR 456.201 through 456.245. (3-17-22)

705. INPATIENT BEHAVIORAL HEALTH SERVICES: PROVIDER REIMBURSEMENT.
Failure to request a prior authorization, concurrent review, or continued stay review in a timely manner will result in a retrospective review being conducted by the Department. If the retrospective review determines the stay is medically necessary, the Department will assess a penalty to the hospital as specified in Subsection 705.02 of this rule. The admitting physician will be assessed a penalty for failure to request a prior authorization, concurrent review, or continued stay review in a timely manner as specified in Subsection 705.03 of this rule. A physician who provides hospital care but has no control over the admission, continued stay, or discharge of the participant is not subject to this penalty. (3-17-22)

01. Payment. Reimbursement for the participant's admission and length of stay is subject to prior authorization, concurrent review, continued stay review, or retrospective review by the Department. The hospital and the participant's physician are responsible for obtaining the required review. If such review identifies that an admission or continued stay is not medically necessary, then no Medicaid payment will be made. (3-17-22)

a. In reimbursing for inpatient hospital psychiatric services the Department will pay the lesser of customary charges or the established Medicaid semi-private rates for inpatient hospital care in accordance with the rules set forth in IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits.” (3-17-22)

b. The cost of services that would be the responsibility of the Department of Education for school age children cannot be considered in the cost of inpatient psychiatric hospital services. (3-17-22)

02. Hospital Penalty Schedule. Failure to request a prior authorization, concurrent review, or continued stay review from the Department in a timely manner will result in the hospital being assessed a penalty as follows. The penalty will be assessed after payment for hospital services for a medically necessary hospital admission. (3-17-22)

a. A request for a preadmission or continued stay review that is one (1) day late will result in a penalty of two hundred sixty dollars ($260). (3-17-22)

b. A request for a preadmission or continued stay review that is two (2) days late will result in a penalty of five hundred twenty dollars ($520). (3-17-22)

c. A request for a preadmission or continued stay review that is three (3) days late will result in a penalty of seven hundred eighty dollars ($780). (3-17-22)

d. A request for a preadmission or continued stay review that is four days (4) late will result in a penalty of one thousand forty dollars ($1,040). (3-17-22)
03. Physician Penalty Schedule. Failure to request a preadmission review from the Department in a timely manner will result in the admitting physician being assessed a penalty as follows. The penalty will not be assessed against a physician who provides hospital care but has no control over the admission, continued stay, or discharge of the participant. The penalty will be assessed after payment for physician services for a medically necessary hospital admission:

a. A request for a preadmission review that is one (1) day late will result in a penalty of fifty dollars ($50). (3-17-22)

b. A request for a preadmission review that is two (2) days late will result in a penalty of one hundred dollars ($100). (3-17-22)

c. A request for a preadmission review that is three (3) days late will result in a penalty of one hundred fifty dollars ($150). (3-17-22)

d. A request for a preadmission review that is four (4) days late will result in a penalty of two hundred dollars ($200). (3-17-22)

e. A request for a preadmission review that is five (5) or more days late will result in a penalty of two hundred fifty dollars ($250). (3-17-22)
700. *Prior Authorization.* Some behavioral health services may require prior authorization from the IBHP contractor.

711. **OUTPATIENT BEHAVIORAL HEALTH SERVICES: PROCEDURAL REQUIREMENTS.** Providers must enroll in the IBHP with the contractor and meet both the credentialing and quality assurance guidelines of the contractor.

01. **Administer IBHP.** The contractor is responsible for administering the IBHP, including: eligibility verification, management of behavioral health service provision, behavioral health claims processing, payments to providers, data reporting, utilization management, and customer service.

If the FQHC is new and historical cost information is not available, the Department sets the interim encounter rate using budgeted cost and encounter information submitted by the provider. 836. FEDERALLY QUALIFIED HEALTH CENTER (FQHC) SERVICES: RATE SETTING METHODOLOGY.

01. Prospective Payment System.

a. For rate periods beginning on January 1, 2001, the Department will establish separate, finalized rates for medical/mental encounters and for dental encounters. The Department will prospectively set these finalized encounter rates using the FQHC’s medical/mental and dental encounter costs.

b. Beginning in federal fiscal year 2002, and for each federal fiscal year thereafter, the Department will pay each FQHC an encounter rate equal to the amount paid in the previous federal fiscal year. For the period starting with federal fiscal year 2002 and thereafter, the Department will adjust the encounter rate for inflation using the Medicaid Economic Index (MEI), as published by CMS. For both medical/mental encounters and dental encounters, FQHCs are paid on a per encounter basis, with the limitations and exceptions described under Subsection 835.02 of these rules.

c. If an out-of-state FQHC becomes an Idaho Medicaid provider and provides less than one hundred (100) Idaho Medicaid encounters or receives less than ten thousand dollars ($10,000) in Idaho Medicaid payments in the first year after entering the program, the Department will deem the FQHC a low utilization provider. The finalized encounter rate for low utilization providers will be the same as the interim encounter rate as defined in Subsection 836.02.a. of this rule. If there is an increase in either the number of encounters or in the amount of payments over any twelve (12) month Medicare cost report period, the Department reserves the right to audit a low utilization provider’s Medicare cost report in order to set a new interim encounter rate as defined in Subsection 836.02.a. of this rule.

02. FQHCs That Become Idaho Medicaid Providers.

a. If the FQHC is new and encounter rate information for other FQHCs in the same or adjacent regional areas with similar caseloads is not available, the Department will set the interim encounter rate using historical cost information. If historical cost information is not available, the Department will use budgeted cost and encounter information submitted by the provider. If the FQHC is not able to provide its financial budget information, the Department will set the interim encounter rate by referring to encounter rates paid to other FQHCs in the same or adjacent regional areas with similar caseloads. Regional areas are defined by the Department.

b. If the FQHC has been designated as an FQHC for at least twenty-four (24) consecutive months and provides the historical cost and encounter information for this period to the Department, the Department will use the second full twelve (12) month audited Medicare cost report to calculate a finalized encounter rate. The Department will provide the FQHCs a supplemental information worksheet to complete. This worksheet will be used by the Department to identify dental encounters and other incidental costs related to either medical/mental or dental FQHC encounters.

c. For both new and existing FQHCs that become Idaho Medicaid providers, the Department will audit the Medicare cost report for the twenty-four (24) consecutive months that represent two (2) complete fiscal years after the FQHC has become a Medicaid provider. The Department will also audit the Medicare cost report for any partial year prior to the twenty-four (24) consecutive months.

d. For both new and existing FQHCs that become Idaho Medicaid providers, the Department will adjust the finalized encounter rate annually for inflation in accordance with Subsection 836.01.b. of this rule.

e. The Department will adjust the claim payments for all FQHC claims paid at the interim encounter
rate(s). These adjustments will reflect the payment at the finalized encounter rate(s). The Department will pay the FQHC for any total adjustment amount over what was reimbursed. The FQHC must pay the Department for any total adjustment amount that is under what was reimbursed. (3-17-22)

03. Change in an FQHC Encounter Rate Due to a Change in the FQHC’s Scope of Services. (3-17-22)

a. After an FQHC obtains approval for a change in scope of service from the federal Human Resources and Services Administration (HRSA), Bureau of Primary Healthcare, the FQHC must request the Department to review the encounter rate(s) for the FQHC. The review will include reviewing the addition of a new service(s), deletion of an existing service(s), or other changes in the intensity of services offered by an FQHC that could change an FQHC’s total cost per encounter. The FQHC must request the Department to review the encounter rate(s) within sixty (60) days after the FQHC has gained approval from the HRSA Bureau of Primary Health Care for a change in scope of service. The Department requires the same supporting documentation required by the HRSA Bureau of Primary Health Care. (3-17-22)

b. When an FQHC does not have to file a change in scope of service with the HRSA Bureau of Primary Health Care, but plans an increase or decrease in the intensity of services to be offered that will result in a change the FQHC’s scope of services, the FQHC must request the Department to review the request for a change in intensity and determine if there will be an increase or decrease in the encounter rate(s) for the FQHC. The Department will review the request for a change in intensity within 60 (sixty) days of the planned change in intensity of services. (3-17-22)

c. The Department reserves the right to audit the Medicare cost report and recalculate the encounter rates when the FQHC has reported a change in scope of service. (3-17-22)

d. The Department will determine the encounter rate in accordance with Subsection 836.02 of this rule when the FQHC has reported a change in scope of service. The Department will audit and cost settle the most recent twenty-four (24) consecutive months of Medicare cost reports following any change(s) in an FQHC’s scope of service. The Department will also audit the Medicare cost report for any partial year prior to the twenty-four (24) consecutive months. The finalized encounter rate(s) for both medical/mental and dental encounters will be recalculated and audited using the Medicare cost report for the second full twelve (12) month period. (3-17-22)

04. Annual Filing Requirements. Each provider is required to file a copy of its Medicare cost report on an annual basis. Department deadlines are the same as those imposed by Medicare. (3-17-22)

05. Quarterly Supplemental Payments. In the case of any FQHC that contracts with a managed care organization, the Department will make quarterly supplemental payments to the FQHC for the difference between the payment amounts paid by the managed care organization and the amount to which the FQHC is entitled under the prospective payment system for Medicaid participants. (3-17-22)

856. **SCHOOL-BASED SERVICE: PROVIDER REIMBURSEMENT.**

Payment for health-related services provided by school districts and charter schools must be in accordance with rates established by the Department.  

01. **Payment in Full.** Providers of services must accept as payment in full the school district or charter school payment for such services and must not bill Medicaid or Medicaid participants for any portion of any charges.  

02. **Third Party.** For requirements regarding third party billing, see Section 215 of these rules.  

03. **Recoupment of Federal Share.** Failure to provide services for which reimbursement has been received or to comply with these rules will be cause for recoupment of the Federal share of payments for services, sanctions, or both.  

04. **Matching Funds.** Federal funds cannot be used as the State's portion of match for Medicaid service reimbursement. School districts and charter schools must, for their own internal record keeping, calculate and document the non-federal funds (maintenance of effort assurance) that have been designated as their certified match. This documentation needs to include the source of all funds that have been submitted to the State and the original source of those dollars. The appropriate matching funds will be handled in the following manner:  

a. Schools will estimate the amount needed to meet match requirements based on their anticipated monthly billings.  

b. School districts and charter schools will send the Department the matching funds, either by check or automated clearing house (ACH) electronic funds transfers.

e. Matching fund payments must be received and posted in advance of the weekly Medicaid payment cycle.  

f. If sufficient matching funds are not received in advance, all Medicaid payments to the school district will be suspended and the school district will be notified of the shortage. Once sufficient matching funds are received, suspended payments will be processed and reimbursement will be made during the next payment cycle.  

g. The Department will provide the school districts a monthly statement that will show the matching amounts received, interest earned, total claims paid, the matching funds used for the paid claims, and the balance of their funds in the trust account.  

h. The school districts will estimate the amount of their next billing and the amount of matching funds needed to pay the Department.  

i. The estimated match requirement may be adjusted up or down based on the remaining balance held in the trust account.  

857. **SCHOOL-BASED SERVICE: QUALITY ASSURANCE AND IMPROVEMENT.**

The provider will grant the Department immediate access to all information required to review compliance with these rules.  

01. **Quality Assurance.** Quality Assurance consists of reviews to assure compliance with the
Department’s rules and regulations. If problems are identified during the review, the provider must implement a corrective action plan within forty-five (45) days after the results are received. The Department will work with the school to answer questions and provide clear direction regarding the corrective action plan. (3-17-22)

02. Quality Improvement. The Department may gather and utilize information from providers to evaluate student satisfaction, outcomes monitoring, quality assurance, quality improvement activities, and health and safety. These findings may lead to quality improvement activities to improve provider processes and outcomes for the students. (3-17-22)

858. -- 859. (RESERVED)

SUB AREA: MEDICAL TRANSPORTATION SERVICES
(Sections 860-879)

860. (RESERVED)

861. EMERGENCY TRANSPORTATION SERVICES: PARTICIPANT ELIGIBILITY.
Ambulance services are medically necessary when an emergency condition exists. For purposes of reimbursement, an emergency condition exists when a participant manifests acute symptoms or signs, or both, which, by reasonable medical judgment of the Department, represent a condition of sufficient severity such that the absence of immediate medical attention could reasonably be expected to result in death, serious impairment of a bodily function or major organ, or serious jeopardy to the overall health of the participant. If such condition exists, and treatment is required at the participant's location, or transport of the participant for treatment in another location by ambulance is the only appropriate mode of travel, the Department will review such claims and consider authorization for emergency ambulance services. (3-17-22)

862. EMERGENCY TRANSPORTATION SERVICES: COVERAGE AND LIMITATIONS.

01. Prior Authorization. Medically necessary ambulance services are reimbursable in emergency situations or when prior authorization has been obtained from the Department. (3-17-22)

02. Local Transport Only. Only local transportation by ambulance is covered. In exceptional situations where the ambulance transportation originates beyond the locality to which the participant was transported, payment may be made for such services only if the evidence clearly establishes that such institution is the nearest one with appropriate facilities and the service is authorized by the Department. (3-17-22)

03. Air Ambulance Service. In some areas, transportation by airplane or helicopter may qualify as ambulance services. Air ambulance services are covered only when:

a. The point of pickup is inaccessible by land vehicle; or
b. Great distances or other obstacles are involved in getting the participant to the nearest appropriate facility and speedy admission is essential; and
c. Air ambulance service will be covered where the participant's condition and other circumstances necessitate the use of this type of transportation; however, where land ambulance service will suffice, payment will be based on the amount payable for land ambulance, or the lowest cost.

04. Co-Payments. When the Department determines that the participant did not require emergency transportation, the provider can bill the participant for the co-payment amount as described in IDAPA 16.03.18, “Medicaid Cost-Sharing.” (3-17-22)

863. EMERGENCY TRANSPORTATION SERVICES: PROCEDURAL REQUIREMENTS.

01. Services Subject to Review. Ambulance services are subject to review by the Department prior to the service being rendered, and on a retrospective basis. (3-17-22)
02. **Non-Emergency Transport Prior Authorization Required.** If an emergency does not exist, prior written authorization to transport by ambulance must be secured from the Department. (3-17-22)

03. **Air Ambulance.** Air ambulance services must be approved in advance by the Department, except in emergency situations. Emergency air ambulance services will be authorized by the Department on a retrospective basis. (3-17-22)

864. **EMERGENCY TRANSPORTATION SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.**

01. **Medically Necessary.** For purposes of reimbursement, in non-emergency situations, the provider must provide justification to the Department that travel by ambulance is medically necessary due to the medical condition of the participant, and that any other mode of travel would, by reasonable medical judgment of the Department, result in death, serious impairment of a bodily function or major organ, or serious jeopardy to the overall health of the participant. (3-17-22)

02. **Licensure Required.** All Emergency Medical Services (EMS) Providers that provide services to Medicaid participants in Idaho must hold a current license issued by the Emergency Medical Services Bureau of the Department in accordance with IDAPA 16.01.03, "Emergency Medical Services (EMS) Agency Licensing Requirements," and IDAPA 16.01.07, "Emergency Medical Services (EMS) Personnel Licensing Requirements." Ambulances based outside the state of Idaho must hold a current license issued by their states' EMS licensing authority when the transport is initiated outside the state of Idaho. Payment will not be made to ambulances that do not hold a current license. (3-17-22)

03. **Usual Charges.** Ambulance services providers cannot charge Medicaid participants more than is charged to the general public for the same service. (3-17-22)

04. **Air Ambulance.** The operator of the air service must bill the air ambulance service rather than the hospital or other facility receiving the participant. (3-17-22)

865. **EMERGENCY TRANSPORTATION SERVICES: PROVIDER REIMBURSEMENT.**

01. **Scope of Coverage and General Requirements for Ambulance Services.** Ambulance service review is governed by provisions of the Transportation Policies and Procedures Manual as amended. If such review identifies that an ambulance service is not covered, then no Medicaid payment will be made for the ambulance service. Reimbursement for ambulance services originally denied by the Department will be made if such decision is reversed by the appeals process required in IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings.” Payment for ambulance services is subject to the following limitations: (3-17-22)

02. **Ambulance Reimbursement.**

a. The base rate for ambulance services includes customary patient care equipment and items such as stretchers, clean linens, reusable devices and equipment. The base rate also includes nonreusable items, and disposable supplies such as oxygen, triangular bandages and dressings that may be required for the care of the participant during transport. In addition to the base rate, the Department will reimburse mileage. (3-17-22)

b. Charges for extra attendants are not covered except for justified situations and must be authorized by the Department. (3-17-22)

c. If a physician is in attendance during transport, they are responsible for the billing of their services. (3-17-22)

d. Reimbursement for waiting time will not be considered unless documentation submitted to the Department identifies the length of the waiting time and establishes its medical necessity or indicates that it was physician ordered. Limited waiting time will be allowed for round trips. (3-17-22)

e. Ambulance units are licensed by the EMS Bureau of the Department, or other states' EMS licensing authority according to the level of training and expertise its personnel maintain. At least this level of personnel is
required to be in the patient compartment of the vehicle for every ambulance trip. The Department will reimburse a base rate according to the following:

i. The level of personnel required to be in the patient compartment of the ambulance; (3-17-22)

ii. The level of ambulance license the unit has been issued; and (3-17-22)

iii. The level of life support authorized by the Department. (3-17-22)

f. Units with Emergency Medical Technician - Basic (EMT-B) or equivalent personnel in the patient compartment of the vehicle will be reimbursed up to the Basic Life Support (BLS) rate. Units with Advanced Emergency Medical Technician-Ambulance (AEMT-A) or equivalent personnel in the patient compartment of the vehicle will be reimbursed up to the Advanced Life Support, Level I (ALSI) rate. Units with Emergency Medical Technician - Paramedic (EMT-P) or equivalent personnel in the patient compartment of the vehicle will be reimbursed up to the Advanced Life Support, Level II (ALSII) rate. When a participant's condition requires hospital-to-hospital transport with ongoing care that must be furnished by one (1) or more health care professionals in an appropriate specialty area, including emergency or critical care nursing, emergency medicine, or a paramedic with additional training, Specialty Care Transport (SCT) may be authorized by the Department. (3-17-22)

g. If multiple licensed EMS providers are involved in the transport of a participant, only the ambulance provider who actually transports the participant will be reimbursed for the services. (3-17-22)

i. In situations where personnel and equipment from a licensed ALSII provider boards an ALSI or BLS ambulance, the transporting ambulance may bill for ALSII services as authorized by the Department. (3-17-22)

ii. In situations where personnel and equipment from a licensed ALSI provider boards an ALSII or BLS ambulance, the transporting ambulance may bill for ALSII services as authorized by the Department. (3-17-22)

iii. In situations where medical personnel and equipment from a medical facility are present during the transport of the participant, the transporting ambulance may bill at the ALSI or ALSII level of service. The transporting provider must arrange to pay the other provider for their services. The only exception to the preceding policy is in situations where medical personnel employed by a licensed air ambulance provider boards an ALSI, ALSII, or BLS ground ambulance at some point, and the air ambulance medical personnel also accompany and treat the participant during the air ambulance trip. In this situation, the air ambulance provider may bill the appropriate base rate for the air ambulance trip, and may also bill the charges associated with their medical personnel and equipment as authorized by the Department. (3-17-22)

iv. The ground ambulance provider may also bill for their part of the trip as authorized by the Department. (3-17-22)

h. If multiple licensed EMS providers transport a participant for different legs of a trip, each provider must bill their base rate and mileage, as authorized by the Department. (3-17-22)

i. If a licensed transporting EMS provider responds to an emergency situation and treats the participant, but does not transport the participant, the Department may reimburse for the treat and release service. The Department will reimburse the appropriate base rate. This service requires authorization from the Department, usually on a retrospective basis. (3-17-22)

j. If an ambulance vehicle and crew have returned to a base station after having transported a participant to a facility and the participant's physician orders the participant to be transferred from this facility to another facility because of medical need, two (2) base rate charges, in addition to the mileage, will be considered for reimbursement. If an ambulance vehicle and crew do not return to a base station and the patient is transferred from one (1) facility to another facility, charges for only one (1) base rate, waiting time, and mileage will be considered. (3-17-22)

k. Round trip charges will be allowed only in circumstances when a facility in-patient is transported to another facility to obtain specialized services not available in the facility in which the participant is an in-patient. The
transport must be to and from a facility that is the nearest one with the specialized services. (3-17-22)

1. If a licensed transporting EMS provider responds to a participant's location and upon examination and evaluation of the participant, finds that their condition is such that no treatment or transport is necessary, the Department will pay for the response and evaluation service. This service requires authorization by the Department, usually on a retrospective basis. No payment will be made if the EMS provider responds and no evaluation is done, or the participant has left the scene. No payment will be made to an EMS provider who is licensed as a non-transporting provider. (3-17-22)

08. **Permanently Institutionalized.** An institutionalized participant of any age who the Department has determined cannot reasonably be expected to be discharged from the institution and return home. Discharge refers to a medical decision made by a competent medical professional that the participant is physically able to leave the institution and return to live at home. (3-17-22)

09. **Personal Property.** Any property not real property, including cash, jewelry, household goods, tools, life insurance policies, boats and wheeled vehicles. (3-17-22)

10. **Real Property.** Any land, including buildings or immovable objects attached permanently to the land. (3-17-22)

11. **Residing in the Home on a Continuous Basis.** Occupying the home as the primary dwelling and continuing to occupy such dwelling as the primary residence. (3-17-22)

12. **Termination of a Lien.** The release or dissolution of a lien from property. (3-17-22)

13. **Undue Hardship.** Conditions that justify waiver of all or a part of the Department's claim against an estate, described in Subsections 905.06 through 905.10 of these rules. (3-17-22)

14. **Undue Hardship Waiver.** A decision made by the Department to relinquish, limit, or defer its claim to any or all estate assets of a deceased participant based on good cause. (3-17-22)

902. **LIENS AND ESTATE RECOVERY - NOTIFICATION TO DEPARTMENT.**

All notification regarding liens, estate claims, and requests for notice must be directed to the Department of Health and Welfare, Estate Recovery Unit, 450 W. State Street, 6th Floor, Boise, Idaho 83702. (3-17-22)

903. **LIENS AND ESTATE RECOVERY: LIEN DURING LIFETIME OF PARTICIPANT.**

01. **Lien Imposed During Lifetime of Participant.** During the lifetime of the permanently institutionalized participant, and subject to the restrictions set forth in Subsection 903.04 of this rule, the Department may impose a lien against the real property of the participant for medical assistance correctly paid on their behalf. The lien must be filed within ninety (90) days of the Department's final determination, after notice and opportunity for a hearing, that the participant is permanently institutionalized. The lien is effective from the beginning of the most recent continuous period of the participant's institutionalization, but not before July 1, 1995. Any lien imposed will dissolve upon the participant's discharge from the medical institution and return home. (3-17-22)
02. Determination of Permanent Institutionalization. The Department must determine that the participant is permanently institutionalized prior to the lien being imposed. An expectation or plan that the participant will return home with the support of Home and Community Based Services does not, in and of itself, justify a decision that they are reasonably expected to be discharged to return home. The following factors must be considered when making the determination of permanent institutionalization:

a. The participant must meet the criteria for nursing facility or ICF/IID level of care and services as set forth in IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits,” Sections 220 through 299, and 580 through 649; (3-17-22)

b. The medical records must be reviewed to determine if the participant's condition is expected to improve to the extent that they will not require nursing facility or ICF/IID level of care; and (3-17-22)

c. Where the prognosis indicated in the medical records is uncertain or inconclusive, the Department may request additional medical information, or may delay the determination until the next utilization control review or annual Inspection of Care review, as appropriate. (3-17-22)

03. Notice of Determination of Permanent Institutionalization and Hearing Rights. The Department must notify the participant or their authorized representative, in writing, of its intention to make a determination that the participant is permanently institutionalized, and that they have the right to a fair hearing in accordance with Subsection 900.02 of these rules. This notice must inform the participant of the following information, at a minimum:

a. The Department's decision that they cannot reasonably be expected to be discharged from the medical institution to return home is based upon a review of the medical records and plan of care, but that this does not preclude them from returning home with services necessary to support nursing facility or ICF/IID level of care; and (3-17-22)

b. They or their authorized representative may request a fair hearing prior to the Department's final determination that they are permanently institutionalized. The notice must include information that a pre-hearing conference may be scheduled prior to a fair hearing. The notice must include the time limits and instructions for requesting a fair hearing. (3-17-22)

c. If they or their authorized representative does not request a fair hearing within the time limits specified, their real property, including their home, may be subject to a lien, contingent upon the restrictions in Subsection 903.04 of this rule. (3-17-22)

04. Restrictions on Imposing Lien During Lifetime of Participant. A lien may be imposed on the participant's real property; however, no lien may be imposed on the participant's home if any of the following is lawfully residing in such home:

a. The spouse of the participant; (3-17-22)

b. The participant's child who is under age twenty-one (21), or who is blind or disabled as defined in 42 U.S.C. 1382c as amended; or (3-17-22)

c. A sibling of the participant who has an equity interest in the participant's home and who was residing in such home for a period of at least one (1) year immediately before the date of the participant's admission to the medical institution, and who has been residing in the home on a continuous basis. (3-17-22)

05. Restrictions on Recovery on Lien Imposed During Lifetime of Participant. Recovery will be made on the lien from the participant's estate, or at any time upon the sale of the property subject to the lien, but only after the death of the participant's surviving spouse, if any, and only at a time when:

a. The participant has no surviving child who is under age twenty-one (21); (3-17-22)
b. The participant has no surviving child of any age who is blind or disabled as defined in 42 U.S.C. 1382c as amended; and

(3-17-22)

c. In the case of a lien on a participant's home, when none of the following is lawfully residing in such home who has lawfully resided in the home on a continuous basis since the date of the participant's admission to the medical institution:

i. A sibling of the participant, who was residing in the participant's home for a period of at least one (1) year immediately before the date of the participant's admission to the medical institution; or

(3-17-22)

ii. A son or daughter of the participant, who was residing in the participant's home for a period of at least two (2) years immediately before the date of the participant's admission to the medical institution, and who establishes by a preponderance of the evidence that they provided necessary care to the participant, and the care they provided allowed the participant to remain at home rather than in a medical institution.

(3-17-22)

06. Recovery Upon Sale of Property Subject to Lien Imposed During Lifetime of Participant. Should the property upon which a lien is imposed be sold prior to the participant's death, the Department will seek recovery of all medical assistance paid on behalf of the participant, subject to the restrictions in Subsection 903.05 of this rule. Recovery of the medical assistance paid on behalf of the participant from the proceeds from the sale of the property does not preclude the Department from recovering additional medical assistance paid from the participant's estate as described in Subsection 904.01 of these rules.

(3-17-22)

07. Filing of Lien During Lifetime of Participant. When appropriate, the Department will file, in the office of the Recorder of the county in which the real property of the participant is located, a verified statement, in writing, setting forth the following:

a. The name and last known address of the participant; and

(3-17-22)

b. The name and address of the official or agent of the Department filing the lien; and

(3-17-22)

c. A brief description of the medical assistance received by the participant; and

(3-17-22)

d. The amount paid by the Department, as of a given date, and, if applicable, a statement that the amount of the lien will increase as long as medical assistance benefits are paid on behalf of the participant.

(3-17-22)

08. Renewal of Lien Imposed During Lifetime of Participant. The lien, or any extension thereof, must be renewed every five (5) years by filing a new verified statement as required in Subsection 903.07 of this rule, or as required by Idaho law.

(3-17-22)

09. Termination of Lien Imposed During Lifetime of Participant. The lien will be released as provided by Idaho Code, upon satisfaction of the Department's claim. The lien will dissolve in the event of the participant's discharge from the medical institution and return home. Such dissolution of the lien does not discharge the underlying debt and the estate remains subject to recovery under estate recovery provisions in Sections 904 and 905 of these rules.

(3-17-22)

904. LIENS AND ESTATE RECOVERY: REQUIREMENTS FOR ESTATE RECOVERY.

01. Estate Recovery Requirements. In accordance Sections 56-218 and 56-218A, Idaho Code, the Department is required to recover the following:

a. The costs of all medical assistance correctly paid on or after July 1, 1995, on behalf of a participant who was permanently institutionalized;

(3-17-22)

b. The costs of medical assistance correctly paid on behalf of a participant who received medical assistance at age fifty-five (55) or older on or after July 1, 1994; and

(3-17-22)

c. The costs of medical assistance correctly paid on behalf of a participant who received medical
assistance at age sixty-five (65) or older on or after July 1, 1988. (3-17-22)

02. Recovery From Estate of Spouse. Recovery from the estate of the spouse of a Medicaid participant may be made as permitted in Sections 56-218 and 56-218A, Idaho Code. (3-17-22)

03. Lien Imposed Against Estate of Deceased Participant. Liens may be imposed against the estates of deceased Medicaid participants and their spouses as permitted by Section 56-218, Idaho Code. (3-17-22)

04. Notice of Estate Claim. The Department will notify the authorized representative of the amount of the estate claim after the death of the participant, or after the death of the surviving spouse. The notice must include instructions for applying for an undue hardship waiver. (3-17-22)

05. Assets in Estate Subject to Claims. The authorized representative will be notified of the Department's claim against the assets of a deceased participant. Assets in the estate from which the claim can be satisfied must include all real or personal property that the deceased participant owned or in which they had an ownership interest, including the following:

a. Payments to the participant under an installment contract will be included among the assets of the deceased participant. This includes an installment contract on any real or personal property to which the deceased participant had a property right. The value of a promissory note, loan or property agreement is its outstanding principal balance at the date of death of the participant. When a promissory note, loan, or property agreement is secured by a Deed of Trust, the Department may request evidence of a reasonable and just underlying debt. (3-17-22)

b. The deceased participant's ownership interest in an estate, probated or not probated, is an asset of their estate when:
   i. Documents show the deceased participant is an eligible devisee or donee of property of another deceased person; or (3-17-22)
   ii. The deceased participant received income from property of another person; or (3-17-22)
   iii. State intestacy laws award the deceased participant a share in the distribution of the property of another estate. (3-17-22)

c. Any trust instrument that is designed to hold or to distribute funds or property, real or personal, in which the deceased participant had a beneficial interest is an asset of the estate. (3-17-22)

d. Life insurance is considered an asset when it has reverted to the estate. (3-17-22)

e. Burial insurance is considered an asset when a funeral home is the primary beneficiary or when there are unspent funds in the burial contract. Any funds remaining after payment to the funeral home will be considered assets of the estate. (3-17-22)

f. Checking and savings accounts that hold and accumulate funds designated for the deceased participant, are assets of the estate, including joint accounts that accumulate funds for the benefit of the participant. (3-17-22)

   g. In a conservatorship situation, if a court order under state law specifically requires funds be made available for the care and maintenance of a participant prior to their death, absent evidence to the contrary, such funds are an asset of the deceased participant's estate, even if a court has to approve release of the funds. (3-17-22)

h. Shares of stocks, bonds and mutual funds to the benefit of the deceased participant are assets of the estate. The current market value of all stocks, bonds and mutual funds must be proved as of the month preceding settlement of the estate claim. (3-17-22)

06. Value of Estate Assets. The Department will use fair market value as the value of the estate assets.
905. LIENS AND ESTATE RECOVERY: LIMITATIONS AND EXCLUSIONS.

01. Limitations on Estate Claims. Limits on the Department's claim against the assets of a deceased participant or spouse are subject to Sections 56-218 and 56-218A, Idaho Code. A claim against the estate of a spouse of a participant is limited to the value of the assets of the estate that had been, at any time after October 1, 1993, community property, or the deceased participant's share of the separate property, and jointly owned property. Recovery will not be made until the deceased participant no longer is survived by a spouse, a child who is under age twenty-one (21), or a blind or disabled child, as defined in 42 U.S.C. 1382c as amended and, when applicable, as provided in Subsection 903.05 of these rules. No recovery will be made if the participant received medical assistance as the result of a crime committed against the participant.

02. Expenses Deducted From Estate. The following expenses may be deducted from the available assets to determine the amount available to satisfy the Department's claim:

a. Burial expenses, which include only those reasonably necessary for embalming, transportation of the body, cremation, flowers, clothing, and services of the funeral director and staff may be deducted.

b. Other legally enforceable and necessary debts with priority may be deducted. The Department's claim is classified and paid as a debt with preference as defined in Section 15-03-805, Idaho Code. Debts of the deceased participant that may be deducted from the estate prior to satisfaction of the Department's claim must be legally enforceable debts given preference over the Department's claim under Section 15-03-805, Idaho Code.

03. Interest on Claim. The Department's claim does not bear interest except as otherwise provided by statute or agreement.

04. Excluded Land. Restricted allotted land, owned by a deceased participant who was an enrolled member of a federally recognized American Indian tribe, or eligible for tribal membership, which cannot be sold or transferred without permission from the Indian tribe or an agency of the Federal Government, will not be subject to estate recovery.

05. Certain Life Estates. The value of a life estate owned by a Medicaid participant or their spouse will not be subject to estate recovery if:

a. Neither the Medicaid participant or their spouse ever owned the remainder interest; or

b. The life estate was created prior to July 1, 1995.

06. Marriage Settlement Agreement or Other Such Agreement. A marriage settlement agreement or other such agreement that separates assets for a married couple does not eliminate the debt against the estate of the deceased participant or the spouse. Transfers under a marriage settlement agreement or other such agreement may be voided if not for adequate consideration.

07. Release of Estate Claims. The Department will release a claim when the Department's claim has been fully satisfied and may release its claim under the following conditions:

a. When an undue hardship waiver as defined in Subsection 905.07 of this rule has been granted; or

b. When a written agreement with the authorized representative to pay the Department's claim in thirty-six (36) monthly payments or less has been achieved.

08. Purpose of the Undue Hardship Exception. The undue hardship exception is intended to avoid the impoverishment of the deceased participant's family due to the Department exercising its estate recovery right. The fact that family members anticipate or expect an inheritance, or will be inconvenienced economically by the lack
of an inheritance, is not cause for the Department to declare an undue hardship. (3-17-22)

09. Application for Undue Hardship Waiver. An applicant for an undue hardship waiver must have a beneficial interest in the estate and must apply for the waiver within ninety (90) days of the death of the participant or within thirty (30) days of receiving notice of the Department's claim, whichever is later. The filing of a claim by the Department in a probate proceeding constitutes notice to all heirs. (3-17-22)

10. Basis for Undue Hardship Waiver. Undue hardship waivers will be considered in the following circumstances:

a. The estate subject to recovery is income-producing property that provides the primary source of support for other family members; or (3-17-22)

b. Payment of the Department's claim would cause heirs of the deceased participant to be eligible for public assistance; or (3-17-22)

c. The Department's claim is less than five hundred dollars ($500) or the total assets of the entire estate are less than five hundred dollars ($500), excluding trust accounts or other bank accounts. (3-17-22)

d. The participant received medical assistance as the result of a crime committed against the participant. (3-17-22)

11. Limitations on Undue Hardship Waiver. Any beneficiary of the estate of a deceased participant may apply for waiver of the estate recovery claim based on undue hardship. Any claim may be waived by the Department, partially or fully, because of undue hardship. An undue hardship does not exist if action taken by the participant prior to their death, or by their legal representative, divested or diverted assets from the estate. The Department grants undue hardship waivers on a case by case basis upon review of all facts and circumstances, including any action taken to diminish assets available for estate recovery or to circumvent estate recovery. (3-17-22)

12. Set Aside of Transfers. Transfers of real or personal property of the participant without adequate consideration are voidable and may be set aside by the district court whether or not the asset transfer resulted, or could have resulted, in a period of ineligibility. (3-17-22)

906. LIENS AND ESTATE RECOVERY: REQUEST FOR NOTICE.

01. Request for Notice - Notice - Hearing. The Department must notify the participant or their authorized representative, in writing, of their intention to record a request for notice, and that they have the right to a fair hearing in accordance with Subsection 900.02 of these rules. The notice must inform the participant of the following information, at a minimum:

a. The Department's determination that they are the record titleholder or purchaser under a land sale contract of real property subject to a request for notice; (3-17-22)

b. They or their authorized representative may request a fair hearing prior to the Department's recording a request for notice. The notice must include the time limits and instructions for requesting a fair hearing; and (3-17-22)

c. If they or their authorized representative do not request a fair hearing within the time limits specified, a request for notice applying to their real property, including their home, may be recorded. (3-17-22)

02. Request for Notice - Forms - Content. The notices must include, at a minimum, the following information:

a. The name of the public assistance recipient and the spouse of such public assistance recipient, if any; (3-17-22)
b. The Medicaid number for the public assistance recipient and spouse, if any; (3-17-22)
c. The legal description of the real property affected or to be affected; (3-17-22)
d. The mailing address at which the Department is to receive notice as provided in Section 902 of these rules; (3-17-22)
e. If the document is a Notice of Transfer or Encumbrance, the name and address of the transferee or lien holder; and (3-17-22)
f. A fully executed acknowledgment as required for recording under Section 55-805, Idaho Code. (3-17-22)

03. Webpages for Forms. The forms may be found at: (3-17-22)
a. Notice of Transfer or Encumbrance at http://healthandwelfare.idaho.gov. (3-17-22)

SUB AREA: PARTICIPANT LOCK-IN
(Sections 910 - 918)

910. PARTICIPANT UTILIZATION CONTROL PROGRAM.
This Program is designed to promote improved and cost-efficient medical management of essential health care by monitoring participant activities and taking action to correct abuses. Participants demonstrating unreasonable patterns of utilization or exceeding reasonable levels of utilization, or both, will be reviewed for restriction. The Department may require a participant to designate a primary physician or a single pharmacy or both for exclusive provider services in an effort to protect the individual's health and safety, provide continuity of medical care, avoid duplication of services by providers, avoid inappropriate or unnecessary utilization of medical assistance, and avoid excessive utilization of prescription medications. (3-17-22)

911. LOCK-IN DEFINED.
Lock-in is the process of restricting the access of a participant to a specific provider or providers. (3-17-22)

912. DEPARTMENT EVALUATION FOR LOCK-IN.
The Department will review participants to determine if services are being utilized at a frequency or amount that results in a level of utilization or a pattern of services that is not medically necessary. Evaluation of utilization patterns can include review by the Department staff of medical records or computerized reports, or both, generated by the Department reflecting claims submitted for physician visits, drugs/prescriptions, outpatient and emergency room visits, lab or diagnostic procedures, or both, hospital admissions, and referrals. (3-17-22)

913. CRITERIA FOR LOCK-IN.
Since it is impossible to identify all possible patterns of over utilization, and since a particular pattern may be justified based on individual conditions, no specific criteria for lock-in will be developed. However, the Department may develop guidelines for purposes of uniformity. The guidelines will not be binding on the Department and will not limit or restrict the ability of the Department to impose lock-in when any pattern of over utilization is identified. The following utilization patterns may be considered abusive, not medically necessary, potentially endangering the participant's health and safety, or over utilization of Medicaid services, and may result in the restriction of Medicaid reimbursement for a participant to a single provider or providers: (3-17-22)

01. Unnecessary Use of Providers or Services. Unnecessary use of providers or Medicaid services, including excessive provider visits. (3-17-22)
02. **Demonstrated Abusive Patterns.** Recommendation from a medical professional or the participant's primary care physician that the participant has demonstrated abusive patterns and would benefit from the lock-in program. (3-17-22)

03. **Use of Emergency Room Facilities.** Frequent use of emergency room facilities for non-emergent conditions. (3-17-22)

04. **Multiple Providers.** Use of multiple providers. (3-17-22)

05. **Controlled Substances.** Use of multiple controlled substances. (3-17-22)

06. **Prescribing Physicians or Pharmacies.** Use of multiple prescribing physicians or pharmacies, or both. (3-17-22)

07. **Prescription Drugs and Therapeutic Classes.** Overlapping prescription drugs with the same therapeutic class. (3-17-22)

08. **Drug Abuse.** Diagnosis of drug abuse or drug withdrawal, or both. (3-17-22)

09. **Drug Behavior.** Drug-seeking behavior as identified by a medical professional. (3-17-22)

10. **Other Abusive Utilization.** Use of drugs or other Medicaid services determined to be abusive by the Department's medical or pharmacy consultant. (3-17-22)

914. **LOCK-IN PARTICIPANT NOTIFICATION.**
A participant who has been designated by the Department for the Participant Utilization Control Program will be notified in writing by the Department of the action and the participant's right of appeal by means of a fair hearing. (3-17-22)

915. **LOCK-IN PROCEDURES.**

01. **Participant Responsibilities.** The participant will be given thirty-five (35) days to contact the Regional Program Manager or designee and complete and sign the lock-in agreement form and select designated provider(s) in each area of misuse. (3-17-22)

02. **Appeal Stays Restriction.** The Department will not implement the participant restriction if a valid appeal is noted in accordance with Section 917 of these rules. (3-17-22)

03. **Lock-In Duration.** The Department will restrict participants to their designated providers for a time period determined by the Department. Upon review at the end of that period, lock-in may be extended for an additional period determined by the Department. (3-17-22)

04. **Payment to Providers.** Payment to provider(s) other than the designated lock-in physician or pharmacy is limited to documented emergencies or written referrals from the primary physician. (3-17-22)

05. **Regional Programs Manager.** The Regional Programs Manager, or designee will:

   a. Clearly describe the participant's appeal rights in accordance with the provisions in IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings”; (3-17-22)

   b. Specify the effective date and length of the restriction; (3-17-22)

   c. Have the participant choose a designated provider or providers; and (3-17-22)

   d. Mail the completed lock-in agreement to the Surveillance and Utilization Unit. Upon receipt of the lock-in agreement, the participant's Medicaid services will be immediately restricted to the designated provider(s). (3-17-22)
916. PENALTIES FOR LOCK-IN NONCOMPLIANCE.
If a participant fails to respond to the notification of medical restriction(s), fails to sign the lock-in agreement, or fails
to select a primary physician within the specified time period, the Medicaid benefits will be restricted to documented
emergencies only. If a participant continues to abuse or over-utilize items or services after being identified for lock-in,
the Department may terminate medical assistance benefits for a specified period of time as determined by the
Department. (3-17-22)

917. APPEAL OF LOCK-IN.
Department determinations to lock-in a participant may be appealed in accordance with the fair hearings provisions
of IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings,” of the Department. (3-17-22)

918. RECIPIENT EXPLANATION OF MEDICAID BENEFITS (REOMBS).

  01. Monthly Surveys. The Department will conduct monthly surveys of services rendered to medical
  assistance participants using REOMBs. (3-17-22)

  02. Participant Response. A medical assistance participant is required to respond to the Department's
  explanation of medical benefits survey whenever they are aware of discrepancies. (3-17-22)

  03. Participant Unable to Respond. If the participant is unable, because of medical or physical
  limitations, to respond to the survey personally, then a responsible family member or friend can respond on their
  behalf. (3-17-22)

  04. Medicare-to-Medicaid Cross-Over Claims. All claims processed through the cross-over system
  will be subject to these rules. All providers submitting cross-over claims must comply with the terms of their provider
  agreements. (3-17-22)
